## THOMAS A. GOGIN NEW WARDEN OF ALBERT COUNTY

Hopewell Hill, Jan. 13.—Thomas A. Gogin, councillor for Elgin, was elected to the office of warden at the session of the Albert county council which opened at the shiretown this afternoon. All of the members, with the exception of Councillor Rommel, of Aima, were present.

You only read a BOOK once. It pays to rent the new ones from Woman's Exchange Library, 158 Union street.

HEAR our new "Master's Voice" Records. Open evenings.

EYE STRAIN.

This is usually due to a defective formation of the eye ball, and not to a diseased condition.

White glasses do not cure this defect, they correct it by restoring normal vision without strain.

Eyestrain causes loss of nerve energy and physical disability. If bodily comfort is desired, together with ease in reading, glasses to correct this defect should be procured. If you are suffering from eye strain let us examine your eyes and fit you with the right kind of glasses.

Why not arrange an appointment today?

ent at the opening, as follows: Hillsboro, S. J. Stevens, Fred M. Thompson; Hopewell, W. J. Canewath, C. Morley Pyc; Harvey, W. H. Martin, Leonard Bishop; Alma, J. A. Cleveland; Elgin, T. A. Gogin, Frank Bishop; Coverdale, Lewis Smith, M.P.F., John W. Gaskin. The personnel of the board is the same as last term with the exception of John W. Gaskin taking the place of Sanford S. Ryan, who for so long represented the parish of Coverdale. After the election returns were read by Secretary C. L. Peck, committees for the session were appointed as follows: finance, Cleveland, Thompson, Martin, Bishop, Pyc; county property, Canewath, Smith; by-laws, Kennell, Bishop, Stevens.

The assessment as ordered was \$12-223.13. The amounts apportioned to the parishes were as follows: Alma, \$905.09; Harvey, \$2,074.22; Hopewell, \$2,382.73; Hillsboro, \$3,599.10; Coverdale, \$2-131.48; Elgin, \$1,553.73.

Receipts for year 1919 amounted to \$14,789.54 and expenditures \$14,217.61. The dog taxes collected during the year amounted to \$801.92.

### MANY CASES AT CARLETON COUNTY COURT SESSION

Woodstock, Jan. 13.—Carleton county court met this morning, Judge Carleton presiding. There were four cases presented to the grand jury in all of which true bills were found. The following is the criminal docket: The King vs. Cole Derrah, the King vs. Jack Norris and Jack MacDonald, charged with burglary; the King vs. Robert Clay, charged with uttering a forgery, and the King vs. Frank McDonald, charged with assault. C. J. Jones is appearing for the crown and R. L. Simms is defending Derrah and Clay. There are five civil cases on the docket. The case of the King vs. Derrah was commenced this afternoon and a jury partially empaneled. The jury panel becoming exhausted the judge ordered an additional panel of twenty jurors summoned for tomorrow morning. The public have been excluded from the court room during this case.

### HIBERNIA LODGE OFFICERS.

The most worshipful grand master and other officers of the grand lodge paid an official visit last evening to Hibernia Lodge No. 3, F. and A. M., and installed the officers for the ensuing year. After the installation, the members and guests adjourned to the banquet hall to spend an hour in fraternal greetings. The officers installed were as follows: John H. Kelley, W. M.; S. W. McMackin, I. P. M.; S. M. Wetmore, S. W.; D. D. Betts, J. W.; Dr. Thomas W. Ier, chaplain; J. Y. McLellan, treasurer; Robert Clarke, secretary; Roy S. Davidson, S. D.; William G. Walls, J. D.; A. G. McMackin, S. S.; L. M. Mersereau, J. S.; H. G. Brown, D. C.; A. C. Lemmon, I. G.; George T. Hay, Tyler; D. A. Fox, organist.

**Aboard Ship or on Shore leave you will find that MORSE'S SELECTED ORANGE PEKOE is the Tea preferred by NAVY MEN on this station.**

**19 Waterloo St.**

## ST JOHN'S GREATEST MERCANTILE EVENT

### Oak Hall's Annual Mid-Winter Sale Starts Tomorrow.

This annual event has won a place of great importance in the mercantile community and is now looked forward to as a genuine economical opportunity, not only by the people of St. John, but of the entire province as well.

This is Oak Hall's thirty-first anniversary sale, and from a very small beginning it has gradually grown year by year until now it is truly St. John's greatest mercantile event. It has gained this distinction chiefly because it is entirely different from most so-called sales. It is not a selling of the season's leftovers or a pre-stock taking sale. It is simply ten days set apart by Oak Hall whereby their entire stock of high class merchandise is offered at substantial reductions, with thousands of dollars' worth of new merchandise bought especially for this great event at rock-bottom prices and offered at a very minimum of profit, thus effecting great savings for their patrons on high quality merchandise not often found at ordinary sales. Oak Hall have found this a healthy way to consolidate and extend their wide acquaintance and it affords them an opportunity to show their appreciation in a practical way for the large patronage they have enjoyed during the past year.

This great event starts tomorrow morning and although great preparations have been made to meet on Oak Hall's standard motto of large volume at minimum profit it will be advantageous to be on hand early as big crowds are anticipated. For itemized information see another page of this paper.

## SIGNOR GOGORZA'S CONCERT DEFERRED

### Noted Baritone Cannot Sing Here Thursday Night Because of Laryngitis.

Those in charge of the musicale booked for Thursday night of this week at which the noted baritone, Emilio De Gogorza was to be heard for the first time this side of Portland, received a telegram early this forenoon stating that the Spanish vocalist was confined to his room with laryngitis and it would be quite impossible for him to render his St. John program as scheduled. His manager asked for a new date.

Naturally this sudden announcement will cause much disappointment, but at the same time it is a relief to the organizers as being made to hold the concert at an early date. Persons holding reservations are requested to await the announcement of the new booking, which should be in a very short while.

### LOCAL NEWS

The western drama, *Burley's Ranch* was repeated last evening in Thorpe Lodge hall for the benefit of the Memorial Home for Children.

There was a fair attendance of members at the regular meeting of Coal Handlers' and Trimmers' Union, No. 810, held last night in their rooms, German street. Joseph Griffiths presided and only routine matters were discussed.

A meeting of the creditors of Calvin W. Urquhart, a trader of Victoria Lane, who assigned last month to Miles B. Innes, was adjourned yesterday at the office of the assignee's solicitor, G. E. Logan, until the latter part of the month, pending the collection and sale of assets. The liabilities are about \$3,000.

The Valcartier Chapter of the I. O. O. F. met last night at the residence of Miss Anderson, Queen square, with the regular, Mrs. D. L. Laroc, presiding. Gratiifying reports of the Christmas tree and treat given the children in the Children's Aid Home were received and some plans were made for future activities. Among the events planned for was bridge that is to be held early next month.

H. C. Mott, architect, on behalf of his client, A. L. Sterne, yesterday awarded contracts for the erection of a concrete building in Stanley street which will be devoted to the manufacture of dairy products. H. O. Clarke will have charge of the masonry section and J. T. MacDonald was the successful bidder for the carpentry work. It is the intention of the builders to have the structure ready for business in the early spring.

### TOBACCO GLUT.

London, Eng., Jan. 14.—Despite the threat of dearer tobacco and cigarettes in the new year, stocks were never larger and shipment of tobacco leaf has been amended at Liverpool owing to the enormous stocks held in the bonded warehouses.

The Liverpool representative of "Tobacco" states that the total value of the raw material at the port reaches £18,000,000. The stock there has increased from 60,000 to 120,000 hogsheads, and the duty of each is £250. All the bonded warehouses in London, Glasgow and Bristol are also full.

### NOTHING TO DO.

London, Eng., Jan. 14.—In a case at Willesden it was said that a man did the washing, minded the baby, brought the milk and, in his spare time, minded his sister-in-law's baby.

### How to Bathe Face to Remove Wrinkles

Since its remarkable astringent and tonic properties became known, clever women all over the country have been using the saxolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and saggingness. The formula is: Powdered saxolite, one ounce, dissolved in witch hazel, one-half pint. These ingredients are, of course, perfectly harmless and there is no difficulty in obtaining them at any drug store.

## The Story of 1919

The results achieved by The Imperial Life Assurance Company of Canada in 1919 surpassed those of any previous year in the history of the Company. The following record of progress will be very gratifying to policyholders and others interested in the Company's welfare:

	1909	1914	1919
Assurances in Force	\$26,507,691	\$45,794,225	\$92,634,158
Assurances Issued & Revived	5,165,567	8,164,507	25,892,034
Total Assets	5,303,236	10,310,392	16,983,112
Policy & Annuity Reserves	4,055,540	8,130,560	13,892,960
Premium & Interest Income	1,205,736	2,131,875	4,171,609
Payments to Policyholders	194,157	469,724	1,531,319

The millions of dollars of Reserves held by The Imperial Life are calculated on so strong a basis that their interest earnings of only 3% are sufficient to maintain them. The difference between this 3% rate and the 6.35% actually earned gives an exceptionally wide margin for policyholders' profits and security.

### MORNING NEWS OVER THE WIRES

A Methodist church fire insurance company has been started in Toronto and plans to extend through Canada.

The Canadian Council of Agriculture has sent from Winnipeg to Ottawa a protest in behalf of western farmers against the board of commerce, saying it has failed to relieve the high cost of living and has created a distrust in its power.

Hon. Mackenzie King and Ernest Lapointe reached Charlottetown, P. E. I., yesterday.

Rev. A. A. Rideout of Dorchester, Mass., a native of Hartland, N. B., was the speaker yesterday at a dinner of the Canadian Club in Boston, his address

### SMOKING INTERVALS.

London, Eng., Jan. 14.—Blackburn town council has received an application from the National Union of General Workers that the corporation laborers should be granted fifteen minutes' interval, morning and afternoon, as smoking time.

The question was referred to the General Purpose Committee for consideration.

### BLACK CAT BRINGS TRAGEDY

London, Eng., Jan. 13.—Recently a black cat strayed into a house at Hilsley. In the belief that it would bring luck, it was given a home. But instead it brought tragedy, for it suffocated a baby by lying across its mouth as it lay in its cot.

Keating's Powder KILLS Coughs, colds, croup, whooping cough, and everything but insects. Once a coughcatcher is brought into thorough contact with "Keating's" it DIES. Sold everywhere in cartons only, 15c, 25c and 40c.

#### GLUT OF HERRINGS.

London, Eng., Jan. 14—There is a glut of herrings in the Isle of Wight, where heavy catches are being landed, and the fish is the cheapest food available. This season's herrings worth \$5,000,000 have been landed at Great Yarmouth.

After house-work, "wash" your hands with **MENNEN'S COLD CREAM**. Prevents roughened or chapped hands. At All Druggists.

### NEW SERIAL AND NEW VAUDEVILLE

Opera House Programme is Enjoyed by Large Audiences.

Capacity houses greeted the change of programme in the Opera House last evening and judging from the criticism of the patrons, their hearty laughter and prolonged applause they thoroughly enjoyed the performance. The vaudeville acts were really good. The musical renditions would be hard to excel and the acrobatic feats were meritorious.

A feature was the new motion picture serial, "The Black Secret," which was written by Robert W. Chambers, fiction writer, as a serial in one of the popular magazines. Judging from the first episode it should be one of the most thrilling ever thrown on a local screen. The plot deals with the great German spy system and the scenes are laid in the United States and Europe. Pearl White is featured in the leading role and it is a good choice for the part. It is thrilling yet devoid of far-fetched scenes so familiar in serial pictures.

Santocsa had a musical surprise in store for his audience. He appeared on the stage playing two saxophones, after which he played two clarinets with apparently as much ease as the average player plays one. Other musical numbers were thoroughly appreciated and he received well merited applause.

"The Four Gardeners" have a pleasing number. They are a ladies' singing quartette and their songs are well chosen and equally well rendered. Their voices blend well and their efforts were undoubtedly enjoyed. They won rounds of applause at the conclusion of each number.

Hollman Bros. present an acrobatic horizontal bar act which would be hard to equal. They are clever performers and some of their feats evoked hearty applause. They intersperse a little comedy in their offering and this makes it amusing as well as highly entertaining.

Martin and Wayne, in a comedy singing skit, "Can You Prove It?" also made a favorable impression and received a share of the plaudits.

Robb and Whiteman in "Back to School Days," a novel comedy skit, were well received. They have a bright act which seemed to take the fancy of the audience.

### BIG MONEY DEAL WITH BELGIUM

Purchase of Gold Notes with Unique Feature in the Arrangements.

London, Jan. 14—A United States syndicate has purchased 231,000,000 worth of one year and five year six per cent kingdom of Belgium gold notes. Banking houses, banks and trust companies of New York, Chicago and other prominent cities will participate in the underwriting. It was said that the notes, due on Jan. 1, 1925, are a direct lien on Belgian exchange. They give the holders the right to surrender them at any time during their life to the fiscal agents and demand that Belgian francs be sold in the United States market at not less than eleven francs to the dollar, approximately the present ruling, to meet them. This unique feature, according to the fiscal agents, offers the prospect of unusual profits to holders in the event the Belgian rate of exchange goes up between now and the maturity of the notes.

### ADMITS COMBINE OF THE BAKERS

Montreal Bread-Makers Say It Was Fact—One Who Would Not Join Said He Was Hounded.

(Canadian Press Despatch.)

Montreal, Jan. 14—At an enquiry yesterday into a complaint against the city bakers here that a combine had formed in November to eliminate competition and raise the price of bread, J. Billette, representing most of the French-Canadian bakers involved, admitted that there had been a coalition of the bakers who united and decided to raise the price of bread and fix a common price. It had been done, he said, to obtain a reasonable profit. Gustave Monet, representing other bakers, agreed with and supported Mr. Billette.

J. R. Robitaille, a baker, said that as a consequence of refusing to join the combine he had been hounded. He said that he had been refused food because he did not belong to the bakers' association.

### K. C. ADD MEMBERS

At a special meeting of St. John Council, 937, K. of C., in their rooms in Coburg street last evening, sixteen candidates were initiated in the first degree which was well exemplified by the grand knight, W. M. Ryan, and his team. The meeting was attended by many members and following the degree ceremonial a reception was held for the new members, refreshments served, and a meeting conducted. Addresses dealing with the order and its work, its part in the war and its share in the process of reconstruction were delivered by Dr. Grand knight and the state deputy, Dr. W. E. Broderick. Vocal solos were given by E. Bates Tapley and M. T. Morris, and a violin solo by Maudie O'Neill, with J. L. Murphy presiding at the piano. Several choruses of popular songs in which everybody joined afforded pleasure.

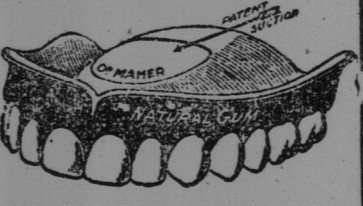

### EVANGELISTIC CAMPAIGN OPENED.

An interesting address was delivered by Rev. G. D. Hudson last evening at the opening of an evangelistic campaign in Victoria street Baptist church. Rev. Hudson spoke on the subject of the features of the evening was a vocal solo by Miss French. The campaign will be continued during the week.

### NEW HAT FOR WOMEN.

London, Jan. 14—A new millinery fashion is a silk beaver hat, in the Irish style, with high crown and very narrow brim. The veil is attached to the hat and covers the face to the upper lip.

### DEATH-BED WEDDING.

Weymouth, Eng., Jan. 14—A week after being married, at his bedside, to Miss Eva Alison Crabb, Brevet Major Guy Reeve Kinell of the Prince of Wales Own West York Regiment died. The bereaved bride was the chief mourner at the funeral. Major Kinell was seriously ill when the marriage ceremony was performed.

### Happy is the Housewife that

uses the Peerless Laundry Service. The entire family washing is thoroughly cleaned by scientific methods, and returned to you "Wet Washed," Rough Dried or Flat Ironed. The cost is small for either service, and full particulars can be obtained by calling 'Phone Main 2983.

The Peerless Laundry Company, Ltd. 132 City Road, ST. JOHN. 'Phone M. 2333.

### SPECULATION ON RESIGNATION OF GEN. TOWNSEND

London, Jan. 14—The war office, while admitting that General Townsend, hero of Kut-el-Amara, had written a letter asking permission to resign, would not divulge the contents of the communication or comment on it.

It is generally recalled that two facts exist which might have had a bearing on the case. The first was that he published articles in which he charged the government with failing to furnish him sufficient troops and munitions in his campaign, thereby causing his surrender. The second was his failure to receive recognition in the way of honors and grants of money similar to those bestowed on other famous British leaders. The general's friends have made it known that they were deeply incensed because his services were not recognized.

However, all references to General Townsend's resignation is mere speculation.

### COSTLY VISITOR FOR UNITED STATES

New York, Jan. 14—Ellis Island's most protracted visitor, Migi Cogic, who has been detained there since Aug. 3, 1914, is on his way home to Austria. He arrived at the outbreak of the war but was found to have defective vision and was ordered deported.

We caused a suspension of sailing to Austria and he was forced to wait. His board cost the government \$2,046 and in addition he took away \$495 earned doing hair cutting, shaving and milking for immigrants.

### WHITE TIE OF SANCTITY.

London, Jan. 14—My old grandfather thought it was wrong to go for a walk on Sunday. He would have thought it very improper if a man had not a white tie on that day," said the Rev. D. C. Young at Westminster Central Hall, describing the Sundays of his boyhood. "The women always had better bonnets and dresses on Sundays. The men all had frock coats. I can't think what my grandfather would have said to the jackets of today."

### Smith Got Wise.

A sore corn, he said, was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extract, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extract, 25c. at all dealers.

### HOTEL FOR BACHELORS.

London, Jan. 14—Lodgings being as difficult to get as houses in Luton, a local motor firm is to build a "bachelor hotel" for its young men. There will be accommodation for about 100 bachelors, aged from eighteen to twenty-five. The new hotel will be built close to the works. It will have a lounge, billiard room, buffet and central dining hall, reading room, a "quiet" room and plenty of baths.

### SEEMS EVERYONE HEARD ABOUT IT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freezine, the recent discovery of a Cincinnati man which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

#### COST OF LIVING IN BRAZIL.

Rio de Janeiro, Jan. 14—The president will address a message to congress requesting it to regulate exports, besides passing other measures to combat the high cost of living.

### SMITH GOT WISE.

A sore corn, he said, was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extract, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extract, 25c. at all dealers.

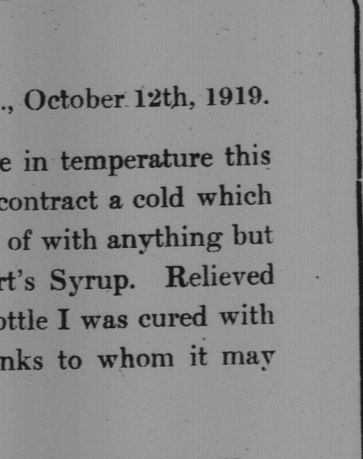

### HOTEL FOR BACHELORS.

London, Jan. 14—Lodgings being as difficult to get as houses in Luton, a local motor firm is to build a "bachelor hotel" for its young men. There will be accommodation for about 100 bachelors, aged from eighteen to twenty-five. The new hotel will be built close to the works. It will have a lounge, billiard room, buffet and central dining hall, reading room, a "quiet" room and plenty of baths.

### SMITH GOT WISE.

A sore corn, he said, was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extract, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extract, 25c. at all dealers.

### GET OUT THE VOTE

W. C. Brent who has been elected president of the Municipal Voters League of Toronto, organized by the Rotary and Kiwanis Clubs for the purpose, principally of making certain that every voter exercises his franchise.

The Evening Times and Star

ST. JOHN, N. B., JANUARY 14, 1920

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE PORT OF ST. JOHN.

If there are not sufficient railway yards and terminals at St. John to serve the present government railway's business in winter, what will the conditions be next winter, if the McGivney section is brought up to the transcontinental standard, the Fredericton bridge strengthened and freight from the west brought in over the Valley Railway? The Canadian National Railway must be provided with adequate facilities to handle business. Every public man who speaks of Canada's future tells us we must enlarge and enlarge the country's trade.

The Socialists over the question of direct action, said:—"The convention differed from the other gatherings in still another respect—in the development therein of a new terminology. For years the words 'class struggle,' 'economic determinism,' 'surplus value,' 'co-operative commonwealth' were bandied back and forth at Socialist gatherings. At the Communist convention, with monotonous regularity, one heard the oft-repeated phrases of the new movement—'revolutionary Communism,' 'revolutionary discipline,' 'dictatorship of the proletariat,' 'revolutionary mass action, ad infinitum.' The visitor would not have been surprised if, on leaving the close atmosphere of the hall, he had suddenly found himself walking the streets of Petrograd."

The leader of the Liberal party will be in St. John this week. This paper urged when the leader of the farmers' party was in the province that he be induced to visit St. John and look over the terminal facilities at the port which must handle so much of the traffic of the west in winter. That opportunity was shown. No such indifference should be shown when the Liberal leader is here. He should be shown the congested railway yards, the congested berths and the waiting steamers. He should be shown Courtenay Bay and its possibilities, and the full significance of the Valley Railway connection with the transcontinental railway should be impressed upon his mind. For he and Mr. Lapointe will be in the house when the case for St. John is presented, as it must be at the coming session. It is the trade of Canada, not merely the port of St. John, that asks for facilities, and every member of parliament should be put in possession of all the facts. The country has been building railroads and canals, and it must equip its ports. It is a national obligation and part of a recognized policy at all other ports than St. John. Here we have had to be content with partial development and broken pledges. St. John's politics cannot at the present time be divorced from St. John's position as a national port.

SOCIALISTS BARRED.

The suspension of five Socialist members of the legislature of the State of New York has caused a genuine sensation. It was expected that their trial would come up today. The charge against them is that they and their party are planning to overthrow the government by force and violence. There has even been a proposal to pass legislation disqualifying Socialists from holding public office in the state.

The state Socialist party denies that it has other than a peaceful policy, and points out that as recently as last August it emphatically reaffirmed its policy of education, organization and peaceful appeal to the suffrage of the voters. It denies that its policy is dictated by aliens or alien enemies. In a protest against the action of the legislature its executive asks:—"Where are we drifting to? Are we going back to where Germany and Russia used to be? Is an effort being made to make anarchists out of those people who still believe in constitutional government and to arrogate the rights of legal representatives in the legislature?"

The New York press condemns the action of the legislature. The World says:—"Something vastly greater than five assembly seats is at stake. A portion of the electorate has been denied its fundamental rights. The very principle of representative government is in the balance. Prosecution of undesirable minorities has failed under other forms of government which gave them no guarantee. It is the very essence of democracy that the undesirable minority should have its voice and vote."

The Globe says:—"As a stroke against Bolshevism it is simply silly, and if an expulsion of these men is railroaded through and their defeated opponents in the last election are seated in their place, more harm will be done to the theory of liberty under law and the principle of democratic government than has been done in generations."

The Evening Post agrees that the Socialist movement has its moderates and its extremists, the latter advocating Russian methods, and points out that the party split on that question last summer, the direct actionists forming two Communist parties. Those who remained in the Socialist party were the advocates of political action instead of force and violence; and these five New York assemblymen are said to represent their views and not those of the Communists. One of the Socialist leaders, writing last summer about the Communist convention held after the break with

St. John is so important a link in the transportation system of Canada that to neglect the port is a national blunder. A study of the map and of distances and railway lines must convince the most skeptical that this is true.

HIGH SCHOOL ENTRANCE EXAMS.

"The course of our public school course is its examinations, and the greatest of these is the high school entrance," agreed the urban trustees in their recent convention in Ottawa. Delegate Carmichael, of Kitchener, who is a public school principal, rather put it up to the department by remarking that when the high schools were congested, stiff tests were set and many failed. When plenty of room was to be had in the high schools, the bars were lowered and many passed.

I move that we as a body ask the department of education to abolish the entrance examination as it now exists," recommended Trustee Mrs. Courtice. "To apply to urban boards only."

"Here in Ottawa for the past seven years we have accepted the principal's recommendation," informed Dr. Patterson, senior inspector. "But I would not advise that for all schools. If we had consolidated schools throughout the province in charge of competent men and women, all would be well, but we haven't. We must have some standard of education."

"In my opinion the stiff tests now used as an alternative are far worse than the old entrance," declared Mrs. Groves. "What is education? Is it the stuffing of dry facts into children's heads so that they can pour it out again on to an examination paper? Certainly not, and the sooner we learn that the better."

Most things come back that go away; our ship comes sailing to its shore; the blooming flowers come back in May, the bird to its accustomed spray, but money burned comes back no more. Oh, often, when old age is here, the man of sorrow walks the floor, and thinks of joys that cost him dear, of spendthrift courses year by year, but money burned comes back no more. To think of chances large and fine he might possess his tree and vine, but money burned comes back no more. Old thoughts come back to break his heart, old memories of days of yore, when he forsook the shop or mart to journey on a mortgaged cart, but money burned comes back no more. And there were gay enamelled maids who helped him blow his scanty store; their forms come back, from out the shades, and march along in dim parade, but money burned comes back no more. Their nothing sad and 'neath the sky than seeing one whose head is hour bewailing troubles he made, fly, recalling chances with a sigh; and money burned comes back no more. So let us from the weekly wage salt down nine plunks, perchance a score; let us enjoy our green old age, if we still loiter on the stage; but money burned comes back no more.

CAN-DA—EAST, AND WEST

Darkness that was most alarming was the strange feature of a few days of October, 1785. The early settlers remembered them ever afterwards as "The Dark Days." On the afternoon of Oct. 9, between four and five o'clock, a strange darkness was experienced. It is described as a darkness partaking of a strange yellow color, with a fiery tone. It was succeeded by squalls of rain, wind, thunder and lightning. There had been too, a severe frost the previous night. On the following Saturday, the 15th, at three o'clock in the afternoon, there was another period of darkness, followed by a similar storm. On Sunday the day was foggy until ten o'clock in the morning, when an easterly wind cleared the atmosphere. Within half an hour another dark period fell, but a rain broke it soon afterwards. From five to ten minutes after noon the darkness descended again and was so dense that services in the churches had to be interrupted while lights were obtained. Later at two o'clock it became perfectly dark for a short time, and again at four and half-past four it was necessary to light the candles.

A ship, the Adamant, off the east end of the island of Anticosti on the morning of the 16th, saw a black cloud off to the west, although the vessel was sailing in the clearest of weather. By noon, however, the vessel was enveloped in a cloud that brought to it total darkness. It is said that the obscurity extended from Fredericton to Montreal. The mystery of the event remains unsolved. The rain that fell was of a dark color, and some say strongly impregnated with sulphur. Whatever the cause, the event provoked intense excitement among the pioneer settlers.

R. L. S. "The most famous initials in British literature."—Clement Scott. By his enchanted hand, The children young and old Forsake their old grey land For silver seas, and lands of gold.

On him, who sailed the North, And on its waters cast his spell, The Wizard of the North, The great Sir Walter's mantle fell. Though lying far away, Where heather decks no mountain's brow, The spot that holds his clay Is Scotland's "Treasure Island" now.

You advertise this as the best hotel in town, said the man who had stayed over night. "It certainly is," replied the clerk. "Well, that may be a terrible knock for the hotel, but it's a terrible knock for the town."—Boston Transcript.

"Well, come down to the shop tomorrow morning and I will put you to work. "Tomorrow? I couldn't possibly come tomorrow any after." "Why?" "Why, tomorrow I must take part in the great demonstration of protest of the unemployed."—Life.

"I am not surprised to hear she is an advanced spiritualist. She is a woman who always goes to an extreme." "Is she? I thought she went to a medium."—Baltimore American.

"Don't you want a presidential boom?" "I'm not particular," said Senator Sorghum. "At this stage of proceedings a presidential boom comes about as near to a tangible asset as a happy New Year greeting."—Washington Star.

DOING WELL IN THE WEST. An Edmonton paper says:—"With work constructed and under construction aggregating more than \$500,000, giving employment for the working season of the past year to 350 men on an average per month, the E. M. Nesbitt Company, Limited, general building contractors of Edmonton, are looking forward to a most prosperous year in 1920. Asked in regard to the outlook for construction in Alberta during the coming year, Mr. Nesbitt said:—"The outlook is very promising and I feel optimistic for the future, the most serious question with which we have to deal is labor. There is a scarcity of labor, and we cannot forecast the future in regard to it. Materials of all kinds have advanced in price, but despite these setbacks we have every reason to believe that Edmonton and the west in general will see a big building program carried out in 1920."

Mr. Nesbitt is a son of J. H. Nesbitt, of St. Stephen.

SOME OFFENSE. London, Jan. 14.—A woman of income tax offender was stated to have changed his signature from Carpenter to "Carpenter" during the last week.

FOUR AT A BIRTH. London, Jan. 14.—Mrs. Lucas, wife of Andrew Lucas, a miner of Cuthrie street, Hamilton, gave birth to four children, three boys and a girl.

There are two other children in the family, aged three years and fifteen months respectively.

SOLDIERS HAD NOT HEARD OF PEACE!

Paris, Jan. 14.—In spite of the solemn affirmation made by the German government several months ago to the effect that there were no more French prisoners of war in Germany, seven soldiers were found a few weeks ago in German jails. One young soldier of the 141st Regiment of Infantry, named Louis Boucher, aged twenty, returned to his home at Dijon after being a prisoner in Germany since June 6 last year. In a Danzig fortress he was imprisoned in a dark underground cell, where he saw nothing and heard nothing from the day he entered the cell up to some weeks ago, when his captivity came to an end by the arrival of French officers at the prison. These officers visited all the cells of the fortress, and to their amazement they discovered seven French soldiers, including young Louis Boucher. Not one of them knew anything of the conclusion of peace. These seven soldiers were immediately set free; and they have been repatriated.

PARTED FROM HER GOLFING HUSBAND.

London, Eng., Jan. 14.—On the ground that her husband's conduct was prejudicial to her health, Mr. Justice Shearman, in the divorce court, granted Mrs. Medina Violet Hadden a decree of judicial separation with costs. Mr. Hadden was said to have an income of \$40,000 a year, and his address was given as Hat Moon street, Piccadilly. Cruelty was alleged by Mrs. Hadden against her husband, but he denied the charges. One of the wife's complaints was that her husband frequently left her alone while he went playing golf. Mr. Justice Shearman remarked that this raised a serious question as to whether continued absence on the golf course amounted to legal cruelty.

JAPS BUY BIG RANCH.

London, Eng., Jan. 14.—The report that the Coldstream Fruit Ranch of 13,000 acres in the Okanagan Valley, the property of Lord Cowdray, may be sold to a Japanese syndicate has aroused much indignation in that famous fruit-growing centre. Lord Cowdray's agent states that the government had refused to allow the sale of the estate for a soldiers' settlement, and that the Japanese interest was being considered. The authorities intend to approach the authorities to prevent the proposed sale.

CO-OPERATIVE KITCHEN.

Montclair, N. J., Jan. 14.—Householders here will make another effort to revive the co-operative kitchen. The increasing gravity of the cook and maid problem has led to the belief that there will be enough demand for this service to make the experiment a success. New containers have been installed by the organization, and it is ready to end its offer made to sell the estate for a soldiers' settlement, and that the Japanese interest was being considered. The authorities intend to approach the authorities to prevent the proposed sale.

**ASKS SECOND DIVORCE.**

London, Eng., Jan. 13—Married in 1893, divorced in 1907, and remarried to his former wife in 1918, William Joshua Osborn, of London road, Edmonton, petitioned before Mr. Justice Horridge for a dissolution of his second marriage with his wife, Ellen Osborn, on the ground of her alleged misconduct with George Par. The charges were denied.

It was said that in 1907 the wife obtained a divorce on the ground of her husband's cruelty and misconduct. His lordship dismissed the petition, remarking that he could not believe anything that the petitioner had said.

**WOMAN WHO PREFERS PIPE AND CIGARS TO CANDY**

London, Eng., Jan. 13—A woman who prefers a pipe or a cigar to chocolates, and who finds tobacco as great an aid to health and work as any man, is still unusual in British home-life. Such is

Mrs. Mabel Walenn, of Willesden Green, who confesses to being an inveterate smoker. "My first smoke was at the age of fourteen," said Mrs. Walenn. "I then finished a half-smoked cigar of my father's. It had no ill-effects upon me, and I have been smoking ever since. I do not limit myself and I smoke most of the day. I much prefer a cigar or a pipe to chocolates, and find smoking agrees with my health much better than sweets. My husband gives me a Christmas, not presents of chocolates and other dainties, but a box of cigars and a nice pipe. It is impossible, I think, to beat the cool sweet fragrance of a pipe, and my present favorite is a fine curved brar. I smoke the ordinary medium mixtures, and with a pipe in my mouth find I can do my household work much better."

**AUTO TRUCK SKIDS INTO THE FIRE BOX AND RINGS IN ALARM.**

Gloucester, Jan. 14—An auto truck, owned by Alex. Thompson of Cambridge and operated by Phillip Boudreau of Boston, skidded into the fire alarm box near the junction of Main and Commercial streets, smashing the box and ringing in the alarm.

**RECENT WEDDINGS**

Dunham-McGrath.

Halifax Chronicle: The marriage took place on Friday evening at St. George's rectory, of George Lewis Dunham and Miss Mary Jeannette McGrath, Rev. W. H. Cunningham officiating. The bride wore a tailor made suit, with hat to match and both bride and groom were unattended. The groom, who comes from St. John, N. B., is a well known dining car official and the bride was formerly a resident of Gardner, Mass.

**RECENT DEATHS**

Wm. L. Blake of Hillsboro has received word of the death of his brother, Robert Blake, which occurred at Alice, Texas. Mr. Blake was formerly a resident of Miramichi, N. B.

The death of Mrs. Mary E. Miller took place at the residence of her daughter, Mrs. H. W. Davis, Sackville, on Friday morning at the age of seventy-eight years.

The death of Mrs. Emily M. Peters took place yesterday at her home in Fredericton, after a long illness. She was eighty years of age and leaves one daughter, Mrs. Albert J. Gregory, and one son, Ralph, of this city.

Mr. Charles T. Boyer died Saturday evening at her home in East Florenceville after an illness of several months. Besides her husband she leaves four children.

The death of Michael A. Corbett took place at the home of his father-in-law, Conductor John Coffey, Shediac, after a long illness. Mr. Corbett was an employe in the C. N. R. car service office, Moncton. Besides his wife he leaves his mother, one brother and six sisters, including Sister Marion, of St. Vincent's Convent, St. John.

Mrs. Susan C. Vener died at her home in Fredericton, Monday, in her eighty-third year. She leaves six daughters, two sons, twenty-five grandchildren and six great-grandchildren. William Clair, of Pokiok, is a brother.

**SMUGGLED HUN FORTUNES.**

Erzberger Plans Their Recovery From Switzerland.

Berlin, Jan. 14—Speaking in the Bismarck district of Wurttemberg, Mathias Erzberger, vice-chancellor and minister of finance, declared that he proposed to conclude a treaty with Switzerland enabling the recovery of German capital smuggled into that country in 1919. Should the measure fail of its objective Herr Erzberger asserted he would authorize the Entente to seize such fortunes and credit them to the indemnity to be paid by Germany.

**MOUSTACHE PERIL.**

London, Jan. 14—A new moustache peril is indicated in a discovery made during an operation at St. Bartholomew's Hospital, which is related in the hospital journal.

When the appendix of a patient operated on for appendicitis was opened, hairs corresponding with his drooping moustache were found in a clump, forming a small brush. Questioned later, the patient said his moustache had been falling out. There is not the slightest doubt, the doctors say, that the hairs adhered to food,

**Saturday, January 17th.**

63 KING STREET, ST. JOHN

**SHIPPING PROFITS.**

London, Jan. 14—"Incredible" profits by shipping companies are regarded as one of the important reasons of high prices throughout the world.

J. H. Rosseter, ex-director of operations of the government's shipping board, giving evidence before the commerce committee of the American senate, declared that during the war one vessel

operating between San Francisco and Calcutta under the direction of the shipping board made more than \$800,000 by a single voyage of 110 days.

**SERVED 50,000 SUMMONSES.**

Kingston-on-Thames, Eng., Jan. 14—Police Sergeant A. Richardson, who is retiring after twelve years' service, has served some 50,000 summonses.

**FAIRY TALES FORBIDDEN.**

London, Eng., Jan. 14—Dr. Montessori told the members of the Child Study Society that the fairy tale so dearly loved by Anglo-Saxon childhood is not held in much esteem amongst Latin races. Indeed, said the lecturer, "fairy tales hardly exist with us."

"In the schools the telling of fairy tales is forbidden."

Kansas Legislature Considers Programme For Industrial Peace

Special Court Would Adjust All Controversies — Plan to Compel Unions to Take Out Charters Opposed by Labor Leaders.

(Special correspondence of The N. Y. Evening Post.) Topeka, Kan., Jan. 13.—An ambitious programme for adjustment of industrial disputes and regulation of organized labor is before the special session of the legislature which opened today, called by Gov. Henry J. Allen while the coal strike was in progress. Foremost in the plans is the creation of an industrial court which is to have jurisdiction in all labor difficulties.

the I. W. W., Bolsheviki and disloyalists from the state. This anti-syndicalism act is expected to put in the hands of the state adequate means for dealing with all "reds." A revision of the Workmen's Compensation Act is also on the schedule and a State Free Employment Bureau will be created to handle the matter of influx of harvest hands and the floating labor supply.

FIELD MARSHAL EARL HAIG GIVEN ANCESTRAL HOME

Main doorway of the mansion of Benezersyde, in Berkshire, which will be presented to Earl Haig as a national gift. The property was bought for \$250,000 raised by public subscription. It was occupied by Colonel A. B. Haig, a relative of the field marshal, and is the ancestral estate of the Haig family.

NOTED CLERICS' OPINIONS ON THE EXTREME FASHIONS

Paris, Jan. 13.—Cardinal Amette's pastoral letter denouncing modern fashions has led to the adoption of a very firm attitude on the part of the clergy, and for some time past scathing sermons on the subject have been delivered in the Paris churches.

Some of the clergy, however, have now supplemented their words by acts which are causing no little consternation among the female portion of their congregations. One priest has gone so far as to post a notice on his church door to the effect that no women will be allowed to attend service in the church whose dresses are cut low in the neck and whose skirts do not reach at least to their ankles.

Such a stringent measure, if literally enforced, would oblige practically every female worshipper to have a special skirt in which to go to church.

Another priest refused to conduct the marriage service for a bride whose dress, in his opinion, showed too great a length of silk stockings, and which was cut in such a way as to make it difficult to see for evening wear, but certainly not fitted for a church. The wedding was accordingly postponed—probably the first occasion of the postponement of a marriage ceremony for such a reason.

London, Eng., Jan. 11.—"When I ask myself what is inspiring the present tendency to mud in women's modern costumes my answer is it cannot be a rightful desire to promote the health of our debutantes, because today's want of clothes is savagely exposing them to consumption and its kindred ailments, not by hundreds but thousands. So I am assured by competent authority."

Today's fashions are bizarre, distorted, and ridiculous. They are designed not to drape the human form and keep it warm, beautiful, and comfortable, but to awaken in man untold desires.

BENEFITS OF PROHIBITION ARE MARKED

Factories Report Increase of Efficiency and Output, and More Savings Accounts as the Results of the Dry Regime.

New York, Jan. 13.—Prohibition's beneficial effect on industrial conditions is apparent to anyone who wishes to see it. Factories report immediate improvement of conditions harmful to production due to "bad Mondays" and employees generally are said to be laying aside more money than they could while their resources were being sapped by alcohol.

In Binghamton, New York, three of the largest factories report improvement in production since the enactment of prohibition. The factories did not show less change but one employee who was the habit of drinking heavily on Sundays is now saving \$5 a week by his abstinence, and has bought several Liberty bonds.

Another factory employing 1200 men reports that its "bad Mondays" are at an end, and there is a pronounced increase in the efficiency of the men, and that nine-tenths of the extreme poverty of the employees has disappeared. The managers hold that prohibition is a marked factor in the change, and, in fact, declare that it has been a blessing to the factory.

A factory with more than 100 employees in Batavia, New York, reports improvement in efficiency and time put in by the employees, with a marked decrease in money savings by men. A company with 1500 employees reports more time put in by the men, elimination of "bad Mondays," and a great increase in efficiency. Many men who thought they must have been say they are better off without it, and there is a strong drift toward prohibition in the labor ranks.

In Cortland, New York, one company reports that conditions are somewhat better, another that they are very much better to efficiency and time, and that perhaps half the men voted dry when they last had an opportunity to do so. A major truck company reports its efficiency. Lapses in production following pay day have almost ceased, the men and their families show an improved appearance, and the wives and children are better clad than ever before.

Another mill reports increased theft, more general ownership of homes by the workers themselves, and better conditions the day after pay day. The manager says that before prohibition came he frequently had to wait up until midnight, after the saloons had closed, to prevent the men from bringing liquor into the mill. Now only two men were drinking heavily.

A knife concern employing 100 men reports that a loss of 10 per cent. of all profits on account of drink among the employees has been eliminated and that men holding responsible positions are not losing time now. About one-half the men appear to be voted wet under local option, but the head of this concern believes that most of them would vote dry if they ever had another chance. Another factory employing 2000 men reports that the steady daily drinking among the men has stopped and that conditions are better in every respect.

FREE DISCHARGES. London, Jan. 14.—Discharge by purchase from the navy has been stopped for the present except for youths under eighteen. Meanwhile men whose applications are approved are being allowed to leave the service free of cost.

Advice to Mothers

BABY should be nursed if possible. If not, provide the best substitute, cows' milk, sweetened, and modified with barley water made from ROBINSON'S "PATENT" BARLEY.

Do not endanger the child's health by experiments with untried preparations. ROBINSON'S "PATENT" BARLEY has been proven by the test of time. The mother who nurses her baby, will find Robinson's "Patent" Groats an excellent milk producing food.

MENTAL CLINIC ALONG WITH THE JUVENILE COURT

(Halifax Echo.)

The Woman's Council has undertaken a number of important welfare schemes in the past, but none of greater value than the one it has been asked to help launch just now—the founding of a psychiatric clinic.

Modern civilization is more and more coming to demand that unsatisfactory conditions be probed to the bottom, and not merely covered up temporarily by a plaster composed of law and philanthropy.

More than 300 children pass through the juvenile court in less than a year, and it is suggested that the thing that is fundamentally wrong must be discovered. Taking the experience of other communities as a basis, it is quite possible that much of what seems to be criminal bias may be an expression of feeble-mindedness warped to criminality by stupid or ignorant handling in early life.

The psychiatric clinic is intended to be as much a moral aid as the anti-tuberculosis clinic is a physical aid. Children and adults both may be examined and tested to see how far undeveloped brain-cells may be responsible for delinquent conduct.

It will be possible to know how best to deal with those who are not capable of being entrusted with the responsibility of citizenship. More over, persons suffering from nervous diseases, and nervous breakdowns, often ending in temporary insanity, may thus be averted.

The upkeep of such a clinic is expected to require about \$2,000 a year, but it will save its cost many times over to both city and province when well under way. Besides that, it will make good use of the irresponsible of the community, and prove an important factor in bringing public consciousness up to a high moral level.

In Halifax, with something like 60,000 inhabitants, and several hundred organizations of men, of women, and of both, it is not readily seen how the small amount needed. The Woman's Council has responded to the appeal made to it, because it has faith in the public spirit of the community.

THE BOOZE RECORD.

(Moncton Transcript.)

The city police were handed a suit case containing three gallons of white rum and a long neck of ardent potent. The suit case was seized by Officer Wedge of the Canadian Mounted Police yesterday afternoon. No owner appeared to claim the case this morning. Yesterday afternoon a forger was observed to step off the curb and go into the waiting room of the station. Soon after this Officer Wedge went into the waiting room and observed the suit case. Some time after this he observed the same suit case in the same portion of the waiting room which had been unclaimed and he gathering up the rum.

Inspector Belliveau paid a visit to Albert county last week and succeeded in gaining three convictions, one coming up on Monday last in which the accused was fined \$50 and costs, the other two cases coming up on Friday, one of which created a fine of \$50 while the third caused \$75 to creep into the provincial treasury.

One of the cases was against one who had neglected to date a prescription when given to another, while the second was laid for neglect to note in his records the filling of a prescription blank as provided by the department.

HOW TO DEIFY H. C. OF L. AND BUILD A HOME.

How to own your own home is a problem which confronts the great majority. That it is oftentimes easily solved, however, is revealed by the following simple experience as related by H. M. Perley, in "Life."

How did we do it? Simply by going without everything we needed. When I was first married my salary was \$30 a month. My mother-in-law who lived with us, decided to save enough out of my salary to build us a home.

MIDDLE CLASSES ON THE DEFENSIVE

Predominant Section of British Electorate Organizes to Combat Strikes and "Direct Action."

London, Eng., Jan. 13.—Col. P. P. Newman, M. P., speaking at the United Warris Club on The Middle Classes Union, said that they were going first of all to take a leaf out of the book of organized labor and organize a branch of the union in every political division of Great Britain; that meant nearly 600 branches. At every by-election they would put questions to the candidates, and if the answer of one was satisfactory, the union would support him, otherwise they would run a candidate of their own. They had got two of their members on the central profiteering board. They were organized to defeat any notion of a great strike, paralyzing railways, transport services, and coal mines.

They had a very strong committee with a distinguished former officer of the British army at the head—one of the great organizers at the war office. He would organize the middle classes union to defend them against direct action. Organized Labor claimed 6,000,000 votes, and they also claimed 4,000,000 votes from the co-operative societies, but the middle class electorate numbered about 25,000,000 votes so that voting as one man the middle interests had a clear majority. At the next general election the middle class man must vote for once as belonging to the middle class.

Speaking at another meeting on development of the union, Colonel Newman declared that there was already a powerful parliamentary group which supported its aims and objects, and its members were being added to daily.

FRANCE TO CLAIM WORLD'S BEAUTY CHAMPIONSHIP

Paris, Jan. 14.—Since Carpentier defeated Beckett, the world championship is in the mouths of many Frenchmen, and the French today have thrown out a challenge for the beauty championship of the world. It is proposed through a vote taken of the cinemas to establish who is the most beautiful woman in France. Forty-nine French beauties have been selected. The idea is that the pictures of these French beauties shall be shown in London, New York, Rome and other big cities, with a view to contracting those who dare to "doubt the eternal beauty of the French race."

HITS CRIME NEWS.

Dr. Waldo, the city of London coroner, says that the "reading of details of sensational crimes in court lead to votes from the co-operative societies, but their publication by the press, which not only gave pain and distress to the relatives but, he believed, often led to further suicides by suggestion and imitation. For example, a short time ago, three brothers, one after another, took their own lives by placing their heads in the same stove with the gas turned on. A lessening in the number of suicides would undoubtedly follow the suppression by the press of detailed reports of sensational and interesting cases of suicide."

Advertisement for Shirriff's Orange Marmalade. Text: "Oranges make marmalade, but only Seville Oranges make Shirriff's ORANGE Marmalade. That explains why you will ask for Shirriff's Marmalade every time—the extraordinary flavor. Sold everywhere in glass or large tins. Sales Agents, Harold F. Ritchie & Co., Ltd., Toronto 157"

Children and Music

NEW GROWN-UPS fully realize what music means to children—only a child holds the key to those elfin lands of delight—the fairy realm of a child's imagination, peopled by brave knights and proud princesses.

Good music is as necessary to children as healthy exercise. A little one dancing to a merry tune, or listening open-eyed to wonder music that brings with it its picture of fairies and silver castles, is an exquisite thing to see. Such music is provided by the

Cremonaphone TALKING MACHINE The Machine that Plays All Records. You and your little ones will learn no finer appreciation of music than through this exquisitely toned instrument. Our easy payment plan puts a Cremonaphone within the reach of all. LET US HEAR FROM YOU. AMHERST PIANOS L.M.T.D 7 Market Square

Advertisement for Postum cereal. Text: "One step will bring you to the right table beverage. The realization of harm to nerves and digestion from tea and coffee, points the way to Instant Postum. It's the regular thing for people to want to be healthy, so when tea or coffee gets at your nerves, make the change to Postum without delay. Absolutely free from Caffeine. At grocers—No raise in price. Canadian Postum Cereal Co. Ltd., Windsor, Ontario."

Exports

A special Department of this Bank is devoted to the interests of the foreign business of its customers. Exporters and others having business relations with foreign countries are invited to avail themselves of the very complete information which has been gathered by the Bank's Foreign Department. This may be done through any one of the Bank's many branches.

THE CANADIAN BANK OF COMMERCE

Capital Paid up \$15,000,000 Reserve Fund \$15,000,000

St. John Branch, W. H. LUGSDEN, Manager

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

Nobody Afraid of a Chill in This Bank.

The Corn Exchange National Bank, of Omaha, Neb., is seeking to overcome the strange embarrassment so many people feel on entering an institution of this kind—for it is certainly true that the average individual holds a bank in awe.

He steps inside with all the reverence and solemn dignity he would show a church. Yet a bank is like a grocery store or a hardware emporium or any other public shop. It has service to sell rather than merchandise. That's the only difference.

The Omaha bank resolved to express its feelings on the subject in a series of advertisements in each newspaper. First came a trade-marked slogan: "There's a smile of welcome here for you."

The next step was to introduce every employe of the bank, via cabinet photographs and little personal stories beneath them, in each advertisement. "This," says the copy, "is Mr. E. R. Oglebay. He is general service man. He is the oldest teller in our institution. Known for his keen, ever-willingness to determine to serve best."

"The remainder of the text is equally informal and chatty."

"If there is any one thing that stands out clearly to depositors of this bank, it is the clean-cut spirit of organization, with determination to be of real help to all—and to all alike. You can bring your business problems to the Corn Exchange, and receive the same helpful assistance which our training affords. Let us suggest that you become better acquainted with the bank. It is democratic in spirit—it is not hard to meet our officers—they are always on the main banking floor, and always glad to serve you."

And then comes the second catch phrase, adopted for general use: "You need no introduction to be welcome."

Only 11 p. c. of People Ask for Credit.

One in every nine persons in Birmingham, N. Y., who trade in local stores asks for credit by the "Parlor City" Chamber of Commerce. This is in decided contrast to other cities, where the high cost of merchandise and unsettled industrial conditions are combining to force a majority of customers to buy "on tick."

The Birmingham chamber has quietly installed and perfected a credit department, which today is serving practically every store in the city. Persons who now request credit privileges in Birmingham establishments have their names telephoned to the credit department before the sale is permitted.

At the chamber's offices the credit chief, Carl Wevat, consults a card index system. If the person has had credit dealings with any other local concern, his rating and record is given on a card. Upon the experience of other local establishments the answer is favorable or unfavorable. If he has no credit rating, the chamber department purchases a certain amount of goods.

Oftentimes the children would lose a nickel or a dime and return home with a story that the clerk had charged them more than the mother had expected to pay, thus creating a considerable amount of ill will toward the store.

So Jaffe did a good deal of thinking, and finally figured that it would be wise to invest a little money in having forms printed especially for the use of children sent to the store. These forms state that "in order to encourage shopping by children and prevent errors, we request that parents or guardians fill out or sign this order when desiring small children to do their shopping."

Below this statement is a space for the number of pieces or yards of each kind of goods desired, a description of the materials and the price to be paid.

Then comes a line: "I have given my child a space with which to shop for me," with a space for the signature and the phone number.

"The plan," states Mr. Jaffe, "has proved a highly successful one. Parents are glad to fill out the slips, which are supplied without charge, because they are then certain that the children will return with the goods they wish and do not need another day with their parents' money being charged for them."

from my point of view, it is constantly increasing trade and preventing unpleasant controversies and consequent loss of business.

Localized advertising has long been considered the most powerful that can be produced. In other words, use as the theme of your campaign things and arguments that smack of the environment. Talk about home stunts that everybody in town knows by heart.

The Texas Star Flour Mills, Galveston, Texas, is trying out a rather unusual newspaper campaign to exploit its products in Houston.

Line drawings are made from photographs of well-known residences—the homes of Houston people who actually use the flour. (They make sure of this, of course.)

These neat and very attractive sketches of places in the residential section of Houston are placed at the top of the advertisements and a headline reads: "The Finest Homes in Houston."

"Are Users of Star Brand Flour?" "Homes of J. Bradshaw, 4880 McKinney Avenue," runs a small line directly beneath the drawing of the residence.

There is additional copy of an instructive sort, of course, but the first thing the reader sees is a building he has doubtless passed many times and the name of the well-to-do neighborhood.

This intensive advertising to be sure. The personal touch gives it an appeal all its own.

BUILDING ACTIVITY IN UNITED STATES

(Building Age.) A gain of 708 per cent. is shown in the amount of construction for which permits were granted during November, 1919, compared with November, 1918, according to reports received by Building Age direct from the building departments of 212 cities in the United States.

Only eight cities reported decreases, 504 having enjoyed increased activity. Figures for 1913, 774,287 for November, 1919, as against \$19,020,728 for November, 1918. Government restrictions were still in force during this period last year, not having been lifted until November 21.

The total number of permits granted in the 212 cities during November, 1919, was \$2,644, an average value of \$4,741. The number of permits granted during November, 1918, was 13,750, the average value being \$1,853. The percentage of increase in the number of permits quoted is 138.

Eastern cities show a gain of 782 per cent., 78 out of 81 cities reporting gains. Cities in the middle states show 684 per cent. gain, 57 out of 59 reporting gains. Southern cities show 802 per cent. gain, 48 out of 45 cities reporting gains. Western cities show 548 per cent. gain, 26 out of 27 cities reporting gains.

Material prices have risen considerably. The lumber market shows increases almost daily, five to fifteen dollar increases being not uncommon. This condition is due to the fact that there is a big demand for buildings of all kinds, combined with a shortage of materials. Decreases in the near future are not looked for, as every indication points toward higher prices during 1920, with conditions approaching a boom.

THE LUMBER MARKET

(Maritime Merchant.) The news from the old country is more encouraging. There is still congestion, but the business situation is brightening according to cables and letters during the past week. Importers over there are now talking about buying, about making contracts ahead, about steamer charters, things which they refused to be interested in for a long time past. The talk now is that they will contract at about the same prices as ruled in the spring of last year, or equal to about \$30 on cars at the mills, quantities of deals and scantling to be about fifty. It is yet too early to make a pronouncement upon the situation, but there is no doubt that the feeling is much better than it was a month ago and that exporters locally are feeling chipper than we have seen them for some time.

The United States lumber market continues quite good with prospects of increased activity as soon as spring opens. The lath market is wild. We have heard of \$8, \$10 and even \$11 being paid. We remember when they used to sell at 65c. and 70c. per thousand.

MISSING MILLIONAIRE

A. J. Small, Toronto theatrical manager, who has been mysteriously missing since Dec. 2. He is rated as worth ten to twelve million dollars and has just concluded the sale of his theatres in Ontario and deposited a marked check for million dollars in the bank on the day he vanished.

A Sound Investment Yielding 7.18%

For the product of a famous manufacturing concern there is a ready and constantly increasing demand, which places it in a distinctly favoured class.

As a consequence, the Preferred Stock of this concern is one of the soundest of industrial investments. It is secured by—

- 1. Ample physical assets.
2. The good will of hundreds of thousands of users of its products.
3. A name that is intimately associated with the whole development of the industry.
4. A product that has stood the test of time for quality and which is continuously advertised in a large way.
5. A nation wide organization.

Write or telegraph for particulars.

SATURDAY, JAN. 17

Will Witness the Opening of One of the Most Important January Clearance Sales in Our History.

The purpose of this sale is to effect a quick clearance of all late fall and early winter stocks. To that end the price reductions have been drastic. Every woman should be glad of this splendid chance to purchase new and stylish garments at such unexpectedly low prices. The store is full of most unusual values in every department.

Women's and misses' suits and coats at big savings; wonderful blouse bargains; big clearance of women's and misses' dresses and skirts; a rousing clearance of sweaters, caps and scarfs; clearance of all children's winter coats and dresses; a most important sale of undersuits and maids' undergarments; hosiery and gloves at worth-while savings; clearance prices on all fannelette wear and knit underwear. January clearance brings unusual economies in clothing, dress goods, silk and lots of other things not mentioned here.

See windows. Remember this sale begins Saturday, Jan. 17. Come early for the best bargains. London House, Daniel, Head King Street.

WATCH YOUR "TUMMY"

Moncton Transcript—in connection with the hiccough epidemic reported elsewhere, another local doctor said he knew of several recent cases in Moncton. In one of the cases an X-ray examination was made and the patient's stomach was treated after such X-ray plate examination.

BANK SWINDLERS BEING ROUNDED UP

Gigantic Syndicate Said Operating in States—Fourteen Sought. Chicago, Jan. 13.—Fourteen members of a national syndicate of bank swindlers, who are alleged by police to have divided more than \$2,000,000 with politicians, lawyers, police, and some bank officials and employees are being sought. John Louisi, representing a New York indemnity company, conferred with officials of the state's attorney's office and presented evidence intended to show such a syndicate existed and a number of ringleaders operated a clearing house in New York.

Royal Bank Changes

E. A. McCurdy, who for the last twenty years has been manager of the Royal Bank at Newcastle, has been retired on pension and has been succeeded by A. G. Putnam, who has been temporarily in charge for the last six months. Mr. McCurdy will devote his entire time to his insurance business. W. F. Dorwood, who has been looking after the Royal Bank's interest in the International Shipping Corporation at Newcastle, has been appointed manager of the bank's branch at Rexton, N. B.

GROCERY PRICES IN THREE CITIES

The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week: Markets generally throughout the Dominion, in grocery lines, are very active and reports the price trend is chiefly towards higher levels. There is a big demand for goods and some lines are in small supply. Some advances are shown in this week.

Montreal. At the time of going to press there is no change in the price of sugar, but owing to the higher levels of raws, advances are inevitable. Canned goods are selling freely. Heavy export business with European markets is expected when exchange rates become more settled. Prunes have advanced one cent per pound. Other fruits are selling readily. Small shipments of shell walnuts are arriving in this market and Bordeaux shelled are selling at 85c. per pound. There is an active demand for corn syrup and the undertone is firm. Flour is selling steadily at recent advances. Spices are firm. Rolled oats are firmer and are selling from \$4.70 to \$5.25 per bag. Oatmeal sells freely at from \$3.50 to \$4.00 in 80's. Rice remains very steady and no changes are expected in price basis for some time to come. Hay has advanced from \$1 to \$3 per ton. There is a great scarcity, owing to the farmers' failure to deliver. Oats also are scarce.

Toronto. The grocery markets this week are for the most part very strong. There is nothing to indicate any easier tendencies in values at the present time and even at the high levels prevailing there is a continuance of the active trade that characterized business prior to the holiday season. The sugar market is steady and firm with not much improvement in supplies. Excess stocks of refined sugar in Canada are apparently not large. New crops should be ready at an early date, but it is expected that supplies will show expansion. Advances from primary markets point to higher prices for new molasses, when shipments of the new crop are very strong and higher prices are named for some cereals this week. The trend is towards stronger quotations. High prices are named on baking powder this week, the advance amounting to 10 cents per case on some brands. Soap, too, has advanced, laundry varieties being quoted 50 cents per case higher. The increasing cost of raw materials and the exchange situation are advanced as the reason thereof. New manufacturers of shell walnuts are active in the market and are quoted to the trade at 68 cents per pound. Other lines are steady. Raisins are still very scarce, although some recent arrivals have helped the situation somewhat. All indications point to strong prices for raisins and buying now, where available, is good business, as prices are bound to be higher in the spring.

The tendency in the market for live hogs is towards lower prices. Fresh pork and pork products, however, are steady and strong. The market for butter, cheese and eggs is strong and unchanged. Winnipeg. The markets this week are very strong and in a number of instances advances are reported. Trade has been very active even after the rush of the holiday season. The feature of the markets this week has been the advance in the price of sugar by B. C. refiners. Quotations are up \$1 per cwt. Soaps have also advanced. Raisins are still very strong, although Grecian currants are slightly easier. Canned milk shows a tendency to go higher. The hog market is very firm.

SIX YEARS TO MAKE U. S. BONE DRY

Chicago, Jan. 14.—A six year job faces federal prohibition agents in making the United States dry, according to H. M. Gaylord, deputy commissioner of internal revenue of Washington, D. C., who addressed agents and inspectors of mid-western states yesterday.

At the end of that period, Mr. Gaylord said, the revenue bureau will be "a real desert."

ST. JOHN-MONCTON AUTO TRIP IN RECORD TIME

Moncton Transcript—A record automobile trip was made from St. John to Moncton last evening by William Mason, of this city, who left St. John at 10:45 and reached Parker's Cafe at the corner of Main and Robinson streets, at 2:30 this morning. Mr. Mason went to the Loyalist city yesterday to purchase a car for Father Landry, and left a garage on Duke street at the hour above noted, taking Charlotte street, in- cluding the long road to Anagance, making the trip in three hours and forty-five minutes. Considering the route this is considered by many autoists as being a fast trip.

MYSTERIOUS DISAPPEARANCE

Miss Mary McIntosh, of Scotland, who arrived in Halifax Friday on the S. S. Canada, is reported to have disappeared at sea. She was coming to St. John and they were to be married here, but she has had no word of her since.

FORWARD MOVEMENT

At a men's banquet held by St. Paul's Presbyterian church, Fredericton, last evening, as a part of the forward movement, a subscription of \$2,800 was announced. This evening Rev. David Hutchinson, D. D., and Rev. Canon R. Armstrong, of St. John, will speak on the subject there.

A January Sale

Overcoats at \$15

Have you your size? If we have, you can pick up a good overcoat at a big saving. Quite a number of ulsters and tweed overcoats that are perfectly right in style and quality, but only one of a kind. HARDWARE REPORT

(Hardware and Metal, Jan. 10.) Persistent advances in prices continue to dominate the present hardware markets and many important hardware commodities have advanced. The most important lines affected are: Gasoline, up two cents a gallon and nearly all other by-products of crude oil, which has recently shown such marked advances. Iron and steel bars, sheets and plates, solder, horseshoe nails, cross-cut and buck saws, firearms, leather board fibre-wares, brooms, hockey pucks, silver-plated ware, tin, copper, lead and spelter are all on the list of advances.

Paint markets are firm. A famine in glass is reported. Shellac prices are up and may again advance. Putty is also higher.

This season of the year is usually a breathing period in the race for business, the quiet spell being used for house-cleaning, stock-taking and rearranging campaigns, etc. This unseasonable activity, then, is very significant of the general market conditions, which, it is stated, will prevail during the present year.

LOCAL NEWS

MILITARY. Capt. R. M. MacGibbon was struck off the strength of Military District No. 7 on Jan. 13. A lecture at the armories arranged for Friday night in connection with the work of the artillery overseas has been postponed.

SURPRISE PARTY. A very enjoyable evening was spent at the home of Mrs. William Higgins, Millidge avenue, when friends tendered her a surprise party. Leo Porter, on behalf of those present, presented to her a very pretty casserole. Music, games and dancing contributed towards a good time for all present and refreshments were served.

WILL TRY IT. On the arrival of the C. P. steamer Empress from Digby evening a trial will be made to see if the Eastern steamship wharf will be suitable for use. The point to be decided is if, while a steamer is docked at the Empress wharf, the overlapping will not be too great to allow of the easy manœuvring of the Empress.

LORD SCRIBBANS. A pretty wedding, at which Rev. W. P. Dunham officiated on Monday, he united in marriage Miss Mary Scribbans, of Belfast, Ireland, to William B. Lord, of St. John. The bride was supported by Selma Neal and the groom by Richard Truswell. After a very happy evening Mr. and Mrs. Lord proceeded to West St. John, where they will make their home.

NEW SCALES FOR MARKET. Commissioners Thornton announced this morning that he was preparing for the installation of improved beam scales in the city market. The new equipment will do away with the piling of beef and other meats on the platform scales, the carcasses being strung on hooks while the weighing is done. It is considered that this method will be much more sanitary. He is also preparing to have the interior of the building painted. This has not been done for some years.

WILL HOLD SOME. The two big molasses tanks which are to be installed by the Crosby Molasses Co. at the corner of Duke and Water streets, have arrived in the city and will be installed in the course of two or three weeks. They will be the first facilities of this description in the Dominion. The big drums are of steel and each has a capacity of more than half a million gallons; they measure 30 feet in height and fifty feet in diameter. The foundations for the tanks have already been laid. The molasses will be pumped from tank steamers and stored in bulk until shipment is made either in tank cars or in puncheons.

DR. W. WARWICK HEALTH OFFICER

Announced Today That He Succeeds Dr. J. F. Brown, Who Has Resigned.

Dr. William Warwick of St. John, has been appointed district medical health officer for the southern district on recommendation of Hon. W. F. Roberts, minister of health, in place of Dr. J. F. L. Brown, recently resigned, the appointment to date from January 16. Dr. Warwick has an excellent war record. He enlisted with the 118th battalion as medical officer and going overseas with that unit saw much service. He was afterwards attached to the Mobile Laboratories in England and served in Belgium and France with the laboratories. His many friends throughout the province will congratulate him on his appointment.

Dr. Brown was appointed after the new health act came into force and has served faithfully in his district. He has made many friends who are sorry to see him leave but wish him much success in the future. It is said he will practise his profession in Woodstock.

ACTION IS FOR \$10,000 DAMAGES

Trial of Case of Raymond vs. Thomas Begun in Circuit Court.

A claim for \$10,000 damages was entered this morning in the circuit court before His Honor Judge McKeown in the case of Raymond vs. Thomas, an action in which the charge of malicious prosecution is made against F. S. Thomas, furrier of North End, by Mrs. Katherine Raymond, wife of Kenneth Raymond of this city. D. Mullin, K. C., for the plaintiff, read the statement of claim and defence and alleged that malice in the former was not answered in the statement of defence, namely the reference to the plaintiff as Kitty Raymond, alias Kitty McDonald. The statement alleged that she had suffered in reputation, mind and body by her imprisonment and claimed the sum mentioned. The defence, which was represented today by M. G. Teal, K. C., and G. H. V. Belyea, K. C., in its statement, denies that there was malice shown, or that the defendant had acted without reasonable and probable cause.

On the hearing proceeding, John Willett, K. C., clerk of the circuit court; George A. Henderson, clerk of the public court; E. S. Ritchie, who had acted for a short while as police court clerk; Frank A. Bowring and the plaintiff were examined. The evidence was mostly in the nature of a résumé of what has already been printed in connection with the original case. Mrs. Raymond was on the stand when the case adjourned until 2.30 this afternoon. The jury is composed of R. H. Foster, G. H. McLaughlin, G. O. Fowler, H. H. Coleman, W. J. Nagle, J. A. Cooper and C. T. Jones.

NEW TECHNICAL SCHOOL HERE

Lieut. J. Royden Foley in Charge for D. S. C. R.—City Road Building Secured.

One of the largest schools for the technical education of returned soldiers in Eastern Canada will be opened in St. John next week under the direction of Lieutenant J. Royden Foley, a local young man who returned from overseas last month, after lengthy service with the British air force. Mr. Foley came to the city yesterday from Ottawa, where he completed arrangements with the director of the Department of Soldiers' Civil Re-establishment for the instruction of returned men in all classes of motor mechanics, vulcanizing, oxy-acetylene welding, mechanical electricity and the reading of mechanical drawings. The Hannah building in City Road has been taken over and is now being prepared for the establishment of the school. It contains about 10,000 feet of floor space and will be the largest school of this description in this part of the country. All discharged men who come under the scope of the work of the D. S. C. R. will be eligible for any of the classes, provided application is made before February 1. Many of the departmental instructors in the new school will be local men.

Mr. Foley, though a young man, was one of the pioneers of the automobile introduction to this part of the country. He had a brilliant record overseas, most of his experience being with the aerial patrol of the English Channel during the days of the allied blockade.

LOCAL DIRECTOR HERE IS NEEDED

Fletcher Peacock Speaks Also of Large Central Building—Crush Means Afternoon Classes.

The need of a local director for supervising the work, and of a large central building for its being carried on were emphasized this morning by Fletcher Peacock, provincial director of vocational training, in a talk with a Times reporter. He said that between 600 and 700 had attended the opening of the courses begun last night in the domestic science building in Waterloo street, and in the rooms in Oddfellows' Hall. The large number of students had made it necessary to plan for extra classes and to consider the afternoon as well as in the evenings. In the afternoons and evenings in the Oddfellows' Hall, classes in millinery and dressmaking would be conducted, while in the evenings and on Saturday afternoon classes would be held in domestic science in the Waterloo street building, which is occupied on other afternoons by the school children.

Speaking of the work of organization, Mr. Peacock said that if an expert man were not kept on the job in St. John all the time there was bound to be some dissatisfaction, the classes would not be supervised properly, and the work not well handled to the satisfaction and best interests of student, teacher and the public. This meant that vocational training must fall into disrepute. The successful beginning must be followed up.

PLEASANT NIGHT FOR FAIRVILLE TRIANGLE CLUB

It was a merry party which assembled at the home of Geo. Fowler, Harding street, Fairville, last evening for the regular meeting night of the Triangle Club, and whenever the meeting happens to be held at his home he always keeps his reputation as a good entertainer and nothing is spared to make the occasion very pleasant and inspiring. Besides a large number of club members there were also present members of the F. B. Ladies' Aid Society, with other young ladies and young men. The president of the club, C. Black, opened the meeting in his usual congenial manner, and after a present were made to feel very much at home, the following programme was enjoyed: Solo, W. McEachern; selection, Lancaster Ladies' Institute; address, H. C. Reicker, subject Community Welfare; solo, Mrs. Murray Long; address, Mrs. Wm. Grindle, subject A Woman's Duty to the Public; solo, W. McEachern; selection, Ladies' quartette; address, Mrs. G. Estey, president Ladies' Aid; solo, A. Doherty; refreshments; address, Rev. A. S. Bishop; solo, A. Doherty. The meeting closed with all singing the National Anthem.

POLICE COURT

As a result of an investigation made yesterday by the liquor inspectors, Frank Davidson was arraigned in the police court this morning, charged with supplying liquor to Sandy Sabody, who was arrested on Monday night on drunkenness charge. Inspectors McAlmish, Merrifield and Kerr, after receiving information from Sabody. The latter said he did not remember anything. The case was postponed until Friday morning. In a case against Elmer Thomas, charged with neglecting his children, K. A. Wilson presented arguments for conviction. The case was postponed until tomorrow afternoon to allow the accused to obtain witnesses for his defence. A case against Harry Barry, charged with keeping women in his house for immoral purposes, was not resumed this morning. The magistrate complimented Sergeant Charles Rankine for his work in bringing this case to court. A case against Elizabeth Greer, charged with vagrancy, arose out of this case and both out of the investigation in connection with the neglect of the children of Elmer Thomas. There was no arrests made last night.

MACAULAY BROS. & CO., LIMITED THE STORES OF SERVICE AND QUALITY

Oak Hall's 31st Anniversary Sale

For months we have been making enormous preparations for this event, and in spite of adverse market conditions and the difficulties of procuring real quality merchandise in quantities worth while at prices commensurate with this event, we feel that we are now better prepared than ever before to make our 31st Anniversary Sale even better than any of our previous great sales.

No Goods on Approval. Mail Orders Filled. OAK HALL Scovill Bros., Ltd. King Street Eastern Canada's Livest Store

For Those Who Like Distinctiveness in Dining Room Furniture

We'd Recommend Suite Now in Window

We are anxious for you to look at the Queen Anne Dining Set now on exhibition in our show window—and want you to step in for a closer inspection of its material and workmanship.

The quiet dignity of the period will appeal in a refreshing degree to those who like distinctiveness. The wood is old oak quartered, and will fastly become the chosen among woods for dining sets because of its beauty and novelty.

We also have a wide range of other designs and woods about which we'll say more later. But for now this Queen Anne holds the stage's centre.

HIS MEMORY GONE

Man, Apparently Highly Educated, Found Wandering in New Jersey Town.

Lambertville, N. J., Jan. 14.—A middle-aged stranger, whose name and associations are gone from his mind, but whose memory has stirred vague recollections of childhood days on a Mississippi plantation, of student life in Magdalen College, Oxford, and of an extensive scientific career, is the guest of the Rev. J. T. Bensley at the rectory of St. Andrew's Episcopal church here, where the clergyman is trying to kindle the man's smouldering memories in the hope of learning his identity.

The man's peculiar actions on Dec. 22 attracted the attention of several persons and the police were notified. When they questioned him he told them that he had forgotten his name and that his mind was a blank as far as past events were concerned. He was put in the city jail, where Dr. Bensley, who heard of the case, visited him.

The clergyman found a man of rare distinguished appearance, who spoke with an English accent. He was willing enough to talk, but persisted in his assertions that he could remember nothing of his past life or associations. Dr. Bensley got permission to take the man to his home, where the clergyman has been studying him closely.

Dr. Bensley believes that the stranger's memory gradually is returning. He remembers events that happened since Dec. 26, and although his recollection is "spotty" he has given some data which, Dr. Bensley believes, may lead ultimately to his identification. One of the first things he spoke of was the sinking of the Titanic.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyleth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyleth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared.

After another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyleth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Be Careful What You Wash Your Hair With. Don't use prepared shampoos or anything else, that contains too much alkali. That is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely grassless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California." "It will be your own fault, if you do," Mary replied. "Two-thirds of the cases I nursed could have been prevented if people had paid attention to the colds that started them. That's the trouble, most people don't treat a cold until they are really sick."

Ends Stubborn Coughs in a Hurry. For real effectiveness, this old home-made remedy has no equal. "Easily and cheerfully prepared, it is a vegetable laxative instead. That is why it works so fast. It is not a 'strong' laxative, and I know they are done."

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given almost at once is really taken but a moment to prepare and really there is nothing better for coughs.

Law Changes on Housing Proposed. Albany, N. Y., Jan. 14.—A law making it a crime for a landlord or his agent not to supply heat light and other services specified in a lease, with penalty of imprisonment for not more than a year or a \$1,000 fine, is proposed in a report of the Lockwood housing and anti-profiteering committee.

Teacher Shortage. London, Eng., Jan. 14.—Although 600 elementary school teachers are employed in a temporary capacity, there are 1,000 vacancies on the permanent staff, it was said at the L. C. C. meeting.

Farmer Heavily Fined. London, Eng., Jan. 14.—A fine of \$120 or three months' imprisonment, was inflicted at Diss on William Marchant, of Dieckburgh, for neglecting to cultivate the farm in his occupation. He elected to take the imprisonment.

EXPLORER PLANS A TRIP NORTH

Donald B. MacMillan Hopes to Outline Western Shore of Baffins Land in 55-Ton Craft.

Freeport, Maine, Jan. 14.—Donald B. MacMillan, Arctic explorer, has made an announcement with regard to the auxiliary knockabout Bowdoin which he is to have built at Boothbay for making a voyage of discovery along the western shores of Baffins Land.

The Bowdoin will have a gross tonnage of 55, its principal measurements being 45 feet by 12 feet beam and 9 feet 7 inches draft. The oak-planking will be sheathed with greenheart, or ironwood, similar to that which the Peary craft, Roosevelt, iron plated forward, and with a four-foot belt around her, just above and below the waterline.

Kerosene is especially useful as fuel, he says, because he is able to get a supply in the far north. In the long series of trials which he purposes to make after the Bowdoin is completed, experiments will be made with all sorts of fuels in the tanks, the Bowdoin will have a cruising radius of 8,000 miles, it is claimed.

Orders Given But Where is Whiskey? Sarnia, Jan. 14.—Hundreds of citizens in Lambton County are seeking a young man from Toledo, Ohio, whose name is alleged, in this county alone has made more than \$5,000 in taking whiskey orders via the mail order route, and then failed to deliver the goods.

EGGS FROM CANADA. London, Jan. 13.—More than 5,000,000 eggs were sent from Canada for consumption in the United Kingdom during 1919, and it is considered certain that this figure will be very largely exceeded this year.

An Important Discovery Swollen Veins Relieved. That Absorbine, Jr., would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing it also in reducing swellings, aches, pains and soreness.

Stomach Disorder ONLY SIX MONTHS TO LIVE

Read What B. B. B. Did For Him

Mr. Hans Kehli, Magnolia, Alta., writes: "Some years ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces. I did not have the operation, but returned home. No one was there to meet me at the station, because they did not know I was coming. I felt so bad I couldn't walk farther than 10 yards without resting. It took me 6 hours to walk 2 miles; the distance from the station to my home."

Some weeks later I read an advertisement about your Barlock Bitters. After I had used one bottle I felt much better, and after I had used three bottles I was completely cured; therefore you see your B. B. B. has saved my life, and I cannot praise it too highly.

Barlock Blood Bitters puts the stomach into shape by promoting perfect digestion, and restoring health and strength to the system. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Gray's Syrup Red Spruce Gum. They do not fear coughs, colds and all the ailments of winter. For over 60 years they have relied on Gray's Syrup.

Orders Given But Where is Whiskey? Sarnia, Jan. 14.—Hundreds of citizens in Lambton County are seeking a young man from Toledo, Ohio, whose name is alleged, in this county alone has made more than \$5,000 in taking whiskey orders via the mail order route, and then failed to deliver the goods.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE. What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances.

Should be prescribed by every doctor and used in every hospital. Says Editor of "Physicians' Who's Who." Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation.

NO MERCY TO BE SHOWN IN MRS. ASQUITH'S MEMOIRS.

London, Eng., Jan. 13.—Many people await with keen impatience the appearance of Mrs. Asquith's new book in May. The manuscript is now in the hands of the publishers, who are said to have paid the authoress a sum down, understood to be between \$40,000 and \$50,000.

The authoress has shown no mercy to any one, for, as she states in her preface, "I might just as well be shorn for a sheep as a lamb." The book is looked forward to by the reading public of England and America, and is anticipated as one of the most agreeably shocking collection of memoirs that have been written in recent years.

Real Help. In every case of weakness, or wherever energy or vitality is less than it ought to be, in every case of convalescence, Hall's Wine gives real help. Hall's Wine proves its value quickly, you feel better from the first glass; you feel yourself growing stronger every day with strength that will last.

Hall's Wine. THE SUPREME TONIC RESTORATIVE. GUARANTEE.—Buy a bottle of Hall's Wine today. If, after taking half of it, you do not feel decidedly better, return the bottle, and we will refund your cost.

Health and Happiness. Women of today seem to listen to every call of duty except the supreme one that tells them to guard their health. Home duties, church duties, war activities, and the hundred-and-one calls for charitable enterprises soon lead women to overdo. Nervousness, headaches, backaches and female troubles are the inevitable result.

Lydia E. Pinkham's Vegetable Compound. Philadelphia, Pa.—"I was very weak, almost starved, my bank ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress."

**WANT CITY TO TAKE DEED TO THE AVENUE**

Residents of Portland Place Want Their Share of Civic Improvements

An unusual request was made to the common council, at its meeting yesterday afternoon when G. Earle Logan, a spokesman for a delegation consisting of himself, R. W. Pugh and R. H. Bruce, offered the city a deed to that part of Portland Place extension known as Lansdowne avenue, from Elm street to Wilsley street. It was pointed out by Mr. Logan that the assessed value of property in that area last year was \$15,000; there are thirty-three families which have to use that thoroughfare; two buildings are being erected there and another will go up in the spring, but though the first house was erected in 1914, there has been only one street light placed and the water and sewerage arrangements are unsatisfactory. Traffic is dangerous there at night, on account of the poor lighting, and as there is a walk on only one side of the street, matters are very disagreeable on stormy days.

R. H. Bruce, on behalf of the trustees of the owning syndicate, made the formal offer of the thoroughfare, which includes about 600 feet. Mayor Hayes and the commissioners looked upon the matter favorably, and Commissioner Fisher was instructed to confer with the road engineer and the city engineer, with a view to disposing of the matter.

Communications advocating the establishment of a juvenile court were received from the associated charities board, the board of trade and the executive of the Y. M. C. A., and held over until the meeting of the financial committee of the municipal council.

Expenditure for the month of December, amounting to \$211,889.20, passed by the financial committee, was approved. Leases for a three-year term, were renewed to the tenants of the Market building, with increases in rentals as previously reported.

A lot in the parish of Lancaster, formerly leased to Robert H. and Annie Merryweather, was sold to Wilfrid Webb, for \$850, and another lot in the same parish was sold to the lessee, Jeremiah Stout, for \$200.

The arrangement made with the harbor master on Monday, regarding the allocation of grain boats to berth on the filling of vacant berths with other vessels when liners are not available, was confirmed.

It was also recommended that piling be driven at the outer end of the approaches to the ferry slip, West Side, in accordance with the recommendation of the city engineer at an estimated cost of \$3,000, to be paid for by bond issue covering a period of ten years, to be done by day's work, and that the commissioner of public works be authorized to call for tenders for paving Douglas avenue and the City road, according to specification prepared by the road engineer.

Applications for the usual grants were received from the New Brunswick Tourist Association, the Seamen's Mission, Associated Charities, the Free Kindergarten, the Animal Rescue League and the Victorian Order of Nurses, and were referred to the committee.

**A Harbor Complaint.**  
 A letter complaining of the "suicidal policy" of the city in reserving only one berth for grain, when there are eight or ten grain boats in the harbor already, and calling for a return of the "first come, first served" policy as heretofore, was received from J. T. Knight & Co. and referred to the harbor commissioner, Commissioner Fisher and the city engineer were appointed representatives of the city at meetings of the great marsh commission.

**School Estimates.**  
 As the city can be assessed for no greater sum than \$275,000 for the board of school trustees, the estimates sent by that organization to the council were under the mark, being \$275,000, not including the sum of \$28,417.50 which had already been advanced.

The appropriation is made up of the following:  
 Teachers' salaries ..... \$203,113.00  
 Officials' salaries ..... 8,450.00  
 Care ..... 18,000.00  
 Fuel, water and light ..... 4,000.00  
 Coal ..... 32,000.00  
 Rent ..... 11,538.00  
 Supplies ..... 200.00  
 Printing ..... 500.00  
 Incidentals ..... 3,500.00

**FOR AN ARMORY.**

Major-General A. D. MacRae, of Vancouver, who has offered \$100,000 for the building of a half-million dollar armory provided other public spirited citizens make up the balance of the amount.

Fees, high school entrance	175.00
Examiners	700.00
Evening technical schools	20,000.00
Repairs	6,000.00
Bank interest	6,000.00
Sinking fund	7,762.69
<b>Total</b>	<b>\$315,536.69</b>
County fund	12,000.00
Rents	1,220.00
<b>Total</b>	<b>\$802,716.69</b>
Already advanced	28,417.50

Notice was given that Daniel O. Perry had been appointed captain of No. 2 Salvage Corps, and a warrant was ordered for him.

Commissioner Fisher was authorized to call for tenders for the paving of Prince William street, from Princess to St. James, and for the paving of the Marsh road to the One Mile House, linking up with the government work at that point. He informed the board that City road, Market square and Douglas avenue will be paved this year.

The Marsh road paving, Commissioner Fisher said, would be twenty-one feet wide, with no gutter or curbing, and would last ten years or more. The cost for the 3,000 yards will be more than \$200,000, to be covered by ten-year bonds.

**DISTRICT LODGE CHOOSES OFFICERS**

At a well attended meeting of District Lodge No. 1, I. L. O. A., held last evening in Orange hall, Germain street, the election of officers for the ensuing year took place. The report of the hall committee, submitted at the meeting, showed the financial condition of the lodge to be satisfactory. Other business of a routine nature was discussed. The officers elected were as follows: K. D. Speer, district master; J. Starr, Tait, deputy master; James A. Arthur, chaplain; A. W. Harvey, secretary; Isaac Mercer, treasurer; T. W. Moore, director of ceremonies.

**AT THE BOYS CLUB.**

An enjoyable entertainment took place last evening at the St. John Boys' Club in their hall in Victoria Rink. More than 100 members were present and gave close attention to S. B. Bustin, who gave an interesting and instructive illustrated talk on temperance. He also showed the boys some fine views taken on the St. John river and in other parts of New Brunswick. He concluded with an illustrated fairy story. Mr. Bustin had his own lantern and slides and the whole affair proved to be very interesting. While waiting for Mr. Bustin, the boys enjoyed an exciting hunting story regarding the capture of some young bears, related by A. M. Belding. Capt. A. J. Mulcahy also engaged the attention of the youths with some sea lore.

**\$25,000 FOR A SERVANT.**

London, Jan. 14.—A sum of \$25,000 was left to his "faithful servant and nurse, Margaret Morgan," by Colonel Henry Littleton Powys of Fareham, Hunts, whose estate was of the gross value of \$60,000. He also bequeathed one year's wages to his cook, Annie Vallance, and \$400 to his late cook, Anne Fulton.

**EVANGELIST OPENS HIS CAMPAIGN IN CENTENARY CHURCH**

The Methodist evangelistic campaign, which was auspiciously begun on Monday evening by a rally of the Epworth leagues of the city, got into full swing last night under the inspiring leadership of Rev. James Dixon, of Belfast, Ireland. The large auditorium of Centenary church was well filled with an enthusiastic audience who sang most heartily under the direction of H. W. Bronfield.

The evangelist took for his text Leviticus 13.—"The fire shall ever be burning upon the altar, it shall never go out."

In this, his first address to a St. John audience, his appeal was particularly to church members and professed followers of Jesus Christ. He said in part:

"To the Jew, fire spoke of God's presence and power; he would remember the fascinating story of Moses and the burning bush, and would recall how Israel was led through the wilderness by the pillar of fire, and how on Mount Carmel Elijah challenged the priests of Baal with the words, 'The fire that answers by fire let him be God.'"

"The inauguration of the Christian church on the day of Pentecost, marked by the fact that 'tongues, like as of fire' appeared into the waiting company in the upper room, and it sat upon each of them.' Our hymnology expresses the same thought in the words: 'Refining fire go through my heart; illuminate my soul; scatter thy light through every part, and sanctify the whole.' Fire purifies, refines, and cleanses. It is fervent, ardent, hot! It is force, energy, go and go on!"

"This is the need of the church today. The challenge of the times to the church is a demand for reality in our religion, the conscious presence and power of God in worship and in all our work for God. Let us seek the fire in our own hearts, and in public worship, in our social and domestic life, and in our fellow men. Let us be real and God will do His part."

**ECONOMIC EFFECTS OF PROHIBITION**

Chicago, Jan. 13.—Chicago real estate owners need not have any fear of there being a slump in the real estate market when the prohibition amendment goes into effect on Jan. 17, says Mark Levy, president of the Cook County (Chicago) Real Estate Board. "Other cities have gone dry long before this," he says, "and real estate values are higher than ever."

"A dry United States has been anticipated for five years, and saloon properties, gradually, have been taken over by other interests. The demand for stores is too great to have many former saloons standing idle long. There is a big demand for chain stores, both national and local, for space for new branches, and in many cases bonuses are being paid for good saloon corners. In fact many property owners are holding out for a bonus. There is no danger of any scare."

**Dependency Decreased.**

Dallas, Texas.—Prohibition has caused a decrease of more than 60 per cent in the number of dependent children in Dallas, according to Mrs. Emma Wylie Ballard, county humane officer. Records show that in 1916, when the saloons were in operation in Dallas, seventy-six babies were turned over to the charge of the county; in 1919, under prohibition, there were only twenty-five babies placed in the county's care.

**Substantial Cost Reductions.**

Worcester, Mass.—A substantial reduction in the cost of maintaining the poor department of Worcester, as a result of the operation of prohibition, is forecast by the report of the overseers of that institution, which says:

"Intemperance has been a very important cause of distress, in that the money which should have been used to give the family the ordinary necessities of life has been used for drink. On July 1, 1919, war-time prohibition became operative and, although it is not possible to give any exact data disclosing the reduced percentage of cases in which intemperance was the cause, yet it is clearly manifested that the reduction is very marked. Had the times been normal economically, and otherwise, the benefits of prohibition might be more discernible."

**Musical Instruments Sales Increase.**

New York, N. Y.—A larger interest in good music and a consequent increase in the sale of musical instruments and phonographs are forecast by the publication of a manufacturer of the latter. "From Mail to Music" is the caption to an item which announces that a former wholesale liquor dealer of Mt. Olive, Pennsylvania, has transformed his quarters into a music store.

**TWO MEMBERS OF MISSION STAFF DEAD IN WEST CHINA**

Cables received from Changking, West China, announce the deaths of Rev. R. E. S. Taylor and A. F. Crutcher, valued missionaries of the Canadian Methodist church. The cause of death in both cases is said to be pneumonia poisoning, though no particulars have been received. The missionary society and the work of the Methodist church in West China have suffered a very severe loss. Both men, who had spent one full term in West China, were among the most efficient in the whole staff of workers in that country.

**WHITE COFFIN FOR DOG.**

Philadelphia, Jan. 14.—In a white coffin, lined with satin, Dolly Marie, a mottose terrier which for seventeen years was the pet of Mr. and Mrs. William S. C. Krause, Haverford avenue, was buried in the back yard of the Krause home.

Besides being a pet of the Krauses and of virtually every youngster in the neighborhood, Dolly Marie was honored as the dean of Philadelphia dogdom. In achieving the age of 17, veterinarians say the little mottose terrier lived five years longer than the average dog.

**NOW A MAGISTRATE.**

The Marchioness of Londonderry, one of the seven women appointed magistrates in the British Isles under a recent law making women eligible.

**BIG AERO CONTEST.**

New York, Jan. 14.—The Aero Club of America announced that thirty-four universities and colleges, including virtually all the leading institutions of higher education in the country, will be represented in this year's contest for the six intercollegiate aeronautic trophies, provided under the will of the late Samuel H. Valentine.

During the last twelve months 4,500 college men took out the Aero Club's airplane pilot certificate, 700 qualified as seaplane pilots and free balloon navigators and 120 were given certificates as dirigible pilots.

**HARNISH, SUN WORSHIPPER, AGAIN IN TOILS**

Arthur F. Gault Charged with Subornation of Perjury—Out on Bail.

(Montreal Star)  
 Ottomian Harnish, formerly of Montreal and head of the so-called Sun worshippers, was arrested in Chicago on five unmentionable charges and is now awaiting trial at Los Angeles on \$20,000 bail.

Lieutenant-Colonel Arthur F. Gault, formerly of Montreal, was arrested Jan. 2, on charge of subornation of perjury in preparing evidence for the defence of Harnish, and is on bail of \$10,000.

This is the latest page of the Book of the Sun in connection with Montreal. The first page was written some twelve years ago when Harnish induced Hooper Mallet and Mrs. Mallet to build him a house and temple in Mount Royal avenue, at the corner of Fern Hill avenue, Outremont. There he went to live himself to escape the law officers of the state of Illinois who had warrants against him.

There also he kept concealed a 12-year-old boy, Willie Howard, who was used in connection with temple services. It was alleged by the Illinois authorities, Willie's parents laid a charge of kidnapping against Harnish to recover the boy, but he succeeded in keeping the boy in Canada and the parents could not find him.

Harnish, however, got bold and ventured into the United States and was arrested and sentenced to two years' penitentiary for sending immoral literature through the mails. He served his time.

In Montreal the cult did not make progress at first, but finally several people of means including Arthur F. Gault and Mrs. Gault, Hooper Mallet and Mrs. Mallet, and Alex. Stuart joined them and supplied them with capital.

About three or four years ago the temple here was closed and Harnish persuaded his moneyed followers to go with him to California. There under his influence they gave him practically the

ill. Mrs. Mallet died Dec. 1, 1919. Mr. Stuart died earlier. A. F. Gault and Mrs. Gault found work in Pasadena. Harnish claimed he was a Persian and had the secret of eternal life. He claimed he was sixty years old but he looked less than thirty. In court it was proven in the Illinois case that he was an American. One witness gave his real name as Hennessy.

As for his Persian, he was unable to talk the language at all. When in Montreal first, reporters of the Star took with them a Persian to one of the meetings. He addressed Harnish and all the reply he could give was a halting salutation, the only Persian phrase he knew. He refused to read Omar Khayyam in Persian, because he couldn't.

Most of the cult dropped off after the first enthusiasm and saw him as really was, but those named remained with him.

**MT. ALLISON'S NEW PROFESSOR**

(Sackville Tribune.)  
 The position of professor in the engineering department at Mount Allison University, made vacant by the resignation of Professor Crowell, has been filled by the appointment of Frank L. West of Coles Island, N. B., a graduate of Mount Allison in the class of 1912.

Mr. West prepared for college at Gasquet, N. B., and entered Mount Allison in 1908 with a provincial matriculation certificate. He graduated B. A. in 1912, with excellent standing in his work. The following year he took honors in physics, as well as the engineering subjects required for entering into the third year of the engineering course at McGill. The next year he spent with the Canadian Northern Railway, where he obtained considerable practical experience computing also the work for his M. A. degree.

In the fall of 1914 he entered McGill University, graduating in 1916 with a splendid record in his college work. During his course at McGill he was a member of the officers' training corps, in which he received his lieutenant's and captain's certificate. During his senior year, in addition to his work in engineering, he was a tutor in physics. After graduation at McGill he worked for some time with the department of mines on the investigation of peat bogs and later was appointed to a position with the imperial munitions board as testing engineer. He later joined the first Quebec

regiment as a subaltern from which he transferred to the Canadian Engineers. Finally going overseas with a detachment of the Canadian Expeditionary Force until discharged in August of last year with the rank of captain. Since then he has lectured with the Canadian Government Railway on maintenance and construction.

The meeting of the East End League, which was to have been held last evening in the Victoria Rink hall, was postponed as many of the members were unable to be present.

**Herpicide Mary Says:**  
 Neglect Of the Hair Fills the Comb and Brush. Don't Neglect Your Hair. Use NEWBRO'S HERPICIDE Sold Everywhere Applications at Barber Shops

**Doctors Recommend Bon-Opto for the Eyes**  
 Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles as it strengthens eyesight. Sold under money-refund guarantee by all druggists.

**Cold-Weather Stockings at a reasonable price**  
**HERE'S** welcome news—especially when clothing prices are taking another jump. You can get warm stockings for your boys at a considerably lower price than you expected to pay. Ask your dealer for Buster Brown Stockings.  
 They're closely knit. They'll keep out the cold, and stand the strain of the toboggan-slide and skating rink.  
 Buster Brown Stockings will cut down your mending. They're harder wearing because they're knitted from extra long yarn—spun by ourselves to make sure it's right. Knitted with triple-ply heels and toes, and double-ply legs and feet. Shaped to fit, with elastic-ribbed legs and narrowed feet and ankles. Fast dyes keep them from fading.  
 Ask for Buster Brown durable hosiery—the economical kind.  
 BUSTER BROWN'S SISTER'S STOCKINGS are made from one thread English mercerized lisle. Shaped to fit and give splendid wear at a moderate price. Colors are Black, Leather Shade Tan, Pink, Blue and White.  
 The Chipman-Holton Knitting Co., Limited Hamilton, Ont.

**You Won't Need Sugar on your breakfast cereal, if it is Grape-Nuts**  
 For this ready-to-eat food unlike many cereals, requires no added sugar to make it pleasing. Grape-Nuts contains its own sugar developed from wheat and malted barley. Its rich, nutlike flavor pleases. Grape-Nuts is economical in more ways than one. At grocers.  
 Made by Canadian Postum Cereal Co., Ltd. Windsor, Ontario.

GREATLY CHANGED STATUS OF WOMEN (Joan Benedict in New York Evening Post) Miss Anthony used to tell of her first encounter with the lawmakers. She, with a number of other young women school teachers, had gone to Albany with a petition asking for some change in affairs that matters not what, save that it related to women, and in itself, was a small favor to grant. The women met the Solon they sought on the Capitol steps and modestly presented their petition. He glanced at it, flung it at his feet and kicked it down the steps. "That," said the Solon, "for anything that a woman wants or asks for." "From that moment," Miss Anthony used to say, "I made up my mind neither to rest nor to rest until what a woman wanted and asked for was worth more than a kick down the steps of Albany's Capitol."

GREATLY CHANGED STATUS OF WOMEN (Joan Benedict in New York Evening Post) Mrs. Nathan was wont to tell with fervor how, at a time a bill for \$70,000 for the conservation of hogs was before congress, she and others of the Consumers' League went to Washington in the interests of a measure involving \$20,000 for the protection of women and children in industry. "What," cried the chief sponsor of the millions-of-hogs bill, speaking in the House against Mrs. Nathan's plea. "What has the Congress of the United States to do with women and children?"

GREATLY CHANGED STATUS OF WOMEN (Joan Benedict in New York Evening Post) Old stories? Yes. Oft-told? We hope so. Women ought not to forget them. But they have fresh flavor and pertinence just now. We can't pick up a morning paper without seeing how all political parties are low-towing to women. Offers everything to women

WOOD AND COAL More Heat Means MONEY SAVED This is especially true of EMMERSON'S Soft Coal which makes a strong, clean fire, with but little waste. Try a Load. You'll Like It. Phone Main 3938

WHO PAYS? After fourteen years' experience in the fuel business we have found that one of the chief reasons for the high cost of fuel is the careless man who forgets to pay his bill, compelling the dealer to make his living profit, plus the poor account of the man who does pay. We have therefore decided to eliminate the poor accounts entirely, by selling for cash only it will surprise you to know what this will mean to you in the value received for your dollar. We have the largest wood-warehouse in St. John and are thus able to guarantee DRY WOOD any time; we have it hard or soft, and will sell you more dry wood and screened coal for the same money than any dealer who has to put your name on the ledger. Trusting that all our customers with their friends that pay their bills, will come and see us, or call up Main 1227, we are, as always, yours to command. A. E. WHELPLEY 226-240 Paradise Row. 1-19

ANNUAL MEETING OF GERMAIN STREET BAPTIST CHURCH

The congregation of the Germain street Baptist church, at its annual meeting last night, heard reports of the most successful year of its history, made arrangements for celebrating its 110th anniversary this year, decided to open a fund for purchasing a memorial organ to commemorate the men of the congregation who had died in the war.

The officers elected for the year and committees appointed were as follows: Church clerk, S. E. Fisher; treasurer, W. C. Cross; accountant, F. C. Fisher; secretary, Mrs. S. S. Poole.

ST. JOHN WOMAN MAKES DISCOVERY

Finds Out Wonderful Qualities of "Liv-rite Tonic" — Here's Her Letter.
That she owes her recovery after months of ill-health in which she suffered from the various ailments of a run-down system, to the splendid qualities of "Liv-rite Tonic" is the assertion made by Mrs. May Joan, who lives at 20 Brunswick street here.

"After I had been taking it just a short while I noticed my strength coming back. I seemed to be more alive, more active and my headaches, dizziness and weakness went away. My appetite which had fallen off, came back and every day now seems to make me better. I feel safe in saying I can thank "Liv-rite Tonic" for this improvement."

"I believe everything good I hear about Tanlac since it has overcome my troubles and made me a well and happy woman," was the statement made a few days ago by Mrs. A. F. Cameron, of Dominion College, St. John, N. B.

"I am certainly grateful to Tanlac because if it had not been for it I might have died in this condition. But after I began taking it I started improving and I continued to get better until now I am in perfect health. I can do just anything I please and digest it without the least bit of trouble. Gas does not bother me any more and I never have a headache now and my constipated condition has been entirely relieved. I sleep sound all night long and I get up in the morning feeling just fine."

"The regular monthly meeting of the Society for the Prevention of Tuberculosis was held yesterday afternoon in the free dispensary with the president, Joseph Likely, in the chair. The president urged that the membership of the society be increased as far as possible."

ST. GEORGE SOCIETY'S ANNUAL MEETING

The annual meeting of St. George's Society was held last night in the Knights of Pythias hall, Germain street, was one of the best, in point of attendance and enthusiasm, that the society has had for some time.

SEVEN WOMEN ARE DROWNED IN BAY

Six women, who were passengers on the schooner "W. Allen" when she was wrecked in the Bay of Fundy, off Harbottle (N. S.), last month, lost their lives, together with Captain Silva and his crew of seven.

WILL SHOP EARLY TO AID CAMPAIGN FOR HALF HOLIDAY

A resolution expressing sympathy with the retail clerks' association and promising their power to assist the association in having Saturday shopping done early was passed unanimously at the meeting of the W. C. T. U. yesterday.

The name "Bayer" stamped on tablets positively identifies the genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

TRAINING COURSE FOR SUNDAY SCHOOL WORKERS OPENS

The inter-church training school for Sunday school workers held the first of its nine weekly meetings in the Germain street church last evening, and those present listened to a striking address by Rev. A. S. Bishop on religious education and heard some vigorous and eminently helpful group discussions.

HUN INDUSTRIES MUST BE SET GOING

Sir George Paish, speaking as the guest of the London Commercial Club at a luncheon in London recently, said he had a character for optimism, and he hoped he would be able to resist the role of optimist on no very distant date.

REPORTS TELL OF FIGHT AGAINST TUBERCULOSIS

News Notes About

Prominent Baptists (Maritime Baptist.)

Pastor F. H. Beals and family of Lawrencetown were thoughtfully remembered during the holiday season. Among other tokens of goodwill was the installation of a telephone in the parsonage, the gift of the good people of South Williamson. Also, at the prayer meeting on the evening of Dec. 26, the pastor and his wife were given an easy chair.

The Immanuel church, Truro, is making substantial progress under the wise and devoted leadership of its pastor, Rev. B. D. Knott. At the last conference meeting the church showed its appreciation of the pastor and his work by voting an increase of \$300 to his salary.

We regret to report that Rev. C. Hiseborough of North Brookfield, N. S., has been seriously ill for several weeks. Rev. R. W. Hopkins of Upper Blackville, N. B., has called for a visit to his old home in Wales, he having received word of the serious illness of his mother.

A serious and regrettable error occurred in our issue last week, in the item of church news from Glouce Bay. The purse presented to Pastor Allen contained \$119, instead of \$10 as printed.

Rev. S. W. Cummings, D.D., pastor of the First Baptist church, Pasadena, Cal., was recently east attending meetings of the promotion board in Chicago, and the foreign mission board in Boston, on both of which boards he is a member. Dr. Cummings has recently been appointed one of the eight advisory and contribution editors of the new national paper which is to be the official organ of the northern Baptist convention.

Sorrow and joy were strangely mingled in the golden wedding celebration of Captain and Mrs. Hardy of Mahone Bay. All preparations had been made for the family reunion on Dec. 28, when the sad message was received that the only daughter, Mrs. Giffin, of Springfield, Mass., was dead. In spite of this sudden break in the family circle, the anniversary was observed as planned. The three sons, Selden of Allston, Mass., Archibald of Newton Centre, and Noble of Mahone, with their families, gathered at the old home. Captain Hardy is an honored deacon of the Mahone Bay church. He and Mrs. Hardy have the heartfelt sympathy and the best-wishes of their many friends.

Here is something worthy of special mention—and worthy of imitation. New Canada is a home mission field in Lunenburg county, with a small and scattered membership. The pastor, Rev. J. T. Irvine, has seven preaching circuits, with the small remuneration usually provided by such a field. The church at Berwick, learning of the conditions, forwarded a well-packed Christmas box, and accompanied this with a purse of \$25. Other individual gifts were received later. The practice of sending missionary boxes might with profit be more generally adopted among us. And it is not at all necessary to wait until another Christmas comes round.

Rev. Gordon H. Baker of Montreal has tendered his resignation as general secretary of the Sunday School Association for the province of Quebec. Mr. Baker is a native of Nova Scotia, a graduate of

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water, right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Acadia and of Rochester Theological Seminary. SAYS SPRING CLOTHES WILL BE 25 P. C. TO 40 P. C. UP IN PRICE

Chicago, Jan. 14.—Clothing prices this spring will be from twenty-five to forty per cent. higher than at present, according to H. R. King, of Seattle, who addressed the National Retail-Clothers' Association yesterday.

At the annual meeting of the St. Andrew's church Sunday school on Monday evening, J. M. Magee was elected supervisor; J. H. Murphy, superintendent; James Scott, treasurer; R. D. Magee, secretary; Miss Montgomery, missionary secretary, and Miss Simon, superintendent of cradle roll.

At a meeting of the board of directors of the City Mission in their rooms, 91 Brussels street, last evening, a committee was appointed to aid a delegation of women who came before the meeting in interesting the local churches in the establishment of a rescue home in the city.

Boost Your Own Town

(Sackville Tribune.)

Sackville should be divided, not on party lines, not on social, religious, scientific or physical lines, but on the lines of ability and willingness to do things for Sackville. More and more it is coming just to that point. Citizens must drop many bones of contention; they must quit arguing the silly question as to whether it is right to dine; whether a Conservative or a Liberal government is best for Canada. They must get right down to hard tasks and face the situation fairly and squarely. Every encouragement should be given the man who is willing to do something for his town. It makes no difference whether you like that man or not. It makes no difference whether he belongs to the same social set that you do or not. The only thing that matters is whether that man is willing to hasten the progress and development of Sackville. We may as well divide the sheep from the goats. We may as well have the sheep right away in order that there may be no misunderstandings in the future. If you can't boost Sackville, then get out. If you don't think enough of your town to put your money into its bonds, its real estate, its industries, its commercial establishments, then for the love of Sackville, go to some town in which you have more faith. Don't stay around here chilling the enthusiasm of those who would like to see Sackville forge ahead at a more rapid rate than in the past. So far as town affairs are concerned the Tribune, without reserve and without hesitation, makes the division on these lines. You may not like it, but our views are before you and you had better take sides right away. You are a booster for Sackville or you are a knocker; you are willing to stake some money on Sackville; or you stand shivering on the brink ready to invest your money in all sorts of undertakings, so long as they are outside the town limits. Line up now and see where you fit, whether you are a respectable sheep that wants to do something for his town or whether you are a goat, that butts everything except what originates with himself. If you are a loyal citizen of Sackville you will be willing to give of your time, your energy, your thought and your money to make Sackville a better, a more attractive and more prosperous as a result of your Sackville citizenship.

DOG FIGHT AIRED IN COURT.

Big Man With Little Terrier and Little Man With Big Setter at Odds.

A neighbor's quarrel, rising from a series of dog fights between their respective pets, was aired in a New York court when Magistrate Bruce Cobb heard the case of Dr. William Hirsch, sixty years old, arrested on a charge of disorderly conduct on complaint of Edwin M. Simpson, a lawyer, 42 years old, living at the same residence as the doctor.

Hirsch is five feet four inches in height and has an Irish setter weighing seventy-four pounds, named Roughhouse. Simpson is six feet four inches in height and possesses a toy more weighing seventeen pounds, named Hobnail.

Economy Sales. Income outgo. THEY HELP YOU MAKE BOTH ENDS MEET. Illustration of a man and a woman.

Overcoats \$25. Last week's alteration sale prices proved so popular that we are determined to continue these big price reductions during this week, also. The overcoat, here illustrated, is one of a late shipment, which was a most timely purchase, its present price being over \$32 wholesale. Get yours at once—Fit, style, warmth, comfort, wear, all in one, for \$25.00. Nearly every suit and overcoat in the shop is marked down \$10 to \$15. Honest value—Come in and see for yourself. Henderson's Clothing Store. "Economy is in Quality, Not the Price"—Arthur Henderson. HEAD OF KING Opposite Woolworth's.

Quality in the leaf means, naturally, quality in the plug. MACDONALD'S TOBACCO Smoking and Chewing. The Tobacco with a heart.

TO STIMULATE CROP PRODUCTION. Provincial Minister of Agriculture Makes Important Announcement. Through plans which Hon. J. F. Tweeddale, minister of agriculture, is perfecting, it is expected that the farmers of the province will be materially benefited. The provincial government, beginning this year, proposes to furnish ground limestone to all parts of New Brunswick at a price not higher than \$5 a ton delivered, and possibly so low as \$4 a ton. By using lime as fertilizer for certain crops the farmers, it is believed, will be able to increase the production by from 50 to 100 per cent. At the present time prepared fertilizer is worth \$65 a ton a cost which places it beyond the reach of many, except in limited quantities. Hon. Mr. Tweeddale, who is at the Dufferin, came to St. John yesterday to interview the divisional freight agents of the railroads in the hope that the transportation lines will be able to grant special freight rates for lime. Just now lime is classified with such expensive commodities as general fertilizer. While Hon. Mr. Tweeddale's proposition will have to be referred to the headquarters of the railroads, he is confident that concessions will be made as a reduction in freight rates would have the effect of enabling the farmers to produce larger crops and furnish more business for the transportation lines in the fall and winter when the crops are moved to market. Some of the railroads in the United States are hauling farm

materials very cheaply in order to aid the producers to raise larger crops and give more traffic to the rail lines. The minister predicted that a very large wheat acreage would be under cultivation this year in New Brunswick because of the higher flour prices. Since the Foster government assumed office, six modern flour mills had been erected at central points in the province and these were producing fifty barrels of flour each per day, as good as western and Ontario flour. The government paid a bonus to each mill having a capacity of fifty barrels of \$2,000 and is protected from loss by fire by insurance policies. Several mills of a capacity of twenty-five barrels daily had also been built in the province during the office of the present government. VOCATIONAL TRAINING PROVING POPULAR. More than 500 students enrolled last night at the opening of the classes in vocational training in Oddfellows' Hall, Union street, and in the rooms in Waterloo street. An address was given at the opening by Fletcher Peacock, director of vocational training, who expressed his pleasure at seeing such a large attendance. Because of the large numbers who have started the course it has been necessary to conduct extra classes beyond those originally planned. Dr. A. F. Emery, Mrs. W. Edmund Raymond, Mrs. Richard O'Brien and Alex. Wilson were present from the home-making sub-committee of the vocational committee. The teachers in the different classes are: Miss Hartt and Miss Northrup, domestic science; Miss Alward, Miss C. Harrison and Miss G. Dowling, dress making; Miss Beatrice Murphy and Miss Nellie Carleton, millinery.

MASTER MASON Plug Smoking Tobacco. "MASTER MASON" is the big man's smoke—the tobacco made to suit a real man's idea of a pleasant and satisfying smoke. Cut at will, fresh from the plug, with all the natural moisture and fragrance of the choicest tobacco retained. MASTER MASON Plug Smoking Tobacco will prove a revelation to any connoisseur. Say MASTER MASON to your dealer—he knows. Price: 25 cents EVERYWHERE.

MUTT AND JEFF—JEFF'S PARROT IS A VERY APT PUPIL. By "BUD" FISHER. COPYRIGHT, 1919, BY H. C. FISHER. TRADE MARK REGISTERED IN CANADA.

Comic strip featuring characters and a parrot. Dialogue includes: "WHAT D'YE MEAN, YOU'RE BROKE? YOU HAD A DOLLAR THIS MORNING, COME ON, SLIP IT TO ME." "I ADMIT I HAD A DOLLAR BUT I BOUGHT A PARROT WITH IT, MUTT." "A DOLLAR FOR A PARROT? MY WORD! THAT SEEMS VERY CHEAP FOR A PARROT. COULD HE TALK?" "NO! THEY HADN'T TAUGHT HIM TO SAY A WORD. THAT'S WHY I GOT HIM SO CHEAP!" "BUT HE'S A BRIGHT PARROT, I PUT IN AN HOUR TEACHING HIM TO TALK AND HE'S PICKING IT UP FAST!" "I'D LIKE TO SEE HIM!" "THERE HE IS NOW!" "HELLO MUTT, YOU BIG HOMELEY PEECE OF CHEESE! R-R-RK!" "HEY! WHAT TH'—?"

M. A. A. team defeated McGill, 5 to 2, and Westminster scored a victory over Victoria, 5 to 3.

FOOTBALL. Cup Tie Replay. London, Jan. 13—Replayed cup ties today resulted as follows: Burnley, 5; Thorney Croft, 0.

WRESTLING. Stecher to Meet Caddock. Boston Globe—According to announcements in New York today, it seems reasonably certain that Earl Caddock and Joe Stecher will meet in Madison Square Garden January 30 for the world's heavyweight championship and a purse that will be equivalent to nearly \$50,000.

BASEBALL. Diamond Sparkies. Leslie Mann is another player who has announced his retirement from baseball. Mann is now serving as athletic director at Rice University in Houston, Texas. He is on the reserve list of the Boston Braves.

Joe Wood contends that the lack of one more good pitcher cost the Cleveland club the pennant last year, and he believes that the addition of Ray Caldwell fills the void.

Rabbit McManville is having a busy off-season. Besides working his legs in the gymnasium at his home in Springfield, Mass., he is coaching two basketball teams.

The Red Sox battery men will start in for Hot Springs on Feb. 27. Paddy Livingston will be in charge of the party. The squad will consist of Pitchers Bush, Pennock, Russell, Hoyt, Harper, Ducey, Musser, Kinn, Kerr, Fortune, and Hickey and Flaherty as possible two other batters, Catchers Schwab, Walters, McNeill, and Devine.

Chief Zimmer, for years one of the greatest catchers, is seriously ill at his home in Cleveland. He has been in failing health for some time.

Connie Mack plans to go South with the largest crowd that he has had under his charge for Spring training in many years.

New Jersey Bans Dempsey. Trenton, N. J., Jan. 14—Jack Dempsey and his manager, Jack Kearns, will not be permitted to participate in any boxing contests in the State of New Jersey, said J. S. Smith, president of the New Jersey Athletic commission, last night.

SIDELIGHTS ON SPORT

The official announcement that the international ice skating championships are to be held on Lake Placid, New York, on Feb. 18 and 19 should be of special interest in this city as there is talk of interest in the city in the maritime championships being sent on to represent St. John. Every effort should be made to have St. John represented as it will be a great advertising boost if nothing else. If properly trained, local boys should be able to hold their own against the best amateur skaters in the world. If plans materialize to have a representative there, and the New England League entry goes through, people in the eastern states will again begin to realize there is a place called "St. John" somewhere in Canada.

There is no reason why some of the star bowlers in this city and many of the scores compare favorably with those in some of the leagues throughout Boston and the New England states.

St. John may yet come back into its own as a sporting city of international fame. The famous Paris crew, who won the world's sculling championship; Fred Logan, who won the amateur skating championship of the world; Hugh McCormick, the Breen and other skaters; "Mysterious" Billy Smith, Eddie Connolly, in the ring; baseball players and followers of other lines of sport have again begun to realize there is a place called "St. John" somewhere in Canada.

Why cannot it be done again? And it can.

The Brute Breaker

Rugged as its mountains and strong as its primeval rocks—a great picture of a bold man's ascendancy over the big lumber trouble-makers in the big lumber camps of the North Woods. A drama beautiful with inspiring romance and featuring two popular stars in roles which will make them live in your memory. An hour at this great outdoor picture is as good as a day in the woods.

EMPERESS THEATRE WEST SIDE WILLIAM DESMOND

In a Corking Five-Reel Drama, Entitled "THE PRODIGAL LIAR" Harry Pollard in "Looking For Trouble"

At least one soldier for every twenty-five feet of the line, day and night, will be required to bring to an irreducible minimum the weight of the line. The Pinstriped by hard stuff from New Brunswick.

At the moment a war-time dry spell is presumed still to have its grip on our Canadian neighbors up there. The grip is wholly presumptive. The man from Maine with a thirst in his being and money in his pocket has no trouble with either if he is strong enough to cross the border. And if he chooses to bring back by bottle what he has not drunk over the bar it is a rare customs man who stops him. The Volstead law can change neither the distance over the line nor the disposition of customs men.

New Brunswick enterprise is said to be directing itself, merely toward a material appreciation of the fresh trade opportunity indicated for an opening in 1920. Provincial dry bonds are expected to dissolve themselves early in the coming year. The problem of putting things across for Maine and her visitors will then, barring the raising of that standard army—which must be a host with three eight-hour reliefs—be extremely simple.

From the Bangor point of view, it is confessed that no way is apparent to dodge this new Aroostook trouble. The emergency is of a kind not to be met by bulldozing a legislature or raising funds for a lobby. The Pinstriped contingent may have to spend its Christmas holidays in drawing up conscription plans for the new army.

TRAGIC SEARCH FOR BUTTON. London, Eng., Jan. 14—A search for a lost coat button is believed to have caused Ethel Kate Ayres, a young Michigan typist, to fall underneath an electric train at Surbiton station. At the inquest the evidence showed that Miss Ayres was leaning over the edge of the platform as the train approached, and the button was found a short distance away after her body had been recovered.

ON THE "WET" AROOSTOOK LINE. (New York World.) General Winfield Scott held the forts on the Aroostook county line in Maine in 1839, when the boundary between Canada and the United States became at that point a matter of international menace. It is a coincidence in history, as aided by national prohibition, that now, four-score years after the original disturbance, another "Aroostook trouble" looms on the same old border. By way of Bangor comes an estimate of such a standing army as will afford

with openings only at the neck and the wrists. The wrists are very tight, but are made still tighter by two broad elastic bands which are sprung over the hands with some difficulty. These effectively seal the wrists and prevent water from entering there. A wide, heavy brass collar is now bolted to the neck, and made level by a screw. The opening is waterproof around the neck, and made level by a screw. The opening is waterproof around the neck, and made level by a screw.

# Tomorrow Marks the Beginning of OAK HALL'S 31st ANNIVERSARY SALE

## St. John's Greatest Mercantile Event

Everybody Knows that this is an actual bona-fide reduction—not a sale of odds and ends, but a reduction on every piece of merchandise in our store—a reduction on prices already below normal, because our volume of turnover is such that we can do business on a very minimum of profit. We get the volume. You get the benefit of better qualities at lower prices.

**Sale Starts Thurs. 15th**

WE HAVE NEVER been in a better position than we are this season, to make this, our 31st anniversary sale, the greatest mercantile event ever held in St. John. With our knowledge of merchandising, gained by thirty-one years experience, and our tremendous buying power, we anticipated the rising prices by many months, so that

THE VAST QUANTITIES of new merchandise we have to offer at this great event are priced on the market quotations of several months back, and when reductions are offered on these quotations in the face of advancing prices, it really means that the savings to be made are much greater than prices would indicate.

It is to your advantage then, knowing this, to profit by such conditions, and procure your wearing apparel—now—at the Oak Hall Anniversary Sale where you have the added advantage of having the well known Oak Hall guarantee to back up your purchases.

**Sale Ends Sat. 24th**
