KING TO WEAR FATHER'S Special Appointments in Connection With Coronation are Made—Whirl of Social Excitement for the Next Three Weeks—Dinner to Premiers

(Canadian Press) London, May 31—Queen Mary's crown has just been completed. It is according to her own design with an elegant lace-like tracery wholly in diamonds, the Kohinoor being set in the centre. The crown weighs sixteen ounces, the queen having insisted that it should not exceed the weight of an ordinary hat. It will be used only at the coronation. After that ceremony the gems will be dismantled and used in separate articles of jewelry. The king will wear his father's crown.

The official regulations to govern the coronation are being gradually completed. The king yesterday made a number of special appointments of high and picturesque officials. The Duke of Northumberland, the Duke of Devonshire, the Duke of Abercorn and the Earl of Crawford were thus appointed respectively High Steward of England, High Constable of England, High Constable of Ireland, and Deputy Steward of Scotland.

Among the bearers of the royal regalia appear the names of Lord Roberts and Lord Kitchener to carry the sword and third sword while the Duke of Roxburgh is appointed to the steward's staff.

Social Whirl The police have issued elaborate regulations to control the crowds on coronation day. With the constant arrival of foreign guests, receptions, dinners and balls are being held at the dual houses daily. The coming three weeks will be a whirl of social excitement. The Duke and Duchess of Norfolk gave a dinner and reception tonight in honor of the colonial premier.

The American ambassador and Mrs. Herd entertained at dinner last evening a large party of diplomats and other distinguished persons. The guests included Mr. and Mrs. Chas. P. Taft, Prof. H. C. Emery of Yale, Frederick Hale, the Russian ambassador and Countess Brockdorff, the Austrian and German ambassadors, the Duke and Duchess of Burgundy, the Duke and Duchess of Roxburgh, the Duke and Duchess of Devonshire, Lord and Lady Lansdowne, Lord Roberts and his daughters and Lord Kitchener.

DERBY IS WON BY FAVORITE Sunstar Captures Classic Turf Event in Field of Twenty-six—King and Queen Present and Tens of Thousands See the Race

(Canadian Press) Epsom Downs, May 31—England's blue ribbon turf fixture, the Epsom Derby, of \$25,000 for three-year-olds, distance about one mile and a half, was won today by J. B. Joseph's Sunstar, the favorite. Lord Derby's Steadfast, second and Queen Mary's Tender third. Twenty-six horses started. Sunstar, the winner, is a brown colt by Sundridge, out of Dorris. He won the 2,000 guinea stakes at Newmarket on April 28, and has been a steady favorite at 7 to 4 in the betting.

Phrynos finished fourth. All Gold and Adam Beg, the only two American horses to start, were unplaced. Two lengths separated the Joel colt from Lord Derby's Steadfast at the winning post.

The presence of King George and Queen Mary tended to make the coronation Derby a record one. The famous Downs were crowded from early morning with tens of thousands of race goers. Many Canadians were present. Most of them came to the race course in coaches and automobiles, being interested in the roadside scenes.

King George and Queen Mary, accompanied by other members of the royal family, arrived on an early train from London. With them were a number of the royal visitors from other courts and many of the lords and ladies of the court household.

TRIO OF MISHAPS TO AIRMEN Frenchman's Aeroplane is Wrecked, But He Falls Unhurt; Two Others Make a Disastrous Landing

(Canadian Press) Pisa, Italy, May 31—Accidents of a more serious nature than any which have occurred since the flight was begun marred the aviation contest today. Three of the competitors, the Frenchmen, Garros and Beaumont, and the German, Frey, all met with mishaps today which damaged their machines and Frey himself was slightly injured.

Garros, left Casine Dean Rosore, the estate of King Victor Emmanuel, before sunrise today bound for the Italian capital, the aviator flew away at a tremendous speed, but, after covering a few miles, his monoplane suddenly fell to the ground and was wrecked. Garros, however, was not hurt, and he hurried back to Pisa to await the arrival of a new aeroplane.

Beaumont and Frey, who left Genoa this morning for Rome, both were decorated with crosses here, which was decorated with flags, for the aeroplane and landed heavily. Their machines turned somersaults and were badly damaged. Frey dressed a slight wound and all three aviators are now working desperately to get their machines into shape to resume the flight. The aviators met with a most cordial reception on leaving here.

Beaumont repaired his aeroplane and left Pisa in the direction of Rome at 12:30 this afternoon.

WOMAN DEAD IN BATH TUB; BODY EATEN BY CHEMICALS New York Chauffeur Under Arrest in Connection With the Murder of His Young Wife

(Canadian Press) New York, May 31—The body of a woman found on Monday night in the bathtub of a vacant flat, half covered by liquid chemicals was identified yesterday at the morgue as that of Mrs. Henry Scheib, 27 years old, the wife of a chauffeur. The husband was arrested.

When Scheib was told his wife had been murdered he exclaimed "My God! that's not my work." His story was that he and his wife had quarrelled and she had left him. To explain her absence he told the police that she had gone to visit relatives in Cleveland, and although he did not occupy the rooms he continued to pay the rent in hope that she would return.

Scheib is a chauffeur, aged 31. His wife, aged 27, was Lillian Glover, and she lived for several years at Holyoke, Mass.

HON. JAMES HOLLY IS ILL FOR THREE WEEKS Death Came About Noon—A Noted Man of the Province in Business and in Public Life—Funeral on Friday Afternoon

(Canadian Press) Keen regret was expressed about the city today, when it became known that after three weeks' illness, caused chiefly by trouble of the heart, Hon. James Holly, had passed away at noon. At the age of seventy-five closed a long and honorable career as a business man and in public and private life and with a vast host of friends throughout the province by whom he was esteemed and respected.

Hon. Mr. Holly had long occupied a high position among the men of note in the province, and up to a few years ago was prominent and active in all matters of public interest and importance. He was well known as a legislator of experience and success. The funeral will take place at 2:30 p. m. on Friday next from his late residence, 188 Douglas avenue.

Hon. James Holly was a son of the late James Holly, of the parish of Burton, Sunbury county, and was born on October 24, 1835. His parents passed away while he was but a mere lad, and while he was still attending the village school where he acquired the habits of industry and the principles of integrity which in later life proved such valuable assets. At the age of twelve years he came to St. John, and worked with his grandfather, John A. Holly, in the lumbering business, his duties being surveying and delivering.

In May 1867 he entered into partnership with the late David McLellan and until Mr. McLellan's death in 1884 they carried on business together. The following year the name of the firm was changed to James Holly & Sons. Mr. Holly was president of the South Bay Boom Co. from 1874 to 1881 and in 1882, having purchased the stock and assets, became Proprietor of Canada.

Mr. Holly was a staunch Liberal, and in 1888 he was honored with a seat in the legislative council of the province. He was also a member of the provincial board of health. He was for some time a member of the New Brunswick Royal Arch Chapter holding for two years the rank of Union De Molay Encampment K. T. In 1883 he was appointed Grand Sub-Marshal by the National Grand Council of Canada.

Mr. Holly was united in marriage on December 18, 1863, to Annabella, daughter of Lancaster, and five children graced the family circle: Mrs. Charles Swinton, of Cambridge, Mass.; Mrs. Moore, the late Mrs. George Fleming, Alexander B. Holly and Murray McL. Holly of this city.

HE COULD NOT WORK OUT TWO TIMES FOUR Lockhart Boy's Case in Police Court Today—Let go With Father After a Lecture

(Special to Times) Parents of wayward boys would have profited by being in the police court this morning and hearing the lecture on the boy problem that was given by Magistrate Ritchie to the father of Arthur Lockhart, twelve year old lad that was arrested on Tuesday on charges of stealing and obtaining goods under false pretenses.

"These people that come to court and say 'I can't do anything whatever with my boy,' make the trial," said the judge. "There is no need of means to be inquired into. In the meantime you will be sent below and you will have a chance of seeing a little more of your boy."

Lockhart, when asked if he was guilty of the charges laid against him, started to cry and said, "I am sorry I did them." His Honor gave the boy a sound talking to and told him that he was liable to four years in jail. The boy was asked several questions in arithmetic, but was unable to tell the result of two times four.

This is one of the most shocking cases of ignorance that has been seen in this court for some time," said the magistrate, "and will have to be inquired into. In the meantime you will be sent below and you will have a chance of seeing a little more of your boy."

The Evening Chit-Chat

By RUTH CAMERON

THE whole secret of remaining young, in spite of grey hairs, is the maintenance of harmony in the soul.

"Don't let your heart grow cold and you may carry love and cheerfulness into the teens of your second century if you can last so long."—Oliver Wendell Holmes.

I met the other day, an old lady who at eighty-seven is still delightful to look at, still delightful to be with, and apparently still delightful company for herself.

I asked her to tell me the secret of growing old so gracefully.

"The deprecated compliment, of course, but when I insisted, she said thoughtfully: 'Well, my dear, if I have any secret at all it's that I began to grow old years and years ago. That is, began to prepare for it. I've been building resources for old age within myself for the last sixty years almost, so that's why I'm so happy now. It's only the people who fight old age who find it so terrible.'"

Isn't that a beautiful philosophy?

If you want to be happy when you are old, begin building resources for happiness inside yourself just now.

Of course, many people say, "I hope I never shall live to be old. I'd rather die when my usefulness is past. That's all very fine, but as it happens most of us don't decide that matter for ourselves, and the man who thinks old age is worse than death and who can't believe he will ever be the very man who will linger on, 'the last leaf upon the tree,' years after his contemporaries have been gathered to their fathers."

You or I may have awaiting us, after the active, useful part of life has passed, an old age of ten or fifteen or twenty years.

Are we like my sweet old friend, building for it now?

Building what?

Well, love for one thing—the love of others for us and in our own hearts the habit of loving others easily.

The habit of thought, for another thing—not just desultory, dribbling, impressionistic dreaming, but real sustained thinking, that will be a resource to us when many of our present pleasures and activities shall be denied us.

The ability to be happy with little things, for another item—really enjoying a warm, pleasant day in spring, the first robin's song, the sight of an apple tree in bloom, the cheerful sound of the hardy-gurdy, the smell of a rose, the warmth of a friendly greeting.

The habit of serenity, for another thing—not just the outward control that cloaks a passionate inner revolt, but the real sweet soul serenity, the kind that says—

"If there's no sun, I still can have the moon;
If there's no moon, the stars my need suffice;
And if they fail I have my evening lamp;
Or, lampless, there's my trusty tallow dip;
And if the dip goes out my candle remains
Where I may sleep and dream there's light again!"

"And suppose," you say, "after I have made all this preparation for old age, suppose that I never live to be old at all?"

Well, my friend, what then?

Well, you have any reason to regret your building?

"Well, I don't think so."

It is a grayish-white emulsion, with a pleasant odor, and very cleanly for use. The first application produces a refreshing sense of relief, and it quickly subsides and overcomes the inflammation, irritation and discharge when present.

It is intended to be applied with a piece of muslin or linen, or it may be applied and allowed to dry in. It affords very prompt relief for pimples, blotches, discolorations, ringworm, acne, leather, barber's itch, ulcers, insect bites, nettle rash, hives, sores and wounds.

Resall Ointment relieves itching and irritation of the feet. It is ideal for the treatment of children who are tormented with itching, burning and disfiguring diseases. Try a box at my risk. Price, 50c, and \$1.00. Remember, it is only sold at my store—The Resall Store, Chas. R. Wasson, 100 King Street.

A dwelling house owned by Wm. Downey in Spar Cove road was destroyed by fire yesterday afternoon, and another nearby owned by Timothy Downey, was quite badly burned. Both houses were outside the fire district, but when the danger was seen, the North End fire department was called out and by using an old well to draw water from, did good service.

CITY EMPLOYEES' REQUEST IS GRANTED

Board of Works Votes Increase in Pay—Contracts Awarded—Wooden Paving

Much business was transacted at last evening's session of the board of works, in the course of which some interesting charges regarding infringement of the harbor rules were made by Alderman Wilson and Alderman Elkin. The pay of the city laborers was raised to a flat rate of \$1.75 and asphalt crews and stone crusher men to \$2 each, after Ald. C. T. Jones had delivered a very strong appeal that they should not be discriminated against for not working in wet weather in favor of the employes at city hall and other classes of city labor. It was recommended to council that the bills and by-laws committee be requested to prepare legislation requiring owners of automobiles to pay for city licenses. It was also recommended that 1,000 square yards of cross-paved paving blocks be purchased from a Chicago firm at a cost of \$2,500. Tenders were awarded for the department supplies.

Ald. McGoldrick was in the chair and there were present Aldermen J. B. Jones, Smith, Elkin, Green, C. T. Jones, Codner, Wilson, Hayes, McLeod, Kierstead, Christie, Elkin, the city engineer, common clerk, harbor master, superintendent of streets and harbor clerk.

Tenders were awarded as follows:

Paving blocks, Hilyard Bros., 1,000 yards at 85 cents per square yard.

Asphalt, Robert Heford Co., Ltd., \$23.50 per ton.

Coal tar, Carrite Patterson Co., \$3.40 per barrel.

Hardwood for use in making steam, George Dick, \$7.30.

Hay Shore spruce, C. E. Harding & Son, \$14.50 per thousand.

Paving Johnston street, W. J. Thomas, 45 cents per square yard.

CHATTY NEWS OF THE GREEN ROOM

The Times' New York correspondent writes—Locked in their cabin in order to avoid the questions of friends and reporters, Karl Jörn, German tenor of the Metropolitan Opera, and the woman to whom he has been married for more than a

month, left for Germany on the board of the Rotterdam, of the Holland-American line. It was only with their departure for Germany that the news of the singer's romance became generally known. It was Frederick J. Turner, Mr. Jörn's personal representative and concert manager, who informed the reporters of the tenor's marriage. According to Mr. Turner, Mr. Jörn is going up thousands of dollars worth of concert engagements in order to go to Germany at this time with his bride. As to the identity of the new Mrs. Jörn, Mr. Turner admits that he has no knowledge.

Former New York admirers of F. Barrington Foote, once one of the most promising of the younger grand opera singers were surprised to learn last week that he had been a charity patient in the City Hospital on the "Island" for four weeks, suffering from a nervous breakdown. Foote is a son of the late General Foote and a brother of the late Colonel Barrington Foote, both of the British army. Twenty-five years ago he sang with Patti and the other grand opera stars of that day at Covent Garden. He earned \$500 a week and was riding along on the crest of a wave of prosperity that he thought would never end. Coming to America he continued his successful career for a number of years. He was a prodigious spender and never saved a dollar of all he earned. High living eventually ruined him. His wife, from grand opera he passed into comic opera and from that into the moving picture field.

His last engagement was in connection with the latter, his salary being \$10 a week. To his brother, Colonel Foote, added another \$10 a week until the latter's death a few months ago. Since that time the singer has been on the verge of starvation. The fact that he was down and out and an inmate of a city hospital was unknown to any of his former friends until the other day. Steps are being taken with the hope that with care and wholesome nourishment he can pull himself together again. In the meantime his wife, who is in a destitute condition, is being taken care of.

In the New York Review this week is a portrait of Pauline, who is well remembered in this city for his hypnotic and magic feats of a few years ago. He was a vaudeville artist, and his engagements of late in leading vaudeville houses in the states, and has frequently been a "huldowner."

The revival of Gilbert and Sullivan's comic opera "The Gondoliers" at the stage of the Casino Theatre, New York, for four weeks, began on Monday evening, June 26. The production is a new production of the production of "The Gondoliers" at the Casino a year ago. The cast for the present production includes Marie Cahill as Lillian Buttercup, De Wolf Hopper as Dick Daudrey, Louise Gunning as Josephine, Henry E. Dixey as Sir Joseph Porter, K. C. B. Eugene Cowles as Bill Bolstary, George MacDuff as Capt. Concoran, Arthur Aldridge as Ralph Rackstraw, Alice Brady as Hebe, Christine Nielsen as Bob Becket, Mr. Dixey played the role of Sir Joseph in the Metropolitan Opera House revival of "Gondoliers" in 1900.

It is rumored that Lillian Russell, the actress, and Alexander F. Moore, editor of the Pittsburgh Leader, are engaged to be married, and that the wedding will be in the city of Pittsburgh.

Henry W. Savage is now in Paris arranging for the French adaptation of the drama for production in his own theatre, the Grand Theatre, at the Grand Hotel, in Paris. The famous morality play is made there in even likelihood of her enacting the title role herself. Miss Bernhardt will be in New York within a few weeks to witness Mr. Savage's production of the play in the Lyric Theatre.

Several offers for the English rights in "Everywoman" have been made to Mr. Savage by leading London actor-managers. Among those who have bid for the play are Sir Herbert Beerliohn Tree and Herbert French. No contracts have yet been made for the English production, and there is a bare possibility that Mr. Savage may produce the play himself in London.

The engagement of the Kirk Brown Company at the Opera House is drawing to a close, but their numerous friends have turned out in large numbers to see them in most of their productions, as well as in their baseball efforts. The company have asked for time at the Opera House beginning on Easter Monday next year, but the same date has also been asked for by the Helen Grayce Co. and it has not yet been decided who will fill it. The Helen Grayce Company will return in a short time to the city.

Suit to recover \$1,300 for alleged breach of contract was filed in a New York court this week by Miss Katherine Stewart, an actress, against Jacob J. Shubert, of the Messrs. Shubert, theatrical managers. Miss Stewart declares she was employed for thirteen weeks at \$100 a week, but did not have a chance to play. On her affidavit that date, declaring that he expected to be paid the money, Justice Lynch set the trial for June 15. Mr. Shubert opposed that date, declaring that he expected to claim as witnesses Miss Fritzi Schuff, who is playing in Chicago, and Mit Roth, manager of her company, to show that he never made a contract with Miss Stewart, and that he was too busy preparing for the production of new plays to bother with legal proceedings in the near future.

The Colonial Stock Company are playing in this week in Campbellton.

MADE-TO-ORDER MEETINGS AGAINST RECIPROCITY

Letter to St. John Man From Anti-Reciprocity League of Canada Reveals Working of Scheme to Trick Liberals Into Position Apparently Against The Government

Here is a plain story about "ready made" anti-reciprocity meetings. It is well known that the Conservative anti-reciprocity campaign is being financed by interests which profit by the protective tariff and recent immigration.

Trick Attempted Here is evidence of a widespread and calculated attempt to trick the Liberals into an attitude hostile to their party. The whole device is to use Liberals for the defeat of the government.

Here's the Scheme The St. John man wrote for further particulars, asking what assistance was furnished by the Montreal organization, and making other inquiries.

The Mission Style Glenwood

Sung, Plain, and Handsome, while meeting the demand for a popular style, has all the advantages of other Glenwood patterns with the addition of having been re-arranged so as to place the ash pan, broiler door, grate, clean out door, and all essential parts within easy reach from the front. Either end as well as the back can be placed squarely against the chimney, thus greatly economising space in the kitchen. The Glenwood is an excellent baker having a large roomy oven with perfectly straight sides, and an oven shelf always adjustable to any height.
