TRAIN ROBBERS LOOT AND KILL.

Brave Express Messenger Shot in Cold Blood.

Three Men Hold Up Express Train and Get Away With Valuable Booty.

SACRAMENTO, Cal., April 1.—Three masked men have held up the Oregon express, southbound, on the Southern Pacific Railway, at Copley, near Keswick, killed W. J. O'Neill, the express messenger and carried off all the contents of the express box.

The train stopped at Copley, a small station, for water. Three men jumped on board and cut the train in two, taking the engine and express car down the track a short distance. They stopped the engine and demanded that Messenger O'Neill open the express car. He refused, whereupon they blew open the car with dynamite and collected by killing O'Neill by shooting him through the head. The bandits then robbed the car of its contents, but it is not known how much they obtained. They then cut the train loose and compelled the engineer to go ahead. When near Keswick the men jumped off the engine and disappeared in the woods with their plunder.

REDDING, Calif., April 1.—Engineer Joesnik has reported here with his light engine to take back Sheriff Richardson and his posse of eight men. Mr. Joesnik says that after stopping at Copley, the noise of drawing water drowned the voice of the messenger who had been fired in the express car when W. J. O'Neill, the messenger, was shot to death.

The first that Joesnik knew of the hold-up was after O'Neill was killed. He and his firemen were compelled to dismount. They with the engine, the second engine, a fireman, Conductor DePanger of the train and a brakeman were compelled to march back to the express car, where they saw O'Neill lying dead. The robbers tried to compel O'Neill to open the express car, but the helper refused to do so.

The robbers compelled the party of seven to place six sticks of dynamite on the safe. They then placed a heavy box on the dynamite to which a fuse was ordered attached. All but one of the robbers then left the engine. He lit the fuse. The party had just reached the locomotive when the explosion occurred. It wrecked the engine and the engine, Joesnik, is not certain that the robbers got any plunder. He was made to get up on his hands and knees three times until further orders came for him to carry the highwaymen south. The robbers stood at his back, their rifles pressed against him and he dared not look around. If he had any plunder he did not see it. They told him they wanted to be carried to Keswick station, five miles south, but as he feared that station they told the engineer to run right on by that station to a point two hundred yards south of there where a bridge spans the river. When he stopped they alighted on the riverbank. The officers believe they made straight for Keswick. Engineer Joesnik backed his engine to Keswick station, reported for orders to run Redding to get Sheriff Richardson and eight men. He then started back with his heavily armed crew.

700 KILLED OR WOUNDED.

The Tibetans Fought British Soldiers With Great Courage.

Out of 1500 Only Half Escaped—They Took the British by Surprise.

(See also page 2).

TUNA, British India, April 1.—Details of the clash of Colonel Younghusband's command with the Tibetans at Guru are at hand. Whilst the forces were face to face on the opposite sides of a wall which the Tibetans had built across the highway to oppose the advance, the Indian troops deployed their flank and encircled 1,500 Tibetans in a circle, like herding sheep. The members of the mission, the press correspondents and the general staff rode up to inspect the capture and were laughing and talking. They were unaware of the impending tragedy, being evidently heedless of the sullen demeanor of the Tibetans. The latter presently began to shoot with their rifles, who replied with the butt ends of their rifles. Then the Tibetans fired a pistol, wounding a Sikh soldier, who was the signal for all the Tibetans to draw their swords and rush at their captors, who opened fire on the surging mob. The officers emptied their revolvers. The Tibetans were unable to climb the wall which they themselves had built. They were driven back and were able to break away to the rear, where they came under the fire of the artillery. Of the entire Tibetan force only about half escaped death or wounds.

TIP O'NEILL'S RECORD.

He Led His Team in Batting Last Year and Was Fourth in Western League.

Spaulding's Official Base Ball Guide, for 1894, has been received at this office and is a very interesting volume. The guide contains the averages of all the players in the different leagues, which are of the greatest interest to all followers of the game. Last fall the press published the averages of the players in the two big games but so far as the press of this province was concerned the results in the minor leagues were not known. In this city the principal interest of course centers in the work of O'Neill, with the Millers.

"Tip" has made quite a hit with the Boston American team this season and his friends have been anxious to know the kind of work he did in the west last year that caused the experts to nominate him as a valuable man for the team that holds the championship of the world.

The official averages for the Western League places O'Neill at the head of his team in batting and fourth in the league standing. The first man played both sides of the game, "Tip" played 128 games and finished with an average of .332. He was 462 times at the bat, made 107 runs, 107 hits, with a total of 296 bases, had ten sacrifice hits and stole 48 bases. The two men that lead him in the number of bases stolen, one having 47, the other 42, played not considerably more games than the St. John boy. O'Neill was the utility man of the team and played both in and out of position. He played sixteen games at second base with an average of .369 and eighty-five games in the outfield with an average of .377.

In batting Duffy was the nearest man on the team to O'Neill. He is twelfth in the list with an average of .300.

PENNINSE LUMBERMEN.

FREDERICTON, March 31.—A bill has been introduced into the house, at the instigation of some woodmen, for the purpose of extending the provisions of the Woodmen's Lien Act so as to apply to logs which are expected to arrive in New Brunswick from the forests of the John R. McDonalds in Kamouraska county, Quebec. The logs were cut during the winter and were recently purchased by F. B. Edgcombe, of this city. The men who were employed in cutting them have not yet been paid their winter's wages and they are taking this means of securing their arrears. The arrears of wages amount to \$25,000 which is just about the price of the logs.

UNCONTAMINATE.

Frances had been brought up in a strict Presbyterian household, and in her nine years had never attended service in a church of another denomination.

While on a visit with her mother to a part of the country far from her own home she entered the parlor one Saturday afternoon and curiously asked: "Oh mamma, may I go to 'Piscopal church with Gerrie tomorrow? I promise not to believe a single word the minister says!"

THE DRY DOCK BILL.

FREDERICTON, March 31.—The St. John Dry Dock Bill was before the municipal committee today. The committee considered the bill in private and adopted an amendment which provides that repairs made by the company on Union street, shall be done as quickly as practicable, so as to cause as little inconvenience as possible to railways, teams and passengers. The bill will be further considered next week.

AFTER LONG PARTING.

I. C. R. police officer Isaac Stevens and his brother William met yesterday after being separated for almost thirty years. William left St. John when a lad going to Australia, and since then has travelled all over the world, finally locating near Boston. He will remain in the city a few days.

RUSSIAN PLAN OF CAMPAIGN.

They Want No Big Battle Till September.

When They Will Have 500,000 Men in the Field—Japs' Losses are Heavy.

PARIS, April 1.—The St. Petersburg correspondent of the Echo de Paris says that the wife of one of General Kuropatkin's orderly officers has received a telegram from her husband saying that the general staff does not believe that there will be any great battle before September. The writer adds that Russian troops in Manchuria, including Port Arthur and Vladivostok, now number 545,000 and the total may be 600,000 by September when, if the Japanese have not crossed the Yalu, Gen. Kuropatkin will advance and drive them out of Korea. The only fear in high quarters, according to the writer, is the inability of China to retain her troops or to prevent troops landing in a Chinese port in the event of Japanese success, however ephemeral. General Kuropatkin has telegraphed Gen. Mitenchko to avoid engagements in the light of the security of the Russian side should be threatened.

JAPS HEAVY LOSSES.

ST. PETERSBURG, April 1.—The following semi-official dispatch has been received from Liao Yang Ko: "In the first encounter with the Japanese in Northern Korea, which was fought on the 27th of March, the Russian army, the enemy's losses were ten thousand men, while 120 wounded were removed with the help of 500 Koreans. The Japanese lost 1500 men and 1000 horses. The confusion of the Japanese was so great that they hoisted two red cross flags in the area of slaughter. Throughout their war with China the Japanese never showed themselves so disgraced. The troops of this fresh brilliant fight in Korea."

ALEXIEFF INSPECTS.

PORT ARTHUR, April 1.—Viceroy Alexieff arrived here yesterday and was received by Vice-admiral Makroff and other officials. He inspected the ships in the harbor and went on board the torpedo boat destroyer Silna.

WAR CORRESPONDENTS UNLEASHED.

TOKIO, April 1.—The first party of foreign correspondents left Tokyo for the front today. It consisted of sixteen newspaper men, mostly British and Americans. From here the party goes to Moji, Japan and four weeks on a Japanese transport for their destination, which is kept secret.

SEATTLE, March 31.—Detailed reports received here of the engagement of March 28 between Russians and Japanese at Chung Ju, as follows: The fighting lasted two hours, at the end of which the Japanese forced the Russians to retire toward Wiju. Two Russian flagships were left in the field, while other bodies were carried off with the column. A Japanese lieutenant, Capt. Kama and four privates were killed, while Captain Kurokawa and eleven privates were wounded.

TWO FATHERS KILLED BY SONS.

Awful Crimes of Two Enraged Youngsters.

Boys Aged Ten and Twelve Shoot Their Fathers in Twelve Hours for Whippings.

BIRMINGHAM, Ala., Tuesday.—Because his father whipped him for fighting with other boys of his own age, a practice to which Edward Cole, twelve years old, was given, the boy got a shotgun this morning and let his father have the contents of both barrels. Death was instantaneous. The father, O. H. Cole, was marshal and deputy sheriff at Butte, Ala., where the shooting took place. The boy takes the shotgun coolly.

W. F. Curry was shot and killed in Dun-caville, in Tuscaloosa county, this morning by his ten-year-old son Louis. It is alleged that the father had been abusive, whipping both his son and wife. He was preparing to assault them both when the boy seized his father's shotgun and shot him dead.

BRITT SAYS HE BROKE HIS ARM IN 8TH ROUND.

Jimmy Britt fought the last 12 rounds of his famous fight Friday night last with a broken arm. The fact was conclusively proved Monday by the use of the X-ray on the injured member and it will be some weeks before the plucky young Californian will be in shape again to fight a severe battle.

The heavy hurricane fighting in the eighth round reopened the fracture he received in the fight with Canole, and from that to the end every blow with his right hand caused him intense pain. It will be several weeks before the fracture heals.

Harry Pollock and Willie Britt, brother and manager of Jimmy, met Wednesday and discussed the question of another fight. The local boys' manager said Corbett would be given the first chance, but could not say how soon Britt would be ready to re-enter the ring.

CANADIAN TRADE.

NEW YORK, April 1.—Special telegrams from correspondents of the International Mercantile Agency throughout the United States and Canada report a check to the exception-ally good general trade at the southeast, due to wet weather, an improvement in the central west, following more seasonable conditions, but some disturbance in returns as to increased labor troubles and the conflicting reports of the condition of the winter wheat. Canadian wholesale merchants and manufacturers report good gains in nearly all lines now that patriots have gotten free from the car question. The demand for iron and steel is better than for some time. Coal companies are planning to increase their output. Requests for spring and summer goods are noteworthy and bank clearings are increasing.

TO VISIT LORENZ.

Dr. Murray McLaren One of a Party Who Will Visit European Hospitals.

Dr. Murray McLaren of St. John, accompanied by Dr. J. A. Hutchinson, chief medical officer of the G. T. R., Dr. Armstrong of Montreal and Dr. W. G. Anglin of Kingston, Ont., will start in a few days on a trip to visit some of the hospitals of Europe. They will proceed to Marseilles, then going to Naples, when after a short stay they will make a tour through the principal Italian hospitals to Vienna. Here, among the other hospitals, they will visit that of Dr. Lorenz, whose marvellous cures by means of knifeless surgery have made him so famous. The doctors expect to be absent about two months.

THE CHARGE AGAINST WILES. James H. Wiles, the C. P. R. agent at Fairville, was again before Judge Ritchie yesterday afternoon. He is charged with falsifying the pay sheet and forging the names of Harry Barton and C. C. Clark.

J. E. M. Baxter appeared for the defendant, and F. R. Taylor looked after the interests of the C. P. R. Although the examination lasted for some time only two witnesses were called, Harry Barton, whose name the defendant had placed on the pay roll, and J. Belding, the night operator at Fairville. Barton gave evidence to the effect that he had never worked at Fairville, nor had he endorsed any cheque, or received any money from Wiles. Belding gave evidence as to the manner in which payments to employees were made, and stated that all the work, for which money had been paid out, had been done, but that to the best of his knowledge Barton had never worked at the station. The case was adjourned till Saturday morning.

WANTS A DIVORCE.

SUSSEX, March 31.—It is understood that an action for divorce is about to be taken by the wife of a resident of Collins in this county. The husband left this county a few years ago and was married in Boston. He returned to Studholm after a time with another woman who is said to have since been residing with him. Yesterday the wife who had been left in Boston, arrived at Norton. Then she is said to have had an interview with the sheriff. Later she was driven by a resident of Norton to her husband's home. Today a further conference was held at Sussex and the wife returned to Boston this evening. It is said that she took back a substantial sum of money and that divorce proceedings will follow.

SYDNEY IN QUARANTINE.

SYDNEY, N. S., March 31.—Owing to the prevalence of smallpox it was decided at a meeting of the city council this afternoon to close all churches and schools throughout the city until further notice. The order went into effect this morning and as a result a number of parties, including private evenings at the Rossmore rink, have been called off. The order also applies to all public gatherings scheduled to be held in the city, including the Masonic ball on Tuesday evening next, and the Bachelors' club ball on Monday night. The services which were to have been held in the different churches tomorrow are likewise cancelled. There will be no Easter services in the city this year. Seven more cases were discovered today, and two or three houses placed under quarantine. The health officer and board of health are adopting every precaution to check the spread of the disease.

Bicyclists and all athletes depend on BENTLEY'S LINIMENT to keep their joints limber and muscles in trim.

EMPLOYEES DISCHARGED.

PORT HURON, Mich., March 31.—Owing to the severe losses incurred during the winter on account of the unprecedented heavy snows and generally severe weather conditions, the Grand Trunk railway has decided on a policy of retrenchment, and a large number of men in the shops all over the system will be laid off. Three hundred and fifty men will be laid off at the shops here tomorrow, and 200 are to be laid off at the Stratford shops tomorrow. The Grand Trunk officials say that by July 1st the shops will again be working at their normal capacity. It is understood that there will be no reduction of force in the operating department.

BRITAIN'S REVENUE.

LONDON, March 31.—The revenue for the year ending March 31 shows a net decrease of \$48,858,455 as compared with last year. The revenue decreases are: Income tax, \$40,000,000; customs, \$2,884,180; stamps, \$5,000,000; estate duties, \$4,484,750; excise, \$2,241,000 and miscellaneous, \$1,112,975. The increases are: Post office, \$2,500,000; house duty, \$500,000 and under other heads, \$497,330. The total revenue for the year was \$788,882,485.

During the past week the number of deaths in this city has been unusually large. From noon on Saturday last, until noon yesterday, or five days, no less than twenty-one burial permits were issued from the board of health office. The weekly rate varies from ten to seventeen, but seldom reaches such a figure as during the present week. There is no particular reason for the increased number of deaths.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 35 cents. At drug-gists.

In olden times, people—hopeful of improved fortunes—would say: "Wait until MY SHIP comes in." YOUR SHIP may be in today. Look for it among the want ads.

For Easter week J. K. Storey, 165 Union Street, is showing a nice lot of Ladies' Trimmed Hats, from \$1.00 up, as well as Children's Hats for 50c. each. Also Ladies' \$3.00 Skirts for \$2.00. Worthy of inspection.

If you can write a convincing want ad, you can write anything. The task is not an easy one—but it is no harder than to write a telegram well.

AN ANNOYING DELAY.

About half-past twelve at noon today a large freight train held up the traffic along Mill street for about seven or eight minutes. The street car service was temporarily interrupted with and people passing to and fro were compelled to brook a delay. Some very plain and outspoken expressions of indignation were heard, but from inquiries made at the C. P. R. terminal office it appears that the temporary interruption with traffic was unavoidable.

GOOD FRIDAY.

Quietly Celebrated in St. John—Churches Attended by Large Congregations.

Not for years has Good Friday been so quietly observed. The city is completely devoid of any sort of amusement or diversion. From a holiday standpoint the day is all that could be expected of it at this time of the year, the weather being clear and crisp. Early in the morning it was quite cool, but as the day advanced the warmth of the spring sun made itself felt.

The day presents a marked contrast with the usual summer holiday. The streets have been alive with people all day, taking advantage of the refreshing cool air. In most of the churches of the city the ordinary Good Friday services were held this morning. Centenary Rev. G. M. Campbell preached. The choir rendered the usual Good Friday music.

At the Queen Square Methodist church the pastor, Rev. Dr. Sprague, preached the Good Friday sermon. The choir were assisted by the Sunday school. At the close of the service there was a rehearsal of the Easter Sunday music.

Rev. Dr. Fraser preached at St. Stephen's Presbyterian church. The choir rendered some special music from Handel's "Messiah." Trinity church will hold its annual Good Friday musical service this evening, beginning at 7:30 o'clock. The first part will consist of the anthem Come Unto Him, by Bennett, sung unaccompanied by the full choir; Was Despaired and Rejected, from the Messiah, by Miss McCann, and There is a Green Hill Far Away, rendered by the choir.

St. John and St. Andrew's Presbyterian churches held special services this evening preparatory to the Easter communion. All the Catholic churches celebrated the holy day with the usual solemnity and services at the various churches this morning were largely attended.

Following are the alarms: 17th, Box 115—Perry toll house, West Side, electric wires crossed. 11th, Box 142—Maritime Nail Works totally destroyed; loss about \$50,000; insurance \$20,000. 15th, Box 53—House owned by Winter's estate, Waterloo street; sparks on roof.

DARING DASH FOR LIBERTY.

Wm. Kennedy Faced Death by Shooting and Drowning to Escape From G. P. Squad.

William Kennedy was yesterday a member of the Rock Candy Mine gang and today is the admired of all in the Fredericton Whitechapel.

William kicked up a fuss in Mrs. Russell's house in Harrigan's Alley some days ago and on Wednesday was sentenced to two months with hard labor. Yesterday morning he was marched to Victoria square and put to work. Between eleven and twelve o'clock he made a break for liberty. Officer Beckett chased Kennedy to the edge of the Bugtown Creek, where the darty dropped down exhausted. Beckett had fired three shots at his man and as he approached him with the still smoking pistol in his hand the latter said: "You may kill me, but I won't go back to that work." The officer started to drag Kennedy back when he leaped his feet getting away from Beckett and jumping down the bank into the icy water, swam to the other side and disappeared.

Later he was seen to enter his home in Union Alley, which he left shortly afterwards, went out to Peter street and then to the depot, where he took the train for Fredericton.

THE EASTER MARKET.

The Display One of the Best for Years.

While the country market was closed today to the general public, the various stall owners were busy arranging and perfecting their Easter display, which is generally admitted by all to be the best in this city for years.

Probably the finest displays are those of S. Z. Dickson, O'Neill Bros., Geo. S. Williams, Geo. S. Williams, and the thing that one could wish for that these firms cannot supply, and a visit to their stalls will well repay any one.

OLD OFFENDERS.

The Duck Cove Hobos Have Been In Jail Before.

Two of the seven hobos sent up for trial by Justice Magson of Fairville, on a charge of breaking and entering John Montague's cottage at Duck Cove, are old offenders and on the day previous to their arrest finished their time with the Rock Candy Mine crew. They are Brady and Currie and it is supposed that they went to Duck Cove with the intention of jumping a train for Moncton and falling in at that meeting such pleasant companions decided to partake of the hospitality offered.

WON'T GIVE UP GUARANTEE.

With reference to the decision of the treasury board to grant \$4,000 to the temperance fund of the Exhibition Association would waive their claim to the \$2,000 guarantee from the city. R. E. Engstrom said last night that the association stood pledged to have an exhibition this year, had been making preparations, and were now waiting for the grant from the province before starting active operations. Speaking for himself he did not see how they could get along with less than the full amount promised from the city. There will be a meeting of the association on Monday or Tuesday at the latest, when the whole matter will come up for discussion, and definite action will be taken.

FUNERALS TODAY.

The funeral of Mrs. Rebecca Magee, widow of late William Magee, was held at three o'clock from her late residence, 75 Exmouth street. Rev. Mr. Matthews of Exmouth street Methodist church, officiated and interment was made in the church of England Burial Ground.

The late Mrs. Margaret Anthony was buried at three o'clock from her late residence, Main street. The funeral service was conducted by the Rev. Mr. McKim, and interment was made in Fernhill Cemetery.

CANT' STEAL THESE.

The newspaper boxes that the postal authorities have placed about the city are being spiked down so that no one will run away with them. The method of fastening them is simple but secure. First, a circular hole, about two inches in diameter, is cut in the asphalt sidewalk under each leg, then a hardwood stake about twelve inches long is driven into the ground to which the metal legs are securely fastened.

AN EXCITABLE FAMILY.

There has been war and there are rumors of more war in the household of John Wickham, a resident of North street. Last night there was a lively engagement, the combatants being John and his wife. Officer Crawford was called in and restored matters to something like a quiet state.

AT THE CENTRAL STATION.

Two protectionists called at the central station last night. Both very young Englishmen and wore given the desired accommodation. Two quaraners were roped in, one in the North End and one in the city division.
