C. P. R. WILL FIGHT GREAT NORTHERN.

Will Reach Out into Northwestern States.

Harriman Interests Will Use the Canadian Road in Competitive War Against the J. J. Hill Lines.

PORTLAND, Ore., Sept. 29.—The Oregonian today says: Retaliation upon the Hill lines for building the Portland and Seattle railroad to reach Portland by the water level route along the Columbia river will come in the form of a new traffic agreement by which the Oregon Railroad and Navigation Company will admit the Canadian Pacific into the Columbian Basin and through such an agreement the Northern Pacific and Great Northern, their most aggressive competitors for the northern traffic.

By such an adjustment the present traffic agreement with the Great Northern would be abrogated and the Harriman lines would be in the advantageous position to offer northern routing when desired, either for freight or passenger traffic, and prevent either of the rival companies sharing its earnings derived by such service.

It is claimed that Harriman interests have found it impossible to enter into a sort of offensive and defensive traffic alliance with the C. P. R. and will make the connection by means of the link now building and known as the Spokane International.

RUBE WADDELL OUT OF THE GAME;

HIS PITCHING ARM IS BAD.

PHILADELPHIA, Sept. 29.—Manager Connie Mack of the Philadelphia American League Baseball Club, is considerably worried over the loss of the services of "Rube" Waddell, his big left-handed pitcher. Though the other pitchers of the team are doing excellent work, Mack believes that the championship pennant would be certainly his club's if Waddell could go to the box and pitch in the great form that he has maintained in the last few years. Waddell retired from the game at Boston, Sept. 8, in the third inning, complaining of a sore arm and has not since been in the game except for a few minutes. Then he found he could not get the ball over the plate and retired.

The club's physicians, however, thus far, have been unable to determine the exact nature of the ailment of the pitcher. They took an X-ray photo of Waddell's left arm and shoulder and will make a close study of the photo. They entertain a hope that they may bring about an improvement that will enable the pitcher to participate in the world's championship series should Philadelphia win the American League pennant.

AMERICAN ENGINEER ASSASSINATED.

NOGALLES, Ariz., Sept. 29.—American Consul Morawetz, at Nogales and Sonora yesterday received a telegram from Choix, a town near Puerto in Sinaloa, Mexico, announcing the assassination of a Mexican of Wm. V. O'Daly, a prominent civil engineer of this section. No particulars have been learned. The murderer was captured.

AN AMERICAN ULTIMATUM.

NEW YORK, Sept. 29.—A Madrid dispatch from Tangier announces that an official of the United States legation at Tangier has gone to Fez under instructions from Washington to demand immediate reparations for the seizure of the steamer *Mohammed Sultan* for the refusal of Mohammed Sultan, commissioner for foreign affairs at Tangier, to release an imprisoned man who is under American protection.

A MONUMENT OF GOLD.

If you should be fortunate enough to take a trip to China and visit Yangtze you will see a monument of which the Chinese are very proud. Well, they should be, for it is the only one in the world of its kind. It is of pure gold, and because of its great value is attached to the roof of the pagoda where it stands with heavy chains of strong iron. This monument is an object of great curiosity, and because of its value—being worth \$1,000,000—has to be guarded night and day lest robbers take it away. Several attacks have been made upon the Brahmins who guard it, but so far it has been bravely defended by them.

BANK OF N. B. DIRECTORS MEET.

Amalgamation Proposals Were Discussed Today.

But None Present Will Reveal the Result—Report Says Stockholders Will Get \$350 Per Share.

The directors of the Bank of New Brunswick held a meeting this morning, when the matter of amalgamation was thoroughly discussed, though with what result is not known. Upon the conclusion of the meeting neither Mr. Staver nor the directors would discuss the terms of the conference, nor would they say what are the terms upon which the amalgamation is to take place.

The rumor of the amalgamation caused quite a stir around the city yesterday. The local bank's stock is to be acquired at the rate of \$350 a share. The stock is now held at about \$200 or \$250. It is said on the streets that Mr. Staver is likely to be appointed general manager of the Bank of Montreal for the Maritime Provinces, such a position having become a necessity since the People's Bank was taken over by the Bank of Montreal.

The question also of closing one of the present buildings is another question which bank officials will be called upon to decide.

BURGLARS AND POLICE

IN PISTOL BATTLE.

HARTFORD, Conn., Sept. 29.—A pistol fight between two burglars who were in the hands of the executive officers, and he had no way of escape more than these executive officers chose to tell him.

He refused an election to the executive committee because of the relations of his firm to the Society. The witness said he thought it would be more for him as a member to pass upon dealings with his firm.

COLLISION IN MONTREAL HARBOR

MONTREAL, Que., Sept. 29.—Early this morning the Dominion coal steamer *Univers*, in the endeavor to get out of the way of a down coming steamer, collided with two harbor dredges, sinking one and badly damaging another. The *Univers* escaped with few injuries.

CANADA EASTERN ENQUIRY.

The inquiry into the matter of the \$17,000 which the Gibson interests still claim is owing to them from the I. C. R., and which came up the other day at Montreal, opened this morning before the Hon. H. A. McKowen. The meeting was only short, however, and nothing was done, the commission adjourning until Tuesday at Fredericton. Auditor Williams was in the city for the hearing, but returned home by the I. C. R. to Moncton. At the Moncton meeting the evidence of General Manager Pottinger was taken.

HOTEL PROPRIETOR DEAD.

The death occurred at an early hour this morning of James Alfred Burns, for many years proprietor of the St. John hotel, 185 St. James street. Deceased was 71 years of age, has been entirely unexpected. Mr. Burns leaves a widow, five daughters and one son, Andrew B. Burns, a well known commercial traveller.

The man who lost his money and watch in an alley off Pond street a couple of days ago was John Wilkins, of Cumberland Mills, Me., and the money is named Harrington and belongs, it is said, to Petticoat. Wilkins got some money from friends at Welsford and left this morning for Portland.

A gentleman called at the police station this morning and complained that a number of boys were endangering their lives by picking up wood in the old house near the Fox Cotton mill, Alton street. The carpenters are at work tearing the old house down, and without the aid of the police could not keep the wood pickers out of danger.

The barquentine *Annie Smith* has finished discharging molasses at Walker's wharf and will sail tomorrow for Liverpool, N. S., to be captured, she will then go to Newfoundland to load fish for the Brazils.

Miss Victoria Buchanan last night entertained the Calvin church choir at the home of her father, 185 Prince William street. A few very pleasant hours were spent in music and games.

JACOB H. SHIFF ON THE STAND.

Head of a Great Bank and Equitable Director.

Declares He Couldn't Use Latter Position to Help Former—Directors Were Only Dummies.

NEW YORK, Sept. 29.—Jacob H. Schiff, head of the firm of Kuhn Loeb and Company, Bankers, of this city and formerly a director of the Equitable Life Assurance Society, was the first witness called before the legislative life insurance investigating committee for the quarter of a century prior to that time. The question of the propriety of the firm of Kuhn Loeb and Company desisting from the Equitable Society occurred to him and he took counsel upon the matter and was advised that there was nothing to prevent such relations. He was a director of the Society four or five years before he became a member of an executive committee of the firm.

Mr. Schiff stated that the position of director in large corporations in New York, and he presumed elsewhere, was a respectable quantity. If any executive officer wished to conceal anything from the directors he could easily do this, it is powerless to prevent any irregularity.

Mr. Schiff testified that the Equitable was in the hands of the executive officers, and he had no way of escape more than these executive officers chose to tell him.

He refused an election to the executive committee because of the relations of his firm to the Society. The witness said he thought it would be more for him as a member to pass upon dealings with his firm.

DYNAMITE HURLED AT CROWDED N. Y. TENEMENT

NEW YORK, Sept. 29.—A bomb filled with black dynamite and a quantity of lead was hurled at a crowded five-story tenement house at 143rd street and 10th avenue last night. Over twenty persons, who were asleep at the time, were hurled from their beds by the explosion and two of them were carried to the hospital. Within a minute after the explosion, flames had enveloped the rear walls of the building. The police believe that "Black Hand" Italian assassins threw the bomb.

The explosion occurred in the rear of an Italian barber shop on the ground floor. The fire was extinguished with slight damage.

HEBREW NEW YEAR BEGINS TONIGHT.

The Hebrew year 5666 ends tonight and the new year will be inaugurated with a service in the synagogue starting about eight o'clock tonight, although the real holiday starts at five o'clock when all members of the church will leave their places of business. The service this evening will last about one hour. Tomorrow morning at 11:30 o'clock the congregation will meet again and the service will last till 1:30 o'clock. There will be an evening service and another on Sunday morning from 7:30 till 11 o'clock.

A feast of much interest will be celebrated on Sunday, October 8th. This is a day of fasting and from Saturday night till Monday morning the congregation will worship in the synagogue, all this time going without nourishment of any description.

DREDGE COMING TODAY.

The tug *Lord Kitchener* and *Flushing* will arrive in port late this afternoon. Captain Thompson of the steamer *St. Croix* has telegraphed from Eastport to G. S. Mayes, the contractor, that the steamer which left here this morning passed the north side of Point Lepreau. The tug have an oblique tide and head wind to stem and are not expected in port this evening. As soon as they arrive work will be commenced getting the dredge into commission and Mr. Mayes will begin work soon.

PETITION FOR POND STREET TRACK

A petition will probably be presented at tonight's meeting of the sub-committee of the public works, from a large number of the citizens of Hazen, Coburg, Garden and Pond streets, urging that Paradise Row is too narrow for double tracking, and petitioning that the street railway be given permission to stem and are not expected in port this evening. As soon as they arrive work will be commenced getting the dredge into commission and Mr. Mayes will begin work soon.

NATIVES OF INDIA BOYCOTT BRITAIN.

Refuse to Use British Goods in Any Form.

Angry at Division of Bengal, Natives Strike Back—British Traders are Already Feeling the Effects.

CALCUTTA, Sept. 29.—Fifty thousand Bengalis assembled at the temple of Kalighat, have sworn by the Goddess Kālī to boycott British goods as a protest against the partition of the province of Bengal.

The administrative work of the province according to the views of the home and Indian government has grown to such unwieldy proportions as to necessitate a division of the labor, hence the partition of the province into two lieutenant-governorships. The Bengalis are intensely resentful at what they characterize as an attempt to split the population and impair the Bengali nationality. At scores of meetings throughout Bengal, the people have pledged themselves to support the boycott which has now received the sanction of the priests.

The scene at the Temple of Kalighat, the greatest in Bengal, was striking when the immense assemblage took the oath in the holy presence of the Goddess Kālī "not to use foreign goods, buy articles in foreign shops when available in native shops or employ foreigners for any work that can be done by our countrymen."

The high priest then placed a mystic symbol on the forehead of each of those who took the oath.

The foreigners are already feeling seriously the effect of the boycott.

MURDERED MAN WHO ACCUSED HIS SON.

CHICAGO, Sept. 29.—When he heard a report that his son had deserted the Carpenters' Union during its trouble a year ago, and that a friend, Joseph Kran, had made the accusation, William H. Haggin sought Kran last night, and when he found him he struck him with an axe, fracturing his skull. Kran will die. Both the father and son, August Keuppel, were arrested, charged with attempting to commit murder.

Kran was at work on the third floor of a new building when Keuppel found him. Scores of pedestrians saw the men clinging to beams and hurling bolts and other missiles at each other. Kran fled to the second floor, where he was struck with the axe, and he was unconscious when the police arrived.

CANADA IN OLYMPIC GAMES.

MONTREAL, Sept. 29.—Capt. P. Gorman, U. S. consul here and president of the American Athletic Association has been appointed Canadian representative on the committee of arrangements for the Olympic games at Athens next year. The appointment came through the crown prince of Greece.

SAKHALIN'S CONQUEROR RETURNS.

TOKIO, Sept. 29.—Lieutenant General Haraguchi, commander in chief of the Japanese military forces on Sakhalin Island, accompanied by his staff, arrived at the Ureyo railroad station this morning and were met by Gen. Terachi, the minister of war, and M. Ito, Japanese consul general at Newchwang, representatives of the army and navy, and Viscount Tanaka, the household minister. Among those present were delegates from the different societies and representatives of the ladies' association, who, in welcoming the general upon his return from Sakhalin Island, said:

"We are sorry that only one-half of the island has been retained, but that was no fault of yours," a statement which created much merriment.

General Haraguchi took luncheon at the imperial army headquarters and then proceeded to the palace.

WORD FROM WRECKED SCHOONERS.

The steamer *Edna May*, whose mishap is reported in another column of the Star, has been taken in tow by the tug *Lillie*, which is now at Rockland, and will be brought to St. John in company with three barges.

Word has been received that the schooner *Avie*, reported ashore, has been taken off and towed into Bar Harbor. The deck-load was saved.

Prices up in Nome correspond with the latitude. The Semi-Weekly News sells for 25 cents a copy, or \$1 a month. It appears from advertisements that milk brings 25 cents a quart, and eggs a dollar a dozen.

A Spanish journalist declares, that sunstroke is almost unknown in his country, and that it occurs only in northern regions, where the people do not know how to take care of themselves in hot weather.

Technically, any inhabitant of the United Kingdom is liable to be called on to undertake the unconsensual task of hangman. The salary is \$5 a week plus a retaining fee, and \$10 after an execution.

TYPHOON SWEEPS THE PHILIPPINES.

Immense Loss of Life and Property.

Two American Ships Wrecked, Many Drowned—Thousands of Natives Have Been Made Homeless.

MANILA, Sept. 29.—Reports now coming in from places along the path of the recent typhoon in the Island of Luzon and the southern islands indicate great loss of life and property. In the waters surrounding Samar and other islands many coasting vessels and island transports have been wrecked. The coast guard cutter *Leyte* is a complete wreck and eleven Americans and 31 natives were drowned.

At the town of Sorogon, 15 natives were drowned. The loss on hemp plantations is estimated at \$1,000,000.

The army transport *Juan Rodriguez* is ashore at Legaspi. In the interior of the island of Samar thousands of natives are homeless, and the same report comes from many of the other small islands.

The army post in the southern island has been destroyed. The civil and military authorities are rushing aid to the suffering people in the form of supplies of food and shelter. Owing to the destruction of the telegraph system reports received from other points are very meagre.

GREAT SALE OF THOROUGHBREDS.

LEXINGTON, Ky., Sept. 29.—One of the greatest sales of thoroughbreds ever held will take place in Lexington, N. Y., when the ranch of Del Paso stud, the great breeding establishment will be disposed of at public auction. News of the determination of J. B. Haggin to sell his Cincinnatus property was received by Charles Berryman last night, who is manager of Mr. Haggin's Elmendorf stud here. The sale will include over 600 brood mares and a lot of young horses will be offered. Among the famous stallions are imported Walter Cress Imp, Star Ruby, Imp. Stratagem, Imp. Gold Imp, Golden Carter, Sir. Modest, Imp. Toddington, Cleburne, Maxin, Goldspinner and others.

The sale will not affect the Kentucky interests of Mr. Haggin.

WIRELESS GAMBLERS INDICTED.

CHICAGO, Sept. 29.—True bills were returned by the Grand Jury yesterday against the promoters and owners of the City of Traverse gambling boat, charging the keeping of a common gambling house and a conspiracy to do an illegal act. Some of the defendants must face two indictments, for keeping a common gambling house and two indictments for conspiracy. Fourteen defendants were named in the bills. The evidence on which the indictments were voted related to a single occasion, when the boat was said to have been in Illinois waters, where pools on horses were sold, the racing program being received by wireless telegraph.

HOW LONG SHOULD MAN LIVE?

Against cold, heat, and famine the white corpuscles are powerless, but they intervene for the protection of the organism in the case alike of a razor scratch or a stroke of apoplexy. They also struggle against the microbes of putrefaction. When the human body is invaded by such lethal microbes, the phagocytes rush to its defense, and, in so far as lies in their capacity, they not only kill, but swallow and digest, the hostile germ. This warfare is taking place incessantly in the pores of the skin and of the digestive tube, in the spongy walls of the mouth and nostrils and throat and lungs—wherever, indeed, the attacking microbes seek to find an entrance. For once that we are protected by spoon administered medicine we are protected a thousand times by the power of an innumerable army of microscopic bodyguards. Professor Metchnikoff's latest researches have shown that it should be possible to avail ourselves of our knowledge of the struggle between microbes and phagocytes as to be able to arm the body for a great length of time against old age itself. He believes that man does not now live the natural span of life, but that the score of years now allotted to the stage of "middle age" should and will be at a distant day extended to three or four score years.—Harper's Weekly.

FORGER STOLE \$360,000 FROM BIG N. Y. BANK.

NEW YORK, Sept. 28.—The details of a scheme whereby the National City bank of this city was recently victimized by a clever forger came out today. The forger presented a bogus check bearing the name of a well-known stock exchange firm, and received in return securities valued at about \$360,000.

Pearl & Co., stock brokers at 27 William street, recently negotiated a one-day loan for \$300,000 with this unnamed institution. On Wednesday a check for the amount of the loan, plus \$750 for the one day's interest, was presented at the unknown bank by a stranger, who received the security deposit by Pearl & Co. for their loan.

The bank on which the broker's check was drawn is one with which Pearl & Co. never had an account, so the forger was not discovered until it had passed through the clearing house exchanges, when it was promptly branded as fictitious. A private detective agency was called and transfer of the securities was at once stopped. The detectives estimate that they have a clue to the identity of the forger, who is believed to have had one or more accomplices. The Wall street branch of police headquarters was also called into the case. It is believed the forger had an intimate knowledge of Pearl & Co.'s affairs.

P. P. Slaback, junior member of Pearl & Co., said:

"I have been asked not to divulge the name of the bank concerned. I can only say that it is rich, and if the forger should involve any loss the bank will be amply able to stand it."

"The odd amount of the forged check," added Mr. Slaback, "represents a day's interest at 4 1/4 per cent. As a matter of fact the loan is recorded on our books at 4 1/4 per cent. Clearly somebody must have had knowledge of our policy in the matter."

The firm of Pearl & Co. consists of Dyer Pearl and E. F. Slaback. Mr. Pearl is now in Europe, and members of the firm own stock exchange seats, and their operations on the board have at various times been very extensive.

WINTHROP MYSTERY STILL UNFATHOMED.

BOSTON, Sept. 28.—The situation tonight in the Winthrop dress suit case mystery, the police are unable to identify the woman. Mrs. Burnham retained the Winthrop police to identify the woman. Mrs. Burnham retained the Winthrop police to identify the woman. Mrs. Burnham retained the Winthrop police to identify the woman.

Burnham, 2 Dalton St., had been thrown into the water after the death of Mrs. Burnham's sister in Winthrop. They had been used about the stock bed of the woman. Mrs. Burnham retained the Winthrop police to identify the woman. Mrs. Burnham retained the Winthrop police to identify the woman.

The quill was claimed by a South Boston yachtsman, whose boat had been sunk in the harbor.

The appearance today of Charles E. Beckwith, the Marlboro cobbler, who came here and claimed to be the man in the case, only added, for the time, to the confusion. He told the state police that he had mended the case on August 14th for a man who said he was a Winthrop physician. The police, however, are of the opinion that Mr. Beckwith is mistaken in the dress suit case for if the story of the pawnbroker is to be believed, the case had not been sold on August 14th.

The work of the divers is being continued and will be until the entire bottom of Winthrop Bay has been covered.

STREET CARS ON PARADISE ROW. PRESBYTERIAN HOME MISSIONS.

The sub-committee appointed by the board of works to look into the question of double tracking Paradise Row yesterday, H. C. Page, F. B. Schofield, W. J. Parks and J. King Kelly were present representing residents and H. A. Brown the street railway.

The director recommended that permission be given the street railway to lay a track from Golden Ball corner up Sydney street and along the north side of King Square to Charlotte and also from Stanley street to the foot of Brussels. Referring to double tracking east from Southwark street in a westerly direction some 225 feet to the Mission Church. The committee and the director were not in favor of the suggestion to lay the track down Pond street.

Col. McLean said last night that the earnings of the street railway showed a decrease of \$4,000 in the earnings of the company which was due to a great extent to the increased number of cars. He said that with the new belt the company did not expect any great increase in business and the improvement would cost \$14,000.

CAPTAIN SPAIN SUEW BY WIFE

OTTAWA, Sept. 28.—The troubles between Commander Spain, of the marine department, Mrs. Spain and Capt. Spain have been brought into the county court. Commander Spain has been examined for divorce.

On an agreement for separation in 1904 between Mr. and Mrs. Spain, the wife was to receive \$500 per annum. Mr. Spain says that it was understood, although not written in the bond, that Mrs. Spain was to keep away from Capt. Spain, but she did not do so. Legal action against Spain for the payment of \$100 for the first quarter was started by W. H. A. Hibbs of this city.

ANOTHER SCHOONER BADLY DAMAGED.

Word was received here last evening from Rockland, Me., to the effect that the St. John schooner Emma May, bound from this port to Vineyard Haven with a cargo of lumber, shipped by Stetson, Cutler & Co., had been towed into Rockland by a U. S. revenue cutter, in a bad condition. The schooner had been ashore and had lost main mast, and part of her deck, and was also full of water.

The Emma May is owned by Dr. J. Purdy of this city, is 67 tons register, and was built at Cumberland Bay, N. B., in 1883.

INTERESTING LECTURE BY REV. A. A. GRAHAM.

Rev. A. A. Graham delivered a lecture last evening to a large audience in the Mission Church. His subject was "The mission work of the Presbyterian Church in the North-west." He spoke first of the country, with its prospects and possibilities, then of the people, and finally outlined the work that had been done by the Presbyterian Church of Canada there. For years this church had stood foremost in the mission work of the great Northwest, and it still kept the lead. Mr. Graham, in closing, pointed out that the home mission work of the church must be done now, as the country is fast being settled by our citizens. It is not work that can be left ten years and then undertaken.

AT THE MISSION CHURCH.

George Nelson Price, graduate of Greeley school, Boston, and one of the most clever reciters and impersonators which this city can lay claim to, gave a farewell recital last evening in the Mission church school. Mr. Price has before this been heard by a St. John audience, and his work last evening was no whit inferior to the expectations of his hearers. He appeared in a number of selections and under various roles, and his interpretation of each was excellent. Perhaps his best bit was the handling of Poe's poem, "Tale Heart," where Mr. Price's ability was well shown.

Mr. Price was assisted by Mrs. L. M. Curran, W. H. Ross, Master Perry Bonnell and Miss Beatrice Price.

Mrs. Curran has a soprano voice of singular sweetness and expression. She appeared twice on the programme, and each was marked by a hearty encore.

Master Bonnell also delighted the audience with his youthful soprano. Mr. Ross gave a medley of Scottish airs, and Miss Price accompanied the soloists.

The hall was completely filled, and the concert was in every respect a success.

O. TURGEON, M. P., WEDS BATHURST LADY.

BATHURST, N. B., Sept. 28.—On Wednesday evening O. Turgeon, M. P., the popular representative of Gloucester county at Ottawa, was united in marriage to Miss Laura Meahan, daughter of the late Charles Meahan of this town, a charming young lady. The ceremony was performed by Rev. Eliot Martin, assisted by Rev. St. O'Leary. The happy couple left on the American express on an extended honeymoon trip to Ottawa and the prairie provinces. They will return in about six weeks and take up their residence in Bathurst.

About five o'clock last evening fire broke out in the building occupied as a bar by George Allison, on the corner of Water and St. Patrick's streets, and soon communicated to the dwelling occupied by W. O'Donnell and the blacksmith shop of O'Donnell & Allison. The buildings were totally destroyed. The fire is supposed to have originated from a spark from a neighboring chimney. A strong westerly breeze was blowing at the time. All the buildings were owned by John Miller. Loss, twelve hundred dollars. Insured in Atlas—two hundred and fifty on house and one hundred and fifty on blacksmith shop.

HIS VIEWS.

Sam—Certainly I haven't. I'm always armed.

AT LOWER CORNER.

MONCTON, Sept. 28.—Samuel Tanton of St. John was married at Lower corner today to Miss Alice, daughter of Mr. and Mrs. S. Wilmet. The ceremony was performed by Rev. J. W. McConnon, and after luncheon the young couple left on the afternoon train for their future home at Fairville. The bride received many handsome presents.

Mah-Pu Mineral Water.

What a Montreal Analytical and leading Chemist says of it: "This water, which is of the saline mineral class, compares most favorably with other well-known Springs. The marked proportion of the rare compound, lithium chloride, present, together with the bicarbonates of iron, magnesium, lime and soda, and phosphate of soda, render the new water of decided medicinal value. The water is clear, odorless and of very pleasant taste. If aerated with Carbonic Acid Gas the water will be rendered still more valuable and palatable. Apart from its medicinal features it would be a most agreeable beverage whether used in its natural condition or aerated."

"Yours faithfully,

GUNNER JAMES KING COMMITS SUICIDE.
Found Lying on His Back with Throat Cut—Razor Near By.

HALIFAX, Sept. 28.—Gunner James King of the Royal Garrison Artillery was found dead on the ramparts of the Citadel hill at an early hour this morning. He was lying on his back, with a big gash in his throat, and by his side was found a razor. King was 25 years of age and unmarried and had fifteen years' service to his credit. Last night he was in the mess room and seemed to be in the best of health and spirits. This morning he was missed and a search was made, with the result as stated above. The deceased was not short of funds, as he had a bank account, and no reason is given for his act.

RAN LOCOMOTIVE FOR 45 YEARS.

MONCTON, Sept. 28.—John Stewart, veteran locomotive engineer, of St. John is spending a few days in the city with his son, John Stewart, Jr., a well-known driver. Mr. Stewart is 79 years of age, but still hale and hearty. He retired from active service two years ago after running an engine for 45 years. He ran No. 1 and 2 between Moncton and St. John for many years.

FREDERICKTON CURATE REAPPOINTED.

FREDERICKTON, Sept. 28.—At a meeting of the congregation of the parish church held this evening the Rev. C. W. Foster, who has filled the position of curate for the past year, and whose term expires on Oct. 1st, was unanimously reappointed and his salary for the ensuing year increased by \$100. The fund which was established to pay the curate last year showed a big surplus on hand.

Portland Lodge, Sons of England, of St. John, represented by eleven members, paid a visit to Inlington Lodge here this evening at the Church of England Hall. The visitors at the close of the meeting were entertained at supper, and a very pleasant time was spent.

BASE BALL NOTES.

Cincinnati has won 17 out of 21 games from Brooklyn. Joe McGinnity ought to have a bad arm. He has pitched more games than any other National League pitcher.

It is claimed that \$50,000 was spent by the clubs of the Independent Tri-State League in the season just closed. The clubs are backed by business men who find that a baseball team that can draw thousands of visitors to town during the season is a paying investment. It is predicted that the so-called "outlaw" league will not only live but will do better next year.

Hank O'Day says he knows nothing about the management of the St. Louis Cardinals, next season, and avers that no one has spoken anything about the matter to him.

Gordon Means, who played on the Harvard second team until he injured his back a few years ago, will coach the Volkmann school, Mass., captain. He hopes to duplicate the feat accomplished by Arthur McCarty.

It is nip and tuck between Seymour and Wagner for the lead in batting in the National League, with the odds in favor of the former. Devlin is a good third. Maloney, Wagner, Devlin and Chance lead in base running.

THE TURF.

WOONSOCKET, R. I., Sept. 28.—Local racing had a fine day at the local track today, winning 3 out of the 4 events. The crowd was a record breaker. AT ROCHESTER.

ROCHESTER, N. H., Sept. 28.—With fine weather, a fast track and good finishes the crowd at the fair grounds today saw some of the best sport of the season. Three favorites won, but the talent went astray in the 2:15 trot in selecting Midnight for Nancy Nelson proved the better horse. In the race that came over, Mary Tell, with one heat to her credit, dropped the first heat today, but won the next two and the race. There was a fine contest in the free-for-all, but John M., the favorite, finally won after five heats had been run off. Willis, the favorite in the 2:15 pace, was nearly distanced in the first heat, but won the next three and the race. Summary:

2:15 trot, purse \$400 (three heats trotted Wednesday), Mary Tell won third, fifth and sixth heats and race. Time, 2:15 1/4, 2:15 1/4. Col. Delmar, second, won first and second heats. Time, 2:16 1/2, 2:16 1/2. Jeff McGregor, third, won fourth heat. Time, 2:17 1/2.

2:15 pacing, purse \$500 (unfinished, one heat paced). Gloria won first heat. Time, 2:15 1/4.

CINCINNATI, Sept. 28.—The largest crowd in the history of Grand Circuit racing at Oakley Park was in attendance today. The free-for-all trot was the feature of the day. Wentworth, Snyder McGregor and Dr. Strong were the only starters. In the first heat Dr. Strong broke badly at the half mile. Wentworth and Snyder McGregor fought it out all the way around, the latter getting the decision by a neck at the post. Dr. Strong finished third, ten lengths behind. In the second heat the three horses raced together until the stretch turn, where Dr. Strong again broke. Snyder McGregor came with a rush at the end and won by half a length from Wentworth. The time, 2:08, in the first heat, is a new record for McGregor.

The 2:18 trot was practically a two horse race. Eighteen horses went to the post. Mainstet the favorite, was

CHARLOTTETOWN, Sept. 28.—The second day of the best horse racing ever seen on the island was held yesterday in connection with the P. E. I. exhibition. There was a big attendance both at the exhibition and at the races. The first called was the 2:30 trot and pace, in which Bertha T. Jean and Jewel had each won a heat. Jewel captured both the heats, thus winning the race. The 2:18 class furnished a great contest between Red Pepper and Ada Mac, but the island horse won, with the best time of 2:17, equalling the new track record made by Phoebeon W. the previous day. The 2:35 class was closely contested by Joe Patchen, Jr. and Will Patch, but the former won in straight heats. One heat of the 2:35 class trotted went to Bertha T., owned by Peter Carroll of Halifax. The remainder will be trotted tomorrow. Phoebeon W. was again sent against the old track record of 2:17, but could only do the mile in 2:18.

PACERS AND TROTTERS.

Dan Patch will go against the Canadian half mile track record of 2:08 at Toronto.

Al Thomas won two races at Columbus—his with Mainland, the other with Nathan Straus.

Ed. Patch, son of Dan Patch, is now marked at 2:09 1/4, and may in time beat his sire's record of 2:08.

Ed. Geers drove the Her-at-Law racer, The Friend, in his Columbus race, and won second one heat in 2:04 1/4.

Dan Patch, 1:56, will go against the half-mile track record in Chicago, Saturday. The present record is 2:01 1/4, made by Dan himself at Allentown, Pa., last week.

Nathan Straus continued his victorious march through the fast pacing class. Three miles in 2:01 1/4, 2:01 1/4, and 2:01 1/4, he cooked the others at the Columbus meeting.

Wentworth, by Superior, a trotter that has retired several seasons ago, took a new record of 2:04 1/4 at Columbus, and is now in the Sweet Marie class. He is by no means old.

Glenwood M. is proving a good purchase for R. C. Williams, the Boston man, for whom Len McDonald trains.

He won a \$100 race at Columbus, and Mr. Williams has already about won him out in purses.

Col. Delmar, 1:13 1/4, that has been racing in New England, is a brother in blood to Maj. Delmar, 1:13 1/4. Both were bred by Delmar, 2:16 1/4, and is a full sister to Expectation, the dam of Maj. Delmar.

Havers James drove Mand Keswick to a new record of 2:04 1/4 at Columbus. She came right back again in 2:04 1/4, and won the best heat of her race in 2:06. Four months ago this one was drawing chess in Peterboro, Ont., and was picked up as a good prospect by O. R. Sheppard. She has won four races and been twice second this year, and Havers James expects to drive her in 2:00.

FOOTBALL.

LEASE DISPUTE.

The efforts of the Beavers to disorganize the Neptune football team are meeting with but partial success. The Beavers have the lease, or say they have, of the Victoria grounds, and because the Neptunes have not agreed to pay them the sum the Beavers thought fit to impose, the latter have shut the Neptunes out of the grounds, and will not allow them to practice on the green. The result has been that after using the Beavers last Saturday, the Neptunes have had no practice this week, and are therefore considerably handicapped in their coming game.

The Neptunes decline to hand over any money to the Beavers until they have proof that the Beavers had a lease of the grounds, but as the Beavers refuse to show any such document, the Neptunes claim they are quite justified in not advancing money.

EXPERTS PLAYING.

NUREMURG, Germany, Sept. 28.—After a day of rest, Tarrasch and Marshall, the chess experts, continued play in their match of eight games-up today, the former opening the eighth game of the series with a pawn to king fourth, whereupon Marshall again retreated, and although Marshall fought on to make sixtieth move he had to resign the game.

The score now reads: Tarrasch, 4; Marshall, 0; drawn, 2.

SENSATIONAL INQUIRY AT INSURANCE

George W. Perkins, Vice President of New York Life, Objected to Books Being Produced.

NEW YORK, Sept. 28.—Several sensational incidents developed at the session of the legislative committee on the insurance investigation today. The first was when Geo. W. Perkins, vice president of the New York Life Insurance Co. and member of the firm of J. P. Morgan & Co., objected to producing books of the firm showing a certain transaction of that firm with the New York Life. Mr. Perkins offered to present a copy of the entry in question from the books, but Mr. Hughes demanded the books after several refusals on the part of Mr. Perkins. The books will be produced later.

In the course of his testimony, Mr. Perkins questioned the difference in the statement of "profits from securities" in the Massachusetts report of the company and of "net profits from securities" in the New York report, said: "When we get national supervision we won't have these conflicts between the different states."

Mr. Perkins also testified to a number of transactions in which he represented J. P. Morgan & Co. as sellers and the N. Y. Life Insurance Co. as the purchaser.

FEARS CUMMISKEY MAY BE UNSEATED.

Hon. P. D. Bowen, who enjoys the distinction of being the youngest member of the Prince Edward Island legislature, and who is also a member of the government without portfolio, is at the Victoria. Mr. Bowen is of an optimistic disposition. He hopes that eventually the tunnel scheme will receive the approval of the dominion parliament. The Islanders by their home, but occasionally they desire to wander beyond its confines. At present they are not always able to do so, or only at great personal discomfort. The matter is being left in the hands of Father A. E. Burke, who has succeeded in creating considerable enthusiasm for the proposition.

Hon. Mr. Bowen expressed regret that the opposition had determined to protest the election of his colleague, Hon. J. H. Cummiskey, commissioner of public works. Mr. Bowen said he feared that the trial of the protest would result in the unseating of the commissioner.

The elections of A. A. Lefurgy and J. J. Hughes, members of the dominion parliament, are also being protested. Mr. Bowen is a sturdy specimen of Island manhood, and is a very successful business man.

Capt. Wm. Newcomb reported to the police last night that his son Herbert, aged about 16 years, was missing. It is thought the boy has taken a trip out of the city without notifying his father, and that he will be found all right.

The steamer St. Croix arrived from Boston via Eastport about 8 o'clock last evening with forty-four passengers and freight. The Penobscot will not be put on this route again this season. The autumn schedule will go into effect on Monday, and the three trips a week will be made by the St. Croix and Calvin Austin.

Tomorrow afternoon J. Hurley and H. C. Olive will pitch a match against a team from the Algerine club on the Newman Brook club's grounds, Adelaide Road. It is expected that Messrs. Hurley and Olive will compete in the quiet match to be held by the Halifax Wanderers on Oct. 1st.

It has been about settled that the firm of D. D. Simpson & Sons, which suspended payment several weeks ago, will continue in business. A meeting of the creditors was held yesterday afternoon and there was no wish to wind up the concern. The meeting adjourned for a fortnight, during which time the accounts will be looked into.

Frederick E. Simpson, of the curtain and upholstery department of M. R. A. Ltd., will resign his position on Saturday and will leave the following Wednesday for New York, where he has accepted a good situation with the New York branch of John Wansamaker, going into the curtain and upholstery department of that big house. Mr. Simpson has lately returned from a trip which included Montreal, Toronto, Niagara Falls and New York.

Col. Sharpe returned this morning from Toronto when he has been making arrangements for the approaching visit of Commissioner Coombs, who will be accompanied by Brigadier Sweeton, Col. Kyle and Col. Pughmore. On the 28th of October a meeting will be held of the united officers and soldiers. On the following Sunday a grand gathering will take place in the Opera House and probably another large meeting on Monday at St. Andrews Rink.

The rumor circulated a few days ago that the big departmental firm of Simpson, Toronto, would soon start a branch here in the Whitaker block on King street, where the London House and Brook & Paterson Ltd. are at present situated, has been denied from an authoritative source. The large concern is not going to invade St. John. When the members of the Simpson house were here a short time ago it was simply a stop-over on the way from Sydney.

POLICE COURT.

One Legged Cripple Made Things Lively Last Night—Assaulted Man Who Refused Money.

There were four prisoners before magistrate Ritchie this morning. Charles Laskey imbibed too freely yesterday and took a bed of roses in the old burying ground on which to sleep off his jag. He was given a harder bed in the police station by policeman Crawford; the was fined \$4 in court this morning.

Patrick Doyle claimed to have lost his right leg and left foot on the C. P. R. tracks near Ottawa last November, but despite his infirmity he made matters lively about Mill street last night and was arrested. He was charged with profanity, drunkenness, begging and assaulting a man who refused him alms. He was told by the magistrate that he was liable to a heavy fine and lengthy imprisonment for his conduct, but he would only fine him \$8 or a month in jail. Doyle asked to be given a chance to reach his home in Halifax but was told the police court was no place to look for chances and was sent to jail.

Thomas Connelly, a Scotch sailor from one of the steamers in port, was fined \$8 for being drunk and indecent conduct. One other drunk was fined \$8.

CHILDREN DESERTED BY FATHER AND MOTHER. Aged North End Couple Forced to Care For Grandchildren, Whose Parents Have Disappeared.

A short time ago a North End couple had a falling out. The husband went to Maine, and the mother, with several children was left to get along as best she could. So runs the story.

Another husband of the little ones to the home of their grandparents, an aged couple living in the vicinity of Victoria street. She entered the house unceremoniously and bluntly stated her determination to make the father's folks care for the children.

Then she left. Though enquiries have been made no mother has been located. It is stated that she is in Boston and will stay there. The children, in the meantime, are playing about the streets as happy as if, like Topsy, they "never had no mother," or even a father.

Those interested in the case feel sorry for the old couple who have been saddled with these strutting, hearty children, for they are very old folks, and not by any means can they afford to bear the extra burden. It is thought the father will surely contribute to the support of his little ones, as it was his wife, they say, that caused his leaving town.

HIRAM FINLEY ESTATE MUST PAY TAXES.

Judgment on a question in the passing of the accounts of the late Hiram Finley was delivered yesterday in probate court.

The estate was insolvent. The city of St. John filed a claim for taxes amounting to \$244 for the year 1903. The deceased died in October, 1903, and his personal property was sold in November, 1903, and proceeds held by the administrator. The execution was issued April, 1904, for the taxes which had been assessed against the personal property of the deceased. There was no real estate.

The recorder contended that the claims of the city stood in the nature of a crown debt and therefore in priority to the ordinary debts of the deceased. E. R. Chapman for the creditors contended that the city having neglected to enforce the collection of the taxes in the mode set down by statute had lost all claim and was not entitled to any amount.

The judge decided that the taxes remained as a debt of the deceased but that the city must rank in the estate as any other creditor. J. A. Selyea, K. C., appeared for the administrator.

The administrator was informed yesterday that the city would not appeal from the decision but would accept their dividend as an ordinary creditor.

WINTER PORT CHARGES MAY BE REVISED. Meeting of Board of Trade This Afternoon to Discuss Matter—Shipping Men Are Not Satisfied.

At four o'clock this afternoon the council of the board of trade will meet to discuss fully the matter of civic wharf charges. The board of works at a recent meeting approved of a schedule for traffic and side wharfage that would, on the basis of last year's business, give the city a revenue of something over \$27,000. This schedule is not approved of by the shipping people, as it is considered unfair. As now divided, about \$10,000 of this amount would be paid in traffic charges and the balance by side wharfage charges. The board of trade, it is understood, consider that this schedule should be revised. They do not object to the amount of revenue but the stumbling block is the arrangement of the schedule. The idea is that the charges for side wharfage and top wharfage should be revised. This is the matter the council will fully discuss this afternoon.

HARRY VAIL WON'T ROW HERE THIS YEAR

Veteran Oarsmen Was Made Happy Today by a Handsome Gift From One of His Crew.

Harry Vail, the well-known St. John oarsman, was in the city yesterday, having returned from a visit to his old home at Georgetown. The pin is in the shape of a gold oar and across the blade is a small band of diamonds. The pin is a very pretty piece of work and is highly prized by the receiver.

Mr. Vail is accompanied by his wife and will leave tomorrow evening for his home in Cambridge, Mass. He intends resuming his position as coach of the Ariels next season.
