

### RANDOLPH SAVINGS BANK RAIDED IN BROAD DAYLIGHT BY FOUR ARMED MEN WHO SECURED \$40,000

#### Bound and Gagged Cashier and Clerk in Massachusetts Town, Went Through the Vaults, Got Cash and Securities, Leaped Into a Waiting Automobile and Made Their Escape.

Randolph, Mass., Nov. 17.—The Savings Bank was raided today by four armed men, who bound Treasurer N. Irving Tolman, a woman clerk and a customer, stripped the vault of bonds, cash and valuables estimated at \$40,000 to \$50,000 and fled in an automobile in which they had come. They left no clue except the automobile's registry number, which is assigned to a man at Greenfield. The men were of foreign extraction, Treasurer Tolman said. One of the men, a depositor, was protected against the loss, according to the treasurer. Part of the booty was in Liberty Bonds, some of it was in cash and valuables placed in deposit by customers. It was within a few minutes of closing time this afternoon, Mr. Tolman said, when two young men entered the bank lobby. One asked for a pen, and both started to write at a desk. The treasurer noticed nothing peculiar about them at the time. Two other men entered the bank a few minutes just after the last remaining customers had gone.

With their appearance one of the men at the desk vaulted the railing and with revolver extended ordered Treasurer Tolman to throw up his hands. Another pinned Miss Frances Howard, a clerk, to the wall, stopping her mouth with his hands, and the other two were over the railing and at the vault in a moment. The treasurer and clerk were bound and

### HON. GEORGE W. FOWLER'S VIEWS IN OPPOSITION TO GOVERNMENT ACQUISITION OF GRAND TRUNK

#### Believed it Would Not be to the Advantage of Canada to Adopt the Gov't Proposition—Gives Eight Points Up on Which He Opposed the Legislation Asked for.

In the debate on the Grand Trunk bill which ended in Ottawa a few days ago, Hon. George W. Fowler, who opposed the measure as it stood, delivered the following address:

Hon. George W. Fowler—Honorable gentlemen, in common with a number of my colleagues on this side of the House, I regret that on this occasion I shall have to dissociate myself from those with whom I have been in the habit of voting on matters that have come before this Chamber.

### THE MONEY EVALUATE?

#### Money spent on medicinal preparations often does! In this way—You buy a preparation, use perhaps a third of it, and put the remainder on the shelf. When next you need it—until for use! Two-thirds of the money value of your expenditure is evaporated.

Just there is where Zam-Buk is so different—so superior! Zam-Buk is not only 100 per cent. medicine, but it is also a preservative of animal fat. It never becomes rancid, but will keep indefinitely. Buy a box today, use what you require, put the remainder away, and when you have occasion to use it again, you will find its healing, soothing and pain-relieving powers just as effective as the day you bought the box!

### BE PRETTY! TURN GRAY HAIR DARK

#### Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, however, by asking at the drug store for "Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by rubbing the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Soak glass of hot water with phosphate before breakfast, wakes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning; do your phosphate drinking on the previous day's poisonous waste, gases and sour bile before eating your food.

#### Could Not Sleep Eruption Itched and Burned So.

"I noticed a little pimple on my baby's face. I thought it was from the soap, but it grew bigger and the skin was red and very hot. He could not sleep or eat the eruption itched and burned so that I could not get him to sleep. I was quite discouraged."

"I saw an advertisement for Cuticura and ordered and used for a few days. I used more and after using two boxes of Cuticura Soap my baby's face was healed." (Signed) Mrs. S. D. McNeill, Clarkburg, Oct. 15, 1918.

### WE ARE ABOUT TO BUY THE OTHER. WHY DON'T YOU?

Why should he cry out "stinking fish" with regard to the one, and "calf's herring" with regard to the other? Is that the way we should speak of the man from whom he is going to purchase? "Say, old man, you have the finest horses"—or "the finest cow that I ever saw in my life. What would you take for it?" Even if he wishes to give a fair price, he does not use the word "stinking fish" or "calf's herring" in his mind. He does not say that the man from whom he is going to buy, but he certainly should not exaggerate its value. If he were acting as one of the common men that abstraction my honorable friend from Hamilton (Hon. Mr. Lynch-Staunton) has spoken of, I certainly should quote the speech of the honorable Minister of Labor in support of my contention as to the great value, potential and otherwise, of this great railway that was before the court.

We also had testimony as to the value of the Grand Trunk from my honorable friend from Westworth (Hon. Mr. Smith). He also spoke in the most eloquent terms of it. I remember having had an experience once with the Grand Trunk that did not tend to arouse my admiration for it and its rolling stock. I left Ottawa one Sunday morning at 6 o'clock by the Grand Trunk at least, I supposed I was going to leave. I went on board the train. We were due in Montreal at 8.10. I cannot be absolutely sure, but the honorable leader of the House (Hon. Sir James Lougheed) is correct in his statement that I was on board at 8.10. I was left at 8.10; at least, we went aboard the train at 8.10. It was to have left at 8.10; but we stayed alongside the platform for at least an hour. Then we were moved out as far as the bridge, and lay there for three hours; then we were moved down the line three or four miles, where we remained until another engine was procured; and that lasted about twenty miles further. To make a long story short, I arrived in Montreal in time to catch the 8.45 night train on the Canadian Pacific Railway for Ottawa. My honorable friend the leader of the Government in this House had not then the high opinion of the Grand Trunk that he seems to entertain now.

### Large Audience At St. David's Church

Masterly Sermon by Rev. J. A. Clark, D. D. Was Preached Last Evening—German Street Choir Assisted in the Music.

The new St. David's church was filled with an audience last evening that listened with deep interest to a masterly sermon preached by Rev. J. A. Clark, D. D. The preliminary exercises were conducted by Rev. J. A. MacKeigan, the pastor of the church and the choir of German street Baptist church assisted in the music.

Dr. Clark's opening sermon was clearly an introduction to a series of sermons which he will preach during the week. Dr. Clark's subject last evening was the story of regeneration, and before commencing his text, he said that his address during the week would be the old message which he hoped would appeal to open the minds and tender hearts.

He chose for his text St. John 3:19—'And this is the condemnation, that light has come into the world, and men loved darkness rather than light, because their deeds were evil.' After a brief reference to the actual meaning of the word condemnation which he said was terrifying and terrible, he referred to the natural disposition to the human mind to live in the shadow and darkness, illustrating that the people would know that slavery was wrong but they would advocate slavery. People know drunkenness is wrong but they will become drunk and will yield to their passionate desires. People will take undue advantage of each other and know that they should not do so. People will utter falsehoods but don't want to be regarded as liars, but they will lie.

One of the darkest forms of evil passions was selfishness, yet selfish people, particularly women will do things and persuade people they are not evil. And we ask the question: Why do people do these things? Why do they prefer darkness to light? simply because they fear exposure.

Reminding his audience that this was not a bright picture, Dr. Clark said that he wanted them to clearly understand that condemnation is simply refusing to turn to the light, and light is a person. If a man wishes to be enlightened, he goes to the best person to enlighten him, and the greatest light that comes to the human mind is the light of the gospel of Jesus Christ, and why do people not come, simply because they must pass through the process of heart searching and turn to that which they formerly indulged in, darkness.

Continuing Dr. Clark said: 'You are simply asked to stop and turn away from evil habits and to serve God in sincerity and truth as revealed through Jesus Christ.'

All must suffer and repent as they turn from darkness to light before they will be well. Our Lord is the great physician, Saviour and Healer. Dr. Clark's sermon was a clear and serious exposition of the text chosen, closing as follows: 'There is therefore no condemnation to those who are in Christ Jesus, no light like that coming to Jesus.'

After the service the choir sang that appropriate hymn 'Lead Kindly Light' and the service was brought to a close with the pronouncing of the benediction.

### 'Carried On' With Red Shield Folks

Interesting Lecture Given Last Evening in Salvation Army Citadel by Lieut. Colonel Charles Taylor—Eighteen Months' Experience Told.

What was later classed as one of the most interesting lectures ever given before a St. John audience was delivered last night in the Salvation Army Citadel, Charlotte street, by Lieut.-Colonel Charles Taylor, before a large and representative audience. Col. Taylor, who for some nine years was principal of the Salvation Army Training College in Toronto, and who for a considerable time 'carried on' with the Red Shield folks at the front during the world war, told his hearers something of what the Army has done in helping the Canadian and British troops during the critical days in the war.

His experience covered an eighteen months' activity in the aerial raiding districts of France, and his first-hand stories of what the boys suffered, and how they cheered each other and themselves to do their noble task alternately evoked tears and laughter from his spell-bound listeners. Col. Taylor is a natural born orator and by his record last night alone is sure of a large audience in St. John whenever he is about to speak here again.

Bounding out the excellent programme were several solos by Commandant Sheard, and short talks by Mrs. (Christie) Moore and Adjutant Clarke.

Col. Taylor left last night for Halifax, but is expected back in the city the latter part of this week. At present he is engaged in the Salvation Army's immigration work.

### A REAL REMEDY FOR FALLING HAIR

Keeps Scalp Clean and Healthy—Prevents Dandruff.

When your hair becomes faded, dry, streaked and scraggly, when it falls out badly and new hair cannot grow, the roots should be immediately vitalized and properly nourished. ### NEW MINISTRY IN NEWFOUNDLAND SWORN IN MONDAY

The Next Meeting of the Legislature Will Suppress the Ministry of Militia, Created for the War.

St. John's, Nfld., Nov. 17.—A new ministry was sworn in today, headed by Richard Squires as Premier and Colonial Secretary. Mr. Squires is leader of the forces which successfully opposed the government party in the recent elections for the Newfoundland legislature. His chief ally, Wm. Conker, head of the Fishermen Union, which represents the largest laboring element in the colony, was made minister of marine and fisheries. The other members of the cabinet are William Warren, minister of justice; Henry Brownrigg, minister of finance; Walter Hallyard, Arthur Barnes, George Shea, Alexander Campbell and Samuel Foote, ministers without portfolio.

New holders of portfolios outside the cabinet are William Jennings, public works and William Cave, shipping. The portfolio of agriculture is still vacant.

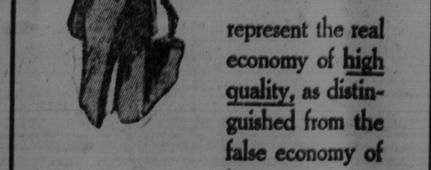

It is understood that at the next session of the legislature new ministers of post office and education will be created to be filled by two of the present ministers without portfolio, and that the ministry for militia, created for the war, will be suppressed.

Will Endeavor to Get Right Into the Troubles Himself and Endeavor to Effect Adjustments.

Toronto, Ont., Nov. 17.—Hon. W. R. Rollo, Minister of Health and Labor, assumed the direction of his department in the Parliament Buildings today. With reference to his proposed plan of operations, Mr. Rollo said: 'What I purpose doing, in so far as it will be found practicable, will be to give my own personal attention to any questions of labor dispute that may arise. I do not believe that this work should be delegated to clerks or perfunctorily dealt with in letters promising "consideration." I shall endeavor to get right into the trouble myself and see what I can do personally at all times to effect adjustments.'

### HAVE YOU SCROFULA?

Now Said to Be as Often Acquired as Inherited. It is generally and chiefly induced by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption. It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise. Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is a wonderfully successful in the treatment of scrofula. Give it a trial. If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

**Try This If You Have Dandruff**

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

**NUXATED IRON**

For Red Blood, Strength and Endurance

THINK of the strong, healthy men and women you know—people who are prominent and who are doing things worth while and you will find that they usually possess remarkable force, vim and energy—the kind that simply brim over when the blood is filled with iron. Iron is red-blood food—it helps put strength and energy into the veins of man and roses into the cheeks of women. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system.

If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak, run-down and nervous, they might readily build up their red-blood corpuscles and quickly become stronger and healthier in every way. Unlike the older inorganic products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. Nuxated Iron often increases the strength and endurance of weak, delicate people in two weeks' time. It is dispensed by all good druggists.

Ratified Action in Agreeing to Take Salvation Army Metropolitan for Hostel — Other Business Transacted.

The report of the committee appointed to find a suitable building for a hostel was heard at a meeting of the Hostel Committee held yesterday afternoon in the Board of Trade rooms, Mrs. J. B. Travers presiding. Mrs. H. Lawrence handed in her report which explained that the Salvation Army Metropolitan, in addition to the only building which would answer the purpose, and in many ways it was a most conveniently situated one. The rental for the building was \$600 a year. Those present ratified the action of the committee in agreeing to take this place, and Mrs. Lawrence and Mrs. J. B. Travers warmly thanked, on motion of Mr. Goldman, for their work in searching for a building.

The Army has begun making the building ready for use of the hostel board. A matron and a cook will be engaged to operate the hostel, and it has been suggested that since the food service is to be in cafeteria style guests of the hostel can help out.

The Dominion Government has granted \$500 a year towards maintenance of the institution. In addition to allowing \$150 per girl for 48 hours' keep; the provincial government has promised financial assistance, and with support from the public here, it is hoped to be able to conduct the hostel in a manner which will be in keeping with the reputation and importance of the port.

The British street structure will accommodate from 20 to 30 girls, and there is a total accommodation available in the city for upwards of 40 girls. The accommodation is expected to be ample. Arrangements are being made to have the government place in the office of the civil re-education commission a girl who will look after the applications for domestics and who will arrange with the hostel committee for the supply.

A budget of the expenses for equipment and upkeep of the Hostel was submitted by Mrs. Travers and approved of by the Provincial Committee representing all the Women's societies of the city. This budget will be forwarded to Ottawa.

There was some discussion as to the power of the present committee and it was decided to report progress at the next meeting of the Women's Council when further steps towards the organization of a permanent society will probably be taken.

**Y. W. C. A. Board Of Directors Meet**

Month of Activity Was Reported at Session Yesterday — There Are Now 729 Members of Association, 155 Sustaining Members.

A month of activity was reported at the meeting of the Board of Directors of the Young Women's Christian Association held yesterday at the rooms of King street. In the absence of the president, Mrs. James P. Robertson presided and Mrs. Alfred Morrissey acted as secretary.

The devotional reading was given by Mrs. R. C. Elin. It was on prayer and was very helpful. The Travelers Aid report stated that this had been a very quiet month only 117 meals having been served and 147 books given.

The house committee's report, given by Mrs. J. D. Murray, stated that there are twenty-four girls now at the "Y" and that a series of Fireside talks had been arranged for them during the month. Mrs. A. McArthur had been the speaker at one and Miss Frances Jones at others. A Halloween party had been thoroughly enjoyed and a shower party held for a member of the Cafeteria staff who was leaving to be married. The House Committee has given a Book Show for the girls providing a number of interesting books. The evening was spent in games and music, and cream and cake served by the committee.

Those present had expressed their appreciation of the entertainment.

It had been decided to lower the price of some of the rooms.

It is hoped that the opening of the new gymnasium on King street, East will take place shortly and when this is completed it is expected that the membership will be increased. The plan is to attract many new members. Miss Mathison the House Secretary spoke yesterday afternoon of some of the plans. There are now 729 members of the Y. W. C. A. of which 155 are sustaining members.

**COMMON COUNCIL MET IN COMMITTEE**

Harbor Commission Matter Will be Dealt With Today — Water and Sewerage Estimate Increased — Granite Block Paving.

It was said in the committee meeting of the Common Council yesterday morning that before the matter of harbor commission is submitted to a plebiscite by the electors, the act will have to be agreed to by a vote of four of the five commissioners. The matter will be taken up at 2:30 this afternoon before the Council meeting. The estimate for sewerage work in Douglas avenue was increased by \$200, and the estimate for the water main decreased a like amount. This was done on account of the necessity for a larger sewer pipe than that planned. In answer to Commissioner Fisher, the city engineer said that the estimate for sewerage work is the estimate of the street as far as could be done at present.

# MARKET REPORTS

## STOCKS, BONDS AND PRODUCE

### STOCK MARKET CLOSED WITH AN IRREGULAR TREND

Money Rates, Foreign Exchange and Unsettled Industrial Situation Played Important Parts in Monday's Dealings.

New York, Nov. 17.—The stock market was in a state of further liquidation during the early and intermediate periods of today's session, but the readjustment, both as to scope and volume of operations was comparatively moderate.

Selling for both accounts continued intermittently, a considerable percentage of the offerings, according to commission houses, representing the further settlement of overextended bull holdings at interior centers.

Money rates, foreign exchange, the unsettled industrial situation and a long pending court decision played their several parts in the dealings, the market closing with an irregular trend.

Call loans opened and were renewed at twelve per cent, that rate being the fixed quotation until the final hour, when money was freely offered at ten per cent. Time money was unchanged though in better supply.

The shorts based much of their early selling on the money market, the new loan rate for sterling exchange, the coal conference and the famous oil land case in California, which was decided against the Southern Pacific Company.

Southern Pacific shares broke five points on the news, or a total of seven and a half points since last week's final quotation. The stock had been heavy during the forenoon, in marked contrast to Union Pacific and other standard rails, among which gains of one to five points were scored.

Recent spectacular features in the Motor, Oil, Steel and Equipment groups registered extreme losses of three to fifteen points. Crucible steel, Mexican Petroleum and General Motors being the foremost features. General Motors lead the general rally of the last hour at a net gain of five and a half points. Sales amounted to 1,100,000 shares.

Bonds were easier but not material in price, except for a sharp drop in Southern Pacific convertibles.

### TORONTO TRADE QUOTATIONS

Toronto, Ont., Nov. 17.—The grain quotations on the Toronto Board of Trade today were as follows: Manitoba wheat, in store Fort William—No. 1 northern \$2.30; No. 2 northern \$2.27; No. 3 northern \$2.23.

Manitoba oats, in store Fort William—No. 1 white \$1.90; No. 2 white \$1.87; No. 3 white \$1.84; extra No. 1 feed \$1.84; No. 1 feed \$1 1/2 cents; No. 2 feed 79 cents.

Peas, according to freights outside—No. 2 \$2.50. Barley, malting \$1.47 to \$1.50. Buckwheat—\$1.32 to \$1.34.

Ontario flour, government standard, in 70 lb bags, Montreal, prompt shipment \$9.50 to \$9.60; Toronto \$9.50 to \$9.60.

Milled carlots, delivered Montreal, freights, bags included, bran per ton \$45; shorts \$55 per ton; good feed flour per bag \$2.00; No. 1 \$2.05; No. 2 \$1.99; No. 1 spring \$2.02 to \$2.08; No. 2 \$1.99 to \$2.05; No. 3 \$1.99 to \$2.01.

Peas, according to freights outside—No. 2 \$2.50. Barley, malting \$1.47 to \$1.50. Buckwheat—\$1.32 to \$1.34.

### COURT DECISION AFFECTS MARKET

(Published by McDougall & Cowans.) New York, Nov. 17.—The decision of the Supreme Court against the Southern Pacific in a minor case involving so-called oil lands knocked that stock off half a dozen points or more and unsettled the market somewhat.

A fair rally followed and continued more or less until the close. Union Pacific held its ground, while Southern Pacific went off, and Union Pacific later increased its early gain.

M. O. made the largest gain in the afternoon rally, selling above \$19 after an early low of \$19. In most of the industrials, however, the day's movements were restricted to a much narrower range. Prices eased off a little from the best in the last few minutes, but the market was firm at the close.

Call money was quoted at 10 per cent, during the afternoon. There was practically no outside news of a market character.

Sales, 1,122,700. E. & C. RANDOLPH.

### INTERNATIONAL RIVALRY

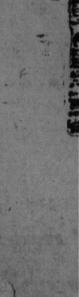

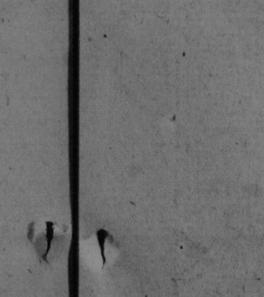

(Toronto Mail and Empire.) Outside of some of the small nations of Europe no great international rivalry is impending, except between the United States and Japan over influence in the Pacific.

No good reason exists why Japan plays fair, good relations with the United States should not be permanent. As the aggressor in this, a defensive alliance between Japan and Britain would not have the seed of future coldness of sentiment as between the British Empire and the United States.

But Australia and New Zealand and India sentiment has to be considered by the Foreign Office.

**Frederick Clegg and The Times—Canada's Success in Settling Soldiers on the Land—What Free Trade Won't Do.**

The Hon. J. K. Fleming Case.

The Hon. J. K. Fleming Case. The absurd John Times says, on behalf of the Federal Government—

The Hon. J. K. Fleming was in health when the action was started, considerably more than a year ago;

his condition then was generally admitted to be serious. Yet his prosecutors continued their efforts persistently and seemed to glory in advertising in the organs of the Government their determination to seek satisfaction through the courts at any cost.

It was when the Hon. Mr. Fleming was thought to be on his death-bed, when his friends and the public expected the end to come at any moment that the prosecution took on its most desperate measure of party and personal vindictiveness—when the claim was gone, freely admitted, was to be seen in every move of the politicians behind the action. If it were proper to speak public interests for the Government to proceed to prosecute, under such conditions, the propriety, the duty, is there yet. The Government cannot easily escape the responsibility. The facts are yet fresh in the memory of the people, who are not misled by this recent move. We repeat, "The Provincial Government has decided not to proceed further in its action against the Hon. J. K. Fleming through which it sought to have certain moneys returned. This is the natural result of a long-drawn-out affair which had its start in the efforts of the present Government to play politics. Now when the purpose cannot be further pursued, action is abandoned."

On The Land.

Montreal Star: We have at least one thing on which to congratulate ourselves; we have made a much better job of inducing returned soldiers to take up land than we did after the South African war, in spite of the fact that there now are far more soldiers and less available good land. The latest figures from Ottawa are most encouraging. Over forty thousand five hundred soldiers have taken advantage of the excellent plan proposed before their return, and of these, over thirty thousand have obtained agricultural qualification certificates, and that is, have been able to show that they know enough about farming to justify giving them aid. A large number of these will be especially on the land next spring. The record speaks for itself; it has been kept away at

eral United Farmer Governments, and an equal number of attempts to establish Free Trade.

Housing Schemes.

In France: Montreal is short of houses and Montreal is doing nothing to get them. While Toronto, Ottawa and the other cities of Ontario are displaying the greatest energy in housing their peoples; while "Sleepy Quebec" as certain people delight to call the Old Capital is preparing plans for the laying out of a model garden suburb at the cost of a million and a half; while Sherbrooke, St. Anne de Bellevue, Three Rivers, Hull and other cities have put the work in hand and have already made appreciable progress the metropolis stands with its arms folded and -- waits. The City Administration does not appear to have done all it should have done to assure the building of houses. For several weeks past the Administrative Commission names for this purpose has had no president and only three members instead of five. It is thought that it can leave entirely to others the responsibility of supplying the houses that the workers stand in need of. That is the sort of inaction that becomes more and more dangerous as it is prolonged. We have already reached the winter months. Let us take advantage of this fact to devise a plan so that we will be ready to make an early start in the coming spring.

Good Government. (Wesley Register.) Like the resolution of Calvin Coolidge as Governor of Massachusetts, the decision of Judge Anderson, of the United States District Court, in which the United Mine Workers of America were ordered to withdraw the strike order under which 400,000 men quit work November 1, is a victory for law, order and good government in America.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" is an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monachheim, Germany. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitation, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## A. A. U. Will Bar All Freak Records

### Long Disputed Question of Freak Performances Now Being Taken up at Session of Executive Body in New York.

New York, Nov. 17.—Obiteration of the many freak performances that have found a resting place in the official athletic almanac since the formation of the Amateur Athletic Union is promised among delegates from the various associations throughout the United States and Hawaii gathered in annual session at the Copley Square Hotel, Boston today.

The majority of those records were established many years ago at irregular distances and carry no weight, as the International Federation of Amateur Athletic Union approved only of records made at standard distances on track and with regulation implements in the field.

The decision to drop these records will mean the wiping of the books of the names of many athletic stars of years gone by. Some of these champions include W. G. George, H. W. Fitzpatrick, "Cinders" Murray, A. F. Copeland, J. S. Mitchell, Edwin J. Clapp, Arthur Kent and E. E. Merrill. Eight of the new records were made in running, three in walking, one in the field and twenty-two swimming. Four of the outstanding performances are the 4:14 3/4 for the mile run (indoors) by Jole Ray, and 2:13 3/4 for 1,000 yards (indoors) also by Ray. William Plant also set new figures of 2 hours 6 minutes 13 1/2 seconds for the fifteen-mile walk outdoors. The best achievement of the year was that of Frank Foss, Chicago, A. A. U., who vaulted 13 feet 3 9/16 inches. This is also a world's record, but must be approved by the International Union at its next convention.

ROGER BRESNAHAN.

Owner of the Toledo Baseball Club, who would like to take charge of St. John's entry into the New England League.

### LOVERS OF PIGEONS.

To the Editor of The Standard: Reading your article with the above caption, I should like to say that it is about three years since I first began to take notice of my feathered friends.

Having to pass the Square daily to and from business, my attention was drawn to some children feeding peanuts to them. Next time I went I had a supply myself, which I distributed amongst them and continued doing so during the remainder of the summer. In the late fall I was somewhat startled while going along Charlotte street by something alighting on my shoulder. Looking up, I discovered it was one of my feathered friends. Fortunately I had a few seeds in my pocket. When it slid down my shoulder onto my hand to feed, on closer examination I perceived it was lame. I managed to secure it and returned home with it, put it in a hat box, then proceeded to render first aid, got some matches and made some lint, on which I had put a small portion of salve, then I got the bird, who was very well alarmed by this time, and washed its foot and leg. It seemed to me to be broken just above the foot. After drying the foot, I applied the lint, then put four splints on, and bound all the lot up with some worsted. Mr. Pigeon had become thoroughly reconciled by this time, no doubt, caused of its pain by the time some food and drink, which it gratefully accepted. I then took it back to the Square and gave it its freedom. It straightway flew away. I was down in the Square in good time next day. I was somewhat anxious as to the results of my experiment. I was delighted to find that one of the first to greet me was my lame friend; he hopped onto my knee as nonchalantly as you please. Eventually, in the course of a month, he entirely recovered. I was so elated over this I determined to make friends with the other birds all round. It requires patience, but I have been amply rewarded. They all know me, and follow me. I am very deaf, and cannot have intercourse with my fellow creatures like I would like to have, so I have made friends with the birds. We talk in our own tongue, and I am sure we understand one another. There is always compensation no matter how we are afflicted, and I'd sooner be without my pipe than be without my birds.

Yours truly,  
THEO. J. JONES.

## ALONG THE SPORT TRAIL

Lives of half-backs oft remind us When they miss a flying kick. There are others on the campus Who have done that same old trick.

They are very polite in Ottawa. The Journal says: "Guy Bedwell declares that Billy Kelly is the strangest horse he ever trained—Guy is himself one of the strangest trainers who ever trained a strange horse."

The wrestling bout tonight in St. Andrew's rink, between George Brooks, St. John, and Bridson Green, champion welterweight of the New England States should draw a good crowd. There will be a preliminary at 8:30.

Some football fans may never have heard of Centre College, Kentucky, but nevertheless Centre College defeated West Virginia, 14 to 6, immediately after West Virginia had defeated Princeton, 25 to 0.

The New York National League club is to build 10,000 additional seats at the Polo Grounds, giving the park a seating capacity of 45,000.

Record of being the strike-out king of any world series goes to Ed Walsh, one time the thirty-six dollar Sox, who fanned 12 men in the 1906 championship event.

### HOUSE GAME PLAYED LAST NIGHT

A very fast and interesting game of basketball was played at the Y. M. C. A. last night between house teams captained by Pendleton and Nixon, the latter winning by a large majority. The line-up was as follows: Pendleton (24), Nixon (46).

White ..... Willott  
Centre ..... Christie  
Hoyt ..... Margets  
Willis ..... Holder  
Pendleton ..... Nixon

### SWIMMING COMPETITION.

Don Stratton won the Junior A swimming competition at the Y. M. C. A. pool yesterday afternoon, covering the distance of the tank in 11 1/2 seconds. R. Cumming and P. Conolly were second and third, with times of 11 4/5 seconds and 12 1/5 seconds respectively. G. McRae got third position, doing the distance in 12 1/5 seconds.

### Courtney of Cornell Celebrates 70th Birthday

Ithaca, Nov. 15.—Charles E. Courtney, coach of the Cornell freshmen and varsity crew for the past 35 years, Thursday celebrated his 70th birthday anniversary by working in the crew room at the old armory. Only one thing is worrying Courtney's grand old man, he says, and that is whether Cornell will win the Hudson regatta next spring.

### Monuments Erected For Derby Winners

Los Angeles, Nov. 15.—Famous in life the race horses of the late E. J. "Lucky" Baldwin are not to be forgotten in death. At Santa Anita Rancho Anita M. Baldwin, daughter of the noted horseman, who is herself a prominent horsewoman, is doing something which is unique in the annals of livestock history.

Over a little mound in a clump of eucalyptus trees, in front of the stallion paddocks, she is erecting a monument to four American Derby winners, the last one of which was sired here recently. The Derby winners in question are Volante, Silver, Emperor of Norfolk and Roy of Santa Anita. These four are said to have captured purses totaling more than \$500,000.

### INCREASED COST HITS BIKE GRIND

New York, Nov. 16.—The high cost of everything has hit sports. Soon after assuming direction of this year's six-day bicycle race, Manager G. H. Young, was confronted with the problem of increased expenses for everything that must be utilized in the grind.

After long calculation, the new manager figured the cost of running the 1919 race would exceed \$60,000. The chief reason for the increased expense is the importation of about fourteen foreign riders. In addition the American stars demanded larger sums for their presence in the Garden race. It is estimated that \$30,000 will be paid to the country club in the form of contracts, bonuses and prizes.

The rental of the Garden has gone up. Every detail of promotion helped to swell the grand expense total. Labor costs a great deal more. Materials have kept pace, even to the cost of printing tickets. In many instances the increased cost ranged over one hundred per cent.

Manager Young is confident that the present and the international field of riders will more than offset the record-breaking cost of staging this year's race.

### STANFORD GIRL ATHLETES MUST CUT OUT CANDY

San Francisco, Nov. 15.—It's a trying life at Stanford for the unlucky fair one who is going in for athletics this year. A training table was established for the coeds and henceforth the members of the various athletic squads must retire at 10:30 p. m., refrain from eating all kinds of candies and sweets, and attend no dances. The girl athletes are preparing to put female athletes on the same plane that is now held by the men and by enforcing these rules they are certain to do so.

### Norma Talmadge Charming As Ever

in "The Way of a Woman" at the Imperial—On Again Today and Wednesday.

Every man, woman and child who frequents motion picture theatres and their name is legion in these days—has come to look longingly for a Norma Talmadge picture, for they know she will give them a performance which will awaken every fine element in their imaginations and will appeal to their artistic appreciation. In addition, every Norma Talmadge picture is based on a story which is play or story and is acted by a cast that really merits the description of an "all star aggregation." And in her latest Select Picture, "The Way of a Woman," which is now being shown at the Imperial Theatre, these countless admirers of Norma Talmadge have a rare treat in store for them.

Never has this sterling actress given on a more sympathetic performance; never has she looked lovelier; never has she been surrounded with a more sympathetic company. These are superlative adjectives but they are fully justified by "The Way of a Woman," as well as admirably played by every one who sees this screen masterpiece. The play was adapted from the famous stage play, "Nancy Lee," written by Eugene Walter, one of America's leading dramatists.

In justice to the plot, we shall not divulge anything of the story; but we urge you to positively see "The Way of a Woman," for we know you will enjoy every minute of it to the last fade out.

### POS-LAM SHOWS YOU THAT YOUR SKIN WILL HEAL

You have no idea, unless you have actually seen its work, how speedy and dependable Poslam is, and how it will justify, time and again, all the confidence you place in it—to better those troublesome, irritating, itching conditions that cause discomfort. When Poslam breaks out, disfiguring Pimples, Rash or any eruptions troubles, Poslam should be used to drive them away for just a little of it will go so far, so so much and last so long. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City. Urge your skin to become clearer, brighter, better, through the daily use of Poslam Soap, medicated with Poslam.

## Golfers Like To Exaggerate

### Length of Drives Usually Placed at More Than Correct Distance.

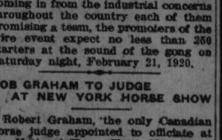

London, Nov. 15.—There is a very instructive article by Harold Hilton, former open and amateur champion of Great Britain, in a recent issue of British Golf Illustrated, treating of the average length of drives from the tee. Golfers all along the line not only believe that they average well over 200 yards on their drives, but also that professionals such as Brady, Hagen, Barnes and especially McDonald, with Kerrigan not far back, in most of their rounds average 250 yards at least. Hilton points out a number of striking incidents which would seem to prove that the long hitters of Great Britain do not come within 25 yards of that distance, and we are inclined to the opinion that there has been a vast amount of exaggeration concerning the length a golf ball is driven.

FINED FOR CRUELTY. Chester Branscombe, of Corn Hill, was before the court in Susex last Friday on the charge of cruelty to a horse and was fined \$25 and court costs. This case has been standing since last May, when Branscombe arrived in Annagance and on request of citizens of that place Newton Debow, a justice of the peace, took the horse away from Branscombe. The horse was later sold. The information against Branscombe was laid by S. M. Wetmore, the S. P. C. secretary, and county secretary J. King. Heley was counsel for the prosecution.

## INFLAMED GUMS—THE CAUSE OF TOOTH-BASE DECAY

Just as the strength of a building is dependent upon its foundations, so are healthy teeth dependent upon healthy gums.

Permit the gums to become inflamed or tender and you weaken the teeth. This condition is called Pyorrhoea (Riggs' Disease). Loosening of teeth is a direct result. And, spongy, receding gums invite painful tooth-base decay. They act, too, as so many doorways for disease germs to enter the system—injuring the joints or tonsils—or causing other ailments.

Pyorrhoea (Riggs' Disease) attacks four out of five people who are over forty. And many under that age, also. Its first symptom is tender gums. So you should look to your gums! Use Forhan's, which positively prevents Pyorrhoea if used in time and used consistently. It also scientifically cleans the teeth—keeps them white and clean. Brush your teeth with it.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

## Police Court

### Cases Yesterday

Number of Drunks Were Fined—Harbor Case Was Dismissed—Mrs. Katherine Raymond Sent up for Trial.

William Cummings in the police court yesterday morning, was fined \$8 for being drunk and \$26 for giving false information to the inspectors, regarding the place where he scoured the liquor.

Robert Brown, for assaulting his wife, was fined \$20 or two months in jail.

Henry Andrews pleaded guilty to the charge of assaulting Mrs. Lottie Spencer at her home, Brunswick street.

The case of Harbor Master Alward vs. Captain Henderson, of the S.S. Botaford, was given a second hearing. D. Mullin for the prosecution asked leave to amend the information laid, but this was objected to by F. R. Taylor, K. C., who stated that the amendment was not in order. The magistrate allowed Mr. Taylor's objection. The case was dismissed and a new information must necessarily be laid.

Six drunks pleaded guilty and were fined \$3 each.

A preliminary hearing in the case of Mrs. Katherine Raymond, charged with obtaining a fur coat, under false pretences, was concluded and the defendant sent up for trial. D. Mullin for the defence, said the case would have to be disposed of one way or the other to which the judge replied: "I am disposing of it to the grand jury."

A lemon extract case against the Brayley Drug Co., which has been hanging fire for some time, was called in the afternoon, but, as counsel for the defence was not present it was again postponed.

DR. REE'S ADDRESS. The subject of Dr. Ree's address, in City Hall, West St. John, last evening was "The City Four-Square," the text being taken from John 34: 2. Dr. Ree emphasized the points—Heaven as a place—Heaven as a Home—Who inhabit it? How may we reach it? It was a Scriptural and clear presentation of the subject and one to which the large audience listened with much attention. These meetings are increasing in attendance and interest and will be continued this week and next.

FIVE DRUNKS ARRESTED. Five drunks were gathered in at the police station last night. As a week-day record this will compare well with the pre-prohibition days.

THE METHODIST MINISTERIAL ASSN. Session Held in Centenary Parlors Yesterday Morning—Church Co-operation in Nova Scotia Discussed.

The Methodist Ministerial Association held an important meeting yesterday morning at Centenary church parlors. Rev. George Morris presiding.

A resolution of sympathy to Rev. J. C. Berrie on the loss of his wife was unanimously passed, and a copy ordered to be sent to Mr. Berrie.

Two Mount Allison students, Norman Coll and J. Guy, were introduced by Rev. George Morris and spoke on the Students' Volunteer Convention to be held at Des Moines, Iowa, next year, and to which Mr. Allison proposed sending ten delegates.

The forthcoming convention is being held as the result of organizations in American and Canadian universities, who are urging on students the claims of the Christian ministry. In Canada alone the Methodist church at the present time has 5,000 students for the ministry. The Student Volunteer Movement has reached large proportions in Western Canada and is being taken up with great zeal here by Mr. Allison.

A motion of sympathetic support to the movement was passed.

Dr. Steel, superintendent of home missions, made a report on a recent convention in Halifax of Methodists and Presbyterians of Nova Scotia, where the most comprehensive scheme of co-operation ever adopted in Nova Scotia was brought about. As the result of the convention churches in a number of districts will drop out of existence where conditions do not warrant their continuance, one or other of the denominations taking over the work formerly done by two churches. Much overlapping will be done away with, and Dr. Steel expressed the hope that a similar agreement could be reached by the two churches in this province.

The proposed Forward Movement Convention to be held on December 1st was again discussed and there were a number of reports showing that the movement was progressing favorably. Arrangements were completed for the housing of Methodist clergy who will visit the city during the provincial convention.

"Unrest." Montreal Star. There was much commotion in the declaration of the Duke of Devonshire, speaking in Toronto yesterday, that there is nothing surprising in the universal unrest which is plaguing the world. We concentrated the best that was in us for nearly five years to the work of destruction, and yet we are surprised that we cannot wrench things back to normal without some dislocation and breaking of the component parts of the social and industrial machine. Just as soon as we get down to business and that machine gets running again the optimism which the Government expressed is going to be fully justified. But until we stop talking and begin working there will be plenty of "unrest," and the longer we delay our getting to work the worse it will become.

**Pullman Car Raid Made Last Night**

Inspector Merryfield and C. N. R. Officer Pierce Located Five One-Gallon Cans of Booze in Stateroom — Passenger Was Arrested.  
 Some thirty souls on the line between St. John and Halifax, who apparently expected a friend along today with a supply of booze, are doomed to disappointment. Liquor Inspector Merryfield, accompanied by the Canadian National Railways Officer George Pierce, made an examination of the Halifax train about an hour and a half before it was ready to pull out. In a stateroom of a Pullman they found a suspicious-looking parcel, which turned out to contain five one-gallon cans of booze. There was also a suit case in the compartment, which was filled with cans of booze.  
 The inspector waited an hour and a half till the man who had booked the compartment appeared on the scene. After some inquiries the inspector decided that he had better postpone his trip along the line, and he was taken to the lockup to answer a charge of violating the liquor act.

**CONGREGATIONAL REUNION HELD**

Members of Trinity Church Enjoyed a Social Evening in the School Rooms Last Evening — Musical Programme Given.

**DOCTORS TO ASK FOR ROYAL COMMISSION**

Reported Affairs of General Public Hospital Need Investigation — Building Inadequate to Present Day Needs  
 It is understood that steps are being taken by St. John doctors to ask for a Royal Commission to be held on the affairs of the General Public Hospital. This is a measure which was strongly advocated by the Women's Hospital Aid, and has been more than once brought up before the Commissioners of the Hospital. The building is inadequate to present-day needs, and it has been frequently stated that even a slight epidemic would make the situation very serious, as the building is usually crowded to its capacity.

**RETURNED MEN REACH QUEBEC**

Five Men for This District Arrived on the Steamer Tunisian from Overseas.  
 A wire was received yesterday by Charles Robinson, secretary N. B. Returned Soldiers' Commission, stating that the following other returned men have arrived in Canada on the S.S. Tunisian at Quebec, and are expected to arrive in St. John this afternoon at 5:30 o'clock:

The funeral of Ida Proccetti took place yesterday afternoon from the General Public Hospital to the Cathedral, where service was conducted by Rev. A. F. Allen. Interment took place in the new Catholic cemetery.

**St. John Will Exceed Last Year's Record**

Victory Loan Subscriptions Reported Last Night for City and County Reached \$5,524,350—Province Will Go Over \$15,000,000 Mark  
 St. John will exceed last year's good record in Victory Loan subscriptions by over 12 1/2 per cent.  
 Last year the objective of the town and county was \$5,000,000 and it raised \$6,000,000. This year the objective was set at \$4,000,000 and the amount reported up to 10 o'clock last night was \$5,524,350, with about \$75,000 more expected in today's special subscriptions.  
 This magnificent sum is being secured, too, with about half the number of applications that were handed in last year. The banks did a rushing business Saturday, over a million and a quarter dollars worth of business being done by the local branches in loan subscriptions.  
 Lansdowne, is the leading ward in the city, every member of that team having put up an excellent fight for the German field gun.  
 Although the latest returns of the Victory Loan campaign show that Charlotte county did not win the German gun, that honor going to Albert county—the showing made by the border county is a creditable one in the extreme. Although Charlotte's objective was \$750,000, the amount received was over double that amount, the actual figures up to date show that over \$1,500,000 was subscribed.  
 Since the inception of popular subscriptions, under the name of Victory Loans Charlotte County has taken a total of over \$4,000,000 of these bonds, more than 5,700 of her citizens have contributed to this showing for the past three years. Charlotte has long been famous for the enthusiasm of the inhabitants in all good causes, and her showing in the campaign just closed is fully up to her previous reputation. A strong and aggressive committee has been in charge of all the loan campaigns. Senator Todd leading as chairman for the years 1917 and 1918. The 1919 committee had as chairman A. R. McKensie. Through all the years J. M. Flewelling has acted as secretary, and by his persistent and contagious enthusiasm has been one of the big factors in achieving success.  
 In Queens-Sunbury, east, Majorville won three crests to its honor flag; Johnson won two crests and Sheffield won three crests.  
 In Northumberland county, the Parish of Amherst won three crests to its honor flag. In Digbyville, which won a flag recently, has added a crest to it.  
 In Kings county the following parishes have won crests: Caldwell, Hammond, Norton, Hampton, Kingston No. 1, Westfield No. 2, Sussex No. 2.  
 The province will go well over the \$15,000,000 mark, it is believed, for the final returns will not be known until late today.  
 Last night the returns handed out by districts, were as follows:  
 County Amount  
 St. John . . . . . \$5,524,350  
 Kings . . . . . 625,000  
 Madawaska . . . . . 362,000  
 Queens-Sunbury . . . . . 215,000  
 Queens-Sunbury west . . . . . 54,800  
 Gloucester, Upper . . . . . 500,000  
 Gloucester, Lower . . . . . 20,000  
 Restigouche . . . . . 616,000  
 York . . . . . 1,438,100  
 Albert . . . . . 347,600  
 Westmorland . . . . . 1,345,050  
 Kent . . . . . 265,000  
 Northumberland, west . . . . . 488,900  
 Northumberland, east . . . . . 457,700  
 Victoria . . . . . 240,000  
 Carleton . . . . . 911,200  
 Charlotte . . . . . 1,421,000  
 Total . . . . . \$14,756,700

**DR. MURRAY MACLAREN Sailing For Home**

Leaving England Tomorrow on S.S. Metagama — Been Overseas for Five Years — Decorated for Splendid Service.  
 Word has been received in the city that Dr. Murray MacLaren, C. M. G., is sailing on the S. S. Metagama, leaving England on Wednesday next.  
 Dr. MacLaren has been overseas for five years, leaving with the First Canadian Regiment, and after establishing No. 1 Canadian Hospital in France, which did such splendid service, was summoned to London for D. D. M. S. Later at Buxton Dr. MacLaren was at the head of the Special Canadian Hospital and has been in every capacity most highly praised for his work. He has received several war decorations.  
 Lately Colonel MacLaren received the Order of Avis, a Portuguese decoration of high merit given by the Portuguese Government. As Canadian representative on the Inter-Allied Conference on Artificial Limbs, Dr. MacLaren made several visits to Lisbon. St. John friends have felt much pride in the distinctions achieved by Dr. MacLaren, and he and his family will be warmly welcomed on their return.

**The Real Estate Conditions Here**

Real Estate Men Say There is a Revival of Confidence in the City and Increasing Disposition to Build.  
 Real estate men say there is a revival of confidence in the city, and an increasing disposition to build. During the summer many men in a position to build homes for themselves have been holding off in the belief or hope that there would be a drop in prices based on the cost of labor, and with trade unionism as strong as it is in St. John there is little expectation of a reduction of wages.  
 As a result of the new feeling quite a number of houses have recently been started in various parts of the city, and a large number are being planned for construction next spring. The real estate men say there is growing interest in building lots, and they look for a considerable revival of construction work next year.

**The Majority Are Satisfied**

While Some 'Longshoremen Were Disappointed Because Union Did Not Hold Out for Higher Rate, Majority Are Glad Strike Was Avoided.  
 An official of the Water Front Council of 'Longshoremen and port workers said last night that while some of the men were disappointed because the Union did not hold out for a higher rate of pay, the majority appeared to be satisfied with the concessions made by the shipping people and are glad that a strike was avoided.  
 The conference with the shipping representatives was marked by an amicable spirit, and it is felt the continuity of friendly relations will be a good thing for the port. Under the new schedule the 'longshoremen of St. John are ahead of the port workers in Halifax or Quebec.

**HELD MEETING LAST EVENING**

Methodist Sunday School Superintendents Reviewed Reports on Year's Work and Elected Officers.  
 A meeting of the Methodist Sunday School superintendents of the city and district was held last evening, at which reports of the year's work were reviewed and officers elected as follows:  
 Chairman—E. E. Thomas.  
 Secretary—J. E. Arthurs.  
 Treasurer—Ralph Stephenson.  
 It was decided to hold the usual New Year's Rally in the Centenary Church, and a committee was appointed to make the required arrangements.

**WHEN THE WIND BLOWS COLD**

Warmth is the first requisite in a woman's coat.  
 Warm materials that are not too heavy in weight, large enveloping collars, full length lining—these all make for comfortable coats. F. A. Dykeman and Co. are showing most unusual values in coats that have these attributes, and in the most fashionable materials too, such as Silverton, Velours, and Duveltyas, novelty belted effects with large collars and deep cuffs. One glad that a strike was avoided.  
 From New York comes a novelty in the shape of a scarf coat, made of soft brushed wool in two tone effect. These have a shawl like grace, and after its tiny patent leather belt is adjusted, becomes a coat. See these in their Show Window.
