

Lenine Plans To Overthrow The Bourgeoisie By The Most Approved Bolshevik Methods

Sends Out Invitations to a Personally Supervised Congress of Extremists—They Show Whom He Considers His Friends in the World of Socialists—Names None in Germany—Picks American Socialists as Pretty Much After His Own Heart—Lenine's Call a Direct Threat.

(Special Cable to the N. Y. Tribune and The St. John Standard.)
By Chester M. Wright.
Paris, Jan. 30.—Lenine is not satisfied with the proposed international socialist congress called by Arthur Henderson, the British radical labor leader, and proposes to hold a personally supervised congress of extremists to plan the overthrow of the bourgeoisie by the most approved Bolshevik methods.

Lenine's invitations are valuable for one thing. They show whom Lenine considers his friends in the world of socialists. He names no friends in Germany, which was surprising, but picks American socialists as pretty much after his own heart.

More than 50 per cent of the organizations invited to the Lenine congress will either have seats or be obliged to sit at the Henderson congress.

This world Bolshevik declaration will be about the most direct declaration of war the Russian terrorists have yet made against the civilized world, regardless of their power to carry out what doubtless is their intended program.

A direct threat to all.
Lenine's call is a direct threat sent into the heart of every country with the apparent exception of Germany, an oversight which may be more apparent than real, in view of what is transpiring in that country.

Progress in Henderson's plan is slow. The date has been the subject of repeated postponement, the latest date being February 3. While some kind of a congress undoubtedly will be held, it only to save the reputations of the promoters, its chances of assuming any role of importance are decreasing daily.

The Germans, however, continue hopeful. Articles in the "Frankfurter Zeitung" express the German hope of a backdoor intrigue. The paper says:

"German Socialist leaders must remain inactive. In the matter of

foreign politics they have the power to gain the working masses in the enemy countries. They need not do this themselves in the presence of Clemenceau or Lloyd George to the extent of exaggerating German responsibility in the war. Humiliating declarations cannot be made at Bern, as they will not be listened to. A Socialist conference, in fact, is perfectly competent to see in the war not the work of Germany alone, but the evil which is hereditary and international and is produced by political imperialism.

Confirms "Backdoor" Suspicion.
"If the international Socialist conference occupies itself with questions of the origin of the conflict it surely will not attempt to place all the responsibility on Germany, but it will make an impartial investigation. Upon this condition new Germany should have no fear of entirely disavowing the military chiefs, who, for strategic considerations, executed the march into Belgium, for nothing could better favor a rapprochement of the various peoples than such a declaration concerning the invasion of Belgium."

"That Germany would try to use Henderson in a backdoor entry to the peace conference has been suggested in these dispatches before. This most recently newspaper utterance comes as a confirmation of those suspicions to a certain extent, and undoubtedly expresses a powerful German hope in that direction.

Secretary Prossard, of the French Socialist party, writing in "La Populaire," says:
"We do not admit that the Social Democrats of the Kaiser can be put out without having been heard. Assume them if you like. It is likely that in such case they will not be alone in the position of the accused. What right have the Socialists of the Entente to exorcise them?"

Prossard also speaks of "victorious imperialists," and fears the threat of their military intervention against Socialist revolutions.

W. C. FINDLAY SENT UP FOR TRIAL

Accused of Stealing 74 Cases of Government Owned Whiskey—Former Prohibition Commissioner.

Vancouver, B. C., Jan. 30.—W. C. Findlay, former provincial prohibition commissioner, will be committed for trial by Magistrate Shaw, according to the statement made by the Magistrate at the conclusion this afternoon of the second preliminary hearing of the charge against Findlay of stealing seventy-four cases of government owned whiskey. The magistrate stated that a prima facie case had been made out, but he would adjourn the case until next Tuesday, so that an extension of bail might be arranged.

Findlay was acquitted at a hearing on the same charge recently, but new proceedings were taken on the initiative of the attorney general.

London, Jan. 30.—General Sam Steele died at Putney today. He had been ill about two months, but the end came rather suddenly.

BRAZIL WILL SUPPORT GREAT BRITAIN AND THE UNITED STATES

This Applies to League of Nations and Other Questions of General Interest Which Brazil Has in Common With Other Nations—Will Ask Germany to Return \$130,000,000.

Paris, Jan. 30.—Brazil will support Great Britain, the United States, and other leading powers in all matters brought before the peace conference, declared Dr. Epitacio Pessoa, head of the Brazilian delegation to the peace conference, to the Associated Press. This applies to the League of Nations and other questions of general interest, which Brazil has in common with other nations.

Dr. Pessoa said his assurance was applied particularly to the disposition of requisitioned German ships, of which

Admiral Mayo Urges Naval Committee to Make Navy Expansion a Surety.

Washington, Jan. 30.—In urging immediate naval expansion today, before the House Naval Committee, which votes tomorrow on the administration's new building program, Admiral Mayo, commander-in-chief of the Atlantic fleet, said:
"The League of Nations is rapidly getting down to a sewing circle, with no means of enforcement, and no international police force. Now is the time to go the limit in expanding our navy."

PADEREWSKI ENTERS PROTEST

Doesn't Want Czecho-Slovaks to Invade Silesia.

Paris, Wednesday, Jan. 29.—Premier Paderewski, of Poland, according to a dispatch from Cracow, has protested to the Czecho-Slovak government against the invasion of Silesia by Czecho-Slovak troops.

The Supreme Council of the Allied and Associated Powers, at its session Wednesday, heard representatives of Poland and Czecho-Slovakia concerning the conflict between Polish and Czecho-Slovak forces in Silesia, which is situated between the two countries.

Brazil holds forty three, and also to the question of indemnities for which Brazil will make a claim.
"Most of the questions which Brazil will submit to the conference," he added, "are absolutely insignificant compared with the tremendous problems which the powers will have to solve. The most important Brazilian question is a request that Germany return \$130,000,000 which we have deposited in German banks as a guarantee for loans, especially in France, England and Belgium."

THE ROTARIANS FINISH WORK

Yesterday's Discussion Had to do With Civic Politics.

Halifax, Jan. 30.—The Rotary convention finished its work with this afternoon's session. Governor Wigmore, M. P., of St. John, presiding. The chief topic was civic betterment. Speakers lamented the comparative lack of interest in city elections as compared with federal or provincial. The point was emphasized that civic accounts should be presented in such a style that everyone could understand them. Dr. Yeo, of Charlottetown, argued that too often this was not done. It was announced that the Halifax Rotary Club was arranging for a discussion of civic matters at every second weekly luncheon from now till election day, which comes on the last Wednesday in April. The hope is to awaken public interest and secure the return of a better type of men to city council and board of control. For six months Halifax has had no city council, all the aldermen except two having resigned as a protest at something the mayor said at a board of control meeting. In the forenoon the St. John and Charlottetown members were shown over the city, and at night those who remained in the city were guests of Halifax at a theatre party.

WANTED HIS ASHES THROWN TO WINDS

Will of John Wadmar Filed in Toronto Thursday.

Toronto, Jan. 30.—John Wadmar, late consul general to Great Britain for Denmark, who died in London, England, on December 15, 1917, left an estate valued at \$420,510. Of this \$10,163 was in the Province of Ontario and consisted of shares in Brazilian Traction and Shires in the Mexican Light and Power Company. He made his will on March 8, 1917, and added codicils on June 9 which were filed for probate here today. The will reads in part:

"I desire that my remains be cremated and that my ashes may be cast to the winds, and this without any religious service said over them.
"I desire that the oil painting representing myself as Danish vice-consul at Newcastle-on-Tyne shall be destroyed as soon as possible after my death."

JOS. CALLIAUX NOW ON TRIAL

Former Premier is Charged With Treasonable Dealings With the Enemy.

Paris, Jan. 30.—Joseph Calliaux, former premier, charged with treasonable dealings with the enemy, was brought today from prison to the Senate, where the special commission of the Senate, to which the case had been referred, proceeded to examine him. Three detectives guarded M. Calliaux, whose arrival passed almost unnoticed, the only spectators being five policemen standing in front of the Senate building.

Berne Socialist and Labor Conference Will Meet Feb. 3rd

Berne, Jan. 30.—The international socialist and labor conference has been definitely called to meet here on February 3. Seven countries are already represented here by delegates, who discussed preliminaries for the conference at meetings on Tuesday. Among those present at Tuesday's meeting were Herman Muhlenbaur, Herman Mueller and Otto Weiz, German majority socialists; Carl Kautsky, German minority socialist, and the French socialists Jouhaux and Demoulin.
During the discussions Camille Hirsman, the Belgian socialist, said the question of responsibility for the war inevitably would arise during the conference, and the majority of those present agreed with him. Herr Mueller said that Germany had no territorial aims regarding Polish territory. Hjalmar Branting, the Swedish socialist leader, declared that small countries and neutrals could not be excluded from the work of forming a league of nations.

JAPANESE DELEGATES DENY STATEMENT ATTRIBUTED TO OKUMA

Declare as Absurd That the Cabinet Bases Its Policy on Okuma's Published Statement—Claim Japan Should Retain Islands Held by Navy.

Paris, Jan. 30.—The Japanese peace delegation today issued a formal denial to city publications in Paris newspapers, based on an interview with Marquis Okuma, former premier, and purporting to give the Japanese peace policy. The denial terms the publications as "blatant impositions," and says that the use of Marquis Okuma's name was unwarranted. It is declared that the decision that the present Japanese cabinet bases its policy on Marquis Okuma's statement is absurd.

Marquis Okuma, in a statement published in the United States on last December 14, outlined his idea of Japan's peace terms. He said that Japan should approve all decisions reached by Great Britain, France and the United States concerning the future of Germany and Russia and territorial alterations in Europe and Africa. He said that the Samoa Islands should not be returned to Germany, nor should the Bismarck nor German New Guinea, Japan, the Marquis holds, should retain the Marshall, Caroline and other islands occupied by the Japanese navy. Foreign interests in China should be based on the principle of the "open door" and equal opportunity. The statement published in the United States did not contain the assertion that the Japanese cabinet should base its policy on the ideas of Marquis Okuma.

PLANS FOR DISPOSAL OF GERMAN COLONIES AROUSES SEN. BORAH

Makes Vigorous Speech in U. S. Senate in Opposition to the Internationalization of Former German Colonies—Believes it Would Jeopardize Monroe Doctrine.

Washington, Jan. 30.—Vigorous opposition to plans reported from Paris for the internationalization of former German colonies was voiced in the Senate today by Senator Borah, of Idaho, Republican. The speaker said he was a member of a league of nations assuming any "obligation to control, govern or be responsible for any part of the German possessions."
Senator Borah said Australia, in demanding the German islands of the Pacific, had announced a Monroe Doctrine for Australia, and added:
"If we, as a member of a league, interfere with the Monroe Doctrine of Australia, or of some other nation, how long would it be before they would interfere with our Monroe doctrine?"
The Idaho senator criticized reports of private conferences between Colonel House and General Smuts regarding disposition of the German colonies, which it was said an agreement had been reached to sustain the secret treaty between England and Japan for disposition of certain German possessions in the Pacific. Senator Borah said this was another exhibition of secret diplomacy, and declared that a league of nations, based on secret proceedings, would be an "infamous institution."
Senator King, of Utah, democrat, defended the action of the American commissioners in Holland at private conferences, declaring such conferences were necessary to formulate views for presentation to the peace conference. All the meetings of the peace commissioners, he said, could not be heralded "from the house tops."

QUEBEC BUDGET SPEECH SHOWS THE FINANCES SATISFACTORY

The Treasury Shows a Surplus of Over \$1,000,000—Total Ordinary Revenue for Present Fiscal Year Estimated at Over \$10,000,000—Montreal Contributed Over Fifty-three Per Cent. of Revenue.

Quebec, Que., Jan. 30.—The budget speech, showing the financial situation and the operations of the provinces of Quebec for the fiscal year ending on June 30th, 1918, was delivered in the legislative assembly, today, by the provincial treasurer, the Hon. Walter Mitchell, and accounts for a new surplus of \$1,509,558.28.
The treasurer pointed out that the estimates for the past year had anticipated an ordinary revenue of \$9,560,164, and an ordinary and extraordinary expenditure of \$9,497,212.60, which would have left an estimated surplus of \$62,951.40, whereas the actual results of the year's operations were greatly in excess of these estimates, the ordinary revenue for the twelve months closed on the 30th June last, amounting to \$13,806,390.97, and the ordinary expenditure to \$11,423,477.73, which left a surplus of ordinary revenue over ordinary expenditure of \$2,382,913.24. The extra ordinary expenditure for the year, however, paid out of ordinary revenue was \$248,354.96, which gives an actual surplus of ordinary revenues over both ordinary and extraordinary expenditure of \$2,134,558.28, from which was paid the sum of \$225,600.00, being the balance of \$1,908,958.28, subscribed to the Canadian Patriotic Fund leaving therefore a surplus of \$1,683,358.28. The actual ordinary revenue was more than the estimates by \$4,246,228.97, and the estimate of the ordinary and extraordinary expenditure was exceeded by \$2,174,620.09.

INTER-ALLIED FINANCIAL SOC.

Planned for the Liquidation of the Combined War Debt of the Allies.

Paris, Jan. 30.—The committee on fiscal legislation of the Chamber of Deputies, headed by the Minister of Finance, E. Klotz, on the proposal made several weeks ago by Deputy Jacques Sterns for an Inter-Allied Financial Society, for the Liquidation of the combined war debt of the Allies, M. Klotz had given the scheme thorough study, and said that the French government had been accorded the initiative at the peace conference in presenting a plan for the creation of a "financial section of the society of nations." The plan is to be examined by a financial committee which the conference has decided to appoint.

FOUNDATION PLANS FOR LEAGUE OF NATIONS WILL NOT BE DISTINCTIVELY AMERICAN

Basic Plan Will Be That Framed by Lord Robert—Americans in Receptive Position and Will Accept What Seems Desirable—Universal Conference of All Nations Desiring to Participate in League Will be Final Act—Satisfactory Arrangements Reached Regarding German Colonies.

Paris, Jan. 30.—(By The Associated Press)—No distinctive American plan will be submitted initially to the committee of the peace conference appointed to work out the details of the constitution and the functions of the League of Nations, as had been suggested, it was learned today. The American representatives, it appears, believe it will be easier to secure the results desired by them, and insure the energetic promotion of an acceptable plan, if some other power than the United States stands sponsor for the scheme.

The American plan is to occupy a receptive position, favoring such portions of the different projects advanced as seems desirable, though it appears to be accepted that the basic plan will be that which was framed by Lord Robert, and is to be proposed by Premier Lloyd George.

An effort is in the making to hurry the consideration of the League of Nations plan of organization by the special committee of the conference but it is not expected that the committee will be ready to report at the next plenary session of the peace-making body.

Considering the League, Captain Andre Tardieu, of the French Peace Delegation, said the general aim of the peace conference was to establish a League. As the conference went on a number of questions would arise, and these would be solved in the same spirit as that underlying the League of Nations.

Captain Tardieu said, also, that the Peru-Chile contention over Tacna and Arica had not yet been officially brought to the attention of the conference. Concerning Poland, Captain Tardieu asserted that instructions to the commission, which is to visit that country, are being studied with a view of permitting the commission to leave for Poland in a few days. The commission is to make a report to the peace conference, which will have the final determination on the subject.

Satisfactory Arrangements.
Paris, Jan. 30.—The Supreme Council, it is officially announced today, reached satisfactory provisional arrangements dealing with the German colonies and the occupied territories of Turkey in Asia. The council decided that the military representatives of the Allied powers at Versailles should meet and report on the most equitable distribution of the burden of supplying military forces for the purpose of maintaining order in Turkey, pending action by the conference regarding the government of Turkish territory.

Universal Conference.
Paris, Jan. 30.—(Havas)—A universal conference of all states desiring to participate in a League of Nations will be the final act in the formation of a League, Leon Bourgeois, the French authority on a League of Nations, declared today. This conference would have approved the scheme now being drafted by representatives of the great Allied associations on a League of Nations. The universal conference will pass upon the admission of each state into the League, and enemy states will be accepted on the same footing as others. The enemy states, however, Bourgeois said, must give proof that they no longer foster hatred of conquest, and that they will "repay fully for the devastation and ruin they have caused."

TRYING TO SOLVE BOOZE MYSTERY

Liquors to the Value of \$150 Mysteriously Disappear from Freight Car En Route from Moncton to St. John.

Moncton, Jan. 30.—The C. G. R. police are engaged in trying to solve the mystery surrounding the disappearance from C. G. R. freight car, en route to St. John, of about \$150,000 worth of contraband liquor, nearly two weeks ago. Inspectors under the Prohibition Act, seized about half a carload of liquor in Madawaska, and forwarded it to St. John in a box car in charge of two guards. It is now appears that when the car arrived at St. John a considerable quantity of the liquor was missing, and it was found that a hole had been cut in the bottom of the car, indicating the means by which the booze was extracted. The guards claim the cargo was intact when the car arrived at Moncton, and that the theft took place either in the Moncton yard or between this city and St. John. The case has been placed in the hands of the C. G. R. police.

BRITISH CABINET DECIDES AGAINST INTERVENTION IN LABOR STRIKE

After Considerable Discussion it Was Agreed by the Ministers That Intervention in the Strike Would be Unusual as They Had Not Been Authorized by the Trades Unions.

London, Jan. 30.—The cabinet met today to discuss the labor troubles, it is understood that the ministers decided against intervention at present in the strikes, on the ground that they have not been authorized by the trade unionists and that, therefore, intervention would be unwise. It is the view of the ministers that the men, in the absence of the usual strike pay, are not likely long to keep up the movement, and that the government

therefore should confine its action to preserving order.
At the meeting the ministers discussed a telegram, received from the provost of Glasgow, containing the request of the strikers for the government to intervene, and to secure for them a forty-hour week. Andrew Bonar Law, Lord Privy Seal, on behalf of Premier Lloyd George, sent a reply to the provost declining to intervene.

ECONOMIC QUESTIONS

Paris, Jan. 30.—(By the Associated Press)—The War Council at a meeting today considered economic and financial questions, and the subject of raw materials. The sentiment was favorable to the relaxation of the blockade, so far as it concerned southeastern Europe, including the Balkans and Austria-Hungary.

FOR AND ABOUT WOMEN

HOW THE SOLDIERS' WIVES ARE MET AT ST. JOHN, N. B.

Work of the St. John Women's Welcome Committee Described by I. O. D. E. Member—Practical Help Given to Women and Children on Their Arrival in Canada.

The following interesting paper on the work of the St. John Women's Welcome Committee was read by an I. O. D. E. member before a meeting of the Provincial Chapter, held recently.

"Now let us stand in the door way of the Rest Room for while until the women have passed the immigration authorities they cannot come to the Rest Room. But it is much easier to deal with officials when accompanied by babies and children, so take your babies and children and bags and bundles and proceed to make them comfortable. It is wonderful how good these dear babies are, going to total strangers. The mothers may be gone twenty minutes or two hours, they have also to see about their luggage, so by this time the room is well filled and we find plenty to do. At one end of the room a small room is partitioned off containing beds, where women and children can be down and fairly quiet. Further on is the dispensary, equipped and supplied by the New Brunswick Red Cross. In addition to the Red Cross worker in charge, there is always a trained nurse in this booth so that all sorts of ailments are given out under her direction. The Red Cross also takes care of all supplies for first aid, clothes, equipment, towels, sheets, babies' outfits, everything of that sort. There are trained nurses all the time in the Rest Room so that if anyone is ill, you call a nurse at once, and in addition nurses with full equipment go forward on trains with hundreds more women. These nurses go straight through to the coast and at different stations meet with new supplies, and along the line women from the Red Cross and other patriotic organizations are at the stations with cheery welcome, hot coffee and anything that is needed (the nurses telegraph ahead). One cannot overestimate the value of the work of the nurses. The people have such confidence in them. Is she a real nurse? On being told 'Yes,' they are perfectly happy.

"Now, having got the babies comfortable and most of course, the women come back and get some luncheon which we serve them, and talk and find out where they are going, and if they have the tickets all right, for pretty soon the train dispatcher announces through a megaphone that the first train is now made up for an hour, and the passengers can go on board. Of course nobody ever did understand what a train dispatcher announced, so you run after him and ask him for minute directions and then begin to march your forces for the trains—carry the baby, help with the bundles and see them on the trains. And this goes on till all the people have left. For some reasons a woman cannot leave (meeting relatives, perhaps), the Patriotic Fund or Red Cross arrange for her stay and eventually see how on her way. They also pay any hospital or funeral expenses. The military authorities supply motor transport service all day to convey the passengers who need to go to the coast side to take their trains, and this has proved a great boon. One can readily see the endless details there are to be looked after and new conditions seem to spring up each time.

"Owing to the location the New Brunswick Committee has so far received the bulk of the travellers, but Halifax is splendidly equipped for their reception. The K. O. C. have a canteen, the Y.M.C.A. and Salvation Army have canteens, and a full staff of trained workers at each station, and if the Salvation Army have a hotel with accommodations for two hundred.

"Our papers have been filled with complaints and criticisms made by the travellers, and, of course, I am not in a position to discuss the question, but I think we must remember that this is just what the Government wanted everyone would happen if all the women waited till the war was over to return. They have now to face bad weather conditions, inadequate tonnage and the dreadful scourge of the influenza, rife in every land, which we are bringing up father.

Just Try This When Hairy Growth Appears (Modes of Today.) A smooth, hairless skin always follows the use of a paste made by mixing some water with plain powdered delatone. This paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the delatone paste, but caution should be exercised to be sure that you get real delatone.

LARGE ENROLLMENT FOR CONFERENCE

Miss Winifred Thomas, who is at present in the city and is to be one of the speakers at the Girls Conference, which opens today, has just come from a conference at Montreal, which, while very successful, had not nearly the enrollment already signed in St. John, and she is much pleased with the prospect of such a large attendance.

TOO FEW ROOMS AND TOO LITTLE VENTILATION

Women's Hospital Aid Formed Yesterday at Public Meeting—Fifty-eight Nurses Sleep in Twenty-eight Rooms.

How would you like to be one of a group of fifty-eight nurses sentenced to sleep in twenty-eight rooms practically standing in line until your turn came to get into bed? And if a special nurse goes off duty, to be in her shoes waiting until someone got up so that you might get a little rest after eight or ten hours' strenuous work? This, it appears, is what the nurses at the Public Hospital have to do and these facts along with a lot of other valuable information were brought out at the meeting held in the Board of Trade rooms yesterday afternoon.

ECLECTIC CLUB MUSICAL EVENING

Modern Music was the subject of the evening's programme at the January meeting of the Eclectic Reading Club, held at the residence of Mrs. H. A. Powell last evening. Miss Homer was in charge, and a very delightful evening was given to club members.

The first number was a poem by Henry Van Dyke, beautifully read by Miss Homer, and cleverly illustrated by Mrs. R. T. McKim, who played suitable motifs on the piano. Duets and solos by Miss Louise Anderson and Mr. T. Guy were greatly enjoyed and were also several exquisitely executed violin solos by Mrs. T. Gunn, accompanied by Mrs. J. M. Barnes. Miss D. Bayard and Mrs. McKim gave a piano duet, and Miss Bayard played a fine piano solo.

Miss Madeleine de Soyres read a cleverly written original paper on "Songs of the War, contrasting to soldiers' songs of the past, and the Civil War with those of today. Mr. T. Guy sang in illustration of the difference, "Marching Through Georgia," and "Over the Top."

Rev. Canon Armstrong thanked the visitors, who had given the club so much pleasure by their music. There was a large attendance, and the hospitality of Mr. and Mrs. Powell was greatly appreciated.

under the many difficulties is almost insupportable at times. One hears, too, criticisms of the women themselves, and personally, if there were worthy of much praise they are cheerful, and so very grateful, and with few exceptions the children are sturdy and healthy and showing every sign of one day making good Canadian citizens. It is a hard day's work at the boats, but it leaves one very glad to have had the privilege of realising some service to the children of the men who have helped us what we pray and trust may be an abiding peace.

was not a fit condition as nurses should go out of the building for a rest. In an emergency call there had to be a great scurrying about, moving patients and doctors up so that the really sick ones could be cared for. She was keenly interested in this work for a new home and she knew the work was of great importance.

Mrs. Ernest Barbour said that she had visited the nurses' home and felt it was inadequate. Too many rooms are near the kitchen and the ventilation is bad. That the hospital was overcrowded and that at least ten persons were turned away in one day, Mrs. Stewart Skinner said she had been told on good authority.

Mrs. Dunlop testified that she knew the nurses needed a new home badly. A letter was read from Mrs. George Clark of St. Stephen telling of the work done there and Mrs. Jenner and Mrs. W. Edmond Raymond and Mrs. Kelton told of hospital aids in other cities.

Mrs. Richard Hooper agreed that according to the facts presented a nurses' home was needed but asked if the commissioners had approached the ladies asking for this and if the ladies had not come forward, women should be on the board of commissioners. The new society she felt would mean the hard work of every woman's organization with a share in the governing of the institution.

In answer to this Mrs. E. Atherton Smith stated that there were no vacancies on the board at present and that no doubt in time women would have their representation. The local council of women had worked in favor of the principal of women being on boards of every institution where women and children were received.

Mrs. W. Edmond Raymond spoke in favor of having women on the boards of the hospitals and felt that they had earned the right to have a share in the management. Two ladies present severely criticized the hospital itself.

Mrs. Tilton, Miss Addy and others described in what way women could supply extra called for in hospitals outside of the government supplies. Visiting and taking fruits and delicacies and encouraging girls to train for nurses were suggested. Mrs. Skelton stated that Dr. Walker had said that the women could help.

On motion of Mrs. Skelton seconded by Mrs. Stewart Skinner, it was decided to form a Women's Hospital Aid and the following were appointed to draw up by-laws and a constitution: Mrs. Skelton, Miss Addy, Mrs. J. Doody, Mrs. Travers and Mrs. Jenner.

A meeting will be called for February 7th at which officers will be elected by open nomination. The suggested fee for membership is \$1 per year.

TAFT PRAISED BY DEMOCRAT

Senator Pollock of South Carolina Says Senate is Playing Politics and Injuring Wilson.

Washington Jan. 30.—Critics of President Wilson and his proposal for a League of Nations were sharply rebuked in the Senate today, by Senator Pollock of South Carolina. Democrat, who charged that the partisan politics was the basis for much of the criticism voiced recently in the Senate.

"I warn the gentlemen in this body that this is no ordinary political question," said Mr. Pollock. "The American people will hold them responsible if they place obstacles in the way of saving the world from a repetition of its anguish of the past four years."

Senator Pollock praised former President Taft for his support of President Wilson's efforts in behalf of a League of Nations.

RECIPES TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores. Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The best way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

One Trick Dropped. I've noticed this since the town went dry. What? My wife isn't nearly so anxious to smell my breath as she used to be.

Washington, Jan. 30.—Critics of President Wilson and his proposal for a League of Nations were sharply rebuked in the Senate today, by Senator Pollock of South Carolina, Democrat, who charged that the partisan politics was the basis for much of the criticism voiced recently in the Senate. Senators Lodge, of Massachusetts, Knox, of Pennsylvania, and Borah, of Idaho, Republicans, and Reed of Missouri, Democrat, of the South Carolina Senator said, were among those who had labored for "destruction instead of construction" in the peace plans.

"I warn the gentlemen in this body that this is no ordinary political question," said Mr. Pollock. "The American people will hold them responsible if they place obstacles in the way of saving the world from a repetition of its anguish of the past four years."

WEIRMEN'S ASSOCIATION MAKE
PLANS FOR SEASON'S WORK

Largely Attended Meeting Held at St. George Yesterday—Delegation to Meet Maine Weirmen to Discuss Mutual Benefits—Want \$25 as Minimum Price for Herring.

A general discussion then took place in which the majority present stated that this was a violation of the law. Inspector Geller and Thos. A. Hart, M.P., being present, were called upon, and delivered stirring addresses. The secretary then stated that there were no funds on hand. It was then moved, seconded and carried that a committee be appointed to report at the annual meeting as to the proper membership fee to assess on the members. The present annual rate of \$1.00 being inadequate. The committee appointed were Alonzo Stewart, George E. Frauley, W. A. Holt, George Ellis and Chas. M. Wallace. Also moved and carried that the expenses of the delegates to Maine be paid out of the funds of the union, as soon as there were enough on hand. An address was made by Mr. George Ellis and several others, some of them stating that \$25 be the minimum price, but the consensus of opinion was that the delegates have a free hand in their conference with the Maine weirmen. The meeting then adjourned.

THE AGREEMENTS
ARE BURDENSOME

The War-time Shipping Agreements With the Scandinavian Powers and Holland Proving Expensive to Great Britain and United States.

Paris, Jan. 30.—(By The Associated Press)—War time shipping agreements with the Scandinavian powers and Holland, it has been learned here, are now proving a source of financially large expense to Great Britain and the United States owing to the provision requiring the payments of especially high charges for ships plying in the war zone.

Rates of charter both for war zone and non-war zone traffic were very remunerative to neutral owners under the new conditions of the submarine campaign at its height, but now that the shipping situation has eased off materially the rates are far beyond the value of the service rendered.

Fat That Shows
Soon Disappears

Prominent fat that comes and stays where it is not needed is a burden; a hindrance to activity, a curb upon pleasure. You can take off the fat where it shows by taking after each meal and at bedtime, one Marmalade Prescription Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a case today. Your druggist sells them at 75 cents or if you prefer you may write direct to the Marmalade Co., 864 Woodward Avenue, Detroit, Mich. You can thus say good-bye to dieting, exercise and fat.

FUNERALS

The funeral of James Daley took place yesterday morning from his late residence, 23 St. Patrick street, to the Cathedral, where high mass of requiem was celebrated by Rev. R. B. Fraser, who was assisted by Rev. A. P. Allen as deacon, and Rev. W. L. Moore as sub-deacon.

CANADA'S WAR BILL
ABOUT TWO BILLIONS

SAYS SIR H. AMES
Small Investor Can Aid Country and Himself by Buying Stamps and Obviating New Loans.

Toronto, Jan. 27.—Speaking at the Canadian Club here today on the purpose and plans of the National War Savings Committee, Sir Herbert Ames, chairman of that committee, referred to the losses sustained by Canada during the war.

"It is hard to assess the losses that come to a country through a period of war," he said. "We sent overseas 600,000 men. Of these, 60,000 will not return, for they lie buried for the most part on Flanders fields. Sixty thousand more are coming back to us broken in health and maimed of limb. We can, with a somewhat greater definiteness, estimate financial losses. First comes the actual cost in raising, equipping and maintaining our troops. This will approximate \$1,400,000,000. Then we have assumed—and rightly—the burden of supporting the widows and assisting the disabled men. This obligation capitalized would represent an indebtedness of not less than \$600,000,000 more. While it is probably yet too early to accurately determine what financial burden the

WEDDINGS

Leonard John Porter and Miss Ethel May Anderson, of West St. John, were married at the Cathedral of the Immaculate Conception yesterday morning. The sacred rite was administered by Rev. A. P. Allen, with Nuptial Mass, at seven o'clock. The bride was assisted by Miss Annie Quinn, and the groom had the support of his brother, Leo, C. Porter.

OBITUARY

Mrs. J. J. Flood.
The many friends of Mrs. J. J. Flood (Eva Harrison) will regret to hear of her death which occurred at the St. John County Hospital yesterday, after a lingering illness, which she bore with fortitude and Christian resignation. Previous to her marriage she was engaged in nursing and will be kindly remembered in the Home for Incurables and the Old Ladies' Home, where her services were much appreciated. She leaves a sorrowing husband, who is a returned soldier, and two little children, as well as father, brothers and sisters. The funeral will take place from the residence of Morton L. Harrison, 57 Celebration St., tomorrow.

Patrick J. Murphy.
Fredericton, Jan. 30.—Patrick J. Murphy died last night at St. Anthony's home, Devon, the residence of his brother, Rev. Fr. M. J. Murphy, aged 53 years. Death was caused by pleurisy pneumonia and cardiac complications. The deceased was a native of St. John but for seven years past had been a resident of Boston. Owing to illness he spent the summers during that period with his brother and for the past year and a half he resided with him in Devon. He is survived by his wife, in Boston one daughter, Jean, now attending St. Joseph's Boarding Academy, Boston; four sons, Aubrey, who was graduated from the University of New Brunswick some years ago and now is in the employ of the Baltimore and Ohio Railway; William, attending Boston High School; Thomas and Gerard, both of whom have been fighting in France, one in the Canadian expeditionary force and the other with the American army. Two brothers and three sisters also survive. The funeral will take place Saturday morning. After the service the body will be taken to St. John and interment will be made in the new Catholic cemetery.

Solemn Requiem High Mass will be celebrated at St. Anthony's church at 8:45 o'clock Friday morning and the body afterwards brought to this city. Burial service will be held in the Cathedral at 3 o'clock Friday afternoon and interment made at the new Catholic cemetery.

Gordon Smithson Hunter.
Gordon S. Hunter, aged twenty years, son of L. A. Wilcox Hunter, Esq., died at his home, East Florenceville, on Sunday, Jan. 26th. Death was due to valvular disease of the heart of long standing, though only for the last six weeks was his case considered serious. Since then, despite all that medical skill and loving care could do, he rapidly declined till death ended his sufferings. For a time Mr. Hunter was on the staff of the Bank of Nova Scotia at East Florenceville, but about six months ago gave up his position on the advice of his physician in the hope of regaining his health. For a time this hope seemed likely to be realized, but in the early winter a decided change for the worse set in, ending fatally on the above date. Mr. Hunter was a model type of young manhood in character and disposition, being universally esteemed. In health he was a favorite companion and in sickness cheerful, patient and resigned. He will be sadly missed by a large circle of companions and friends as well as by his immediate relatives. He is survived by his father, Mr. L. A. W. Hunter, his step-mother, two brothers, Charles of the C.P.R., Bristol, and Eldon of the C.P.R., Florenceville, besides two half brothers, George and Donald. The funeral, which was largely attended, was held on the 27th, from his late residence to the Methodist church, of which he was a member. The services at the house, the church and the grave were conducted by Rev. F. A. Wightman, assisted by Rev. E. Bishop, of the Baptist Church. A united choir rendered appropriate music. The pallbearers were four young men, namely James Davis, J. W. Dew, William Simpson and Ralph H. Wightman. Much sympathy is felt for Mr. Hunter and family in their sad bereavement.

AROUND THE CITY
FAIR AND COOL

SEAMEN WITH FLU.
Five of the crew of the government steamer Aberdeen are ill with influenza. Four of the patients have been removed to the Epidemic Hospital, and the other was taken to his home.

ON PLEASANT JOURNEY.
Mr. and Mrs. John W. Vanwart, with Mrs. G. M. Barker and Miss Barker, left last evening for California. They will travel up the coast and return via the C. P. R., stopping at various Canadian cities.

SMALLPOX CASE.
An Indian boarding in a Poed street house was discovered Wednesday night to be suffering from smallpox and was removed to the Isolation Hospital. The case is reported as severe and the house is under quarantine.

POPULAR TRANSFER.
The patients who were in the Pitt street military hospital for infectious diseases have been transferred to the Martello Hotel, West Side, which will probably be used hereafter for housing these cases.

THE POLICE COURT.
In the police court yesterday was heard the usual amount of business. Albert McNeill, arrested some time ago on the charge of assaulting Jas. Boyd, was allowed to go on suspended sentence, on condition that he sign the pledge.

ASSISTANT DIRECTOR.
Major Keith Macdonough, a returned officer who spent four years overseas, arrived yesterday to take over the duties of assistant director of supplies and transports, succeeded Major McCormack, who has been transferred to West St. John.

HAD POCKET PICKED.
A young woman residing in the West End has complained of having her pocket picked and pocketbook stolen while on a Douglas Avenue car. She suspects a small boy who was also a passenger as being the thief.

RETAIL FISH MARKETS.
The retail fish markets are now supplied with frozen and fresh varieties to meet all demands. The only product affected in price was halibut which received a five cent drop, the market price now being 25 cents per pound.

PASSENGERS TO ENGLAND.
The C. P. O. S. Melita sailed last night for Liverpool with a large passenger list as well as mails and general cargo. Among the passengers is Mrs. Percy Gilson, of this city, who will spend six months with her parents in Scotland. Another passenger is Miss J. Ingleton, sister of Captain Richard Ingleton, who is going to London.

THE BOYS' CLUB.
The entertainment for the Boys' Club closed last night with an avoidably postponed until this evening, when the boys will be entertained at the Art Club rooms with an illustrated traveltalk by C. H. Frewell, with refreshments served afterwards by the ladies' auxiliary of the club.

Y. M. C. A. NOTES.
Junior business boys had a most pleasant time at the Y. M. C. A. last night, with special games and gym work followed by most satisfying refreshments. Later in the evening the senior "Y" club and members of the Young Ladies' League enjoyed the ice at the Victoria rink, returning to the "Y" afterwards for a hot lunch, games, music and other amusements.

A SPECIAL MEETING.
At a special meeting of the common council yesterday morning, the common clerk read a letter from Premier Foster, in which he promised to introduce the necessary legislation for the increase of \$40,000 asked for by the Board of School Trustees and this amount was added to the assessment for 1914, making the increase for school for this year \$65,000. This makes the total levy for 1914 \$1,162,867.01.

THURSDAY NIGHT SOCIAL.
Last night's social at St. David's church was one of the most interesting of the month, with a large attendance of war veterans, naval and military. Sergt. Major Oliver occupied the chair and the programme included songs by Miss Aird, Sergt. Taylor, Miss Tweedy, Seaman Tupper of the Ramore Head crew, Stoker Armstrong of the Fened Head crew, a reading by Miss Carrie Baillie, solos by Sergt. McNevin and Miss Mitten. After the usual delightful sing-song, with Miss Crumkank as pianist, refreshments were served by the ladies of the committee.

MOVE HOSPITAL TO WEST ST. JOHN
Staff and Equipment of St. James Street Military Hospital Being Transferred to New Quarters in Lancaster.

The military hospital staff and equipment at St. James' street is being transferred to the recently organized military hospital, formerly the school for the deaf on Prince street, West St. John, a better location and more attractive surroundings being one of the advantages, and also the fact that here much better and quicker service can be given to the cases which come to the hospital from the troop ships landing at this port—many of these being expected during the next few months.

The Provincial Red Cross Society is making plans for the furnishing and equipment of a recreation room in the new hospital, and two other societies, the Brunswick Chapter, I. O. O. F., and the Stone Church Red Cross Circle have asked to be allowed the privilege of equipping certain wards. It is expected that other organizations, as well as individuals, will be active in making the new hospital the acme of comfort and convenience for the sick and wounded warriors.

Army cars were kept busy yesterday transferring the furniture from the St. James' Street Hospital to the new one.

PRICE OF MILK IS LOWERED;
DECREASE STARTS TOMORROW

King's County Milk Producers' Association Held Meeting Last Evening at Apohaqui—Reduced Price to Dealers to Eight Cents Per Quart—Cheaper Milk for Citizens.

Beginning February 1st, the citizens of St. John should be able to buy their milk for one cent per quart less than they have been paying since November last, as the King's County Milk Producers' Association, at a meeting held last night at Apohaqui, decided to reduce the price to the dealers to eight cents per quart.

It will be remembered that last November the members of the association notified the milk dealers that owing to the increase in the price of feeds, etc., it would be necessary to raise the price of milk two cents per quart, but finally accepted an offer of seventy cents per eight quart can. Following this increase from the producers the dealers raised the price per quart to the consumer, two cents, bringing it up to fourteen cents per quart.

Last night the Association met, and after discussing the matter very thoroughly decided that, in view of the fact that the prices of feeds had not been so excessive this winter as had been expected, and the cost of production consequently less than figured on, they would voluntarily reduce the price to the dealer from seventy cents to sixty-four cents per can of eight quarts, or eight cents per quart, the change in price to go into effect on Saturday, February 1st.

Members of the Association last night expressed the opinion that this should have the effect of lowering the cost to the consumer in St. John by one cent per quart. This change will mean quite a lessening of the amount going into King's County for milk, as at the present time there are about 1,350 eight-quart cans per day coming into the city from that county.

This action on the part of the Association was taken purely on their own initiative and was not the result of any pressure on the part of the dealers, or anyone else, for a reduction in price, and was taken solely for the purpose of giving the consumers of one of the chief necessities of life the benefit of a reduction in the cost of production.

CASE OF INTEREST
IN CIVIL COURT

Husband is Sued for Board of His Wife, Who Left Home and Resided at Another Place.

An interesting case was heard in the police court yesterday, a family affair being aired at both morning and afternoon sessions. The defendant in the case, a husband, was sued for a board bill, contracted by his wife who left her home and husband about four weeks ago, and the lady with whom she boarded was the complainant.

The husband declined to pay the bill on the grounds that his wife's home was yet open to her, and this she had deserted, after a family quarrel, taking along her two children. The wife was called to give evidence in the case. She told of the treatment accorded to her by her husband, which, she said, was all but pleasant. Her two sisters also gave evidence corroborating the statements of the wife, but going into details more fully. Evidence occupied the session of the court for some time as considerable cross-examination was heard and cross-fire exchanged between the counsel for defendant and the plaintiff.

After all evidence had been submitted, and cross-examination finished, Scott E. Morrell, for defendant, pleaded that there was no ground for a suit and entered a plea of non-suit. To bear out his contentions he read many extracts of a case similar to the one referred to which was aired in the police courts and supreme courts in the years 1906 and 1907, that of Currie vs. Currie. He read long extracts from the law to show that the wife had left the husband, when she did not really possess a fear of him, as though he were intending to injure her, although the evidence submitted in yesterday's case was contrary to the former statements and phrases as advocated by the counsel for the defendant. The case referred to was aired before the late Chief Justice Gregory, and finally before Chief Justice McKewen and Mr. Justice Barry, and the one now in the court is similar in some phases, but entirely different in many others.

Court was postponed until Monday afternoon at 2:30 o'clock. Daniel Mullin, K. C., is appearing for the wife who he said is entering grounds for a suit of divorce.

HAROLD BAXTER
BADLY INJURED

While coasting from the alleyway of his home into Harding street yesterday afternoon, Harold Baxter, the thirteen-year-old son of Thomas and Mrs. Baxter, 17 Harding street, was run over by a motor car operated by Elmer Morrell, German street, and badly injured. The boy was hurt principally about the stomach and side, but from a report from the St. John infirmary, where he was rushed immediately afterwards, he is resting easily and is not in danger. The attending nurse of the boy was on today demolished.

MOTOR ENGINE
READY FOR DUTY

The motor fire engine has been given a thorough overhauling and yesterday was given a test to see that everything was in running order. She passed the test in splendid style and is now ready for duty. Speaking of new apparatus, Commissioner Thornton was just a little doubtful whether it would be possible to purchase any this year. He said he had made an inspection of the big ladder truck and was inclined to think that this might be converted into a motor truck without much expense by following a method which had been adopted with success in other cities, which was to buy a tractor and use that instead of horses for the motive power. The truck itself seemed to be in good shape and he had been told by an expert who had given it a thorough going over that it was good for a number of years.

DAUGHTER SERIOUSLY ILL.

Friends of W. S. Harkins will regret to learn that his daughter is seriously ill of influenza at the residence of her cousin Mrs. (Rev.) W. J. Cox, Philadelphia. She contracted the disease a few days after her removal there, and the entire household of Mrs. Cox, are suffering from the same disease. Mrs. Harkins, who is recovering from an illness has been unable to go to her daughter, but is being kept informed by wire several times a day as to her condition. Such was the information conveyed in a letter received by A. K. Munroe yesterday.

MOST SOLEMN AND
IMPRESSIVE WAS
SERVICE AT TRINITY

Service of Humble Intercession to Almighty God for the Reunion of Christendom Held Last Evening.

Church history was made in St. John last evening when representatives from all the Protestant churches gathered in Trinity church and took part in "A service of humble intercession to Almighty God for the reunion of Christendom." His Lordship Bishop Richardson and Canon Armstrong, rector of the church; Rev. David Hutchinson, representing the Baptists; Rev. H. A. Goodwin, representing the Methodists; and Rev. F. S. Dowling, representing the Presbyterians, took the leading parts in the service, which had been specially prepared for the occasion, and the whole service was of a most solemn and impressive character. The church was packed to the doors and many were unable to gain admittance to the building.

Leaflets containing the order of service had been distributed in the pews and the congregation very generally took part. The hymns were all in the nature of prayer for oneness of the church, and these were sung heartily by the congregation. There seemed to be a spirit of unity radiating from all present, and as one in attendance expressed it, "it has helped me to feel that we are all working for the same end, only one is hoeing corn, and the other is hoeing corn."

Sharp at eight o'clock the ministers marched by the vestry area took their places in the choir loft. There was a moment of silent prayer after which the hymn "Our Blessed Redeemer, ere He Breathed" was sung; this was followed by a general litany led by Bishop Richardson, in which the congregation joined heartily; next was sung the hymn, "The Church's One Foundation," after which the scripture lesson, John 17: 11-23, was read by Rev. David Hutchinson, and followed by the recital of the Apostles' creed by all; next came a season of silent prayer led by Rev. H. A. Goodwin, that all Christian people might respond to the influence of the Holy Spirit in their hearts and minds, be filled with brotherly love and kindness toward each other, be brought to see the weakness of the church through its divisions, earnestly confess their divisions, and earnestly pray for the Saints, that they might be brought nearer to each other in the unity of the Faith, that the prejudices and barriers which divide the church be removed, learn to look for and welcome the points in which they agreed, the vision of united Christendom might become increasingly attractive, that they might learn to pray for visible unity, this was followed by the hymn, "Blest Be The Tie That Binds," after which Rev. F. S. Dowling led the prayer. The singing of the hymn "Through the Night of Doubt and Benediction" by the congregation by Bishop Richardson brought the service to a close.

RETURNED SOLDIER
RECEIVES WELCOME

R. Murray Cowan was Guest of Alexander Temple Last Evening—Pleasing Programme Carried Through.

Alexandra Temple No. 6, T. of H. and T. last night extended a royal welcome to R. Murray Cowan, one of the returned soldiers who has just returned from the firing line, after spending four years and five months in khaki.

Cowan is one of the Canadians privileged to wear the red shoulder straps, showing that he was one of the first to answer the call of King and country, and proceeded to England with the "original" in February, 1915, he crossed to France, and served there until March 27, 1916, when he was wounded. He spent seven months in hospital, and was then attached to the School of Gunnery as an instructor. After spending some time there he was sent back to France. He was wounded twice, but finally in April of 1918 his request was granted and he once more reached the firing line. At Cambrai he was slightly shell shocked and sent to "Blighty." Two other members of the Temple, Bennett Wilson and J. C. Dow, were expected to be present, but were unable to do so.

After the regular business had been disposed of, the Temple adjourned. D. B. C. T. S. E. Logan was called to the chair and extended the official welcome to Brother Cowan and made a brief reference to his service rendered King and country. Brother Cowan made a brief reply, and the members for the warm welcome extended. Short addresses were then given by F. G. T., J. B. Eagles, P. G. T., G. T. C. Blissett and P. C. T. Ramway and Rev. D. Hutchinson; solos were sung by R. G. Carson and S. A. Williams and a number of gramophone selections followed. The programme was passed through in a most interesting and pleasant manner. Refreshments were served. Just before the sandwiches and coffee were passed around the chairman proposed a toast to the guest, which was followed by the singing of "He's a Jolly Good Fellow," and three cheers.

The singing of the National Anthem brought to a close a delightful evening.

ESTABROOKS STAFF
ON SLEIGH DRIVE

With Friends Had Good Time Last Evening—After Drive Were Entertained at Brookville Residence.

The office staff accompanied by their friends of the Estabrooks Company, Ltd., enjoyed a pleasant time last evening when they drove as far as Torriburn, and returning stopped at the residence of a gentleman where they spent the remainder of the evening.

Dancing and musical numbers with a good line of refreshments made the occasion a huge success, and all voiced Mr. and Mrs. Garrett to be excellent entertainers. The party returned to the city in the early hours of the morning tired, but happy, as all had enjoyed a pleasant evening. This social event is the first one of this nature which the Estabrooks office staff has enjoyed, and it is now voted that in the future it is scheduled as an annual event.

TALL BLONDE
LOST A RING

Lively Scene in Cafe Late Last Night—Woman on Discovering Rings Used Some Bad Language.

A tall blonde woman and her companion are mourning today the alleged loss of a woman's ring set with diamonds and pearls and valued at one hundred dollars. The couple who appeared to have evidently been following a session with old "John Barleycorn," went to a restaurant after last midnight and there each took aboard three chop suet, with all the trimmings. During the process the loss of the ring created an alarm which soon involved the couple, the proprietor and some of the other male customers, but the ring was not found. The woman was quite vigorous in her denunciation of the alleged theft, indulging in some bad language, but finally departed without the jewel, but with her companion.
