HOLD SUCCESSFUL CONCERT MONDAY

Local Talent Put On Entertainment in Aid of S. M. Hospital.

The entertainment in the Opera House Monday evening was very successful, there being a crowded house. Every number was greeted with applause, and encores had frequently to be responded to. Mr. Miner of Amherst, delighted Campbellton people with his violin solos, and Miss Dickie of Esquimaux also made a very favorable impression. As usual the local talent was up to the mark and altogether a very enjoyable entertainment was the outcome of their efforts.

The program was as follows:—Orchestra—March—Bennett—Mrs. Sharpe's Pupils.

Vocal Solo—Silent for Years—Campagna—Mrs. Hugh Miller.

Violin Solo—(a)—Liebes Fraud—Kreiser—Mr. Miner.

Violin Solo—(b) Zigeunerweisen (Gipsy Airs)—Sarasate—Mr. Miner.

Piano Solo—Rondo Op. 22 (Beethoven)—Miss Musgrave.

Reading—Taming of the Shrew—Shakespeare—Nita McDonald.

Vocal Solo—(a) At Dawning Cadence—Miss Dickie.

Vocal Solo—(b) My Shadow—Samuel—Miss Dickie.

Vocal Solo—Even Bravest Heart—Mr. Musgrave.

Orchestra—Paradise of the North—Bennett—Mrs. Sharpe's Pupils.

Vocal Solo—(a) Melisande in the Wood—Goetz—Miss Hazel Mowat.

Vocal Solo—(b) Come down to Kew—Karl Dies—Miss Hazel Mowat.

Vocal Duet—Roses Kissed by the Sunshine—Hart—Mrs. Miller and Mr. Ramsey.

Reading—From Drummond—Mr. Harry Smith.

Vocal Solo—(a) A Pastoral—Verdine—Miss Dickie.

Vocal Solo—(b) Manon d'ites moi—Weckerlin—Miss Dickie.

Violin Solo—(a) Hungarian Dance—Brahm—Joachim—Mr. Miner.

Violin Solo—(b) Hejre Kati—Csar-da Scene—Hubay—Mr. Miner.

Accompanists—Mrs. Campbell, Mrs. Lunan, Miss Mettler, Miss Musgrave and Miss Bremner.

GOD SAVE THE KING.

Financially the entertainment was a great success as over \$200.00 was realized. The ladies wish to thank all who so kindly assisted in making the entertainment a success.

REDUCTION OF CENT A LOAF ON BREAD IN TORONTO

Toronto, June 13—A reduction of one cent per loaf on bread has been made over the week-end. The reduction on the pound and half loaf has been fairly general throughout the city, but bakers see no prospect of any further decline before the new crop is harvested.

In a Fairmont, W. Va., factory empty shells from French and German guns are being made into automobile radiators.

NOVEL FISHING TRIP.

A party of local sports are planning a rather novel fishing trip up river towards the end of the week. They will be accompanied by a member of the "CLOTH" and reports of the catch, which on account of recent showers are expected to be interesting, may appear in our next issue.

TAKE PICTURES OF CAMPBELLTON

Campbellton Scenery Will Be Shown in the Movies.

Monday and Tuesday two moving picture men with their cameras visited Campbellton and took a number of pictures of the town for the movies.

Pictures were taken from the roof of the Soldiers' Memorial Hospital, and other views were also taken. Morrissey Rock was visited and pictures there were taken, as well as of the surrounding scenery. An excellent picture was taken to have it recorded.

The men left this morning to take views on the Quebec side of the river, and will go down as far as Gaspe.

EDITOR'S MAIL.

Editor of Graphic,

Dear Sir:—

My friend "The Editor of the Tribune" in last evening's issue again makes false statements in regard to the Public Property and Streets Committee of which I was chairman, and as usual attacks the people's paper, "The Graphic".

Then he takes, in his own mind, the liberty of stating in an open council that he did not prefer charges against me, they were in his opinion only irregularities. Again we elected and have in our employ a registered Town Engineer.

This he says is not true. Next in his wanderings and untruthfulness he says something of the street commissioner leaving 72 bags of cement to a local firm who was supplying me under contract. On the arrival of the firms the next day this cement was returned to the Town.

The Town Clerk has the regular record of the loan and the returns of the cement then six witnesses checked the loan and return. That his feeble mind fails him in regard to the special meeting of 11 a. m. of a council of eight members there members attended and they in their judgment passed a motion to reorganize the Public tree committee by unanimous standing vote.

The statement made by Mr. Joseph "The Editor" of the Tribune, this morning, will not prevent the sun shining on all. Our faultless editor, "The Tribune," who's paper only reaches a few of whom he may amuse but not elevate, can continue his slander of me as he has towards many of our citizens. In closing perhaps it would be well to remind him of saying "Those who live in glass houses should not throw stones".

Sincerely yours,

W. H. WALLACE

FIGHT RETURNS TO BE ANNOUNCED AT OPERA HOUSE

The management of the Opera House have made arrangements with the Telegraph Company whereby full returns of the big Dempsey-Carpentier world's heavyweight championship bout which takes place at Jersey City, N. J., on Saturday, July 2nd, will be announced from the stage on Saturday night.

This service it is promised will be direct from the ring-side and will be a most comprehensive one, giving not only all details of the fight but also all the usual preliminary matter.

SCHOOL CLOSING EXERCISES OVER

Prizes, Certificates and Diplomas At the Grammar School.

The closing exercises of the Campbellton Grammar school were held yesterday morning and were largely attended by parents and others interested in educational matters.

From 9 o'clock until 10.30 exercises were carried on in the various rooms, the teachers having specially prepared programs which were much enjoyed by the visitors.

At 10.30 visitors and pupils of the higher grades assembled in the Assembly Hall for the public closing exercises. The Assembly Hall was very tastefully decorated with potted plants, cut flowers and greens, while the school colors were festooned about from walls to pillars.

The platform was banked with flowers.

Mrs. W. H. Sharpe's orchestra was present and rendered several numbers. The following program was rendered:—

March—Orchestra.

Remarks—H. J. Currie Esq., Chairman School Board.

Address—Dr. W. S. Carter, M. A. L.L.D. Chief Supt. of Education.

Recitation—Lois Lingley.

Recitation—Eileen Morrison.

Class Prophecy—Inez McCallum.

Presentation of Diplomas of Graduating Class—By Mayor McKay.

Song—Harriet Woodworth.

Last Will and Testament—Dorothy Reid.

Valedictory—Thomas Foulkes.

GOD SAVE THE KING.

March—Orchestra.

Pianist—Miss Greta Metzler.

Orchestra Leader—Mrs. W. H. Sharpe.

During the exercises Mr. Gilbert announced that the graduating class had donated a \$10.00 prize for the best in grade X making the highest marks in arithmetic.

The prize winners were as follows:—

W. P. Napier Prizes.

Grade I—Jean Dickie, 100; Jack McLennan, 100; Miss Doak's Class.

Grade II—Roberta Harquail, 100; Ralph Sansom, 100; Blanche Boudreau, 100; Miss Humble's Class.

Grade VI—Mae Allen, 96.9—Miss McAlachy's Class.

Grade VII—Beatrice Byrnes, 93.9—Miss McAlachy's Class.

Grade VIII—Geraldine Wyers—Miss Kelly's Class.

Grade IX—Helen Lunan, 90, Lloyd Jamieson, 92.

MORRISSEY ROCK ROAD AFTER

Some Improvements Made But More Money Required to Finish.

Commissioner Court Nelson has made a great improvement in the Morrissey Rock hill and road approaching same. The unfortunate thing is that he was given such a limited amount of money to do so much work. The Christopher Brook hill is also very bad, and the entire stretch of road between the Campbellton line and Morrissey Rock hill needs some going over. As the Matapeia Valley highway will soon be open for motor traffic, our road should be put in good condition.

Grade X—Harold Wilson, 95.4; Ila Andrew, 95.3.

Grade XI—Thomas Foulkes, 95.1; Walter Alexander, 92.1.

The graduating class was composed of the following:—

Charles W. Alexander, Gordon Andrew, Gerard C. Belle-Jole, Alexander M. Duncan, Thomas Foulkes, Moses Goldenberg, Everett M. Henderson, Bernetta M. Hickie, President of Class, Margaret I. Hill, Vera McKeith, Inez W. McCallum, Edith Miller, Elizabeth P. Mott, Sue R. Myles, Eva M. Price, Dorothy M. Reid, Frances G. Wyers.

Miss Bessie Norton who was awarded the special prize for exceptional attendance had not missed a day from school in five years.

Dr. W. S. Carter's address was very instructive and he was very frequently applauded.

Evening Reception.

The Assembly Hall was crowded to the doors last evening for the reception tendered the graduating class by the members of grade X. A very pleasant evening was spent. The programme was as follows:—

1. March—Orchestra.

2. Duet—Doris Betts and Doris Weatherby.

3. Class History—Moses Goldenberg.

4. Song—Mr. H. V. Musgrave.

5. Violin Solo—Ruth Andrew.

6. Reading—Dorothy Mann.

7. Song—Mrs. Sowerby.

INTERMISSION

8. Selection—Orchestra.

9. Last Will and Testament—Dorothy Reid.

10. Guitar—Miss Nita McDonald.

11. Class Prophecy—Inez McCallum.

12. Violin Solo—Deanne Miner.

13. Song—Miss De Courvant.

14. Reading—Mr. Harry Smith.

15. Valedictory—Thomas Foulkes.

GOD SAVE THE KING.

Reception Committee—Mrs. Bradley, Mrs. Wm. Currie, Mrs. W. Millican and Mrs. H. J. Currie.

At the close of the entertainment ice cream and cake were served.

"LADY ROSE'S DAUGHTER."

Revealing the love-life of a woman who found that her "blue blood" was red and followed her heart to things not blazoned on coats of arms.

Filled with the charm of English hall and countryside, the passions of youth at war with conventions of age, the shimmer of lovely romances, the thrill of a wilful beauty's escapades.

One of the greatest human stories in modern fiction. Elsie Ferguson's most alluring role with David Powell and Holmes Herbert at the Opera House Friday and Saturday.

TRUCK IN COLLISION

One Man Injured, Wagon Broken Up and Truck Was Damaged.

An alarm of fire was rung in from box 12 shortly after one o'clock Saturday for a fire in the old coal sheds on the government wharf. The fire department responded promptly and the motor fire truck was making good speed down Water Street when Alexander & Sons delivery wagon, driven by Peter DeGrace drew out in front of the advancing motor and a rear end collision was the result.

Two or three men, one a fireman, Duncan Chamberlain, were riding on the wagon, and these were thrown off. Chamberlain received quite a shaking up and had his arm sprained. He was taken into the Florence Hotel and a doctor summoned. Fortunately no bones were broken and he is able to be around. The wagon was badly broken up and the front of the fire motor was badly damaged. The bumper was broken, mud guards badly bent and radiator ruined, but the driver managed to drive to the fire with only a minute or two delay.

The fire was soon extinguished, little damage being done.

The apparatus had hardly returned to the fire station and the hose transferred from the motor to the old hose wagon when an alarm was rung in for a fire on the roof of the Campbellton hotel. The brigade was soon on the scene and extinguished the blaze which was among some refuse which had lodged upon the roof.

It is hoped that the collision of Saturday will be a lesson to all drivers of vehicles.

DOMINION DAY.

To-morrow, Friday, July 1st, is Dominion Day and a public holiday. All places of business will be closed.

NOTICE.

The Lady Carson, Lodge No. 317, L.O.B.A., will hold the anniversary of its organization in the Oddfellows' Hall on Thursday evening at 8 o'clock. All friends of the order welcome.

PACEL POST RATES.

Notice was given by the Post Office Department last week of an increase in parcel post rates to Great Britain to become effective on July 1. The increase is from 12 to 20 cents on a parcel weighing one pound, with a gradually increasing rate to the maximum of 11 pounds, which will be \$1.80 as compared with \$1.32 at present. The new rates will be 20 cents for the first pound and 10 cents for each successive pound or fraction thereof. The rates are as follows: 1 lb., 20 cents; 2 lbs., 30 cents; 3 lbs., 32 cents; 4 lbs., 35 cents; 5 lbs., 38 cents; 6 lbs., \$1.00; 7 lbs., \$1.10; 8 lbs., \$1.20; 9 lbs., \$1.30; 10 lbs., \$1.40; 11 lbs., \$1.50.

Best Bathing Caps at Wran's.

OVER THE WHARF.

A horse owned by Irvine Flood, attached to his delivery wagon and driven by a young lad backed over the government wharf Saturday evening. The wagon caught upon a horse, but the horse fell between it and the wharf. With difficulty it was cut clear of the harness and then it swam up stream and landed at the foot of Water Street. Mr. Flood's residence, little the worse for its swim.

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P. Q.
"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Fruit-a-Tives' and two boxes of 'Fruit-a-Tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Fruit-a-Tives' and 'Fruit-a-Tives' cooled the blood and removed the cause of the disease, and 'Fruit-a-Tives' completed the cure."

PIANO RECITALS LAST WEEK

Miss Metzler's and Miss Afford's Pupils Give Public Recitals.

A very successful recital was given on Saturday evening in the Assembly Hall of the Grammar School by several of the piano pupils of Miss Greta Metzler. MANY PEOPLE INVITE APPENDICITIS ATTACK

Appendicitis is often due to infection from old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months. The intestinal anti-septic, Adier-ka, acts on BOTH upper and caving matter which might start in lower bowels, remove ALL foul, infection. EXCELLENT for gas on the stomach or chronic constipation. Adier-ka removes matter which you never thought was in your system. ONE single dose will surprise you. A. McG. McDonald, Druggist.

Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But it will not prevent the fire.

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been robbed by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. Ask us today what it will cost you to have DODD protection.

ette slipped into dry leaves, a camp fire left burning—any of these may furnish the spark that sets the flames sweeping over the forest floor. The young growth is ruined, the older trees are left standing scarred with shrivelled leaves, the soil is ash-covered and impoverished, and nature's hundred years of work is destroyed. A moment of thoughtlessness means hundreds of acres of black devastation.

The news that comes from Ottawa shows that the cost of living has still a long way to drop before it approaches the pre-war figures. The farmer has suffered most in the decline to date, and has good reason to complain about the prices of what he has to buy.

Speaking before the Canadian Club in Vancouver recently W. Rupert Davies, president of the Canadian Newspaper Association, briefly expressed a profound truth when he said:

"The weekly press has a great mission and I believe it is helping not only to guide the opinion of Canadians, but to Canadianize those who have left their native land and chosen this as the land of their adoption. The weekly newspaper editor is no respecter of persons and his personal columns are open to the fifth and sixth hundred as well as to the chosen four, for we hold out a welcome hand to the stranger and by a little paragraph here and a reference there help him to feel happy and contented under new skies."

The influence of the weekly press may not be noticeable but it is there, and the great secret of it is the personal touch.

The men behind the weekly newspapers of Canada are earnest, sincere, God-fearing men. They are not sentimental kill-joys, but they know that righteousness exalteth a nation and they are always to be found supporting wholeheartedly every progressive moral movement.

"The weekly press and the daily each have their separate duties to perform, and I think that they are trying to perform them to the very best of their ability. We weekly newspapermen are proud of the men who are connected with it. They are rendering a big service to the country, a service that those of us who know inside working the difficulties and discouragements that they have to contend with, know best how to appreciate. But in closing, I ask you men of the city not to forget the service rendered by the little country weekly. In its own quiet way, it too is rendering a service to this country—not as noticeable as that of the dailies, but a service nevertheless."

MARRIAGES

DICKIE-DUNNVILLE.
At the Methodist parsonage, Campbellton, N. B., on Friday, June 25th, 1921, Bessie H. Dunnville of Fleurants Point, Que., and Reuben Ianis Dickie of this town, by Rev. F. E. Boothroyd.

BARNES-FORBES.

At the Manse, Point a la Garde, P. Q., June 16th, 1921, William A. Barnes of Escuminac and Ellen Flora Forbes of Escuminac North were united in marriage by Rev. Lewis J. King. Mr and Mrs. Barnes will reside in Escuminac.

MARTIN-CHARLON.

At the residence of the officiating clergyman, Rev. H. Miller on Saturday afternoon, June 25th, at four o'clock, a quiet but pretty wedding was solemnized when Myrtle Gertrude, third eldest daughter of Mr. and Mrs. Isaac Charlton was united in marriage to Alexander Hugh McArthur, son of Mr. and Mrs. Neil McArthur of Winnipeg.

The bride looked charming in a gown of Belgian blue tulle crepe with overdrapes of gold lace and hat to match and carried a bouquet of red and white roses. She was attended by her sister Miss Laura Charlton, while the groom was supported by Mr. Steward Main, cousin of the bride.

After the wedding ceremony they motored to the home of the bride where a dainty wedding supper was prepared about thirty guests were present. After supper they motored to the depot and left on the Limited for their future home in Winnipeg, where the groom is employed in the express office.

The bride travelled in a suit of navy blue with black milan hat and peacock feathers. The groom's gift to the bride was a handsome gold wrist watch. He also presented the bridesmaid and best man with costly gifts.

The bride received many presents including china, cut glass, silver and linen. Many friends wish the young couple much future happiness and a long and prosperous wedded life.

The out-of-town guests were: Mrs. George Wellington of St. John, and Mr. Lloyd Ramier of Cochrane, Ont.

CIRCUS COMING TO CAMPBELLTON

Sells-Floto Circus Will Show Here on Monday, July Fourth.

Sells-Floto comes to town on Monday, July 4th, and this is saying all there is to say, circus speaking, according to well-informed circus fans of six and sixty, four years and four score.

"The second largest show on earth" comes this season with its Chicago Coliseum opening spring performance intact—from the great New York Hippodrome riding down, "Poodles" Hameford, to Boris Beeson, the "Paw-lows of the aerial wire"; from Alfredo Codona, the triple mid-air somersault, to Victoria, lovely artiste on the longest aerial wire ever known.

The Sells-Floto advance men are responsible for our confidence in this year's Sells-Floto merits—they and the record of the show since it stepped into second place in size and into second to none position in point of a corking good show. And there's a stage added this season, making three rings and two stages, an aerial maze and a hippodrome track. The tents, say the advance men, are bigger; the parade is six blocks longer; and there are more animals, including fifteen elephants. In fact the hosts ahead of his great organization claim the show is simply huge, but the Sells-Floto pep, dash and brilliancy is still there.

There are more big features than in 1920, and that's making a large statement, as every big city in the country knows. There are fifty-five elephants and four hundred performers to say nothing of a large number of animal acts. Performances open with colorful and impressive pageantry, employing 1,000 people and 400 animals. The show travels on four trains.

EDITOR'S MAIL.

Editor of the Graphic,
Dear Sir:—

I attended a meeting of the Town Council a short time ago, at that meeting Councillor Bell-Jole made one of his famous motions that Mr. J. E. Lusby, be engaged to superintend the laying of the concrete sidewalks at the rate of ten dollars per day. He was supported by only three councillors and the mayor as usual favoured him against the ratepayers, who have to pay the bills, and honestly took the same stand as he did against the exemption from taxes.

Mr. Lusby may be an expert but I fail to see it. I would ask any one to examine the concrete work at McLennan Foundry, McDonalds Drug Store floor, side and stairs, and other concrete work he did a few years ago.

Mr. Belle-Jole also claims to be an expert. His concrete work like Mr. Lusby's has not made good. His fraudulent grave stones that fell to pieces speak for themselves.

While our men are refused work and Thomas Dickie not allowed to superintend sidewalk construction, and agreed to do same for \$7.50 per day, why not keep our money in circulation in town and assist tax payers.

Let Crockett, Belle-Jole and Company answer this, why then friend Wallace, the working man's friend who has done more in four months than has been done in four years.

Yours truly,
"Citizen"

June 23rd, 1921

To the Editor of the Graphic,
Dear Sir:—

In the report of the Board of Assessors just published, the population, given according to denomination, includes the Methodists as numbering 800, whereas the fact is the outside estimate could not reach beyond half that figure. This is an error for which the chairman is not entirely to blame, for, while I was asked some time ago to furnish figures, the request came just in the midst of a rush season at the close of our church year and was overlooked.
I feel that this explanation is due in the interest of fairness to all concerned.

Yours truly,
F. E. BOOTHROYD.

CAMPBELLTON—MONCTON
PULLMAN SERVICE

Travellers are finding this years pullman service which was inaugurated a few days ago, a great convenience. On Monday and Tuesday night of each week a special Campbellton pullman car is put on the Maritime Express at Moncton and is taken off at Campbellton, where passengers may remain in their berths until 8.00 p.m. The same pullman is attached to the east going Maritime Wednesday and Saturday nights when passengers may board it at 10.00 p.m. the preceding evening. There is now no direct connection made with this train and the train for Fredericton at New-Castle as formerly—June 28-2 wks.

IMPROVED SEED.

The Dominion Department of Agriculture, through the Seed Branch, is active co-operation with the provinces in the matter of improving grain and field seeds. Money is provided to pay prizes in standing field crop competitions, at seed fairs and provincial seed exhibitions, and in combined seed crop and cleaned seed competitions. The last named is a recent introduction. It has two distinct phases, the first consisting of a standing field crop competition and second of threshed and cleaned seed in which the seed produced from the fields of the first phase is judged in the granary of the competitor. The competitions must have at least fifteen entries in each, and the foundation seed used must be of approved origin. The minimum quantities of cleaned seed that competitors must be prepared to submit to qualify for awards are: wheat, barley, peas, buckwheat and corn each 100 bushels, oats 200 bushels, field beans 25 bushels, clovers and timothy 15 bushels, and potatoes 150 bushels. The awards, except in the case of potatoes, are made on a basis of 65 per cent on the bin score and 35 per cent on the field score. In the case of potatoes the basis is reversed, the award being based on 35 per cent on the bin score and 65 per cent on the field score. All agricultural associations are eligible to conduct these competitions, provided the association entering does not conduct a field crop competition in the same season with the same kind of crop. To the prize money under subvention agreement the Dominion subsidizes \$200 in each instance and the province \$100.

KING COLE
TEA

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We're in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.
If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15.20 or even 16 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered to hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common-sense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance—you don't know what's coming next winter.

The Real Estate interests of Montreal recently had a survey made with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says:

"Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the spring and summer. In this way you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. Then, if unusual conditions arise in the winter, who can measure the value of the coal already in your cellar?"

Call us up—we'll work with you.

RAFTING LOGS BY ELECTRICITY

Modern Methods Being Employed By Nashwaak Company.

Electricity is being used as power for rafting purposes, for the first time in New Brunswick, by the Nashwaak Pulp and Paper Company, at the mouth of the Nashwaak River, when rafts of timber are made up for shipment to St. John. Power for the motors used in the operations is supplied from the power lines from the Maritime Electric Company plant, in this city, whose lines extend across the St. John River to Devon for distribution.

The twenty horse-power twophase motors and a crew of 70 men now do the work formerly requiring a crew of 200 men, when the rafting was done entirely by hand.

Approximately 10,000 pieces are rafted in this way each day, over 11,000 pieces being the largest number handled this week. Rafting operations were commenced by the company on May 25th.

Parties are requested not to moor motor or other boats near this instrument as same might be injured or damaged.

MAN KILLED ON R. R. TRACK

William W. Craig of Chatham Struck By Ocean Limited Near Moncton.

William Wallace Craig, aged 30 years, a Sergeant Major in the Salvation Army at Sackville, was almost instantly killed near the Sunny Brae railway crossing and directly in front of the old Sunny Brae skating rink, this afternoon, when he was hit by the Ocean Limited Express—Number 1, West Bound. He was proceeding towards the city from Sunny Brae where he had had dinner with Mr. H. H. Stuart, principal of the Sunny Brae School.

Deceased arrived from Sackville this morning in search of employment, his work having ended in Sackville on Saturday evening. He was a tinsmith by trade. On arrival here he visited the stores of Summer Co. Ltd. and the tinshop of Cosman and Son, Mechanic Street. He was to have called upon Mr. Cosman this afternoon again, and was enroute to visit Mr. Cosman's business place when he was struck by Ocean Limited.

He left Mr. Stuart's shortly before 2 o'clock. Mr. Stuart being a friend of the deceased having met him in Chatham where he formerly resided. He was a relative of some of Mr. Stuart's relatives.

After the accident the ambulance met the Ocean Limited at the C.N.R. station, but the deceased expired before reaching the hospital.

The driver of the train was Robert Colpitts, fireman, Walter Kelly.

The fireman first observed a man near the tracks, but before the train could be stopped it had hit Mr. Craig. When the train was stopped deceased was placed on board the train and rushed to the city, but he died a short time afterwards. He expired in the ambulance on the way to the hospital.

It is believed the bumper of the engine hit deceased, there being a deep cut on the right side of the face and on the left side of the head deceased sustained a serious cut. The right arm was broken and the wind pipe fractured.

QUEBEC HAS ANOTHER LARGE SURPLUS

QUEBEC, June 25.—The Quebec Telegraph, the local Liberal organ, announces to the effect that the province will show a record breaking surplus this year when the Hon. W. G. Mitchell submits his report as provincial treasurer. The surplus last year of \$400,000 which then constituted a record, will be raised to at least \$1,000,000, according to the authority.

NEWCASTLE SHOWS REMARKABLE INCREASE IN POPULATION

Newcastle, June 22.—The census returns taken in Newcastle show remarkable increase in population over that taken in 1911, when the town was virtually in possession of this large modern hotel.

As some of our party had been travelling for a full week we were inclined to get into comfortable lounge-like rooms, where we could remove the grim of a week's travel and feel refreshed. We had an hour or two which was very open to do them as we wished.

The writer, after a general cleanup wended his way about to take in the glories of the city and country.

Edmonton, the capital of Alberta is beautifully situated on the high banks of the Saskatchewan river, which can be seen winding its way among the low hills for miles. "The river is crossed by a number of fine bridges and the city extends along both banks of the river. Because of its geographical position, Edmonton has long been the centre of trade for the great west. Over a hundred years ago the Hudson Bay Company built a post at this point, and the handsome parliament buildings now grace the site. In 1905 when the C.N.R. reached the city there were about 1,000 inhabitants, now there are 65,000. Its buildings are up-to-date, and it has miles of paved streets. Edmonton like every other western city that we visited or heard of has suffered from the real estate speculation. The city is spread over miles of prairie, with vacant lots and factory sites in abundance. This all tends to make the tax rate high, and we found that rates of four, five and even six dollars on the hundred were common in the west, whereas at home in the east the rate should climb to three we are loath in the condemnation of the ruling powers. However the city is making progress, and with recent developments in the north country where oil and gold have recently been discovered, Edmonton expects to be, in the next few years, the Seattle of Canada. My but the people are optimistic. Every citizen you meet is alike in describing in glowing terms the greatness and the possibilities of the west. It does seem too bad for the east that most the boosters have gone to the west, we need them back east.

After lunch, autos again appeared at the Macdonald hotel, and soon, loaded down with sight-seers were speeding along the paved streets through beautiful residential sections, parks and public buildings. We made a very pleasant call at the home of the Lieutenant Governor, and were very graciously received. Visits were also made at the beautiful parliament buildings and the University of Alberta, where we were to have dinner, the guests of the Board of Trade. The educational institutions in all the western cities impressed the eastern visitors very greatly, but Edmonton seems to lead them all. The University of Alberta is a tremendous institution with accommodation for, we should judge, nearly fifteen hundred. There are three large residences each capable of housing four or five hundred, and many modern buildings containing

Impressions of the Trip With the Canadian Weekly Press Association Party.

EDMONTON.

Monday, June 24.—Everything was hurry and bustle in our five this morning as many expected to meet old friends in Edmonton. There was quite a rush at breakfast and despite the fact that the staff of the dinner would be held, and breakfast had been announced early, some were still at it when our special pulled into the depot at Edmonton.

I wish to say it is no light task to feed about one hundred and forty hungry men.

Sharp on time, and it is remarkable how our train keeps right to the schedule, we arrived at Edmonton. The station platform was crowded with citizens, many anxiously looking about for expected friends among our party, who when found were carried off to homes in the city or to the Macdonald hotel, which was to be our headquarters while in Edmonton. Autos were provided for all, and soon we were virtually in possession of this large modern hotel.

As some of our party had been travelling for a full week we were inclined to get into comfortable lounge-like rooms, where we could remove the grim of a week's travel and feel refreshed. We had an hour or two which was very open to do them as we wished.

EVERYBODY SEES A CHANGE IN FATHER

Grateful Son Says His Father Looks Like Different Man Since Taking Tanlac

"My father has suffered from chronic stomach trouble for over twenty years and has paid out thousands of dollars for medicines and doctors," said G. W. Slayton, a well-known Gold County farmer, living a short distance out of Atlanta, Ga.

"We tried nearly everything trying to cure him and he went off to the Springs, thinking maybe the water might help him but it just looked like nothing would reach his trouble. Then he tried dieting and lived on liquid food until he almost starved, but even that failed to do him any good and he just kept going from bad to worse."

"I don't guess there ever was a case as stubborn as his and if there ever was a confirmed dyspeptic, he was one of them and I guess he would have been one yet if it hadn't been for this Tanlac."

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his and he knew what they said about it was the truth so he got it right away and began taking it. Well, sir, it acted just like magic—everybody noticed the change in father. We he is just like a different man and its even to the table and outside like a farm hand. Only yesterday he ate pork and turnips for his dinner and he was so full he was actually afraid he was going to vomit. The thing he he laughed and said nothing hurt him now and that he was hungry and expected to eat and make up for lost time."

"Now, when a medicine will do things like that I think people ought to know about it and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."

class rooms and equipment necessary. The city has thirty-six large, well appointed public schools, two high schools, seven colleges and a technical school. It also believes in municipal ownership as all its public utilities such as street railway, telephones, electric light and power and water sewage, besides the municipal hospital are owned and operated by the city. Its parks comprise eight hundred acres, and include Municipal golf links.

The dinner in the large dining room of one of the residences in connection with the University of Alberta was a most enjoyable affair. The room was crowded with the visiting newspaper men and their wives, not only from the east, but from Manitoba, Saskatchewan and Alberta as well, as our party was joined here by the western members of the Association. We listened to inspiring addresses by Mayor Duran of Edmonton and Hon. Frank Oliver.

At nine o'clock autos were again on hand to convey our party back to the C. N. R. station and our special train.

Arrival at the depot members of the party informed me that there were calls for Mr. Anslow and I immediately began looking about for Campbellton friends. Wm. Kerr, who for some years was a resident of Edmonton before going over-seas, and who worked in Campbellton for some time, is again located in Edmonton, and is in business for himself, was the first I met. We chatted about home people and was sorry to learn that Harry Nelson was out of the city on his regular railway run, and consequently I could not see Harry. At the car stand met Mr. Robert J. Hamilton, formerly of River Charles, and Mr. A. K. Whiston of Nova Scotia, two men I had never had the pleasure of meeting. However we had friends in common and it does not take long to become acquainted in the west. I spent a most pleasant half hour until the train pulled out. Mr. Hamilton is a brother of our friend Wm. J. Hamilton who has charge of the salmon fishing at El River bar, and he had his family, a wife, son and daughter in his auto with him, having come in from the country to greet the editors from the east. These little gatherings were the most pleasant time of my trip and I shall long remember the kind open handed hospitality of the western people.

At 10 o'clock we are all safely on board our train, tried but happy.

Our manager says that to-morrow our day will be a little different. We will see something of the wild and woolly west as we are to visit Jasper Park among the Rockies.

SUNFLOWERS AS A SILAGE CROP.

Much interest is being taken both in Canada and the United States in the value of sunflowers as a silage crop, particularly in district where corn is not a reliable crop. The claim is made that sunflowers are a harder crop than corn, withstanding both drought and frost to a greater degree. Insofar as the claim put forth for sunflowers as a food for cattle are virtually of recent origin, experiments and investigation regarding them are practically in an introductory stage. It is interesting to note, however, that an analysis of sunflowers silage fed at an Idaho agricultural experimental station indicated that it compared favourably with corn silage. In Canada also studies of the relative value of sunflowers and corn for silage purposes suggest that in nutrition there is not any great differences, although corn is to be preferred where it can be plentifully and easily grown. Where this is not the case, sunflowers are an excellent substitute.

The many friends of Mrs. J. B. Legere will be pleased to hear that she is improving nicely after her operation at the Hotel Dieu Hospital here.

R. P. Deane, C. E. is spending the week-end at his home at Fredericton. He will return Tuesday morning.

A profusion of snowballs, carnations, roses and pansies were used in the decoration of the home of Mrs. Chas. Goss in the afternoon of Wednesday, June 22nd, when her daughter-in-law, Mrs. John F. Goss, held her post-nuptial reception. The young bride, who gave her guests a charming welcome, looked really lovely in a gown of rose satin and gold lace, with a corsage bouquet of white carnations. She was assisted in her duties by Mrs. Chas. Goss, who wore a gown of black satin, with a bouquet of pink roses. A very dainty little lady in the person of Miss Eva McClinton was on duty at the door and Miss Edith G. Dennison and Miss Irene Murray assisted. The daintily appointed tea table was presided over by Mrs. William Currie, wearing black satin, who poured tea and Mrs. P. E. Shepherd, who was becomingly gowned in flowered voile, cut the ices. Mrs. H. R. Humphrey, Miss Helen Crockett and Miss Dorothy Duncan assisted in the dining room. Miss Gladys Kean presided at the piano very acceptably. The rooms were thronged with callers throughout the afternoon.

LT. Col. M. C. Gillin of Halifax, was in town this week the guest of his sister Mrs. J. Leonard DeGrace. Col. Gillin has just returned from a two months trip to England and France. 9,178 SETTLERS VIA C.P. FLEET

English Settlers Brought \$175,000 Here to Buy Land

Despite the strengthening of restrictions against fresh immigration into this country, and the continuation of the ruling that all new settlers must show \$250 in cash and their railway fare to their destination before being admitted into the Dominion, these new settlers continue to arrive in large and increasing numbers.

During the months of January, February and March no less than 9,187 new colonists entered St. John via the Canadian Pacific vessels alone, being 1,450 in January, 2,045 in February and 5,692 in March. These numbers would have been considerably larger, so the shipping men aver, if the \$250 requirement had been dropped to the former \$50 rate, as it was recently thought would be done. In fact, steamship officials state that many hundred intending immigrants cancelled their bookings upon learning that the high rate was to be maintained.

In detail, the Canadian Pacific records for the three months are as follows:
During January, five of the company's steamers arrived at St. John, B. E., with a total passenger list of 3,856, of which 1,450 were new colonists for Canada and 1,807 for the United States.

In February, six steamers arrived with a total of 5,022 passengers, of which 2,045 were new colonists for Canada and 1,450 for the United States.

Nine steamers arrived in March, bringing 9,851 passengers; 5,692 being new colonists for the country and 509 for the United States.

As to the type of colonists on these incoming vessels, the case of the "Minnesota"—the last to arrive in March—might be cited as fairly representative. She brought sixty-five farmers together with their wives, ninety children and \$175,000 to invest in Canadian lands. These new settlers were personally conducted to their western destination by A. M. E. Hill of the C.P.R. Colonization and Development Department. Most of these were for the district around Thunder Bay, a flourishing town on the Alberta-Saskatchewan boundary. There were also 40 domestics bound for Regina and forty for Toronto.

From which it will be seen that this country is now in a goodly share of the sort of newcomer it most requires.

TRAIN FARES TO BE LOWER JULY 1.

Railway passenger fares in eastern Canada will be lower after July next, by about ten per cent. according to word from Ottawa, where the railway commission authorized the reduction.
