IN HOPELESS CONFUSION

Session Delayed Till March—Premier Scott to Spend Winter in Bahamas—Sessional Programme Is Not Ready.

As announced by The West last week, the winter session of the legislature has been abandoned. The house will not be called until next March after the return of Premier Scott from the Bahama Islands where he will spend the winter, the climate of this country being too severe for his health. It was intended at one time to hold an early session and let Mr. Scott get away about the New Year, but the Prince Albert elections and the chaotic state of the sessional program made a change of arrangements necessary. The routine work of the different departments is of course proceeding as usual, but in

PREMIER SCOTT
Whose Poor Health Compels him to Spend Another Winter South.

NEW SHUFFLE IN CABINET

Calgary Eye-opener Forcing Sir Frederick out of Public Life—Lemieux to succeed Laurier as Leader

Ottawa, Nov. 13.—It is reported that when Mr. Lemieux returns from Japan he will be transferred from the post office to the public works department and that there will be a big shuffle in the department. Lemieux is ambitious and anxious to gain as much experience as possible. Before leaving Canada he was offered the portfolio of public works, but declined doubtless preferring to retain his position as head of the labor department until his mission to Japan had been concluded.

It is an open secret that Lemieux aims to be considered the successor to Laurier in the leadership, which object is aided by the unpopularity of Fielding with the French Canadians in the House.

Mr. Pugsley of course is destined for the department of justice when Hon. Mr. Aylesworth resigns, though he may take over the railways and canals first, which portfolio was originally destined for him, but the appointment was so offensive to some members of the cabinet that he was given the public works instead.

Hon. Graham will get the post office and labor department. These arrangements are now made, and will be carried out, in fact, unless something unexpectedly crops up. The cabinet is also considering the successorship to Sir Frederick Borden whose formal resignation may be expected any moment. The name of Col. Talbot of Belle-Chasse is mentioned, and a shuffle may be so arranged as to admit another minister from Quebec.

FT. CHURCHILL TO FT. SIMPSON

All Rail Route Between These Ocean Ports—Trade Centres of the Future—Big Company Now at Work

It is said that a syndicate of New York and London capitalists has been organized to build a direct line between Fort Churchill, of the Hudson's Bay and Port Simpson, on the Pacific coast. The road which is announced as a certainty, will shorten the route from Liverpool to Yokohama 2,678 miles. It will be 300 miles north of any other transcontinental line and will open up one of the richest farming and mining countries in the world.

The Port Simpson and Eastern Railway Company, which is to build the road, is capitalised at \$10,000,000. David H. May, special agent of the United States department of the Interior in Alaska is secretary. He spent sixteen years in the great northwest investigating the possibilities of a railroad, and it may be said that he is the founder of the new undertaking.

"I have always believed that the plan was feasible, but I had great trouble in convincing that the western country is warm and fertile," said Mr. May recently. "The country has been little explored and most people believe it to be cold and barren. It is just the opposite. The Chinook winds sweep across the level and the Japan current makes it almost tropical. I have never seen such crops of wheat as are raised in the Northwest. The country is also rich in millions and there are millions of tons of fine asphalt."

Our road will be 1,450 miles long. We expect to run trains from Port Simpson to Fort Churchill in from thirty to thirty-five hours. We have already obtained terminal facilities at both places, and in six days expect to have surveyors at work. The road will supply an almost direct route from Liverpool to Yokohama. From Liverpool to Churchill the distance is 3,363 miles, from Churchill to Port Simpson, 1,450, and from Port Simpson to Yokohama, 4,445 miles; total 9,258 miles. Compare our route with that of other transcontinental roads: Liverpool to New York, 3,400 miles; New York to San Francisco, 3,390 miles; San Francisco to Yokohama, 5,140 miles; total 11,930 miles. It is seen that we save 2,678 miles of travel.

"I would like also to state that the Hudson's Bay is open to navigation for seven months in the year, and is not frozen over most of the time, as is believed generally. We have contracted for two steamers carrying 25,000 tons, to run from Port Simpson

(Continued on page 8.)

regard to the sessional work, the government is in a state of hopeless confusion and it will take all winter for them to catch their feet. The government has a chance to let themselves down easy on the delay by attributing it to a desire on their part to postpone the session till after the court decides the Prince Albert election, but while this may be one reason there are others.

The new legislation to be dealt with next March, the month decided upon for the House to meet, will be the municipal bill and a new election act and by that time the report of the telephone expert will not doubt be in shape for the government to take action on that question. Mr. Scott will likely present a memorial to the legislature praying the Dominion government to restore a portion of the public coal lands to the province. A government engineer is now investigating the province's coal lands not yet given away to party friends. According to Mr. Motherwell's recent announcement at Carleton Place, he may oppose any legislation on this matter, as he does not approve of the government "interfering with private interests."

J. K. Miller To Run

Saltcoats, Sask., Nov. 16.—The political parties are getting ready for the federal election. The Liberals will shortly nominate J. K. Miller, a protégé of Mr. Speaker MacNutt, as their candidate. Mr. Miller has been maintaining a somewhat independent attitude but the local government has thrown some patronage his way, and he is now an out and out party man.

Several names are mentioned in connection with the Conservative nomination, but the date of the convention has not yet been announced.

Business Changes

The business carried on in Regina by Messrs Tractsell & Clark and the H. H. Campkin Co. has been purchased by representatives of the old firm, under the new firm name of Tractsell, Price, Anderson & Co. The members of the new firm are E. M. Tractsell, senior partner in Tractsell & Clark; Jas. E. Price, formerly of the H. H. Campkin Co.; Jno. F. Anderson, formerly of Nay, Anderson & Co.; and recently Regina manager for the H. H. Campkin Co. and Jno. Lunny, formerly of Tractsell & Clark Messrs. Anderson and Lunny will have charge of the office in Regina for the present.

The new firm will handle real estate, loans and insurance, representing in the latter line a number of good companies.

SEVEN KILLED IN C.P.R. WRECK

Head-on Collision Near North Bay—Light Engine Tried to Siding Ahead of Passenger

North Bay, Nov. 15.—A terrible head-on collision occurred on the C.P.R. at 11:45 last evening, near Moorlake, and one hundred miles west of this place, when the Soo express, eastbound crashed into a light engine both running at full speed.

The latter, which was in charge of Engineer Hendrie, was trying to make Moorlake ahead of the express which was sharp on time, when the accident resulted. At least seven were killed and eleven injured.

ing him to Ottawa hospital in the baggage car. Both lost their lives in the crash. Engineer Young and Nadeau the injured fireman, were both married men living in North Bay; Young has a grown up family.

Herdlaw and Farming

(Editor, The West.) Sir,—I see in your paper a quotation from the Qu'Appelle "Progress" favoring herd law all the year which in my opinion is very injurious to permanently successful farming in this country.

It appears that in some sections of the country grain growing is exclusive, and there, when the herd law is inoperative, the farms not being fenced, neighbors stock go to the strawpiles and haystacks which are intended for winter feed. That no doubt is very annoying and it may be that an entire herd law would be more logical and practical than a partial one.

WON'T STAND FOR CASH

Liberals of Yorkton Recent Imposition of Sitting Member Who is Only a Rubber Stamp Member—Independent Man in Field

Yorkton, Sask., Nov. 13.—Dissatisfied with the recent Liberal convention here, which was unfairly called and manipulated to nominate a sitting member the sitting members, Dr. Cash, Robert Buchanan, of Buchanan, Sask., a life long Liberal and a brother-in-law of John Crawford, M.P., was unanimously nominated at a convention at Buchanan yesterday, and will run as an independent candidate in Mackenzie. Buchanan was a delegate at the recent Liberal convention, but not a candidate for nomination.

Rod and Gun

Hunting and hunting topics at present occupy the major portion of the thoughts of those who indulge in the pursuit of big game. From all reports the season promises to be one of the best of recent years, and hunters full of high anticipations have their preparations well in hand.

Additional Locals

Mr. and Mrs. W. Nuttall of Bethune were in the city this week visiting friends. The Typewriter Exchange has distributed a very beautiful calendar, the picture, "making friends" being a reproduction from life.

Gen. Manager G. J. Bury of the C.P.R. accompanied Sir William Van Horne on his recent to the city.

Jos. Killough of Pense has accepted the management of the Moose Jaw Nursery Co. He was in the city yesterday tendering with other companies for trees for the city parks.

H. J. Nosworthy, secretary treasurer of the Leader Co., has recovered sufficiently from an attack of typhoid fever to take a trip to Boston and Ontario points.

The British ensign was hoisted over the new city hall for the first time on Monday in honor of the laying of the last stone of the handsome new structure, the exterior of which is now complete.

M. H. McLeod, general manager of the C.N.R. and Supt. W. A. Brown, were in the city Monday conferring with the council regarding the spur trackage, it is believed that the C.N.R. will adopt the city's trackage system and operate it from a spur off the Prince Albert branch.

Commissioner Lawson while driving with Mrs. Lawson on Sunday met with an accident which shook them up badly. The pole of the buggy dropped and Mr. Lawson was thrown from the rig.

Ald. Cowan moved a motion in the council last evening to have the city charter amended to provide for the referendum on petition of one fourth of the ratepayers on the assessment roll. The matter was placed in the hands of a special committee.

Messrs. Trotter and Tamberger are well on with their contract on Albert street from Dewdney to South railway where they are putting in sewerage. Contractor Shannon has refused to do any more work this season with his ditching machine. The Municipal Construction Co., will do the ditching on Rae street.

Dr. D. S. Johnstone will be nominated for ward five at a meeting of the ratepayers tomorrow evening in the school house on Albert street. Dr. Johnstone gives promise of being a useful man on the council board and no doubt the precedent of last year will be followed in electing by acclamation the choice of the mass meeting.

The hospital board has notified the city council that unless the hospital is taken over before Dec. 1st they would tender their resignations. The trouble is that the transfer is not legal until sanctioned by an act of the legislature, and the House will not meet till March. The city solicitor has been asked his advice.

The funeral of E. S. Forsey took place to the depot Monday evening when the body was sent east for interment. The deceased did not regain consciousness after meeting with an accident near the industrial farm about a week ago. He and a friend were riding horse back around a stack and were playfully maneuvering at a smart gallop when the two horses met, both falling with their riders. Mr. Forsey was picked up unconscious and was taken to Mr. Haslam's farm. An autopsy by Drs. Charlton and Thomson revealed a concussion at the base of the brain. Mr. Forsey was a very popular young business man and was recently appointed branch manager to locate at Saskatoon. He was an officer in the 16th C.M.R.'s and was promoted to lieutenant recently. The funeral was headed by the 16th under the command of Major Whitmore. The remains were accompanied east by Mrs. Ellis, an aunt of deceased. The Kenmare boys and other friends were in the funeral procession. A short service was conducted by Rev. E. A. Henry.

Two Winners

Only two Conservative candidates have been nominated in this province so far for the federal election but they are both winners.

In Souris C. C. Smith of Carnduff will defeat J. G. Turiff. He is a man who is highly respected and is well known in the constituency.

Looking at the situation in these two constituencies from every standpoint, there is no doubt whatever, that the Conservative candidates will win out.

Tariff Record

It is side-splitting comedy to read the Liberal press comments now coming out on the Canadian tariff question.

In the face of the enormous revenue tax of over a hundred millions, this cry, however, is being raised as a

huge joke, but the government expects to take it through and the Liberal press is already preparing the public mind for a revival of the tariff issue.

The farmers must know that the great political ideal of the Manufacturers' Association today is Sir Wilfrid Laurier. It is to keep him in power that men like Senator Lyman Jones of the Massey-Harris Co., has organized a political machine inside the manufacturers' association.

When the western Conservative members at the last session moved a tariff amendment proposing a ten cent rate on agricultural implements, how did the Liberal members vote?

After Brown

A fair indication of the temper of the people toward the peregrinating politician, was the reception given by the convention to a "feeler" in behalf of J. T. Brown.

being interpreted meaneth that Brown's goose was cooked. The above editorial comment from the Estevan Mercury shows that the Liberals are after J. T. Brown, M.L.A., in more ways than one.

Mr. Brown is at present traveling in the south with his wife for her health and he is therefore not conspicuous of the renewal of attack upon him by a section of the Liberal party but he must have changed greatly if he cares at all what they say.

One feature of the Brown incident is the fact that it was started by Mr. Scott and his colleagues and was afterwards taken up by the rank and file. At Ottawa the leaders saw Brown not only leaving the party in the provincial field but also being driven out of the federal party and when they called Walter Scott and his paper off, those whom Mr. Scott calls the "Yokels" got beyond control and they are throwing mud at Mr. Brown still.

Editorial Notes

Geo. E. Foster has been freely quoted by the government press on the Japanese question in British Columbia, as if he were the leader of the Conservative party.

The Free Press says: The old conception of a party newspaper as the paid, kept official organ of the party's news has all but disappeared.

PRESS COMMENTS

(Toronto News.)

There is nothing in the contention that Mr. Borden appeals to the prejudices and the mercenary instincts of the western provinces. Mr. Borden is not in office. He can give neither lands, subsidies or public buildings.

(Toronto Telegram)

Canada's national finance is one contributing cause to the temporary stringency. Canada has been extravagant in her expenditures at Ottawa.

But the statesmanship of Mr. Fielding should have drawn the means of national extravagance from outside the country. A timely importation of capital would have prevented the Canadian government from being extravagant with Canadian funds that are needed in the ordinary commercial, industrial and agricultural business of the country.

When the stomach, heart or kidney nerves get weak, then these organs always fail. Don't drug the stomach nor stimulate the heart or kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative.

RECORD LOW GRAIN RATES

More Bottoms Available Than Ever Before—15 Vessels in Sight—Money Causes Delay

Winnipeg, Nov. 16.—The record low prices for the shipping of grains from Port Arthur and Port William were offered on the grain exchange here yesterday. The price of one and a quarter cents per bushel was made and exporters are so handicapped by their inability to secure credit that even at these prices there were no takers. The ordinary rate at this time of the year is from two and a half to three cents, so that the rate quoted is almost unheard of. Vessel owners, however, quote this price, in order to secure ballast for the trip down the lakes. Fred P. Belcher, vessel and insurance agent, said last night that he could secure sufficient tonnage in one afternoon to move the entire stock of grain at Port William and Port Arthur 15 vessels being available. Why present high prices are not favorable to export as loads can be worked for Liverpool with considerable more profit from Duluth, the local grain men are generally of the opinion that the relief offered by the Dominion government of \$10,000,000 from the federal reserve, will have a marked effect next week in stimulating the movement of grain through the lake ports.

The local financial stringency has led to much delay in commercial settlements and collections are reported about a month behind last year. Payments, however, are being gradually met and there is every indication that the commercial situation all the west will improve from now on.

MILLIONS FOR WHEAT

United States Government Finds Way out of Difficulty --- Canadian Government Tries a Scheme Also

Washington, Nov. 18.—Secretary Cortelyou last night made an important announcement that as a means of affording relief to the financial situation the treasury would issue fifty million dollars in Panama bonds, and one million of certificates of indebtedness, or as much thereof as may be necessary. Certificates will run for one year and bear three per cent interest. The secretary's action in coming to the relief of the financial situation, meets with president Roosevelt's hearty approval, and the plan is the outcome of several important Whitehouse conferences. Secretary Cortelyou says that the Panama bonds will afford a most substantial relief as the law provides that they may be used as a basis for additional national bond circulation. He also states that the proceeds of the sale of certificates can be made directly available at points where the need is most urgent and especially for the movement of the crops which he says "if properly accelerated will give the greatest relief and result in the most immediate financial returns."

Supply of Gold Comes
New York, Nov. 18.—The gold supply here has increased by more than \$11,500,000 by further importations reaching here on Saturday. The steamer Kaiser Wilhelm II of the North German Lloyd line, which arrived from Bremen, brought three million dollars in eagles and double eagles, while the Cunard liner, Caroni, from Liverpool brought specie to the amount of \$3,600,000.

The Canadian Grant
Winnipeg, Nov. 18.—Up to noon today the banks here in response to enquiries say they have heard nothing of the \$10,000,000 loan advanced them by the Dominion government for the purpose of expediting the marketing of grain at western points. One banker said that the trouble appeared to be that the federal treasury department was not prepared to make such a loan to banking institutions without the usual security, such as bond deposits, and it now appears that the government, however willing, has not the necessary power to make the advance. If this is correct it will be a severe blow for the western financial situation as much had been expected from the promised federal assistance.

The absence of money is said by prominent grain men to be the sole cause of the extraordinary dullness of the grain cash markets and he added that it was a pity that the Ottawa government had not the same powers as the United States treasury to relieve such a situation as the present.

High Interest
Toronto, Nov. 18.—It is understood that the general managers of the Canadian chartered banks have received a communication from a committee presumably asked to act by the financial department at Ottawa respecting the movement of the western crop. The communication is to the effect

that the government will place deposits with the banks doing grain business at the rate of four per cent for the first two months and six per cent for the next two months and seven per cent for the third two months. The object of advancing the interest to six per cent at the end of two months is to secure a return of the funds to the government as soon as possible. The committee consists of E. S. Clouston, general manager of the Bank of Montreal; George Hague, late general manager of the Merchants' Bank, and W. L. Courtney, late deputy general for the Dominion government. When making applications for deposits from the Dominion government the banks are asked to state the nature of the deposit they are putting up.

Terms Prohibitive
Winnipeg, Nov. 18.—When the above dispatch was shown to some local bankers this morning, they said they had not received any advices such as it contained. Several said that the terms were prohibitive.

New Paper For Weyburn
Weyburn, Nov. 18.—This town has now two papers, the Herald and the Tribune. The latter is of political birth and is fathered by J. G. Turiff the Liberal candidate in this constituency. W. C. Parsons will conduct the new journal. He has been running a job office here for a few months.

duct the new journal. He has been running a job office here for a few months.

Indigestion

Stomach trouble is but a symptom of, and not a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—namely, indigestion. It was this fact that first correctly led Dr. Shoop to the creation of that now very popular stomach and nerve restorative, Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, head aches and all other ailments, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Dr. Shoop's Restorative

Canada Drug and Book Co., Limited.

Local and General

C. H. Gordon & Co., have been awarded the contract to supply overcoats for the city police.

Those having hides they wished tanned are requested to read the advertisement of the Prince Albert Tannery which appears in this issue.

Knox Church Girls' Guild held a very successful concert and social in the basement of the church last Friday evening. There was a large attendance and their treasury was strengthened to a considerable extent.

Geo. Bennett, who was at one time cashier in the Bank of Montreal here, was in the city last week for several days. He has been promoted and is now one of the inspectors of the bank.

The West is glad to be able to report that J. H. Spooner, the popular agent of the Dominion Express Co., at Regina, who has been seriously ill with rheumatism and other complications, is improving. It will be some time, however, before he will be able to attend to his duties with the express company.

The body of the late Mrs. Christian Meyers was brought from the Brandon asylum Sunday and interred here yesterday. Deceased became mentally deranged about three months ago and was sent to the Brandon institution where she died. She leaves a husband and family. Wright Bros. had charge of the funeral arrangements.

Charles Edwards rancher of Findlater was in the city yesterday. Mr. Edwards and his boys have about two hundred head of horses out in the valley and this is probably the finest bunch outside the ranges. A few years ago that country was one immense pasture field but the settlers are gathering around and they form such a cordon around the stock raisers that ranching will have to be abandoned in a few years.

The death of Jos. Brain, occurred at the Victoria hospital Monday. He had been suffering from tuberculosis. Deceased had been in the employ of the Regina Storage and Forwarding Co., as warehouseman for three years, and was highly respected by the management and other members of the staff who looked after him attentively during his illness. The young man was an Englishman and a very industrious north end citizen. The funeral arrangements were in charge of Speers, Marshall & Boyd, and interment took place yesterday afternoon the Forwarding Staff and management attending, the funeral being conducted under their auspices.

Rev. G. Harmon Jones who for three years was pastor of the Baptist church at Petrolia, Ont., and resigned to take charge of the first Baptist church, Regina, was tendered a farewell function at his old home on Wednesday last when all the other ministers of the town assembled to bid him good-bye and wish him God speed. In commenting on the event, the Petrolia Topic says: "The ministers of the town were present, and each and all spoke in terms of praise of Mr. Jones as to his ability, and of their pleasant relationships with him during his pastorate here. All bade him God speed. Rev. R. D. Hamilton of the Methodist church, spoke eloquently of the great demand for the labors of such men as Mr. Jones, especially in the northwest. Rev. G. W. Arnold, of the Presbyterian church, formerly of Portage la Prairie spoke from his own experiences of the northwest as to what Mr. Jones would find awaiting his arrival at Regina, in the optimism of the people."

The last stone, a heavy pillar at the Rose street entrance of the city hall, was laid on Monday afternoon by his worship the mayor in the presence of the members of the city council, the contractors and a few spectators. His worship spoke briefly after laying down the trowel and referred to the speedy completion of the handsome civic pile. He paid an emphatic tribute to the contractors, Messrs. Smith Bros. & Wilson, who

had been so satisfactory in their business dealings with the council. Ex-Mayor McArr, Ald. Wilkinson and Ald. Cowan, and W. Smith, contractor also spoke, and the ceremony closed with a few remarks from J. Kelso Hunter, city clerk, who invited the city council, the contractors, the architect the board of trade officials and the press to the parlor of the Wascana hotel where cake and wine were served in honor of Mr. Hunter having that day attained his fifty-first birthday. The guests drank the health of the city clerk, which was proposed by Ald. Wilkinson. The host was the recipient of many compliments from the various speakers, who wished him many such happy birthdays.

Sir William C. Van Horne was in the city Monday afternoon and was met by a civic deputation headed by His Worship, the Mayor. The railway magistrate was taken around the city in a motor car from which he viewed the civic improvements which he admired very much. He expressed his satisfaction on the realization of what, he, in the early days, hoped the city would be at some future time. With Ex-Lieut.-Gov. Dewdney he selected the site and they were severely criticised at the time, but Regina of today has met the full expectations of its founders. Accompanying Sir William were several well known financiers including H. J. Whigham, New York; W. K. Whigham, London, Eng.; A. Cappel, of the firm of Maitland, Capelle & Co., New York, and also W. F. Lynohi Sir William's private secretary. The civic deputation consisted of Mayor Smith, Ald. Gillespie, Wilkinson and Cowan, the city clerk, Major A. E. Whitmore, and P. Cooper, president of the board of trade. The party spent a short time at the King's hotel, where Sir William complimented the manager, Mr. Lewis on his fine hostelry.

Moore-Stacey

The marriage ceremony of Mr. R. Marshall Moore, eldest son of Mr. R. H. Moore, of Richardson, and Miss Lizzie Stacey, of Regina, was celebrated by Rev. E. A. Henry, last Wednesday afternoon at three o'clock at the residence of Mr. Clarence Coyle, Cornwall street, Regina.

During the service the bride, who was handsomely gowned in brown silk adorned with lovely white flowers, was attended by her sister, Miss J. Stacey. S. J. Moore, brother of the groom, acted as best man. The bridal party entered the parlor to the strains of the wedding march played by Miss Peoples.

After the service and the usual congratulations to the bride and groom, the wedding party, which consisted of relatives and immediate friends, adjourned to the dining room where a sumptuous wedding dinner was served. The short period between dinner and train time was spent in a very sociable manner. The carriage to

convey the happy couple to the train arrived all too soon, and amid the showers of rice and good wishes the bride and groom boarded the east-bound train on their honeymoon tour. The contracting parties were the recipients of a large number of very costly and beautiful presents. Upon their return, Mr. and Mrs. Moore will take up their residence at Richardson, where the groom has three quarter sections of land upon which he erected this summer one of the most handsome brick houses in this part of the province. The West joins with the rest in extending congratulations and good wishes to Mr. and Mrs. Moore.

FEDERAL BUSINESS COLLEGE Bank of Ottawa Bldg., Regina

One month's salary pays the entire cost

It is not necessary, nor is it wise for young people to spend years of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may prepare in a few months. The majority of our graduates receive as much for their college fees. Our courses form a short cut to business success. During the last six months the Regina Federal Business College has placed more than sixty students in excellent situations; with initial salaries ranging from \$50 to \$60 per month. Every capable student is guaranteed a good situation upon graduation. The Federal Schools are open the year round and students may enter for instruction at any time. Free catalogue. Write today
