FARM WITH HISTORY AT CHARLESTON HAS **NOW CHANGED HANDS**

Been in Johnston Family Since the Year 1800.

BOUGHT BY SOPERTON MEN

Visited by the Then Governor of Upper Canada in the Year 1832.

ens, has disposed of his splendid farm at Charleston lake to John William on & Sons, of Soperton.

This is one of the finest dairy farms in the county, being well watered, hav-ing modern outbuildings and capable

of carrying a large stock.
It is one of the oldest settled farms in the district, having been purchased from the Crown about the year 1800 by the late Captain John Johnston, ho came from Ireland at that time. He and his five sons did the pioneer work on this land and farmily records show that many times members of the family walked bare-footed to Brockville, twenty miles distant, to purchase supplies which could not be obtained In 1832 the farm had the distinction

of bieng visited by the then Governor of Upper Canada who, with his aide-decamp, called at the pioneer log cabin. and not caring to dismount, partook from horse-back of such hospitality as

the home offered.
Upon the death of Captain Johnston, his eldest son, the late Henry Johnston, fell heir to the property and on the event of the latter's death in 1892. A. W. Johnston became possessor of

Mr. Johnston had no intention of ever selling the property assuming that in time it would pass to his only son, H. Hibbert Johnston, who after overseas service, chose a college course, thus making the fourth generation of ownership in the same name. unfortunately, on the night of October 30 last, fire completely gutted the fine old stone house which had stood the battle and the breeze for nearly a century and, with the destruction of the old home, went all sentiment of keeping the property longer.

The new owners already operate a large farm at Soperton and it is their intention to heavily stock their newly-purchased farm with high grade cattle and in the early spring to erect on

ne old site a modern dwelling.

Mr. Johnston's old friends and neighbors at Charleston Lake wish the new proprietors of the Johnston farm every success and sincerely trust they may prove themselves to be men of the community as Mr. Johnston was.

SOPERTON

confined to her home for the past week with an attack of tonsolitis. Mrs. W. Payne and baby, Murray, are visiting her parents, Rev. J. Holt and Mrs. Murray.

Leonard Morris, Elgin, spent the week-end at his home here.

Mrs. Soper is ill at the home of her grand-daughter, Mrs. W. W. Phelps.

ELGIN

Elgin, Feb. 20.—The Grim Reaper again visited this locality in the early hours of Sunday morning and claimed Mrs. John Dancy. Deceased had been in failing health for the past few years ,but was still able to be around most of the time. Some five weeks ago she contracted a cold which gradually weakened her condition beyond human indurance. She was about 63 years of age.

Mrs. Dancy was a person endowed with true Christian spirit and bore her sufferings with submission and fortitude. Being of a peaceful, unobtrusive disposition, she won many friends, all of whom will hear deep regret of her passing. Before marriage she was Miss Eutarpy Coon, and she had always resided in and and sne had always resided in and around Elgin. In religion she was a Methodist and took an interest in all Sheldon's Corners, Feb. 20.—A number from here attended the hockey match between Delta and Athens at Delta on Saturday.

Herbert Stephenson, who has been local pastor, Rev. W. T. Keough, is indisposed with illness. Besides her aged husband are left to mourn one daughter, Mrs. A. F. Hagerman, Peterboro, and one son, Joseph, on the

was put on by the gentlemen, including quartettes, impromptu speeches, etc., and a very interesting address by John Pinkerton, telling of his trip to South Africa, the manners and customs of the inhabitants and many other features of importance. A hearty vote of thanks was accorded the vote of thanks was accorded the speaker of the evening, after which the happy gathering was brought to a

Miss Annie Halliday was able last week to return home from the Brock-ville General hospital, where she had een a patient for several weeks.

Mrs. William Gilbert and Master Roland have returned to their home in Victoria, also Mrs. J. Bath to her home in Montreal, and Miss Jennie Kirst to her position in Hamilton, all having spent some time here during the caring for and demise of their mother. Mrs. M. Kirst mother, Mrs. M. Kirst.

Lorne Morris is visiting friends in cott to Mallorytown. Mrs. William L. Kelly is spending a few weeks with her sister, Mrs. R. Hanna, at Belleville.

Rev. W. T. Keough is quite ill with influenza. G. F. Warren very ably took his place on Sunday last. Mr. Tooke is the guest of Mrs. R.

Powell. A great many from this locality went to Delta on Friday evening last to attend the play, which they all con-sidered very worthy of note.

if it is more convenient to milk at other hours, system and regularity

should be practiced. get ready. The stable should be clean and free from odor and dust. Loose particles of dirt should be carefully brushed from the udder and flanks with a clean dry cloth. It has been my experience that cows properly stabled will seldom have their udders and rear parts soiled, and washing is not necessary unless strictly high

quality of milk is being produced.

Quietness about the stable at milking time is essential in getting all the milk and butter-fat cows will produce. Loud talking, abusive language will cut production. The process of giving down milk is largely controlled by the nervous system and any local excitement during milking is apt to effect the milk yield. While milking at Forest Grove Farm we talk in a normal tone of voice and work among the cows in a gentle way.

No two milkers milk just alike, therefore the same milkers should milk the same cows regularly. Cows are creatures of habit and quickly notice change in management. Fast milking is more acceptable to the cow than slow milking. If a cow takes kindly to the milker and the milking is done in a business-like manner the milk secreting system will develop to maximum milking capacity.

Milking cows dry is essential. When nilk is left in the udder after each milking, the glands will gradually slow up on secreting milk and ultimately the cow will dry up. I find that it pays to spend a few extra minutes

stripping the udder to make certain that all the milk has, been extracted.

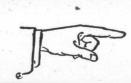

When milking I milk the front two quarters first, extracting about half the amount, then milk the rear quar-ters in the same manner. I do not know as this has any particular influ-ence upon milk production, but I do know that the cow milks much better and gives down her milk more freely. Part of the year I use a milking machine. The machine is very satisfac tory. Leo C. Reynolds.

HEALTH FOR WEAK **DESPONDENT PEOPLE**

From End to End of Canada Dr. Williams' Pink Pills Doing Good Work.

There is not a nook or corner in Canada, in the cities, towns, villages and on the farms, where Dr. Williams' Pink Pills have not been used and from one end of the country to the other people sound their praise. You have only to ask your neighbors and they can tell you of some run down man, suffering woman, ailing youth or unhappy anaemic girl who owes their present health and strength to Dr. Williams' Pink Pills. The success of this medicine is due to the fact that it acts directly upon the blood, making it rich and pure, and thus brings new strength to every organ and nerve in the body. Mr. Andrew F. Webb. Melanson, N.S., tells what Dr. Williams' Pink Pills have done for him as follows:--"I was in a run down condition from overwork and what the doctor called a nervous breakdown. My sis- and first prizes in two rowed barley Pills. After taking several boxes I improved wonderfully and feel like different person. I steep well, ear well and my nerves are stronger and with confidence I can recommend these pills to all weak, run down people.

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Wil-Hams' Pink Pills now, and note how your strength and health will improve.

Banff-Windermere Road Opens in June.

The Minister of the Interior has set Windermere motor highway through the Canadian Rockies for traffic for Saturday, June 30: The official ceremony will take place about noon at Vermilien Crossing, a point midway between Banff, Alberta, and Winder-mere, British Columbia, It is proposed that motorists from the east of Banff end of the road and from the west or Windermere end should leave their respective points early enough in the morning of that date to meet at the Crossing at noon in time for the cere-

The new highway, which forms the connecting link in the \$,000 mile "Grand Circle Tour," through Western Canada and the United States, was completed last fall and the engineers expect that by the end of June everything will be in readiness for the opening and the summer traffic

The new road is built through the heart of some of the finest scenery in the Rockies, seventy three miles of it being through virgin mountain and forest country where many of the peaks as yet bear no name. One of it crosses two mountain passes. The —its streets are lined with mahogany main range of the Rocky Mountains is shade trees. For the trees in one block, children love its "fruity" taste, and rawersed via the Vermillon pass at an a lumber firm offered \$50,000, but the altitude of \$,600 feet and later the residents declined to sell. road is carried over the Brisco range through the Sinclair pass at an elevation of 4.950 feet. The grades, how-

Canadian Seed Grain Best on the Continent.

Farmers living in the Prairie Provinces have for so many years carried off the first prizes for wheat and oats at the great international seed grain exhibition held in Chicago that Canadians have come to accept this as a matter of course, without realizing what it means as a testimony to this natural resource—the high quality of our grain for seed purposes

The results at the exhibition held during the present winter show that Canada not only maintains but is steadily increasing her lead in this re-The list of grains in which spect. Canada is pre-eminent is no longer confined to wheat and oats, but includes barley, rye, pears, and alfalfa seed. The following figures from the records of the Canadian Seed Growers Association show how western Canada fared in the judging in large fields of contestants representing the whole continent: Hard red spring wheat, 19 prizes out of 25; white oats, 24 prizes out of 35; field peas, 4 prizes out of 5. All Canadian contestants won prizes in barley and alfalfa seed. The list of top prizes includes the following: the grand championship in wheat and oats ter urged me to try Dr. Williams' Pink fall rye, and field peas. The second prize was obtained for alfalfa seed

These prize grains were not grown in small garden plots but each sample represents hundreds or thousands of bushels in the hands of the prize winner, and in most cases thousands of bushels more of seed almost as good

winners. These results are causing alert farmers all over the continent to see that, You can get these pills through any as in Europe, so in America, they must dealer in medicine, or they will be look to northern grown seed to insent by mail, post paid, at 50 cents a crease the quantity and quality of their box or six boxes for \$2.50 from The crops. Naturally, too, farmers are Dr. Williams' Medicine Co.. Brockville, looking toward the provinces and the districts which produce such high class seed as destrable places in which to locate.

STORMY WEATHER HARD ON BABY

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house.

to pay funeral honors to one of their number, "Fanny," a rare personality who for thirty years had offered her blooms daily under the shadow of St. Paul's Cathedral. In the days when royalty went to St. Clement's it was always "Fanny" who made the prepresent vicar of the church, who for years has been the patroness of the flower girls, made all arrangements for her funeral and paid public tribute to Fanny's staunch and helpful charac-

When the funeral service was concluded the procession of 500 flower girls followed the coffin from the church along Fleet Street and past Fanny's pitch on Ludgate Hill. It was the first time within memory of those who looked on that such a funeral had been seen in bustling Fleet Street and under a heavy London fog it was like a darkened picture from Victorian

Visit Barrooms

The favorite pitches of the remaining flower girls (they are all called girls, although most of them are rather aged widows) are at Charing Cross and Piccadilly Circus, where they offer their blooms to the thousands who daily pass those thoroughfares. Occasionally they leave their pitches to "do the pubs," where they dispose of their wares to bar patrons deep in settling such questions as the French occupation of the Ruhr and the ultimate place of Mr. Gladstone in the history of British statecraft.

But these days all the "girls" com-In black plain about hard times. shawls and black straw hats they are at Covert Garden long before daylight to fill their baskets and it's a good week when their sales total thirty shillings. In all kinds of fog, wind and

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish bilicus, constipated or full of cold, fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting

the child. when ordering goods by mail send aver, are easy, the average being 3 per cent. A grade of 9 per cent is the maximum and this occurs only at one point over a stretch of about 400 feet.

Minard's Liniment for sale everywhere spend your spare time?

When ordering goods by mail send to child.

Tell your druggist on want only the genuine "California Fig Syrup" which has directions for wables and children of all ages printed on bottle. Mother, ing equals 25,550 hours. How do you must say "California." Refuse any

rain they stand in their accustomed pitches and in soft-toned not unmust cal voices cry their wares: vi'lets, lovely vi'lets."

But as a joliy-faced woman in Piccadilly Circus explained, "Trade's bad; people haven't got the money. There is only twopence to be made on a shilling's worth of violets these days. It was sixpence before the war. Flowers is terrible dear."

Monument and Tablet for Fort Moncton.

The historic site of Fort Moncton at the mouth of the Gaspereau river, near Port Elgin, N.B., known before the year 1755 as Fort Gaspereau, and the strongholds of French Acadia, is to be redeemed from oblivion by the erection of a monument and tablet bearing record of the historic interest of the site. The capture of Fort Gaspereau and Beausejour by the British and New England forces was the prelude to the fall of Acadia as a French colony and was immediately succeeded by the dispersal of the Acadians. Beyond a few soldiers' graves there is little now on the site of Fort Monoton to mark the momentous events of 1755. The Canadian National Parks Branch, on the recom mendation of the Historic Sites and Monuments Board, has decided to take immediate steps to place there on a permanent memorial of this ancient battle ground.

Not Getting His Money's Worth.

WILLIAMS TELLS OF WASTED CASH

Declares He Spent Hundreds But Wife Continued to Suffer Until Tanlac Ended Stomach Trouble.

"I never saw such a change as Tanlac has made in my wife and she says she is feeling like a girl of sixteen now," declared Howard Williams, a well-known shoemaker of 28 Cernwali St., Toronto, Ont., recently.

"For years she had suffered from in digestion and was so weak and rundown I often thought she would fall in her tracks. Nearly everything she ate disagreed with her and at times she was simply in agony. Her nerves were so unstrung the least little thing would worry and upset her for hours and she could scarcely get any sleep.

"Well, after spending hundreds dollars on different medicines, I didn't have much hope that Tanlae would help her, but, it's a fact, when she finished the treatment, every ailment was gone and she was eating, sleeping and feeling fine. That was several months ago and since then her health has been splendid. Hereafter we will always pin our faith to Tanlac." Tanlac is for sale by all good drug-

gists. Over 85 million bottles sold.

The word "alibi" is usually wrongly ised, as it means "elsewhere."

YOUNG DAUGHTER

Mother Tells How Her Daughter Suffered and Was Made Well by Lydia E. Pinkham's Vegetable

Vancouver, B.C.—"My daughter is young girl who has been having severe pains and weak and dizzy feelings for some time and had lost her appetite. Through an older daughter who had heard of a woman who was taking it for the same trouble, we were told of Lydia E. Pinkham's Vegetable Compound. My daughter has been taking it for several months and is quite all right now. It has done all it was represented to do and we have told a number of friends about it. I am never without a bottle of it in the house, for I myself take it for that weak, tired, worn-out feeling which sometimes comes to us all I find it is building me up and I strongly recommend it to women who are suffering as I and my daughter have."—Mrs. J. McDonald, 2947 28th Ave. East Vancouver, B. C.

From the age of twelve a girl needs all the care a thoughtful mother can give, Many a woman has suffered years of pain and misery—the victim of thought-lessness or ignorance of the mother who should have guided her during this time, If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, pervousness or irritability on the part of your daughter, make life easier for her.

Lydia E. Pinkham's ver able compound is especially adapted for such conditions. Compound

WESTPORT WINS CHAMPIONSHIP OF LEEDS COUNTY HOCKEY LEAGUE.

Quite threescore Athenians, Hockey Loyalists, were safely transferred to Westport on Saturday to witness the final game in the League play-off.

Our conveyance was modern in every particular, being electrically driven and air-cooled.

Unlike the sufferers in the Black Hole of Calcutta, we did not perish on account of the heat; but like fish, packed for shipment in cold storage, arrived at our destination in the pink of condition. We almost wished another fire to start in Westport by which we could thaw out our frozen limbs and be sure that each was stand-

ing on his personal "understanding." Through the beneficence of the citizens we were taken in, warmed and fed, and then led like fatted calves to the slaughter on the Community Rink.

Our treatment by the Westport players was both gentlemanly and cruel; gentlemanly in their manner of play, cruel in their manner of scoring. Their whole team seemed obsessed with the idea that they must have scores and they proceeded to carry that idea into effect, to such an extent that in the first twenty minutes they had deliberately scored four

On their fourth offence, our net guardian met' with an accident, but heroically stood between the posts, a target for the bullet-like drives from the attacking sharp-shooters. During the dreadful onslaught Athens had once managed to place the disc in the Westport nets, while Mulville was trying to figure who the coon coat was talking to the Westport lady.

The second period was productive of good hockey with play about even, both Mulville and Yates, who had relieved the Athens net, making some sensational saves; while in the third period, playing a four-man offence, Athens showed theid bulldog tenacity and never-say-die spirit by bottling Westport in their net, and only for the stellar work of the Westport goalkeeper would have emerged ous. A perfect hail of shots were turned aside from every angle and to him, to a great extent, can be attributed the final score, 6 to 3.

So ended the final game, as clean and as hard fought as one could wish to see.

It was not necessary to depend on officials for fair play, as both teams showed that only that brand of hockey was wanted. For both Messrs. Freman and Neal we have the utmost respect, and wish to thank them for their efficient work.

To our players, we say we are prouder of you to-day than we were before and that we will long remember your pluck fight at Westport. To the Westport team, we say we admire your good play and clean hockey and wish for you the best of luck in the

Nineteen and Twenty-three has been Westport's year. Watch us in 1924.

The Athens Reporter Standard Bank of Canada Reports Strong Position

Profits Show Increase Over Previous Year-General Business Well Maintained Throughout Country-Liquid Assets Equal to 48% of Total Liabilities to the Public.

financial statement for the year end-d January 31st, last. As was to be \$160,567 remains to be carried into expected, the report reflect the defla-tion in business which occurred during the year. The most notable feature of the year.

ing institutions in general have been are shown at \$2,462,051. operating in 1922 were not favorable to increased profits and it should be satisfying to shareholders to know shown. This is in line with all other banking institutions, who without exception, was not only able to show a slight increase in profits, but also to look the control of the contro slight increase in profits, but also to maintain their exceptionally strong liquid position.

Profits, after deducting expenses, interest accrued on deposits, rebate for interest on unmatured bills, provincial taxes, and making provision for bad and doubtful debts, amounted to \$728,074 compared with \$725,015 to \$728,074 compared with \$725,015 for 1921. With the balance forward of \$112,493 there was available for distribution the sum of \$840,567. Dividends at the rate of 14 per cent per annum and amounting to \$560,000 were paid, this compares with \$555,-115. The difference in the amount to \$500,000 the sum of \$11,502,065, or a sum of the sum of \$12,000,000 the sum of the sum of \$12,000,000 the sum of the sum of \$12,000,000 the sum of the sum were paid, this compares with \$555, 115. The difference in the amount paid is due to the fact that the bank made an increase in capital account in 1921 and the sum of \$555,115 is representative of the dividend on the average paid-up capital for the year. The sum of \$40,000 was paid to the Government for war tax on circulation. \$55,000 was reserved for Dom-ruary 28th.

Increased profits are reported by inion Income Tax, this is an increase the Standard Bank of Canada in their of \$35,000 over 1921; \$25,000 was con-

the year. The most notable feature of the statement is the strong liquid position in which the bank finds itself at the end of the year. Cash assets are equal to 17.9 per cent and liquid assets are the equivalent of 48.1 per cent of the total liabilities to the public. Total assets of over \$78,000,000 deposit central gold reserve, total are also shown, including a reserve fund of \$5,000,000, or \$1,000,000 in excess of the outstanding capital.

The balance sheet shows total assets shows total assets including \$1,769,469 current coin held by the bank; \$9,222,301 Dominion notes held and \$1,000,000 deposit central gold reserve, total \$11,991,770 as against \$13,279,863. Liquid assets total \$32,107,431 and compare with \$35,871,868. Dominion and Provincial Government securities

loans due to the curtailment of business activities. The activity of the stock markets, however, is reflected by an increase in call and short loans at \$3,376,097, as against \$2,809,230. There is also an item of call and short loans elsewhere than in Canada of \$700,000 that did not appear in the previous statement and which indi-cates a broadening out of the bank's

Seeley's Bay

Seeley's Bay, Feb. 14.-The Oddfellows lodge installed a radio equipment in their hall last week. It is one of the best that could be procured and vision engineer, same road at Schreiis giving satisfaction.

A good many people here and in this vicinity are very ill with influenza and bad colds.

Ed. Nicholson, of the telephone central, is very ill with influenza.

On account of the storm on Wed- C.N.R, trains, nesday and the roads being badly drifted with snow, there was no mail received here.

Miss Vina Leadbeater is rapidly regaining her usual health.

Thomas Grey has secured a license o sell cigarettes.

Roy Hartley has placed in position radio equipment which he built himelf and which works splendidly.

A large quantity of wood is being prought into the village this winter, the most in years.

Here and There

GLASGOW, Scotland. — The Glassow Herald says: An agreement has been made between the Government of the Province of Ontario and the Overseas Settlement Committee for the acceptance by Ontario of a certain number of British settlers. The majority will consist of unmarried men, but there will also be a limited number of married men and of youths and girls over 16 years of age. Of the married men, about 200 have already been accepted by the Ontario authorities in London from applicants now dwelling in the Hebrides, where agents on behalf of the Province have been carrying on a special canvass for some time past. The agents are also endeafouring to select from the same islands a number of female farm workers, and there is a proposal that a special slop shalf be chartered to sail from the North of Scotland to convey these settlers in a body.

MEDICINE HAT, Alta. — The Moose Hall was recently the scene of what is probably the most important rallway function in the history of Medicine Hat. The occasion was a banquet and presentation in honor of Henry Hardy, J. F. Fisher and Thos. Penhale, all engineers in the Canadian Pacific Railway service who have recently retired. There were more than 200 guests. A considerable number of the guests were from other railway centres throughbanquet and presentation in honor from other railway centres throughout Canada

CALGARY, Alta.—Belseker, a town on the C. P. R. and G. T. P., about 35 miles northeast of Calgary as the crow flies, is in the grip of an incipient silver boom. On seturday and Sunday men from the level district and from points afield there the news spread with the usual rapidity of such tidings, staked out claims covering several sections about four miles east of the town. These were registered at the federal land office in Calgary.

No assay has yet been made of the ore, but those interested in the pro-

ore, but those interested in the pro-perty are sending a sample to Ed-monton. It may be necessary to perty are sending a sample to Edmonton. It may be necessary to bore another test hole, the finders say, before sufficient ore can be obtained to get a reliable assay. The original find was made by crews drilling for water and much of the first ore taken out has been given away as samples. The first find was made about three meaths ago

was made about three months ago.

CALGARY, Alta.—"We cannot expect to recover in a year or so from the effects of abnormal circum-stances the whole country has been suffering from," remarked W. B. Lanigan, of Montreal, treight traffic manager of the Canadian Pacific, in the course of an interview with The the course of an interview with The Herald, in Calgary, "but I am safe in making this prophesy that this year will witness throughout Canada a revival of industry and agriculture, and that by 1924, the city of Calgary and the country tributary to it, as well as the rest of Canada are going to enjoy a return of their former

and the country tributary to it, as well as the rest of Canada are going to enjoy a return of their former prosperity."

It was in these words that the freight traffic manager of the great transportation company replied to the question as to how he viewed present conditions. "No matter what pessimists may say," he continued, "the resources of this country in minerals and in the fertility of its soil has not been appreciably touched and it has been inadequately advertised. The Province of Alberta, with its agricultural possibilities, its wealth of coal, and in my opinion, the waterpower of its a cams and hills need only population to bring these possibilities into wealth. How any person can survey an these natural conditions and still remain a pessimist, is something I cannot understand."

BEOCKVILLE, Ontario. - Several retirements on pension are announced on the Canadian Pacific Railway in

this vicinity.

James Jelly, read master for the rallway at Carleton Place for nany years and a native of Leeds county, is retired on pension upon reaching the age limit. He entered the rail-way service as a youth and has seen way service as a youn and has seen the railway grow from small begin-nings into the present great system. James Milliken, section foreman for the C.P.R. at Carleton Place, is also superannuated. For some years he was on duty on the Montreal-Toronto mainline and a number of years ago was tran-ferred to Carle-

ton Place.

Railway News

Hardisty, Alta.—Work has just been completed on the C.P.R. bridge, Hardisty, after a great deal of labor has been spent on it.

The trestle was begun in 1906, when the railway came to Hardisty, and trains ran over in 1908. The trestle is 2,714 ft. long, 70 ft. high, and has in it 1,800,000 ft. board measure of lumber, as well as 27,000 ft. of piling. It is estimated that it has taken 800,000 tons of material to make the fill.

The present bridge presents a safe and perfect means of transit.

St. John, N.B.—Five members of the Baseball Writers' Association of the Baseball Writers' Association of the United States arrived in St. John from Montreal. They were Fred Lieb of the New York Evening Telegram, who is president of the Writers' Associatio; Sid Mercer of the New York Evening Journal; Irvin Vaughan of the Chicago Tribune; Denman Thompson of the Washington Star, and Ed. Ballinger of the Pittsburg Post. They left on the S.S. Aranmore for Digby, en route to the Kegemakoogee district where they will hunt big game. The party are the guests of the C.P.R. The trip was arranged by Joe Page, baseball writer and sport enthusiast, who is a special representative of the C.P.R. He met the majority of the writers in New York and accompanied them to Montreal, Quebec and as far as this city.

The visitors were met at the station by G. Bruce Rurner district

The visitors were met at the sta-tion by G. Bruce Burpee, district passenger agent of the C.P.R., and C. B. Allan, secretary of the New Brunswick Tourist and Resources Association, and driven to the Royal Hotel.

Montreal—A press dispatch from Calgary crediting to the secretary of the Federated Shop Trades there a statement to the effect that the C.P.R. and certain other railways had knowledge of the conciliation board's award some days before it was filed with the department of labor and in consequence thereof had paid the reduced rates of wages as set by the conciliation board, prior to the announcement of the award by the department of labor, was brought to the attention of George Hodge, as stant general manager of the C.P.R., Eastern lines, who conducted the case for the railways before the board of conciliation and investigation.

Mr. Hodge denied most emphatically the correctness of the statement. He said further that as far as the C.P.R. was concerned it had no knowledge of the report until it was received at the company's offices on September 4, and that instructions to restore rates of pay which had previously been put into effect as from July 16, were issued under date of September 5, making the reduced rates effective as from August 16.

Moose Jaw—"One hundred per

Moose Jaw—"One hundred per cent more grain has been handled by the Canadian Pacific Railway up to the middle of October this year, than ever before for the same period. That will give you an idea of the way the grain is being taken out of the country," said Mr. Chas Murphy, general manager of Western Lines of the Canadian Pacific Railway.

Murphy, general manager of Western Lines of the Canadian Pacific Railway.

He expressed himself very well pleased with the movement of the crop throughout the whole West. When asked as to the possibility of a grain blockade, Mr. Murphy stated that the Canadian Pacific was accepting all grain that was being offered. He pointed out that on one day over four million bushels had been taken out of Fort William and Port Arthur. Mr. Murphy pointed out that there was difficulty in getting bottoms on the lakes to take the grain out, but the elevators were far from being full, and the Canadian Pacific still had the big Transcona elevator empty.

Already Mr. Murphy stated there was a large-quantity of grain being

Already Mr. Murphy stated there was a large quantity of grain being shipped out from the head of the lakes by the all rail route. He declared that he could see no grain blockade in sight.

Mr. Murphy pointed out that the Canadian Pacific had moved 14,000 cars off the Saskatchewan division of the railway. This was five thousand more cars of Saskatchewan wheat than had been moved in the same period in any year.

He also pointed out that even with the unprecedented grain movement the Canadian Pacific was moving from 250 to 275 carloads per day from the Western coal mines. "There was thirteen thousand tons moved yesterday," he declared. I was here three weeks or a month ago and at that time I stated we were moving 250 to 275 cars of coal a day, and the movement has been kept at that ever since We realize, he declared, that the wheat can be moved during the cold weather and people can live; but if the cold there will be great suffering in the country, and possibly worse.

A Deserved Diploma--Certificate of Health

Certificate of Health

Miss M—— lived in the Ottawa
Valley, not far from the capital, with
her mother and young sister. Work
seemed the natural thing when she
left school, and, accordingly, she
started out to get what she could for
her services. Progress was not fast,
but at least she did not stand still,
and her carnings were always increasing.

With such prospects it seemed that
her little sister could get the chance
that she had been denied— a University education. The baby of the family
went to Queen's, and this year, her
alpan mater gives her the degree of
Bachelor of Arts. Next year she's
going to do better—Master of Arts.
Ifut here's where the sadness comes
in. The elder sister, broken in health
by overwork, is no longer able to
assist. She is a patient at the Muskoka Hospital for Consumptives, but
it is hoped that she too will shortly
graduate—with "A Certificate of Good
licalth."

Seventeen thousand patients have
been cared for by the National Sanftarium Association in its hospitals in
Muskoka and at Weston. Half of
them have been restored to health
and happy homes, You can share in
this great work if you will.

Contributions may be sent to Hon.
W. A. Charlton, 223 College Street,
Toronto.

of Melbourne. It was too late in the year to try the usual route. He was to take a winding track on the edge of the swamp that lay between the southern hills and Port Phillip. Only the blacks knew the paths through the brown-feathered reeds and dense times served. Conal had tried to cross it once in the summer and got bogged that Davey and Deirdre understood there, losing a score of fine beasts. If Conal could not find his way across it, the Schoolmaster did not think that Davey could. It was only in case of untoward happenings that he advised "I knew you'd be anxious about" tree scrubs. Conal had tried to cross it once in the summer and got bogged there, losing a score of fine beasts. If Conal could not find his way across it, the Schoolmaster did not think that Davey could. It was only in case of untoward happenings that he advised trusting to the black boy's knowledge of the tracks through the swamp, and taking to the cover of the moss-dark, almost impenetrable, scrub that covered it. "I knew you'd be anxious about him," the girl said with a sigh, "and that's why I came. He's gone overland with some of Maitland's cattle; but he ought to be back in a week now, and then he'll be coming straight here."

Davey had given his word to the Schoolmaster that if he met Conal he would give the cattle over to him and return to the hills.

"I'd give everything I've got in the

known parlor, and they sat down and talked together awhile. There was a new and tender understanding between world if you'd never been brought into this business," he had said, deeply moved, just before Davey rode out. "Father's blaming himself, Davey," Deirdre said

Davey wrung the Schoolmaster's

wouldn't have been in it, if I "I wouldn't have been in it, if I hadn't broken my word to you," he said. "I promised you when I brought up that first mob for Conal, I'd clear out after, didn't I? But Conal offered me the job, and—you bet I wouldn't 've been out of a moonlighting either, if I could 've helped it."

"But this lyest is that almost broken her, and had taken all her fortitude and patient wifeliness to endure. An instinct of blind fidelity was part of Mary

"But this business—I never meant you to be in it," Farrel said bitterly.
"I never meant to be in it myself, Davey. Circumstances were too strong for me. A drowning man clutches a strong that say."

flashed as he thudded along; his unshed as he thudded along; his unshed hoofs fell with a soft beat on the grassy waysides. Deirdre sang softly to herself as they passed under the arching trees. Her thoughts went drifting away dreamily to the time when Davey would come back and she she and the horse disappeared among the trees.

About the House

The Business of Housekeeping.

Haven't we women all asked ourpends for its management?

The Pioneers

By Katharine Susannah Prichard

Copyright by Hodder and Stoughton.

Chapter XXXIX.

Delifter watched Davey going out of Narrow Valley in the dim starlight of the carly spring morning, the mob, huseled by Teddy and the dogs, a sheed by Teddy and the dogs, a bridge bridge by Teddy and the dogs, a bridge When we first take up housekeeping, or homemaking-for one term should embrace the other, in order to make housekeeping really good—how easy it all seems! What is there to What a bugbear our mothers have made of a very simple thing! Good housekeeping, in one's early married days, consists in pleasing "John," giving him what he likes to eat, keeping the house looking pretty, which is not hard when everything is bright and new, and making oneself the most attractive figure in the picture. That is good housekeeping and very good homemaking.
"John" is sure to be satisfied with it, and, if it continues, he never will have

just as anxious to please "John" as she ever was, and just as desirous as way of changing one's ways, whether or not one wishes to change them, and, with all the best intention in the world to keep up to a certain set standard, the wife and mother will often find herself making compromises, and coming down a little from her first high

This is where good housekeeping begins to show; for merely keeping a them with the raisins and sugar to house immaculate, looking just like an be very uncomfortable living in them,

no matter how orderly they appeared.
To my mind, good housekeeping consists in making the best of the situation, in keeping one's temper under control when there is friction in the kitchen, and in trying day in and day out, to make peace and happiness the paramount features.

If a woman succeeds in keeping her home in fairly good order, in supply-

ed upon "Mother," and, if her life was made up of little things, how much those same little things meant to the cup hot water, 2 stiffly beaten egg

ness and the spontaniety of appreciation of blue skies, golden sunshine, green grass and of the simple kindliness of family and neighbors, songs will bubble forth as naturally as cold pure spring from the heart of Mother Earth.

Modern methods of child rearing have little place for the bedtime lull-aby. But the wise mother will find a place and a time for it, for the child who has not been cradled in its Minard's Liniment for Corns and Warts ed much of the sweetness of life. mother's arms and sung to, has miss-

A Financial Courtship

Romance of Investments told in Clever Short Story

been a quiet, taciturn man, taking no one, not even his own daughters, into his confidence. Not until he was burled and his will was read, was buried and his will was read, did anyone have the slightest idea of his possessions. He had held the position of Clerk of the Court for forty years, and had lived comfortably, educated his daughters and performed his duties as a good citizen. His wife had died four years before him. It now appeared that he had adopted early in life the idea of living close to his income, saving enough each year to pay his life insurance premiums, and relying on the insurance to take care of his family, when he should be gone we don't have facher's salary any we don't have facher's salary any ing on the insurance to take care of his family when he should be gone we don't have family salary any

When James Allen died, he left two daughters a small but comfortable home and fifty thousand dollars of life insurance. He had been a quiet, taciturn man, taking no one, not even him. It was the evening following the funeral, and the two sisters, in their

mig on the insurance to take care of his family when he should be gone—rather a dangerous, but not unusual, policy.

He had never discussed business at home, and his daughters were absolutely ignorant of the first principles of finance. They had received the usual common school education, and were now well advanced toward middle life, Hannah being forty-two and Mary, thirty-two.

When the first shock of the unexpected death was overcome and they found themselves thrown wholly upon their own resources, they were staggered by the weight of the responsibility. It is true they had a comfortable home and a modest fortune, but they were entirely fresher and more brilliant ones.

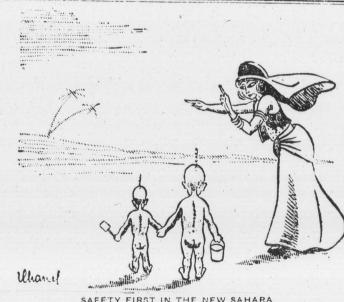

For the continuation of this very human story, read "A Financial Courtship," which tells what happened to the two sisters and their legal adviser. We will send you one free, if you write for it, and mention the name of this paper. Not only you, but every adult member of your family will enjoy reading it, and it will help you as well to understand how to choose and huy good investments. choose and buy good investments.

HOPE TO DISCOVER REAL CITY OF DAVID

Excavation May Reveal Tombs of Kings of Judea and Remains of Sanctuary.

A describe from London says:-An international group of archaeologists will begin excavations in the spring at Ophel Hill, Jerusalem, to search for the remains of the palace and the tomb of David. Inspired by the success of the Luxor undertaking these men hope to demonstrate that Ophel Hill, in the southeastern part of the Holy City, was the real "City of David" or Mount Zion, and not the southern end of the western hill, as

tradition has it.

It is believed this excavation will reveal all the tombs of the Kings of Judea for 200 years after David, induding these of Solomon and his wives, the site of an old wall and the wives, the site of an old wall and the remains of the original sanctuary of ficial of the Dominion Department of fore, be repealed.' ligence Service of the Depart-ment of the Interior at Ottawa,

One of the fascinations of living in a new country is the constant revelation of previously unknown resources. It is but a comparatively few years since Northern Ontario was on the map merely as so much space. To-day from out of that area are coming minerals which make Ontario the largest mineral producing province in Can-ada, and from its timbered areas millions of cords of pulpwood are being cut. It is reported that flowing into James Bay are seventy-four rivers, each with its banks covered with pulpwood species. Ontario certainly has a proverbial "gold mine" in her northern areas.

lect them educationally. Has it not always been the recruits from the country homes, graduating from our colleges and universities, coming to our great industrial centres with good consciences and high moral standards, who have preserved the life of great cities from decay?

Another Resolution. "As you are no doubt well informed There is another motion re the on this matter, I want to ask your Adolescent School Attendance Act beadvice about a resolution our School fore the whole of Ontario just now. Board has sent in with me to be en-A Bill has been laid before the Legisdorsed by the Convention to-day. We lature to suspend the Act until January, 1928. Every rural member of the had a meeting of the Board a few nights ago and one of the members Legislature would do well to oppose brought up this Adolescent Act, and you know the farmers are pretty hard this retrograde measure. Democracy calls for a high standard of education hit this year with low prices for what for all the people. It would be a they have to sell and high prices for crime against the youth of Ontario to what they have to buy, so we just allow them to leave school at fourteen are seeking a French-Italian alliance thought if this Act is going to add and face the keen competition of the to the possible world unprepared. The Act is workto our burdens, we can do without it for a while yet. Here is the motion ing fairly smoothly and effectively with very little hardship to rural the Board sent in, 'Resolved that the Adolescent School Attendance Act is people, but stimulating us all to make not practicable in rural schools and will only add to the already heavy provision for the proper education of adolescents. We need a different kind of school rather than the abolition of the Act and let us study how to prohad much experience in putting mohad much experience in putting motions and thought we might talk the drawal or defeat of this motion bematter over before the Convention drawal or defeat of this motion beopens." The above conversation took education has only well commenced at opens." The above conversation took place in the sitting room of one of the hotels of a small Ontario town in place in the sitting room of one of the place in the sitting room of one of the place in the sitting room of one of the place in the sitting room in in the si May, 1922. which is not likely to be forthcoming without definite assurance that the trade would be permanent.

"With the prospect of the American market again becoming available Canadian breeders are not in a position to give any such guarantee."

Hon. D. Marshall, Canadian Commissioner of Agriculture, dismissed this pessimistic prediction with the statement that the Canadian Government Merchant Marine, with its 60 ships, could alone take over almost the whole quota in three trips. But besides this the White Star, Donaldson and Canadian Pacific Companies also proposed to handle the trade. Canada had sent almost 100,000 cattle over before the embargo, and Canada and the United States last year sent together about 150,000.

EMBARGO CAMPAIGN
PROMISE CAN BE KEPT

Canada Can Supply 200,000
Cattle to Britain Yearly—
Needed Shipping Available.

A despatch from London says:—
Seepticism is being expressed in some quarters in England whether Canada can fulfil her embargo campaign promise to ship 200,000 cattle annually to Britain, and the assertion is being made that sufficient steamship accommodation cannot be obtained to transport them during the season.

W. Weddell and Company, the well known London produce firm, in a review of the frozen meat trade said:

"The maximum number of cattle the steamers could carry is about 1,000 head each, which means 200 shiploads, and as the trade is seasonal the ves-

Here and There

by Mayor Curley of Boston for the return of the small gun said to have been taptured by the British on June 17, 1775, at the battle of Bunker Hill, and which now stands on the square of the Quebec Citadel, has been referred to the Minister of Militia at Otiawe.

PORT ABTHUR.—An official announcement by the C. P. R. at Winnipeg says:—"At Port Arthur additional trackage will be provided to accommodate grain consigned to the terminal elevators at Current River."

KOBE. - Sixty tons of Canadian commodities of various kinds have arrived at Shanghai to be placed in the newly-established Canadian sample salesrooms originated by Dr. W. Ross, Canadian Government trade commissioner at Shanghai. The show rooms will be in charge of D. show rooms will be in charge of D. B. Sparks, who has spent several years in China as a representative of Canadian manufacturers. Dr. Ross states that Canada is more interested than ever in the upbuilding of trade with the Orient, and the opening of the sales rooms at Shanghai is a tangible indication of the efforts being made to accomplish that efforts being made to accomplish that

ST. JOHN, N.B. — At the present rate of shipment of grain, the 20,000,000 mark may be attained this season. For the present reason to the end of Januar, the total export of cereal through the C. P. R. elevators was officially given at 8,904,335 bushels, compared with 4,576,233 bushels, for the previous winter seasons. bushels for the previous winter sea-son. The increase for this winter to the end of January is 4,328,102. Grain shipments on February 1st of this year had equalled the total to March 10th last year.

LETHBRIDGE, — C. C. Stibbard, D.S.O., for some time C. P. R. trainmaster here, has been transferred to Penticton, B.C., where he will occupy the same position on the Kettle Val-ley Rallway, a branch of the Cann-dian Pacific. Mr. Stibbard is sucdian Pacific. Mr. Stibbard is suc-ceeded here by C. E. Legg, of Pen-titton. Mr. Legg will assume his new duties at once. Coming to Lethbridge from overseas August 1, 1920, Mr. Stibbard has been a resident of the city continuously since that time.

KINGSTON. — Prominent officials of the Canadian Pacific Railway were in the city in connection with local matters connected with the railway service. H. J. Main, super-tendent of the Trenton division, and Col. Ripley, district engineer, inspected the new overhead bridge on the new line entering the city and which is now about completed. The rails are being laid and soon the trains of the Canadian National line, as well as those of the C. P. will be well as those of the C. P. R., will be running over them and a great source of danger will be removed in the diamond switch that has been in operation for so many years at heavy

CALGARY. Those who knew Grant Hall, Vice-President Canadian Pacific Railway, in the olden days in the West, can recall his remark in the West, can recall his remarkable prowess with a gun. Although he now has little time for hunting expeditions he has by no means lost his well-known aim. While his train was proceeding at a rapid speed between Weyhurn and Lethbridge his party noticed a coyote some fifty yards away. "Odls you couldn't hit it," remarked one of the guests. "Taken" said the Vice-President. Bang went his gun and the coyote. Bang went his gun and the coyote rolled over. "The Call of the West," remarked the Vice-President with a

MEDICINE HAT.—Within the past year, three locomotive ensineers of the Medicine Hat division, James Fisher, Tom Penhale and Henry Hardy, have been retired from active service of the Canadian Pacific Bailway on pensions. All three are veterans in service, have fired and driven construction trains in the pioneer days of road building, and for many years of late 'have been promoted to passenger runs. Tom Penhale is the oldest in service with the company, having enlisted in 1881. He has taken an active civile part in the community, and was an alderman of the city for several years. "Jim" Fisher has spent fiftyone years of his life railroading covering during the entire person over two million miles in the cab of a locomotive. He started as fireman on the Intercolonial, and joined the Canadian Pacific in 1881—having pulled a passenger train for the past Mistric vice very canadian Pacific in 1881—having pulled a passenger train for the past thirty-six years. Harry Hardy hired with the company in 1887 at Broadview, and later worked on a construction engine on the Prince Albert branch in 1880.

Teronto.—It is announced that Mr. G. S. Beer, C. P. R. city passenger agent, under District Fassenger Agent William Fulton, has been promoted to the post of assistant district passenger agent. Mr. Fulton now has two assistants in his territory.

Medicine Hat, Alberta—An expenditure of about \$60,000 is represented by the extension to the Canadian Pacific Railway roundhouse and the construction of the Company's mechanical coaling plant, and that sum is about equally divided between these two improvements. In both instances the work has given much employment to local men and there is still a considerable amount of inside work to be done in connection with the extendone in connection with the extension to the roundhouse.

Renfrew, Ontario—Mr. Ed. Williams, Canadian Pacific Railway baggage master, who in addition to his regular duties, takes care of the his regular duties, takes care of the flower garden which attracts so much favorable comment from travellers over the line, has secured another triumph. Mr. Williams hay just been notified that his plot has been awarded second prize in the Quebec district, all of the depot gardens having hear recently judged by dens having been recently judged by an official of the road. During the past few years Mr. Williams has carried off a number of first prizes but the competition is growing keen-er year by year.

St. Thomas, Ontario-Work has been commenced on the construction of an extension to the present C.P.R. or an extension to the present C.F.K. yards east of the city, in the form of an 800-foot repair track at an expenditure of approximately \$15,000. The grading work which is being done by Irwin and Son of this city, was started recently. The extension is necessary to cope with the increased business and also to facilitate the remaining of the second state of the contract of the con tate the repairing of cars. It is also understood that the addition of the new tracks will result in several more employees being added to the C.P.R. repair game.

eral more employees being added to the C.P.R. repair gang.

A small track about 80 feet long will also be erected alongside the new tracks to be used in case of an emergency. The new track will hold at least forty cars. Four teams and about twenty men are engaged in rushing this work to completion.

Belfast, Ireland—For the first time on record a Canadian-bound steamer sailed from Belfast Lough conveying mails direct from the Northern capital. The vessel was the Canadian Pacific Railway Com-pany's S.S. "Metagama," which, in-cidentally, was built in Belfast. The vessei anchored off Kilroot and 23

vessel anchored off Kilroot and 23 bags of mail, together with some 100 emigrants from Ulster, were conveyed to it by the Harbor Commissioners' tug "Musgrave."

Hitherto it had been the practice to send the mails to Liverpool and other ports, from which they were despatched, but, acting on instructions from the secretary of the Post Office in London, the present system was introduced.

One of the passengers was a five-year-old child, from Dublin, whose parents are in Canada. The little one was in charge of a matron who handed it over to the matron of the "Metagama."

Metagama."
A Belfast "Telegraph" representative was shown over the "Metagama," and saw something of the excellent arrangements made for the comfort of passengers. comfort of passengers.

London, England — Major A. Ewan Moore, London Manager of the C.P.R. Department of Colonisation and Development, 62-65, Chart ing Cross, has received the follow-ing letter from their Brussels office: "Dear Sir,—I beg to advise that a certain Mr. Martin, Avenue des Courses, Bruxelles, who has for-merly resided in Canada, brought over by our Line in April of this

over by our Line in April of this year a shipment of Canadian potatoes. They were planted soon after arrival, at Boisfort, a suburb of Brussels, where an exhibition of land products was held on Sunday last. A certain Mr. Lemmens planted 2½ acres with Mountain Green and Irish Cobblers. His crop amounted to over 300,000 lbs.; one plant bore 9 lbs. 2 ozs., one potato weighing well over 2 lbs. This particular plant has been lent to us for window display and has attracted a great deal of attention. Mr. Martin it as 400,000 kilos of Canadian potatoes in Belgium, which are not to be seld for immediate consumption but only for reproduction.—Yours

NOTICE IS HEREBY GIVEN that Dora Webb, of the Town of Ganmoque, in the County of Leeds, in the Province of Ontario, Married Woman will apply to the Parliament of Canada at the next session thereof, for a bill of divorce from her husband, George Robert Webb, of the Town of Gananoque, in the County of Leeds, in the Province of Ontario, Salesman, on the

ground of adultery. DATED at Toronto in the Province of Ontario, this 17th day of February, 1923, by CORLEY, GORDON, KEEN & HOWARD, 302 Bay Street, Tor-onto, Solicitors for Applicant.

Clerk's Notice of the First Posting Up of Voters' List

Voters' List. 1923, Municipality of the Village of Athens, County of Leeds

NOTICE is hereby given that I have complied with section 10, of the Voters List Act and that I have posted up at my office at Athens, on the 2nd day of March, 1923, the list of all persons entitlee to vote in the said Municipality for Members of Parliament (or, as the case may be, At Municipal Elections) and that such list remains there for in-

And I hereby call upon all voters to take immediate proceedings to have any errors or omissions corrected according to law.

Dated at Athens, this 1st day of March, 1923.

E. J. PURCELL,

NOTICE OF APPLICATION FOR Notice to Creditors

AND OTHERS.

In the matter of the Estate of Setta B. Stevens, late of the Township of South Crosby, in the County of Leeds, Farmer, Deceased.

NOTICE is hereby given pursuant. "The Revised Statutes of Ontario," to "The Revised Statutes of Ontario,"
1914, Chapter 121, that all creditors
and others having claims against the
estate of the said Seth B. Stevens, who
died on or about the Sixth day of December, 1922, are required, on or before the Eighth day of March, 1923,
to send by post prepaid or deliver to
T. R. Beale, of the village of Athens,
Splicitor for the executrix of the last
Will and Testament of the said deceased, their Christian and surnames, aded, their Christian and surnames, ad-

ed, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said executrix will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that the said executrix will not be liable for the said assets or any part thereof, to said assets or any part thereof, to any person or persons of whose claim notice shall not have been received by her at the time of such distribution.

Dated at Athens the 6th day of February, 1923.

T. R. BEALE, Solicitor for Jessie Perrin, Executrix of the Will of the said deceased.

Clearance

Of All Winter Goods

We are through Stock-Taking and we find quite a few odd lines of winter goods which we must clear regardless of cost, as we need the room for our New Spring Stock.

We have a few Men's and Boys' Over coats left over. It will pay you to come in and try them on. If any overcoat fits you, you will certainly get a Big Bargain.
