Town and County News

Governor-General to Visit Guelph.
We learn by a private telegraphic des-
patch from Ottawa, that His Excellency
the Governor-General contemplates visit-
ing Guelph on the 21st inst., on his way
to Brantford. No doubt our Civic Fa-
thers will make all necessary arrange-
ments to give him a hearty welcome.

The Guelph Herald confesses that the
smaller the rat, the meaner "the bite."
Further apology unnecessary.

NORTH WELLINGTON SHOW.—The
annual Show of this Society will be held
at Drayton on the 9th of October.

Y. M. C. A.—The members of the Y.
M. C. A. will please remember the general
meeting to-night in the Rooms at 8
o'clock. All make an effort to be present.

FREDING A CIRCUS.—Mr. J. W. Smart,
butcher, yesterday supplied the circus
with 470 lbs. of fresh meat, 1000 lbs. of
ice, and 16 gallons of milk. He also
furnished a quantity of wood for cooking
purposes.

ACCIDENT AT LITTLE GERMAN.—Joseph
Fehrbach, a boy of about 13 years of age,
son of Mathias Fehrbach, Little Germany,
while trying to get upon the seat of a
thrashing machine a few days ago, had
the flesh torn completely off the fore
part of the sole of his foot, and one of
the bones broken by being caught by the
unprotected "traveller" of the machine.

A GREAT DISAPPOINTMENT.—Owing to
the advent of the show here yesterday,
our citizens were deprived of one of the
greatest treats of the season—the game
of base ball between the Mercury
and Herald teams. We feel
sorry that John Anderson couldn't wit-
ness the game for the ball he so kindly
donated; sorry that the public were dis-
appointed; but most sorry that the
Champions were deprived the privilege
of granting us the free use of their
ground in return for the many compli-
ments paid them by the press.

BARNUM'S SHOW.—This great show
made its appearance in our streets rather
late yesterday, being detained by acci-
dents and rough roads between Brampton
and this place, in consequence of which
there was no street parade. At the
afternoon exhibition there was an im-
mense crowd, and many would have been
refused admission but for the fact that
they had come long distances to see the
show, and begged to get in, though there
was only standing room. The collection
of wild animals was good, if not very
large, and attracted much attention, but
owing to the dusty state of the ground,
the people were half stifled in their in-
spiration. The most unusual curiosities
such as glass blowing, the speaking
automaton, the singing birds, the bell
ringers, &c., delighted the curious and
puzzled the inquiring. The circus per-
formance was not up to expectation, but
some of the feats, such as Melville's
driving acts on horseback, the man on
stilts, &c. were really good. At night
the ring performance was much better,
and several of the feats drew forth great
applause. Many of the people expected
to see Barnum himself, and were much
disappointed when they found he was
not present.

POLICE COURT.
(Before the Police Magistrate.)
Aug. 7.
John Burns and Charles Ferguson, for
being drunk, were dismissed this being
their first offence.
Wm. Marshall and Wm. Beaver, who
were arrested yesterday on a charge of
gambling, were brought up to-day and
fined under the Town By-law, in the
sum of \$8 and costs each, besides for-
feiting their claim to the money they
had obtained by their swindling—some
\$40.
A boy named John Albin, about 12
years of age, was drowned at St. Cathar-
ines on Wednesday night.
REV. ROBT. ACHISON, late of the U. P.
Church of B. N. A., Galt, has returned
from Ireland to Canada, and will in all
probability again accept a charge in this
country.
WEST FLAMBORO' SHOW.—The Annual
Exhibition of the West Flamboro' Town-
ship Agricultural Society will be held in
Dundas on Thursday and Friday, 1st
and 2nd of October.
The latest report about the Southern
Extension of the W. G. & B. R. is that
it will be opened on the 15th, or im-
mediately after that date, as the English
Directors meet then. But we won't
believe it till it is actually done.
VICTORIA RAILWAY.—The first sod on
the Victoria Railway was turned on
Wednesday in the presence of a large
number of merchants and business men
from Toronto, and from various parts
of the County of Victoria.
A CENTENARIAN.—The funeral of the
late Mrs. Egeon of Galt was attended by
her father, Mr. Dennis Buckley, of
Hamilton, now almost 105 years of age.
He is still hale and hearty, and retains
full possession of his faculties.
THE FOAM DISASTER.—On Tuesday the
body of one of the Foam crew was found
about eight miles from Niagara, on the
Canadian shore, and interred in Niagara
on Thursday morning. Another body
was found on Thursday about five miles
from Niagara, supposed to be the last one
of the crew of seven that were drowned.

BY TELEGRAPH TO THE MERCURY

Seizure of Ammunition in Spain.
The Daily Telegraph Paris correspon-
dent says he has reliable authority for
stating that a secret convention was con-
cluded three months ago between the
Emperor and Marshal Serrano, by which
Germany agreed, if necessary, to aid in the
suppression of the Carlist insurrection,
either with money or by means of armed
intervention, and undertakes to secure re-
cognition of Spanish republic by her al-
lies. Serrano in return, pledged Spain
to an alliance, offensive and defensive,
with Germany, in the event of war with
France. Italy was to form the third party
to the alliance.

A Hong Kong letter says the invasion
of the Island of Formosa by the Japane-
se is considered as but the opening of
war, which will result in the struggle
between China and Japan. An earth-
quake shook at Hong Kong on the morn-
ing of June the 23rd, caused great ex-
citement there, but no lives were lost.

The Americans and the Prince Club
are playing cricket to-day. At noon
seven wickets were down, for nine runs
for the Englishmen.

Upon the conclusion of the English-
men's innings in the cricket match this
afternoon a game of base ball was played
between the Red Stockings and Athlet-
ics. The Boston won by a score of 14
to 11. 4000 persons witnessed the game,
including a number of the nobility. The
Athletics had McMullin pitching.

Providence, R. I., Aug. 6.—Frank How-
ard, a private in the 5th Artillery, while
attempting to desert to-day, was fatally
shot by the guard.

Raleigh, N.C., Aug. 6th.—Democratic
gains are reported from every section.
NEW YORK, Aug. 6.—The appearance
of Montreal before the Beecher Committee
last night, occasioned great surprise to its
members, and lawyer Hill is stated to
have excitedly fled to Shearman's house,
where a long interview was held with
him. Beecher's testimony will be taken,
it is stated, on Monday night. Lawyer
Morris and Mr. Tilton are said to be at
Coney Island, preparing the papers to
open the case in court. Shearman, Tra-
cy, and Prof. Raymond were closeted
with Beecher all day yesterday. Harriet
Beecher Stowe is at Beecher's house.

Mr. J. J. Stand-well, fruit importer, said
to-day that Montreal told him at Jack-
sonville, Fla., almost directly after the
Woodhull convention at Washington,
that there was no truth in the rumours
about Beecher.

Cincinnati, O., Aug. 5.—Particulars
of a dreadful disaster to the steamer Pat
Rogers, near Aurora, Ind., are coming in
slowly. It appears that several bales of
cotton, which formed part of her cargo,
caught fire about 5 p. m., probably from
sparks from the chimney, and the boat
was burned to the water's edge. Both
boat and cargo, the latter consisting of
cattle, sheep, hogs, and cotton, are a
total loss. The passenger register and
all the books were destroyed. The boat
was valued at \$60,000; insured for \$32,000.
The value of the cargo has not been as-
certained.

Forty-five passengers saved have come
to Cincinnati, but some of the most se-
riously injured are cared for at Aurora.
The number on board, all told, is sup-
posed to have been from 72 to 75 per-
sons. An exact list cannot be had. The
reports of the lost have ranged from 16
to 25 persons. Probably 25 is the num-
ber nearest the fact. At this time 45
persons are known to have been saved.

The Toronto Military School is to be
abolished. The instructor has been
notified that his pay will cease in Janu-
ary next.

The ground has been broken for the
extension of the Street Railway in
Toronto, which will run from Bathurst
street to the Dock.

CHANGE OF PROPRIETORSHIP.—The Ir-
vine Mills, Salem, have changed hands,
Messrs. Whitlaw & Gay retiring, and Mr.
A. Gray taking possession. Mr. Gray is
going to remain in Elora, where he will
water grain.

WATERLOO FALL EXHIBITION.—At a
recent meeting of the North Riding Wa-
terloo Agricultural Society, it was de-
cided to hold the Exhibition at the Mar-
ket House, Berlin, on Tuesday and Wed-
nesday, 13th and 14th October.

PROPOSED AMALGAMATION.—At a late
meeting of the North Perth Agricultural
Society, a resolution was unanimously
passed by the Board, "To unite with
the Mitchell Horticultural Society, and
hold a fair every alternate year at Strat-
ford and Mitchell respectively, each So-
ciety to pay to each other an equal
amount of money for such purpose."
The union is to go into effect as soon as
the law will permit.

ROBBERY IN BRUSSELS.—On Saturday,
1st inst., a boy named Percy, who had
been employed as ostler by Mr. Parker,
of Brussels, helped himself to \$263, the
property of the firm of Strachan & Smith
of that village. Upon handing over the
money still in his possession, amounting
to \$235, together with a watch he had
on his person, he was allowed to go
free.

The Beecher-Tilton Scandal.

A Car Robber Shot at Clifton.
At a very early hour on Thursday
morning an occurrence of a tragic nature
transpired at Clifton Station, G. W. R.
It appears that car robbing has been
carried on to such an extent of late that
the Railway authorities resolved to put a
stop to it by some means. Accordingly a
detective, whose name we do not know was
on guard on Wednesday night and dis-
covered a young man making off with a
box of silks valued at several thousand
dollars, which he had obtained by break-
ing the Government seal and obtaining
an entrance into the car. On being
challenged to surrender, the thief struck
the detective with the box, and drawing
a revolver, fired at, but missed the de-
tective, who in turn, and almost imme-
diately after the explosion, drew his own
revolver and fired, hitting the desperado
in the side, the bullet penetrating the
lungs. The thief ran about 150 feet and
dropped dead. The body was found to
be that of a young man named Jean
Durham, born and brought up in Drum-
mondville. Deceased bore a very bad
name, and his residence on the other
side for some years had not improved his
morals. His family do not bear a very
severe reputation, and he himself had
no apparent means of living, looting
about and spending money freely. The
detective was arrested, but we presume
will be released on his own recogni-
zances, as the shooting appears to have
been perfectly justifiable. This terrible
example cannot fail to have a wholesome
effect upon the thieving fraternity gener-
ally.

BASE BALL ITEMS.
The Flyway and Arlington amateur
clubs of New York played their second
game of the amateur championship on
the Union Grounds on Tuesday. The
first game was won by the Flyways
easily about a month ago by a score of
18 to 6. The Flyways made a large
number of errors, but their batting won
them the game.

Firemen's Gathering in Hamilton.
On Thursday the annual jubilee of the
Fire Brigade, in Ontario took place in
Hamilton, and was the most successful
that has yet been held. Brigades in
uniform accompanied by bands, were
present from Cobourg, Dundas, Bowman-
ville, Berlin, Thorold, Whitty, Napanee,
Ayr, Buffalo, Niagara Falls, London,
Galt, Paris, Oshawa, Ingersoll, and other
places, and the gathering numbered
over two thousand firemen and sixteen
bands. Many of the delegates brought
their engines and hook and ladder
apparatus, as well as banners and flags.
The visitors were received at the G. W.
Station by the Mayor of the city and
prominent members of the corporation,
and were formed into line at the Gore,
whence they marched in procession to
Crystal Palace grounds, where dinner
was provided. The tables, if placed in
line, would extend one-third of a mile,
and were loaded with delicacies. The
Palace, from floor to ceiling, was pro-
fusely decorated with evergreens, flags
and streamers, over two thousand two
hundred feet of material being used in
the latter decorations. North of the
Palace the Horticultural building was
handsomely fitted up as a ball room, and
in the evening brilliantly illuminated.
Here, after the outside parade had been
ended, and in the cool of the evening, the
merry firemen "tipped the light fan-
stastic" to the excellent music provided
by the bands.

The Reciprocity Treaty.
WHO PAYS THE TAXES?
To the Editor of the Mercury.
SIR,—I have been deeply interested in
watching the discussion at present going
on in the press with regard to the pro-
posed Reciprocity Treaty. It is instruc-
tive as well as somewhat amusing to
witness the various phases of opposition
manifested by one class—Protectionists,
I suppose, and equally instructive and
amusing to read the arguments advanced
in its favor by those who draw their in-
formation from Free Trade principles. It
is a serious question, however, and
contains many problems for the earnest
consideration of our public men—Free
Traders as well as Protectionists. Your
brief article in yesterday's issue contains
important suggestions, and it is to be
hoped that manufacturers attending the
Hamilton meeting will go there fully pre-
pared with statistics to back up their
views upon the particular interest which
they represent. The people of this coun-
try expect that the strongest arguments
both for and against the Treaty will be
presented by men capable of intelli-
gently discussing these matters.
I notice that many writers in favor of
the Treaty contend, as a reason for its
adoption, that the two great staples of
our country, viz. lumber and farm pro-
ducts, will, under its operation, be
greatly enhanced in value. In fact the
statement is made that the rise in price
of these articles will be equal to the
amount of duty taken off by the United
States. It seems to me this is a fallacious
argument which will not bear criti-
cism. What object could the Americans
have, and what benefit could they ex-
pect to derive from including these ar-
ticles in the Treaty, unless they were
able to lay them down in their own
country cheaper than they can now do
under the present tariff? If, on the
other hand, the rise anticipated should
take place, will it not very materially
affect the cost of living, building, &c. in
this country? These are points which
have been suggested to me in reading
the discussion, and which have suggest-
ed the query at the top of this letter—
Who pays the taxes? Yours, &c.,
QUERIST.
Guelph, August 7, 1874.

The Wholesale License Liquor Case.

The following is the decision of the
Police Magistrate in the case of Kelly vs.
Jackson & Hallett, tried at the Police
Court a few days ago, in which the de-
fendants were charged with selling liquor
wholesale under a retail license:—
The defendants are charged with sell-
ing spirituous liquor by wholesale, to
wit, one barrel of whiskey containing
about 48 gallons, at their shop in Guelph,
on 28th July last, without a license to sell
by wholesale as required by the Statutes
of Ontario, 37 Victoria, chapter 32.
The defendants insist the sale by
them at their shop in Guelph, on the day
alluded to in the information, of one barrel
of whiskey containing over five gallons
to one Clarke, of Arthur, a Tavern
Keeper and a customer of the de-
fendants. And they produce a shop license
lawfully issued to them under the Statutes
of Ontario, 32 Victoria, chapter 23, as
amended by 33 Victoria, chapter 23 only
contemplated one license for a shop
keeper, and that the defendants' said
license to sell by retail being still in force
the defendants can sell under it as they
have done in this case—that in the
barrel containing over five gallons,
2nd. That defendants' own license does
not limit the maximum quantity to be
sold under it, only requiring that the
minimum quantity shall not be less than
one quart. 3rd. That the defendants
having procured their license to sell by
retail before the passing of the Act of last
session, their rights under that license
cannot be interfered with.
By the prosecutor it is contended that
as the law stood at the time of the issue
of the defendants' license to sell by re-
tail, namely, on 1st March, 1874, liquor
could not be sold by wholesale without a
license to sell by wholesale, and that any
quantity of liquor over 5 gallons could
not be sold at any one time under a
license to sell by retail.
Now I must confess that I have never
had much doubt about the law in this
case, but it being one of importance to
defendants, I thought it better to defer
my decision and more carefully examine
into the grounds urged on their behalf.
Having done so I am of the opinion that
these grounds are not tenable.
The charge is laid under the act of last
session, 37 Victoria, chapter 32,
which was assented to on 24th March
last, and published in the Ontario
Gazette of 28th of same month.
This act provides for three different
kinds of license, viz.—Tavern licenses,
shop licenses, and licenses by wholesale,
and it construes the meaning of these
several licenses. "A license by"
"wholesale" being construed (sec. 4.)
to mean a license for selling, bartering,
or trafficking by wholesale, only in
liquors in warehouses, stores, shops, or
places other than inns, ale or beer
houses, or other houses of public en-
tainment, in quantities not less than
five gallons, in each cask or vessel at any
one time.
Section 5, provides that tavern and
shop licenses may be issued between the
first and fifteenth of March, in each
year, and licenses by wholesale may be
issued between the first and fifteenth of
March, in each year, and all such licenses
shall be deemed to have been issued on
the first day of March.
Section 6, enacts that the issuer
of licenses shall countersign every license
issued by him, and shall state thereon
the date of the countersigning, and
every such license shall take effect in
favor of the applicant therefor from the
time of such countersigning and not be-
fore.
Section 13, enacts that the issuer
of licenses shall issue to any applicant
upon requisition therefor, signed by
him, and after payment to the issuer of
the provincial duty thereon. A license
for selling fermented spirituous or other
liquors by wholesale, only in his ware-
house, store, shop, or place to be defined
in said license, and which license shall
be deemed "a license by wholesale,"
within the meaning of and subject to the
provisions of the fourth section of the
act.
Then section 24 enacts that no person
shall sell by wholesale or retail any
spirituous fermented or other manufac-
tured liquors within the Province of
Ontario without having first obtained a
license under that act authorizing him
to do so.
Now the act having come in force on
the 24th of March, and having been
published in the Official Gazette, on the
28th of March—three days before the
expiration of the time allowed for the
taking of licenses by wholesale license,
it seems to me that all dealers in liquor
by wholesale, not licensed under the old
act, should have taken out wholesale
licenses on or before the 31st of March
last, under the new act, and that those
who without such license have since
sold by wholesale, have subjected them-
selves to the penalties of the new act.
The repealing clause of the new act
repeals the several acts in the recital
named, (the act under which defendants'
shop license was issued being one of them)
and that clause enacts that such repeal
shall not revive any act or provision of
law by them repealed, or the effect of
any saving clause therein, or the applica-
tion of any such acts or of any
provision therein formerly in force to
any transaction, matter or thing an-
terior to the said repeal and to which
they would otherwise apply; but there
is no saving clause, matter or thing in
the repealed acts in favor of the de-
fendants as wholesale dealers that I can see,
for by the repealed act under which their
shop license was issued, a license to sell
by wholesale was as necessary as was a
license to sell by retail—the former being
followed in procuring them by the de-
fendants in the same manner as in procuring
the latter (vide sec. 12).
It is true that the repealed act did not
define the meaning of a license to sell
by wholesale, whereas the new act does,
but I think that a sale of liquor in the
original package in quantities not less
than five gallons, would have been held
under the repealed act to have been a
sale by wholesale in law.
If under the repealed act a license to sell
by wholesale had not been necessary,
one could appreciate the headsip which
the new act would work upon shop-
keepers in requiring them to take out
another license this year for the privi-
lege of selling by wholesale during the
remainder of the term of their current

shop licenses; but I have no doubt in my mind that the repealed act contemplated that if a shopkeeper intended to sell by wholesale under that act, he should have a license to sell by wholesale as stated therein, and that a sale such as the defendants admit in the case before me, would have been a sale by wholesale under the repealed act.

The defendants' shop license is undoubtedly in force still, and by virtue of the repealing clause of the new act it protects them during its currency in the sale of liquor in quantities not less than one quart; but their shop license does not protect any sale other than a sale by retail, which I understand to be a sale in quantities less than five gallons.

There must have been some special object in publishing the Act of 1874 in the Gazette immediately after it was passed, and it seems to me that the act was officially published so soon in order that liquor dealers might have notice to govern themselves by it. I see nothing to justify the conclusion that the act was intended to remain a dead letter till March 1875. Neither in the spirit nor in the letter would the enforcement of the new act, from the moment it became law, invade the rights of shopkeepers holding licenses to sell by retail under the old act; and I am of the opinion that the effect of the new act is to render all persons liable to a fine, who have, since the first day of March last, sold liquor in quantities not less than five gallons at one time, without having a license to sell by wholesale.

Supposing a shopkeeper were to open a shop now, and sell by retail without a license, would it be a good answer for him, upon being summoned, to say: "The new law does not come into operation with regard to the issue of shop licenses" until next March and therefore I may sell without a shop license until next March?" I think not. Then, supposing a person holding a shop license were to begin to-day selling by wholesale, that is in quantities not less than five gallons at one time, would it be a good answer for him, upon being summoned for selling by wholesale without a wholesale license, to say: "The law with regard to the issue of wholesale licenses does not take effect until next March, therefore I may sell by wholesale till that time, without a wholesale license?" I fall to see that such a defence could be maintained.

If retail dealers wish to sell by wholesale, they must procure a wholesale license. If, on the other hand, wholesale dealers wish to sell by retail, they must procure the license enabling them so to do. I convict the defendants, and fine the defendant Daniel Jackson \$20 without costs, payable forthwith; and in default of immediate payment, I order distress to be issued against the goods and chattels of the defendant Jackson; and in default of distress, I do then order the defendant Daniel Jackson to be imprisoned in the common goal of the County of Wellington for 10 days.

Selling Wholesale on a Retail Shop License.

We publish to-day the decision of the Police Magistrate in the case of Messrs. Jackson & Hallett, wholesale and retail grocers and spirit dealers in this town, who were charged before the Police Magistrate a few days ago with selling liquor by wholesale on a retail shop license. We give the decision in full because it is of special interest to wholesale dealers in the Province, and, as far as we know, is the first case of the kind that has come up for trial. The ground taken by the prosecution is that under the new Act, passed last session of the Ontario Legislature, a retail shop license only gives the holder power to sell liquor in quantities under five gallons, and that to qualify them for selling in quantities over five gallons, wholesale dealers must take out a wholesale license. The Police Magistrate in his decision holds that under the new Act such a license is required.

The question is of considerable importance to wholesale dealers, and in order to test it, Messrs. Jackson & Hallett have given notice of appeal against the decision, when the case will be argued in a higher court.

East Elgin--McDougall Triumphant.

The election in East Elgin was keenly contested, but resulted on Thursday in the election of Mr. McDougall, by a majority of 209 over his Conservative opponent, Mr. Jenkins. We hail Mr. McDougall's election as an evidence of the continued popularity of the Reform Government, and the strength and permanence of Reform principles in East Elgin. This election is remarkable from the fact that it was the first one held under the new law in which the vote was taken by ballot. The new system worked well and gave great satisfaction. Among all the votes polled, but very few mistakes were made. The voting was carried on so quietly that a stranger in St. Thomas, or in any place where the voting was going on would not have known unless told that an election was being held. This speaks well for our new election law.

M. Coupal, the Opposition candidate for the representation of Napierville, was elected on Wednesday over M. Goyer, by a majority of 12. This county was formerly represented by Hon. Mr. Dorion, who vacated it to assume the Chief Justiceship of Quebec. Although he was the choice of the Conservatives, who are elated at his success, the contest between him and the chosen of the Liberals, M. Goyer, was more of a personal than a political nature. He has promised to support the present Government of the Dominion and vote confidence in them.

The Local Government of Manitoba have sent representatives to the Dominion authorities, urging a speedy commencement of the Pembina branch of the Pacific Railway. As we said before, we believe it is the intention of the Government to begin the work in September next.

VERSES

ADDRESSED TO MR. ROBERT BRYDON ON HIS DEPARTURE FOR SCOTLAND.
Farewell, dear friend, I hope you'll come
From your far island's coast
Safe back to your Canadian home,
Your dear lov'd wife, your friends, and me.

And when afar upon the deep,
And tossing on the restless wave,
Pray that Heaven would guide and keep
You from a cold and wat'ry grave.
When tempests blow and dangers lower,
And though far distant be the land,
Still trust in Him whose sovereign power
Holds both the waters in His hand.

And when you reach the wish'd-for shore,
The land of mountain, rock and heather,
Do if you please, kneel and adore
Our dear lov'd land's Scotch soil wither.

Then open your eyes and look abroad
On scenes inviting to the sight,
The haunts where your young footsteps trod,
The home where you first saw the light.
Again the tow'ring hills you'll tread,
And see the blooming heather bell,
Hear in a laylock o'er your head
Her grateful hymn to Heaven tell.

You'll see the gowan on the lea,
And fragrant primrose sweet in bloom,
And hear the lullie's sang of gloe,
Midst gowden whins, and yellow broom.
You'll see the burnies, wimpling clear,
As down they loup wild flowers amang,
Bringing back to memory dear
The blithesome days when ye were young.

You'll hear the blackbird warbling loud,
In hazel copse and thorny brake,
The cuckoo talking in the wood,
And 'mong the rustling corn the crak.
Go to the battlefields where fell
Those heroes of the days gone by,
Kneel by the hoary cairns that could die do,
That they for Scotland's weal could die.

Go to the lonely martyr's tomb,
And there, in silent solemn mood,
Think on their worth, lament their doom,
The sainted brave, the wise and good.
Visit every classic spot,
In country wide and busy town,
The famous house of Watty Scott,
And the wee cot by Bonny Doon.

Visit your friends--ah! no they're gone,
And lie in graves long since o'erthrown,
Then thither hie, and there alone,
Shed o'er their grassy mounds a tear.
Forty long years have run their race,
Since last you saw your native haire,
And few there now will ken your face,
And have remembrance of your name.

Then hasten back soon as ye can,
Where ye have friends so true and leal,
We'll welcome you with heart and hand,
Then farewell, Robin, fare ye weal.

KNOTS UNTIED: OR WAYS AND BY-WAYS IN THE HIDDEN LIFE OF AMERICAN DETECTIVES. By Officer George S. McWaters, late of the Metropolitan Police, New York. Over 650 Pages, Illustrated. Hartford, Conn. J. B. Burr & Hyde, Publishers.

This book comes to us aptly. No more fitting time could have been chosen for its issue. It supplies a great desideratum, and must do a great work for the good of society. At this time when from all over the land the telegraph constantly brings us news of countless crimes of a dark and subtle nature being perpetrated in all ranks of society, it is a satisfaction to be assured--as one must be who learns of the *science of the detective* in the pages of this book--that crime, even of the most deft and wily nature, must succumb to the trained and educated servant of the law. Crime may seem, for the time, to have the vantage ground, and now and then may baffle for a while the wisest of the secret officers of the law, but in the end it must yield.

"Knots Untied" is from the pen of a man of extensive experience, but who not content with the richest of his own experience only, has taken into his counsels the most skilled of his fellow officers and added to his own the deepest observations and most interesting facts of their romantic and instructive lives. The marvelous unravelings of deep-laid plots which crime in its craftiest nature ever constructed, which "Knots Untied" gives us, must satisfy the taste of those most greedy for things of a hidden character, but which are in this book brought to light.

The reader learns in the series of narratives which constitute the book, not only what is but little understood in the life of the detective, but how step by step in his ingenious path he moves out to sure success, and how very valuable in his science are the little things which the most intelligent man out of the profession might not regard. Crime manifests its ingenious devices every year. The detective can only keep pace with it by the deepest and most patient study.

The reader, young or old, must arise from the perusal of this work not only delighted with vigorous style, but pleased that he has thereby added largely to his stock of valuable information in regard to society in general, and human nature as a study. The book is a library in itself of things heretofore but little known. Its price brings within the reach of nearly every family. It contains thirty full page engravings and is sold only by subscription. The agent, we understand, will canvass Guelph next week.

Wm. Anderson's wharf and warehouse, just below the City Hall Station, Toronto, were destroyed by fire on Thursday afternoon. Loss not yet known.

The Presbyterian Kirk in Luther Village is being painted and otherwise improved. A manse is also being erected for the minister between the kirk and the school house.

We understand that the Masons are to have an excursion from Galt and intermediate stations, to Southampton, on Friday, August 14th.

Mr. Joseph Deacon, of Douglas, had his left leg badly bruised by his horses running away, throwing him out of the buggy, one of the wheels of the vehicle passing over him.

The engineers of the Credit Valley Railway have been making preliminary arrangements for commencing work on the bridge, across the Grand River at Galt.

To the Public.

I take this opportunity to let my old friends and customers know that early this Fall I intend opening up one of the most extensive and varied stocks of Staple and Fancy Dry Goods to be seen in Ontario. I have had erected for my own special retail business a most complete arranged store, and from my long experience in the mercantile business, I feel and know that I will present for the inspection of my old patrons and others not only the most choice selection of Fancy Goods, but goods that will in reality be of such a character as to give to the purchaser the most entire satisfaction. The value will form one of the most important features of my establishment; the fact of going direct to the fountain head for my whole stock, and buying all for the ready money, and in addition having no old stock to palm off, is of itself a positive guarantee that my establishment will present inducements to the purchaser that none other in Guelph can approach. I earnestly request my old friends and customers to pay a visit to my establishment, when the old motto that I used for so many years to their advantage will again be adopted, viz: the best goods in the trade at the smallest possible profit. Good goods and Cheap goods. One price and no abatement. No misrepresentations, and the interests of the public doing business with me strenuously watched.

Yours truly,

THE W. G. and B. R.—
 At a meeting at Elma last week the following resolution was unanimously passed:—That this meeting is of opinion that the Wellington, Grey and Bruce Railway Co. have failed to carry out the conditions of the agreement between them and the municipality, that the Reeve be and is hereby empowered to proceed at once to take the proper steps to institute a suit against the Company. The meeting also expressed its indignation at the injustice done the people, in not opening the road for traffic, and loudly called upon the township authorities to demand redress for the gross injustice done the municipality.

ACCIDENT IN PRESTON.—The Galt Reporter says, on Wednesday last, as Mr. Gaul, of Berlin, was driving down the large hill leading into Preston from Berlin, with a load of eggs, the "hold backs" broke, and the wagon coming against the horse's heels he started off, running very fast, until he reached the bottom of the hill, when he came in collision with some posts which stand by the North American Hotel. The collision made a perfect smash of everything and Mr. Gaul was thrown with great force on to the road, striking the ground on his side and hip. Assistance was at once rendered, and we believe, although seriously injured, Mr. Gaul was able to be taken back to Berlin the same day. The vehicle was a perfect wreck, and of the cargo, consisting of considerably over 100 dozen of eggs, scarcely one was left whole. The horse, we believe, was not injured.

The Elora Manufacturing Company have made another call on the shareholders for ten per cent. on the capital stock.

The Huron Signal says that in many parts of that county the weevil has made its appearance and is doing considerable damage to the spring wheat.

SCROFULA.—For the cure of Scrofula and other skin diseases there has never yet been found a remedy so equal, in completely eradicating the disease, Fowle's Pile and Humor Cure. Every bottle is warranted to give satisfaction; give it a trial; it has cured hundreds, it might cure you.

MANUFACTURERS OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Euston Road, London.—See article in *Castell's Household Guide*, p. 175-9m

Special Notices.

St. Ann's, Route de Pelee
"I WAS FOR SEVERAL YEARS SUFFERING FROM COUGHS, Expectoration and Night Sweats, attended with extreme nervous and physical prostration. My body was greatly emaciated, and the general impression was that I had not long to live. I began taking Dr. WIELELL'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA, and improvement took place immediately. I gained in weight and strength. My Cough and Night Sweats disappeared, and I am now in the enjoyment of excellent health. Many of my friends to whom I have recommended the Elixir have experienced equally remarkable results."
