The chief drawback to the gentle spring on the part of the married man is that his wife seizes the first real warm, sunny day to start her spring housecleaning.

A well-known professor states that the earth's crust is continually moving. Others have made this same statement, and the next morning have paid \$10 and costs.

The Deacon Shirts fit well, look well, wear well. New patterns for 24th of May.—Swift's.

Scotland Yard has now records of over two hundred thousand finger prints. It sounds as though the yard has been lending its books to some of the same people who borrow ours.

A Florida bootmaker, a three-fold bigamist, told the court last week that his third bride was the only one that he really loved. After all it is only right that the cobbler should stick to his last.

An uplifting and appealing story of home life and happiness is Sam Woods' new picture "His Children's Children" featuring Babe Daniels and Dorothy Mackaill at the Lyceum next Thursday.

Now that so many ladies are divorced, and some of them more than once we need a new term for them. "Ex-wife" is crude, and one can hardly refer to an ex-ex-ex-wife. Perhaps it would be well to take a hint from the Free-Masons, and refer to her simply as the Past Grand Master.

We are told that there is a law in China to the effect that when a bank fails every man connected with it, including managers and clerks, shall have his head chopped off, and the bodies of all shall be thrown in a heap together with the books. It is said that there has not been a single bank to suspend business in the last five hundred years.

The funeral of the late Mrs. Mary Siddall, mother of Dr. W. G. and G. H. Siddall, of Watford, who died suddenly on Monday evening last from neuralgia of the heart, was held Thursday afternoon from her late residence, 463 Elizabeth st., London. Interment took place in Carlyle cemetery, near Ailsa Craig.

The recent millinery openings are said to have resulted in a local epidemic of hair-bobbing among the fair sex. The new spring styles, it appears, favor the tight-fitting hat, which goes best with a bobbed coiffure. Several Watford ladies have said good-bye to their locks the past week. It is quite a common sight these days to see the ladies step into barber shops which formerly were monopolized by mere men.

Amherstburg is considering the proposition of purchasing the Bruner-Mond waterworks at the price of \$120,000, and issuing 5% per cent debentures for thirty years to pay for same. Deducting \$2,000 to be paid by the Bruner-Mond Co. yearly for water, the annual cost to the town for thirty years will be \$15,700.

More power to the pen of Editor Petypiece, of the Forest Free Press, who, practically alone, is carrying on a winning fight for a modern water works system for that town. His latest spike in the guns of his opponents is to furnish them with information showing that Forest debenture debt of only \$25,288.66 is lower than any town of the same size in the province. Acton with a population of 1742 has a debt of \$185,090.

HOW THEY DO IT IN QUEBEC

In 1921 the Quebec government took over, by special act, the entire liquor business, which is now operated by a Commission of five members. This Commission controls the sales and delivery of all alcoholic liquor in the Province and grants permits and licenses to groceries, taverns, hotels, cafes, steamers and dining cars.

In the main there are six kinds of licenses issued:

- 1. Grocery—Can sell beer in bottles, in any quantity, to be delivered to the homes or elsewhere.
2. Taverns—Can sell beer of any strength, by the bottle or glass, to be drunk on the premises, but the customer must sit at little tables that accommodate four persons.
3. Cafe or restaurant—Serves wine only, with meals.
4. Hotel—Sells wine and beer served with meals.
5. Club—Sells wine, supposedly only to members.

6. Government dispensaries

Where all kinds of liquor are sold. Of spirituous liquors the law says a customer can produce only one bottle a day.

Writing of this provision of the law, Dr. E. I. Hart, Montreal, Sec. of the Dominion Prohibition Federation, says:

"The bootlegger in this province does not have to manufacture 'moonshine' although that is being done. His chief source of supply is the Government store, where, notwithstanding the law that only one bottle can be sold to an individual at one time, he can get as many bottles as he desires in one day, and resell them at a large profit. A common practice is for a bootlegger to pay a few cents to a number of loafers who secure his supply for him. This one bottle regulation is a farce."

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

"Squibs by Dad"

Declaring that it was cruelty to fleas, a tourist on the Arizona border protested against having his dog fumigated.

A London scientist contends that sunlight has an actual cash food value equivalent to cream. Have you had your sun today?

American farmers are reported to be shifting from growing wheat to planting corn. This may result in "johnnycake" replacing hot wheat cakes on many breakfast tables.

A New York traffic officer won a \$40,000 home in a popularity contest. He is now wondering whether to "stop" or "go."

Shoe dealers are interested in the proposed increase of income tax exemption on children to \$500. It means another pair for the baby.

When urged to refrain from indulging in his favorite sport, the Prince of Wales is inclined to take the bit in his mouth.

Canada is now alright. The adoption of turn to the right by Prince Edward Island makes the rule of the road uniform throughout the Dominion.

It might afford partial relief if taxes were collected according to prize ring rules. Taxpayers would then have time to get their "second wind" between rounds.

Regardless of what happens his party there is one prominent statesman in an Eastern state who will always have a leg to stand on. An old Civil War veteran who died the other day bequeathed him his wooden leg.

Due to the rush of visitors to the Olympic games many Paris waiters are reported to be afflicted with itching palms. A guest at one of the Monte Marte cafes who asked a garcon for a match found an item in his bill, "lighting cigar, 50 centimes."

'He never jumped over the traces' was the fitting tribute paid to the memory of Clover, said to be the oldest horse in the world, that died in Pennsylvania the other day at the mature age of 51 years.

Rather than pay a fine for speeding, a California pastor accepted a brief jail sentence. He welcomed a respite from the strain and worry of his pastoral duties.

The hum of the bee will mingle with the hum of the binders on the prairies this summer. Apiarists in the three provinces have imported 40,000,000 bees from South Carolina.

In pursuance of a policy of economy a steam whistle will replace the boom of the sunrise and sunset guns in the French navy yards. As long as they do not have to whistle for their money the employees are satisfied.

The latest gorging contest is a coffee-drinking marathon. To determine whether the beverage was intoxicating if consumed in large quantities, H. Whitford of Hivnell, N. Y., imbued eighty-six eight ounce cups in three hours. Time was called when the percolator blew up.

It is possible that the Prince of Wales may find time to visit his Alberta ranch this summer. "Broncho busting" may not be as exciting as steeplechasing but it is not without its thrills and spills.

To avoid congestion, Washington and Toronto might establish a clearing house for political scandals. Watching two graft rings in operation at the same time is liable to cause eye strain.

Miss Agnes McPhail, Canada's only woman M. P., called at the White House during her Washington visit. As the executive mansion was undergoing house cleaning at the time of her visit she may have some useful hints to impart to the Women's Institute of Grey County on her return.

Responding to the demand for a word to designate a woman bootlegger, a Portland genius suggests "boozeslapper." The coiner of the word submits that it conforms to the rules of analogy and fact. A boozeslapper is what she is and what she wears and what she does. Masculine, "bootlegger"; feminine, "boozeslapper" feminine gender, singular number and provocative case.

DECISIONS RESPECTING NEWSPAPERS
Any person who takes a paper regularly from the post office, whether addressed in his name or another's or whether he has subscribed or not, is responsible for payment.
If a person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made, and then collect the whole amount whether the paper is taken or not.
The courts have decided that refusing to take newspapers or periodicals from the post office, or removing and having them unpaid, is prima facie evidence of intention of fraud.

The Meaning of Chevrolet's "Economical Transportation"
IT is more economical to travel by Chevrolet than by any other means. That is what it means to say that Chevrolet is the most economical form of transportation. This implies, first of all, that Chevrolet costs the least per car-mile—that it is less expensive to operate than any other make of car. But, more than that, it means that Chevrolet is more economical than any other kind of transportation. An investigation among Chevrolet owners of all classes, shows that it is not only more convenient—but also more economical—to travel by Chevrolet than by railway-train or trolley car. The information received gives an average of 30 miles per gallon of gasoline and over 1,300 miles per gallon of oil. Chevrolet is easy to own. The G.M.A.C. plan of deferred payments will enable you to finance the purchase. Investigate the new Superior Chevrolet today.

Is next door to each customer

A clever manufacturer in a small town found he often lost repeat orders from distant customers because he had no one on the ground to get them. So he supplied each of these good customers with a card reading:—

The H. W. Marks Co. of Deepdale is authorized to telephone orders to The Blank Mfg. Co., Springfield, and deduct the cost of the message from our next invoice. Call Springfield 156. Our telephone service is organized to give you as good service as if we were next door to your office. (Signed) John L. Black. He says it works fine. Try it.

NAPIER

Rev and Mrs. Aikens motored over from Centre road, near Parkhill to the Manse on Tuesday May 6th. A pleasant afternoon was spent when about twenty ladies of the Missionary Circle listened to an instructive address from Mrs. Aikens, she explained that had Missionaries not been sent to our forefathers that we would be no more enlightened than the people of foreign lands are today where our Missionaries are doing such good work.

Rev. Mrs. Mackintosh led in prayer, and Mrs. Howard McLean gave a very touching reading, and Mrs. Angus McLean gave a solo. At the close of the meeting a very dainty lunch was served.

The Napier girls have re-organized their soft ball team for the season. The "Beauties" will soon be ready to challenge their neighboring teams again.

Mrs. M. L. Woelard of Toronto, is the speaker for the summer meeting of the Institute this year. She will speak in the town hall on May 21st. Everyone is welcome at this meeting and much benefit is derived by the addresses, always given at these meetings.

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy, and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty.

WANSTEAD

Some of the farmers in the neighborhood have been unfortunate lately in losing valuable stock. Orville Ramsay and John Brereton have each lost heavy Clydesdale horses and Richard Minielly a valuable cow. The total losses amount to nearly \$500.

Mr. Nesbit and family who have operated the general store and post office for the last four years have about completed their move to the farm near Mandaamin.

Mr. and Mrs. John Wyant moved to Petrolia last week.

Albert Thompson and Victor Tait have purchased new cars this spring. Robert Campbell of McMaster who took the place of the Rev. Mr. Stones at Calvary last summer was a visitor here on Sunday, accompanied by Mr. and Mrs. Crothers of Michigan and the Misses Campbell and Scott of Forest. Mr. Campbell goes to Alberta this summer.

R. F. Anderson, who is visiting at the home of his parents here and who is being stationed as a student pastor at Demsey, near Montreal, preached at Calvary on Sunday.

A large acreage of sugar beets is being sowed here this spring. Herbert Tait, a large grower, will have about 40 acres.

The community Sunday school under the able management of Mr. Sussex, is making good progress.

Mrs. Purcell, Michigan, is visiting her daughter, Mrs. Edwin Morris. Miss Maizie Ramsay, Sarnia, is spending a few days at her home here.

The Wanstead Farmers' Club shipped two cars of stock to Toronto on Saturday. The volume of business handled by the Club so far this year shows the same healthy growth that has marked the history of this club since its formation. A very large business has been done this year in wire fence and fence posts which would almost cause one to think there existed a more optimistic feeling among farmers, although the present prices of hogs and milk do not give much cause of optimism. Letters patent have been received for the formation of a joint stock company to be known as the Wanstead Farmers' Co-operative Company, Limited, which will take over the business formerly conducted through the club. It now remains for the club to give attention to other lines of endeavor, educational and social which were the primary object in the formation of the United Farmers. There is need for education on the subject of co-operation and the discussion of social and economic questions would be of great value. A meeting will be held Tuesday evening, May 20th, in the Orange Hall, for the purpose of completing the organization of the new company.

West Adelaide

The W. M. S. of West Adelaide, met on Thursday May 1st at the home of Mrs. Geary with an attendance of sixteen members and five visitors. Mrs. W. E. Parker and Mrs. C. E. McInroy were appointed delegates to the Petrolia Presbyterial. Mrs. Wallace was appointed treasurer of a special collection "Good Friday Egg Contribution" by the Ladies Aid. The next meeting will be held on Thursday June 5th at the home of the Misses Ella and Lizzie Watson.

How Does Your Porch Floor Look?

There are two outstanding features about this Porch Floor Paint. One is that it is SPECIALLY made for Porch Floors—and combines a hard durable finish with a clean lustrous appearance. The other is that two pints will go as far as three pints of ordinary or so called cheap paint—assuring the consumer

of Best Results and a considerable saving on the cost of material. The reason is to be found in the quality of the ingredients used and the fineness to which they are ground by powerful machinery. It is easily applied, dries quickly, and can be had in six harmonious shades.

A Smile or Two

"Willie, can you tell me why Labor Day always comes the first week in September?" "Because that's the week school begins."

Husband—What on earth do you look like, with your hair cut short like that? You're a fright! Wife—You're right. I took a good deal like a man."

"Are you engaged to Algernon?" inquired Miss Cayenne. "Yes. I have promised to marry him as soon as he makes a fortune." "That isn't an engagement. That's an option."

"Go, my son, and shut the shutter." A mother to her son did utter, "The shutter's shut," the son did mutter, "And I can't shut it any shutter."

Surely the Place to Get it. "Is this a second-hand shop?" asked the man. "Can't yer see it's a second-hand shop?"

"Well, I want one for my watch." "So your daughter's married, I hear. I expect you found it very hard to part with her." "Hard! I should think so. Between you and me, my boy, I began to think it was impossible!"

A little boy and girl were tucked up snug in bed when their mother heard them talking. "I wonder what God put us here for?" asked the little boy. The little girl remembered the lessons that had been taught her, and replied, sweetly: "We are here to help others." The little boy sniffed, "Then what are the others here for?"

Too Many Home Cares

One Reason Why so Many Women Are Weak and Run-Down

The work of the women in the home makes greater demands on her vitality than men realize, and there is always something more to do. No wonder women's back ache, and their nerves are worn out. No wonder why they get irritable, suffer from headaches, and always feel out of sorts. But of course all women are not like that. What is the difference?"

A woman with plenty of healthy red blood in her veins finds work in the home easy; her vitality is at par. This points the way to health in women who feel run-down and depressed. Make new rich blood. You can do it with Dr. Williams' Pink Pills. These pills have the marvellous property of building up the blood and toning up the nerves. That is proved by the case of Mrs. H. Espinger, Scott street, Vancouver, B. C., who says:—"Dr. Williams' Pink Pills brought back my health and strength and restored my nerves to normal condition after other medicine had failed. It was after the birth of my second child that I became so anaemic and nervous that I thought I would lose my mind as well as my strength. I tried several medicines, but got no relief until I was advised to try Dr. Williams' Pink Pills. After using a few boxes of these I could see a change. I felt stronger; my appetite was better, I slept better, and my nerves were stronger. I continued the use of the pills for some time, and again found myself a well woman, and I can sincerely say that my health has since been the best. I can cheerfully recommend the pills to all weak, run down women."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In his announcement on a Sunday morning the vicar regretted that money was not coming in fast enough—but he was no pessimist. "We have tried," he said, "to raise the necessary money in the usual manner. We have tried honestly. Now we are going to see what a bazaar can do."

"How's this?" asked the lawyer. "You've named six bankers in your will to be pallbearers. Of course it's all right, but wouldn't you rather choose some friends with whom you are on better terms?" "No, judge, that's all right. Those fellows have carried me so long they might as well finish the job."

Was Addicted to Water

"Who belongs to de army of de Lawd?" shouted the colored preacher.

A man in the back seat jumped up and said: "I does."

"To what branch ob de army do you belong?"

"To de Baptist."

"Get out, yo' don't belong to de army, yo' belong to de navy."

A colored mammy came into the office of the estate for which she worked to receive her monthly wages. As she could not write, she always made her mark on the receipt—the usual cross. But on this occasion she made a circle. "What's the matter, Linda?" the man in charge asked. "Why," Linda explained earnestly, "Ah done get married yesterday an' changed mah name."

The patter of tiny feet was heard from the head of the stairs. Mrs. Kinderby raised her hand, warning the members of the bridge club to be silent.

"Hush!" she said softly. "The children are going to deliver their good night message. It always gives me a feeling of reverence to hear them. Listen!"

There was a moment of tense silence, then: "Mamma," came a shrill whisper, "Willie found a bed-bug!"

An American sat in a Roman barber shop while a Roman barber worked on his face. The razor was dull and he felt like an early Christian in the Coliseum. Bleeding freely, he began to wave his hands and emit what he thought were Italian words which only hastened the barber and the flaying and the bleeding. The more he yelled the faster the barber worked and the more the victim bled. Then he thought of an Italian word he really knew and shouted: "Pianissimo, you son-of-a-gun; Pianissimo!" "Damn!" said the barber. "What for you no spik American before? I t'ing you Franchman in hurry."

An English tourist travelling in Scotland visited a rural village named "Auchingray," which was famous for the longevity of its inhabitants. Shortly after getting off the train he saw an old man crying. Immediately sympathetic, he inquired the cause and got the answer: "Ma father licked me." "Why," said the tourist, "how old are you, my man?" "80," was the reply. "80," said the tourist, "aghat, 'well, could I see your father?" "Yes," said the other, "I'll show him to ye. He's digging his garden." The tourist went along and found a still older man, hale and hearty, digging in his patch of garden. Leaning over the fence he shouted, "Why did you beat your son, Mr?" "Huh," replied the old man, "the young beggar's always throwing stones at his grandfather."

For years she had been an ardent prison reformer. "You say you are perfectly happy here," she said, with frank disappointment, to the man whose cell she was visiting. "You like the food. They give you every-

Saved From Years of Headaches.

MRS. HONORE VALIQUETTE

The wonders of the famous Fruit Treatment are only revealed when you read a letter like this, which comes from Madame Valiquette, 1183 Notre Dame St. W., Montreal.

"For three years, I was troubled with bad Headaches, Nervous Dyspepsia and Liver Troubles. Then, I began taking 'Fruit-a-tives'. Very soon my condition improved, and thanks to these wonderful fruit tablets I am once more entirely well!"

"Fruit-a-tives" is the juices of apples, oranges, figs and prunes, intensified and combined with tonics—and forms a complete fruit treatment for Stomach, Liver, Kidney and Skin Troubles.

25c. and 50c. a box—at dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

A Foe to Asthma. Give asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half way measure about this remedy. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

BACK AGED TERRIBLY

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains and backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and gave up taking the medicine I had and began taking the Vegetable Compound. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."

—Mrs. J. R. McMAHON, 153 Harvey St., Chatham, Ont.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has for nearly fifty years been restoring sick, ailing women to health and strength. It relieves the troubles which cause such symptoms as backache, painful periods, irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon writes, as well as by one woman telling another. These women know, and are willing to tell others, what it did for them; therefore, it is surely worth your trial.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

"On Parliament Hill"

(By a Member of The Parliamentary Press Gallery)

Ottawa, May 12th, 1924.—The Budget debate is gradually making for itself a reputation for wearisome re-iteration. Every second member of parliament seems to have heard a call to place before Canada his particular ideas upon the hundred and one matters that come under the aegis of the Budget and the result is a prolongation of the discussion beyond reasonable lengths. It had been hoped last week would see an end of talk, and the division; now, it is fairly certain that the better part of this present week will be devoted to the Robb proposals. Speeches, for the most part, have been needlessly long, two hours having come to be regarded by the average member of the House as a sort of standard for oratorical effort. On Wednesday of last week, there remained fully 40 members anxious to get a Handsard in the Budget debate; how many of these, by this time of writing, have decided to "let George do it" calls for too much arithmetical calculation to make the result of even passing interest.

There were four outstanding addresses during last week instalment of the debate, those of Messrs. La Sueur (Conservative), and Raymond and Euler (Liberals) Ontario, and of Hon. Mr. Motherwell Minister of Agriculture, Mr. La Sueur took high ground and in a non-partisan effort put up the first constructive case presented, as yet, by the Opposition; particularly effective was his reference to the vast trade possibilities awaiting Canada in South America. Mr. Raymond's speech was a cautious and careful exposition of his attitude in opposing the fiscal proposals of the Budget, on the score of the injury likely to be done thereby to the industries of his constituency, the City of Brantford. In the case of Mr. Euler, there was less careful phrasing but a frankness and candor that won the admiration of the whole House. Mr. Euler spoke in the voice of Kitchener, Preston, Waterloo and Hespeler and plainly intimated that he must oppose the Budget because of its tariff clauses. He repudiated absolutely the Liberal platform of 1919, to which, he said, he never had subscribed and the implementing of which he could not now condone, inasmuch as it was by way of departure from the "stability of tariff" that he had been led to expect from the pre-election statements of Liberal leaders.

Implement Industry Not "Ruined"

Distinctly disconcerting to the Conservative Opposition was the publication, last week, by the Massey Harris Company of an extremely optimistic statement in respect of the farm implement business of that huge Canadian concern. The manifesto intimated, simply and in so many words, that the Massey-Harris Company was going to carry on "Business as usual" and, more than that, that the Company was preparing to pass on to the farmer, at once the saving in cost price that was made possible by the Budget. This statement coming gratuitously from Canada's greatest implement manufacturing just at a time when Conservative members were bemoaning daily the inevitable ruin of the implement industry in Canada, was, as Mr. Motherwell said "a sad blow" to the Opposition gloom dispensers. A similar silencer was the highly-optimistic vision of the future of Hamilton as the home of industrial concerns, as painted in the press, two weeks after the Budget had been tabled, by Mr. Kirkpatrick, Industrial Commissioner of the "Ambitious City."

Political theories of impending blue-ruin are of little avail, after all, when concrete evidences of prosperity and the will to "carry on" are being put before the public by the very interests for whom the untimely obsequies were being prepared by too-easily-persuaded friends.

Of more than passing interest to the public generally was a remark dropped by Hon. Rodolphe Lemieux, at the annual dinner of the Parliamentary Press Gallery. Making eloquent reference to the place made for themselves in Canadian history by the early French explorers, Mr. Lemieux intimated that, in the not far distant future, he might present to the House of Commons its first stained glass windows. The subject of the decorative window, the Speaker added, would be the landing on Gaspe peninsula of Jacques Cartier.

Church Union Compromise

in well-informed circles there has grown up the impression that the probable outcome will be an amendment acceptable to both sides; an amendment whereby the Bill will be reported, its principle carried and approved, with a provision whereby individual Presbyterian congregations so desiring may, within a period of six months or one year, register their desire not to be included in the proposed United Church of Canada and retain their present status and property rights.

The subject of the debate was "Resolved that Canada is of more importance to Great Britain than Australia." The affirmative side was upheld by Kenneth and Maxwell Strangway of Ennisville and the negative side by Leslie MacDonald and Ford McAlpine, P. and E. townline. The negative won by 7 points.

The judges for the debate, Miss V. Gregory, of Copleston, Miss S. Cran public school teacher in the vicinity and Wm. Waghorne of Mandaamin. There was a large attendance including visitors from Wyoming, Copleston, Sarnia and Mandaamin. The program consisted of duets by Ida McIntyre and Harold Smith of Plympton and Rosie Salisbury of Copleston quartette by Vera Trott, Martha Knudsen, Elgin Dennis and Angus Maw, recitations and readings by Nora Hendy of Marthaville, Miss McRae of Mandaamin and Annie Ford, P. & E. townline. It is said that a constant change is taking place at Niagara Falls. Geologists estimate that the Falls have moved seven miles up-stream in thirty-five hundred years.

If you have not viewed the wonders of Niagara Falls it might be as well to visit the great cataract before it disappears. A Toronto professor states that it is receding at the rate of four and a half feet per year and in the course of a few centuries may be reduced to a shallow rapids.

H. Ross, of the Geological Department of the Dominion Government, was at Kingsville with a staff of men taking moving pictures of the hundreds of white swans and myriads of wild geese and ducks attracted to that section by Jack Miner's bird sanctuary. Mr. Ross has travelled from the Atlantic to the Pacific and says that that is the largest group of these birds he has ever seen.

Of the 39 cases of smallpox reported during the recent epidemic in Windsor and vicinity, 32 victims who had not been successfully vaccinated died, according to a statement issued Tuesday by Dr. F. Adams, health officer.

Distribution of whitefish fry from the Dominion Government hatchery at Pt. Edward has been completed for 1924 season, and some 56,000,000 little fish are searching for adventure in the vast waters of Lake Huron.

Children Cry FOR FLETCHER'S CASTORIA

The death of Thomas Shay, of Forest, occurred at his home Monday afternoon, May 5, after a long illness. He was in his 70th year. His wife, whose maiden name was Margaret Harvey, survives him with three daughters, viz.—Mrs. Roger Sutherland, Forest; Mrs. Bruce Fraser, Port Arthur, and Cora, in Detroit. Deceased was a prominent Odd-fellow, and a member of Royal Oak Lodge, No. 108, Forest.

The Oil for the Farmer. A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.
