## TENNIS CLUB OPENING DAY

Members Will be At Home to Annapolis, Lawrenceport and Middleton Clubs—Dance at Court House in Evening.

The High School Boys took Berwick into camp again on Saturday on the Kings County tennis grounds with a score of 13 or 14 to 5.

The game was in general an interesting one with the exception of the second innings when the Berwick team went up in the air, Bridgetown boys taking up eight runs. J. C. Meserveau was umpire at plate and Jack Harton bases. Both gave good satisfaction, and attendance was much larger than at Bridgetown the week before.

### DEEP BROOK

Miss Clara M. Stills after spending a pleasant winter in Boston, is visiting her parents, Mr. and Mrs. A. G. Stills for a few weeks before going to Smith's Cove for the summer.

Mrs. Alice Bell of Clementsvale, is a guest of her niece, Mrs. L. E. Sherman for a few days.

Mr. and Mrs. Hugh McGowan, and family have returned to their home in Bridgetown, after spending the winter at Deep Brook.

Mrs. Flora Purdy is spending a few days with friends at Bear River. Mr. and Mrs. Abner Woodworth returned home from Middleton on Sunday.

The Annapolis Co. quarterly meeting met with the Deep Brook Baptist church on Monday and Tuesday, May 20 and 21. A good number of delegates were present. The meetings were well attended and good reports given, and many plans made for work in the various churches in the county.

### REV. A. J. PROSSER RESIGNS AS TEMPERANCE INSPECTOR.

Rev. A. J. Prosser, Agent for the Children's Aid Society in Annapolis County has received a similar appointment for Yarmouth County. This will necessitate a very considerable amount of travel work and hence Mr. Prosser has tendered his resignation as County Inspector in Annapolis County under the Nova Scotia Temperance Act. This resignation takes effect on June 1st. Mr. Prosser has been inspector since last January when appointment was made by the Municipal Council. He has been very active and energetic in the prosecution of this work.

## OBITUARY.

### Thomas Kelly.

The death occurred at his home on West Granville street at an early hour Friday morning of Mr. Thomas Kelly after a serious illness of some weeks.

Mr. Kelly three weeks ago was taken to Victoria General for operation but no hopes of ultimate recovery were ever held out.

He leaves to mourn their loss, wife and little daughter, Janet Elizabeth. Mr. Kelly was three times married and leaves by his first wife, nee Miss Withrow of Uniacke, one daughter Mrs. Myers Gibson of Dalhousie, by his second wife, nee Miss Archibald, also of Uniacke, one son, Arthur. Two brothers Michael of Bridgetown and George of Dalhousie, one sister Mrs. John Messenger, Lequille. A brother Sidney, was drowned about twenty-four years ago in the millpond at Townships line when he went into the water to rescue George, a person who also perished.

Mr. Kelly was a native of Dalhousie who lived a considerable portion of his life. He also spent some years at Uniacke, where he engaged in gold mining. Some fifteen years ago he moved to Bridgetown and with his brother Michael, established and conducted an ice business. An active member of St. James Anglican church he held the office of vestryman for many years, was a teacher in the Sunday School and leader of the Bible class. A worthy and highly esteemed citizen his loss will be felt in the community.

The funeral took place on Monday morning from his late residence with service at 9:30 in St. James church, conducted by Canon Underwood. This was largely attended, interment was in the family lot at Gibson's Lake Cemetery.

### Talford R. Bent.

On Wednesday morning, May 7th, word was received from Halifax, that Talford R. Bent had passed away. About a year ago last September he was stricken with paralysis while in the west. He came home and went to Halifax for treatment, but gradually grew worse until the end came. He leaves to mourn his loss, a wife (nee Miss Lennie McGrath) of Victoria Beach, N. S., three brothers, Fred T. Bent and Millard O. Bent, of Uniacke, Cal. Alton L. Bent, Beausfield, N. S., two sisters, Minnie A. Harden, of Portland, Oregon, Effie S. McGregor, of Lynn, Mass. Deceased was born at Phinney Cove, N. S., and was 41 years and two months of age. The funeral took place at Hampton on Saturday at 2:30 p.m. Services were conducted by Rev. D. W. Dixon, in the church at Hampton Cemetery.

### INSTALLATION OF THE REV. CANON UNDERWOOD IN ALL SAINTS CATHEDRAL, HALIFAX.

In its report of the Synod service of the 47th session of the Synod of the Diocese of Nova Scotia, in All Saints Cathedral, Halifax, on Tuesday evening of last week the Morning Chronicle had the following:

The Synod service was held at eight o'clock last evening in All Saints Cathedral. The clergy and laity in goodly number marched in a body. The Dean sang Evensong, Rev. John T. Bamford, Rector of Port Medway, read the first lesson, and the Rev. Gerald Bullock, Rector of Bridgewater, read the second lesson.

A very pleasing feature of the service was the induction of the Rev. Ernest Underwood, Rector of Bridgetown, to be Honorary Canon of All Saints. The Ven. Archdeacon Vroom presented the Canon-elect, His Grace created him Canon, and the Very Rev. Dean Llywd inducted him to his stall in the choir.

The Synod sermon, a typical spiritual and well thought out address, was given by the Rev. Canon E. A. Harris of Mahone Bay.

### BEAR RIVER TENNIS CLUB BUYS NEW GROUND.

Bear River—The Bear River Tennis Club have purchased the corner lot of land from Mrs. Cordelia Rice joining the residence of Capt. John Rupp, and have made two gravelled courts which are now completed. On the ground they have a commodious pavilion with the necessary equipment for serving afternoon tea. The club intends to open the court for playing Victoria Day, May 24th. At the yearly meeting in April the following officers were elected for the ensuing year. President—L. W. Harris; Vice Pres., Harry C. Anthony; Secy.—Treasurer, Dr. Lionel Rupp.

## NEWSY NOTES FROM PARADISE

### Women's Institute Gives Interesting Programme—Station Garden Appreciated—Personal And Social Items.

Paradise—The Women's Institute met on Thursday afternoon, May 16th at the home of Mrs. Millie Daniels, with the president, Mrs. R. S. Leonard in the chair, matters of business pertaining to community welfare were transacted. The president was appointed a delegate to the Annual Convention at Truro, in June. Following the business meeting an interesting programme was provided by Mrs. F. W. Bishop, which furnished timely hints on matters pertaining to garden and kitchen. Articles on above subjects were read by Mrs. C. W. Durling, Mrs. F. H. Balcom and Mrs. W. S. Smith. A solo with guitar accompaniment was given by Mrs. Ritchie Elliott. At the close of the meeting very delicious refreshments were served by Mrs. Daniels and Mrs. Balcom. A much appreciated station garden was planted here recently by the Railroad Company. Being a community that values all community improvement the little spot so well covered with shrubs, etc. will, we believe, not only receive the good wishes of many but thoughtless, careless travelling around it will be avoided by all. In a peculiar way a home is judged by its trim, clean, attractive entrance. A. R. R. Station may serve as either the front or back entrance to a community, but in either case it should help to give the stranger or the home owner a pleasing welcome.

Since it is no secret that this place is proud of its R. R. Station, let us more and more appreciate the possibilities for attractiveness about our station yard.

Mrs. Ritchie Elliott and daughter, Joyce, recently were in Hantsport, for a short time, where Mrs. Elliott attended the funeral services of her father, the late Captain Steven Smith, Capt. Smith followed the sea for over forty years, during which time he saw much of the entire world. Though all his children were born in Liverpool, England, he was a resident for many years of Hantsport, N. S. At the time of his death Capt. Smith was living with a daughter in Mass.

Mr. and Mrs. Carl Shaffner and family of Middleton, have been spending a few days vacation with Mr. and Mrs. J. H. Balcom.

Mr. E. C. Longley of this place, has accepted the principalship of the Paradise school for the coming year.

Mr. and Mrs. Frank Levy and family recently moved to Bridgetown.

Mr. S. S. Ruggles, after spending a few days on business in Paradise and Bridgetown, returned to Halifax.

A pantry sale of pies and cake will be held in the kitchen of the church vestry on Saturday afternoon, May 24th.

There will be service in the Methodist church at Paradise on Sunday evening at 7:30 with music by the Men's Choir of Lawrenceport.

### CHAIRMAN PROVD. HIGHWAY BOARD BREAKS LEG

Antigonish—A. S. McMillan, chairman of the Provincial Highway board fractured a bone in his right leg at Guysboro yesterday afternoon, as the result of a mishap. He returned to his home in Antigonish after the accident. The leg is in plaster cast.

Read the advertisements and save time wasted in useless shopping. With your main purchases selected you will have time to look for the little things so often missed.

## CENTRAL CLARENCE.

Mrs. T. E. Smith has returned to her home here after spending several months at Parrsboro with her daughter, Mrs. Bradford Hall.

Mr. and Mrs. Robt. Leonard and family spent Sunday at Brooklyn, guests of Mr. and Mrs. Avard Chesley.

Mr. and Mrs. W. L. Messenger, Grant Messenger, Mrs. Mary Allen and Mr. and Mrs. C. H. Jackson spent Wednesday at Clementsport, with Mr. and Mrs. Sable McNinch.

Mr. Kenneth Lilly went to Glace Bay on Friday last, expecting to remain the summer.

Mrs. Edwin Whitman and daughter Muriel went to Boston on Friday for an indefinite time.

Mr. V. B. Messenger shipped three carloads of hay last week and has orders for two more this week.

Preparations are being made to have repairs begun on the sheds on the church property. Mr. Charles Starratt and Alfred Marshall have been engaged to do the work. People are getting things in readiness for the Association which meets with our church in June.

## Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

## OBITUARY.

### Mrs. Henrietta Nelly.

The death took place about midnight on Thursday night at the residence of her daughter, Mrs. Burpee Chute of Mrs. Henrietta Nelly after an illness of several months.

Mrs. Nelly leaves to mourn their loss three sons, Rev. Denton J. Nelly, of Medford, Mass., who was very recently on a visit to his mother, B. W., of Nome, Alaska, and M. J., of Bury, Maine, two daughters, Mrs. Burpee Chute (with whom she had resided since the death of her husband, Mr. T. A. Nelly about three years ago), and Mrs. J. K. Craig, of Calgary, Alberta. Mrs. Craig has been here some weeks and was with her at the end.

The late Mrs. Nelly resided for a number of years in Middleton, she and her husband removing there from Brooklyn for the past thirty years was a resident of Bridgetown. She was a lady who enjoyed the very highest esteem and respect in the town and had a large circle of friends. She was an active worker in the Baptist church and her passing is received with much regret. The funeral took place on Sunday from her late residence to Middleton where her remains will be interred beside those of her husband in Pine Grove Cemetery. Services at the home were conducted by Rev. A. J. Prosser, "Asleep in Jesus" was rendered by the choir, "One Sweetly Solemn Thought" as a solo by Miss Gladys Reed, "Beautiful Isle of Somewhere" by quartette. A. C. Charlton, E. C. Hall, Miss Gladys Reed, Miss Beryl Hayden, by choir—Good Night.

## UPPER GRANVILLE.

The passing on of Mr. Thomas Kelly leaves a blank in town and vicinity not easily filled. Diligent and upright in business, a kind neighbor and sincere friend has been called away little past his prime. Note quite two years ago his chosen bride braved a long sea voyage to meet her mate and to her, the aged father and other near relatives, sympathy is extended. Mr. Kelly though broad and charitable in his outlook was a faithful worker in the church he loved and a great Bible student. The call comes anew to all members with time and talent to re-fill the blanks left by faithful service, deeming it not an irksome duty but blessed privilege.

A very enjoyable evening was spent at the residence of Mr. and Mrs. Leonard Whitman, Upper Granville, on the 12th inst. Owing to inclement weather some of the guests were unable to be present. Quite a large number however assembled to join in felicitations on the occasion of their fifteenth wedding anniversary.

Two promising young sons brighten the home life, two little daughters having died in infant days. Mr. and Mrs. Whitman are well and popularly known throughout the county and relatives and near friends testified to this fact by leaving many tangible proofs of esteem. Music and games with sumptuous refreshments near the midnight hour, brought an evening long to be remembered to a close. All join in wishing Mr. and Mrs. Whitman and their bright young lads many years of prosperity and happiness.

## MELVERN SQUARE.

Mrs. Eliza Stronach spent the week with her brother, Mr. Arthur D. Gates of Forest Glade.

Mrs. Seleda McNelly of Margaretville and Mrs. Bessie Wilkins of Middleton, are visiting Mr. and Mrs. J. G. Masters.

Miss Ella Patterson of East Margaretville, spent the day with her friend, Charlotte Gates.

Miss Jean Gates, medical missionary of China, gave an interesting address to an appreciative audience in the Baptist church on Sunday evening on China and the hospital work being done there.

Mr. and Mrs. S. Hicks and children Edith and Cecil, Mr. and Mrs. F. Brennan and son of Aylesford, were recent visitors of Mr. Alfred Phinney.

Mr. and Mrs. George O'Neal were recent visitors of Mr. and Mrs. Joseph Gates of Forest Glade.

Miss Almira Burns of Margaretville, was a week-end visitor of her aunt, Mrs. George Brown.

Mr. and Mrs. Miner Sproul and son Percy, motored to Bridgetown on Sunday and spent the day with Mr. and Mrs. Arthur Wheelock. They were accompanied by Miss Lilla Gates and Miss George Van Buskirk.

## POULTRY BUSINESS BOOMING IN DIGBY CO.

Digby.—To give an idea of the extent to which the poultry business in this section has developed during the last four years the Winchester Poultry Farm, at Victoria Bridge, has so far sold 15,000 chickens this season and has 11,000 more to come out. This is probably the largest of the poultry farms but there are almost a dozen more of considerable size. Four years ago when Mr. Hough purchased the Edward Winchester property for this purpose there were probably not more than a hundred laying hens within a radius of ten miles—now there are thousands.

Mr. Warren a few days ago caught a trout weighing just a shade under three and a half pounds. While the weight was large the appearance of the fish was much more remarkable. Its head resembled that of a salmon rather than a trout and the general markings a cross between the two.

## BRIDGETOWN WINS AGAIN

### High School Team Defeats Berwick on Saturday 14 to 5—Berwick Boys Went to Places in Second Innings.

The third court of the Tennis grounds has been completed and today the formal opening for the season takes place. The club during the afternoon will be "At Home" to the members of Annapolis, Lawrenceport and Middleton clubs. Tea will be served and a number of friendly games will take place. In the evening there will be a dance at the Court House.

### MR. MAURICE ARMSTRONG WINS DE MILLE PRIZE TWO YEARS IN SUCCESSION.

This year for the second time in succession Mr. Maurice Armstrong captured one of the De Mille Prizes, \$100. These prizes are from a fund set apart by the late Senator Dennis and are given for particularly meritorious work in Prose and in Poetry first and second prizes each. This is the first year in which the first prize of \$200 has been won. Mr. Armstrong won \$100 last year taking as his subject "The Annapolis River in History." This year he wrote on "Laboratory." The prizes mentioned are the most valuable given for such work in any university in Canada and the board of judges includes eminent critics outside Dalhousie University. The judges report that several contributions were sent in which were of quite outstanding and remarkable merit. We congratulate our young townsmen on the splendid success which is attending his literary efforts.

### BELLEISLE DRAMATIC ENSEMBLE GIVES GOOD PLAY.

"Aunt Jerusha on the War Path" was put on in the Primrose Theatre on Thursday evening by the Belleisle Dramatic Ensemble to a fair house, and was well received. The play abounded in humorous situations of which the cast took good advantage, and a number of local hits were introduced to good effect. The play was seen last winter at Belleisle and also at the County Recreation hall by many of our readers who were all well pleased with the rendering and the effective manner in which the various members of the ensemble portrayed their parts.

Results generally should encourage the members to go forward next season in the presentation of another play.

## BELLEISLE.

Mr. and Mrs. W. L. Nichols and family of Aylesford, were Sunday guests at the home of Mrs. I. J. Parker.

Mr. and Mrs. Roy Bent and son, spent Sunday in Tupperville the guests of Mr. and Mrs. F. W. Inglis.

Mr. John S. Troop returned home last week after spending the winter in the U. S. A.

Mr. and Mrs. Joseph Bent have returned from their wedding trip and are receiving congratulations from their many friends here.

Mr. and Mrs. Eugene Parker motored through from Halifax and spent the week-end at Mr. Parkers old home here.

Mr. and Mrs. Avard L. Hudson spent Sunday with friends in Hillsburn.

Coming a brief note from the Rev. Thos. Harwood, of the Apostolic Faith Mission, referring to Mori's Chocolates he states "They were fine. We seldom get such luxuries here. Enclosed in the envelopes were notes on recent converts that make interesting reading. One is from an old lady, Grand-ma Sun.  
"I am a widow with two sons and two daughters-in-law, and three grandchildren. We have four helpers and apprentices and we all live in the one home. I began in my youth to smoke and drink and to commit many sins, and I was an awful sinner, my home was always quarrelling and growling one at the other. It was not myself and my oldest son it was the daughter-in-law or someone else. We always had somebody sick, and we were always calling doctors and paying medical bills. I used to think and wonder sometimes, well, what is the Matter? I must be unlucky."

## TOURIST BUSINESS.

With the expected influx of a much larger number of tourists this summer than usual it is pleasing to note that in many quarters genuine efforts are being made to foster and increase this business which should prove a source of pleasure and profit to the Province.

The Nova Scotia Publicity Board is doing good and effective work and a number of complaints formerly registered by travellers and others are being improved and increased in transportation facilities.

The Bluenose Express we understand is to be put on again by the Dominion Atlantic Railway, while the Boston and Yarmouth Steamship Company are putting into their service from Boston the S. S. Northland. This transportation end of the problem is being worked out in good shape. The Dominion Atlantic has established a splendid record of running their trains sharp on time, a feature which is much appreciated by tourists and all travellers, and it is a record of which they are deservedly proud. Efforts are being made to suitably provide for visitors. A great real beyond the efforts of other years cannot be looked for from the hotels. The best ones, in fact about all the good ones have a steady run in all the larger towns at least, for a discerning public lodges the poor ones when it can.

Accommodation this way is generally speaking pretty well taken up. Owing to the short season it appears that bungalows, camps, camping sites, etc., would be a decided aid to the tourist business and this might be a feature which it would pay transportation companies, as well as private citizens to consider. Parties who are so situated that they can do so could add materially to their income by accommodating Summer visitors who would be glad to avail themselves in portions of the county where suitable diversion for tourists could be furnished.

It is expected that the Town Council and the Board of Trade will very shortly formulate some plans whereby Bridgetown can secure an appropriate share of the Summer visitor business.

## THE DUST NUISANCE.

With the summer period rapidly approaching, the season of heat and of dust, it appears to us that it would not be unwise if the matter of adequately coping with the dust nuisance were vigorously taken up. The present means of utilization of a watering cart brings a measure of relief it is true but in dry warm weather with fresh breezes blowing the relief is a very temporary one. In fact, on such days, and they are not very few, as soon as the cart has made its

rounds the portions of street sprinkled are ready for another application. Water is a very temporary relief and not always available just when wanted.

In quite a number of towns the difficulty has been very satisfactorily solved by the use of oil on the streets. The initial expense is of course much greater than that of water, but in the long run it would prove much cheaper and certainly at all times more satisfactory when one considers not only the actual discomfort of being out in dust storms but also damage to wearing apparel, horse furnishings, goods in stores and nearly everything within range.

If our readers who have passed by the Colonial Garage this season, and a large proportion of them have, no doubt a considerable number have observed the difference when cars pass the unrolled portion of Granville street and strike the oiled area in the vicinity of the garage, the cloud of dust raised just previously and the utter absence of it as the cars pass over the oiled area. This enterprising firm has furnished us right here an object lesson worth remarking and worth the attention of the Council and of the citizens generally. A little money used to success fully deal with the dust nuisance is after all not an expenditure but a real economy.

**A CHILDLIKE FAITH**  
Manchester Guardian: The international position in the Pacific is much easier than that in Europe, and we have the advantage that in all fundamental points the right policy for this country to pursue is that in which we should have the sympathy of the United States. The creation of a base at Singapore with its attendant fleet, looks in the other direction from the policy of understanding and conference at Washington. It belongs to the age of what we call, vaguely but intelligibly enough, the Old Diplomacy. We are still in that age in Europe; in the Far East we have made a bold effort to escape from it, and we must not lightly allow ourselves to be led back into the prison.

**COTTON IN THE EMPIRE.**  
Nairobi Journal: The disaster or partial disaster which has overtaken cotton growing in the Southern States of America has seriously affected one of the staple industries of Great Britain and attention has of necessity been turned to the possibilities of finding a supply of the raw materials within the Empire. That this is possible, there is no shadow of a doubt; areas in this country and in Tanganyika are eminently suited to its cultivation and on a profitable basis when it is considered that in the present stage of the country's progress it would be primarily a native industry.

## BRITISH, EGYPT AND THE SUDAN.

London Daily Express: The claim now being put forward by the Egyptian Nationalists that Great Britain should make a present of the Sudan to Egypt is really a monstrous piece of impudence. To hand the Sudanese over to their old Oppressors would be a gross betrayal of mortal trust—for the Egyptians have yet to prove that they have the slightest capacity even for governing themselves. Such a betrayal would soon bring Nemesis in its train. Once more there would come the inevitable uprising of the warlike races, black or Arab, against the incompetent oppressors. Once more the Egyptian would be consigned to leave their bones in the southern desert. Finally, Great Britain at enormous cost would have to reoccupy Egypt in order to save it and reconquer the Sudan. That country belongs to Great Britain by right of conquest by the claim of its inhabitants to just and competent rule, and in the interests of the whole country of nations—including Egypt.

## THE BOND OF GAMES.

The Australian: Without propaganda or special publicity sports which had their origin in Britain were taken across to the Continent as a novel experiment, first of all as a curious illustration and example of Anglo-Saxon lucy. And in a little while the penetrated nations realized that they had done a big thing—the accomplishment chronic. The Englishman, the missionary of physical endeavor for pure glory's sake, had done a big thing—the accomplishment was complete almost before it was realized. Even Germany had, just before the war, taken it up in quite the Prussian fashion, as a desirable State activity. It is a significant fact today that the nations which we least understand, which are about the last to win our sympathy or interest, are countries, like Russia or Turkey, which have no national sport in any form, and which never look like adopting them.

## COMMUNISM AND CAPITALISM.

Perth Western Mail: Russian Soviet leaders realized from the first that the Communist State which they originally sought to set up was only possible of realization in a world of Communist States; that no such State could long exist in isolation. That explains the why and wherefore of their early world-wide propaganda, which, having failed of its purpose, their own unadulterated Communism failed. It also explains the transition now in progress in Russia from Communism to Capitalism. The wheel has not yet turned full circle, and may not do so. Capitalism in Russia may eventually take on a crystallization of its own, differentiating it from Capitalism as we now know it. It may even lead the Western nations to shed some of those features of Capitalism which are anti-social, and which have provoked others than the communists to revile the system in some of its uglier aspects.

## ISOLATION.

Baltimore Sun: It is anticipated that a large part—probably half—of the \$200,000,000 loan designed to put Germany on her feet will be taken up in the country. While such a loan (like the Austrian reconstruction issue) would doubtless be floated by a private financial agency in New York, it will imply, to be successful, a more or less direct interest by our Government in the future conduct of the Allies toward Germany. It is useless to suppose that a huge block of German bonds can be sold in this country unless purchasers are assured that Germany will have a fair chance to recover economic security. That assurance is impossible unless our Government participates much more directly in the reparations settlement than has hitherto been the case. Nothing has been said in Washington to indicate a change from the policy of isolation. Yet the American chairman of the Experts' Commission is going ahead with plans for the German loan as though it is a matter of course that this country will take up a share of it.

## A FAIR ASSESSMENT.

Providence Journal: Germany's "ability to pay" is demonstrated in the Dawes report. It has never been doubted. Finding the German assets ample, the Dawes programme prescribes reparations payments by annual instalments. The instant German remonstrance is that the full amount of reparations is not stated. They know, though, that it was not the function of the experts to fix it. Dawes shows that the sum to be collected regularly from Germany over a period to run until the reparations claim is satisfied. There is a businesslike consideration; the annual collection will not be so heavy as to cripple German productivity. The taxation involved is not expected to be agreeable, but it will be bearable.

It is an excellent thing when men's religion makes them generous, free-hearted, open-handed, scornful to do a thing that is paltry and sneaking.

## SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance: "I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-tives" and this fruit medicine completely relieved me of all my misery".

## A NUT FOR HIGHER CRITICS.

How many apples did Adam and Eve eat? Some say Eve 8 and Adam 2—a total of 10 only.

Now, we figure the thing out far differently: Eve 8 and Adam 8, also—total 16.

On second thought, think the above figures are entirely wrong.

If Eve 8 and Adam 82, certainly the total would be 90.

Scientific men, however, on the strength of the theory that the antediluvians were a race of giants, reason something like this: Eve 81 and Adam 82—total 163.

Wrong again. What could be clearer than if Eve 81 and Adam 812 the total was 893.

We believe the following to be the true solution: Eve 814 Adam and Adam 814 Eve—total 8938.

Still another calculation is as follows: If Eve 814 Adam, Adam 8124 Eve—total \$2,058.

RECEIVE \$750 FOR THEIR \$50,000 COW.

The owners of Tillie Alcatraz, famous milk cow, killed because she had foot and mouth disease, will receive \$750 state compensation, although the animal once was worth more than \$50,000 and had produced calves which sold for \$61,000. Tillie no longer was a breeder, and it was said her value principally was advertising and sentimental.

With Tillie Alcatraz were killed other members of the famous Hartsook dairy herd of California, including a \$27,000 bull. The average compensation to be paid for the destroyed animals will be \$427.40 a head.

## THE FIRE MARSHAL'S REPORT.

The report of the Nova Scotia Fire Marshal has just been issued for the month of March, and some of the details are most interesting, and should be brought to the attention of the public of Nova Scotia. Fortunately the losses are lower than for March 1923, but still the record is bad enough. Of the 95 fires reported 22 representing approximately one-half of the fire losses, were due to sparks on the roof. This is a hazard which, especially at this time of year, has to be reckoned with, particularly in country homes, where wood is used. It should be watched very carefully, and where possible shingle roofs should be replaced by patent roofs, which will not catch so easily. Fifteen of the fires were due to defective flues and nine to gasolene. There were two deaths in this province in March by fire. Five dwellings were burned through overturning of lamps and lanterns, and one fire was caused by an oil heater being left burning.

The Fire Marshal's report indicates clearly the necessity of very carefully watching against fire and every precaution, as it is only in this way that our fire waste can be reduced, and today it has reached an appalling figure.

## MINERS PROTEST.

Declare Amendment to Bill Would Mean Work Day of Eleven Hours.

Sydney Mines.—Strong and emphatic resentment, charging deliberate assassination of the eight-hour day bill, is freely expressed by the Nova Scotia miners. The alleged cure, they say, is worse than the disease, as the government amendment to bill 41, if enforced, would mean eleven hours a day from bank to bank in the submarine Scotia mines, which they declare cannot be accomplished without impairing the efficiency and undermining the strength of the workers. The miners declare that eight hours actually employed at the coal face is impossible, and that the introduction of the amendment recommended by the officials of the British Empire Steel Corporation an defended by Hon. Mr. Cameron leaves them in a helpless position and at the mercy of the coal operators.

## BUY OUR GOODS AT HOME.

The St. John Telegraph-Journal says editorially:—The discussion before the Retail Merchants' Association at its annual meeting Tuesday evening was important enough to attract attention in every business centre in New Brunswick. The emphasis placed by Mr. McKenna upon the necessity of patronizing ourselves, of buying those things which we need in the Maritime Provinces, cannot be impressed too strongly upon everybody. We should have a slogan "Patronize Home Industries" and live up to it. We might begin with our own wholesalers and jobbers and the retail merchants buy from them instead of buying from the agents of Upper Canadian Houses. Our people could find plenty of goods satisfactory to them in the Maritime Provinces if they would only look around, and yet we often hear of our people going to outside centres to buy nice clothes, to purchase furs, and even invest in boots and shoes, because they think perhaps they can get better value abroad than at home. That is not true. We can buy just as good goods in the Maritime Provinces as we can elsewhere and the patronage of our own people would mean the difference between depression and prosperity. If we patronize our own people business will be good. The retail merchants are the men to spread this gospel of faith, or better in ourselves, and induce their customers by persuasion, as well as by practice, to leave their money as nearly as possible in the province where they live.

## BUSINESSMEN DEVOTE HALF HOLIDAY TO CLEARING CAMPGROUND

Wolfville.—That the interest in Tourist Travel this summer is not purely academic on the part of Wolfville's citizens was emphatically proved Wednesday afternoon when twenty or more leading citizens under the direction of Mayor Chambers and Town Manager Stairs foregathered for genuine toil.

Wednesday afternoon, from May to October, is the time when the business men of this town cease from labor and devote himself to motor-ing or golf. Hence it was no uncertain sacrifice to devote the holiday to clearing up the brush and undergrowth on the tourist camper's site. This site, located at the head of the pond on Willow Avenue in a grove of pine trees, is an admirable one for the purpose. A kitchen, with stove, will be erected, electric lights and water provided and benches furnished, making the way of the visiting camper easy and his sojourn in Wolfville restful. By the sweat of his manly brow does the Wolfville business man welcome the motor tourist with his tent strapped to the running board. May his name be Legion, say the citizens.

### THE "SCRUB" DOESN'T

An inferior, "home-made" more than it does to use a silo.

You've got to have a silo storm—stand the pressure storm—adjust itself to the weight and weather.

Moreover, you want a silo stantial wood. Because only can you keep out frost at the succulent ensilage just built of porous compound such as cement absorb juices—create mouldy, poisonous ensilage—disintegrate with the acids.

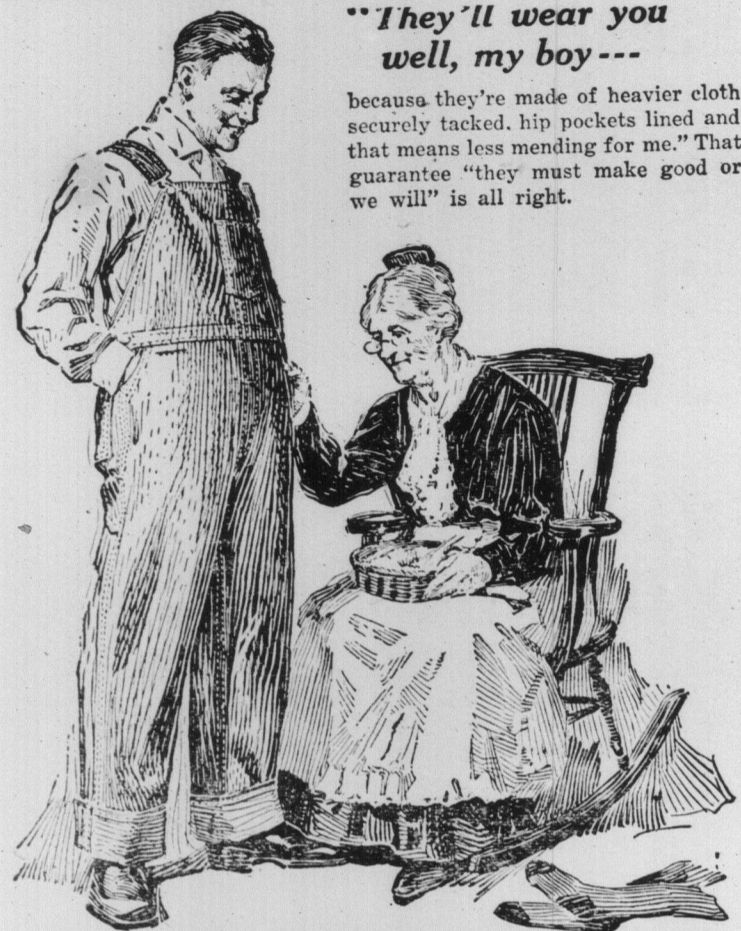

You may put up a silo for few dollars less than I can sell you a Hilo Silo for.

But you won't have anything you won't have Gilson Silo anchorings—patented comb ladder—in short, the most silo in a single season will difference in the cost of a.

And as for strength—well, let me tell you. Yellow Pine—the Louisiana—twice as heavy as Spruce. Then you'll realize why a Hilo Silo is the cheapest silo to get.

**Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.**

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

**OBITUARY.**

**Mrs. Harry Amberman.**

Granville Ferry was saddened on Friday afternoon by the passing away of Mrs. Harry Amberman. She had seemed to have passed the crucial stage of her serious illness—due to complications which arose from the effects of a fall she had sustained the week previous—when death came suddenly and unexpectedly. Previous to her marriage Mrs. Amberman was Miss Helen Maude Clifford and was a native of England, where she was born in Wallingford, Berkshire, twenty-nine years ago. Having been left an orphan in childhood she was adopted by a Mrs. Turner of that city. When a young woman she came to Fernie, B. C., to reside with relatives. It was there that she met Mr. Amberman to whom she was married on August 29th, 1914. Shortly after their marriage Mr. Amberman resigned his position in Fernie and they came here, where they have ever since resided and where Mrs. Amberman has always been held in high esteem.  
Mrs. Amberman was a home lover, but when her home duties permitted she rendered valuable assistance to her husband in the dry goods business which he took over from his father, A. E. Amberman, after returning from overseas. In her passing her husband H. T. Amberman has lost a very devoted and faithful wife and her five children, Dorothy, Margaret, Edith, Harold and Inez, a very devoted and affectionate mother. The funeral which was held at her home on Sunday afternoon, was conducted by the Rev. A. W. Watson and Rev. R. B. Thomas. The undertakers were Rev. Shaffner, Sam Pickin, Harry Mills, Ralph Chisholm, Roy Gillatt and Leander Oliver. Interment was made in Wadeville Cemetery.

**THE CHEERFUL WOMAN**

Is One Who Has The Rich, Red Blood of Good Health.

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and depressed is due more often than otherwise to the condition of the blood. The way to remedy this depressed state is to build up the blood, and for this purpose there is no other tonic can equal Dr. Williams' Pink Pills. A case in point is that of Mrs. Melvin Abra, Grayley street, Vancouver, B. C., who says:—"About two years ago I was a very sick woman. I seemed to be wasting away and getting thinner all the time. I grew so weak that the doctor sent me to the hospital, but the treatment there did not help me and I returned home. Then I tried a number of tonics with no better results. At this stage my mother came to me, and as she is a firm believer in Dr. Williams' Pink Pills, she started me on this medicine. I can only say that they did wonders for me. I began to get new health and strength after I had taken a few boxes, and day by day this improvement continued until I was again well and able to do all my housework, and I have not had a sick day since. I cannot recommend your pills too highly and urge those who are looking for health and happiness to give them a trial."  
You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**DECLARES THAT ADVERTISING IS LIFE BLOOD OF BUSINESS.**

Montreal.—That advertising is the life-blood of business and that to attempt to conduct any enterprise or sell any article to the public without carrying on a campaign of advertising was synonymous with trying to travel across the continent in a train to which no engine was attached were the similes adopted by J. Allen Ross of Toronto to three hundred members of the confectionery, biscuit and chocolate industries of Canada, who met in their sixth annual convention here.

He stated that advertising and selling went hand in hand, and should be studied together. Once started advertising could not be stopped if the best results were to be obtained. Success in Canada must be obtained through intensive advertising and selling campaigns, Mr. Ross said.

"As a matter of fact" he said, "there are very few failures in Canada where advertising is properly handled, backed by a good product and a good selling force, and where the advertiser had the vision to maintain his drive over a sufficient period of time."

"A famous American once said 'nothing pays as it should without advertising.' If you don't advertise you have automatically clamped the lid on your store of business. Stop the blood flowing through your veins and you know what happens. Advertising is the red blood of business."

"I could cite to you for an hour, examples of concerns who thought they were right in stopping advertising when their article was a success. A famous advertiser was asked on a train going to California, why he didn't stop his advertising for a year and pocket the profit. He turned to his well meaning friend and said: "what would happen to this train if you took the engine off?"

Mrs. Albert Langille of Malden, Mass., arrived the 15th and is visiting her aged father Jacob Stoddart.  
Dr. and Mrs. Kenny took tea at the home of Mrs. E. H. Marshall May 15th.  
Mrs. Phoebe Stoddart and Elsie of Springfield were guests of her daughter, Mrs. Percy Starratt, May 11th.  
Harold Mason and Fred Hoyte each took an auto load of the young people of Springfield, who gave their play at Caledonia.  
Died at her home here on Tuesday p. m., May 13th of heart trouble, Alf. wife of Harry Whynot, aged 50 years. She had been in poor health for several years, and has been confined to her bed since January.  
She leaves to mourn her passing, her husband and two sons Willie and Ivan, and five brothers and one sister. Mr. and Mrs. Whynot moved to this place from New Germany about 14 years ago and have been found to be good neighbors, being one of the first to assist in time of sickness or trouble.  
The funeral services were held at her late home by her pastor, Rev. Hurd of New Germany, (Methodist), afterwards they proceeded to New Germany where she was laid to rest beside an infant son.  
We extend our sympathy to the family.  
The gain of living is nothing else but not to be trusted of any, nor to be believed when we say the truth.  
The chief enjoyment of life comes from work.

A Canadian Car for Canadian Conditions

FEW cars can boast of being so thoroughly Canadian-made as Chevrolet. With the exception of certain essential motor car accessories not now made in Canada, Chevrolet cars are built, not merely assembled, in Canada.

Motors, axles and other heavy parts are made in the mammoth General Motors plant at Walkerville; while body-building, top-building, small-parts making, assembling and finishing is done at Oshawa.

Hence, every dollar you pay for Chevrolet helps build up a strong Canadian industry that is giving employment to thousands of Canadian workmen.

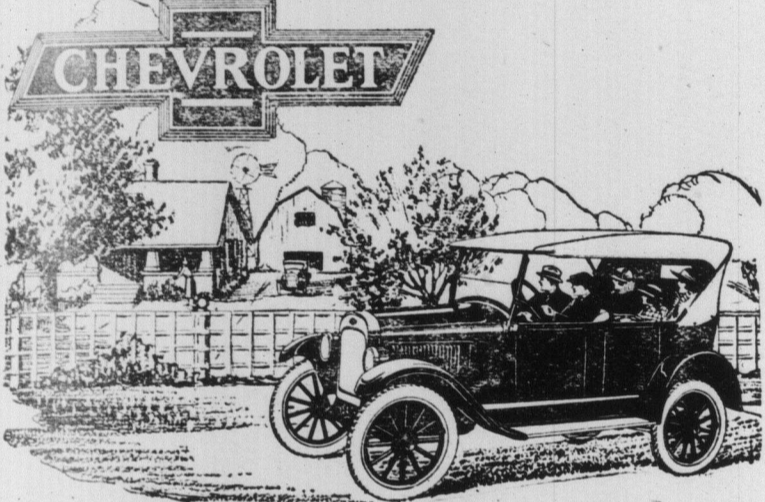

There are many other reasons, moreover, why you should investigate Chevrolet.

Chevrolet stands up, winter and summer, under Canadian conditions of road and climate—and delivers quality transportation at a lower cost per mile than any other car.

And Chevrolet price, though it is much lower than you would expect to pay for a car so fine, is the full cost of the car and its equipment—there are no extras to buy. Before you buy a car at any price, have us demonstrate the superior features and equipment of Chevrolet.

Ask us about the GMAC Deferred Payment Plan

for Economical Transportation.

CANNING OF BEANS IN PICTOU COUNTY. New Glasgow.—Last evening Prof. Cumming, of the Agricultural College, Truro, addressed a large meeting of the farmers of Bay View, Pictou county. Prof. Cumming is very much interested in the growing and canning of green beans in Pictou county. This business was inaugurated by Messrs. McDonald and Mason, of Bailey's Brook, Pictou county, last summer, and the experiment proved quite successful. The farmers of Bay View regarded with favor Prof. Cumming's suggestions. Messrs. Logan and Roberts offered to supply the cans and cases, and to do in a measure for West Pictou what Messrs. McDonald and Mason are doing for East Pictou.

## BEAR RIVER FINDS EXTRA ROOM FOR SUMMER VISITORS.

Private Homes Will Be Opened—Board of Trade Regretfully Accepts President's Resignation.

Bear River.—The monthly meeting of the Bear River Board of Trade was held Wednesday evening at the Masonic reading room. Two new members were added and reports from the various committees show progressive action is being taken.

The resignation was regretfully received of the President, Dr. W. J. Wright, who has gone to pursue his research work at Congo, Africa.

Progress is being made with the subscription list for publicity, and it is expected further responses will be made.

The committee appointed to promote the interest of the big Community Cherry Carnival, to be held here Thursday, July 24th, reported the personnel of the various sub-committees, and active work in their several departments will begin at once.

A canvas of the town has resulted in there being found attractive homes for about forty summer visitors, exclusive of the hotels, and efforts will be made to have these filled.

A committee was appointed to look into the matter of improvement to the bathing beach and erection of bath houses. An intimation was made that tennis privileges would be extended to visitors at the splendid new courts of the Tennis Club.

Already the Board of Trade has shown a progressive spirit looking to the improvement and best interests of the community, and confidently expect the hearty co-operation of all in the work for the general good.

INGLISVILLE.

Mr. Lorne Banks has returned home from Mass., where he spent a few weeks.

Mr. Ralph Connell has purchased a Chevrolet car.

Lloyd, the little son of Mr. and Mrs. Eugene Naugler, had the misfortune to break his leg.

Mr. and Mrs. Alton Brown, of Lawrencetown, were recent guests of Mr. and Mrs. Carmen Bishop.

We are sorry to report Mrs. S. Bayers in very poor health.

Mrs. Ada Balcom has been visiting friends at Lawrencetown.

The semi-annual meeting of Lawrencetown, Williamston, Albany and Inglisville W. M. A. Societies, was held in the Baptist church, Wednesday afternoon, May 12th. Miss Lottie Sanford, a missionary, who returns to India early in June, was present and gave an interesting address, telling of her work there. The program was splendid. Solos by Mrs. Edgar Shaffner, and Mrs. Harry Bishop, and two beautiful readings by Mrs. Shankel and Mrs. W. Bishop were very much enjoyed. All were pleased to see our Pastor's aged mother, Mrs. Whitman, President of Albany Society, present again. Refreshments were served by the Inglisville ladies.

The funeral of Mrs. Andrew Hatt, whose death occurred on Saturday evening, May 10th, took place on Monday afternoon, May 12th. Service was conducted by Rev. A. H. Whitman. The deceased was an invalid for several years, but her suffering was borne with great patience, always cheery and bright, of a very mild disposition. She was a member of the Baptist church. She leaves to mourn their loss a husband, one son Louis, one sister, Mrs. Muir of Lawrencetown and one brother, Samuel Gaul of this place, who have the sympathy of all their friends.

ST. CROIX OVE.

Mr. and Mrs. Alfred Healey, Outram, were visitors at the home of Mr. Wm. C. Hall on Monday.

Miss Florence Marshall, North Williamston, spent the week-end at the home of her parents.

Mrs. Curtiss Foster, Hampton, was a recent visitor at the home of Mr. and Mrs. Zachus Hall.

Mr. Wm. C. Hall is confined to his bed as the result of an accident on Monday 12th. He is improving and we hope to see him around again soon.

PORT LORNE.

We are sorry to report Mrs. Norman Healey very sick at time of writing, her daughter, Mrs. George Clark is spending a few days with her.

Mr. and Mrs. Lennie Banks of Hampton, and Mr. and Mrs. Joshua Banks of Outram, were recent visitors of Mr. and Mrs. Norman Healey.

Rev. Asaph Whitman has gone to Port Hillford to supply the church for the summer. Mrs. Whitman and little daughter, Pauline accompanied him.

Mr. and Mrs. George Corbett visited Mr. and Mrs. A. C. Clark at Upper Granville on Saturday, May 10th.

Mrs. Aseneth Brinton has returned home from Bridgetown, after spending some weeks with Rev. E. P. Caldwell and Mrs. Caldwell.

On Monday, May 5th Mr. and Mrs. Wm. Johnson, entertained a company of their friends, it being the eightieth birthday of Mr. Johnson's father, Deacon Hiram Johnson.

### BALL TO BE HELD IN PARSONAGE, IF

Hantsport.—The pastor of the Hantsport Baptist church, speaking Sunday evening from the text, "Prove all things; hold fast that which is good," took the ground that modern dancing belonged, at least, in the doubtful list, and suggested that it might be well to have a public discussion respecting the merits and demerits of this form of amusement. And in order, as he said, to make such a discussion practical, he expressed his willingness to support the affirmative of the following: "Resolved that the modern dance is a worldly and a fleshly amusement." There should be no difficulty, it is thought, in finding a supporter of the negative, so that an interesting and profitable discussion may be expected. Moreover, the pastor promised that if he could be convinced that dancing would build up individual Christian and church life, he would open the parsonage for a ball, it being particularly well adapted for such a purpose.

### HYDRO IN THE MARITIMES.

Editorial comment in the Toronto Globe on the proposal to develop power from the tides of the Bay of Fundy has prompted the Nova Scotia Power Commission, through its Secretary, Mr. A. T. Croft, to direct attention to the importance of the ordinary water-power resources of the Maritime Provinces. Official estimates show 500,000 horse-power available in the sites which have been specially investigated, and are in a position to be utilized industrially at the present time. They are readily accessible to the centres of population, including the ocean ports, which trade with the world. The city of Halifax gets its power from St. Margaret's Bay, twenty miles distant, and the cities of St. John and Moncton from a site about one hundred miles distant. The Nepisiguit River furnishes 7,500 horse-power for Bathurst, N. B.; there is a larger development at Ansookook Falls, supplying a wide area and the Nova Scotia Power Commission is completing an installation of 5,500 horse-power to furnish power to the Industrial Area at New Glasgow is the centre of a second development, in the same vicinity as the latter, with an ultimate installation of 9,000 horse-power is just beginning. There are numerous smaller projects of a modern and efficient type.

The people of Ontario, says the Globe, will be pleased to hear of the remarkable progress of the Maritimes in hydro-electric enterprise. All the developments mentioned, with one exception have been carried out within three or four years. At Grand Falls on the St. John River, a site with an ultimate capacity of 190,000 horse-power is being investigated. In view of all the facts, Mr. Croft is justified in saying that any tidal power project has only an academic interest at present, though he admits that if there is any place in the world where, aside from market conditions, tidal schemes are feasible, that place is the Bay of Fundy. The practical policy seems to be the concentration of attention and expenditure on such plans as are immediately capable of economical development.

### THOROUGH TEST OF C. D. GAS IS BEING MADE.

Another Shipment of Fresh Fish Sent to Montreal.

Another fifteen thousand pounds of fresh fish are under an experiment that if successful will materially reduce the cost of shipment of Nova Scotia fish to Upper Canadian markets and far exceed the distance which fish can now be commercially shipped. The shipment was made from Halifax last night on a refrigerated car of the Canadian National System, and will not be opened in Montreal until a week from Wednesday in order that the fullest possible test may be made of the carbon dioxide method of preserving fish, in place of the use of water ice.

The experiment began last Tuesday when the National Fish Company's trawler, Venosta, put to sea equipped with the carbon dioxide apparatus. She arrived back in port yesterday morning, but as far as the test aboard the trawler was concerned, it was not felt that it indicated very much, because it is not an unusual thing for fish to be kept for several days in its natural state aboard a trawler at sea in the present temperature of the weather. The real test will be proven when after ten days the car is opened in Montreal, and the fish is found to be in the state which the promoters of the experiment hope.

## WANTS TO HELP OTHER WOMEN

Crateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache and for weak and dreary feelings caused by my condition. Sometimes I felt so bad that I couldn't do my housework. My neighbor told me of your medicine and I read about it in the 'Toronto Telegram' and thought I would take it. I got very good results. It built me up and I have told several friends what it has done for me. You may use this testimonial as it may be of help to some one who has suffered as I have."—Mrs. J. LEE, 25 Harvie Ave., Toronto, Ont.

Mrs. Lee is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years letters like this have been received from thousands of women.

You might be interested in reading Mrs. Pinkham's Private Text-Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobourg, Ontario.

### RECOGNIZES VALUE OF NEWSPAPER ADS.

During the past few months many firms throughout Canada and the United States have come to recognize the value of newspaper advertising and have given up all forms of outdoor advertising in its favor. On April 19th it was announced that Florenz Ziegfeld, proprietor and producer of the series of "Ziegfeld Follies" had taken such a step and had decided to concentrate on newspaper advertising.

The famous Times Square electric sign advertising the "Follies" at an expense of \$50,000 a year was ordered taken down, and this amount, together with \$75,000 from sixty-four bill-board contracts, is to be diverted to newspaper offices.

In Ottawa the same trend of thought is noticed. Mr. C. E. Langley, head of the well-known dyeing and cleaning establishment on Bay street, has decided to adopt the plan of Mr. Ziegfeld. "After much experience, some of it fairly costly, we find that newspaper advertisements are way ahead of any other form of advertising and the results are almost instantaneous compared with other forms of advertising. Henceforth all our advertising contracts will be made with newspapers." "Our business is growing much more rapidly than we had even expected since we began newspaper advertising a few weeks ago."

### SALMON ABUNDANT AT LAWRENCETOWN

Lawrencetown.—With bending rod and spinning reel salmon are yielding to the lure of sportsmen's bait up and down the Annapolis River here, and are being landed big and small in large numbers. While Lawrencetown has for many years been the mecca of enthusiastic salmon fishermen at this season, this particularly true just now. Parties from different sections of the Province are coming and going daily, many of them carrying away with them a big follow fresh from the Annapolis waters, and all with at least one or two of the river's smaller salmon.

A local man is credited with a catch of nine within the past week, all of them large enough to tax the skill of an experienced angler. One prominent visitor succeeded in obtaining a nice one a few days ago. Others, with cars parked above and below town, cover the river's banks, awaiting their chance to supplement luck with fisherman's skill.

Trout in the adjacent brooks are also numerous this year. While the majority caught are small, many of those captured frequently take the "kinks" out of a new rod.

### MISS AILEEN FREEMAN GAVE GRADUATING RECITAL.

Wolville.—The graduating recital of Aileen Collier Freeman, of Bridgetown, from the Department of Expression of the Acadia Seminary Conservatory of Music and Fine Arts took place last evening in the presence of a large audience. Beautiful flowers, gifts of admiring friends, adorned the platform. The youthful graduate wore a gown of black net with sequins.

### SPECIAL POLICE AT CANNING WILL ENFORCE TOWN'S TRAFFIC RULES.

Canning.—The yearly meeting of the town of Canning, in Slack Hall, Monday evening 12th, was largely attended. Rev. Thomas W. Hodgson occupied the chair; Secretary, L. M. Ward. Business for the past year resulting in a very substantial reduction in taxation for the ensuing year. The town water service and the electric light service are in the condition giving the best of service. L. W. Slack was appointed Commissioner in place of W. J. Melvin, retired. The electric light system has been extended to Woodside, Kings Co., which now completes the system through the whole of the Cornwallis Valley.

The Board of Trade asked the meeting to vote a sum of money for a special town police and traffic officer to be on duty during the summer and regulate the parking of autos and the speed limit, which request was granted. An example will be made of the first offenders.

### LARGE DECREASE IN N. S. FISHERIES.

Drop of Nearly Two Million Dollars in Value Last Year.

Ottawa.—Statistics of the fisheries of Nova Scotia for 1923 show a decrease in total production for that year as compared with the previous year, says the Bureau of Statistics. The value of fish marketed fresh and canned cured or otherwise, prepared, amounted to \$8,448,285 in 1923, compared with \$10,206,258 in 1922, a decrease of 17 per cent.

The cod fishery shows the largest decrease, the value of the product having dropped from \$3,555,637 in 1922 to \$2,424,492 in 1923. The lobster fishery in 1923 displaced and took first place in order of value with a product valued at \$3,081,647, a slight increase over the previous year. The increase in total value of lobster production is due to higher prices, the quantity of the catch being less than in the previous year. Decreases in catch are shown for nearly all of the chief commercial fisheries.

### WAGES PAID ON C. M. G. BOATS

Ottawa.—Wages paid to firemen and sailors on the Canadian Government Merchant Marine increased on the coastal service boats in 1921 and decreased in the Australian and Oriental services.

Answer to a question asked in the House of Commons shows that the coastal service paid \$60 per month previous to October, 1921, when the rate was increased \$67.50 and had not been changed since. In the trans-Pacific service wages were reduced from \$75 per month to \$60 in July, 1921, and have not been changed since. In the Vancouver to United Kingdom service, which began last November, the monthly wage is \$60.

### MORE THAN THREE BILLION DOLLARS

Stolen From People of United States Through Sale of Spurious Securities.

New York.—More than three billion dollars have been stolen from the people of the United States since the war through the sale of spurious securities, district attorney Jacob H. Banton declared at the annual meeting of the New York State Society of certified public accountants at the Waldorf Astoria Hotel last night. Mr. Banton said he derived his authority for this statement from department of justice statistics. "Complaints in my office show that so-called reputable brokers in Wall Street manipulated the prices of the securities of one corporation so that they were able to unload upon the gullible public to the tune of \$14,000,000," the district attorney asserted.

### MARITIME DEVELOPMENT.

Col. Innes Explained Objects of New Association to Council of Board of Trade.

Members of the Council of the Board of Trade and a number of business men of Halifax heard Col. Robert Innes, of the Immigration Department, Ottawa, explain the objects of the Maritime Development and Colonization Association yesterday afternoon. Action in the matter was deferred until the Council itself held its regular weekly meeting, which will be next Tuesday, when the matter will in all probability be taken up. In the meantime Col. Innes interviewed Premier Armstrong and laid the matter before him, receiving assurance that the whole project would be very carefully considered.

In brief, the aims of the Maritime Development and Colonization Association are to organize the three Provinces so co-operatively will be able to do work which the three Provinces acting individually and independently find difficult in maintaining. The aim of the organization, as described by Col. Innes, is not solely to encourage immigration, but to develop industry and trade which in themselves will decrease any exodus from the Provinces, and encourage immigration along natural channels. In view of the fact that the three Provinces have no co-ordinated immigration policy, the object of the Association would be to bring under one leadership some practical policy in that regard, and induce the carrying on of the business of such a type of colonization company as will aid in the exploration, development, and production of the natural resources of the Maritime Provinces as well as the colonization of their agricultural lands.—Chronicle.

other words, as on Province.

In the syllabus of the aims and objects of the Association, as set forth by Col. Innes, it is said that the Association is formed for the purpose of carrying on the business of such a type of colonization company as will aid in the exploration, development, and production of the natural resources of the Maritime Provinces as well as the colonization of their agricultural lands.—Chronicle.

## FEEL BETTER IN FEW HOURS OR NO COST!

This is the time of year when your liver becomes sluggish and your intestines become clogged up with poisonous waste. Your liver does not properly purify blood that flows to your skin. The result is sallow complexion, dark circles and pimples. As these poisons continue to flood your system, your resistance is lowered, you feel dull and tired and sick.

Make this test! Cleanse and tone your liver with Dr. Thatcher's Liver and Blood Syrup. Contains pure ingredients prescribed by Physicians. Helps nature strengthen your stomach, soothe tired and over-taxed nerves, brace up system and purify your blood. Notice quick difference in way you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

## CHEVROLET

—a factor in modern business and social activity

IF the automobile were suddenly withdrawn from our modern business and social life, do you realize how speedy and complete would be the disorganization?

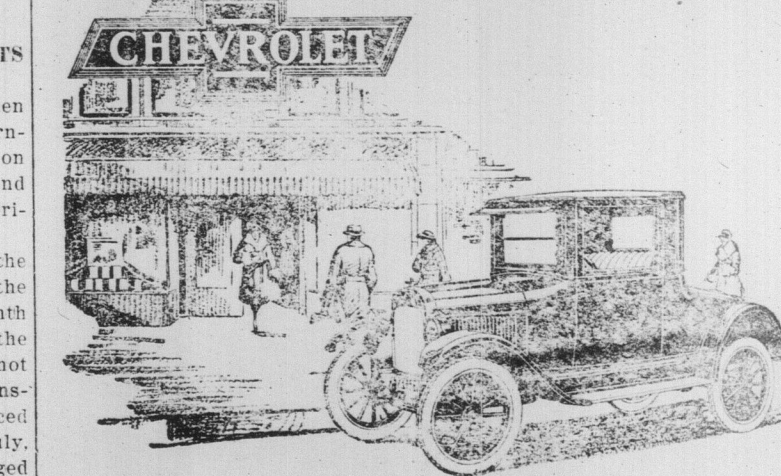

Wider in its influence and effect than any other factor of present-day existence—the automobile has become of vital importance to commerce and society.

And Chevrolet can claim a prominent place in automobile progress, because it has brought quality and dependability within the realm of the popular-priced car.

Chevrolet transportation is the most economical per mile. Chevrolet reliability is an established fact among motor-car users. Chevrolet exceeds expectations in the beauty of its appearance and the completeness of its appointments.

The Chevrolet Utility Coupe (with its handsome "body by Fisher") is the choice of the commercial user—the business or professional man, or salesman, whose business the automobile has assisted so materially. The Utility Coupe is a car of which anyone may well feel proud.

### THE WAY OF PROGRESS.

The Englishman, Calcutta: India generally educated India is not standing at the cross-roads, but is traveling backwards towards the age of exclusiveness. But before she can become a nation she must learn to be

international. Japan acquired her strength by leaving all that Europe had to teach her, while still holding fast the best of her own traditions. So modern India should learn to weave into the tapestry of Indian life such threads from the West as will enrich without altering the outline."

### PUBLIC HEALTH SERIES, NO. 7.

In our sixth letter we showed that the two most effective public services for the Prevention of Sickness are the Examination Clinics and the Public Health or District Nurse. This letter is to deal with the value and the possibilities of the District (County or Municipal) Nursing Service.

Because average human nature is appealed to only by what we actually see or feel, we are not as keen as Reason would prompt us to be about Prevention. When we see a person sick in bed, we know they need nursing, and we are willing to help do it or pay for it. But the work of the Public Health Nurse being largely for Prevention, many of us fail to realize its importance. We have no means of knowing—apart from the decrease in the sickness and death rate—how many people would have been sick, how many would have died, how much suffering and poverty and even crime are prevented—in short, the results of the work of the Public Health Nurse are not spectacular; and people who are not gifted with "vision" are not willing to pay for what they cannot see. But wherever this work has been well established and understood, it has the hearty and grateful support of the people.

There are many phases of Public Health Nursing; but in Nova Scotia it is planned that each nurse, in the rural districts at any rate, shall deal with all the different branches in her district, that is, she is a "Generalized Field Worker." This work includes Pre-natal work with mothers, Child Welfare, Communicable Disease, School, and Clinic Work.

The shockingly high death-rate of infants is largely due to conditions at birth and before birth, conditions in most cases preventable by proper instruction and oversight of the mothers. The Infant Welfare work includes helpful oversight of the trying periods of the first year of life, with conferences and clinics to which mothers may come for advice and bring the babies to be weighed and examined. For children before the school age there is much valuable work to be done, as at this age the bones are soft and easily bent, delicate stomachs are too often mis-treated and the foundation laid for serious digestive troubles later in life; wrong diet, and failure to care for the first teeth cause decay and increased liability to infectious diseases; children are most susceptible and exposed to communicable diseases, and these, with the complications and results of these, take a pitifully heavy toll of child life and vigour in the earliest years. The great majority of these conditions can be prevented, and it is our duty to the helpless little ones to see that they are prevented.

The value of the Public Health Nursing service in the schools can hardly be over-estimated. Not only does the school afford the greatest opportunity for reaching the children, who, from the point of view of racial and community health, are the most valuable element in the problem, but the school offers one of the best means of influencing the homes. It is well known that parents are frequently educated through their children. We hear of one little girl who

### WHAT THE PROVINCES OW.

The national debt of Canada is frequently referred to in parliament and in the press, but that of the several provinces is not often referred to, except at election times. The funded debt of the respective provinces is a very heavy liability and is given as follows: British Columbia, \$78,868,311; Alberta, \$7,537,986; Saskatchewan, \$52,772,777; Manitoba, \$66,331,121; Ontario, \$224,693,420; Quebec, \$55,604,926; New Brunswick, \$26,651,432; Nova Scotia, \$24,605,913; Prince Edward Island, \$900,268.

### HIGHWAYS RECEIVE ATTENTION

Three million dollars were spent on the Nova Scotia highways last year and over \$12,000,000 during the past four years, according to the Provincial Minister of Highways. During the past four years, according to the same authority, over 700 miles of main trunk roads have been reconstructed, and almost 1,500 miles of secondary road, while the capital investment in bridges totals over \$4,000,000.

### APPLE BLOSSOMS.

"Apple Blossom Time" in the Annapolis Valley along the D. A. R., affords an almost continuous array of fragrant flowers for miles at a stretch, particularly between Windsor and Annapolis.

It is anticipated June 8th will be "Apple Blossom Sunday" this year, depending on weather conditions. Thousands of visitors will enjoy the lovely panorama of pink and white profusion of blossoms in this far-famed "Beautiful Annapolis Valley."

added to her bed-time prayer, "Please God, ask Mamma and Papa to help me get to bed early and eat the right kind of food," and of the horror of the father and mother to realize that they had made it necessary for their small daughter to offer such a prayer.

In the schools, the far-too-numerous defects, such as those of teeth, or vision, poor nutrition, and abnormal nasal and throat conditions, are discovered and remedied, so overcoming many of the drawbacks that make children appear dull or lazy or refractory, and that frequently mar their lives, either with definite illness or by making them fall short of their best possibilities. Every parent desires for their children the best that life may hold for them. But few parents have the exact knowledge and skill, or, it may be, the time, energy, and persistence, to recognize the physical needs of the children and to train them effectively in health habits. Much is left to the school, where teacher and nurse should co-operate that the open minds and soft bodies of the young people be moulded in such a way that they may be indeed a "rising" generation. Some of the details of this work will be told in our next letter.

### MIDDLETON TENNIS CLUB IMPROVING COURTS.

Middleton.—Work was completed Saturday on the tennis courts and they are now ready for the season's playing. The club this year has made extensive improvements in the appearances of the grounds, as well as on the courts, and the property now reflects great credit on the club management. An informal opening was held this week, to launch the club on what is expected to be the most successful season yet known. The Valley tennis league which met with such favor last year, will be continued this year, Middleton entering the western section as previously.

### For the Kidneys

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate their irritants. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Roots, sold as Mother Seigel's Curative Syrup, and your kidney disorder will promptly disappear. Get the genuine. ## What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

"You'll Like the Flavor."

### THE FIRST APPLICATIONS OF DUST AND SPRAY.

By A. Kelsall, In Charge Insecticide Investigations, Entomological Laboratory, Annapolis Royal, N. S.

The severity of orchard pests varies greatly in the different districts of the Annapolis Valley. Some orchards can undoubtedly be kept clean with a fewer number of dust or spray applications than other orchards. There are some orchards which appear to need but little attention in this direction until apple blossoming time but these lucky orchards are in the minority. During the last few years there has been a disposition to neglect the early applications of sprays and dusts and to rely on the later applications. Most orchards require two treatments before blossoming time to satisfactorily control orchard pests. If apple scab once gets a start on the young leaves or on the young blossom stems, no amount of dusting or spraying afterwards will control the disease. The first application should be made shortly after the leaves have commenced to open and develop, and a second application should be made shortly after the leaves have commenced to open and develop, and a second application should be made immediately before the blossoms open. This second application should be very thoroughly done.

### Materials to Use For Spraying.

If the spray method is being followed about the best spray under Nova Scotia conditions is composed of 3 lbs. copper sulphate, 10 lbs. hydrated lime, together with 1 lb. of arsenate of lime per 40 gallons of water. This may be used for each of the first two applications. Other sprays may of course be used, using 30 lbs. of wettable sulphur together with 3 lbs. of lead arsenate per 100 gallons. This spray would even be preferable to the above if the orchard is badly troubled with insects such as the bud moth. Or lime sulphur, one gallon, together with 1 lb. of lead arsenate per 40 gallons of water may be used.

### Materials to Use For Dusting.

For the first two applications the regular Bordeaux dust, containing 4 per cent metallic copper and 2 per cent metallic arsenic is very satisfactory. The dust may be made by the mixing of 12 lbs. of dehydrated copper sulphate, 8 lbs. of arsenate of lead and 80 lbs. of hydrated lime. The above is the dust most satisfactory in Nova Scotia orchards for the first two applications as far as our knowledge goes to date. The 90-10 sulphur lead arsenate dust may be used for these two applications, but it is more expensive to use at this time and has no marked advantages over the Bordeaux for the first two applications. It might possibly be preferable to use the 90-10 sulphur lead arsenate dust in orchards where insects such as the bud moth are unusually prevalent.

However, whether the spray method or the dust method is followed, it is important to make these applications before blossoming period. Do not rely too much on the after blossom applications only.

### OBITUARY.

Parker A. Armstrong.

Sydney.—The death of Parker Archibald Armstrong, of Sydney, formerly of Middleton, occurred very suddenly at his home on George Street, early Wednesday morning. Mr. Armstrong, who conducted a wholesale fruit and grocery business here, was a son of the late George Armstrong, of Sydney and Middleton, was well-known in the wholesale fruit and grocery business through the province, and was prominent both in social and business circles of Sydney. Mr. Armstrong is survived by his wife, Winnifred Clarendine, daughter of the late Judge Tremaine and Mrs. Tremaine, four daughters, Mrs. Gordon Northrup, of Boston; Eulah, Jessie and Winnifred, and one son, George Tremaine, to whom he was a devoted husband and father. He leaves besides, one sister, Mrs. Avar Davidson, of Middleton, and one brother, Dr. Tremaine Armstrong of Virginia, U. S. A.

The funeral took place from St. George's church. The rector, Rev. C. R. Whaley, officiated.

### OBITUARY.

Dr. A. D. Durling.

Middleton.—The funeral service of Dr. A. D. Durling was held Monday under direction of "Sunbeam" Oddfellows lodge of which he was a valued member. Ever since he came to Middleton to practise his profession of dentistry nearly fifteen years ago, Dr. Durling has taken an active part in all the affairs of benefit to the town. He filled the office of Mayor for two terms, served several terms on the council, school board, and council of the Board of Trade, and in every way proved himself a fine type of citizen. As a mark of respect, the schools were closed yesterday afternoon. This, with the exceptionally large attendance of townspeople, and many from Lawrencetown and other nearby sections at the funeral, showed the high esteem in which the late Doctor Durling was held.

The funeral procession, led by the Oddfellows, moved to Pine Grove cemetery. There the impressive Oddfellows burial service was held, conducted by N. W. Baker, N. G., and Rev. W. R. Turner as chaplain of the order. Six brother Oddfellows acted as pallbearers. The floral tributes were numerous and beautiful.

Seeds of discontent will take root in any soil.

I cannot say, and I will not say that he is dead. He is just away! With a cherry smile and a wave of the hand,  
He has wandered into an unknown land.  
And left us dreaming how very fair it needs must be since he lingers there  
And you—Oh you, who the wildest yearn  
For the old-time step and the glad return.

Think of him taring on, as dear

Mr. and Mrs. W. G. Parsons had the great pleasure of "listening in" on Saturday evening, and hearing their daughter and son-in-law, Mr. and Mrs. Percy E. Appleby of Boston in their initial performance in radio, Mr. Appleby, who is a son of Rev. and Mrs. Jabez Appleby, Lunenburg, sang four selections, (the last one by request), all of which were wonderfully clear in every particular. Mrs. Appleby, (Miss Ruth Parsons), was the accompanist. The "broadcasting" was from W.B.Z., Westinghouse Station, Springfield, Mass. There were many listeners in all over Annapolis County, who were greatly interested, because of knowing both young couple.

—Middleton Outlook.

Do not forget the Grand Recital at Primrose Theatre on Thursday evening, May 29th.

A Berwick correspondent writes:—Miss A. J. Roney, who has been Principal of the Berwick school for the last two years, has been re-engaged for the coming year. The school has made fine progress under Miss Roney's direction, and the citizens generally are very glad that she is to remain. There will be no change in the present staff of teachers, all having been re-engaged. The members of the staff are: Miss Essie Parker, Miss Kate Morse, Miss Marguerite Savage, and Miss Fern Freeman, all Berwick girls.

Fishermen are meeting with varied degrees of luck. Mr. W. A. Warren has captured a number of good salmon in the Annapolis River and the editor and family can testify to the excellent flavor of one of these fine fish.

#### UNITED CHURCH NOTES.

The repairs and renovations of the Granville church are proceeding apace and although Messrs. Hicks and Sons will be finished a week or more before Sunday, June 8th, seems to be the best Sunday for the re-opening of the church.

In the Town church the committee in charge of church arrangements are proceeding with the cleaning and brightening up of the church and grounds for the prospective Conference meeting in June.

The Billet Committee, of which Mr. F. E. Bath is chairman are busy arranging for the entertaining of the delegates. About one hundred and fifty will need to be provided for and the committee will be pleased to learn of any homes willing to entertain delegates. The delegates will need to be entertained from Tuesday to Tuesday, June 17th to 24th.

Next Sunday is the last Sunday in the Confederal year and all funds for Missions and Connexional Funds should be in by then. We are still wanting two hundred dollars to be equal with last year. Let us not fail our Missionaries and others dependent upon our generosity.

Ben Hur. Next Monday at Bentville, Tuesday at Belleisle, and Wednesday in Town, the celebrated story "Ben Hur" will be read and illustrated with one hundred or more beautifully colored slides. The admission is 25c and 15c because this is a very expensive set of slides.

### CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right, and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### HEARTY AT 102.

Edmund Clark who resides with his daughter, Mrs. F. I. Balcom, celebrated on Monday, May 6th, his 102nd birthday. His son, Adam Clark, of Bridgetown, spent the day with him, as did also Mrs. Emmeline Clark of Lower Granville, and her son Vernon Clark. The day found the centenarian in fair health and with a mind keenly alert for news of present day affairs, while his excellent memory recalls clearly the doings of some eighty years ago. A pioneer of this county, he was active in many of its public works, bridge building, ship making and erecting churches, houses, etc. He acted as keeper of the County Institutions at Bridgetown for a number of years. He has a wonderful record of health and activity and his great age is a testimonial to a well spent life.—Spectator.

A man's reputation draws eyes upon him that will narrowly inspect every part of him.

## How To Have Rested Feet

Try This Recipe:—

FOR TIRED FEET OR FEET WITH CORNS, BUNIONS, CALLOUSES, INGROWING TOE NAILS OR FALLEN ARCHES.

Come to our store and let us pull off those narrow pointed toe, bone-bending, high heel shoes. They're the cause of your foot ills—your aching, tired feet. We'll put those feet into (Taplin's) low broad heels, snug arch fitting, body balancing, high quality-comfortable shoes, that will let your feet grow as they should. You'll feel the good results at once, no breaking-in or discomfort.

Tuesday's we allow special discounts, always take advantage of our specials, we will have specials for THE DAY, MAY 27TH.
