International Trade Canada

Canada

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section.

Departmental personnel serving outside the Department and offices of other departments and agencies located in the Lester B. Pearson Building are shown on the final pages of the Directory.

This Directory is published in English and French alternately every two months.

FREQUENTLY CALLED NUMBERS

Canada

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section. Telephone listings with a letter code (S) indicates secure communication is available.

Departmental personnel serving outside the Department and offices of other departments and agencies located in the Lester B. Pearson Building are shown on the final pages of the Directory.

This Directory is published in English and French alternately every two months.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and offices of other departments and agencies located in the Lester B. Pearson Building are shown following the alphabetical listing.

A single letter code at a telephone listing indicates that another means of communication is available. In this directory:

(C) - denotes a user of COSICS; and

(S) - denotes secure communications is available.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

This Directory is published in English and French alternately every three months.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

A single letter code at a telephone listing indicates that another means of communication is available. In this directory:

- (C) - denotes a user of COSICS; and
- (S) - denotes secure communications is available.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

This Directory is published in English and French alternately every three months.

FREQUENTLY CALLED NUMBERS

Building Maintenance	990-9556
Canadian International Development Agency	997-5456
Conference Facilities - Reservations	995-8390

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

A single letter code at a telephone listing indicates that another means of communication is available. In this directory:

(C) - denotes a user of COSICS; and

(S) - denotes secure communications is available.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

This Directory is published in English and French alternately every three months.

FREQUENTLY CALLED NUMBERS

Building Maintenance	990-9556

INTRODUCTORY NOTE

This supplement to the October 1, 1992 Telephone Directory is intended to give users a ready-reference to the various electronic-mail addresses of individuals at headquarters. The listings include users of COSICS, the headquarters Local Area Networks and the Government Electronic Mail Document Exchange Service (GEMDES) and the Senior Executive Network (SEN).

HEADQUARTERS E-MAIL

An electronic mail link has been established between the two major local area network systems at headquarters. This facility will allow for electronic messaging up to the *Protected* level between over 1000 EAITC staff in Ottawa.

To facilitate addressing of messages, a master directory of all users from both networks is maintained on each mail system. Addressees appear in the format "Surname, given name(s):EAITC".

Microsoft Mail users will see the full list of names in the "Postoffice Address List" which pops up when composing a message. These users will select addressees in the normal fashion, i.e. space bar to select and deselect.

Users of the Headquarters 3Com network also have access to the master list by selecting (F9-Names) and then typing all or part of the desired addressee name followed by *:EAITC. For example, typing Mc*:EAITC and pressing enter will bring up a list of all users on either network whose name begins with Mc. The space bar can then be used to select the name. 3Com users may also enter the name as it appears in this publication followed by :EAITC in the "To" field of their message.

Users are encouraged to use the on-line directory since it is up-dated as changes occur. If you have any questions, contact your network support group.

COSICS (Canadian On-Line Secure Information & Communications System)

The COSICS System provides a network for formal and informal messages to the *SECRET* level on the classified (RED) side and to the *PROTECTED* level on the unclassified (BLACK) side. The System links headquarters users with the U.S.A. COSICS posts and elsewhere world-wide via the Canadian Diplomatic Communications System (CDCS) Gateway.

Assistance is available to users from the HELP CENTRE 992-6742.

GEMDES (GOVERNMENT ELECTRONIC MAIL, DOCUMENT EXCHANGE SERVICE)

GEMDES enables users to exchange *UNCLASSIFIED* electronic messages with other GEMDES users within the Federal Government as well as both Envoy and iNET2000 subscribers in the public domain. GEMDES electronic messages can also be delivered to facsimile machines, telex subscribers and virtually any business or household address via ENVOYPost.

Members of the Senior Executive Network (SEN) are GEMDES subscribers.

On-line directory information is available at the "COMMAND" level. Refer to your GEMDES user guide for details.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order. An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

A single letter code at a telephone listing indicates that another means of communication is available. In this directory:

(S) - denotes secure communications is available.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

This Directory is published in English and French alternately every three months.

FREQUENTLY CALLED NUMBERS

Building Maintenance	990-9556

HEADQUARTERS E-MAIL

An electronic mail link has been established between the two major local area network systems at headquarters. This facility will allow for electronic messaging up to the **Protected** level between over 1000 EAITC staff in Ottawa.

To facilitate addressing of messages, a master directory of all users from both networks is maintained on each mail system. Addressees appear in the format "Surname, given name(s):EAITC".

Microsoft Mail users will see the full list of names in the "Postoffice Address List" which pops up when composing a message. These users will select addressees in the normal fashion, i.e. space bar to select and deselect.

Users of the Headquarters 3Com network also have access to the master list by selecting (F9-Names) and then typing all or part of the desired addressee name followed by *:EAITC. For example, typing Mc*:EAITC and pressing enter will bring up a list of all users on either network whose name begins with Mc. The space bar can then be used to select the name. 3Com users may also enter the name as it appears in this publication followed by :EAITC in the "To" field of their message.

Users are encouraged to use the on-line directory since it is up-dated as changes occur. If you have any questions, contact your network support group.

COSICS (Canadian On-Line Secure Information & Communications System)

The COSICS System provides a network for formal and informal messages to the **SECRET** level on the classified (RED) side and to the **PROTECTED** level on the unclassified (BLACK) side. The System links headquarters users with the U.S.A. COSICS posts and elsewhere world-wide via the Canadian Diplomatic Communications System (CDCS) Gateway.

GEMDES (GOVERNMENT ELECTRONIC MAIL, DOCUMENT EXCHANGE SERVICE)

GEMDES enables users to exchange **UNCLASSIFIED** electronic messages with other GEMDES users within the Federal Government as well as both Envoy and iNET2000 subscribers in the public domain. GEMDES electronic messages can also be delivered to facsimile machines, telex subscribers and virtually any business or household address via ENVOYPost.

Members of the Senior Executive Network (SEN) are GEMDES subscribers.

On-line directory information is available at the "COMMAND" level. Refer to you GEMDES user guide for details.

Assistance is available to users from the HELP CENTRE 992-6742

Classified information shall not be discussed on the telephone

Printed on
recycled paper

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order.

An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

A symbol or letter code with a listing in this directory indicates:

© - Contractor (S) - denotes secure communications is available.

This Directory is published in English and French alternately every three months.

HEADQUARTERS E-MAIL

An electronic mail link has been established between the two major local area network systems at headquarters. This facility will allow for electronic messaging up to the **Protected** level between over 1000 EAITC staff in Ottawa.

To facilitate addressing of messages, a master directory of all users from both networks is maintained on each mail system. Addressees appear in the format "Surname, given name(s):EAITC".

Microsoft Mail users will see the full list of names in the "Postoffice Address List" which pops up when composing a message. These users will select addressees in the normal fashion, i.e. space bar to select and deselect.

Users of the Headquarters 3Com network also have access to the master list by selecting (F9-Names) and then typing all or part of the desired addressee name followed by *:EAITC. For example, typing Mc*:EAITC and pressing enter will bring up a list of all users on either network whose name begins with Mc. The space bar can then be used to select the name. 3Com users may also enter the name as it appears in this publication followed by :EAITC in the "To" field of their message.

Users are encouraged to use the on-line directory since it is up-dated as changes occur. If you have any questions, contact your network support group.

COSICS (Canadian On-Line Secure Information & Communications System)

The COSICS System provides a network for formal and informal messages to the **SECRET** level on the classified (RED) side and to the **PROTECTED** level on the unclassified (BLACK) side. The System links headquarters users with the U.S.A. COSICS posts and elsewhere world-wide via the Canadian Diplomatic Communications System (CDCS) Gateway.

GEMDES (GOVERNMENT ELECTRONIC MAIL, DOCUMENT EXCHANGE SERVICE)

GEMDES enables users to exchange **UNCLASSIFIED** electronic messages with other GEMDES users within the Federal Government as well as both Envoy and iNET2000 subscribers in the public domain. GEMDES electronic messages can also be delivered to facsimile machines, telex subscribers and virtually any business or household address via ENVOYPost.

Members of the Senior Executive Network (SEN) are GEMDES subscribers.

On-line directory information is available at the "COMMAND" level. Refer to your GEMDES user guide for details.

Assistance is available to users from the HELP CENTRE 992-6742

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order.

An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

A symbol or letter code with a listing in this directory indicates:

© - Contractor (S) - denotes secure communications is available.

This Directory is published in English and French alternately every three months.

CANADA REMEMBERS LE CANADA SE SOUVIENT

Canada Remembers

Canada Remembers is Canada's national and international program aimed at commemorating the 50th anniversary of the end of the Second World War, and ensuring that Canada's participation in the war is appropriately honoured. The Canada Remembers program will encourage Canadians to remember those who rallied to the cause of restoring world peace during the Second World War.

The logo

The intertwining of the three elements, two poppies and a maple leaf, symbolizes the unity and strength given to Canada by its people's loyalty, dedication and sacrifice. The maple leaf represents the country Canada; the foreground poppy is representative of those Canadians who joined the battle overseas and, in many cases, did not survive; the second poppy, behind the first poppy and the leaf, portrays the vital and supporting role played by wives, husbands, children and all those who stayed in Canada. The three together form a bond, a unity and a strength that will carry Canada forward into the future.

Information

For more information please call the Canada Remembers Commemoration Committee at 1-800-268-1333.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order.

An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

A symbol or letter code with a listing in this directory indicates:

© - Contractor (S) - denotes secure communications is available.

This Directory is published in English and French alternately every three months.

CANADA REMEMBERS LE CANADA SE SOUVIENT

Canada Remembers

Canada Remembers is Canada's national and international program aimed at commemorating the 50th anniversary of the end of the Second World War, and ensuring that Canada's participation in the war is appropriately honoured. The Canada Remembers program will encourage Canadians to remember those who rallied to the cause of restoring world peace during the Second World War.

The logo

The intertwining of the three elements, two poppies and a maple leaf, symbolizes the unity and strength given to Canada by its people's loyalty, dedication and sacrifice. The maple leaf represents the country Canada; the foreground poppy is representative of those Canadians who joined the battle overseas and, in many cases, did not survive; the second poppy, behind the first poppy and the leaf, portrays the vital and supporting role played by wives, husbands, children and all those who stayed in Canada. The three together form a bond, a unity and a strength that will carry Canada forward into the future.

Information

For more information please call the Canada Remembers Commemoration Committee at 1-800-268-1333.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order.

An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number.

A symbol or letter code with a listing in this directory indicates:

© - Contractor (S) - denotes secure communications is available.

This Directory is published in English and French alternately every three months.

INTRODUCTORY NOTE

The format of this Directory reflects the organization of the Department at the time of publication. Listings for the Bureaux (Directors General) and Divisions (Directors) are grouped with their respective Branches (Assistant Deputy Ministers) in alphabetical order.

An alphabetical staff listing follows the organizational section. Departmental personnel serving outside the Department and Associated Services are shown following the alphabetical listing.

There is, at the end of the directory a list of Canadian missions abroad showing the time difference with standard time in Ottawa and the chancery telephone number. A symbol or letter code with a listing in this directory indicates:

© - Contractor (S) - denotes secure communications is available.

This Directory is published in English and French alternately every three months.
