Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by the following Gracious Speech to both Houses of Parliament :—

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I am glad to be able to congratulate you on the continued prosperity that prevails throughout the Dominion. Canada has received many blessings during the past year which call for the expression of our heart-felt gratitude to a kind Providence.

I had the pleasure of visiting London last summer in anticipation of the Coronation of His Majesty, and to meet on that occasion representatives from all parts of the Empire bringing with them assurances of the loyalty and contentment that prevails throughout His Majesty’s widely extended possessions ; and though, at one time, fears were entertained that the King’s illness would have involved a further postponement of the ceremony, it was a source of much joy and happiness to His Majesty’s subjects that his health was so speedily and perfectly restored.

Representatives of this Government participated in the important Colonial Conference which was called by His Majesty’s Government in connection with the Coronation. The report of the proceedings of the Conference, including the documents submitted by the Canadian representatives, has already been given to the public, by His Majesty’s Government in London. I feel assured that much good will result from the bringing the leading public men of the great self-governing colonies into direct contact with each other and with the statesmen of the Motherland.

The great influx of population into our North-western territories and the very large additional areas of fertile land which are being brought under cultivation combine to further press upon us the need for increased transportation facilities for the forwarding of our grain and other products to the markets of the world, through Canadian channels. The whole question of transportation and terminal facilities continues to occupy much attention, and my Government will immediately appoint a Commission of experienced men to report on the subject.

A treaty has been entered into between His Majesty and the Government of the United States, under which the proper delimitation of the boundaries between Canada and Alaska is to be judicially determined by a tribunal of six impartial jurists of repute.

As a result of the recent decennial Census, the representation of the different provinces must be re-adjusted, as required by the British North America Act, and a Bill will be introduced for that purpose.

Bills with respect to the creation of a Railway Commission, the amendment of the Patent Laws, the Militia Act, Chinese immigration, the re-organization of the Department of Marine and Fisheries, the settlement of Railway labour disputes, and various other subjects will be submitted to you.

*Gentlemen of the House of Commons :*

The Public Accounts will be laid before you, and also the estimates for the coming year, which have been prepared with due regard to economy and the rapid growth of the Dominion.

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I pray that in the consideration of these matters and in the performance of all the labours which will devolve on you, your deliberations, under Divine guidance, will tend still to increase the prosperity and happiness of our people.

---

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Scott, Secretary of State, presented to the Senate a Bill intituled : " An Act relating to Railways."

The said Bill was read a first time.

The Honourable the Speaker then reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Templeman, it was

Ordered, That the Speech of His Excellency the Governor General be taken into consideration by the Senate on Monday, the 16th instant.

On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Templeman, it was

Ordered, That all the Senators present during this Session be appointed a Committee to consider the Orders and Customs of the Senate and Privileges of Parliament, and that the said Committee have leave to meet in the Senate Chamber, when and as often as they please.

The Honourable Mr. Scott moved, seconded by the Honourable Mr. Templeman, That when the Senate adjourns this day, it do stand adjourned until Monday next, at three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Templeman,

The Senate adjourned until Monday next, at three o'clock in the afternoon.

The Honourable the Speaker presented to the Senate the Report of the Joint Librarians of Parliament on the state of the Library of Parliament, for the year 1902.

The same was then read by the Clerk, and it is as follows:—

*To the Honourable the Speaker of the Senate:*

The Joint Librarians of Parliament have the honour to report as follows for the year 1902:—

The occurrence of the Coronation of the King called forth a number of descriptive volumes, from which a selection was made that will serve as a historical record.

The conference of colonial public men in London occasioned a good deal of discussion in the press. A collection of the articles of the chief London papers was made for the use of members of the Library.

In view of the interest likely to be taken by Parliament in the subject, the papers relating to the Conferences of 1887, 1894 and 1902 have been brought together in volumes for reference.

The recurrence of the discussion on the subject of the Alaskan Boundary has suggested the preparation of lists of recent studies on the question. In the absence of any authoritative history of the subject, the Library Catalogues can respond, at least, to any reasonable demand for recent information.

Such papers as have been published regarding the negotiations between Newfoundland and the United States have also been provided.

The appointment of a Commission to revise and consolidate the Statutes has suggested the preparation of a collection of the principal reports on the subject of revision and consolidation that have been made in England during many years past.

The unsettled state of the copyright law has suggested a like preparation of such Imperial reports.

The reports and returns regarding telephone control in Great Britain have also been collected in volumes for use in the Library.

The Revised Statutes of the United States and of the various separate States have been brought up to date as far as the means of the Library would permit during the year.

The Business Annuals, Reports of Boards of Trade and Chambers of Commerce and the usual statistical compilations have been provided so far as they have been issued. There is an increasing tendency to delay the issue of such things in order to include as much as possible in the compilation.

Owing to the generally awakened interest in the affairs of the Empire at large, the Library has, after a necessarily long correspondence, been able to procure a collection as complete as possible, of the laws, reports and Gazettes of the following outlying parts of the Empire:—

*From the British South African Company.*

There is probably no part of the Empire with any form of organization which is not now represented, by its official publications, on the shelves of the Library.

The acknowledgment of all these, their arrangement on the shelves, their entry on the catalogues and the transmission of proper exchanges necessarily adds to the routine work of the staff.

When to these are added the official publications of the United States and of a large number of the separate States, besides the Australian Federation and the separate Australian Colonies, New Zealand and India, it will be observed that—apart altogether from the general accession of books purchased by the Librarians—the Library staff is fully employed all the year round, and still more largely occupied during the Session.

The large demands made by the Librarians on the Printing Bureau for extra documents to send, in exchange, throughout the Colonies, have been most cheerfully and promptly responded to by the King's Printer.

During the recess a very necessary work was accomplished in re-arranging the books stored over the Reading Room. These had increased in number from 4,000 to 15,600, and it was necessary to handle them all for the purpose of convenient placing and classification.

The Librarians are indebted to the Department of Public Works, and specially to the Chief Architect, for prompt and essential aid in providing the large amount of shelving required and for practical suggestions in regard to the lighting of the gallery and to convenient access to the shelves.

Among the purchases of the year may be specially mentioned the following additions to the collections of Provincial Records and Laws:—

SIR,—The late Sir John Bourinot had, in the course of many years, collected a very valuable library of historical works, which his executors are desirous of disposing of for the benefit of his family.

The books in question number several thousands and are of a specially valuable character for the purposes of historical research.

Appended hereto are copies of letters from persons familiar with the collection and accustomed to appreciate the value of books.

The object of this letter is to ask your favourable attention, as a member of the Library Committee, to the proposal of the executors that Sir John Bourinot's collection should be purchased for the public service.

The executors are aware that the Library Committee have no means at their own disposal for the purchase of the collection, but they are convinced that the recommendation of the Committee, made after due consideration, would have great weight with the Administration in procuring its consent to the purchase.

The executors would be pleased to exhibit the books in question to any subcommittee that be appointed to examine them.

Trusting that this application on behalf of the family of so old and admittedly useful a public servant as Sir John Bourinot may meet with your favourable consideration.

The Honourable Mr. Landry drew the attention of the Senate to the following facts :—

1. On July 12th, 1895, in the House of Commons,

"The Order of the Day being read, for the House again in Committee of Supply ;

"Mr. Foster moved, seconded by Sir Charles Hibbert Tupper, and the Question being proposed, That Mr. Speaker do now leave the Chair ;

"Mr. Mills (Bothwell) moved, in amendment, seconded by Mr. Laurier, That all the words after 'That' to the end of the Question be left out, and the words 'in the opinion of this House, Section 59 of The British North America Act, 1867, which prevents the removal of the Lieutenant Governor of a Province for five years from the date of his appointment, except for cause assigned and communicated to the Senate and House of Commons by Message, was intended to prevent the undue influence of Federal Ministers in Provincial affairs, and the practice which has become prevalent of permitting Lieutenant Governors to continue in office, for long periods of time after the expiry of their Commissions, by which they become removable at any time without assignment of cause, is an abuse of authority calculated to impair responsible government in the Provinces of this Dominion,' be inserted instead thereof."

This amendment, having been put to the vote, rallied in favour of its adoption sixty-six Members of the House of Commons.

Amongst these Members, the Journals of the House of Commons mention the names of Messrs. Bernier, Boraen, Carroll, Cartwright (Sir Richard), Laurier, Mullock and Sutherland, who to-day are all Members of the present Administration.

2. The Honourable Sir Louis Amable Jetté, the present Lieutenant Governor of the Province of Quebec, was appointed to that office in the first days of the year 1898, as appears by the following extract from *The Canada Gazette* of Saturday, January

 "Department of the Secretary of State of Canada.

"His Excellency the Governor General has been pleased to make the following appointments, viz. :—

\* \* \* \* \*

"20th January, 1898.

"Louis Amable Jetté, of the City of Montreal, in the Province of Quebec, Esquire: to be the Lieutenant Governor of the Province of Quebec."

3. On the twentieth day of the present month the Honourable the Secretary of State, answering a question put to the Government, gave this House the assurance that the Honourable Sir Louis A. Jetté, although his term of office had expired, was continuing, and would continue to fill the position of Lieutenant Governor of the Province of Quebec until the appointment of his successor.

And inquired of the Government :—

Do the Members of the present Administration, at least those of them who took part in and, on July 12th, 1895, voted in favour of the Mills-Laurier proposition, intend to appoint without delay a new Lieutenant Governor for the Province of Quebec, or are they going to expose themselves to the accusation of having recourse to that "undue influence of Federal Ministers in Provincial affairs" which they themselves denounced and forcibly characterized as "an abuse of authority calculated to impair responsible government in the Provinces of this Dominion" ?

When does the Government propose to put an end to a state of things which its Members have solemnly denounced and publicly branded ?

PRAYERS.

With leave of the Senate,  
The Honourable Mr. Scott moved, seconded by the Honourable Mr. Templeman,  
That when the Senate adjourns to-day, it do stand adjourned until Three o'clock  
in the afternoon on Tuesday, the Ninth instant.

The question of concurrence being put thereon, the same was unanimously resolved in the affirmative; and  
Ordered accordingly.

With leave of the Senate,  
On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Templeman, it was

Resolved, That from Friday next, the 12th June, on to the end of the Session, unless otherwise ordered, when the Senate adjourns on Friday, it shall stand adjourned until the ensuing Monday at Eight o'clock in the evening instead of at Three o'clock in the afternoon, as is now provided by Rule three of the Senate.

The following Petition was brought up, and laid on the Table:—

By the Honourable Mr. Coffey,—Of the Brantford Trade and Labour Council.

The Honourable Mr. Scott presented to the Senate copies of tenders received by the Government for a Steamship Service between Great Britain and Canada.

16th May, 1903.

In making up our estimate we have assumed that in fixing a maximum rate of passage for immigrants going to Canada under arrangements with the Canadian Gov-

ernment, such maximum rate of passage will permit of the steamer receiving Five Pounds (£5) per adult for the conveyance of such passengers.

We also assume that the Imperial and Canadian Governments would pay the ordinary sea postage rate for the carriage of mails forwarded by these steamers.

We also assume that we should have the assistance of the Canadian Government in making, and would be able to make satisfactory arrangements with the Canadian railroads for the securing and forwarding of freight and passengers from and to any Canadian port, and that these arrangements would secure to this service not less favourable treatment than any other, the most favoured steamers, using such port.

If we are wrong in these assumptions, or should fail to make satisfactory arrangements contemplated in the last paragraph, we should need to revise the amount of our tender.

Trusting our tender will receive the favourable consideration of the Canadian Government.

We are, Sir,

Your obedient servants,

THE BRITISH AND NORTH ATLANTIC STEAM NAVIGATION  
COMPANY, LIMITED.

L. G. POWER,  
*Chairman.*

SPEAKER'S CHAMBERS,  
June 26th, 1903.

*To the Joint Committee on the Library of Parliament :*

The Sub-committee appointed to consider the proposal of the executors of the late Sir John Bourinot, that his Library should be acquired by the Government, and also the request of Mr. Byron Nicholson, that the Committee should recommend the purchase of a number of copies of his book, "The French-Canadian," have agreed to report, and do report as follows :—

As to Mr. Nicholson's work, they make no recommendation.

Your Sub-committee are satisfied that the statements, with respect to Sir John Bourinot's Library, embodied in the letter of the fifteenth of April last from the executors and that from the Parliamentary Librarian bearing date the nineteenth of December, 1902, and in the memorandum from the King's Printer—copies of all of which are hereto appended—are substantially correct.

Attention is directed to these communications, especially the letter of Mr. Griffin and the opening and concluding paragraphs of Doctor Dawson's memorandum.

Your Sub-committee recommend that, having regard to the great intrinsic value of the Library in question, and to its unique character, which renders it in a great measure impossible to duplicate, the Joint Committee report to Parliament in favour of its purchase by the Government.

While your Sub-committee are of opinion that the foregoing recommendation is in itself prudent and justifiable, they feel that additional reasons for its adoption are to be found in the history of the deceased owner of the Library.

The late Sir John Bourinot was a zealous and capable servant of Canada from the time of the Union of the Provinces, in 1867, to his premature decease. It is to be borne in mind also that the portion of his time which was not absorbed by his important official duties was almost altogether devoted to the public service. Much of it was given to the preparation of works dealing with parliamentary procedure and constitutional questions, which have come to be looked upon as valuable text books of the subjects with which they deal. One of them, that upon "Parliamentary Procedure and Practice," is so recognized, not only in Canada, but throughout all those portions of the Empire which enjoy what is known as responsible government. Besides producing works of a semi-official kind, he was a voluminous and indefatigable writer upon subjects connected with Canadian History. His services as Secretary of the Royal Society of Canada were also numerous and valuable. On the other hand, the time and labour bestowed upon the various writings indicated, while they produced results of great and permanent value to the country, were not remunerative to the author, who would, from a pecuniary point of view, have been much better off had he

devoted his talents and industry to literary work of a more popular character. As a result, his taking off in the midst of his activities left his widow and young children almost totally unprovided for. Although he had been for many years on the Superannuation List, the provisions of the law governing that subject are such that the comparatively helpless family which he left behind receive no benefit in return for his contributions to the fund.

Your Sub-committee are of opinion that it would not be creditable to Canada that such a condition of things should be allowed to exist, more particularly when it might be remedied without any direct expenditure for the purpose. If Sir John's Library is purchased, as recommended, the country will acquire a valuable asset and at the same time will give needed help to the family of a zealous, faithful and distinguished servant of the Dominion.

L. G. POWER,  
*For Sub-Committee.*

SPEAKER'S CHAMBERS,  
THE SENATE,  
20th June, 1903.

OTTAWA, April 15th, 1903.

SIR,—The late Sir John Bourinot had, in the course of many years, collected a very valuable Library of historical works, which his executors are desirous of disposing of for the benefit of his family.

The books in question number several thousand and are of a specially valuable character for the purposes of historical research.

Appended hereto are copies of letters from persons familiar with the collection and accustomed to appreciate the value of books.

The object of this letter is to ask your favourable attention as a member of the Library Committee to the proposal of the executors that Sir John Bourinot's collection should be purchased for the public service.

The executors are aware that the Library Committee have no means at their own disposal for the purchase of the collection, but they are convinced that the recommendation of the Committee made after due consideration would have great weight with the Administration in procuring its consent to the purchase.

The executors would be pleased to exhibit the books in question to any Sub-committee that might be appointed to examine them.

Trusting that this application on behalf of the family of so old and admittedly useful a public servant as Sir John Bourinot, may meet with your favourable consideration,

We have the honour to be, sir,

Your obedient servants,

ISABELLE BOURINOT,  
E. W. BOURINOT,

*Executors.*

MEMORANDUM CONCERNING THE LIBRARY OF THE LATE SIR JOHN BOURINOT.

This is the library of a working student in the historical literature of Canada specially, and of the British American Colonies generally, before and after the Revolution. It also includes such works on the history of the border States as bear upon Canadian affairs. It is a picked library; bought book by book, each purchase weighed by a man who knew what was valuable and who had no money to waste on useless books. Sir John's books and articles on American History were written out of his own library; he had no occasion to borrow. His books were not bought in lots at

auctions. Most of the rarer ones were had from Quaritch ; many are author's copies—and all that were got elsewhere were from dealers of standing ; so that the books are perfect and of the best editions.

Passing to particulars—*In the History of New France* it contains all the original authorities: Creuxius, *Historia Canadensis*; Thévet, *Singularitez*; Le Clerc, *Gaspésie*; Denys' *Description of Acadia*; Crespel's *Voyages*; Charlevoix; Champlain; The Jesuits' *Relations*; The *Journal of the Jesuits*; "Le *Mercure Français*"; and Boucher's *Histoire Naturelle du Canada*, printed in 1654 (a book of which there are not, probably, more than two or three other copies in Canada); Dièreville's *Relation*; Sir Hovenden Walker's *Expedition in 1712*.

*Relating to the French War, 1751-1760*—It contains Knox's *Historical Journal*; Pouchot's *Memoirs*; Mante's *History*; *Plans of the Forts in America*; these are exceptionally rare. All the important books are also present. On the history of Cape Breton and the capture of Louisbourg and Quebec it is very complete, and the books and pamphlets on these subjects could not be duplicated in many years' search.

*The Time of the Transfer to England*—It contains Baron Maseres' *Works*; Jeffrey's *French Dominions in America*; Smith's *History* (printed in Quebec in 1815); Cugnet's *Traité*s; a number of rare pamphlets and books relating to the state of the country, of the laws and the people:

*Hudson's Bay*—Hearne; Dobson; Mackenzie; Long's *Fur Trading*. These works are scarce now.

*Labrador*—Major Cartwright's *Sixteen Years' Residence*.

*Newfoundland*—Whitbourne's *Discourse*, and Vaughan's *Golden Fleece*. Both now exceedingly rare.

*War of 1812*—David Thompson's *History*, printed at Niagara in 1832; Richardson's *War of 1812*. Both very scarce books now.

*Discovery of America*—All of Henry Harrisse's works; Justin Winsor's works; Ramusio's *Navigations*; Hakluyt's *Principal Navigations*; Navarete's *Collection de Viages*; Munoz' *Historia*; Torfaeu's *Historia Vinlandiæ*; Rafn's *Antiquitates Americanae*.

*Indians*—McKinney & Hall, *History of Indian Tribes*, folioed; Morgan's *League of the Iroquois*; Coeden's *Five Indian Nations*.

*Canadian History*—Strachan's *Visit to Upper Canada*, printed in 1819; Hawkins' *Picture of Quebec*; Bourne's *Picture of Quebec*, 1831; many scarce pamphlets and monographs.

*Treaties and Boundary Disputes*—Many scarce volumes and bound pamphlets of dates before and after the Revolution, relating to disputes with France and with the United States. Pamphlets on the importance of the different Colonies pending the settlement of treaties. This collection is important and could not be made again excepting with much time and expense.

*Border States*—Williamson's *Maine*; Belknap's *New Hampshire*; Smith's *New York*; Hutchinson's *Massachusetts*; Mather's *Magnalia*; Thomas' *Collection of Original Papers*.

*Maps and Atlases*—Jomard, *Monuments de la Géographie*; Smith's *Map of Upper Canada* (for Governor Simcoe) in 1799; Nordenskiöld's *Facsimiles*; Santa Cruz's *Map*; Jeffrey's *American Atlas*; The *Atlantic Neptune*, a magnificent copy in full morocco.

These are only a few of the rarer books on these subjects. Of books not falling under the above heads are: A complete collection of Haliburton's *Works* (Sam Slick) in the original editions; a set of the *Historical Magazine*; a set of the *Magazine of American History*; a privately printed memoir by Lt.-Governor DesBarres; Yule's *Marco Polo*.

Among the curiosities is an *Almanac for 1840*, printed in Rochester by Wm. Lyon Mackenzie, with pictures of the hanging of Lount and Matthews and the dead body of

Amos Durfee on the wharf at Schlossers' ; Emily Montagu—the first Canadian novel, 1798.

The particular merit of the collection is that while it contains the rare books, it also contains the later books necessary for the study of American history, many of which are beginning to be scarce, and they are all in good order. Many are handsomely bound, and many have the autographs of their authors. The Library is remarkable, not only in what it contains, but because of the fact that every book in it is useful, and those that are rare and scarce are useful as well.

S. E. DAWSON.

The foregoing memorandum of Dr. Dawson contains an accurate account of the value of the Library of the late Sir John Bourinot, K.C.M.G., from the point of view of the scholar and student of original authorities. There is nothing that I can add to it which would increase the force of Dr. Dawson's opinion.

I may add, however, that the Library consists of several thousand volumes ; and that in addition to the rare and valuable editions mentioned by him, there is a large collection of reports of learned societies, books of history produced in our own day, books of reference, sets of standard works and a miscellaneous collection of works each having its own special use and value. There are very few books of merely passing usefulness. All of them are works likely to be in demand for many years. Some are constantly increasing in value.

I feel quite sure that few private or public libraries contain so many works of permanent worth and usefulness ; and no such collection is at this time offered for disposal.

If this collection were purchased for the Archives Department, it would add greatly to the widely extended reputation which that department already has among home and foreign students and writers of history.

MARTIN J. GRIFFIN.

HOUSE OF COMMONS,  
MONDAY, 29th June, 1903.

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House hath agreed to the 1st, 2nd and 5th of their amendments to the Bill No. 17, an Act to aid in the Settlement of Railway Labour Disputes.

And hath amended the 3rd amendment by leaving out the words "the Chairman of" in the said amendment, because it is inexpedient to leave it in the discretion of any one member of the Board to determine who may be summoned as witnesses, but the question should be determined by the Board or a majority thereof;

And hath disagreed to the 4th amendment for the following reason:—

Because many of the witnesses may be properly remunerated for their attendance as witnesses other than by payment by the Board, and it would be inexpedient to make it possible for witnesses to be over remunerated for their attendance as witnesses, and therefore it is more in the public interest that it be in the discretion of the Board to determine in what cases persons should be paid for their attendance as witnesses.

Ordered, That the Clerk of the House do carry the said Message to the Senate.

PRAYERS.

With leave of the Senate,

The Honourable Mr. Vidal rose to a question of privilege, and read the following statement and letter, which he requested to be taken cognizance of by the Senate, to wit :—

*Memorandum by Senator A. Vidal.*

HONOURABLE GENTLEMEN :

My attention has been called to the fact that the Auditor General's Report for the year ending 30th June, 1902, mentions my name as a receiver of public money of the Dominion, through the Militia Department, as rent for a part of "The Boys' Brigade Hall" building, in the Town of Sarnia, used as an armoury, thus suggesting a violation of the "Independence of Parliament" Act by me.

While confident that I have not in the least degree violated the spirit of the Act, it may be considered that I have unintentionally transgressed its letter. I desire, therefore, to present the full facts of the case for the consideration of the Senate's Committee on Privileges, to ascertain its view as to whether or not I have so transgressed the law.

The facts are, that the land, and the building thereon rented by the Militia Department, are the property of Thomas W. Nisbet, of the Town of Sarnia, and it is not now, nor ever was, mine, nor have I now, or ever had any pecuniary interest whatever in it, or connected with it, except as holding it in trust for the said T. W. Nisbet, who,

for his own interest, and without my knowledge or consent, purchased the property with his own funds, without any assistance from me, but had the deed of transfer made in my name to hold in trust for him. I knew nothing of this transaction until long after the property was bought, when I signed a power of attorney in his favour, giving him full power to manage and to deal generally with the property in all respects, without the necessity of conferring with me regarding anything he might do with it.

In the exercise of that power, he granted a lease to the Militia Department, signing it with my name, as my attorney, without my knowledge, and I have never received one cent of the rent, although the official cheques in payment of rent may have been made payable to me, and I may possibly have endorsed them and handed them to him ; or he may have signed them as my attorney, and drawn the money, entirely without my knowledge, as I had no personal interest in the matter, and no portion of such money was ever received by me.

In confirmation of the foregoing statements, I append a copy of a letter from Mr. T. W. Nisbet to Colonel Peters, D.O.C., London, Ont., wherein he explains to the Colonel why my name appeared in connection with the rental of the armoury. This document is furnished to me by Mr. Nisbet, at my request, and is wholly in his own hand-writing.

(Signed) A. VIDAL.

27TH REGIMENT ARMOURY,

SARNIA, ONT., 3rd July, 1903.

Col. PETERS, D.O.C.,

London.

SIR,—Your letter to Honourable A. Vidal, of 2nd instant, has been handed to me, and I now forward, as requested, a copy of my account of 1st October, 1902, in duplicate, duly receipted ; also receipt, in duplicate, for the additional sum of \$50, which was remitted by the Department, unsolicited, to pay rent for October and November, 1902, all of which, I trust, will be satisfactory.

It may be well to explain why Mr. Vidal's name appeared in connection with this matter, and why it does not now appear. At the time the property was leased to the Department the title was in his name, in trust for me, and I managed it under a power of attorney for him. The lease was signed by me under that power ; Mr. Vidal has never had anything to do personally with the matter, and the cheques issued in his name have been turned over to me as soon as received by him, and the moneys have never really passed through his hands, and they have never been applied in any way for his benefit.

The property has not been in his name for some time past, and any future transaction or communication relative the matter should be addressed to me.

I have the honour to be, sir,

Your obedient servant,

T. W. NISBET.

Ordered, That the same do lie on the Table.

The Honourable Mr. Scott moved, seconded by the Honourable Sir Mackenzie Bowell,

That the consideration of the statement just read to the Senate by the Honourable Mr. Vidal be referred to the Committee appointed to consider the Orders and Customs of the Senate and Privileges of Parliament, and that the said Committee be authorized to take evidence on oath, if deemed necessary, and report their findings to the Senate.

PRAYERS.

The Honourable Mr. Landry called the attention of this House to the following facts :—

1. The Senate Debates of Monday, the 22nd day of June last, contain the following :—

“ REPRESENTATION OF QUEBEC IN THE SENATE.

“ *Inquiry.*

“ Hon. Mr. Landry inquired :

“ Whether, taking into consideration—

“ 1. The fact that the Province of Quebec, which, according to the last census, has a population of 1,648,898 out of the total population of 5,371,316, has the right to a representation of twenty-four Members in the Senate ;

“ 2. The fact that the French population of the whole Dominion is very nearly in the same proportion, compared with that of Canada, that is to say, 1,649,371, compared to the total population of 5,371,316 ;

“ 3. The fact that the French representation of the Dominion in the Senate contains the following names, taken alphabetically :—The Honourable Messieurs : Béique, Bernier, Bolduc, de Boucherville, Casgrain (Windsor), Casgrain (de Lanaudière), Dandurand, Fiset, Forget, Godbout, Landry, Légris, Montplaisir, Pelletier, Poirier, Shehyn, Tessier, Thibaudeau (Rigaud), and Thibaudeau (Vallière), that is to say, nineteen Members altogether ;

"4. Is it the intention of the Government, in making the appointments to fill the seats now vacant, or those which may become so, to take into account the rights of the French population and to increase its actual proportion, so that that proportion may be twenty-four Senators out of the eighty-one that the Senate numbers ?

"Hon. Mr. SCOTT—It may be advisable to revise the policy followed in this respect by the Administrations which were in office previous to the present one ; but no opportunity has arisen to consider any such question."

2. On the 13th day of August, the Honourable the Leader of this House announced to its Members the death, occurred the day previous, of the late Senator Cochrane.

3. The division of Wellington, which the late Senator represented in this House, is described as follows in Chapter Second of Title I. of the Revised Statutes of the Province of Quebec, clause 69 :—

"24. Wellington comprises the Townships of Durham, Wickham, Simpson and Kingsey, less that part of the Township of Simpson included in the Parish of Ste. Clothilde de Horton, in the County of Drummond, the County of Richmond, the City of Sherbrooke, and the Counties of Wolfe, Compton and Stanstead."

4. The returns of the last census indicate that the population of this division stand as follows :—

	Total Population.	French Origin	Not French Origin.
150 Compton.....	26,460	14,460	12,000
153 <sup>b</sup> Durham, South.....	1,308	671	637
153 <sup>c</sup> Durham.....	454	59	395
153 <sup>e</sup> Kingsey.....	1,521	1,089	432
153 <sup>f</sup> Kingsey Falls.....	866	517	349
153 <sup>n</sup> Simpson.....	2,247	2,195	52
153 <sup>o</sup> Wickam.....	468	405	63
153 <sup>p</sup> Wickam, West.....	1,119	1,038	81
187 Richmond and Wolfe.....	34,137	25,697	8,440
193 Sherbrooke.....	18,426	10,645	7,781
195 Stanstead.....	18,998	8,744	10,254
	106,004	65,520	40,484

And inquired :

In face of all those facts, is it the intention of the Government to profit by the opportunity which has arisen, to take into account the rights of the French population to a larger proportion of its representation in the Senate of Canada, and to increase accordingly such representation ?

Debated.

A Message was brought from the House of Commons by their Clerk, to return the Bill (21) intituled : “An Act to amend and consolidate the Law respecting Railways,” in the following words :—

## HOUSE OF COMMONS,

TUESDAY, 13th October, 1903.

Resolved, That a Message be sent to the Senate to acquaint their Honours, that this House hath agreed to Nos.: 1, 5, 7, 8, 9, 10, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 32, 34, 35, 36, 37, 38, 39, 41, 42, 43, 44, 47, 48, 49, 50, 52, 53, 54, 55, 56, 57, 58, 59, 61, 62, 63, 64, 65, 66, 67, 68 and 69 of their amendments to the Bill No. 21, an Act to amend and consolidate the Law respecting Railways ;

And hath agreed to their amendment No. 51 with amendments, which are as follows :—

Line 1.—Strike out the word “first.”

Line 2.—Strike out all the words after the word “Board” where it appears the first time, to the end of the said amendment.

And hath disagreed to their amendments Nos.: 2, 3, 4, 6, 11, 31, 33, 40, 45, 46, 60 and 70, for the following reasons :—

Reasons for disagreeing to their amendments Nos. 2, 3, 4 and 70 :

“(a.) Because the amendment made by the Senate refers to all Railways the construction and operation of which are authorized by special Acts of the Legislature of any Province, whether the said Railways have subsequently been declared to be works for the general advantage of Canada by this Parliament, or not.”

“(b.) That the said amendment is *ultra vires*, as declaring a Railway to be a work for the general advantage of Canada only with respect of certain matters, instead of declaring the whole Railway to be such a work.”

“(c.) That all subject matters within the jurisdiction of this Parliament should be made applicable.”

“(d.) Because it declares a Railway to be a work for the general advantage of Canada in respect to provisions of an Act.”

“(e.) That the second subsection of their amendment depends upon the first.”

Reasons for disagreeing to their amendment No. 6 :

“Because the amendment is inconsistent with the provisions of the Bill with respect to the tenure of office of a Commissioner.”

“Because such acts as in the amendment stated would be a cause for removal.”

Reasons for disagreeing to their amendment No. 11 :

“Because their amendment is inconsistent with other provisions of the Bill and with the spirit in which the Bill is framed.”

“Because a conflict of opinion between the Governor in Council and the Supreme Court of Canada might result.”

Reasons for disagreeing to their amendment No. 31 :

“Because their amendment is inconsistent with the section which it is proposed to amend.”

“Because their amendment is not a complete sentence.”

Reason for disagreeing to their amendment No. 33 :

“Because their amendment unduly limits the discretion of the Board of Commissioners.”

Reason for disagreeing to their amendment No. 40 :

“Because their amendment is *ultra vires*.”

Reason for disagreeing to their amendment No. 45 :

“Because their amendment does not remedy the evil existing under the present law.”

Reason for disagreeing to their amendment No. 46 :

“Because their amendment is *ultra vires* of this Parliament.”

Reason for disagreeing to their amendment No. 60 :

“Because their amendment either limits the meaning of the word ‘traffic,’ or is unnecessary.”

Ordered, That the Clerk of the House do carry the said Message to the Senate.

Attest.

THOS. B. FLINT.

Clerk of the Commons.

"3. That the further consideration of this Bill should be deferred until full and accurate information shall have been obtained and laid before Parliament regarding the route selected, the nature of the country traversed, the engineering difficulties to be met with, the cost of the undertaking, and the compensating advantages that would result from the construction of the said Railway."

That while the enterprise involves enormous obligations, there is no evidence to enable this House to form any approximate estimate of its cost, nor is there evidence to show that its construction will cheapen freight rates for the products of the West, or satisfactorily solve the transportation problem; that, on the contrary, it is greatly to be feared that by pledging the credit of the country to such a large expenditure it will make it impossible to carry out other works in furtherance of these objects, and which in the meantime may be found to be of greater importance to the general welfare of the Dominion.

"3. That the further consideration of this Bill should be deferred until full and accurate information shall have been obtained and laid before Parliament regarding the route selected, the nature of the country traversed, the engineering difficulties to

be met with, the cost of the undertaking, and the compensating advantages that would result from the construction of the said Railway."

It being Six o'clock, His Honour the Speaker left the Chair, to resume the same at half-past Seven.

7.30 P.M.

With leave of the Senate,

The Sixth Order was called first, and

The Senate accordingly proceeded to the consideration of the Message from the House of Commons, respecting the amendments made by the Senate to the Bill (21) intituled : "An Act to amend and consolidate the Law respecting Railways."

The Honourable Mr. Scott moved, seconded by the Honourable Mr. Templeman,

That the Senate do concur in the amendments made by the House of Commons to the 51st amendment of the Senate.

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Scott moved, seconded by the Honourable Mr. David,

That the Senate do insist upon their second, third and fourth amendments made by them to the said Bill, for the following reasons :—

"That clauses 5, 6 and 7 of the Bill are an interference with provincial and municipal rights, which the Senate amendments minimized, while giving at the same time jurisdiction to the Board on all subject-matters essential to the satisfactory working of the purposes set forth in the original sections 5, 6 and 7 of the Bill."

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Béique moved, seconded by the Honourable Sir Mackenzie Bowell,

That the Senate do insist upon the eleventh amendment to the said Bill, for the following reason :—

"That in all tribunals there should be an appeal on points of law. It is equally in the interests of the individual and the company, especially when the appeal can only be granted by leave of the Board or of two Judges of the Appellate Court."

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Sir Mackenzie Bowell moved, seconded by the Honourable Mr. Béique,

That the Senate do insist upon their thirty-first amendment to the said Bill, for the following reason :—

"That the clause, in its original form, involves an interference with municipal rights."

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Sir Mackenzie Bowell moved, seconded by the Honourable Mr. Béique,

That the Senate do insist upon their fortieth amendment to the said Bill, for the following reason :—

"That cases may arise where the agreement was fair and just to the employee."

The Senate suggests, as an alternative to the words proposed to be inserted by the following amendment :—"unless such agreement is conformable to the law of the Province in which it is made, and authorized by the Board."

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Béique moved, seconded by the Honourable Mr. David,

That the Senate do insist upon their seventieth amendment for the reason :—

"That Clauses 5, 6 and 7 of the Bill are an interference with Provincial and Municipal rights which the Senate amendments minimized, while giving at the same time jurisdiction to the Board on all subject-matters essential to the satisfactory working of the purposes set forth in the original sections 5, 6 and 7 of the Bill."

The question of concurrence being put thereon, the same was resolved in the affirmative.

The Honourable Mr. Scott moved, seconded by the Honourable Mr. Templeman,

The question of concurrence being put thereon, the same was resolved in the affirmative.

Then on motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Templeman, it was

Resolved, that a message be sent to the House of Commons by one of the Masters in Chancery to inform that House that the Senate doth accept the amendments made by the House of Commons to the Senate amendment No. 51 to Bill No. 21, an Act to amend and consolidate the law respecting railways ; and that the Senate doth not insist upon the amendments made by the Senate to the said Bill, being Nos. 6, 33, 45, 46, 60 ; but doth insist on the amendments made by the Senate, Nos. 2, 3, 4, for the reason that the clauses 5, 6 and 7 of the Bill were an interference with Provincial and Municipal rights which the Senate amendments minimized, while giving at the same time jurisdiction to the Board on all subject-matters essential to the satisfactory working of the purposes set forth in the original sections 5, 6 and 7 of the said Bill.

The Senate doth also insist on its amendment No. 11, for the reason that in all tribunals there should be an appeal on points of law. It is equally in the interests of the individual and the company, especially when the appeal can only be granted by leave of the Board or of two judges of the Appellate Court.

The Senate do insist on its amendment No. 31, for the reason that the clause in its original form involves an interference with municipal rights.

The Senate do also insist on its amendment No. 40, for the reason that cases may arise where the agreement was fair and just to the employee. The Senate suggests as an alternative to the words proposed to be inserted by the following amendment :—"Unless such agreement is conformable to the law of the Province in which it is made and is authorized by the Board."

The Senate do also insist on its amendment No. 70, for the reason set forth in the objections to 2, 3 and 4.

The names of the Managers for this House were then called over.

The House was adjourned during pleasure, and their Honours went to the Conference,

Which being ended, the House was resumed, and

The Honourable Sir Mackenzie Bowell, from the Conference, presented the following report.

Ordered, That it be received, and it was then read by the Clerk, as follows:—

The Managers for the Senate have the honour to report that they have met the Managers on the part of the House of Commons at the Conference which on their part was managed by Honourable Mr. Fitzpatrick and others, who delivered the Bill No. 21, intituled: "An Act to amend and consolidate the Law respecting Railways," with the amendments thereto, and also, a paper which is herewith appended, containing the reasons offered by the House of Commons for disagreeing to certain amendments made to said Bill by the Senate.

MACKENZIE BOWELL,

*Manager.*

The Senate, Room No. 8,  
October 22nd, 1903.

Reasons of the House of Commons for disagreeing to certain amendments made by the Senate to Bill No. 21, intituled: "An Act to amend and consolidate the Law respecting Railways."

That clauses 5, 6 and 7 of the Bill do not constitute an interference with either provincial or municipal rights. The said clauses have been on the statute-book for many years and are necessary for the effective operation of railways under Dominion control.

That the Senate amendment is unconstitutional.

Your Committee suggest that clauses 5 and 6 of the Bill remain in their present form, and that for clause 7, as passed by the Commons, the following be substituted:—

"7. Street railways and tramways shall be subject to the provisions of this Act only so far as such provisions relate to crossings of navigable waters, to crossings of and junctions with railways under the jurisdiction of the Parliament of Canada, and to offences, penalties and statistics, and street railways and tramways which carry freight traffic and charge tolls therefor shall be also subject to such provisions as relate to through traffic."

With respect to amendment No. 11 of the Senate, your Committee allege that the general effect of the Bill will be seriously interfered with if appeals on points of law are allowed.

Your Committee suggest that amendment No. 31 be concurred in, and also amendment No. 40.

On motion of the Honourable Sir Mackenzie Bowell, seconded by the Honourable Mr. Scott, it was

Resolved, That the said reasons be now taken into consideration.

After debate.

The House was adjourned during pleasure.

The House was resumed.

On motion of the Honourable Mr. Béique, seconded by the Honourable Sir Mackenzie Bowell, it was

Resolved, That the Senate doth insist on its amendments Nos. 2, 3 and 4 to sections 5, 6 and 7, and also to its amendment No. 70 to section 310 for the reasons already given in the Senate Message of the 20th instant, and for the further following reasons, to wit:—

1st. Under section 3 of the Bill as passed by both Houses the Act is made to apply to all persons, companies and railways (other than Government Railways) *within the legislative authority of the Parliament of Canada.*

2nd. Under section 4 as passed by the Commons and adopted by the Senate as section 6, the Act is also made to apply to all local railways which may be declared works for the general advantage of Canada.

3rd. The above two sections cover the whole field of the jurisdiction of the Parliament of Canada on the subject-matter at issue.

4th Section 7, as passed by the Senate, applies to all local railways the principle applied to Street Railways and Tramways by the Commons under section 7 of the original Bill.

5th. Section 6 of the Bill, as passed by the Commons, is objectionable on the ground that it seeks to make once for all, as applying to all local railways happening to cross or connect with federal railways, the declaration which under section 92, sub-section 10 of the British North America Act, 1867, should be made only as to individual cases as they arise.

6th The same section is also objectionable on the ground that it brings under the jurisdiction of the Parliament of Canada works owned and operated by corporations which remain the creatures of provincial legislatures.

7th. The same section is objectionable on the further ground that the declaration in question would take permanent effect, although the crossing might be only temporary.

The Senate doth also insist on its amendment numbered 11 to section 44 for the reasons already assigned, and also for the following reasons :—

First: That the decisions of the Board of Railway Commissioners will from their nature apply to a multitude of cases and involve important interests.

Second : Because instead of being inconsistent with the spirit and with other provisions of the Bill, it merely extends the right of appeal provided for in the latter paragraph of sub-clause 3 of clause 44 of the original Bill to cases where leave is obtained from two judges of the Supreme Court of Canada, which right of appeal was limited in such original Bill to cases where leave was obtained from the Board.

On motion of the Honourable Mr. Béique, seconded by the Honourable Sir Mackenzie Bowell, it was

Ordered, That a Conference with the House of Commons be desired, to communicate to that House the reasons given by the Senate for insisting on their amendments.

On motion of the Honourable Mr. Béique, seconded by the Honourable Sir Mackenzie Bowell, it was

Ordered, That a Message be sent to the House of Commons to acquaint that House that another Conference is desired with the House of Commons for the purpose of communicating to them the further reasons which induced the Senate to insist on their amendments to Bill (21) intitled: "An Act to amend and consolidate the Law respecting Railways," and that the Managers on the part of the Senate will be the same as at the first Conference and that they will meet in Room No. 8 of the Senate at eleven o'clock to-night.

A Message was brought from the House of Commons by their Clerk, in the following words :—

HOUSE OF COMMONS,

THURSDAY, 22nd October, 1903.

Resolved, That a Message be sent to the Senate to acquaint their Honours that this House hath agreed to another Conference with the Senate, for the purpose of communicating to them the further reasons which induced the Senate to insist on their amendments to the Bill No. 21, intitled : "An Act to amend and consolidate the Law respecting Railways," and that the Managers on the part of this House will meet in the Senate Committee Room No. 8 at eleven o'clock to-night, and that the Managers will be the same as at the first Conference.

Ordered, That the Clerk of the House do carry the said Message to the Senate.

Attest.

THOS. B. FLINT,

*Clerk of the Commons.*

The House was informed that the Managers on the part of the House of Commons were present in the Conference Chamber for a second Conference on the subject of the amendments made by the Senate to the Bill 21 intituled : "An Act to amend and consolidate the Law respecting Railways."

“In His Majesty’s name, His Excellency the Governor General thanks His Loyal Subjects, accepts their benevolence, and assents to this Bill.”

After which His Excellency the Governor General was pleased to close the Third Session of the Ninth Parliament of the Dominion with the following Speech :—

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

In relieving you from further attendance after an unusually long and laborious Session of Parliament, I desire to convey to you my best thanks for the assiduity you have shown in the discharge of your onerous duties.

The Session now closing will long be remembered, not only for its great length, but also for the many useful and important measures that have been enacted, all tending to advance the prosperity of the country.

The unprecedented number of Private and Public Bills that have been passed during the present Session may be taken as an evidence of the great industrial development that is going on throughout the Dominion.

A steadily expanding revenue has enabled my Government not only to materially reduce the debt of the Dominion, but also to submit for your approval numerous grants for useful public works, in addition to liberal subsidies for the extension of our railway system, which contributes so largely to the development of our country.

In view of the flow of immigrants now seeking homes in Manitoba and the North-west Territories, and of the rapid increase of products requiring facilities to reach the markets of Europe via Canadian ports, and in order to promote the settlement of the great areas of agricultural, mineral and forest lands still untouched in the older Provinces, my Ministers considered it essential to obtain authority from Parliament for the construction of a second transcontinental railway, the eastern division of which should serve as a common railway highway from Winnipeg to the maritime ports of Canada. It will be the duty of my Ministers to proceed immediately with the necessary surveys so that the work of construction of that portion of the line which extends from Moncton to Winnipeg, may be prosecuted with all possible speed.

The Act authorizing the transfer of the powers heretofore exercised by the Railway Committee of the Privy Council to a permanent Board of Commissioners who will have supreme control over the administration of the railways of Canada, will, I have no doubt, be hailed with much satisfaction.

---

The difficult task of readjusting the representation of the people in the House of Commons, in accordance with the British North America Act on a basis not open to fair criticism has been accomplished in a manner that I trust will prove satisfactory to the electorate.

The Subsidy granted by Parliament for the establishment of a line of steamers affording direct connection with France will, I have every reason to believe, result in a largely increased trade with that country.

The amendments to the law relating to the naturalization of aliens will have the effect of removing the disadvantages under which Canadians desirous of returning to their native land have hitherto laboured, and will also materially facilitate the naturalization of the many settlers seeking homes in Manitoba and the Territories.

*Gentlemen of the House of Commons :*

I thank you for the liberal provision you have made for the public service.

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

In taking leave of you may I express the hope that the sacrifices you have been called on to make by an attendance on this protracted session may be rewarded by the reflection that your labours have been productive of great benefit to the Dominion.

The SPEAKER of the Senate then said :

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Thursday, the Third day of December next, to be here holden, and this Parliament is accordingly prorogued until the Third day of December next.
