The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. CONSTITUTION

OF THE

Church Society of the Diocese of Toronto;

INCORPORATED BY THE STATUTE OF CANADA, 7 VICTORIA, CAP. 68,
FOR PROMOTING THE FOLLOWING OBJECTS:

FIRST.—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a fund towards the augmentation of the stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church in the said Diocese.

SECONDLY.—For the encouragement of Education, and for the support of Day-schools and Sunday-schools in the said Diocese, in conformity with the principles of the said Church.

THIRDLY.—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.

FOURTHLY.—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other books and tracts as shall be approved by the Central Board or Managing Committee of the said Association.

FIFTHLY.—For obtaining and granting aid towards the erection, endowment, and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowment.

I.

That before the Society shall enter upon any business at any of its meetings, the following prayers shall be said:—

“Prevent us, O Lord, in all our doings, with thy most gracious favor, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*”

"O God, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favor our Sovereign Queen VICTORIA, and so rule her heart, that she may in all things seek Thy honor and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavors of all who are engaged in spreading the knowledge of true religion in this Province, and the labors of those Missionaries who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

"O MERCIFUL GOD, who hast made all men, and hatest nothing that Thou hast made, nor wouldst the death of a sinner, but rather that he should be converted and live, have mercy on all Jews, Turks, infidels, and heretics, and also upon all those heathen nations upon which the light of Thy glorious Gospel hath not yet shone; especially the Indians of this continent. Bless the means used for their civilization and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word: and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

"OUR FATHER, which art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is heaven. Give us this day our daily bread. And forgive us our trespasses as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for thine is the kingdom, the power and the glory, for ever and ever. *Amen.*

AND WHEN BUSINESS IS ENDED.

"ALMIGHTY GOD, Father of all mercies, we thine unworthy servants do give Thee most humble and hearty thanks for all Thy goodness, and loving kindness, to us and to all men: more particularly for the providential support by which this Society has been enabled to spread abroad the knowledge of Thy sacred truth. But above all for Thine inestimable love in the redemption of the world by Thy blessed Son; for the means of grace and for the hope of glory, which Thou hast given us, in the same our Lord and Saviour Jesus Christ; to whom with Thee and the Holy Ghost be all honour and glory, world without end. *Amen.*

"The grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. *Amen.*"

II.

IV.

VII.

That the society shall hold a general meeting on the second Tuesday in June, in each year, when they shall choose one or more Vice-President or Vice-Presidents, in addition to the Archdeacon, one or more Secretary or Secretaries, one or more Auditor or Auditors, and such other officers and servants as shall be thought convenient for the year ensuing; provided always, that no person not a member of the Society shall be eligible to any office in the same.

VIII.

That the paid officers to be appointed under the foregoing rule, shall be the Secretary or Secretaries, and the Auditor or Auditors, with such salaries as the Society may from time to time appoint, and the Secretary or Secretaries so paid shall furnish security to the satisfaction of the solicitor of the Society to the amount of £1000.

IX.

That the Standing Committee shall propose to the Board at the General Meeting in November, a list of seven Members of the Society, to form the Tract and Book Committee for the year ensuing; that at that meeting any member be at liberty to propose another list of members of the Society, instead of that proposed by the Standing Committee, and that the election of the Tract and Book Committee take place at the General Meeting in January.

XI.

That the Society shall and may, on the second Wednesday in the months of February, May, August and November, for ever hereafter, and oftener, if occasion require, meet at the place heretofore used for the transaction of the business of the said Society, or such other place as may be hereafter appointed for that purpose; and that the President or Standing Committee have power to call a special meeting of the said Society at any time. And further, that no Constitution, By-law, Rule or Regulation of the Society, nor any abrogation, repeal, change or alteration of the same, shall be passed, except notice of such intention shall have been given at the previous quarterly meeting, and then it shall not be of any force or effect until it shall have been sanctioned and confirmed by the Bishop of, or administering, the Diocese for the time being, by writing under his hand.

CONSTITUTION.

ix.

XVII.

That the Secretary conduct the correspondence of the Society, take minutes of the proceedings of the General Meetings and Committees, and prepare the Annual Report of the Society in connection with the Standing Committee.

XVIII.

In connection and correspondence with the Society, District Associations shall be established, comprising one or more Districts, (as shall be approved by the President,) the same to be composed of the Clergy resident within the bounds of the district, and all other members who shall contribute in aid of the Society's Funds; the Archdeacon, or Senior Clergyman resident within its bounds, shall *ex officio* be chairman of such District Branch Association, with whom shall be associated, as composing a Committee of Management, all Clergymen in the District and two Laymen from each congregation which observes the constitution, rules and regulations of the Society, and from none others; the lay members to be elected at the annual meeting of the Parochial Association.

A general meeting of the Branch District Associations shall be held in each year, at any time and place which may be agreed upon at a previous Quarterly Meeting of the Committee of Management; and Quarterly Meetings of the Committee of Management—not less than five to form a quorum—shall be held for the transaction of the ordinary business of each Branch Association.

In order to more fully carry out the objects of the Society, a general Public Meeting shall be held annually in each parish, at which the objects and claims of the Society shall be set forth, and persons shall be invited to become members by contributing to its funds, such contributors to form a Parochial Association of the Church Society. The members of the Association shall elect annually four among their own number as a committee, which, through its Chairman, (the Clergyman,) shall be in correspondence with the District Branch Associations, and may be denominated *the Parochial Committee of the Church Society*. The Committee shall meet so often, and at such periods as they shall themselves decide to be most convenient, inviting the co-operation of all the parishioners in their deliberations and designs. They shall collect subscriptions and donations from the members of the Church, in such manner as they shall deem most effective, and endeavour by every means in their power to augment the resources of the Society. All moneys raised to be transmitted to the Treasurer of the District Association, who shall, on or before the 30th of April in each year transmit the same to the Treasurer of the Society at Toronto, without any deduction.

The District Associations, through their respective Secretaries, shall communicate to the Secretary of the Parent Society at Toronto a minute statement of all receipts and expenditures within the sphere of their operations, embodied in the form of a report, once in each year, so soon as convenient after the General Annual Meeting of such District Branch Associations.

XIX.

That four sermons be preached annually, and collections made in every church, chapel, or station in which an established Sunday service is performed, provided that in case of stations where Sunday service cannot be performed more than once in a month, it shall be discretionary with the Clergyman serving such stations to omit the said collection, if he shall think proper.

That the collections be made for the objects specified on the days following, or not later than two Sundays subsequently:

1. For Missions, on the first Sunday in January.
2. For Widows and Orphans' Fund, on the first Sunday in October.
3. For Missions, on first Sunday in July.
4. For Students in Theology, on the first Sunday in April.

That, as it is expedient that the funds annually raised in aid of Theological Students should be appropriated to the maintenance of *exhibitions* for the same in

Trinity College, it be provided that the several District Associations of the Church Society, may, through their central boards, *nominate* one or more persons as holders of such exhibitions.

Provided, that any district, thus nominating, shall undertake to remit annually to the Church Society a sum which shall cover the amount of the exhibition or exhibitions to which a nomination is made.

That any district, entering into such engagements, shall be entitled to appropriate to the maintenance of the exhibition or exhibitions the proceeds of the annual collection made within the District for the Divinity Students' Fund.

That any surplus, remaining to any district, after providing for its exhibition or exhibitions, shall be paid over to the Church Society, to be put to the credit of that district towards a provision for an additional exhibition.

The Committee further recommend that persons thus nominated to exhibitions shall enjoy them, subject, with only one exception, to no other conditions than those which are prescribed for every candidate for admission into Trinity College.

These conditions are :

1. That he shall produce testimonials of good conduct.
2. That he shall pass the Matriculation Examination.
3. That he shall have entered on his sixteenth year.

The exception mentioned above respects this third condition of age. It will probably be thought desirable that every Divinity Exhibitioner shall have entered on his 19th year, in order that his course of study may not be completed too long before the time at which he can receive Holy Orders.

That the minimum value of the exhibitions shall be £30 *per annum*.

That the exhibition shall be tenable for *three years*.

XX.

That no application for a grant, loan, or other assistance, be entertained from any Rectory, Incumbency, or Mission, in which there shall not have been established a "Parochial Committee" of this Society, under the provisions of the article of the Constitution thereof, reporting to and in communication with the Parent Society, and in which all the requirements of said Constitution shall not have been complied with, unless upon the omission of such requirement a special written dispensation shall have been obtained within three months of the date thereof; and further, that accompanying such application there be a distinct accurate description of the object towards which aid is sought, together with a detailed account of the sum of money collected in the locality or elsewhere towards the same object, and how applied; provided, nevertheless, that it shall be at all times competent for the President to recommend to the Standing Committee any case which, in his Lordship's opinion, may require special consideration; and should the Standing Committee report favourably thereon, that the Society may in such case grant the assistance so sought, or any portion thereof; and further, that no application be entertained from the Widow or Orphan or the guardian of the Orphan of any deceased Clergyman of this Diocese who shall not have conformed to the provisions and requirements of a certain By-law, entitled a "By-law, for the due administration and improving the Widows and Orphans' Fund of the Church Society of the Diocese of Toronto," and also of any amendments to the said By-law, which may be enacted from time to time according to the provisions of the Constitution of the said Society, unless upon the omission of any of the said requirements a special written dispensation had been granted by his Lordship the President, and forwarded to the Secretary for registration within three months after the date thereof. Provided, nevertheless, that it shall be at all times competent for the President to recommend to the Standing Committee any case which, in his Lordship's opinion, may require special consideration, and should the Standing Committee report favourably thereon, that then the Society may grant such proportion of any annuity as to the said Society may seem fit; and that it be the duty of the Secretary, after each Annual Meeting of the Society, to notify to each Clergyman whether he have or have not complied with the requirements which would entitle his Widow and Orphans to a Pension.

XXI.

That every Lay Delegate of the Synod of the Diocese shall be an incorporated member of the Church Society on the payment of the annual sum of five shillings, so long as he shall continue to be such delegate, and make such payment, notwithstanding anything contained in clauses 2, 3, 4 and 5 of the constitution of said Society.

That any By-law that shall be passed by the Society relating to the Commutation or Clergy Trust Fund, the Mission Fund, or the Widows and Orphans' Fund, or in any way affecting the charges on or management of those funds, or either of them, shall be laid before the Synod of the Diocese at the first meeting of the Synod next after such By-law shall have been passed, and if at such meeting of the Synod any resolution shall be agreed to disapproving of such By-law, either in the whole or in part, and setting forth the reasons for such disapproval, the operation of such By-law shall be suspended as soon as such resolutions and reasons are received by the Secretary of the Society, until the next quarterly meeting of the Society; and unless at such next quarterly meeting such by-law be sustained by the vote of two-thirds of the members present at such meeting, such By-law, or the part thereof so disapproved of, shall cease and be of no effect. Provided always, that nothing herein contained shall prevent the members at such last mentioned meeting altering or amending the said By-law in accordance with the regulations or reasons that shall be transmitted by the Synod.

That the Secretary of the Society shall transmit copies of any such By-laws, as in the second section mentioned, to the Secretaries of the Synod as soon as the same are passed, with a view to the same being laid before the Executive Committee of the Synod, that a synopsis thereof may be stated with the other business prepared for the Synod.

XXII.

That the Charter and these By-laws do together form the Constitution of the Church Society of the Diocese of Toronto, and that nothing which is contained in the Constitution of the Society established on the 28th day of April, 1842, or in any By-law, Rule or Regulation, amending or altering the same, shall apply to, or be in force in respect to, the Incorporated Church Society of the Diocese of Toronto, except such provisions thereof as are above continued in force.

TWENTY-SECOND ANNUAL REPORT

OF

The Incorporated Church Society

OF THE

DIOCESE OF TORONTO,

PRESENTED AT THE ANNUAL MEETING AT TORONTO, HELD ON
TUESDAY, JUNE 7TH, 1864.

The Church Society assembles again on this its twenty-second annual convention, for the purpose of rendering an account of its stewardship, and to bring before the notice of the Church her very great and increasing wants. Many circumstances of deep and abiding importance have occurred since we last met together, but too surely calculated to arouse the attention of even the most apathetic; and facts accumulate suggestive of grave and solemn thoughts to those, who, under God's enlightening grace, feel that, in all the storms and conflicts of this life, there "sleeps one," who can command both the winds and the sea, and they obey Him. Now, as when in the ship asleep, the influence of His power may seem to be withdrawn; now, as when He walked with His disciples after His resurrection, His presence may not be recognized; but when conflict commences, when error and wickedness contend with truth, when hearts touched by the awakening influence of His grace prevail, then does man learn, that no human device has saved him, nor has this world's wisdom brought to the tempest-tossed soul peace. It surely is not improbable that our Almighty Father permits disturbances and hindrances to arise to interrupt the course of

the wisest and best laid schemes, in order to keep before our minds a knowledge of His ever present grace, and perhaps we do not take an erroneous view of failures when we habitually recognize in them either warning or correction for the future. Our Society furnishes no exception to the rule, which implies weakness and error in the conduct of an institution consisting even of Christian men. We have, through our own short-sightedness, passed through seasons of trial which a wholesome vigilance would have averted; but sad as our failures may have been, nevertheless there is abundant cause for rejoicing, seeing that our efforts have not been wholly unproductive, for our disasters serve but to convince us that even the very little fruit which our labour has brought forth is the result of a providential oversight.

The changes which have been made in the organization of the Society, by which a clerical and a lay secretary were appointed in the place and stead of but one secretary, promises practically to work well.

The appointment of three members to the office of treasurer was a very excellent arrangement, and will be productive of much good. A few simple arrangements for rendering the office more effective have been suggested and adopted. So far then as the mere working of the Society is concerned, we may safely congratulate the members on the success which has resulted from their deliberations of the past year.

But, in presenting our Annual Report, we feel that we must take a range less circumscribed than that which embraces but the narrow limits of our own operations—we are but the commissariat of the Church—the guardians of those material interests by which we must seek to sustain her in her labour of love; yet we cannot be insensible to all that relates to the spiritual welfare of a mother, in whose interests our souls are embarked. The comparatively small force assembled here but imperfectly represents that large flock who have been led to the font of the Church and have been sealed in the all Holy Name. We are hardly alive to the importance of the position which we assume in becoming incorporated members of the Society; for surely if we would but put to ourselves the question, “Whose work am I by this membership engaged in?” reflection on the nature of the answer which must be given would inform us of the work to be done for One who has not yet ceased to work for us and with us.

Much has been accomplished for the Church during the existence of the Society, which is nearly contemporaneous with the Episcopate of our Venerable Father in God, whose presence on this occasion we hail with affectionate respect. The extensive clearing in this country, must to-day contrast strangely with the wild and forest

state in which he, as one of the earliest missionaries of the Cross to these western wilds, found it, when more than half a century ago the bark canoe was the conveyance, and the waters of our extensive lakes the highway of the future bishop of near two hundred thousand souls. The realization of hopes and the successful accomplishment of long-looked for desires must teach us to feel, as happily in his Lordship's case—so will it be in our own—that toil has its reward, and that the honest industry of summer almost surely gathers in fruit in the autumn of life. But to us, who have yet to be cheered by the rewards of labour, there seems to be a fast accumulating work to be grappled with, so vast a waste has to be cultivated, that we are naturally filled with anxiety for the future, and the more so as we feel the difficulty of sustaining the burden which at present rests upon us. We must, indeed, adjust our machinery so as practically to meet and amply provide for our pressing wants. We may be very well pleased to know, that, since the organization of our Society, the number of missionaries has largely increased. It is certainly gratifying to learn that three dioceses now occupy the field but a short time since under the pastoral care of a single bishop; but this does not in any way affect the fact that, at this very moment, missions are continually falling vacant, and that the candidates for the sacred orders of the ministry are becoming fewer and fewer each year. We really have at once to deal with a most momentous question, and to delay its consideration or to refuse *at once* to deal with it, will be greatly to aggravate the possibility of a successful effort towards the remedy of an evil which all will admit to be a great one. We presume that it is not the wish either of this Society, nor of the Church at large, to see the mission ground of the Church narrowed; on the contrary, we know that it must give great pain to any to think that any necessity would overtake us such as would imply the drying up of the river of God's truth in this land. But if we would avert the realization of so terrible a visitation, we must recollect that "He who preaches the gospel must live of the gospel;" that such an one has quite enough to do for human strength if he diligently performs the duties of his office, and that in return for anxious toil he asks not wealth—he asks not ease—but he does ask for bread enough to enable him to accomplish his daily duty conscientiously. Now, to put this matter before our brethren in a plain simple way, we give the number of all the clergy now labouring in the diocese:—Priests, 120; Deacons, 3. The income derived from the commutation fund realizes \$35,523 05; this is at present restricted to the maintenance of the older clergy, and will in future, in all probability, be assigned to the augmentation of the livings of those of the senior clergy whose incomes are not over \$600 a year. We therefore have

absolutely no fund on which we may certainly rely for the support of those of the ministry who cannot be supported by this fund, and our younger missionaries can only be sent into new and unbroken fields when the Mission Board shall be provided with funds for the purpose. Notwithstanding, therefore, the provisions accruing from the clergy trust commutation fund, and which, under the most favorable circumstances, will yield only \$40,000 per annum, there is still the necessity for raising nearly as much more throughout the diocese for the payment of an equal number of clergy not on the commutation list; and taking the requirements of the Church for the future, and calculating that twelve missions only will need to be provided in each year, then we have annually to increase our income \$5000, to pay the salaries of new missionaries alone. Your committee do earnestly press these facts on the attention of the Church, because they feel that there is no one subject which demands more serious deliberations than the extension, and even the very maintenance of our Church, and unless proper means are taken to secure to the clergy the certain payments of their stipends, disaster must result. There is now no excuse on the ground of defective machinery for discharging this duty. The Church Society, in conjunction with the Synod, instituted a Board of Missions for the express purpose of receiving the contributions of the parishes, so as to have in a central treasury, funds from which missionaries should receive their promised stipends, and we cannot too strongly urge on the Society the duty of heartily supporting the Mission Board, with the view to its successful performance of the duties assigned to it. The more settled parishes would benefit as well from the operations of the Board, since all alike are recommended to have their monetary contributions forwarded to the parent institution, for it certainly would be a much more satisfactory arrangement for the missionary to be paid by a properly constituted Board than to continue a system which leaves him to the caprice of a fickle, and it may be wayward, congregation. If, therefore, the Society desires to see the Church maintain a respectable position in the country, it must devise means to enable us to support the clergy with something like *certainty*. That a very great deal depends on the efficient co-operation of all may be seen from the success which has already attended the zealous efforts of the Gore and Wellington District Branch Association, and we cannot do better than borrow the language of the report of the Newcastle District:—"To 'be fellow helpers in the propagation of the truth' is a privilege extended to every member of Christ's mystical body; and in this light, rather than as a duty, it should be viewed. The Church has her recognized associations for forwarding the work. Our District Associations, of which the Society is formed, may

be viewed as committees established for the purpose of collecting funds to enable the Church to occupy a large missionary field, and not, as in time past, distinct organizations having their own work to perform, and connected to the parent institution by assisting its designs in a feeble manner and to a limited extent—gathering funds in its name, yet disposing of the greater portion without any close relation to the objects it seeks to promote. This system, now happily abolished, tended to starve out the missionary spirit as well as missionary enterprise. Now, both are fostered and encouraged. Effectual means are taken to diffuse full information respecting the working, designs, resources, and wants of the Society. Special deputations, appointed by the Lord Bishop, to visit every parish and mission within the diocese, to advocate its claims, have performed the work assigned to them with ability, earnestness and zeal. And though the result of such labors may not be immediately apparent, yet that they will eventually redound to the glory of God and the good of his Church, none can doubt.

In closing this portion of our report we cannot refrain from directing attention to the valuable bequest of £1,000 to our Society by the late much respected pastor of Chippawa, the Rev. Mr. Leeming, who, having served his Master zealously to the best of his ability while living, on his death bed left a tangible testimony of his love for His Church by making provision for the endowment of a mission, and which your Society has apportioned to the support of a missionary at Muskoka; and we may also remind the Society that our venerated friend had been an annual contributor of \$50 per annum for 21 years before his death: Lastly, on this point, we append a document compiled with great care, and which is full of suggestions, in the notice of members.

The attention of the friends of Missions is earnestly invited to the spiritual destitution of this Diocese.

The Church Society established to relieve it, has now been laboring with considerable success for twenty-three years. During the last ten, though the Diocese has been reduced to one-third of its original extent, by setting off those of Huron and Ontario, the annual income has ranged between \$16,000 and \$20,000.

It now contains about 8,000 square miles of more or less settled country, in addition to which, there are large territories on the shores of Lake Huron and Superior, and in the direction of the Ottawa, opening for settlement. The settled townships contain a church population of 138,000 souls, and of the 150 townships included in the census, about one-third of the number are destitute of the ministrations of the church.

There are also thousands of our Red brethren in the territories alluded to, victims of the white man's aggressions, and still in heathen darkness, who need the bread of life.

The Church has no resources, by which to meet these claims, but the voluntary contributions of her members. The necessity therefore for supporting a Society, organized to collect funds and apply them judiciously, must be evident to all.

Although the Society is empowered to hold trusts, &c., for the general benefit of the Church, yet its chief aim is to plant and foster Missions in destitute places. It devotes more than three-fourths of its disposable income to that object.

In addition to grants, to aid the erection of Churches and Parsonages,—to Sunday Schools,—Pensions to ten widows and four orphan children of Clergymen, the Society at present supports, in whole or in part, 26 Missionaries (one Indian) and one school-master to the Indians, while at least 20 additional Missionaries are required.

Several Churches are now closed, for want of Missionaries, Clergymen are to be obtained, if aid could be extended to the settlers in supporting them.

The following are the wants of the several Districts, viz., Home, 5 Missionaries; Simcoe, 3; Gore and Wellington, 2; Niagara, 2; Newcastle, 4; besides Missionaries are greatly needed at the Sault St. Marie and Bruce Mines; and two exclusively for the Indian Settlements at Michipicoton and Nimbewong, on Lake Superior."

Having thus directed attention to the more pressing wants of our large and populous Diocese, the Society is invited to consider the necessity for bestowing increased care on another important object which lately attracted a share of notice not hitherto bestowed on it, we refer to the circulation of books and tracts by the committee established for that purpose. In the usual current of human events certain things rise in importance in proportion to their immediate influence on our welfare. The circulation of the Holy Bible, the sacred Word of the living God to man, and such essays, tracts and books as have special reference to the sacredness of the inspired volume and illustrative of the divine character of a book in which alone we discover the charter of our salvation is a very present necessity. The lamentable defection from the truth which a so called intellectual age has induced, seems but to sharpen the energy and to nerve the heart of God-fearing and God-assisted men to uphold the reality and purity of a faith once for all delivered to the saints, and it is clearly the duty of a Church Society like ours and at a time like the present, to take care that as the enemies of our souls sow the poison which would destroy us, they too will, with not inferior energy, drop broadcast the antidote which shall neutralize the evil work.

REPORT OF THE LAND AND INVESTMENT COMMITTEE.

The Land and Investment Committee, in discharging the impor-

tant duties intrusted to them, have invariably acted upon the rule of allowing no business connected with their department of the Society's operations to be transacted without being submitted to them by the Secretary of the Society. When assembled in the board room, the Secretary submits any business that he may have for the committee; the matter is discussed (if necessary) and is disposed of according to the judgment of the majority present; and the decision of the committee is entered in the minute book. Until this is done, the Secretary is not authorised to accept any offer for the lease or purchase of land or to invest any monies belonging to the Society.

In consequence of the impossibility of managing the lands with the land books they found in the office, they have employed a competent person to open a new set of books, with the full sanction of the Society. They have also taken steps to have the large number of unrecorded deeds which they discovered put on record. By this course it is hoped that in a short time the land matters will be in an intelligible condition.

Feeling that the taxes on the lands belonging to the Society, and the large quantity held in trust for different objects, are a heavy burden on the resources of the Society, absorbing means collected for other purposes, and which the great mission work and other leading objects of the Society imperatively demanded, the committee urged upon the Church Society, at its quarterly meeting in May, the necessity for asking power from the Legislature to dispose of all wild lands held in trust, with the consent of the donors of the lands (if alive), the Bishop of the diocese, and the incumbents and churchwardens of the parishes interested, to be invested in provincial or county debentures, for the benefit of the objects for which the trusts were created. That suggestion was acted upon—the memorial for that purpose presented by the committee was unanimously adopted and petitions to the three branches of the Legislature immediately forwarded.

During the last year 600 acres of land have been sold. No lands have been leased, under the hope that the legislature will grant to the Society the privilege of disposing in fee simple of lands held in trust, where they could be sold to much better advantage if not previously leased. There has been invested the sum of \$4000, paid over by the executors of the late Rev. William Leeming, Rector of Chippawa, in the debentures of the counties of Middlesex and Ontario, which amount to \$4,340, which will yield an income of \$254 40 per annum.

THE RECENT JUDGMENT OF THE PRIVY COUNCIL.

We desire to make some reference to matters of general interest affecting the condition of the Church in the mother country. At the present moment, though there is little to en-

courage in a general survey of this nature, there is much that may serve to warn us of our duty and to stimulate us to increased action. We have been taught how little real support the cause of truth and righteousness can expect to derive from the civil power: how exclusively we ought to depend on Divine assistance, while we earnestly seek and covet those gifts and graces of the spirit of God, the possession of which is at once a proof that God's help is vouchsafed and a pledge of its further continuance.

The recent decision of the judicial committee of the Privy Council has excited great alarm, inasmuch as it has reversed a sentence which was felt to have been substantially most just, and has restored to the enjoyment of their appointment in the Church, men who have shown themselves to be dangerous enemies to the Church's teaching. It is, however, a satisfaction to know that the causes which led to the pronouncing of a judgment which has given so much pain to religious minds, have been for the most part of a technical character, and that it is not improbable that if the whole case had been before court in its original form a contrary decision would have been given. The evil, also, which might have been anticipated from the legal impunity which the authors of these new and strange doctrines have been permitted to enjoy, and from the countenance which has been given to those doctrines themselves by their being pronounced, even under the limitation above referred to, to be contradictory to the formularies of our Church, has been to a great extent neutralized by the excellent pastoral of His Grace the Archbishop of Canterbury, and also by the declaration which has been signed by so large a body of the clergy at home.

We may be thankful that at this crisis the Primate of all England has been found to utter no uncertain sound respecting the great truths which have been called in question; and we may also be grateful that they who feared that the Church of England, or who exulted in the disgrace which appeared to be cleaving to her, have received practical proof that the vast majority of those whom she has commissioned to instruct her people, believe and teach as the Church has ever believed and taught. The signatures attached to the declaration are said to amount to at least 12,000, and some thousands more of the clergy have intimated that they agree in the substance of the declaration, while they hesitated to sign it only by reason of its form or circumstance. One important lesson to be drawn from the recent assaults on fundamental truths, is the danger of a barren orthodoxy; the little cause we have to expect that it will please Almighty God to keep us steadfast in the true faith, unless we shew by our lives that this faith is really in us—dear to us—and make it our great endeavor to be filled with the fruits of righteousness, which are, by Jesus Christ, to the Glory and praise of God.

MINISTERIAL AND LAY AGENCY.

Your committee would here advert to a topic which is always a source of interest, and not the less so, because at this juncture the Church everywhere sends forth her lamentations and cries to the Lord of the harvest, that He may send laborers into His vineyard, for the harvest is, indeed, plenteous, but the laborers are becoming fewer and fewer. We, therefore, most sincerely call upon the Church of England and Ireland to take up the matter of the increase of the ministry, and to devise such means as may supplement ministerial work, by the employment of lay agents.

In crowded and poorer districts in the larger cities and towns of Great Britain, absolute necessity is forcing on the Church the duty of employing Christian men and women in the performance of those works of true benevolence and goodness which tend not only to alleviate present distress, but permanently to join in the bands of Christian love those whose social position have hitherto been widely severed. Without particularizing those institutions which have grown up in England within the last few years, and sanctioned by the good and devout of all shades of thought, we may ask that some combination may be brought about here, which, like the Bible Women of London, or the Young Men's Christian Association in the United States, might be productive of immense and ever-widening benefits. We are glad to find that institutions of the latter description have been happily commenced in the neighboring Canadian dioceses, and that there has been one for some time in connection with the congregation of the Church of St. James in this city. The benefits of these institutions would, if known, commend themselves to the attention of every parish in the diocese. For surely it must be apparent to all, that interchange of acts of Christian kindness between the different classes of society is the only practicable mode of perpetuating and truly exhibiting our union as a body, and more especially as the Lord's corporate body of faithful people. Once a month the institution established by our blessed Lord recalls forcibly to our minds that visible communion which he intended us to perpetuate forever, and certainly Christian charity is not satisfied if we cease to administer personal help, and cease to mete out personal attention to the sick, the aged, the needy and the fallen, and devote ourselves to the service of the members of Christ's body, the Church. An active, energizing work, such as is contemplated, would bring to this Society, and to the Church in every parish, busy hands and sympathizing hearts, which accomplish for religion more than we can possibly imagine; let us but copy the Christian acts of Christian England and work for the sake of Christ's poor ones; in our humble way let us do as the Churchmen of London are doing, who, when their Bishop asks them for a million of pounds, stagger not at the magnitude of the sum demanded to

ameliorate religious destitution, but set to work through all their various organizations to collect the amount. Parochial Societies for Christian advancement would not only ensure individual advancement to the members actually enrolled, but would in a short time shower blessed influences on the members in the parish. The habit of meeting for social religious conversation and improvement would beget a love for the Church, and cause us to realize the value of her organization, and to feel that a work was being done for our Great Head. Your committee feel that, in times like the present, when difficulties and dangers beset us, they are not overstepping their duty, when, as the executive of this Society, they throw out these suggestions. It is for the parochial clergy to take steps for carrying them into effective operation.

STATISTICAL REPORTS.

Your committee would suggest to the clergy generally the expediency of furnishing practical reports and statistics, that some idea may be formed of the progress of the Church from year to year. We would remind the missionaries connected with the mission board, that these reports would be specially required; and if all would comply with the rule, as in other dioceses, we are persuaded the result would be highly satisfactory to the Church at large. It shows conclusively the steady progress of those parishes and missions in which the ministrations have been effectively maintained; thus realizing the truth of that promise, "He that soweth little shall reap little, and he that soweth plenteously shall reap plenteously;" for no doubt the harvest in spiritual things is just in proportion to the means and labor bestowed on the cultivation of our heritage.

Your committee cannot conclude without uniting their thanks to those of the Church generally for the success with which God is blessing her operations throughout the world. The reports of the venerable societies in our fatherland are as encouraging as ever; while those we have received from the sister societies on this continent, viz: Nova Scotia, Quebec, Newfoundland, New Brunswick, Montreal, Huron and Ontario, prove that the members of the Church throughout the British North American Dioceses are becoming more alive to their duty, and that she is, under the Divine blessing, indeed lengthening her cords and strengthening her stakes. Finally, we would affectionately remind our members that it is allotted us to labor in a period, when there are great diversities of opinion on religious matters. But whatever be the nature of these differences, or the evils to which they lead, we must all agree that as Christians—members of Christ—we are bound to maintain and extend, as far as in us lies, the blessings we ourselves enjoy.

Among Churchmen, both in England and the United States, the feeling is growing stronger and more general, that it is high time

to lay party feelings aside, and, as the peculiar people purchased by the blood of a Common Saviour, to show forth by united works of love, the praises of Him who "hath called us out of darkness into His marvellous light." The work for which this Society solicits the offerings, labors and prayers of her members, may most of all lead to this desirable result amongst ourselves. That great spiritual destitution exists, not only in more remote settlements, but everywhere around us, is notorious. Let a sense of their misery and danger come home to every heart, and there will be found but little time and less inclination for anything but what may conduce to the salvation of those whose spiritual wants call upon us for relief. In doing this the distant members of the Church will look towards us with hope; many now living as heathens will be led to our communion, and all will see, from what the Church is doing, what they will never be led to believe by any other means, that "the Lord of Hosts is with us, that the God of Jacob is our refuge."

FINANCIAL STATEMENT.

Those acquainted with the actual state of this colony will not be surprised to learn that, notwithstanding our earnest efforts on behalf of the Society during the past year, we have to report a slight falling off in its income. It is generally admitted to have been a year of unusual depression, arising partly from the failure of the crops and partly from the injury to our commercial intercourse with the neighbouring republic, owing to the unhappy war still raging therein. Your committee feel, however, persuaded that though the returns of the Society have been affected by these causes, it is only for the time, and that there is no real cause for despondency. During the year the Society, under the Divine blessing, has been enabled to sustain its missionary engagements, and meet the ordinary incidental demands on its funds, while the zeal manifested in its welfare and the arrangements made to insure its prosperity, leave little cause of anxiety for the future.

INCOME.

The income for the past year has been received from the following sources, viz. :—

In addition to this, as the accounts will shew, a large sum has been received from the various Trusts and Investments, which have

been credited to their several accounts, but none of this can be considered a part of the annual income of the Society except the foregoing, which is the product of the various subscriptions, collections, and donations, sent to the Society during the past year.

EXPENDITURE.

The expenditure for the same period has been as follows:—

On account of Mission Fund and Guarantees.....	\$10057 21

The other items which appear in the disbursements, have been paid out on account of the various grants, and have been charged to their several accounts.

NOTE.—Though it appears that the expenditure is in excess of the actual income during the past year by the sum of \$753 20, the Society was nevertheless enabled to meet its engagements by means of the balances that were over from the previous year.

FUNDS ON HAND.

The amount of cash on hand and in the bank, is \$7263 41, from which deduct amount borrowed from Commercial Bank, \$4500, leaves a balance of \$2762 41, of available means on hand the 1st of May, 1864.

WIDOWS AND ORPHANS' FUND.

The sums received for the Widows and Orphans' Fund during the year, from all sources, including investments, is \$2321 57. The pensions paid to ten widows and four orphans for the year, amounts to \$2180 00, and taxes on lands, &c., \$252 77, which, deducted from the sum received, including transfer entries of the Darlington glebe account, and the balance on hand from last year, leaves to the credit of this fund \$648 56.

The state of this fund, and the increasing demands upon it, call for the serious consideration of the Society. An efficient committee has been appointed, and it is hoped their earnest efforts to enable the Society to meet all claims on it to the extent of \$200 for each widow will be successful.

MISSION FUND.

The balance to the credit of the Mission Fund last year was \$1695 76, and in addition to this there has been received for the support of this fund during the year \$9086 38; after deducting the stipends of the missionaries, Indian missions, and other disbursements, amounting to \$9419 21, there remains to the credit of the fund \$1392 48, to commence the current year.

In the receipts is included a handsome donation of \$100 from H. A. Joseph. Esq.

An earnest desire has been manifested by the Mission Board to meet the wants of the waste places in the diocese; but owing to want of funds they have been compelled to postpone relief to many localities where the calls have been painfully urgent, and where the

people are willing to contribute to the support of a clergyman to the utmost of their ability. Under these circumstances, it is felt that a revision of the mission list is called for; and it is hoped a saving may be effected in some of the older missions for the benefit of new settlements.

The sum paid out for missionaries' stipends has been \$7950 00, as follows :

To Eight missionaries in the Home District.....	\$1800	00
Five " " Simcoe District.....	1570	00
Three " " Niagara District.....	940	00
Four " " Gore and Wellington Districts...	2425	00

SERMONS.

GENERAL PURPOSE FUND.

The chief source from whence this fund derives its income, is the one-fourth of the parochial collections, amounting during the past year to \$1776 84.

NOTE.—After deducting the necessary expenses of the Society chargeable on this fund, and the sum of \$1155 00 from the sale of lands to be re-invested, by reference to the statement of this fund, it will be readily seen, that there is a very small amount left from which to make grants to churches and parsonages. Looking back to former operations of the Society, it will be found that the January collections were taken up for this fund, thereby enabling it to make grants to churches and parsonages to a much greater extent than it is in a position to do at present. Subsequently, it appears, it was determined that the January collections should be taken up for the Mission Fund, and not for the General Purpose Fund; in consequence, the power to make grants to churches and parsonages became restricted, and when applications for grants have been made, they have been allowed only on the condition that the fund should be in a position to meet the requirements. The result is simply this, that the Mission Fund having appropriated the chief source from whence the grants were formerly made to churches and parsonages, there is at present no fund from whence these essential aids to the prosperity and extension of the church can be taken.

The following suggests itself as a remedy for this evil:—That in view of the requirements of the Church, her members throughout the Diocese do bestir and exert themselves to increase the parochial branch collections by the sum of \$1500, and that one-third instead of one-fourth of the whole amount of collections be carried to the credit of the General Purpose Fund. This would add nearly \$400 more to the credit of the the Mission Fund, and at the same time would enable grants to be made from the General Purpose Fund to the extent of about \$1000 and upwards during the year,

BOOK AND TRACT FUND.

The balance against this fund, as appears by the financial statement, is \$81 25, which is covered by stock of books and tracts on hand, amounting to \$396 66.

Mr. Rowsell's returns, made up after the accounts were closed, give the amount of sales, including grants, \$151 11, in addition to those already entered in the accounts, and leaving a balance in favor of the fund of \$25 16.

The value of the stock handed over to Mr. Rowsell was \$421 82, including grant from the Ven. S. P. G. \$250. Stock of books and tracts remitted for and to arrive is, \$174 74.

REPORT OF COMMITTEE.

The Book and Tract Committee beg leave to report, that the arrangement approved of at the last annual meeting, for establishing a more accessible depository, has been carried out by Mr. Rowsell appropriating a portion of his shop for the exhibition of specimens of all the Bibles, Testaments, Prayer Books, and other books and tracts which the Society has for sale, and by his employing his salesman to attend to the Society's customers. For this accommodation the Society pays ten per cent. on the sales; other plans were suggested and discussed, but this appeared on the whole the best. There is likewise a permanent notice in Mr. Rowsell's window, for the information of the public, and a lable in the shop itself, indicating the case which is appropriated to the Society's publications. The committee expended the sum of \$100, voted by the Society, together with \$74 74, arising from subscriptions and sales, in the purchase of books adapted to the use of Sunday School libraries, of books and tracts suitable for parochial distribution, and of Prayer Books of various kinds, selected from the catalogue of the Society for Promoting Christian Knowledge. This addition to their stock they trust will be found acceptable. The subscriptions received during the year amount to \$40.

The sum received for the sale of books, and before arrangement with Mr. Rowsell.....	86 39
Since that arrangement.....	151 11
Total.....	<u>\$187 50</u>

Accompanying this report will be found the treasurer's account with the committee, shewing a balance of \$81 25 against them; and Mr. Rowsell's account of sales, remittances, etc., shewing a balance of \$107 41 in their favour. By examining the items of receipts and expenditure in both accounts, it will be seen that the subscriptions and sales cover all expenses, together with the advance of \$100 from the Society, excepting a sum of \$13 74.

The sales, since the new arrangements, have been, 179 Bibles, 115 Testaments, 154 Prayer Books, 1977 other books and tracts. The stock on hand consists of—

214 Bibles, value at members' prices.....	\$123 92
321 Testaments.....	38 35
535 Prayer Books.....	79 46
567 Books, including small reward books.....	80 93
4814 Tracts, average \$1 50 per 10)	74 00
Total.....	\$396 66

The committee have not yet found occasion to expend any portion of the grant for replenishing the stock of Bibles and Testaments; but they will no doubt require to draw upon it in the course of next year. They desire, however, to remind the Society of another want, of which they made mention some time since, viz., books for the formation and replenishing of Lending Libraries for adults. The need of books for the reading of our laity, which shall be in accordance with the principles of the Church, is very great.

The committee were desirous of recommending an appropriation of a sum for that purpose, but having understood that the Society cannot at present afford the outlay, they will defer the subject to a more favourable time.

The committee would, in conclusion, call attention to the very small amount of subscriptions to this department of the Society's operations, and suggest that so long as these subscriptions amount to no larger a sum than \$40, it is impossible that such a variety of books and tracts should be provided as the wants of the diocese require.

EPISCOPAL ENDOWMENT FUND.

In accordance with the desire of the Synod at the last session, a commencement has been made. At the request of the Endowment Committee, the Lord Bishop appointed the Rev. Dr. Read a deputation for visiting the several districts in the Diocese. The reverend gentleman has entered on his work, having visited the principal cures in the Niagara district, and the parishes of St. James', St. George's, and St. Stephen's in Toronto, and the result has been thus far satisfactory. Visits have been favourably received, and he is encouraged with every prospect of success.

The above figures shew what has been so far secured to the fund in each place, but are not to be taken as representing the complete contributions of any; further subscriptions have been promised in all, and to a considerable amount in some places; \$600 more may safely be counted upon from those places in the Niagara District already visited, and of the three city churches a very imperfect canvas has yet been made.

All of which is respectfully submitted.

EXTRACTS FROM DISTRICT REPORTS.

GORE AND WELLINGTON DISTRICT.

REPORT OF THE MANAGING COMMITTEE.

The Annual Meeting of this Association was held in Christ's Church, Hamilton, on Wednesday, the 6th April. A large and elevated platform had been erected in the body of the new portion of the church, on which were scattered a goodly array of clerical and lay speakers, the Rev. Arthur Palmer, Rural Dean, occupying the chair. The old portion of the church, including the galleries, was filled with a numerous and attentive audience, and the choirs of the several churches, viz., Christ's Church, Church of Ascension, St. Thomas' and St. John's, were in attendance, and varied as well as enlivened the proceedings by introducing occasionally, between the speeches, well-chosen pieces of music, which were executed in a decidedly creditable manner. Altogether, this was one of the pleasantest Church Society meetings ever held in Hamilton, and we feel convinced that in future these annual gatherings will be looked forward to with much interest by the several Church of England congregations in town.

Your Committee have much satisfaction in reporting that the collections in the whole from the various parishes exhibit an increase over those of the preceding year of nearly fifty dollars. The total amount received is upwards of \$2000. The parishes from which it has been received will appear from the following extract from the Treasurer's statement:—

Since the formation of the Church Society in these united districts, probably no less than twenty churches have been built, and as many congregations permanently established. Many of these are now contributing, under their improved circumstances, to send the blessings of the Gospel ministry to remote parts; thus giving the best evidence that the seed sown by means of this Association has taken root, and is bringing forth fruit, in greater or less abundance, to the glory of God, the increase and prosperity of his church, and the salvation of immortal souls.

Such is the interesting and important work in which this Society is engaged. With such evidences of its usefulness, it appeals to the members of the Church of England for help. It impresses upon them the absolute necessity for unwearied exertions to supply the spiritual wants of those who, far away in the backwoods of this country, are toiling to subdue the forest, and to obtain a hard-earned livelihood for themselves and their families. They came forth from Christian England to seek a home in the wilderness—there they were blessed with rich abundance of spiritual blessings, churches and Sunday schools and faithful pastors, and Christian men and women labouring for their moral and religious culture—now they are the victims of spiritual destitution; they are as sheep without a shepherd, and their souls are in danger of perishing from lack of knowledge and of the public means of grace. As members of our own household of faith, they have the strongest claims upon our Christian sympathy and help.

In conclusion, your committee commend to the cordial sympathy and support of the members of the Church of England generally this great and good work, with the prayers that they may realize the blessedness which the prophet speaks of—"They that be wise shall shine in the firmament, and they that turn many to righteousness as the stars for ever and ever."

J. GAMBLE GEDDES,
Secretary, G. W. D. B. C. S.

NIAGARA DISTRICT.

In presenting this, their twenty-second report, your committee have to record their deep sense of the loss this "District Branch Association of the Church Society" has sustained in the lamented death of their late chairman, the Rev. W. Leeming, in June, 1863. For nearly forty-four years Mr. Leeming was the zealous rector of the whole township of Stamford. He well sustained the cause of this society in this district from its first establishment in 1842, being chairman thereof from that time. Under the good providence

of God, he was permitted to preside at all but one of its meetings. He is now, we trust, removed to the abode of the blessed, awaiting a joyful resurrection. "His works do follow him." He left to the Church Society by will \$4000, which the society intend to constitute a fund for the support of a Leeming Mission. Immediately upon the death of the late rector of Chippawa, T. C. Street, Esq., generously came forward and endowed Trinity Church in that village with \$8000, thus enabling the bishop to divide the former parish and form two, now called the parish of Stamford and the parish of Chippawa; to the latter his lordship, upon the nomination of Mr. Street, presented your late active missionary the Rev. D. J. F. MacLeod, M.A., who took charge thereof in October last, thus leaving the mission field. The Rev. J. Creighton was then appointed as the missionary at Welland, Marshville, Fonthill, and the parts adjacent. Since that period Mr. C. has been zealously engaged in feeding the scattered lambs of Christ's fold.

It may not be out of place here to take a brief review of the extent of the labours of our missionaries for some years past. Your present secretary was the missionary of the society in this district seventeen years ago. He then extended his labours over no less than nine townships, holding occasional services at eleven stations and bringing within the fold the lambs of the flock. The missionary that succeeded him, the Rev. W. C. Clarke Preston, found it necessary and advisable somewhat to curtail his distances, and thus give more attention to a field smaller in superficial area, but larger in the number of adherents to our pure and holy church. The Rev. J. Godfrey, who succeeded him carried on the same work. The Rev. J. Stannage, who followed, concentrated his labours still more, as far as his actual public Sunday services were concerned, and the Rev. D. J. McLeod carried on the same work, and the result has shewn the wisdom of such a course. In the place of only very occasional services and no churches, we have now stated weekly services at Welland, Marshville, and Fonthill, three churches, and the prospects of others at Port Colborne and Stonebridge, which formerly were part of the mission field, but of late years were united with the parish of Fort Erie. By the change about being affected, by the appointment of the Rev. H. Holland to the rectory of St. Catharines, another sub-division may be effected, and our late extensive travelling mission, the committee trust, will be formed into two parishes, requiring, it is true, our assistance for some few years longer to assist in maintaining their resident pastors. For this purpose your committee at their late meeting in February promised aid to the amount of \$100 to the mission at Port Colborne and Marshville. Your committee now hope that the time is not far distant when they may be able to send another missionary into those

other townships which have been without the labours of a missionary, the work having increased upon our hands. At their meeting in February last, your committee, at the earnest petition of the parish of Grantham, promised assistance to the amount of \$200 for one year, to aid in supporting their resident pastor, provided they raised \$100 more among themselves. The committee have also continued their support, by means of the annual quarterly collection in April, to an exhibitioner now studying at college for holy orders. The amount expected to be raised in the district is \$130 at least.

In answer to a resolution passed at a meeting of the District Committee in September last, the Lord Bishop appointed a deputation to visit our several parishes in behalf of the objects of the society. Our parochial meetings were therefore held in February last to meet the deputation. The Rev. H. B. Osler, kindly consented to act, and at some inconvenience left his own parish to further the interests of the society in our midst. We would desire thus publicly to acknowledge the pleasure and profit we derived from his visit, and hope that the present returns will not be taken as the only evidence of the benefit derived, but that the said service "will be found after many days."

The annual parochial returns are as follows :

The parish of Niagara reports the sum of.....	\$77 87
The parish of Stamford, including Drummondville, reports.....	57 73
The committee would with pleasure mention, that at the annual parochial meetings the sum of \$10 31 was collected in Stamford, (including \$2 60 from the Sunday School,) and \$11 98, (including \$5 97 from the Sunday School,) at All Saints', Drummondville. This will raise the whole amount to \$80 02, and all this in addition to several extra subscriptions and collections for parochial and Church Society purposes, which calls were on the whole well responded to. This parish is now engaged in making an effort to put up a memorial window in St. John's Church to the memory of our late rector.	
The parish of St. Catharines reports the sum of....	184 50
which, together with the amount raised at the quarterly collections for Church Society purposes, will make the whole for Church Society during the year, \$369 10.	
The parish of Duvville reports the sum of.....	30 00
There were two causes which operated sadly in rendering the amount so small: the lateness of the parochial meetings and the Episcopal Endowment Fund.	
The parish of Fort Erie, with Port Colborne, reports.....	78 79
Fort Erie, collected by Mrs. Holland and Mrs. W. Warren.....	\$32 40
Bertie, collected by Miss Hann.....	10 52
Stonebridge, collected by Mrs. Harvey and Miss Crowder.....	9 37
Port Colborne, collected by Mrs. Corry and Miss Docker.....	6 50
Rev. H. Holland, amount subscriptions: M. F., \$10; W. & O. F. \$5; D. S. F., \$2 50; B. & T. F., \$2 50.....	20 00
The parish of Chippawa. Since the meeting of the parochial branch of the Church Society, which was held on the 24th of February last, the annual collections have been made. Miss Burton, and Miss M. L. Macklin, who kindly volunteered their services, succeeded in raising	118 42½
including the clergyman's subscription. On the day of meeting a collec-	

tion was taken up in church, and the amount of \$23 28 remitted to Toronto, which will make the whole amount \$141 70½. Since November last, the following sums have been raised for the society:—

Thanksgiving day	10 45
January collections, M. F	17 87
Result of meeting.....	141 70½
April collection, S. F.....	15 00

Rents of Crowland Glebes, on account.....	116 38

The whole amount yet reported being\$802 74

* Various causes are assigned for the contributions not being larger, but it is sad to think of the number of appeals for help, which are quarterly sent to the society, being laid aside, and the answer returned, "There are no funds." The number of missionaries supported in whole or in part by the society is 28, which are not half of even the present requirements of the diocese. The day is fast approaching when we shall all have to render an account of our stewardship, may it be done with joy and not with grief. Lift up your eyes, behold, the fields are already white unto the harvest, oh, pray the Lord of the harvest that he would send forth labourers into His harvest. And as we know God does not ordinarily work without us in spreading the knowledge of His sacred Truth, let all see that they render into the treasury of the Lord a due portion of the talents committed to them, and thus aid in the great and glorious work of hastening that happy time, when the "earth shall be filled with the knowledge of the Lord, as the waters cover the sea."

All of which is respectfully submitted.

CHAS. LEYCESTER INGLES,

Drummondville, April, 1864.

Secretary & Treasurer.

SIMCOE DISTRICT.

In this county during the month of January, and the first week of the month of February, twenty-seven meetings were held. In addition to the gentlemen in the vicinity who addressed the meeting at Bond Head, Tecumseth, there were present the Revs. Messrs. Givins and Darling, from Toronto, who having specially come for that purpose, in a forcible and eloquent manner advocated the various objects of the Society.

The sums received from the seven parishes, as far as can be ascertained, including collections at missionary meetings, are as follows:—Collingwood, \$80; Orillia, \$45.15; Mono, \$47.64; Cookstown, \$59; Penetanguishene, \$22.25; West Gwillimbury, \$118.87; Mulmur, \$66.50; Tocumseth, \$185.65; Barie, 67.89; Essa, \$43.17; Innisfil, \$71.12; Shanty Bay, \$23.10; amounting in all to \$777.37.

During the past year a commodious and church-like edifice has been erected, neatly painted, provided with seats, reading desk and pulpit, and stained chancel window, in the Township of Nottawasaga. The Churchwardens at Thornton, Township of Essa, have been aroused to a sense of duty, and are now renovating and completing their Church, which for many years had remained in an unfinished condition. St. Paul's, Innisfil, was found quite insufficient in dimensions for the numbers that flocked thither to hear the word of God, and to join in the heart-stirring strains of our sublime and beautiful liturgy; the congregation have, therefore, constructed a large gallery, and thus made room for those who desire to enter the temple of the Lord. St. John's Church, Cookstown, has likewise been enlarged to about double its former capacity; transepts, chancel and vestry having been added. Active steps have been taken at Barrie also; the building committee there have given the contract for the erection of a large and beautiful brick church, to contain 500 people; a building somewhat suited in dimensions and architectural style to the importance of that place as county town. Measures are now being adopted in Bradford for the purpose of enlarging Trinity church, as it is quite too small for the rapidly increasing congregation. Two additional lots have been secured to render this desirable object the more conveniently accomplished.

The churchmen of Shanty Bay have not only increased the accommodation in their church, but have also purchased an excellent bell, at an outlay of about four hundred dollars. Thus the sound of the "church-going bell," from old and happy associations of bye-gone years, rendered dear to the hearts of those from the fatherland, is heard o'er hill and dale, warning all of the flight of time, and cheering the aged and weary, as they wend their way to the house of prayer, there to partake of that solace which in this vale of sorrow we all so much need.

Considering the facts that so much has been expended on local objects; that so many portions of the county are deprived of the Church's ministrations; that in others her ministers are seen only occasionally; that the financial depression is severely felt by the mass of our people, we cannot but be thankful that so much has been accomplished. We trust, however, that ere another year shall have passed away, the circumstances of an adverse character

above noted, shall have ceased to exist, and consequently increased results attained on behalf of our holy cause.

"The fields are white to the harvest," but where are the labourers. They are not found. This, doubtless to a great extent, may be traced to this cause, viz., adequate provision is not made for their support.

It is clear, then, inasmuch as God works by the *use* of means, that until *we, as a people*, practically recognise the duty of contributing as God hath prospered us, to the furtherance of his great designs, giving all diligence likewise to our other duties as Christians, we cannot expect the Church to prosper. God's ancient people the Jews were blessed as long as they obeyed their heavenly King's commands, but when they robbed him of his "tithes and offerings" they were "cursed with a curse." We are now, under God, thrown upon our own resources; cast upon the voluntary system. As an individual, severed from the source whence his wants were hitherto supplied, puts forth his energies to make amends for the loss he has sustained, so we, as a body, humbly looking to Divine Providence for a blessing, must now put our hands to the plough, press forward manfully to the great work before us, and difficulties which now seem insuperable shall soon pass away, even as the morning mist disappears before the piercing rays of the sun.

ARTHUR J. FIDLER,

Secretary S. R. C. S.

REPORT OF THE NEWCASTLE DISTRICT.

To this district, comprising the Counties of Northumberland and Peterboro', Durham and Victoria, the Rev. Dr. Fuller, Incumbent of St. George's Church, Toronto, was appointed the special deputation. That gentleman devoted nearly three weeks in fulfilling the engagements made for him by the district committee. His earnest and practical appeals were everywhere received with marked attention, and will, no doubt, be productive of much good. He was assisted in the two former counties by the Venerable the Archdeacon of Toronto, the Rev. J. W. R. Beck, and J. M. Grover, Esq.; and in the two latter by the Ven. the Archdeacon, the Rev. Henry Brent, and the Hon. G. S. Boulton. Meetings were held in Bowmanville, Eninskillen, Cartwright, Manvers, Newcastle, Perrytown, Millbrook, Cavan, Omeme, Lindsay, Peterboro', Lakefield, Otonabee, Norwood, Hastings, Seymour, Brighton, Colborne, Grafton, Rice Lake, Elizabethville and Port Hope. The attendance, as a general rule, was satisfactory, and a good hope is entertained that the appeals made by the several deputations, received

as they were with earnest attention and evident pleasure, will be met by a heartfelt and substantial response.

A pleasing incident occurred at the meeting held in the town of Port Hope, showing how far youthful zeal may be fostered and controlled, and which your committee venture to mention here, in the hope that it will not only prove interesting, but perchance lead others to follow so good an example. The sum of thirty dollars was laid on the table, as the proceeds of the missionary box, which circulates every Sunday to receive the free-will offerings of Sunday-school scholars and teachers. Thus easily and with important results may be trained up to exercise the high duty and privilege of missionary benevolence.

Your committee have to report the resignation of the Rev. John Wood, late travelling missionary in the County of Northumberland, and his acceptance of the curacy of Ottawa, in the Diocese of Ontario. His successor, the Rev. John Middleton, is actively engaged in the same arduous field. Also, the removal from his charge at Perrytown of the Rev. S. Birtch; the vacancy having been filled up by the appointment of the Rev. E. N. Davies, late assistant minister in the Rectory of Cavan.

They have further to report that the District Divinity Exhibiton was, at the quarterly meeting in December last, awarded to Mr. John Austen, an under-graduate of Trinity College.

The time intervening between the parochial meeting and the annual district meeting being this year shorter than usual, on account of an early Easter, has prevented full returns being made by the local committees. From these, however, already received, it seems more than probable that the amount realized will largely exceed that of last year.

HENRY BRENT,
Sec. N. D. B. C. S.

HOME DISTRICT.

The committee regret that they are not able to report any increase in the collections of the Home District for the year ending the 30th of April, 1864; the collections of 1863 having amounted to \$1789 11, while those of 1864 are \$1772 53, the decrease being \$16 58. The difference is not great, and may be accounted for by the non-receipt of the customary collections from the vacant mission of Pickering, which would have more than made up the deficiency. In the accompanying detailed statement the parishes and their respective amounts are given in the same order as on page twenty-three of last year's report, and a comparison of the two lists will shew where, and to what extent, there has been an improvement or falling off.

The departure of the Rev. W. M. Ross from the diocese, and the transfer of the Rev. W. Grant, to Streetsville, have left the missions of Pickering and Uxbridge vacant, and a large section of the country in the eastern part of the Home District unsupplied with the ministrations of the Church. It is trusted that the vacancies will soon be filled up. The parish of Thornhill, during the absence of the Rev. R. Shanklin in England, is under the charge of the Rev. J. Carry, who has been succeeded in the incumbency of Tullamore by the Rev. — Middleton, formerly of Dungannon, in the diocese of Huron. By the exertions of the Rev. R. Arnold and his parishioners, a commodious parsonage, with grounds attached, has been secured at Brampton, and is now occupied by the incumbent.

In conclusion, the committee would express their hope that the urgent and increasing missionary wants of the district, especially in the new settlements forming in its north-east section, will stimulate the members of the Church to such an increase of liberality as will enable the committee to shew in their next report an amount of contributions more proportionate to the crying necessities of the Church, as well as more in character with our Christian privileges and profession.

MISSIONARY.—REV. PETER JACOB'S REPORT.

—
 MANITOWANING, March 31st, 1864.

REV. AND DEAR SIR,—I again sit down to write to you about what has been done and what has taken place in the mission since last June. We have sustained a great loss in the death of Captain Ironside, who was superintendent of Indian affairs in this part of Canada. He died of heart disease, in July, at Sault Ste. Marie, to which place he had gone, thinking that a little travelling and change of air would do him good. I am told that he died in peace, and that he was quite prepared to meet his God. The day before his death he was visited by the Rev. James Chance, the missionary at Garden River, who administered to him the Holy Communion. He was always very kind to me, and was ever ready to assist me in my work. He attended church regularly, and was one of my communicants. His family left this place in October, and are now residing at Sault Ste. Marie. C. T. Dupont, Esq., is our new superintendent; he is a member of our church, and takes a deep interest in church matters. He has promised to read prayers in church on the Sundays that I am absent.

I will give you an account of our Christmas service, and the church decorations. Nearly all the church-going people in the village attended church. As there were both whites and Indians, I read a part of the service in English, and a part in Indian, and I preached in both languages. We chanted the Venite, the Gloria Patri at the end of the Psalms, the Te Deum, and the Jubilate Deo. We sang the Christmas Hymn, St. Werbergh's, and the anthem, "I'll wash my hands in innocency." The singing was very good, the parts being well sustained. After I had read the second lesson, I baptised an adult Indian of the name of Pahahmesa, and an Indian child. Pahahmesa was at one time a bigoted heathen. When I first came to the mission he attended church very seldom. For the last three years he has attended regularly. A collection was taken up after the sermon. \$9 84 were given in money; promissory papers amounted to \$1 10; two reed mats and a sweet hay basket was given besides. Fourteen persons partook of the Holy Communion. The church was neatly decorated by the Indians with evergreens. There were wreaths in front of the reading-desk, pulpit, communion rails, and over the windows and doors. There was a tree on the north side of the communion table in the corner, and another on the south side. The word "Glory to God in the highest, and on earth peace, good will towards men." appeared on the walls of the chancel facing the main door. A flag was hung over the porch door.

You have been already informed about the burning of the mission house at the Little Current.

The survey of a portion of the Manitoulin Island commenced last fall. Three townships have been already surveyed; the survey of two more is in process. It is supposed that not more than half of the land is good. The land will be sold to whites either this fall or next spring. The superintendent wishes the Indians of this place, the Little Current and Shegwaindah, to live all together at Shegwaindah, where there is a large tract of good land, and where there is good fishing. I do not know whether all the Indians will agree to this arrangement. If they all lived together, their village would be quite large, and their spiritual interests could be better looked after. A church and a schoolhouse would have to be built for them.

The Indians of Wegnamekoong, a Roman Catholic village on the island, have at various times caused disturbances, and given trouble to the government. They did not consent to the giving up of the island to the government. When therefore the treaty was made, that portion of the island east of Heywood Sound and Manitoulin Gulf was reserved for them, and the rest was ceded. Soon after that they forcibly removed three Indian families from their village to this side of the island, and threatened to punish them severely if they returned to their former place of residence. They did this because the heads of the families had given their consent to the treaty. The same fall, I believe, they removed two French Canadians with their families to the mainland, because these had been favourable to the settlement of the island by whites. Last summer they compelled these two families to leave Lonely Island, which is about twenty miles south from Wegnamekoong, although they had obtained a license to fish there from the Overseer of Fisheries. For these outrages they were not punished. When an attempt was made by Mr. Gibbard and about twenty constables to arrest these who had been concerned in the last disturbance, such a show of opposition was made by the Indians of Wegnamekoong, that it was not deemed advisable to make any arrests. When the surveyors commenced their work last fall, a deputation of the Wegnamekoong Indian went to each of their camps, and told them to stop their work, saying that the land was theirs, and that they had not ceded it. The surveyors paid no attention to this but went on with their survey. It was thought at the time that violent measures would have been adopted by the Indians. Their priests, I am sorry to say, have encouraged them in what they have done. The Protestant Indians, who live in the ceded portion of the island, have, I am glad to say, lived quietly, and have been and are still obedient to the government. Although many attempts have been made to induce them to support the measures of their disloyal and troublesome friends on the other side, they have remained loyal.

Two missionary meetings have been held in the mission, one at

Manitowaning, and one at the Little Current. Both were attended very well. The whites here subscribed \$42, and the Indians \$13. Most of this money will be used to pay the expenses of the repairs of the church, which we wish to effect. The whites and Indians at the Little Current subscribed about \$20.

With my best wishes for the prosperity of the society,

I remain, Rev. and dear Sir,

Your humble and obedient servant,

PETER JACOBS.

GARDEN RIVER, LAKE HURON, *March 30th*, 1864.

REV. AND DEAR SIR,—I have been asked sometimes whether the Indians really comprehend and feel the truth of the Christian religion. It may seem a strange question to ask, but it has been asked by some people, and replied to with much patience on my part, to the apparent satisfaction of the strange inquirers. Having been many years among the Indians, and having acquired their language, I have easy access to their hearts and minds, and understand their thoughts and feelings, and can assert, in all sincerity, that some of the Indians have as clear views of the Divine truth, and as much experimental acquaintance with the doctrines of the holy religion, as many Christian white people have. The Indians here are not naturally dull of comprehension, and in intellect, I think, they are, at least, equal to the lower classes of white people; and the same blessed Spirit that quickeneth the sensibilities and comprehensions and illuminates the minds of white people, operates upon the hearts and minds of Indians to the same purpose and effect.

In my visits to some of the Indians I have frequently been delighted and edified with their Christian knowledge and experience; and in attending some of their death-beds, I have been humbled with a sense of my own inferior attainments in faith and patience, and cheerful submission to the Divine will. The last death which occurred among my people was that of our first convert at this place, old Wahbuhnoosa. Very few Christians have been tried and afflicted more than Wahbuhnoosa was. Since we came to the mission six of his children—adults, and three of them were married—have died of consumption; but, I am happy to state, that some of them gave the most satisfactory evidence of having died in the faith of Christ, rejoicing in the hope of the glory of God. One of them, Mrs. Nahwuhkezhik, was one of the most respectable Indian women of my congregation, and a very consistent Christian. She was seldom absent from the means of grace on Sunday and Wednesday evenings, except when sickness prevented her attendance—for she delighted in the services of God's house

and was always very attentive and devout. She never went to Church without her prayer-book, and she was not ashamed (as some are) to use it, and to make the responses enjoined by the Rubric. It was very refreshing to me to visit her during her last illness, and to witness the blessed results of vital religion, and of her simple yet triumphant faith in the all-atoning merits of Christ. She left three children; the youngest was quite a babe. When I made reference to her leaving them behind, she listened to me with the utmost composure and said, "I do not feel any distress of mind on their account, I have already committed them to the care of Him who gave them to me, and who is now about to take me from them to Himself, and I am fully assured that He will take care of them." Soon after this she sweetly fell asleep in Jesus.

In a short time after this event another brother died, somewhat suddenly. He was about 21 years of age; and the death of their son, on whom old Wahbuhnoosa was dependent for support, affected the old man deeply. He had borne the other bereavements with Christian fortitude, but now being poor and helpless, and suddenly deprived of him who had been his chief earthly support and staff, he was disposed to say, like Jacob, "All these things are against me." In a short time, however, his faith triumphed, and he confessed with sorrow his murmuring disposition against his faithful God and Saviour. Wahbuhnoosa lingered until the beginning of this year. He suffered very much, but he bore his sufferings with remarkable patience. He was almost entirely dependent upon us for the supply of bodily wants, and I never saw an Indian so grateful as he was for our aid. (I wonder if our Christian friends have any idea of the many demands of a similar nature which are made on our slender pecuniary means.) At Christmas I administered to him the holy communion, which was the means of much spiritual refreshment to his soul. When expressing regret that he could not as usual attend church on Christmas day, he looked at me very earnestly, and then raising his extended arm he pointed towards heaven and said, "There is the church in which I hope soon to worship, and why should I regret my absence in this earthly temple." I had very many exceedingly interesting interviews with Wahbuhnoosa, but I cannot attempt now to repeat our conversations. If I had time I am sure they would be interesting to the numerous readers of the *Chronicle*.

On my first visit to the Sault this year I remained all night under the hospitable roof of a very generous friend, who, during the evening, expressed his regret that I should be spending the best years of my life among Indians, "for," he added, "from what I know of them they are incapable of appreciating your labours, &c." I begged leave to differ from my kind host, and argued the point

with him, and related at some length my experience among the Indians, and finally referred to the case of old Wahbuhnoosa—his poverty, his great bereavements and sufferings, his Christian patience and triumphant faith, his joy and peace in believing—and when I looked at “mine host” for his opinion, his eyes were wet with tears; his hands had been thrust into his pocket for a bank bill, which he gave me, and with much emotion he said, “will you be kind enough to give that to your old friend.” But while my very kind host and I were talking over the subject of Indian Missions, the redeemed and purified spirit of Wahbuhnoosa had taken its everlasting flight to the glorious inheritance of the saints of light, where there is no death, neither sorrow, no crying, nor any more pain.—Rev. 21, 4. When I returned home from the Sault with my good friend’s donation, it was too late—Wahbuhnoosa had departed.

My labours this winter have been somewhat arduous—among white people as well as Indians; but I have been very much stimulated to increased exertion by cheering prospects of usefulness. Let me mention my duties last Sunday (Easter), which have been the same every Sunday except the administration of the holy sacraments. I had morning service here and preached in Ojibeway and English; then administered the holy sacrament to 42 communicants, some of whom, I am happy to say, partook of it for the first time, and three of these I had received into the Church from that of Rome. I had afternoon service here, and administered the sacrament of baptism. I then drove 12 miles to the Sault, where I performed divine service, baptized two children, preached, and finally administered the holy sacrament of the Lord’s Supper to 14 persons. I cannot say that I was not fatigued, but I felt happy and thankful for the manifest proofs which I had witnessed of God’s blessing upon my labours. At my next service at the Sault a collection will be made for the mission of the Church Society, and I trust it will be a good one. I sincerely hope that the Society will be able to carry out their noble object in sending one missionary at least to those regions this summer. We had our annual missionary meeting at Garden River, on Monday evening last. The weather was most unfavourable, but the attendance was very good, and some admirable speeches were delivered by chief Anfiista Shingwankoons, (Little Pine,) Chief Putquindzenene (Wild Man), Churchwarden Wahbemama (a Dove), and churchwarden Nawuhkezhik, (Middle of the Sky,) and the collection amounted to upwards of \$60. I am sorry that I cannot now send an abstract of the speeches, and of the whole proceedings, but I may accomplish this at some future time, if desirable, to the *Chronicle*.

I remain, yours very truly,

To the Rev. S. Givins,
Hon. Secretary

JAMES CHANCE.

NOTE.—The above cash credit balances belong to the several Funds, Trusts, and the Commercial Bank, making in the aggregate \$10087 86; of this amount it will be seen that there is \$7263 41 on hand in cash; and the remainder, amounting to \$2824 45, has been advanced to the Darlington Rectory and other Trusts \$2743 20, and to Book and Tract Fund \$81 25. The withdrawal of the amount of \$2824 45 for these advances, and the balance of the Mission Fund being largely against it nearly throughout the whole year until the Parochial Branch collections came in during the month of April, will account for the necessity of the loan from the Commercial Bank.

RESOLUTIONS PASSED AT THE TWENTY-SECOND GENERAL MEETING,
HELD ON THE 7TH JUNE, 1864.

Moved by the Rev. Dr. SHORTT, seconded by JOHN DUGGAN, Esq.,
"That the report now read be adopted, and printed for circulation."

The Rev. Mr. WALL then moved, seconded by the Rev. Mr. OSLER.,
"That this meeting desires thankfully to acknowledge the success which the Great Head of the Church has been pleased to vouchsafe to the work undertaken by the society during the past year."

The Rev. Dr. NEVILLE moved,
"That it is incumbent upon us, as upon every true branch of the Church of Christ, to be ever seeking to extend the knowledge of the Lord Jesus and his Gospel; and that this Society, recognising this duty, is desirous of multiplying her missions and enlarging her sphere of action, both among the settlers of our country and the Indian races, and calls upon all members of the communion to assist her in this her most laudable design."

Mr. GROVER seconded the resolution.

The Rev. Mr. RITCHIE then moved the following resolution :
"That while we fully appreciate the efforts hitherto made by the Church in this country, we cannot but deplore the spiritual destitution which still exists, and which, particularly in the remoter districts of the diocese, call loudly for immediate relief."

Mr. FRANKLAND seconded the resolution, which was carried unanimously.

The Rev. Mr. GIVINS then moved, seconded by the Rev. H. BRENT,
"That the thanks of the Society are due, and are hereby tendered to the officers, collectors, and gentlemen of the several committees, for their services during the past year."

BIBLES, TESTAMENTS, PRAYER BOOKS,

AND OTHER

RELIGIOUS BOOKS AND TRACTS.

— G E N —

The Book and Tract Committee of the Church Society has now open a depository in Toronto, for the sale of Bibles, Prayer Books, &c., on a larger scale than formerly. It is in the Book-store of Mr. Rowsell, King Street East, where specimens of all the Books on sale may be seen, which Mr. Rowsell's salesmen are engaged to sell to the Society's customers.

The Bibles, &c., are the best that can be obtained for their price, being from the Venerable Society for Promoting Christian Knowledge in London, England.

Amongst the Tracts are some in French and German, the latter of which may be obtained by any Clergyman of the Church applying for them. There are likewise German Bibles.

The sales, since the depository was made public, by placing it in Mr. Rowsell's Store in July last, have greatly increased. The amount disposed of at the end of October, has been 105 Bibles, 150 Testaments, 151 Prayer Books, 414 other Books, principally for Sunday Schools, and 1952 Tracts, including grants to various Missions made by the Church Society. This has nearly exhausted the supply of Prayer Books and Sunday School Books, but a fresh supply will be speedily ordered.

Subscribers of \$2.50 are entitled to a liberal reduction on the low prices charged to the public, and Clergymen making collections for the purpose are entitled to procure the Books, &c., at subscriber's prices.
