Woman's Realm in the Household, Fashions and Society

The Daily Hint From Paris

Mrs. Edmonds is in town, the guest of the Bishop of Toronto and Mrs. Sweeney at the sea house.

Sir William and Lady Van Horne and Miss Van Horne leave about the middle of the month for their summer residence at St. Andrews-by-the-Sea. Mr. R. B. Van Horne will also spend the summer at the "Coven Haven."

Mr. and Mrs. Charlie Murray, Miss Emily Miller and Miss Emily Foy spent the week-end in Detroit.

The engagement is announced of Miss Edith H. Howard, daughter of the late John O. Howard and of Mrs. Howard, to Mr. T. Hayes-Sheen, youngest son of the late Thomas Hayes-Sheen, J.P., and of Mrs. Hayes-Sheen of 212 Zag Hall, Cheshire, and of 46 Stanhope Gardens, London, England.

Mrs. George Dickson and Miss Macdonald are giving a garden party this afternoon at St. Margaret's College, from 4 to 6 o'clock.

The marriage takes place to-day in Washington, D.C., of Miss Evelyn Malcolm to Mr. Horace M. Jackson, Toronto.

The June tea of the Harbord Alumnae Association takes place this afternoon in the Little Blue Tea Rooms, from 4 to 6 o'clock.

Mrs. Alfred Fripp left Ottawa last week for the Welland, St. Catharines, and is returning home early next week. Mr. and Mrs. Fripp are leaving on Wednesday for Windsor, N.S., where they will attend the closing exercises at Edgemoor, and will return home with their daughter, Miss Freda Fripp.

Dr. and Mrs. Young have gone to Atlantic City.

Mr. and Mrs. J. Jarrott, 1405 West King-street, announce the engagement of their daughter, Edna Muriel, to John I. Hutchinson, M.A., of Toronto. The marriage is to take place in August.

Miss Phyllis Kipon is the guest of Miss Hilda Kemp in Kingston for the June ball.

Miss Isobel Sherwood was in town last week, visiting Mrs. George Crawford on her way home to Ottawa from Pennsylvania.

Miss Belford, Ottawa, is visiting Mrs. Frank Brentnall, Rosedale.

Mr. and Mrs. Sigmund Samuel are going to England for the summer, sailing by the Mauretania on Tuesday.

The Latest Tam-o-Shanter

One of the most becoming hats of the season is shown in the above sketch. The shape is an exaggerated tam-o-shanter cap, and is seen in all of the soft straws and brims, and the trimming is always simple. This one has a large white ribbon, and the other of white silk, with a braided ornament.

The Latest Tam-o-Shanter.

bridgroom's gift to them being handsome English card cases initiated in old English, his gift to the best man and ushers being gold scarf pins set with peridot. Mr. Henry B. Macdonald, a brother of the bride, was best man.

After the ceremony a reception was held at the home of the bride's father in East Roxborough-st., where the decorations were of lilac, pink roses and heather. Miss Edith Macdonald received the guests and wore a lovely gown of soft ivory satin veiled in white marquisette with deep border of silk fillet lace edged with pink silk crepe de chene, a large white hat faced with black and trimmed with white plumes and touches of pale pink satin. She carried a quantity of pink roses, which she presented to that of the bride being given by Mr. Strachan, she changed her wedding gown for a smart tailor-made of blue silk with cord with Milan hat to match, and left with her husband for a trip to the White Mountains. On their return, Mr. and Mrs. Farmer will reside in Avonlea road. In the evening the groomsmen and ushers entertained the bridal party at the Royal Alexandra Hotel, where a supper party followed.

St. Paul's Church, East Bloor-street, was the scene of a large and fashionable wedding at half-past three o'clock on Saturday afternoon, when the marriage was solemnized by Rev. Dr. Strachan, who officiated. The bride, Miss Edith Macdonald, daughter of Mr. Peter Macdonald, to Mr. Henry B. Macdonald, son of Mr. William Farmer. The church was beautifully decorated, an aisle being formed of palms, backed with tall standards filled with lilac, pink roses and white heather, the colors blending and setting off most beautifully the pale shades of the attendants' gowns. The ceremony was performed by Rev. Daniel Strachan. Mr. Henderson, the organist, playing the wedding marches. Mrs. Wallace Garra, singing D'Hardelot's "Because" during the signing of the register. The bride procession was led by the bridesmaid, Mr. Arthur Hardy, Dr. Harold Ball, Mr. Arthur Smallpiece and Mr. Fred Lytle, walking two abreast, followed by the flower girl, Miss Isabel Farmer, daughter of Mr. and Mrs. R. S. Williams, Jr., wearing a dainty white tulle and wearing forget-me-nots and pink rosebuds and carrying a pale blue crook tied with nosegay of forget-me-nots. Lily of the valley and small pink rosebuds. Next came the bridesmaids, Miss Mollie Maclean, Miss Willow Gage, Miss Muriel Farmer and the matron of honor, Mrs. J. Hilliard Robinson of Cleveland, a sister of the bride, walking behind alone. All were gowned alike in pale blue satin, veiled in pale mauve marquisette made in semi panier style, the trains being of pleated white Chantilly lace veiled in mauve tulle. Their hats were of pale blue and white, the crowns being entirely of lily of the valley and wisteria, and they carried shower bouquets of white lily of the valley and heather tied with pale blue satin ribbon. Lastly, with her father, came the bride, who looked lovely in a beautiful gown of white duchesse satin with antique point de gaze and pearls, the long square train caught up with grey and heather and orange blossoms and having a half circle of pale blue tulle. Next came the bridesmaid, draped and caught together with the heather and orange blossom. Her veil, which was of tulle and duchesse lace, was arranged off her face and crown, and with a small wreath of heather and orange blossom. She carried an exquisite shower of lily of the valley and pink rosebuds and forget-me-nots. Their large flat hats were of cream loghorn faced with pink veiled in pale blue, and trimmed with box pleated ruching around the crown and caught

The Nursery

GOOD IDEAS

Calm for Children.
Children are often made nervous by visits to fields, who handle and kiss them and talk loudly about things the children themselves cannot understand. It is a mistake to take a child under five years anywhere where they will be excited or nervously overwrought. What he needs to satisfy his curiosity is a secluded place in which to unfold. Forcing, in babyhood, and denial of this silence and peace, is greatly responsible for restlessness.

When Baby Walks.

When a grown person is walking with a child and holding his hand, care should be taken that the child's arm is not stretched up any higher than his shoulder. It is a mistake to walk with your arm stretched upwards its full length. Even you would be inclined to lag behind and would not sit down and rest. In walking, a child never should be pulled along. He is the best judge of how fast he can walk. If you must go faster, the baby should be allowed to ride. A child never should be lifted by the arms as a dislocation may result. Place the hands on each side of the body under the arms when lifting the child.

Do your children read aloud to you?
Why not? It is good practice for them and it is your chance to read. Most children do not read, but they are anxious for lack of practice. Yours, like other children, will probably swallow words and mispronounce so atrociously that you would not be consciously that will not work both ways; and if the children enjoy your reading as you enjoy theirs, you will soon enjoy their reading to you. Then, too, an old book will become quite new when the children's eyes, their criticisms are an extremely novel and refreshing.

Cut out postage stamps from stiff envelopes and use them in covering the squares of the checkerboard which is made of spaces of form and size corresponding to the squares of the board to use a box cover. The film will prevent the stamps from sliding off.

Some day soon I want to use the whole nursery for ideas for "Busy Work"; that is, games and occupations for the children. I shall be grateful for your help.

Elmer Murray.

IN THE GARDEN

One Method of Watering Plants

Last summer was such an intensely dry one that we had to water our plants every day to keep them from dying. Copious watering, that made the ground muddy, did not seem to benefit the plants as it should have done, because the water did not penetrate the soil more than two inches, not far enough to reach the roots, and that water which only does not penetrate sufficiently to do any good, but it prevents evaporation from the soil, and when continued regularly the surface of the ground is fairly baked by noon-time and the water in the hole, and when continued the roots to the surface, and did not seem to mind the dry summer, with its reservoir of strength filled up every three days. We tried this way of watering several other plants with as favorable results.

When the tomato plants seemed to be drooping, we tried this way of watering. We tried this way of watering several other plants with as favorable results.

To Water a Hanging Plant.

Place a small funnel in the centre of the basket, leaving a cup part above the soil, but hidden by the foliage. Fill this with water daily. The water will soak into the soil gradually, and will not run thru the basket.

RECEPTIONS

Mrs. Campbell Dunlop (Pembroke), with Mrs. David Dunlop, this afternoon.

The Queen's Royal Hotel, Niagara-on-the-Lake, is now open for the season. Attention is drawn to the announcement of specially low rates for June.

ALLIANCE MEETS HERE THIS WEEK

Christian and Missionary Convention Will Be Addressed by Speakers of World-Wide Repute.

The annual summer Canadian convention of the Christian and Missionary Alliance will be held this year at the hall of the Toronto Bible College, 110 Colborne-street, and those who are interested in arranging for the gathering are fortunate in having as the chief speaker, Rev. Dr. A. B. Simpson, the president and founder of the alliance. The convention will be held from June 12 to 15, inclusive.

Rev. Dr. Simpson is a graduate of Knox College, Toronto, and began his career as a Presbyterian minister in Hamilton, later holding successful pastorates in several American cities. About thirty years ago he retired from

DR. SIMPSON

the ministry in New York City to become founder and president of the Christian and Missionary Alliance. In this connection he has attained a unique and outstanding reputation which is world-wide.

His work in connection with the alliance has brought him to the forefront as a Christian leader and missionary organizer. He also has attained prominence as an author and publisher. He was editor of the first illustrated missionary paper, and during the last quarter of a century his writings, noted for their power and insight, have had an extraordinary circulation.

Dr. Simpson is an eminent preacher, his views are conservative and his mastery of presentation of Christian truth has met with acceptance by unnumbered hearers.

Among the other speakers are: Rev. W. W. Barr, D.D., of Philadelphia; Rev. J. Hudson Ball, M.A.; Pastor P. W. Philpott; Walter Oldfield and Mrs. Oldfield of China; Rev. W. G. Davis of Central China; Rev. W. G. Wickware of Congo; and Miss Grace Kennedy of Soudan.

FASHION FANCIES

Some of the nattiest linen suits are finished with deep sailor collars which extend quite to the waist line in front. These are of white or natural color, tulle, embroidered with French dots the color of the suit. The deep cuffs, as well as the collar are edged with a frill of val.

Tiny ruchings of fringed taffeta, usually two-tone, may be bought by the yard with or without a fancy heading.

The double ruchings of maline, usually with black topping the white frill, come in various widths. These ruchings are being used to a marked extent for trimming hats.

Neck chains of bead work, just long enough to knot gracefully, just long enough to knot gracefully.

The low knot remains a favorite neck finish. Bows of wire wound with ribbon are being used to a marked extent for trimming hats.

Some of the most becoming of the short silks are those showing pale blue and yellow and rose and yellow. The yellow tone gives a sort of golden glow that does away with much of the hardness of the material.

The dainty old-fashioned aprig muslin has come into its own again and is seen in many charming little frocks for the young.

With summer lingerie dresses the handbag of embroidered linen and lace will be used even more than last summer.

THE POPULAR ST. LAWRENCE

The boat trip down the River St. Lawrence and through the Thousand Islands is a pleasant first half of a journey to the beautiful Laurentian Mountains. The camping grounds for thousands of Canadians and the home of innumerable fishing and hunting clubs, which include among their members many wealthy and sport-loving Americans. This is where the popular Rotor Water-Springs were discovered many years ago—the sparkling and invigorating Radnor water that mixes so well with spirits, wines or milk.

EVANGELISM THE KEYNOTE

Bay of Quinte Conference Pins Faith to Revival Meetings.

COBBOURG, June 8.—(Special).—Rev. Dr. Smythe, president of the Western Ontario Theological College, Cobourg, preached an eloquent ordination sermon here to-day in connection with the Bay of Quinte Conference. Geo. T. Mackenzie, B.A., was received into full connection, and F. G. Jobin, L. M. Sharp, C. G. Williams, John Line, Ernest Harstone and Robert C. Hill were ordained for special purposes. Throughout the conference the keynote

CANADAS OPEN NEW QUARTERS

Champion Lawn Bowlers Entertain Visiting Rinks in Handsome New Avenue Road Home.

The Canada Lawn Bowling Club on Saturday afternoon formally opened their handsome new quarters in Avenue road, when they entertained eleven rinks from sister organizations in the city. The competition resulted in a win for the Canadas, who scored 23 to the visitors' 20. A large room suitable for general meetings of the club. There are two verandas running the whole length of the lawn. In the basement are wash rooms and lockers for the members.

Mr. Walter Strouger, the president of the Canadas, received the visitors, who numbered many of his lady friends of the members, and he was assisted by Mr. George M. Begg (the secretary), Mr. R. Greenwood, Mr. Fred Ross and Mr. T. Pearce.

Orchestra provided music during the afternoon. The clubhouse was beautifully decorated with flags, flowers and plants. Refreshments were served in the lawn which is in excellent condition for so early in the season. Many of the visitors were heard to exclaim the clubhouse was a model of the club. There are two verandas running the whole length of the lawn. In the basement are wash rooms and lockers for the members.

HOLLINGER DROPS 50 Points at Week-end—Commercial Reports To

TRADE DISPOSED TO WAIT NEXT GOVT. CROP REPORT

Values in Chicago Wheat Pit Hold Firm, Despite Favorable Reports From Crop Belt—Corn and Oats Show Upward Trend.

CHICAGO, June 8.—Wheat eased off a bit on account of continued showers in the west. At the end of the session the market was 1-8c to 1-4c under last night. Corn finished 1-16c to 1-8c higher, oats with a gain of 1-8c to 1-2c and provisions 2 1-2c to 1-3c increase in cost.

Week-end evening up and the fact that the government crop report comes after Monday inclined to keep trading in wheat at a minimum. Bears, however, were restrained by fresh testimony from experts that both Kansas and Nebraska crops had not been considerable and by evidence that a number of professional speculators were buying on all the breaks.

Corn held firm. The theory that farmers would soon be too busy to shell or to sell made the corn market firm. A resulting advance brought conservative action on the bear side by dealers who professed a belief that country elevators were sufficiently filled despite assertions to the contrary.

Strength of oats grew out of the idea that all local stock would be sold before the middle of next week. Shipments from here were shown to be greatly exceeding the receipts.

There was no pressure to sell in the provision pit. Accordingly quotations were put on the up grade in line with the hog market at the yards.

Northwest Receipts. Receipts of wheat at northwest primary points with usual comparisons, are as follows:

\$32.50 to \$45.00.

Broderick's LIMITED TORONTO CANADA

COBALT PROPERTY UNDER AGGRESSIVE DEVELOPMENT—Company Has Had Many Vicissitudes.

COBALT, June 8.—Every indication at present encountered at the John Black mine on which about a month's work has been done, points to the existence of values at depth in the mine. With the development fund that exists behind this mine now, the fund being in the shape of cash lying in the bank, it should be possible to thoroughly explore the John Black and determine what values, if any exist on the property.

The vein that has been encountered in the mine from the cross-cut on the 200-level is promising, but the assays made to date have been disappointing. It is the intention of the management to do some work on this vein at the 300-foot level, and possibly go deeper in search for the values.

The operations on the property are being conducted by the People's Silver Mining Company of Montreal, the third firm assumed by the interests owning the property. The claims were first developed by the John Black Mining Company Limited, which was absorbed by the Black Mines Consolidated and this in turn has given place to the People's Silver Mining Company.

HOLLINGER DROPS TO LOW POINT FOR YEAR

Shares Offered Down at Big Concessions on All Exchanges—Sentiment in Mining Markets Shows No Improvement—Apathetic Action.

World Office, Saturday Evening, June 8. It was Hollinger's turn for attention in the mining markets to-day. The stock opened weak, and continued so through the session, dropping a full 45 points at 10:30, and closing practically at the bottom of the day. The shares were in distinctly poor demand, as was plainly exemplified on one exchange where the stock was offered down at a concession of five and ten points at a time from \$10.70 to \$10.20, the bids being reduced in like measure, so that no more than two instances of a bid were reached on the curb of the Toronto Stock Exchange, where a block of 170 shares changed hands. Disappointment over the new stock at double the price of the old stock, and the acceptance of the increase in the issued share capital as a bear factor, were the main reasons for the decline. It was a remarkable coincidence that to-day was the last day for the taking up of the new stock at double the price, and that the shares at the low figure for the session stood at the lowest price they have attained since last November.

The general list was little affected by the decline in the big leader, sentiment on the whole being so apathetic already that such an occurrence could not induce any interest. In the case of values held comparatively steady, the one or two instances of a tendency towards firmness was apparent. Bids on Crown Chartered were raised from 1 1/2 to 1 3/4 without attracting any sales on the Standard Exchange, and one or two other issues recorded a similar tendency.

The decline in the Swastika was checked by a responsible demand at the lower prices, and after selling off at 10 cents, the shares closed at 8 1/2 cents in the day, but dropped off its depreciation before the close.

There was no new feature on the whole developed in the action of the day, and the indifference. Only the incoming of a public interest can change the apathetic action of prices, and some new incentive must be given before this can be expected with any degree of certainty.

Stamp Mill Running at Motherlode Mine

British Columbia Property Owned by Timmins-McMartin Syndicate Ready for Output.

MONTREAL, June 8.—While at the Windsor yesterday Mr. John McMartin, president of the Motherlode Gold Mining Company of Forestburg, B.C., stated that the new mill was about turned up for continuous outputting. It was not to be expected that a straight run at the contents of the ore bins would be possible, where an entirely new plant was being operated. There had been no material mishap at the Motherlode, and Mr. McMartin says the July output ought to afford accurate information on the grade of the ore, together with indications of the earning power of the mine and mill.

While ore is being broken and is ready for the mill, other underground work is being carried on. In what ore there is fully blocked out, the management have enough to feed the mill for years, they say. The workings having been carefully sampled by General Manager Watson. Monthly net earnings of about \$25,000 are expected when the mill is in full operation, a capacity of about seventy tons per day.

Union Stock Yards

There are 140 car loads of live stock at the Union Yards, comprising 2823 cattle, 723 hogs, 33 sheep, 100 calves and 28 horses.

Chicago Live Stock.

Swastika Mining Camp

Premature Boom Died Stillborn, But Future Appears Bright—Capital is Required.

It seems to be a rather general idea of the public that Swastika as a mining centre has proved rather a disappointment to the mining men of the country. This fallacy exists not only in Cobalt, but all along the line. It would be well to state, however, that Swastika takes to-day for the benefit of the public.

It is nearly a year since the present movement for better housing of the working people was inaugurated in Toronto, with Prof. Edward Kyle as chairman. After some months of investigation a joint committee of the mayor and representatives of the board of trade, the Manufacturers' Association and the Civic League was formed. They approved the partnership method adopted with remarkable success in England, and decided to organize a limited company with authorized capital of \$100,000, as soon as \$50,000 of stock had been subscribed. In disposing of this stock a representative committee of ladies took an active part, the effort and at a meeting held in government house the ladies succeeded to secure subscriptions for \$25,000 of stock. This was done in ten days.

The total subscriptions to stock now exceed \$100,000 and the company has been incorporated with the name, The Toronto Housing Company.

Housing Company Is Incorporated

Stock Subscriptions Now Total More Than \$100,000, and Active Work Will Commence.

Confirmed 250 Children

BELLEVILLE, June 8.—(Special.)—Archbishop Spratt of Kingston, a former parish priest here, visited the city Friday evening with a companion, wearing a canoe on the Salmon River at Shannonville when the craft was upset by the occupants changing seats. As a result Hinchey was drowned and his companion, a young Englishman, nearly met the same fate. Hinchey's body was recovered on Saturday. The victim was a son of Baptiste Hinchey, who resides in Shannonville in Tyndinaha Township.

Whipping Up Tired Nerves

The driver reaches his destination sooner by whipping up his tired horse, but no one supposes that the whip imparts strength to the horse. It merely causes the more rapid expenditure of strength.

And so it is with stimulants. When the system is run down the use of stimulating medicines merely calls forth the additional expenditure of strength and vitality and in reality hastens the breakdown.

Dr. Chase's Nerve Food is not a stimulant. It does not give rise to false hope by whipping up the exhausted system. It is a true tonic and cures by gradually and naturally building up the additional expenditure of strength upon the feeble, wasted nerve cells and adding new, fresh flesh and tissue. You need not expect any startling results from the first few doses, but can be certain that the benefits to the body are thorough and lasting.

IMPORTANT NOTICE

F. W. Duncan & Co., Mining Brokers, have changed their offices from 75 Dundas Street East to 112 Confederation Life Building, Dominion Exchange Building.

JUDGMENT DAY WILL NOT COME

Rev. Dr. Eakin Declares That This Interpretation is Incorrect—It is a Continual Process.

There will be no judgment day, according to Rev. Dr. Eakin, who presided upon this subject in St. Andrew's upon this subject last night. That idea must vanish, he declared, in a more accurate interpretation of the scriptures. The whole theory is bound up in the belief that Jesus was made in a very short time for Christ. Himself did not describe a general judgment.

According to the preacher, judgment begins in this life. It was one of God's processes which ran its course through the present and the future, and which was sure to act hereafter because it was acting here. He said that he clung to the hope of immortality, but he left the spirit free to judge the living and the dead. He said that he was not responsible for his own judgment, but that he was responsible for his own life. He said that he was not responsible for his own judgment, but that he was responsible for his own life.

MONEY FOR CONSUMPTIVES

Anglican Young People of St. James Raised More Than \$40.

The Anglican Young People's Association of St. James' Cathedral recently gave a musical and dramatic entertainment in aid of the Muskoka Free Hospital for consumptives. The young people had a well-attended house, and the success of their entertainment enhanced the work of the hospital at Muskoka and Weston, were thrown on the screen. Some of the numbers were very acceptably rendered by the Stevenson quartet.

"The Piece of Resistance," a very much mangled, joint composition of Rev. Mr. Barrow and his friend, was brought on. The trial is founded on a breach of promise case, in which Rosedale Ravine figures as plaintiff, and High Park as defendant, with Mr. Sivick Carline as counsel for plaintiff and Mr. Street Kerr as counsel for defendant. A number of other quaint characters, including a jury of 13 men and true, completed the cast.

The fare not only evoked a great deal of merriment, but the local color surrounding the various situations lent additional interest. The whole acted as a brilliant of enjoyment, and reflected great credit upon the energy and organizing ability of Rev. G. M. Barrow and the hearty co-operation of the members of the society.

Not the least gratifying result of the entertainment was the handing over to the trustees of the Muskoka Free Hospital for Consumptives.

FORESTRY CONVENTION AT VICTORIA, B.C.

OTTAWA, Ont., June 8.—On the invitation of the government of British Columbia, the next convention of the Canadian Forestry Association will be held in Victoria, B.C., September 4-6. While matters relating to Pacific Coast timber will be particularly dealt with, subjects relating to Canadian forests in general will be discussed by leading authorities. The president of the association, John Hendry, of Vancouver, in conjunction with the provincial authorities, is arranging the details.

NEW VENTURE

Dull Speculation With No Evolved Upward

NEW YORK, irregularly, in the two hours change to-day, are weakly anticipated with little just before the Union Pacific, R. Western, Missouri industrialists. The only move in the tobacco very materially preceding days. It is interesting to note, however, that the gain of the index points which was American Tobacco cleared an extra cent as the regular 70-day's news the stock market Boston, hitting copper families, some reservation of a portion seemed to be the recent advance based on something the law of supply and demand. It is believed that the stock exchange was little better in the general feeling almost a cent as the regular 70-day's news the stock market Boston, hitting copper families, some reservation of a portion seemed to be the recent advance based on something the law of supply and demand. Dull Speculation in Wall Street, With No New Features Evolved---C.P.R. Shows Upward Trend.

NEW YORK, June 8.—Business and irregularly, which later turned to heaviness in certain issues dominated the two hours of business on the exchange to-day. The usual market leaders were almost entirely neglected. They fluctuated within a fractional range until just before the close, when selling of Union Pacific, Rock Island, Norfolk and Western, Missouri Pacific and some of the industrials created a weak close.

CONVENTION AT BRIA, B.C.

UNCERTAIN TONE WEEK-END Toronto Stock Market Showed Further Irregularity—Winnipeg, Rio and Richelleu Higher—Sao Paulo Reacts Again.

The Toronto stock market continued to reflect the uncertainty existent in financial circles at the week-end, and the Saturday half-session was prolific of no new features. Profit-taking in Sao Paulo wiped out a portion of the gain recorded the previous day, and liquidation in some of the other specialties, which have recently come to the front, gave an easier disposition elsewhere in the list.
