## TURKEY SEEKING TO FORCE INTERVENTION BY EUROPE CRISIS IS NEAR AT HAND

Rechad Pasha Disclosed Ottoman Policy, When, Acting Under Fresh Instructions, He Declared That Bulk of Questions Should Be Referred to Powers—Allies, Patience Exhausted, Will Present Virtually an Ultimatum Tomorrow.

LONDON, Dec. 30.—(Can. Press.)—After a fortnight of sparring and feinting Turkey has finally shown her hand in the peace conference. Mediation by the great powers is the Ottoman scheme for emerging from the war with the best face for the nation and for the plenipotentiaries which the situation will permit.

The Turkish delegates proposed this solution in diplomatic guarded terms at today's session. The meeting was brief and more strained than any which preceded it and the Turkish tactics were characteristic.

The delegation had received fresh instructions from the Porte, Rechad Pasha announced, but part of the telegram was undeipherable and must be repeated to Constantinople for translation. Then Rechad Pasha came to the point which, in the opinion of their opponents, the Ottomans had been

leading up to since the beginning of the discussion. He declared that he was able to state that most of the questions under discussion should be referred to the powers. The boundary between Bulgaria and Turkey was an exception, that was a matter for direct settlement between the two governments.

The Turkish delegates then attempted to discuss the questions at issue informally, but the allies insisted that they should put their propositions in writing, which, at a conference, the Turks said they were not prepared to do.

Will Force Crisis. The allies propose to bring affairs to a crisis by a statement in the nature of an ultimatum at the next session of the conference, on Wednesday. They express the determination not to waste

## MURDERED BABES WERE LEFT IN CHURCH

Chief Coroner's Evidence That Infants Found in Confession Box Were Murdered, and Were Not Twins, Caused Adjournment of Inquest to Allow Careful Police Enquiry.

That the two babes found dead and wrapped together in a paper parcel in a confession box in St. Patrick's Church, by Fathers Connolly and Maloney, on Wednesday night, December 11, were not twins as it was at first supposed, is the opinion of Dr. Arthur Jukes Johnson who performed the autopsy on the bodies. Coroner Young held an inquest into the deaths of the babes last night at the morgue, but the evidence of Dr. Johnson came to him as such a surprise, that he immediately postponed the inquest until January 10, in order to allow time for an effort of the police department to clear up the mysterious double murder.

"Murder" is the term used by Dr. Johnson in giving the report of his postmortem. "This makes three children," said he, "that have been murdered in the city within the last two months in a way which has never before been used in Toronto."

Were Not Twins. Before this Dr. Johnson had given a description of the babes. They had been found wrapped together, he said, but one was a male child, with dark curly

## SCUTARI REPORTED FALLEN

LONDON, Dec. 31.—(Can. Press.)—The Times publishes the following despatch from Belgrade: "It is reported that the ministry of war has received a telegram stating that Scutari has fallen to a Serbian attack."

## Waiting for Street Car, Hit by Motor, May Die

Miss Margaret Wright Struck Down on College St. by Machine Driven by D. M. McConeky.

While waiting to board a street car on College street, just east of Balmurst, about 7:45 last night, Miss Margaret Wright, 141 East Gerrard street, was struck by a motor car driven and owned by D. M. McConeky, 428 College street, and probably fatally injured.

Mr. McConeky failed to notice the woman until she was right in front of the machine. He applied the air brakes, but the wheels skidded. When taken from beneath the machine, Miss Wright was unconscious. Mr. McConeky asked some of the bystanders to help him place her in the motor car. For some moments no one would assist him to lift the woman; then two boys volunteered. In spite of all that medical skill could do, Miss Wright remained unconscious. It was not until a late hour last night that her name and address could be ascertained.

## Saved 10 of Crew One Sailor Lost

SEA ISLE CITY, N.J., Dec. 30.—(Can. Press.)—After a desperate battle against heavy seas and a 30-mile gale at Seven Mile Beach today, life-savers succeeded in rescuing ten of the eleven members of the crew of the ocean-going tug Margaret. In attempting to launch a life-boat from the Margaret James Duffin, a member of the crew was drowned, while the life-saving crew from Tatham narrowly escaped a similar fate when their heavily laden hands were washed into the sea. All however, reached the beach exhausted that they had to be carried ashore by spectators, who rushed into the water to help out Duffin's body was washed ashore.

## SON'S EVIDENCE SENDS LOVE TO TRIAL

Boy Shows Striking Coolness in Talking of Father's Instructions to Give Misleading Statements—Evidence of Neighbors Weighs Against Accused.

FLESHERTON, Dec. 30.—(Special.)—Remarkable coolness was exhibited by 14-year-old Arnold Love this afternoon, when he successfully underwent a searching cross-examination on his story, which resulted in the commitment for trial of his father, on the charge of murdering his mother at Ceylon on Dec. 9. The boy repeated the testimony he gave at the inquest in a collected and convincing manner, and embellished it with a statement that his father had warned him that both their stories regarding the disappearance of the mother and the finding of her body in the cellar of their home must agree, and he had told untruths to reporters in obedience.

W. H. Wright of Owen Sound, who is defending Henry Love, the accused, endeavored to secure an admission from the boy that the detail of his evidence was due to the suggestion of the detectives, but the lad maintained that he had told Inspector Reburn most of the story himself. He was quite sure now that he did not see his mother on the Tuesday morning before he went to school as he had at first stated. He had said that because his father had wanted him to. Hon. I. B. Lucas, representing the crown, insisted upon bringing this point out clearly.

The Orange Hall at Ceylon, where the hearing took place before Magistrate McGill, was packed and a large crowd could not get in. The case lasted for nearly five hours. The prisoner bore a most downhearted appearance throughout the hearing. Occasionally he leaned forward to better catch the testimony of witnesses who spoke in a low tone, but for the most time he sat dejectedly with his head in his hand, gazing vacantly ahead of him.

## Love's Odd Behavior.

At the conclusion of the boy's evidence Mrs. Kennedy, a neighbor, who was the first to be informed of Mrs. Love's disappearance, almost two days after the time fixed by the crown for the crime, told a story of Love's strange actions when he visited her home that night and she afterwards went to his house. This was a few hours before the body was found. She called his attention to the effect that the bed in a spare room had apparently been occupied, and he explained that a Salvation Army man had visited them a few days before. This fact was also mentioned by the boy.

## Another Butcher Knife Found in the House was Placed in Evidence and Identified by Arnold Love as One he had Seen on a Window Ledge near the Door of the Cellar on the Day before his Mother was Missing.

Dr. Ego, one of the doctors who conducted the post-mortem, said the stab wounds could have been inflicted with such a knife.

## Heard Terrible Screams.

Mrs. Rutledge testified that when she was going to bed one night a few days prior to the finding of the body she heard a terrible scream, but she was not sure when it was. Love and his son were taken back in separate cars to Owen Sound tonight, the man to jail and the boy to the children's shelter. They were not allowed to meet during the day. The boy saw the sister, Mrs. Hindle, who also had a long talk with the prisoner tonight. Love's trial will be held at Owen Sound in March.

## Widow of Ex-Mayor Morrison Dead.

Mrs. Janet A. Morrison, who died early this morning at her residence, 602 Spadina avenue, was the widow of the late Angus Morrison, Q.C., mayor of Toronto 1874-77. She was 88 years of age.

## Full of Ludicrous Situations.

"The New Firm," in which that clever character actor, William Hawtrey, and his English company, opened a week's engagement last night at the Princess Theatre, is certainly full of witty lines and ludicrous situations. The new comedy was well received by last night's audience.

## CABLE RATES FURTHER CUT

Postmaster Samuel Makes Important Announcement Regarding Reductions Effective in New Year.

LIVERPOOL, Dec. 31.—(C.A.P.)—Postmaster Samuel announces the following further reductions in cable rates, which take effect tomorrow. The rate for deferred telegrams will be Newfoundland and United States, reduced by 1.50 per word for messages sent via Anglo-American direct to the United States, and Western Union cable rates for day and week-end cable letters to the same countries will also be reduced. The periods of delay will be decreased. In case of day cable letters, rates for places east of Canada and the United States will be reduced from 85 for 21 words to 85 for 13 words, and instead of being delivered on the second day after receipt of the despatch, it will reach address the day after. The new rates for week-end cable letters will be 85 for 20 words, delivered Monday, instead of Tuesday, as at present. Rates for both classes of telegrams to other places in Canada, and the States will vary according to distance. Services of week-end cable letters will be introduced with Australia, New Zealand, South African Union, Rhodesia and Nyasaland. The charge for week-end cable letters to Australia and New Zealand is 18s for 24 words and 3d a word beyond 24. These rates include the charge for delivery by post from the offices of the cable companies in Australia, New Zealand and South Africa.

## WORLD'S BIGGEST APARTMENT HERE

Three Thousand Roomed House, to Cost Two Millions, Planned for Toronto.

A ten storey apartment house, to contain a shade under three thousand rooms, and to cost two million dollars, is projected for Toronto. The apartment will be the largest in the world and will be started within a year by local capital on a site already purchased. Joseph Thatcher of Malaga and Thatcher, the architects, who have built all the largest apartments in town, 35 altogether, told The World yesterday that nothing stood in the way of the plans materializing. He and the chief financial promoter go to England and the continent in June, returning thru the States, to study the most modern methods of erecting and equipping large apartment houses. The site for the great structure is in the vicinity of College and Spadina avenue. Mr. Thatcher, when asked if the Knox College circle would be utilized, said it would be in that direction, but not on that particular spot. The building itself will have 800 feet front and 248 feet depth. Rough sketch plans have already been made as well as estimates of cost and income. It is figured that some of the ground floor suites will rent at \$500 a year.

## POLITICS IS MIGHTY COLD STOVE TO HEAT CHURCH WITH

The Plain Gospel Will Draw the Crowds, Says Rev. John McNeill, New Pastor of Cooke's Church, Who Arrived Yesterday.

Rev. John McNeill, D.D., is here. The noted Liverpool divine, who lately accepted a call to Cooke's Church, arrived in Toronto yesterday morning, to use his own words, "sound in wind and limb" for his new pastorate. He is not one of those so-called "popular preachers," as some might imagine from hearing of his distinguished career as a pulpit orator, evangelist and missionary to city slums. The World man who interviewed him shortly after his arrival in

## DR. HOWITT IS GIVEN APOLOGY

Toronto Legal Firm Explains to Guelph's M. O. H. That Use of Name Was Inadvertent.

GUELPH, Dec. 30.—(Special.)—Dr. H. O. Howitt, medical health officer of this city, has received his first apology. It comes from a Toronto firm of solicitors, who were employed by those behind the charges presented to the city council to draw up the petition. The letter speaks for itself.

"Dear Sir,—We have to tender you our public apology for a mistake which happened in this office in the preparation of the petition to the council of Guelph for an investigation into the conduct of the sanitary inspector. Under the impression that Mr. Clarke occupied the offices of both medical health officer and sanitary inspector the two offices were coupled together in the petition. We assure you that your name was never even mentioned to us in our instructions for the preparation of the petition, and that the inclusion of the words 'medical health officer' on the petition was altogether an inadvertence."

"We have no doubt that the publication of the petition has been an annoyance to you. This we very much regret. You are at liberty to make any use you think proper of this letter, and if there is anything further we can do to make amends please let us know what it is."

There are no new developments in the case today, also it was rumored this morning that several others contemplated taking action against the signers of the charges presented to council. The summonses sworn out by the medical health officer are returnable Thursday morning when each of the defendants will appear before the police magistrate.

\$30,000 Too Many Furs. Tuesday, January 2, is first day of Dineen's fur selling to reduce a general stock of new season models, some thirty thousand dollars. W and D. Dineen Company, Limited, manufacturing furs, corner Yonge and Temperance streets.

## NOMINATIONS IN ONTARIO FOR MUNICIPAL OFFICERS KEEN CONTESTS EXPECTED.

Progressive Candidates Come Out for Public Ownership and Improved Public Utilities—Nineteen Mayors and Many Reeves Elected by Acclamation—Complete List of Candidates in Rural Ontario.

### Mayors Elected by Acclamation

Aylmer—A. H. Wright.  
Bramford—Chas. H. Hartman.  
Carleton Place—G. Smylie.  
Chatham—A. J. Dunn.  
Dunville—W. J. Griffin.  
Fores—H. J. Pettibone.  
Hamilton—A. Spolton.  
Kenora—J. T. Brett.  
Mattawa—George Ramothie.  
Peabacke—Wm. Lecky.  
Peterboro—W. H. Brauburn.  
Preston—Wm. Hamilton.  
St. Catharines—W. H. Merritt, M.D.  
Simcoe—L. C. Gibson.  
Southampton—H. Montgomery.  
Walkerton—Henderson.  
Woodstock—John McBeath.

Nominations for the office of mayor, reeve, deputy reeve, councilors, members of school boards and county and township councils were held in all the municipalities in Ontario yesterday, with the exception of Toronto and London, where elections will take place tomorrow. In all other municipalities the elections are held on the first Monday in January. In nineteen cities and towns the mayors were elected by acclamation, and a good many reeves also got their offices without any contest. In other places the contests will be hard fought. Progressive candidates are offering themselves in all places. Many of them are pledged to support hydro-electric bylaws, or the project itself, and it is probable that after the elections next Monday the hydro system in Ontario will be stimulated and demands will be made for more power in the smaller places. In Hamilton Controller Bailey is a strong friend of the hydro-electric policy, and his chances for election are excellent. A complete list of those nominated in the cities, towns, villages and townships of the province follows:

## SNOWSLIDE SUDDENLY OVERWHELMED STRUCTURE AT FERNIE, B.C.—SIX OF INMATES ESCAPE.

FERNIE, B.C., Dec. 30.—(Can. Press.)—Five men were killed and one seriously injured that he died shortly after being taken from the ruins, and six others were more or less seriously injured early this morning when a snowslide struck and entirely demolished the carpenter shop of the Coal Creek mines of the Crowe Nest Pass Coal Co., near this city. The avalanche came so quickly that every man in the building was caught, no warning sound having preceded its advent.

The electric light wire supplying light to the office and other buildings, being in the path of the slide, gave the first warning to those outside the shop, by crashing to the ground and a rush of men from all directions was soon upon the scene and rescue work began immediately. Five lifeline bodies were brought out, and one, that of a young man named Worthington, still showing signs of life, a pulmonator was used for some time vigorously, but without result. This made a total of six fatalities.

Six other men are all severely and some very seriously injured, were all recovered from their snowy coverings and are now either in the hospital at Fernie or in their homes.

Dead and injured. The death roll is as follows: James Buckley, Fernie; Alex. Worthington, Coal Creek; D. Rosario, Fernie; D. Rosario, Fernie; D. Naslyczuk, Coal Creek; T. Kienary, Coal Creek. The injured: Archie Nicholson, Fernie; back injured; Percy Jones, West Fernie, injured back and pelvis, perhaps internal injuries; Fred Platt, Coal Creek, fractured skull; George Mitchell, Coal Creek, leg injured; Walter Campbell, Fernie, slightly injured.

For alderman, Ward 1—Thomas Lovejoy, George Awey, and Joseph Horning. Ward 2—Thos. M. Wright, Thos. Baker, McQueen, Harry John, Halford, Horace F. Harvey, W. F. Roberts and John Reginald Wells. Ward 3—David Garson, Alex. Spence.

## POSTAL RATES

From The Quebec Chronicle. These are the days when the people of Canada may properly envy the countries having the parcels post, or better, condemn their own foolishness in not having followed their example.

On the other side of the line Christmas gift-senders paid regular postal rates for the last time. After the first of January the parcels post will carry their packages much more cheaply, at a rate which is over 25 per cent. lower on the average than express charges are today.

Across the sea, the parcels post has been long in use. It has more than justified its introduction. The rates paid in Canada would not be tolerated a day in Great Britain or Germany, or any other country where this extension of postal service has been made.

Industrial Canada makes an interesting comparison in this connection. It recently showed that an eleven pound parcel could be sent by parcels post to Toronto from London for 73 cents, from Paris for 87 cents, and from Berlin, Germany, for 90 cents. But to carry the same parcel from Hamilton to Toronto by Canadian post would cost \$1.71. And even then it would have to be sent in three small packages.

## AMALANCHE TAKES SIX MEN'S LIVES

Public ownership of improved public utilities, increased fire and police protection, good roads, better transportation facilities and the purchase of the mountain park for a public park are the chief planks in the platform of the many candidates for election on Jan. 1.

Controller Bailey, who aims at being Mayor Lees' successor, is putting up a big fight for the position. He is an out-and-out supporter of the Hydro-Electric System and during his term of office as controller he has given it his whole-hearted support. No small measure of its success is due to his efforts.

Should he be elected to the chief magistracy of the city, he binds himself to work for an extension of the source of water supply and the encouragement of the harbor commission to do more efficient work. Hamilton has the natural facilities for the finest harbor in Canada, says he.

He wants to see Hamilton, like Toronto, have a sewage disposal plant and proper system for the collection of the city's garbage and the rapid equipment of a Sick Children's Hospital.

Controller Allan, the other candidate for mayor, says: "I support all Controller Bailey has said."

The nominations follow: For Mayor—John Allen, Wm. Gill Bailey. For controller—Charles G. Bird, Thomas Church, W. H. Cooper, William Farrar, W. H. Findlay, Chas. W. Gardner, Chas. W. Heining, Thomas W. Jutten, Peter F. Lalond, George Hogb Milne, and Thomas S. Morris.

For alderman, Ward 1—Thomas Lovejoy, George Awey, and Joseph Horning. Ward 2—Thos. M. Wright, Thos. Baker, McQueen, Harry John, Halford, Horace F. Harvey, W. F. Roberts and John Reginald Wells. Ward 3—David Garson, Alex. Spence.

Continued on Page 5, Column 1.

## A WEASEL IN THE COOP

JAFF: You're for the viadock, John?  
Jaff: Always was, Senator.  
Jaff: Then you were just agin Billy carlwhy you'd fall in with certy loss?  
John: Sure! 'Boutnerin' farms the butcherin' lan'mark.  
Jaff: But Billy says he only butchers 'it lan' w' a plow. Anyways, the viadock'll be a bonnie lan'mark, John.  
John: But Billy mus let me put a tablet on the Castle Frank end of th' bridge to Governor Simcoe, whose life I'm now w'ritin'. It's four per-are you down, Senator?  
Jaff: Put me down, John—on the usual betwain-75' dist' terms.

A Brief Review of the Platform on which

ALFRED MAGUIRE Asks for Your Vote and Influence Tomorrow for Election as CONTROLLER

CONTROLLER MAGUIRE

The office of Controller of the City of Toronto is a position involving grave responsibilities. The many problems and projects facing the people of this city must be met through their Controller, with initiative and energy backed by experience.

An adequate supply of pure water for present and future needs of a growing Toronto.

The extension and improvement of public parks and playgrounds.

These things are vital—they affect the health of the community.

Mr. Maguire pledges himself to the electors and citizens of Toronto, if elected, to conduct his operations as Controller in a business-like, conscientious and energetic manner, and in every way possible to warrant their confidence and further support.

To the Electors of the Second Ward:

Ladies and Gentlemen—In response to many and repeated requests from individual electors, I beg to intimate my candidature for election as alderman.

A convinced progressive in civic politics, I favor tax reform and a more equitable adjustment of the cost of local improvements.

As a member of the North Toronto Council, I was instrumental in securing an advance of two cents an hour in the rate of wages paid the town's laborers.

Regarding a city, on its administrative side, as strictly a business proposition, I approve of commission government and of the conference by the legislature of the wider powers necessary to protect the general interest.

Should this platform meet with your approval, I trust to receive your support and vote on election day.

Yours respectfully,

Herbert H. Ball

1817 Yonge Street.

HAMILTON HOTELS. HOTEL ROYAL Largest, best-appointed and most centrally located. \$3 and up per day.

COMMERCIAL TRAVELERS' Certificates for 1912 issued by John Lennox & Co., 18 King Street East, south side.

Big Deal in Concrete Mixers It is reported on good authority that the International Harvester Company of Canada have made plans to engage in the sale of concrete mixers through the Dominion in connection with their well-known line of gasoline engines.

ELECTION CARDS.

Controller McCarthy Has assisted in securing for Toronto:

- 1. A Clean Milk Supply. 2. Proper Inspection of Foods sold. 3. Disinfection of Sewage to prevent pollution of lake water. 4. Careful Sanitary Inspection of City. 5. Better Isolation Hospital Service. 6. A strong effort (already producing results) to prevent tuberculosis and other communicable diseases. 7. Reorganization of Works and Waterworks Departments. 8. Improved Accommodation for Public in Parks. 9. Industrial Farm for Inebriates and First Offenders. 10. Commitment of Aged and Poor Persons to Institutions instead of to jail. 11. A well-organized Juvenile Court. 12. A Charity or Social Service Commission.

Vote McCarthy X for Controller

MCCARTHY

FOR CONTROLLER

Controller McCarthy Will give special attention to the following matters in 1913:

- 1. Completion and operation of Municipal Abattoir. 2. A Traffic Commission. 3. Stopping Pollution of Lake with raw sewage, and securing, if possible, pure water without chlorine treatment. 4. Extension of Waterworks System. 5. Carrying out arrangements already begun with the Provincial Government for a Detention Home and Hospital Treatment for persons becoming insane, instead of sending them to the jail. 6. Co-operation with the Provincial Government to secure proper care and training schools for feeble-minded children of city. 7. Carrying out the plans of the Health Department to as far as possible prevent communicable diseases by careful sanitary inspection, securing clean food and pure water, tracing source of disease, and rigid supervision and quarantine.

Be sure and mark your ballot for S. Ryding who is familiar with the events of Ward 7, he is a large property owner and will keep down the tax rate. Your help will be appreciated.

Palzer and McCarty Fit For New Year's Day Fight

Note and Comment

The fight scheduled for New Year's Day at Lee Avenue is creating unusual and general interest. The contestants are Al Palzer and Luther McCarty, popularly accepted as the two best white heavy-weight boxers in America.

Joe Willard, the latest white hope, should land Jack Johnson's crown, if size counts for anything. He is a cow-puncher from Texas and gets in the press because he stretched Soldier Kearns of Brooklyn on the mat for the count in the eighth round.

Fighting Dick Hyland went down to defeat before Pal Brown at Calgary on Christmas Day. Hyland was knocked out in his first round by the fourth round.

Palzer v. McCarty.

Following are the records of the two men, who clash at Los Angeles on New Year's Day: Palzer's Record. Born Oslan, Iowa, 1890. Height, 6 feet 2 1/2 inches. Weight, 210 pounds. Reach, 81 inches.

Burgess and Business—Ward 3.

Hotel Woodbine to Lunch. Dine or sup. Tea Rooms and Grill. Special parties. Telephone 12 to 2. Free-taxi-parades specially catered for. Music 102-110 King Street West.

Domestic Checkers Association Wins Up Successful Tourney—Angus Crawford is Champion.

The fifth annual meeting and banquet of the Dominion Checker Association was held last evening at the Empress Hotel. About thirty members and players sat down to dinner, and jollity and good-fellowship were the outstanding features.

After a delightful banquet, Judge Gibbon, the president, opened the meeting, and spoke briefly of the success of the tourney this year, and hoped that next year it would exceed this one. He presented the prizes to the winners, as follows: First prize, \$50, Angus Crawford. This is the second year that Crawford has won the championship.

Canadien Players Will Find Rivals

McNamara Bros. Should Give a Good Account When They Meet Pitre and Lavolette. Billy expects to redeem himself and his braves when the Canadiens come to town Wednesday night, and, altho the Frenchmen are a formidable bunch, the experience of Saturday night will be there or thereabouts when the white boys, the Tecumsehs, will take place.

Palmer v. McCarty.

Following are the records of the two men, who clash at Los Angeles on New Year's Day: Palmer's Record. Born Oslan, Iowa, 1890. Height, 6 feet 2 1/2 inches. Weight, 210 pounds. Reach, 81 inches.

Burgess and Business—Ward 3.

Hotel Woodbine to Lunch. Dine or sup. Tea Rooms and Grill. Special parties. Telephone 12 to 2. Free-taxi-parades specially catered for. Music 102-110 King Street West.

Crawford Again Wins Checker Championship

The fifth annual meeting and banquet of the Dominion Checker Association was held last evening at the Empress Hotel. About thirty members and players sat down to dinner, and jollity and good-fellowship were the outstanding features.

Keefe's Special Extra Mild Ale is light, mild and satisfying. Strong in positive food values—nourishing and invigorating—a mild, gentle stimulant. Brewed in a model brewery, to meet the needs of the home—the family—the athlete—or anyone in need of a food- tonic.

Catcher Cadman Goes to Seattle

Manager of Champion Team Glad to Secure Toronto Man—Baseball News and Gossip. Figuring that there is little chance of getting Cadman to Seattle for the season, President Dugdale, of Seattle, is fixing up his receiving department. Joe Wally will be back. Reports from Red Wally, Minn., say that Joe is playing a great game of basketball, and will be in superb physical condition.

Palmer v. McCarty.

Following are the records of the two men, who clash at Los Angeles on New Year's Day: Palmer's Record. Born Oslan, Iowa, 1890. Height, 6 feet 2 1/2 inches. Weight, 210 pounds. Reach, 81 inches.

Tecumsehs Prepare For Canadian Game

Indians Expect Hard Battle With Kennedy's Crew, But Are Confident. Tecumsehs were out again yesterday morning and none of them looked any the worse for their game Saturday night. Billy is still confident and believes that he will be able to hold down centre. Lake George, who was in the line-up, did not play at the practice and he looked as if he might be able to hold down centre.

Pennington play at Barrie on New Year's Day, and return match will be played on Friday. Malone, captain of the Quebec team, was the chief cheese in the game against Ottawa. Marohand of the Hamilton team, which was thrown out of the O.H.A., will likely play for the next position with the Toronto professionals. Hamilton feel that perhaps the O.H.A. was right, and have decided to enter a junior and an intermediate team as representing the city.

GRAND CIRCUIT TROTTERING DATES

Fort Erie and Grand Rapids Are in Tangle That Stewards Must Straighten Out. Grand Rapids is to have Grand Circuit racing next season, according to Dr. S. E. Dodson, the man who stands behind the light harness sport in that city. Mr. Dodson says that the Association of Grand Circuit and thirteen of them want to guarantee Grand Circuit racing, and that efforts to secure suitable dates in the Grand Circuit will be made.

SIXTH RACE—Selling, three-year-olds and up, one mile: 1. Puck, 102. 2. Rio Brazos, 107. 3. Dutch Rock, 107. 4. Hanly, 109. 5. Weather clock, track fast.

WARD 1—ELECT A. E. WALTON. FLESHERTON, Ont., Dec. 30.—(Can. Press.)—Buried in an unconsecrated plot, with orders from the family priest that no headstone or other sign shall mark the grave, and a pronouncement that his wife, upon her demise, shall not be laid at rest beside him, is the post-mortem punishment of John Culbert of Glenelg, the man who met a tragic end on the level crossing of the C. P. R. tracks at Markdale, seven miles from here.

WARD 2—ELECT A. E. WALTON. SEATTLE, Wn., Dec. 30.—(Can. Press.)—The "Prince of Wales," present chief of the Clallam tribe of Indians, who have been homeless and homeless since 1855, left here yesterday for Washington, D.C., to present to congress and to the interior department the Indians' petition for redress of alleged grievances which they have endured nearly sixty years.

WARD 3—ELECT A. E. WALTON. "Bathub" Trust Head Buys Home. E. L. Dawes, millionaire head of the Standard Sanitary Co., has purchased a home at 214 St. George street, and will take up his residence there on March 1. The head of what is often called "the Bathub Trust" is in residence, visiting friends. It is said in Pittsburg, where the head office of the company is located, and where Dawes was very prominent in the social circles, that he divorced the wife of his youth and was married on Christmas Day at Milwaukee, Wis., to Mrs. Sarah Lindset Toerge.

CONSOLIDATION OF LAKE FLEETS. DULUTH, Dec. 30.—(Can. Press.)—Announcement was made today of final arrangements by which the fleets of the Wisconsin Transit Company and the North American Steamship Company will be consolidated. The consolidation will be under the management of R. A. Williams of Cleveland. Three ships are involved—the J. P. Reiss, America and Brazil. R. M. Wolvin of Winnipeg, a member of the Duluth Shipping Co., has purchased the steamer Chill from C. W. Elphicke and Company of Chicago. Out Goes the Coal Oil Lamp. No more will the use of coal oil be allowed in the county jails of the province. As a result of a fire which broke out because of an exploded lamp in an eastern county jail, endangering the lives of the inmates, an order was issued by the prisons branch of the provincial secretary's department yesterday, directing counties to install electric lighting in all buildings, even the homes of the turkeys and jailers. The new regulations go into force immediately. W. R. SCACE JAIL GOVERNOR. BROCKVILLE, Dec. 30.—(Special.)—W. R. Scace, business manager of The Brockville Times for 29 years, has been appointed governor of the county's jail, succeeding A. D. McDougall, resigned. The new officer enters upon his duties on Wednesday. Burgess and Business—Ward 3. A Church Slate. Sixty members of Howard Park Methodist Church, Ward Six, met last night in the schoolroom and endorsed the following civic candidates: For mayor, Hocken; for controllers, McCarthy, Spence, Foster, Yeomans; for aldermen, Austin, Maybee; for school trustee, Dr. Conboy. Opening of High School. The high school night classes in Jarvis and Harbord Collegiate Institutes will reopen Monday, Jan. 6, at 7:30, and be held five evenings each week. Students should enter at once, as delay in entering retards progress. Ward 1—Elected A. E. Walton.

C. N. R. IN ALBERTA MAKES A RECORD

Accomplished Biggest Railroad Program Ever Completed in a Canadian Province.

The most colossal program of railway construction ever completed in a Canadian province in a single year has been accomplished in Alberta during the past year by the Canadian Northern Railway Co. This has involved the laying of 362 miles of track upon the main road to the coast, and 43 new branch lines, in addition to this, 422 miles have been graded ready for track laying this coming spring.

How to Cure Horse Distemper An Experienced Horseman Solomnly Declares Nothing Is So Satisfactory as Nerviline.

Says Nerviline is Fine Liniment. "After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an all-round solvent liniment as Nerviline." Thus opens the very earnest letter of J. J. Evanston, who lives near Wellington. "I had a very valuable horse that took distemper a month ago, and what a misery I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day, and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

For strains, sprains, swelling, colic, distemper, coughs and colds, no liniment will prove so efficacious as the stable as "Nerviline"—it's good for man or beast, or internal or external use. Whenever there is pain, Nerviline will cure it. Refuse substitutes. Large size bottles, 50c; trial size, 25c, at all dealers, or the Cattarozzo Co., Buffalo, N. Y., and Kingston, Ont.

TERRIBLE PENALTY FOR DISOBEYING THE PRIEST

John Culbert, Markdale, is Buried in Unconsecrated Plot Because He Persisted in Drinking.

FLESHERTON, Ont., Dec. 30.—(Can. Press.)—Buried in an unconsecrated plot, with orders from the family priest that no headstone or other sign shall mark the grave, and a pronouncement that his wife, upon her demise, shall not be laid at rest beside him, is the post-mortem punishment of John Culbert of Glenelg, the man who met a tragic end on the level crossing of the C. P. R. tracks at Markdale, seven miles from here. Culbert had been thrice warned by his priest to leave liquor alone and he persistently disobeyed the well-meant order with terrible results. He drove in to Markdale and got very drunk, and on going back home was struck by the up train from Toronto and killed. His disobedience of his priest cost him not only his life, but the privilege of Christian burial. There was no religious service at his funeral.

INDIANS' LAND CLAIMS. Alleged Grievances Will Be Aired at Washington.

SEATTLE, Wn., Dec. 30.—(Can. Press.)—The "Prince of Wales," present chief of the Clallam tribe of Indians, who have been homeless and homeless since 1855, left here yesterday for Washington, D.C., to present to congress and to the interior department the Indians' petition for redress of alleged grievances which they have endured nearly sixty years.

In 1855 a treaty between the Indians and the government was ratified under the terms of which the Indians were to surrender their hereditary lands lying between Cape Flattery and Hood Canal, 2840 acres. When they arrived at their new hunting ground, the Indians found it had been given to another tribe. Repeated appeals have failed to procure the return of their old home or the assignment of new lands, it is alleged.

"Bathub" Trust Head Buys Home. E. L. Dawes, millionaire head of the Standard Sanitary Co., has purchased a home at 214 St. George street, and will take up his residence there on March 1. The head of what is often called "the Bathub Trust" is in residence, visiting friends. It is said in Pittsburg, where the head office of the company is located, and where Dawes was very prominent in the social circles, that he divorced the wife of his youth and was married on Christmas Day at Milwaukee, Wis., to Mrs. Sarah Lindset Toerge.

TUESDAY MORNING, DEC. 31, 1912

MAYOR HOCKEN.

There is an inclination in some quarters to damn Mayor Hocken with faint praise. He may not have blown his own horn sufficiently and he may not have skyrocketed enough for some people, but he has been a quiet, steady success in everything he has devoted himself to, and has done as well in business as in civic politics.

And Mayor Hocken is a man not afraid. He will face any opposition on any question when he is convinced he is right. The World does not agree with Mayor Hocken on some points, but we know him to be sincere and earnest and conscientious, and devoted to the causes of the people.

THE HOSPITAL BYLAWS. Dr. Hastings has disclaimed any idea of antagonizing the National Sanitarium Association when he pointed out in his "Health Bulletin" that the city contributed to the maintenance of the patients just the same as in the case of the other hospitals.

GOOD ROADS. The City of Buffalo in the last six or seven years has spent over a million dollars in building county roads, the city paying 25 per cent. of the Erie County road taxes.

Ball Has Fought For the People. Ward Two Candidate Has Shown by His Deeds That He is a Strong Public Rights Man.

THE MOUNTAIN IN LABOR. After all the expressed determination to get new blood into the city council, it does not look as though the effort had been very earnest or very sincere.

POLITICS IS MIGHTY GOLD

Continued From Page 1. The city was assured that he did not represent that type of pulpit at all. "I just preach the Gospel and nothing else," he said. "I find that's the most up-to-date theme in any church."

THE GIBBET OF HAMAN. Haman's gallows has figured in the political literature of Canada for some years past in connection with the tariff question. Ever since Mr. Gurney advocated a tariff "as high as Haman's gallows," the enemies of the national policy have sought to execute the principle of protection upon the gibbet of Haman.

It is something of a relief to find the gallows removed to the United States. Speaking at New York a few days ago, President-elect Wilson, referring to the threat that some men might bring about a financial panic in order to prevent the incoming administration from proceeding with legislation necessary to reform the banks, the currency and the tariff, said:

I promise him, not on my own behalf, but on behalf of my country, a gibbet as high as Haman's. To a conscientious reporter who desired to be informed, Mr. Wilson explained that the gibbeting would not be physical, but it would be a gibbet of public disgrace, which would live as long as the members of that man's family survive.

Unquestionably there are certain offenses so severely punished by social ostracism of the offender and his descendants, that few are found base enough to commit them. The traitor has thus been punished in all ages. Benedict Arnold found himself almost universally shunned in England after the revolutionary war. In the United States it is to be doubted whether anyone, even after one hundred and fifty years, would admit being his descendant.

Dr. McNeill sees a great difference in the Toronto of today compared with the city as he found it twenty years ago, when he preached to a large throng in the Old Mutual Street Rink. That was his only previous visit to Toronto. A number of his friends insisted that he should return to the auditorium at the time was put into service. Dr. McNeill took away with him a good opinion of this city and he has been in Toronto here a wider field for endeavor than I have ever faced before. I can labor with Liverpool, Manchester, London, Glasgow, Edinburgh and Aberdeen all at once.

Inducted Next Thursday. Dr. McNeill will be inducted in his new charge on Thursday night, and the following evening the congregation will meet him in a social gathering. On Sunday next he will occupy his new pulpit at both services.

MISSIONARY WORK. Dr. McNeill resigned the pastorate of St. George's Presbyterian Church, Liverpool, to come to Toronto. He had been there two years and a half, but for ten years preceding that he was engaged in missionary work in all parts of the British Isles and in many sections of the empire.

PROMINENT DAIRYMAN DEAD. Thomas Singleton, Well-Known in Leeds County, Passes Away.

BROCKVILLE, Dec. 30.—(Special.)—The death occurred in the Westport Hospital of Thomas G. Singleton, aged 72, in his day one of the most extensive cheese manufacturers of Leeds County, Ontario.

Vote for the \$200,000 Bylaw of the National Sanitarium Association

And Thus Round Out the King Edward Memorial Fund. Toronto Railway Employees' Union, Labor Temple, Toronto, December 27, 1912.

Dear Sir: You asked me for an expression of opinion on the bylaw to be submitted to the ratepayers of Toronto on New Year's Day for a grant of \$200,000 to the National Sanitarium.

In reply would say that it is my intention to vote in favor of the bylaw, and I am satisfied that the members of the Toronto Railway Employees' Union will support it almost to a man, as will all members of Trades Unions who are fortunate enough to have a vote on money bylaws.

In conclusion, let me assure you that you will ever find members of the Trades Union movement ready to support any movement for the alleviating of suffering, the care of the weak, or for the uplifting of humanity.

Respectfully yours, Jos. Gibbons

The Linotypes. The weary Old Year is departing, the New Year is just about due, and the linotypes soon will be starting their daily recordings anew.

Best Tempered Mainsprings. The mainsprings we use are the best money can buy. We guarantee them for one year, and if one breaks, we replace it free of charge.

Wanless & Co. Established 1840. 402 Yonge St., Toronto

At Osgoode Hall

December 30, 1912. Judge's Chambers. Before Middleton, J. Canadian Oil Companies v. McConnell—W. E. Raney, K.C., for defendant, D. I. Grant for plaintiff. Motion by defendant for an order for prohibition to the first division court of the County of York, upon the ground of absence of territorial jurisdiction.

Single Court. Before Kelly, J. Trusts and Guarantees Co. v. Grand Valley Ry. Co.—W. C. Chisholm, K.C., for receiver. Motion by plaintiff for an order for prohibition to the first division court of the County of York, upon the ground of absence of territorial jurisdiction.

Trial. Before Falconbridge, C.J. Dallon v. McCormick and the C. P. Ry. Co.—R. McKesock, K.C., for plaintiff, W. R. White, K.C., for C. P. Ry. Co. J. A. Mulligan (Sudbury) for McCormick. An action for compensation for injuries suffered by plaintiff in consequence of the alleged negligence of defendant or one of them. Plaintiff was working at the end of a tunnel beside the C. P. R. track, and a mass of rock and debris fell from the heights above where he was working from which he received such injuries that his right leg had to be amputated. Judgment: I find that defendant McCormick personally, and the C. P. R., by its engineers and servants, had abundant notice of the danger that existed in carrying on the work in the manner in which it was being carried on, and that the cause of the accident was the negligence of the defendant or one of them. Judgment accordingly against both defendants with costs. Thirty days' stay.

Divisional Court. Before the Chancellor, Latchford, J. Morrison v. Pere Marquette Ry. Co.—D. L. McCarthy, K.C., and E. A. Cleary (Winthrop) for defendants, J. R. Edgerly for plaintiff. An appeal by defendant from the judgment of Britton, J., of Oct. 23, 1912. An action by George Morrison, formerly a conductor for the Erie Tobasco Company, for damages for sickness from a severe cold contracted as a result of his work while waiting at Marshfield for a train of defendants without the protection of any station provided by defendants, which train he was standing on at the time the station was destroyed by fire over two years before July 26, 1911, and they alleged that they had not been required to build another at this point as the traffic at this point did not warrant it. At the trial judgment was awarded plaintiff for \$500 and costs.

Canadian Pacific Expresses of "Russia" and "Asia". An unusual opportunity for an around-the-world cruise, all under the Canadian Pacific flag, with its consequent standard of service, is offered with the advent of the great new quadruple screw turbine engine steamships "Empress of Russia" and "Empress of Asia".

# Woman's Realm—the Household, Fashions and Society

**LEVEE**  
The Daily Hint From Paris

Lieut.-Col. and Mrs. Arthur Peuchen gave a dinner and dance at the Hunt Club Saturday evening to their daughters Jessie and a number of her friends. Covers were laid for some 34 guests.

The Lakeview Golf and Country Club dance takes place next Friday evening at Columbus Hall. The following are the patronesses: Mrs. William Inglis, Mrs. W. F. Dinan, Dorothy Weatherald, Mrs. J. J. Walsh, Mrs. E. V. O'Sullivan and Mrs. N. G. MacLeod.

A most energetic committee is in charge and a number of novelties are being introduced. An elaborate menu has been arranged for supper and souvenir menu cards in the shape of little red flags will be given to each guest, and are either enclosed in gold balls or wrapped around a dainty miniature golf stick.

The Bishop of Toronto and Mrs. Sweeney will hold their usual reception at the Bee house from 3.30 to 6 o'clock on New Year's afternoon.

Tickets for the ball poudeur may be obtained from the ladies' depositary, Women's exchange, Yonge street Arcade, and from the patronesses of the ball, which takes place on Jan. 1.

Mr. George Beardmore is giving a dance at Clarendon this evening.

Mr. and Mrs. J. J. Main are spending New Year's in Berlin, Ont.

Mrs. Sydney Greene is giving a not out dance this evening for Miss Betty Greene.

Mrs. Frank Brentnall gave a dance for about 150 young people at the Metropolitan last night in honor of her daughter, Zilla, one of the prettiest of the not-outs. The hostess looked very handsome. She wore a black laced gown with diamond ornaments, and her daughter wore a smart French frock of white with touches of cerise and carried Richmond roses. Buffet supper was served from a table decorated with poinsettias.

Among the guests were: Miss Isabel Cassell, Miss Irene Hargrave, Miss Grace, the Misses Grace and Jessie Goodenham, Miss Betty Brough, Miss Lucille Rutlin, Miss Grace, Miss Marjorie Dean, Miss Vivian Gouinlock, Miss Marjorie Ross, Miss Jean Stuck, Gordon Doolittle, Hamilton Cassels, N. Clarkson, the Messrs. Dean and Harry Goodenham, young Mr. Reginald Caproline, Alan McLean, W. Christie, Alan Hargrave, Grant Hargrave, Harold Beatty, Wilfrid Mayor, R. Harding, Bradley Snow, Jesse Snow, William Phillips, J. W. Ross, Andrew MacLean, Roy Kinneir, G. Goodenham, Robert Gouinlock, George Davidson.

Mr. Arthur Dyas left last night for a short visit to New York.

Mr. and Mrs. Charlton P. Lord will be at the residence of Mrs. Lord's parents, 151 St. George street, on New Year's eve, until Jan. 2, after which they will leave for their new home in Regina.

The Skating Club will meet at the Arena Gardens from 2 to 4 o'clock this afternoon.

Mrs. Spence and Miss Spence of Southampton are the guests of Mr. and Mrs. James H. Spence.

Mr. and Mrs. W. G. MacKendrick have sent out cards for an at home dinner and reception on Saturday, Jan. 4, from 4 until 5.30 o'clock, at 225 East Roxboro street.

Mr. Vincent Denne has returned to Montreal after spending the holidays in Toronto.

Mrs. Gardiner, Philadelphia, is in town, the guest of Mrs. Williamson, Gloucester street. Mrs. Henry Plummer and Mr. Gordon Williamson are also here until after the New Year.

The Lambton Golf and Country Club will be at home to its members on New Year's afternoon, from 5 to 5.30. Dancing from 8 to 10.30.

A capacity audience attended the Royal Alexandra last night to witness the first Toronto appearance of Mr. Lewis Waller in the delightful comedy, "The Little Conviction." A few of those noticed were: His honor the Lieutenant-governor, who occupied a box, with the Misses Gibson, the Misses Robertson, Mr. Gibson, R.M.C., Major Clyde Caldwell, Mr. Henry Palla, who had box party, including Mr. and Mrs. Hedy Bond and Mr. Maples, J.P., England, Col. Gilmour, Mr. George W. Grovton, Major J. C. Mason, Mr. Houston, Rev. T. Crawford Brown, Mr. and Mrs. G. H. Deane, Douglas, Mrs. Greig, Mr. Harry Drummond, Mrs. Davis (Vancover), Mr. Norman Ferry, Mr. and Mrs. J. C. Nesley, Mrs. and Miss Crawford, Mr. and Mrs. James Scott, Mr. and Mrs. Marion Gibson, Mr. Arthur Colwell, Mr. Hugh Barwick, Mr. Charles Crough, Mr. T. B. Neale, Mr. T. B. Revett, Miss Douglas.

Sir Donald Mann, Lady Mann and Mr. Donald Mann have left for Montreal, and will return the end of the week. Sir Donald will go on to New York. On her return Lady Mann will be in St. George street house until she goes abroad.

Miss Ray Jacobs, who has been spending some weeks in Montreal, is returning home this week.

Captain and Mrs. Homer Dixon have much entertained previous to leaving Winnipeg to live in Toronto.

Miss Westcott is the guest of Mrs. Woodruff.

Mrs. S. B. Roberts has returned from Regina.

The marriage takes place this afternoon in the Wesleyan Methodist Church, College street, of Miss Violet Fishback to Mr. J. Hunter Early.

Invitations to the Bachelors' tenth annual ball on Friday, Jan. 11, are being issued this week in Hamilton. It will be held, as usual, in the Hotel Royal.

Mr. Victor Vandersmissen of R.M.C., Kingston, is the guest of his parents, Professor and Mrs. Vandersmissen, for the holidays.

Mrs. H. C. Hocken, of Alvin avenue, will receive on Thursday, Jan. 3, the first Thursday in February, and not again.

Mr. and Mrs. W. W. Jackson of Dunn avenue announce the engagement of their daughter, Ada M., to Alexander Molt, son of Mr. and Mrs. E. B. Elliot. The wedding will take place quietly in January.

At Bond Street Congregational Church on Thursday afternoon, at three o'clock, the marriage took place between Miss Knight and Archibald Hood of Edmonton, Alberta. The bride, a niece of the late ex-Ald. and Mrs. Phillips, is very smart in her traveling suit of Copenhagen blue and black whipcord, with large velvet trim. Mr. and Mrs. Hood left

**How to Win**  
A Man's Love  
By Gaby Deslys.

"How to win the love of a man? I don't know. I am only one woman and cannot answer for others. I can say one thing, tho. I don't think men care for women who smoke or drink. I don't think a man does not like to smell cigarette smoke on the lips of his charming, and besides, it makes her nails discolored and her clothes hold smoke. It is unrefined. We men should always smell like roses, violets and sweet flowers. And drink only drinks water, never liquor. That ages a woman and spoils her looks."

"How do I live in Paris? Very simple. I have a few establishments and I entertain with more or less regularly. I think how much money I must make to keep this going and I spend 500,000 francs in Paris a year. It is not much to you millionaires, but it is very much to me. I am expensive because I care to be so and if I am paid more in America than I receive in Paris, it is because it costs more to live here than in Paris. I live here in Paris only \$25 a day to live here; in Paris only \$25. But I am very careful to save a great deal of my salary. My husband cannot say: 'You had nothing when I married you.' Not the grandest of grandes parsons, tho. I stand that, taking the largest price, and say: 'Money is the best shield against criticism.' Take all I can and keep all I get. After all the world takes you at your own valuation."

"Which is one of the truest things Mlle Deslys ever said."

**FIRST LETTERS ON**  
"MAN AND SUPERMAN"  
BERNARD SHAW DISCUSSED

Lively Contest on Over Views of Brilliant English Dramatist in Toronto World's Prize Letter Contest.

Today is published the first instalment of letters in The Toronto World's Prize Letter Contest. Letters will be published through the week. All letters mailed up to 11 p.m. Friday will be considered. Below are enumerated the prizes to be given by The World for the best letters on Bernard Shaw's views as expressed in his brilliant comedy, "Man and Superman," which will be presented by Robert Loraine and his London company at the Princess next week.

**THE PRIZES.**

For the best letter—A lower box for Mr. Loraine's performance in "Man and Superman" at the Princess Theatre.

For the next best 24 letters—Each one a pair of seats for one of the performances of Robert Loraine in "Man and Superman" at the Princess Theatre.

Every reader of The Toronto World is eligible to enter this contest and compete for these prizes.

**FOR QUEENLY SHOULDERS.**  
The extensive use of brocade has revived an interest in many quaint old-time effects. The dress sketched here suggests the costumes worn by Queen Victoria in the early part of her reign. The brocade is white with touches of rose and gold in its design, and pale gold lined net is used as a drapery, bordered with a wide gold and rose gauze ribbon. The upper part of the bodice is draped with filmy cream white mulline, caught here and there by bright pink roses.

What kind of garter do you like best for a 4-year-old child?  
The long garter that fastens to the leg, and is used for a very bad circulation.

The Canadian Northern Ontario Special Train Tuesday.  
A comfortable railway journey is indeed a luxury at this season of the year, when over-crowding seems to be the rule. If you are going east for the New Year holiday you will appreciate the "plenty of room" policy of the Canadian Northern Railway for this time, and also the special train service. A solid vestibuled train with plenty of first-class coaches and parlor cars will leave the Union Station at 2 p.m., Tuesday, Dec. 31, for Bowmanville, Oshawa, Port Hope, Cobourg, Trenton, Peterborough, and all intermediate points. This train gives a direct connection at Trenton Union Station with the Central Ontario Railway for Picton. The first-class return fare is, of course, in effect; good going Tuesday and returning on Thursday. Through and on-third rate allows return until Jan. 3.

Telephone the city ticket office, M. 6174, for further particulars and other train times.

Harper, Customs Broker, McKinnon Bldg., 10 Jordan St., Toronto, Ont.

**TURKEY SEEKING TO ENFORCE INTERVENTION**  
Continued From Page 1.

more time in waiting for telegraphic consultations, real or pretended, between Constantinople and the Turkish Legation in London. Turkey will not wait for an early hour Wednesday to decide upon their policy.

Mediation has two advantages from the standpoint of the allies. The first is that the tendency of such an arrangement always is in the direction of a compromise. In the second place, mediation offers a means of relieving the government's prestige in the eyes of the people by making it appear that Turkey concedes the sacrifices, which she is unwilling to make under the pressure of all Europe, instead of at the dictation of the heretofore despised Balkan States.

Turkey's Deep Design.  
The first consideration from the standpoint of the allies is opposed to their interests. Such a solution as mediation offers would be a situation of advantage to them in view that certain powers—Austria and Italy—could not be considered as disinterested arbitrators.

The Turkish design in presenting counter-proposals which left an enormous gap between them and the allies' mediation would appear unjustifiable—even necessary. Their argument is that never since the beginning of the world has a mediator, entrusted with a difficult problem by conflicting parties, given a verdict entirely favorable to one side, without compensation to the other. That is, they would be easier to recoup part of their losses than mediation that by dealing directly with their adversaries.

The Turkish design in presenting the proposal for mediation has been received with varying degrees of dissatisfaction. All are agreed that mediation would be impossible to carry out in the present state of the belligerents, not the ante-bellum status, and above all, that it must be mediation, not arbitration.

**FANATICISM IS POWERLESS NOW**  
Lessons From the "Holy Wars" of Recent Years—Uprising of all Islam Would Be in Vain.

The possibility that the Green Flag of the Prophet may be flung by the Sultan of Turkey, who is invested with dread dignity as the successor of Mohammed, always excites comment when the Turk is at war with the Frank. But the magic phrase, "a holy war," bears examination no better than the generalization called "the Oriental mind," writes William T. Ellis in the January Century. Italy has just proved in Tripoli that fanaticism hurls itself in vain against modern machine guns, and the forces upon which the leaders of a "Jehad," or holy war, can rely, are, except in the case of Turkey, a swift blow and then retreating to the modern military lines. Even the Arabs' immemorial manoeuvre of striking a blow and then retreating to the fastnesses of the oases is thwarted by the scouting aeroplane. Mobs cannot fight armies. In the old days of spears and swords and cut-throat men the casualties were comparatively so few that the wounded might be carried away or left behind. Modern weapons do a wholesale business; they are to the old ways the steam reaper to the sickle.

Another factor, unheeded by the romantic, which time has injected into any possible conflict between the followers of the Prophet and the civilized world, is the fact that the recent experience of Turkey with Italy, an armed rising of all Islam against Christianity is utterly hopeless. Even in India the unorganized, undisciplined, unarméd and scattered Moslems, numerous as they are, could not hope to prevail against the British troops.

**CLAIMS MONEY GIRLS' MARRIAGE PURPOSE.**  
First question: Yes, there are two distinct classes in society, namely, the rich and poor. The rich society is not what it should be. There is an air of superiority with them and they fail to recognize the poorer society, who is creating their wealth for them to live in luxury and pleasure, whilst the poorer society only receives a bare living and not looked upon with a kindred spirit.

Second: Yes, under the present system of economic conditions a girl would prefer to marry, rather than to wait until she can find a man who is very little material selection, a girl usually marries the man with the most money.

Third: No, they do not. Because any person who is old enough to marry, should therefore know the responsibility she is taking when they marry. It is not for any individual to say who a person should marry. A mother's conception of a man might be a domestic servant (or they may keep two or three), a matter of two or three months, when they fall to find any pleasure in working for no wages and leave. These facts alone prove that the American girls' entice men into marriage or they would feel downright ashamed of such duplicity. Have not men known and it often happens of dresses, cloaks, hats, etc., which have been returned as unsuitable and worn by other girls? Some special affair the evening before. Then again some of the girls think there is no better sport than leading on a dozen men, knowing perfectly well they can only marry one.

112 Sheridan avenue. A. Lowery.

**Love Sacrificed to Ambition.**  
Bernard Shaw is correct, modern society as we know it and about which is a sham. We are living in a financial age and people are looking for a get-rich-quick scheme, and some of the people realize their hopes and wake one day to find themselves rich.

**Blindly Ambitious Marriages Cause Divorce.**  
To study society is to be convinced that Mr. Shaw is justified in saying: "There is much sham in society." For instance, a certain woman who at one time gave small lunches at home and gave them in the most fashionable place in town, the table is decorated at no little expense and the society column records it, but the grocer and baker go unpaid.

Even in these modern days society has sometimes to take a street car, but the society woman generally gets a motor even when they do mortgage the house to get it.

Mr. and Mrs. Z. take seats in a box, they wait till the last and quietly take a street car home.

The following morning Mrs. Z. sneaks in the side door of a department store, but soon dodges out again; she saw Mrs. X., who has the opposite box last night, trying on a hat. In the afternoon she is in the most select costumers, strolling around with a bonnet on.

There are girls—not a great many, I think—who for vanity, afraid of being left behind, or for a home and wealth, deliberately entice men into marrying them.

No doubt one of the great causes of divorce is the great number of miserable marriages, planned often with utter disregard for the character of the man, under the cloak of society, by so-called mothers, blinded by the glare of gold or the seeming glory of a meaningless title.

**SEEING INTO SPACE**  
Distance to Which the Modern Telescope Can Penetrate.  
With his 40-foot reflector Sir William Herschel perceived stars whose light, he concluded, had occupied 2,000,000 years in reaching the earth. His belief that he had seen further into space than any other human being before him is pronounced a just one by that noted astronomer, Dr. T. J. See. The visual power of Herschel's telescope is somewhat surpassed by modern instruments, and much additional power is given to the modern instrument by the use of photography. But, on the other hand, accuracy has now to be taken of the extinction of light by comical dust in space.

Neglecting this, Herschel slightly overestimated the distance to which his telescope could penetrate. With the greatest modern instruments available the use of photography, it is certain, Dr. See says that it stars at a distance of over 3,000,000 light years can now be observed. It is very probable that the most up-to-date instruments can penetrate to a depth of about 5,000,000 light years.

**IMMENSE SEARCHLIGHT.**  
An electric searchlight of 72,000 candlepower intensity covering a range of 5 nautical miles (about 5.8 statute miles) has been recently installed on the Hamburg-America liner Kaiserin Augusta. It is the largest searchlight safeguard against collision with icebergs.

Crown Attorney Asked That Sentence Be Shortened.  
Assuming the role of defendant counsel Crown Attorney Greig pleaded to Judge Morgan in the county judge's criminal court yesterday and asked for a reduction of the sentence of three months in the Mercer Reformatory that had just been passed upon Mary Bernier, a young French girl, for shoplifting in Eaton's last Saturday.

"She has no counsel and no friends, your honor," said Mr. Greig, "and should not be punished so severely." Judge Morgan remained quite obdurate until a member of the Salvation Army promised to look after the girl. He then gave her a little lecture and shortened the sentence to thirty days.

The girl said that she was a waitress and had just come to the city from Bang Inlet to do some shopping. She lifted an evening dress and three blouses, and according to Detective Black it took her three hours.

**Ward 1—ELECT A. E. WALTERS.**

**Believe Girls Do Entice Men.**  
Yes to all three questions. We find mothers all around who are just waiting for a so-called desirable husband, meaning a husband who can better support their position socially. He may have a title or it may be money they need, and they will never stop to weigh his temperament in the balance and think can I trust my daughter to this man for life. It is this which makes society a sham, for in order to get in touch with these much-sought-for men, who generally move in a high grade of society, it is necessary to live a life of pretence. How many hundreds of society are living far in excess of their means? How many of them do we find that can only keep a domestic servant (or they may keep two or three), a matter of two or three months, when they fall to find any pleasure in working for no wages and leave. These facts alone prove that the American girls' entice men into marriage or they would feel downright ashamed of such duplicity. Have not men known and it often happens of dresses, cloaks, hats, etc., which have been returned as unsuitable and worn by other girls? Some special affair the evening before. **Bright, Ruddy Cheeks For Pale Girls**  
No Longer Any Need to Be Pale, Weak or Anæmic.  
By Following the Advice of Miss McEwen You Can Quickly Become Strong Again.  
108 Balsam ave.

The pallid girl always lacks appetite. What little she eats is badly digested. What little she sleeps, she doesn't sleep soundly.

At night she is restless, she does not sleep soundly.

Vital force must be increased, new blood must be supplied and a general rebuilding must take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases and found nothing so prompt in building up young women as his vegetable pills of Mandrake and Butterbur.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by the use of Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen of Haliburton speaks for itself:

"In using Dr. Hamilton's Pills I find my system is wonderfully built up. It is certainly the most effective remedy I have ever used. I have now a good appetite, sleep more soundly and awaken in the morning feeling quite refreshed.

"Formerly I felt tired and depressed. I looked as if I were ill, my nerves were hanging over my head.

"Nothing could give quicker results than Dr. Hamilton's Pills, and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills, 25c per box, or 5 boxes for \$1, by mail from The Cassingham Co., Buffalo, N. Y., and Kingston, Ont.

Fine Acting in Lewis Waller in A Clever Farce

William Hawtrey in "The Old Firm" is Better Than on His Last Visit.

William Hawtrey in "The Old Firm" has got hold of as clever a bit of farce comedy in the first act as has been heard here. He takes the part of William Hake, an old inventor who has married a second time and is persecuted by his wife and her brother, who has managed to possess himself of various notes and mortgages which old Hake has floated. He is going to close out Hake the next day, and as the evening wears, along Hake meditates suicide, and reflecting that and dwelling on the thought of "Faust," which his daughter Lily had been reading to him, he determines in the midst of a storm, and in spite of the entangling who has been being meetings in the town, to invoke the aid of his Satanic majesty, Harry Nicolette, the courtier of Nicolette and Nicolette appears in the midst of a thunder-puff, and the next ten minutes supplies one of the funniest bits of conversation at cross purposes on the English speaking stage. Old Harry, or Old Nick, as the head of the firm says he is playfully known, agrees to see Hake through his difficulties on condition that he signs over his shares to the firm. At the same time young Nicolette has been trying to establish himself in Hake's secrets, but has fallen in love with Lily, he has planned to relieve Hake's necessities privately. In the second act Hake, who believes he has sold himself to the devil, finds everything going his way. His astonishment is only equalled by his equanimity and satisfaction when he finds the traveling saleswoman of the firm is deputed by Nicolette to look after Hake and keep guard over him so that Vennemy, acting for the firm, may not get any advance. The ingenuity with which the double cross is kept up and the naturalness with which the scenes occur, the first being admitted, is very clever, and most laughter-provoking. Not a point is omitted and not one of them is missed by the audience. Mr. Hawtrey is better even than he was on his last visit as "Dear Old Bill." His farcical expression, his jaunty gait, his satirical and the little human touches scattered throughout are all in the first rank of comedy. The book is really a masterpiece of cleverness. The scene in which the three acts are placed, is handsomely staged, and Mr. Hawtrey's company is a capable one, including Paul Pilkington, A. Morino, Frederick Montague, Willis Browne, C. R. Williams, George Kepple, and Miles Allison, Skelton, Eclair, Wright, Roman, Hank, Cassie Jamieson, and Gladys Montague, who was played as Fay Lofy. The audience enjoyed the fun very much and applauded heartily.

Lewis Waller in Vivid Comedy

"A Marriage of Convenience" is Portrayed in Sparkling Fashion Before Large Audience in Royal Alexandra.

At the Royal Alexandra last night a capacity audience received Mr. Lewis Waller and his English company with every mark of popular favor. The play presented was "A Marriage of Convenience," adapted by Sydney Grundy from the comedy in four acts by Alexandre Dumas. The comedy is one of manners as it was understood in the brilliant but cynical court of Versailles, just before the revolution, when French society was dancing lightly over the volcano soon to engulf the ancient regime. Of the period Dumas was admirably qualified to give a vivid portrayal and in his adaptation the English translator has managed to retain the courtly atmosphere and much of the engrained points of the original. The comedy is of the old school, is artificial but the artifice is concealed by vivid characterization. Notwithstanding limitations the fact remains that Mr. Waller has staged a wonderfully realistic production, remarkably sympathetic to the movement on the part of the society world. The story turns on the conventional French idea that marriages are made on earth by parents who are simply concerned about relative exchange. Its fascination turns on how the conventional idea and responsibility is transformed by the relationship of a man who has never known real love, and a girl who has mistaken the artificial for the real. In any other hands those of Mr. Waller and his company the result might have been chaotic. But with Miss Tilheridge and the other members of his assembled company the play was entirely a delight, and one which ought to reassure its hearers concerning the popularity of a play that needs no other recommendation than its own merits.

THIS BURLESQUE IS ON TOP RUNG

The Cherry Blossoms at the Star Theatre Produce an Unusually Good Show.

"The Cherry Blossoms" featuring Jack Perry, at the Star Theatre this week, is a burlesque production which bids fair to break attendance records for the season. There is an unusually strong company with a splendid chorus, which sings and dances better than most troupes. The fun begins when Jedekiah Quimby, a henpecked husband (Jack Ross), and his spouse, Mrs. Jed (Clara Raymond), have frequent spats. Geo. Clifford makes a sport and rouser in the part of Jack Quimby. Kit Quimby, his wife, is sleek and modest. Frank Dolson has the part of Capt. Romeo Quimby down to perfection. Ethel Hall as Marjorie, Manners is superb. Frank Holdfast, the village Sherlock, is ably portrayed by George Payne. Constable Hipp (Charles Kiehl) is a minion of the law, is a scream. Ada Loraine (Sadie Richards), and Dot Richards also deserve credit. The olio is especially good. Frank Dolson makes the greatest hit with some very funny parodies and lively turn dancing. Clifford and Ross are fine also. Kiehl and the other members of the troupe are the best in their line seen here this far.

SCOTTISH CONCERT.

Mr. Campbell's New Year's Night Event Will Include the Best.

In the advertising columns of this issue, under amusements will be found a program of Mr. Campbell's New Year's concert in Massey Hall, tomorrow night. The artists engaged for this event are all in the front rank in the profession, including Jessie Alexander, Miss Jean Mitchell Hunter, a charming violinist from Edinburgh, Harold Jarvis, the 8th Highlanders Band, Male Chorus, etc. The program has been carefully prepared with a view to suit the varied tastes of a New Year's night audience. Scottish songs, Scottish readings, and Scottish music, vocal and instrumental, will have precedence, and "A rare Scotch night" awaits those who will patronize the entertainment. Seats can now be secured at the hall, and at Nordheimer's music store, East King street.

MASSEY HALL TONIGHT

Concert of Twelve Numbers Will Ring Out Old Year.

New Year's Eve Jollity and good feeling will find an outlet in Massey Hall tonight at the big popular concert which is being put on specially for this occasion. The two hour and a half program will, while away very acceptably the brief hours before Big Ben booms out the passing of 1912. The interest in this concert is evidenced by the splendid advance sale which has taken up the majority of the choice locations. As the seating capacity is very large, however, there are plenty of splendid locations still to be had. There are twelve numbers on the program and with the exception, the entertainment should run over the two-hour and a half limit. The program is as follows: "The Jolly Sailor," Gordon T. Williams "Mary Ann Refused Me," Harvey Lloyd "Hungarian Rhapsody," etc. Master Frederick Cohen Humorous Monolog—"An Unexpected Winner" Miss Ethel Cocking Harry Bennett, in Harry Lauder's Songs. "The Jolly Blacksmith"—Arlon Miles "The Merry Old England"—Macey "Carissima"—Miss Edith M. Parker. Humer "at the Piano"—E. Jules "Brazil." "Waltz Song"—Miss Helen Barbara. Stories in Pictures, Prof. O. W. Wise Character Sketch—"Breaking up the House"—Eddie Haggart "The Old Brigade"—Arlon Male Quartet

HELP THE POOR CONSUMPTIVES

Dr. Forbes Godfrey, M.P.P. for West York, Thinks the National Sanitarium Bylaw Should Be Carried Unanimously.

\$35,000,000 for a War That May Never Come—\$200,000 for a War That is Now On.

With the support of practically both the great political parties, we are giving \$35,000,000 to strengthen the British navy. We are doing this, and doing it cheerfully, because we fear a war with Germany. This war may never happen. Many people believe it is unthinkable that it should happen. Next Wednesday Toronto is asked to vote \$200,000 for the greatest real war that is being waged today—the war against consumption.

A QUAIN DUTCH PLAYLET AT SHEA'S

Sam Chip and Mary Marble in Bright Successor to Edam Cheese Offering.

Sam Chip and Mary Marble in Herbert Hall Winslow's Dutch picture book playlet, "The Land of Dykes," at the Elgin Theatre, on the Shea bill this week. It is even better than the last dainty offering of this talented duo, and that is saying a lot. What their old set was an interior, the present stage picture is out of doors, and it gives added scope for superb acting. It is a page of Estelle Kerr's beautiful "Little Sam in Volendam" and Sam and Mary make the little folk live. It is as bright and refreshing as a summer's day. Jas. F. Dolan and Ida Lenhart have a light burlesque in "Some Mind Reader." A holiday audience will like it all the way thru, and then there is Cliff Gordon, the talking Dutchman, with a new routine. Fred Millman & Co. have a really pleasing dancing act on the tight wire, and George W. Jones and Harry Sylvester talk and sing acceptably during a wait over on the station platform at Idaho, which is located in Idonawat County. The Five Sullys will make a foolishness with a laughing attachment, also with a railway station set. Pauline Moran's songs are better than her previous ones, and there is comedy in her act. The three Joseph Brothers do some good pyramidal work and the motion pictures are new, interesting and instructive.

WELL BALANCED SHOW AT GAYETY

Trio of Excellent Comedians Supported by Very Capable Company—Offering Good.

With a superb trio of comedians, Harry Koler, Al K. Hall and Harry Morton, the Gayety funny trios at the Gayety, this week, the production of "The Queens of Paris" is beyond doubt of a higher standard than most burlesques seen at the Richmond street house this season. They were unsurpassed as fun-makers and supported by a very capable company. The songs were in most cases well chosen and well executed and differed from those heard in the ordinary burlesques by the fact that they did not slip over with gushy nothings. This is another indication that the good shows are displacing the "rag-time" stuff for a higher class of vocal selections. The show hinged on the mavericks of Messrs. Koler, Hall and Morton, representing three steel magnets, in Paris, and was assuredly a long laugh. The costumes were exceptionally beautiful. The olio included some splendid acts. Al K. Hall, the tall slim fellow, got away with a catchy monolog, and the Diamond Trio, with Edgy Franz, performed some original stunts on unicycles, and Evans and Lawrence were well received in their song and dance number. The special feature of the vaudeville was its originality. All in all it was a splendid show.

FORBES GODFREY

VOTE FOR THE SANITARIUM BYLAW AND THUS FOUND OUT THE KING EDWARD MEMORIAL FUND.

DAVE LEWIS IN A ROARING FARCE

Popular German Comedian Provides Plenty of Laughs in "Don't Lie to Your Wife."

Dave Lewis, one of the funniest comedians, is at the Grand this week with something to make you laugh. The vehicle is entitled "Don't Lie to Your Wife," and if you are not feeling in a gladsome mood this holiday week a visit to the Grand will cheer you up and chase away the blues.

In "Don't Lie to Your Wife" there are the usual elements of complication without which it would not be a farce comedy. Amos Doppeldeed, portrayed by Mr. Lewis, is the scapegoat for almost everything in a perplexing situation brought about by the lack of himself, George Benedict, a coal dealer, and a young doctor named Arthur Pringle, with a trio of chorus girls, while Mrs. Doppeldeed, Mrs. Benedict and Pringle's sweetheart are away at the seashore. The lying begins when the chorus girls appear in Doppeldeed's home after his wife and her two companions unexpectedly return. He undertakes to palm them off as his nieces from Australia. After that the plot is complicated on the compound interest basis.

The German accent of Mr. Lewis is not overdrawn, and that is one of the best features of his work as a comedian. His poses are always fresh and pointed. He has excellent support in the Holmes and George Benedict, the coal dealer; Donald Clayton as Arthur Pringle, the young doctor; Mr. Keogh as Leslie M. Craft, press agent of the Polly Theatre; Harry Pringle as James Dillon, the race horse owner, and William Wolf as Ferdinand, the grafting motor cop. Flora Ode was particularly effective in her pleasing part.

The piece is interspersed with several musical numbers, among them being "Becky Joined a Musical Show," and "Beautiful Doll, Good-Bye," both of which were well received and enjoyed.

NO MORE BACK COUPONS CAN BE HAD AFTER 6 P.M. TODAY

Complete sets of the proverbs, and extra back numbers can be had at the office of The World only up to and including 6 p.m. Today. The price of extra back numbers is 1c for the daily, and 5c for the Sunday. The price for complete sets is \$1.19. No More Coupons Can Be Mailed

PROVERB CONTESTANTS MUST BE CAREFUL TO FULLY PREPAY POSTAGE ON THEIR SETS OF ANSWERS

Out-of-town Contestants and those who mail their answers must exercise great care in seeing to it that postage is fully prepaid upon their sets of Proverb answers. The rate is 1c per ounce inside Toronto, 2c per ounce outside Toronto.

THE NEW DANCES ARE HERE TO STAY

Opinion is Growing That the Trots Had Best Be Taught by Dancing Teachers.

The new dances are here to stay, seems to be the growing opinion of society. The unpleasant notoriety which has been given to some of the dances has made it necessary, however, to regulate the steps. The New York Herald and New York and other cities, prominent society women who realize the fascination of the turkey-trot and other gay dances, have decided it is better to let their daughters and their sons learn the art of turkey-trotting gracefully, rather than have them indulging in the dances when from beneath parental eye. "Wiseest of parents have learned," says The Herald, in an interesting discussion of the new dances, "that prohibition does not always prohibit, and are conceding a little to the demands of the young people." As a matter of fact, the young people are not the only ones who have been caught with the fascination of the new dances. Young and old, married and single, are yielding to the lure; and are "tripping the light fantastic toe" in the newer steps. While the turkey-trot, the grizzly bear, the Boston dip and many others have been the subject of funiculars all over the continent, the new dances are not necessarily common or ungraceful. Rightly danced, they may be as artistic and as discreetly proper as the waltz or two-steps. There was a time when mother and grandmothers and the ultra-conservative raised their hands in holy disapproval of the waltz, and even now, the waltz might be abused until it would not be proper expression of the terpsichorean instinct. It is in the manner of the dance, suggested one person, and while the turkey-trot in any vulgar form, or any other dances not within the bounds of propriety, are not advocated by society, no dances will be debarred merely because they are new. According to The New York Herald, the new dances approved by society in New York are graceful and certainly they have picturesque names, the aviation glide, the fascination waltz, and the Narragansett drive, for instance. Barn dancing, too, has received approval. In Philadelphia, however, says the story, society, sedate and conservative, has entered upon a denunciatory campaign against the new dances.

HUGE FLAGPOLE FOR EXPOSITION

A perfectly straight log of Douglas fir, 220 feet long and 5 feet in diameter at the butt, tapering evenly to a diameter of 2 feet at the top, lies at the Panama-Pacific Exposition grounds waiting to be erected as the lower portion of what will probably be the biggest flagpole in the world. It was brought down the Pacific coast from Washington as part of one of the giant rafts of logs for which that section is noted.

TONIGHT MIDNIGHT

Last Hour Proverb Answers Can Be Deposited or Mailed

PROVERB Contestants--GET BUSY. Today is the last day in which to secure extra back numbers of the proverb pictures and their coupon blanks, and deposit or mail answers. Sets of answers deposited later than midnight, tonight, or which bear cancellation of mailing of later than that hour and date will not be entered in the competition.

There is no Time to Lose--Get Your Coupons Before 6 o'clock Tonight--and Deposit Your Answers Without Delay

No More Back Coupons Can Be Had After 6 p.m. Today

Complete sets of the proverbs, and extra back numbers can be had at the office of The World only up to and including 6 p.m. Today. The price of extra back numbers is 1c for the daily, and 5c for the Sunday. The price for complete sets is \$1.19. No More Coupons Can Be Mailed

# Stock Markets Given Over to Holiday Apathy--C.P.R. Lower

## NO REAL FEATURE IN STOCK MARKET

Usual Year-End Dulness is Being Experienced in Toronto Exchange--C. P. R. Down Again.

## BANK STOCKS HIGHER

Imperial and Standard Improve Their Position on Rumors of Pending Declaration of Bonus.

The usual year-end apathetic speculation is being experienced in the Toronto Stock Exchange just now, and with little incentive offered for trading the list has relapsed into a period of extreme dulness. The demand for money incident to the big January disbursements for dividends and interest is, of course, acting as a curb on activity, and until the banks loosen their purse strings it is not likely that any material movement will be witnessed.

After the first week of January it is anticipated that money will work somewhat easier, and brokers are therefore looking forward to a more active stock market in the near future. The European situation is occasioning some alarm in view of the clouded outlook for peace in the Balkans, and it is felt that if the war resumed, the recent measures taken to ensure a settling of the difficulties between some of the big powers may be upset, and another crisis aggravated. It is believed that the situation is being kept well in hand, however, and while the result of the negotiations between the allies and Turkey is being awaited anxiously, sentiment, as yet, has not shown signs of being adversely affected by the continuous postponement of the conference.

**Restricted Price Swings.** The market yesterday moved in a very narrow range, with price swings restricted to small volume. C.P.R. was sold by Europe again, and the shares worked lower in all markets, being quoted down to 258 3/4 in New York, and closing at a decline of a point for the day. This incident was ignored here, however, the list maintaining an even keel, with a show of firmness in certain lines.

Brazilian was the most prominent feature, with an advance of 3/4 to 92. Canners held on a level with the close of last week, the shares selling around 84 1/4, and closing bid there. Spanish River did not reach the high record of the previous session, but the shares were up a point above Saturday's close. Toronto Railway, Mackay common and Sawyer-Massey preferred were all lower, but the declines were not material, a half point loss in Balle being the most extensive of the lot.

Imperial Bank came to the front with a sharp advance, the shares moving up a full 4 points to 225, their highest level since September. It was rumored that the institution would follow the lead of some of the other banks and declare a bonus in the near future. Standard Bank gained over a point to 224.

**WALL ST. KEEPS EYE ON PEACE CAUCUS**  
Erickson Perkins & Co. had the following: There is disposition to believe the results of the next Balkan conference. It now looks as if it may fall and that such a hitch, even though temporary, may cause a little selling movement in stocks. Turkey insists on arbitration, hoping to secure better terms. The mobilizing of Roumania is thought by some to be significant. In the end we believe some agreement will be reached.

## TRADERS ATTEMPTED TO TAKE PROFITS

Stocks advanced back and forth all day, with alternate firm and weak spots. After the midday spurt prices gradually sagged off until the close. This was the result of offerings by traders who bid prices up earlier in the day and tried to take profits. The firmest spots in the market were the copper group and General Electric. Large rights on the last named came off tomorrow--Hudson to Erickson Perkins & Co.

## AEROPLANE RISE OF STANDARD OIL STOCK

The shares of the Standard Oil Co. of New York are on record of having made a phenomenal rise of 165 points in one day last week, thereby increasing the paper value of the stock \$15,760,000. The capitalization of the Standard Oil Co. of New York is \$15,000,000. This extraordinary rise was said in Wall st. to be due to rumors that the stock will soon be increased to double its present issue, thereby giving stock holders the right to subscribe.

## INCREASE SHOWN IN BRAZILIAN REPORT

November Earnings Exhibit Small Gain Over Previous Months--Record Since September.

The November statement of earnings of the Brazilian Traction Company, made public last night, shows a further gain, both in gross and net. The gross for the month was \$1,773,822, the operating expenses were \$767,382, leaving net earnings of \$1,006,440. Since the formation of Brazilian there have been three monthly earnings statements handed out. These compare as follows:

	Gross	Expenses	Net
November	\$1,773,822	\$767,382	\$1,006,440
October	1,770,151	787,853	1,002,298
September	1,628,288	777,287	851,001

The aggregate gross earnings from the first of September are \$5,235,106, and the aggregate net, \$2,954,561.

## RAILWAY EARNINGS SHOW BIG INCREASE

Canadian Roads Report Gain of Thirteen Per Cent--U. S. Showing Only Fair One.

Gross earnings of all Canadian railroads reporting to date for the first three weeks of December show a gain of 13.1 per cent, as compared with the earnings of the same roads for the corresponding period a year ago. On the other hand, these roads making weekly reports to Dun's Review aggregating for the first two weeks of December \$2,308,337, a gain of 3.8 per cent, as compared with the earnings of the same roads last year. In the south most of the leading systems report a substantial expansion. In the west and southwest several important roads that some weeks have made pronounced gains report a slight contraction for the first two weeks of December, but this is probably only temporary, as business apparently continues active in the territory they serve. On the other hand, these losses are considerably more than offset by the increased returns made by other leading lines. Earnings of roads so far reported from other parts of the country are fairly well maintained, and some of them show pronounced increases. The following table are given the gross earnings of all United States railroads reporting to date for the first two weeks of December:

	1912	1911	Pct.
Dec. 2 weeks	\$15,908,327	\$15,406,983	3.8
Nov. 2 weeks	15,822,490	15,406,983	3.5
Oct. 2 weeks	15,522,184	14,679,109	4.1

## PORTO RICO SHOWS SMALL INCREASE

The Porto Rico Railway Company, Limited, has issued the following comparative statement of earnings for November:

	1911	1912	Inc.
Gross	\$64,198 23	\$70,477 57	\$6,279 34
Net	31,292 02	31,960 79	668 77
For 11 months	680,611 67	755,837 10	75,225 43
Net	316,583 01	329,255 22	12,672 21

## FAILURE RECORD IS MORE SATISFACTORY

The failure record last week was highly satisfactory, with Canada and the United States showing a big falling off in commercial mortality. In the Dominion failure for the week numbered 25, against 47 the previous week, 37 the week before that and 39 in the same period last year. Across the border there were 105 failures, as against which compared with 353 the previous week, 356 the week before that and 281 in the corresponding week of 1911.

## EUROPEAN BANKS CONSERVING GOLD

"Gold," writes a correspondent from the Paris market, "is getting scarce, and the Bank of France is doing everything in its power to protect the reserve. Most payments are being made in paper, and in government securities--at postoffice, for instance--no payments are made except in paper."

## ABANDONS ENGLISH FOR U. S. CHARTER

NEW YORK, Dec. 30.--J. & P. Coats, Inc., of Pawtucket, biggest thread manufacturing concern in the world, has abandoned English charter and incorporated under Rhode Island laws, with capitalization of \$5,000,000, of which \$100,000 is 6 per cent cumulative preferred dating from Jan. 1, 1912. Dividends will be payable semi-annually.

## ONE MONTH'S DROP IN LONDON MARKET

The monthly compilation of the Bankers' Magazine of aggregate value of 387 securities dealt in on London Stock Exchange shows decrease for December of \$25,848,000, or 0.8 per cent, following increase of 0.6 per cent in November. South African mines showed largest decline, 4.6 per cent, while Americans fell off 2.9 per cent.

## RALLY AT NEW YORK AFTER EARLY SLUMP

Attempts to Depress Prices Further Met Solid Resistance, But Stocks Weakened Again at Close.

## EASIER MONEY RATES

Call Rates Broke Sharply During Day--Large Copper Sales Strengthened Group of Industrials.

NEW YORK, Dec. 30.--Quotations of stocks turned downward rather sharply for a time during the early trading today on a continuance of the bear selling which affected prices on Saturday. Traders had few facts to work on in the way of new developments, and although they favored the short side of the market, the downward movement developed little breadth. Selling was concentrated largely on the three leading issues--Reading, Union Pacific and Steel, each of which was pressed a point, but losses among most of the other prominent stocks were confined to fractions. Before the end of the first hour the decline was hurried and prices gradually worked upward until shortly before the close, when the list eased off in sympathy with a break in International Pump. Both the common and preferred fell 7 points.

**Scattered Liquidation.** There was some evidence of scattered liquidation among minor industrials and high-priced investment stocks. American Express sold down to 150, the lowest price for 12 years. The copper stocks were strengthened by the announcement of large sales of the metal. Call money opened at 6 per cent, and although 7 per cent was quoted later the rate fell off sharply before the end of the day. The rate, as compared with 12 per cent, on Friday.

## LONDON MARKET IN CHEERFUL MOOD

Money in Strong Demand for Year-End Requirements--Paris and India Bought Gold.

LONDON, Dec. 30.--Money was in demand for year-end requirements today. Discount rates were firm. Paris bought \$2,000,000, and India \$500,000 of the new 5 per cent Treasury notes in the open market. There was no demand for the remainder.

The settlement was concluded without trouble on the stock exchange, but business was quiet pending the peace conference developments. Paris sold its favorites early, but bought, moderately, in the late afternoon, while the rest of the market suffered from light trading. Rubber and oil shares were steady excepting a few fluctuations. American securities were quiet and steady during the forenoon, when light covering advanced prices a fraction. The market eased off in the early afternoon, but New York support caused a recovery late in the day, and made the closing steady.

## ADVERSE FACTORS OF COTTON SITUATION

Year-End Position of the Staple is Sound, But Future Must Be Watched.

Neill, Beatty & Co. had the following: The cotton situation at end of year would look to be very healthy, one, but with a political administration with ideas of tariff revision which would undoubtedly apply directly to the cotton goods industry, and with present political situation against capital and with a money stringency developing here, or elsewhere, the cotton market might change into a very different one. These latter factors will be watched with considerable interest by the trade.

## JOHN BULL CARRIES WIDE-OPEN PURSE

Despite Stringency in Money Markets, New Securities Are Being Poured Out.

In spite of the European money stringency that has dated from the outbreak of the Balkan war, at the opening of October offering of new securities on the London market has been carried forward at an active pace. From October 1 to the middle of December, the securities offered for subscription at London amounted to \$268,900,000. That total was not so large as the \$298,000,000 total of the same period last year, but it exceeded the total of \$282,000,000 for the same eleven weeks of 1910, and was far ahead of the \$142,000,000 total of 1909.

## OPPORTUNITIES FOR SHREWD INVESTORS

Securities have recently undergone a marked shrinkage which fairly discounts all known unfavorable influences. The present seems particularly advantageous to the shrewd investor, because many securities of undoubted strength can be purchased at prices assuring good returns. It is a time for boldness and discrimination.--Henry Cluwa.

## GREAT GROWTH OF CANADIAN ROADS

While Canada Made Record Progress, United States Was Lagging--Record of Construction.

There were 2232.10 miles of new railroad constructed in the Dominion of Canada during 1912, according to the estimates of the Railway Age-Gazette, the leading authority on the subject. Twenty railway companies were responsible for this work. In 1911 the new mileage was 1898, when there were 19 companies building.

That the construction of new railroads in the United States fell to the lowest ebb in 15 years during 1912 is brought out in the annual compilation of data by the same authority. Curiously, the year's orders for locomotives and freight cars were the greatest in aggregate in 1906. Between two and three times as many freight cars and locomotives were ordered in 1911. From this and other data, the Age-Gazette concludes that capital is retreating to some extent from the railway industry, but that "the prosperity of the last half of 1912 is taxing railroad facilities heavily."

## C. P. R. ONLY WEAK SPOT AT MONTREAL

Canners Were Quiet After Recent Rocketing, But Scored Advance.

MONTREAL, Dec. 30.--Apart from C. P. R., which was heavy on the outside markets, leading stocks here displayed firmness today, and the market closed with fractional advances. Power and Detroit closed 1-2 higher on the day, Steel 3-8 higher, Textile and Woolen 1-2 higher, and C. P. R. was low as 258 3/4, a loss of 1-2, but rallied to 258 1-8 and closed higher offered at 257 1-8, with 257 1-8 bid.

The market was largely under the spell of holiday conditions and business was quiet. The most active stock, which ranked as the most active stock, was dealt in to the extent of only 400 shares.

One feature to the market was some activity and strength in the non-dividend paying stocks, the movement here being an outgrowth of the favorable outlook for the year-end requirements of last week. Canners were quiet after unusual activity thru the last two weeks. The price list trading advanced to 84 1/2, and sold at the day's highest in the last transaction. Spanish River common rose two points to a new record of 59, and Canadian Cotton common rose 3 1/4 to 34.

## PROSPERITY SHOWN BY BANK CLEARINGS

Record for Both Canada and United States Reflects Remarkable Expansion in Trade.

Bank clearings in the Dominion of Canada last week totaled \$168,977,644, against \$138,878,004 for the corresponding week of last year, a gain of 21.5 per cent. The previous week the gain was 18.7 per cent.

Clearings across the border are maintaining sustained improvement over the records for previous years, last week's total, over two years, being \$1,271,978,106, a gain of 11.9 per cent, as compared with the same week last year, and with the same week of the corresponding week in 1910. The increase of 12.3 per cent over last year and of 19.1 per cent over the corresponding week of 1910, are especially notable, because of the exceptional quietness here, or elsewhere, in the money market as compared with the corresponding weeks in 1911 and 1910, and the fact that the volume of current transactions in ordinary commercial and industrial checks, the total of the outside cities also makes a very favorable exhibit, with increases of 17.7 per cent and 21.1 per cent, respectively, as compared with both years.

## THE FINANCIAL REVIEW.

The appendix to the annual Financial Review, published by Houston's Standard Publication, 7-9 East King street, made its appearance yesterday. This is one of the most valuable works of its kind obtainable, being, as it is, a compendium of statistics and other information of interest to business men, and is a supplement to it, giving a summary of the financial statements of the various companies forthcoming in the last six months, as a sign of the general condition of the industry is increasing in size with every issue, this being due to the inclusion of matter on so many new companies. The book is a concise reference to the securities listed on the Toronto and Montreal Stock Exchanges, and is a virtual necessity to the business man, as well as to every investor and speculator.

## HOLIDAY DULNESS IN MINING MARKETS

Cobalt List Holds on Even Keel, and Show of Moderate Strength is Made.

## PROSPECTS FAVORABLE

Slight Reaction in Prices Has Strengthened Technical Situation--Public Interest More Manifest.

The mining market drifted back into dulness yesterday, the trading movement being apparently under the influence of the approaching holiday. While there was no such speculative enthusiasm as that which characterized the recent bulge in evidence, nevertheless the list maintained a decidedly firm undertone, with just enough irregularity in the price trend to prevent the formation of any definite idea of the underlying disposition.

Some round half dozen of the Cobalt stocks which have been prominent of late showed a tendency to better their position at the improvement was so small as to be indicative of nothing other than that the favorable undertone was still in effect. Beaver, Chambers-Parland, Timiskaming City and Harrison Lake ranged between 20 and 20 3/4, with the closing bids at 20 1/4, thus evidencing a slight upturn for the day.

In the Porcupine list the speculative movement was dormant, and beyond small dealings in the usual favorites, nothing of interest occurred. Pearl Lake held its recent gain without any trouble. Jupiter was quoted up a fraction to 38 1-2, Crown Chartered sold off to 1-2, thus duping its recent high record. Hollinger sold at \$15.50, a loss of 35 points, but was not off under \$15.85 at the close. Real Estate was up a point to 20 1/2.

The market has been passing thru a resting period during the last few days, and the slight reaction which has occurred will likely be a narrow range during the next few sessions, but with a revival of active trading should come in for another upturn. Everything points to a strong and active market next month.

## NEW SILVER FIELD WEST OF COBALT

Auld and Cane Townships Look Up as Coming Producers--Ontario Farmers Make Strike.

COBALT, Dec. 30.--In Auld and Cane Townships, situated about 15 miles northwest of Cobalt, a belt of silver-bearing rock has lately been discovered, starting about the center of Auld and running in a northeasterly direction with the second concession in for another upturn. Everything points to a strong and active market next month.

There are quite a number of veteran claims in these townships. A farm on the Cornwall, Ont., happened to own one of them, and hearing so much about the silver in Cobalt, he organized a syndicate to dig for silver on his farm, and they were lucky enough to drive a tunnel in the side of a diabase mountain, and while they were only 40 feet they have bagged 40 or 50 bags of silver ore from a six-inch catch vein which shows the native silver quite plentiful.

This started others. A veteran named Hitchcock, also from Cornwall, who owned a silver claim in lot 3, between the Cornwall and Auld, happened to work in and two months had a native silver showing in fairly good quantities in seven veins. Very little was said about these discoveries, but a few of the old-time prospectors got in and have staked all the open ground.

## BRITISH CAPITAL FOR COBALT CAMP

The Cobalt Finance Trust Co., Limited, has been formed to operate in London in the interest of Cobalt mining properties. This company holds claims in and around Cobalt, and is now adjoining the Cobalt mine near New Liskeard.

## PRICES RULING AT ATTRACTIVE LEVEL

There has been a fair recovery from the low point, but the market enters the present stage at a most attractive level for purchases. High rates attending the adjustment of the year-end settlements will probably keep the stock market dull, and it is hardly to be expected that any pronounced movement will take place until the Union-Southern Pacific plan for separation is given out by the supreme court and a decision in the Minnesota rate case is recorded.--J. S. Satche and Co.

## TWIN CITY EARNINGS.

For the third week of December the earnings of the Twin City Rapid Transit Company were \$167,262, an increase over the corresponding period last year of \$19,241, or 7 per cent.

**CHICAGO MORE SO**  
Reported Russian Wheat Corn  
CHICAGO, Dec. 30.--The Russian wheat crop is reported to be 1-3/4 times as large as the American crop, and the corn crop is reported to be 1-1/2 times as large as the American crop. The Russian wheat crop is reported to be 1-3/4 times as large as the American crop, and the corn crop is reported to be 1-1/2 times as large as the American crop.

CHICAGO PIT HEARS MORE SCARE RUMORS

Reported Fresh Mobilizing of Russian Troops Gives Wheat Sharp Upturn—Corn Strengthened.

CHICAGO, Dec. 30.—Statements that Russia had resumed the massing of troops on her southeastern frontier gave the wheat market today a break upward. The close was nervous as rumors varying from a shade of relief to a brief time gain. Latest trading left corn 1-1/2 to 1-3/4 up, oats ranged from Saturday night's level to 1-3/4 up, and wheat, with irregular advance, advanced 1/2 to 1-1/4 to an increased cost of 17 1-2.

More than a million bushels of wheat was bought in a brief time by British speculators as a result of the warlike rumors, and because of the assurance that the Russian advance was a bluff. The resulting advance carried prices from the low point of the session to the top. Increased estimates of the Argentine wheat crop, which had previously wiped out part of the gain, and the fact that the wheat market had recovered in consequence of light wheat shipments, a bulge in the visible supply total was also tending to bring the bears advantage until sentiment had a quick change on account of the warlike rumors.

Wet weather put backbones into the market, despite increasing stocks. Cash gains were steady. Oats gave evidence of congestion in the December delivery, and were also being governed by the course of other cereals.

In the provision trade it was generally believed that the packers were also buying next month's offerings and were re-selling for May.

Receipts of wheat at northwest points with usual comparisons, follow:

World's Shipments. The weekly shipments, with usual comparisons, follow:

Wheat. This week, 10,480,000 bushels, last week, 9,800,000 bushels; total year to date, 4,056,000 bushels; last week, 4,052,000 bushels; last year, 3,588,000 bushels.

Wheat—Primaries. Yesterday, Wk. ago. Receipts—1,284,000 1,846,000

ARGENTINE PROSPECT FAVORABLE. Argentine: Broomball cables wheat and corn are abundant as far as the yield is concerned and a very large amount of wheat is gathered.

ST. LAWRENCE MARKET. Owing to the rain storm there were no receipts of farm produce, consequently the prices given in table are nominal.

Winnipeg Markets. Open.High.Low.Close. Prev. Wheat—82 1/2 82 1/2 81 1/2 81 1/2

Chicago Markets. J. P. Eckel & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:

Wheat—Open.High.Low.Close. Prev. May—91 1/2 91 1/2 91 1/2 91 1/2

FARM PRODUCE WHOLESALE. Hay No. 1, car lots, \$14.00 to \$14.50

CHICAGO GOSSIP. Erickson Perkins & Co. (J. G. Beaty) writes: The market being still so largely of a professional character, fluctuations chiefly dependent upon such operations, as there is absolutely no news

SPECIAL SALE OF Broderick's Suits

Perhaps you have in the past taken advantage of our annual January sales, and know what they mean. But if you have not, it is a good opportunity to become acquainted with the largest and most progressive tailoring establishment in Canada.

Beginning January 2nd, we place on sale at our Uptown Branch Store, 784 Yonge Street (open evenings), and at our Main Store, 113 King Street West, all our regular \$45.00, \$40.00, \$36.00, \$31.50, \$27.00 and \$25.00 genuine Scotch, Irish and West of England tweed suitings at

\$22.50

To say that you can buy a suit that sells regularly at \$45.00 for \$22.50, may to some seem an extravagant statement, but it is easy for you to prove the truth of our statement by visiting either of our stores—it will mean a great saving in clothes expense to you.

All of our suits are designed without reference to price, and are produced in our own exclusive workshop, under personal, expert supervision.

Regular \$45.00, \$40.00, \$36.00, \$31.50, \$27.00, \$25.00.

SPECIAL, \$22.50

Dividend Notice. THE STANDARD LOAN COMPANY

Notice is hereby given that a dividend of three per cent. for the half year ending 31st Dec. 1912, being at the rate of six per cent. per annum upon the Paid-up Capital Stock of this company...

Opening prices were unchanged to 1/2 higher, but weakened later, recovering somewhat at the close, which was 1/2 lower for December and 1/2 higher for May and July.

Cash demand was fair for No. 8 northern and lower grades, but little enquiry for the higher grades. Offerings were heavy and exporters buying for all-shipments and to combine storage hoast.

It is claimed that a greater volume of cash business could be transacted if shipments could be made more promptly and the all-rail routes.

Oats and flax were quiet and prices were unchanged to 1/2 higher.

Seven hundred cars were in sight for inspection today.

Wheat—No. 1 northern, 81 1/2; No. 2, 78 1/2; No. 3, 75 1/2; No. 4, 72 1/2; No. 5, 69 1/2; No. 6, 66 1/2; No. 7, 63 1/2; No. 8, 60 1/2.

## A Grand Boot Combination

### Victor Boots FOR MEN

Their perfect fit, lasting shape, choice material and custom workmanship need no special mention. Our "Victor" Shoe customers know these things—others can only know by wearing the shoes.

We carry all kinds of shoes, but when we have fitted you out in a pair of "Victor" Shoes, we somehow feel more contented, because we know you have bought the best shoes made.

The new Winter styles for dress and street wear are unusually attractive, made in all leathers, sizes and widths.

**4.00 4.50 5.00**

Here is a store where we take genuine interest in seeing that you are properly fitted with shoes that suit your individual taste; a store where prompt, courteous attention prevails—always.

### "Classic" Boots For Misses and Children

Fifty thousand dollars' worth of "Classic" Shoes for misses, children and infants in stock at one time should be convincing evidence of their superiority. They are made in all leathers and combinations of leathers on the "back to nature" lasts, that has made them famous from coast to coast.

"Classic" Shoes carry the Robert Simpson Company's broad guarantee: "Your money back if you want it." We would like to show you some of the newest models on sale now.

### "Queen Quality" Boots For Women

"Queen Quality" Shoes have more wearers, and more loyal ones, than any other shoe in the world. The factory's capacity is 5,000,000 pairs a year! Think of it!

The moral is plain. No shoe could possibly achieve such tremendous popularity unless it was in every way worthy of it.

We have the sole agency for this famous shoe, and you, therefore, are assured of the very newest styles and best possible fit.

An early inspection is invited.

We now have ready an inviting array of "Victor," "Queen Quality" and "Classic" Shoes for morning, afternoon or evening wear, for indoors or out, in every popular size and width. This is a good time to test our service.
