"A GREATER TORONTO AND A RICHER ONTARIO"

A Railway Policy for the Province

MONTRÉAL REAPS WHERE ONTARIO HAS PLANTED

Wealth of Newly-Opened North Country Diverted to West-East.
IS TIME TO ORGANIZE
Says Claude Macdonell, M.P.—Need for Reorganized Railway System.

The people of Ontario should: (1) Save the north country by an Ontario national road. (2) Connect up with the trans-continental railways thereby. (3) Bring the I. C. R. to Toronto. (4) Make Toronto harbor a factor in ocean and great lake navigation alike. And—and this is the matter requiring immediate and vigorous attention—(5) Insist that the passenger and freight traffic of Ontario shall be managed and controlled in and from Toronto, instead of from a rival city in Quebec.

The World's campaign for Greater Toronto and the demand that the railways of Ontario shall not be used to build up Montreal at the expense of Toronto has awakened a lively interest and from all sides come words of commendation and encouragement.
Claude Macdonell, M.P., took the first opportunity to pledge his hearty support. "The citizens should call meetings and organize," said Mr. Macdonell, "before it is too late. The three trans-continental railways are crossing the continent far to the north of us. The Dominion government has apparently decided that Montreal shall be the terminus of all ocean-going vessels. During the past session Montreal and Quebec received \$20,000,000 to promote their trade facilities, and Toronto, \$50,000,000. I consider that the World's policy, respecting a provincial railway from Toronto to Hudson Bay, is of such immediate importance that the citizens should organize, and that the civic authorities should take action and confer with the Ontario government before the next meeting of the legislature, so that the work may begin in 1908."

Mr. Macdonell discussed other phases of this general subject, and which will be referred to in future articles.
The World has pointed out repeatedly that if the north country is to be saved to Ontario it must be thru the Province of Ontario adopting a comprehensive national policy, including a provincial railway and telegraph line from Niagara Falls via Hamilton, Toronto, North Bay and the Cobalt to Hudson Bay. As matters stand, the province of Ontario opened up by the lavish expenditure of old Ontario is being diverted to Montreal.
Meanwhile the necessity for local, enterprising, intelligent and sympathetic administration of the railways

Continued on Page 7.

THE WILD MAN DOES NOT LIKE CHAINS.

The World's Wild Man saw the Horse Show from the steel-laced riders of the archery roof. He is afraid of horses and regards them as of less brain power than men, and therefore the less reliable of the two. He watched some women, some men, taking the hunters over the jumps, and the substance of his conclusions was that nearly every horse that failed, failed because of a mistake on the part of the rider. In other words that when trouble came the horse and the rider were separated; sometimes they were separated and they both got over all right—in that case it was the horse's credit. What the Wild Man meant by being separated was that a good performance is made by horse and rider acting in unison, the man directing with his hand, his body, his heel, most of all by his personality, uniting with that of the animal, and the two making one intelligent jumping machine. When, however, the reins fell loose going over a jump, where the pressure, loose or touch between the two is shattered, then you may expect a mishap, a fall, a stumble or a roll off. "It's the pulse of intelligent touch," said the Wild Man. But when he heard the clanking chains on James Murray's pair of reins he was so terrified that he imagined a new kind of demon was out to hunt him and he got quickly away to the Esplanade and from there to a hotel that he sometimes frequents near the shore of Ashbridge's Bay. Horse shows hall no more attractions for him, and as for the bright and perfumed personages in the boxes, he thought of them as taking great risks from a wild horse jumping in among them.

TO TRANSMIT POWER.

The World understands that the hydro power commission are preparing for the distribution of the Niagara energy on extensive scale. As soon as the contract is signed with the Ontario Power Co., on the terms as set forth in Saturday's World, it is intended to commence the construction of a transmission line into Western Ontario. So far have plans matured that it is confidently expected that the commission will be able to supply Niagara power as far west as Windsor and Sarnia in another year.

MILK DEALERS ASK CONFERENCE

Will Meet Producers This Morning to Discuss Settlement.

Many citizens went without milk yesterday, and many more will go without today, but a settlement will probably be made by noon to-day at a joint meeting of the milk-producers and the milk-dealers' representatives. This meeting was asked for by the milk-dealers, and they will probably suggest a compromise to settle the difficulty. The strike has fallen hard upon the small dealers, who have had great difficulty in obtaining milk enough to supply their customers' needs. Complaints having been made by different citizens, that they had been unable to get their usual supply. The World called up ten different citizens at random in different parts of the city. The first was a lady on Concord-avenue, who said she had received but half a pint of milk daily for four days, the other standing order was for one quart. Her dealer, he noted, is among the men who have declared their ability to take care of their customers' needs. The next, a lady on West Macdonnell-street, said she had gotten her full supply regularly, as did also a family on St. George-street. The fourth, a lady on Carlton-street, has been in the habit of buying cream from one firm and milk from another. Yesterday the cream made its usual appearance, but the milk was missing. Got Full Supply. A lady on Spadina-avenue told the World she had daily got both milk and cream from her dealer, but that her neighbors on both sides were without either. The next four were residents of Eglinton, Maple-avenue, Rusholme-road and Howard-street, and had all been receiving their usual supplies and had no complaints. The last enquiry secured the most interesting story of all. It was from a resident at the Beach. "Any difficulty over the milk?" reported a man's voice. "Well, the only difficulty is that it made the baby sick two days ago, my wife sick yesterday and myself to-day. It seems chock full of chemicals, and I'm going to send a sample to the health officer. It doesn't look like ordinary milk, and it has a sticky smell," the voice went on. "It's more like chalk and water than milk, and like the stuff they sell in cans thinned out, and has the same sickly smell." The man's voice, vengeance on the firm who sold the alleged milk to him. This random enquiry looks as if half the city is being supplied with milk regularly, and the other half is not. Display "No Milk" Sign. The World passed six small dairies in the evening, all of which were closed, three having a notice; "No milk" displayed. "Milk galore on Monday morning," is the sign which a Spadina-avenue grocer is displaying. He has been a surprise to the neighborhood since Wednesday, for he has been receiving a good supply of milk from somewhere. Saturday night early arrivals were told to be back at 10.30, by which time there were nearly half a hundred anxious customers in line. A light delivery wagon brought in enough for everybody. One man had a big-sized waterpail. "You'd have one this size, too," he explained, "if you hadn't had a drop of milk for three days."

THE LOQUACIOUS HIRED MAN

FARMER WHITNEY: You're probably right, Adam; but get to plowing. We're got to work new—not talk.

Find Marvin Boy Dead With Murder Suspected

Body Not Marked But in a Spot Which Had Been Thoroughly Tramped and Burned Over.

DOVER, Del., May 5.—Lying in a marshy place of land, the body of little Horace Marvin, son of Dr. H. N. Marvin, whose mysterious disappearance from the Bay Meadow Farm, near Dover, had baffled solution since March 4, was found on Saturday about half a mile from the Marvin farm by Ollie Pleasanton, a farmer. Pleasanton, who lives on a farm adjoining the Marvins', came upon the child's body while out gunning. The body lay face downward in a patch of meadow grass. There was not a mark upon the little boy's body, indicating foul play. It was in a good state of preservation, suggesting that it was frozen. Pleasanton says he saw the body at a distance of 20 feet. Yesterday several gunners passed over this land, but none saw the body, if it was there. The spot where the body was found is midway between the Marvin home and the Delaware River. When Ollie Pleasanton came upon the child's body he found the clothing intact. The tiny woolen sweater was buttoned up securely about the body and not an article of clothing which he had on when he disappeared over the face and the mittens were on his hands. Dr. Marvin says he searched the same marsh nearly every day after the child's disappearance, and with detectives burned grass off the place four weeks ago, but saw no signs of the body.

In Frequent Places. The theory that the body was recently placed where it was found is supported by the fact that Dr. Marvin, as well as detectives, stood on the spot, where they burned the tall sage grass from it. Further than this the marsh has been trampled over, time and again, within the past week, by neighbors, and no sign of the child was seen. Dr. Marvin ran to the place described by Pleasanton and gently poked the little form, pulling the cap from the face to make sure that it was his boy. Being satisfied that it was his son, the doctor wrapped the body in a sheet and carried it to the house, where he notified the family. The doctor would not allow an examination to be made by anyone until the coroner and a physician had made a full and complete investigation of the affair. Attorney-General Hastings and Detective Archibald, simultaneously a descent was made on the rear, where P. C. McIntosh (25) was stationed. This none could escape from the building. Meanwhile Plain Clothesmen Armstrong and McMenomy, with P. C. Kennedy (9), and P. C. Reeves had entered at the front.

HINDUS HOSTILE TO EUROPEANS

Quick to Show Violence—Outbreaks Are Spreading. Simla, British India, May 5.—Racial animosity is undoubtedly becoming increasingly manifest in parts of Northern India. The Hindus, particularly the educated and student classes, are hostile to the Europeans, any unpopular act forming a pretext for attacks on inoffensive and unarmoured Europeans. That the movement originating in Bengal has spread to the Punjab is evidenced by the outbreaks, trifling in themselves at Harwar, India. The situation is being carefully watched, and incitement to violence is rigorously repressed.

Chinese Lottery Game Raided by the Police

Sunday Afternoon Descent on York-street Grocery Lands 20 in Cells—Lots of Money in Crowd. Headed by Inspector Davis a squad of eight police from No. 1 station gathered in 21 Chinese in a raid on the Shing Yutah & Co., Chinese groceries, 190 York-street. The raid was timed for 3.30 o'clock yesterday afternoon, and executed with such complete secrecy that the Celestials were caught in the act of operating a lottery. Of the number taken Win Chou and Chong You are charged as keepers of a common betting house, while the rest are charged with being frequenters of the same. The prisoners were removed to No. 1 cells in the patrol wagon, taxing that conveyance to capacity on two trips. No Chance to Escape. Magistrate Kingsford attended at the station, and the keepers were admitted to bail in the sums of \$500 each, while \$200 a throw sufficed to release the frequenters. All will appear in police court this morning. At the hour appointed Inspector Davis entered the front door of the building, followed by Sergt. Allison and Detective Archibald. Simultaneously a descent was made on the rear, where P. C. McIntosh (25) was stationed. This none could escape from the building. Meanwhile Plain Clothesmen Armstrong and McMenomy, with P. C. Kennedy (9), and P. C. Reeves had entered at the front.

LUCKY 25 AT PRESENT LEADING IN RACE FOR "TRIP TO LONDON"

What One Week Has Done—There Are 4 Score Other Candidates Who Will Be Heard From in Earnest Before Monday Next.

DISTRICT NO. 1

Standing of the First 25 Candidates in the City of Toronto

| | |

| Mrs. A. H. Briggs, 178 George-street | 3020 |
| Miss A. M. Law, the St. Leger Shoe Store | 2203 |
| Mrs. Matthew Clarke, 34 Henderson-avenue | 2052 |
| Miss Vera Weeks, 614 West Queen-street | 1500 |

DISTRICT NO. 2

Standing of the First Six Candidates in the City of Hamilton

| | |
|--|--------|
| Miss Olive Board, 102 Pearl-street | 11,014 |
| Miss Minnie E. Corner, 9 Peter-street | 6920 |
| Miss Maud Smith, 253 Bold-street | 6000 |
| Miss Minnie McGill, 88 Steven-street | 3012 |
| Miss Tyson, 55 Cathcart-street | 1330 |
| Mrs. Francis Carroll, 104 North James-street | 441 |

DISTRICT NO. 3

Standing of the First Eight Candidates in the Province of Ontario at Large

| | |
|--|--------|
| Miss M. A. Allin, Whitby, Ont. | 30,281 |
| Mrs. H. F. Mann, Alliston, Ont. | 12,119 |
| Miss Fannie Bryan, Whitby, Ont. | 11,350 |
| Miss Jessie L. Robertson, Toronto Junction | 9000 |
| Miss Deedie Smyth, Toronto Junction | 8200 |
| Miss Minnie Rayson, Brampton, Ont. | 6961 |
| Miss Nita Lawrence, Eglinton, Ont. | 1514 |
| Miss L. M. Griffin, London, Ont. | 706 |

The standing of the first 25 candidates in the Trip to London contest is given above. It marks the beginning of an increased interest and an added impetus in the greatest voting ever undertaken by a Canadian newspaper. It means that from to-day on each contestant in the race will be forced to extend every ounce of energy to hold her position in the field. The standing of the candidates represents a remarkably well balanced field. Each and every woman is within hailing distance of the leaders, and the coming week will undoubtedly bring about many surprises. Among the nominations received by the Trip to London Editor it is safe to say that there are a number of "comers." It is stated by the friends of a young lady who ranks away down on the list, that she will pour in votes during the week that will bring her to the front by leaps and bounds. A number of candidates are reserving their votes until the last moment. Tuesday and Wednesday will bring in thousands of votes for candidates whose standing is not given on the above list. From the first day of the contest Miss Ethel Vogan has set a terrific pace. Her army of friends have rallied around her with a remarkable strength, and she bids fair to show great popularity. Within close range of the leader and certain of displaying great strength during the week is Miss Ida Vandemark of Williams' Cafe, who has polled 36,893 votes during the past week. The Robert Simpson Company is well represented by Miss Lizzie McGregor, who has polled 32,192 votes. Miss McGregor is one of the most popular young women in the great department stores, and the army of employees, who are mostly her friends, are rallying around her with great devotion. She is firm of the opinion that she will make the two leaders travel at a tremendous pace to keep in front.

The battle of ballots in Hamilton is in its infancy as yet, but the next few days will result in a number of changes and additions. Miss Olive Board is in the lead, but there are also a number of "others" in Hamilton who are certain of displaying strength during the coming week. In the province at large, district No. 3, the contest has but commenced, and it really is impossible to prophesy for the future, as a number of women who will be strong contestants have not yet sent in their nominations. Miss Allin has secured a good start, and is confident of holding her lead, but Miss Jessie E. Robertson promises to come to the front in a day or two. To the women of Ontario, to the candidates who have entered the race, to those who contemplate doing so, it is well to bear this fact in mind. Every vote counts. EVERY COUPON COUNTS. Have you started clipping? To those who have not entered the race: Remember, that the race has but started. Send in your nomination blank and then start to work. Also bear this fact in mind, that it is continuity of purpose that will win. Who doesn't this Trip to London mean to the successful candidates? Isn't it worth while?

Your Wedding Flowers. See Jennings' roses; beautiful blooms on long stiff stems. 123 W. King St. Phones M. 7210 and Park 1637. 135

A Platform For Greater Toronto

(1) Take into the city all the Township of York, south of St. Clair Avenue. This to include Toronto Junction, North Toronto, East Toronto. (2) Complete the national railway from Toronto to Hudson Bay at the earliest date. (3) Centre the administration of the railway transportation of Ontario in Toronto, not Montreal. (4) Public ownership applied to the distribution of electrical energy for Toronto and all Ontario.

[The World will be glad to receive suggestions as to other planks for the development of Toronto and the province.]

BROWN SOFT HATS

Surprisingly popular for spring wear are soft hats in fawn, beaver, tan and medium brown. The shapes we show come from such makers as Scott, Stetson, Borsaline, Mallory and Christy—hatters who are leaders in hat fashions in Europe as well as in America. Prices \$3.50 to \$5.00.

MOLT RENEW & CO

5 King Street East. The brewers in Pilsen, Bohemia, use the same formula as is used in brewing the famous PILSENER Lager. "The Light Beer in the Light Bottle"

Money in the Bank

L. E. Austen has issued a writ against the Windsor & Cobalt Mining Company, and John Scott, claiming, as assignee of one B. H. Rothwell, the sum of \$5000 for commission on the sale of certain property, and also \$10,000 damages for the breach of a certain agreement. The plaintiff further claims an injunction to prevent the defendants from distributing any moneys on deposit to the credit of defendants in the Traders' Bank at Windsor, without making provision for the plaintiff's claim.

Action Settled

When Gavin McIntosh began an action against A. A. McIntosh, the latter admitted he was indebted to the plaintiff for the sum of \$165.40, which he paid into court. Gavin refused to accept that sum and the action was set down for trial at North Bay. Before the case came up a settlement was arrived at by the defendant agreeing to pay \$400 in full of claim and costs. An order has now been granted by the court allowing A. A. McIntosh to get the \$165.40 out of court.

Building Encroaches

Mary Jane McConkey has begun an action against Elizabeth Jane Cawthra and John Scott, claiming, as trustees, and Henry Victor Holton, Cawthra and Edmund Bristol, trustees, and Elizabeth Jane Cawthra, to recover possession of certain moneys on deposit in the Traders' Bank at Windsor, and for a mandamus compelling defendants to remove certain buildings from the lands, and to recover possession of the buildings, and to allow the plaintiff to encroach on the lands of the plaintiff.

Does the Morning World reach your home before 6.30?

If it does not, send in a complaint to the circulation department. The World is anxious to make its carrier service as nearly perfect as possible.

MAIL FOR NEW ONTARIO

Early and prompt mail delivery for New Ontario is one of the conveniences that would add to the comfort of the citizens of that district. A letter posted in Toronto before 9 o'clock at night goes out on the 11.30 train, gets into North Bay next morning, and arrives at its destination in Cobalt that afternoon.

THE FARMERS ARE RIGHT

Breakfast without milk is not relished by the citizens of Toronto. Whom will they blame? The farmers' fight for a \$10-a-can is a just one. Considering the increased cost of labor on the farm, and the high price of feed, the demand for fifteen cents increase in the price of an eight gallon can of milk is reasonable. The dealers, the middlemen, have been getting the better end of the bargain, and now that the farmer is asking for his own, or a part of it, the dealers cannot hope for public sympathy.

TALK OF LYNCHING NEGRO

CALGARY, Alta., May 5.—Thomas Rife, a big tusked negro, was arrested here Saturday morning on the charge of criminal assault on a little German girl, ten years old. Rife is about 37 years ago. There was some talk of lynching, but the man who tried to work up the party said he could not find enough Americans in town to join.

BURLINGTON FLYER WRECKED

MANHATTAN, Mont., May 5.—A westbound Burlington flyer was wrecked just east of Manhattan last night by running into a handcar. The locomotive, the baggage ear and the smoking car landed in a dilled fireman Harry Gilmore was killed. More than 25 passengers injured, some seriously.

Wellington Old Boys

At a meeting of the Wellington Old Boys' Association on Friday night Dr. E. Herbert Adams presiding, it was decided that the present Duke of Wellington be made honorary president. Rev. J. J. Hill, Joseph Hobson, D. D. Mann, Senator McMullen, S. R. Dales and S. F. Kilgour were elected honorary vice-presidents. Rev. James Thomas was elected chaplain. A committee will arrange for a picnic or excursion.

Child Dies Suddenly

BROCKVILLE, May 4.—Henry Herbert, two-year-old son of Peter and Mrs. O'Brien, died suddenly. The child was tumbling about the house with four other children when suddenly he dropped to the floor and died in a few moments.

Des From Exposure

BROCKVILLE, May 5.—(Special.)—William Cook, a laborer employed at Wells Island, lost his life as the result of falling from his boat. He was accompanied by two other men, who were returning from Alexandria Bay, and when near the island lost his balance. He was in the water a considerable time and died from chill and exposure.

BUCKET SHOP MAN STOPS BUSINESS AND PAYS UP

President of Canadian Stock and Grain Co. Settles to Avoid Prosecution.

WINNIPEG, May 5.—(Special).—Geo. W. Wood, president of the Canadian Stock & Grain Co., the man who is now under bonds awaiting trial on two charges of running a bucket-shop in Winnipeg, and one of the theft of \$1000 margin put up by J. Carriek of Fort William in a stock deal with the company, will not come before the higher court for trial.

Wood's experience with British law, extending over a period of nearly three months, has apparently convinced him that Western Canada is no place in which to repeat his operations, which proved so profitable to himself and his associates in the twin cities and other northwestern American towns. Incidentally the action for criminal libel brought by Wood against a Winnipeg daily paper, which undertook to criticize his methods, will also terminate.

After a long conference with the crown authorities on Saturday, Wood finally agreed to settle all outstanding claims against the company. Wood will deposit with the Attorney General for Manitoba as trustee \$20,000, to pay all the costs of the prosecution. This means that the company of George W. Wood, in the bucket-shop business in Western Canada, ends right here. His brother, Leo, who came to Winnipeg, arrived in Winnipeg a few days ago, and following his arrival comes the news of the settlement.

The fight by the crown against Wood was a bitter one, and showed a determination to put a stop to bucket-shop business.

Wood arrived in Winnipeg last October, opened branches in a score of towns from the great lakes to the Rockies, and advertised liberally the many advantages which the farmer and grain speculator would derive in dealing with his business. This thousands of dollars was paid for a leased wire, and many thousands more in his campaign to land the western "stocker." In eight months he had set out of business by the authorities and the biggest bucket-shop system so far organized to operate in Canada has been abolished.

Wood had better spared any out-of-pocket buildings in the world, for he is doing a big business. Saturday morning the five—children, the same number went on a picnic.

PETTIBREW—At her late residence, 382 Sackville-street, Mrs. Catherine Pettibrew, widow of the late Henry Pettibrew, in her 77th year.

Funeral to St. James' Cemetery at 2:30 p.m., May 6th, 1907.

MILK DEALERS ASK

Continued from Page 1.

ration of milk and their food had to be supplemented.

He pointed out that the poor people suffered most, because they had the larger families, and that if it were true that some of the dealers were using stale milk faked up with "preservatives" it would be a serious matter for the offending parties to-day.

Late Saturday night the Retail Dealers' Association arranged with Secretary Reynolds of the producers for a conference at the Albion Hotel at 11 a.m. to-day. The first intimation that a conference would be acceptable came from the retail dealers on Saturday afternoon.

On the part of the farmers on Saturday, there was great unanimity, and in the reports of fresh additions to their ranks came to hand their replies rose accordingly. Among the members there was a general disposition to agree with the consent the rumors of attempted intimidation on the part of some of the farmers, and when it later developed that the reports were practically manufactured out of wholecloth and done with a view to injure the association, their wrath was not in any sense appeased.

It is questionable even if the conference of to-day is successful, if all those who formerly were estranged from the several dairies will again be found among the ranks of the shippers. In some cases the farmers have disposed of their herds and in others a return to the making of butter has been attended by such success that it is said they will condone in the latter industry.

R. E. Law of York Township is said to have sold his herd of twenty-six cows.

A TEMPTED ASSASSINATION.

WASHINGTON, May 5.—Another attempt to assassinate President Cabrera of Guatemala, according to advices received by Minister Toledo, has been made. The news was received in a cablegram of which the following is a translation.

Minister Toledo, Washington.—A great man was discovered placed in front of the building of the Guard of Honor, 120 feet from the American legation, and 189 feet from the presidential mansion. This scandalous attempt at assassination has created great indignation among all classes of society. (Signed) Barrios.

Senator Barrios, is minister of foreign affairs of Guatemala. The Guard of Honor is the special guard of President Cabrera.

At Ithaca, the Cornell team won the dual meet with the Princeton track team on Tuesday Field Saturday, by the score of 71 to 46.

Saturday's Big Fire

How Chief Thompson's Men Tackled Dangerous Blaze—How Water Tower, 2 Aerial Trucks and Ladders Were Used

The fire which late Saturday afternoon caused a loss estimated at nearly \$150,000, at 46-48-50 East Wellington-street, was one of the most spectacular for onlookers in a long while. The arduous character of the work of a fireman was vividly shown. Hundreds of people watched the scene. Often hidden in the clouds of smoke, they battled with the flames from cellar to garret. The water-tower and the hose sections which manned aerial trucks one and two performed valuable service in preventing the flames from bursting through the roof. In the rear from the lane, a hard fight had to be made to prevent the fire from

crossing into the warehouses fronting on Colborne-street. The fire apparently had its origin in the basement, shooting up the elevator shaft and being first seen breaking out of the upper windows on Wellington-street. Chief Thompson ordered a general alarm and Deputy Chief Noble and the outlying sections made a quick response. Tons of water were of necessity poured into the building, but the salvage sections prevented considerable loss. That the firemen worked in danger was shown by the collapse of the back part of the roof and the upper two floors.

The department was given a second call to the Knox Building at 9 o'clock Saturday night. It was found that several boxes of tweeds on the second floor where the fire started were still smouldering. At 8:15 Sunday evening the Bay-street chemical was given a run to the premises to quell an incipient outbreak. The Knox Manufacturing Co. lost their entire stock, valued at \$50,000. Premises have been secured at 42 Scott-street, and in a day or two the travel staff will be at work again. Travelers have been notified to continue taking orders for fall goods.

JOURNEYMEN BAKERS TO GET INCREASE OF \$1

Conference Between Employers and Union Arrives at Satisfactory Agreement.

The union bread bakers and the master bakers have come to an understanding which will settle the wage question, at least for a year.

The journeymen bakers will be given an advance of \$1 per week.

The increase, however, was not general among the men. The helpers were offered no increase, it being argued that the introduction of machinery into the business had rendered the work of the helper less important.

It is understood that the increase to journeymen will be observed in all shops.

No Building Strike. There will be no strike of builders' laborers, at least, not for the present.

At a mass meeting of about 1000 members of the union, held in the Majestic Theatre Sunday afternoon, it was decided, after a discussion of well on two hours, that an effort should be made to deal first with the Builders' Exchange as a body, and, failing that, a satisfactory outcome of such negotiations to urge upon individual employers that the wages should be increased from 25c to 30c an hour.

The meeting was strictly private, but announcement of the result was afterwards made. Another mass meeting will be held on Sunday, May 19, by which time it is expected that the negotiations will have been completed. If the employers refuse to accede to the demands, there are prospects of a strike following.

Cab Drivers' Lock Out. There is no change in the cab drivers' lockout, both sides being determined.

About 200 of the locked out cab drivers of the city held a mass meeting in the Labor Temple Sunday night, for the purpose of bringing into the organization the cab drivers who stand on the street for hire, and the close of the meeting the men stood up in a body and said they would back up the union and Mr. Minehan in the stand they took with the employers' association.

Organizer Minehan leaves to-night for St. Catharines to organize the teamsters of that city.

MONTEBITTI ARRESTED. Man Connected With Blaimore Scandal, Charged With Perjury.

MACLEOD, Alta., May 5.—(Special).—There was a dramatic climax in the Blaimore scandal yesterday, when Felix Montebitti was arrested for perjury in connection with the affidavit by which the Blaimore townsite was turned over to Malcolm Mackenzie, M.P.

The trial is expected to uncover all the raciality charged by which government favorites were enabled to get a townsite from the original locator, worth \$200,000.

This is the case aired in parliament during the session just closed, where one Lyon filed on the site which was contested by Montebitti, who sold his claim to Mackenzie for \$1000 and hurriedly left for Italy. He returned unexpectedly and was at once arrested. He wired Mackenzie to defend the case. The case has very much excited the province, because of revelations that the Ottawa officials were helping in the scheme.

HIGH SHERIFF DEAD.

Dr. Sweetland Passed Away This Morning, Aged 72.

OTTAWA, May 5.—Dr. John Sweetland, high sheriff of the County of Carleton, died this morning at the age of 72. He had been ill for three months, and on Friday a crisis came.

He was born in Kingston, and had a medical practice once at Kingston. Afterwards he was coroner for Lanark and Renfrew. He was appointed Sheriff in 1880 and held numberless honorable positions on local institutions. He was joint trustee of the Stanley Hockey Club. It is said Mr. McElroy, M.L.A., has sought the place of the Ontario government, among others, but the favorite name for the late sheriff's successor is Berkeley Powell, ex-M.L.A. Another mentioned is ex-Mayor Fred Cook.

Monroe Salisbury, a well-known horse owner and breeder of San Francisco, died in New York Friday night. Mr. Salisbury went east several weeks ago for treatment for cancer, but the doctors were unable to save his life.

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable prescription:

One ounce fluid extract dandelion. One ounce compound sarsaparilla. Mix, shake and take a teaspoonful after meals and at bedtime.

Your druggist can supply the ingredients, and it can be prepared at home at very little expense.

This mixture, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy, normal action.

McDonald had to grope his way into the cellar, but finally found Angus, who is seriously burned, but will recover.

Rescues London Man Who Was Stunned by Explosion.

LONDON, May 5.—(Special).—James Angus, proprietor of a bowling alley here, owes his life to the heroism of Dan McDonald of the fire department.

Saturday night Angus went into the basement and lit a match. There was a leak of gas somewhere and the explosion which followed stunned Angus, blew out part of the building and set the place on fire.

No grittiness in WINDSOR TABLE SALT. The perfect crystals melt quickly, imparting a delicately piquant savour.

Tasteful and Suitable Millinery

Quite a noticeable feature of our Millinery Salon is the tasteful and suitable models that we have on show. There never has been a season when one could so easily decide for herself from the large showing of picturesque hats. The models are large and small, some covered with a veritable flower garden of decoration, others carrying but a single plume and yet all up-to-date and in perfect style and taste. So the manner in which a woman chooses her Millinery this season will be more or less a keynote to her personal taste and individuality and every one, no matter what her tendency, can find a style in the many and varied fashions which will become her and bring out her best points.

MONTREAL REAPS

Continued From Page 1.

of Ontario from the standpoint of Toronto, and not from the standpoint of Montreal, is pressing upon our people, and it is for our people to bring such pressure to bear upon the railways that they will be compelled to relieve a situation that has become intolerable. Must Agitate.

The following letter hits the bulls' eye: Editor World, I was speaking to a member of the Toronto Board of Trade this morning in connection with your article in today's issue, headed "Ontario's One-Horse System of Railway" and he intimated that the article in question contained sound common-sense, but that it appeared to be impossible to get the railway companies to do business on a business-like basis.

The difficulty in securing proper service from the railway companies is due to the fact that the public themselves do not appreciate their own position. If the people of Canada insisted upon getting the service which they are entitled to, no railway company in existence could withstand the force of public opinion.

As has been repeatedly pointed out in your columns, the public, in dealing with the railway companies, and get precisely what they deserve, and if they will not insist upon getting proper accommodation they cannot expect the carrying companies to voluntarily give it to them.

Let the Toronto Board of Trade, and other boards of trade throughout the province, agitate for reform, and it is bound to come.

John Peel. Toronto, May 4.

Here is a letter sent of the situation: What are people asserting themselves? Apart from the general injustice suffered by Canada, and the people of Toronto see to it that their transportation facilities—their principal hope and asset—are not subjected to the whim of officious of Montreal.

Commercial Travelers Suffer. Our commercial travelers, as a class, suffer, perhaps, more than any one else in the haphazard, one-horse railway traffic in and out of Toronto. The World will be glad to hear from more of them in this matter.

One of their complaints, and it is incurred in by business men generally, is to be found in the late hour at which fast trains get out in the morning. The traveler who arrives at his first stop at noon finds the very heart of his day cut out, and as a rule, he must lose a good part of Friday in order to meet his sales manager on Saturday morning. Moreover, no matter how near to Toronto he may be working, it is all but impossible for him to run for a night at home and get back in good time the next morning.

Why should there not be a first-class train out of Toronto on every road, and in every direction, at 7 a.m. The mail service in Montreal, of Toronto is another bar to the city's business. To some extent the Dominion government may be to blame, but it is not fair to say that they all look at affairs from the standpoint of Montreal, rather than from the standpoint of Toronto. It may be natural that they should do so; but is it desirable?

Montreal's Favorite. Montreal has an overwhelming influence with the Ottawa government. This is not entirely due to politics, but it is partly due to the fact that the trip from Toronto to Ottawa is so long and so inconvenient that our business men dislike to make it. They find that their time, when they are willing to devote a day or two to public service, is used up in slow travel.

The great forces in the financial world of Canada to-day are the Dominion Government, the C. P. R., the G. T. R. and the Bank of Montreal. It is not unfair to say that they all look at affairs from the standpoint of Montreal, rather than from the standpoint of Toronto. It may be natural that they should do so; but is it desirable?

NEWSPAPERS STOPPED AT THE FRONTIER

MONTREAL, May 5.—(Special).—All New York papers were stopped at the frontier to-day as a result of the new postal law. They were being sent by express, but the new law requires that they be sent by mail. The news dealers will send a delegation to see if the law is properly interpreted.

COBALT --- British Investment Will Improve Mining Markets --- COBALT

TRANSACTIONS SMALLER EXCEPT IN SPECIALTIES

British Enquiry For Properties and Stocks the Favorable Influence For the Future.

The transactions in the mining market are gradually dwindling away. On occasions such as that of the mid-week, when, for some unaccountable reason, large blocks of Foster were thrown on the market, there is activity, but otherwise the market shows a disposition to get down to a quiet and semi-dormant state until some matters arise to arouse public enthusiasm. From the camp, visited from those who have recently visited the mineral area, it is learned that the impassable condition of the roads there now are a practical barrier to any but the smallest shipments, and that in close proximity to the railway. This appears to be the controlling factor in the minds of those investing in the mining stocks, and until one shipment of a greater volume is forthcoming from the camp, the incentive to purchase even the best of the shares will not be strong. The best feature of the market recently has been the statement that British investors are enquiring after some of the leading properties and shares. Negotiations along this line will act as a stimulant to the market, and if conclusions are reached should assist materially in giving a stronger tone to the buying of the best of the shares. The power amenable to the present reach of the market's influence is about exhausted, and an enlargement of the market is not at all probable. The fact is that the market is congested, and an argument that values are too high, but it certainly is not to be accepted as a reason against buoyancy, and it is believed that the market will continue to advance owing to the gradual growth in the supply of traders.

Those who are in close touch with the speculative situation are of opinion that with the end of the present month a brighter aspect will be given to the market, and the better appearance of the camp and the much larger shipments which will then be coming forward.

MONTREALERS WAKE UP.

\$2,000,000 Company Formed to Work Cobalt Eldorado.

MONTREAL, May 5.—(Special)—Montreal capitalists are at last waking up to the advantages of Cobalt as a mining centre. The Cobalt Eldorado Mining Company, Limited, have just secured their charter from the Ontario Government. Mr. Rodolphe Forget, M.P., is president of the new company, and Mr. Michael Connolly, the well-known contractor, is managing director, and will have charge of the work of the company after the installation of the \$2,000,000 of machinery which has been purchased. The Buffalo, Ontario, for the week ending May 3, 1907, was 1,000,000 lbs. of silver, 1,000,000 lbs. of copper, 1,000,000 lbs. of zinc, 1,000,000 lbs. of lead, 1,000,000 lbs. of iron, 1,000,000 lbs. of tin, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 lbs. of osmium, 1,000,000 lbs. of nickel, 1,000,000 lbs. of cobalt, 1,000,000 lbs. of manganese, 1,000,000 lbs. of antimony, 1,000,000 lbs. of arsenic, 1,000,000 lbs. of bismuth, 1,000,000 lbs. of cadmium, 1,000,000 lbs. of selenium, 1,000,000 lbs. of tellurium, 1,000,000 lbs. of vanadium, 1,000,000 lbs. of chromium, 1,000,000 lbs. of molybdenum, 1,000,000 lbs. of tungsten, 1,000,000 lbs. of niobium, 1,000,000 lbs. of tantalum, 1,000,000 lbs. of rhenium, 1,000,000 lbs. of ruthenium, 1,000,000 lbs. of rhodium, 1,000,000 lbs. of palladium, 1,000,000 lbs. of silver, 1,000,000 lbs. of gold, 1,000,000 lbs. of platinum, 1,000,000 lbs. of iridium, 1,000,000 EXTENT OF CROP DAMAGE INFLUENCES THE MARKET

But Other Matters Entitled to Consideration—Domestic Stocks Show Betterment.

World Office, Saturday Evening, May 4. A theory of crop damage which has formed into an actuality has had more influence on outside trading sentiment than anything else in the New York market this week.

The extent of speculation that should be placed on railroad securities by reason of a loss in the wheat crop is one that cannot be computed without regard to any other factor it is accepted as ordinary.

Severe snowstorms through Kansas and bad weather reported from Nebraska and Texas.

Iron and steel markets show great strength and considerable scarcity of raw material.

No large contracts for delivery of steel rails have been closed yet.

Thirty-two roads for third week average net increase of 14.39 per cent.

Dun's Review says manufacturers are active in all leading industries, and the outlook in the steel business could hardly be brighter.

Bradstreet's says "an unusually cold winter still hampers trade and crop developments."

Railroad Earnings. Increase. D. R. G. March, net, \$31,625,118.10. H. V. March, net, \$118,100.

various technical and temporary factors, promises to continue for some time to come. The exceptionally low levels of the market have been maintained, and credit of railways is being restored; we look for gradual betterment in the average price level.

Outside of the money situation the chief point of moment converges on the crop prospect. It requires no proof to say that the season is backward, particularly in the west, where an early spring is regarded as a favorable omen for a good agricultural crop year.

Railroad Earnings. Increase. D. R. G. March, net, \$31,625,118.10. H. V. March, net, \$118,100.

On Wall Street. Marshall, Spader & Co. wired J. G. Beal at New York.

The week-end bank statement was superficially an unsatisfactory document. The lowering of the reserves by over \$5,000,000 and the further increase in loans of \$1,000,000 was sufficient to give the market a shudder.

WHEAT AREA REDUCED.

But Western Farmers Will Make Up

In Other Lines.

MONTRÉAL, May 5.—(Special.)—A

despatch received this afternoon from

Winnipeg by Mr. F. W. Thompson, vice-

president and managing director of the

Ogish Flour Mills Company, Limited,

states: "High temperature, general

and weather clear, although night frosts

continue. Light snow here last night,

and a degree of frost at Regina,

and Deloraine, and a general frost at

other points in Manitoba and Sas-

katchewan. Seeding is not yet general

in any section, but a general start

is now being made in the north.

In discussing the tenor of the above

despatch, Mr. Thompson said that the

decrease in the wheat area is due to

the fact that the wheat area is being

reduced because of the fact that the

farmers are turning to other crops

because of the fact that the wheat

area is being reduced because of the

fact that the wheat area is being

reduced because of the fact that the

wheat area is being reduced because

of the fact that the wheat area is
