Federal Government Approves Plan—Many New Highways.

BIG SUM FOR QUEBEC

Ottawa, Aug. 9.—Plans that provide for expenditures of forty million dollars to better the highways of Ontario and Quebec are among those which have just been approved by the government under the operation of the federal highways act.

The total outlay contemplated in Ontario is \$22,000,000, of which the Dominion government will contribute \$8,000,000, the province \$12,000,000 and the municipalities \$2,000,000. Quebec's projected outlay is \$17,300,000, of which the Dominion government will put up \$5,000,000 and the province and municipalities the balance.

All Main Highways. In Quebec three standard highways including the King Edward highway, Montreal to Rouville Point, the Quebec and Montreal North Shore road, and the road from Levis to Jackman, Maine, are already finished or practically so. The plans submitted all conform to the standard prescribed by the act, and when the system is completed vehicular traffic will be revolutionized. The roads that are planned are all trunk or main highways, as distinguished from country or township roads.

Plan for Ontario Roads. The Ontario plan provides for the following main highways:

Windsor to the Quebec boundary at Coteau, via Chatham, London, Brantford, Hamilton, Toronto, Belleville and Kingston, with branches from Hamilton to Niagara Falls and from Prescott to Ottawa.

Port Erie, thru Simcoe and St. Thomas to Windsor.

Toronto to Sarnia, via Brampton, Guelph and Stratford.

Toronto to Muskoka.

Ottawa to Pembroke.

Ottawa to Point Fortune, connecting with the road to Montreal.

Ottawa to Kingston, via Perth and the Rideau lake.

New Roads in Quebec. The plans of Quebec which have been approved are for first-class highways: Hull to Montreal, Montreal to Levis, Levis to Rimouski, Riviere du Loup to Edmundston, connecting with the St. John valley highway; Montreal to Sherbrooke, via Granby and Magog; Montreal to Malone, N.Y., via Chateaugay and Huntingdon; Montreal, thru the Laurentide to Mount Laurier.

The present year will see work well advanced on many of these roads.

TEN PEOPLE HURT IN MOTOR SPILLS

Two Accidents Near Woodstock—Five Persons Are Seriously Injured.

Woodstock, Ont., Aug. 9.—(Special).—Five people are lying injured in the local hospital, and five others are at their respective homes, suffering from injuries, as the result of two automobile accidents which took place in this city over the week-end. On Sunday night, the car belonging to Mr. Harwood, who lives a few miles north of this city, slipped on the bank of the Swaberg road and rolled into the water. The two men of the party were not seriously hurt. Mrs. Nixon, Edith Nixon, and Miss Jane Appleton of Railway street, this city, and Mrs. Roberts, Nelson street, were all injured and cut seriously.

DOCTOR BRINGS PATIENT TO TORONTO IN AIR BUS

Ottawa, Aug. 9.—(By Canadian Press).—The value of the airplane as an ambulance was demonstrated at Camp Borden, when Lieut. Townley, a member of the instructional staff, and a former overseas flyer, was conveyed from the camp to a Toronto hospital in 40 minutes. Lieut. Townley, while engaged in some work at the camp, started an old wood, necessitating medical attention. The camp doctor, himself an experienced flyer, had the wounded officer placed in a machine, which he then piloted to Toronto.

GRANT TO OPEN FAIR.

Kingston, Aug. 8.—(Special).—Hon. R. H. Grant, minister of education, has consented to open the Kingston industrial fair on Sept. 20.

The Price of Our Wheat.

What about the opening price for Canada's wheat crop, now said to be exceptionally large? No one seems ready to make it more than two dollars, notwithstanding the talk of another war in Europe. The Chicago Grain Exchange disposed to boost prices further, in fact, it was urged to keep them at last week's rate. In fact, Chicago is lower. The British government is reported to be disposed to buy Canada's wheat in preference to that of Argentina's. In that case, our Canadian government ought to try and secure the order. Perhaps the Grain-Growers' Association of the Canadian Western provinces would join in the operation. It would be an easy matter for the Canadian banks to finance the marketing of our wheat on the strength of an order from the British government. But is it to be two-dollar wheat and bread in proportion?

REPORT THE CORNERING OF BANDIT MURDERER

Bassoff is Seen Limping on Hillside Half Mile From Frank, Alta.—Another Policeman Shot Dead.

Frank, Alta., Aug. 9.—Bassoff, the murderer, was believed to be cornered on a hillside, half a mile away, this afternoon. The first news of his presence here came when Mrs. Holloway telephoned to the police to say he had just left her cottage, after partaking of a meal. According to Mrs. Holloway, Bassoff was limping and using a stick for a cane. She was alone at the time and at Bassoff's request for food, she readily prepared a meal.

SKIRMISH LINE OF POLICE.

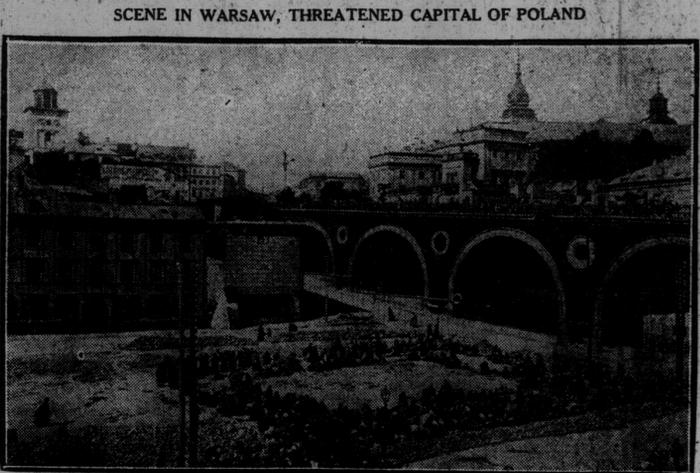

Mrs. Holloway telephoned the Canadian Pacific Railway station, where Colonel Macleod, head of the Canadian Pacific Railway police, was located, and in less than ten minutes a skirmish line of police was flung around the hills. Mounted police and Canadian Pacific Railway police are co-operating to effect the desperado's capture. He could not be more than a quarter of a mile away, but he is sheltering in a country that affords ample cover.

SPECIAL OFFICER IS KILLED.

Lethbridge, Alta., Aug. 9.—The accidental shooting of "Big Nick" Kyslik, a foreman who had been sworn in by the Alberta Provincial Police, in the hunt for the bandit, Bassoff and Arleff, in the Crow's Nest Pass, is a new and startling development in the chase. Inspector Risk, when seen by the Canadian Press correspondent, did not care to give out anything about the unfortunate shooting of Kyslik. It was a mistake, pure and simple, but it proves that the police are on the job and are (Continued on Page 2, Col. 2.)

MR. DINEEN SAYS

prices in England are high—furs in particular. Canadians are in many respects a fortunate people, having no rationing laws, and more moderate taxation. Mr. William Dineen sr. returned Monday from a trip to Britain and France, and the best country he knows of is Canada. He is fully convinced that values and prices are more in the customers' favor here than in the many cities he visited in England, Ireland, Scotland and in Paris, France. The Dineen Company are offering extra fine values in Raincoats, Felt Hats and Caps, and welcome your comparison as to prices and quality. W. & D. Dineen Company, Limited, 140 Yonge street, opposite Yonge Street Arcade.

The Zjazd street in Warsaw, one of the main thoroughfares of the city. The street is an approach to one of the three bridges spanning the Vistula, which are being closely guarded by the Polish troops in the event of further onslaughts of the Bolshevik troops. In the photograph is seen the Alexander bridge, which is 500 feet long, the greater part of which is on dry land. Besides this bridge there is one for ordinary traffic and a third for railways, none of the Alexander. This span is the key to the Warsaw fortifications. At the side of the bridge is seen a market place.

WARSHIP TAKES MANNIX LANDS HIM IN WALES

Removed From Steamer Baltic Under Technical Arrest—Leaves for London—Press Calls It a Blunder.

London, Aug. 9.—Four British destroyers closed in upon the steamer Baltic, carrying Archbishop Mannix of Australia from the United States, off the Irish coast in the early hours of this morning, and the commander of the destroyer Wivern, with two Scotland Yard detectives, went aboard and placed the archbishop under technical arrest. They escorted the prelate, with his secretary, the Rev. Albert Vaughan, to a destroyer, which steamed toward Fishguard, where orders had been given to land the archbishop. A wireless from the admiralty, however, reached them en route, with instructions to proceed to Penzance, at the extreme south-westerly tip of England. The archbishop was landed there this afternoon. He was accompanied by a representative of Scotland Yard to the home of Canon Wade, and afterward took the night train for London.

"Very Silly," Says Mannix. Plymouth, Eng., Aug. 9.—"I think the government is making it worse for themselves than for me. They are putting me to a little inconvenience, but are making themselves very silly," thus spoke Archbishop Mannix of Australia to six priests and newspaper men who greeted him on his arrival by train in Plymouth at 10:30 o'clock tonight from Penzance.

"I think the people of Ireland," the archbishop added, "know their business as well as the people over here. I was not going there to tell the people my views at all, because they have made up their minds without any reference to me."

Archbishop Mannix chatted for several minutes at the station, during which he referred without comment to his removal from the Baltic, and the restrictions placed on his movements. He proceeded on the train for London.

U. S. STEEL AT LOWEST POINT IN TWO YEARS

New York, Aug. 9.—Quotations today touched the lowest point in many months on the stock exchange. News that the Russian soviet government had rejected the terms for a truce with Poland caused heavy selling, and prices were forced down rapidly in the early trading, although there were partial recoveries later.

Extreme losses ran as high as 10 points. United States Steel sold down to 82 1/2, the lowest in two years, and the favorite speculative stocks generally touched the lowest figures of the year.

Foreign exchange rates also declined. The sharpest break was in sterling, which dropped to 100.

THE DROP IN PRICES.

The drop in prices is working every day now: grain and provisions are going down; hides and leather and boots and shoes. American rubber companies have to meet the inflated value of their commitments by a bond issue, probably as the Armour's of Chicago have had to make a big bond issue; in Britain every day sees a lot of traders in provisions and raw products being closed out; wool is away down in price.

In the States all the industrial stocks, especially those that were highly inflated, are dropping, to be followed later on by a drop in the price of their products.

In Canada the speculation in sugar, paper and certain industrial stocks has been slowed up followed by reduced prices of their goods. But not yet in paper. British capital is said to be coming into Canada for investment in paper production. Will it buy into the inflated propositions? The paper mills may yet have to go out and look for customers. They had to do it in the pre-war days.

But transportation charges are still increasing; the railways and their employees want higher rates and increased wages. But there's got to be a limit here. The U.S. government will find themselves with a lot of wooden ships that cost them a quarter of a billion dollars to build, and now being collected at one point for a great bargain sale. Perhaps these vessels may be turned loose on the lakes. More likely they are to go overseas in some direction.

The trend now is for lower prices in many staples and in many services. And wages may have to go lower with the laying off of hands in various industries in different quarters of the world.

RAISE IN FREIGHTS NOT HARD BLOW TO PUBLIC, SAYS MANNIX

He Cites Examples to Show Prices of Goods Needn't Advance Much.

PUBLIC IS SENSITIVE

While the public at large views with but limited enthusiasm the prospect of a 40 per cent. increase in railway freight rates in Canada, President D. B. Hanna of the Canadian National system, remarked yesterday that the effect on the price of articles in everyday use in Canada would be slight.

"You would, in fact, almost have to use a microscope to see the new rate in the price of ordinary commodities. The trouble is, they will have such a small effect upon prices in these days of high prices, that it is possible there will be a great temptation, and a temptation is hard to resist, especially when rates are being increased, to magnify their importance," he said.

"If the United States wage increases had not to be met in Canada, our application would have been for 30 per cent. increase in freight rates, only. Now, to enable us to give our employees the same increase as that across the line, we have to ask for 40 per cent. increase in freight rates, a 20 per cent. increase in passenger rates, and increases in milk rates, excess baggage and a number of other services; and yet, as a matter of fact, even when these are granted, we will not have enough additional revenue to pay the increase in wages."

However, as you have seen, even allowing the full 40 per cent. increase in rates, you would have to put a searchlight to spot the rise that is actually caused by the increase. Take a (Continued on Page 9, Column 4.)

ARREST SUSPECTS IN TORONTO MURDER CASE. CLUES FAIL

Six Men Were Rounded Up, But Tragedy Still Remains a Mystery.

INQUEST OPENED

Inspector of Detectives Guthrie stated last night that there were no new developments in the murder case of Philip Goldberg, the eight-year-old boy found murdered near Sunnyside Saturday afternoon. Detective Sergeant westbound on Queen street in a motor car with a man.

Mr. Guthrie said last night that his men had been unable to locate the boy who is said to have made the statement that he had seen young Goldberg standing on Queen street in a motor car with a man.

BLOCKADE DEPENDS UPON OUTCOME OF MINSK CONFERENCE

Premiers Decide to Delay Application of Aid to Poland—Lloyd George Determined That No Allied Troops Shall Be Used—Millerand Obligated to Concede Point—Full British Cabinet Meets.

London, Aug. 9.—The Hyde conference, hurriedly called Sunday to consider means for saving Poland from the Bolshevik menace, ended today with an agreement between Premier Lloyd George and Premier Millerand on the aid to be given the new Polish state.

After the premiers decided to reimpose the blockade on Russia and to furnish munitions and technical advice to Poland, Mr. Lloyd George succeeded in getting Mr. Millerand to concede to withhold application of aid until after the preliminary meeting of the conference at Minsk, between Bolshevik and Polish representatives, are known.

Mr. Millerand, who had been firm in urging the French policy, which included the blockade and strong defensive measures, was obliged to yield somewhat to the milder policy of Mr. Lloyd George, who was determined that no allied troops should be used in Poland.

Establishment of a defensive line in Poland, which was considered by the conference, if carried out, would, according to opinion expressed here, be regarded by the British as more than a plan to defend Poland; it would be in effect a "cordon sanitaire" to keep the Bolsheviks from western Europe. But from what happened at the closing moments of the conference it is considered that much will depend on the Bolsheviks' attitude.

Premier Lloyd George presided over a full cabinet council on his return to the city tonight from the Lymington conference and reported to his colleagues the result of the conference with Premier Millerand of France, and discussed its bearings in connection with the statement made to parliament by him tomorrow.

The Independent Liberals, who number about 30, held a meeting in the house of commons tonight and passed a resolution protesting against any intervention against Russia by way of a blockade, men, money or munitions.

It was well stated at the conference that the allies having established Poland by the Treaty of Versailles intend to stand by Poland in every way short of declaring war.

The influence of the British crisis on Germany and the treaty of Versailles were discussed, and it is understood that should there be any indication of German co-operation with the Bolsheviks, Germany will be warned that further occupation of German territory will follow.

The desire of Mr. Lloyd George for a peaceful settlement of the Russo-Polish controversy was the reason for the unexpected prolongation of the conference. It is believed that Mr. Millerand wanted a stronger policy applied immediately. It is admitted in unofficial quarters, however, that if the present plans are carried out the situation may be described as "a sort of war."

Participation by the United States in the assistance to be given to Poland and was not discussed by the premiers. All the allied plans were drawn up on the assumption that the United States would not assist by Washington despatches saying that President Wilson is keenly interested in Poland, were not taken notice of officially by the conference.

POLES ARE HOLDING A STRONG POSITION TO DEFEND WARSAW

Battle Expected to Decide the Fate of City Not Yet Begun.

Paris, Aug. 9.—The battle which is expected to decide the fate of Warsaw has not yet really begun, according to the latest news reaching Paris from both sides are gathering forces for the final struggle.

General Haller's newly formed army occupies a strongly entrenched position in the fork between the Narva and the Bug Rivers, where an army is able to block the approach upon Warsaw of a numerically superior enemy, as was demonstrated in the Napoleonic campaign of 1807, and during the Russo-Polish war in 1813.

In the opinion of military observers the principal danger for the Poles is the advance along the Prussian frontier, because it would force them to extend their front westward when they need to keep their armies concentrated as much as possible east of Warsaw. The Poles thus far have been able to ignore this advance, which is merely a demonstration, but it is considered likely that the Red staff will superintend, by his mother and brother, who arrived at the hospital yesterday.

In the same accident in which Bettel received his injuries, W. H. Smith, the occupant of the side car, sustained injuries which resulted in his death while being conveyed to the hospital.

SMUGGLERS TRADE AGAIN REVIVED

Washington, Aug. 9.—Liquor smuggling into the United States from Canada and elsewhere has reached such proportions that it has brought in its wake a large illegal traffic in other commodities, it was learned today at the treasury department.

The customs service, charged with protecting the United States from smugglers has found itself "wholly inadequate" to meet the situation, according to Assistant Secretary Shouse, of the treasury, who is head of that department. Mr. Shouse declared it was no secret that vast quantities of liquor had been coming in, although the custom officers had confiscated thousands upon thousands of dollars worth from ships which attempt to conceal liquor stocks on entering customs ports. The large supplies which officials believe have been smuggled in, however, have come not thru ports but by landings of launches and small boats in secluded spots along the Atlantic coast.

The Canadian border traffic which admittedly large, was declared not to compare with the smuggling along the Atlantic seaboard.

Much Liquor Landed in Launches and Boats Along Atlantic Coast.

Washington, Aug. 9.—Liquor smuggling into the United States from Canada and elsewhere has reached such proportions that it has brought in its wake a large illegal traffic in other commodities, it was learned today at the treasury department.

### WALDRON FOR U.F.O. AT RATES HEARING

Not Likely That Provincial Government Will Be Represented at Ottawa.

Gordon Waldron, solicitor for the U.F.O., will represent that organization at today's hearing into the question of freight increases, which is being held by the railway board at Ottawa. He left for Ottawa by the 11 o'clock train last night.

J. J. Morrison of the U.F.O. stated to The World last night that the session of the board of directors of the U.F.O. Co-operative Association, which met during the afternoon, took up the question of increased freight rates at some length. He expressed the opinion that the freight rates on passenger cars suffered at both ends, coming and going. He was squeezed if he sent produce to the towns and cities; he was squeezed if he had to freight to the farm. In other words, with him freightage was charged going out of his farm and coming into it. This could not be said of the manufacturer who received discounts on his freightage, and who made the public pay the freightage charges. The manufacturer fixed his own prices. On the other hand, the farmer, except in a few local instances, had his prices fixed for him by others, or, in any case, paid the price in freightage out of all proportion to his own.

**No Government Counsel.**  
The minister of agriculture, Hon. Manning Bolger, told The World yesterday that, as far as he was aware, Ontario would not be represented before the Dominion Railway Board, when application for permission to increase their freight rates on passenger rates was made by the railway companies.

The premier is out of town, and inquiries at his office at the moment are being taken for granted that no representative will be present on behalf of the province.

Corporation Counsel Geary will represent the city of Toronto at the hearing. When the last freight and express rate hearing was up the Manitoba government appointed a legal representative, says The Farmers' Sun. The Ontario government of that day was severely censured for not doing so. That same criticism should not be permitted to be levelled at the present government. They should act in the interests of all the people.

### ARREST SUSPECTS IN MURDER CASE

(Continued from Page 1.)  
Queen and Logan avenue Saturday afternoon with a small boy. According to his story the man left the impression with Eberly that he was a "dope fiend." The child had two lunch boxes and was seen to board a westbound Queen car with the man. This is the fourth murder in this year in Toronto. In two of these cases two men were arraigned for trial on charges of murder. The Darcy street murder case of a few months ago is more of a mystery than Saturday's case. The police have been unable to find out who the man found murdered on Darcy street was.

After the exhibition is over the police department will begin to recruit more men for the force. The commissioners are at present on holidays, and it is not known how many recruits will be called for. It was stated that the force would be increased by about 1,000 men to provide additional police protection next winter.

**Inquest Adjourned.**  
Coroner G. C. Ford yesterday empaneled the following jury to hold an inquest over the remains of the late Philip Goldberg, aged eight, 112 McCaul street, who was foully murdered on Saturday afternoon:

William Wright, 233 College street (foreman); John Linder, 1420 West Queen street; Dan Butler, 1307 West Queen street; Richard Willett, 603 Indiana road; Sam Hooper, 56 O'Hara avenue; John Macdonald, 755 Euclid avenue; Samuel Price, 71 Lakeview avenue; and Bert Cunningham, 1579 West Queen street.

Following the preliminary session, at which both brother and sister identified the body, the jury, along with P.C. Hutcheson, who called the case, and the coroner, viewed the spot where the boy was lured and murdered.

The next session will be held at 8 o'clock on Monday, August 16. The following witnesses were heard yesterday: Fannie Goldberg, sister; P.C. Hutcheson, who called the case; and Norma Hoffberg, 67 Teravale street, aunt of the young boy.

**ARREST AT MILTON.**  
Milton, Ont., Aug. 9.—(Special)—Chief of Police Chapman arrested a man giving his name as Michael Byrne, 4541 Highway, seven miles west of here, today. He answers the description well of that given by Robert McMurtry of the man who he thought was the murderer of Philip Goldberg. Byrne is being held here on a vagrancy charge pending arrival of Toronto police.

### WESTERN CROPS GIVE GOOD YIELD

Early Harvest is Generally Promised, According to Various Reports Received.

Crop reports which have been received from western areas by a local firm dealing entirely in agricultural implements indicate that this season's yield will be well up to the average. An early harvest seems promised generally, but a disadvantage of the early ripening is seen in some sections in the failure of the grain to fill satisfactorily. The reports follow:

**Saskatoon**—Weather very hot. Crops in most places reported filling satisfactorily, but coming in so rapidly in some places that yield will be reduced. Some cutting during coming week, with harvest general by 11th.

**Swift Current**—Weather past week has been extremely hot, and grain is ripening a bit too rapidly, which condition will cut down the yield. Many reports of cutting, and it will be general by end of week.

**Calgary**—Cutting general end of this week. Crop conditions indicate average of 22 bushels. Weather dry and warm—ideal for ripening crops.

**Regina**—Weather continues warm and dry. Harvesting commencing all over territory.

**Winnipeg**—Harvesting general. Light crop in certain localities, but province as a whole will contribute good average yield. Should expect satisfactory collections.

### TO CONVEY GRAIN ON GREAT LAKES

Plans Are Being Worked Out By U. S. Interstate Commerce Commission.

Washington, Aug. 9.—Plans are now being worked out by the United States Interstate Commerce Commission and the railroads to insure the largest possible grain movement on the great lakes. Chairman Clark announced today at the conclusion of hearings on requests for additional cars to move grain from the northwest states. He said that the Interstate Commerce Commission is now working out a plan to increase car supply. There is enough tonnage on the Great Lakes to carry 122 million bushels of grain from Lake Michigan and Lake Superior ports to Buffalo on a single trip, the governor told the commission. The loading capacity for grain and coal on Great Lakes boats is equal to that of 75,000 cars. Governor Harding estimated, and added that the utilization of lake boats to the fullest extent would release that amount of equipment.

### REPORT CORNERING OF TRAIN BANDIT

(Continued from Page 1.)  
fully aware of the desperate character of the bandit.

### ARELEFF IS LOST

Areleff seems to have been lost without trace, and this adds to the mystery. He may be with Bassoff or he may be out of the country. The commissioner has been positively identified since he was killed as the man who started action in the hold-up at Sen-tinel. He was buried yesterday in a rough box in Bellevue yesterday.

### THREATEN COL. BURNHAM

Montreal, Aug. 9.—Word has been received here that Col. Fred Burnham of Winnipeg, president of the Canadian war hospital fund, who, with Mrs. Burnham has been engaged in medical work in the Balkans for the past two years, has been threatened with assassination, on the ground of showing sympathy with the Montenegrins in their fight for liberty against Serbia.

### FARMERS NOT FAIR, SAYS HON. MR. KING

R. W. E. Burnaby Hears Censure of His Nomination in North York.

Aurora, Ont., Aug. 9.—(Special)—Hon. W. L. Mackenzie King, Liberal leader, speaking at Oak Ridge, three miles south of here, tonight, deprecating the fact that the U.F.O. had placed a candidate in North York against him, asserting that in the last session of the Dominion house it had been demonstrated that Liberal and Farmer M.P.'s were in accord on leading questions. He referred to the G.T.P. naval undertakings, military expenditures and matters relating to the franchise as questions on which they had voted side by side. He had declined a nomination in Glengarry, Ont., because he wished to leave the field open to a farmer candidate, but in spite of this the U.F.O. had nominated R. W. E. Burnaby to oppose him in North York, thus bringing the parties into antagonism when they should naturally work together.

The situation tonight was made more interesting by the circumstance that Mr. Burnaby was present at the meeting, although he did not speak. J. M. Walton of Aurora, a prominent Liberal of the riding, spoke briefly. Those on the platform included J. H. Haughton of Richmond Hill and J. H. Lesage, a prominent farmer of the district.

The meeting, which was held in the local school house, was well attended, and Mr. King was given a cordial reception.

### TRYING TO ELUDE EMBARGO ON COAL

Some Mines and Shippers Endeavor to Send Fuel to U. S. Ports.

Ottawa, Aug. 9.—(Special)—Notwithstanding the embargo on the export of coal, which went into effect on August 1, some of the mines and other shippers persist in the attempt to elude the embargo. As soon as the embargo is being subjected to a steady bombardment of requests for consideration in what are described as "exceptional cases." As soon as the announcement was made in July that the embargo would be imposed, coal exporters began picking up every available craft, some of which had been laid up for months and being sent with coal. Since the embargo went into effect it prevents them from sending these cargoes to sea.

**To Unload the Ships.**  
They are urging the commissioner to remove the embargo in such cases, but unless they are very exceptional he is refusing to do so, and in the majority of cases the ships which have to be unloaded or sent elsewhere in Canada. It is alleged that some cases of this kind have resulted because of the embargo, but this is incidental to all such drastic, but necessary action.

### PITCHER DEVINNEY REPORTS TO LONDON

London, Ont., Aug. 9.—Pitcher Devinney, secured from the Boston Red Sox, reported to the London Michigan Ontario League Club today. The rainy weather did not dampen the enthusiasm over the Hamilton-London series this evening, as over 2500 fans witnessed the first game. Devinney will probably oppose Heck in the box tomorrow.

### CANADA'S WHEAT YIELD SHOWS LARGE INCREASE

Winnipeg, Aug. 9.—Canada's wheat fields will yield from 226,000,000 to 250,000,000 bushels. This estimate was made today by W. A. Black, vice-president and managing director of Ogilvie Milling Co., and is based upon crop reports received from its agents. Compared with last year's yield, this is an increase of 50,000,000 to 75,000,000 bushels.

### WRANGEL CLAIMS SUCCESS.

Paris, Aug. 9.—Gen. Baron Wrangel the anti-Bolshevik commander in South Russia, has telegraphed the Russian embassy in Paris, under date of August 5, that the second attempt of the Bolsheviks to stop development of his offensive "ended in complete disaster for them."

### ACTION ON LIQUOR TAKEN AT PRESCOTT

Most of Cases Destined for Sarnia — Will Proceed Against Law Infractors.

Drastic action is being taken by the Ontario license commissioners in connection with the recent seizure of the 1000 cases of liquor from the Montreal steamer Samuel Marshall, at Prescott on Saturday. The vessel was seized by Dominion officials on a charge of infringing the Canadian custom laws, as forty of the cases were taken off at the American side at Cardinal, without the necessary papers.

London, Aug. 9.—The cable from Montreal, citing the authority of George F. Driscoll, vice-president of Trans-Canada Theatres Limited, for the assertion that an empire combine of theatres is projected, involving the control of six thousand theatres, is received here with incredulity. No big theatre proprietor knows of the matter.

### LONDON KNOWS NOTHING OF BIG THEATRE COMBINE

London, Aug. 9.—The cable from Montreal, citing the authority of George F. Driscoll, vice-president of Trans-Canada Theatres Limited, for the assertion that an empire combine of theatres is projected, involving the control of six thousand theatres, is received here with incredulity. No big theatre proprietor knows of the matter.

### BANDITS HOLD UP TRAIN AT CHICAGO

Rob Passengers of Money and Jewels and Shoot Dining-Room Steward.

Chicago, Aug. 9.—Four armed men tonight held up the New York-Chicago day express train on the Pennsylvania Railroad, near Englewood station, in the Chicago suburb. A dining-room steward who resisted one of the bandits was shot and wounded in the jaw.

The bandits are believed to have boarded the train at the Englewood station, and to have obtained a large amount of money and valuables from passengers. The train, which is due to arrive in Chicago at 10.30 p.m., was delayed about 20 minutes.

The wounded steward was taken to a hospital at Englewood. The robbers jumped from the train between the Englewood and downtown stations and escaped.

### FINANCIER PONZI MEETS WITH CHECK

Petition of Bankruptcy Filed and One Bank Ordered to Honor No Cheques.

Boston, Aug. 9.—Action to check the business dealings of Charles Ponzi, who claims to have made millions thru international postal exchange, was taken today, thru an involuntary petition in bankruptcy filed by three men who hold notes totaling \$750,000, and by Bank Commissioner Joseph G. Allen, who ordered the Hanover Trust Company to pay no more cheques of Ponzi or his agents because of an alleged overdrawing of account at that bank.

The petition in bankruptcy alleged that Ponzi was insolvent, and that about July 15 he transferred a portion of his assets to one Charles Hoffman, a creditor, "with intent to give him preference over other creditors." The amount transferred to Hoffman was set in the petition at \$300,000. The statement filed with the petition further alleged that on or about July 16, while insolvent, Ponzi transferred large portions of his assets to various creditors. An increased activity in federal and state investigations was also noted. Attorney-General J. Weston Allen gave out a statement which charged that inquiries by state officials had thus failed to confirm Ponzi's claims that he has dealt extensively in international reply coupons.

Ponzi himself, in a statement to newspaper men, discussing the day's developments said that he had a certified cheque for \$1,500,000 subject to thirty days' notice of withdrawal, at the Hanover Trust Company, where it is alleged, he has overdrawn one account, and added that he had in deposit in the form of funds and securities at other institutions in this city amounts more than sufficient to cover all liabilities.

**Employees of Express Company To Receive Increased Wages**  
Chicago, Aug. 9.—Eighty thousand employees of the American Railway Express Company will be awarded increased wages in a decision to be handed down at 8.30 o'clock tomorrow morning by the United States Railway Labor Board, which has heard their claims.

All employees of the express company, with the exception of 2500 shopmen, who were benefited by the 13% increase granted July 30 in the \$600,000 award to the 2,000,000 railway workers, will be affected by tomorrow's decision.

### FARMERS NOT FAIR, SAYS HON. MR. KING

R. W. E. Burnaby Hears Censure of His Nomination in North York.

Aurora, Ont., Aug. 9.—(Special)—Hon. W. L. Mackenzie King, Liberal leader, speaking at Oak Ridge, three miles south of here, tonight, deprecating the fact that the U.F.O. had placed a candidate in North York against him, asserting that in the last session of the Dominion house it had been demonstrated that Liberal and Farmer M.P.'s were in accord on leading questions. # CITY GIVES WELCOME TO PRESS DELEGATES

### Mother Country Has Emerged From the War Greater Than Ever and Prosperity Will Be Unprecedented, is Message of Sir Campbell Stuart of The London Times.

It fell to the lot of the city of Toronto last evening to welcome the members of the empire press delegation who are making a tour thru Canada, and that Toronto's hospitable reception to the distinguished visitors was fully appreciated was manifested from the expressions of thanks by speakers from among those who had traveled so many thousands of miles to get better acquainted with the people and conditions prevailing in the Dominion. Mayor Church, in his characteristic address, gave a hearty welcome to the visitors and told them of the progress and aims of the city. He extolled the public ownership spirit so much in evidence and gave the visitors enlightenment about the many public undertakings under way, as well as of more that were to follow. He told the guests that Toronto was a British imperial city, as well as a public ownership city, and his allusion to the radial system, coupled with the name of Sir Adam Beck, was received with much appreciation and applause.

The guests began to assemble in the King Edward Hotel shortly after six o'clock and over 200 sat down to the banquet tendered by the city in their honor at half-past seven. In the course of the evening appropriate musical selections were rendered, and much enthusiasm was displayed when the National Anthem, the French national anthem and the Maple Leaf were rendered, everyone present joining in the singing.

Unusually in Empire. Sir Campbell Stuart, of the London, England, Times and associated papers, responding for the guests, said that he stood in the Dominion from the newspaper and tendered thanks for the characteristic welcome which had been extended to him and his colleagues. He said that all recent newspaper advertising agent, Grand Trunk System; C. K. Howard, general tourist agent, Canadian National Railway; A. E. Calder, assistant general passenger agent, Canadian Pacific Railway; and Walter S. Thompson, chief of press bureau, Grand Trunk Pacific.

Returned to Burwash. Dan Hogan, who recently escaped from Burwash Prison in order to be nearer his affianced wife, was yesterday returned to that institution, Magistrate Denison giving the order.

Slapped Their Faces. Two little girls insulted Annie Longfield two days ago. She then thrashed them by slapping their faces, and yesterday was hailed before the magistrate. Remanded for sentence.

No Schedule Presented. A recent report, which credited the Moving Picture Operators' Union with having presented the theatre owners with a schedule calling for substantial advances, was denied yesterday by Business Agent G. H. Jones of the local. Mr. Jones stated that the new schedule was not yet formulated and would not be presented to the theatre managers until the end of the month.

Buffet-Parlor Cars, Toronto-Sudbury Night Service. Canadian National Railways. To accommodate the increasing volume of travel between Toronto and Sudbury via Canadian National new night service, cafe parlor car has been added to this train. Space therein will not be sold, but rather will be served on this car.

This is a daily train leaving Toronto 9.30 p.m., Standard Time, and carrying in addition to the above, standard sleeping car to Capreol and Sudbury and through standard sleeper for Little Current, via Algoma Eastern Railway.

Reservations and full information from Canadian National-Grand Trunk joint office, northwest corner Kings and Yonge Sts., or Union Station, Toronto. 246256

Printing Ontario Statutes. The 1920 Ontario statutes, which are usually distributed before this, have not been received from the printers yet. They are expected, however, in a few days, it was announced yesterday.

The Western Crop. It is estimated that about 30,000 men will be required to work as farm laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta.

The Canadian Pacific has arranged and is advertising usual special fare of \$15 to Winnipeg, and will run special trains from Toronto, August 9th, 11th, 16th and 18th.

With Imperial Press Delegates. The picture shows Alfred Sprigg of the Leicester Paper Society, H. Horton of The New Zealand Herald and P. Selig of The Christchurch Daily Press, chairman of the Newspaper Proprietors' Association of New Zealand.

# GOOD SHOOTING AT MANY PAY TRIBUTE TO RABBI JACOBS

### Tie for First Place in City of Hamilton Match—Other Honors Divided.

The 51st annual shoot of the Ontario Rifle Association opened yesterday afternoon on the Long Branch rifle ranges. The meet will continue thru the week until Friday afternoon.

Private C. Morgan of the Western Ontario Regiment, London, and Private C. Tyers of the Governor-General's Foot Guards, Ottawa, tied for first place with a score of 34 out of a possible 35 in the city of Hamilton match for tyros. The range was 500 yards. They will shoot off for the O.R.A. silver medal later in the week.

Sergeant W. Dow of the Q.O.R. and Sergeant J. T. Steele of the C.A.S.C. divided the honors for first place in the Gibson match, with a score of 33 out of a possible 35. In this match seven rounds were fired within a minute at 600 yards.

Revolver Match. In the revolver match, which will be continued thru the week, Capt. E. J. Kaufman, with 81, and Private R. Stortz, with 80, were leading last night. Twelve shots must be fired with each hand within three minutes at a range of 25 yards. The 210 marksmen from all parts of Canada are encamped on the range.

The Enfield service rifle used overseas by the C.E.F. is being used during the meet. To many of the old-timers who turned up for the meet the gun is unfamiliar. In spite of this and of the adverse weather conditions and poor light, officials of the contest expressed themselves as pleased with the scores of the first day's shooting.

The Duke of Cornwall and York match will be shot off today. Seven rounds will be fired from each of the 500 and 600-yard ranges. The city of Toronto match at 500 and 600 yards, began yesterday, will be finished today.

Bisley Men Shoot. W. A. Higgins, J. A. Vincent and G. Mortimer of this year's Canadian Bisley team took part in the shooting yesterday. Several teams from the west are on their way to the D.F.A. meet in Ottawa next week, where next year's Bisley team will be picked, are also entered in the O.R.A. meet.

Entries may be submitted to the O.R.A. secretary, Lieut.-Col. S. J. Higgins, O.B.S., at his office near the range, Lieut.-Col. J. I. McLaren, 4th Infantry Brigade, is chairman of the match committee.

The results of yesterday's two completed matches follow:

City of Hamilton match, open to tyros, seven rounds at 500 yard, position, prone—1. Pte. G. Morgan, W.O.R., 34; 2. Pte. C. Tyers, G.O.R., 34. Shot off for medal, 3. Major R. J. Davidson, 33th; 4. Mr. E. Webster, St. H.R.A., 33; 5. Sgt. W. Yates, A.S.H., 33; 6. Mr. Wm. Webster, St. H.R.A., 33; 7. Cadet L. H. Winter, 33; 8. Capt. R. S. Cross, 33th; 10. Staff Sgt. J. Bryant, R.C.C.C., 32.

Tyros team winners, City of Hamilton—1. 38th Battalion, Ottawa, 19; 2. St. Helena C.B.A., 14; 3. 31st Highlanders, Hamilton, 12.

Gibson match, seven shots at 600 yards, rapid fire. Position, prone—1. Sgt. W. Dow, Q.O.R., 33; 2. Sgt. J. T. Steele, C.A.S.C., 33; 3. Sgt. A. Innes, Q.O.R., 33; 4. Sgt. W. Morris, C.E.F., 32; 5. Pte. W. Irvine, G. G. B. G., 31; 6. Pte. A. Emo, R.G., 31; 7. Major A. Jackson, Buff. R.S., 31; 8. Sgt. G. Russell, G.G.P.F.G., 31; 9. Capt. T. Margrett, R.L., 31; 10. Pte. J. Templeton, Q.O.R., 31.

"Warsaw is doomed," was the remark heard everywhere today in official and political circles of Poland, replacing the belief expressed within the past few days. "There will be another battle of the Marne."

Circles, which up to the present had been most optimistic, conceded the Bolsheviks had reached the Danzig-Warsaw railroad at Ciechanow, severing connection between Warsaw and the sea. Military circles point out that the Polish capital is now hemmed in from the northeast, east and south and consider its fall a question of days, perhaps hours.

The latest Polish communique, announcing that the Bolsheviks captured Przasnysz and are moving westward toward Malawa and Ciechanow has created a most painful impression in Paris, the afternoon papers announcing that the capture of the latter town is a foregone conclusion.

Rumors, absolutely unconfirmed, were circulated in the stock exchange this afternoon of General Pilsudski's suicide. It brought market operations to a complete standstill.

G. T. R. in Trouble. G. T. R. train No. 13 blocked traffic at the Bay street crossing for ten minutes a couple of days ago. Yesterday the officials hailed before the police magistrate succeeded in having the case adjourned.

Whiskey in Possession. Ronald Stewart was yesterday morning fined \$200 and costs with the option of three months in jail, for having whiskey in his possession, P. C. Holmes, of the Union Station, being the chief witness in the case.

The funeral service of Rabbi Solomon Jacobs yesterday was a dignified and solemn ceremony, which did justice to the affectionate esteem in

which the late Hebrew religious leader was held by all who had come into contact with him, no matter what their creed or race might be. The service in the school room beneath the Synagogue of the Holy Blossom was conducted by Rabbi M. J. Merritt of Temple Emmanuel of Montreal, who paid an eloquent tribute to the late rabbi.

Nearly all religious denominations were represented at the public service, Christian and Hebrew, Protestant and Catholic. Among the notable people present were Rev. A. L. Burch, representing the Chaplain Corps; Sir William Mulock, Bishop Reeves, Col. Geo. A. A. Brookston, Mr. Keiso of the Humane Society, and Mayor Church. The

pal-bearers were: Edmund Scheuer, W. Goldstein, S. Lorie, Judge Cohen, A. Levy, S. Lubelsky, J. Elisman and Leo Frankel.

A short private service was held at the residence at 11 o'clock, at which Rabbi Merritt also presided, for the synagogue trustees and members of the family and their closest friends. The public service, at 2.30 p.m., was conducted in English, and Rabbi Merritt's oration consisted of a survey of Rabbi Jacobs' life. He told of Rabbi Jacobs' devotion to his religious principle, of his ready and unstinted response to any worthy appeal, of his virile, vigorous, progressive spirit, of his influence on all around him and of the indelible mark he had left on the life of the whole community. "No marble statue," said Rabbi Merritt, "could commemorate Solomon Jacobs' life work as eternally or

conspicuously as the noble efforts of his splendid life on the thought and experience of the whole community will be. A monument can stand in only one place where only a limited number of people can see it, but the memory of Rabbi Jacobs' personality is inscribed for ever deep in the minds of thousands who have benefited by his acquaintance all over the world.

A Masonic service was also held. Despite the rain, a large portion of the congregation collected at the graveside to mourn in sympathy with the bereaved family and witness the last rites to a great man, whom they all loved and looked upon as a faithful and just friend. Floral tributes sent by Bnai B'rith Lodge and Mount Sinai Lodge, A. F. and A. M., and a huge wreath with the inscription, "We Mourn Our Loss," from the late rabbi's congregation.

## ORCHESTRA

The Toronto World

FOUNDED 1826
A morning newspaper published every day in the year by the World Newspaper Company of Toronto, Limited.

Should There Be Extra Sessions of Parliament and the Legislature?

With the Toronto Globe demanding an extra session of parliament, and Hon. Mackenzie King demanding that parliament be at once dissolved, Premier Meighen might well be at his wits' end if he paid any attention to either.

The possibility of another war, in which Canadian boys might lose their lives, dwarfs all other considerations, and we can only hope the possibility of its occurrence to be remote.

Nevertheless, if there is to be a war, it is of the highest importance that the parliament of Canada be consulted, and that the government of the day be given the necessary power to deal with the situation.

As for the necessity of calling an extra session of the Ontario legislature during the dog days of August, we express no opinion.

Where Will the Labor Vote Go? President Samuel Gompers of the American Federation of Labor has declared that the platform adopted by the Democratic national convention at San Francisco is more friendly and satisfactory to organized labor than the platform adopted by the Republicans at Chicago.

As if may, Mr. Gompers will be able to get his views over, because the American Federation of Labor has a campaign committee at work in nearly every congress district, and has marked for defeat a number of senators and representatives, irrespective of party, who are running this year for re-election.

Organized labor in the United States has kept pretty well out of politics. The members have realized that party rancour might easily divide their ranks. They have sometimes concentrated to oppose some particular candidate, but not always with success.

But it is to be doubted whether any large number of Labor men, heretofore Republicans, will become Democrats on Mr. Gompers' recommendation. They would have followed him into a new party dedicated to public ownership, including railway nationalization. But they have no assurance of getting anything substantial from either of the old political parties.

Admitting all this to be true, however, the Republican leaders would much rather have Mr. Gompers with them than against them. He will influence some voters undoubtedly, and his declaration falls in with their favorable circumstances to give the Democratic party, which seemed to be in a hopeless position a few months ago, a sporting chance to win the election.

Wall street is still betting two-and-a-half to one on Harding, but the views of Wall street are often more interesting than convincing. The publication today by day of these wagers through the country will be the best campaign document that the Democratic party could provide.

A candidate favored by Wall street has to fight for his life west of the Allegheny mountains.

TENDER A BANQUET TO BISHOP SPRATT
Eight Hundred Persons Attend Brilliant Affair in Kingston City Hall.

Kingston, Aug. 9.—(Special).—The reception banquet tendered to Archbishop Spratt, at the city hall this afternoon, was a brilliant affair. Upwards of eight hundred of the clergy and laity of the archdiocese of Kingston attended and welcomed his grace on his safe return from Rome, and paid tribute to him as head of the archdiocese. John Edwards was toastmaster, and the toast list and speakers included the following: "Our Guest," proposed by C. J. Foy of Perth, and responded to by Archbishop Spratt; "The Hierarchy," proposed by Edward J. Butler of Brockville, and responded to by Rev. Father Kelly of Smith's Falls, "Dominion of Canada," proposed by D. W. Downey of Belleville, and responded to by James McLaughlin, general manager of the city and vicinity. For two years he has been a valued member of the city council, and was also on the separate school board.

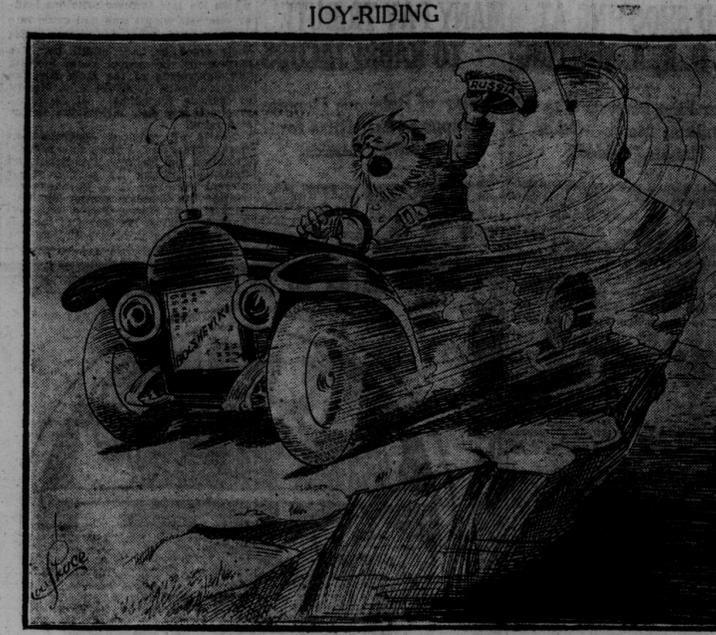

WOMAN IN SASKATOON IS NEARLY CLUBBED TO DEATH
Saskatoon, Sask., Aug. 9.—With her head and body a mass of wounds, Mrs. Betsy Nash, is lying in a critical condition in a local hospital, while her husband, Thomas L. Nash, a laborer, is held by the police on a charge of attempted murder. At the climax of a violent quarrel, Nash is alleged to have seized a heavy mallet and attacked his wife, clubbing her to within an inch of death. The woman was the widow of a Canadian soldier killed in France, and is the mother of five small children.

BUSH FIRES ENDANGER BALMORAL MAN, DISTRICT
Winnipeg, Aug. 9.—Crops and farm buildings north of Balmoral, about 95 miles from this city, are endangered by a bush fire which today assumed alarming proportions. All cutting has been stopped and a combined attempt is being made by every available man in the district to check the progress of the fire, which is fanned by a 25-mile an hour breeze. Stacked hay, estimated at 800 tons, has already been destroyed.

BOY DROWNS IN LAKE
Kingston, Ont., Aug. 9.—Benni Thompson, aged 15, of this city, was drowned in Sydenham lake yesterday. He went beyond his depth and was not able to swim.

DIES AT AGE OF NINETY.
Kingston, Ont., Aug. 9.—(Special).—Stover Benn, aged 90, one of the best-known farmers in this district, died at Sydenham. A widow, two sons and two daughters survive.

BUY LOTS NOW before they advance in price, and start building for occupation next winter. Beautiful Residential Property. Nearest Restricted District to the Centre of the City. West Side of Bathurst St., North of St. Clair Ave. CEDARVALE.

REFUSE TO RAISE FINES ON MONTREAL MILKMEN

Montreal, Aug. 9.—The city aldermen today refused to adopt a bylaw increasing the fine on milkmen selling milk not up to standard from \$40 to \$200. This means that the bylaw will pass automatically, but not before sixty days when the summer being over, the abuse aimed at will not be of so urgent a nature as at present.

BULGARIAN PEACE TREATY IS FORMALLY RATIFIED

Paris, Aug. 9.—The peace treaty with Bulgaria was made formally effective by the exchange of ratifications among the powers party to the pact, which occurred today. The treaty was signed at Neuilly on November 27, 1919, and was ratified by the Bulgarian Sobranie January 12 of this year. France's ratification of the treaty was completed by the favorable action of her senate on July 31.

PATRICK LEE, BELLEVILLE, DIES AFTER LONG ILLNESS

Belleville, Aug. 9.—(Special).—Patrick Lee, one of Belleville's well-known and much respected citizens, passed away this morning after an extended illness. He was 55 years of age, and until his health caused his retirement, general manager of the McLaughlin Motor Company for this city and vicinity. For two years he has been a valued member of the city council, and was also on the separate school board.

MAY FIND RADIUM IN FRONTENAC COUNTY

Kingston, Ont., Aug. 9.—(Special).—Col. F. S. Johnson, American consul, has just returned from a trip thru northern Frontenac county, and reports that there are good prospects for mining deposits there. He brought back some promising specimens with him. There is a confident belief that radium will be found in great masses of pitch blende in that district.

CASE OF 'BIG MIKE' TO BE HEARD FRIDAY

Quebec, Aug. 9.—The preliminary investigation in the case of Big Mike, charged with the murder of Kostinean, an accomplice of Debeke and Moharty, who already have given their lives on the scaffold, has been adjourned till next Friday, when the accused will be brought back to Chiquotini to continue the hearing of evidence.

POLES EAGER TO FIGHT.

Montreal, Aug. 9.—The Polish vice consul stated this morning that during the past week one thousand Poles had endeavored to obtain immediate passage home, all eager to defend their country from the Bolsheviki.

BUMPER CORN CROP IN PROSPECT IN U. S.

Wheat Yield Estimate Reduced Fourteen Million Bushels Because of Rust.

Washington, Aug. 9.—A three billion bushel corn crop for the third time in the history of the United States, was forecast today by the department of agriculture, on the basis of conditions existing August 1. Inasmuch as August is the critical month for the crop in the great corn belt of the middle west, it is uncertain whether the promise of a crop almost equal to the enormous ones of 1912 and 1917 will be fulfilled. Improvement was reported during July in the important crop states, with the exception of Illinois, and as a result a crop forecast of 24,000,000 bushels larger than that predicted July 1 was issued.

Spring wheat was adversely affected during July, principally by rust, and the production forecast of the crop was reduced 29,000,000 bushels from a month ago, or to a total of 82,000,000 bushels. The preliminary estimate of winter wheat production was 15,000,000 bushels larger than forecast in July, making the combined crop of winter and spring wheat only 14,000,000 bushels smaller than estimated a month ago.

HARVESTERS ROB STORE DURING STOP IN QUEBEC

Quebec, Aug. 9.—Last Saturday a special C.R. train pulled in at Chaudiere curve with 600 harvesters on board, going west. When the train stopped, the travelers got off to drink. While they were asking for water at a private residence, a revolver shot was heard from the Frechette store. This was the signal for sacking the place, and \$2000 worth of goods were stolen. A few minutes later the train pulled out again.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 8 Minutes to Answer This. No. 268.

Bookmakers, in offering the public opportunity to back their choices at the racetracks, naturally take measures to guarantee themselves profits. In the first place, a bookmaker aims to "balance" his book so as to have wagered amounts on the various sides in proper proportion to their respective odds. But a perfectly balanced book, while insuring against loss, yields no profit unless the odds offered are shortened below their justified figures. The collective chances of the horses in a race, of course, represent 100 per cent. For example, in a three-horse race, where the candidates are considered equal, each would have one out of three chances, or 33 1/3 per cent. Thus the odds should be two to one against each. Thirty-three and one-third dollars on each to win would bring back the original capital, no matter which one won. So, calculating "bookies" sell anywhere from 110 to 150 per cent, instead of the 100 per cent, which exists, which gives them the advantage of from 10 to 50 per cent to start with. For example, the odds of a 150 per cent book in a three-horse race might be even money offered against each horse. Thus each is sold at a price which would indicate it had a 33 1/3 per cent chance, instead of 33 1/3 per cent. Now let us see who understands the bookmaker's methods by assuming that a "bookie," who gives the betting public an absolutely even chance, offers in a three-horse race the odds of 7 to 3 against Apple Pie and 6 to 5 against Bumble Bee. The odds should be the odds against Oyster, the other contender?

Answer to No. 267. W.A.S.P. must be plus FIVE minus 4 plus TON leaves WASHINGTON. (Copyright, 1919, by Sam Loyd.)

SAYS BRITISH PUBLIC BUYS FEWER LUXURIES

Ottawa, Aug. 9.—(By Canadian Press).—That the British public is less inclined to buy many luxuries which they purchased freely for a considerable period after the armistice, and that as regards necessities there is an inclination to limit demands to actual requirements is a new phase of the British trade situation noted in a report the government has received from Harrison Watson, Canadian trade commissioner in London.

SHOT DEAD WHILE HAVING PICTURE TAKEN

Montreal, Aug. 9.—While having his picture taken with some friends at Ahuntsic yesterday, John Hubert Falbait was accidentally shot by a little boy nine years of age, named Willie Denis. Falbait was taken to the Hotel Dieu where he died at six this morning. The boy was playing with an automatic rifle which he pointed at the party.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XXI CONTINUED. Judith intently acquiesced. Hampton's interest was sufficiently heavy for him to be entitled to some consideration. Besides, she had come to experience a liking for the boy and had seen in him the change for the better which his new life was working in him. Further, she meant to make it her business that she did not leave the ranch for a day or so, or an hour or so, when she should be there. Consequently, within a week Pollock Hampton was known humorously from one end to the other of the big ranch as the Foreman-at-Large.

Marla Langorby, visiting in southern California, wrote brief, sunny notes to Hampton, indicating letters to Judith. The mystery of Bud Lee, of which she had had a glimpse when the artist, Dick Ferris, and Lee recognized each other as old friends had pleased her curiosity in a way which allowed that young daughter of Eve no rest until she had made her own investigations. She wrote at length, telling Judith all that she had learned of Lee. How he had been quite the rage, my dear. Oh, tremendously rich with a great ranch in the south, a wonderful adobe hacienda of the old Spanish days, where, like a young king, he had entertained lavishly. How, believing in his friends, he had lost everything, then had dropped out of the world, content equally to allow that world to believe him soldiering in France or dead in the trenches and to take his wage as a common laborer. Wasn't it too romantic for anything?

In due course, following up her letters, Marla herself came back to the Blue Lake ranch, Judith's guest. The major and Mrs. Langworthy were visiting in the east—it seemed that they always visited somewhere—and Marla would stay at the ranch indefinitely. Hampton drove into Rocky Bend for her and said the girl's breathless admiration all the way home, hanging the reins of his young team in a thoroughly reckless, shivery manner. "Isn't he splendid?" cried Marla when she slipped away with Judith to her room.

Under the bright approval of Marla's eyes Hampton flushed with pleasure. Could Mrs. Langworthy have seen them together she would have nudged the major and whispered in his ear. During the two months after the dance Bud Lee and Judith had seen virtually nothing of each other. When the routine duties or a necessary report brought them for a few minutes into each other's society there was a marked constraint upon them. Never had the man lost the stinging sense of his offense against her; never had Judith descended to be anything but cool and brief with him. While no open interference was made to what had passed, still the memory of it must lie in each heart, and Leo Lee held his eyes level with hers and drank deep of the warm

Continued Tomorrow Morning.

The Quality of Telephone Service

THE BELL TELEPHONE COMPANY, more than anyone, desires a quick and accurate telephone service. A "wrong number"—however trying to the subscriber—means money loss to the telephone company. There are 800,000 calls in Toronto in 24 hours. If one in every hundred is a "wrong number," it means 8,000 in a day—equal to the loss of about 15 operators' time. Similarly, a lagging response to your incoming signal means a slowing up of service. A small item on just one call, but a serious addition to our labor costs when 800,000 calls a day are involved.

To protect, not only the public, but to protect itself, the Company maintains a staff whose duty it is to time the response to subscribers' signals and to check the percentage of "wrong numbers." The standard of speed and accuracy insisted upon is high. Only a very small percentage is allowed for "human error." Since the war it has been difficult to maintain this standard. In spite of high wages, and attractive working conditions, suitable operators have been very scarce.

Now, however, we are able to remedy this situation. The operator problem is becoming easier, the staff is largely increased, and everything is being done by intensive training and careful supervision to produce the highest grade of service. The Company is confident that the old high standards of service are within reach. To maintain these standards assistance is required from the telephone user. To speak clearly, distinctly, and directly into the mouthpiece—to answer promptly when the bell rings, and to make sure of the number by consulting the directory before calling—these things are of great aid in our efforts to maintain good service.

LOCAL IMPROVEMENT NOTICE

TAKE NOTICE that the Council of the Corporation of the Township of York, in pursuance of Section 9 of "The Local Improvement Act" and amendments thereto, intends to carry out the following works as local improvements, and intends to specially assess a part of the cost upon the lands abutting directly on the work, namely:

PAVEMENTS. (Cost to be paid in 10 annual instalments). 1. Arlington Avenue—A 24' Asphalt or Bituminous Macadam Pavement with concrete gutters on a 5' concrete base on Arlington avenue, from the north city limits northerly to Normanna avenue, an approximate distance of 765 ft.

2. Atlas Avenue—A 24' Asphalt or Bituminous Macadam Pavement on a 5' concrete base, with concrete gutters, on Atlas avenue, from the north city limits northerly to Normanna avenue, an approximate distance of 765 ft.

3. Barrie Avenue—A 24' Asphalt or Bituminous Macadam Pavement on a 5' concrete base with concrete gutters on Barrie avenue, from Atlas avenue to the west end, an approximate distance of 325'.

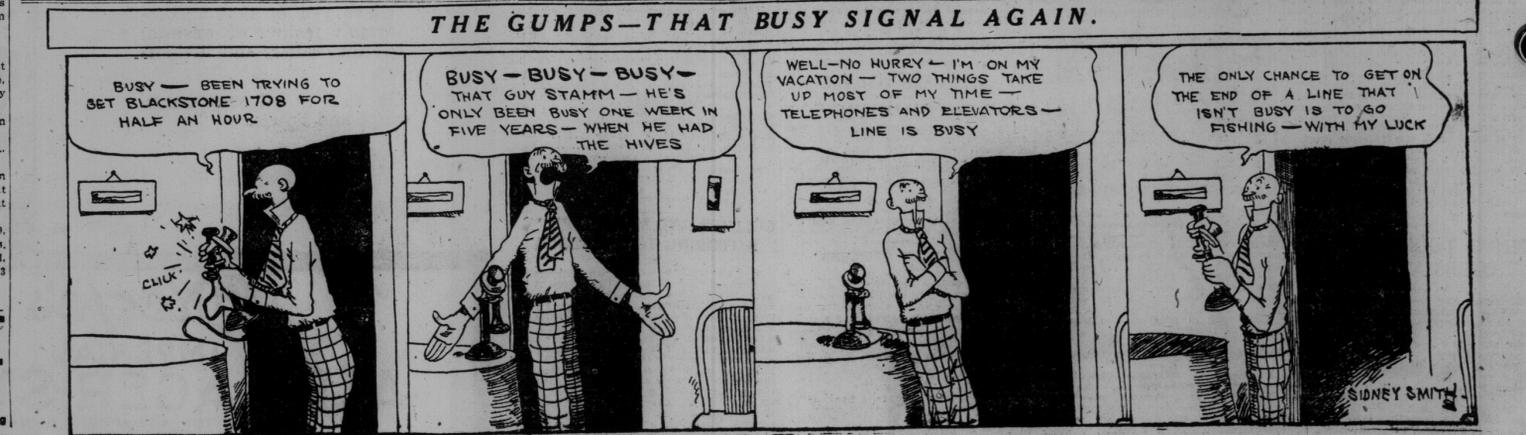

4. Dufferin Street—A 24' Asphalt or Bituminous Macadam Pavement on a 5' concrete base with concrete gutters, on Dufferin street, from the north city limits, northerly to Everfield Road, an approximate distance of 925 feet.

5. Lauder and Miller Avenues—A 24' Asphalt or Bituminous Macadam Pavement on a 5' concrete base, with concrete gutters, on Lauder avenue, from the south street line of Lauder avenue, northerly to the north street line of Miller avenue, approximately 475 ft., and a 24' ft. Asphalt of Bituminous Macadam Pavement on a 5' concrete base with concrete gutters, on Lauder avenue, westerly to west limit of Register's Plan No. 2156, an approximate distance of 120 ft.

6. For the 24 ft. Pavement on Miller avenue, S.S. 1122 and the N.S. 1124. 7. Rushton Road—A 24' Asphalt or Bituminous Macadam Pavement on a 5' concrete base with concrete gutters, on Rushton Rd., from north city limits, northerly to High street, an approximate distance of 1,200 ft.

The estimated cost of the work is \$21,000.00, of which \$650.00 is to be paid by the Corporation. The estimated annual special rate per foot frontage is \$1.32. Dated and published this 10th day of August, 1920. W. A. CLARKE, Clerk, York Township.

CANADIAN NATIONAL RAILWAYS CENTRAL LINES. Sealed tenders, addressed to the undersigned and endorsed "Tender for Ties," will be received at this office until twelve o'clock noon, Tuesday, December 1st, 1920, and November 1st, 1921, in accordance with The Specification No. 3856, dated March 18th, 1919; \$20,000 to be delivered on Canadian National Lines between Port Arthur and Pembroke. \$50,000 to be delivered on Canadian National Lines in Central Ontario. \$25,000 to be delivered on Canadian National Lines between Ottawa and Quebec. \$50,000 to be delivered on Canadian National Lines, Lake St. John District. Tender forms and specifications can be obtained at the office of the General Tie Agent, No. 9, Toronto street, Toronto. Tenders will not be considered unless made on forms supplied by the Railway. No tender for quantities less than 10,000 ties will be considered. The lowest or any tender not necessarily accepted. E. LANGHAM, General Purchasing Agent, Canadian National Railways, Toronto, Toronto, August 6, 1920.

NEW YORK STOCKS AGAIN LIQUIDATED

Prices Rally Somewhat on Short-Covering and Recovery in Sterling.

New York, Aug. 9.—Developments over the week-end in the foreign situation were responsible for another outpouring of stocks in today's market that carried down prices one to 10 points.

Short selling was in great volume and there was actual liquidation. The pressure of stocks was so great that many of the leaders touched the lowest figure of the year.

Recovery of one to four points were made before the session ended.

Rejection by the Russian soviet government of the allied treaty terms, and a break of seven cents in sterling, were the dominant features.

Operators were successful in uncovering stop loss orders and there appeared also a great deal of liquidation of weakly margined holdings.

Creation of new low records for many prominent issues discouraged the bulls, and there was little concerted effort to check the decline until late in the day.

Rumors were circulated that loans were being called on pools, and individuals whose collateral had been depreciated by the fall in quotations: Large inroads were made in the prices of the steels, automobiles, shipbuilding, coppers, motors and dividend-paying railroad stocks.

Sterling exchange fell to \$3.60-1.40, and continental bills were shaded five to 40 points below par.

Total sales approximated 1,050,000 shares.

The extensive covering movement late in the day was accelerated by the rally in sterling and the easier conditions in the call money market.

Domestic and foreign government bonds were slightly lower. Total sales (par value) were \$3,075,000. United States old bonds were unchanged on call.

PRICES DEPRESSED ON LOCAL MARKET

Montreal Liquidation Largely Responsible for Weakness at Toronto.

The situation in Montreal was largely responsible for partial demoralization on the Toronto Stock Exchange yesterday.

Liquidation here was comparatively light, but offerings from Montreal flooded this market.

There was certainly the case with Brazilian, which the operators in the eastern city tried to buy some time ago.

The collapse in pools and the demand for money for other channels brought about speculative selling in all directions.

Wall street was tumbling and foreign news added to the consternation.

All the paper issues passed below week's low prices, despite the assurance sent out at the week-end by some bankers, that the worst was over.

The Canadian exchanges were closed on Saturday to allow brokers to catch up with business and get margins in shape.

Yesterday morning selling started from the sound of the gong, and prices continued to go down with intermittent rallies throughout the day.

The merger shares, the inactive, were decidedly weak, with Dominion Steel at 53. Toronto of Canada was also weak; in fact, all the speculative stocks, with odd exceptions, made lows below where transactions occurred.

Brazilian sold as low as 35 in Montreal, but was held a point higher here, where there was understood to be a good absorption.

Toronto Bulls were a weak spot, with one sale at 35. The banks came under the general influence of the market, and were somewhat easier, but the war bonds were firm, although quiet.

Early and Substantial Rise Indicated in Prices of Gold Shares

July and August are usually quiet months in the mining market. As a rule, stocks decline during this period.

The market is now very much oversold. Prices have been carried to low levels, principally by short selling.

This movement cannot be carried any further seems evident by the action of the market during the past week, when a very noticeable steadiness developed, resulting in slight advances.

When September arrives the indications are that strong public buying will begin and continue for at least four or five months.

It would appear, therefore, that substantial price advances may be looked for soon. The present year promises a big boom in gold stocks, because conditions favor the mines more so than in any year since 1916.

Consumer to Pay Costs Rise, Say

dent of Groc

WOULD TAX, I

Ottawa, Aug. 10.—(Press.)—That an increase would mean a mud-vance in the cost of the ultimate consumer—Mr. Blain, president of the Canadian Wholesale Grocers' Association, said this afternoon. Mr. Blain's remarks were made in the profit of Jobbers. He stated that the increase of the cost of a commodity freight rate. If a many article for one hundred the freight on this article to eight dollars, the whole profit as a percent hundred and eight dollars, mostly passing on to the consumer reaching the consumer would consequently be halved.

Mr. Blain was of the opinion that an increase should be granted. He said that the Canadian Railway could not be expected to make a reasonable revenue without an increase in rates. He said that the Canadian Railway had a deficit of \$10,000,000. He said that the Canadian Railway should be met by taxation. He said that the Canadian Railway should be met by taxation. He said that the Canadian Railway should be met by taxation.

C.P.R. Comptroller

A large part of the deficit was taken up in examining the Montreal assistant comptroller C.P.R., who was called to corroborate figures produced by the Canadian Railway. He estimated that the cost of the deficit would be \$10,000,000.
