Steel Cages Enclose Two Underwater Craft At Entrance To Firth of Forth

TWENTY-NINE DEAD GERMANS AND THEIR OFFICERS AND FOUR SCOTCH FISHERMEN IN ONE

Believed Latter Were Captured and Forced To Pilot Submarine, But Led Her Into Trap and Gave Up Lives For Country

London, March 30—A Toronto Mail and Empire London cable says— The effectiveness of the steel submarine traps which have been put down to guard British rivers and harbors has been shown by the fact that two German submarines have been caught in the Firth of Forth. In addition, a third has been sunk off the coast of Haddingtonshire and a fourth was rammed on last Wednesday disabled, captured and towed into Leith, where the crew was taken prisoners.

Turkey Willing To Give Up Territory To Have Bulgaria Remain Neutral

Paris, March 30—The Athens correspondent of the Havas Agency declares he has received from diplomatic sources confirmation of the report that Field Marshal Von Der Goltz has been authorized by Turkey to offer Bulgaria the Bosphorus line as a new boundary in exchange for her continued neutrality in the war.

VILLA'S MEN HAVE 600 OF CARRANZA TROOPS IN SERIOUS POSITION

Douglas, Ariz., March 30—Ambushed by Villista troops, 600 Carranzista cavalrymen are fighting for their lives 25 miles southeast of Agua Prieta. Couriers reached there today with appeals for help. The Carranzistas were taken by surprise while returning to Agua Prieta after a raid. Scores were killed, but the survivors took refuge in the hills, pursued by the Villistas.

TURKS GATHER TROOPS AT SMYRNA TO OPOSE LANDING OF ALLIES

Paris, March 30—A Havas Agency despatch from Paris says that the operations in the Dardanelles on Monday consisted only of an intermittent bombardment of several Turkish positions with the co-operation of aeroplanes.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—The cold wave now covers the northwest states, drawing slowly southward with diminishing energy. Fair cold weather prevails over the greater portion of the dominion.

Constantinople To Be Compensation For Belgium?

New York, March 30—C. F. Bertelli, wires to the "American" from Paris, that the allies, after numerous conferences, have decided to give Constantinople to Belgium for the wreckage of her country. He says that Russia's claims to Constantinople did as much as the winter weather to delay naval action by England and France, against the Dardanelles and the Russian difficulty was rendered all the greater by the uncompromising attitude of Roumania, which made it quite clear to England and France that she would much rather forego possession of Transylvania than see Russia in command of the Bosphorus at Constantinople.

W. L. LLOYD, WHO WAS REPORTED KILLED IN FRANCE, IS HEARD FROM

A report in circulation about the city some time ago was that W. L. Lloyd, a well known young man who was with the St. John troops in France had been killed. This morning all fears regarding his safety were set at rest when A. S. Belyea, of Macaulay Brothers & Company's staff received a card from him, written in France, dated March 9, and saying that he was well. The news, written in French, was welcomed by his many friends.

THE LATE MRS JULIA L. HAMM The funeral of Mrs. Julia L. Hamm took place yesterday from the Baptist church, Grand Bay, and was attended by many. Services were conducted at the church and grave by Rev. Dr. Crowell. He spoke from the words "Blessed in the sight of the Lord is the death of the righteous." Many beautiful floral tributes were received, among them a beautiful Maltese cross from Court Grand Bay, I. O. F., and also a wreath from the P. A. B.

HUFFED AFTER STORMY TALK WITH KAISER, VON KLUCK RECKLESSLY WENT INTO DANGER AND WAS SHOT

London, March 30—An Amsterdam despatch to the Express quotes travelers from Berlin as saying that General Von Kluck, the German commander who led the advance into France, was wounded while recklessly inspecting trenches at the most dangerous point on the line after a stormy interview with Emperor William.

People of England Cry Out For Punishment of the German Fiends

Popular Clamor That Prisoners of Submarines Be Tried as Pirates - New York Newspapers Assail Murderous Methods Employed by "Kultur" Advocates

London, March 30—Wrath swept over England today because of the sinking of the liner Falaba and steamer Aquila by a German submarine, and demands were made on all sides that the submarine crews now held prisoners, be immediately tried as pirates.

NO WARNING TO BE GIVEN

Amsterdam, March 30—It is understood that the German admiralty soon will issue orders to submarines to sink all British merchantment without warning. The reason is assigned is that merchantmen are being armed and are firing on German submarines.

MURDER, SAY NEW YORK PAPERS

New York, March 30—Under the title "Kultur at its Meridian," the Herald, after quoting one of the survivors of the British steamer Falaba, as saying: "I saw part of the submarine's crew actually laughing at us. The submarine finally divided and disappeared," thus comments editorially:

"Great joy in the halls of kultur. One hundred and eighteen non-combatants some of them women, ruthlessly murdered, on the high seas. It is the day."

The World declares it is not war, but murder, adding: "It rouses the pity of the neutral world, for the helpless victims and abhorrence for men in high command, who order murder done. The higher policy of the war, as waged in Berlin, began with a gigantic blunder in the invasion of neutral Belgium. It is continuing it with another in decreasing the deliberate slaughter, at sea, of defenceless men, women, and children."

AFTER FIVE YEARS WILL BE UNDER THE PUBLIC UTILITIES COMMISSION

This Decided on in Reference to Southwest Boom Matter in Fredericton

Fredericton, N. B., March 30—The Southwest boom bill was under private consideration by the corporations committee this morning. The amendments made will probably show the public if they are disappointing to the promoters.

There are many lumbermen here looking after this and other matters. The municipalities committee met this morning. A bill to fix the valuation on the saw mill property of John Maloney at Chatham for assessment purposes was withdrawn.

A bill to authorize the municipality of Queens to make temporary loans, to exempt from taxation investments by local people in Sussex debentures, to authorize a bond issue of \$26,000 for extension of water system in Chatham, and to change the date of holding the municipal election in Victoria to September were agreed to with amendments.

Officers Here - The units which arrived yesterday are commanded by a clever staff of officers who are responsible for much of their success. No. 6 Co., from Montreal is in command of Major R. Knox of Quebec assisted by Capt. G. M. Cooper, of London. (Continued on page 2, third column)

BUSINESS NOT TOO BAD, SAY GERMANS

That is Commercial, Not War Business—A Report From Berlin

Berlin, March 30.—The business situation in Germany is regarded as fairly satisfactory, and better than might have been expected in view of the war. All industries, of course, are running on a restricted scale, chiefly because of the virtual cessation of overseas exports, but, as a large proportion of the skilled workmen went into the army, the sharp curtailment in production was not attended by a corresponding increase in unemployment. More women and girls are seeking work in some branches of industry than can find employment, but this is far from being the case with the men. On the contrary the chief industries of the country are seriously embarrassed by the scarcity of skilled workmen. This is true of the coal and iron trade, shipbuilding and certain sections of the chemical industry. A pronounced scarcity of workmen is reported from the great industrial district about Essen. The demand for coal is tremendous and the mines can meet, although its export has been prohibited.

Last month conditions in the iron trade were reflected by an advance in prices. The production of pig iron, running about 55 per cent. of normal, would be still larger if the necessary labor could be obtained.

Many branches of machinery manufacture, an important branch of German industrial activity are working full time or overtime, but here also a scarcity of workmen is felt.

Textile factories engaged in turning out the cheaper lines of goods are hampered by a shortage of raw material. The import of wool has virtually ceased and woolen rags are in great demand for the making of shoddy. Some mills have taken to spinning shoddy yarns. Indeed, quite recently they have raised the prices of cotton yarns and cloths.

FREDERICTON SOLDIER IS AMONG WOUNDED

Robt. Markey Now in Hospital—Member of 24th Battery Goes to France—The River

Fredericton, N. B., March 30.—Bandman Robert McDonald in a letter to a friend here from Trowborough barracks states that Private Robert Markey, formerly of Marystown, is in a hospital in London suffering from wounds in the head and leg. Markey was a member of the 12th battalion, and was sent to France.

Allan Boone, of this city, a member of the 24th battery, has, with several other members, been transferred to the heavy battery in England, and is now in France. He volunteered as driver.

Several inches of snow fell here last night, and raw, cold weather prevails today. There are no indications that the ice in the river will break before the middle of April. Lambers say that the backward spring weather will benefit the stream driving operations.

OPPOSE PROPOSED ASSESSMENT ACT CHANGE

Delegation of Retail Men to Fredericton—Favor the Grants

The Retail Merchants' Association, at a largely attended meeting last night, decided to oppose strenuously the amendments to the assessment act which are coming before the local legislature. A strong delegation headed by the executive of the association will go to Fredericton to use every effort to defeat the measure. It is anticipated that about thirty in all will go.

SOLDIERS' VOTE BILL COMES UP AGAIN

Ottawa, March 30.—The bill giving votes to soldiers on service has a place on the order paper of the commons, the minister of justice stated that it would be preceded by a resolution and Sir Wilfrid Laurier agreed.

The minister of justice introduced a bill providing that polls at dominion elections must be kept open from 9 a. m. to 8 p. m.

Another important amendment proposed that workmen may have an additional hour at noon with pay for the purpose of voting.

The Hon. Frank Cochrane gave notice of his resolution to provide for the operation of the National Transcontinental line in the opposition leader, he said that a lease had been sent to the Grand Trunk Company.

ACCIDENT

Frank Mathews, a stevedore, had one of his fingers crushed last evening while he was working on board the Allan liner Hepperton, at San Point, and was cared for in the Emergency Hospital.

Estate of Hannah Lynch

All persons having claims against the estate of the late Hannah Lynch, are requested to send them to the administrators, Ann O'Brien, 387 Ludlow street, Quebec, and all persons indebted to the estate (except book debts), to make returns by the 7th of April, 1915, to be said Ann O'Brien, 4-5.

HURDMAN SAYS HE KNEW THEY WERE INFERIOR

All The Glasses That Could be Got, is Excuse He Gave Public Accounts Committee

Ottawa, March 30.—That P. W. Ellis & Company knew that inferior binoculars were being supplied to the Canadian forces was sworn to by Lieut.-Col. W. G. Hurdman, of the militia department, in evidence before the public accounts committee today.

Some of the glasses were supplied at rates as low as \$9.75. The average price paid by the government was about \$40.

The defence put forward as an excuse for the kind of glasses was all that could be got. The evidence was illuminating in view of Mr. Ellis having taken a patent in connection with the saving effected for the government through his activities.

ASSESSMENT BILL TAKES MANY FROM HERE TO CAPITAL

There will be a big delegation of citizens from St. John's to appear before the municipalities committee in connection with the civic bill to amend the assessment act by providing for the exemption from taxation of all incomes under \$1,000, partial exemption up to \$1,400 and exemption of small holdings of personal property.

The mayor and several of the other city commissioners will be on hand, probably leaving this evening.

At a meeting of the Board of Trade this morning it was decided to send a strong delegation to appear before the committee. The members of the delegation will be chosen at a meeting to be held on the train.

Forty members of the Trades and Labor Council will leave tomorrow for the capital to appear before the committee in the legislature in connection with the bill. C. H. Stevens will act as chairman of the delegation. The following have been chosen to speak on behalf of the council: C. H. Stevens, H. Campbell, J. L. Suggs, John Kemp and Fred Hynes.

All three delegations will leave St. John tomorrow morning in special cars attached to the legislature in connection with the bill. The regular train in the evening.

WIFE MURDER AND SUICIDE BACK OF NEW YORK FIRE

New York, March 30.—Firemen who extinguished a blaze today in the rooms of Louis Varadi in Fourth street, found Varadi and his wife, Ethel, dead in bed, of what were thought at first to be burns.

Close examination, however, disclosed that the woman had been tied to the bed and that there were two bullet wounds in her head, either of which would have caused death. Varadi also was found to have a bullet in his brain, a pistol lay nearby. The police believe Varadi killed his wife and then himself, and that the blaze from the pistol fired the bed clothing.

MOTHERS PETITION FOR CITY GRANTS

KHAKI WORTHY OF WIDE ENDORSATION AND ASSISTANCE

The New Monthly Magazine and News-Letter Designed For Free Distribution to Overseas Soldiers in Empire's War

The Times yesterday referred to Khaki, a new magazine issued in London for the pleasure and satisfaction of the overseas soldiers who are aiding in fighting the empire's fight in the great war. Something more than the brief notice given it was well added.

The idea of the magazine is purely patriotic one. It is not a money-making enterprise, but is designed to supply timely and interesting reading matter to the colonial soldiers at the front, and at the same time pay a debt of gratitude to the overseas men who are supporting the colors on the battlefields of Europe.

An appealing feature is an inset news letter, compact, but comprehensive, giving the home news from all the overseas dominions—not war news, but the news of the day. For instance, the news letter with the March number has a page and more of Canadian news, including several St. John items. Also there are happenings in Australia and India and other empire parts, which will appeal to the men from those dominions.

The magazine itself is of 180 pages, with well selected stories, poetry, excellent illustrations, some phases of the lighter side of life, and a pictorial theatrical department. It is very readable, and is bound to give the soldiers pleasant hours.

The aim is to supply to each overseas soldier a copy of magazine and cable letter free every month. To make this possible, subscriptions are asked for and \$5 will pay for a six months subscription, which will include a monthly copy sent to the subscriber. The Royal Bank of Canada is looking after this financial end of the project, and the \$5 may be sent to any branch of the bank and will be remitted to the London office of the bank and acknowledged in Khaki. Copies received at the King street office, with Capt. H. J. Freeman, of Winnipeg, and Lieutenants R. A. Laird, of Regina, R. S. Roby, of Ottawa, and E. J. LeBlay, of Montreal, are now in the hands of the editor, Lieut. C. H. Stevens, of the First Lord of the Admiralty, and other big men of military, nautical and theatrical fame, are in the motherland. When it becomes a profit-making enterprise, it is announced, a suitable charity will be found for the profits.

OFFICERS OF THE 55TH ANNOUNCED

(Continued from page 1.)
don, Ont., and Lieutenants A. R. Matthews, of Montreal, H. T. Tallentell, of Toronto, and G. H. Rainville, of Montreal. The Winnipeg Co., No. 7, is commanded by Major H. D. The Montreal Co., No. 8, is commanded by Major J. T. Perry and Captain C. H. Graham, of Vancouver. Major J. T. Perry is now in the city aiding Lieut. Col. Massie, as second in command of the train, has gone to England, and has been promoted to Lieut. Colonel.

Today's Drill
The 26th drilled in independent companies today in the vicinity of the army. The Army Service Corps No. 5 Co., carried on operations near their quarters in Carleton. No. 6, 7 and 8 Companies changed their barracks from the colonist cars in which they remained last night in Carleton, to the East Street barracks, where they are now comfortably established for the exhibition buildings after having quartered themselves there this morning they carried on ordinary drill this afternoon.

Dinner Last Night
The sergeants, staff sergeants and warrant officers of No 5 Co., C. A. S. Co., were hosts last night at dinner to the corresponding non-coms of the newly arrived Army Service Companies, Lieut. W. W. Waukesha's. The dinner was much enjoyed and served as a pleasing means of distraction from the military routine. The spirit of fraternity which is expected to exist between the companies composing the divisional train.

From Other Places

Rev. Canon Montgomery has four sons in the war and himself has offered his services.

Major Randolph Crocker, officer commanding the 25th Battery says the excess number of men now quartered in Fredericton will be transferred to the 25th.

Capt. J. P. McPeake of Fredericton, is slated for the position of paymaster of the 12th Battalion, now at the Canadian training depot, England.

Sergeant Major H. T. Brewer, of Fredericton, has received word that his son, William, who enlisted with one of the artillery units at Ottawa, is now in France with the First Artillery Brigade.

Sergeant Major Brewer has three sons with the overseas forces, William, in France, Roy, of the Signaling Corps of the 25th and Roy with the Canadian Engineers in Halifax.

Alex. G. Robinson of Marystown, has received information that his son, G. Roy Robinson, is in France with the Eighth Field Battery, Canadian Expeditionary Force. Gunner Robinson before the outbreak of the war, was a freeman on the I. C. R. bus with headquarters at Moncton.

The Stanley left Georgetown on Sunday morning and is off Picton Island endeavoring to make Picton. The prospects are more favorable today.

REV. DR. CHOWN TONIGHT
Rev. Dr. Chown, general superintendent of the Methodist church in Canada, is to address a meeting in Centenary Church at 8 o'clock tonight on Patriotism and Conservation. J. Hunter White will be chairman. The offering will be for the Patriotic Fund.

WAS ARRANGED.
Samuel Wilkinson, arrested in Woodstock on a charge of deserting his wife, was brought to the city last night. This morning his wife appeared against him, charging that he had been married seven years and had three children, that on April 13 he disappeared and since that time she has had to support herself. She said that when he went away she had neither food nor coal and had to depend upon her friends for help. The magistrate allowed them to confer together and as a result the matter was satisfactorily arranged. The defendant was warned that the fine for non-support was \$500.

BOYS GIVE EVIDENCE.
A youth arrested recently charged with escaping from the Boys' Industrial Home, inciting others to likewise and stealing provisions, was before Magistrate Ritchie in the juvenile court this morning and remanded. Five boys from the home testified, after which he was remanded.

THE DELMIRA, WHICH WAS TORPEDDED, DID NOT SINK

The steamer Delmira, torpedoed by a German submarine in the English Channel on last Friday, and supposed to have gone to the bottom, did not sink, according to a cable received by J. T. Knight & Company, local agents for the steamer. The message said that the steamer had gone aground at La Hague. An endeavor will be made to float her and have her towed to a French port for repairs.

MARKED PRAISE FOR THE 6TH MOUNTED RIFLES

(Amherst News)
Maintaining a steadfastness and appearance of immobility seldom seen, except in soldiers of years standing the Sixth Mounted Rifles passed a successful review before Col. Smart at the weekly inspection of the 2nd Cavalry Brigade, composing the 4th, 6th and 8th Mounted Regiments, and Lieut. Col. Black, brigade major of the same division, together with Colonel Ryan, commander of the Sixth, his staff, and other officers of the Amherst Military Band, strengthened by bandmen from the Rifles greeted Colonel Smart, and Lieut. Col. Black, upon their arrival in Amherst yesterday morning. They then headed the 500 men in their march of inspection.

Great credit is due the officers and non-commissioned officers of the Sixth Mounted Rifles from Colonel Ryan to the regiment lance corporal, and the men themselves may be included in these words of praise, for the high degree of military efficiency obtained in such a remarkably short time.

The Mounted Rifles mobilized here at Amherst could acquire themselves more than favorably against the best troops in the third contingent at the present day. Taken as a whole they typify a class of men not found in the two former contingents. The spirit of patriotism moved them to make good jobs which the majority of them held were thrown to the four winds when the call came.

The intelligence of the men in the Rifles has brought about this rapid preparation in military matters. It is the corollary of mind and muscle. Both causes the regiment to move as one man.

THREE SONS AND FIVE NEPHEWS TO WAR

Three sons of E. S. Peacock, director of Music, are wearing the uniform of the king. When the 25th Battalion leaves St. John he will have his three sons, Ernest, Reginald, and Roy, on their way to bear their share of England's battle, besides five nephews already serving with other regiments. Naturally Mrs. Peacock takes pride in the family record and while of course anxious for the welfare of their soldier boys, are pleased at the manly staid they have taken.

Major J. Pringle, of the 20th, came home from Fredericton this morning. Rev. Father Carleton from Petersville was a visitor to the city today.

Friends of Mrs. James T. Dalton of Main street, Fairville, will be sorry to learn that she is confined to her home with a severe attack of bronchitis.

Capt. P. A. Kirkpatrick, accompanied by his wife and little son, Arthur, has returned from Halifax, where he has been doing guard duty since the war broke out. He is now attached as quartermaster to the 55th Battalion.

Dr. H. D. Fritz has gone to Montreal and Quebec on professional business. He expects to return in a week or ten days.

St. John will be pleased to know that Miss Katherine E. Butler of this city will be one of the graduates at the New York Post Graduate Medical School and Hospital on April 6. The class numbers thirty-nine.

The engagement of Rev. A. H. Greenwood, acting rector of the parish church in Fredericton, and Miss Elsie Townsend, daughter of the late Mr. Townsend, of Amherst, is announced.

SHOWS VIEWS FROM THE FIRING LINE Scenes in Countries at War at Gem Today - Special Three-part Feature "The Severed Hand"

Patrons at the Gem Theatre yesterday were given an insight into scenes along the battle line in Europe when the Pathe Weekly was presented showing views from within the borders of France, England and along the Dardanelles.

There was also a special three-part feature "The Severed Hand" which, abounded in stirring scenes of romance and adventure, concerning the life of a girl who got a wrong start and her experiences as a member of a gang of "bookies" with ultimate reform.

The Evening Times and Star

ST. JOHN, N. B., MARCH 30, 1915.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

IS IT A FARCE?

Surely the Clarke government will instruct Commissioner Chandler to inquire into the matters brought before him by Mr. E. S. Carter. The situation is very clearly set forth in the interview with Mr. Carter which appears on another page of this issue of The Times.

It was declared when the inquiry opened that even if there were but a suspicion of wrong the government would summon the persons who might have knowledge. The commission was not to be bound by the strict rules of evidence, and in conclusion it was said, and these are declared to have been the words of the attorney-general—

"If there are any charges or beliefs or suspicions now is the time to make them known."

Mr. Carter made known grave charges against Mr. W. H. Berry, and also directed attention to certain matters relating to bridges and the extraordinary difference between the estimated and actual expenditure thereon. The commissioner declines to investigate any of these matters. Surely the government, if the commissioner feels that these matters are beyond the scope of his powers, will promptly widen those powers and instruct him to make a thorough investigation.

Where is Mr. W. H. Berry? He was supposed to appear before the commissioner last Thursday. He was in Fredericton on Wednesday but went on to Woodstock, and held a conference with Mr. J. K. Flemming. Instead of returning to Fredericton he went back to St. Stephen. Will the government insist that Mr. Berry appear for examination? He remained in the United States during the whole period when the other Royal Commission wanted his evidence, and the government made no effort to bring him back. We shall see what action will now be taken. The charge made in connection with Mr. Berry is that when he was superintendent of sealers and a government official large sums of money were paid to him by some licensees of crown timber lands for his own use. Does the government dare to probe the charge, or is it afraid? We shall soon see.

BRITAIN'S WORST FOE.

"We are fighting Germany, Austria and drink, and so far as I can see the greatest of these three deadly forces is drink."

This remarkable statement was not made by any irresponsible fanatic, but by the British Chancellor of the Exchequer, Mr. Lloyd George. He went further and said—

"I have a growing conviction, based on accumulating evidence, that nothing but root and branch methods would do the slightest bit of good in dealing with the evil. I believe it is the general feeling that if we are to settle with Germany we must first of all settle with the drink."

Mr. Lloyd George intimated that Lord Kitchener and Field Marshal Sir John French are of the same opinion as himself, and that His Majesty the King is also very deeply concerned on this question.

Russia has abolished the drink traffic. It has been enormously curtailed in France. In Britain the receipts of the public houses in the neighborhood of the shipyards, and doubtless also in the neighborhood of all other great industries, have greatly increased, while the efficiency of the workers has been so reduced through drinking and carousing that work which for the safety of the nation ought to be rushed at top speed by earnest and sober men has been constantly delayed.

A NOBLE MEMORIAL

Visitors to Boston will be able to see a memorial building erected in honor of a man whose great contribution to human progress was along the line of humane education. Mr. George T. Angell was the founder of the Massachusetts Society for the Prevention of Cruelty to Animals, and the American Humane Educational Society. He was the founder of Our Dumb Animals, the first magazine devoted to animal protection that has ever been published, and which is still in existence doing a splendid educational work. On Longwood Avenue, Boston, the two societies with which Mr. Angell's name is associated have erected the "George T. Angell Animal Hospital," and it was formally dedicated last month in presence of four hundred guests representing Massachusetts and adjoining states. The hospital has every provision for the care of injured animals. The April number of Our Dumb Animals gives a full account of many of its rooms. There is a room for operations on small animals, a surgical ward for horses and a horse operating room; a ward for dogs, a ward for cats, a department for small pets, an irrigating and dental room, exercise yards on the roof for small animals, an electric ambulance for use in connection with the hospital, and every provision for the care of horses, dogs, cats and birds. The new memorial building cost \$200,000, and its appointments are the best of

any institution of the kind in the United States. St. John people are the more interested in this institution because they are personally acquainted with Dr. Francis H. Rowley, the president of the Massachusetts S. P. C. A., who last year addressed the Women's Canadian Club, and has given personal encouragement to efforts made in this city for the better care and protection of animals. The new hospital was opened March 1, and there is connected with it a free dispensary. During the first week, eighteen patients were brought to the dispensary and eight small animals left for treatment. Eight horses were placed in the hospital. Ten operations were performed. In the small pet department there were nearly thirty boarders. The Boston Herald pays this tribute to Mr. Angell: "When George T. Angell took up the cause of the dumb animals he was laughed at, but he could not be laughed down. His memory will survive, as a public benefactor, in the societies which he founded and in this noble memorial, the complete agency in the world for the work to which he devoted his life."

That is a knotty question which is raised in connection with the policeman's provident fund. What is to be done about it under the new regime?

Canada is exceedingly fortunate in her financial backing. It is said the Canadian loan in London has been over-subscribed. The financial strength of the Mother Country is one of the marvels of this world crisis.

The Canadian Senate believes that there should be no increase in the numbers of senators from the west until there is also an increase in the number of western members of the house of commons. It has therefore turned down the government's proposal.

The suggestion that soldiers who are willing to fight and die together should be able to sit comfortably together at a religious service appears to be reasonably sound. As a matter of fact, there will not be a chaplain of each denomination with each regiment in the field, and therefore many men will accept the ministrations of a clergyman not of their own denomination. Denominational prejudice is of the same class as German Kultur.

There will be a battle royal at Fredericton tomorrow. Representatives of the Trades and Labor Council will be there in force to support the two dollar poll tax and exemption of incomes, and representatives of the Board of Trade and Retail Merchants' Association will be there to oppose the bill. There is as yet no indication of the attitude of the St. John city and county members. The city council is divided, as Mayor Frank "strongly opposes the bill."

Persons who were saved from the British steamer Agulla, which was sunk by a German submarine, declare that the crew were fired on by the Germans while they were getting into the boats, and a number of them killed. For this act of savagery the practical Germans should be made to pay dearly. Another steamer, the Palaba, was torpedoed without giving time for the passengers and crew to take to the boats, and more than a hundred lost their lives. The Germans are evidently yielding to the madness of desperation, but the day of reckoning is at hand.

NOTICE

PUBLIC NOTICE is hereby given that a Bill will be presented for enactment at the present session of the Provincial Legislature, intitled "An Act in further amendment of the 'Saint John City Assessment Act, 1909,' the object desired to be attained by this Bill is to provide that every insurance agent in the City of Saint John who issues a policy of the Company or Companies which he represents, and upon such policy causes or permits to be represented, when issued, the name of any other insurance company, insurance association, underwriter's agency or other mode of association of underwriters, whether the same be connected with responsibility under the policy or not, shall, in addition to the license fee payable by his company under section 7 of the "Saint John City Assessment Act, 1909," pay an additional fee of \$100.

HERBERT E. WARDROPER, Common Clerk, Saint John, N. B., 17th March, 1915.

USE THE WANT AD WAY

LIGHTER VEIN.

Charity workers often feel great awkwardness in making public appeal for funds. Few of them then, declares the Washington Star, can carry off that embarrassing with the grace of the colored preacher who said to his congregation: "Brother, Ah kaint preach hyah and boad'n heh'n."

In front of a Toronto Methodist church on a recent Sunday was a large sign announcing that on Sunday evening the pastor would preach, but it was worded in a way that excited considerable comment as the people passed and noted it. The sign read: "7 p. m. 'Hell,' All welcome."—Canadian Courier.

"Uncle Joe Cannon was asked what he thought of the outlook for the Republican Party in 1916, and answered with a story. "A black man was arrested for horse stealing while I was prosecuting attorney in Vermillion County," he said, "and was placed on trial after being duly indicted. When his day in court came he was taken before the judge and I solemnly read the charge in the indictment to him. "Are you guilty or not guilty?" I asked. "The black man rolled uneasily in his chair. 'Well, boss,' he finally said, 'ain't dat the very thing w'e about to try?'" —New York Herald.

"Twas eventide. The small lad stood on the bridge clapping his hands vigorously. Beyond the brow of the hill a dull red glow suffused the sky. "Ah, little boy!" remarked the stranger, who was a little near-sighted. "It does my heart good to see that you appreciate your cloud effect." "Yes, sir," replied the lad. "I've been watching it for ten minutes." Upon the boy's face there appeared a smile of perfect bliss. "A real poet without a doubt. And do you watch the sunset often, little boy?" "Sunset? Why, that ain't a sunset, guv'nor, that's our schoolhouse burning down." —National Weekly.

Diamond's Peculiar Position

The South African Diamond Mines are closed. The cutting and polishing industry of Amsterdam is ruined. The only other center of the kind, Amsterdam, is little better off. At present there are no Diamonds being put on the market. The controlling syndicate is holding their surplus stock. The Canadian government has recently levied a war tax of 7 1/2 per cent. Diamonds must just naturally go much higher. The American continent, which is being left off by the war, buys about 70 per cent of the world's output. We have a beautifully selected stock of this kind of gems. Our prices have not been changed. They are the lowest in the land.

the introduction of private bills be extended to Thursday next, after which date no further extension would be given.

Hon. Mr. Wilson presented the petition of James Doody and 1,400 others in favor of a plebiscite on the ward system in St. John.

Hon. Mr. Wilson introduced a bill to amend St. John city assessment act, 1909.

Hon. Mr. Granman presented a petition in favor of a bill to amend the act incorporating Cedar Hill Cemetery Co.

Mr. Young presented a petition in favor of St. John Protestant Orphan Asylum.

Mr. Stewart (Northumberland) presented a petition of the town of Chatham in favor of a bill to amend the acts relating to that town.

Mr. Stewart (Restigouche) presented a petition of the town of Dalhousie in favor of a bill to amend the acts relating to that town.

The house went into committee, with Mr. Young in the chair, and took up consideration of the bill to amend the acts relating to that town.

Hon. Mr. Baxter explained that the bill was practically a consolidation of the existing law, and where any changes were made he would call attention to them.

On the section disqualifying the part-

Hon. Mr. Clarke said he was entirely in accord with the principle laid down by the attorney general, though perhaps the province was not yet ready for legislation along that line. Still to insert the clause suggested in the bill under consideration would be the thin end of the wedge.

Hon. Mr. Baxter agreed. He said he had in mind the case of a gentleman occupying a very high position in the courts of the province who had a son of great brilliance, for whom a great future might be expected. He would be sorry to be a party to any legislation that might prevent this young man practicing in any court in which his father might be on the bench. A simpler method of dealing with cases such as he had referred to as existing in St. John, was to put such scoundrels, as did not know how to properly conduct themselves and their courts of the bench altogether.

The Man

With a short, thick foot, who hates to wear a boot a couple of sizes too long in order to get them wide enough, will be glad to know that we have designed a last that will suit him. We call it the "Army"—Box calf, Blucher cut, good solid soles, broad heels, Good-year Welt, insides smooth as a bottle.

We have long felt the necessity for a boot like this and feel sure that once people know we have them they will be appreciated.

ST. JOHN MAN'S GREAT SUCCESS

Musical Leader Pays Tribute to Walter H. Belding of This City—Brilliant Work by Choir He Conducted

The March number of the Musical Leader, Chicago, contains the following account of the brilliant success of the Cleveland Choir under the leadership of Walter H. Belding:—

"There was a splendidly balanced competitive programme offered at the annual Estabrook held at Engineers' Hall, Cleveland, Ohio, Feb. 22, under the auspices of the Metropolitan Male Chorus, Sullivan's latest novelty 'The Lost Chord' was the subject of a close contest of male choruses of twenty voices, which went out that long on its first mission, had entered into competition with other choirs of this city in an established before a great audience in the city. Not only did they capture the first prize, but the judges, made up of musical critics, declared to the whole audience that the singing of this choir was as nearly perfect as it is possible to get while on this earthly sphere. 'Fanning' 'The Miller's Wooing, served as an effective vehicle for the contest for

mixed voices of thirty-five voices. Four choirs contested, and the one hundred dollar prize was carried off right from under the very noses of these Welsh experts by the Canadian, Belding and his Wilson Avenue choir. This was achieved through the masterful employment of superb climaxes, wonderfully fine cadences and convincing and authoritative judgment of musical values. As a choirmaster, Belding is now likely to take a prominent place among local conductors. A former member of the world-famous Mendelssohn choir of Toronto, under Dr. Vogt, he possesses that tireless devotion and enthusiasm which may be accepted as an augury of future success, in the present light of proved ability."

The Journal and Messenger, the Central National Baptist paper, in its Cleveland correspondence, says:—

"The Wilson Avenue Church deserves first place today despite the fact that your correspondent is its pastor, for a remarkable series of events have been following one another in rapid succession. In our last letter we referred to its 'Publicity Song,' which was dedicated one week ago and sent out on its mission. Before my letter had reached the editors, the choir, of thirty-five voices, which sent out that long on its first mission, had entered into competition with other choirs of this city in an established before a great audience in the city. Not only did they capture the first prize, but the judges, made up of musical critics, declared to the whole audience that the singing of this choir was as nearly perfect as it is possible to get while on this earthly sphere. 'Fanning' 'The Miller's Wooing, served as an effective vehicle for the contest for

WAR SERVICE BADGES FOR MEN OF THE SEA

Effort to Have Them Available For All British Merchant Ships

Thanks to the assistance of Cathcart Wason, M. P., of their parliamentary committee, the Imperial Merchant Service Guild have been instrumental in the Admiralty deciding upon granting "war service badges" to captains, officers and men of British merchant transports. The guild have urged the extension of this principle to all merchant ships in consideration of the work they are doing under circumstances of considerably enhanced personal peril.

Supplementing Captain Peto's suggestion, the guild have now addressed special appeals both to the Admiralty and to the president of the Board of Trade. From the latter the guild have received an acknowledgement to the effect that the matter is receiving his attention.

Germans Fire On Captured Vessel As Those On Board Leave; Many Are Killed and They Include Women

London, March 29, 10.15 p. m.—Upwards of 150 lives were lost in the sinking by German submarines of the African liner Falaba and the British steamer Agula, bound from Liverpool for Lisbon.

The Falaba, which was torpedoed in St. George's Channel Sunday afternoon, carried a crew of 90 and about 160 passengers, and of this total only 140 were rescued.

The Agula had a crew of 42, and three passengers, and of these 23 of the crew and all the passengers were lost.

In both cases, on sighting the submarine, the captains tried to escape by putting on all speed possible, but the underwater craft overtook the steamers, showing that Germany now has some of her most modern submarines engaged in the blockade operations against England.

The captain of the Falaba, who was one of those lost, was given five minutes to get his passengers and crew into the boats, but, according to survivors, before this was possible, a torpedo was fired striking the engine room and causing a terrible explosion.

Trawlers which happened to be in the vicinity rescued most of those who were saved; others got away in the boats, which were ready for launching, and which were quickly lowered when the order was given to abandon the ship.

The captain of the trawler Ottilie, whom the commander of the submarine told of the sinking of the Agula, went to the rescue and picked up three boats, containing nineteen of the crew.

Another Dutch steamer, the Amstel, of 853 tons, has been blown up by a mine off Flamborough Head, but her crew were rescued.

Total Prohibition of Liquor Sale In Britain During War Is Probable

London, March 29, 9.35 p. m.—“We are fighting Germany, Austria and Drink, and so far as I can see the greatest of these three deadly foes is drink,” said David Lloyd George, chancellor of the exchequer, replying today to a deputation of the Shipbuilding Employers Federation, the members of which were unanimous in urging that there should be a total prohibition during the period of the war of the sale of intoxicating liquors.

Cascarets tonight will straighten you out by morning—a 10-cent box on any drug store will keep your stomach sweet; take one every other night, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripes or sicken.

LETTER FROM LIQUT. HAY

In a letter to his father, dated March 29d, Lieut. B. M. Hay of the Brighton Engineers, gives some graphic details of the work of the Canadian who are keeping their trenches in condition. Lieut. Hay writes:— Northern France 8-9-15.

Dear Father:— Just a line to let you know that I am well and happy. I have been doing our little bit in the firing line for over two weeks. For the first ten days, we worked every other night, now we work all day for a week, then we are to work nights for a week.

Our work is most interesting and so far we have not had a single casualty, although we have had some narrow escapes. One of our work is to keep the trenches in the best condition possible; to build and repair the trench, to dig and to prepare defenses in rear of our first line. We also have all demolition work to attend to.

IN PARLIAMENT

General Hughes' Statement About Troops and War Bills Branch Lines Bill is Passed— Railway Estimates Taken Up— Reform in Purchase of War Supplies Promised

Ottawa, March 29.—War matters and railway estimates engaged the Commons when Hon. Mr. Hazen had concluded his naval statement today.

Major-General Sam Hughes estimated a total expenditure, during the coming financial year, of \$85,475,000, made up as follows: Pay to 100,000 troops, at \$1.25 per day each, for a year, \$45,700,000; rations for 80,000 troops, \$7,400,000; transport, rail and ocean going and returning, \$18,275,000; military stores, \$1,000,000; stores and equipment, \$15,000,000; thirteen, eighteen and sixty-pound guns and accessories, 75 per cent of value, \$3,750,000; 100,000 remounts, \$2,000,000.

The estimate for transport included \$8,575,000 for outward transport of 67,000 troops and equipment of second contingent and reinforcements; for mobilization of troops in Canada, \$1,000,000, and for return transport of 75,000 troops, \$3,250,000.

Mr. Macleod urged that in the case of expenditures exceeding \$5,000 tenders should be called for, and contracts should be let in the regular way.

Sir George Foster agreed that no department had any right to make expenditure from the vote, except upon the authority of an order-in-council. This view had been acted on, as far as possible, and would be more strictly followed. At the beginning of the war some expenditures had had to be made in a hurry, and within the words 'suspicion' and 'belief' used by the attorney-general.

"I have the greatest faith in the royal commissioner, Mr. Chandler. I think he will inquire into all allegations so far as he is permitted. But that he has no free hand is very evident from his letter."

General Hughes gave the details of the force of 80,000 men which Canada had in arms in Europe, or are preparing. He explained that some of the supplies purchased out of the first appropriation of \$20,000,000 would probably last over to the coming fiscal year's accounts; for instance, wagons and harness and boots.

The British army the life of a pair of boots was said to be six weeks. Some of the Canadian boots had lasted six months, but should they were said to have been. He repudiated the insinuation of Hon. Frank Oliver that an abnormal quantity of equipment had been discarded by the first contingent. He said that the government proposed to keep 60,000 men on the fighting line, and to send on reinforcements as they were required. If the government were to keep 70,000 men, or more, he thought the people would be ready to send them.

Mr. Macleod expressed the opinion that if the men now under arms in Canada had been enlisted in August last, they would have had a better response to the call, and would have had a larger force at the front. If the government proposed to increase the force to 100,000 men, as was indicated by the appropriation asked, they should say so now.

General Hughes said that men had been called for according to advice received from the war office. He pointed out that there would have been difficulty in providing accommodation and equipment for such a large force as that now under arms.

The bill was reported by the committee, and passed.

A third reading was also given to the bill to acquire branch lines for the Intercolonial.

Spot Cash— When You Need It

The untimely death of your partner will mean the winding up of his estate for the benefit of his heirs. Most of that estate will probably be in the business, and the heirs have the right to demand their share at once, in cash. Suppose they do: where will you be, and what will happen the business?

The Canada Life Partnership Protection Policy

meets this very case. YOU can't make a satisfactory provision against this possible calamity because it is uncertain. It may not happen for years and it may come tomorrow. The partnership contract is the only possible way whereby the demand will be met in full and at once.

The Canada Life has given much study to this, one of the greatest problems of the business world, and will gladly forward particulars which will interest you and perhaps save you from loss.

MOTHER OF PREMIER BOLDEN DEAD

Grand Pre, N. S., March 29.—Mrs. Bolden, mother of Premier Bolden died at 8:10 this morning. Her sons, Sir Robert, J. W., and her daughter Julia, were at the bedside. Mrs. Bolden was 76 years old. She was a devoted mother and a classical scholar, mathematician, and her daughter inherited in a marked degree her strong mental qualities, sterling character and courteous disposition. She was born in Grand Pre as her father also was, and she will be laid to rest in the old churchyard, mourned by the whole countryside. Her distinguished son and (deceased) family will have the sympathy of the whole Dominion.

ARMY GRAFTERS FILL THE CELLS

Hungarians Furious and Advocate Death Penalty BAD BOOTS, THIN CLOTH

Budapest Conditions Worse— Women Stand All Night in Cold to Get a Loaf of Bread

London, March 30.—The Morning Post publishes the following dated Budapest, March 19:— "Army contract frauds may be commencing to all the belligerent countries, but what we have had to put up with in Hungary in this regard beats all previous achievements. First of all, the scandal began at Szeged, where nine of the most prominent wholesale dealers of the city were arrested for bribing a first lieutenant and other officers, to supply the army with inferior foodstuffs for higher prices.

"These men were hardly under lock and key when it was found that a number of boot manufacturers holding contracts for making half a million of boots, had finished them with paper soles. The soldiers were then in dry weather ten days. In wet weather in two days the boots soles simply melted away from the top parts. A dozen other wealthy and influential manufacturers were arrested, this time in Budapest.

"Two days later a still more extensive fraud was discovered, this time the number of criminals concerned exceeded a hundred, among them being officers and members of the municipal legislative body, rich and influential men, and manufacturers who drove up to the police station in private cars. These persons were army contractors for khaki. They bribed officers in charge of the stores and delivered ladies' material dyed khaki color, thin and of inferior quality, and worth three shillings a yard, at 18 and 14 shillings a yard.

"This scandal was going on for months and the men in the Carpathians were freezing in the light ladies' khaki. In two weeks' time it hung rags on them and then at last military authorities began to inquire into the strange case.

"The cells at the police headquarters are now filled with these men of wine and position, so the ordinary daily criminal gangs had to be installed elsewhere to make room for them. There are some of them who made over half a million on the fraud, and the sum involved exceeds ten millions. The papers are furious and the people as well as the rest urge the authorities to pass a death sentence on the criminals.

"People Are Starving. "Bodapest conditions are growing worse, and now one can see poor women by hundreds standing in queues before the bakers' and grocer shops at 9 in the evening to get a pound of flour or a loaf of bread, and at 8 in the morning to see these sick looking people freeze all night in the streets for a loaf of bread in the morning, for which they have to pay an exorbitant price, makes one heart almost stop beating. The only consolation they offer for all this is that Germany is not starving, but that England, in consequence of the blockade, is on the verge of starvation. Just fancy how these poor miserable women are consoled by such news!

"To behold these women is more than I would advise a week-hearted man to do. There is no drama which could produce such an effect on the onlooker as these silent, suffering mothers. All I will say is this: since I became a man I have cried only twice—once when I buried my mother and once, second time when I saw these women."

SALENT FACTS IN CONNECTION WITH CHANDLER REFUSAL TO PROBE BERRY MATTERS

E. S. Carter in reply to Mr. Chandler's letter published in The Times yesterday, said in an interview:—

"Mr. Chandler's answer surprised me. I had no idea, after the challenge of the premier on the opening day of the session that if any man, woman or child had any charge to lay against the government he had appointed a royal commissioner and there was an opportunity to go ahead and prove the allegations that there would be the slightest difficulty in having such grave allegations as I made in my letter to Royal Commissioner Chandler inquired into."

"You ask me for a reason, and I candidly tell you I do not know why in the face of not only the premier's challenge but the brave words of Hon. Mr. Baxter, the attorney-general, when Mr. Chandler opened his court, this investigation should be refused."

"In my letter to Mr. Chandler I quoted those words of Hon. Mr. Baxter as his (Mr. Chandler's), since the newspaper reports in your government press need them to Mr. Chandler but as it appears they were made by a member of the government, and the attorney-general in my letter to say that he is very deeply concerned on this question, very deeply concerned, and the concern was felt by him in a certain shared by all his subjects in this country."

"I had the privilege of an audience with his majesty this morning and I am permitted by him to say that he is very deeply concerned on this question, very deeply concerned, and the concern was felt by him in a certain shared by all his subjects in this country."

"I think the people of New Brunswick will want to know why Commissioner Chandler refuses to inquire into these allegations when the principal members of the government who appointed him threw the doors so wide open and boasted of the broad powers given him. Just think of these words: 'Any man, woman or child,' and 'any belief, suspicion or charge' against the administration.

"The power that makes can unmake and the government which appointed Mr. Chandler can limit his powers. I leave it to the people to judge why the government does not want Mr. Berry to give evidence upon the several matters set forth in my letter. This brings us back to the question so often asked last summer. 'Why is Berry kept away?' 'Why did James K. Penning refuse to sign a joint telegram to bring him back to give evidence?' Now when it seemed possible to secure Berry's evidence when he came out of obscurity to visit the capital and was in close conference with members of the government, there were good reasons for thinking he could be placed upon the stand. But that was a vain hope. Berry remained in Fredericton until the night before the day fixed for his examination by Mr. Chandler on the Dalhousie payment charge and then he disappeared. His subpoena had been served upon him the previous Saturday. He knew he was wanted Thursday to give evidence. He had no word from Commissioner Chandler to the contrary; and yet he vanished from Fredericton.

"Where did he go? Passengers on the train from Fredericton to Woodstock Wednesday evening say that Mr. Berry went to the town where ex-Pageme Penning lives and Woodstock advises me that he saw Mr. Penning the same night. "At any rate, Mr. Berry took the train for the border next day and did not go to Fredericton to give evidence.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into 16 ounces of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces Pinex (50 cents worth) into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you 16 ounces—a family supply of a most effective remedy, at a saving of 82 cents a day's work—usually overcome a severe cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heats the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine and position, so the ordinary daily criminal gangs had to be installed elsewhere to make room for them. There are some of them who made over half a million on the fraud, and the sum involved exceeds ten millions. The papers are furious and the people as well as the rest urge the authorities to pass a death sentence on the criminals.

STORY OF FERRY FOR YEAR 1914

Commissioner Russell's Report to Council

THE HARBOR REVENUES

Increase so Far is Indicated—Says Time is Here For Dominion Government to Take Over City's Wharves

The annual report of the departments of harbors, ferries and public lands submitted by Commissioner J. V. Russell at the meeting of the common council this afternoon.

The commissioner announces that while the harbor revenues showed a shrinkage last year, due to the withdrawal of the Empress steamers, the receipts for the present year, so far, indicate a large increase. He urges that the time has come for the Dominion government to take over the city's wharves and operate them as a part of the national transportation facilities.

The reports are as follows—

Harbor Department.
 The harbor as the gateway to our city is perhaps our greatest asset. Its administration demands the most careful judgment so that neither those who use our port or our city will suffer unjustly. We have tried, during my short term of office, to be impartial and to obtain for the city its just demands. In the year 1914 the harbor receipts were \$15,941.64, less than in the year 1913, due entirely to the withdrawal of certain steamers from Saint John.

As my predecessor pointed out, in his report of year 1913, that only with the facilities at Union and South Rodney wharves worked to their utmost capacity can the rate-payers be relieved of the burden in connection with the winter port traffic. The revenues from these wharves show a decrease of \$17,105.62.

I am pleased to be able to state that the returns for present year so far indicate a gratifying increase. The receipts on the other wharves were about normal. The C. P. R. wharf has been a source of expenditure, the city having spent \$6,000 more than the receipts in the three years it has been in the city's possession.

Reed's Point wharf has been put in first class condition and is almost a new wharf. During the year we renewed the entire water mains underneath all the sheds on the west side at a cost of \$1,800.

The time is almost ripe for the Dominion government to assume charge of the wharves on the west side and run at least this portion of our harbor on national lines. The competition between the city and the federal government should be eliminated.

North Market wharf is used more as a street, relieving the harbor from steep grade of Dock street and will demand in the future large expenditures, as the property owned by the city leased at small rentals which cannot be increased, the problem of paying for the improvements here must be carefully studied.

North Rodney wharf is an outlet to the ferry and contributes but little to the revenue of the city. Its principal use is as a street and should some day come under the care of the public works department.

During the year, the harbor master, Robert H. Fleming, died, and I amalgamated the office of the harbor master and collector and appointed Frank D. Alward to the position and am pleased to say the change has worked out satisfactorily.

The debt against the city wharves is as follows: New Pier, \$5,000; Wellington, \$16,500; Quinn's, \$10,671; McLeod, \$121,000; Pettigill, \$4,500; Sidney Mar- ket, \$4,000; Charlotte street, \$7,500; North and South Market, \$20,400; Union, \$593,500; South Rodney, \$486,646; Reed's Point, North Rodney, Nelson, C. P. R. wharves, none; total, \$1,240,217.

The receipts were: Anchorage, \$6,673; harbor fees, \$9,391; in stream, \$24; rentals, etc., \$681; floating scow, \$1,151; wharfage, \$79,804; total, \$97,998.

The expenditures, including interest, \$30,669; and interest, \$11,217, total, \$101,659.

Ferry Department.
 Your Worship and Gentlemen—
 The total decrease in ferry receipts including assessments was \$8,341.62, \$4,111.92 of which was due to the decrease in the withdrawal of the Empress steamers from our port is the principal cause of this decrease. The cost of operating this service (not including interest and sinking fund), was \$56,987.74 or \$560.78 less than in 1914.

To maintain the present satisfactory service, it is necessary that the boats, boats, etc., be kept in first class condition, this, of course, takes money, but it is poor economy to allow the equipment to become impaired. It became necessary last year, owing to this policy, to ask for an overdraft of \$3,000. This amount, I trust, will be repaid from the receipts of the present year. The sheathing of the south wing, east side, was completed at a cost of \$4,997.79.

The total expenditure for 1914 was \$56,987.74. The larger items included in this were: Salaries, \$20,432; coal for steamers, \$10,703; Repairs, to Governor Carleton, \$5,018; to Ludlow, \$4,871; to Pilling, \$4,624; to Hoar, \$3,626; to toll houses, \$683; insurance, \$2,126; cartage, \$1,044.

The receipts, in addition to share of taxes and overdraft included, receipts from toll collectors Donahue, \$11,799; Irving, \$10,677; Coughlan, \$10,449; Cahlan, \$10,221; special team tickets, \$1,560; Dominion Coal Company, \$500; insurance, \$756; ferrage of officials, \$280; pay telephones, \$18; heating, S. P. C. A., \$20.

The ferry plant is valued at \$157,750 and the ferry real estate at \$16,000.

Bonds standing against the ferry department are as follows:—Ludlow, \$94,974; Governor Carleton, \$41,460; ferry approaches, \$23,332; renewals, \$28,500; total, \$188,107. The annual interest is \$7,807.89 and the sinking fund charge \$3,024.

Tells of Work on the Firing Line—Gunner James Haley Meets St. John Friends at the Scene of Battle

Thomas L. Wilson, of Chesley street, yesterday received a letter from his brother, Corporal Walter Wilson, a member of the Canadian Cycle Corps operating in France. The letter was written on March 15. He wrote that he had been fortunate up to that time and had escaped being hit by any of the German bullets or pieces of bursting shells. He said he had no fear and had become accustomed to the hiss of the bullets and the roar of the guns. Previous to retiring from the firing line he said he watched with interest an English armored train shelling the German trenches. He also mentioned the large guns which they were operating. One gun crew a shell weighing 115 pounds, more than three feet in length and fifteen inches in diameter. During the day's operations he saw several prisoners of war. He was making a name for himself by his excellent work.

While resting at the base the members of the cycle corps last an opportunity of visiting the surrounding country, and in this way he said he was able to visit many places of interest. He was in several churches, and in erstwhile un-occupied buildings which are now a heap of ruins. The destruction was terrible. He wanted to be remembered to all his friends in St. John.

From Gunner Haley
 Mrs. Frank Haley of Protection street, West End, has received another letter from her son, Gunner James Haley of the heavy artillery, now in France on the firing line. The censor does not allow too much information in the letters but Gunner Haley tells of being in action several times and, so far, escaping unhurt. He says that they have been credited with doing good work. He is in the pink of condition and never felt better in his life. Among St. John men whom he has seen are George Foley and C. Allen of St. John and both of them are enjoying the best of health. The first experience of them when under fire was interesting, but they are getting accustomed to the continual roar of the guns.

Since his last letter he said they had captured two small towns and several lines of trenches. They also took prisoners. The Canadians, he said, were making a name for themselves by their excellent work.

While resting at the base the members of the cycle corps last an opportunity of visiting the surrounding country, and in this way he said he was able to visit many places of interest. He was in several churches, and in erstwhile un-occupied buildings which are now a heap of ruins. The destruction was terrible. He wanted to be remembered to all his friends in St. John.

What of Large Fund Gathered by the Police?

Interesting Question Arises in View of so Many Members of Association Leaving the Service

A question, which is causing considerable discussion among the older members of the police force and more particularly among the ex-members, is what is to be done with the sum of money accumulated by the St. John Police Association now that so many of the charter members are no longer in the service. This association was organized some eighteen years ago by the members of the force and three years later it was incorporated. The object of the association was to raise a fund to be used for the relief of sick and injured members.

With that object in view the members contributed a small portion of their monthly pay towards the general fund and also helped augment it by holding winter sports, etc. Last summer the trustees, Chief Clark, Sergeant Kilpatrick and Sergeant Caplan, estimated \$70,000 worth of city bonds. The intention of the members was to turn the major portion of this sum over to the city authorities to establish a superannuation fund for the old members of the force, but in order to do this a change would have to be made in the incorporation act.

The constitution calls for the chief of police to act as chairman of the trustees, but Chief Simpson is not as yet a member of the association.

According to the constitution once a man is off the force he has no longer a claim to any portion of the fund. The question now arises who is to benefit by the large sum accumulated by the association.

Ex-members of the force consider that as the city has made no provision to superannuate any of the old members who have given the best part of their lives in the service and as they were the ones who gave part of their wages towards the fund with that object in view, that the incorporation act should be changed so that they will get back the money paid into it. They do not think it fair that young men joining now should have the fruit of their labors.

THE RECORDERSHIP.
 One of the matters which will probably come before the common council this afternoon is the future of the office of recorder. It is expected that Recorder Baxter's resignation will be placed before the council and that arrangements will be made to retain either Mr. Baxter or some other lawyer as city solicitor, with compensation according to services.

with the expense of keeping our houses in good repair and the high rate of insurance and taxes will keep this account in our non-paying column.

The West Side lands show a credit balance of \$5,146.91, or slightly less than last year. \$6,195.71 was east lands contribution to our general revenue.

Respectfully submitted,
 JAMES V. RUSSELL,
 Commissioner.
