ODDFELLOWS AND REBEKAHS ARE IN SESSION HERE TODAY

Busy Week Opened With Grand Encampment and the Assembly—Reports Presented in Review of the Year Show Prosperity and Harmony—Membership Figures.

The first sessions in connection with the grand convention of Oddfellows here were held this morning in Keith's Assembly room when the Grand Encampment I. O. O. F. and the Rebekah Assembly met in the large room, the latter in one of the smaller ones.

The Grand Encampment

Alce S. Stalker, grand patriarch, presided over the encampment meeting and in his annual report told of substantial progress. While in some districts, owing to the general depression, the encampment has not made much progress, in other sections it has been very encouraging and the prospects seem bright for the ensuing year.

Reference is made to the death of grand sire John J. Nolan, and to the loss of the G. P. Jas. R. McKie, of Port La Joie Encampment No. 4, a prominent member of the order, died at his home in Charlotte town during the year. It is health prevented the grand patriarch from visiting as many of the encampments as he desired, but he was able to visit a considerable number during his term of office and found the work very satisfactorily carried on.

Grand Scribe's Report

The grand scribe, Melville McKean of Moncton, in his report shows the number of encampments to be twenty-seven, with a membership of 1,085, which is an increase of fifty-two over last year. Ninety-two were initiated during the year, eight admitted by card and six reinstated, while seven died, six withdrew and forty-three were suspended. Relief was afforded thirty-six members involving an expenditure of \$257.50, while the sum of \$115 was paid out for burial expenses.

The receipts from all sources amounted to \$2,890.71, and were, due \$1,457.82, admissions and degrees \$302, other sources \$800.89. Subordinate encampments paid to the grand scribe amount to \$4,371.20, and of the grand encampment \$608.23. This information was to December 31, 1908, and is the report made to the sovereign grand lodge.

The Secretary's Figures

Mrs. H. Spencer, secretary, reported that during the year new lodges were instituted as follows: Maple, No. 51, Sussex (N. B.); Atlantic, No. 22, La Have (N. B.); Woodbine, No. 23, Upper La Have (N. S.); Waawena, No. 24, Plaster Rock (N. B.).

300 CANAL WAS OUT OF COMMISSION

Sault Ste. Marie, Ont., Aug. 8—(Special)—While opening the lower gates of the Canadian canal to lock up the steamer Wiener on Sunday evening, the cable snapped, placing the canal out of commission. A diver had the damage repaired this evening.

The Rebekah Assembly

The Rebekah Assembly meeting was presided over by Mrs. Margaret S. Peters. There was a good attendance. The president, Mrs. Margaret S. Peters, in her report, says—"It is with pleasure I welcome you to this, our sixth annual session of the Rebekah Assembly of the Maritime Provinces of Canada. I am especially pleased that we are meeting today in the city that I claim as 'home,' although for the past ten years I have been living in distant provinces. I believe

of their needs show that work for from 7,000 to 8,000 outside will be offered in those provinces. This means a demand for about 23,000 of experienced farm hands from the east.

Hamilton, Ont., Aug. 10—(Special)—Police have decided not to prosecute the proprietors of ice cream parlors who kept open on Sunday, in view of the decision of Judge Monk that if cafes and other refreshments are served with cream, prosecution cannot succeed. The Lord's Day Alliance will probably have a test case taken to the higher court.

Timber Policy Basis of Dissatisfaction—We t Calls Again for Men for Wheat Fields—A Sunday Observance Matter in Hamilton.

Port Arthur, Ont., Aug. 10—(Special)—G. G. Bagley has announced a public meeting to be held in a few days to discuss separation from Ontario and form a new province on account of dissatisfaction with the government's timber policy.

CUNARDS REVOLUTIONIZE ATLANTIC STEAMER SERVICE

Land Passengers at Fishguard, in Wales and Get Them to London Hours Earlier Than Now—Likely to Give up Queenstown as a Stop for Mails—New Policy Announced

New York, Aug. 10—That passengers and mail for London and Paris may be landed several hours sooner the Cunard company has decided to have its fast liners stop on the east bound voyage to Liverpool, when ever possible, at Fishguard, on the west coast of England, directly opposite the port of Rosaris, in Ireland. The following cablegram was received at the office in this city: "The officials of the Cunard line have decided to call at Fishguard with their New York steamers eastbound, weather and other circumstances permitting, commencing with the Mauretania from New York, August 25, for the purpose of landing passengers and mails for London, the Continent and other places which can be served by the port of Fishguard.

SPRINGHILL STRIKE IS ON FIFTEEN HUNDRED ARE OUT

Movement Far Reaching—Merchants to do Business Only on Cash Basis, is Report—Manager Cowans Refuses to Recognize U. M. W.—Some Speculation

Amherst, N. S., Aug. 10—(Special)—As a result of last night's decision, there are today 1,500 men and boys walking the streets of Springhill, while a few of the officials and office staff are endeavoring to keep the engines and pumps going to prevent the flooding of the mine.

The John Clark Estate Case In the Probate Court today in the estate of John Clark, mill owner, the passing of the accounts was before the court again. The accounts being of a very intricate nature, and extending over some twenty years, the court some time ago appointed Paul F. Blanchet, auditor, to examine the accounts. Mr. Blanchet produced his report. The opposing counsel stated that they were willing to accept the report, but they would claim interest upon the various sums advanced to the executors from time to time which would necessarily mean a large amount.

Whereas, the mine workers of Springhill have various grievances which we have endeavored to have adjusted by and through the medium of conciliation; and whereas, the various boards of conciliation have failed to give us the desired end.

HUNDREDS FLEE AS HOMES BURN

Rows of Houses in Chicago Destroyed—Some Lives May Have Been Lost.

Chicago, Aug. 10—Hundreds of persons were driven from their homes today by a fire that destroyed two rows of frame houses in Superior and Buffalo avenues. Some Chicago firemen were killed in the homes, which were cottages and two-story buildings of frame construction, were burned to the ground.

THE JOHN CLARK ESTATE CASE

St. Louis, Mo., Aug. 8—Archbishop John Joseph Keane, of the Roman Catholic archdiocese of Dubuque is to retire from active duty on Aug. 18, when a copious side at City Hall today at the death of the consulting engineer, Hurd Peters. Every employee in the building had sought the kindest feeling for the engineer.

DRUMMONDS WANT GLOUCESTER LANDS

Fredericton, N. B., Aug. 10—(Special)—The local government is in session here today with all members present. This afternoon the government will hear an application from O. S. Crockett, M. P., and W. F. C. Parsons, on behalf of the Drummond Mines Company for lease of some 300 acres of lumber lands in Gloucester county. It seems that the lands asked for, are now held under lease by the Nipisiguit Lumber Co., the Bathurst Lumber Company, and Adams, Burns & Co. Dr. MacRae and George Gilbert will oppose the application on behalf of those concerned.

THE TIMES NEW REPORTER

EXECUTIVE CLEMENCY The announcement that Mayor Bullock has extended executive clemency to the men on Sunday, in view of the decision of the north end police, has given great pleasure to the citizens. There is no likelihood of a protest of any kind. The dog, by its gentle behavior, and the fact that it would eat from anybody's hand, had won the hearts of the officers, and golden opinions from the reporters who visit the north end station. There was only a question of time when kind-hearted ladies would have sent daily gallons of beautiful flow-

ers for its untaged neck. It will be greatly missed by the officers at lunch time. To have put this inoffensive creature in a pound or the lethal chamber would have been an act of positive injustice and cruelty. There are lots of men going around with their leers out and a half-pint in who deserve less consideration than this amiable canine, which was more sad against than snoring. It was a good dog, and never had hydrophobia. Mayor Bullock very properly points out that if the police arrest all ragged dogs, their board and lodging will soon eat up the

dog-tax, and make it necessary for the city to float another loan. GLOOMY OUTLOOK. Winnipeg, Aug. 10—(Special)—The grain crop is a failure. Early drought, late frost, hail storms, and speculators were too much for it. Prices, however, continue to show strong evidence of healthy vitality. A barrel of four loafs is a puncheon to a man on small salary. Winnipeg, Aug. 10—(Later)—More than twenty thousand harvesters required to gather the harvest.

VICTIM OF SHOOTING IN CARLETON COUNTY DIED LATE TODAY

Laguy, in Anti-mortem Statement Says: He Was Shot By Man and That He Had Taken No Part in Row—No Word in Woodstock of Arrest of Perpetrator.

Woodstock, N. B., Aug. 10—(Special)—At noon today Nicholas Laguy, the injured Italian, shot at Beechwood, was slightly better. At 11 o'clock last night, before A. D. Holvoete, J. P., in the presence of J. C. Hartley, barrister, Chief Kelly, Misses Lane and Howard, nurses, and by permission of Premier Hazen, a deposition was taken. The Italian said that he had lately been living in Boston and came to this country to work for the C. P. R., that he was working for the railway at Beechwood, this county, and at 7:30 o'clock Sunday a man named Manville shot at him four times, hitting in

the right shoulder, in the arm, and in the chest. Laguy was five or six Italians present, but did not know who shot at him, and he had no row with them. All were in Evelyn Demerchar's house. He was feeling very sick now, caused by the shooting. He expected to die, as Dr. Grant told him he would likely die. There have been no arrests made yet so far as Woodstock knows. LATER. A late despatch from Woodstock says Laguy died early this afternoon.

Railroad Declines Free Transportation for Japanese Business Men on Tour.

Seattle, Wn., Aug. 10—As a result of the refusal of the officers of the New York, New Haven and Hartford Railroad to haul free of charge the special train bearing the delegation of Japanese business men, who are to tour America next month, it is probable that several large industrial towns along the line of the road in New England will be cut off from the itinerary of the excursion.

Pipe Taken up After Eighteen Years and Sold—Two Much Rush to Fill Order.

Pittsburg, Aug. 10—Because the pipe mills of the country are too trashed with orders to accept new business for immediate delivery the Union Petroleum Co. of Buffalo, has purchased eighty miles from the National Supply Co. of Pittsburg. This pipe was made about twenty years ago and was laid in the Fort Wayne field of Indiana about eighteen years ago. The pipe, however, is in perfect condition. The pipe will be laid from the Chatham Gas field in Ontario to Sarnia, Ont.

Half Million Philippine Cigars Allowed into States Under New Tariff.

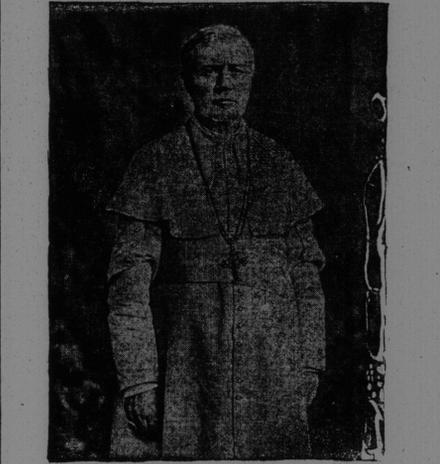

San Francisco, Aug. 10—By telegraphic order from assistant secretary of the treasury Reynolds, 500,000 Philippine cigars were released from bond yesterday and admitted free of duty under the new tariff laws. This is the first importation from the islands to fall under the new customs provisions relating to Philippine products. The former duty of Philippine cigars was \$45 a thousand.

YOUNG GRIFFO'S END

Once Champion Pugilist Out of Jail, Only to Get in Again

Chicago, Aug. 10—"Young Griffio" at one time featherweight champion prize fighter of the world, who was released from the Briwiler prison on Saturday, was arrested again on Sunday and he was sent back to the Briwiler for the 13th time. Griffio was arrested on a charge of disorderly conduct and yesterday he was fined \$15 and costs. Being unable to pay his fine he was sent to the Briwiler. "Whiskey has got the best of you, hasn't it," Judge Grinnell asked the prisoner. "Yes," he replied.

ANNIVERSARY OF CORONATION OF POPE PIUS CELEBRATED

Rome, Aug. 8—The sixth anniversary of the coronation of Pope Pius was celebrated with great pomp today. High mass was celebrated in the Sixtine Chapel with Cardinal Merry del Val, the papal secretary of state, pontificating. A large number of the cardinals, members of the diplomatic corps and the Pope's relatives were present. This afternoon a grand concert in honor of the occasion was given at the Vatican. Catholic dignitaries from all over the world who are now in Rome are united in the belief that at the next consistory Pope Pius X. will take final steps toward filling the 171 vacancies which now exist, owing to the death of recent years, in the Sacred College of Cardinals. At present there are only fifty-three cardinals, though the full membership of the college numbers seventy, which number, however, has been but rarely reached since the reign of Pius IX. England has no cardinal, and it is expected that Monsignor Bourne, archbishop of Westminster, or Abbot Cresset, the famous English Benedictine who is now in charge of the revision of the Vulgate, will be made the successor of Vaughan, Manning, Newman and Wiseman. The great Irish element of the church is represented solely by Cardinal Logue, the only cardinal from Ireland, though Cardinal Gibbons of the United States and Cardinal Moran of Australia are also sons of the Irish race. There has been no Canadian cardinal since the death of Cardinal Gibbons in 1888. Counting the 14,000,000 Catholics in the United States and adding to them the millions of Catholics in the Philippines, Porto Rico and Guam, the United States is now entitled to fourth place in point of Catholic population, coming after France, Italy and Austria.

Importance of the Matter Emphasized by Speakers and Press—Miss Peters of St. John, Aided in the Preliminary Steps

Three years ago Mrs. Wolverson, of Hamilton (Ont.), a member of the playground committee of the Women's Council, of which Miss Mabel Peters is chairman, wrote to the latter asking for assistance and advice in the matter of starting a playground in Hamilton.

The mayor said he was proud to be requested to open the first public playground in this city. He related how other interested men and himself had tramped the city from end to end trying to find a suitable location.

A tour of inspection was made of the appliances provided for the children. The equipment consists of two sand boxes, teeters, baby swings, croquet, a basketball, parallel bars and baskets for basket ball.

Editorial Comment: A good start has been made in the city. The playground is a most desirable feature for the city.

BUSH FAMILY MAKE HIT AT NICKEL

The Bush family string quartette, which opened a season of mid-summer musicals at Nickel Theatre yesterday, received an ovation from thousands of people that was most flattering.

must lovers. Mr. Bush and his four children simply astounded their hearers, the artistic rendering of the string music by the juveniles, their almost perfect technique and freedom from nervousness being a matter of common comment.

CITY LOSES FAITHFUL OFFICIAL—HURD PETERS

Consulting Engineer Died Last Evening, Aged Seventy-nine—His Long Career in City Service.

A gentle spirit, a capable official and a most estimable representative of one of St. John's oldest families passed away Monday night in the person of Hurd Peters, C. E., consulting engineer of the city of St. John, who died at his residence, 367 Paradise Row, after an illness of but brief duration.

Consequently it was a distinct shock when news of his demise was circulated about the city shortly before 10 o'clock, and there were many inquirers at the stricken home only to learn the sad truth.

His knowledge of local conditions was most intimate and exact. It has been said of him that he had a mental photograph and record of every street in St. John, its surface and subsurface conditions, its exact width and other knowledge of a most useful kind.

When the winter transatlantic trade was accepted here in the nineties it was a factor in St. John's business growth and members of the city council and one case in which his judgment was most completely and brilliantly vindicated.

NEW YORK POLICE TO STOP GAMBLING AT BALL GAMES

Arrest of Three Men for Betting—Puliam, Thaw, Bingman and the Cripple—A New Canadian Sprinter—General News for Readers of Sport.

The arrest of three men at American League Park, at New York, during the game between New York and St. Louis, indicates a campaign on the part of the police to break up gambling on baseball games. Betting during the game recently, particularly because of the fact that there is no racing in New York, at present, has been very open. Professionals, with their hands full of bills, have cried out loudly their offers to wager on hits, runs, errors and the result of the game. The police action following the filing of a number of complaints.

A tale of the blighting curse of a cripple is out at Pittsburgh in connection with the suicide of Dr. Harry C. Puliam, of the National League. Puliam with Harry K. Thaw and Dr. Walter S. Bingman, both close friends of his, were standing in front of the Hotel Henry, in Pittsburgh, four years ago, and the three laughed loudly on some joke just as a cripple in passing slipped and fell on the pavement. The cripple thinking the trio were laughing at his fall, became more bitter and pronounced a curse to the effect that none of the trio would ever die a natural death.

Puliam was much exercised over the incident and hurried after the crippled man trying to explain that he and his friends had not been laughing at his fall, but the cripple stormed and would not have anything to do with Puliam. The famous baseball man apparently never forgot this curse of the cripple, and frequently referred to it among his friends. One year later Thaw killed Sanford White and has been in the hands of the law ever since. Recently Dr. Bingman was sent to Dismouth insane asylum, and Puliam is dead by his own hand.

Hans Wagner, champion slugger of the National League, and Eddie Collins, premier batsman in the American, represent two extremes in physical development. The former is a big, rangy, muscular giant, the latter a small, frail and boyish of frame. He is a left-hander, Wagner right. Collins gets many long hits as well as Hans, and like the German, hits to any field and is partial to no particular kind of pitched ball.

Father Time is harvesting in some of New York's former idols. Jack Warner, Dan McGinn and Jack Barry, former members of the champion Giant team, are now in the minors, the trio being teammates on the Columbus, Ohio, team.

Pete Cassidy, of Baltimore, was released several days ago, and Patcher Schmidt has taken his place at first base. There are other changes coming, too, and Manager Jack Dunn may have a look for another job. President Hanlon is very sore on him for taking his team off the field at Jersey City several weeks ago, and says that Dunn himself will have to pay a penalty imposed by the league.

Cal Ewing, the "Frisco team's" manager, declared that no less than eleven major league teams were after Bolla Zeider, who is playing third base for the San Francisco team. Ewing thinks he could sell Zeider now for \$7,500, for immediate delivery, but he will be worth almost that much at the end of the season.

Sherwood McGe, the Philadelphia National player, who jumped into the limelight as a possible figure in the trade for Mike Donlin, of the Giants, is one of the few ball players who never played with a minor league team.

Billy Phyle, the Toronto first baseman, is doing some scouting for Toronto through the minor leagues. He writes that he has located two or three promising young players, and they will be given a tryout by the Leafs next year.

A comparison of the standing of the Eastern League teams last year and the current season is afforded by the following tables giving the figures up to Saturday in both 1908 and 1909.

Table with columns: Team, Won, Lost, P.C. for 1908 and 1909. Rows include Rochester, Buffalo, Toronto, Providence, Newark, Montreal, Baltimore, Jersey City.

REVIVAL OF BIKE RACING

Every Day Club Race Shows There is Interest in the Sport

DEAN THE WINNER

Had Two Miles Handicap—The Relay Running Race an Interesting Contest—Many See the Events.

Bicycle racing was successfully revived last evening by the Every Day Club. The departure handed over the race. There was a large crowd lined along the Marsh Road and inside the club's grounds, and great enthusiasm was manifested.

Out of a field of eight starters, H. Dean, with a handicap of two minutes, won first place; R. Penlidon, who led five miles the start, finished second, and Vincent McGrath, one of the two scratch men, came in third, and won the cup given for the race.

The entries and handicaps given were: Penlidon, 5 minutes; E. Ricketts, 4 minutes; F. Knodell, 3 minutes; H. Dean, 2 minutes; G. Gillet, 1 1/2 minutes; V. McGrath, no handicap.

The starting time and elapsed time of each runner is given as follows:

Table with columns: Name, Starting Time, Elapsed Time. Rows include H. Dean, R. Penlidon, V. McGrath, G. Gillet, J. London, F. Knodell, E. Ricketts.

The mile relay race, Stirling against Stubbs and Smith, who each ran a half mile at the first pace, was a very good race, and a very pretty rider.

The officials were: R. S. Edgcombe, R. Sheppard, C. G. 222, Joseph Morry, P. B. Holman, starter; W. Cass, announcer.

Day Club feel very much indebted to Roydon Foley for his services on the course where he checked off the riders as they passed his motor cycle at Torryburn.

One of the visitors at the race was P. E. Ring, Dartmouth, N. S., who came over from Halifax, expecting to run in a race of handicaps events. He had unfortunately confused the bicycle meet with the meet held last Monday night.

The Lincoln Cent (New York World). The artistic merits of the Lincoln cent are not to be denied. But they are the merits of what is known as the new art and involve a far departure from the traditional type of American coinage.

A more serious criticism will be levelled at the policy of innovation under which the time-honored Indian head is now displaced after half a century to make way for the profile of a president. If any American citizen was to be thus honored it was most appropriate that the distinction should be accorded to Lincoln.

But except for the Washington half dollars, dimes and copper cents of 1792 and the negligible issue of Lafayette memorial dollars, since 1873, our coinage has constantly shown the features of Liberty on its face, a Liberty of various aspects, it is true, now filleted or turbaned now with flowing hair, now lionom or again slender, but always the same personified type of the national ideal.

From the cent piece alone has been displaced, and then only as a sentimental tribute to the Indian, the use of the flying eagle on the cent piece lasting only from 1858 to 1858. The first coins struck at the new mint in Philadelphia, the copper cents of 1793, bore Liberty in profile on their face.

FRATERNAL ORDERS HAVE GROWN AT BORDER TOWNS

The following is taken from an address by Hon. George M. Hanson, at the Calais centennial: "One hundred years ago but one fraternal order had its votaries in this valley, the Masonic order, which for forty years was the only society represented here by a lodge.

BALL AND CHAIN FOR CHRONIC LOAFERS

Mr. Snowball, who visits the Lyman mill every day, says the street is so obstructed with loafers at times that he is obliged to be careful not to run over them. The men don't work, and always seem to be supplied with drink. And they have to eat of course. How is it that when industrious and sober workmen, who labor every day can scarcely make a fair living, those who are able to live without work and loafers are able to live with a street repaving, goes to the root of the evil and would work good practical relief.

LOUIS NELSON

Death came with awful suddenness early last evening to Louis Nelson, a life long resident of St. John, and who for the last few years has conducted the St. John Hotel at Reed's Point. Mr. Nelson was apparently well when he left his hotel Monday afternoon to go to the city to make some purchases. Soon after leaving he was stricken with heart failure on the street, taken to the hospital and at 8 o'clock he passed away without regaining consciousness.

THE LINCOLN CENT

The artistic merits of the Lincoln cent are not to be denied. But they are the merits of what is known as the new art and involve a far departure from the traditional type of American coinage. The Lincoln cent is distinctly pretty. It might have been coined at a French mint to go with the bronze vases and statuary which the time-honored Indian head is now displaced after half a century to make way for the profile of a president.

GOLF

Woodstock, N. B., Aug. 8.—The match between the Halifax and Woodstock golfers was played today, 96 holes, and the local team won by four points. The Halifax players, who have tonight for St. John, appreciate the treatment they receive here, and are greatly pleased with the links. The summary:

Table with columns: Name, Score. Rows include Halifax players (Haltax) and Woodstock players (Woodstock).

Least week on the golf links the ladies' match for the Tweedie Cup, was played. The match was a handicap against bogie, medal play. Miss Hare and Miss Lou Parks tied for first place and in the play off the former won. Miss Hare was only one down on bogie.

IMPERIAL CONFERENCE HAS REACHED DEFENCE AGREEMENT

Montreal, Aug. 9.—A special London cable says: "The other day a delegate to the imperial conference said: 'Things are going the wrong way.' Today a delegate says the results already obtained are 'Extremely practical.' It is understood, however, that regarding military and naval defence, a general basis for working has been agreed to and a sub-committee of military experts has been appointed under the presidency of General Nicholson, chief of the general staff, and they have been engaged at the war office working out the technical details of the general plan agreed to in principle by the imperial conference. When these are completed they will be referred to the conference.

MANY MOURN CAPT. MASTERS' DEATH

(Brooklyn Evening Times, Aug. 6.) Words of condolence called from England, floral tributes in extraordinary profusion, and kindly messages from all over the United States, have assured the relatives of the late Capt. Arthur W. Masters, of Chicago, that their grief is shared by hundreds, who held the departed in highest esteem. Following his wish, expressed before his death, he was laid to rest this afternoon in Melrose cemetery, beside all that was mortal of his captain brother, Harry E. Masters, of Brooklyn.

THE ALBERT SHALE

Senator Donville and Col. Wedderburn, accompanied by a Scottish expert, who have been spending a few days in Albert county looking over the shale deposits in that county, returned to St. John yesterday. The expert says that the New Brunswick deposits exceed those of Scotland in extent and quality and will ultimately prove a great source of wealth to New Brunswick. Two companies are now being formed to develop the shale deposits of Albert and control practically the whole area.

WIFE OF DR. JAS. HANNAY DEAD

Passed Away Early This Morning at Her Home in Fredericton.

The death of Margaret Ross, wife of Dr. James Hannay, of Fredericton, is announced today. Mrs. Hannay had been ill since March and had been under treatment of local physicians at her home. In April it was decided that she had best consult specialists at New York. She went there and remained until early last month when she returned home, accompanied by her daughter, Mrs. W. J. Bright of that city, who has been with her ever since.

The disease, which was at first diagnosed as indigestion, developed into cancer, the progress of which could not be stayed and resulted in death at two o'clock this morning.

Mrs. Hannay was the daughter of the late Elias T. Ross, of St. John, and was born on August 22, 1847. She was married to Dr. Hannay on January 28, 1884. There were no children, but on the death of her sister, Mrs. Lester, Mrs. Hannay adopted her three daughters, two of whom survive—Mrs. H. R. Edmunds, of Moncton, West Australia, and Mrs. W. J. Bright, of New York. Mrs. Hannay was a woman of fine disposition, and leaves many friends here carrying on her work in Fredericton and Atlantic cities.

BUSY DAYS IN THE DEPOT

Harvesters' Excursions Tomorrow and Thursday.

Indications point to a very large passenger traffic in connection with the harvesters' excursion from here tomorrow evening. The number leaving is expected to average well up to that of other years, if not to surpass it. Last year the number was 5240. Preparations have been made for six trains to leave here carrying harvesters, but more can be sent if necessary. The first train will leave at 7 o'clock and will carry those from St. John and vicinity. Fredericton and Atlantic points. The next to leave will be from points along the main line, Halifax, New Glasgow, Amherst, etc., and will pass right through. The crowd from Prince Edward Island will come on Thursday morning and will also pass right through.

There will be special constables on each train.

Calvin Austin Has Another Large Passenger List Today

Steamer Calvin Austin, Captain Pike, arrived from Boston and landed 490 passengers. Among the passengers was Chief Engineer Small, of the Normal School of Hyannis (N. Y.), on his way through the storming of the province, via the Fredericton line, then going to his home in a hunting party.

Mrs. A. Winslow, now of Boston, an elderly lady, formerly of Pettaquamscutt, also came on the Austin this morning on a visit. She left here thirty-two years ago. A large number of passengers are booked to go on the Austin tonight.

TEMPLARS POSTPONE EXCURSION

The river excursion to have been held this afternoon by the Temple of Honor, has been indefinitely postponed. A meeting will probably be held this evening at which it will be decided when the outing will take place. At 8 o'clock tonight in the Temple building the official opening of the sessions of the Supreme Council will take place.

At 9 o'clock tomorrow evening the local order will entertain their guests at a banquet, at which a very large number is expected.

After the banquet Mayor Bullock, Hon. C. Z. Tirrell, of Boston; Hon. David I. Robinson of Gloucester and other prominent members of the order will deliver interesting addresses.

TILLEY WILL HAVE TEAM OF HIS OWN

The internal affairs of the Marlborough baseball team are not harmonious. Chas. F. Tilley has, as the Times announced yesterday, ceased to have anything to do with the management, and is busy forming a picked team to play against outside teams who will be brought to the city. He hopes to get together with the touring team from Glouce Bay and the Lake Utopia team of young American players.

Mr. Tilley declines to talk about his relations with the Marlboroughs, but it is an open secret that he backed them financially to a considerable extent, and that he has the sympathy of some of the best players on the team. He states that he has no desire to offer any competition against the championship games. Games between the picked team and others will be played on the Every Day Club grounds.

Father Duke marshallled the children and walked to the depot with them.

Keen disappointment was felt at the downpour of rain which necessitated the return of the picnickers to the city about noon. The picnic will probably be held tomorrow.

PICNIC OFF AFTER FIRST TRAIN LEAVES

More than six hundred Sunday school children of the St. Peter's and Holy Trinity parishes were in line this morning in the parade which is always a pleasing feature of their annual picnic at Torriburn. Rain, however, caused a postponement after the first train had left.

The City Cornet Band playing a lively march the youngsters proceeded down Main street from the chapel to the depot. Almost every boy and girl carried a flag, English, Scotch, Irish and Canadian.

Father Duke marshallled the children and walked to the depot with them.

Keen disappointment was felt at the downpour of rain which necessitated the return of the picnickers to the city about noon. The picnic will probably be held tomorrow.

THE DANA FOOD CHOPPER
 In FOUR SIZES

The Dana Chopper is one of the best choppers that as yet has been put on sale. It is so constructed that the cutter and shank are all in one solid piece, making it so that each cutter has its own spindle. It has three different knives or rotors:

1. Used for Meats, etc.
2. Used for Vegetables.
3. Used for Coconut or Chocolate.

They are easy to clean, when you take out the cutter. You leave nothing but the shell which makes it easier to clean than any other cutter that is being sold. It will pay you to see the Dana Chopper before purchasing any other. You can buy them at
