### LUMBER CUT

On Miramichi Not so Large This Year as Last.

It is estimated that the lumber cut on the Miramichi this season will be between 40,000,000 and 50,000,000. Last season's cut amounted to nearly 90,000,000. Lumbermen report "good doings," which means that there is just sufficient snow in the woods to make good hauling. There is a feeling of anxiety among dealers in the home and abroad, and there is the almost certain belief that the new year or so soon as buyers begin to figure on their requirements for next season.

### Can't Afford Ill Health.

CURE IS CHEAP AT ANY PRICE—BENEFIT CERTAIN IF YOU USE

## Dr. Chase's Nerve Food.

Only the wealthy can afford to be invalid. They alone can bear the expense of constant attendance by doctors and high-salaried nurses. Your time is your capital, and whether you travel in the home or abroad, you must make every day count or prove a burden to yourself and friends.

Disastrous Fire. The Dominion Atlantic str. Boston, Capt. MacKenzie, from Yarmouth, arrived at 1 p. m. yesterday with eighty passengers and a general cargo. She grounded at her wharf at Yarmouth Saturday and at that account was damaged severely.

Thermometer Registered Eight Below Zero at Moncton—L.C.R. Sleeping Car Repaired.

MONCTON, Nov. 29.—W. L. Greighton, advertising agent of the I. C. R., has received intelligence of the death in Toronto of Mrs. Creighton's father, Mr. Macfarlane, a protracted illness.

Large flocks of wild geese have been passing this way lately on their way south. Eight above zero is the lowest marking of the thermometer here yet this season. There is no snow here, but good sleighing north. There is good skating on the ponds and intervals.

FREDERICTON. Everything is Quiet in the College town. FREDERICTON, Nov. 29.—In the case of Donald Fraser v. John A. Hubble an application was made before Judge Wilson this morning by R. B. Hanson to strike out notice of defence set up against the action, on a bill of exchange brought by plaintiff against the defendant, on the ground that there was no defence put in, but merely to gain time.

Underwear that fits. For ease, comfort, warmth and wear, there's no other underwear to compare with Stansfield's. It fits perfectly, because it is made in every size to suit the extra stout and thin—the very tall and short—people, as well as the normal. It fits every part of the body, from neck to ankle. And always fits. There's no shrinkage with washing, or stretching with wear.

# Nine Nations

## Now Use Liquozone. Won't You Try It—Free?

Millions of people, of nine different nationalities are constant users of Liquozone. Some are using it to get well, some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some one whom Liquozone has cured.

### We Paid \$100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians of various countries...

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

### TO HARNESS THE AROOSTOOK FALLS.

Up Country Company Will Build Electric Railway From Presque Isle.

There is a project on foot to build an electric railroad from Presque Isle to Washburn and Pertham. The motive power will be secured by harnessing the Aroostook Falls.

### FREDERICTON.

Everything is Quiet in the College town.

FREDERICTON, Nov. 29.—In the case of Donald Fraser v. John A. Hubble an application was made before Judge Wilson this morning by R. B. Hanson to strike out notice of defence set up against the action, on a bill of exchange brought by plaintiff against the defendant, on the ground that there was no defence put in, but merely to gain time.

### CASTORIA

The Kind You Have Always Bought

ROME, Nov. 30.—The Pope today received in special audience the Rt. Rev. J. B. Delaney, Bishop of Manchester, N. H., and the Most Rev. Paul Bruchési, Archbishop of Montreal, Que.

Most helpful thing in the world to you, its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter.

THE INTERCOLONIAL AGITATION.

All the government papers which are arguing in favor of the transfer of the Intercolonial railway to a private corporation use the same arguments in the same order. They mention and dispose in the same way of the same alternatives, and reach identical conclusions.

Clever as the director of this journalistic campaign may be, there are two allies without whom his case would be a hard one to handle. The first is the prime minister of Canada. Everywhere in Ontario and Quebec Sir Wilfrid has proclaimed that government control and management of the Intercolonial are disastrous and vicious.

But does it really make much difference? We hope Mr. Snowball will not surrender a single thread from his garments, and that the moon will shine on the flag over the eastern block when Sir Henry is there until Earl Grey arrives and restores the old custom.

It is true that government ownership seems to call for an enormous staff of employees, many of whom have been appointed for political reasons and not because they were needed. It calls for a phenomenal number of private cars. We fear that it has involved the payment of excessive prices for supplies, and the purchase of goods that were not required.

Other incidents to government operation of the Intercolonial are lower local freight rates and more costly local services than could be had from private owners. The government does not take the full advantage of the absence of competition. It runs more frequent passenger trains than a private owner would put on.

If the Intercolonial were leased to a company the people on the North Shore would pay the same freight rates that are now paid by those of Carleton and Victoria counties. The accommodation trains and local services would be no more frequent than they now are on private lines.

But it is not necessary for the Intercolonial to pay dividends and rental. There is no need to level the short haul rates of the Intercolonial up to the highest local charges of a private railway monopoly. It is not required to bring any part of the people's railway down to the standard of a private branch line.

THE TRIALS OF GOVERNORS. Sir Henry E. Taschereau, chief justice of Canada, and administrator in the absence of the governor general, has his own annoyances. So, it appears, has our own lieutenant governor.

Mr. Lott is not an amateur in politics. Mr. Lott was a candidate for the Ontario legislature in 1898, and the leader of the Ontario government thought so much of him that he went to the county to testify on his behalf.

THE MACDONALD SCHOOLS. Some idea of the character and scope of the great educational enterprise which Sir William Macdonald and Professor Robertson have undertaken will be gathered from the address of the latter at Ottawa.

Following the resignation of Messrs. Stratton, Gibson and Davis of the Ross government, comes the announcement of the retirement of Organiser Vance. The machine appears to be going to pieces.

QUEEN'S BIRTHDAY. 60th Anniversary of Queen Alexandra's Birth Loyally Celebrated All Over the Empire. LONDON, Dec. 1.—Queen Alexandra is celebrating her 60th birthday at Sandringham. Flags are flying everywhere, the church bells were rung and the usual salutes were fired.

HE SUITED MR. ROSS. Mr. Byron Lott, late liberal candidate in West Hastings, who is one of the principals in the false ballot box

THE AULD TIMES.

St. Andrew's Day at Bathurst, N.S. What It Used to Be.

BATHURST, N. B., Dec. 1.—St. Andrew's Day is acknowledged by the flags flying on the public buildings. "Not like it used to be," says Judge MacLachlan. "In old times the McCurdies, Chalmers and others from Bellefleur, the Nicholls, Alexanders, Taylors, Barbour, from Dumfries and Dunlop, together with the Pergusons, Napiers, etc., of Bathurst, were all early in town and before this time of the day we all had a 'wee drap' in our eyes."

THE NESTOR OF PRESBYTERIANISM. By the death of Principal Caven the Presbyterian church of Canada loses the most influential of its leaders, and the most sagacious of its directing minds. Conservative in doctrine and method, Dr. Caven was singularly free from the bondage of tradition, and was in sympathy with all advanced movements which could be commended to his judgment.

FREDERICION DEATHS. FREDERICION, N. B., Nov. 30.—Frank Bryson, the well known bandman and musician, died this morning after an illness of some months, in the 70th year of his age.

PROVINCIAL NEWS. CAMPBELLTON, N. B., Nov. 28.—A rumor is current that shortly after election day a teamster found a sum of money variously stated to be from \$800 to \$900.

ONE LIBERAL AND ONE CONSERVATIVE Elected by acclamation. CHARLOTTETOWN, Nov. 30.—The provincial nomination today resulted in the election by acclamation of Richard Richards, second district of Prince, Liberal; MacDonald, fifth district of Kings, Conservative.

SAID "GOOD-BYE" TO HIS FAMILY DYING OF WEAKNESS—GIVEN UP BY DOCTORS AS AN INCURABLE AND HOPELESS WRECK. After reading the following letter from Mr. H. A. Thurston of 238 Vermont street east, Indianapolis, Ind., no one would ever doubt the merit of Ferreroze.

A BALKY HORSE.

The Bone of Contention in County Court.

C. H. Peters' Sons Think They Were Taken In by Patrick Nugent.

County court was resumed yesterday, Judge Forbes presiding. The first case was an action brought by C. H. Peters' Sons against Patrick Nugent for breach of warranty of a horse.

The first witness, Fred Peters, of the firm of C. H. Peters' Sons, said he bought a horse from Nugent, that Nugent guaranteed the horse to be a satisfactory working horse.

Frank L. Peters, one of the firm of C. H. Peters' Sons, was next called. He said he had seen the horse working.

Mr. Nugent was next called. Said on the 30th of May Fred Peters sent him to Rothery to enquire about some horses.

Mr. Nugent, the defendant, had enquired near the hotel where he stopped. He drove witness around some and later showed him a horse which he thought would suit the company.

THE VALUE OF CHARCOAL.

FEW PEOPLE KNOW HOW USEFUL IT IS IN PRESERVING HEALTH AND BEAUTY.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal is Stuart's Charcoal Lozenges, which are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of Stuart's Charcoal Lozenges, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the blood, mouth and throat. It is a most valuable remedy, and I have benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."
