PROCEEDINGS OF THE
ANNUAL MEETING OF THE SOCIETY,

Held on Tuesday, August 18th, 1874,

IN THE WESLEYAN METHODIST CHURCH, OSHAWA.

JAMES GOODERHAM, Esq., of STREETSVILLE, in the CHAIR.

The Meeting was opened with Singing and Prayer.

An Abstract of the Society's operations having been read by the Rev. DR. WOOD, and the Financial Statement made by the Rev. DR. TAYLOR, the following Resolutions were unanimously adopted by the Meeting :—

I.—Moved by the Rev. W. H. POOLE, of Toronto; seconded by W. T. MASON, Esq., of Toronto :

That the Report, an Abstract of which has been read, be adopted and published; and that the following be the officers of the Society for the ensuing year: Rev. E. WOOD, D.D., Secretary, and JOHN MACDONALD, Esq., Treasurer. That this Committee and Society have heard with unfeigned sorrow from the Rev. DR. TAYLOR, that it will not be in his power to remain in the position he has occupied for the past nine years. The Committee and Society cannot allow the Secretary-Treasurer to retire from the offices which he has thus held, without expressing their high appreciation of the valuable services he has rendered to the Connexion in general, and to the Wesleyan Missionary Society in particular, and by his fervid and eloquent lectures, speeches and discourses in behalf of Christ's cause. That the cordial thanks of the Committee and Society are hereby presented to the Rev. DR. TAYLOR, for his earnest and successful efforts in behalf of this Society, with the sincere prayer that his valuable life may be long spared, and that his services in behalf of this great Dominion may tend largely to its material and spiritual prosperity.

II.—Moved by the Rev. JOHN A. WILLIAMS, President of the London Conference; seconded by WILLIAM CLENDINNING, Esq., of Montreal :—

That this Meeting expresses its gratitude to Almighty God, for the long-continued favors and blessings the Society has enjoyed, manifested by the testimonies of the living and by the glorified dead; by a succession of faithful men who have preached the blessed gospel in connection with its operations; and by the steady increase of its financial resources which in this, the fiftieth year of its existence presents an amount never before paid into the Lord's treasury.

III.—Moved by the Rev. JAMES ELLIOTT, President of the Montreal Conference; seconded by JOHN MACDONALD, Esq., of Toronto :—

That this Meeting expresses its solemn conviction that faith in God, and His people, united with earnest prayer for the descent of the Holy Ghost, constitute, with a practical observance of the sacred injunction—“Work while it is called day,” the real source of strength and success in every department of the work of the Lord.

IV.—Moved by the Rev. SAMUEL ROSE, Book Steward; seconded by WM. E. SANFORD, Esq., of Hamilton :—

That this Meeting adopts the Constitution of the General Missionary Society, as recommended and passed by the Conference of 1873, and embodied in the Resolutions relating to the Confederation of Wesleyan Methodism in British America, as published in the Minutes of Conference of that year, pp. 171-2.

V.—Moved by the Rev. E. H. DEWART, editor of the *Christian Guardian*; seconded by the Rev. WILLIAM SCOTT, Secretary of the Montreal Conference :—

That the Cordial thanks of the Meeting are hereby presented to JAMES GOODERHAM, Esq., for his able conduct of the business of this Anniversary.

REPORT.

ACCORDING to Jewish law and usage, the Fiftieth Year was one of joy and gladness. Their authorities say that when it began every private man was bound to blow with a trumpet, and make this sound nine times, that every one might be the more inclined to hearken to the general proclamation, and fulfil the obligations of the Festival. Among other great and lasting advantages which were connected with this observance, it mystically shadowed forth that spiritual Jubilee which Christians enjoy under Christ, by whose blood we have not only a re-entry into "the kingdom of heaven," which we had formerly forfeited by our sins, (and this was aptly signified by the Israelites re-entry upon the lands formerly sold,) but also the "sound of the Gospel" which was in this feast typified unto us by the noise of trumpets, is gone throughout the world, and thus the Lord hath blown the trumpet, according to Zechariah's prophecy (ix. 24).*

This Society has now existed fifty years. Computation of time, and a remembrance of God's goodness, are duties fraught with advantages when entered upon in the spirit of humility and conscious dependence. Whatever changes may have marked the existence of the Church, either affecting her name or her ecclesiastical polity, the simple principles which gave birth to the Missionary Society, have stamped her growth with power and success, and throughout the whole of this time her advancement in means and agency has been steadily onward. Thousands are in heaven saved by her instrumentality; and thousands more on earth are encouraged by the Ministers she sustains and the ordinances they hold, in contending for the faith of Christ. Most of the early earnest and eloquent advocates of this Missionary Society have rested from their labor;—but the cause they loved and toiled to advance still lives; not in faintness and langor, but, through the blessing of God and the power of His Spirit, in spiritual vigor, beauty, and fruitfulness. The few honored fathers in

our Israel who witnessed the formation of this Society, still spared to bless the Church with their wisdom, talents, and long experience, will rejoice with the multitude who now constitute the strength of the Society, that the Fiftieth Report has never been equalled by any former one, in describing the extent of territory where Wesleyan Missions are established, in the largeness of the income, or in the blessed results of the year's operations.

We now briefly glance over the Mission Field.

THE Mission at Winnipeg is steadily increasing in numbers and influence; rapid augmentation of the population and enlargement of the town have led to the building of a second place for Divine Worship. The membership of the Church is now 63. Headingly and Boyne River have six appointments, which, until we can obtain more laborers, are principally dependent upon the Ministers at Winnipeg.

HIGH BLUFF AND PORTAGE LA PRARIE.

When my worthy predecessor, Rev. M. Robison, came here he had ten members. At the close of his three years labors he left me seventy. I am now able to return one hundred and twenty, besides setting off eleven to the Palestine Mission, which would leave one hundred and thirty-one for this ground. We have six regular appointments and three occasional ones. Those included in the regular work extend from east to west, over thirty miles. It is about sixty miles to Oak Point, where we have one family; and about forty to Palestine, where Rev. George Edwards is stationed. I formed the first class at the Portage two months since, and we now have regular service every Sabbath in our new and comfortable meeting-room. We

now have four Sabbath-schools and ninety scholars. We lack teachers and especially books. Our members are half-breeds, natives and immigrants mostly from Ontario. We lost three by death, two of them belonging to Bro. Sanderson's class half-breeds, who died very happy. Already the fruits of the labors of your Missionaries have not only been seen and acknowledged in the Church militant, but also in the Church triumphant. It would delight you to listen to the sound and heartfelt experiences of some of these dark sons of the plains, who, before your Missionaries came among them, were spending their little means in drunkenness, and their time in sin and folly. They formerly cultivated but small patches of ground, but now some of them are becoming tolerable farmers. They are procuring good agricultural implements. The white members are mostly those who have come here to secure homes for themselves and children. They are not rich men, and are unable to do much for the cause of God. If Providence smiles upon them they will soon be able to sustain their ministers on this delightful black rich soil. It would be wrong for the Church to neglect them in this their far-off and strange country. We intend finishing our church at Gowlers this summer. Our church at Poplar Point is far too small. We ought to have a place of worship at Rat Creek, but we are not able. I intend building a church here at the Portage next summer. Many people have objections to going to a private house to worship. I have already involved myself over one thousand dollars, as you will see from the enclosed account, and if I build the church here, paint and partition off the parsonage, and fence in this beautiful piece of ground selected by you, I shall be greatly involved. I will trust Providence, a thoughtful Missionary Committee, and the kindest and best people in the world at their back. I must do something while here. I cannot, I will not be idle. I will not waste a dollar placed in my hands, but will give you an account of every thing which is done by way of improvements or expenditures. If the accounts enclosed are not satisfactory, I will give you the details, names of parties paid, and dates of payment. Bro. Walton has been useful on the Mission; they will gladly receive him again. Bro. Edwards is well received at Palestine. Since I came here, and I am now on my second year and the last quarter, my health has been, as in former years, very good. I have missed four appointments on the Mission—two because of ill-health, and two because of the tiring out of my horse—I could not walk twenty miles through unbroken roads, or I would not have disappointed the people. I have travelled twenty and thirty miles in a day and preached three times; and blessed be God, who shall have all the praise, I can and will do it again by His help, and I will further say, that I do not think that I have ever been fifteen minutes late to an appointment since I came to Red River. Although many of my friends in Ontario were afraid that I should not be able to endure the hardships and climate of a new country, I have many things for which I ought to be grateful.

There are persons taking claims north and west of this, between here and Lake Manitoba. We shall be under the necessity of visiting

them and preaching to them. We shall not be able to do much more than we are without assistance, or the appointment of another preacher. Our Quarterly Board decided to pay the board of Bro. Walton and provide for his horse. Three-quarters are gone and we are behind more than one-half the amount necessary. We should certainly meet it, as the good people promised so to do before I came here. It requires twice the amount of the allowance generously made for a young preacher in Ontario. You will be glad to learn from the enclosed list of Missionary subscriptions, that we have increased in the regular way, about fifty per cent. If all other Circuits and Missions do accordingly, you will have over one hundred and sixty thousand dollars on your Missionary Report next year, instead of one hundred and eight thousand.

When will you send two Missionaries to China? Your High Bluff Missionary will give, if alive, twenty-five dollars when you send them. I long to see the day. Will it be next year? May God stir up the people to greater Missionary zeal and sacrifices. M. FAWCETT.

PALESTINE.

I came to Palestine Mission in August last, found I had 11 members and 5 preaching places. Congregation at Palestine small, owing to our not having a church or proper place in which to hold meetings, but we have one there now. Membership increased and congregation much larger. Class meeting every Sabbath; Prayer-meeting every Wednesday evening. We have no church at Pine Creek, but the congregation pretty good. The same at the second crossing of White Mud River, but they are building a school-house, which will be finished in July next, and they have promised to allow us to preach in it.

We have no church at the First Crossing, but require one badly. We have only two members there, but if we had a church I believe a great deal of good might be done. We are preaching in a tavern at present. Totagon is our next preaching place. It has a bright future.

We have no Sabbath-schools on the Mission as yet, but purpose forming one at Palestine next spring. Our membership has been raised from 11 to 16. There are three on trial. GEO. EDWARDS.

BERENS AND PIGEON RIVERS.

EARLY in March the Rev. E. R. Young left Ontario for this new Mission, encouraged by the practical sympathies given to this enterprise at occasional lectures upon the Indian Work, and at many Missionary Anniversaries in Ontario and Quebec. In his absence the work had been maintained by a native assistant, and now, although at the cost of much labor and exposure, we may anticipate the formation, by the blessing of God, of a good and successful Mission.

ROSSVILLE, NORWAY HOUSE.

The work of God still prospers among the Indians, twelve have joined the church during the year, two or three from the Sunday-school. A deep religious interest is manifest in the Indian congregation at Rossville and the white congregation at the Fort—two miles distant.

We have during the year, by the favour of Providence, visited the Indians at Cross Lake, Beren's River, and other places, with advantage to the Church and also to the Indians, in giving them that instruction without which so many are perishing. During these visits I baptized five, and administered the sacrament to twenty-four. At Beren's River, Rev. E. R. Young's charge next year, I found the Mission work prospering, carried on by Martin Papanekis, a very worthy native local preacher. A large quantity of timber and some lumber has been prepared for the future Mission House and Church. Our work here both temporal and spiritual is in good condition. The services among the Indians having been regularly kept during the year by brother Papanekis.

At Rossville our day school is very successful, having an average during the winter of sixty scholars. Many of them already read the Scriptures, write beautifully, and understand simple things in arithmetic and geography. They are also taught to read the Scriptures and catechisms in their own tongue.

A lady teacher is very much needed, as there are too many children for one teacher—sometimes eighty-five—and as there are now two school-rooms, since we occupy the old printing office, as a school-room, which is indeed a good one, there should be two teachers: the one now employed, a native, and another, a lady, to teach the English branches to the larger scholars who have learned a little English from the present teacher: also our school-room is entirely too small for so many children. If two schools are established there would be an average of at least thirty-five or forty to each school.

The Sabbath-school is all that could be expected, the children take a deep interest in learning the great and important things concerning their souls, many of them can repeat the whole of the first and second catechisms, and also give an account of the life and mission of our Lord Jesus Christ in the Bible, and many other important things taught. A lady teacher would be of great service in the Sunday-school to train these "little ones" for the Master's service.

The new school at Norway River, eight miles from our village, is in a good condition. Owing to a difficulty in getting a proper house for the school there was a little delay—some three or four weeks—in opening it last fall. We now have a house which is rather small, (the people intend building larger the coming year), but answers very well.

There are thirty-five scholars in attendance—they learn fast but lack books, etc., I only having a small supply to begin the school with. This school is doing a good work, is very much needed, and must be continued.

There has been one death, and one removal, leaving three hundred and seventeen members—*increase, ten.*

We hope God will ever, as he has during the past, remember this Mission for good.

JOHN H. RUTTAN.

OXFORD HOUSE.

A SCATTERED population,—the removal of the residence of the Missionary to the immediate neighbourhood of the Fort, and difficulties encountered in the erection of the buildings, contribute to render Mr. German's position one of labour and anxiety. Some tokens of spiritual success have cheered the lonely Missionary at this distant and secluded post. His appointment has been hailed with great joy by the Indians, and no doubt cheering results in the form of revival and conversion may be confidently anticipated.

NELSON RIVER.

According to your directions I left the Red River Country for the far North about the middle of March, and completed the journey of eight hundred miles after much unavoidable delay. The trip from Winnipeg to this place was an extended and wearisome one, but the race has been run, the difficulties overcome, the end reached, and now, perhaps, it is my duty to give some account of my whereabouts and purposes, and of the people among whom I live and labour. I came as far as Norway House with dogs—and the journey was fraught with the usual unpleasantness and discomfort. For ten days we trudged along after our loaded sleds through chilling winds and drifting snows. For nine nights we rolled us up in our blankets—feet to the fire, head to the snow-bank, under us the never failing evergreen, and over us the deep blue sky. We were bothered and wearied and tripped with snow shoes. We were well-nigh overcome with excessive exertion, sometimes travelling sixty miles in one day.

At Norway House it became evident that a pause in our proceedings would not only be desirable, but proper, in view of approaching spring, and consequent bad ice; so we sojourned for a while at Rossville Mission, acquiring some knowledge of the language and customs of these people, and framing our plans for the future.

As soon as possible we resumed our journey in a bark canoe, and then began a series of experiences wholly new to me, and wilder and more dangerous than anything I had seen previously. We crossed heaving lakes and rippling ponds. We paddled our way along small creeks and over mighty rivers, and ran wild, rushing, foaming, whirling rapids. We made short portages around mighty roaring falls, and long portages across pathless forests,—from lake to lake, or river to river. We climbed high hills, carrying our earthly possessions upon

our backs, and waded through deep swamps, sinking beneath our burdens. We had good food and poor,—little and much,—sometimes clean and sometimes not remarkably so. We were caught in wind storms, rain storms, snow storms, and thunder storms. We slept on the grass, on moss, on the rocks and underneath the trees. We were in dangers manifold, seen and unseen, by land and water. We suffered from weariness and sleeplessness, sandflies and mosquitoes. Thirteen days of this brought us in sight of the trading post known as Nelson River. Here are four houses, the property of the Hon. H. B. Co., the only civilized habitations, I suppose, within a circuit of three hundred miles. Here I found Mr. Alex. Sinclair, the gentleman in charge of the post, who bade me welcome and made me comfortable in his own quarters. This gentleman is my only companion, and ten days of travel would hardly take me to my nearest neighbour.

The Indians are gathering, and I meet them from time to time. They are a peculiar race of mortals—sad looking specimens of humanity—poor, neglected, ignorant heathens. Among themselves they are suspecting, dishonest, revengeful. In their habits they are filthy, and in their dealings brutal. They are slaves of debasing superstitions—worshippers of inanimate deities—believers in tokens and charms. They are conjurors, medicine men, gamblers, poisoners. The majority of them are bigamists, and treat their wives as slaves or dogs. They have no marriage system, hence the slaves often change hands. In a word, they have no moral law, and every one does that which is right in his own eyes, and the consequence is, the country is corrupt before God and full of violence. To such a people—to such a country has your Missionary come, distrusting his own power to bring about any good change, but firmly believing in the enlightening, the emancipating, the transforming, the saving power of the grace of God. I trust that the day-spring from on high is about to visit this people, that the Sun of Righteousness will soon appear to dispel the mists and vapours of superstition, to chase away the darkness of paganism, and to renew the spiritual health of these precious, blood-bought souls. Let us have an interest in your prayers, and in the prayers of God's people, that God would accompany his own word with his own power, so that the word may be confirmed by signs following.

Most of these people seem glad to have a minister come amongst them. How far the hope of temporal benefit goes to excite this pleasure, experience will determine; but it seems to me that, like the Jews of old, they look for the temporal more than the spiritual, and sooner or later they must be disappointed. I do not imagine that nothing has to be done but to offer them the great salvation to make Christians of them. The hereditary deadening influences of ages must be overcome. Their minds must be dispossessed of that stubborn degenerate faith which gives them confidence in stumps and stones. They must be led to see the helplessness of their idol objects of reverence, the hollow mockery which runs through their system of religion. Then, when these things are taken away, they may, as they can bear it, be supplied with a truer religion—a purer faith, and be taught to

reverence the one God, and Jesus Christ whom he hath sent. Here is a life-work for some one—a field ready for the good seed, which in after years may yield a hundred-fold.

J. SEMMENS.

THE membership of the District now amounts to 600; there are seven churches, 25 other places in which the Missionaries “preach the word,” and about 2,000 hearers in the various congregations.

FOR a full and graphic account of these Missions, with the Indian Stations, especially in the Red River District, we refer our readers to the report of the Rev. Dr. Taylor, in the Appendix. We give the following from the Rev. G. McDougall, written since Dr. Taylor left Edmonton:—

EDMONTON HOUSE.

In every department our work has been progressing. Our new church, dedicated by Dr. Taylor, has been completed all but the painting, and our congregations have been increasingly good; all the seats but those allotted to the natives, are now occupied by families. A blessed influence has attended the preaching of the word. Our Sabbath-school has been regularly conducted, and the day-school until the 1st March, when the teacher left, was well attended. Our Missionary meeting displayed an active sympathy with the cause of God, and when we consider the circumstances of our people, the monetary result is munificent, \$455.50. In addition to this, \$164 has been raised towards the liquidation of the church debt. The Mission property has been improved by the addition of a kitchen to the Mission-house, and the addition of a shed for the accommodation of church attendants. Last fall two of our oldest adherents finished their course, and have gone to rest in Abraham's bosom. We have baptized thirty-six children and married eight couple. We have an interesting congregation six miles distant, to whom we minister weekly. In a word, in reviewing our two years sojourn at Edmonton, we have abundant reason to thank God and take courage.

VICTORIA.

At the close of another ecclesiastical year we, by the blessing of God, report a good degree of prosperity, in every department of our work, on this circuit.

Our congregation has gradually increased through the year. We have lost twenty-one members by removals and deaths and received twenty-five, which gives us a gain of only four.

The class and prayer meetings are well attended and evince a good measure of spiritual life. At the prayer meetings on Sunday evening, after preaching, the Lecture room, which will seat two hundred and fifty, is often crowded. The Sabbath school is larger than it has ever been and continues to increase. We have one hundred and fifty scholars on the books. This number may appear small, but it should not be forgotten that comparatively few men in this country are married. There has been a great scarcity of females in this province till lately, and even now the men will, probably, outnumber them by eight to one. But we are improving rapidly in this respect.

The income of the Quarterly Meeting, though quite in advance of last year, is not sufficient to meet our liabilities. We have undertaken to support the Missionary at Saanich, which will cost the circuit, in this year, upwards of five hundred dollars. The Indian school costs one hundred dollars. Add to this three hundred and eighty dollars Missionary subscription and you have nearly a thousand dollars expended outside of the circuit, besides supporting their own Minister.

I am happy to say that we have a Missionary Church. Our people are not rich but they are liberal, and earnestly devoted to the work of evangelism.

A bell has been placed in the Church during the year. This was imported from England, and presented to the Trustees, by W. McKay, Esq. The bell has a fine tone and is a great convenience in calling our people to service. Also a Melodeon has been purchased for our services in the basement. This cost one hundred and thirty dollars.

The great Head of the Church has graciously blessed the Indian Mission in this city. It has more than tripled its membership since our last report.

In 1873, we returned eighteen in connection with the Church, including those on trial. This year we return fifty-seven, besides those who have gone to Fort Simpson, who properly belong to Victoria, as it was here that they were brought to the knowledge of the truth.

The school-room has become altogether too small for the number who attend. We shall be necessitated to rent a larger room or build a church. We ought to build, but I cannot ask our people to do more than they are doing.

Some of the Ontario friends have been munificent in their contributions for the work on this coast. Are there not others who would be kind enough to assist us in this time of need? The success with which we have been favoured is the cause of our embarrassment.

While much credit is due to the Christian men and women who have laboured so faithfully in this school, yet we would give all the praise to Him who has condescended to acknowledge their humble efforts, and made them instrumental in blessing so many souls.

The "Sanford Mission" has been started and promises well. We rented a room convenient to China Town, which will accommodate from forty to fifty, for which we pay twenty-five dollars a quarter. There are about thirty Chinese attending the day school, nearly all of whom are adults. The Sabbath-school is equally well attended. We have a class of seven who commenced reading in the Bible last Sunday. They are intensely interested in the school and learn very fast. The school is always opened and closed with singing and prayer.

The first religious service we held completely absorbed their attention—some laughed, some looked serious, and all were evidently surprised. They had never seen anything after this sort. They did not appear to have the least idea of music, and felt ashamed to make a sound. Now, they join in singing heartily, especially the "Doxology" and "Come to Jesus."

I cannot review the first term of my labours in this country without new emotions of gratitude, and a deeper conviction that we have been guided by the hand of Providence. WILLIAM POLLARD.

SALT SPRING AND MAPLE BAY.

This place is purely Mission ground, and is likely to remain such for some years to come. During the past ecclesiastical year, your Missionary has experienced many things to discourage him in his work. The difficulties arising from the position of the work and the state of the leading trails have been great in the past, but have considerably lessened during the year. The various settlements on the Mission are being connected by good substantial trunk roads, which, in a measure, facilitate the labour of your Missionary. God has been with us; and proved to be a very present help in time of need. We have been encouraged in our work, by seeing a few brought to Christ, and added to the Church, and others enquiring the way. There are now good indications of a gracious revival of true piety on this Mission. May the Lord quicken the seed already sown, and may Christ triumph over infidelity and scepticism.

During the past year, a small parsonage has been erected, at a cost of one hundred and eighty dollars. It is free of debt, and contains a sitting-room, study, and bedroom. This building will answer as a kitchen to the main body of the parsonage, which may be erected in the future. Financially, our people have done nobly. They have met all demands, and are willing to contribute of their means, as God has prospered them. Membership, 15. WILLIAM B. SEXSMITH.

NANAIMO.

Nanaimo expresses its thanksgiving to Almighty God for the blessing of another year. As a whole, the ordinances of God's house have been to us "Seasons of grace and sweet delight." During the year that is past, Maple Bay and Salt Spring Island have been detached and placed under the zealous and faithful superintendence of the Rev. W. V. Sexsmith, which will account for our seemingly diminished numbers in return of membership.

In financial matters, as compared with the past, we are thankful to report unexampled prosperity. We have been a Circuit, and all claims have been met, without any spasmodic effort, or circulation of extra subscription list. The Sabbath collections and class returns showed a steady advancement quarter by quarter, thus reaping the fruits of the healthful, and helpful influence of being out of debt. But Nanaimo being self-sustaining for this year, should not be taken as a precedent for coming years, should a family be stationed there.

We are pleased to report a deepened spirit of Missionary zeal. The anniversary conducted by our beloved chairman, was a gracious and successful time, and the financial returns show a fourfold increase, as compared with four years ago.

Our Sabbath-school is one of the largest in the province, and is most efficiently worked, and bears all its working expenses. A Missionary address was this year delivered to the children, on the afternoon of our Sabbath Missionary services, and a collection of \$6.30 as

the result. This Circuit is in great need of a second minister. Population and commerce greatly on the increase, and four coal mines in operation, as compared with one when this Mission was established.

INDIAN WORK.

This has been a rather broken year in our operations. The absence of Rev. T. Crosby for the past six months has taken from us your faithful agent, Amos Cushon, for the whole of that period. But I am happy to hear that Bro. Cushon, if lost to us for that period, has efficiently sustained Bro. Crosby's Mission on the Frazer River.

Your school teacher, Chas. Tate, has turned out to be a thorough Missionary. When I consider at what an early age he became employed by you, (he is now only 21), and mark his diligence in learning Indian languages, his zeal, and labors as a local preacher and class leader among the Indians, and this in addition to his daily duties as an Indian school teacher, and all done with such unobtrusive readiness to serve God and his church, I am thankful to the Giver of Missions and Missionaries that such youthful zeal and self-sacrifice are found among us. And forgive me when I utter the decided opinion that in this expensive country an addition should be made to his salary.

Our proximity to the mines, and the numerous ships and steam-boats entering this port expose our Indian work to the white man's vices, and frequently give us much trouble and anxiety. But Nanaimo, that blest our church with David Salasselton and Amos Cushon, has some devoted Indians yet in this camp, and one of them is now nearly home, dying of consumption, but sweetly happy in the love of God.

THOS. DERRICK.

NEW WESTMINSTER AND LOWER FRASER RIVER.

In the providence of God we see the end of another year, calling for a statement of the work which, according to custom, is expected.

"To communicate forget not," but *how* to communicate the facts connected with a Mission lying so far from the seat of our Conference and the members under its care, is more than difficult, however desirable and important.

The work of keeping up congregations on a Mission so large as this, with widely scattered settlers, of eight appointments, involving travel of the rougher sort, on land and water, of some three thousand miles yearly, can only be understood by actual experience. It is a Shibboleth hard to pronounce, and may show the side one is battling for. It partakes of pioneer work and demands warrior will, devotional faith and godly enterprise.

If the progress of the church has been apparently slow, it has not been without conversions both among the whites and Indians. During the year twenty-six persons were received. Three years ago there were thirty-one members and one church, now there are sixty-four members and four churches with a new parsonage; plans are out with

A temperance pledge in the Sunday-school, disallowing among its members the use of tobacco and intoxicating drinks, is doing good and echoes the mind of the church here.

The appointment of Bro. James Turner, by last Conference, to this field as colleague, has added strength and efficiency.

All the finances are in advance of last year.

The Quarterly Board approves of the amended terms of division, union and federation, and believes in the wisdom of our triennial law of itinerancy, and that this circuit had better remain undivided for another year.

SUMAS AND CHILLIWHACK.

This field of Mission toil, like all others, has its lights and shadows, but, thank God, the light predominates.

While on the one hand, we have but small and scattered congregations, and could wish for a more diligent attendance upon the social means of grace, and, in some instances, a better appreciation of the Word preached, yet, on the other hand, we have incidents more cheering to report.

We might enumerate these among others: The gradual and healthy growth of our membership, the increase of last year being followed by a larger one this; the encouraging advance of one hundred dollars in our circuit income, as was the case last year, besides an increased support of connexional funds; an extension of our borders in the Chilliwack portion of our Mission, where an eligible site for a new Church has been given, the donor being a brother converted to God upon this Mission last year; the improvement of the Church edifice in the centre last summer, the cost, which was considerable, being defrayed by special subscriptions; the annual camp-meeting in June, which was a time of holy convocation and a blessed impetus to our work; the timely and helpful encouragement received by accessions from other circuits; then last, but not least, the invaluable aid of two or three local brethren, whose work in the pulpit has accomplished what would otherwise have required the services of another Missionary. The office of a local preacher on this Mission is no sinecure but means business for Christ. The reward of our brethren is on high!

INDIAN WORK.

Since brother Crosby left in September, this branch of our work has been mostly under Brother Cushon's care. Considerable disadvantage in point of travel, renders it difficult for Brother C. to prosecute his work. He has done his best, however, and his ministrations, visits, and general intercourse among his people have been appreciated and blest; although no special movement has been noticed among them.

Our impression is that a resident white Missionary, or agent of some kind is needed at once, to prevent us losing the ground already occupied, and to carry on effectively the work of consolidation and aggression among the native population. This too, is the strongly expressed opinion of our official brethren on this Mission.

The foes of truth are busy, and we need agencies equally as active and able to pull up the tares and sow the wheat.

In closing this review of a year's work, and remembering a year's mercies and grace, we raise our grateful Ebenezer and glad Hallelujah; while our determination for the future is: "In the name of our God we will set up our banner."

CORNELIUS BRYANT.

CARIBOO.

I wish to give you a brief view of the state of things on this Mission. Our population cannot be one-fourth what it was when I came here two and-a-half years ago. At first I had preaching stately at four places outside of Barkerville. These are all now deserted except Lightning, which, on account of recent successes in the mines has become our principal appointment.

We have now regular preaching every Sabbath at Lightning in the morning, and at Barkerville in the evening. At Lightning we hold service in the Cambrian Hall, the property of the Welsh people, who moved their hall from Barkerville last December. Previous to that time we held fortnightly service in the private house of Mr. Duncan McDonald, who kindly granted us the use of it. Since we have removed to the hall our congregations have much increased.

The travelling involved in preaching at Lightning ever Sabbath is considerable. The fare is \$3 for the round trip, and on that account my travelling expenses would much exceed my estimate, were it not that I have been able to secure private conveyance for a good deal of the time at the bare cost of feed which reduces the expense to less than one-half. I may not be able to continue this arrangement long but will do so as long as possible.

I think it very fortunate that, notwithstanding the extraordinary decrease in the population, we will exceed the \$700 which we somewhat doubtfully proposed as an estimate for the present year.

The rush to Cassiar promises still farther to reduce the population of Cariboo. On account of the fluctuations to which the miners' lot is subjected, it becomes impossible with any degree of assurance to predict the amount that may be raised within a given time. Again, the road between Barkerville and Lightning is the worst in the whole country, and in winter travel over it is often an utter impossibility. I have walked over it several times, returning from my appointment so as to preach in Barkerville, when it was impossible for sleigh and horses to get over it. But 12 miles of walk, with snow to the knees, is very heavy work. At such times one feels the advantage of a good constitution.

We held special services here for three weeks before Christmas. The weather was unfavourable and the attendance small. We do not report any increase of membership. Several persons seem to be drawn nearer to us, but have not connected themselves with us. In their conversion to God how greatly would we rejoice. Oh that they may be saved. Pray for us.

Our church and parsonage property has been improved to the amount of \$1000. Since I came here, with a view to liquidating the debt on these improvements, I delivered a lecture in our church, a week ago last evening, which realized \$82.00, leaving a balance of debt of \$200.00, which I hope to see all cleared before I leave.

On the whole, our hopes in coming here have been far from being realized. Many things have been against us. It is true we are enabled to rejoice in the quickened life of our membership, and in the knowledge of the impressions for good that have in multitudes of instances been produced, through the blessing of God upon the preaching of the Word. But it was our prayer and supreme desire that many souls might be converted to God. We regard no results, other than spiritual ones, as constituting success, and we deplore greatly the absence of more evident results. Yet, we would not lose heart, nor hope, nor faith, but would pray that all these may be increased to rise to the measure of God's will, that that will may be accomplished. Meanwhile, we labour on, in the morning sowing the seed, and in the evening withholding not our hand—trusting that, at least, at evening time it shall be light.

JOSEPH HALL.

INDIAN TRIBES.

A word from this extensive field of labour. The year now closed has been one of great blessing, as well as patient toil. It commenced with a revival among the northern Indians in the Victoria Sabbath-school, which led many of them to attend the June camp-meeting, held at Chilliwack, where many more were brought to the light, and others more fully confirmed in the right way.

My time was mostly spent on the Sumas and Chilliwack to the date of my leaving for Ontario, with the exception of two visits to the coast of V. I. Notwithstanding the evil influence of the wicked white man and his whiskey, as also the influence of Paganism, and the semi-heathen influence of Popery, we have steadily increased in numbers. The truth is having a saving effect on the minds of the people, which is seen in the opening up of new fields among these once degraded people.

Several of those converted to God in Victoria went home to the North, and told their people what great things the Lord had done for them. The Macedonian cry, "Come over and help us," comes from Fort Simpson, where I am recommended by the District Meeting to go and start a new Mission. Believing that the hand of God is in it, and that the Church will sustain us in that far off field, I gladly go.

THOMAS CROSBY.

FORT SIMPSON.

THE Mission at Fort Simpson has commenced very favorably, the people expressing the most exuberant joy at the prospect of having a missionary residing in their midst, demonstrated as to its sincerity by subscribing \$560 toward the building of a sanctuary.

 JAPAN.

Yokohama..... George Cochran.
 Shidzuoka Davidson Macdonald, M.D.

JAPAN can never again be closed against Christianity. The spirit of freedom is abroad throughout the land, and the day has dawned in which the glad Gospel of salvation—which has the right of way to every man's heart—shall no longer be fettered in its course. Already the light of a new morning is on the tops of the mountains, and when those who oppose it shall sleep in dust and darkness, it shall still go on increasing to the perfect day, lifting the shadows from the face of this fair land, "where every prospect pleases, and only man is vile."

 BAPTISM OF TWO JAPANESE.

The Rev. George Cochran, in a recent letter, says:—

You will rejoice with us, that by the blessing of God we have already seen fruit of our labors. Two young men have embraced the truth, and been baptized into the fellowship of the Church. The following brief sketch of their history will no doubt be acceptable to you:—

The eldest is my teacher, with whom I am now studying the language. His name is Ekichiro Makino. He came to me the beginning of last January, and has lived in my house since that time. Being of the Samuori class, he received a good education; he was put to school at the early age of five years, and continued to study Japanese and Chinese until he was nineteen. He is now twenty-five years of age—a strong, healthy man, and in size considerably above the average of his countrymen. On coming to me he expressed a strong desire to read the Bible and understand the Christian religion. This desire appeared to grow day by day—especially as he began to read the New Testament with me. At present we have only three Gospels in the Japanese language; but Makino was not restricted to

these. Being him in that l Doctrines of C Mission Press ally his mind c with his whole tion with the n he attended n English langu difficult to cor stand each otl communication me he hoped t ledge of the l satisfied that a I would be w Christian bapti

these. Being a good Chinese scholar, the whole Bible was open to him in that language, and also several books on the Evidences and Doctrines of Christianity, which I procured for him from the Chinese Mission Press at Shanghai. These he read with avidity, and gradually his mind opened to the light, and he appeared to grasp the truth with his whole heart. His enquiries were assisted also by communication with the members of the native church, whose religious services he attended regularly. He had no knowledge whatever of the English language, and, as I knew little of Japanese, it was for a time difficult to converse with him. But, by and by, we began to understand each other a little, and as the improvement in our means of communication went on, he expressed his desire for baptism, and told me he hoped to devote his life to the work of propagating the knowledge of the love of Christ among his fellow countrymen. I felt satisfied that a work of grace had been wrought in his heart, and that I would be warranted in admitting him soon to the ordinance of Christian baptism.

The other young man is named Kiyohiko Yastomi. He is also a Samuiri, and well-educated. He came to us a little over five months ago; first as a servant, but after two months he gave his whole time to the study of English. Having learned to read and write a little before coming to us, he improved rapidly, and soon began to speak English very intelligibly. We gave him a small room at the top of the front stairs, and he acted as porter, waiting on the door when visitors came, and as interpreter in the family. Morning and evening he read the English Bible with us at family worship, and seemed to feel the importance of the service. One day our little Maud, who is now six years of age, and likes to talk with the servants, came to him, and said very earnestly, "Yastomi, do you know you have been making a great mistake; you think your Japanese god can hear you; but you make a great mistake,—he can't even see you. It is the English God that has taken care of you all the time." He looked at her very earnestly, made a polite bow, and replied,—“Thank you, Miss Maud; I believe you are right.” Soon after he began to speak freely on the subject of religion, and to avow his belief in the truth of Christianity; and in one conversation he declared his purpose in these words,—“I will be a Christian wherever I go.” One evening after I had given him some instruction in Christian doctrine, he retired but came back, and opening the study door suddenly, said, with emotion,—“Sir, could you give baptism any time?” This was the first intimation he gave of his desire to make a public profession of his faith. A day or two before his baptism, while going over the subjects of Christian faith and practice with him catechetically, to make sure that he understood what he was doing, he gave the fullest satisfaction, that he had intelligently weighed the matter and was aware of the responsibility he was about to incur. He informed me that Christianity was a subject not altogether new to his thoughts. In his own Province, on the western coast of Nipon, he had studied the systems of Confucius and Mencius, in the original Chinese texts, and had been

told by his teachers that nothing more was needed to inform man fully respecting all his duties. They told him that the teachings of these great sayers were much better than those of Jesus, the founder of Christianity, whose religion was once brought to Japan, but was found to be so vile a system that the rulers had to suppress it, and drive its propagators out of the empire. He resolved, however, on coming to Yokohama to enquire for himself if he could find suitable opportunity. His coming to our house furnished him the means of carrying out this purpose. The result was an intelligent conviction that Confucianism is not a sufficient guide of human life, but is silent altogether on the subjects which most concern mankind, namely, those of sin and a Saviour, and that on these matters Christianity is plain and satisfactory,—hence his hearty acceptance of the truth as it is in Jesus.

The way now seemed fairly open for the admission of these two interesting young men into the fellowship of the Church of Christ; and as Dr. McDonald was about to leave for Shidzuooka, we thought it would be well to have the service before he departed. Accordingly, with the help of our teachers, we translated the Liturgy into the Japanese language, and on Sabbath evening, the 5th of April, the service was held in my house. There were present beside our two families, the Revs. Dr. Maclay and I. H. Correll, of the M. E. Mission; a Christian lady, who has been some time a Missionary in China; and four Japanese, beside the two candidates.

Dr. McDonald opened the service by offering the introductory prayers, and reading the Scripture lesson. I followed with the examination of the candidates, and the administration of the ordinance, —all in Japanese. The sacrament of the Lord's supper was then observed, and was indeed a "Eucharistic feast."

The whole service was impressive and spiritual, and earnest prayer was made that these first-fruits may be followed by an abundant harvest.

We have had a good deal to encourage us in our work during the past year, notwithstanding many adverse influences. The means of grace have been well attended, and have been seasons of refreshing. Our camp-meeting was a successful one, about twenty professed religion, and the church was greatly revived. Four have died happy in God—James Tahwah, a member for over forty years, lived and died well. George King, who sustained the offices of chief local preacher, class-leader, and interpreter, was a good man. We miss him very much. As he was dying, he clapped his hands and exclaimed, "Come, Lord Jesus, come quickly." Rachel Sawyer, was a good, industrious woman. Sarah Henry (mother of the late Rev. Peter Jones), was one of the first converts, was a member forty-nine years, lived well, was over one hundred years of age; and when the last moment came, she clasped her hands, raised them up, and, as she looked upward, passed triumphantly home. Christian Indians die well.

During the year 18 have been received on trial, but we have lost 30 by removals, deaths, &c.; so that we report a decrease of 12—4 Whites and 8 Indians. Members—Whites, 8; Indians (on trial), 4; Members, 58. Total, 70.

GRAND RIVER.

On this old Indian Mission Wesleyan Methodism still lives; and, by the blessing of God upon the labors of the present Missionary, as in the past, the gospel of Christ is still the power of God unto salvation. We have not had that spiritual prosperity so much to be desired, and for which we are laboring; still we have not labored in vain. During the year we have made some efforts to repair the Mission Church; or, rather, to raise some money for this object. We wish first to secure

the money, or a portion of it, then repair the church. On this Mission we have two Sabbath-schools—one is a new school, where there never was one before, opened the past year. Through the kindness of Dr. Wood, we have secured two copies of the Ten Commandments, on rollers, and two dozen No. 1. Catechisms, for the Sabbath-Schools. These are highly prized by the children. Our two Day-schools are doing well. Members in Society—Whites, 4; Indians, 69. Total, 73. Increase, 7. Deaths during the year, 3. E. HURLBURT.

MUNCEY.

I am glad to say that the religious services have been kept up in the three places of worship. The Indians have attended regularly, except a short season during the prevalence of an epidemic disease.

Some have died, having peace with God through our Lord Jesus Christ. During the sickness, others, who were not members of our church, were much concerned about their souls and showed much desire to obtain peace with God, and I had hope in their death. Pastoral visitation is much appreciated. I am sorry to say that I have not attended to this duty as much as I would liked to have done.

A few have been added to the church during the year, but on account of deaths and removals the membership is about the same as last year.

We were obliged to discontinue one of the Sabbath-schools. In the other, the children have made some progress. ALLEN SALT.

ONEIDA.

Reviewing the work of God on this Mission for the year now closing, we gratefully acknowledge the hand of the Lord in guiding and directing the work committed to our care.

At our "Four-days' Meeting," held last November, an awakening influence appeared and has continued. Fifty-seven members have been added to the church. Some, who several years ago left our church and went with other denominations, have seen their error and returned, fully convinced that Methodism is better adapted to cultivate and promote holiness, and has done more for the Indians than any other branch of the Christian Church. Indians, 82; Whites, 8. Total 90.

On the former island the congregations are large and very attentive; but there seems to be a hanging back from class-meeting. There is a cause for this—so much moving and camping-out.

On the latter island the work is more encouraging, fifteen have been added to the church during the year. The people here are all alive. They have a good Sabbath-school, but feel the want of a S. S. library; an effort will be made to procure a library for the school as soon as possible. They have a temperance division organized on this Island, with a membership of over fifty. This temperance society is doing good among the Indians.

W. M. TORRANCE.

RAMA.

The old means of obtaining a livelihood having failed, the Indians are now obliged to scatter through the settlements in order to provide for their families the necessaries of life; this is a great barrier to the prosecution of our work.

We have buried during the year six children and three adults, two of whom were members of our church. Widow Joseph Sandy died December 26th, in great peace; she assured us with words as long as she could utter them, and then with eyes and hands uplifted showed that hers was a holy triumph over death, through her Redeemer. Thomas Shilling was an old man, and very feeble for some years; he passed away at the home of his daughter at Snake Island.

Our missionary anniversary was a season of more than usual interest, on account of the visit of Bro. Crosby, from the Indian tribes of British Columbia, and the people subscribed well to that fund.

The means of grace have been well attended by those who have been at home—our quarterly meetings especially have been seasons of great spiritual interest—and the classes have been much appreciated by many of our people. The Sabbath and Day-schools have been kept in operation. The temperance organization is doing a good work. May it prove a permanent benefit.

That there are discouragements in this work no one will doubt; but I feel that I cannot close my report in more fitting language than that addressed to me by an English gentleman who visited this Mission twice during this year, and had taken the pains to inform himself of its operation, he being a member of the Church of England, "the work in which you are engaged ought to command the active sympathy of every Protestant Christian, no matter of what denomination." And with these kind words came a ten-dollar bill to aid the work.

ALDERVILLE.

The Indian work on this Mission is more encouraging. During the year a number of temperance addresses have been delivered; these, we trust, have had a happy effect, for, of late, cases of dissipation have not been so common. The consequence is, the means of grace have been well attended and good has been effected.

The Indian needs the gospel; to him it is a heavenly boon. It brings light and peace and salvation, as well as all needful blessings. During the year, as usual, special services have been held. Some experienced good and rejoiced in the Lord. A sickness prevails in this band—there are only a few that are really healthy persons; some have been committed to the silent tomb, and others are lingering, expecting to die. Bro. John Sunday, sen., still preaches occasionally to his people the word of life. The Indian Sabbath-school, under the superintendence of John Sunday, jun., aided by an efficient staff of teachers, is a decided success. The Day-school too, in the hands of Miss Barrett, was never more flourishing than at present. We gratefully record the fact, that in the winter, the Upper Canada Bible Society generously made us a grant of three dozen Bibles (nonpareil, 16mo.) for the use of our Indian Sabbath-school. Members on this Mission—Indians, 36; Whites, 12.

HIAWATHA.

The year just closed has been one of varied experience; sometimes we have been led to indulge in hope, at other times in fear. During the five years of our residence on this Mission, it has been visited with much sickness and many deaths. Four of our number have been called away since my last report; three of whom were quite young men, and the other in the prime of life, leaving a widow and a young family to the care of Providence. These have all died, we trust and believe, in the faith of the Lord Jesus Christ. The scenes of suffering and poverty, caused by so much sickness and so many deaths, is a sore pressure upon the sympathies and resources of the Mission family. Since coming here, I have committed to the grave the remains of no less than forty-five, the greater number of whom were young in years. We have, however, something to encourage us amidst all this suffering. Far less drunkenness and dissipation than heretofore has marked the past year; and, although we have suffered loss by several removals, our numbers are a little in advance of last year.

I am sorry to say that my dear wife's health has been very much broken, and her sufferings have been very great, confining her for the greater part of the time to the house; but, notwithstanding, her loving efforts for the spiritual welfare of this Mission, and especially the young people and children, have been incessant, and we are certain not without considerable success.

Our Day and Sabbath-schools have been continued, with few interruptions, during the year; and although the attendance has not

MUD LAKE.

Our year's labor with the Indians, we trust, has not been in vain. In September, we held a camp-meeting at Indian Village, and most blessed were the results. You could have witnessed at that camp-meeting the earnest and united devotions of the White men of our land, the Red men of the forest, and an Ethiopian. While we thus bowed in humility and united our supplications to a throne of grace, God did prove Himself to be no respecter of persons. The whole people were graciously baptized with the Holy Ghost. The Ethiopian, we have every reason to believe, was savingly converted to God; his experience was the most affecting we ever heard; he concluded it by singing, in melting strains, "When I can read my title clear to mansions in the sky," the first hymn he ever learned. About fifty Indians professed conversion and united in church fellowship.

One of that number has since been called away, and we have reason to believe died happy in the Lord; eight have been dropped or expelled; four removed. Present membership, 50.

WILLIAM CRAIG.

ST. CLAIR.

Owing to the death of the Rev. George Goodson, on the eve of the close of the ecclesiastical year, it becomes my duty to give a brief account of the spiritual state of this Mission.

I am pleased to say that the late lamented Missionary stood high in the estimation of the Indians, to whose spiritual instruction he devoted himself with untiring energy till near his death.

The membership is about as last year. The missionary receipts, in consequence of Mr. Goodson's death, cannot be made so full as they would have been had he been alive and able to look after the collectors. The total amount is \$42 60.

The want of a Mission-house will be felt very much for a time, and the time of the Missionary will be a good deal occupied in superintending the erection of the new one.

When this is done, and the residence of the Missionary made permanent amongst the people, we may hope to see our cause moving on prosperously amongst this interesting band of Indians.

FRANCIS BERRY, *Chairman.*

WALPOLE ISLAND.

This I think, with proper attention and care, would be one of our best Indian Missions; but to make it such it must have a resident Missionary.

If a good practical man could live on or near the Island, and give his whole time to it, the Mission would improve fifty per cent. in one year.

There are many difficulties working it with white work, and especially with a large field like Sombra Mission. After doing all we could for them they have been neglected to some extent. We report a small increase in members. Total, 78. JAMES H. STONEHOUSE.

SAUGREEN.

At the close of another year of missionary toil, we would devoutly present our ascriptions of praise to the Great Head of the Church for renewed health and all other blessings vouchsafed to us. We have endeavoured to advance the cause of Christ by special as well as by the ordinary means. During the fall, prayer-meetings were held from house to house, for several weeks, in the village, which were both interesting and profitable. In the winter, special efforts were put forth at French Bay, where a few professed to receive good. We regret to see such apathy among the young people, many of whom appear quite regardless of those things pertaining to their spiritual interests. There has been an unusual number of deaths in this band during the year, among whom were several members of the church. The Sabbath and Day-schools have been kept as regularly as possible, and a new school-house has been erected, which will conduce to the comfort of both scholars and teachers. After making allowance for those who have died, removed, and been dropped, we report the Membership 64. GEORGE JACQUES.

CAPE CROCKER.

The year now closing has passed without anything remarkable in its events, either to Mission or the Missionary and his family. The attendance upon public worship has been all the year good; prayer-meetings have been better sustained than heretofore, and we have had some conversions.

When our people remain at home we are hopeful of them; but abroad, temptation and the curse meets them everywhere. In every hamlet and village round our waters they obtain their enemy, the fire-water, at their will. Very few who sell it regard the laws made with the pretence of protecting the Indian. They are a dead letter. The influence arising from this is very demoralizing to the Indians. Have the Indians no friends who will see to these things?

Our Membership is 65—Whites, 2; Indians, 63.

My intercourse with these Indians during the year has given me a very favorable opinion of them. They are very respectable in appearance and dress, and very attentive to the means of grace. I visited the Indians of the above places, with Byng Inlet, last August, and afterwards met nearly all of them at our camp-meeting in September. The Parry Island Indians worship with us at Parry Sound at our quarterly meetings and speak in love-feast.

Bro. Elliott, my Indian Assistant, is rendering efficient service and is being blessed by God in his labors. I will condense his report:—

“My four years’ residence in Parry Sound, as Indian Missionary, has given me opportunity to do good. When we came, there was not a Christian in the Parry Island band; now, by God’s blessing, we report twenty converts from Paganism; and we look hopefully forward to an early period when the whole band will be converted. When we hear the voice of prayer and the hymn of praise ascend to God from places where, a short time ago, we heard only the pagan song, we feel encouraged to labor on. We are sometimes disappointed and discouraged; but the grace of God enables us to overcome.

“During the past year we have tried to do our duty to this people. All the means of grace have been well attended, and God’s gracious presence has been manifested. The increase in membership has been greater than in any former year. We are rejoiced to see the Shawanaga Chief renewing his covenant with God, and it will greatly encourage his band.

“These bands greatly need the benefit of schools amongst them, and we earnestly hope this want will be soon supplied. My prayer is that God may continue to prosper His work here.”

In closing another year’s labors here, we can rejoice in some success and hope for greater things in the future. Our congregations have been on the gradual increase, and our hearers more constant in attendance. Great hopes are entertained that our church work here must be successful. We have taken up several new appointments, the most of which promise well, and calls have come from other places for visits from your Missionary. Truly the field is large and ripe and promises an abundant harvest. Members, 21.

Having formed a temperance society, quite a number were led to join it; this we consider an important movement to protect them from the curse of intemperance. MOUNT ELGIN INDUSTRIAL INSTITUTION.

The work of the year has been steadily prosecuted in the several departments, and generally with satisfactory results. The attendance has been more than ordinarily regular. Marked improvement in conduct has gladdened the hearts of those in charge. The scholars indicate contentedness with the treatment they receive, and we have had no recurrence of the abscondments, which have heretofore been so frequent and painful. The state of health has been unusually good, for which we are inexpressively thankful to our Heavenly Father.

Several of the scholars are meeting in class, and of some we have good hope that their hearts are under gracious influence. We invoke the prayers of the church for an outpouring of the Holy Spirit, and the conversion of the souls of those entrusted to our oversight.

We must again express our regret that the Government continues the low limit of attendants, for whom they make partial provision. The number might be largely augmented without much increased cost to the Society, and with great advantage to the Indians. The earnest desire of the most intelligent of several bands for the rights of citizenship must urge the importance of having the rising Indian generation educated, and brought under more settled and industrious habits than in the past.

In this direction, and in providing for the extensive repairs on the buildings, we hope the movement of the Government will be prompt and effective. The ample funds at the credit of the Indian Department warrant the expectation, both of ourselves and the Indians concerned, that immediate action will be taken to further the interests of an institution so calculated to promote the civilization of that class of our fellow subjects.

HAMILTON.

"THE darkest hour oft precedes the dawn." This old adage has proved true this year as regards the Hamilton German Mission. A year ago, to the outward eye, the Mission seemed to have reached the lowest possible ebb before dying; but God was preparing the way for better days, and those better days have come almost sooner than we expected. A new element and a new spirit have come amongst our people. Young and old are anxiously inquiring the way to Zion; souls are being happily converted to God; and the star of our hope rises again in brightness. Our congregations are increasing in size and regularity of attendance; our Bible-class and prayer-meetings are times of refreshing; and our class-meetings and love-feasts are precious old Methodist Bethels. This is not the passing result of extra effort, but a gradual growth by the use of the ordinary means.

The thirteen members reported last year were reduced, by death and removals, to eight; but now we are gratified to be able to report 17 full members, 11 on trial; total, 28; and the Master is working still.

PRESTON AND PARIS.

It gives us pleasure to report that a better day is dawning on this Mission. Owing to causes, of which it is neither pleasant nor profitable to speak, and the results of which must be lived down, our progress is necessarily slow. We have four comfortable houses of worship, in each of which, with one exception, the meetings are well attended. During the year, the Roseville Church has been repaired, at a cost of \$200, the whole of which is paid. In February, a series of meetings was held in this place, which resulted in nearly a dozen conversions and about as many accessions to the church. There are three Sunday-schools on the Mission. Class and prayer meetings are regularly held and well attended. The last quarterly meetings and love-feasts were times of special refreshing for God's people from the presence of the Lord. We take high ground on the temperance question, enforcing the Discipline—something greatly needed among the Germans, for they do love their beer. In this work, ~~Der Canadianische Evangelist~~ *Der Canadianische Evangelist*, our German paper, has been a most valuable auxiliary. We consider it to be indispensable to the success of our German work in Canada. There is peace in all our borders, but not the peace of the grave. Still our prayers and efforts are that the Lord may continue to revive His work.

RANKIN.

The experience of the past year has been very diversified. Joys and sorrows have filled our cup to overflowing. In labors we were never more abundant, improving every opportunity for usefulness, being instant in season and out of season.

Our congregations are everywhere enlarging. The work of grace is deepening in the hearts of many. We have enjoyed very gracious manifestations of the Holy Spirit in our ordinary services. At one appointment we received eight on trial, chiefly adults; at another two adults, at another three; besides which we received several others, three of whom were at one time Roman Catholics. All of these came like doves to the window seeking admittance, some only after long and painful struggles.

Our uninterrupted travels have prevented us from giving that due pastoral attention which is necessary to consolidate and systematize. Thus church building has also been neglected, one of which is very much needed at the South Algoma appointment. The fact, however, that we now have men to properly supply the work will enable us to overcome these difficulties, and to embrace the favorable opportunities at this time offering themselves for soul saving, which is our greatest desire. Through our combined effort, with the aid of the *Evangelist*, there is a very marked improvement in the general intelligence, especially in the children, many of whom show strong desire to flee from the wrath to come. THE work among the French Catholic population of the Province of Quebec has been prosecuted throughout the year, with varying measures of encouragement in some cases, and with things to try the faith and patience of the laborers in others. Much must necessarily be done ere the mind of the priest-ridden Papalist is led to apprehend that the Word of God is of paramount influence, and should therefore override all church authority and assumption; and that, as the Church of

the Pope has assumed many things that are in contravention of that Word, it should be, by all aware of that fact, at once renounced and forsaken. Many instances have been known of persons whose minds have reached that conclusion, but whose hearts failed them to brave the social and national influences sure to assail them in acting upon it.

Several instances are well known of persons in distinguished positions in the political world, who have referred to these influences as being more than they could at present encounter.

But even when such a step is taken, the consequences of a life of mental and moral thralldom to which, as subjects of the Pope, they had been reared, are oftentimes painfully manifest; while a reaction, from an overstrained subjection to a new, scripturally elevating freedom, is not without fruit of a deleterious nature. Then the priesthood—thoroughly organized, and fully awake to the conflict now waged against their system—were never more active and vigilant to meet the evangelist, and by means, no matter how exceptional, to thwart or neutralize his efforts.

Yet a steadily moving and increasing influence for Christ, in the extension of His kingdom among this people, is visible; and the Missionary labors on in the hope of seeing, ere long, better and brighter days dawn upon his field of evangelistic enterprise. J. BORLAND.

SHERBROOKE.

Sent to Sherbrooke by the last Conference, I entered upon it as comparatively a new field. So far as the Papist is concerned, Sherbrooke is, perhaps, the most bigoted place in Canada. This because there is less light and knowledge, and because they are more perfectly under the surveillance of the priesthood.

It has three Papist and one Ritualistic Priests; while the Protestants are scarcely as much in sympathy with our work as is desirable. Hence the French Missionary feels that he stands pretty much alone.

Although my labors have been extended and considerable, I have little fruit as yet to report. I have preached in Melbourne every fortnight; in Brompton and Upper Magog; part of the time I have held services in Butternut Flats and at the Capel Mines. I have also visited from house to house, sowing the seed of the kingdom as I had opportunity. There are fair prospects that, at no distant day, considerable fruit may be gathered for the Lord. THOS. CHARBONNEL.

ROXTON.

Although I report a large decrease in the membership of this old Mission, yet I am happy to say our cause is prospering at Roxton Pond. Eighty-three dollars have been raised for Missionary purposes, and,

besides, five hundred dollars have been promised towards the erection of a Missionary Educational Institute at the Pond—which school I hope will be granted, for it will be a great boon to our French work. We have a class and quarterly board in good working order, and are very hopeful for the future prosperity of this Mission. After having dropped 24 on account of their inconsistency and unworthiness, and having received two, during the year, I return 26 members.

JOHN SYVRET.

SHEFFORD.

By the blessing of God, I am very thankful to be able to present to the friends of Missions an annual report somewhat encouraging.

I have on this Mission now four preaching appointments; two of them have been taken up during the year, one in North Ely and the other in the village of Waterloo.

At the appointment in North Ely, there is a family, comprising seven persons, and a young man, that have left the Roman Catholic during the year; and there are several other families of whom I am very hopeful.

The Waterloo appointment is yet very small, but in a fair way of progress. We hold our meetings at present in the house of one of the converts; but Bro. Hagar has kindly offered us the use of his church in the village.

I have made several visits during the year at Roxton Falls Village, where there are a few souls who love the truth. I have also distributed a goodly number of Bibles, Testaments, and tracts.

Present membership, 10; on trial, 11; total, 21. Increase, 5.

LACOLLE.

I have not much to report on this Mission of a very hopeful character; yet the Lord has not allowed me to labor in vain. Sometimes hope brightens, and then again it looks as though it were blasted.

Opportunities for visiting from house to house I take, and sometimes I am well received, and at other times not so.

In the winter, I was able to visit St. C—, but being taken very ill while there, I was compelled to return home as quickly as possible. This, with other places of similar character, I purpose visiting as soon as practicable.

Notwithstanding the great difficulties we have to meet and overcome in the French work, we are happy to report that this Mission is making some progress. We have a few more members on every appointment.

I have tried during the year, by different ways, to promote the glory of God. Sometimes, by visiting, I have been very thankful to see that my work was not in vain; but at other times I have felt very discouraged, yet never altogether without some hope.

There are many Roman Catholic families who are about persuaded that they are in error; but, for some reason or other, they do not decide to leave the Church of Rome; nevertheless, I hope and pray that they may soon see that it is their duty to believe in, and pray to, Christ only. Some of them occasionally attend our meetings. Our meetings are well attended, and the class-meetings are particularly good. We have had two removals; the present membership is 33; on trial, 2; total, 35. Increase, 5.

LESLIEVILLE.

In entering on this Mission, I was forewarned of two things: the first, that I could find "no place to board" within its bounds; the other, that I would find "nothing to do." But I found both statements croneous. To live within my Mission, I boarded the first seven weeks with a Roman Catholic family; and, with two removals, have kept my ground within it through the year. As to work, I found a section (half town and half country) of about four miles in length and a mile-and-a-half in breadth, accessible to, and requiring Wesleyan ministrations. I had everything to organize, finding only one class-book, with five names thereon; beyond which there was no written record or guide of any kind. There were two churches, one good one, a little more than a mile apart, between which I alternate, for morning or evening service, every Sunday, filling up the opposite service with obliging local preachers from Toronto. I have now three organized classes, embracing thirty members, and a regularly constituted official board. A prayer-meeting is held in each neighborhood, always once a week, and usually

oftener. The people think the congregations much improved, but to me they appear very small. I have preached 137 sermons during the year; made 1,372 visits and calls in my circuit, or out of it in behalf of its interests; attended 123 prayer-meetings; met class 51 times; visited and addressed Sabbath-schools, of which we have two, 26 times; attended temperance meetings about a dozen times; dispensed the Lord's Supper seven times; held four love-feasts; baptized 34 children; married one couple; and buried two corpses.

I dare not specify how hard this ground is to cultivate, for fear of increasing the difficulties. Because it is so near a city, some will pronounce it no proper missionary ground; and more will cavil at the amount of the appropriation. To which I would only say, my field comprises multitudes of careless, though not hostile, professed Protestants, who never attend a place of worship; and all that the few poor contributors have been able to raise toward the Missionary support is two hundred dollars, while the expenses are very great. The connexional funds have been about doubled during the year; five hundred and twenty-one dollars have been raised, for all religious purposes, on the Mission this year.

An effort is on foot to replace our miserable old chapel at the Don by a decent brick church, which promises to be successful. I have also a project for wiping off the debt on the Leslieville Church. But what is most needed is an outpouring of God's Spirit all over the Mission; which I pray God in mercy to send.

JOHN CARROLL.

ALTON.

After deducting for deaths, removals, droppings, &c., we report a decrease of four in the membership; although we have received ten into society during the year. When we arrived on this Mission there was no parsonage; but during the year a comfortable parsonage, out-buildings, &c., together with an acre and one-fifth of land, have been purchased, on which has been paid \$150; also a subscription of \$100 is held, payable in January next; all raised during the year. According to their means, which are very limited, the people have done nobly in supporting their minister and the funds of the church. We have had several conversions during the year. To God be all the praise.

NIAGARA.

WE found matters generally, on this old field of labor, on a small scale, and they cannot at the close of the year be said to have been greatly enlarged. Yet we are thankful to be able to report some improvement. A few souls have, from the first, given evidence of true spiritual life, by the earnest desires, expressed in various ways, for the outpouring of the Holy Spirit; hence the various means of grace have been seasons of quickening and of great blessedness.

We cannot boast of large congregations in the town, but there has been some decided improvement. At the two outlying appointments the congregations have been good; and, at all, decidedly attentive.

While the removals to other Circuits exceed the receptions, we rejoice that the means have been effectual in the awakening and salvation of some; and also in the indulgence of a hope, that as there has been sowing, there will be further reaping.

In some respects there has been considerable encouragement in the Sabbath-school work.

It is well known that in the Town of Niagara our fifty years' old delapidated church was, four years since, vacated, and the beautiful brick church of the late Presbyterian congregation rented. The cost of this edifice is said to have been,—twenty years since,—\$6,000, but we have succeeded in purchasing it for the small sum of \$1,500. Small as it is, however, we must depend largely on connexional aid, for its payment; for such is the numerical and financial weakness of our membership, not more than \$600 can be raised here. CHARLES SILVESTER.

DUNNVILLE.

The past year has been one of peace, and has not been altogether without signs of the Divine blessing in the awakening of sinners.

A financial depression, together with the removal of several members and friends of our cause, have made it very difficult to this kind hearted people to meet the claims of the work. Yet noble efforts—considering their circumstances—have been made.

A weekly system of contribution has been initiated during the year, which has already proved itself satisfactory, and if faithfully carried on in the future, will probably, after a time, bring up the

regular Circuit income, and give less cause for the special and precarious methods which our friends have availed themselves of in the past.

A larger share of revival fire, and a fuller appreciation of the value of our special means of grace, are greatly needed in our Church in Dunnville.

With such a quickening in the membership, greater blessings would follow the preaching of the word in the conversion of sinners. Members, 89. JAMES WHITING.

UNION special services, in which the New Connexion Methodists joined us, were held in Waterford, and resulted in good.

The year has been remarkable for the inroads death has made among us. Its victims have not been so numerous as they have been exceptional for their character. Several of our leading official members have been thus removed. Particular mention deserves to be made of the late D. W. Freeman, Esq., whose leading position in the community, combined with his ardent attachment to Wesleyan Methodism, and, above all, to Christ, made him one of the chief supports of the Mission. His removal will long be felt. Much as there may be to discourage, this encourages: "I am with you always." We report a membership of 93 in full standing, with 3 on trial.

This Mission was constituted last year by separating St. David's Ward from the town of St. Thomas. This part of the town has of late grown rapidly, and now embraces a population of about 1,700. When the Mission was first formed, Sabbath services were held in the waiting-rooms of the Canada Southern and Great Western Railway Stations. From these services, however, very little benefit could reasonably be expected; hence the building of a new church was inaugurated. Activities commenced in September, and in January a white brick gothic church, 50 feet by 32 feet, was dedicated by the President. The edifice is neat, finely situated, well furnished, accommodates 250 persons, and is worth \$4000.

Since the dedication of the church, a constantly-increasing congregation has been gathered. A Sabbath-school of about one hundred members has been established, two classes have been formed, a Wednesday evening prayer-meeting sustained, and the membership increased from 10 to 33.

TYRCONNELL.

The Mission is in a healthy state, and although we have to bear a very large deficiency, all our funds are in advance of last year. This speaks well for the Mission, when we consider the very hard times brought on by the railway failure, or money panic, which put a stop to the wood and lumber business, upon which this part greatly depends. After the various changes of the year, such as removals, &c., the membership is 102. To the Head of the Church be all praise.

PORT ROWAN.

There is great room for Christian work, and the breaking up even of fallow ground. Seven years ago, this Mission, consisting of two appointments from St. William's Circuit, contained 23 members: the number returned this year is 80, being a net increase on the former year of 14. The congregations are mostly encouraging, and comprise about 350 hearers.

Property for parsonage purposes has been secured at Port Rowan, on which the sum of \$107 has been paid. Efforts have been made to erect a parsonage, and thus effect a saving of \$84 rent. The straitness of the times has necessitated the postponement of the project for a few months at least.

The membership of this Mission is mostly poor, and the refusal of the Missionary Committee to grant all the aid sought, and really needed, to meet the minister's just claims, has been seriously embarrassing. Though the people have mostly done what they could, and, notwithstanding the financial pressure, felt especially in this lumbering region, have raised more than they did last year, yet your missionary is left with a deficiency, such as he never before experienced. THE presence and power of God have been experienced on this Mission during the past year. Sinners have been converted and believers strengthened. One special service and the ordinary means of grace have been instrumental in adding quite a number to the Church, and all hearts have rejoiced in the steadfastness of the older members.

The new brick parsonage, completed last fall and occupied during the winter, is very comfortable. The total cost is about \$1,250; debt, \$350,—the most of which is covered by subscriptions.

On account of new work falling into our hands, Moraviantown cannot longer be supplied by Florence. The Mission, however, does not feel able to sustain the whole financial loss such an arrangement will cause, and trust that the Committee will make it up as far as possible. There has been an unusual number of removals during the year, and several of these being pillars in the church, the Mission feels not a little weakened.

The membership is united, spiritually-minded, and looking for a richer baptism of the Holy Spirit. Owing to the large number of removals, there is a slight decrease in the number of members. Total members, 140.

About 30 have been received on trial, 10 from other circuits; but as several have removed to other parts, and many have been dropped, we are compelled to report a small decrease in membership. The most of our collections are in advance of last year. A debt of \$200 has been removed from our church in Dresden, and also one of \$40 from the parsonage.

At the Lindsay Road appointment, a new church has been erected at a cost of more than \$1,000, and we expect to have it dedicated in the latter part of June. We have taken up one new appointment there.

Our increase in membership is six. Money has been very scarce; nevertheless, the various funds have been well sustained. Two thousand dollars have been secured towards a \$4,000 brick church, of which over \$1,000 have already been received in cash. A better place of worship, in a better location than the present one, is much needed in the rapidly growing village of Wallaceburg. The erection of the new sanctuary is to commence immediately. POINT EDWARD.

THIS Mission was formed a year ago, having been detached from Sarnia, and consisted of 48 members. At first there was very little disposition among the three appointments to combine together harmoniously, but the feeling of unity is slowly becoming stronger.

At Point Edward, a new church, costing nearly \$3,000, erected through the efforts of the Rev. F. Berry, had been opened just a short time before the beginning of the year. I found a debt of over

\$1,900 upon it, with a membership of 11 to meet it. During the year, about \$450 on the debt have been paid, besides over \$40 have been raised for Sabbath-school purposes. Railroad Sunday labor is one great drawback to church advancement here.

At London Road appointment, a new church has been erected, costing about \$1,400, nearly \$500 of which have been paid upon it.

The congregation at the third appointment is gradually increasing.

Present membership: On trial, 14; full, 48; total, 62; leaving an increase of 14, after deducting 12 on account of removals and exercise of Discipline.

J. S. ROSS.

Comprises four White and two Indian appointments. Among the whites the year has been one of unusual prosperity. Nineteen weeks were devoted to special revival effort. Fully 80 conversions reported, one of whom has since died triumphantly. The Sabbath-school shared largely in the benefits of the revival, and is in a most flourishing condition.

The Indian work, spiritually, is encouraging. A discouraging feature appears in the smallness of the tribe, they being nearly deprived of the services of a resident missionary. Present total membership, 181; increase, 60.

OIL SPRINGS.

Your Missionary begs to report that he has endeavored earnestly and faithfully to discharge his duties on this Mission during the past year, though the work has not been characterized by that progress which his anxiety, and labors, and prayers, had led him to expect. Father Carroll's words are applicable to us here: "We have such disheartening kinds of obstacles (which it will do no good to disclose) that render divine influence and power specially needed." Still we are thankful that we have had the glorious privilege of "holding forth the Word of Life" to large congregations; and to a few of our hearers the Word has proved "the power of God unto salvation."

While some of the members have shown signs of spiritual growth, yet others have given us but little satisfaction, and of many we stand in doubt. We have lost by removals, 7; and dropped, 13. Present membership, 42; baptisms, 23.

WYOMING.

Our Mission has suffered very materially from deaths and removals. A slight decrease of membership is the result. Yet, on the whole, we have cause for deep gratitude, inasmuch as in other respects we are able to report progress. Notwithstanding the serious depression of business consequent on the failure of the oil trade, we have continued to prosper. The contributions have been unusually large, and attendance on public worship very good. Our societies generally seem to be in a healthy condition. Droppings of a shower experienced during the year lead us, with some degree of hopefulness, to anticipate a general outpouring of the Spirit on this Mission. We report 153 members, and one on trial.

In pursuing the labors of the year on this Mission, attendant difficulties and opposing influences have been encountered. Yet we have not been left destitute of sources of comfort and encouragement in our work.

We have endeavored to establish and re-organize Sunday-schools wherever practicable, which, we trust, will tend to the religious improvement of the youth. Though our spiritual success and prosperity have not been so great as we desired, yet we humbly hope that "our labors have not been in vain in the Lord," and that the seed sown will germinate to be harvested in eternity. SOMBRA.

We feel thankful to God for his mercy during another year. We are able to report some advance, notwithstanding our many difficulties. A house and lot has been purchased for a parsonage in the village of Sombra, a stable erected and paid for, and \$400 paid on the parsonage property.

The Mission has raised money for all purposes, including church improvement, \$1,158. There are four churches here, two of which have been finished for some years, and this year improved; the other two are hastening to completion. Members, 110.

CONSIDERING the adverse elements we meet with here, the past year has been a successful one. A few members have been added; but, after making up for removals, deaths, and dropped, we only report the same as last year, 50. W. JOHNSTON.

GARAFRAXA AND LUTHER.

When I came to this mission, after last Conference, we had no church in Luther Village. We were then obliged to worship, in common with other denominations, in a house occupied for the time being as a school-house; but now we are happy to state that we have a handsome and commodious sanctuary, neatly pewed, and well heated. It was formally opened and dedicated to the worship of God on the 14th of December. We had a tea-meeting on the following Monday, and that again was followed in quick succession by several "socials." All these gatherings were financially far beyond the expectation of our most sanguine friends. Our people have given very liberally to this enterprise, yet there remains a debt of \$200 still unprovided for.

We held a protracted meeting in Douglas, at the close of which eight members were added to the church, and, as is generally the case, several others were stimulated to greater diligence and zeal in His cause.

We organized a new Sabbath-school, which gives great promise of future success.

Of our members, 1 died; 6 moved away; 7 were dropped. Present membership: On trial, 11; in full, 146; increase, 3.

GALT.

The Lord has greatly blessed our labors in this field of toil during the past three years. We leave the parsonage comfortably furnished, and the new church, worth at least \$6,000, equal to out of debt. This consummation has been reached through the kindness of many friends, to whom we are greatly obliged. The congregation is constantly increasing, while the Sunday-school, under faithful management, is well sustained. Peace prevails. But our "crown of rejoicing" is, that many who were in darkness are now "light in the Lord." Though the per centage of removals has been excessive this year, we report a membership of 77.

JOHN B. CLARKSON.

BERLIN.

At the close of our first year on this old Mission we find ourselves without anything very special to report. We have, however, tried to labor faithfully and zealously in sowing the good seed of the Gospel, and our labor has not been altogether in vain, for we have been encouraged by a measure of increase, which the Lord hath given. Some of the congregations have been steadily increasing, and during the year we have received into the church 74 on trial, which, after filling up for 18 removals, 4 deaths, and 8 dropped, leaves a net increase of 50. At the present time the classes are nearly all well attended, and in a healthy state. Our congregations are attentive, and there are some seeking the Lord. Present membership, 230.

Special services held at Arthur, Teviotdale, and Clifford, were owned and blessed by God in the conversion of souls and the building up of believers in their most holy faith.

The contract for our new church has been let, and the builders are at work. Through the wise council of the Chairman of the District, and John Macdonald, Esq., of Toronto, when the cornerstone was laid, the Building Committee concluded to make the church 38 by 67.

Also a contract has been let for a new frame church in Palmerston 36 by 52, which is to be completed this summer. Finances are in advance of last year. Members, 150; on trial, 22; total, 172.

Domestic affliction and other untoward circumstances have prevented us from holding special services to any considerable extent, and as a large number of our members have removed during the year we have to report a small decrease. ARTHUR.

Notwithstanding many obstacles, a degree of progress has been made, which, if faithfully followed up, will place the mission in a much better position.

A new appointment has been opened in the township of Luther, and a class has been organized, consisting of sixteen members.

A new church is in the course of erection at this place. Our Sabbath-school is doing well.

At the other appointments we have very pleasing signs of increased piety and liberality. Membership, 89. R. PHILLIPS.

MOUNT FOREST.

We have now labored with this people for three years, during which we have enjoyed continuous peace and some degree of prosperity. Two new churches have been opened, and at two other appointments we are preparing to build. Three new appointments have been taken up and continued. The congregations generally are good.

The Quarterly Official Meeting have unanimously recommended a division of the Mission. Mount Forest, with several appointments, to become a dependant circuit; and Holstein, with some comparatively new work, to form a new Mission. Members, 215. THOS. COBB.

WELLESLEY.

At two of our appointments special religious services have been held, which resulted in several conversions. The weekly prayer-meetings have since then been largely attended.

Our congregations are good; and the classes, of which there are six, are generally well attended. We have lost during the year, by death, three; by removal, eleven; and one has been dropped.

Notwithstanding these losses we are able, by the blessing of God, to report a small increase. The connexional funds have been well sustained, and the missionary contributions are in advance.

Though not marked by any extensive ingathering of souls, the year has not been without its causes for gratitude and encouragement. A few have been brought to God. The spirituality of the church is at least not declining. The attendance upon public worship is increasing, especially in the village, where it has been deemed necessary to make a considerable addition to the church. The financial interests of the church, both local and connexional, have all been better sustained than heretofore. The great want is an outpouring of the Spirit of God. Members, 170.

MONCKTON.

This Mission consists of three appointments cut off from Mitchell Circuit last year. In Monckton we preach in the Presbyterian church, thankful for the accommodation. We hope our people will soon make an effort to get a church of their own, as it is very much needed. Signs of improvement in Monckton.

At Wilkinson's we preach in a small dwelling-house, fitted up temporarily for a place of worship. Our congregation here is small, but increasing. The prospect at this appointment is fair.

At Lagon we have a frame church. Congregation generally good, but very scattered.

We commenced with 40 members There have been 2 removed, 5 dropped ; we return 36 members, 10 on trial, total, 46. We think our people on this Mission have done well financially,—treated their minister kindly, and the prospects are encouraging.

TEESWATER.

In prosecuting the work of God on this Mission during the year, we have had to contend with difficulties of no ordinary character; but, notwithstanding these adverse circumstances, we can report progress.

Twenty-three persons have been received on trial, and two from other Circuits; but thirteen have removed, two died, and nine dropped or expelled, so that we have an increase of but one in the actual membership.

The parsonage property has been improved. The debt on Salem Church has been reduced more than one-half. Besides money raised for these purposes, our funds generally are in advance of former years.

With a few exceptions our people manifest a higher type of piety than formerly, and many appear anxious for full salvation. Members, 151.

JAMES LAIRD.

BRUSSELS.

The Lord has still continued his favor towards us during the past year on this mission, so that at its close we can report progress in every department of the work. God's presence in our midst has been manifest in the deepening interest felt in the services of the sanctuary, and by the conviction and conversion of precious souls. It has been the lot of your missionaries not only to go forth weeping, bearing precious seed, but to come again rejoicing over souls gathered into the fold of Christ.

We are blessed on this Mission with a very efficient staff of workers in the vineyard of the Master. These, by their self-denying efforts, help to lighten the otherwise too heavy burden on this very extensive field of labor.

Financially, we are in a very prosperous state. Within the last two years the moneys raised for the various connexional purposes have more than doubled. Nor have home interests been allowed to suffer. Each year the demands have been met, so that there has been no circuit deficiency. The number of members returned this year is 250; increase, 28

We cannot report an increase of membership this year, owing to serious adverse influences with which we have to contend. We are thankful we have not to report a decrease. WE have had some tokens of God's presence with us, and approval of our labors on this Mission during the year, in the conversion of sinners and the strengthening of believers, for which we feel thankful.

This is not a wealthy Mission. In years past the junior preacher and his horse have been kept gratuitously by some two or three persons, and even then they have had considerable deficiencies. This year that source of help has failed, which has left us to suffer a very large deficiency, \$248, being \$42 more than was paid to the junior preacher altogether. Members, 143.

WILLIAM TUCKER.

DURHAM.

The year just closed has been one of toil, trial, family affliction, and bereavement, but God's grace has been sufficient. Our Mission work in many respects has been exceedingly pleasant. We have enjoyed peace in each Society, for which we desire to record our devout thanks.

Our congregations are exceedingly good, and at each appointment the people are very anxious to hear the word preached by your Missionaries. We can also report spiritual prosperity. Many of our members have ascended higher in the divine life, others are praying for the fullness of the blessings of the gospel of Christ. Our camp-meeting was of great benefit to the Mission. Our special services at different appointments were successful; sinners were converted, many of whom are in church fellowship with us.

Financially, we have been successful, all our receipts are in advance of last year. Our people are kind, many of whom have done their utmost to sustain their Ministers.

Our Sabbath-schools have been efficiently sustained, and promise to be useful auxiliaries. We deeply regret to record the death of our excellent Sister Woodland, who was always ready to administer to the comfort of your Missionaries. She was a true friend to the cause in this Mission. We feel our loss, but, thank God, "our loss is her infinite gain." Members, 98; on trial, 22; we report a small increase.

PORT ELGIN.

Our congregation has more than doubled during the past year. The old debt on Port Elgin Church has been reduced to \$548. God has blessed our labors at Southampton in the conversion of 12 souls, and bringing back some who had wandered away from the church in past years. Total amount raised for church purposes, \$921 98; for all purposes, \$1,527 91. Membership, 118; increase, 6.

The good hand of our God has been upon us, granting us peace and prosperity during the past year. Spiritually and financially we are enabled to report progress. Souls have been converted to God; God's people have been edified; all the claims of the minister have been met; and nearly all the connexional funds have been advanced—the Missionary largely.

We review the triennial term of labor spent upon this Mission with humble and devout gratitude to God for His unspeakable blessings vouchsafed to us.

We have here an intelligent, liberal, and united Quarterly Official Board, and a kind, sympathizing people. We are loth to leave them. We commend them to God. May His richest blessings of Providence and grace continually descend upon them! Members, 220.

placed in a very satisfactory position. The South Brant Church has been painted inside and out, and otherwise improved. A subscription of \$515 has been raised to build a church in Baird's neighborhood. We expect to have it completed and ready for Divine service about the 1st of November next.

Present membership, 87. The Mission, with faithful toil and the blessing of heaven, will soon make this a first-class Circuit. May they come with speed and power! Members, 87. P. D. WILL.

MARKDALE.

The interest of Methodism has been steadily advancing on this field. Our membership is not very large, but at each appointment we have a few good loyal Methodists. At Abercrombie's school house, during the winter, God graciously manifested his presence and power. Several were converted, some of whom are likely to become useful in the Master's vineyard.

We want a parsonage, and were it not for the debt remaining on Markdale church, we might begin to build at once. Our brethren are kind and generous towards the Minister who labors with them, and they endeavour to help in every way, to the extent of their ability, to make him comfortable and happy in his work. Members, 138.

DAVID WILLIAMS.

CHATSWORTH.

There has been no very marked change in the spiritual condition of the Mission during the year.

The brick church, mentioned by Brother Green as being in course of erection, although not seated or painted, was opened for divine worship last October, and nearly sufficient raised in cash and subscription to meet the whole debt and complete the church. It is worth \$1,000. A good shed has also been erected worth \$150.

The membership is 160.

JOHN WEBSTER.

SARAWAK.

Our Heavenly Father has favored us with peace and a measure of prosperity. We report an increase in the membership, and a large increase in the finances. We have four Wesleyan Sunday-schools on this Mission doing a good work. What we most need is a rich baptism of soul-converting and sanctifying power. May God grant us this grace! Members, 61; on trial, 4; total, 65. I. BAKER.

ALLENFORD

Three appointments, which last year formed part of Amabel Mission, one from Keppel Mission, and two week-night appointments

taken up during the year, constitute Allenford Mission. Punctual attention to Sabbath appointments, together with systematical parochial operations during the week, including visiting, week-night preaching, prayer-meetings, temperance meetings, meetings for the promotion of holiness, and eight weeks of special services, have been owned of God in the salvation of souls. Twenty-five have been received on trial, and one of our number has gone triumphantly home. Our connexional funds' collections are all in advance of last year, and the missionary subscriptions are fifty per cent. in advance. May God's blessing be given to

"One more year's work for Jesus,
In hope, in faith, in prayer."

WIARTON.

This Mission is composed of nine appointments, previously united to Amabel and Keppel Missions.

Our efforts have been more particularly directed towards the erection of two churches, one at Wiarion, the other at Oxendon. Nearly all of the leading families of Wiarion have contributed towards the erection of this house of God.

The appointments have been regularly filled, as far as health and other circumstances permitted. Several weeks were spent in seeking aid among friends outside the Mission. During four weeks I was hindered in my work by a severe attack of inflammation. Signs of better times are appearing. If circumstances permit, several new appointments next year will be taken up. OSPREY.

The spiritual state of most of our appointments is good. About forty have been received on trial during the year. On account of the burning of our village, and other circumstances, we have suffered much from removal; while three of our members have peacefully gone to their reward; yet we report a small increase in the membership, and some advance in nearly all our funds, especially the Superannuated and Missionary. Members, 135.

AVENING.

Our congregations have been as large, and in some parts of the work larger than they were last year. The evidences of the Divine Spirit's influences upon the congregations have frequently cheered the heart of your missionary.

Our cause in this locality is destined to become self-supporting before many years; but would, in all probability, reach that point much sooner had they preaching at the principal places at least once each Sabbath. But, with six Sabbath appointments, it is not possible for one man to visit them more frequently than once in two weeks. In view of this, and some other facts, your missionary believes it would be economy for the Mission Board to aid for a short time in sending a second man. We have a kind, noble-spirited people, who, I believe, will not allow the cause to be sustained by any fund of the church a single day after they are able to meet the whole liability. Two classes have been formed in addition to those of last year; and, after making up for removals, deaths, &c., we report an increase of members. Members, 128.

PARRY SOUND.

Although we received twenty on trial during the year, and two by letter, yet our removals have been in excess of that number.

The grasshopper plague last summer and the scarcity of work during the winter caused many to leave this section for the present at least. It is hoped that the pest just named has passed away, and that a good measure of temporal prosperity may be enjoyed by the poor settlers.

In spirituality we feel severely the demoralizing effects of ill-conducted lumber shanties. Young plants of piety hardly ever survive such a wintering. We have enjoyed a year of peace and good-will amongst brethren; and, though we have not witnessed the rich effusions of the Spirit, for which we pray and labor, yet we are experiencing a growth in grace, and still wait for the "promise of the Father." Members, 60.

J. C. WILLMOTT.

MANITOULIN ISLAND.

As best we could we strove to accomplish our mission, by preaching, administering the ordinances, giving the Scriptures in cases of destitution, and circulating useful tracts. From our new friends we received much kindness; and I can say if their ability was equal to their willingness, the funds would be ample.

We filled eight appointments regularly, preached four times in Messrs. Lyon and English's lumbering shanty, six times at Richeul's Bay, four times at Gore Bay, once at West Bay, and frequently in the wigwam. We slept one night on Cluperton Island, had one shipwreck, lost the front mast, bailed water five hours, escaped safely to land.

We have 25 members, a flourishing Sabbath-school under the care of Mr. Warren Abrey, one promising Temperance Society. The mission calls loudly to the Missionary Committee for assistance, and to our church and all lovers of souls, for prayers for the agency of the Holy Spirit. Thrilling interests are at stake, and eternal consequences pending. May the Lord help us, as a church, to save souls, and to spread holiness throughout these new and increasing settlements.

W. M. SUTTON.

BRUCE MINES.

The removal of many from amongst us, during the past year, has materially affected our work, and compels us to report a marked decrease in the membership and a diminution in our funds. Four of our members have died in the faith. Having had, for the greater part of the year, the entire ecclesiastical supervision of this place, we have realized increased responsibility; and trust that we have not labored in vain. The day schools are, for the present, given up; but the Sabbath-school, under the very able superintendency of Bro. J. Bright, is still carried on. Anticipating our departure from this important and interesting field of labor, we wish the people well, in the name of the Lord. Members, 45; on trial, 1; total, 46.

against ancient forms of superstition, as well as ritualistic and sentimental systems of belief. Against her foes, internal and external, open or secret, she must prevail. With intelligent faith and a divine hope we must labor on. The night only belongs to the enemies of Christ. His friends have the day in prospect. When the rule of despotic authority and plausible pretensions is past, the rule of wisdom cometh in. Methodism is the Protestant Reformation in earnest. She utters a protest against all sin, and against "the man of sin." Uncompromising in her devotion to Bible truth and sterling godliness, and ever strong in her detestation of all forms and systems that have no foundation in the abiding word, she gives proof of her birth and genius, as well as an augury of the victories she has yet to win.

We preach twice every Sabbath at the Sault, and have supplied three other places on week nights with our ministrations. We have an increase of members, mainly by friends removing here from other sections of our work. Our scattered population is very fluctuating, some staying over summer, but removing in the winter. This makes our work more difficult. We have a good church and commodious parsonage. The latter, completed during the year, has involved a debt of six hundred dollars. The house and lot are worth \$1,500. Our material portion is good. We pray the spirit of unity and power to crown our people and all our exercises. May the glory of the Gospel be displayed; and may our world be renewed in righteousness; of sovereign grace from the hand of Christ, the Shepherd and Bishop of our souls. Members, 39. T. CLEWORTH.

SILVER ISLET.

Our congregations, though small at first, have been gradually increasing, and the preaching of the word is listened to with great attention.

Our services are as follows: Sabbath-school in the morning at 11 o'clock, which I am required to superintend; preaching in the afternoon at the Island, and again on shore in the evening. Though we cannot report any remarkable revival, yet under the ordinary means some are being convinced of sin, and are anxiously enquiring "the way to Zion, with their faces thitherward." Our class and prayer-meetings are not largely attended, but are found to be "seasons of refreshing from the presence of the Lord." A few words in regard to our Sabbath-school. On coming here we found a school composed of about 18 scholars, now we have 60. This great increase we attribute principally to the possession of a good library. Last summer the want of such a library was greatly felt, when two young ladies volunteered to solicit subscriptions for the purpose of securing one, and in a few days the handsome sum of one hundred dollars was secured. This has not all been expended; but sufficient books to supply our present need was purchased, and the remainder of the money will be expended the coming summer.

No person could wish to labor among a kinder and more obliging people, everything that can be is done for the comfort and happiness of their minister; and since living among them we have not once regretted being sent to Silver Islet. Members, 9.

JOSEPH GALLOWAY.

PRINCE ARTHUR'S LANDING.

Owing to the very unsettled state of society, and the uncertainty as to the future of this place, we have had many hindrances to success in both material matters and spiritual. During the year, however, we have finished the upper part of our church, painted it within and without; and have placed in the school-room beneath a large furnace stove, and so arranged that either the church or the school-room can be made comfortable, even in the coldest weather.

Our church lots have been fenced, and other necessary improvements made.

We have had very good attendance upon our religious services, and the attention paid to the message of salvation has been very encouraging. Our Sabbath-school has prospered. At Christmas we had a delightful and very successful anniversary, which greatly interested and encouraged the scholars.

The mines, not too distant, have been visited as often as possible; meetings held in the boarding-houses; and religious papers and tracts distributed among the men and their families.

The dreadful evil of "strong drink" here has been to us a matter of great sorrow, and a very great hindrance to God's cause. Nearly all the funerals attended since we came here, two years since, have been of persons who have died through intoxicating liquors.

Notwithstanding the unsettled state of society and many oppositions to the Master's cause, we feel encouraged; believing that there will be here in a few years a large population, a settled society, and, we hope, many earnest and faithful Christians. There is every probability that this will become the "Half-way House" between the Atlantic and the Pacific.

Although we have a goodly number of attached adherents we can report only 12 members, and 7 on trial.

We cannot report much numerical increase in our membership for the year, yet we are thankful for indications of prosperity. We have cheering tokens of the divine presence in our public services, and in our intercourse with the people. While a few are enquiring, "What must I do to be saved?" many of God's people are earnestly looking for a more general awakening and turning to God. The congregations are very attentive to the preached word. Two week-night appointments have been taken up in neighborhoods where the people do not get to our regular Sabbath services; and a new Sabbath-school has been commenced, with every prospect of success. Financially, the Mission has improved. Members, 138.

GEORGE M. BROWN.

ORILLIA.

The work in Orillia is in a healthy state. We have had no extensive ingathering, but sufficient prosperity to make up all losses by death, removals, &c., and give us a small increase of seven members.

The material interests of the Mission have been well sustained. The amounts raised for Missionary purposes, and for all the other connexional funds, are largely in advance of any former year. The church has been improved at a cost of over \$300; and the Ladies' Aid Society has expended about \$200 in fitting up and furnishing the parsonage. The check to the lumbering business has been seriously felt here; and but for this Orillia would, in all probability, have been in a position to assume all the responsibilities of a self-sustaining circuit. Members, 121.

RUGBY.

Your missionary, in the fear of God, has endeavored to teach the people, publicly and from house to house; and although we have not the happiness of gathering in much fruit, yet we are thankful that our labor has not been in vain in the Lord. We are making efforts in church building; and as our cause is not strong, the people are not able to make much increase in their contributions to the support of the work among them. However, the Missionary Fund has advanced nearly twenty-five per cent. over last year, and the other connexional funds thirty per cent. Two class-meetings and two prayer-meetings have been established during the year, and they have been kept up pretty well. On trial, 5; members, 40; total, 45; increase, 6.

JOHN FEPPER.

HILLSDALE.

On this Mission two appointments have been opened; congregations have increased in numbers and interest; class-meetings are better attended than formerly; connexional funds are all in advance; and two new Sabbath-schools have been established.

This year we have received on trial 56 persons; dropped, 20; lost by removal, 15; and by death, 5; leaving us at present 45 on trial and 158 in good standing, being an increase of 5 members over last year's report.

We find it hard toiling to keep up eleven appointments, and through want of time could not attend the calls to extend our borders into new settlements. But through the mercy of God we have been spared, and feel that our labor has not been in vain, nor our strength spent for nought. Our people feel greatly encouraged. Peace reigns in our borders. The tone of piety is deepened, and this is evinced by the growing interest in our Sabbath-schools.

We thank a kind people for their sympathy and esteem; our heavenly Father for his care and the success attending our labor; also that the voice of complaint is hushed.

JAMES MACFARLANE.
CHARLES LANGFORD.

ANGUS.

In closing our third year's labor on this Mission we see much for which to feel gratified. We have enjoyed almost uninterrupted peace and harmony. Our efforts for church improvement have resulted in a new parsonage, stable, &c.; two new churches, beside the painting, fencing, and improvement of another. Congregations have been good; classes generally well attended. We have tried as faithfully as possible to maintain the class-meeting test of membership. We have received into the church a large number as the result of special services; but many of them have not run well. We feel hopeful for the future of this field of labor. BRACEBRIDGE.

We began the year with eleven appointments and ninety-five members. During the year we have taken up five new appointments besides supplying a part of the work on Utterson Mission, excepting for two months. We have built a new church at Macaulay, and commenced the work of building three others,—one at Bard's, one at Draper, and one at Point Kay. We have also expended about seven hundred dollars on church and parsonage improvements in Bracebridge. Our connexional funds are all in advance of what they were last year, for the same places. The Sunday-school at Bracebridge is in a most prosperous state. Our congregations generally are increasing in interest and attendance. Members on trial, 4; full, 119; total, 123; increase, 28.

W. W. LEECH.

UTTERSON.

Although the young man appointed to this Mission left at the expiration of two months, we have been able to supply four appointments during most of the year from Bracebridge; but owing to our being largely dependent on local help, and disappointments sometimes occurring, we have not been able to advance our interests. There can be six or seven appointments profitably occupied upon this Mission next year should a young man be sent to it. Total membership, 25.

W. W. LEECH.

HUNTSVILLE.

Owing to the removal of Bro. Snowden from this to Cold Water Mission, as early as the first of last September, it has only been possible to supply three appointments on this mission during the past year. It is gratifying to know that our cause has been making some progress at these places. A new church has been completed at Maddill's appointment at a cost of about \$600. Two other churches are in course of erection, one at Huntsville and another at Stisted. Although this section of country suffered very much from the grass-hopper pest last year, all our funds were well supported. Total number of members, 40.

MORRISON.

Our principal membership being largely dependent for their livelihood upon the lumbering operations of the Muskoka District, have deeply felt the recent and existing depression in that department of business. Also endeavoring to sustain their local interests, with the increased claims of an ordained minister upon them, some of our most loyal supporters of our church have found it impossible to give as liberally to the connexional funds as they were formerly in the habit

of doing. God has been with his people; his Spirit has attended the preaching of his word, and sinners have been brought to Jesus, backsliders reclaimed, and believers strengthened. For persistent neglect of class and the ordinances of the church during the year, 17 of our membership have been dropped, some removed, and one died; but, thank God, we can report an increase. This Mission requires two ministers. Members, 90; increase, 6.

A. C. CHAMBERS.

COLD WATER.

At nearly all our appointments, increasing congregations and attendance upon Methodistic means of grace, and peace in all our borders, are reasons for our gratitude to God. Our two connexional churches are being improved to the extent of \$240, which has been provided. An old appointment, the "Severn," has been dropped and a new one taken up, which we believe will be more permanent and productive, and at which a class has been formed, and a small church 20 by 30 feet, is being built. No financial deficiency. Members, 44; on trial, 8; total, 52.

THOS. S. SNOWDEN.

McKELLAR.

Our membership has increased in numbers and strengthened in unity and Christian concord. At the village of McKellar we have secured building lots and material for a new frame church, which we intend to erect immediately. The past year with our people has been one of severe trial. The destruction of their crops by the grasshopper, and the failure of the lumbering trade, caused great destitution; nevertheless, like Daniel of old, they forgot not their God, but relied upon him who has promised to those who trust in him that their "bread shall be given, and their water shall be sure."

Should Providence smile upon their labors this year and remove the pestilence from amongst them, we bespeak for them greater prosperity for the coming year than the one just closing. May all their needs be supplied out of the riches in glory by Christ Jesus. Members, 109.

ROSSEAU AND SPENCE MISSIONS.

My two years' labors on these Missions are nearly closed. During this time the good seed has been faithfully sown, and in some hearts it has sprung up and is bearing fruit. Aged sinners, who two years ago hated religion and preachers of the gospel, have been induced to attend religious meetings, and have been truly humbled and led to the Saviour. Some youths, I have good reason to believe, have been brought from darkness to light. During the past year I have received on trial and from other circuits, 9; removed and dropped, 5; present membership, 36; increase, 4.

THIS Mission reports some progress. There has been a marked increase in the spirituality of the members, and some accessions to their numbers.

There are a few good old Methodist families who seem to be a fixture among the Sandhills and Roman Catholics, those being the two most prominent features of this Mission. The existence of the latter class in such numbers makes this as purely Mission ground as any of the French stations in Quebec.

The total absence of all local help has debarred your Missionary the usual pleasure of assisting his brethren on adjoining circuits. This has been felt as a hardship. But cleave as closely as he may to his work, there are still earnest souls who long for more frequent means of grace. These resources are, however, so limited, and their numbers so few, that they really can do no more for themselves than they are doing. They still crave the indulgence of the Society. Members, 92.

HORNING'S MILLS.

During our stay among this people we have found them very kind, and will leave with regret. We have five Sabbath-schools, two of which, in particular, are in a highly prosperous condition. With much pleasure we are able to report an increase in the piety and numbers of our membership, and increased attendance of members and people upon the public worship of God. Our public and social religious services are most truly seasons of refreshing from the presence of the Lord. To God be all the glory. THOS. CULBERT.

The work of God is making some progress on this Mission. Have received 44 into the Society during the year; but our numbers have been lessened by the removal of twenty of our members, some of them the leading men in the church. IN closing our third year's labors on this Mission, we regret that we cannot report greater prosperity. Your missionary has endeavored faithfully to preach the word, and to discharge the other duties entrusted to him by the Church, but still without that increase of the Redeemer's kingdom desired. Our principal member and supporter at the village appointment has been removed by death during the year. We have also sustained a heavy loss in our membership by removals, and some had to be dropped for delinquency in duty. From these various causes we regret to be compelled to report a decrease in the membership. Members, 73. JOHN W. WICHER.

MINDEN.

The Lord has been with us, and blessed us both materially and spiritually. The people of Minden have exerted themselves to complete the parsonage ; and also our people at Haliburton are determined to erect a church in that village. Sinners have been brought to a knowledge of the truth as it is in Jesus, and believers have been edified and built up in their most holy faith. Members : Dropped, 18 ; on trial, 26 ; full, 70 ; total, 96.

FENELON FALLS.

One new appointment has been taken up ; one new laborer in the local preacher's rank has been called out ; and one young man, converted among us less than two years ago, has been cordially recommended to the Conference, who bids fair to become a useful minister of Christ.

The three years of our stay among this people have been years of peace, comfort, and, I believe, of steady advancement in intelligence, liberality, piety and co-operation in the work of the Lord. While deeply grateful to God for all his goodness to us, we pray for richer showers of blessing in the coming years upon this field of Christian toil. Members, 140 ; on trial, 6.

COBOCONK.

We meet with difficulties in our work here as in other places. One of them is, the lumbering employees are called from home the greater part of the year—in the winter to the woods, and in the summer to the river—which take them from the congregations, except in the spring and fall, and then they are so influenced by lumber-shanty associates that they care but little for spiritual things. The young people here, on the whole, are very careless about spiritual things. We have been in labors more abundant, yet not with as much apparent success as we desired. We can only report an increase of three in membership, though we have received twelve on trial during the year. The connexional funds are all in advance ; and peace and harmony prevails throughout the work. To God be all the praise. Members, 50.

WOODVILLE MISSION

Contains fifteen appointments, and two or three more might be taken up with advantage. It is altogether too large to be worked conveniently or satisfactorily.

We have been steadily advancing temporally. Most of the materials for a new parsonage at Woodville are on the ground; a new church has been commenced at the village of Bolsover; and our income for home and missionary purposes was never so large before. Spiritually, we have not had the progress we desired. Many of our people are truly pious; but of others we have to say they are "unwatered still and dry;" and, what is worse, large numbers of attentive hearers remain unconverted. We sow the seed hopefully, expecting the rich harvest shall yet be reaped. What the Mission wants is a general revival of the work of God. Members, 148; increase, 2.

ROBT. McCULLOCH.

LAIRTON.

Under a kind Providence, our Mission has enjoyed peace and prosperity. The congregations were never so good. Our church members mostly all meet in class regularly. The number of members must always be uncertain from the migratory habits of the people in this mining district. Over a score have been, I believe, savingly converted to God during the year, and many in the church are striving for higher Christian life; whilst some are "entering in." Earnest heed is given to the Word preached. Membership, 100.

THE Lord's cause has been prospering under Methodist agency on this Mission during the past year in the face of much opposition. Many have felt the Spirit's power and been benefitted. The people are now endeavoring to build a church wherein to worship without being disturbed. Although the Gospel has been sent to this township for forty years, there is not a Protestant church yet. We hope to be able to make a different statement next year. Members, 155.

WILLIAM H. COOK.

FLINTON & ADDINGTON ROAD.

We were favored with a very gracious revival last fall, at the Scotch settlement, where we had the pleasure of meeting and organizing the first Methodist class ever held in the neighborhood, a class now numbering twenty-one full members. At two of the other appointments a few have been added to the Church under the ordinary services. A portion of our time during the winter has been spent among the lumbermen. About one hundred copies of bibles, testaments, tracts, and useful books have been sold and distributed among them. We have received on trial 33; by letter, 1; removed, 13; died, 1; dropped, 11. Present membership, 80; increase, 8.

JOHN TOZELAND.

L'AMABLE.

This is an arduous field of toil, comprising parts of six townships, and stretching over a distance of seventy-five miles. The rugged labor of its husbandry has, however, we trust, proved beneficial as well to soul as body; and though we have not been without our seasons of depression, yet we have learned to trust in God, and to rejoice even though the fig-tree does not blossom. The Master of the vineyard has, we are happy to say, blessed the labors of your unworthy Missionaries in the conversion of many souls.

In connection with my excellent colleague, Brother Pope, who has labored energetically on the south-end of the Mission, we have enrolled twenty-eight in church-fellowship with us. The appointments have been regularly filled, with very few exceptions. This Mission

ought to be divided nominally, as it now is virtually, for we find it impracticable to work the whole unitedly, being too far apart from each other.

We now report, after a total removal of 19, 131 in full membership; increase, 2.

SAMUEL SALTON.

DENBIGH AND ABINGER.

Both in our ordinary and special services we have realized the divine presence. We trust that believers have been built up in their most holy faith and souls have been brought to Christ. But while there is cause for thankfulness and encouragement, there are circumstances connected with the Mission which tend to depress the mind of the missionary. The field is so large that it cannot be efficiently worked by one man. Extending as it does over so much territory, it is impossible for us sufficiently to concentrate our efforts to ensure the success desired. We hope and pray for the prosperity of God's cause upon the Mission. Present membership: Full, 62; on trial, 5; total, 67.

BRUDENELL.

This Mission we found suffering spiritually, to some extent, from the want of a preacher, since Brother German's departure. While we have been here the people have manifested a willingness to listen to the Word of life, and our congregations have been good. We extended the boundaries of the Mission to two places where no preacher's voice was ever heard before, and still there are others crying "come to us." We have now six appointments and a church membership of twenty-three; and besides these there are many on the Mission who, though not members of our church, yet we think are members of Christ's body, and go hand and heart with us in our work.

GARDEN ISLAND

Is a village of about 600 inhabitants, more than half of whom are Roman Catholics. The only preaching-place is a school-house capable of seating from 160 to 200 people; and whenever I have preached, the room has been well filled. The Protestants, although representing different denominations, very generally attend our service, which they seem to appreciate, and which they desire to have continued. The whole place is under the control of one business firm, but the proprietors have shown every kindness and given every encouragement, and the Divine Master has crowned the year's labors with a measure of success. Some good has been done. Besides preaching regularly once a fortnight, I have met the children and young people once a week for bible study, a good part of the year.

AMHERST ISLAND

The past year has been one of peace and prosperity to this Mission. A new church has been erected during the year, at a cost of \$1,750 (including land and organette), all of which has been provided for. The congregations are good; and the cause continues to prosper. Recent membership: On trial, 14; full members, 36; total 50; increase, 15.

JOHN FERGUSON.

BATTERSEA.

With a thankful heart I take pleasure in testifying that the past year has been one of the happiest and most satisfactory of my ministerial life. The membership has increased during the year from sixty-six to one hundred and twenty-one, after deducting losses by removals, one withdrawal, and some that we were obliged to drop. Of the sixty-two received on trial, one-half the number may be regarded as the result of God's blessing upon the ordinary means of grace, and the other half as the result of special services extending a little over two weeks in duration. Our congregations are large, and the work of God is still progressing, and the prospect before us truly encouraging.

SAMUEL MIGHT.

GANANOQUE.

The year has been one of mingled prosperity and trial. Many of our people have been much cramped and perplexed by the depression in the manufacturing and business markets; but still their faith and liberality have not given way. Our funds are all in advance, and God has been blessing us in spiritual matters. Our special services last fall resulted in bringing upwards of thirty souls to Christ. Our congregations are much increased, and we are looking for still better things in the immediate future. Members, 118.

D. G. SUTHERLAND.

PITTSBURGH.

We are pleased to be able to report some progress on this Mission. The new church at South Lake appointment, commenced last spring, was opened for worship Dec. 28th, and the entire cost, \$1,600, provided for by good subscriptions. A new church is in course of erection at Pine Grove, which will probably exceed in value any upon the Mission. A fine cabinet organ has been placed in St. Lawrence Church and another in Zion Church, on both of which the greater part of the cost has been paid. We have suffered loss by removals and the lamented "dropped," but we have also received 30 new members into the church during the year, and there are abundant indications of religious prosperity. Members, 178. Wm. S. McCULLOUGH.

CENTREVILLE.

Your Missionary, in closing this the first year of his superintendency, is encouraged by the remembrance of Divine assistance from Sabbath to Sabbath. Though the year has not been characterized by that widespread awakening we look for, yet silently and potently, like the lightning flash, the arrows of truth have pierced hard hearts, and we have heard the low, sad wail of the penitent. We have also heard the same persons, with faces radiant with heavenly light, rejoicing, having received the spirit of adoption.

After deducting 48 members removed by altering boundaries, we had 103 at the commencement at the year. We have received 23 during the year; but on account of 16 removals, 3 deaths, and 3 dropped, we can only report an increase of 1. We are looking for the Spirit of power on the Mission.—May it come! Members: On trial, 11; full members, 93. WILLIAM RILANCE.

HARROWSMITH.

In Harrowsmith the cause is advancing, and somewhat bright "with borrowed rays divine." At Harrington, a fine brick church has been erected, accommodating the increasing congregation, numerically and religiously. The dedicatory services were of a very high order, by reason of heaven's pervading and prevailing power, causing the worshippers to say, Lord, it is good for us to be here; and having such an influence upon their liberal nature, as to enable them to give freely and cheerfully, removing the debt all but one hundred dollars. Our present membership 10 less than last year, on account of 14 removals; 1 has died, and 6 have been dropped. Members, 140.

KENNEBEC.

We have cause for gratitude to God for the peace which has been within our border; but have to regret that we cannot report more prosperity, either financially or spiritually.

Special efforts were put forth at two appointments; and, though good seed was sown, we were not permitted to gather the sheaves of rejoicing which we earnestly hoped would fall to our lot.

We yet trust that as some Apollos waters the seed, God will give the increase. Members, 52.

IN all the affairs of the church there has been a lively interest during the year. Some have been converted, and others established in their goings. The Sunday-school has been conducted with vigor; and the congregation, though somewhat fluctuating, has been increasing. A lot has been secured for a new church in a very desirable locality, and a subscription list opened. Members, 75.

ALEXANDER CAMPBELL.

AVONMORE.

Here are light and shade—evidences of growth and hindrances to prosperity.

In the matter of church accommodation we are making progress. At Avonmore a substantial structure 30 by 40, with neat tower and spire, is now in course of erection. The church at Gravel Hill has been neatly pewed, and our cause is advancing. The church at Alexander's has also been comfortably seated, but the congregation has been small and fluctuating, and it is feared that this church will turn out to be in the wrong place.

Our people are kind, considerate, and in general, according to their means, liberal. On account of personal injury received in August, your missionary has not ventured to undertake much special work. A few sheaves however have been gathered. To God be all the praise. Present membership, 70. WM. TAYLOR.

RICH manifestations of his presence have been vouchsafed in both our ordinary and special services. A few have been received on trial, and we trust many others are the subjects of powerful religious convictions.

The Mission has a small but comfortable parsonage free from debt, and three churches—two of which are elegant and commodious brick churches, erected during the last two years. The services are all well attended. Each of the appointments maintains a Sabbath-school, one of which was organized during the present year.

Our people cheerfully and liberally contribute for ministerial support and the sustentation of all our Connexional Funds, but with their crushing liabilities resting on them, expect a liberal grant from the Mission Fund.

We have received 12 on trial; and 11 from other circuits but, owing to deaths and removals, we report an increase of only 15. Members, 74; on trial, 11; total, 85. JOHN WILSON.

We have lost 9 by removal and 5 by deaths. We have five small Sabbath-schools, two of which keep open during the year, and three for about six months of the year. Our membership is small, but is so widely scattered that no one man can supply them with adequate means of grace; on this account we think it desirable that the design of the union of Glentay and Maberley be carried out, at least so far as to give it a fair trial for two or three years; and if it does not come up, the Missionary Board might then see fit to have it reduced to its present form. We return 112 members. Forty-three baptisms.

PLAYFAIR.

Our report from this Mission for this year presents grounds both for anxiety and thankfulness. Anxiety, because the protracted services held during the winter did not result in the amount of good desired and prayed for; and the spiritual state of the Mission is not what we would like it to be. And yet we believe we have not labored in vain. We have been favored with a fair measure of material prosperity. Altogether we have reason to thank God and take courage. Members, 70.

The past year has been a prosperous one with us in every department of our work. We have increased in numbers, acquired new Church property, paid a part of our old debt, and advanced in our finances. We had a gracious revival, which resulted in the conversion of 18 persons, every one of whom, after six months' probation, was received into full membership. Our parsonage was improved considerably, a well and pump added, and about \$90 worth of furniture purchased. Members, 83.

It was with much fear and trembling that your missionary assumed the responsibilities of this important mission, but trusting in the gracious promise, "Lo, I am with you always," he has endeavored faithfully to discharge his duty, and can say with gratitude, The Lord hath been my helper. The congregations during the year have increased; the connexional funds have been well sustained, "and

the best of all is, God is with us." We have received, by change of boundaries, 11 members; from other circuits, 5; additional ones, 22; and 10 have removed, so that we can report: Members on trial, 20; in full connexion, 72; increase, 28.

A few souls have been gathered into the church, and others, by the grace of God, are making steady progress. We have five Sabbath and two week evening appointments. We hope in another year to have two good churches; and a third is in contemplation, which is likely to be commenced before another year, though our circuit income is somewhat less.

We received five members during the year, one removed, three were dropped. Present membership, sixty-two. W. NORTON.

ONSLOW.

I am happy to say that I found this Mission in quite a healthy state when I entered upon it, evincing the fact that my predecessor had attended with much care to the duties of this charge. Though we have not been blessed with many conversions, yet we have been cheered in our work in observing a faithful attendance and growing seriousness in our congregations.

We have three churches and four other preaching places on the Mission. It is large for one man; a great deal of travelling and pastoral work, so there is not much time to spare for holding special services. We have endeavored faithfully to attend all our appointments. The Mission is in good working order. Seven members have been received on trial during the year. Present membership, 127.

BRYSON.

This Mission consists of seven appointments, scattered over a large tract of country. Our people are not wealthy, but are liberal, and have shown much kindness to the Missionary who has labored among them.

We have taken up a new appointment in the Town Hall in Bryson. We commenced with a congregation numbering about five, which has steadily increased, so that now we have a large and flourishing congregation. As Methodism is becoming better understood, it is gaining on the convictions and affections of the people.

We have had the happiness of hearing the cry of the penitent, and a few have been received into the Church. Members, 55.

OTTAWA WEST.

At the General Committee Meeting of the Wesleyan Missionary Society, held at Brockville, 1872, it was unanimously resolved to render aid for a few years to the friends in Ottawa West—if they established a new church organization here—being one of the most populous and busy portions of any of our cities.

The devoted and laborious John Carroll was engaged for six months, in labors more abundant, in this inviting field of labor. At the last Conference we were appointed in the place of our venerable brother beloved.

For several months we were cheered with happy conversions every week, and throughout the whole year have felt the saving and sanctifying power of God among this people.

Our congregations are large; our new spacious church progressing; our membership 120. Two new Wesleyan Sabbath Schools have been established—one with 9 of the most devoted, Christ-loving teachers we have ever known; the other with 25 scholars and 4 teachers, on Ashburnham Hill, where an afternoon service has been established and sustained by our devoted local preachers.

We record our gratitude to the Rev. Secretaries of this Society for their valued counsels, which we have sought before taking important steps, involving financial responsibility; and to our Chairman, and the Rev. W. J. Hunter, for words of cheer during hours of darkness.

It has been a year of very heavy toil and deep anxious care. The position of one superintending this work has often been trying in the extreme. But in the face of mountain difficulties, we have been sustained by a faith

“ That the promise sees,
And looks to that alone,
Laughs at impossibilities,
And cries, it shall be done.”

ROBT. MARK.

AYLMER, P. Q.

The past year has been one of much anxiety. It was matter for surprise and grief to find this old field so low in piety and finance, but by the blessing of God it has vastly improved in both these respects.

This old field, so long sterile and barren, has at length blossomed and brought forth abundantly. On the whole, this has been a year of much prosperity and spiritual development. The membership and finances have quite *doubled*. The people are kind and exceedingly liberal. For church and connexional purposes there have been raised this year upon this field over one thousand seven hundred and fifty dollars.

Our membership at present is full members, 43; on trial, 40. Total, 83. Increase, 42.

J. W. SPARLING.

MARCH.

Although the field of labor is a very limited one, yet your Missionary is happy to report some degree of success.

Our congregations are not large, and at some of the appointments are principally composed of members of other denominations, who seem to delight in the public services of Wesleyan Methodists, and who help to support us liberally with their contributions.

Most of our own people are truly loyal to the cause of Christ, and some of the happiest seasons I have ever spent in my my life, were in meeting in class amongst this people, when God did pour out His Spirit upon us, and we had a "season of refreshing coming from His presence." Members, 29.

JAMES SIMPSON.

LONG ISLAND LOCKS.

Some of our members have moved from the Mission, and some we have had to drop; leaving the number a little less than last year. We have had six regular appointments: a week-night service now and then. The general funds are about the same as last year. If a change could be made to make travelling over ground where we have nothing, it would be an advantage. Present number of members, 81.

S. DOWN.

OSGOODE.

We cannot report any special "showers of blessing," yet we have felt the influences of the Holy Spirit, which has proved to us a time of refreshing.

The financial aspect of this Mission is propitious. Although we cannot boast, yet there is much to encourage. All our connexional property is now delivered from the incubus of debt. In two or three places the value of our property has been increased by additional building. We report, in regard to membership, 10 removals. Present membership, 128; being an increase of 4. SAML. In the fore part of the season considerable time was spent in special services; and some, as the result, gave their hearts to God, and are trying to lead a better life, and get to heaven. The latter portion of the year has been devoted particularly to church building interests, which are very necessary, there being only one, and that very old, on the station; but the friends are resolved to replace it with a better, the contract being let, and it is to be completed by the first of November next. The second church we have a subscription list of about \$700, which, I expect, will be completed next year. Our membership is 75.

J. ROADHOUSE.

GRENVILLE.

This Mission is too extensive in territory to be successfully worked by any one man. The north end is a very desirable field of labor. There, for nearly thirty miles in length, the inhabitants are nearly all Protestants; and a large proportion of them have a strong leaning towards Methodism. Besides this the land is much better than in Grenville, and some of the people are getting rich. They are more likely to become permanent settlers; whereas in Grenville, they are more disposed to emigrate. We can only give them preaching once in four weeks. Other denominations know this, and they are about to send missionaries into the field and try to supplant us. We must do something now or never. If the people cannot hear Methodist preachers, they will be glad to hear others rather than none. They are willing to board a young man free of expense for the sake of having his services every Sabbath. He could preach in Arundel every morning, and every afternoon and evening go up to Deslaberg, or down into Harrington. Were I a young man I would volunteer to do it, and would undertake to raise more money than is now raised on the whole Mission. Members, 58.

JOHN CORBETT.

THURSO.

There has been a small addition to our numbers at the Cole appointment and at Thurso village, and at these places there is much more interest felt in the social means of grace than formerly. Our congregations have increased, and upon the whole the prospect is more encouraging than it has been for years. I have been favored with the assistance of Bro. J. Carr for the greater part of the year. Members, 46; on trial, 6; total, 51; increase, 14.

R. NEWTON ADAMS.

NORTH WAKEFIELD.

The work of God has not prospered on this Mission as we could have desired. The attendance upon the public ordinances of God's House has been generally good. At the North Wakefield appoint-

ment the average congregation is twice as large as it was at the commencement of the year. As far as the Missionary could judge, an earnest attention has been given to the word preached, and many times a blessed influence has rested upon our assemblies. At the same time we deeply regret that we have not seen an ingathering of souls to the fold of Christ.

A few of our older members have passed away peacefully and happily from earth to heaven.

At Killaloe, a small backwoods settlement, which had never before been visited by a minister, a few week-day services have been held. About a score of the scattered settlers, some of whom had not heard a sermon for years, assembled, and thankfully listened to the message of mercy. Number of members, 141. GEORGE G. HUXTABLE.

CHELSEA.

This Mission was formed one year since, from parts of other Missions, having two small chapels—one in Templeton and the other in Cantley,—without registry books or parsonage, in consequence of which we have had to remove several times during the year. All the privilege we have in the school house, is to occupy it semi-monthly for preaching. We see our way more clearly now, having purchased two lots in the village for chapel and parsonage; and we hope, in due time, to occupy our own place, and command our own time.

Personal and domestic afflictions greatly embarrassed us at the best part of the season for special services. Finances in advance. Members, 45. P. KER.

AYLWIN.

Our heavenly Father has dealt very graciously with us during the past year. We have enjoyed a good degree of prosperity in every department of our work, especially in the erection of suitable places of worship for the accommodation of the people.

A comfortable frame church has been erected at the Danford, which was set apart for the worship of God, with appropriate religious services, conducted by our worthy brother, Rev. W. J. Hunter, of Ottawa Centre. These services did the Mission much good.

We have a kind and generous people on the Mission, devoutly attached to the Methodist Church, and willing to do all in their power to sustain the work of God. Members, 137. C. V. LAKE.

ST. LAMBERT AND LONGUEUIL.

EVIDENCES of prosperity are not wanting. Our congregations are larger and more attentive than ever before. Especially is this the case at the week evening service.

At Longueuil we were compelled, last fall, to close our service for lack of a place to preach in; but we have again procured the Fuller Institute, and service will be held there as usual during this summer. An effort is about to be made to erect a church at Longueuil, and although the immediate prospects of a cause are not good, yet before many years it must grow. For this reason, and because this is the first year it has received regular pastoral supervision, it would be very imprudent to give up this Mission.

After allowing for removals and those who have been dropped, we report the same membership as last year—12. C. E. MCINTYRE.

LACHINE.

The people among whom we labor have been kind and liberal in supporting the cause, and have taken a deep interest in all the services of the church. This is more marked when we remember the wide diversity of opinion and belief that prevail, and is an indication that our work here, as a church, is of God. We have not witnessed all the fruit of our toil that we could desire, yet we have been favored with sufficient to save us from disappointment. Our services have not been marked by any unusual and sudden manifestation of grace and power, but by a steady and, we trust, permanent success. We have tried to sow the good seed of the kingdom, and the Master has enabled us to gather a few sheaves into His garner. Death has taken two of our little society from us—one of whom, our Recording Steward, we miss greatly, but he gloried in that grace which enabled him to have complete triumph over death, and we are consoled by the thought that our loss is his gain. Members, 24.

CHAMBLY.

Our cause on this Mission, which for two or three successive years had been gradually weakened by the removal of members and adherents, has, during the year now closing, been considerably strengthened by the arrival of others. A new impulse has been given to our Sabbath-school work by organizing a Bible-class, which now embraces a large proportion of our congregation. The International Series of Lessons are used and great interest is taken in them. Our congregations are better than they were last year. Members, 15. J. MASSON.

ORMSTOWN.

We cannot say that much has been effected, though prejudice has to some extent been overcome, and many have attended the word during the year who never did so before in connection with our church. We have hopes that the future will be marked by increased spiritual prosperity. The past year has been one of severe personal affliction and bereavement to the Missionary, but blessing has been mingled with sorrow. Membership, 85. WILLIAM R. SHORTT.

HUDSON.

This has long been a Mission field, and, owing to the small Protestant population, there is little prospect of its becoming self-sustaining. The people, however, would regard it a great calamity to have the work given up, as a Mission; and many of them, considering their means, are contributing nobly for its support.

The congregations are small, but regular. Special services, held during the fall, were well attended, and resulted in several conversions and the quickening of the church. The Hudson appointment has decidedly improved. At the beginning of the year there were only four members and no preaching place; now we have a church in course of erection and a class of fourteen, all heads of families. Our present membership is 46—increase, 8. D. KENNEDY.

LACHUTE.

On this Mission the past year has been in many respects a prosperous one. Harmony has prevailed among the members. We have expended on our Lachute church and parsonage \$300. During the revival, which lasted eleven weeks, seventy souls were converted to God. Some of these were children of parents belonging to other churches, who have joined with their parents. Out of the seventy we have received fifty into church fellowship. We have one removal and two deaths; we now report 107 full members and 50 on trial.

NORTH GORE.

Through the good providence of God, we have been brought through another eventful year. The public ordinances have been generally profitable means of grace. We have endeavored, by the help of God, faithfully and affectionately to declare His word and to hold special meetings, and we hope yet to see good results. We have lost two by death and seven by removal. Members, 81.

NEW GLASGOW.

We are gratified that we can report a degree of progress in church matters on this Mission. We have suffered by removals, but the dear friends who remain are determined that that suffering shall be as light as possible. This is seen, not only in the noble manner in which they have supported your Missionary in all his efforts to do good, but also in the very liberal response they have made to every call for financial help. The special services held were seasons of great refreshing. Several were converted, and a number who had wandered were reclaimed; while a few have been enabled, through the all-cleansing blood, to enter into

SHAWBRIDGE.—(No Report.)**RAWDEN.**

With thankfulness to God, we review the three past years of labor on this Mission. We have been blessed with good health, so as to attend regularly to our work and sow the seed. And although we have not reaped in abundance, we thank God that a few sheaves have been gathered. The scattered state of the population renders it exceedingly difficult to keep up prayer-meetings and class-meetings. We report 66 members—two members on trial, one death, and three removals.

ST JOHNS.

In the midst of a large Papal, but small Protestant, population—the latter of which is divided between our church and that of the English Episcopal—there is but little room for expansion. It is hoped that improvement in this respect may be looked for, as several forms of industry, such as mills, &c., have recently been set in operation. Our church maintains its consistent, united, peaceful, and liberal character. Its contributions to our connexional funds are considerably in excess of any preceding year. Members, 57.

NOTWITHSTANDING all the varied hindrances to retard the progress of truth, we believe the time is not far distant when Methodism will exercise a weighty and wholesome influence on this Mission. Our congregations are increasing, and we have a Sabbath-school in good working order. Full members, 8; on trial, 1; total, 9.

J. T. BLADES.

THREE RIVERS.

Our congregations are much improved—regular in attendance and anxious to hear the Word of Life. The Sabbath-school is prosperous, and altogether very encouraging. The financial state of the Mission is better than it has been for many years past. There is also a manifest increase in serious thoughtfulness and devotion. During the year we lost two by removal and one by death, but by the blessing of God we are able to report a small increase in membership. Members, 25.

H. IRVINE.

MELBOURNE.

While we most earnestly deplore many things which we have striven in vain to change, God has given us seals to our ministry. Our congregations at Melbourne and Trenholmvile have greatly improved during the past year. The latter part of the year has been one of severe personal affliction. We have received thirty into the Church during the year, so that, after making up our losses, we have a net increase of fourteen. Members, 163; on trial, 1; total, 164.

DANVILLE.

This field will tax the physical energies and the spiritual gifts of a worker strong both in body and in heart. Notwithstanding a few reflex wavelets, the tide of interest, intelligence, and spirituality is slowly advancing. Among other evidences we note several. First, the continued and, in some cases, increased interest in the Sunday-school work. Then we have, during the year, paid \$200 on the parsonage. We have a subscription list of over \$1,000 for a church at Kingsey Falls, the contract for which has been let so far as our funds will justify; also the old church at Kingsey is to be replaced by a new one; over \$1,500 have been subscribed and the contract let. By the death of some valuable members and the removal of others, as well as by special difficulties of other kinds, the faith of the church and the patience and hope of your Missionary have been greatly tried, yet we are enabled to look over the past with deep gratitude to God. Outside, opposing influences are very numerous and very strong, yet our people are loyal to the church and to God. Membership, 158.

WINDSOR MILLS.

Although your Missionary is unable to report the spiritual success he has earnestly desired and constantly labored to obtain, he is thankful many of the members give evidence of an earnest devotion to God, which is very pleasant, and which leads him to hope for better things in the future. SHERBROOKE.

We may say that, while we have sown in tears, some of the first fruits of the harvest have been gathered. The work of grace, we believe, is deepening in the hearts of our people, and as a consequence we have had a measure of material prosperity. We have paid the sum of \$600 on the debts of the Sherbrooke church and the parsonage. Our Sabbath-school in Sherbrooke is in a flourishing condition. We are looking for greater things than these. Members, 108.

D. CONNOLLY.

SAWYERVILLE.

Our church at Sawyerville has been enlarged and beautified, and is now a credit to the village and vicinity. We have established, during the year, one class, two branch Missionary Societies, and two Sabbath-schools. Thirty have been converted and added to the church, so that, after filling up vacancies caused by deaths, removals, and unworthy members, we have an increase of fifteen members. This is a pleasant and encouraging field of labor, and both preacher and people are looking up to the Great Head of the Church for still better times. Members, 136.

ISLAND BROOK.

Our services are generally well attended. At our special services several were converted and eleven united with us in church fellowship. We have two weekly prayer meetings and two Sunday-schools. We have erected a commodious shed at our church, and secured a beautiful site, of one acre, for a parsonage. It is the gift of Bro. James Miller. We have no deficiency. Though new, this Mission bids fair to be one of the best, if properly attended to. During the year, we have dropped four and one has removed. We now report full members, 19; on trial, 11; total, 30.

S. CROOKSHANK.

COOKSHIRE,

The Lord has been pleased, during the past year, to grant us a moderate degree of prosperity. The congregations are encouraging, and the attendance at prayer and class-meetings has been good. The means of grace have not been altogether fruitless of conversions. A number have given God their hearts and are enrolled among our membership. A number have been lost to the circuit through unfaithfulness, removals, and death; but we are enabled to report the same membership as last year—Members, 54.

C. A. JONES.

DUDSWELL.

Notwithstanding many discouragements on this field, the Master has cheered our hearts. Some souls have been converted to God; and while others have grown weary and turned back, others are characterized by zeal and fidelity. Some have finished their toiling here, and while engaged in their last battle with the enemy, they were enabled to shout victory through the blood of the Lamb. Members, 67; on trial, 4; total, 71.

BURY.

We are making progress in some degree in the interests of Methodism. The past year is not without some of the proofs of this. I am sure the people consider Methodism productive of good in this community, and that they will be led to support it in the love of it. The means of grace have been regularly attended, and we trust with profit to those who have heard the word. Our Sabbath-schools, though small, have been very interesting. Membership, 36.

INVERNESS.

In presenting a report of our second year's labor on this station, we are thankful to report a degree of material and spiritual prosperity. The congregations at all our appointments have continued good, and there has been no falling off in the liberality of our friends. Death and removals have diminished our number. Present membership, 110.

DURHAM.

After filling up the various gaps made by removals, delinquencies, and deaths, we report a small increase. I believe our people here are becoming more spiritually-minded. The public means of grace, our class-meetings and prayer-meetings, are generally well attended. Our Sabbath-schools are doing as well as could be expected. Our people have been earnest and prayerful in helping us to uphold and establish the principles of Methodism, which, we hold, are based upon the gospel; and they have been kind and generous in their sympathy and support. Considering the increase of population about Durham station, and the position of the Mission in relation to Quebec District, this field of labor is one of importance. Members, 138; increase, 4.

JOHN SAUNDERS.

PORT NEUF.

The state of spiritual things on this Mission remain almost unchanged. We have seen indications of the new life in some, but have not witnessed any conversions. At Port Neuf, owing to the depression of trade, and the removal of some of our heartiest supporters, the state of affairs is anything but encouraging. We have a small nucleus at the Red Bridge, with a fair prospect of an increase. Members, 39.

MOSES SCOTT.

METIS.

This Mission has not much room for extension, as the English speaking community is but small, and is surrounded by a French population of Roman Catholics. However, we are laboring in hope that the Lord will bless the means employed, and that some souls may be added to His church. The attendance at preaching on the Sabbath is good, considering the dimensions of the Protestant community. Our prayer-meeting is very well attended, especially by the young. Our Sabbath-school is doing well under existing circumstances. Members, 12.

A. DRENNAN.

GASPE.

Your Missionary has been sustained by the Almighty during another year of toil on this Mission. The partly furnishing the parsonage and making some additions to it, building a large stable, commencing the finishing of some of the Churches, and making preparations for the building of a church at one of our appointments, are some of the materiel improvements we hereby report. The sum of \$300 has been raised for the same. On account of many deaths, removals, and delinquencies, we cannot show a large increase in the membership. On coming to this field of labor, I found it necessary to organize the whole Mission and secure circuit registers, as this is a new Mission, struck off from the Bolton Mission last year. Fifty-seven members were returned to me, eight of whom "were not." During the year our congregations have increased in number. Two Sabbath-schools have been organized, furnished with libraries, and are now in a prosperous condition. There are many opposing influences at work. We greatly need the outpouring of the Holy Spirit. This Mission is not on the whole by any means wealthy. Several of our members have not been able to pay anything towards the support of the church, whilst there are a few that have done nobly, and are willing to do all they can for the maintenance of the cause. Fourteen members have been received, nine dropped, five removals. Present membership—on trial, 12; members, 45; total, 57.

Through mercy, we are enabled to report some progress on this charge during the past year; but it is yet far from what it might be, and what I trust it soon will be. As we have five appointments, four of these can receive preaching but once in two weeks on the Sabbath, which is a great drawback, as it drives our congregations elsewhere on the intervening Sabbath. We have held two series of special services during the year, which were blessed of God in the conversion of between forty and fifty souls; but, owing to deaths, removals, &c., we report only a net increase of thirty-one. The religious tone of this Mission is improved, we have peace in our midst, and are looking forward for greater prosperity. O for a baptism of fire! Our present membership is 102.

W. PIKE.

SUTTON, QUE.

There has been some increase in the congregations, and good attention has been given to the preaching of the word. The church in this place being a union church, we tried union in a revival service. The result was not equal to our expectation, but we reaped part of the harvest. We consider our friends and supporters here to be worthy of the favorable consideration of our Missionary Committee.

BOLTON.

By the blessing of God, the past year has been one of peace and prosperity. Souls have been converted to God, and the spiritual state of the members generally is one of health and vigor. Divine service is well attended all over the Mission, a deep feeling of seriousness seems to pervade the congregations, and we are looking for a mighty outpouring of the Holy Ghost. In consequence of Mansonville Mission having been set apart from Bolton last year, we have lost fifty-eight members by altering boundaries; some have been dropped and some removed; yet, by the blessings of God, we are able to report—On trial, 2; full members, 95; total, 97.

APPENDIX.

JOURNEY OF THE REV. LACHLIN TAYLOR, D.D.,

ON A TOUR OF INSPECTION TO

WESLEYAN MISSION STATIONS.

In pursuance of the important object of the Mission to which I was appointed, I left Toronto on the 5th day of May, 1873, *en route* for Manitoba and the great North West. The pleasure of the trip to Fort Garry was much enhanced by being accompanied by two intelligent and interesting fellow-travellers, in the Rev. J. B. Armstrong, and Bro. Jacob Haines, an active member of our church from the Morrisburg Circuit. Arriving at Chicago the following morning, we remained a few hours examining the growth and progress of the city, and the marvellous and incredible rapidity with which its miles of ruins by the disastrous conflagration are being restored; the city rising from its ashes with far more than its former magnificence and splendor. We left in the evening for St. Paul, and thence by the North Western and the great North Pacific Railway for Moorhead on the Red River. On arriving we found that we were most fortunate in the time spent in Chicago, as it abridged by so many hours our stay in Moorhead, the steamer having got in a few hours before us, would have to discharge her cargo and take on a large freight before we set out for our destination, but on the whole, limiting our stay to some 10 or 12 hours in the meanest and muddiest village we met in all our travels, and the crossing of whose principal street when we were there, was like crossing the Rubicon, for none wanted to repeat or try it again. The Red River is one of the most tortuous and crooked rivers in America, sometimes almost doubling upon itself like a great boa constrictor, running 900 miles from its source in Dacotah to where it empties into Lake Winnipeg, falling only 200 feet in 600 miles—its valley being 20,000 square miles, a territory as large as both the States of Vermont and New Hampshire, and like Manitoba generally, the richest soil I have seen since I left the banks of the Nile; and as the heavily laden steamer, towing two scows loaded to the water-edge, moved slowly on, and the river being very high, we had a fine chance when we came to our own country of surveying the Prairie from the upper deck, which contrasted favourably with Minnesota and Dacotah, being more elevated and drier, and if only half cultivated, would wave with golden

grain and garnered harvests, richly rewarding the tillers toil. On May 14th, the ninth day after leaving Toronto, we sighted Fort Garry and the thrifty and prosperous little town, now the city of Winnipeg. We were still more delighted to have pointed out to us as we neared, what they called Mr. Young's Church, which, with its neat red roof, is one of the most conspicuous objects in the little city, the future metropolis of the great North West. I was highly pleased as our noble deputation the preceding year must have been, to find that Mr. Young in securing the large and valuable lot on which the premises stand, had made the very best selection he could have done, as it is, from the growth of the town towards the Fort, in the very heart of the city, and must be very valuable in the coming time. When we landed we received a cordial salutation from our esteemed brother; and a hearty Methodist welcome from his family, and felt at once all the comforts of a home. I preached Sabbath morning to a congregation of nearly 300, and we took up a collection for the Missionary Society. Addressed the large and interesting Sabbath-school in the afternoon, whom I found well up in Bible history; and my friend Bro. Armstrong, preached a most effective and practical sermon in the evening. As all the facts connected with our important cause here were so well put in the report of the deputation of last year, as well as the facts communicated by Bro. Young himself during his recent visit, I need not enlarge; but bear my testimony to the wisdom of the choice that was made in selecting him for his present position. I was highly delighted to find that he was regarded by all as a first-class representative of our body on any and every occasion, both in the pulpit and on the platform; and it gave me great pleasure to see his unwearied devotion to the interests of every Missionary in the work, in the whole country; in many cases anticipating their wants and studying in every way to promote their welfare. The firm and manly stand he took during the dark and perilous days through which the infant colony passed, when traitors were in the ascendant, and his magnanimous and christian heroism in standing by the side of poor Scott, tying at his request the bandage tighter over his eyes and administering to him what consolation he could, and breathing the name of Jesus in his ear a minute or two before he was shot, have given him a place in the affections and memories of the people that will not be forgotten during the present generation.

Bro. Young drove me to two of his out-stations, Stone Mountain and Headingley, where we found 28 hearers at the former, whom I addressed, and 12 at the latter, to whom Bro. Armstrong preached, and I closed with an exhortation. At some of these places it is emphatically the day of small things, but our church from the beginning, true to her character, must be the pioneer and carry the message of life to those that will be scattered abroad over that land of magnificent distances. The following Friday, (23rd), accompanied by my friend Bro. Armstrong, we started under the superintendence and guidance of Brother Fawcett, for High Bluff, and reached his plain but comfortable and neat home on Saturday afternoon, where we received a hearty welcome from Mrs. Fawcett.

Although we had a fine shower at church time, Sabbath morning, we found in the plain log church at Poplar Point a congregation of 109 persons, mostly half-breeds, and having such respectable names as Sanderson, McNabb, Gunn, Chisholm, &c. The power of the Lord was signally manifest during the preaching of the word; and Bro. Fawcett preached a good sermon to about 60

persons at Gowler's in the evening. Mr. Armstrong officiated with great acceptance to a good congregation at the Bluff in the morning, and Bro. Walton, the young minister, in the evening, so that the Mission was fully supplied during the day. I gave them two conversational lectures at the Bluff on the Holy Land, and one at Portage La Prairie, and among the audience at the first lecture were two young men, Roman Catholics, who came 10 miles and brought a large load to the lecture, and we netted about \$54 for the new Parsonage, which was handed to Mrs. Fawcett, to be expended on some items of furnishing which a lady can so well select. Bro. Fawcett is admirably adapted for his position, and since we were there the Lord has graciously visited them with the conversion of souls, and a good class is formed at the Portage. My kind friend with a great deal of zest, pointed out to me the beauties of the Parsonage lot of three acres which Dr. Wood helped him to select, and subsequently on my way to the North West, I saw the house and barn, or stable, enclosed—the well sunk and boarded; costing when finished, some \$2,500, so that the \$1,000 grant made by the Committee is already well expended, and our esteemed brother may need more help. The class and congregation meet in the Parsonage, so that my venerable colleague, Dr. Wood, in writing to him can send greetings in true apostolic style, "to the church that is in thy house." We returned to Winnipeg the last of the week, and spent the Sabbath officiating as before, and although it was wet, a leading Presbyterian informed us that our congregation was three times as large as the Presbyterian and Episcopalian put together. Bro. Armstrong preached to a large congregation in the evening. Embracing the first opportunity, we sailed the following Thursday in the boat of a private trader, (as it was uncertain when the Company's boats would be ready), for Norway House, which we reached in 13 days and a half, time enough to cross the Atlantic, although it is only about 360 miles. This was the most uncomfortable voyage I ever performed, for the following reasons:—First, an open boat without any chance of walking or promenading, or exercise, and obliged to sit all day in a space about 6 feet by 8, and as we were voyaging in the very worst time of the flies, when we went ashore either for cooking meals or camping for the night, millions of mosquitoes, ready to pounce upon us, and whose voracious powers no language could describe. Our digestive organs got sadly out of order, and we could sympathise with our esteemed brethren, the Missionaries and their families, who have had to take a similar voyage to reach that field of self-denying toil and labor. On the 14th day from Winnipeg, sailing on slowly on a beautiful little lake called Mission Lake, the master of the boat exclaimed: We are only about half-a-mile from Mr. Young's house, and never was intelligence received with more joy by an Atlantic voyager after a stormy passage, than we received the welcome announcement, and soon that joy was heightened by our kind reception at the Parsonage, although we arrived at an unseasonable hour. Mr. Young was soon up and after a comfortable supper, with christian family comforts, we conversed till full dawn, and then went to rest. On Sabbath morning we heard the bell ring half-past 6, for the morning prayer meeting; it rang again for Sunday-school at 9. As the Mission premises are located on an elevated point of land, almost surrounded by water, it was a grand sight, that glorious Sabbath morning, to stand and see boats approaching in every direction, some rowing, some paddling, some sailing, from the tiny little bark canoe, to the Lady of the Lake, rowed by eight stalwart Orkney men and Highlanders, having on board the offi-

cers of the H. B. Co., from the Fort; and all if not flying as a cloud and as doves to their windows, yet coming on the wings of the wind as ships to their Haven, and voyagers to the Port of Peace—the sanctuary of God. I preached at 11 o'clock, to nearly 400, including officers and employes of the H. B. Co., Orkney men and a few enthusiastic Highlanders, and some half-breeds. But the large majority were Indians, members and adherents of our church, and seldom have I witnessed, either at home or abroad, such devout attention to the word preached and such a spirit of devotion in the congregation—that indescribable something that pervades the service, felt alike by both preacher and hearer, when praying hearts are lifted up, in communion with God. Upwards of 120 partook of the sacrament of the Lord's Supper in the afternoon, and a few had come over 20 miles to be present. The preceding Sabbath when we were expected, and before the large brigade of boats had left, upwards of 220 had communicated, and although we were deeply sorry that we failed to reach them, yet we did our best to get there and could do no more. In the evening we crossed to the Fort, and had service in the neat room fitted up as a church by the company. My esteemed fellow-traveller, Mr. Armstrong, preached, and we felt it was good to be there. We spent a couple of hours in the Mission school, and found a fine school with 65 scholars in attendance. We heard them read the Scriptures, both in English and in Cree, in the syllabic characters, and also heard them examined in No. 1 Catechism, and were delighted at the accuracy of their answers in English to some of the most difficult questions, especially as they speak and think in Cree, although they may know a little English. Bro. Young gave out some hymns in Cree, which they sang charmingly, and their writing and the cleanness of their copy books would compare favorably with those of any school in this favored Province. When I looked at the prosperity of the Mission and the school, and cast a retrospective glance up to the days of the devoted James Evans, I could not but reflect on what immense benefits have been bestowed on that people and their children, by the Wesleyan Missionary Society, and at the same time exclaiming, as I did after the Sunday morning service: Much as the parent society, as well as our own, have expended on this Mission, it is repaid a thousand times in the sound conversion, consistent lives, and happy deaths of these simple-minded followers of the Lamb. It is doubtless the finest Indian Mission in the Dominion, if not in America.

24th, (Tuesday), enjoying a strong breeze and a favorable wind from the south, accompanied by my brethren, Messrs. Young and Armstrong, we embarked with a fine brigade of 3 boats of the H. B. Co., all manned by our people, for Oxford House, some 200 miles distant. On this voyage we saw a most remarkable proof of their gifts and piety. Supper done, at the call of their pastor, the crews of the 3 boats came together, a hymn was sung, given out in English and Cree; and the commodore of the fleet, Bro. Cochrane, led in prayer, and one of the ministers followed in a short one in English; and Bro. Young informed us that if we sailed for ten days he could call on a fresh one each time to lead our devotions, out of a company of 26 men. Where would you find such boat crews on the waters of the globe, such a majority that could lead fluently and appropriately in prayer—more in proportion than in any of our city churches. The company at devotion would have been a grand scene for an artist. The grave and devout appearance of the worshippers, prostrate with their faces to the ground; the ministers in the same position; the two tents representing

Pilgrim life; the camp fires burning; and the charming back ground of poplars, firs, spruce, and larch, would make a picture fit to fill a niche in any gallery in the world. And what the artist could never touch with his pencil or his brush, the deep emotion and peace of souls in communion with God, and the felt consciousness of the Divine presence. After a most wonderful voyage, in which I saw specimens and examples of navigation that I never saw equalled, we arrived at Oxford House, beautifully situated on Oxford Lake, one of the finest in America, and received a cordial welcome from the gentlemanly officer in charge, C. Sinclair, Esq.

On Sabbath morning I gave them "Walks about Jerusalem," applying it spiritually, and Mr. Sinclair, our Evangelist there, interpreted; but unfortunately, one of my finest points on Prayer meeting, in the garden of Gethsemane, under the magnificent olive, was shorn of its glory in one particular, by Bro. Young hearing him translate the olive as a greasy tree or stick, and for the moment to me ignorance was bliss, and I passed on—or had I known it I certainly would have said: Can you not do better than that? if not, pass it by. Bro. Young gave them an instructive address in the afternoon, after which we had the Sacrament of the Lord's Supper, and baptised several children; and Bro. Armstrong preached, having a special good time in the evening. Though all were glad to see the visitors, and there was a general rally for miles round, making a congregation of about 60; yet we found the cause in a low and depressed state, and the general aspect and condition of the Mission most unsatisfactory. An Evangelist who cannot administer the ordinances, must always be placed at a disadvantage, especially where there are a number of church members, and this was not an exception. Again, the members and adherents were divided between the old locality, or head of the Mission, at Jackson's Bay, and the Fort, 18 miles distant—the large majority being at the Fort—and anxiously desiring the removal of the Church and Mission thither; but three or four families pleading for things to remain as they were, regarding it as a better place for their fishing, and small patches of arable land where they raised a few potatoes. Arrangements were made for the removal of excellent materials which the assistant had prepared and erected for a new church, ready for the plates, from the Bay to the Fort; and the erection there of the new premises; and for the school-house at the Bay, to be fitted up for a little church, which has been done, and will more than accommodate the few that are remaining. It is to be hoped that ere long, the few still at the Bay will come to the Fort, and not only save the Missionary fatigue and labor, but enable him to concentrate his efforts with greater success where they are most needed. An old local preacher however, named Daniel Belton, visited us, and in an eloquent oration (as understood by Bro. Young and Mr. Sinclair), set forth their claims, and his whole manner and bearing commanded our unqualified admiration. They complained that they had had no school for eight years, but now they will have a faithful and effective man from Norway House, and who will, we believe, make a most successful helper. From the spirit and courage which our brother German manifests, and in which he enters on his work we believe Oxford House Mission has entered on a new era of spiritual prosperity.

As we could not wait for a couple of weeks, till the first brigade which was expected returned from York Factory, we were obliged to hire two small bark canoes, manned by two men each, with one of ourselves in the centre of the tiny

craft with his paddle, for the return journey to Norway House, and although one sitting in his easy chair in a parlor may admire Longfellow's description :—

" And the forest life is in it,
All its mystery and its magic !
All the lightness of the Birch tree,
All the toughness of the Cedar,
All the Larch's supple sinews,
And it floated down the river,
Like a yellow leaf in Autumn;
Like a yellow water-lily."

Yet it is much more practical, and another thing, when crossing a lake 12 or 15 miles long, in a pretty stiff breeze, and only 9 or 10 inches above the water. The superintendent of Norway House seemed in his element, and the Indians said the visitor could paddle pretty well. I parted with my faithful companion-in-travel, Bro. Armstrong, who had been such comfort and help to me ever since we left home. In public duty he was always ready and effective, and although travelling for health, taking all the labor in the domestic and cooking department, in which I had no skill, but in which he was an adept, an excellent baker and a first-class cook ; thus was I cared for, between himself and Bro. Young, to Oxford, and on the return from Norway House to Winnipeg, by my esteemed friend, Bro. Semmens, coming to his Mission at Headingley. Although we called at Beren's River going, and had an interview with one of the principal men and gave him a little present, we did not see any thing of the location of the Mission till the return journey, when we had ample opportunity for the half of an afternoon of surveying the ground. The Indians, with whom we conversed through an interpreter, seemed delighted at the prospect of a Minister coming to reside among them ; and the place where I think Bro. Young will build is a beautiful location, near the premises of the H. B. Co., as the family of the officer in charge will be the only persons who will afford any society to the Missionary's family.

After 4 days hard paddling, we arrived at Norway House, and found all well. Although complaining next day, I had a comfortable Sabbath and preached at the Fort in the evening. Next day we bade our friends adieu, and Bro. Semmens and myself sailed with the same trader with whom we went out, and arrived safely in Winnipeg, where I found my guide—companion—and famous fellow-traveller, for the prairie and the great North West, Bro. John McDougall, had been waiting patiently with his men for three weeks, for my arrival.

Our dashing unbridled native steeds being collected from their great unfenced pasture field—our little stores purchased and packed, as necessary to be secured before you start on your journey through "The Great Lone Land" as if you were part of an Eastern caravan—our carriages, an ordinary Ontario waggon and two buck boards ; a small party of three men, subsequently increased to six, start from what is now the city of Winnipeg, on a tour of 2000 miles, and ten weeks continuous travel, to visit all the important points where our Missions have been or may yet be established, and explore generally the largest and grandest division although the least known of our glorious Canadian Confederation.

From Rat Creek, and Messrs. Grant and McKenzie's farms, the present *ultima Thule* of civilization on the great highway to the Saskatchewan, we saw only one house, and that uninhabited, till we reached Fort Ellice, on the

bank of the Assiniboine—230 miles from Fort Garry,—where we received a Highland welcome from Mr. McDonald, the gentlemanly officer in charge. Having rested and recruited, we set out for the next grand stage, and saw not a house till we came within 18 miles of Fort Carlton, which is 307 miles from Fort Ellice, almost as far as from Toronto to Montreal, without seeing a human abode, civilized or savage, and passing nearly the whole of the distance through a most picturesque and charming country. Here two or three of our shoeless horses began to get footsore and we had them shod, also sundry repairs to some parts of our gear and trappings. We travelled 167 miles further, when my active companion leaving the man and myself to cook and prepare our dinner, communicating by signs, mounted one of the best saddle horses, and from what is termed the guard of Fort Pitt, galloped off to the Fort, and in the course of two or three hours returned, accompanied by the chairman, Bro. George McDougall, and a servant, Bro. Peter Campbell, his boy and another boy that came with them, which threw a new element of life into our party; and after mutual congratulations we went on our way rejoicing. Nearly 100 miles further and not very far from the royal little Victoria, we turned our faces directly north, leaving the boys in charge of the tent and baggage, and rode 40 miles on horseback, to White Fish Lake Mission, which, in one day on a native horse, without having had practice for some years, made sleep sweet on the hard floor with my coat for a pillow. Here we were much disappointed to find the neat Mission house locked, and the Missionary and his family, and the teacher and his family, with the large majority of our people, women and children, away hundreds of miles on the plains hunting the Buffalo. But we found the *locum tenens* of the place, Benj. Sinclair, who was overjoyed to see us, and he hardly knew what to say, or how to express himself when I presented him with the \$120 from the Committee towards making up his loss when the canoe upset, with himself and Peter Jacobs. His conversion as related by himself, is intensely interesting. While my friends were getting the horses ready, I went to the church and rang the Toronto bell, which was presented by our esteemed colleague, Mr. Macdonald, and in 10 minutes we had 70 of a congregation; Bro. John McDougall interpreted with great earnestness, and we had a time of refreshing from the presence of the Lord. This Mission, located at 54° North Latitude, more than 11 degrees north of Toronto, was commenced in 1856, by the excellent brother who has been the pastor from the commencement till last June, when he was appointed to Woodville. During his 17 years God has given him great success; the membership being 118, and the congregation about 200; with a school of 60 children. The premises are a plain log church, 30 by 20, a Mission house with five rooms, and a kitchen, neat and comfortable, and a stable that answers the purpose, and all erected with the Missionary's own hands, with what help the Indians could give him, and without expense to the Society. The Mission lot of five or six acres, may be cultivated, for the soil is as rich as Solomon's gardens. There is a lake at the door abounding with the finest fish in America. Many happy deaths might be named connected with the history of this Mission if our space would permit.

The next Mission in order is Victoria, picturesquely and beautifully situated on the Saskatchewan, 54 deg. north latitude, and by odometer, 816 miles from Fort Garry. We received a warm welcome from Mrs. David and Miss McDougall, and then passed on to our comfortable home with Bro. Campbell's family

George McDougall, in 1862, beginning with a large body of Crees, professed adherents of our church, and therefore classes were organized in a short time. A Church and Mission-house were built in two years, which cost \$2,000, which was all defrayed by local contribution and personal effort. There are about 10 acres enclosed, which is considered the Mission lot, although in reality, there are no bounds to the north till you reach the Arctic Circle. The Mission-house has eight rooms, four above and four below; a fine garden; a snug little church, which must soon give place to a larger one as it will hold only about 150; and a bell to summon the worshippers at the hour of prayer. In the garden we saw the mournful monuments of the tidings we heard in this land, in the four graves—three of Bro. McDougall's daughters, (two his own, and the daughter of Ogemawahsis, adopted;) and Bro. John McDougall's first wife; and the tragic details of the former; the death of the three by small pox, and the father and son putting the lovely daughter and sister in the coffin—digging the grave themselves and covering it—none daring to come near to aid or administer consolation. Poor Mrs. McDougall kept up till the last one was gone, and then she swooned and did not recover consciousness for some 48 hours. Our services on Sabbath were well attended, although the large majority of the Indians were away hunting the buffalo. The half-breeds of the fine little settlement and the employees of the Company made quite a congregation. English sermon in the morning, a talk of an hour and-a-half on the Holy Land, translated into Cree in the afternoon, and a fine Cree service by Bro. John McDougall, in the evening, filled up this delightful Sabbath. Membership 70—30 of whom were received on trial in the revival last spring, under the labors of Bro. Campbell, 10 removals and four deaths during the year; and when the Indians are at home the congregation is about 120; 60 children in the school during the week, and 65 on the Sabbath; and the school, taught by a gentlemanly well-educated half-breed, of the name of McKenzie, a local preacher in our church and a good man. Of the many remarkable and happy deaths that have occurred in the history of the Mission a few might be cited did space permit.

The next Mission in order was Fort Edmonton, for which we set out on Monday, (for Mr. McDougall meant business), after bidding adieu to our kind hostess, Mrs. Campbell, in whose comfortable house we were as much at home as in any of the mansions of the older Canada, and reached the second day before tea time, 71 miles distant. The second day in the afternoon while passing through a magnificent section of country, looking like an English park, with beautiful groves of aspen and fir in the distance, and some 12 or 14 miles from Edmonton, we met the chief factor, Mr. Hardisty, Mr. McDougall's son-in-law, and his second son-in-law, the son of the Hon. John Young, of Montreal, Mr. Leslie Wood, and Mrs. Hardisty, Mrs. Young, and Mrs. John McDougall, who had a most luxurious spread on the beautiful sward, Canadian pic-nic fashion, to which we were welcomed and invited in the style which characterizes the princely benevolence of the officers of the H. B. Co.

After a quiet evening and rest of one night only, we set out next morning for Woodville, 56 miles south south-west from Edmonton, travelling by buckboard and on the saddle, and arriving the second day in time for a social service at the Mission-house in the evening. Here we were on the ground of, in some respects, the finest band of Indians in all the territory that stretches from Fort

We met

Garry to the Rocky Mountains, "The Stoney's," and although located in one of the finest situations in all that country, yet the Bow River Valley where Bro. John McDougall has gone, is to be their future home. The Mission was named after my esteemed colleague, Dr. Wood, and he would be proud of it if he saw it. Pigeon Lake, on whose bank the premises stand, is one of the very finest lakes in America; from 15 to 20 miles long, and from six to eight miles wide; and if located in Europe, would find its place in the fellowship of Como, Maggiore, Lucerne, Windermere, or Loch Lomond. It is swarming with white fish of A 1 quality, that can be caught at any season of the year, and as many as 500 have been caught in a day, averaging four pounds each. This Mission was commenced by Bro. John McDougall, in 1864, who built the little Mission-house and church with his own hands, with such help as the Stoney's could give him. The Mountain Stoney's as a tribe, are our members, or adherents, and the old ones have remained faithful since the days of the devoted Rundle, 30 years or more; but some have fallen asleep.

Edmonton is next in order. The devoted Rundle made Edmonton his headquarters, and from which, he went forth on his evangelistic tour to the surrounding tribes. When he left there was a vacancy of seven years, when Bro. Woolsey was appointed, who remained nine years, labored faithfully and was much beloved and respected; but no premises were erected and no class formed, and the services were held in the Fort. Then they were only occasionally visited after Bro. Woolsey left, for six or seven years, till Bro. George McDougall went and properly established the Mission, and of his perseverance and success we cannot speak in too strong terms, and must ever command our highest admiration and praise. Now there are 20 members; a congregation of about 60, and constantly increasing; two services on Sabbath and one during the week, and as it is a grand centre it is of the utmost importance that it be properly sustained. The new church which we dedicated, is a neat building, well finished; the work having been done by the Rev. Benjamin Jones, in good style. The dimensions are 32 feet long and 24 feet wide, and all the pews were let before it was dedicated. The Mission-house has five rooms, with a large kitchen; and the premises cost at least \$3,000, only \$500 of which was granted by the society. The lot joins the fine property of the company (who own 3,000 acres in a block) and is 50 rods frontage on the Saskatchewan, and runs back, or north to some imaginary line between that and the North Pole. The whole of that region covers one of the finest and largest coal beds in the world. The services on Sabbath were, sermon and dedication in the morning; sermon in Cree, in the afternoon, by Bro. J. McDougall; and Bro. Campbell preached an excellent sermon in the evening. Preparations being all made, stores purchased, Bros. George and John McDougall, Bro. Snyder, a young man who is entering our work, the visitor, William the servant, and a Cree Indian that joined us subsequently, crossed the Saskatchewan—in all, six men and 11 horses, for a journey of about 800 miles and over four weeks constant travel, to survey that grandest section of the field for future openings, the new Mission field in the magnificent Bow River Valley, Morleyville, and especially to see the various tribes of Indians on the plains, in their numbers and strength, and judge of the Mission work yet to be done by our own beloved church, which has, from the beginning of her history, taken the lead in benefitting those original masters of the soil who are fast melting away. service, and then came to a camp of 43 or 44 tents; held service in the evening and another in the morning, with a fine audience, and afterwards had a council with them for over 3 hours. Three days afterwards, as we were journeying over a magnificent treeless prairie, a scout from the savage and ferocious Blackfeet, who were camped in their strength a short distance from us, galloped into their camp and sounded the alarm that "American Traders" were approaching. As they were in a valley hidden from us, we knew nothing till we saw some sixty men armed to the teeth, and mounted on swift horses, approaching on the full gallop, bent on blood, and with the solemn resolve to kill us, before they would allow us to enter the camp, and exhibit as they supposed, our wares for sale. But when they ascertained that, instead of being a party of those outlaws who have injured them in every possible form, we belonged to their own country and to their Great Mother across the big waters, and were Missionaries and men of peace, we were marched into the Chief's tent, where, much to our physical discomfort, we spent that evening, the whole of the next day, being the Sabbath and Sabbath night, and departed next morning in peace, after a general shaking of hands, and in their way a friendly good-bye. We held a religious service in the afternoon, and when we knelt on the ground to pray, they gazed at us with intense amazement and all the expression of wonder at our mode of worshipping the Great Spirit. When we reflected on our signal deliverance, we raised our hearts in devout thanksgiving and praise unto God, and realized perhaps as we never did before, "For the Angel of the Lord encampeth round about them that fear him and delivereth them."

Tuesday after leaving the Blackfeet, we descended into the splendid Bow River Valley, and the next day camped within five miles of the location of the future Morleyville, doubtless the most romantic and grandest site for Mission premises in all our work, if not in all America. Fronting on the Bow River is the main branch of the South Saskatchewan, a clear rapid stream swarming with fish, flanked and surrounded by the chain of foot hills, which constitute the Propylon, or majestic gateway to the Rocky Mountains, 30 or 40 of whose giant peaks can be seen from the Mission-house door, having on their northern shoulders the snows that never melt; and in a clear morning, as the rising sun successively gilds the peaks according to their altitude or position, the scene is one of indescribable beauty, sublimity, and grandeur. Between the foot hills and the mountains are wide vales or Wadys from 15 to 20 miles wide, where horses and cattle graze and fatten the winter through; and to this desirable spot, having a reserve 20 miles on each side of the Bow River, the Stoneys have promised to come in a body, and it is also hoped that the Blackfeet who, to the present, have been restless roamers, will be induced to come there also, for there is room enough for all. The committee have made provision for two interpreters, and no church was ever blessed with a better agent, or a man possessing higher qualifications for that work, than Bro. John McDougall.

Ten days after, we reached Fort Benton, the head of Steamboat Navigation, on the Missouri, hoping from information previously received, that "Bismarck," where the Northern Pacific crosses the river, was not a very long distance from us, but, alas for our ignorance of the geography of the Great North West! that land of magnificent distances, for we found that it was more than 1,000 miles by the river and between 700 and 800 by land, and either was dangerous unless there was a large party, for the meanest and most treacherous of all the Indian

tribes, the Sioux, were Nothing for it but a st 482—going four night Southern Pacific Rail dear old Canada.

tribes, the Sioux, were on the route in great numbers, and were as bloody as ever ! Nothing for it but a stage ride first of 160 miles, to Helena, Montana, and thence 482—going four nights and three days continuously, to Corinne, Utah, on the Southern Pacific Railroad, and so by Omaha and Chicago to home, sweet home, dear old Canada.

In parting with my brethren at Fort Benton, I could emphatically say,—

“Blest be the dear uniting love,
That will not let us part;
Our bodies may far off remove,
We still are one in heart.”

My ten weeks uninterrupted travel and intercourse with Bro. John McDougall strengthened my attachment to him daily, and my admiration of his character, as well as his eminent qualifications, for that important work to which God hath called him. And the father, as well as the son, has a peculiar adaptation for opening up and laying the foundations of Missions in that country, that shall be the nuclei of extensive evangelistic operations, not only among the natives, but the uncounted multitudes that will yet find a home in that wonderful land ; and the names of all our laborers will be associated with its brightest and best history in all the coming time.

In accomplishing this long and continued tour, I find that I travelled :—

By Rail,	3,414	miles.
Open Boat,	920	“
Bark Canoe,	200	“
Stage,	634	“
Buck Boarding, (waggon).....	1,933	“

7,101 miles.

And now, in conclusion, I cannot help exclaiming, “What a country and what an amazing extent of territory I have passed over those five months, which, if I had not seen and realized it I could scarcely have believed it, though a man should declare it unto me.” What boundless resources awaiting development, and what responsibilities devolve upon our rulers and legislators, as well as on the Ministers of the Christian Church, to mould and shape the destiny of the future Empire, and lay the basis of all its institutions deep and wide on the Rock of Ages. May we have grace to be faithful to our High and Holy trust, and bring the promises of God to His ancient covenant people verified to us. “But if ye be obedient and keep my commandments, and walk in my statutes, and do them, then will I establish you in that goodly land—a land flowing with milk and honey, and ye and your seed shall possess it for ever, for the mouth of the Lord your God hath spoken it.”
