CLOSING EXERCISES IN GRAMMAR SCHOOL HELD YESTERDAY

(From Wednesday's Graphic.)

The public exercises in connection with the closing of the town schools for the summer holidays took place yesterday forenoon, which was one week earlier, owing to several of the teachers leaving this morning for Fredericton to attend the sessions of the Provincial Teachers' Institute. From 9 to 11 the several classes were examined simultaneously in their respective rooms in the subjects taught during the term. At 11 o'clock sharp the pupils of the higher class, with an unusually large number of visitors assembled in a room on the third floor—which is part of the room formerly used as the assembly room, where the following programme was successfully carried out. Mr. F. P. Matheson, the Chairman of the School Board, presided, assisted by Professor Williamson, director of the Manual training department of the School.

- 1 Address by the Chairman.
- 2 Essay by Miss Hazel Lingley.
- 3 Song, "Water Lilies," by the school.
- 4 Presentation of diplomas to graduating class, by His Worship, Mayor Murray.
- 5 Class valedictory, by Miss Jessie Currie.
- 6 Song, "Peace on the Deep," by the school.
- 7 Address by His Honor Judge McLachey.
- 8 Violin selection by Austin Murray, Philip Theberge, Constance Murray, Fanny Scheffer and Isidore Scheffer, with Carrie Sharpe as piano accompanist, under the direction of their teacher, Miss Reiden.
- 9 Essay by Miss Mary Graham.
- 10 Piano duet by Miss Tessie Lingley and Miss Lillian Mowat.
- 11 Recitation by Etta Coleman.
- 12 Piano solo, by Miss Tessie Lingley.
- 13 Recitation "Nobody's Child," by Gladys Kean.

The several addresses given were short and to the point, all indicating the progress made in educational matters during the past few years. The defects in the teaching of the fundamental subjects in the lower grades were also pointed out and the growing necessity of a course of study more in keeping with modern requirements and the necessity of the age. The address on Character Building by U. S. Consul Botkin was a masterly effort and indicated in a marked degree the cultured mind and oratorical ability of the speaker and should be the means of stimulating the aspirations of his hearers to a higher goal in their future lines.

At the close of the exercises, cheers were given for the chairman, the mayor, the U. S. Consul and the singing of the National anthem brought the proceedings to a close.

The list of graduates is as follows: Misses Jessie Currie, Etta Thomas, Alice Joudry, L. Irene Currie, Gertrude Brown.

The teachers who do not intend taking in the Educational Institute will continue their classes until the close of the week.

AGRICULTURAL COM HELD FIRST MEETING

WOODSTOCK, Tuesday.—The agricultural commission held its first public meeting here this afternoon and evening.

Hon. Mr. Landry explained that when the Government came into power they had decided to make a thorough investigation of agricultural conditions as New Brunswick during the last twenty years, had fallen far behind the rest of the Dominion in agriculture matters. A lengthy discussion on apple growing and sheep raising took place. The majority favored a compulsory dog tax.

NOW I AM WELL THANKS TO "FRUIT-A-TIVES"

Ell, Manitoba. I wish to state, for the sake of others who may be sufferers like I was, that I suffered from severe indigestion and constipation for years and that there was also womb trouble with unpleasant pains in my back which made me miserable, constantly. I tried physicians and took many remedies but I got no relief. I was induced to try "Fruit-a-tives" and I can truly say this was the first medicine that ever did me any good. "Fruit-a-tives" quickly relieved the constipation and indigestion and completely cured me of all symptoms of womb trouble. I cannot express too strongly my great gratitude to this medicine as I am as well now in every way as ever I was, thanks to "Fruit-a-tives". I can strongly recommend "Fruit-a-tives", it is easy to take and the effect is always mild like fruit.

(Sgd) Mrs. M. BRILLAND, 148 Dalhousie, N. B.

Many women suffer with what the doctors call "Womb Trouble"—"Diseased Ovaries"—"Female Complaints" etc.—when Constipation is causing all the pain. Cure the liver and make the bowels move regularly with "Fruit-a-tives" and the "Womb Trouble" will be cured at the same time. "Fruit-a-tives"—or "Fruit Liver Tablets"—are sold by dealers at 50c a box—6 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

The Royal Society of Canada favors a year of thirteen months. The Royal Society consists entirely of philosophers, who scorn time sufficiently to be generous with it.

Mrs. Evelyn Thaw gets twelve thousand dollars a year from the Thaw estate. But, of course, she had to do some advertising before she could command a figure like that.

This is the time of year when a man craves a wild free wood and thinks that the scent of the camp fire is second only to that of roses. Later on he'll compare it with hay fever.

The greatest heat is never found on the equator, but some ten degrees to the north, where more severe cold has been registered in northern Siberia than has been found near the pole.

Oklahoma has passed a law against free ports for politicians in the newspapers. We congratulate Oklahoma. A State that values the power of the press so highly has a great future.

Twenty years ago the fact was made much of that New York city boasted 100 banks and trust companies. Today, however, the greater city has no fewer than 212 institutions of this character.

It is said that Worcester, Mass., which now has no license, ships eight carloads of beer to Providence every day and that most of it is bottled in the Rhode Island city and then shipped back to individuals in Worcester.

The Vienna academy of sciences has spent nearly \$9,000 in working 10 tons of uranium ore for radium. The yield was three grains of pure radium, the largest amount ever secured at once, the value being \$220,000.

Your old gun's no good," said Chas. Hill to Daniel Frock, of Springfield, Ohio. "I'll show you," said Frock and snapped the trigger ineffectively several times. Hill walked across the room and the gun unexpectedly went off and sent a ball flying at the head of the hunter. He fell dead.

A large sheet of rain water which had collected in a depression just above the Racine coal mine in Sosnowitz, Poland, made its way into the pit, carrying with it a mass of earth and demolishing everything in its path. Four injured men and two mutilated bodies have been recovered and six more are missing.

LETTERS TO EDITOR

To the Editor of the Morning Graphic:

Sir: The Graphic of the 20th June announced that Campbellton would vote on the question of Harquail bonus on Tuesday next.

What I suppose was intended as a 'vote' did take place yesterday, the 23rd inst., and perhaps voters thought they were voting to build on the Currie factory grounds. Not so. It is for a lot opposite the Chapel Crossing, otherwise Mr. Martin's lot, that the bonus was intended for, as per Resolution of Council.

As the taxpayers did not vote to grant the Harquail bonus, it is not necessary to refer to the obvious peculiarities of the voting contest, nor to ask the legislation for what does not exist nor not likely to for some time hence.

I am, Sir, A RATEPAYER

To the Editor of the Morning Graphic:

Dear Sir: Some time ago there was an agreement petition circulated among the barbers of Campbellton for closing their shops on Tuesday evening at 6 o'clock and Thursday evening at 8 o'clock and although all the barbers signed and agreed to it, there is still one on the north side of Water street who works on these evenings. I don't

think it is fair for one barber to turn away customers from his door on the above evenings and see them get their work done by another barber of the town who signed the same agreement, and if the same barber still continues this he will find that there will be more barber shops than his open on such evenings.

Thanking you, Mr. Editor, for the space which you have given me in your valuable paper, I am, Yours truly, A BARBER

To the Editor of the Morning Graphic:

Dear Sir: I am very pleased to see that your paper is taking up the pulp wood question. Give us more of it. It is one of the most important questions of the present day.

Let me say that the Graphic is much appreciated here. Of all the papers that come to this office, the Graphic is read first. But the mills are not doing their work. We often get two at a time and sometimes never. Didn't get any on Friday or Saturday, got two today.

Please continue to send the Graphic. Yours truly, JOHN DICKIE

The Morning Graphic sent through the mail to any address for 75 cents per month.

If one feels dull and spiritless in the spring or early summer, they call it 'Spring Fever'. But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching the right spot. Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the sluggish than any other known nerve or constitutional tonic. It sharpens a falling appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. A. McG. McDonald.

HOMESTEAD REGULATIONS.

SYNOPSIS OF CANADIAN NORTH WEST.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 24, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made a person by the applicant at the Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, brother, daughter or sister of an existing homesteader.

The homesteader is required to perform the homestead duties upon one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so elects, perform the required residence duties by living on a farm land solely owned by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother if the father is deceased) of a homesteader has permanent residence on a farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead erected for him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances created in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion lands at Ottawa of intention to apply for patent.

ANOTHER QUEBEC BANK CLOSES ITS DOORS--DEPOSITORS NOT UNEASY

St. Hyacinthe Bank Suspends Payment and the Town is Somewhat Excited Over Matter.

THINK MONEY IS SAFE

MONTRÉAL, Wednesday.—The closing of the St. Hyacinthe Bank has caused considerable excitement in the little town, but the depositors appear to be taking the matter easier than was anticipated last night. There was a small crowd around the bank doors this morning and the matter was of course, the talk of the town, but the faith in the officials of the bank and the consensus of opinion seems to be that their money is safe. None of the officials of the bank would grant an interview this morning, and no further statement was given out.

A DRY TOWN

(Special News Service) MONCTON, Wednesday.—The Methodist conference is about over and several of the ministers have gone. The pulpits were all occupied on the Sabbath by the Methodist clergymen. Last evening they held a Temperance meeting, which was addressed by Mr. J. V. Jackson of the L. O. G. T., Rev. Wayland, Janelon, Strothard, Stiles and Dr. Moore, sec'y of the Lord's Day Alliance. Mr. Jackson declared the fact that very few of the church people were helping in the temperance cause and he appealed to them to do their duty and assist in this work. Dr. Moore made a stirring speech. He gave Sabbath breakers some hard knocks also Christian people who were not doing their duty on this question. He praised the Dominion Government for the Lord's Day Act and always carried it with him for distribution.

Main Street is now undergoing a transformation. Old blocks are removed and new ones are taking their place. Mr. McCallum is a very busy man. It is reported currently here that there is not an open bar-room in the city. Of course there is liquor, but only those who understand the combination can get it.

Mr. W. L. Crighton went to Quebec on Friday evening returning to-day. The advertising matter for the Quebec Tercentenary is beginning to arrive and is quite interesting.

Last Sabbath in the Central Methodist church, Henry S. B. Strothard, son of the pastor of the Central Methodist church, was duly ordained as a Methodist minister. He made a fine address.

The building boom is on again and many new buildings are going up the most being dwelling houses which are much needed. Rents are high and dwellings are scarce. It will take a large amount of dwellings to house all those who are watching for tenements.

Mr. J. Dewar, inspector of the C. P. R. railway will leave this week for a visit to the old home at Picton, N. S. Mr. Dewar has large milling interests in that section.

Some of those who succeeded in getting the pass system on the C. P. R. abolished are now trying to get them back again.

Mr. Percy L. Higgins will lead to the altar tomorrow Miss Kinneir, daughter of Mr. C. H. Kinneir, of the Car accountant office.

Mrs. McCleave of the Windsor Hotel will also lead to the altar on the same day.

"Crystal Theatre" is now a thing of the past and will shortly be opened up in the Curling rink under a new name.

The Bank of Montreal has started their large building on the corner of Botsford and Main streets. Mr. Jas. Reid has the contract. The building will be a good sized one, will be a credit to Moncton and will add to the appearance of Main street.

CHATHAM CHIEF WAS ASSAULTED

Had Arrested a Man in the "Hill" District and was Stoned. WAS UNARMED

The Hill district recently complained of disorderly street scenes and asked for police protection, and it has been included in the patrol limits. Chief Lawson arrested a person down the Saturday night for being drunk and disorderly, and residents showed their appreciation by stoning him. He has a bruise on his arm that would have smashed his skull if he had received the blow on the head. He could see men come out of the houses in the vicinity and reach for stones. He finally left his prisoner in a house, went to the station and got his revolver, returned and got his man. It was most unfortunate that he did not have his revolver with him when the stones were thrown. The killing of

BLACK CAPE

BLACK CAPE, Wednesday.—A salmon supper was given at the home of Mrs. Ed. Steeles on Thursday evening under the auspices of the McCurdy Mission Band. It was a beautiful evening and much credit is due those who took considerable trouble in arranging everything so well. There was a large attendance and everybody enjoyed themselves. The sum of \$24 was raised. This band has just been organized and we all wish them every success in the future.

The W. C. T. U. held their annual meeting at the home of Mrs. J. B. Henderson on Thursday afternoon.

Messrs. Richard Steele, Jeffrey McKenzie, Murray McLellan and Eastern McKenzie left last week for down the coast to work on the A. Q. & W. railway.

Mr. J. C. Fair has his gasoline boat in working order. He has made a successful trip to Campbellton.

Mr. and Mrs. Wm. McKenzie and little daughter left on Monday for Red Deer, Alberta, to visit relatives and friends. We wish them a pleasant trip and a safe return.

Mr. Reiden of Campbellton, who has been here for a few days putting organs in working order, left on Monday.

Ice cream and cake was served at the home of Mr. and Mrs. J. C. Fair on Friday evening under the auspices of the Dr. Wardrop Mission Band which was quite successful.

Two of three of the ruffians would have been a blessing to the town, by riding it of two or three toughs, and a salutary lesson to the disorderly element that would not have been for men who make so murderous an attack on an officer who is performing his duty ought to be shot. They are not fit to live. A civilized place is no place for them. And the officer who puts a bullet into one of them will be doing his simple duty. An officer should not fire on a man who runs away, as some have done, but he should shoot, and shoot straight when he is made a target for stones. It is a pity that Chief Lawson was unarmed Saturday night.—World.

TRANSCONTINENTAL RAILWAY ENTERS RAILWAY TOWN

Rails Laid in a Single Day and Now Construction Plant is Hard at Work--Many New Buildings and Large Yard Planned

(Special News Service) MONCTON, Wednesday.—The rails of the Grand Trunk Pacific Railway have entered Moncton and the Transcontinental, connecting the provinces by the Atlantic with the Pacific coasts is no longer a matter of the future, but a present realization. Several surveys have recently been made by G. T. P. Engineers, but no one except railway contractors knew where the new line was to be located. In a single day rails were laid and now a steam shovel has been installed and is rapidly cutting away the grade, while a donkey locomotive and string of cars is engaged in carrying away earth to all nearby hollows. The rails run almost up to the Intercolonial track, and from there will be paralleled with the I. C. R. to the depot. In addition to hundreds of men employed on the buildings, the railway has a large crew at work leveling the ground in readiness for new yards and opening up new streets.

HON. MR. PUGSLEY AND MR. FOWLER AT LOGGEBHEADS

Mr. Fowler Thinks Government Should Pay The Whole Cost of St. John River Wharves, While Mr. Pugsley wants Province to Assist.

(Special News Service) OTTAWA, Wednesday.—The House spent the afternoon in supply. The House adjourned at six o'clock.

During the discussion on the treaty accorded to New Brunswick by the government, Mr. Fowler declared that the government had discriminated against that province in the matter of wharf building. It was harsh treatment to compel the provincial government to pay half the cost. The government, he said, should build more wharves on the St. John River.

Hon. Mr. Pugsley claimed he has always thought the government should give more attention to the St. John river wharves, but trusted the provincial government would keep on paying towards those wharves.

Mr. Fowler said the Minister's statement would not satisfy the people of New Brunswick. He would have expected the Minister to stand up for his own province.

Hon. Mr. Pugsley remarked that Mr. Fowler was not assisting the province by his attacks.

Mr. Fowler declared this could only mean that because he had the temerity to criticize the minister the province would suffer. He tries to muzzle me, said Mr. Fowler, but people of the province shall know what the minister has said.

Hon. Mr. Pugsley said if the provincial government ceased to contribute towards the building of wharves on the river, the province would suffer.

SAVED SISTER FROM BURNING

Little Boy Extinguished Fire in Little Girl's Clothing.

HEROIC ACTION

Mrs. Miles lives about twenty miles from Campbellton on the Restigouche river. Recently her little son and daughter were playing at some distance from the house. They lit a small fire to burn rubbish, and in playing about it the little girl's clothes caught on fire.

The little boy, with great presence of mind, caught his little sister and took her to a small pool of rain water and extinguished the flames. There was not enough water to wholly put out the fire so he used his hands.

The little girl was quite badly burned, while the boy was only slightly injured. Had it not been for his pluck and presence of mind, the little girl would undoubtedly have been fatally burned.

WINSTON CHURCHILL WINS LIBEL SUIT

Verdict For Three Hundred Pounds Rendered. Will be Divided in Charities

WRONGLY ACCUSED

(Special News Service) LONDON, Wednesday.—Winston Churchill has won his suit against the Manchester Courier for libel. Some time ago the newspaper in an article decidedly against Mr. Churchill, charged him with having tried to escape service in South Africa during the Boer war. The paper pays Mr. Churchill three hundred pounds, which he will divide among charities.

OFFERED N. B. FARM TO ASSIST POOR

Canadian Lady in London Makes Offer to T. Sumnerbell.

CONSIDERING MATTER

(Special News Service) LONDON, Wednesday.—Alicia Simpson, a Canadian lady, who heard Mr. Thomas Sumnerbell, the labor member of parliament for Sunderland make an impassioned speech at the Dominion Lands Act on behalf of the submerged poor, has offered him 40 acres of land in New Brunswick for the purpose of helping them. Mr. Sumnerbell is considering the proposal.

PRIZE DONKEYS

RENDER VERDICT

The twelve prize donkeys of Prince Edward Island have decided that Doherty, the murderer, is not guilty, on the ground of insanity. There was not a particle of insanity. Murder is no longer murder on the Island. All that a murderer needs is a lawyer and a fool-jury, and he will be acquitted. This murderer deliberately shot to death a young man of whom he was jealous.

DO NOT NEGLECT THE CHILDREN

COMPANY NEEDS MORE MONEY

Cannot go on With Quebec Bridge Until More Funds are Obtained.

EXAMINATION NOW

(Special News Service) OTTAWA, Wednesday.—Under examination before a special committee Hon. S. N. Parent, President of the Quebec Bridge Company, declared that it would be impossible for the company to go ahead with the enterprise without more funds owing to the disaster of September last and the clause in the legislation of 1903 which gave the government power to take over the work at any time.

MANY MILLIONS YET AVAILABLE

Plenty Room in Canada For Settlers--One Hundred Million Acres.

SMALL PART TAKEN

(Special News Service) OTTAWA, Wednesday.—The Minister of the Interior in moving the second reading of his bill to amend and consolidate the Dominion Lands Act said the area of land available for agriculture in the Canadian Northwest was estimated at 170,000,000 acres, of which 32,000,000 acres have been given to railways in the form of grants and an equal area of 32,000,000 acres to homesteaders. This means that more than 100,000,000 acres still remain in the cultivatable portion of the Northwest to say nothing of the immense area further north whose possibilities for agriculture no one can yet estimate.

TRANSPORTATION CO'S TO RESCUE

Railways Have Combined to Assist Shipment of Grain, Low Rates.

REPAIRS TO BE RUSHED

(Special News Service) MONTRÉAL, Wednesday.—Although the grain carriers and the shipping trade generally will be hard hit by the blockade of the canal at Cornwall the effects of the accident will be toned down by the co-operation of all parties. The railways have already expressed a readiness to carry grain in shipment at rates much lower than the usual rate and the government will rush the repairs keeping the work going night and day.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee substitute was recently produced by Dr. Shoop, Racine, Wis. Not a grain of real Coffee is in it. Dr. Shoop's Health Coffee is made from pure roasted grains, with malt, nuts, etc. Really it would fool a expert—who might drink it for coffee. No 20 or 20 minutes tedious boiling. Made in a minute, says the doctor. Sold by A. McE. McDonald.

ANGLICAN CONGRESS CLOSED WITH MASS MEETING FOR WOMEN

Thanksgiving Services at St. Paul's Cathedral at Which Offerings Will Be Presented.

WILL AMOUNT TO \$5,000,000.

(Special News Service) LONDON, Wednesday.—The Anglican congress closed last night with a mass meeting for women in Albert Hall, which was presided over by the Bishop of London. The day was spent in several large devotional meetings.

Thanksgiving services at St. Paul's Cathedral will be held at noon today, at which 150 bishops from all parts of the world will walk in solemn procession and lay offerings of their dioceses on the high altar, which it is currently reported, will amount to upwards of \$5,000,000.

GAINING INTEREST EVERY DAY NOW

Votes Coming in at a Lively Rate--More Should Enter as There is Lots of Time--The Standing.

SEND IN COUPONS

Every day sees added interest in the Graphic's most popular young lady contest, and coupons are coming in from all sections of the country. In Gloucester county they are working for Miss Nellie Branch, while in Gaspé Miss May Meunier seems to be the favorite.

Some more sections should be represented. Dalhousie and Jacques River, also New Carlisle and various other sections should have a young lady in the contest. It is not too late yet. Send in the names to the Contest editor and he will add them to the list. The real work has not yet commenced.

Readers will please remember that subscriptions to Events count 100 votes, and for the Graphic 200 votes. Each paper also contains coupons. The standing last evening was as follows:

Miss May Meunier, Gaspé, 918
Miss Nellie Branch, Bathurst, 698
Miss Florence Doherty, Town, 473
Miss Bessie Galloway, Town, 383
Miss Rachel Young, Gaspé, 305

Send in your coupons as early as possible and watch that they do not run out of date and thus be good.

PABOS MILLS

(Special News Service) PABOS MILLS, Wednesday.—Mrs. S. Lefebvre is spending a few days with Mrs. J. Roy this week.

Dr. Thomas of Pennsylvania and Mr. Powell of Canisteo N. Y., limit holders in the Grand Pabos Lumber Co. along with their friend Mr. Post have returned to their homes.

Messrs. Adams and Reed are off on their holidays. They intend visiting Mr. Adams' home in Matapédia, thence to Montreal, Quebec and other places of interest before returning here. We wish them bon voyage.

Mr. F. G. Beck spent Saturday and Sunday in town, looking none the worse of his long stay on the drive.

Another voyage has arrived to land lumber for King Bros. "The Nor".

Four more sailors deserted two of the barques here, and no trace of them as yet has been seen.

We are sorry to learn that Mr. J. Hamilton is confined to the house with a bad cold.

Miss Lena Vachon spent Saturday and Sunday with her teacher Miss A. Teu in Ste. Adélaïde de Pabos.

Miss Winnie McKinney of Pabos was a recent visitor in this village.

Master Henry Vachon returned to his home for the summer vacation after having spent the winter at St. Joseph's college.

Lawyer McLeod of Boston and his son passed through here en route to Douglastown, Gaspé, where they will spend a few weeks every year salmon fishing.

Mr. Wilson of Montreal and a party of his friends have arrived and are catching some fine salmon.

Already quite a number of votes have been sent in for Miss May Meunier of Newport Point and the contest is real interesting.

OFFICER REWARDED FOR DOING DUTY

Chief Warden John Robinson Legislated out of Office by Gov't.

GOOD OFFICIAL

(Chatham World)

The offices of Chief Game Commissioner Knight, who did nothing for \$600 a year, and Chief Game Warden Robinson, who worked energetically and intelligently for \$1200 a year, have been abolished, and the province is to be divided into four districts, each of them to have a warden at, we hear, \$800 a year. This will cost more for salaries, and will probably be a better system than the old one, as the whole province is too large a district for one man to look after. Only an official of Mr. Robinson's tireless energy and devotion to duty would have made the old system efficient.

And now Mr. Robinson is rewarded for having done his duty so well by being legislated out of office at the demand of men who have been prosecuted and punished by him for violating the laws. This is precisely how it stands. Two of the county members were gained by these soreheads, and the other two, while appreciating Mr. Robinson's good work in office, didn't have backbone enough to stand by their convictions and refuse their assent to his being slaughtered.

The Surveyor General has written a highly appreciative letter to Mr. Robinson, and it is an open secret that he would have refused to part with so faithful and successful an official if the two Northumberland members to whom we refer had stood by their convictions and refused to sanction his removal.

Mr. Robinson's experience as an official is not likely to encourage others to do their duty. He was dismissed by the Liberals in 1898, from the office of Fishery Warden, because he was prosecuting Liberals as well as Conservatives for violating the law, and now he has a similar experience. Other officials will take warning by his experience, go slow, and be careful not to prosecute offenders with a political pull.

The Government will lose prestige in the province by this sacrifice of an official of exceptional efficiency, and the county members will not gain by it.

More proof that Lydia E. Pinkham's Vegetable Compound cures sick women.
Miss M. R. Morin, 335 Ontario St., Montreal, writes to Mrs. Pinkham: "I was in very poor health and doctored for months, receiving very little benefit. I had lost all ambition, was nervous, and subject to dizzy spells and painful periods each month."
"A friend suggested Lydia E. Pinkham's Vegetable Compound as the proper medicine for me. I procured a bottle of this remedy and began taking, and before it was finished, I felt so much better that I continued its use and gave it a thorough test, with the result I am to-day well and a much healthier girl than I was three years ago. I have no more painful periods, dizziness or nervous troubles."

FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

EDUCATE THE BLIND
An educated blind person is as a rule self-reliant, self-supporting and an inspiration to those with whom he comes in contact.

An uneducated blind person is a burden to himself and to his friends. Education is free to every blind boy and girl in the Maritime Provinces and Newfoundland but this fact is not always known to the parents of such children. Our public-spirited citizens, boys and girls as well as grown-ups, to help forward the work of the School for the Blind at Halifax, can best do so by sending to the Superintendent the names, ages and addresses of all blind persons under twenty-one years of age.

ACCIDENTAL DISCHARGE OF A GUN CAUSED MR. DAVIS' DEATH

The Graphic's Grand Magazine correspondent has sent further details of the accidental shooting of E. W. Davis, of Nappaganset Pier, R. I. He and his son were sitting on the veranda of his summer cottage, when he reached down to pick up his gun, employed a large number of men during the fishing season, and his death in some manner the charge was exploded. The shot struck the unfortunate man full in the heart, killing him instantly.

Mr. Davis was one of the best known American fishermen on the Grand Cascadia river. His fishing rights were very extensive and valuable, and he employed a large number of men during the fishing season, and his death is regretted by all.

Several of the Councilors felt that the Board of Health was greatly handicapped in their work in regard to the smallpox cases for want of funds. Accounts amounting to \$343.60 had been forwarded to the Provincial Board of Health and had been passed, but the government had only forwarded a check for \$197.34. The custom hereof had been for the government to pay half the amount. They had been written to time and time again for an explanation and Mr. Stewart had been asked to look after the matter, but so far no reply had been received. These accounts were outstanding since February and it was almost impossible to get people to work longer without pay. Something should be done.

Several of the Councilors felt that the Board of Health was greatly handicapped in their work in regard to the smallpox cases for want of funds. Accounts amounting to \$343.60 had been forwarded to the Provincial Board of Health and had been passed, but the government had only forwarded a check for \$197.34. The custom hereof had been for the government to pay half the amount. They had been written to time and time again for an explanation and Mr. Stewart had been asked to look after the matter, but so far no reply had been received. These accounts were outstanding since February and it was almost impossible to get people to work longer without pay. Something should be done.

WIND ON THE STOMACH

HEADACHE
CONSTIPATION
Wind on the stomach is just the bad gas that rises from undigested food. Constipation comes of sluggish liver, and the impurities in your blood cause headache.

MOTHER SEIGEL'S SYRUP
Cures all these by strengthening stomach and liver, and causing you to digest your food.

Price to the bottle, 50c. Sold everywhere.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible! But I can now surely kill the pains and cause of this deplorable disease.

In Germany—Witten, a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made, a perfect, dependable prescription. Without that last ingredient I successfully treated many, many cases of Rheumatism; but now, alas, it is locally cured all chronic cases of this horrible much dreaded disease. Those same like granular wastes found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as truly as dew melts when added to pure water. And thus, when dissolved, these poisonous wastes leave the system, and the cause of Rheumatism is gone forever. There is now no longer any logical excuse to suffer longer with this pain. We sell, and in confidence recommend
