The city council last night by a unanimous vote decided to enter into matter. No. 2. a contract with the hydro-electric commission to supply the city of London with Niagara power. The motion came in the form of a recommendation from No. 3 committee, and it was made by Chairman Gillean. It was as follows:

"Your committee recommends that, whereas, the council of the municipality of the city of London under Bylaw No. 2920 passed on January 14, 1907, has been authorized by the electors to enter into a contract with the hydro-electric power commission of Ontario, for a supply of electrical power, the cost of which is not to exceed \$23 50 per horsepower per annum, ready for distribution by the said municipality;

"Therefore, this council do hereby request the said power commission to furnish the council with a statement of the terms and conditions upon which 6,000-horsepower electrical power and energy may be transmitted and supplied, together with a form of the proposed contract to be entered into between the said municipality and the said power commission."

There was a large grist of other matters, but as the mayor, Ald. Stevely and Ald. Gillean were in a dinner, business was put through with a rush, and an adjournment was reached at about nine o'clock.

The Question of Absorption

is a most important one for bakers, and one which should be seriously considered by all.

A strong, rich Flour, which absorbs a great deal of water, is more satisfactory, inasmuch as, pound for pound, it will make more bread than a weaker Flour, and with less trouble. Consequently it is more economical.

All bakers who are desirous of reducing their ex penses and increasing their profits proportionately, should use our "FIVE ROSES" and "HARVEST OUEEN" brauds. These are strong, rich, Manitoba Flours, especially suited to fill the requirements of the bakery trade, and which will be found more economical than any ordinary brands on the market.

Craving for Drink Destroyed.

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable discovery has made so many cures among our customers that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

THE MOST RELIABLE and Successful Authority—Greatest success in the treatment of Hernia (Rupture) Varieocele (False Rupture) of all known agencies—in modern times. He who makes a specialty of one department must certainly be more experienced and capable than those having "many irons in the fire." Don't put off your case, believing it to be simple—Remember neglect often proves fatal. Have your case attended to now, and thus avoid danger. Stop wasting time and money elsewhere but come to one whose life-long study has taught him what to do. Do not despond or be deterred from seeking further advice, or because of repeated failures consider your case incurable. Because others failed in your case you have become discouraged. This is the very time you should consuit me as my reputation has been made in curing hopeless (so-cailed) cases.

LADIES suffering from Navel or any form of Rupture should not hesitate in having their case attended to at once. Everything strictly private and professional.

MOTHERS—Look to your children—Now is the tima to have them cured, while young. Don't allow them to grow up handicapped in the race of life, with rupture.

MY CHARGES are within reach of all, the poor man as well as the rich. Terms can be satisfactorily arranged, no reason why you should not consult me at once, during this visit.

Following are the details of one of the most interesting and, at the same time, most sen. sational cures of skin disease ever reported, and once again the credit goes to Zam-Buk, the great herbal healer. Mr. H. Wright, of Inverness, Cape Breton, is the subject. He says: "In August, 1902, while being shaved I sustained a cut on

my face just under the left ear. I was then a sailor and on the eve of a voyage. Soon after we sailed, blood poison set in and I found that sores were spreading all along the side of my head. The poison ran along like a creeping ivy plant under the skin and at intervals sending up an ulcer which discharged.

I was soon in a terrible state! The steward, and everybody with a knowledge of the medicine chest, tried their best, but the ulcers and sores would not heal. I tried doctors in New Orleans where we first touched at no cure. From thence to Hamburg, Germany-no cure. Then to North Shields, England-no cure. Back again to Canada, still suffering and trying all sorts of things in vain. Then back to Shields-no cure. Out again for Port Eads, but had to abandon the voyage through bad weather and put into London, England. While there I was treated at the leading skin hospitals, but the sores did not close, no matter how treated From there I went to Cardiff, and while there a friend said, 'You can still be cured! Try Zam-Buk!' I hardly believed it possible, but I took a supply of Zam-Buk on board, as we were sailing for Canada that night. The sores were at that time so terribly painful that I could hardly bear to touch them. I anointed them with Zam-Buk and kept on applying it regularly. In a few days the sores showed signs of healing. Zam-Buk seemed to take out all the soreness and kill the poison. By the time we reached Montreal, to my amazement and delight, every one of the sores was closed. To-day my skin is sound and healthy. I am cured completely and I owe it to Zam-Buk. There is little wonder, therefore, that I am so enthusiastic in my praise of

WHY IS ZAM-BUK SO POPULAR?

There are several reasons: Because it cures where ordinary ointments fail, as in the above case. Because of its unquestioned purity. Because of its herbal composition. Because it is free from all trace of animal oil or fat or mineral Because, while its application eases pain and soothes wounds and injuries, it is so highly antiseptic that it kills all disease germs instantly, thus preventing inflammation and suppuration.

WHAT IT CURES -- Zam-Buk cures pimples and face sores, eczema, ulcers, scalp sores, ringworms, abscesses, bad leg, chronic sores, piles, varicose ulcers, abrasions, cuts, scalds, buens, blood poison, itch, barber's rash and all other skin diseases. Rubbed over the chest it eases the tightness due to colds and chilis, used as an embrocation cures rheumatism, neuralgia, etc. All druggists and stores sell at 50c. a box, post free from Zam-Buk Co., Toronto, upon receipt of price. 6 boxes sent for \$2.50.

Two Popular Cash or One-Week Credit Stores

UST because the credit system has so long been in use is no reason that we should continue it forever. When money was scarce it was a convenience, but it is away behind the times nowadays. As per our announcement in Monday's Advertiser, we are getting away from that old, expensive way of doing business, and are running as nearly cash as possible. We will be able to sell a little cheaper and thus make it well worth while for you to pay cash or at least not expect more than one week's credit.

LOCAL MARKET.

Wednesday, April 3, 1907. There was another big delivery of hay at the market today, amounting to 40 loads. Sales were fairly brisk as all of the loads excepting about half a dozen of inferior quality had been sold by noon. Prices were easier at \$12 to \$13 25 per ton. Quite a number of the sales were made at \$12 50 per ton. Straw wass dull at \$6 per ton or \$3 50 to \$4 when sold by the load.

Oats were a little firmer at \$1 20 to No. 2 mixed, 72c asked outside, 71c bid, upply was small.

WEEKLY REVIEW.

though the roads were in bad hape last week, the amount of busiiess transacted was fully up to the average. The supply of hay and oats in the latter part of the week was small. This week the supply has been Bay, now en route. large, and prices, as a consequence, are large, and prices, as a consequence, are lower. There was a fairly good de-mand in all lines, and prices were, as Bye-No. 2, 63c bid east. a rule, steady, excepting for eggs and

Grain-The price of oats have fluctuated considerably the past six days, \$4 50; seconds, \$3 75; bakers, \$3 90. as on Saturday \$1 30 per cwt, was the top figure, while at Tuesday's market as low as \$1 18 was paid. Present prices are \$1 20 to \$1 '23 per cwt. Barley is selling at \$1 05 per cwt, and wheat at 70c per bushel,

Hay and Straw-Prices have varied coniderably; on Saturday as high as \$14 50 per ton was paid; owing to the large delivery the past three days, the same qual-Ity of hay sold at \$12 to \$13 25 per ton. Straw is a rather slow sale, at \$6 and aceasionally \$6 50 per ton.

Butter and Eggs-The supply of butter has increased considerably of late, and while there is no reduction in prices, the dealers are confident that the market will be weaker shortly; sales are made at 4e to 25c for choice crocks and 25c for the best pound rolls. Eggs are lower, at 15c to 16c for crate and basket lots. Potatoes-The demand is fair, at 80c to

Apples-The demand is slow, as the market has been over-supplied during the winter months; prices are steady, at \$1 75 to 52 50 per barrel.

Poultry-The demand has slackened off a little; the supply, however, is light; April, 98 3d.

Drovers and the outside men generally were under the impression that very little stuff would be required immediately following the holiday. In this they were a little out, for, as it happened, there was quite an active demand for cattle, and prices were correspondingly firm. choicest butcher cattle sold off very early at from \$4 25 to \$5 25. The whole offering was soon cleaned out at firm prices, but with so little to offer and so little to choose from, would-be buyers concluded there was nothing for it but to take an ther holiday, and the market was early deserted. A good, active market is lookea forward to for Thursday. Heavy feeders and good short-keeps are firm at \$4 40 to \$4 60.

Demand for light stockers of good qual-Ity, but common stuff is not wanted. Sheep and Lambs-Market steady; good grain-fed lambs are quoted at \$6 25 to \$7 per cwt; common lambs at \$5 50 to \$6 50 per cwt; spring lambs, \$5 to \$8 each. chasing. City Should Advertise.

Mr. Martindale spoke briefly along "Muthe line of advertising the city. nicipalities should indulge in advertising," he declared. "I do not think the people in business here advertise enough. They do not support the papers well enough. A municipality should advertise just as much as a business house."

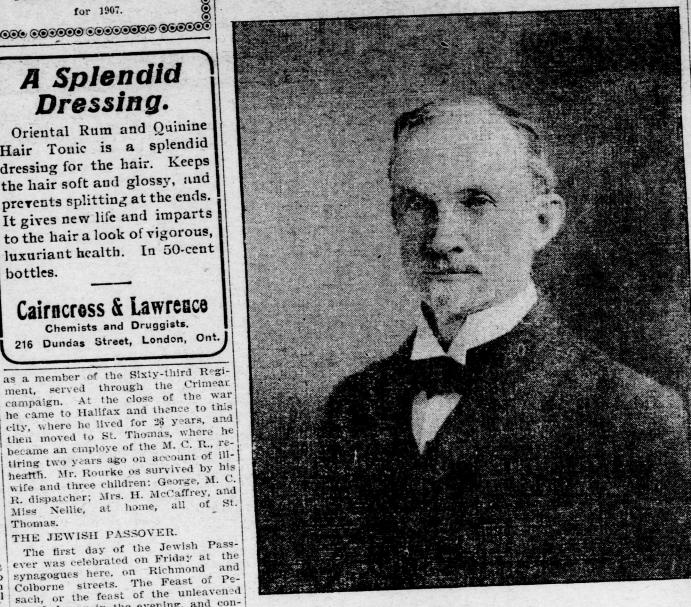

The speaker told of what had been done by a number of places in the way of municipal advertising, and added that he knew of no city in Canada or the United States that would be more benefited by consistent and persistent advertising than London, with its fine churches, splendid stores, splendid water, and its well enforced law and order. NEW CARPETS AND RUGS

Our Carpet Department this season shows the most complete and varied assortment of Fine Rugs and Carpets that we have ever shown. A special purchasing trip to the European markets has resulted in our securing a wide range of all the newest and most important floor covering fabrics. These, goods have been arriving for the past week and are now on display in our showrooms.

We specially invite inspection and will be pleased to show anyone through our department whether an intending purchaser or not.
