

ICE JAM AT WELLINGTON BRIDGE GIVES FRONT ST. RESIDENTS ANXIOUS TIME

Water Rose Rapidly This Morning and People Feared Repetition of 1918 Flood—Ice Gave Way With Grinding Crash When Water Was Running Level With Banks.

Ice jammed above the Wellington street bridge gave residents of Front street an anxious time today when the water broke through the ice. The water reached the level of the tank, and was threatening to overflow. At 10 o'clock the ice gave way with a grinding crash, and released the ice further down the river. The breaking was seen from the jam at Wellington street until the river ice formed solidly to the river bed. The water from upstream has undermined this, however, and the water is now flowing over the thorax. Water is also flowing over this, may tend to bring a breakup soon than.

Springbank dam is no longer a factor in causing a flood. It was swept away on Good Friday night, and the water now has a fairly clear channel. This will likely help to prevent a disastrous flood.

Front Street escaped a flood last night, but it nearly was formed in the rear, owing to the mill race. In 1918 however the water overflowed the banks and it was necessary for the residents to tie up their boats to get out of their houses. At that time only the residences on the north side of the street were flooded, but the water came within a few feet of the houses on the other side of the street.

**KING OF CHICKEN
THIEVES OPERATED
BY NOVEL METHOD**

Montreal, March 13.—Josaphat Thibault, king of chicken thieves in the Montreal district, and who carried on a large wholesale business by preying on the poultry yards of the six counties surrounding Montreal was yesterday found guilty here, and

will be sentenced next Tuesday. His method was to sell fruit in baskets to the farmers, locate the poultry runs, and return and loot them at night. Last October he swart the chicken coops of one farmer clean of 200 fine specimens, and this exploit was the cause of his discovery.

FLOOD FOLLOWS IN WAKE OF TORNADO IN SOUTHERN STATE

tion in Syria, Palestine, Constantinople and the Orient generally, where France has century-old traditions, there are French missionaries who "ought not to be considered to foreign competitors." The application of the mandate to Alsace-Lorraine, the administration of missions in the former German colonies of Togoland and Kamerun, and the ex-

Exercise of the Catholic religion in Morocco, are pointed out as problems in which co-operation between France and the Vatican is necessary.

GREAT WAR VETERANS OF SASKATCHEWAN NOT TO ENTER POLITICS

Decision is Reached at Convention at

Prince Albert. March 12.—A unanimous decision not to enter into politics either as a party or in support of any particular party was indicated by the Saskatchewan Great War Veterans' convention here yesterday, when a resolution was adopted.

LOCAL TEMPERATURES.
Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 41; lowest, 35.
The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 47; lowest, 40.

the entry of the association into politics in support of a broad platform which would help to create equality for all in the development and distribution of natural resources of the country.

Without discussion, the provincial association adopted a motion asking the Government to consider bringing before the Government the re-establishment plan submitted last year, which involved the estate of all returned men of two thousand dollars.

**WILL COST MILLIONS

The disturbance which was over the St. Lawrence river, and which has moved northeastward to the Great Lakes, causing snow in Northern Ontario, has been in the air in the

board of appraisal awarded \$1,207,351 eastern portions of the province and gains Thomas Kelly & Sons, the original contractor. In Quebec, the work has been fair and cold.

INDUSTRIAL COUNCIL TO BE LINK BETWEEN EMPLOYERS AND MEN

New Local Body Will Endeavor To Promote Better Feeling in Local Building Trades — Representatives of Workers Favorable.

Members of the builders' exchange, at an informal meeting on Thursday evening, decided to form an industrial council, the function of which will be the promotion of better feeling between the employers and the employees.

E. Compton, fair wage officer for Ontario, spoke on the matter, and was in favor of the local builders following the example of those in Ottawa, Hamilton and other cities, where such organizations are in existence.

J. Marsh, organizer of the carpenters, also expressed himself as being in favor of the plan.

Representatives from all the building trades in the city attended, and were favorable toward the formation of the council.

This body, of which more will be heard within a week, when the builders meet again, will, it is hoped, be the means of helping to settle differences which may arise from time to time between the men and the employers.

CANADIANS CAN NOW AID THEIR RELATIVES IN CENTRAL EUROPE

Can Buy Food Drafts From Banks, Redeemable in European Cities.

The Advertiser is in receipt of the following communication from the local branch of the Bank of Montreal:

Dear Sir—You are no doubt aware of the organization of the American relief administration by Mr. Herbert Hoover. The object of the administration is to relieve the food situation in Central Europe. Warehouses have been established in Hamburg, Vienna, Warsaw, Budapest and Prague, where supplies of food such as flour, beans, bacon, lard, corned beef, canned milk and cottonseed oil have already been sent. It is possible for the people in the United States and in Canada who have relatives in the country surrounding the above cities to purchase drafts for practically the equivalent amount in food stuffs at these points.

A few of the Canadian banks, among them ourselves, are now in a position to issue these food drafts, although in our country it will cost the prevailing premium for New York funds, as the money must be sent through the relief administration in New York.

Improvements to the Canadian Pacific Railway roundhouse at London, to cost in the neighborhood of \$10,000, will be undertaken in May, according to an announcement made yesterday by local officials. A new welding system and various other new equipment will be installed. Improvements to the roundhouse at Windsor will cost \$7,000, and the work will be undertaken very shortly.

MAJOR KINGSMILL'S WIDOW AND SON ARE NAMED JOINT HEIRS

Will of Deceased Doctor Disposes of Estate Valued At \$120,509.

Mrs. Inez E. Kingsmill and her son, Ardagh S. Kingsmill, are the only beneficiaries under the will of the late Major (Dr.) H. A. Kingsmill, who died recently. The estate is valued at \$120,509. Life insurance and real estate are the principal items mentioned in the will.

Until the son attains the age of 25 years both beneficiaries are to receive a weekly allowance from the estate. If the son dies before he has reached his 30th year, leaving neither wife nor children Mrs. Kingsmill is to receive the profits from the estate. If the son dies before he has reached his 30th year, leaving neither wife nor children Mrs. Kingsmill is to receive the profits from the estate. If the son dies before he has reached his 30th year, leaving neither wife nor children Mrs. Kingsmill is to receive the profits from the estate.

Should Mrs. Kingsmill marry prior to her son reaching the age of 25 years he will receive \$75 a week instead of \$50. Real estate valued at \$4,500 and life insurance policies totaling \$12,500 are included in the estate. The property is all in London.

GOOD BEER A FOOD, BUT NOT NEAR-BEER, LECTURER DECLARES

"U" Extension Course Audience Hears About "Psychology of the Menu."

Good, fresh beer had considerable food value, being rich in vitamins, Dr. J. W. Crane told a Western University extension course audience in convocation hall last evening, but the two per cent beer sold in London contained no vitamins, and therefore no food value, in an interesting lecture on "The Psychology of the Menu." Dr. Crane explained that the chief value of grapefruit or soup to begin breakfast or dinner lay in their stimulation of the flow of gastric juice. It would be just as well to begin a meal with glass of water, which would answer the same purpose.

One he had advised his students not to use tobacco, believing that it weakened the efficiency of the digestive secretions. Tests were made of the saliva of a student before and after he had smoked half a dozen cigarettes. Contrary to expectations the student's saliva digested starch much better after smoking than before.

Dr. Crane held as the result of experiments among students that one's average output of work could not be increased by coffee-drinking or the use of tea, alcohol or other drugs. One might attain to a higher peak of output and quality of work temporarily, but on averaging up one would find better results by not using stimulants.

Candy, he declared, was the very best food for children, who needed far more sugar and fats than adults, and vitamins as provided in vegetables, milk, butter and eggs were necessary. Lack of vitamins caused rickets in children and scurvy in adults.

Oatmeal was the cheapest and most efficient breakfast food. Milk in tea and coffee precipitated the tannin of the sugar concealed the bitter taste of the caffeine. Vegetables should be boiled quickly to conserve the vitamins they contained. Fireless cookers and prolonged boiling destroyed vitamins. Pasteurized milk contained less vitamins than raw milk, but was safer for children because it was free from germs of bovine tuberculosis.

VETERANS INVESTED BY GEN. PANET AT BYRON SANATORIUM

Two Nursing Sisters and 19 Officers and Men Receive 1914-15 Star.

A very impressive investiture was conducted yesterday afternoon at the Byron Sanatorium by Brig.-Gen. H. A. Panet, C. B., C. M. G., D. S. O., G. O. C., M. D. No. 1. The ceremony was opened by a short address from the Rev. George Pugsley, chaplain of the sanatorium.

Rev. Mr. Pugsley paid a glowing tribute to the men who went over and fell. The men who returned in the early days of the war, also received the highest praise. "A great many of you men who are broken in body," he said, "want to know what you have gained in the war. You have achieved one of the greatest things possible, in giving your health in an unselfish cause, and have done something more brilliant than any of the men who did not go over and who have whole bodies."

Gen. Panet gave a short address before the presentations were made in which he also paid a very high tribute to the men and nurses who enlisted for overseas.

Canada, said Gen. Panet, raised six times the number of men it was thought

Saturday, a Day of Opportunities

Opportunities of specially purchased merchandise for the new spring season — referring particularly to the sale of Gossard Corsets and the Crepe de Chine Waists, also the opportunity for men to procure their next winter's overcoat. We have only a few, but they are choice lines; thought them too good to sacrifice earlier. Tomorrow we offer these at a third off to clear, which makes it a real profitable investment.

o'Clock, Tea Room,
Fourth Floor.

SMALLMAN & INGRAM

possible to raise in 1914. The feats of the Canadian troops in the field were deserving of the highest praise.

In closing his address, Gen. Panet said: "We have had the great privilege of helping to fight Canada's battles and no small part in making her name glorious and we must not forget that with increased honor comes increased responsibility. In the days of the war,

we were ready to die for our King and country; now let us live for King and country."

Stars Presented.
Two nursing sisters and nineteen officers and men were invested with the 1914-15 star. Besides these Mrs. J. Johnston received her husband's star of the 1914-15 class, and Pte. H. Hayes, the Mons star.

A very appropriate musical program was rendered by the orchestra of the sanatorium, and Gounod's "Meditation" was played by James Cresswell as a violin solo.

Three of the men who were unable to be present for the investiture were decorated afterwards, when the general made an inspection of the infirmary buildings.

The recipients were: Pte. H. Hayes, Mons star; Mrs. J. Johnston, N.S. E. Mitchell, Matron A. Dickson, Majors N. Snelgrove and E. Chesman, Drs. Karney and Nichol, Sergeants T. Lindores and E. J. Wilson, Corps, Gordon and A. J. Riddiway, Lance-Corps, A. Law, and Ptes. J. Campbell, N. King, T. Montgomery, G. Thackeray, C. Bowles, C. McConnel, C. Whitsett, J. Burgin, F.

Dockyard and A. R. Murray, the 1914-15 stars.

RESUME RELATIONS.
PARIS, March 11.—(Havas).—The Government will shortly present a measure providing for re-establishment of diplomatic relations with the Vatican, it was learned today.

FINE CONCERT
Ed Crawford and Party Entertain Men of the Princess Pats.
A concert of a high order was given to the P. P. C. L. last night in the Military Y. M. C. A., by Ed Crawford and his party of entertainers.
The boys spent the time until the party arrived with a little sing-song, which nearly raised the roof. The men of the Pats have lusty voices, and can use them to good advantage. Among the entertainers were Marian and Freddy Smith, two very smart juvenile character singers and dancers with the men, having completely captivated the soldiers' hearts. Miss Dickerson sang two solos with great charm.

PILES

O. A. C. ALUMNI MEETS TONIGHT

Important Business To Be Discussed by Agriculturist.

Election of officers and a discussion on improved rural education will be the chief items on the program of the first annual business meeting of Western Ontario O. A. C. Alumni Association, which is to be held in the rooms of the department of agriculture this evening.
A resolution concerning proposed improvements in the system of rural schooling was drawn up by the council of the association, which met this afternoon, and will be presented to the general meeting for discussion.
Circular letters have been sent to every member of the association, explaining the importance of the evening's discussion. It stated that the topic is a live one among all the rural districts, and that all O. A. C. men should be able to speak on it at any meeting. The members of the alumni, scattered as they are throughout Western Ontario, were in a position to appreciate the shortcomings of the present system. It of course, that in all probability the revision of the rural education system would be considered at the present session of the provincial parliament.
Every member has been asked to bring to the meeting a list of suggestions for the improvement of the rural schools. The subject under the following headings: better training for teachers; such as pupil-teacher system, with the teacher undergoing an apprenticeship; more pay for teachers; teachers' residence; consolidated schools; a higher percentage of male teachers; a high school in every rural community; consolidated rural high schools; township trustee boards; agricultural atmosphere to teaching; revised curriculum and a revised promotion and examination system.
It was also planned to have explained and discussed the Canadian Society of Technical Agriculturists. The council, which consists of the executive of the association and one representative from each of the thirteen counties in Western Ontario, met in the rooms of the department of agriculture, in informal "feed" will be held at the conclusion of the business meeting this evening.

IN COUNTY JAIL

Alfred Tiedman, Strathroy, Committed for Trial.
Alfred Tiedman is in the county jail having been committed for trial by R. M. Trueman, J. P. of Strathroy, on a charge of assaulting his wife, using insulting language toward her, and threatening to kill his family. He was taken out to Strathroy from the jail on Thursday. He had been remanded for a week previous to that.

BIG INDICTMENT

Says T. D. McCullough in Reference to Scotch Distillery Statement.
"It was a big indictment to make," stated T. D. McCullough, secretary of the Social Service Council, in making reference to the statement made by a Scotland distillery that Canada is consuming the whisky which they can manufacture, and that the dealers are requesting more to be shipped.
According to the act liquor can be shipped for export at any time. Then the prohibition forces will combine stronger than ever to combat the evil.

BREAKS LEG

Benjamin Mitts Falls From Garbage Wagon.
When the garbage wagon, which he was driving, away at the corner of Piccadilly and Adelaide street at 9:10 o'clock this morning, Benjamin Mitts, 955 Maitland street, fell from it and broke his left leg above the knee. The police ambulance was called and P. C. Walter Harper gave the injured man first aid. Mitts was removed to Victoria Hospital. No doctor was called.

Standard Drug Stores Can Always Be Depended On

No matter whether the demand be great or small and the opportunity for higher profits greater, Standard Drug Stores are constant in their aim to give you the best prices and the best merchandise.

Standard Drug Stores do not wait for competition to set prices and then price accordingly—they are ready every day to give you the maximum of service and quality at prices that always "save you money."

Why Should Wives and Mothers Slave Over Wash Day Now That the "Time Saver" Electric Washer and Wringer CAN BE BOUGHT FOR \$10 Down and \$2 Per Week

THINK! how you dread the thoughts of Blue Monday. **THINK!** of how tired and "all in" you are after doing your washing. **THINK!** how much nicer life would be if you could get your washing done without work. **COWAN'S COLOSSAL HARDWARE** offers this London-made machine on the above convenient terms for a short time only. Your opportunity is now, as we have only a limited stock at present prices. **\$10 Down** puts the machine at work for you. A liberal cash discount if paid in full in thirty days. You are cordially invited to inspect the "Time Saver," and we assure you that you will be under no obligation whatever.

DON'T WORRY
Three cheers for the chap who wrote "Pack Up Your Troubles in Your Old Kit-Bag." This song has helped me more than I can say. I have adopted the slogan "What's the use of worrying; it never was worth while."
Does worry get you anywhere? Yes, do enough of it and you'll occupy a padded cell in Dr. Robinson's hospital home. This doesn't mean that you must lay down off your job. Not at all. But when you have done your utmost on a particular job and it turns out not exactly right there is no reason or carrying around a man's size grouch about it. When you leave your desk at 6 o'clock, leave your troubles there till morning. God help the man who carries home his business troubles, and He'll have to work overtime to help the poor chap out. Try the slogan mentioned above, and if you don't feel better yourself and look a darned sight better to everyone else, I miss my guess.
"OLD-TIMER."

NEWS

FINED \$2. George Loughrey was fined \$2 in police court this morning for breaking a city law.

TROUBLE ON L. AND P. S.—Power trouble on the L. and P. S. is stated to have been the cause of no L. and P. S. train arriving in London from the south after 10 p.m. last night until 1:30 a.m. today.

CHARGE WITHDRAWN.—John F. Russell's name was on the police court blotter this morning and opposite it was the fact that a charge of violation of the wives' maintenance act, which had been preferred against him, had now been withdrawn. The complainant was Maude Russell.

TO CELEBRATE YPRES.—A very enjoyable smoker and card party was held by the ex-members of the First Battalion last night in Hyman Hall. The meeting was attended by a large number of veterans. The smoker was held to commemorate the first trip of the battalion into the line. This event took place in the Ypres salient five years ago today.

PERMANENT HIGHWAY.—Lambeth people have been assured that the Lambeth-London section of the provincial highway will be of permanent construction, and that the work on it will commence this year. County Engineer Charles Talbot understands. There is thought to be some significance in the fact that H. J. Clark, resident engineer, who will supervise the building of the highway east of the city, has asked the Western Fair board for space in one of the fair buildings for cement mixers. The Lambeth road is the most heavily traveled of all the roads radiating from London.

DEATHS AND FUNERALS
AUGUSTUS SCHABACKER.
Augustus Schabacker died Thursday in Victoria Hospital after an illness of some weeks. Mr. Schabacker, who was a native of Germany was 69 years of age, and had lived in London for some years. He is survived by his wife, Abigail, one daughter and one son.
The funeral will be held from 512 Maitland street on Monday afternoon at 3 o'clock to Mount Pleasant Cemetery.

DELAWARE DEATH.
Mrs. Ethel Stone of Delaware died this morning after a short illness. Her husband and five small children survive her. The funeral will be held from Delaware on Saturday afternoon, and interment will be made in Woodland Cemetery.

CONTRIBUTIONS WANTED
FOR SPRINGBANK ZOO

Parks Board Appeals to Public for New Specimens.

While money is being supplied by the city for the upkeep of the zoo at Springbank this year, no provision is being made to obtain new inmates for it. As this feature of the park has proved a great attraction since it was started, the parks board is anxious to improve it. It has therefore made an appeal to the public to contribute desirable specimens.

men. Accommodation will be provided for these, and the gifts will be suitably acknowledged by a sign on the cage or enclosure where the animals are kept. A bear is one of the animals desired, while deer, buffalo, and, in fact, almost all varieties of wild animals which can be kept without too great difficulty in this climate are acceptable.

PRESENTED WITH CHAIRS

Neighbors Bid Farewell To Family of Merton Hatch.

Delmer, March 11.—Mrs. and Mrs.

Merton Hatch were given a surprise party on Tuesday evening, when over 100 neighbors and friends gathered to bid farewell prior to their removal to Chatham this month. Rev. W. A. Warden acted as conductor of affairs, an address was read by John Sypher and presentations were made by James Williamson, James Lamden, Isaac Curtis, George Allen and C. H. Kipp. Mr. and Mrs. Hatch each received a large leather upholstered easy chair, and their two daughters each received a nicely-bound hymn book, and Ross, the only son, a fountain pen.

SPRING IS HERE!

Women Buying Headgear in Large Numbers, Says Bradstreet's Report. London reports to Bradstreet's say that interest this week in mercantile circles, centres largely around the spring openings of millinery and ladies' furnishings and trimmings. Business is good and a satisfactory volume passing. Wholesale houses are as busy as their stocks permit them to be. Good goods are in brisk demand and payments are prompt. On the local market potatoes are firm under light receipts and hay and straw firm and in good demand.

DEPOSIT AVERAGE
OF 18 CENTS IN
THE PENNY BANK

London Youngsters Not as Thrifty as Those of Other Cities.

The statement of the Penny Bank for the month of November and December shows that the school children of London are not quite so thrifty in regard to putting pennies in the Penny Bank as their counterparts in other cities of the same size. The average deposit made in the penny bank for the months of November and December by each pupil was 18 cents. Cape Croker Reserve children claim the highest average, that of 25 cents for each pupil for the months of November and December. The average amount deposited in the Penny Bank by school children all over Canada per month was 45 cents. In 1917, the total amount deposited in the Penny Banks of Canada was \$36,627.75, and in 1918 the total amount was \$77,723.64. A dollar in the Penny Bank is a dollar lent at 3 per cent to the Canadian government in November and December, the average deposit of the children of Aberdeen School was 25 cents; Alexandra, 20; Boys Memorial, 18; Chesley Avenue, 19; Colborne, 45; Ealing, 22; Egerton, 25; Empress, 22; Lord Roberts, 15; Lorne Avenue, 12; Pottersburg, 20; Rectory, 19; Riverview, 10; Ryerson, 41; Simcoe, 21; St. George's, 4; Talbot Street, 2; Tecumseh, 10; Victoria, 16; Worley, 21. The total deposit for the whole of London last November was \$1,690.32 and in December \$906.25.

COL. COLES PLEASED
WITH PROGRESS OF
MACHINE GUN UNIT

London Youngsters Not as Thrifty as Those of Other Cities.

At a meeting of the Second Canadian Machine Gun Brigade in the quarters in the afternoon on Monday evening last, Lieut.-Col. W. G. Coles, the officer commanding, expressed himself as very pleased with the progress made in the organization. This was the second training parade of the new unit, and a talk was given by Lieut. Nuttall on the spirit which animated machine gunners in the late war, and which he hoped would be perpetuated in the London unit. At the conclusion of the lecture he was heartily applauded. The adjutant, Capt. G. W. Beresford, then gave a report on the progress of the organization at outside points. He stated that nearly all the batteries he formed in Windsor, Chatham, Sarnia and Stratford had now about 50 men, and that the progress was very satisfactory. Stratford being particularly enthusiastic, having more than thirty men enrolled within six weeks of the formation of the unit. He also stated that the unit was now out to catch up to the other two towns mentioned, and that he hoped to have the unit fully equipped with machine guns and signaling equipment before the next parade night. It is proposed to start a signaling club. Rifles have been indentured and will be delivered to the brigade before the next parade night. The next meeting will be on Monday evening, March 15, at 8 p.m., in the quarters.

WHY SPRING FEVER?

Why do you get spring fever? According to Dr. J. W. Crane, there is a scientific reason why you just get feeling naturally lazy and somewhat aversive to work on these first mild days of middle March. You're lacking in vitamins, that's what ails you. Now, don't get insulted and throw the dictionary at the guy who tells you that. Look up vitamins in the dictionary. Green foods is pretty well exhausted, so eat your vegetables and other food stuffs quickly.

They are live, life-giving, vital food elements that medical science believes are essential to the maintenance of life. There are at least two kinds of vitamins, fat soluble "A" vitamins and water soluble "B" vitamins. The first kind you get in milk, butter and leafy vegetables, and the second kind you find in all cereals and grains. Don't be old-fashioned and take treacle and sulphur for that tired feeling. What you need is vitamins, and there is nothing so rich in vitamins as raw or quickly-boiled cabbage. Prolonged boiling destroys vitamins, so boil your vegetables and other food stuffs quickly. According to the explanation given by Dr. Crane in a lecture at the Western University, the fact that along towards spring the supply of apples and other green foods is pretty well exhausted, is the reason for the tired, listless feeling that rejoices in the euphemistic and poetic name of spring fever. Eat plenty of cabbage, lettuce and other kinds of rabbit food and you won't feel that way.

EDUCATIONAL "MOVIES"

Interesting Views Shown at Collegiate Institute.

A large number of the Collegiate pupils and teachers, and members of the school board, spent an enjoyable two hours at the Collegiate Institute last evening, when a number of educational films issued by the department of education were shown. Very interesting views of all parts of Ontario were shown, including the lakes and wooded district, and products of the province in course of manufacture were also pictured. A picture showing various diseases of the eyes and how they could be remedied was shown. Even the sober school board likes a good laugh, so a comic picture was shown also. Principal Mooney said the pupils seemed to enjoy the pictures very much, and that the films were entertaining as well as educational. Films of this nature will be shown from time to time.

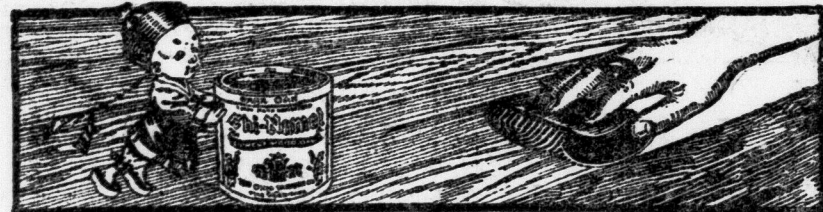

A HOMEMADE GREY
HAIR REMEDY

Grey, streaked or faded hair is not only unbecoming, but unnecessary. Anyone can prepare a simple mixture at home that will darken grey hair, and make it soft and glossy. To a half-pint of water, add 1 ounce of bay rum, a small box of Orle Compound and 4 ounces of glycerine. These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a grey-haired person look twenty years younger. It is easy to use, does not color the scalp, is not sticky or greasy and does not rub off.

FREIGHT SHED PLANS HAVE YET TO ARRIVE

Building Inspector Wants to See Them Before Issuing Permit.

Plans for the new Grand Trunk freight sheds have not yet arrived from Montreal, and Building Inspector Piper is still holding the permit in his office, although an application specifying a temporary structure has been duly filed. "I don't want to risk them putting anything over on me," said Mr.

Piper, "and so I would like to see the plans before I mail them the permit." On the other hand, the Grand Trunk has its engineers and staff ready to start work from the tentative plans understood locally, so probably Mr. Piper will issue a temporary working permit some time today.

The new sheds proper will be of frame structure covered with iron, and will extend in length a little over 600 feet and 50 in width. An office building, two stories in height and fronting on Wellington street will be 50 feet square. The estimated cost of the whole structure is \$28,000.

WILL VISIT LONDON IN AUTUMN

GENERAL BRAMWELL BOOTH OF SALVATION ARMY.

WANT MAIL BOXES ON ALL HOUSES

Postoffice Department Makes Request of Public.

In order that a more prompt and satisfactory delivery of mail matter by letter-carrier be given the public, the postoffice department respectfully requests the co-operation of all citizens by having a mail-box or letter-drop placed in the front doors of all residences and stores, especially in apartment houses.

If this were done it would not be necessary for the letter-carrier to wait at the door to effect delivery of mail personally before proceeding on his route, and in cases where the occupant was not home, the mail could still be left, instead of being taken back to the postoffice, where it would remain until the next delivery.

GAMBLING CHARGE IS DISMISSED IN COURT

Meeting To Discuss Plans For Jewish School, Say Men Arrested.

Joseph Lepovitch, Jacob Harris, Maurice White, Maurice Gootson and Barry Lewis were all dismissed in police court this morning on charges of violating the Lord's Day act by gambling.

On Sunday night, in answer to a telephone call, Police Constable Gavin Monahan, Ray Brummer and John A. Meyers went to 181 William street. P. C. Brummer stayed at the front of the house, and the other two officers went to the back. These two swore that through a window they saw the five accused sitting at a table playing cards, and that there was money on the table. When P. C. Brummer rang the front doorbell, the cards and money were seen to disappear.

Finally the three policemen got into the house—one by the front door, and two by the rear. The accused claimed that they had broken the door to get in, but the policemen stated that the doors were opened for them. It was stated also that the men refused to give their names, so they were taken to the station. Gootson and Harris had given their names to one of the constables. It was discovered afterward, in the pocket of an overcoat belonging to Lewis, a cardcase was found. He thought that it had been there for some days. He said that there was a meeting in progress to plan for the raising of funds for a Jewish school, when the policemen entered. Lewis and all the others denied participating in a game of cards.

W. R. Meredith, Albert M. Judd and Maurice Gootson were the co-accused for the defence. Maurice defended his own case. Several times when Gootson repeated questions which had been asked by other counsel, he was told by the court that he must be brief, as he was only junior counsel.

CHIEF DISPATCHER GOES TO ALLANDALE

Well-Deserved Promotion For A. F. Sharpe of Grand Trunk Railway.

Mr. A. F. Sharpe, chief train dispatcher of the London and Hamilton divisions of the Grand Trunk Railway, has been appointed trainmaster at Allandale, 13th and 14th districts, to take the place of Mr. W. J. Pigeon, who has been appointed superintendent at Stratford. Mr. Sharpe will leave for Allandale this evening. His family will follow shortly.

Mr. W. M. Doherty has been appointed day chief dispatcher at London and Mr. W. K. Rogers as night clerk here.

IS GREATLY INTERESTED IN CHURCH ADVERTISING

Canton, Ohio, Man Writes to Advertiser for Information.

"That it 'pays to advertise' in the columns of The London Advertiser has been amply demonstrated by two letters received from a man in Canton, Illinois. This man became so interested in the advertising campaign put on here by the Rev. D. A. Leichter of the Adelaide Street Baptist Church that he wrote to The Advertiser asking that he be put in touch with 'the minister in one of your churches who believes in advertising the gospel in the newspapers.' His letter concluded: 'I am interested and wish to get some sample ads from him and learn some facts concerning results.'"

The business manager of The Advertiser forwarded his letter by Mr. Leichter, who is sending the Canton man clippings of ten special ads used in The Advertiser by his church some time ago, with the information that he intends shortly to run another like series. The letter from Canton reads as follows:

March 7, 1920.

Dear Preacher of the Gospel:

I have heard indirectly something about your plan of advertising the gospel in the newspapers. I am interested and have a mind to introduce the scheme here. Will you please send me some data so we can profit by some of your experience. Some sample ads, the days on which you advertise, cost of ads, etc., will be much appreciated. Yours sincerely for Christian service, JOHN KLEINSTEINER, 248 N. Ave. A, Canton, Ill.

REVISE INCOME TAX.

London, March 12.—(By Canadian Press).—The report of the Income Tax commission recommends many important changes which will affect the framing of the budget. The dominions will be specially interested in the commission's finding against the double income tax being levied within the Empire. Exemption limits, it is proposed, will be raised on bachelors to £150, and married men to £250, and it is suggested that co-operative societies profits be taxable.

PROGRAM FOR BISLEY.

London, March 12.—(Canadian Press).—The program for Bisley this year has been drafted. Various classes of rifles will be usable and also a new target based on "grouping," which it is

claimed, has many advantages over the present figure target. Practice shoots will be reintroduced this year, and all the usual popular competitions are in the program.

RAILWAY MANAGER DIES. North Vancouver, B. C., March 12.—P. S. MacDonald, manager of the Pacific Great Eastern Railway, died yesterday.

SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eyes, water brash, heartburn, jaundice, and the painful troublesome, internal, bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mrs. Malcolm McDermid, Cranston Station, N. S., writes: "I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured, and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

London, Ont., Friday, March 12.

THE FIRST ROUND.

By a majority of 34 the Government has been sustained in a division over the Opposition leader's amendment to the speech from the throne, calling for an early general election. The stand taken by Mr. King and the Liberals was that the Union Government was put in with the sole object of prosecuting the war, and that this task accomplished, the people were entitled to an opportunity to select a new administration. This was also the attitude of the cross-benchers. The Government's excuse for hanging on was the necessity for a redistribution in the West following the taking of a census.

The first clash is a win for the administration forces, but there is reason to believe that it required some eloquent pleading by the ministers before they were certain of sufficient voting strength to win. The Government's life is by no means assured by the result of the division. The public realizes that it is merely hanging on and that nothing is to be expected in the way of a sincere attempt to dispose of the grave social and industrial problems we face. And presently it will make its wishes known in such a manner as dare not be opposed.

A SAD DESCENT.

The historian of the future who is called upon to write the record of Unionist Government in 1919 will have reason to feel dejected as he attempts to extract from the annals of the year any serious achievement by the men in power save the achievement of keeping themselves in power. No doubt that is the supreme aim of mere politicians and so the record of 1919 can be measured in that way. It is a sad descent from the fine protestations with which Unionism went to the country in 1917, and from the loudly proclaimed policies for the reconstruction era to the petty, sordid maneuvering that has been going on in the cabinet for six months past, and to the policy of inaction that characterizes Ottawa today.

The ministry can blame no one but itself for the state to which it has come. It has vacillated on its policies, quarreled over the question of leadership, antagonized labor in large areas of the country, and shown itself more pliable in the hands of the money interests than any Government that Canada has ever known. Social legislation is distinctly at a minimum as far as the Government's present plans are concerned. The unrest in the country is both political and social. We have seen in Ontario in the election of a farmer-labor government. We see it at Ottawa in a group of men, steadily growing in number, who are adopting an independent attitude in politics, but who are without question not far from the ideals of the Drury Government in this province. The session that is now under way in Ottawa might do much to steady opinion in the country, but there is already evidence that it is only serving to increase the discontent. While the country looks for legislation dealing with the great domestic concerns of the Dominion, the cabinet ministers are spending their time jockeying for position and casting their eyes ahead figuring their chances of success if an election should be brought on.

No one should expect to find in governments the panacea for all social ills. But what government can do is to secure unity of purpose, spread inspiration to action and in general lead the way to better things. Social ills will be cured when leaders rise up who can say "Follow, we will lead." There have been men in Canada in the past who have voiced such an appeal, and have seen the prompt response. But when party expediency is the compelling motive of every action, as is the case at Ottawa today, it is too much to expect that the country will receive either inspiration or leadership. If the country wants those things it will have to look elsewhere than to the men who are occupying the treasury benches today.

MOVING PICTURE POSSIBILITIES.

Mary Pickford, granted her divorce in an American court, tearfully declared that she will never marry again, but will henceforth devote her life unreservedly and completely to spreading sunshine and happiness through the medium of the cinema. With avid interest a world of old and young, of men and women, devoured the news dispatches which told of Mary's tears and reconciliation of her life to the service and entertainment of her millions of admirers and friends who know her through the films.

The little Canadian girl who once played in the slums of Toronto, has in the space of a very few years become the most-loved and best-known woman in America. Her spectacular rise in public favor and in the international limelight, has been concurrent very largely with remarkable developments in the motion picture industry and field itself. The development of the movie has been spectacularly successful because it rests on the inviolable right of the masses to the same enjoyment and instruction as the classes. And where thousands were thrilled by Sarah Bernhardt, literally many millions are daily cheered and delighted by the girlish antics of Mary and the sunshine philosophy that always is predominant in her plays.

The phenomenal success of the motion picture

theatre suggests the question why the movies are not utilized in a more general way to make learning easy and education more thorough for the boys and girls in the schools and Sunday schools. Geography brightened by a few reels of movies, illustrating resources, industries and characteristics of various countries would soon be one of the most popular subjects in the school curriculum. History illuminated by short films of famous battles and the signing of important charters and treaties would be indelibly impressed upon the youthful mind.

Sunday schools faced with the difficulty of holding their pupils beyond a very youthful age, might fittingly present films of Bible stories and parables to elucidate the moral teaching contained in the international Sunday school lessons. The attendance on missionary Sundays could be greatly stimulated by showing educational films of missionary lands and heathen peoples.

Already much good work to stimulate interest in the national resources of Canada is being accomplished by films of the Dominion trade publicity department shown at exhibitions and public meetings, but a much greater good would be accomplished, were such films brought within the reach of every rural school community in the land.

It is so easy to learn from pictures, and facts of science, history, invention, geography and industrial progress, through the films are driven easily home to the comprehension of the most unimaginative minds. While the same information could be learned in less time by quicker and more deductive minds from the printed page, yet the fact remains that a very few people patronize the libraries and book-stores in comparison with the number who attend motion picture theatres. Undeniably the movies have taken their place along with church, school, newspaper and library as an essential medium of popular instruction and inspiration. Whether the cinema in time may supersede some of these is still a theme for purely visionary reflection, but undoubtedly the world which had scarcely heard of it, two or three decades ago, will never again be able to get along without the increasingly popular movie.

"INDUSTRY AND HUMANITY."

(ARTICLE 15.)

SIMILARITY OF WAR AND STRIKES.

Mr. King says:

"Laziness of hatred and ill-will, whether inherited from industrial or international strife; distress and debt, whether incurred by the one or the other, differ in degree only, and not in kind! What of it all finally? Sooner or later, peace must be restored, for war cannot go on forever, whether it be industrial or international. Capital and labor, nation and nation, must come to terms of settlement, or all alike be ruined. Ultimately, force must give way to reason. Common sense, contrasted with opposed interests must be recognized. But where there has been settlement of any great conflict which has not meant much of loss to each of the parties? And where are the gains which have come through conflict, that would not have been greater if otherwise obtained? At what cost always is. Reason denied her rightful sway!"

"For industry and nationality alike, the last word lies in the supremacy of Humanity. Over all nations is Humanity. Of more worth than all else man can achieve is the well-being of mankind!"

It is not necessary to say anything of the horrors of war. The world's last experience has been too awful. John A. Macdonald, editor of the Globe, asserted that on his first visit to Scotland at a gathering of the Clan Macdonald there were many men who measured six feet. Some years later at a similar gathering of the clan he was himself the only Macdonald measuring six feet. This was due to war. The best men had fallen. He pointed out at the same time the injury the American war had been to the moral standing of the businessmen of the republic. He claimed that so many of the best young men had lost their lives in the war that it left the nation with lowered business standards.

Strikes have brought complete change to the life of many a man. When ordered out on strike, they sought other employment, and in an instance in mind, a telegraph operator became a newspaperman and a distinct success. As a rule strikes have, like war, as Mr. King says, reached lesser gains than could have been otherwise obtained. If reason and common sense controlled both sides, strikes would be unnecessary.

Leaving strikes out of the question recent events have created a state of affairs unprecedented in the world's history. War and strikes have both contributed. Ontario may help out. Our province has fewer farmers than it had. If the conditions of life on the farm can be made as desirable as in cities and towns it will go a long way towards solving the question. Automobiles, good roads, centres of intellectual life will all help to fill up the farms and reduce the cost of living. These facts occurred after Mr. King wrote his book. The mind of the world is unsettled and as long as it remains so the desired end will not be reached.

EDITORIAL NOTES.

Winter is demobilizing.

The geese are reported going north, which is taken as a sign of winter's departure. But then, suppose they are acting like geese?

A Detroit woman says a man can dress nicely on \$100 per year. If he tried it, within six months he would look like something the cat brought in.

A New York lad who found a million dollar document and returned it to its owner was rewarded \$2. That will buy a neat frame for "Virtue is its own reward."

A CHARACTERISTIC GIFT.

[New York Herald.]

The Hon. Hinky Dink of Chicago has, with admirable civic pride and thoughtful purpose to interest, entertain and instruct future generations, presented to the Field Museum two beer mugs formerly in service in his once popular place of refreshment. There his patrons refrained from calling them schooners, choosing the prettier name of goldfish bowls. There will follow, of course, a gift from the Hon. Bathhouse John. What will it be? Our vote is for his wood green evening dress. This, thousands of years from now, will not be so easily dated as Hinky's gift, yet what romance the speculative of that far future day will weave around those lovely garments! Naturally it will be assumed that in a dim past all the world was so romantically artistic as to dress in wood green; scoffing at grubby antiquarians who insist that the world never held but one man so sweetly gifted with the spirit of art of romance!

From Here and There

OH, YOU STREET CARS!

[By Ding-Ding.]

Ever filled, packed cars. Fat men squeezing in. Some are sitting, some are standing. A dozen or more in each landing. Trunks, valises, boxes, bundles. The conductor yells as on they stumble. An old man raised his signal finger. The car slackened up, but not a finger. He's jerked aboard by head and shoulder. And shoved inside to smother and smolder. Cheese, tobacco, smoke, germs and beer. A stretch that we all fear.

Ram them in, jam them in, hear their bones crack. Fat women, lean women, Irish, Dutch and Black. Coax them in, pull them in, by the teeth and hair. Ah, there! Stay there! Pass up your fare!

THE ANOMALY ABOUT FARMING.

[Brooklyn Standard Union.]

One possible reason why there is such a pronounced housing shortage in this and other cities of New York, is the surprisingly large number of vacant farm dwellings in the Empire State, estimated in a recently completed survey at 24,000. This looks as if country folks are rushing to the municipalities in headlong fashion. Probably there are not quite so many deserted farms as there are untenanted houses, yet it is plain that the number is altogether too large for the public good. Can it be the farmers are doing so well that a fair percentage are able to give up their rural existence and move to the cities to live in comfort? Of course, country folks will deny the possibility of this, but city dwellers who pay for farm produce at the present sky-high prices are very much inclined to think that several years' instructions won't on a farm might enable one to live in ease for the remainder of his life. The city is that 24,000 suffering city families cannot be distributed among these vacant farm dwellings and started on the high road to success, and when they have reaped their reward in dollars move back to the cities, making room for another batch of municipal dwellers. It is a strange thing, that several years' instructions won't on a farm might enable one to live in ease for the remainder of his life. MUTT AND JEFF—Joe's Impersonation Was Perfect, at That

(Copyright, 1920, by H. C. Fisher. Trade mark registered in Canada.)

BY BUD FISHER

Sudbury Six Swamps
Collingwood 11--2

Northern Wolves, With Injured Players, Give Shipbuilders No Chance in Pastime.

TORONTO, March 11.—By a score of 11 to 2, Sudbury, champions of the Northern Hockey League, defeated Collingwood, O. H. A. intermediate champions, here tonight in a "sudden death" game to see which team would compete for the Allan cup. Two of Sudbury's defence players, Boucher and Langlois, were suffering from injuries at the outset of the game, and at the end of the second period Langlois had to retire. He has a painfully bruised knee. Collingwood, three times winners of the O. H. A. intermediate series, with a record of only one defeat in the last two seasons, made a poor showing in tonight's contest. Sudbury had scored eight goals before Collingwood succeeded in getting one, at the end of the second period, and the O. H. A. intermediate champions' other goal was obtained at the end of the third period. Sudbury will play the winner of the Granite-Tiger round in the O. H. A. senior championship finals for the Allan cup.

GALT DRIVING ASSOC. CHANGES ITS NAME

GALT, March 11.—The local racing association has changed its name from the Galt Riding and Driving Association, and will hold a meet on May 24. Galt is in the Canadian short-horse racing circuit, the executive of which at a meeting here decided to hold the first circuit racing during the first week in June, to continue to the first week in September.

CUTS AND BURNS

Meal Healthily When You Apply "ABSORBINE JR."

Infection won't creep in, pus won't form or proud flesh cause complications, if you bathe the wound with "ABSORBINE JR."

This home liniment—so powerful in its destruction to germs yet so soothing and healing to the flesh—stops the bleeding and eases the pain. "ABSORBINE JR." can be put into an open wound with the assurance that it will both cleanse and heal. It is equally good for treating Boils, Abscesses, Sores, Carbuncles, Ulcers, Felsens and Run-around. "ABSORBINE JR." arrests inflammation, cleanses the sore, destroys pus and starts rapid and healthy healing. \$1.25 a bottle—at most druggists or sent postpaid by W. F. Young, Inc., Lyman Building, Montreal.

GIANTS LOOSEN UP IN PRACTICE GAME

SAN ANTONIO, Texas, March 12.—John McGraw gave his Giants yesterday the welcome order, "Let loose," which meant that for the first time the regulars were permitted to use everything they had.

In the afternoon game between the colts and the veterans he sent four out of his five seasoned pitchers into the box. Jesse Barnes and Arthur Nehf worked for the regulars, and Fred Toney and Rube Benton pitched for the recruits. The regulars won, 6 to 1.

England defeats France in international rugby competition recently played in England. The picture shows an exciting moment in the game.

FITZ GETS DECISION. Hot Springs, Ark., March 12.—Young Fitzsimmons of Oklahoma won a referee's decision over Jack Dillon of Indianapolis, in ten rounds here last night.

REGULARS DEFEAT RECRUITS. Jacksonville, Fla., March 12.—The Jacksonville Regulars for the first time yesterday defeated the second string, 9 to 5, after a ding-dong contest with plenty of hitting.

It was not a model game, the fielding was unstable and the pitching looked irregular. Two of the pitching recruits, Collins and Devitt, had a turn, but both were fired. The second team had their big inning off Bob McGraw, who lost his control long enough to let three men past in the second.

Once more the pleasure of a base hit was denied Babe Ruth.

READY FOR BOUT.

Toledo, March 12.—With both contestants down to the stipulated weight of 100 pounds—Jimmy Wilde, lightweight champion of Great Britain, and Frankie Mason of Fort Wayne, Ind., are ready for their 12-round bout at the Coliseum here tonight.

Both boxers have been training faithfully here for the bout, and both are pronounced in first-class condition. Last night Mason weighed 107 pounds and Wilde 108.

Boxing has been running along about even, but this morning it was announced that the Toledo Athletic Club had drawn down \$10,000 for his end of the bout, while Mason accepted \$5,000. Mason is Wilde's senior by two years, the Fort Wayne boy being 30 years old. The height of each is the same, 5 feet 3 inches. Wilde has it over his opponent in reach, measuring 68 inches, while that of Mason is 65 1/2.

TO DECIDE CHAMPIONSHIP.

New York, March 12.—The national ice skating figure championship will be decided here March 19 to 21. It was announced today. The meet will be held under the rules of the International Skating Union of America, and will include solo events for men and women, pair skating, and junior championships.

EIGHT TEAMS TIED.

New York, March 12.—Eight teams were tied last night in the six-day bike race at Madison Square as the Broco-Denver pair, which had one lap lead, were eliminated during the day by injuries to Broco. The teams which had gone 1,660 miles and five laps at the end of the 95th hour, were: Goulet-Magin, Egg-Madden, Coburn-Koskey, Buysse-Speisens, Lang-Chapman, Kaiser-Hill, Godvick-Van Nek, and Dupuy-Hansley. Three teams were four laps back. Bello-Madama, Bowker-Bowker, and Byron-Markay. The record for the 95th hour is 1,884 miles and two laps, made in 1914 by Goulet and Genda.

Indoor Games Monday Will Be For Egerton Church Fund Benefit

A Silver Collection Will Be Taken Up—Santa Claras and C. A. M. C. Were Winners Last Night.

Two close and interesting games were furnished in the indoor baseball league last night at the armories. Santa Claras took their game from the Baptists by a score of 3 to 1, while C. A. M. C. took an 8 to 2 win from the Army and Navy Veterans.

The league starts its eight-team schedule Monday night. A silver collection will be taken for this night, the proceeds to go to the Egerton Street Baptist Church building fund, and it is expected that a large number will turn out to witness the games.

The batteries for last night's games were: Santa Claras—Bingra and Wilson; Baptists—Lamb and Macklin; C.A.M.C.—Orr and Arnett; A. and N.—Walker and Wray; Empire—Jacob, Walker and Dutton.

The new schedule starting Monday: March 15—Dowlers vs. Public Utilities; Baptists vs. Princess Pats; March 18—Grand Trunk vs. Army and Navy; C.A.M.C. vs. Public Utilities; March 22—Army and Navy vs. Santa Claras; Dowlers vs. Grand Trunk; March 25—Princess Pats vs. Dowlers; Public Utilities vs. Baptists; March 28—C.A.M.C. vs. Grand Trunk; Princess Pats vs. Santa Claras; April 1—Public Utilities vs. Santa Claras; Baptists vs. Grand Trunk; April 5—C. A. M. C. vs. Baptists; Army and Navy vs. Dowlers; April 8—Princess Pats vs. Public Utilities.

READY FOR BOUT.

Toledo, March 12.—With both contestants down to the stipulated weight of 100 pounds—Jimmy Wilde, lightweight champion of Great Britain, and Frankie Mason of Fort Wayne, Ind., are ready for their 12-round bout at the Coliseum here tonight.

Both boxers have been training faithfully here for the bout, and both are pronounced in first-class condition. Last night Mason weighed 107 pounds and Wilde 108.

Boxing has been running along about even, but this morning it was announced that the Toledo Athletic Club had drawn down \$10,000 for his end of the bout, while Mason accepted \$5,000. Mason is Wilde's senior by two years, the Fort Wayne boy being 30 years old. The height of each is the same, 5 feet 3 inches. Wilde has it over his opponent in reach, measuring 68 inches, while that of Mason is 65 1/2.

TO DECIDE CHAMPIONSHIP.

New York, March 12.—The national ice skating figure championship will be decided here March 19 to 21. It was announced today. The meet will be held under the rules of the International Skating Union of America, and will include solo events for men and women, pair skating, and junior championships.

EIGHT TEAMS TIED.

New York, March 12.—Eight teams were tied last night in the six-day bike race at Madison Square as the Broco-Denver pair, which had one lap lead, were eliminated during the day by injuries to Broco. The teams which had gone 1,660 miles and five laps at the end of the 95th hour, were: Goulet-Magin, Egg-Madden, Coburn-Koskey, Buysse-Speisens, Lang-Chapman, Kaiser-Hill, Godvick-Van Nek, and Dupuy-Hansley. Three teams were four laps back. Bello-Madama, Bowker-Bowker, and Byron-Markay. The record for the 95th hour is 1,884 miles and two laps, made in 1914 by Goulet and Genda.

ED. SMITH OF CHI. TO REFEREE WILDE-FRANKIE MASON GO

Briton and Manager Objected To Record Being Third Man Tonight.

TOLEDO, Ohio, March 11.—Jimmy Wilde, lightweight champion boxer of Great Britain, and Frankie Mason of Fort Wayne, Ind., claimant of the American title, will meet in a twelve-round no-decision bout at the Coliseum tomorrow night. Nearly four thousand seats have been disposed of, a large number going to fans from distant points.

Ed Smith, a Chicago newspaper man, will be the third man in the ring, Wilde and his manager, Dave Hughes, objecting to Oliver Record, the official who handled the Willard-Dempsey fight here last July 4. Wilde refused to go on with the local referee in the ring.

The weight for the bout is 108 pounds, and both contestants were under that notch when they weighed at the Toledo Athletic Club this afternoon. Both were pronounced by their respective trainers as being in perfect condition.

TABLOIDS BY E. J. LANIGAN.

TONY CHESTER SCHULTZ, second baseman, Chicago Cubs. Born—Milwaukee, Wis., March 27, 1895.

Bats and Throws—Right handed. Weight—170 pounds. Height—5 feet, 10 inches. Club in 1919—Milwaukee White Sox. Lake Shore League.

First Engagement—Milwaukee White Sox, Lake Shore League, 1915. Clubs Since Then—Jefferson, Central State League, 1916; Kosciusko, Lake Shore League, 1917; Milwaukee White Sox, 1918 and 1919.

Best Baseball Feats—Leading Base Stealer in Central State League, 1916; made longest hit on record in Racine, Wis., last year.

Sarnia All-Stars To Hook Up With Stratford Six

SARNIA, March 11.—With Dick Lesauere, who played over on the old Sarnia champions, acting as manager, and Gord Storey, Bill McCart, and Bobby Finch, former team-mates, are the roster, the final game of the season will be played here Saturday night, when the Stratford intermediates cross sticks with an all-star Sarnia aggregation. McAlister, one of the finest junior net guards in Ontario, will be in goal, with Cowan and Garvey of Sarnia.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, heartburn, and inability to retain food, are in probably nine cases out of ten simply evidence that excessive secretion of the acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach, and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisulphate of Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating, or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments, and is a perfectly harmless and inexpensive remedy.

An antacid, such as bisulphate of magnesia, which can be obtained from any druggist, in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purposes.

Arts '23 Victors Over Meds '25 in Basketball Game

20-15 Was Score of Inter-faculty Fixture At Western "U" Gym.

Meds '25 were beaten yesterday by Arts '23 by a 20 to 15 score in the Western "U" Inter-faculty Basketball League. The game was fast and close throughout. McWilliams and Robinson were the stars for the winners and Morris and Gibson played consistently for the losers. W. E. Mace refereed the game. The line-up:

Meds '25: R. D. Thomson, Gibson, L. D. Bookstader, Fleischauer, Centre, Culley, Morris, R. F. McWilliams, Wide.

Arts '23: Thomson, Gibson, L. D. Bookstader, Fleischauer, Centre, Culley, Morris, R. F. McWilliams, Wide.

BLACKBURN ROVERS WIN. LONDON, March 11.—(By Canadian Press).—A first league game between Chelsea and Blackburn today resulted in a victory for the latter by 3 to 1.

Studebaker

THOUSANDS of people have fully determined to buy a new car for delivery before the first warm day of spring.

Many are doomed to disappointment. We are facing the greatest shortage of good automobiles the industry has ever known. And this shortage will be most acute when cars will be most in demand.

Dealers have been unable to accumulate any stock of cars for spring delivery.

You will run less chance of disappointment if you place your order for a Studebaker now.

ONLY TABLETS MARKED
"BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine hundred years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbolic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

DEMAND PROBE OF H. C. OF BUILDING MATERIAL AT BORDER

Windsor May Have Artificial Gas Plant in Near Future.

O. T. A. FINES TOTAL \$3,000

Police Believe They Have Clue To Murderers of Rapportta.

WINDSOR, March 11.—Institution of a probe into the high cost of building materials in Windsor and investigation into charges of profiteering will be urged upon the Windsor City Council at its meeting next Monday night by Ald. Sam Keyser. He declared tonight that he will also ask for a thorough inquiry into the general housing situation in the Border Cities, with a view to effecting a remedy.

ARTIFICIAL GAS.
Establishment of an artificial gas plant in Windsor to furnish fuel and supply the needs of the district overlooked through shortage of the natural product, is a possibility. When the plant of the Canadian Steel Corporation at Ojibway commences operations gas for fuel will be one of the by-products available.

WANT CHANGES MADE.
Improvements in the government's present re-establishment program for returned men, increased gratuities, organized political action by veterans and adoption of the open-door policy for membership in the G. W. V. A. will be strongly advocated by Robert H. Harrison, member of the provincial G. W. V. A. executive, who promises to take a prominent part at the annual convention, which assemblies next week at Peterboro.

OPPOSE ARMSTRONG BILL.
Strong opposition to the Armstrong bill in the House of Commons, which provides for placing the control over Great Lakes vessels under the jurisdiction of the railway commission, thus eliminating competition between rail and water transportation, is being supported by the Border Chamber of Commerce, co-operating with trade boards in other centres throughout Canada.

Members of the Windsor and Detroit real estate boards conferred tonight in Detroit on the inland waterways development scheme and drafted a program in support of the project for the deepening of the St. Lawrence River. Engineers of the provincial government are now surveying the waterfront on this section of the border.

WHISKEY, SILVER, CASH.
Entering the residence of F. A. Stockbach, Walkerville, while the owner and his family were asleep, burglars secured 25 cases of whiskey, \$400 in silverware and \$50 in cash. The police have no clue.

Capt. Frank C. Pratt City, for 20 years one of the best known of Great Lakes sailors, died at Harper Hospital, Detroit, today, aged 47 years. Deceased was a life-long resident of the Border cities, having been born in Sandwich, for the past fifteen years he had captained the freighter B. F. Berry of the Frankland Steamship Company, Cleveland. He is survived by a widow and two children.

Members of the Essex and Kent Printers' Association have been summoned to the first convention of the organization, held since 1916. The session will be held in the Crawford House, Windsor, Monday, March 28.

DIED OF CONVULSIONS.
Joseph Ellison Young, aged 2 years, only child of J. Ellison Young, managing editor of the Border Cities Star, died early this morning from convulsions. A funeral will be held from the home of the child's grandparents.

Dr. and Mrs. Fitzsimmons, St. Thomas, cell at police headquarters with a chair and threatening to burn down the city hall and St. Andrew's church. Margaret Cross, aged 22, arrested recently on a charge of vagrancy, has been sent to the London asylum, of which she was formerly an inmate.

OVER \$3,000 IN FINES.
Fines amounting over \$3,000 were collected in Windsor police court today, when judgment was given by Magistrate Miers in fourteen cases involving breaches of the Ontario temperance act, which have been pending for several weeks. Only one of the defendants was acquitted.

Announcement was made tonight of the sale of the business block at Sandwich street and Ouellette avenue, one of the four corners at the heart of Windsor's business district, by Dr. J. R. Reame, county registrar and former minister of public works in the Whitney cabinet, to the Home Bank of Canada for \$100,000.

Exchange on Canadian and American money fluctuated again today, the discount on Canadian currency advancing to 12 per cent.

Following a new clue which developed tonight, when the ownership of the automobile in which the murders of Morris Thompson, Wyandotte street, merchant, escaped following the slaying on Saturday night, Detective Reid of the Windsor police department hopes cars of mail.

to have the mystery well on the way to solution by tomorrow, and arrest are hoped for within the next 24 hours.

STEAMSHIP ARRIVALS.
Halifax, March 12.—The steamship Royal George, from New York for Port of Spain, arrived here last night. She will take on 210 passengers, 4 members of the crew of the Bohemian, and 1 of the Windsor police department hopes cars of mail.

A Comfortable Home

A SOUND, lasting roof, weather-tight and fire-resisting, is what the owner wanted when he built this house in Fredericton, N.B. Investigation of various roofing materials convinced him that for durability, freedom from repairs and positive roofing protection no other roofing equalled

NEPONSET TWIN SHINGLES

Asphalt Saturation—Slate Surfaced—Fire Safe.

The size and shape of Neponset Twin Shingles permits of them being laid four inches to the weather, making a roof that is three thicknesses.

These are the only twin shingles manufactured—two shingles in one. They are quickly and easily laid, require one-third less nails, are laid close together and have the appearance of a slate roof.

Neponset Twin Shingles do not split, curl or dry out, and once laid, form a roof that endures many years.

Their attractive color—red or green—gives the roof an artistic appearance that harmonizes with the surroundings.

The ideal roofing for Residences, Bungalows, Churches, Schools and Public Buildings.

There is a Neponset dealer in your district. Write us for his name and a copy of our illustrated booklet "Roofing Canada."

POWELL STATES CANADA MUST RETAIN STATUS

Cannot Assent To Reservation in Treaty Advocated by Lenroot.

READS LABOR CLAUSES

Describes Proposed Conference of Workers' Representatives Under League.

OTTAWA, March 11.—(By Canadian Press).—Canada's status in the league of nations again loomed up in the Commons this afternoon, when Hon. N. W. Rowell brought in the Government's resolution to approve of the peace treaty with Bulgaria.

As some members stated that they had not received printed copies, Mr. Rowell made a statement. The adoption of the treaty, he said, embodied the principle of democratic control, in that it could only be ratified after the consent of Parliament. It also involved the consideration of the league of nations covenant and the status of Canada.

Since the House passed upon the covenant of the league of nations some months ago Canada's status has been questioned. "In submitting this to the House—and I hope it will be approved unanimously—the Government will be asked to reaffirm in principle Canada's status as a member of the league. If the House adopts the resolution it means that the House places itself behind the Government in maintaining Canada's status already established," he said.

Reaffirms Labor Clauses. "It also means the reaffirmation of the labor clauses in the treaty of the League of Nations," went on Mr. Rowell. The main provisions, he said, were on similar lines to those contained in the peace treaty with Germany and Austria and already approved by this House.

The question of Canada's status was discussed at some length in the president of the privy council. His own reading of the covenant was that Canada was entitled to vote in the assembly. Neither Canada nor Great Britain had ever advanced the contention that any portion of the British Empire should be entitled to a vote in the assembly on any matter in which any portion of the Empire was vitally interested and which might lead to a rupture.

Into Labor Portion. Hon. Mr. Rowell, continuing, went at great length into the labor portion of the treaty. Asked by Hon. W. L. Mackenzie King if the proposed labor conference differed in any way or had any more authority than the old system of international conference, Mr. Rowell said the old system met voluntarily while under the new order it was a direct outcome of the peace treaty, and the recommendations arrived at were bound to be submitted to the parliament of all nations embraced by the league. He agreed that the public opinion of each country as represented by parliament, would have the final say in adopting any such recommendation.

Mr. Rowell concluded that he thought the position taken by the Government depended on the basis of Canada's whole national future. Therefore, consent could not be given to the Lenroot reservation.

The debate was adjourned by Mr. Mackenzie King and the House rose for dinner recess.

UNIONISTS IN CAUCUS TOLD THAT BORDEN WILL SOON RETURN

Foster Paints Rosy Picture of What Occurred.

OTTAWA, March 11.—Sir George Foster handed out this afternoon the following statement of the Government caucus this morning.

"A meeting of the members and senators supporting Union Government was held this morning in the robing room of the House of Commons. Mr. J. E. Armstrong, M.P., was called to the chair. The greetings of the prime minister were extended through the acting prime minister to the meeting, and his regrets that for reasons of his health he was not able to be present.

"The convalescence of the prime minister was reported as gradual and satisfactory, and his intention of again resuming his place in the House and his activities as leader of the Government within six or eight weeks' time if the rate of recovery in his health during the last two months was maintained in the future.

"The affairs of the party were generally discussed, and a spirit of enthusiasm, unity and confidence was notably in evidence. The following message on motion of Mr. Stevens, seconded by Mr. Mowat was sent to Sir Robert as an expression of the feeling of the caucus:

"That this caucus has heard with great satisfaction of your marked and continued improvement in health, which had so greatly suffered on account of your untiring devotion to the onerous duties imposed upon you by the war, and is deeply gratified at the assured prospect of your early return to Ottawa to resume your place as leader of the Government. We approve of the rest you are now taking, and which you have so justly earned, and we assure you of our determination to carry on and to give our whole-hearted support to the acting prime minister, and to the Government during your absence.

"We earnestly hope you may return to Ottawa at an early date, completely restored to health."

MARINE MEN LOOK FOR LATE OPENING OF LAKE NAVIGATION

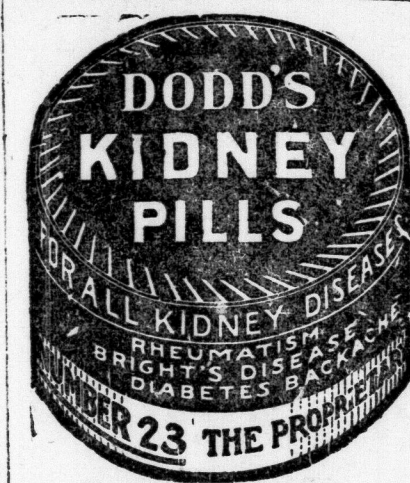

Boats To Start Operations a Month Later Than Usual.

WINDSOR, March 11.—Officials of prominent shipping concerns announced today that the opening of navigation would be delayed until a later date than usual this year on account of ice in the lakes. The Detroit and Cleveland divisions, which opened March 10 last year, will probably not start running until April 1. The Buffalo division will probably open about a month later, while the Mackinac division will not be running until May 15, the same date that it opened last year.

The shipping firms are planning for one of the busiest years in their history, with a betterment of service occupying a prominent place in their programs.

PECK ASKS ABOUT WAUGH APPOINTMENT

OTTAWA, March 11.—Before orders of the day were called, Lieut.-Col. W. Peck, V.C., D.S.O., Skeena, questioned the Government regarding the selection of Mr. Richard D. A. Waugh.

former mayor of Winnipeg, as Canada's representative on the Saar Valley commission under the league of nations. He asked if there was not at least one returned soldier qualified for the position.

Sir George Foster replied that Mr. Waugh was chosen because he had extensive municipal experience, which was needed for such a position.

While Mr. Waugh was not himself a returned man, Sir George understood that he had two sons at the front, one of whom had given his life in the service of the Empire.

VETERANS ASK THAT EMBARGO BE PLACED ON LUMBER TO U. S.

PRINCE ALBERT, March 11.—The annual convention of the Great War Veterans' Association of Saskatchewan at its first session yesterday resolved to petition the Dominion Government to take immediate steps towards placing an embargo on shipments of Canadian lumber into the United States, at least to restrict the export of same.

The housing scheme in existence received a severe condemnation, delegates claiming that in effect the scheme was not in existence in any part of Canada. A resolution was

adopted urging the Dominion Government to make provision for housing loans through the machinery available in the soldier settlement board. Various resolutions dealing with the question of pensions and the department of soldiers' civil re-establishment were adopted.

Don't Hack and Cough!

until you make yourself and everyone near you miserable. It is not necessary when

NADRUCO Syrup of Tar

with Cod Liver Oil Compound

will stop the irritation, heal the inflamed membranes of the throat and soon relieve the severest cough. COLDS, SORE THROAT, BRONCHITIS, ASTHMA and WHOOPING COUGH yield to the soothing and healing influence of this wonderful cough medicine. You owe it to yourself and your friends to always keep a bottle in the house at this season. None genuine unless in a Red Package bearing the trademark Na-Dru-Co.

NO REDUCTION IN RACING ASKED BY RUTHERFORD

Commissioner's Report Does Not Recommend Cutting Off Tracks.

IRREGULAR RETURNS

Reports of Auditors of Kenilworth Club Find Serious Difficulties.

OTTAWA, March 11.—(Canadian Press.)—The report of Dr. J. G. Rutherford, who was appointed a commissioner to investigate the whole question of racetracks and racetrack betting in Canada was tabled in the Commons last before the evening recess. It is anticipated that legislation based on the report will be brought down by the Government in the near future. The commissioner does not recommend cutting off the charters of any specified tracks, neither does he say whether or not there should be a re-

duction in tracks, or in the days of racing. He does point out, however, that the amendments to the criminal code in respect to the number of days of racing allowed on any one track appear to have been overcome by multiplication of tracks in and about large cities of Central Canada, against which there was no law. He intimates that in re-creation of the tracks in operation during 1917, there were irregularities. There was a widespread traffic in charters, many of which were being used for a purpose widely different from that for which they were granted.

No Harmful Effect.
Dr. Rutherford appears to find that where racing was not unduly prolonged there was no harmful effect on any class in the community. The adoption of pari-mutuel machines in betting is said to have improved the conduct of race meetings generally.

The commissioner finds that "touts" and "rail-birds," who have been among the hangers-on at race meetings have somewhat of an evil influence in the enterprise, that they were often instrumental in inducing young or unsophisticated individuals to make bets when they would otherwise not think of doing so.

The report refers to the unsatisfactory method of operating some of the tracks, and to the character of the men behind them. The general trend of the evidence given before the commission in regard to the necessity of a stronger law governing the conduct of racing to horse breeding was that racing was necessary to the continuance of breeding a certain type of horse, and of certain freedom of betting was necessary to support racing.

The commissioner finds that much illegal betting is under way in Canada at the present time, but evidence on this subject was very hard to secure. Existing conditions, however, are such that the ex-

isting conditions it is possible to hold in central Canada 238 days of racing, of which 95 are on the seven Montreal tracks, 50 on the four Toronto tracks and 42 on the three Windsor tracks.

Referring to illegal betting, the commissioner says evidence on this point was very difficult to obtain, because participants in this branch naturally fear that in testifying they will render themselves liable to prosecution, while officers of the law do not care to admit inefficiency in the performance of duty.

He has been made aware, however, that hand-book betting is rife, owing to the ease with which racing information is obtainable.

Under the heading of "Traffic in Charters," Dr. Rutherford points out that the control exercised by the various federal and provincial governments over instruments of that nature is altogether inadequate. There are, however, a number of jockey clubs and racing associations to which this criticism does not apply. A number of charters have been adapted to conditions which are widely different from those on account of which they were first obtained.

Owners of Horses.
Dr. Rutherford states at length to the influx of United States owners of race horses to this country. He says they saw in Canada a field in which they might continue to operate if even on a smaller scale to that to which they had been accustomed. Many new race tracks had sprung up in central Canada just previous to the passing of the prohibitory orders-in-council.

Among the new race courses, he says, there are some which, like Canaught Park, Ottawa, have been organized by local people "solely with the object of giving the public clean, high-class racing."

Regarding the Montreal Jockey Club, the commissioner quotes Mr. Kincaid, saying that this track at Blue Bonnets is conducted with the utmost decorum, and that the behavior of the men behind it will be a sufficient guarantee that it is a respectable club.

Not So Favorable.
Concerning several other Quebec tracks, comment is not so favorable. The Niagara Racing Association, operating the Port Erie track, shows dividends in 1919 of 1917, exclusive of 1913, of \$420,000. The holders of the charter were all Americans, interested in hotel and race track properties in the States.

Regarding the Kenilworth track, the commissioner says the reports of the auditors are of particular interest, as they show irregularities in the return from pari-mutuel machines. The auditors had found much difficulty in checking returns, and a thorough inspection was impossible.

"It is scarcely necessary to point out the extremely serious nature of the above statement," said the commissioner, "especially when read, as it undoubtedly should be, between the lines."

Expenditures in the way of purses or otherwise were asked for by the auditors, but not supplied. The same attitude was assumed by the Toronto Jockey Club of Hillcrest track and the Metropolitan Racing Association of the Dufferin Park interests.

The Devonshire track at Windsor, the commissioner finds, was in charge of Thomas J. Duggan, who operated the Back River Jockey Club in Montreal, and was associated with Grant Hugh Brown of New York. These two men operated the meetings in 1916 and 1917. Bradley Wilson, who became a shareholder early in 1919, said in his evidence that he was recommended by Brown to see Duggan in Montreal. He had not known Hugh Brown before that time, but since then a lot of people had warned him against Brown.

DOUBLED OBJECTIVE.
Cedar Springs, March 11.—A great deal of interest has been taken in the amount of the subscriptions that have been coming in from the Methodist Church of Cedar Springs circuit. The objective was \$2,500, which was soon oversubscribed. Then a new objective of \$3,500 was reached. On Sunday, the pastor announced that the circuit had contributed over \$4,000 to the Forward Movement.

WHOLESALE BREAKING LAW, SAYS O'CONNOR

Manufacturers Not Complying Either, Declares Chairman At Hamilton.

HEARS STARCHMAKERS

One Firm's Manager Admits Gentlemen's Agreement Regarding Selling Prices.

HAMILTON, Ont., March 11.—Chairman W. P. O'Connor of the board of commerce, which is here investigating the alleged wholesale grocers combine, declared today that practically everything disclosed at the hearing yesterday and today showed that the manufacturers and wholesale grocers were not acting in compliance with the law.

The chairman broke into the cross-examination of Joseph Ruddy, vice-president and general manager of the Canada Starch Company, with this declaration. Mr. Ruddy admitted that his company and the St. Lawrence Starch Company consulted before they fixed the prices to the trade. Mr. Ruddy further admitted that representatives of the two companies had over the price list last Friday. He admitted that they had in mind, during this time, to keep their prices cheaper than the one company sold to the other that company would be flooded with orders it could not fill.

W. G. Williams, the Ontario manager of the Canada Starch Company,

MEMORIAL HOSPITAL BILL IS NOW READY FOR THE LEGISLATURE

New Building Will Be Known As the Elgin Memorial Hospital.

ST. THOMAS, March 11.—The private bill to be presented to the Legislature in connection with the proposed memorial hospital is now ready, and will be sponsored by Peter G. Cameron, M.P.P., and M. McVicar, M.P.P. The new hospital is to be known as the "Elgin Memorial Hospital." The first board of trustees will be Ex-Mayor E. A. Horton, Mayor Frank Brinkman, Warden W. H. Hills and County Clerk K. W. McKay. The building will cost \$300,000. A provisional site near Pinxore Park has been named, but the committee in charge is open to any suggestion as to location that citizens desire to make.

Ald. Robert Middleton has been elected chairman of the joint industrial committee of the city council and the board of trade. The committee has an ambitious program in preparation for the coming year.

WILL PERPETUATE OVERSEAS BATTALIONS

OTTAWA, March 11.—(Canadian Press.)—The overseas battalions which Canada contributed to the forces in the field during the war is provided in the reorganization of the infantry of the Canadian militia, according to a statement issued from militia headquarters today. The statement precedes announcement of the

LABOR FEDERATION REFUSES TO INVITE FARMERS TO ASSIST

FREDERICTON, N. B., March 11.—The New Brunswick Federation of Labor in annual session here today failed to pass a resolution expressing pleasure at the formation of the farmers' organization, and cordially inviting the United Farmers to co-operate with the labor movement. It was ordered tabled by a majority vote.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; this conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. CAUTION—Bitro-Phosphate, the one which is inexpensive, also wonderful, promotes the assimilation of food, so that many people who have lost weight gain it in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.—Advt.

DEATH OF MRS. E. A. FASKEN

PARIS, March 11.—The death took place this afternoon of Mrs. Elizabeth A. Fasken after a couple of days' illness from pneumonia, following an attack of influenza. Deceased was born in Paris and resided here all her life and was highly esteemed. Some 45 years ago she was married to Dr. J. W. Fasken. At the present time her husband is living very low from pneumonia, as also a little grandson, John Wilson.

Marvelous Prescription For Stomach Distress

Rejoice and be glad ye army of nervous wrecks and dyspeptics. No more will you need to exclaim in that hopeless tone, "Oh! my poor old stomach."

For your druggist has a prescription that turns old stomachs into new ones and sour stomachs into sweet ones in a week.

There's happy days ahead for you and your poor old flabby, tired-out stomach if you just won't be obstinate. Just go to your druggist today, lay down 50 cents and say, "I want a box of Mi-O-Na Tablets."

And just take one or two tablets with or after meals for a few days and then if you don't agree with us that Mi-O-Na is a marvelous prescription you may have your money back. We'll leave it to your sense of fairness whether that's a square deal or not.

Mi-O-Na Tablets promptly relieve belching, heaviness, pain in stomach, heartburn, sour stomach, foul breath and coated tongue. Give them a trial and chuckle with pleasure. Mi-O-Na is sold leading druggists everywhere. If your druggist cannot supply you, write, enclosing 50 cents, to Booth's Hyomei Company, Postoffice Box No. 338, London, Ont.

HYOMEI
(PRONOUNCED HIGH-O-MEY)
Ends Catarrh or mucus. Just breathe it in. Outfit, including inhaler, \$1. Extra bottle, 50c. All druggists.

Sore Throat, Colds

Quickly Relieved By Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep-seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired, aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headaches? Get 1 ounce of Hamlin's Wizard Oil. Pleasant little pink pills, 30 cents. Guaranteed.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting tired of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Hamlin's Wizard Oil (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrh of the Ears, or whose ears are hard of hearing or has head noises should give this prescription a trial.—Advt.

Furniture of Distinction

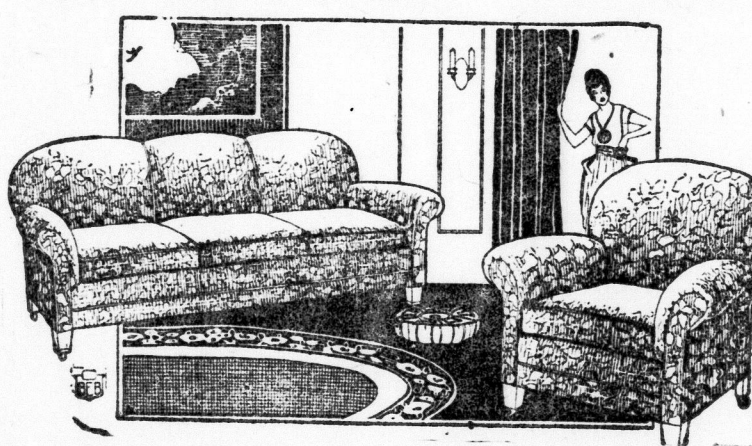

Have you ever considered the big part that moving pictures have played in creating a desire among millions of people for better furniture? Picture after picture that you have seen has had beautiful furniture as a setting for the players. Unconsciously millions have been inspired with a desire for furniture of equal distinction and this store, being abreast of the times, is ready to satisfy that desire. Here are just a few examples of the splendid values you will find at this store right now.

This Fine Bed Davenport at \$79

Here is one of the most practical articles of furniture you could possibly buy. A great, large, comfortable Davenport during the day and evening and a full-sized bed at night. This one is sturdily constructed, has resilient springs and full-sized mattress and is upholstered in a splendid quality of tapestry.

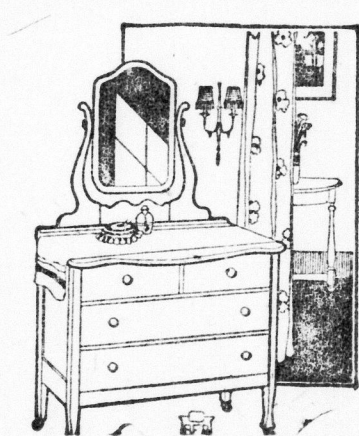

Luxurious Two-Piece Tapestry Suites at \$159

Nowadays the home without one or more pieces of overstuffed tapestry furniture is almost "out of it." If you have been on the point of buying a Tapestry Davenport and Chair, or either one of them, here is the best opportunity you will have for a long time to come.

This two-piece suite, as illustrated, with loose cushions and upholstered in a beautiful grade of tapestry, in several different designs and colors, is offered for a short time only at the above price.

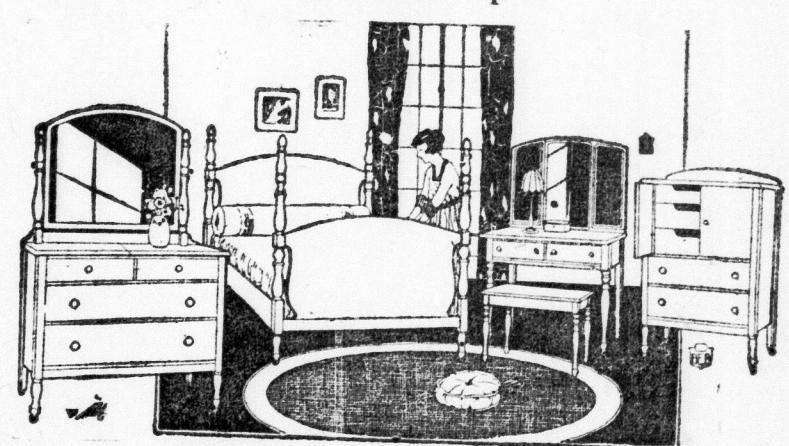

Buy Chesterfields now if you would save money.

Dresser Special \$29.90

KEENE BROS. 125-127 King St.

LONDON'S CASH HOME FURNITURE STORE

To make only one cupful of the usual table drink would cause considerable waste, but you can make one cup or ten cups of

INSTANT POSTUM

without a bit of waste.

This drink of gratifying flavor is made instantly—a teaspoonful in a cup—with hot water added. And you can suit any taste by varying amount used.

Canadian Postum Cereal Co. Ltd., Windsor, Ont.

CIVIL SERVICE MEN WANT APPEAL BOARD AND ADEQUATE BONUS

OTTAWA, March 11. — "Not until these reforms are instituted will classification become satisfactory and acceptable to the service," was the concluding phrase in one of the most im-

portant reports submitted to the annual convention of the Civil Service Federation of Canada this morning by the committee on legislation, classification, etc., the spokesman of which was T. R. E. McInnes, Ottawa Civil Service Association.

The terms asked for and endorsed by the convention are:

1. An adequate bonus.
2. That a permanent appeal board be instituted.
3. That personnel committees be in-

stituted in the form of service committees, departmental committees, shop committees, Whitley councils or of some other satisfactory nature.

4. That a general permanent and satisfactory system of superannuation be instituted.

Regarding the bonus, it has been announced that it is in excess of a great deal of last year's government bonus, but until the matter is placed before the cabinet it is the desire that the amount be withheld from publication.

WELL-KNOWN GRAND TRUNK RAILWAY OFFICIAL IS DEAD

John M. Riddell Started With Road in 1874.

MONTREAL, March 11.—The death took place here last night of John M. Riddell, general agent of the Grand Trunk Railway System at Portland, Me., and well known in railroad circles throughout the eastern section of the continent. The deceased, who was 71 years old, had been in failing health for some time past. Mr. Riddell was born at Port Dover, Ont., and entered the service of the Port Dover and Lake Huron Railway, now part of the Grand Trunk System, in 1874. He was agent at Woodstock and at Stratford, and in 1882 was appointed assistant superintendent of the Stratford division. He was later assistant superintendent at Toronto, Belleville and Montreal. In 1896 Mr. Riddell was appointed general agent of the Grand Trunk at Montreal. In 1907 he was transferred to Portland, Me., to take charge of the general freight and export freight business of the Grand Trunk at that port.

Mr. Riddell's remains will be buried in Montreal.

FACTS FOR FARMERS

PUREBRED VERSUS GRADE DAIRY CATTLE.

(Experimental Farm Note.)

The old question "would you advise me to start into the purebred dairy cattle business?" is being asked as frequently these times as ever before, and is receiving just as many negative replies as formerly. There are so many factors which enter into the problem that one has to study the question from every angle. Good purebred cattle of other sex are also being asked for, and prices now that men who have proven themselves successful with grade stock, cannot afford to continue without purebreds. We all know of certain grade herds making more money for the owners than some purebred herds in the same locality, but every community has examples of men in the purebred business who never should have invested money in live stock.

The most economical and the most satisfactory way for the average farmer to start into purebreds is to purchase good females to start with. Care should be taken to see that they are good. They should be healthy, of the proper type, and other proven producers or with proven ancestors. It is better to have only one good cow than several medium-quality animals. A comparatively small outlay is necessary when starting in this manner.

It is remarkable how quickly a herd can be built up from a few foundation cows. The dairy herd on the Agassiz Experimental Farm was started by the purchase in December 1911 of 28 grade cows and the following year three purebred cows. Then in the fall of 1915 two purebred heifers calves and the next year a pair of 2-year-old heifers, also purebred, were purchased. Today there are 42 purebred females in the herd, and the above and their descendants. As the purebred herd increased in size, we have gradually decreased the number of grades until at present only 21 are on hand.

A comparison has been made during the last three years of the five most profitable purebred cows and the five most profitable grade cows. In each instance the purebreds have been the more successful from a commercial standpoint. On the average the purebreds produced 4,455 pounds more milk and 133 pounds more fat per cow per annum, and yielded an average profit over feed cost of \$27.64 more per cow than the grades.

After a pure-bred herd reaches a suitable size the most money is made by selling the surplus stock for breeding purposes. The Holstein bull, Inka Sylvia Beets Posch, 5563, was used as senior sire in the Agassiz herd from December, 1916, to July, 1918. From his service during that period fifteen grade and twelve purebred females were raised, and are in the herd at the present time. Putting the very topmost value on the fifteen grade heifers they are worth \$1,275, while the dozen purebred heifers are worth just about twice that amount, yet they cost no more to raise than the grades. The purebred male calves born in the herd during the same period were sold for \$100 each and up, while the grade bulls were sold for less.

Not only is it more profitable to produce purebred cattle than grades, under suitable conditions, but the pleasure and interest are much greater.

REPORT OF FARM CONDITIONS.

MARCH 9, 1920.

The following is a summary of the reports made by agricultural representatives to the Ontario Department of Agriculture:

The lack of straw has been keenly felt this winter by owners of live stock. Cattle have been coming along in good health, but are rather thin for handling on the block. Best states that not over 60 per cent of steers are being fed, a large number being carried through for grass finish. In Durham also a large number will be finished on grass. Waterloo reports that a number of farmers have disposed of considerable of their beef cattle owing to the shortage of feed and the poor outlook of the market. Brant, however, states that feeders are holding on to their cattle owing to the unsettled prices, but that good veal calves are bringing 18 cents a pound from drovers, while butchers are paying from 15 to 16 cents. Peel claims that some vealers have sold as high as 21 cents a pound.

In Waterloo "really good horses weighing about 1,500 pounds" are commanding from \$225 to \$250 each, but Brant reports that "horses are very dull property, good ones running as low as \$150." Durham says that fewer mares are being bred.

Sales of hogs are not heavy. They are bringing from \$17.50 to \$18 a cwt. At an auction sale in Brant recently little pigs sold at from \$6 to \$9 each, but in some other districts they are going lower on account of the scarcity of feed.

Hay is selling all the way from \$24 to \$34 a ton, according to location. Speaking of the shortage of mill-feeds, a representative states that some farmers can secure only about a bag of bran at a time, as the mills are not grinding much wheat.

Elgin states that there will be plenty of seed corn, but that many farmers have been saving old oats for seed. Fall wheat and clover are still under fair cover, and are supposed to be in good condition.

Comparatively few men are showing up for farm help so far, and some representatives are of opinion that this class of labor will be scarcer than ever this spring. Elgin and Renfrew report farmers as offering from \$50 to \$60 a month, with board for fit men.

The Brant representative reports that he never saw so many sales listed in the county as during the past month.

DO NOT NEGLECT THE BEES.

(Experimental Farm Note.)

The present high price of sugar reminds us that Canada produces natural sugars that are still more valuable than the product of the refiner. Fortunately are those who not only possess bees at this time, but understand them and have supplied their needs.

The early spring months are the most critical period of the year in the life of the bee colony. At the same time, the pressure of spring work of cultivating, seeding, etc., on every fine day on the farm too often leaves the bees forgotten.

There are several reasons why the bees are more liable to be neglected than other things on the farm. Hidden away in their hives they do not require daily feeding like other animals. Such attention as they need is in the nature of a surgical operation, and the opening of the hive is not always anticipated with pleasure on account of the risk of receiving stings. Yet, on many farms, the bees have been found to pay better than anything else, considering the small amount of capital and labor expended.

Danger of Starvation.
The principal danger to avoid at this

time of year is starvation. If each colony went into the winter strong, with a good fertile queen and a plentiful supply of stores in the combs, the first examination of the hive had better be deferred until the weather is warm and nectar is being gathered. But if the stores are running short, a cake of

The Easiest Way to End Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail—Advt.

LIFT OFF CORNS!
Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting—then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting—then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

GROUP INSURANCE

A Suggestion to Employers

Why not look into a new feature of Group Insurance, offered by the Canada Life?

In taking Group Insurance your ultimate objects should be:

To lessen cost of labor turn-over.

To create in the minds of your men a feeling of security for the future.

To assist them in purchasing a home or other investment, when they become established, as permanent employees.

To provide against total and permanent disablement which would otherwise mean a "pension" from the firm.

All these objects may now be established and valuable years of progress saved, by securing information about the Group Endowments of the Canada Life.

Group term Policies issued at lowest rates.

No Company offering Group Insurance in Canada has lower rates than

TALKS ON HEALTH

BY WILLIAM BRADY, M. D., Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Save the Wrapper. II—How To Manage a Boil.

Whether a boil has a "core" or not depends on the intensity of the inflammatory reaction following the invasion of the hair follicle by staphylococci (germs occurring in bunches resembling bunches of grapes). If the reaction is very intense there is a complete walling off of the infected center; this is produced by a mobilization of white blood corpuscles in the blood vessels surrounding the infected or invaded place and by many of these invader cells depositing into the tissue around the invaded center. Thus, when there is considerable hardening or induration about the center, the boil will probably form the core.

When a mass of tissue which has died (necrotic) because the blood supply has been completely blocked by mobilizing germ-destructors. The earlier a boil is incised the better. To wait for "ripening" or for the boil to break is to allow the infection to spread to the old woman, just as it pleases their superstitious notions to wait for the swelling to subside before giving vent to the pus in a so-called "ulcerated tooth" (really an abscess). Merely causing the infected area to bleed does good, if this is done early enough, because it disposes of a large part of the invading germ army, and at the same time admits to the invaded region a great reinforcement of blood cells and germicidal blood serum. Some people still imagine "the corruption will go all through your system" if the boil is opened early or if the core fails to materialize. I repeat that a boil is a local infection can never be incised too early for the welfare and comfort of the patient.

In dressing the wound of success is "Hands off." That is, never touch the skin with the fingers, and never touch with the fingers any dressing, part of the clothing, implement or material which has been soiled or invisibly contaminated by the discharge. Even before the boil has opened or been opened, the skin over it is likely to swarm with staphylococci in virtuous condition. As a precaution against contamination of the environment a dressing of some kind should cover a boil from first to last, except perhaps while the area is being treated with direct sunlight—a very valuable treatment in such cases. The hypertonic salt solution (three heaping teaspoons of salt dissolved in a pint of bottled water) should be applied on thick folds of washed cheesecloth or surgeon's gauze as warm as bearable every four hours, favor drainage and relieve pain. The boracic acid, as already mentioned, may be used with this dressing. Old silk

UNIONISTS AWAITING RETURN OF BORDEN; NO DECISION MADE

Party Still Nameless and
Lacking And Definite
Policy.

WHITE'S ASPIRATIONS

Many Subjects Discussed But
No Action Is Taken.

[Special to The Advertiser.]

OTTAWA, March 11.—The Government forces are still nameless and lacking a policy. Government members of both Houses held caucus this morning, and the net result of a great deal of talking, and a considerable amount of empty applause was that the decision was reached to "carry on" as usual until such time as Sir Robert Borden returns and delivers his plan. It would appear, in short, that the Government has decided to carry on until it is carried out.

Today's caucus is the fourth which has considered the matter of the future of the Government party, and which has arrived at no conclusion on the question. Past gatherings of the kind have been more or less acrimonious and controversial. Today's was a rather peaceful affair marked by a considerable amount of mutual back-patting. For adversity has brought the members together, and they have pretty well all decided to hang together, less they hang separately.

Intends to Return.
A letter was read by Sir George Foster from Sir Robert Borden, in the course of which the latter expressed his intention to be back in Ottawa within six weeks, and requested that the matter of name and policy be deferred until his return. Sir Thomas White, who in the debate on the address strongly advised reconstruction under the national policy, and the name of the Liberal-Conservative Party again urged speedy action along these lines. Sir Thomas is making a strong bid for leadership himself; but he agreed to defer action on the whole question after having heard Sir Robert Borden's letter.

General Statements.
The question of the tariff was touched upon and western members have to be satisfied with a general statement regarding a prospective tariff investigation. The general consensus of opinion appeared to be against the Government taking any action in the matter of naval defence this session. However,

final decision on that question has been deferred until another caucus is held next week.

Once more consideration of the future of the Government party has been shelved.

MACKENZIE KING URGES INFORMATION ON EIGHT-HOUR DAY

OTTAWA, March 11.—When the House resumed this evening H. A. Mackie (Edmonton East) resumed the debate on Mr. Burnham's eight-hour day resolution. He was in favor of an eight-hour day, but did not like the phrase in Mr. Burnham's motion "sub-

ject only to the right of express private contract."

Hon. W. L. Mackenzie King said he wished to know the exact meaning of this resolution. He asked Mr. Burnham, did he understand that a man on engaging might make any agreement as to the hours he wished.

Mr. Burnham said that the resolution had no intention of taking away a man's right to make an agreement. If an act was passed without this clause was there any assurance that some men could not work eighteen hours a day if they so desired?

Mr. King replied that if the law stipulated an eight-hour day then an employer who kept his men working longer would become liable to penalty. With this latter provision Mr. Burn-

ham's resolution became nothing more than a pious wish for an eight-hour day wherever it might be agreeable. The question had been raised of whether or not the Government could pass such a resolution. Before any further discussion took place, the Government took place, the Government took place, the Government took place.

Farmer's Rights.
Hon. G. Best (Dufferin) said it was but right that the farmers' rights should be considered in discussing a law of this nature. Men would not remain on the farms when they could get bigger pay and shorter hours in the city. Young and middle-aged men were giving up their farms because of this. It was becoming increasingly harder to secure farm labor and a law of the nature proposed would tend to reduce production of foodstuffs in Canada.

George Boyce (Carleton) followed much the same line of argument. He said any man who could not work eleven hours a day on a farm ought to be an inmate of a charitable institution.

E. W. Nesbitt (Oxford) said that before the discussion went any further he would like to make sure that the Government had jurisdiction to enact an eight-hour day. He understood that the matter rested with the provincial parliament. It was no use passing a resolution which committed the House to legislation which it had not the jurisdiction to enforce. He also thought that it might safely be left to the labor unions to arrange with their employers for a day of reasonable length.

Government Contracts.
Col. W. F. Cockshutt (Brantford) said he understood the House had not the jurisdiction necessary to carry out such legislation as that proposed by Mr. Burnham. The House might go so far, as an example to the provinces, in whose jurisdiction the matter lay, as to adopt the resolution that where government contracts are concerned eight hours shall be considered a legal day. He asked if the supporters of the resolution had considered that weather conditions often prevented work on the farms for days at a time. This would have to be considered in applying the law to farm labor. A difference should be made between one industry and another. He quoted cases where labor and capital had already agreed on the principle of the eight-hour day, and thought that legislation on the principle was not urgently needed.

G. W. V. A. IN ENGLAND

FARM HELP COST MORE LAST YEAR

Average Wages Show an Increase Over Preceding Periods.

Ottawa, March 10.—The dominion bureau of statistics publishes today its annual report on the average values for the year 1919 of estimates of (1) the values of farm lands, (2) the wages for farm help, and (3) the value of farm live stock and of wool. These estimates have been compiled from the returns of a large corps of correspondents throughout every province of the dominion.

The average value of farm land for the dominion, including improved and unimproved land, together with the value of dwellings and other farm buildings, is placed at \$52 per acre, as compared with \$46 last year. \$41, 1917, \$41 in 1916, \$40 in 1915, \$38 in 1914 and in 1913. This shows an enhancement in value of 10 per cent in 1919, and 36 per cent in five years. By provinces, the value is highest in British Columbia, being \$174 as compared with an estimate unit value of \$149 per acre in 1917 and 1918. Ontario, with an estimated average value of \$66 per acre, and Quebec with \$72 per acre, are above the average for the dominion. Last year both Ontario and Quebec had the average value of farm lands at \$57 per acre. In Prince Edward Island the average value has risen from \$44 per acre, the highest previous value, to \$55. Nova Scotia also shows an increase from \$38 per acre in 1918 to \$41 in 1919. New Brunswick valued its farm land at \$19 per acre in 1919, \$22 in 1918.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Prove that Lydia E. Pinkham's Vegetable Compound Can Be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted a week and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength, and the annoying symptoms disappeared, and your Compound has made me a well, strong woman, so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. Frank Hemson, 1318 S. Orchard street, Urbana, Ill.

Women who suffer from nervousness, "heat flashes," headaches, headache and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

In 1916 and 1917, \$35 in 1918 and \$32 in 1919. The value of farm lands in Manitoba, while fluctuating between \$29 in 1910 and \$22 in 1918, rose to \$35 per acre in 1919. In Saskatchewan farm lands were valued at \$32, as compared with \$29 per acre in 1918 and \$24 in 1914, and Alberta lands increased in value from \$21 per acre in 1914 to \$27 in 1917 and \$28 in 1919.

The average wages paid for farm help in 1919, showed a considerable increase as compared with the previous year. For Canada as a whole, the wages per month during summer, for males, inclusive of board, is \$75, and for females, \$43 per month; the value of board, \$24 per month for males and \$19 for females, is included in the above estimate. In 1918, the cost of farm help during summer months was estimated, for males, at \$76, including \$21 per month for board, and for females at \$38 per month, including \$17 per month for board. By the year, included in the estimate, the wages for males, as compared with \$617 in 1918, and \$323 in 1914; females received \$465 in 1919, as compared with \$416 in 1918 and \$189 in 1914, being an annual average increase of over 136 per cent for men and 146 per cent for women from 1914 to 1919. Compared by provinces, the average wages per month for male and female farm help, respectively, in the summer season, including board, were in order of value in 1919, as follows: British Columbia, \$96 and \$64, Alberta, \$95 and \$58, Saskatchewan \$94 and \$55, Manitoba \$89 and \$52, New Brunswick \$79 and \$55, Quebec \$76 and \$54, and Prince Edward Island, \$51 and \$28.

In 1918, the position of the provinces as regards wages of males was the same. British Columbia coming first for both males and females and Prince Edward Island last in both cases. The net earnings of farm help in the summer months and farm live stock in British Columbia, \$37, followed by Alberta with \$34, Saskatchewan and Manitoba \$33, New Brunswick \$32, Nova Scotia \$30, Nova Scotia \$18 and Prince Edward Island \$15, while for males it was highest in Alberta, with \$67 per month, Saskatchewan \$66, followed by British Columbia \$65, Manitoba \$63, New Brunswick \$62, Quebec \$53, Ontario \$48, Nova Scotia \$47 and Prince Edward Island \$33 per month.

The downward trend of the value of horses from the high mark of 1917 is again in evidence in the figures of 1919; the values of milch cows continues to advance, while the value of other horned cattle, sheep and swine is either stationary or slightly lower. For the dominion as a whole, the average price of horses under one year old is \$85, as against \$86 in 1918 and \$67 in 1917; for males one year old to under three, the average value per animal was \$108, as against \$112 in 1918 and \$116 in the previous year; for work horses the price per animal is practically the same in 1919 as in 1918, \$151 and \$162. The continued upward trend of the value of milk products is reflected in the average price of milch cows, which is placed at \$225 in 1919, as compared with \$87 in 1918, \$62 in 1915 and \$42 in 1910. The average value of other cattle under one year old was \$25, compared with a similar figure in 1918, while those of three years old and over dropped in value from \$88 per head in 1918 to \$83 per head in 1919. Sheep average \$15, as against \$16 in 1918, \$14 in 1917, and \$12 in 1916. Swine are valued at \$28, against \$23 in 1918. Wool shows a drop of from 62 cents per pound to 55 cents for unwashed, and from 90 cents to 70 cents for washed. Correspondents were required to report from the best possible information available the average value per head of each kind of farm animal in their district, and the averages thus obtained have been compiled and employed in the calculations of total values according to the number of farm animals as returned in June, 1919. The resulting totals for the dominion are as follows, the figures for 1918 being given in brackets: Horses, \$435,070,000 (\$425,155,000); milch cows, \$327,814,000 (\$307,244,000); other cattle, \$381,007,000 (\$395,814,000); all cattle, \$708,881,000 (\$700,058,000); sheep, \$50,402,000 (\$48,502,000); swine, \$102,305,000 (\$112,751,000). The total value for farm live stock in Canada is therefore estimated at \$1,236,602,000, as against \$1,325,760,000 in 1918 and \$1,102,261,000 in 1917.

on farms in June last was: Horses, 3,667,362; milch cows, 3,548,437; other cattle, 6,536,574; sheep, 3,421,558, and swine, 4,040,670.

HARRISTON, March 11.—A horse owned by Willoughby Bowes, liverman, met with a peculiar accident a day or two ago while returning from Falkenstein. Mr. Bowes was turning his team out to permit another team to pass, when one of the horses slipped and broke its leg. It was necessary to shoot it.

Murdoch Morrison, who for many years was in charge of the Harriston cheese and butter factory, and who retired and took up residence in town a few years ago, has been appointed assessor and tax collector, to succeed the late William Lambie.

In order to mitigate to some extent the disorganization caused by the delayed mail service resulting from last week's storm, the postmaster issued the mail on Sunday to such as desired it.

The town council has this year transferred the town account from the Royal Bank to the Standard Bank.

John D. McEachern, teller at the Standard Bank, is severing his connection with the bank, and will return to Campbellford. Mr. McEachern is a returned soldier, and has taken much interest in the local G. W. V. A. and local lodge work, as well as in the banking business.

For Colds, Grip or Influenza, and as a Preventive, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box, 25c.

Dominion Raynsters

"Made-in-Canada" Raincoats

—At Popular Prices

—For Every Member of the Family

"DOMINION RAYNSTERS" came into being in response to a pressing need.

Men, women and children wanted coats that were absolutely waterproof, and at the same time, cut on graceful lines, well tailored, comfortable and serviceable.

How well "DOMINION RAYNSTERS" have filled this need is shown by the large number of stores carrying these double service coats, as well as the steadily increasing demand for them by every member of the family.

"DOMINION RAYNSTERS" are not merely shower-proof—the cloth is not "treated", but is "rubber lined" and made waterproof. They have the same style and finish as you see in the custom-made top coats.

"DOMINION RAYNSTERS" coats, even to the seams, are absolutely waterproof; and the guarantee label of the Dominion Rubber System is an assurance of quality and service.

Sold By The Leading Stores Throughout Canada.

The Power That Gets You the Welcome

RELIABLE Batteries possess "the power that gets you the welcome." Built of highest quality materials. Reliable Batteries never fail to ring the bell—day or night.

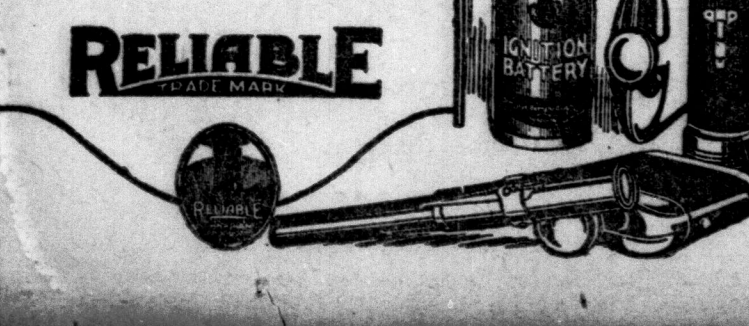

Fitted with the "Big Brass Cap" that enables you to use all power. Reliable No. 6 Batteries are longer lasting. No wasted energy when used on the engine, motor, bell, telephone or for any other ignition purpose. Can be equipped with the "Fahnestock Spring Clip Binding Post" if you ask your dealer for it.

Reliable Flashlights are also longer lasting. The large Reliable Flashlights give constant service up to 12 hours and intermittent service up to 16 hours. Your dealer can supply you with a Reliable Flashlight battery that is best for your light case, whether called Flashlight or Daylo.

To get better results on the tractor, churning or washing machine, or engines of any description, use the Reliable ignition unit.

Sold by good dealers. Everywhere.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or grey. Mixing the Sage Tea and Sulphur recipe at home is simple, but a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, grey, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all grey hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

DYED CHILD'S COAT AND HER OLD SKIRT

"Diamond Dyes" Made Faded Shabby Apparel So Fresh and New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathered, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you cannot make a mistake.

To match any material, have druggists show you "Diamond Dye" Color Card.

When you feel so "blue" that even the sky looks yellow, you need BEECHAM'S PILLS

A sluggish liver and poorly acting kidneys fail to destroy food poisons, which affect the mind as well as the body.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California!"

DEWART CLAIMS THAT DRURY DECLINED TO ACCEPT HIS OFFER

Liberal Leader Says He Received No Reply After Making Proposition.

FERGUSON'S ATTITUDE

Comes Out in Favor of "Properly Administered" Patronage System.

TORONTO, March 11.—There was nothing of the old-time political vigor lacking during the debate on the speech from throne in the Legislature this afternoon. H. Hartley Dewart, Liberal leader, assailed the Government for what he termed their reluctance to practice the policy of co-operation which they preached, and Hon. G. Howard Ferguson, Conservative leader, followed with a fighting speech in which he drew a distinct line of cleavage between the Conservative and Liberal parties in the opposition, taking Mr. Dewart to task for having attempted to capture the farmer party and criticizing the "meagre fare" offered in the speech from the throne. Mr. Ferguson took sharp issue with the Government on the question of patronage and declared himself a believer in a fairly administered patronage system under which a minister had a voice in the selection of his subordinates.

"We, the Liberal party in Ontario," Mr. Dewart declared, "have always stood for agricultural rights, so far as these are consistent with the demands of labor and of the common people. Our general platform has been adopted by the farmers, but with exceptions."

Under Any Cloud.
"I do not propose that either the Liberal party or I myself should rest under any cloud on the question of co-operation," continued Mr. Dewart, reading a letter which he stated, he had written to Premier Drury on October 31, last, congratulating the latter on being chosen leader of the United Farmers of Ontario and inviting a conference with him, with a view to arranging for co-operation.

"The premier," he continued, "has not yet done me the courtesy to reply to this letter."

"We are waiting," Mr. Dewart continued, "to hear the premier's views on patronage. Is there any connection between the rumor that a Mr. Gregory of Toronto was instrumental in discouraging opposition to the candidature of the premier in Halton, and the fact that Mr. Gregory is now engaged as counsel for the Government before the International Waterways Commission?"

Kapuskasing Probe.
Touching on the Kapuskasing investigation, the Liberal leader said: "I am surprised that no demand has been made for the dismissal of the deputy minister of lands and forests."

Mr. Dewart endeavored to show that the cause of the U. F. O. organization was dissatisfaction with Ottawa, and not with Ontario Liberals, who, he continued, had always been the friends of the farmer and labor.

Mr. Dewart said that the Liberals had fought in previous sessions the battle of all the people against an autocratic government that proposed to maintain itself in power by the manipulation of the powers of government. The battle for moral reform in advanced temperance legislation which had sprung from the Hearst Government advanced temperance legislation which the province had not otherwise received.

"The Liberal party fighting the battle of the people against an autocratic government has shown where others have reaped. Where we fought, others possess the fruits of victory, but the success is a common success which we share."

Demanding Co-operation.
"The mover of the reply has demanded co-operation and new court of equity. I took down his words when he said, 'We will take the aggregate wisdom of both sides of the House to establish legislation to satisfy the province.' Then why have we not had the suggestion of co-operation with those who were willing to co-operate. Let me say that sniping is not co-operation. What attempt has there been to look for co-operation from those who were the natural allies of the farmers—and of the working man and of the soldiers and others who recognized that Liberalism stood for the people and not the class?"

Mr. Dewart said the Liberal committee went to the U. F. O. to see what could be done in the matter of co-operation. He himself wrote to Premier Drury but had got no reply. The Liberals had been taunted with the fact that they put candidates against farmers.

The Liberal leader regretted that there was nothing about the eight-hour day in the speech from the throne. He said that the Liberals did not propose to let the matter go by, as Liberalism could look after labor as well as the farmer.

He thought that a ministry of health was more important than a separate ministry of mines. He was surprised that the resignation of the deputy minister of land and forests had not been demanded in view of Kapuskasing affairs.

Good Old Tory Party.
Mr. Ferguson took occasion to get in a few boasts for protection and the "Good old Tory party."

He revived the thin edge of the wedge argument used in the campaign of 1911, and added to the "terrible dangers of annexation," by the republic to the south, the later danger of the manner in which Canadian money is treated.

Mr. Ferguson called upon Premier Drury to live up to the high ideals of his able predecessors. He also asked the present minister of education to follow Hon. Cady's ideals.

He was amazed at the meagre legislation predicted in the speech from the throne. He pointed out that it contained nothing about the great housing scheme. There was not a word about the workmen's compensation act, nor the eight-hour day. Regarding the latter, he said that the Hearst Government had asked Ottawa about it, and would have made any legislation necessary to implement it.

Mr. Ferguson professed great alarm about the hydro not being mentioned in the speech from the throne. "Is it any indication of the attitude of the Government toward this great project?" he asked.

Mr. Ferguson saw difficulties in the separation of the mines from the forests and lands department. He congratulated the minister of works on his good roads program. "My only fear is that he may have overstepped the mark," said the Conservative leader.

Favors Patronage.
Passing to the question of patronage, Mr. Ferguson declared himself a firm believer in a properly administered patronage system by the men in charge of the administration of the affairs of the province. He declared that if the Government "attempts to foist on this House an irresponsible civil service commission, and a system of appointments and promotions based on competitive examinations, where a minister will have no voice in choosing his assistants, I shall most emphatically oppose it."

Sergeant-Major McNamara, Independent-Soldier members for Riverdale, has given notice of the following inquiry of the Government: "Is it the intention of the Government to dismiss the present deputy minister of lands and forests, Mr. A. Craig, in view of the disclosures of his maladministration in connection with the Kapuskasing soldiers' settlement? If so, when will such a dismissal take effect?"

Dr. Forbes Godfrey, Conservative member for West York, inquired concerning a newspaper dispatch from Hamilton, in which G. G. Halcrow, Labor member for East Hamilton, was reported as attributing to Hon. W. E. Raney a statement that "the Government is dangerously near a precipice, and the temperance forces are trying to force it over the edge."

Mr. Halcrow declared that he had been misquoted.
F. W. Hay, Liberal member for North Perth, called the attention of the provincial treasurer to a report from New York of the sale there of \$5,000,000 of Ontario bonds at 97.75 per cent. "I sold no bonds outside of Ontario," Hon. Peter Smith replied. "Those in question were absorbed by a local firm. I received 100.65 per cent for them."

PRESENTATION OF W. M. LIFE MEMBERSHIPS

INGERSOLL, March 11.—Much interest was manifested in the annual life membership party of the W. M. S. auxiliary of the Methodist Church, which was held in the church parlors Wednesday with an exceptionally large attendance. In the gathering were 48 visitors from Woodstock, St. Marys and Beachville. The wives of the resident ministers attended, and a pleasing program was furnished by life members. Interest centred in the presentation of life membership certificates to the following: Mrs. Joseph Gibson, Mrs. Tate, Miss Hargan, Sonforth, Mrs. John Wiley, Mrs. Charles George, Mrs. A. H. Harris, Mrs. A. E. Miller, Mrs. M. E. Scott, Mrs. A. Mitchell, Mrs. Byron Galloway, Mrs. S. Gregg, Miss McKim, Rev. J. G. Scott. Honorary life member, Mrs. Angood, by vote of the auxiliary.

J. H. SUTHERLAND DIES.
Following an extended illness the death of John H. Sutherland, a native of East Nassau Township, occurred at the family residence, Bell street, last night. He was 78 years of age, and had spent all his life in East Nassau Township, with the exception of 15 years. He came to Ingersoll 15 years ago, and since has lived retired. He was widely known in the Zornes, and was recognized as a progressive farmer. He had served as school trustee and was also a director for years of the Ingersoll Cheese Factory. He is survived by his wife and seven children: Dr. George T. K. Vancouver, Mrs. George Wilson, Portland Ore.; James S. London; Mrs. Parker, Sharon, Pa.; Hugh, East Nassau; Mrs. W. M. Neil McDonald, Hamilton, and Miss Eva at home. The funeral will be held Saturday afternoon at the Ingersoll-Rural Cemetery.

DOMINION TIRES

ARE GOOD TIRES

And there are Plenty of Them

The facilities for manufacturing—both in men and equipment—have been greatly increased, and will more than meet the growing demand.

However, to make sure of having your car equipped with the tires that have **PROVED** their satisfactory service and mileage, order your favorite **Dominion Tires NOW.**

Dominion Inner Tubes

are an essential part of Dominion Tire equipment. They insure perfectly balanced tires—which mean better service, longer mileage and easier riding.

Dominion Tire Accessories

enable you to obtain even greater mileage from your tires. A few minutes' work with Patches, Re-liners, Sleeves, Cement, Heal-a-cut, etc., will help you to get that extra 500 or 1,000 miles out of the tires.

DOMINION RUBBER SYSTEM

AND ASSOCIATED COMPANIES

Dominion Tires are distributed through Dominion Rubber System Branches and sold by the best dealers throughout Canada.

Dominion Tire Dealers carry Dominion Inner Tubes and the complete line of Dominion Tire Accessories.

COMMISSION FAVORS 25 PER CENT HIGHER WAGES FOR MINERS

WASHINGTON, March 11.—A 25 per cent increase for bituminous coal miners is recommended in a majority report of the commission appointed by President Wilson to settle the coal strike.

No change in working hours or conditions was recommended. The miners' representative held out for a higher wage increase, it was said, and will submit a minority report.

The wage increase proposed will amount to 14 per cent granted when the miners returned to work last November, so that the actual increase

JUMPS FROM WINDOW TO HANG HIMSELF

FREDERICTON, N.B., March 11.—Placing a five escape rope around his neck, Fred Gorman, a returned soldier, who was shell-shocked and wounded during the war, jumped from a window of the Canadian Hotel at Fredericton Junction this morning and hanged himself. The body hung suspended within sight of trains passing on the Canadian Pacific Railway until noticed by a passer-by.

MANY FARMS BEING SOLD

Hyde Park, March 11.—The storm of March 5 has left the 4th concession, east of the village, in very bad shape. The road was practically filled in places. Some shovelling has been done, but still the road is very bad.

The following farmers have recently disposed of their farms in and around Hyde Park: Mrs. Whitford of Ilderton has sold to Henry Colbert of London her small farm in Hyde Park VII. large; Westly Colbert sold his 50-acre farm on Cameron's side road to his brother, John Colbert of London; Ernest Grey sold his 50-acre farm on the 17th concession, London Township, to Joseph Kennedy, living near Ilderton.

MRS. ALICE MCCLUSKEY,
prominent Lewiston woman,
who says she wishes she could
have gotten Tanlac twenty years
ago, as it would have saved her lots
of suffering. Declares she is now
well and happy and that she wants
everybody to know about it.

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac." was the remarkable statement made recently by Mrs. Alice McCluskey, residing at No. 66 Park street, Lewiston, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money."

"My principal trouble was indigestion, and for many years I could not eat meat or pastries, for I would always suffer afterward. I would most always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk, and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all."

"You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why, it was just the medicine I needed all the time, and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight, and can again do all my household work without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

VOICE OF THE PEOPLE

LIGHTNING ROD LEGISLATION.
To the Editor of The Advertiser:
Kindly allow me a little space in your excellent daily newspaper.

In a recent issue I noticed a measure to be recommended to the Provincial Assembly by the municipal fire marshals. As reported, it suggested that buildings insured for \$2,000 or more be provided with lightning rods and that failure on the part of the owner to comply with this statute, after due notice of its having become law, be penalized to the extent of \$20 per day for each consecutive day he should fail to have the building properly rodged.

As a farmer, I consider this one of the most illogical, unjust and vicious pieces of legislation ever proposed to any legislature.

It is illogical because it presumes that buildings insured for \$2,000 and more are more frequently destroyed by lightning than those insured for \$1,500 or \$1,000. Is it not fact that many buildings not nearly so costly or large are destroyed by lightning?

It is unjust because it is aimed at the large or more progressive farmers. It is class legislation—one class of citizens are benefited beyond another.

It is vicious and unjust. It places the farmer between two fires—the law will fine him for not having the building properly rodged in time, and on the other hand, he is to be the victim of the lightning rod company, who will delay his order or charge him an extortionate price for the material and work.

It is vicious because it bears the marks of having been fathered by a trust bound to create a monopoly, which will add millions to its fortunes by the sale of ready-made lightning rods to the hard-earned farmers to the large degree already.

It is this very legislation that the Provincial Assembly, largely composed of farmers, has vowed to destroy, root and branch.

Is it not evident to every thoughtful mind that were this measure to become law, lightning rod stock would be hoisted more than 100 per cent in the next 24 hours?

It is therefore unwise and utterly unnecessary legislation, because totally unnecessary.

Why not provide in a sane and just manner to meet this so-called need? Let such insurance company find out the difference in cost of insurance between those buildings rodged and those without rods; follow this up by an educational campaign and make the cost of the buildings that have been duly protected by lightning rods, and yet burned by lightning.

Suppose the legislature granted this measure so highly recommended by the fire marshals. The next thing would be the appointment of a host of inspectors at a salary of about \$5,000 each per annum. How much more simple and easier to rebate and not just for the farmer would this be the benefit, and it certainly belongs to him. The fellow who has to see the benefit of lightning rods carries his own risk and his own share in the cost of insurance.

No words can be too harsh in condemning the provisions of this disgraceful bill. Get busy every day in Ontario, but the thing often and hard by appropriate resolutions, and still better write a letter to your representative, so that the bill might be strangled at its birth.

Newbury. J. W. HAMMETT.

PRESBYTERIANS WILL MEET AT OTTAWA

FRANCHISE BILL AGAIN PROVIDES ENUMERATORS

Guthrie Introduces Stunt Successfully Used For "Union" in 1917.

USE PROVINCIAL LISTS

Voters' List Not More Than One Year Old Can Be Utilized.

OTTAWA, March 11.—(By Canadian Press)—Mr. Guthrie introduced the franchise bill in the House this afternoon. The purpose of the bill is to provide for a uniform franchise throughout the Dominion; secondly, it provides a uniform method for the preparation of voters' lists; thirdly, it provides a "simple and satisfactory method" for the conduct of elections.

In presenting the bill, Mr. Guthrie said that under its terms the franchise had been established upon very broad principles. The only requirements would be those of British citizenship, residence in Canada for one year, and in the particular constituency for two months, and the attainment of the age of 21 years. These requirements would apply alike in the case of male and female voters.

In regard to the preparation of voters' lists, the principle adopted was that existing provincial lists, any province where authorized by law for use in provincial elections could be utilized in the case of Dominion elections, providing the lists were not more than twelve months old or more than twelve months had elapsed between the compilation of such lists and the issue of writs for a Dominion election.

Form Basis of List.
When the lists were more than one year old, they would form the basis for a Dominion list.

There was power in the bill to add such names as should be added and to take away from the provincial lists any name which should be removed. This provision would give general up-to-date lists in all provinces.

When no such provincial lists existed, the principle adopted by the bill was in urban municipalities that of registration, and in rural municipalities that of registration by way of enumeration.

In urban municipalities all persons, male and female, would be required to register during the time prescribed in the act. When the registration period had expired, appeals would be permitted either by those whose names were not upon the lists or against those whose names had been included in the lists. In all provinces where there were county judges, the county judges would be appointed the revising officers. In other provinces, appeals would be to the district judges.

Appointment Registrar.
In rural municipalities where there were no provincial lists which could be utilized by the terms of the bill, a registrar would be appointed to prepare lists. He would make an enumeration of the voters in a polling station, and his lists would be completed they would be returned to the proper officer. In this case, however, there would be no revision or appeal because a further provision in the act provided that any person who claimed to be entitled to vote and whose name had been omitted in a rural division would be entitled on polling day, on taking the prescribed election oath, to receive a ballot paper and cast his vote.

Some Innovations.
The machinery for holding an election, as provided in the bill was not very different from that at present in use. There were one or two innovations, however. The act proposed to abolish the office of the clerk of the crown in chancery and to create instead a chief electoral officer. This

officer would have charge of elections and his duty would be very similar to that of the general returning officer in the election of 1917. He would be a permanent official. The bill also provided for the holding of advance polls in order to enable railwaymen, sailors and others who were unable to vote on election day to cast their ballots. The period fixed between nomination day and polling day by the bill was fourteen days.

Mr. Guthrie closed by saying that the intention of the bill was to bring uniformity in voting throughout Canada and to promote safety and simplicity. An examination of the bill would, he thought, convince members that it was founded upon principles of equality and justice.

In answer to questions by Mr. W. D. Euler, Mr. Guthrie stated that persons precluded from voting under the naturalization act would not be permitted to vote by the new law. He also said that any person disqualified by reason of race from voting provincial elections would also be disqualified in Dominion elections.

Col. Cockburn expressed the belief that the eight-hour day could never be successfully applied to all Canadian industries until it became international. There was too much competition between nations. He was, however, in sympathy with the principle of the eight-hour day, and if legislation designed to bring it about were introduced in the House, he would support it, as far as he possibly could.

Sees No Good Reason.
Hon. W. S. Fielding could see no good reason for dividing the House on the matter. Canada had already given a broad general expression in favor of the eight-hour day. The next step, it seemed, should be the introduction of a bill along the lines indicated by the Government. He understood that the Government was obliged to do this.

Major D. L. Redman, Alphonse Verreault and C. E. Harrison (Nipissing) supported the resolution.

W. D. Euler (Waterloo North), said that under the peace treaty the Federal Government had power to enact the eight-hour day. He had been constantly asking if something would be done, and he thought that the Government was evading the issue. He supported the resolution, because it would at least affirm the recognition of the House of the principle of the eight-hour day.

Donald Sutherland (South Oxford) said that while he believed in the principle of the eight-hour day, the important thing at the present time was production, eventually the eight-hour day might work out very well even for farm labor, but legislation on the point, he thought, should be put off until the world was on its feet again.

L. E. Argue (Swift Current), adjourned the debate at 10:25 p.m.

STEAMER ARRIVALS.
ST. JOHN N. B., March 11.—Arrived: Steamers, Lord Dufferin, Havre, Minnedosa, Liverpool.

Production is the Cry

In our grandfathers' day, home industry was in vogue. The process of manufacture was slow and tedious, for the wants of the people were infinitely smaller.

To-day the wants of mankind are multiplied many times. The whole world is clamoring for goods—and more goods. During the Great War, reserve stocks were depleted and the world has not yet caught up.

High speed production is needed to meet the situation. And Canada, the home of almost unlimited water power, is by nature fitted to produce at a prodigious rate.

With the World under supplied with many of the essentials of life, the industries of Canada, which in recent years have grown so superbly, must expand with still greater rapidity to meet the universal need.

We recommend that you place your savings in well selected bonds and preferred stocks of corporations that are ready to grasp this golden opportunity.

The securities we endorse have been tested by the most rigid standards and are fully safe. You may consult us freely upon your investment problems without obligation to yourself. Securities sold upon the partial payment plan. A small initial deposit, followed by regular monthly payments, is all that an ambitious man or woman requires to become a shareholder in Canada's prosperity.

WILL ASK INFORMATION ON CANADIAN MISSION IN BRITISH CAPITAL

OTTAWA, March 11.—The cost of the Canadian mission in London, from its inception to the time it was dispensed with, is to be the subject of a question in the House tomorrow by A. R. McMaster, Brome, who also asks details of the salary list and general expenses of the organization.

FARMERS AND LABOR IN NEW PARTY WILL ENTER U. S. ELECTION

ST. LOUIS, Mo., March 11.—A new political party will have candidates for president and vice-president in the forthcoming national election, it was announced here today.

The proposed party will be composed of "liberal organizations," such as American labor party and various farmers' societies. Candidates will be selected at a national convention to be held probably here next June.

Production is the Cry

In our grandfathers' day, home industry was in vogue. The process of manufacture was slow and tedious, for the wants of the people were infinitely smaller.

To-day the wants of mankind are multiplied many times. The whole world is clamoring for goods—and more goods. During the Great War, reserve stocks were depleted and the world has not yet caught up.

High speed production is needed to meet the situation. And Canada, the home of almost unlimited water power, is by nature fitted to produce at a prodigious rate.

A Breath of Springtime in the New Suits and Dresses

There is a subtle something that characterizes these new Suits and Dresses—a certain youthfulness of line and jauntiness of finish. They fairly exhale a springy freshness and they promise a delightful becomingness to their wearers-to-be.

SUITS In the Popular Shades

The Suits this season are so much more popular than ever, which is just as it should be.

The materials include All-Wool Tricotines, Serges, Poplins, Gabardines, etc.

The prices range from \$32.50 to \$90

DRESSES For Any Hour of the Day

From a sport costume to a fairy-like evening dress—and any number of stages in between. Dresses of Taffetas, Shimmering Satins, Dainty Georgettes and the colorings are exquisite.

The prices range from \$25 to \$55

Justrite Ladies' Wear

FINANCIAL AND COMMERCIAL

EGG PRICES FALLING ON LOCAL MARKET

Now Quoted at 62 to 68 Cents Per Dozen—Other Products Remain Firm.

Eggs are slowly dropping in price on the local market, going down as low as 62c and 68c today. The decline is due to a combination of factors, including a surplus of eggs and a decline in demand. However, other products remain firm.

PROVISIONS.

Chicago, March 12.—Higher prices on hogs gave strength to provisions. Trade, however, was dull.

WHEAT.

TORONTO, March 12.—Ontario Flour—Government standard, in jute bags, prompt shipment; Montreal, \$10.80 per 100 lbs.
