CITY OF MOOSE JAW

TENDERS FOR BORING WELL for GAS, WATER or OIL.

The Corporation of the City of Moose Jaw will receive sealed tenders, marked "Tenders for Gas Well," up till MONDAY, THE 20th DAY OF MARCH, at 6 o'clock p.m. for the boring of a well on the following conditions, viz:

The City to supply the site, water, and all pipe and casing necessary for the construction of the said well. The contractor to supply the entire plant together with fuel necessary for said construction, and to oblige himself to carry a six inch drive pipe to a depth of not less than 1800 feet.

The tenders to be at a given price for the following depths: 7000 feet; 1200 feet; 1400 feet; 1600 feet; 1800 feet and 2000 feet.

The City reserves the right to stop the work of drilling should a supply of gas be found in quantities to satisfy the City before the depth contracted for has been reached.

Each tender must be accompanied by a certified cheque drawn upon any chartered bank of Canada, payable to the order of the City of Moose Jaw, for the amount of \$500, which shall be forfeited should the Contractor fail to enter into a satisfactory contract when notified so to do.

The Council reserve the right to reject any or all tenders. For full particulars as to above, as well as terms of contract, apply to

JOHN D. SIMPSON,
Secretary-Treasurer.
Moose Jaw, 28th February, 1906.

TENDERS

Sealed tenders, addressed to the undersigned, will be received until noon on THURSDAY, THE 29th INST., for the construction of the necessary artificial stone sidewalks, curb and gutter to be constructed in St. Thomas during the current year. Plans and specifications to be seen at the office of the undersigned. A certified cheque payable to the City Treasurer for the sum of One Hundred Dollars (\$100.00) must accompany each tender; this to be returned when the successful tenderer enters into a contract with the city. The Committee reserve the right to reject any or all tenders.

JAS. A. BELL, City Engineer,
St. Thomas, Ont.

TENDERS FOR STEEL BRIDGES

Sealed tenders will be received by the undersigned up to noon on MONDAY, APRIL 9th, for the erection of a 90 ft span, 14 ft roadway, Warren truss steel bridge over the Teeswater river side, line of Township of Green and also for the erection of a 110 ft steel bridge over the Teeswater river, concrete floor may be put on. Particulars are required to submit plans and enclose marked cheque for 10% of amount of tender. Tenders will be considered by Township Council at Chepato on April 9th.

J. J. DONNELLY,
Clerk Township Greencok,
Pinkerton P. O., Ont.

March 14th, 1906.

Tenders Wanted

Sealed tenders will be received by the undersigned up to eleven o'clock a.m. of SATURDAY, APRIL 14th, 1906, for the erection of a Presbyterian Church at McDonald's Corners, to be built of cement concrete blocks. Plans, specifications, etc., may be seen and all other information obtained at the office of Henry F. Smith, Architect, Kingston, Ont., and at the office of John G. Barr, Merchant, McDonald's Corners, Ont.

Tender may be made for the whole work or for separate portions and must be accompanied by a marked cheque for 5% of the amount of tender, which will be returned in case of non-acceptance.

The lowest or any tender not necessarily accepted.

WALTER GEDDES,
Secretary of the Committee,
Dalhousie Lake, Ont.

THE SMITH CONCRETE MIXER

GENERAL DESIGN

The Smith Mixture is designed to effect a uniformly thorough mixture of material in the shortest possible time. The working parts are arranged in such a way that strain and wear are reduced to a minimum.

WORKMANSHIP

The most careful attention is given to every detail and we are confident that our product will bear the closest examination.

WHAT IT IS SUITED FOR

The Smith Mixer, being made in several sizes and many styles, is adapted to all classes of concrete work. We design and construct special outfits when necessary.

WHAT IT HAS DONE

The Smith Mixer has mixed concrete on practically every important concrete contract in Canada, and has never been known to fail. We would like to refer you to the users of the Smith.

OUR GUARANTEE

Is behind every machine sold, and we believe that our machines are capable of doing more than we claim for them.

THE ABOVE STATEMENTS

are general; we want you to communicate with us for details.

W.H.C. MUSSEN & CO.

WINNIPEG, MAN. — John Woodman, architect, will receive tenders up to March 24th for a six-storey store and office building for J. A. M. Atkins, K.C. — A syndicate of business men has been formed to establish a large creamery and condensing milk factory. — Thomas Ryan & Company propose erecting a large warehouse on their property on Princess street. — The Department of Public Works intend calling for new tenders for the dam and lock of St. Andrew's rapids. — The City Engineer has been asked to report on the cost of a steel overhead bridge over the C.P.R. tracks. — It is understood that the Imperial Bank intend replacing their present building, corner Main street and Bannatyne avenue, by a modern building to cost \$100,000. — J. H. G. Russell, architect, will receive tenders up to 23rd inst. for erection of a residence on Assiniboia ave. — The Chairman of the Finance Committee will receive tenders up to April 27th for \$118,174.97 seven year, \$57,365.93 ten year, \$89,343.30 fifteen year, \$318,218.04 twenty year, \$1,071,337.91 thirty year, 4 per cent. city debentures. — The Shaarey Shomayim congregation have bought a site on Dagmar street, on which they will build a synagogue to cost \$20,000. — F. R. Evans, architect, will receive tenders up to March 23rd for erection of a residence on Bannatyne avenue for G. Frankfurter.

TORONTO, ONT. — A.C. Barrett has taken tenders for a brick house on St. Clair avenue to cost about \$4,500. — H. Simpson is preparing plans for a brick house on Farnham avenue for John Alexander. — G. W. Gounilock, architect, is preparing plans for a hotel, Queen street west, to cost \$2,500, also for Edward Gurney's residence on Walmer road, cost about \$50,000. — N. W. Davies, architect, is taking tenders for building an eight-roomed house. — The School Board have asked Mr. Bishop, Superintendent of Buildings, to report on the cost of installing an electric light plant for the Technical School. — Plans have been prepared for a new building for the Lakeview Curling Club on the site of their present rink, to cost \$6,000. — McKenzie & Mann have purchased property on Toronto street, north of the offices of the Canadian Northern Railway, and it is said that large office buildings will be erected. — The Methodist Social Union has notified the Trustee Boards of Simpson avenue and Centennial (Dovercourt Road) Methodist Churches that it will give \$10,000 each towards the cost of new churches at these places, provided that each congregation raise another \$10,000. As this amount has been nearly subscribed by each congregation, plans are being prepared for the new buildings. — The Property Committee have decided to repair the tower of St. Lawrence Market, at a cost of \$1,600. — Nineteen sets of plans for the new public library building have been submitted, but none were perfectly satisfactory to the judges. Four of these were regarded as forming a basis for further competition. — It is reported that the property at south-west corner of College street and Spadina avenue, recently sold by the W.R. Stewart Estate, has been purchased by the Crown Bank for a site for a branch building. — City Engineer Rust has recommended the following asphalt pavements: Queen

Starkpole Pat at Improve Street Sweeping Machine is the Standard of Perfection

Because no sweeper so effectually does the work for which it is designed as "The Studebaker." It Sweeps Clean. The sweeper is constructed with the same degree of care and mechanical precision. It Wears well. "The Studebaker" has the smallest number of working parts, and has less gearing than any other sweeper made. It is free from all unnecessary complications. With reasonable care it does not get out of order. Send for complete descriptive catalogue.

Studebaker Sprinkler

(PATENT IMPROVED.)

Does not clog or get out of order. Greatest width of spray can be graded from driver's seat to any volume. We also make an

IMPROVED VERTICAL SPRAY

for Pavements

WE INVITE CORRESPONDENCE

GOOLD, SHAPLEY & MUIR COMPANY, LIMITED
BRANTFORD, CANADA

You Can Save
18 DOLLARS PER WEEK

By Using a

Ransome Mixer

The Old Way of Handling Concrete.

You Save the Labor of Two Men

as the Concrete is discharged directly into the wheelbarrows instead of on the ground, which necessitates shovelling into barrows.

Figure It Out Yourself

2 Men at \$1.50 per day for 6 days = \$18.00

By this single advantage you can save the price of the machine in a short while.

These cuts clearly show one of the great advantages to be obtained by installing a

Ransome Concrete Mixer

Mixers Supplied

With or without power
 All Capacities
 On Skids or Trucks

Our Mixer is Guaranteed
 You Run No Risk

The way Concrete is Handled with the most up-to-date Machine. (Note simple discharge.)

Concrete Barrows, Concrete Buckets, Rock Crushers,
 Elevators, Screens, etc.
