

# The Acadian

Vol. XXXIX. No. 51.

WOLFVILLE, NOVA SCOTIA, FRIDAY, SEPTEMBER 10, 1920.

\$1.50, payable in advance.

## Port Williams Notes

Sometime since THE ACADIAN has been favored with notes from this place, just a few now.

Miss Annie Hibbert, a former resident, but now of Haverhill, Mass., is spending some time in the village and has her late father's property advertised for sale in the local papers, also some furniture. This home is centrally located and a modern house, good home for a business or professional man.

Mr. and Mrs. Tobin Lockwood have returned to their home here, accompanied by the former's mother. They spent the summer in Halifax, where Mrs. Lockwood junior, was taking treatment. Mr. Mrs. and Miss Davison, of the city, who occupied Mr. Lockwood's residence during the summer have returned to their home.

The schools here reopened with a good attendance in both departments. Miss Graham has the advanced department and Miss Dickey the primary department.

Mr. Aubrey Rand is on a business trip to St. John's week.

Mr. Grant Murphy, of this place, who is assistant to the Station Agent, is now on vacation.

Master Emery Gates we are sorry to report is still confined to his bed. Emery has been ill all summer and is much missed among his schoolmates.

What proved a narrow escape from a fatal drowning accident took place here on Saturday. Four boys were on the wharf and in some way one of the little boys, Master Lloyd Gates, second son of Mr. George Gates, fell off into the water, the tide being in full. Roy Franklin, one of the larger boys at once climbed down the wharf into the water, and although being unable to swim much, he managed to catch the little fellow as he was sinking the third time and got him ashore or back onto the wharf and carried him to his home, where the little boy after a time was apparently not much the worse of his narrow escape from death by drowning. Much credit is due to the prompt and quick action of the rescuer. We trust in future our small boys will be more careful in being around our wharves.

Our village is certainly well lighted with electricity and thoroughly enjoyed. Another improvement is a nice new piazza on the Baptist parsonage, running across the end and one side.

Miss Evelyn Chipman, has gone to Wolfville to resume her duties as teacher of book-keeping at the Acadia Collegiate

## Acadia Seminary

The Seminary opened last Thursday, registration beginning at nine o'clock. Already one hundred and forty girls are in residence and there is a long list of day pupils. The total registration of resident pupils will exceed one hundred and fifty.

Several changes are noted in the Teaching Staff. Mr. Frank Marsh, Jr. has become director of the Conservatory; Miss Muriel Thompson, of England, assumes charge of the Art Department; Miss Marie Underhill, Gold Medalist of Toronto Conservatory, is added to the Vocal Staff; Miss Holt, of the School of Expression, Boston, succeeds Miss Key; Mrs. Connoughton, of Wolfville, takes charge of the work in Physical Culture.

Miss Muriel Thompson has displayed in Alumnae Hall, Seminary, a fine exhibit of Etchings and Water Color Sketches, etc. Any desirous of inspecting them may do so between 3 and 5 Saturday afternoon.

The Halifax "Chronicle" has the following to say concerning the play, "39 EAST", a comedy in three acts of a boarding house and Central Park, which the Majestic Players will present at the Opera House on Saturday evening:

"Considerable charm the piece possesses and also considerable mawkishness; but the freshness of the humor atones for the banality of the sentimental passages. The chief fault lies in the heroine, a damsel quite as irritating as Pollyanna, exuding innocence rather than optimism. Indeed, she is so spotlessly pure that before the last act you rather hope that she will trip in a mud puddle. Still there are many other characters that are interesting, albeit a trifle along rubber stamp lines, scenes that are amusing, and a few moments of genuine pathos. The audience liked it hugely."

and Business Academy.

The two services in the Baptist church Sunday which were enjoyed by large audiences, were by two former and well known pastors, Rev. Mr. Prosser in the morning and Rev. Mr. Beals in the evening. The choir is giving excellent music under the direction of the new leader, Mr. Ibbson, of Church Street, a Halifax man.

Miss Irene Gates is visiting relatives and friends in Massachusetts, and Miss Thelma Gates is visiting a cousin in the West, near Calgary.

## At Hymen's Altar

September Weddings in Which We Are All Interested

### SANFORD-SLEEP

A very pretty wedding was solemnized at the Baptist church on Wednesday afternoon when Miss Daisy Elizabeth Sleep, daughter of Mr. and Mrs. L. W. Sleep, became the bride of Malcom Alonzo Sanford, of Boston, Mass. The ceremony was performed by Dr. Simeon Spidle, assisted by Dr. J. H. MacDonald, the double ring service being used. The church was very prettily decorated for the occasion.

The bride, who was given away by her father, looked very charming in a gown of cream duchess satin with overdress of filet lace. She wore the conventional veil and carried a bouquet of white asters and pink roses. She was attended by her sister, Miss Violet Sleep, dressed in apricot satin with Nile green beaded chiffon draperies and picture hat. Her bouquet was of sweet peas. The groom was supported by his brother, Mr. Elliot Sanford. The wedding march was played by Prof. Marsh, of the Acadia Conservatory of Music. The ushers were Messrs. Harry Sleep and A. Littlefield, of Boston.

The bride was the recipient of many handsome and useful gifts, testifying to the esteem in which she is held by her many friends.

After a short honeymoon, Mr. and Mrs. Sanford will reside in Boston. THE ACADIAN joins a host of friends in wishing them every happiness.

### MOSHER-CHASE

A very interesting event took place in the Old Church, Grand Pre, on Wednesday morning, at 10.30 o'clock, when Jean Hanna Chase, youngest daughter of Mr. and Mrs. Bedford Chase, Port Williams, and Paul D. Mosher, of Windsor, were united in marriage by Rev. G. W. Miller. The church, which was very prettily decorated with ferns, vines, Goldenglow and Golden Rod, was well filled with friends of the bride and groom. The bride was given away by her father. She looked very attractive in a tailored suit of navy blue. Her two little nieces, Stuart Lydiard, Kentville, and Donald Harvey, Port Williams, acted as flower girls. The wedding march was played by Miss Jean Foote. The happy couple, showered with good wishes, rice, etc., left on the Bluenose for a trip around the South Shore, after which they will reside at North Sydney. The many useful gifts received testified to the bride's popularity.

## Greenwich Notes

Our school is now in good progress with Miss Bowers, of Newport, Hants Co., in charge, and Miss Joyce Harvey, of this community, as assistant.

Mr. Cutler Forsythe returned home one day last week from a visit of a few weeks to Massachusetts.

Miss Esther Pearson returned home last Monday from a three weeks visit with friends in Cambridge, N. B., and has resumed her work at our postoffice. Mr. Stewart Butler, of Massachusetts, a student at the Academy, Wolfville, last year, visited several days last week at the home of Mr. and Mrs. T. A. Pearson.

Rev. F. H. Beals, of Lawrencetown, Annapolis Co., a former pastor of Canard and Port Williams Baptist churches, who is on vacation, has been calling upon his friends in this place during the last week. Mr. Beals preached in the Baptist Church, Port Williams, last Sunday evening and Rev. A. J. Prosser, of Upper Canard, another former pastor, preached in the morning. Several from this community enjoyed both services.

Mrs. H. H. Marshall had as her guests for the week-end, her two sisters, Mrs. McQueen and Miss Roy, of Musquodoboit, Halifax Co.

The friends of Mrs. Lewis Forsythe are sorry to hear of her recent illness. Mrs. Forsythe will undergo an operation one day this week, which it is hoped will be of much benefit towards improvement in her health.

Mr. James E. Forsythe, we are sorry to hear, is again in very poor health.

Mr. Maurice Bishop has resumed his studies at Acadia Collegiate and Business Academy, Wolfville.

Mrs. Eliza Wellener, of Aylesford, who has been spending the summer among friends in this community, returns to her home on Monday.

Mr. and Mrs. Charles Neary, who spent some time visiting the former's sister, Mrs. Charles Bishop, at the home of Mr. Dexter Forsythe, recently returned to their home in Montreal, accompanied by Mrs. Bishop, who is an aged lady of over 80 years, but remarkably smart. She plans on an extended visit.

Mr. W. J. Boates, foreman at Wright's Woodworking Mill, is now a resident of Wolfville, having moved from Grand Pre to the dwelling which he purchased last spring on Central avenue. Mr. Boates has secured a nice property and will be a good citizen.

## The School Exhibition

Good Prospects for Successful Show Next Week.

Wolfville's second annual School Exhibition takes place on Thursday of next week. Extensive preparations have been made for the fair which will be held in Ecangeline Rink during the afternoon and evening. The exhibition will be preceded during the morning by sports on the Campus, participated in by school children and which promises to be very entertaining. The Exhibits will include garden products and school work and we understand that many entries have been received. Addresses will be delivered by Prof. W. S. Blair, of Kentville, and Prof. DeWolfe, of the Normal School.

These shows which are now held throughout the Dominion, are most helpful in creating an interest among the school children in things of a practical character. It is hoped that citizens generally will show their appreciation of the good work being done and evidence their interest by their presence at the exhibition. The young people will be encouraged thereby to greater efforts.

## "No More Sleepless Nights" — Bathes Internally.

Mr. J. B. Burrows, 271 West North Street, Decatur, L.L., writes Tyrrell's Hygienic Institute of New York as follows:

"I am still using the 'J. B. L. Cascade' once a week, and find it most efficient for keeping me in fine condition. It acts as a sedative for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results."

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine.

The "J. B. L. Cascade" by the simple process of properly applying warm water, eliminates all this waste and causes the functions to work smoothly and properly.

Over half a million intelligent Canadians and Americans are now using the Cascade with similar results.

It is the invention of Charles A. Tyrrell, M.D., of New York, a noted specialist on internal bathing for 25 years.

It will be shown and explained to you by A. V. Rand, Wolfville, Drug Store, who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Man of To-day Is Only 50% Efficient." This booklet is free upon request. Ask for it to-day while you think of it.

**YOUR VOTE TWENTY-FIFTH OF OCTOBER**

The question on the Referendum ballot is: "Shall the importation or bringing of intoxication liquors into the province be forbidden?" It is written twice on the ballot, and after the question in the upper part is the word "No" and in the lower "Yes". Within the space containing the question there is room for the voter to make a cross (X) after "No" or "Yes".

We trust an overwhelming majority will make the cross after "YES" and thus express the conviction that importation should be prohibited.

The Act clearly states that the prohibition applies only to intoxicating liquors for beverage purposes. Prohibition will not prevent importation for sacramental, medical, manufacturing or commercial purposes.

The Dominion Elections Act provides that the voters' lists used in the recent provincial elections shall be the basis of the lists to be used on the twenty-fifth of October. To these lists may be added the names of such persons, male or female, of the age of twenty-one years, as are qualified.

There will be one urban registrar for every 4,000 people in the cities, towns and incorporated villages with population of 1,000 or more, who will have their registration places selected and their notices posted by the fifth of September, and sit daily between the thirteenth and eighteenth.

There will be one rural registrar for every polling division. Rural registrars are not required to go to work until the latter part of September. They complete their enumeration by October sixth.

Revising officers and registrars will advertise in the newspapers or by posted notice their names and post office addresses and the days and hours when they shall attend to their duties.

If a person neglects or omits to apply for registration at any sitting of the registrar, he may have his name entered, if, after examination the revising officer is of the opinion that he possesses the necessary qualifications.

At polling stations in rural polling divisions any person whose name is not on the list, may have his or her name added while the poll is open by conforming to certain regulations.

It will be well for persons whose names were not on the lists used in the recent provincial elections to avail themselves of the opportunity that will be given to have their names added.

It is our VOTE not our OPINION that on the 25th of October decides for or against the betterment of Nova Scotia.

H. R. GRANT,

General Secretary,  
Social Service Council.

A pound of self-reliance is worth a ton of expectation.

**Dr. DeVan's French Pills**

**Frequent Headaches**

A Sure Sign That the Blood is Watery and Impure.

People with thin blood are much more subject to headaches than full-blooded persons and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**SUPPORT YOUR HOME PAPER**

In the columns of the Wisconsin Press Bulletin appears the following paragraph: "More power to the real friends of the country press—now is the time to rally around your home papers and do everything possible to insure their weathering the present situation. The community without a newspaper is no place in which to live."

The Provincial Government of Ontario is prepared to put into operation October 1 the Mothers' Pension law passed by the last legislature.

**FOR SALE IN THE TOWN OF WOLFVILLE.**

Five Building Lots each with a frontage of 52 feet in the above location in the town of Wolfville offered for sale at a reasonable price.

The lots are owned by Mrs. Alice G. Merchant and adjoin the lands of Acadia College and are part of the Estate of the late W. C. Blackadder.

These lots must be sold at once as the owner is desirous of realizing their value.

For further information apply to Eugene T. Parker, Box 670, Halifax, N. S., who has full power to negotiate a sale.

**W. C. T. U. Notes.**

**DOMINION W. C. T. U. TRIP TO BELGIUM AND FRANCE.**

By Mrs. Gordon Wright.

On the twenty-sixth of April the greater number of our Canadian delegates joined the British White Ribboners who were going to visit Belgium and France—the battlefields of course being the culminating point of sacred and infinitely sad interest.

At Dover we took boat for Ostend and we were grateful to the capricious "Straits" for treating us all in kindly fashion. We were able to enjoy the scenic beauty throughout, starting with the historic "white chalk cliffs of Dover."

At Ostend we entrained for Bruges which we reached in the mellowing sunlight of the waning afternoon—which seemed to invest with mystic beauty the quaint old city with its many spires tipped and burnished with the April sunshine.

We of the Canadian delegation counted ourselves privileged to be entertained at the "Reunion Verriest"—once an old monastery—with quaint flowered fruit garden and during almost the entire period of the war used as Headquarters for part of the German Army. Here the ex-Kaiser stayed for a short time and we saw the room he occupied.

Bruges is the chief city in the Province of West Flanders the "See" of a Bishopric, and preserves in a marked manner the impress of the Middle Ages. Our first visit was to the Cathedral of St. Saviour, built on the site of a church which dates from the seventh century—the crypt of the present structure being erected in the tenth century. The rich stained glass windows, Gobelin tapestries, carvings and richly chased brass, almost bewilder the onlooker with the splendor of their richness. A wonderful old painting with the colors mixed in white of egg—painted about 1390—is here on exhibit. Every face and figure in this painting stands out with realistic vividness.

We visited the church of Notre Dame with its spire 385 feet high. This church was built at different periods ranging between the 10th and 14th centuries. Like the cathedral this church of majestic appearance contains many paintings and objects of art belonging to the Flemish, Dutch and Italian schools.

This meagre description of Bruges would be utterly incomplete did we not speak of its wonderful old belfry—once a light-house when "the redeemed land" upon which Bruges is built was all sea. This Belfry, Longfellow delightfully visualizes for us in his pretty poem:

In the market-place of Bruges  
Stands the belfry old and brown  
Thrice destroyed and thrice rebuilt;  
Still it watches o'er the town.

This Belfry is 278 feet high and contains the mighty bell of triumph and weighs nineteen thousand pounds, requiring eight men at least to set it in motion. Its rich, vibrant tones became delightfully familiar to us during our stay in Bruges. During the German occupation of Bruges they decided it should be set a ringing to celebrate their victories. But, no Belgian could be found who understood (?) the manipulation of this mighty bell and the Germans assayed to set it in motion. This they succeeded in doing on the occasion of one of their temporary victories, but the effect was the opposite to what they desired. The Belgians tell us; all the German bell-ringers could produce was a weird and solemn dirge, which sounded so much like a requiem, the German General gave orders the bell must not be meddled with again. But on the day the Germans were compelled to evacuate Bruges, there were Belgians a plenty found, who knew the bell's secret—and how to produce an ecstasy of jubilant sound and long before the Germans were out of earshot, indeed before they had cleared the confines of Bruges the old belfry-tower was vibrant with the bell's pean of victory.

On April twenty-seventh we left Bruges by motor car to visit some of the Flemish battlefields. The drive for miles was along a tree-lined road and through quaint Flemish villages bearing no apparent taint or touch of war's rude ravages. We could almost fancy oneself back in England with its hawthorne hedges abloom at whose base nestled sweet poppies—not crimson, but pale yellow and white. The crimson harvest comes later. Our first stop was at Thourout, nest at Polcapelle—already immortalized as "the grave of the tanks." Germans blew up and buried over twenty at this place. The ground was churned with mine-craters and torn and devastated beyond description. A number of British soldiers of the "Army of Occupation" were busy hunting shell-holes and mine craters for bodies of the Allies to give

them decent burial: twelve of which had been recovered that morning.

Near Polcapelle are the heights of Paschendaele, already crowned with a fine monument to commemorate the splendid heroism of the Canadian and Australian troops. St. Julien which our lads also immortalized and Kemmel Hill also adjacent.

We reached Ypres at noon-tide and the clear April sunshine only intensified the desolation indescribable and indeed unspeakable. At one time Ypres was a

most flourishing populous city and boasted 150,000 inhabitants.

It is a city of stately ruins but must ever live in the memories of all true Canadians, for the heroic stand taken there by our heroic troops in the face of fearful odds. We climbed the ramparts of Ypres which was never in the possession of the Germans, though they razed and destroyed every other part—but our Canadian boys held the ramparts.

Near Ypres we visited a large British

cemetery. Some four thousand quietly sleep their long, last sleep, amid what will one day be beautiful surroundings. Roses and flowers of all descriptions are being planted. Every grave has its plain wooden cross and inscription. We noted here the names of different Canadians. Everywhere were cemeteries, each in process of cultivation and evidencing careful attention.

Minard's Liniment Relieves Neuralgia

**Heart and Stomach Trouble Why Have Them?**

Do you know that Vital Tablets purify the stomach, removes the gas and therefore helps the heart. They are a wonderful tonic. If you are not feeling well, don't know just what is wrong, go and get a box of Vital Tablets. At all drug stores or by mail. The Scobell Drug Co., Montreal. Price 50c a box or 6 for \$2.50.

**To Become Wealthy**

*Is an Ambition that is Cherished by Many.*

BUT OF 100 MEN—

ONE only will be wealthy—

FOUR will be well-to-do and able to enjoy comfort and recreation—

FIVE will still be working for a living with no prospect of relief from drudgery—

THIRTY-SIX will have died in many cases leaving families enduring hardship—

FIFTY-FOUR will be dependent upon friends or relatives or charity.

You, perhaps, have the same ambition. At least, you want to be well-to-do later on, and able to enjoy life in comfort and independence:

**What are Your Chances?**

Experience shows that of 100 average healthy men 25 years of age the following will be true at 65:

- 1 only will be wealthy.
- 4 will be well-to-do.
- 5 will be compelled to go on working for a living.
- 36 will be dead.
- 54 will be dependent upon relatives, friends or charity.

**Facing These Facts—**

can you afford to go along in a haphazard way without a definite plan of saving and investment; uncertain whether you will be well-off or an object of charity.

**The responsibility rests with You**

It depends upon how you save and invest. There need be no such uncertainty about your future if you adopt the safe and definite plan of setting aside a deposit regularly each year for a Canada Life "Endowment at 65".

**It will guarantee you in Cash—**

at age 65, the sum of  
**\$1,000 \$5,000 \$10,000 \$20,000**  
or more, depending on your ability to save.

**It is a Certainty**

The full amount of your policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. We offer you a certainty. The guarantee will take care of your home, or your business, or your personal interests, as nothing else can.

**Profits will hasten maturity**

If the profits be allowed to remain at your credit each year instead of being withdrawn, the face of the policy will be payable to you before you reach 65.

Whatever your circumstances may be later on in life, you will welcome this fund of a few thousand dollars. You may need it then.

**Editorial Notes**

THE ACADIAN has been "carrying on" under most adverse conditions during the past few weeks owing to the failure of the hydro-electric system to function in the direction of a day-time power. This has been a matter of serious inconvenience and expense and the worst of it is that it appears impossible to secure any definite information as to the cause of the interrupted service to the time to elapse before the service is resumed. On July 30 the "Gaspereau River Light, Heat and power Co., Ltd." gave formal notice through the press that continuous electric service would be given during week-days subject only to an hour in the early morning and the same time at noon. This schedule has never been cancelled and no other notice has been given. Under the assumption that the electric current would be available for industrial use the proprietors of the paper purchased expensive machinery and had an electric motor installed and connected with the system. Since getting ready for using the equipment we have been obliged almost entirely to depend upon the night service and as a consequence our work was being seriously interrupted. We have sought and patiently waited for information before bringing to the attention of the public, the matter, but the statements given out have been of such a contradictory nature as to be altogether unsatisfactory. The Electric Commission is evidently taking no steps to relieve the situation and one of the members informed us that on two occasions when meetings had been called he was the only commissioner who responded. We have no desire to be unduly critical but surely it is only reasonable that under the circumstances a few explanations should be forthcoming. In the meantime we must ask our patrons to grant us their forbearance until we are able to give the service we had planned.

**WOLFVILLE BOYS LOSE**

Lack of practice and numerous errors resulted in the defeat of the local baseball team by the Windsor boys, on Monday afternoon, at the College Campus. The Wolfville boys had not practised since their last game, a month ago, and consequently their playing was not up to the usual standard. For the first three innings there was no score. In the fourth the visitors scored two runs, followed by another in the fifth, and five in the eighth. The local team only succeeded in getting one run, when Kinney scored in the ninth innings.

Items of Local Interest

Mrs. Morgan Tamplin underwent an operation at Westwood Hospital on Friday last and is progressing towards recovery.

Yarmouth defeated Middleton in the provincial baseball championship game at Bridgetown last Friday, in an eleven inning game, by a score of 9 to 6.

Moirs' Bread fresh every day at R. E. Harris & Sons.

The three masted schooner Francis Goodwin, of Boston, arrived in port on Friday last with a cargo of 600 tons of fertilizer consigned to George Hicking.

A meeting of the Sir. Robert Borden Chapter, I. O. D. E., will be held in the Town Hall, Tuesday, Sept. 14th, at 3.30 p.m. All members wishing to secure pins will please give their names to the secretary.

A bumper house should greet the "Majestic Players" on Saturday evening at the Opera House. Let us show the visitors that we appreciate their coming to Wolfville's theatre and that we will be glad to see them again.

Due to ill health Dr. J. F. Tufts of Acadia University, has resigned as Professor of History and Political Economy. Dr. Tufts has been connected with the institution for sixty years. His successor has not as yet been chosen but an announcement will be forthcoming at an early date.

Moirs' celebrated "Dan-Dee" and "Mother's" bread sold only by R. E. Harris & Sons.

The "Waldorf Cafe" is a new institution in Wolfville, opened during the past week in the McKenna Building by W. W. Allsopp, a returned soldier who is thoroughly acquainted with the restaurant business. The new eating-place is well fitted up and will fill a long-felt want. Patrons speak in the highest terms of the service provided and the menu, which we have seen, comprises almost anything that could be wished. THE ACADIAN wishes the new venture much success.

The last issue of the Canadian Lumberman, of Toronto—the annual number—contains an interesting article entitled "Romance of Wooden Shipbuilding in Nova Scotia", by Mr. Elihu Woodworth, of Parrsboro, N. S. Mr. Woodworth, who is a native of North Grand Pre, this county, is one of the ablest journalists in Canada. In his article he shows how the ancient industry, which produced so much prosperity in this province in by-gone days, rehabilitated during the war, is now declining owing to excessive cost of materials, high wages, decreased freight rates and uncertain conditions abroad.

At the regular meeting of the School Board, Tuesday evening, Sept. 7, Principal Ford reported that the number of pupils enrolled in the Public School is unusually large. The number now registered is 352. A number of pupils have not yet returned to the town so that the registry will very soon be in the neighborhood of 375. At the corresponding time last year, the number recorded was 305. Some of the departments are overcrowded, enrolling over fifty which is the largest number allowed by the School Law. There is present need of at least one more teacher, but there is no room to use for the purpose.

GASPEREAU NOTES

Mrs. Walter Bishop, of Port Arthur, Ont. recently spent a week visiting relatives and friends in GasperEAU.

Mrs. David Lagille and two daughters Misses Janet and Elta, of River John, are spending a few weeks visiting at the home of her sister, Mrs. Leander Caldwell, of GasperEAU.

One of the things you can't buy on credit is experience.

**NEW FRONT DRIVE CAR WILL NEED NO NON-SKID TIRES**

Driving or being driven in an automobile over city streets wet from recent rain, with hands off the steering wheel, and at a speed of 42 miles an hour, is an experience given to but few men. The favored few are those fortunate enough to have received an invitation from George J. Hoskins, multi-millionaire inventor, of Sydney and Lithgow, Australia, or his sons, L. P. and R. J. Hoskins, veterans of the world war, in which the former was a lieutenant in the Australian army, and gassed, and the latter a driver of his own ambulance for England. C. J. Hoskins spent 14 years in developing an idea now patented all over the world. Believing that automobiles would be manufactured to be driven without that most dangerous characteristic, skidding, Mr. Hoskins devoted all time and energy for years to the Australian front drive, a self-centering, co-ordinated radio spherical gear, containing unheard of features in motor car construction and invention. This makes possible entire safety without skid on even the wettest and greasiest of pavements and driving hands off. It adds materially to the speed of a car and to the mileage gained in the gallon of gasoline, because it gives full power of the motor without the loss which is brought about in transmitting the power to the rear in the ordinary form of automobile drive of the day.

Every one knows, who has had experience, that asphalt after a long dry spell in a city where motor cars prevail, as in Los Angeles, is so slippery during and after a hard rain that driving faster than from four to six miles an hour is a matter of a broken car, and often-times of life and death. Yet the present car of the Messrs. Hoskins, 380 pounds in weight, and of but 14.9 horsepower, an English standard car of 1911 vintage, purchased for the purpose of conducting thousands of miles of severe tests, will make ten times the speed of other cars crawling along the asphalt roadway. Corners can be rounded at 35 miles an hour, and hands can be removed from the steering wheel before the car has righted itself, which it will do without exertion of any power by the driver. A speed of 50 miles an hour can easily be made, where, back in 1911, the makers of the car claimed not over 28 for the same model when new, and a vast gain in mileage per gallon of gasoline will also be shown. Smooth-tread tires are used. Mr. Hoskins is going to manufacture in America and on English soil, and will make a passenger car embodying his patents, and axles for truck manufacturers.

**LANDED IN THE STREET**

A thin, sickly, little man entered one of the stores in our town, recently and quietly seated himself on a convenient chair. One of the clerks approached and asked if he wished to purchase anything. "Oh, no," said the man, "I just dropped in for a few minutes." After half an hour had passed, the manager of the store, becoming curious, approached him and asked what could be done for him. "Why nothing that I know of," said the man, "You see I have nervous prostration and the doctor told me to stay in a quiet place. Noticing that you do not advertise I thought this would be about the quietest place I could find." Let me tell you it was anything but quiet there for five minutes. The poor little man found himself in the street wishing that he had landed on a feather bed. But the next week that store surprised itself with a big display ad in the home paper.

The farmer's hair may be bushy, his skin bronzed, but his eyes are clear his digestion is like that of a three-year-old mule, his conscience is like the ether above his head, and his bank account as fat as his favorite shoat. He is the most independent creature that wears the garb of civilized man.

**Chautauqua is "Joy Time" Get Your Tickets Early**

**"Your Teeth"**

By Rea Proctor McGee, M. D., D.D.S.  
Editor ORAL HYGIENE.

**TO-MORROW**

To-morrow or next week or next month won't do if you intend to take care of your health. Health means that every part of your body is working in harmony with every other part. If one portion is neglected the whole organism will surely suffer.

To-day is the time to set your house in order, why not begin at the front door of your system, the mouth. In your permanent set you have thirty-two teeth. They are arranged to prepare for digestion every kind of food that you can safely eat. Each tooth strikes two teeth in the opposite jaw, and in so doing makes it possible to exert a far greater pressure in masticating food than would be possible if they struck end to end. The loss of one tooth causes the other teeth to gradually shift their positions and the more their positions are shifted the weaker will the crushing power of the teeth become.

Diseased and decayed teeth have no power to repair themselves as many other parts of the body have. A tooth that is from the permanent set will not be replaced by another any more than a lost finger will grow again.

Red blood and energy and vigor depend upon digestion. There can be no perfect digestion after the nursing stage is passed without proper mastication. When the people of Europe saw the American soldiers, the first thing that they noticed was their muscular figures and clear complexions and the next thing their remarkable teeth. They used to say, "An army marches upon its stomach", but we know that an Army crawls upon its stomach if its teeth are gone.

How long would a soldier hold his front line position with a raging toothache or with a system full of pus from pyorrhea or old roots? How long will anyone keep up to the top notch of dependable energy in the same condition?

If you will give the care to your teeth that will insure them long life and good health, they will do their share and will give you a better chance for a vigorous future than you can get in any other way.

**Children of All Ages**

Children of all ages—whether it be the new-borne babe or the growing child—have to be constantly guarded as to their health. Upon the good health of the little one largely depends his strength and usefulness in after years. Baby's Own Tablets are the ideal home medicine for children of all ages. They are a gentle but thorough laxative which are absolutely guaranteed to be free from opiates or other harmful drugs and which may be given to the youngest child with perfect safety and beneficial results. Through their action on the bowels and stomach they banish constipation and indigestion; break up colds and simple fevers and make teething easy. Mothers, you can make your little ones well and keep them well by just keeping a box of the Tablets at hand and by giving an occasional dose to the baby to keep his little bowels regular and his stomach sweet. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

A Scotch beadle took his sweetheart to a graveyard, and showing her a dark corner said: "Mary, my folks lie there. Would you like to lie there when you die?" It was a grim way of proposing, but Mary was a sensible Scotch lassie and accepted.

There was some class to that old maid who wrote to "Billy" Sunday, the evangelist: "While you're saving all the men, please save one for me."

It takes sixty-four muscles of the face to make a Frown and only thirteen to make a Smile. Why work overtime?
