

WATER FOR MOUNTAIN.

Cataract Contract Approved of by Committee.

Changes Authorized In the Fire Department.

Chief TenEyck Would Like an Electrician.

A meeting of the Fire and Water Committee was held in the City Hall last night. After the regular routine work had been transacted Chief TenEyck, of the fire department, submitted the resignation of W. Baker. It was accepted by the committee. On recommendation by the Secretary, Fireman E. Ladd, who took French leave from Sanford avenue station, was dismissed. The committee recommended that the next two available men on the sub-list be appointed to fill the vacancies. Chief TenEyck intimated that he would like an electrician appointed to assist him with the electrical appliances as he was unable to attend to the work himself at all times. Sometimes he had more than he could look after and while an electrician might not be kept busy at that work, there were other duties he could look after. The suggestion was laid over for further consideration.

Only three tenders were sent in for waterworks rolls, and the committee decided to accept the lowest, that of French Brothers, at \$52.50.

The report of the city engineer on a petition for a water main on Hilliard street was considered. It was decided that a six inch main be laid at a cost of \$1,365.

A letter from the Ontario Lamp and Lantern Company requesting the removal of a drinking fountain, situated in front of the site of their new building, was read. Mr. W. H. Ginder appeared for the company and said the fountain would cause them much annoyance if left in its present place. He thought it would be all right if moved twenty feet either way. If left where it is it would be impossible for them to load and unload. Chairman Clark suggested that some definite action would have to be taken with respect to these fountains as they could not be continually moving them; either they would have to be taken out entirely or be put in one place and left there. The committee felt it their duty to remove the fountain in question, as they had promised to do so, and a sub-committee was appointed to select a suitable place for it and report in the near future.

The report of the sub-committee re power for the mountain water system, was submitted and adopted. Alderman Hopkins took exception to the course taken by the committee and wished to move an amendment, but the chairman said they could do nothing in the way of refusing to allow the work to go on. Dr. Hopkins then asked that his objection be registered.

REQUEST FOR INFORMATION.

Greater Hamilton Association Keeping Up Active Campaign.

During the summer the officers of the Greater Hamilton Association have been busy gathering information, compiling statistics, locating properties and procuring the most up-to-date advertising matter, besides being themselves educated as to methods as well as the tribulations that seem to be part of any improvement for the general welfare. One important matter that has been forcibly brought to their notice necessitates the making public of a request, and they earnestly ask all citizens to assist them. It is found that very often some firm or individual may hear or know of a manufacturer who is looking for a location; some company organizing which will require a place; some business concern which intimates a desire to move. To all such the Association appeals, asking that they should at once call upon the President, John Hoodless, or communicate with the Secretary, Chas. A. Murton, phone 983, and prompt, full information will be sent, which will not only materially assist those who desire it, but the whole subject of Hamilton's advantages will be placed before them in a correct and attractive manner. It is not asking much that a post card or a telephone message be sent with the information, and much good to the city may come. Any such information will be promptly acted upon. The Association desires to thank several citizens who have taken the trouble to give information and can assure them that the correspondence will show that the Association is alive and energetic, even through the summer holidays.

GOT COPPERS

And These Children May Get Something Else.

A new scheme of obtaining money was thought out by some children on Tuesday night and they proceeded to see how it worked. It was good as far as they were concerned, but not so for J. H. Cambien, proprietor of the Gayety. In front of the Gayety stands a small glass globe, containing peanuts and the coppers which are dropped into it fall into a small box which fits closely up to the glass globe and is screwed on a board underneath. Although the theatre was open, the children waited until no person was near and then quietly removed the screws, also the money and the box. The culprits are known and a prosecution will follow.

FRUIT MEN AT WINONA.

Mr. Berry Further Discusses Western Market Question.

A well-attended meeting of fruit growers was held at the Institute Hall, Winona, on Wednesday evening, August 4th, for the purpose of considering the new co-operative scheme of handling fruit to the Northwest, already referred to at considerable length in last Thursday's Times.

Mr. Murray Pettit was elected to the chair. At the commencement of the proceedings Mr. Pettit referred to a paragraph which appears in this week's issue of the Weekly Sun, of Toronto, throwing a doubt on Mr. Berry's claim to have been connected with the organization of the Grain Growers' Company, of Manitoba, and asked Mr. Berry, the chief organizer of the proposed company, to give an explanation.

Mr. Berry, of Manitoba, in reply gave a complete history of his connection with the Grain Growers' Company from its inception in 1905 down to the present time, accompanied by newspaper reports from the Western papers in connection with its organization. He also produced a certificate from Mr. D. L. McCuaig, president of the Grain Growers' Company, at the present time, referring to Mr. Berry's high standing in the West and to his connection with that company.

Mr. Berry then addressed the fruit growers for nearly two hours, explaining the great need of such a co-operative company in the interests of both the consumers and distributors in the West, and producers in Ontario. He referred at considerable length to the great efforts the Dominion Government is making to help the Ontario Fruit Growers to capture and hold that Western market.

He also quoted the remarks of Mr. McNeill, present head of the fruit division, given before the Parliamentary Commission at Ottawa in April last, regarding the good and satisfactory work that co-operative societies were doing.

Mr. W. O. Sealey, M. P. of South Wentworth, was also doing good work, and was strongly in favor of retaining the present duty on American fruit in order to retain that market for Ontario growers.

Mr. Berry's remarks were listened to with close interest by the Winona fruit growers, and many questions were fired at him, which he answered to the apparent satisfaction of the meeting.

Mr. Fred Henry, of Winona, who was called upon by the chairman for some remarks, as he had had such a long experience in Manitoba, said that he could fully corroborate Mr. Berry as to the way in which Ontario fruit was slaughtered in the Winnipeg market, especially by the auction system of sales prevailing there.

He had himself bought quantities of Ontario tomatoes there at 10 cents per six-quart basket. He considered that some such scheme of co-operation as outlined by Mr. Berry would be of great benefit to the Ontario producers.

Mr. Berry, who has just returned from Belleville, referred to the way the growers there were being squeezed by the dealers and by the Western combine. He gave an instance of where apples bought from the grower at Belleville for \$1 cost \$5 to \$6 in Winnipeg.

He himself had bought three barrels of apples last fall in the West, for \$20, which only cost \$9 laid down in Winnipeg, and the difference of \$11 on the three barrels went into the pockets of the combine.

The general opinion of the growers present at the meeting seemed to be in favor of the scheme.

Mr. Berry concluded with an appeal to the Winona growers to join with him and the growers from St. Catharines and other portions of the Niagara district in breaking the power of the combine, and urged them to send some shareholders to represent them at the meeting to be held in the Court House, St. Catharines, at 2 p. m. on Saturday, August 7th, for the purpose of electing directors, completing the incorporation, and arranging the constitution of the company.

HAD HIS WAY.

John Coffey Left Hospital and is Now Dead.

John Coffey, who was picked up by the police at the corner of Victoria avenue and Main street on July 29, died in the City Hospital last night of heart disease. The deceased came to the city recently from Maryville, where he had been working for Mr. John Harrington, and had been corresponding with his nephew, Stephen Coffey, of Lonsdale, Ont. He had been in St. Joseph's Hospital for some time, and while there gained strength, and was able to move about quite briskly. He became dissatisfied and wanted to get out on the streets, and persisted in doing so, although the doctors at St. Joseph's told him he was physically unfit to leave them. On the same day the police picked him up and took him to the City Hospital, where he succumbed to the disease.

ROSS WON IN COURT

And Policeman Must Go Before the Commissioners.

Minor Theft Cases Dismissed by the Magistrate.

John Paterson Under Arrest on Charge of Bigamy.

George Gray, who again came before the police magistrate this morning on a charge of stealing cabbages from Jas. McLeod on the market last Saturday, was acquitted. McLeod said he left his wagon with some cabbages while he went to get his horse, and during his absence the cabbages were taken. Mrs. Nicholson said she bought some cabbages from Gray for 40 cents a dozen.

P. C. Yaxley told of complaint being made to him by McLeod.

The magistrate was of the opinion there was not sufficient evidence to convict Gray of the theft.

Two young boys, Gordon Kephpen, 26 Leeming street, and Osa Flowers, 88 Wellington street north, were charged with stealing a tent from Thomas Anderson. Detective Sayers was notified and recovered the tent from the boys, who were camped in it near the mountain.

The boys evidently felt their disgrace, and bearing good characters, his worship discharged them. It being their first offense. He, however, gave them some good, sound advice.

"You are charged with being a vagrant," yelled a stentorian voice. Donald could not hear a word, so several officers shouted in his ear. When Donald understood the charge against him he held up his hands in utter disgust, and said, "No, not a vagrant; I live on Sanford avenue." P. C. McKay said Grant was sleeping in a vacant lot near Tisdale street, and that was his favorite resting place. Donald said he looks after some chickens owned by some people who are away. He was allowed to go.

Joseph May was charged with stealing a plug of tobacco from a box in the T. H. & B. freight shed, where he was employed as freight handler. George Roberts, foreman of the freight handlers, (Continued on Page 10.)

TO OPEN UP ON WHITE.

Thaw's Attorney Will Make Another Attack on Dead Man.

District Attorney Rests For People, Decision in Few Days.

Main Attempt is to Show That Thaw Had No Delusions at All.

New York, Aug. 4.—Harry K. Thaw will devote his life to literature if he wins his fight for freedom from the Matteawan Asylum, and, anticipating such a victory, his mother, Mrs. Wm. Thaw, and her daughter, Alice, the former Countess of Yarmouth, have spent about \$25,000, it is reported, in fitting up a corner of the new Thaw home on Fifth avenue in Pittsburg as a literary den for Thaw.

Both Harry Thaw and his relatives have believed he would succeed in literary work, and for a year this has been the main subject under discussion between Harry, Alice and the mother when they visited him. If permitted to leave the asylum he will go with them to Pittsburg and engage in literary work, after a little vacation in Europe to brighten up.

Mother and sister will go with him to Europe if he is released.

Alice Thaw has also decided to cast in her lot with her brother in his literary career, in case he is liberated, and she has already shown herself a good business woman by making contracts for Thaw's writings which will surely prove profitable if he is allowed to get out to do the writing. It is claimed by close friends that Alice has secured contracts which will require a full year's work on the part of Harry and herself, and that \$20,000 is about the total the contracts call for.

In connection with this Pittsburg society is discussing a story concerning the devotion of Alice Thaw to her mother and brother. She is said to have received recently an offer of marriage.

AN ORGANIZER

Temperance People Will Likely Appoint One To-night.

No time is to be lost by the forces interested in license reduction in getting into work. The committee is to meet this evening, and one of the very first things to be done is the appointment of an organizer. It is the intention of the Federation to go into the campaign in a more systematic way than last year, when such a successful campaign was carried on. The organizer will be instructed to get his plans laid out at once so that the active work may be begun as soon as the vacation season is over.

Other plans will also be discussed to-night. Already the Federation has a number of candidates in view for controller and aldermen and, backed by a strong organization, the temperance people feel that they will succeed.

NEW MANAGER

Emmett Burke Takes Hold of Maple Leaf Park.

As the result of three separate meetings held yesterday the affairs of the Maple Leaf Park Company have all been straightened out and placed upon a footing which, it is felt by all concerned, will bring about the success of the enterprise. One meeting was held in the Waldorf Hotel, one in Chadwick Brothers' office, and then all parties interested met in the office of Bruce, Bruce & Connell. Mr. J. L. Connell, representing the creditors, presided. Mr. S. L. Robertson, the original promoter of the enterprise, resigned the management, and the creditors and shareholders united upon Mr. Emmett Burke and appointed him manager. He will have the earnest co-operation of those interested, and feels certain of success. Some very high class attractions have been secured. Business at the park has shown a steady improvement, and the aim of the new management will be to make the place popular.

KEEPING WITHIN APPROPRIATIONS.

Civic Spending Departments Not Plunging the City Into Overdrafts This Year.

At the beginning of August the financial standing of the various departments of the civic service gives promise that Mayor McLaren's declaration against overdrafts is being carefully kept in view by the spending committees, and heads of departments. All the large spending committees are well within their appropriations, with the possible exception of the Fire and Water Committee on its construction account. Less than \$4,000 remains of the \$30,500 set apart for that purpose. The season's work, however, is far advanced and the appropriation is not likely to be over-run much, if any. The Board of Works, usually well through with its funds by this time of the year, has still over \$30,000 to its credit, and has hopes of getting \$60,000 more, which the city has obtained from the Kramer-Irwin Company. This time last year the charity account was considerably the worse for wear, but this year, thanks to good times, there is a balance of \$5,400 unexpended. The statement is as follows:

Table with columns for Department, Amount, and Balance. Includes entries for Cemetery, City Hall, Charity, Fire department, Hospital, House of Refuge, Harbor, Interest, Jail, Markets, Miscellaneous, Police department, Printing and advertising, General salaries, General sewer construction, Sewage disposal, Waterworks construction, Waterworks expense, Weigh scales, Damage claims, Industrial Committee, Eastern annex sewer system and extension, East end fire station, Smallpox hospital, Special paving account, Administration of criminal justice, Board of Works, Board of Health, Board of Health, smallpox.

Fine Millionaire

London, Aug. 5.—Frank Jay Mackey, the well-known California millionaire, who has resided chiefly in England for a number of years, was fined \$10 and costs yesterday in the Leamington police court for riding a horse on a footpath.

Mr. Mackey declared that he had made a wager that he would ride into the local hotel and around the billiard table, and, having won the wager, he was sentenced to pay the fine.

A PITCH-IN.

Traveller Jumped and Had His Heel Slightly Hurt.

A pitch-in between two street cars on James street last night caused slight damage to the cars, but luckily no person was badly injured, although a number of the passengers were shaken and somewhat frightened, and one man had his heel hurt. An open car was standing at the corner of Gore and James streets and another one was running up James street, at just an ordinary rate of speed, and, when nearing the car, Motorman Merrit Zavitz applied the brakes, but the controller became locked and he could not shut off the power. The result was that the car struck the one in front. A commercial traveller named Flanders, when he saw what was coming, jumped, and in doing so injured his heel. Motorman Zavitz is the present occupant of the Kinrade house, on Herkimer street. He is a reliable, intelligent citizen, and has none of the fears which sometimes haunt questioning people about houses in which violent deaths have occurred. He and his little family have enjoyed health, happiness and peace since going into it.

WILCOX-REEVE.

Marriage of Member of the Hamilton Teaching Staff.

A happy event took place at Stoney Creek yesterday when Mr. A. E. Wilcox, a popular member of the teaching staff of this city, and Miss Jennie Reeve, of Stoney Creek, were married by Rev. Dr. George Clark, of Georgetown, formerly of that village, assisted by Rev. J. H. Macleachlan, the present minister of the Methodist Church there. The bride was a member of the choir of the church, and a very charming young lady. A beautiful array of very fine presents and the best wishes of the entire community showed how highly she is esteemed. After their wedding trip they will take up their residence in this city.

The Voice of the West.

No single article of the series on "Canada of the Future" has been filled with more virile prophecy than that of Hon. R. P. Robin on "Manitoba in 1950," in the current issue (Aug. 7th) of Collier's. He asserts that fifty years from today will find a population of one million people in the city of Winnipeg, surrounded and supported by at least five million people, which will make Manitoba, with her seaport towns, positively the most important member of the sisterhood of the federation.

HAYES WON HIS APPEAL

And May Sell Ice Cream at Dundurn on Sundays.

Judge Monck Considers It a Bona Fide Restaurant.

No Restriction as to Sort of Food to be Sold.

Judge Monck gave a written judgment this morning upon the appeal of Hugh Hayes, keeper of the Dundurn Park restaurant, against the conviction of Police Magistrate Jelfs, for selling ice cream on Sunday. He quashed the conviction, without costs. The decision is as follows:

The appellant, Hayes, purchased from the Parks Board of Hamilton the exclusive right to sell refreshments within Dundurn Park for the season of 1909, paying therefor \$550, and this privilege is for Sundays as well as week days. Under his contract he opened a restaurant or refreshment place, consisting of a large room containing a number of tables, where guests could be served and where he, during the seven days of the week, has been accustomed to serve tea, coffee, sandwiches, cake, ice cream, ice cream soda and like light refreshments. There were no regular meal hours, but the service was constant.

On July 4th (Sunday) a citizen with his son (about 11 years of age) and an adult friend went to the park about 7 a. m., the adult friend having had no breakfast. They amused themselves till 10.30 a. m., when they went to the refreshment room, ordered and ate cake and ice cream, after which another helping of cake and some ice cream was ordered for, and used by the boy, all being paid for. A policeman who was present in plain clothes testified that he ordered ice cream alone, and was told that ice cream could not be sold there except with a lunch.

Another case of complaint was stated by another policeman, who, in plain clothes, was entertaining friends there on the same day, and who saw many people eating ice cream with sandwiches, cake, etc., but saw no case where ice cream was served alone.

The place kept by the appellant is a bona fide restaurant, duly licensed, and the evidence shows that the proprietor at times serves hundreds of meals in a single day. This being the case, the law is settled by the well-considered judgment of His Honor the late Judge McDougall in Rex. vs. Alberts, which holds that a bona fide restaurant keeper may, notwithstanding the Lord's Day Act, sell his business on Sunday, and is not restricted by that or any other Act in the class or nature of the food which he supplies to his patrons.

On all the authorities the question to be considered seems to be: Is the place where the food is sold a bona fide restaurant? If it is, the proprietor may sell a full course meal or a single article of food, even ice cream, as may be required by the customer. The conviction will, therefore, be quashed without costs.

WIFE FROM SUNNY ITALY

Called on Wife No. 2, and a Man is Missing.

Haff Ne Nunzio, 86 Chatham street, has flown. It is alleged he has been living a double life for the past few years. De Nunzio came here from Italy some years ago, and married a woman in this city, who has had two children by him. Domestic felicity reigned supreme until yesterday.

He was carrying on his business at 27 1/2 John street north as clothing contractor when a little girl brought him a message, receiving it De Nunzio, it is said, turned deathly pale and immediately left. It later transpired that Mrs. De Nunzio No. 1 had arrived from Italy uninvited, and had called on Mrs. De Nunzio No. 2. What happened between them is not yet known.

The alleged bigamist has left his business on John street, and according to the statement of his successor will not live in Hamilton again. He left for Cleveland yesterday, it is said.

WAS KILLED.

Hamilton Moulder Lost His Life By Accident.

William Holleran, who until a few days ago resided in this city, died last night at Carleton Place, where he had gone to work. Deceased was struck by a train. He was removed to the hospital at Smith's Falls, and operated on, but he passed away while under the operation. He was 40 years of age, and has two sisters and one brother in this city. The remains will be brought to this city for interment. Mr. Holleran was a well known moulder, who had been out of work here on account of the trouble in the local shops.

LOST HIS SENSES.

Kingston, Aug. 5.—Stanley Sharpe, a C. P. R. telegraph messenger, met with a peculiar accident last night, which may result fatally. He was swinging some children at Lake Ontario Park, when one of the iron rods supporting the swing struck him in the head, causing concussion of the brain and rendering him unconscious. He has not yet regained consciousness, and his chances for recovery are not any too bright.

EARTH SHOOK.

Paris, Aug. 5.—An earthquake has been reported from Brest and the vicinity. A number of buildings were rocked by the quake and the people thrown into a state of panic, but so far as is known the disturbance was not serious.

IS LEAVING ST. MATTHEW'S.

Rev. H. Britten Going to Trinity College School.

The Rev. H. Britten, rector of St. Matthew's Church, has been appointed science master at Trinity College School, Port Hope. Mr. and Mrs. Britten will leave for Port Hope at the beginning of September.

Rev. Mr. Britten came to Hamilton as curate of Christ's Church Cathedral, and his work there was of a very excellent order. He is a man of ability in the pulpit and an earnest worker in the church. He was subsequently appointed rector of St. Matthew's and has held that position for the past two or three years. He has a host of friends here, who will wish him well in his new office.

A FAKE.

Inland Revenue Officer Not Looking For Illicit Still.

Mr. W. F. Miller, collector of Inland Revenue, declared most emphatically to the Times yesterday that he had not been at Dundas in connection with an alleged illicit whiskey investigation. He further said that the story printed in a city paper yesterday was a fake, pure and simple. Detective Campbell also declared the story to be a fake and said he had not been in Dundas on any business in connection with whiskey, illegal or otherwise.

Chief Twiss, of Dundas, says there is no suspicion of illicit whiskey anywhere around the valley town.

"If the imaginative reporter had said they were looking for smuggled cigars it might have been a fair guess," is what the Times is told.

PERSONAL.

Frank W. Lornie, of Cincinnati, is spending a few days in the city.

Miss Eileen Ferris, of this city, is the guest of Mrs. Charles Beare, Birch avenue, Toronto.

Mrs. J. C. Riach, Miss Eileen and Master Ray, of Toronto, are the guests of Mrs. C. W. Gardner, Edelweiss, Beach.

Mrs. John Irvine and Miss Susie Irvine, of Beluath, are visiting the former's mother, Mrs. Cross, 582 James street north.

Miss Ethel Melody and Miss Maggie Grace have returned from Mineral Springs, where they were spending their vacation.

J. H. Smith, inspector of public schools of Wentworth county, left the city this morning to spend two weeks' vacation with his brother on the lake shore.

Mrs. John Burns and her daughter, Miss Kate, Toronto, are in the city visiting Mrs. T. H. Kellar, 336 Main street west.

BOBY FOUND.

Bracebridge, Ont., Aug. 5.—The body of the 14-year-old boy, son of Edgar Goring, who was last seen playing about the falls on the Muskoka River on Sunday evening last, was recovered this morning a short distance below the falls.

MRS. BESANT.

Montreal, Aug. 5.—Mrs. Annie Besant, the famous theosophist, who has been lecturing in New York, has been invited to visit Montreal to speak on her creed. If she accepts she probably will speak in Ottawa and Toronto as well.

Love Finds the Way

"Lovely!" she exclaimed, "and how peaceful. Oh, if one were happy how the song would burst from the light, free lips, how the heart must leap at such a sight; but now my heart is dead and tuneless, sighing ever: 'Where is my master? Where has he gone?'"

She was about to turn—from the tears were coming again—when something came from out the shadows of the shrubs in the roseary on the moonlit path. She stopped, looked closely, and saw two figures—a man and a woman. The man's was that of the strange doctor whom she had met at the laborer's cottages—could she believe her eyes?—Kate Lucas!

She wiped her eyes, pressed almost onto the glass itself and watched them. They were standing talking earnestly. Lillian could not see the woman's face, but the white attitude betokened eagerness, docility and an imploring manner so unlike Miss Lucas that she doubted the evidence of her own senses. Impossible! It could not be she! And yet the figure, the straight, upright bearing!

Puzzled and bewildered, Lillian felt chained to the spot. Could the would-be domestic, hurrying through the wood, have been her frigid governess? If so, what did this meeting mean? Were they lovers? No, Lillian felt sure of that. No love could exist between those two. The man's calm, placid face, with its half smile of power and daring belied it.

What were they, then? While she looked the woman's hand was stretched out and the man's arm in the shadow again. So expressive was the gesture that Lillian could almost fancy she heard the words: "Mind, the light; you are standing where anyone from the window could see you!"

Once in the shadow again they were lost, and Lillian, struck by a sudden idea, left the room quickly. She could easily ascertain if the woman was Miss Lucas. She had left her working in her room. With quick steps she hastened up the next broad flight of steps, and knocked at the governess' door. No answer came.

"She may be asleep," thought Lillian, "and I deceived. I will knock again." She did so, and, receiving no answer, turned the handle of the door. It was locked.

This being decisive, Lillian ran downstairs and entered the dining room. The first thing that met her view was Miss Lucas, sitting in the armchair, with half closed, sleepy eyes, the embroidery, as usual, in her thin fingers.

She raised her grey, half-closed eyes with the calmest, coolest composure, and rose to draw a chair for her mistress. Lillian stood with her hand upon the back of the chair, looking first at Sir Ralph, who was dozing in his favorite lounge, and then at the quiet, serene countenance of her companion.

R. MCKAY & CO. CHEAPSIDE CHILD SUICIDED. Harrisburg Girl Hanged Herself After Receiving a Whipping.

Quite a number from this town attended the garden party at Naticook on Wednesday evening of last week. The lecture and lime light views given in the Baptist church on the 27th inst, by Mr. Kochale, proved interesting, and instructive, as much knowledge of Persia was heard.

Mrs. George Gould and children, from Hamilton, are visiting friends and relatives in this vicinity. A baseball game was played in town last Thursday evening, between the men and boys. The latter were victorious by one inning.

Who might have been a very bad accident occurred last Friday evening, July 30th. Mr. Wm. Richard drove over the bridge, over Cheapside, with his threshing machine, and the engine went down, taking the bridge along with it. The engineer jumped and miraculously escaped uninjured. This bridge had been in a poor condition for some time past, and only since the accident has the township thought of repairs.

There died at Mr. Levi Stillwell's on Friday evening, July the 30th, Miss Kate Dickout, sister of Mrs. L. Stillwell. The deceased was taken to Sherbrooke for burial on the following day. When funeral services were held the next Monday in the old home church in Sherbrooke.

Mr. and Mrs. Caldwell Armstrong, Mrs. James Armstrong and Miss Minnie Case spent Sunday at Port Dover as guests of Mr. James Sloan. Mrs. A. Burges, London, Ont., and Mrs. W. H. Smith, Balmora, called at Mrs. R. Stillwell's last Sunday. Mr. and Mrs. Slater and children were guests on Sunday at the home of the latter's parents, Mr. and Mrs. James Pond.

Rev. James Sloan spent a few days last week at Cheapside with his uncle, Mr. James Armstrong. Miss Rogers, from Toronto, and Miss Gladys Hewitt, from Sandusky, were guests during this week at the former's sister, Mrs. L. Buckley.

REACHED THE CENTURY. London, Ont., Aug. 4.—Mr. Alex. M. Scott died here to-night, aged 100 years and two months. He served under Napoleon in 1847, was in California during the gold rush, and was a veteran of the American Civil War. He lived here 40 years. His father lived to be 107, and a sister died in Scotland three years ago aged 102. Of a family of six the youngest to die was 98.

If You Want the News Read the Times A HOLY WAR.

The Riffs Preaching One Against Spain—Time Now Ripe.

Strike Threatened in Spain—Moors Driven Back.

Alhucemas, Morocco, Aug. 5.—The Riffs are preaching a holy war against Spain and a picturesque feature of their arguments is a revival of the old legend according to which the Riff Arabs are descendants of the Moors driven out of Spain by Isabella and Ferdinand and destined to clear the Spaniards out of Africa, cross Spain, and reconquer the country over which Baobdil, the last King of Grenada, ruled. Every Riff family is being visited by the priests and told that the time for the fulfillment of this legend is now at hand, and urged to enter the war to regain the Alhambra.

STRIKE THREATENED. Crebere, France, Aug. 5.—It is reported here this morning that a general strike is likely to break out in Spain, owing to the refusal of the authorities to permit pacific demonstrations against the war in Morocco, and in favor of the release of the men confined in the fortresses since the rioting at Barcelona of last week.

DROVE ENEMY BACK. Melilla, Aug. 5.—The Moors who yesterday attacked a Spanish Commissary convoy obliged the Spaniards to retire until the arrival of the reinforcements. The Spaniards advanced and drove the enemy back.

BIG STEEL PLANT. Mexico City, Aug. 5.—A gigantic steel plant will be established in this city within the coming year by French and American capital. The initial outlay will be \$50,000,000. Victor Belanger, of Paris, is the head of the concern. It is understood that a large part of the capital will come from Paris and Boston. Coal and iron mines in Mexico will be acquired later by the company. The steel will be manufactured by a new and secret process.

STEAMER FOUNDERS. Cape Town, Aug. 5.—The British steamer Maori foundered last night off Slang Bay. It is feared that the fatalities will be heavy, as the vessel carried a considerable number of passengers. Nine survivors have thus far been landed, and six bodies already have been washed up on the beach.

ON THE ROCKS. St. David's, Wales, Aug. 5.—A large four-masted steamer ran on the submerged rocks under St. David's Head last night in a heavy fog, and she is still fast this morning. The fog still holds, and the vessel has not been identified. A lifeboat is alongside the steamer.

THE FARM IS STARVING.

Food Scarce and Prices Beyond Reach of the Poor. Strikers Living on Fish—Soldiers Distribute Milk. Gas Works and Electric Light Also Out on Strike.

Stockholm, Aug. 5.—Stockholm to-day is suffering seriously from a shortage of food, which, so far, is the most notable result of the labor conflict, that reached its acute stage since the beginning of the week. Those who from lack of foresight or for other reasons failed to lay in a supply before the strike began are the worst sufferers. The stock of bread is almost completely exhausted, and meat is scarce and expensive. The restaurants have raised their prices for meals, and the figures to-day are prohibitive except for persons possessed of ample means.

The strikers themselves are living practically on fish. Thousands of them are camping out. Some are in tents, but many are without shelter on the shores of Lake Malar and the islands of the archipelago, where they spend their time in angling.

The authorities have taken charge of the milk supply of the city, and soldiers are distributing milk in limited quantities and supervising the sale from milk cans at the railroad stations. The deliveries of ice have ceased. This is especially trying, as the weather is unusually hot.

Paupers from the state poor houses have been enlisted to replace the striking grave diggers and undertakers, and instead of horses, stretchers are being used to carry corpses throughout the streets to the cemeteries. The funerals are all under military escort. The employees of the gas works and the electric light plants have gone out on strike, and military guards have been placed over the establishments. The military contend that this protection is necessary, and assert that last night they frustrated an attempt to blow up the works with dynamite. A gunboat has been stationed opposite the gas works, and no boats are allowed to pass between it and the shore.

A battalion of Grenadiers from Linköping and a detachment of 250 men from the Vesterland Regiment have been ordered into Stockholm.

WANT FIGHT AT DENVER.

Denver, Aug. 4.—In a resolution introduced by Alderman Thomas Hyder, the board of aldermen was asked last night to use its influence to obtain for Denver the fight for the heavyweight championship between James J. Jeffries and Jack Johnson. The city's interest, Mr. Hyder declares, would come from advertisement received by reason of the attendance of people from all parts of the country. The resolution states that prominent business men have expressed their readiness to raise sufficient money to bring the fight to this city. Considerable opposition developed on the ground that the city was interested "in more important matters than the promotion of prize fights," and a factional member moved that the resolution be referred to the funeral committee. Hyder resented the attempt at humor and declared he was sincere in having Denver "benefited" by the proposed battle.

Chairman Markey finally referred the resolution to the judiciary committee.

CUNARD VESSELS For Sale Because They Are Too Costly to Operate.

New York, Aug. 5.—The day of the single screw liner is done. The one crack Cunard racers Etruria and Umbria, which first cut under the six day record, are tied up useless at Birkenhead, England. Yesterday the Cunard line agents announced that these two vessels, which cost nearly \$400,000 each to build, were for sale and that no reasonable offer would be refused. The reason is they are too costly to be operated in this day of twin and quadruple screws and of the turbine engine. The Umbria was launched in 1885, and the Etruria came out a year later. Registering 8,120 gross tons each they were the wonder of that day. They were considered ocean mammoths, and it was debated whether much larger vessels would be built.

From the Scrap Heap

Jack Johnson, the colored heavyweight champion, arrived in Toronto at noon yesterday, and created no little excitement in the downtown streets by driving his racing car with great speed on the downtown streets. He finally pulled up at the Bay Tree Hotel, Bay and Adelaide streets, and he and his manager, George Little, paid their respects to President J. J. McCafferty, of the Toronto Ball Club.

Johnson said he is not only ready, but eager to meet Jim Jeffries, and is going to New York to-day to endeavor to arrange terms. While in Chicago Monday he posted \$5,000 in real money. There are no strings or conditions attached to the money at this time. It is posted in all sincerity, just as, presumably, Jeffries' money was. It will be forwarded at once to New York as an accommodation to the Johnson party.

"Let's see now which of us is bluffing or four-flushing," said Manager Little. "All we ask is that Jeffries appoint a time for meeting us in New York City, there to talk over the proposed match in a businesslike and sportsmanlike manner. Surely there is nothing unreasonable about that. If Jeffries will do this we can all find out just where we stand and get down to business at once."

"As long as we stand off and talk at long range nothing will ever come of this argument. If we get together and get each other's ideas in, it will be fixed up in a hurry. Then the public, now sick of senseless talk, will find out which side is sincere. We have no fear of such a meeting."

"Of this one thing I want to warn him before he goes into executive session with us: Great fighter though he once was, he is not champion at the present time, and mustn't think that he can dictate terms as if he were champion. Jack Johnson is champion of the world and will have something to say about the details of this match."

"Mind you, we have no thought of asking anything unreasonable. Neither do we want him to expect to have the better of it in the terms. The better man in this fight, if it is arranged, is going to carry off the big end of the money. That's going to be the keynote of our negotiations with the former champion."

"While Jeffries issued his terms in a dictatorial manner, as if we were crawling on hands and knees in favor with him, we are going to pay no attention to that, and if we meet we will start right at the beginning and work up a right match, a match in which the public may have confidence, one that will decide this great question. We want no favors, and will give none."

"Any place will suit us for the battle. Even his own club at Los Angeles would be agreeable to us. Or England, where \$100,000 could easily be obtained, would suit us, or Australia, though I think that is quite out of the question."

Bill Papke, who knows Stanley Ketchel like a book, says that Ketchel will beat Langford decisively when they come together at the Fairmont A. C. on Sept. 3rd. Papke states that Langford will not be able to stand up under Ketchel's tremendous body punches and that he will be outpunched and out-gamed all the way.

THE SWIMMING CARNIVAL ENTRY LIST.

Best Swimmers in the Country Will Compete at Beach on Saturday. The entry list for the Canadian championship swimming carnival, which will be held at the Beach next Saturday, contains the names of noted swimmers from all parts of Canada. In anticipation of an immense crowd of spectators arrangements have been made with the Radial, Hamilton Steamboat Company and the Hamilton Ferry Company for special service, and no difficulty will be experienced in getting to and from the beach. R. M. Zimmerman, S. S. Silver, J. H. Birks, J. Kerry and E. L. Earl will represent Montreal. The Thirteenth Band has been engaged to play during the afternoon, and one of the finest day's sports ever provided in Hamilton is promised. The entry list follows:

TELEGRAPHIC.

New York, Aug. 5.—Announcement is made that the New York American League club has purchased Johnson, third baseman of the Portland team, of the Pacific Coast League, and Rosch, third baseman of the Lancaster team of the Tri-State League. Rosch will join the New York club in September, but Johnson will not be required to report until next spring. Hugh McCann, former manager of the Jersey City Eastern League team, is now one of the New York scouts.

Seattle, Wash., Aug. 5.—W. M. English, director of athletics at the Alaska-Yukon-Pacific Exposition, yesterday received a telegram from Bartow S. Weeks, chairman of the National Championship Committee of the Amateur Athletic Association, making entry for a number of star athletes for the meet to be held at the Exposition stadium, Aug. 13 and 14. Two noted men are coming who had not been expected—Lee Talbot, Cornell weight man, and B. F. Sherman, of Boston, also in the weight class.

London, Aug. 5.—The team to represent the British Isles in the preliminary lawn tennis matches to be played at Philadelphia, beginning Sept. 11, in order to decide whether a British or American team will go to Australia in an endeavor to bring back the Dwight F. Davis international challenge cup, is announced as follows: A. W. Gore, the English champion; L. H. Escobed and W. C. Rawley.

THE NEW BILL OF LADING.

The Dominion Railway Commission has approved of the new bill of lading which is to go into effect on October 1. The adoption of this form is a matter of considerable importance to railways and shippers, and it is gratifying to note that agreement of the manufacturing shipping and railroad interests which considered the measure was brought about without any difficulty.

The bill is very simple, and is composed of only eleven sections, whereas the former bill had twenty-one. A very important feature of the bill is that it makes the railway companies responsible for negligence in transport or delivery; and holds the initial carrier responsible for the delivery of the goods at their destination, although they may have to pass over other Canadian Railway lines, or United States roads with which there is a joint tariff arrangement.

The new bill of lading is one more evidence of the efficiency of the Dominion Railway Commission in securing not only justice but harmony between the railways and those whom they serve. It is one more demonstration that a regulatory board supervising the public utilities of the country and seeking to secure justice to all parties, can win the confidence of the public.

The work already accomplished by the Pure Milk Commission is an evidence that it is not impossible to secure clean, pure milk. If a supply can be obtained for the use of babies, it can be obtained for adults.

The requirements are few. Healthy cows, sanitary surroundings, wholesome feed and drink, cleanly handling of the milk, and keeping of it at a low temperature, free from contamination.

Is there one of these requirements that a sensible public ought to waive? And yet if these conditions were lived up to we should have an ideal milk supply.

Why should the milk furnished for human food so often be a mere medium for untold billions of bacteria, many varieties of which are very deleterious to health? Is it not worth while to strive for better conditions?

What the Milk Commission has done for the babies shows what could be done for the general public. The dairymen will be quick to learn, if the people insist. Healthy herds and cleanliness are not too much to demand. Keep up the work of education.

What the Provincial Government claims, and is apparently upheld by its followers in claiming, is an Imperial power of confiscation and excluding parties aggrieved from the courts of justice. That any community of British freemen will be found to submit to such a claim on the part of such a body as our Provincial Government and Legislature seems incredible.

The silence of our press hitherto has been ominous. Membership of an Empire of which we are always boasting, would be more splendid than either respectable or profitable if in matters so vital as the possession of property and the right to justice we were liable to be treated as serfs.

Policeman Bramer is the envy of the force, winning for the second time the gold medal for the best all around athlete at the games yesterday. How he holds his chin up!

The case of Rev. Mr. Harper looks very much like one of those in which Mrs. Grundy so frequently causes so much unnecessary annoyance by her impertinence. It is a pity that idle gossip should be so mischievous.

Hon. Mr. Murphy, who has just returned from the Northwest, is highly pleased with the crop conditions there. The people are not worrying about war scare or defence questions. "We want box cars, and not Dreadnoughts," is the sentiment of the farmers.

Vast numbers of worn-out horses are being sent from Great Britain to feed the happy protected workmen of the continent. It is said many of these equine wrecks die on the way before they can be turned into steaks and joints.

Cholera is taking off a good many in Calcutta. Six English nurses died in one hospital there a few days ago. Even with all the precautions enforced as to drinking nothing but boiled or distilled water, a good many Europeans are falling victims to the disease.

Labor conditions in New Zealand are bad, and the men crowd the towns and look to the Government to care for them. The Lyttelton Times, of Christchurch, says there are many unemployed in the cities, "yet the country is calling out for labor. But men decline to go out of the towns to look for work."

Mr. Gladstone recently gave some figures illustrating the rate at which the motor car is displacing the horse in London. In July, 1908, the number of hansom in use was 4,039, a decrease of 1,200 from a year ago. The number of

four-wheeled cabs was 3,379, a decrease of 380. Meanwhile the number of motor-cabs had increased from 1,506 to 3,304. Cabby has fallen on hard times.

The first execution by the guillotine that has taken place in Paris in 15 years was carried out at 4.30 this morning, the subject being a matricide. For a good many years capital punishment in Paris has been a dead letter, but the consequences of this evasion of the law by commutation have been far from good, and the re-establishment of the guillotine is very discouraging to Messieurs les Meurtriers.

The new Ontario School Readers will be ready for the opening of the schools after the vacation. Four of them are now on sale, and the primer is to follow in a week's time. They will be the only authorized school readers. If, a few years hence, the books stand as well in public esteem as those which they supersede, the Department will deserve to be congratulated.

A number of municipal ownership papers are devoting much space to jubilation over the discovery that a few of the British "ownership" ventures have returned sums in relief of the rates. What these organs do not call attention to, however, is the fact that in none of the cases mentioned is the amount jubilated over equal to the interest on the money sunk in the undertaking!

H. J. Hamill, a large woolen manufacturer of Philadelphia, has written to President Taft specifically charging that the Wool Trust purchased the retention of its tariff protection, and demanding that the President veto the bill. It is a large demand. If President Taft regards purchase of tariff favors by trusts as grounds for vetoing the tariff bill, he will make it very difficult for any revision, acceptable to Congress, to be put through. His whole tariff legislation is a case of bargain and sale.

The bakers know their own business, and they will doubtless fix the price of cake according to the exigencies of the occasion—in other words, according to the cost of raw material and manufacture. If prices are raised beyond what is reasonable the housewives will provide the cakes themselves. We have always that safeguard. Then, are we not teaching the girls in the schools so that each one can be her own cake foundry?

The new United States tariff is said to have been a work of temperance men, because it increased the duties on intoxicants. But then look at how it increases the free list: "Amidophtholulose, amidosalicylic acid, basic slag, ground or unground; binitrochlorobenzol, diamidostilbibenzolulfoacids, dimethylamline, fence posts, glass putty, metallicacid, naphthylaminulfoacids, naphtholulfoacids." Are those intended to take the place of beer and whiskey?

Commenting upon Whitney's denial of the right of the citizen to access to the courts of justice, and to the safe enjoyment of his property, as set forth in the Hydro act, disallowance of which is now petitioned for, Professor Goldwin Smith says:

What the Provincial Government claims, and is apparently upheld by its followers in claiming, is an Imperial power of confiscation and excluding parties aggrieved from the courts of justice. That any community of British freemen will be found to submit to such a claim on the part of such a body as our Provincial Government and Legislature seems incredible.

The silence of our press hitherto has been ominous. Membership of an Empire of which we are always boasting, would be more splendid than either respectable or profitable if in matters so vital as the possession of property and the right to justice we were liable to be treated as serfs.

NOAH WAS BLACKBALLED

Detroit, Mich.—The Society of Naval Architects rejected Noah for honorary membership, when his name was proposed as the father of the ship designing profession. The reason given was "that Noah was a gamekeeper and not a ship designer primarily."

It all depends on the point of view. It is the same with "Fruit-a-tives." Some people take "Fruit-a-tives" for Constipation and Biliousness. Others use them for Stomach Troubles and Dyspepsia. Still others find "Fruit-a-tives" and excellent tonic and blood purifier. Many more say that "Fruit-a-tives" are the best Kidney Regulator and a certain cure for Neuralgia and Rheumatism. For all these troubles, "Fruit-a-tives" may be said to be infallible.

Everywhere in Canada—in the crowded city—on the lonely prairie—in fishing villages and mining camps—people depend on "Fruit-a-tives" to cure them and keep them well.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, or trial size, 25c—or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

CANADIAN HOLIDAYS.

(Niagara Falls (N. Y.) Gazette.)

In sharp contrast with the rush and hurry of life on this side of the border, is the national attitude of our Canadian cousins. Life as our Canadian friends live it is worth while. They pluck the flowers by the wayside while we waste our energies in mammon worship.

PLEASED.

(Chicago Record-Herald.)

"Say, Bobby," whispered Fritz, "was your sister pleased to learn that I had called upon her?"

"Yes, indeed," replied Bobby. "When mother told her that Mr. Fritz had called while she was out she said, 'Thank heaven!'"

WILL IT COME TO THIS?

(Detroit Free Press.)

"He's no gentleman," said the first suffragette. "What's the matter now?" asked the second suffragette.

"When I gave up my seat in the street car to him he never even said 'thank you.'"

LET DR. PYNE ANSWER.

(Windsor Record.)

Since those would-be normal school students who gave those extraordinary answers to questions on the last history paper are not jokers, they must be fools—too simple, in fact, to aspire to the teaching of the young. But what about the institutions of learning at which they were trained?

GREAT FISHING THIS YEAR.

(London Free Press.)

At one time it looked as if the Lake Erie fishery was giving out and consumers would have to fall back on the home-grown and hitherto unattractive German carp. But this season the catches have been better than ever. Port Stanley has had fine luck, being able to send out tons reckoned by the hundreds to the United States and local markets.

PLUCKY RESCUE.

America's Grace Darling Saves Five More Lives.

Newport, R. I., Aug. 4.—Five girls, who had gone out in the harbor for a moonlight row, but whose boat had later capsized by a sudden squall, were saved from drowning last night through the pluck and daring of Ida Lewis, aged 48 years, the woman keeper of the Luna Rock lighthouse.

From her eyrie in the rocks, just off the harbor, the heroine, who has been called "The Grace Darling of America," saw the boat overturn, and jumping into her boat rowed with strong steady strokes to the scene of danger, and one after another hauled the unfortunate girls aboard. This makes twenty-three persons saved from watery graves by this remarkable woman, who for the last thirty years has kept burning the light of Lime Rock, having succeeded her father, Captain Hooper Wilson.

The American Congress and foreign societies have decorated her with medals. All Newport honored her when she celebrated her golden anniversary as occupant of the lighthouse.

SEND THE BLIND TO SCHOOL.

Principal Gardiner asks the assistance of the Times in impressing upon the parents and friends of children with defective sight the advisability of sending such children to the Ontario Institution for the Blind to be educated. The Institution, located at Brantford, and maintained by the Government of Ontario free of charge for board and tuition, is a school for the education of children and youths of both sexes, under the age of twenty-one. It is not a hospital, nor an asylum, nor a home, but a school where children, who cannot see well enough to attend the Public Schools, are given an English education (including music) and taught to do such useful work as the blind are capable of doing. Such education and training must promote the comfort, happiness and independence of those who are deprived of the blessing of sight, therefore the Times recommends those interested to correspond with H. F. Gardiner, Principal, O. I. B., Brantford, in time to complete arrangements before the opening of the next session on September 22nd.

U. S. TARIFF.

Washington, Aug. 5.—The Senate will vote this afternoon at 2 p. m. on the conference report on the tariff. It is expected that the measure will be agreed to practically by the same vote as sent to conference. Its prompt adoption will be followed by its transmission to the House. There a rule will be passed to assure its immediate adoption. It will then be ready for the signatures of the presiding officers of the two Houses, after which it will go to the President for his signature.

Are made comfortable by using Japanese Army Foot Powder. It destroys offensive odors and stops excessive perspiration. It makes corns and bunions less painful. Sold in 25c tins at Gerrie's drug store, 32 James street north.

WANT MORE PAY.

(Special Despatch to the Times.) Brantford, Ont., Aug. 5.—Thirty-five men working for the city sewer contractors, went out on strike this morning in West Brantford for more money. They were receiving \$1.50 per day, and demanded \$1.75.

WON FIRST.

Hamilton Veteran Firemen Captured Prize at Paris.

Paris, Ont., Aug. 5.—The Firemen's Association of Ontario is the new title of what was the Western Ontario Volunteer Firemen's Association, whose annual convention concluded yesterday. The executive were authorized to obtain letters patent.

The new association will embrace all firemen in Ontario who wish to join whether paid or volunteer. The establishment of a Provincial home for disabled and infirm firemen is desired, and the association will seek a Provincial annual grant of \$5,000, also the reduction of time from seven to five years as the period of service which entitles firemen to exemption from serving as constables, jurymen, etc.

The firemen's demonstration was a great success. A large number of companies and bands were present, while thousands of spectators were in attendance. The town looked very pretty, and the citizens are deserving of great credit. The following are the results of the contests:

Hose reel race—1, Milton, time 44.15 sec.; 2, Brampton, 44.25 sec.; 3, St. Mary's, 45 sec.

Hook and ladder race—1, Merriton, 42.15 sec.; 2, Milton, 42.25 sec.; 3, Georgetown, 44.15 sec.

Fancy drill—1, Thorold; 2, Merriton; 3, Dunnville.

Chief—A. W. Newman. Largest chief—F. E. Ekins, Thorold. Smallest—The chief of St. Mary's brigade.

Best appearing company with band—Hamilton Veterans. Best company on parade—Merriton.

THE THIRD DEGREE.

A Mere Revival of the Torture Chamber of the Middle Ages.

(St. John Sun.)

This "third degree" business is by no means new. It was and is still the favorite device of those who spend their time in enforcing law in China. For centuries the plan there has been to keep prisoners from sleeping until the desired confessions are made by them. Even in the United States the martyred women of Salem on trial for witchcraft were subjected to every form of cruelty that could be devised for the purpose of making them admit the crimes with which they were charged. Under modern police methods there is a refinement of torture against which prisoners inevitably give way, long continued questioning, suggestion, muscular fatigue, and in short every plan by which the subject may be made to suffer until the answers sought by the officers are uttered.

In nine cases out of ten these answers are untrue; they are given either through desire for relief from the inquisition, or are the result of suggestion to worn out brains.

Dr. Hugo Munsterberg, professor of psychology at Harvard, in his recently printed book, "On the Witness Stand," deals very carefully with this phase of police work. "A prisoner," he says, "nervous and tired, and eager to escape the repeated questions after hours of interrogation, realizing that the only way of relief, though it be but temporary, is to say the thing which these men desire, often says the thing regardless of its truth, and this infrequently leads to a conviction where in fact the self-convicted one is innocent."

HUMORIST HURT.

Los Angeles, Cal., Aug. 5.—Robert J. Burdette, humorist and Baptist preacher, who is seriously ill from an injury to the spine sustained in a fall last March, was placed in a plaster cast yesterday. His spinal cord has become affected, and his physician in attendance says that his body must be held rigid for several months.

EDITORIAL NOTES.

It will take the profits on many cheap smuggled cigars to pay that \$200 fine. The crisis in Spain is said to be over. Perhaps. But if so, a large number of bad men must have been disposed of in a very short time.

The United States Inland Revenue receipts for the fiscal year ending June 30, 1909, were \$246,212,719, a falling off of nearly five and a half million from last year's figures.

MADE MERRY TOGETHER. Guardians of the Peace Around the Festive Board.

Delightful Banquet Followed the Police Games Yesterday.

Heads of Various Departments Fraternized With Locals.

What more fitting climax to the police games yesterday afternoon than a banquet? That was recognized by the indefatigable committee, so they held their seventeenth annual supper in the New American Hotel last night.

Some time before the banqueting hour the boys in blue began to gather around the hotel. Visiting policemen from neighboring cities and towns, who were present at the games, were cordially invited to the banquet, and before the time set for the repast gossiped with the home men.

A table at each side of the room accommodated the rank and file, while one at the head seated the honored guests. The room was very tastefully decorated, as were the tables. The first thing that caught the eye on entering the room was a large decorated shield over the guests' table, with the words, "Welcome H. P. A. A."

Without any preliminaries, the attack started on the dainty viands provided. The table was soon groaning under the burden of innumerable plates ticklers. Pull justice was done to the very excellent meal, and Mr. Rosch, the host, demonstrated that he is a past master at providing the essentials for a banquet.

His cooks are connoisseurs, his waitresses ladylike, and everything was arranged splendidly and to the phenomenal success of the affair much of it must be attributed to him. Here is what composed the menu, at which about seventy sat down:

- Cream of Tomato. Boiled Restigouche Salmon with Egg Sauce. Jersey Ham, Champagne Sauce. Ox Tongue, Mustard Sauce. Sirloin Beef with Brown Gravy. Roast Chicken, Savory Dressing. Compote Rice with Raspberries. French Green Peas. Mashed Potatoes. Potato Salad. Beet Salad. Queen Olives. Heinz Sweet Pickles. Celery. Green Apple Pie. Pineapple Ice Cream. English Plum Pudding with Brandy Sauce.

After all had plentifully supplied themselves, the company settled down to toast and speech under the chairmanship of that levianth of geniality and courtesy, Inspector McMahon, who was toast master.

The first toast proposed was "The King," and was responded to by singing "God Save the King" of "The City of Hamilton." Then responded to by His Worship Mayor McLaren, Aldermen Sweeney and Forth, followed by Mr. J. B. Nelligan, who all spoke on the necessity of developing the athletic abilities of the police force, eulogized on their excellence, and intimated that not sufficient interest was shown in physical development of the force.

Ald. Forth waxed eloquent on the recognition of the minutes adopted and the recognition of the minutes adopted, which had recently caused much public comment. He expressed himself as not fishing for votes, "as it is quite a long time till January yet," said Ald. Forth.

Mr. Nelligan then vocalized to the delight of all. He sang an old time Irish comic and gave an exhibition of the terpsichorean art as practised in Erin's Isle.

Mr. Quigley sang two songs, accompanied by Mr. R. Stamp on the piano. "Fisher's associations" was the next toast, and Deputy Chief of Police Stark, Toronto, was asked to reply. He discoursed on matters essential to the development of an efficient police force, maintaining that it is not as necessary for a policeman to be well educated as to have good judgment. He explained the importance of athletic training for policemen.

Chief of Police Chamberlain, Vancouver, B. C., next responded, and told how he regrets the absence of the Gillis brothers at the banquet, but whispered there were ladies in the case in Toronto, old friends of the gentlemen. He enlarged on the paramount advantage of athletics for the police, and regretted there was such a lack of interest shown by the chief in Hamilton. Concluding, he cordially invited all the Hamilton police that could possibly get away to the police games in Vancouver next summer.

Mr. McDonald, of Toronto; Crown Attorney Washington and Fire Chief TenEyck appropriately responded to the toast of "Our Guests." Chief TenEyck said he would like to see a united athletic meet again of the police and firemen, and described the last joint meet, held on June 13, 1885. Unfortunately it was broken up at the start by a fire call to two of the most serious fires in the history of the city.

TIMES PATTERNS.

AN ATTRACTIVE BLOUSE. No. 8560.—Wide tucks over the shoulders in Gibson style and a jaunty pocket give an air of smartness to this otherwise plain and simple blouse. The neck is finished by the popular low Dutch collar and the full length sleeves show prettily shaped turned back cuffs. The design is appropriate for linen, madras, flannel and pongee. The pattern is cut in 6 sizes, 32 to 42 inches bust measure. Size 36 requires 4 yards of 24-inch material.

A pattern of this illustration will be mailed to any address on receipt of 10 cents in stamps or silver.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

BOYS BRING HIGH HONOR

And Their Secretary Expresses His Appreciation.

This city has been the recipient of many honors in the past, both from a national and international standpoint, a new honor has been achieved by one of the Y. M. C. A. boys recently winning of the International Bible Study Cup, now on exhibition in Stanley Mills & Co. store window. In commenting upon the notable success Mr. W. J. Robinson, Boys' Secretary, writes: "This means more to the city than the casual observer would think. It means that some three hundred boys have been in systematic Bible study; that the lives of these boys have been definitely influenced for Christ. To-day the eyes of the North American Association is upon the boys' department of Hamilton, because of their splendid success. What will they do in years to come? Let this question find a ready response in every heart, and may I hear the boys say, 'What we have we hold.' Allow me to take this opportunity to congratulate every boy who had a part in bringing so great an honor to our city, let me also invite every citizen to have a look, in the few days, at the beautiful silver cup in Stanley Mills & Co.'s window, and feel that this is some of the work done, to which you have so generously subscribed your money. In closing this brief paragraph let me say personally, that the citizens generally have helped very materially in lightening the burdens that might have been otherwise heavy."

BATTLEFIELDS.

Movement to Nationalize Canada's Now Taking Shape.

Ottawa, Aug. 4.—It is probable that the Government will extend the powers of the National Battlefields Commission, appointed to take charge of the Champlain Tercentenary celebration at Quebec, and convert the battlefields at Quebec into a national park. When the commission was appointed the suggestion was made that its scope be widened to include the whole work of preserving for the people of Canada the various sites of historic interest throughout the Dominion. At the time this large scheme was left in abeyance, but it has not been forgotten. There are many old forts and places of great historic interest in the Maritime Provinces, Ontario, Quebec, and the west, which are now being left practically to decay or to be appropriated for commercial purposes. It is proposed to give the National Battlefields Commission, which is now concerned solely with the work of nationalizing the Quebec battlefields, charge of this larger work of extending the Quebec project into a national work of restoring and beautifying all the spots in Canada sacred to the struggles and heroism of the men who preserved Canada to the British Empire.

The members of the commission are: The Mayor of Quebec, Sir George Drummond, Mr. Byron E. Walker, Colonel G. T. Denison, Hon. Adolphe Turgeon, and Hon. Col. Hendrie. They have now about \$4,000,000 on hand to apply to the further carrying out of the Quebec battlefields scheme, and have already secured deeds to a considerable portion of the lands required on the Plains of Abraham.

DOES ADVERTISING PAY.

Few people realize the enormous extent to which advertising has been carried in America. Take for instance the eleven largest retail stores in New York city. The following table is said to have been carefully compiled and shows what each store spent in advertising in a single month: The Siegel-Cooper Co. \$32,052.31; John Wanamaker 30,273.83; The Simpson-Crawford Co. 26,406.24; The 14th Street Store 25,402.24; R. H. Macy & Co. 21,199.03; Hearn 20,412.45; Bloomingdale Bros. 18,677.28; The Adams-O'Neill Co. 17,499.18; Ehrlich Bros. 14,331.23; Sakis & Co. 13,912.97; Rothenberg & Co. 12,488.64. These figures afford about as convincing proof of the fact that it pays to advertise as anyone could desire. These great retail establishments are not in the habit of spending money for things that do not pay. Every penny of these enormous appropriations is paid in return, or it would never have been expended.—Maritime Merchant.

THE GREAT WEST.

HON. CHARLES MURPHY SPEAKS OF HIS RECENT TRIP.

People Believe in Themselves and Their Country and Are All Canadians—Schools a Feature of the Country—Want to See Laurier—

Ottawa, Aug. 4.—Hon. Charles Murphy, Secretary of State, returned today from a trip through western Canada, which extended to the Pacific coast and north to Edmonton. "The outstanding features of the west are the belief of the people in themselves and their country, disregard of the past in working for the present and planning for the future, impressive conspicuousness of schools and elevators, the fact that English, Scotch, Irish, French, Belgian, Dutch, German, Swedish, and American are all Canadians, and they all want to see Laurier," said Hon. Mr. Murphy. "The people are too busy with their crops and their industries for political questions. They have a great country; they have great cities; they have a great future, and they know it. There are hustling, enterprising towns everywhere, with fine hotels, splendid stores, innumerable banks, and a multitude of newspapers. All of these towns are surrounded by prosperous farming, fruit-growing, cattle-raising and mining districts, and everywhere there are splendid school buildings; they are big, they are impressive, and they are artistic. I believe that I was more impressed by the schools than by anything I saw, and I heard nothing of the school question. It appeared to me that what the people most want is more railroads and to see Sir Wilfrid. He is the big figure, and they want to see the man. Everywhere that I went men asked me if there was any possibility of Sir Wilfrid making a visit to the west. 'We want to see him, and we want him to see our country. We would give him the time of his life,' that is what I heard everywhere I went. 'I was in the west three years ago, but the first hint of what I was to see on this trip was at Port Arthur and Fort William, where I found plans being worked out for terminal facilities which will involve the expenditure of thirty million dollars before they are completed. The Grand Trunk Pacific will have a fourteen-mile water front, the Canadian Pacific is carrying out works on as large a scale, and the Canadian North-west is not far behind. 'Another thing which struck me wherever I went was the desire for low tariff. Liberals and Conservatives are agreed on this. There may be a protectionist out there, but I did not see him, and I did not hear of him. They are not concerned about the new American tariff nor about anything else America. The country is full of people from the United States, and they are the best of big farmers, millers and traders, and they are all talking Canada. Bro. A PASTOR'S SALARY.

Fourteen Dollars Only in Twelve Weeks. Cincinnati, Aug. 4.—Rev. J. Spenser Smith, pastor of the Methodist Episcopal Church of Winchester, Ohio, in a sermon denouncing the "pillars of his church" last night, told from the pulpit a story of privation and want that amazed his hearers. "Because of the way you have treated me, for days at a time I have had to live on butterless bread and water. I was forced to go eight weeks without receiving a penny from you. For three days, when my wife lay in bed with her newly-born babe, I went without a bite so that she might get nourishment to keep her child alive with the bread and tea, all we had left. 'Because of your treatment my wife's mind temporarily gave way, and she would now be an inmate of an asylum had I not made a study of medicine. 'In twelve weeks I received but \$14 from you on my salary, long overdue. You neglected me. You were all aware of my condition. You seemed to think that because I am a preacher I could live on wind. 'These are some of the charges hurled in the village church by Smith at his congregation. A profound sensation exists, and the outcome is expected to be a church trial to lay the blame on those responsible.

THE LAKE ROUTE TO WESTERN CANADA.

The palatial steamers Sardonis, Harmonic and Huronic, of the Northern Navigation Co., sail from Sarnia Wharf, Monday, Wednesday and Saturdays. The "Harmonic" is a new steamer put in commission this year, and is the finest and most up-to-date vessel on the upper lakes. The fresh water sea voyage through lakes Huron and Superior to Sault Ste. Marie, Port Arthur, Fort William and Duluth is a magnificent trip, and unequalled in America. Homeseekers' excursion tickets, August 11th and 22nd, September 8th and 22nd, are good via this route and the return rates from Ontario points are very low: Winnipeg and return, \$32. Edmonton and return, \$42.50. Proportionate rates to other points in Western Canada. Tickets and further information from Chas. E. Morgan, city agent; W. G. Webster, depot agent.

CHICAGO STRIKE

Chicago, Aug. 4.—Active preparations to meet a possible strike are being made by the street railway companies. They are preparing quarters for strike breakers. E. L. Reed, who organized the Employers' Teaming Co., which broke the teamsters strike in 1905, has charge of the hiring of strike-breakers. He said that he had 5,000 men competent to handle the street cars on call. Members of the Illinois State Board of Arbitration started for Chicago last night to see whether they could ward off trouble.

THE MIDDLEMAN.

The Summers Stock Company continues pleasing large crowds at Mountain Theatre, East End Incline. "Pygmalion and Galatea" is full of bright, witty lines, which go to make it one of the best comedies ever produced at this popular resort. "The Middleman" will be the play for next week, with Wm. E. Blake appearing in the leading role, a part that gives him every opportunity to display his ability as a character actor. It is no difficult matter to turn the nursery into a bawl room.

STORE CLOSÉS AT 5 O'CLOCK DAILY (EXCEPT SATURDAY)

The Common House Fly

The warfare against the fly as a disseminator of disease is urged as a public duty. This is the story in a nutshell:

Scientific observers tell us that there are no more foul things in nature than common house flies. They simply thrive in dirt and defile all they touch, carrying typhoid germs as naturally as a man carries mud on his shoes. Medical experts will never eliminate typhoid fever so long as the house fly is allowed to exist. Greatly improved conditions are, however, possible and most desirable. The lesson is clear and every citizen should help to the utmost to destroy this common pest and danger. Great progress has already been made along this avenue. Especially is this true in regard to screens on self-closing doors and wire windows and the time is not far distant when all verandahs will be entirely screened with wire cloth. This is only a step, however, and should be followed by galvanized metallic garbage barrels with covers made compulsory by a city by-law, and all wooden receptacles of this nature destroyed by fire.

It is not our business, however, to tell the people what they ought to do, or what they will be doing in five years from now. We are storekeepers and it is our business to supply the demands of the citizens for merchandise of every kind. Wire cloth, wire doors, wire windows, spring door hinges, galvanized garbage pails and barrels (all with covers), and all such articles are specialties with us and we invite your inspection. If we can't sell you these goods it will not be the fault of the prices.

Respectfully submitted, Stanley Mills & Co., Limited Hardware Dept., 14 James St. N., Hamilton, Ont.

Square Shoe Sale

The public have "got onto the tricks" of the "skin-game" bargain day chappies, and it is now common talk that they are resorting to every known method to mark their sales—offering big reduction in prices, because their goods are purposely marked high in the first place, in order that a tempting reduction can be offered.

QUESTION—If these so-called bargain sales were not a paving "skin-public scheme," why do they have them every week in the year? TWO ONLY—We hold but two sales in the year, and this is done in order to dispose of pairs left over from the season's selling.

20 Per Cent. Off Oxford Shoe Sale

1,281 pairs of Men's and Women's High Grade Oxfords are now on sale at one fifth off the regular price. Every pair Goodyear Welt—and every pair perfect in style and quality. Dollars will do much here—don't miss getting your share. Costs you nothing to come in—give us a chance to please you. Not bargain shoes—but bargain prices.

One-Fifth Off the Marked Price

This sale of Men's and Women's Oxfords is the greatest GENUINE REDUCTION SALE of shoes ever attempted in Hamilton. 1,281 pairs on sale—all fine, stylish and perfect shoes. This week will clear out a lot of these Oxfords and this is your chance. Every pair of well Oxfords reduced; for instance, Sorosis \$5.00, Welt Sole Oxfords for \$4.00, etc.

Take Your Pick While the Picking is Good

The price at which we have been selling these Oxfords all season is marked in plain figures. You get them now at one-fifth less than the marked price; but don't wait until the best are gone. See our windows for styles and prices.

COST HARRY THAW \$325,000 TO KILL HIS MAN

THE THAW HEARING AT WHITE PLAINS BEFORE JUSTICE MILLS. PHOTOGRAPH SHOWS HARRY THAW IN THE WITNESS CHAIR, WITH DISTRICT ATTORNEY JEROME QUESTIONING HIM.

Here is a little matter of contemporary history—three years' history of a rich young fellow who killed his man. No, he wasn't hanged or electrocuted. Harry Thaw killed Stanford White on the roof of Madison Square garden, New York city, on the night of June 25, 1906. He was indicted shortly afterward; it was six months, or Jan. 23, 1907, before he was placed on trial. For two months and a half the country was amazed, shocked and disgusted by the testimony

in the case, and then on April 12 the jury disagreed. Eight months more passed by and on Jan. 4 Thaw was brought to the bar for a second trial. The hearing was expedited by Judge Dowling, and on Feb. 1, 1908, the jury found him not guilty on the ground of insanity and the justice committed him to the Matteawan asylum for the criminal insane. Thaw considered this punishment too great for the crime. He thought the judge should have sent him rejoicing up Broadway.

Immediately steps were taken to remove him from such a coarse place as Matteawan to a nice, pleasant country jail a little ways up state, and for a time he did have a very enjoyable holiday with a complacent sheriff. Thaw's motions, demands and appeals have been incessant since his commitment to the asylum 18 months ago. He has appeared before three supreme justices and his case has been considered in two of the appellate courts. It is figured that it has cost Thaw up to date \$325,000 to kill his man.

WANT TO USE CANAL BANK. Hydro-Electric Commission Applies to Dundas Council. Dundas, Aug. 4.—Mayor Lawraon, Reeve Lawson and Councillors Bertram, Pennington and Moss attended to the Town Council's business last night. The Hydro-Electric Commission sent the following letter through Acting Chief Engineer Stocking: 'The Hydro-Electric Power Commission hereby makes application to the town of Dundas for the privilege of using the north bank of the Desjardins Canal as a right of way from the westerly end of said bank to the easterly boundary of lot 20 of the township of West Flamboro, the commission to have the right to improve and repair the said bank to make it suitable for the equipment to and from the station site. The commission further desires the right to lay such piping from their property to the canal and to use such water as may be required for the running of the plant.' Councillor Pennington strongly objected to giving away any of the town's rights. A motion, moved by Councillor Bertram, and seconded by Councillor Moss, was carried as follows: 'That the request of the Hydro-Electric Power Commission be granted on the terms of an agreement to be prepared by the solicitors between the corporation and the Hydro-Electric Commission for the use of the canal tow path for transportation of material to their property to the north of the canal, and that said agreement shall safeguard the corporation's rights and their rights to grant privileges to others, and that the Mayor and Councillors Bertram and Spittal be a special committee to approve of the agreement before it is executed.' The Mayor and Reeve Lawson were appointed delegates to attend the annual meeting of the Ontario Municipal Association at Toronto on Sept. 1 and 2. The school estimates, as submitted by the secretary of the Board of Education, were referred to the Finance Committee to consider and report. The Fire and Water Committee was instructed to procure estimates of the cost of extending water mains on the following streets: Hatt street, from Wellington to John; Colborne street, from Wellington to Matilda; Park street, from Sydenham street to water main at curling rink; Park street, from Cross to York; Hamilton road, from end of water main on Main street to North street; Victoria street, from Princess to Sydenham. Councillors Moss and Pennington moved that a special committee, consisting of the Mayor, Reeve Lawson and Councillors Bertram and Pennington, be appointed to consider the advisability and probable cost of installing a sewage system throughout the corporation, and submit the same at their earliest convenience, and that Councillor Pennington be convener of the committee. Carried. An agreement for the dredging of the canal was referred to the Property Committee to revise same, advertise for tenders and report.

REV. MACLAREN Had Distinguished Career in Church as Teacher and Preacher. For Sixteen Years Was Convener of Foreign Mission Committee. Toronto, Aug. 5.—As announced yesterday, the hand of death was laid early yesterday upon one of the best known and most beloved ministers of the Presbyterian Church in Canada, Rev. William MacLaren, D. D., LL. D., Principal Emeritus of Knox College. After some weeks of suffering he passed away at his home, 57 St. George street, a few minutes after 2 o'clock, in his 82nd year. About three months ago Dr. MacLaren fell while about to get on a street car at the corner of College and Yonge streets, and suffered a slight paralytic stroke, receiving in the fall an injury to his head. He was able, however, to go about again in a few days, and attended the last meeting of the Foreign Mission Executive, about three weeks ago. But he gradually weakened and became confined to his bed, his heart action finally giving out. His faculties, nevertheless, remained practically unimpaired to the last. Rev. Dr. R. P. MacKay, Foreign Mission Secretary, saying to-day that his judgment at the last meeting was clear and his memory good. He practically dropped out of the work with all his powers at their best. His loss will be especially felt in the Foreign Mission work of the Church, to which he was a friend for many years. The funeral service will be held at the residence, 57 St. George street, on Friday afternoon at 2.30 o'clock, and at Bloor Street Presbyterian Church at 3 p. m. Rev. Dr. Wallace is expected to be home in time to conduct the services. Dr. MacLaren was the fifth son of the late David MacLaren and Elizabeth Burnett, both natives of Perthshire, Scotland. He was born at Torbolton, Carleton county, Ontario, on the 25th of January, 1828, and was educated at the Ottawa Grammar School, at the Toronto Academy, and at Knox College, Toronto, to which at that time gave both arts and theological training. He was ordained to the ministry in 1853, becoming pastor of the Presbyterian Church at Amherstburg, where he remained until 1857. He went in that year to Knox Church, Boston, now known as Columbus Avenue Presbyterian Church, but in the next year removed to Belleville, Ont., where he was pastor until 1870, going then to Ottawa, where he was pastor of Knox Church from 1870 to 1873. In 1873 Dr. MacLaren was appointed by the General Assembly to the chair of systematic theology in Knox College, which position he continued to fill until on the death of Rev. Principal Carven he was selected to be Acting Principal. He occupied this position until the appointment of Rev. Alfred Gandier as Principal about a year ago. In 1884 he was elected Moderator of the General Assembly. He married in 1854 Marjory, third daughter of James Laing, of Nidrie Park, Melbourn, Que. Besides his wife, Dr. MacLaren is survived by one son, Rev. David MacLaren, and one daughter, married to a son of the late Sir Oliver Mowat, residing in Edmonton.

BILL OF LADING. HAS BEEN FINALLY APPROVED BY RAILWAY BOARD. Under Its Conditions the Railway Company Becomes Responsible for Shipments, and Has to Prove Innocence Where Negligence is Charged. Toronto, Aug. 5.—It was officially announced yesterday that the Board of Railway Commissioners for Canada had finally approved of the two forms of the new bill of lading, to go into effect on Oct. 1, the text of which was agreed upon some months ago by a committee representative of the various manufacturing and railroad and shipping interests of the country. The work of this committee was throughout of a very harmonious nature. All parties apparently had been working for a shipping bill which would meet with the approval of both the Railway companies and the shippers. Many conferences were held, and the final draft, which was forwarded to Ottawa for approval, is considered one of the best for all parties. The new bill is very simple, and contains only eleven sections as compared with the old one's twenty-one. It imposes additional obligations upon the railway companies as carriers, making them responsible for negligence in transport or delivery, and also makes the initial carrier responsible for a consignment of goods to destination, even though it has to pass over other railway lines in Canada. It makes the initial company responsible also for shipments of goods which are handled by American or other roads with which there is a joint tariff arrangement. According to the shippers this is a great gain to them. The old bill, they said, was made by the carriers for the carriers, while the new bill is one which, broadly speaking, has been devised by the carriers for the shippers. A shipping authority illustrated this important point yesterday by pointing out that under the old bill the railway company, in answering to any charge of negligence on its part, could simply say that it had done its duty the shipper being responsible. Under the new bill the railway company has to prove that the loss was through no fault of it or its agents. The bill comes into force because of a suggestion made by Chairman Mabee over a year ago that shippers and carriers should get together and come to some agreement on the matter. The Canadian Manufacturers' Association, as one body representing the shippers, took up the matter and brought it before the various Boards of Trade, the Bankers' Association, shipping and railway companies, with the satisfactory result recorded above.

CLERK'S RASH ACT. Turned on the Gas and Then Cut His Throat. Toronto, Aug. 5.—Despondent, it is thought, through illness, E. W. Mowbray, an accountant in the service of the Royal Bank of Canada, made an attempt to end his life in his room at 349 Jarvis street, yesterday morning. He is now in St. Michael's Hospital with his throat cut and suffering from the effects of gas poisoning. He will likely recover. The first intimation of the attempted tragedy was given when the young man failed to make an appearance at the usual hour in the morning, although he was due to leave for a vacation trip to Halifax. When some friends who had arranged to see him off at the station called at the house a visit was made to the young man's room. When the door was opened the gas rushed out into the hall and it was feared that Mr. Mowbray had fallen a victim to accidental gas-poisoning. But when the blind was raised it was seen that the unfortunate young man was lying in his night clothes on the bed with blood oozing from a ghastly cut in his throat. At his side lay a white-handled, blood-stained razor. The police ambulance was called and Mowbray was taken to a hospital, where six stitches were required to close the gash in his throat. No reason apart from that of ill-health, is given to account for the young man's rash act. He has not been well for some time and had been granted a sick leave by the bank officials. At the bank it was stated that his accounts were in good shape.

BOSTON RESIDENT Was Refused Admission to the United States. St. John, N. B., Aug. 4.—Another case of harsh administration of the United States immigration laws occurred here to-day, when Mrs. Gallant, a resident of Boston for twenty-four years, was refused re-entry to the country. Mrs. Gallant is a native of Summerside, P. E. I. Early in the summer she visited her old home to recover her health, and on her return here a few days ago was held up because she had not the necessary amount of money required by the officials. The woman sent word to her sons and daughters in Boston, who are in poor circumstances, but after a few days they sent the required amount, "sixty dollars." Meantime the woman was attacked by rheumatism, and, having no money, was sent to the municipal home. To-day the American officials decided that a bond of five hundred dollars must be put up that she will not become a public charge before they will permit her to proceed home. Ragweed Fever, Sympathetic Catarrh. The indescribable wretchedness of those who ever summer are victims of this awful disease, commonly called hay fever, is simply appalling. Thousands who know of Catarrhose prevent the return of the disease by commencing early to inhale Catarrhose four times every day. By means of Catarrhose hay fever is prevented and cured. The large dollar outfit never fails to cure. Trial size, 50c. All dealers or The Catarrhose Co., Kingston, Ontario.

GUILLOTINE AGAIN. First Execution in Paris in Fifteen Years. Paris, Aug. 5.—A sudden official announcement that a public beheading would take place at 4.30 o'clock this (Thursday) morning in the Boulevard pointing the Sainte Prison created a sensation in Paris, which had not seen an execution in fifteen years. Immediately immense crowds gathered at the scene, but were kept back from the guillotine by heavy details of police and municipal guards. Parisian sentiment long has been opposed to public executions, for in the past they were accompanied by scandalous scenes of revelry. Despite this sentiment, Parliament refused to abolish the death penalty in France, and in view of the revolting crime of the man executed this morning, President Fallieres refused to commute his sentence to life imprisonment. The victim was one Duchemin, aged 23, a butcher. In 1908 he stabbed his mother, and this not resulting in her death, quick enough, he finished her by strangulation. The motive for the crime was robbery. SHORT SERMONS And Wealthy Auditor Was Delighted by Them. Pine Village, Ind., Aug. 4.—The Rev. J. M. Williams, a Methodist minister, received a deed to-day for sixty acres of land, worth \$125 an acre, from Mr. and Mrs. Burgoyne Davis, because he preached short sermons while pastor of the church which they attended. Mr. Davis is wealthy, and was so impressed with the brevity and pointedness of the sermons of Mr. Williams that he determined to make him independent. The deed specifies the brevity of Mr. Williams' discourses as the consideration received for the land. The sixty acres comprise one of the most fertile tracts of land in Montgomery county. At the convention of the Catholic Order of Foresters, held in Montreal, it was decided by the committee on the constitution to recommend an increase in the rates.

WESTERN MURDERER Traces Found of Man Who Killed Constable Decker. Vancouver, Aug. 4.—According to a story in the Ashcroft Journal, the murderer of Constable Decker, worked on "Doc" English's ranch, Venables Valley, a few days after the murder. The "Doc" sent his son to Spence's Bridge to hire help. The murderer offered and was engaged. The murderer made a confidant of another hired man named Armstrong. He said Decker fired first. After killing Decker the murderer took the first bench above the town, working westward, getting as far as Spatum the following night, and reaching Spence's Bridge five days after the killing. He was hard pressed several times. Armstrong describes the murderer as five feet seven inches in height, stockily built, clean shaven, and of French-Canadian extraction. After working three days the murderer left. He told Armstrong he wanted to see the Northwest Territories. Armstrong, owed by the murderer, said nothing until too late. The Archimedes, the greatest submarine boat in the world, was successfully launched at Cherbourg, France. She is of 800 tons burden.

A JOINT BURDEN. Defence of Empire Will be Shared by Colonies. London, Aug. 4.—The Imperial Defence Conference will meet again in the Foreign Office to-morrow to resume the discussion of the naval memorandum. This branch of the question covers so large a field that it may be necessary to hold a further sitting before handing over the mass of detail involved to an expert committee. The delegates do not feel themselves competent to discuss the minutiae of naval or military questions, though probably a great deal of discussion of detail in the committee will be necessary to any agreed and perfected plan of action. Meanwhile all the delegates have, it is understood, subscribed to the general principle that in an Empire scheme of defence it is essential that the burden should be a joint burden. Granted that principle, the exact form and proportion in which the colonies should bear their shares may be a matter for future arrangement and not subject to immediate settlement.

AWARD CONTRACTS. Hydro-Electric Transformer Stations to be Built. Toronto, Aug. 5.—Contracts for the immediate construction of the Toronto and London transformer stations in connection with the Provincial transmission line were let by the Hydro-Electric Commission yesterday. The contracts were, in each case, awarded to the lowest tenderers. The construction of the Toronto station will be done by Messrs. W. H. & Son, Toronto, for \$36,500. The London station will be built by Messrs. Hyett Bros., London, for \$23,500. The contracts for those at Woodstock, Paris, Berlin, Stratford, St. Mary's, Preston, St. Thomas and Guelph will be let next week. "The construction of the stations at Dundas and Niagara is already proceeding," said Hon. Mr. Beck when interviewed, "and it is anticipated that they will be completed by December. The towers and telephone lines on the right-of-way of the transmission line are being rapidly put up. Two construction gangs are now working on the erection of towers and a third will be added next week, when it is expected that it will be possible to erect fifteen towers per day."

DETROIT TUNNEL. Last of the Big Tubes Sunk into Position. Windsor, Aug. 4.—Without a hitch to mar the occasion, the last of the big submarine tubes for the new Michigan Central tunnel was sunk in the Detroit River close to the Windsor shore yesterday. Water was let into the tubes in the presence of a great crowd of interested spectators who lined the shore. The big tube settled to the river bed very slowly, and it was fully an hour before it rested on the bottom. But for the blowing of whistles on the tunnel boats and the car ferries there was no ceremony. The tunnel will be in operation before the snow flies. A barn-raising at the farm of Hector Johnson, River road, Raleigh, ended disastrously on Wednesday afternoon. Nineteen men were at work on the frame when it collapsed. Three, Albert Crow, James Leitch and James Fleming, were badly injured.

BOY MURDERS GIRL. Cold-Blooded Crime Revealed at Boylston, N. S. Guysboro, N. S., Aug. 4.—A cold-blooded murder committed a week ago at Boylston, a few miles outside of this town, has just come to light. On Thursday afternoon the adopted thirteen-year-old son of Joseph Issert, a negro, living at Boylston, in the absence of his foster-parents, tied his six-year-old daughter to a tree and beat her brains out. The Isserts were away on a picnic, and, returning home, found the child tied up to a tree, dead. They applied to the overseers of the poor for assistance to bury the child, and this was granted. Later the suspicions of the authorities were aroused, and it was decided to exhume the body and hold an autopsy. This was done, and then it was ascertained that the child had been murdered. The boy was arrested and will come up for preliminary examination to-morrow morning. An inquiry was held before Coroner Ewart and a verdict of murder returned. Two other boys are also held as accomplices. The preliminary examination is before Stipendiary DesBarres.

Makes the Glassware Fairly Sparkle

Mirrors and glassware are hard to clean with ordinary soap. The oily matter often leaves streaks and spots that are hard to remove.

But with Taylor's Borax Soap the result is wonderful. The surface is left without a single streak—it glitters and sparkles as though it were diamond.

And your work is only half as hard. For this soap reduces rubbing to a minimum—it works almost like magic.

Borax is the most powerful cleanser in the world. It does wonders that are almost unbelievable until you once see the results for yourself.

For this soap does more than any other soap you have ever known. It loosens every bit of dirt instantly, it destroys every possible germ and leaves everything both clean and sweet.

We use only the finest of cocconut oil in this soap. We go more than 12,000 miles to the island of Ceylon just to be sure this oil is pure and fresh.

It requires twenty-one days to make a single cake. The labor of more than 200 persons is needed.

Yet this soap costs no more than the ordinary. We make millions and millions of cakes every year and are thus able to buy at the lowest of prices.

G. T. R. PRESIDENT.

SIR CHARLES RIVERS WILSON ON FINANCIAL MATTERS.

Chairman of Grand Trunk and Grand Trunk Pacific, Accompanied by Chief Officers of the Two Roads, is on a Tour of Inspection—To Visit Prince Rupert and West.

Toronto, Aug. 5.—"We must bow to the inevitable" was the remark of Sir Charles Rivers Wilson, chairman of the Grand Trunk Pacific Railway and president of the Grand Trunk Railway, with regard to the building of the Toronto viaduct, in the course of a snapshot interview at the Union Station yesterday afternoon.

The tour of inspection is to be a thorough one, and in all probability something like six weeks will be spent in the west. The stay in Toronto was a very short one, the special pulling out after a stoppage of only a few minutes.

To-night a stop will be made at Stratford for the particular purpose of visiting the new shops which the road has erected at that point. From there it will proceed to Battle Creek, Mich. Friday will be spent in Chicago, and then the special will proceed on its long journey to Prince Rupert, returning via Edmonton and Winnipeg.

Briefly the question of Canada's financial standing in the old country was touched upon. The attention of Sir Charles was called to the statements which have been made in certain newspapers to the effect that Canada's credit had suffered by the large loan for financial support, which had been made for various enterprises, notably the Grand Trunk Pacific loan, in England.

With reference to this matter the chairman of the road said: "The financial outlook was never better. We have recently, as you know, raised two large loans, in fact only a few weeks ago, for the Grand Trunk Pacific. We never had the smallest difficulty in getting all the money we wanted. The loan was largely subscribed by our own shareholders, that for the Grand Trunk Pacific was largely oversubscribed."

"We are already handling some of the crop along the route of the Grand Trunk Pacific," said Mr. C. M. Hays, in the course of a little chat with the newspapermen. He was optimistic with regard to the progress of the construction of the road, and stated that he could see no reason why the mountain section should not be completed by September, 1911.

"Three days later," "Erer, William, I must be back to the house by 7 o'clock. This road seems very straight and wide. Don't you think you might go just a little faster, without danger?"

THE RIGHT HOUSE. An amusing story is told of a man who had been attending a memory class. On meeting a friend he was greeted with the words, "I hear you are attending this memory class. What do you think of it?"

GOOD SHORT STORIES

What is his name? I know it well as I know my own. Odd sort of a name, but common enough, too. It's—I had it at my very tongue's end just now. It's something like—like—hailed if I remember what it is. I'll find out and let you know. I never could remember names.

Of ready wit, the Archbishop of Canterbury is a great example. He was going in with a number of other clergymen to luncheon after some great ecclesiastical function, when an unctuous dignitary observed, "Now to put a bridle on our appetites!"

The Right Rev. Bishop of Delaware tells the following story: "A young man came to me one day and said: 'Bishop, I want you to marry me next Wednesday.'"

Mr. Newcar (about to start on his first trip in his recently purchased motor car—to his new chauffeur)—"Now, William, I want it thoroughly understood—I will not have fast driving. Always keep well under the legal limit—not as close to it as you can. Ten miles an hour is fast enough for me. What I want is comfort—not excitement. Do you understand?"

"But, my dear sir," returned Tom, "how can I come any earlier? I don't get my breakfast until 11."

"How can I? I don't get up till 12." "Then get up earlier." "How can I?" pleaded Tom, "when I don't go to bed until daylight!"

IONS SUSPENDED.

Toronto, Aug. 5.—F. W. ("Mickey") Ions, of the Tecumseh lacrosse team, charged with committing an aggravated assault on George Kalls, of the Toronto lacrosse team, at Scarborough Beach on Monday, entered a plea of not guilty in the police court yesterday, and elected to be tried by a jury. Mr. J. T. White appeared for Ions, and Mr. J. W. Curry, K. C., represented the Crown. The accused was released on \$200 bail, furnished by Manager Charles Querrie, of the Tecumshs, and will appear at the preliminary investigation next Wednesday. Seven thousand spectators were present when the affair took place. Ions had been struck with a ball, thrown from Kalls' stick. As a result, spectators says, Ions committed an unusually brutal and cowardly assault on the Toronto player when he was stepping down to tie his shoe. He is said to have delivered a terrible kick in Kalls' face, which disabled him for some time. Several citizens, including a Presbyterian minister, are reported to have expressed a readiness to testify against Ions in the interest of clean sport.

MARKETS AND FINANCE

Thursday, August 5.—Sales on the market this morning were a little slower than for the past few weeks, but in most lines were good. The quantity of corn that is offered is being increased each day, and this morning it could be had for as low as 12 cents a bushel. Apples were more plentiful and the quality was good. Prices ranged 5 cents a bushel. Nutmeg prices were offered for the first time this year and brought \$1.50 a bushel. Live hogs were a little easier and found a market. New wheat and oats were lower in price. Hay was firm at \$14 a ton. Standard prices at 8 a. m. were:

HAMILTON HORSE WON THE ONTARIO STAKES.

Lady Sybil Beats Patsalaga and Turf Star in Two-Year-Old Filly Race.

Bookies Were Given a Drubbing in the Fifth Race—Hilltop Won the Feature at Saratoga.

The Ontario Stakes for two-year-olds at five furlongs was the feature yesterday at Windsor from a monetary point, but the sprint handicap, which followed, held more interest, as the best short-distance racers in these parts were entered, and they furnished a grueling contest from barrier rise to the finish.

The stake went to the Valley Farm Stable's Lady Sybil, coupled with English Esther. The pair were favorites and came in for a good share of backing. The winner was favored by clear sailing and this contributed largely to her victory.

Patsalaga, which managed to land the small portion of the purse, were seen sufferers by interference and would have been much closer up with a clear course.

The handicap presented a difficult problem to the bettors. At the Centre Shot was near the end, given a slight call over the recently arrived Colloquy, with the J. C. Milam pair, Merrick and Ada Meade, next in favor.

The finish found them in this order. Colloquy, with her usual style, dominated the early running, with Centre Shot her closest attendant.

At the stretch turn the latter moved up with a rush, and a sixteenth out had the race well in hand, Colloquy withstanding Merrick's final rush managed to save second place.

The bookmakers were given a severe drubbing in the fifth race, in which a mediocre band was opposed to the one good racer, County Clerk.

R. L. Thomas and his confederates backed him persistently, and forced his odds down from 8 to 1 to half this figure at post time.

Lou Marion, trainer for the St. James Stable, bid him up \$400 from an entered price of a like amount, in retaliation for Thomas having bid up Woodwinder at Fort Erie.

J. S. Hawkins managed to land his first purse since his invasion into Canada this season, when his Lotta Creed took the opener in a spirited drive from Mae Henley.

If the contentions of several owners and trainers are correct, a most ingenious scheme to destroy the winning chances of likely contenders has been unearthed.

According to reports there has been since the inauguration of racing at Hamilton this spring, several horses victims of a "Night Rider."

It is alleged that a former stable hand has taken advantage of the absence of watchmen or other stable men and on sundry occasions taken out of their stalls during the night horses that have been reckoned serious contenders in their respective races on the morrow.

The horses were galloped into exhaustion before returned to their stalls. The first of these midnight raids is said to have occurred at Hamilton, when Turf Star was the alleged victim.

Since then T. M. Green, Creel and Hyperion II. are thought to have been victims. A further claim is made by a prominent trainer that while at Fort Erie unknown parties came to him with a proposition that if he could induce some bookmaker to back against Star, he would have the colt taken out of his stall during the night time and ride him into exhaustion before returning him to his quarters.

The trainer immediately informed Trainer Dymond of the proposed scheme, and Dymond had an extra watch put on the stable. Meanwhile the object of all the suspicion has departed from Windsor. Summary:

First race—Two-year-olds; 5 1/2 furlongs—Lota Creed, 106 (Howard), 4 to 1, 8 to 5 and 4 to 1; Mae Henley, 110 (Warren), 3 to 1, 2 to 1 and even, 2; Merman, 110 (G. JACK CHESBRO DRAWS \$4,500 BECAUSE NOBODY WANTS HIM.

JACK CHESBRO. This is Manager Geo. Stallings' high priced hangnail.

Drawing \$750 a month, or \$4,500 for the season, "Happy Jack" Chesbro is worth about as much to the New York American League team as 15 cents worth of Swiss cheese after the rats get through biting the edges away from the holes.

Time was when Jack was as good as a certified cheape, and during this period he received a long term contract which bound the New York management too tight to permit it to Houdini on him.

Stallings has been trying to kick Jack into the clear, but no major league team wants him, and George hasn't found a minor league outfit willing to invest \$750 per month and shoulder the contract.

Meanwhile Chesbro reports for-ports for duty daily and draws his stipend, a performance he will doubtless repeat until the contract loses its power or the club settles with him to vacoome to greener fields.

LEAFS BEATEN IN TEN INNINGS BY GREYS.

Toronto Fielded Sensationally and Lost by One Run--Leafs Back to Third Place.

Detroit Broke Even With Boston and Cleveland Won Two From Washington--Rain Interfered With Games.

Providence, R. I., Aug. 5.—Kelley's Maple Leafs fell before the Grays in an exciting battle of ten innings yesterday, the curtain going down with the score 2 to 1. Both teams fought like Trojans for the deciding run, but it was not until the clubs had gone into the extra inning that the locals lopped it off with a slashing drive to right by Jack Phelan.

Kelley's men left the field laboring under the impression that Empire Fin-neran had aided the Grays to land the victory by two decisions in the final session. The game was marked by constant wrangling with the arbitrator in which both teams took a hand in making his life miserable.

Doc Newton was on the Toronto firing line and pitched the finest kind of ball, the Grays bunching hits only in the first inning when two together developed the first run. He was opposed by Ed. Barry, and the battle was a corker from start to finish.

Both had excellent control and just enough on the ball to make the hits few and far between. Newton sent eight of the Grays down the strike-out plank and Barry retaliated by fanning six of the visitors. The fielding put up by the visitors was one of the pretty features of the game, the only slip being a wild throw by Newton, which did no damage.

Great work was contributed by Houser, Frick, Mullen and Mahling. For the Grays the best plays were pulled off by Anderson and Rock. Score:

AT BALTIMORE.

Baltimore, Aug. 5.—Baltimore lost two games to Rochester yesterday. The Hustlers won the first game by hitting the ball all over the lot. Pearson and Schmidt both proved easy marks.

McConnell was also hit harder than the score indicates. The second game was a pitchers' battle in which Henley came out first best. Score:

be paid for out of the club funds. A few such generous acts as these would give the swimming club all that is needed to make it a permanent success.

Unfortunately, swimming carnivals cannot draw any money from the public, as in other forms of sport, which naturally retards financial progress. The gentlemen who have supported the club during the last two seasons have again come forward to its aid, including Col. Hendrie, R. T. Steele, John Lennox, Ald. Jutten, Major Labatt, the press, several of the large stores and private gentlemen who know the value of this hitherto neglected form of outdoor sport, which is the terrible death roll recorded in the press each day during the summer season.

It should appeal to every one to lift this, one of the finest and most useful of all sports, above the humiliating necessity of asking for funds on every occasion when there is a carnival or swimming event in the city. It should appeal to every father and mother in

LUMBER MEN'S PICNIC.

At a well attended meeting last night in the contractors' rooms, several committees had full reports on the picnic to be held at Niagara Falls on Saturday, Aug. 21. It was decided that the customary free drawing would be again put on as last year, with more numerous and valuable prizes. There will also be free tea and milk, which will greatly add to the comfort of the picnickers.

This picnic has the record of being second only to the grocers', and will no doubt carry its largest crowd to Victoria Park this year.

Prices Drop One Dollar Each Day

260 Suits to be cleared absolutely - Men's and young men's sizes.

The regular prices may be seen on every suit, ranging from \$7.50 to \$22.50.

To-day you may take your choice for \$14.00 and on Friday your choice for \$13.00, and on Saturday your choice for \$12.00, and on Monday \$11.00, and so on, the price dropping \$1 each day until Wednesday, the 18th, when it will have dropped to \$3 for what is left of the lot. Our big north window will be kept filled with samples of the best lines left each day, so it will be a good window to watch for the next 12 days.

What the Suits are Like

About one-half of these suits are light colored woads, tweeds and homespuns, suitable for summer only, and the other half are medium and dark colored lines, suitable to wear almost any time.

Many of the light colored lots are two garment suits only, but fully three-fourths of them are the regulation three-piece suits made for the past season's business, and every garment carries the Sanford Co's. name, and all from \$12 up carries the Sovereign Brand label, which stands for Sanford Co's. best workmanship.

Now, gentlemen, don't all wait until the last day, because there are a few people in this town wise enough to pick up a good thing when they see it, so don't expect to find all the good suits here on the three dollar day.

COMMENT AND GOSSIP

Hamilton is to have a rowing regatta. After the splendid showing of the local crew at the Royal Canadian Henley at Port Dalhousie the members of the Hamilton Rowing Club have taken up the question of holding a regatta here.

But small attention has been paid to that sport in this city for some time, and nothing would awaken interest more than a regatta. It is proposed to have an eight-oar race composed of three crews, Argonauts, Dons and Hamilton, and four, singles and doubles as well.

A meeting will be held shortly, and a date and other arrangements will be made. It is expected that the regatta will be held early in September.

The Hamilton four left this morning via the G. T. R. for Detroit, where they will row in the intermediate fours at the national regatta. Some of the most expressed critics on the continent have expressed themselves as of the opinion that the Hamilton four would win this event, and the boys are looking forward to victory with confidence.

The Argos will be represented by Butler in the intermediate singles, Cosgrave in the senior singles and the Argonaut in the junior eight in the intermediate and senior eights.

Rowing in Detroit will be straight-away over the course of one mile 550 yards, located between Belle Isle and Detroit on the American side of the river.

Cosgrave is expected to win again in Detroit, and in that case will be champion senior single sculler of America. The Argo junior eight has a fine chance for the intermediate championship, and may win the senior. Both the Detroit Boat Club and the New York Athletic Club, which was not represented at the St. Catharines regatta, have strong senior eights. The New York entry is supposed to be the strongest of them all.

The Canadian Canoe Association is a purely racing organization, having been formed six years ago to propagate friendly competition among amateur paddlers. Unlike the oarsmen, the canoeists claim the distinction of a total freedom from professionalism. They point out that there never have been any money paddlers, though Toronto professional oarsmen have been a credit to the community.

It should be said that everything in connection with the C. C. A. regatta is always on the free invitation list, while the winners are rewarded with valuable prizes. Saturday's will be Toronto's first glimpse of the Canadian Canoe Association's regatta, though the division meet has been decided on the bay—Toronto World.

BEACH LEAGUE.

One of the best games seen in the Beach League this season was played at Station 26 last night between the Scoundrels and Station 26. A crowd of nearly 400 people watched the game, and when the excitement grew intense the shouting could be heard a mile away. It was a good game, but the Scoundrels demonstrated their superiority by notching three more runs than their opponents. The play was close for the first few innings, but towards the end of the game the Scoundrels began clouting the ball for good hits. The teams lined up as follows:

TO OPEN UP ON WHITE.

(Continued from Page 1.)
from a very rich young business man of Pittsburg, but she has declined it, explaining that her life belongs to her unfortunate brother and to her mother.

The State rested in the Thaw case today, and from now on it devolves upon Harry K. Thaw and his attorney, Charles Morschauer, to offset the testimony of the State's alienists, who have sworn that Thaw is still insane and would be a menace to the community if released from the asylum at Matteawan.

Thaw will know the outcome of his fight for liberty on Thursday, August 12th; Justice Mills said today that in the forenoon of that day he will send his decision in the present habeas corpus proceedings to the court here.

Dr. Carlos F. MacDonald was the last alienist called by the State. He was followed by John B. Gleason, Thaw's first legal adviser after the shooting of Stanford White. He came to Thaw's side this afternoon and cleared up a few old mysteries, sweeping away some of Thaw's apparent vagaries on which Mr. Jerome has dwelt so persistently.

Through Mr. Gleason Thaw's lawyer hopes to show that Thaw's attitude toward Stanford White was not due to delusions, but was prompted by what Thaw knew of White's practices. Mr. Gleason has about 50 letters which he received from Thaw and they may prove sensational if read. Mr. Morschauer tried to prove the charges against White today by reading parts of Evelyn Thaw's testimony at the trials. Thaw's letters to Mr. Gleason bear upon this, it is thought.

If he can show that Stanford White and a number of wealthy friends did maintain several establishments where young girls were ruined and that an attempt really was made on his client's life, Mr. Morschauer will be able to dissipate some of the evidence of the State.

Mr. Jerome then called the last of his experts, Dr. Carlos F. MacDonald. Dr. MacDonald declared that Thaw now suffered from "paranoia of the degenerate type." By "degenerate," he explained was meant a person who has never attained the normal type. He pronounced Thaw incurable.

"He could not be legally insane," said Dr. MacDonald, "and not medically insane."

Mr. Morschauer asked Dr. MacDonald if an alleged paranoia should realize that his delusions were delusions if it would not be evidence of recovery. "Yes," said the witness, "if he were honest in acknowledging his mistake."

TO-DAY'S EVIDENCE.
White Plains, N. Y., Aug. 5.—There were empty seats in Justice Mill's court room this morning for the first time since the hearing on Harry K. Thaw's application for release from Matteawan began nearly four weeks ago. The expectation that Attorney G. H. Morschauer would consume a large part of the session in reading from the minutes of the first and second homicide trial, kept the curious away. A few of the women who have not missed a day of the hearing were on hand early in the front seats, and some of them, as usual, brought their luncheons to eat during the midday recess.

Mr. Morschauer said that his remaining witnesses would testify in support of the contention that Thaw's beliefs which the opposition terms "delusions," were justified and sane.

David N. Carvalho, the hand-writing expert, who appeared in the Molinieux case, was the first witness when court opened this morning.

Called by Mr. Morschauer, Mr. Carvalho, who sat by Thaw all through the first trial, declared that Thaw was "worried" by his counsel. He spoke little, said the witness, and made his suggestions mainly by notes.

"I cannot say that he ever dictated to his lawyers," he asserted.

Thaw told Mr. Carvalho, the latter said, that he would not agree to Judge Olcott's plan to place him before a sanity commission instead of on trial. When Thaw refused this suggestion Judge Olcott withdrew from the case.

"There was wrangling among Mr. Thaw's counsel all the time," said the witness.

The expert said 68 letters purporting to come from Stanford White were submitted to him. He pronounced them genuine.

OBITUARY.
Death of Young Son of Mr. Thomas O'Dowd.
The death occurred last night of John O'Dowd, son of Thomas O'Dowd, 137 Simcoe street east. Deceased was 11 years of age and had been ailing for some time with paralysis. The funeral will take place to-morrow morning at 8.30 to St. Lawrence's Church, thence to Holy Sepulchre cemetery.

Earl M. Blake, infant son of Joseph J. and Mrs. Blake, passed away yesterday at his parents' residence, 404 Garth street. The funeral took place this morning to Hamilton cemetery. Rev. A. B. Higginson conducted the services at the house and grave.

The pallbearers at the funeral of Beatrice Phillips were James Carroll, Harry Defour, Jos. Shipley, Thos. Luckie, Jas. Phelan, Jas. Yalden. The floral tributes included the family, cross, Mrs. Root, sickle, Mrs. Shackleton; basket, Mr. and Mrs. H. TEA TABLE GOSSIP.

Burlington will celebrate next Tuesday, that being its Civic Holiday.

The Wood Milling Company has issued a writ in the County Court against A. W. Maguire & Co. for \$417.

W. Goldberg has issued a County Court writ against H. Rosenfield & Co. for \$225.

The Retail Grocers' Association will not hold its August meeting until the evening of Thursday, the 12th.

The American Poultry Association will hold its annual meeting at Niagara Falls, N. Y., Aug. 10, 11 and 12. Mr. George Henderson will be representative from Hamilton.

A meeting of the South-Westworth Agricultural Society will be held on Saturday afternoon in the Court House Hotel. The fair will be held there at the Maple Leaf Park, on Sept. 22, 23 and 24.

KEEPING WITHIN APPROPRIATIONS.

(Continued from Page 1.)

The busy season would be over by that time, and the work completed. It was the intention of the city to move the plant, but they would like to get through with this season's work first.

There will be a meeting of the Board of Education special committee to-night to deal with the reappointment of teachers. The city has a full staff on the list, and beyond the reappointment nothing will probably be done except that a successor to Mr. T. L. Kinrade may be appointed as principal at Cannon Street School.

It was stated in the Times a short time ago that Mr. Kinrade had probably left the city for good. As yet no word has been received from him, and the application from him for reappointment.

Mr. Charles Hudson has been granted a permit for a frame building on Birch avenue, between Barton and Princess streets, to cost \$400.

The City Engineer received a report from the waterworks department this morning. The consumption of water by the city this year has exceeded that of last year by fifteen and a half million gallons, or over six per cent. He also received a letter from a citizen on Emerald street complaining on behalf of the residents because some stone had been left on the street between Barton and Robert. The stone was thrown there when the Street Railway Company was repairing the roadbed, and owing to the great amount of work on hand the city has not yet been able to handle it. The rollers are kept busy all the time, and as soon as possible the stone will be crushed and disposed of. Mr. Brennan stated this morning that if the residents will give them a little time they will remove the grievance satisfactorily.

A meeting of the Finance Committee will be held this afternoon. Mr. James has set in a request for a remission of business tax; Messrs. Farmer & Scheller request a remission of taxes paid by Eliza McMurtrie; City Solicitor Waddell will bring up the question of the Grand Trunk Railway Company's taxes, and the request of the Trades and Labor Council for a grant. E. J. Greenstreet respecting public abattoirs and cold storage, and by-law to amend by-laws Nos. 869 and 870 will be considered.

COMING HOME.
Hon. Frank Oliver to Visit the Yukon Exhibition.
(Special Despatch to the Times.)
Ottawa, Aug. 5.—Hon. G. P. Graham, Minister of Railways and Canals, and Hon. Frank Oliver, Minister of the Interior, who have been in Europe for some weeks, will sail for Quebec on the Empress of Ireland on Friday, the 13th, and should reach Ottawa about the 21st. Mr. Oliver will almost immediately go west in an endeavor to keep a long standing promise to visit the Yukon. He will also go to the Seattle Exhibition.

Electric Expresses and Wireless Telegraphy.
The possibility that trans-continental trains will be hauled by electricity, and that telegraph wires will be consigned to the junk heap, is the forecast of Hon. R. P. Roblin, Premier of Manitoba. Every citizen of the Dominion, who is interested in the commercial future of his country, should read this article in the Aug. 7th issue of Collier's.

WATER DOWN GARDEN PARTY.
The garden party at Watertown yesterday proved to be a success. The crowd was considerably larger than last year. A number of people from Hamilton and Burlington were present. The committee in charge was fortunate in securing the Burlington band to play a number of selections and the music was greatly enjoyed. After all expenses had been paid the receipts amounted to \$143.

Lovers of Good Coffee.
And our American friends in particular, will be delighted to learn that we have secured the Hamilton agency for the "White House" blend of coffee, acknowledged by connoisseurs to be the most delicious coffee in the world. Sold in pound tins, whole or ground, 40c the pound.—Peebles, Hobson & Co., Ltd.

The Clothing Manufacturer's.
Heaviest purchases are in the most popular patterns—it is in these he becomes overstocked, and explains why \$17.50 buys a \$25 suit and \$13.50 buys an \$18 suit, latest pattern, greens, greys, tans and olives. The manufacturer bears the brunt of this; you get the benefit, at our sale.—Fralick & Co., 13 and 15 James street north.

JAP ULTIMATUM.
Tokio, Aug. 5.—The controversy between China and Japa over the An Tung-Mukden Railway is the principal topic discussed by the newspapers today, and predictions purporting to be authentic include the statement that Japan has issued an ultimatum to China. There is reason to believe that this is untrue.

ROSS WON IN COURT.

(Continued from Page 1.)

laid the charge. The evidence was weak and he was discharged.

There were thirteen names down to answer charges of breach of the dog by-law. Arthur Soules, W. W. Evans, Wilfrid Russell, Edward Fearnside, Chas. Swanwick, William Herd, Harry Goodfellow, James Boas, Jennie Melauac were each fined \$2. James McQueen was fined \$4 for allowing his dog to be on the street. McQueen said if the constables would pay more attention to apprehending chicken stealers it would be more to their credit. For making such uncomplimentary remarks about the police his fine was made double the ordinary sum.

Mr. J. Harrison appeared for Andrew Ross, who was summoned for allowing his dog to be at large. Mr. Harrison cross-examined P. C. Emerson and Merritt about ill-using Ross. Emerson said Ross became ugly and required rough handling, and Merritt said he saw the dog snuffing at the station, but did not know who was to blame. Emerson also admitted handcuffing Ross. His Worship gave Ross the benefit of the doubt as to whether his dog was under control, and dismissed the case of a breach of the by-law.

Mr. Harrison formally laid the charge of wrongful arrest before Magistrate Jeffs, so that it can come before the Police Commissioners.

This is the case referred to in the Times yesterday, and a remarkable thing is that Mr. Ross was not summoned until three hours after the Times came out, with Mr. Ross' story of the abuse he was subjected to, although the arrest took place three days before.

Peter Christopher was fined \$4 for allowing his dog to be at large, it was his second offence.

James Campbell, James Henry and William Butler were fined \$2 each for being drunk.

Anthony Ewing was charged by Arthur Solvenger with being disorderly. The case was not proven so Ewing was discharged.

William McNeil, 205 West avenue north, for being disorderly, was fined \$5.

Louis Bennett, 32 Cheever street, a colored man, was charged by James Barry with assault. The Magistrate said there was a halo of uncertainty around the case, so he dismissed it.

F. Wainwright, Toronto, was charged with a breach of the Motor Vehicle Act. P. C. Hill said that Wainwright said by the corner of King and James streets like lightning. Wainwright said he had not driven for three years and had never even been licensed.

"You must not think you are traveling through a village when you are in Hamilton," said his worship, to Wainwright, "you are fined \$10."

Abraham Venn sued Thornton & Douglas for \$12 wages. Two dollars was offered as payment and Venn accepted.

John Paterson was arrested this morning on a warrant, and was arraigned in the police court on a charge of bigamy. Just before leaving his office for the police court this morning, his worship's office was besieged by a number of women, two being wives No. 1 and No. 2; all were weeping broken-heartedly. Wife No. 2 was weeping over losing her newly acquired husband, and wife No. 1 wept because of his unfaithfulness to her. Paterson, the Magistrate was told, married his second wife on July 27 last; she was a Miss Bertha Turner. He had kept up his visits to two homes and no suspicions were aroused. Paterson was remanded till next Wednesday.

York.
Mr. J. Veir, merchant, has been spending the week in the Yukon, doing business. Bicycles are all the go in the village; nearly every other boy has a bike.

Mr. M. Kunchy has his new engine, and is preparing to build his new mill.

Mr. C. Martindale took in the Caledonia excursion last Wednesday, and reports a fine time.

The Ladies' Aid were entertained by Mrs. Frank Nelles, Mountain View Farm on Wednesday last to straighten up after the garden party held on the church grounds on July 21, which was a decided success, the proceeds amounting to over \$98. The ladies were treated to a grand supper by Mrs. Nelles. A vote of thanks was tendered to the hostess, who responded in her usual happy manner, and thanked the ladies for coming. All returned to their homes feeling it was indeed good to be there.

Mr. Low and Mr. Smith called on friends in Caledonia on Saturday evening.

One of the severest electrical storms, accompanied by wind, hail and rain, visited this vicinity on Friday night, doing great damage. Mr. D. Dill's oat crop was almost completely destroyed by hail cutting the oat heads off, nearly covering the ground. Mr. Abby's barn, with 40 tons of hay, was struck and burned. Mr. T. Peart lost two head of cattle. Mr. Gill also lost a valuable animal.

A number of young men from Brantford paddled down the river and pitched their tent on Mr. J. Peart's flats on Monday evening, just in time to get the full force of the storm, which blew down their tent and tore things up in such a manner they took to their heels, and came to the village for refuge. Fortunately they got shelter at the hotel.

Miss Violet Dills, Toronto, is spending a few days with her parents here.

Now, Gentlemen, Read This.
The price will drop one dollar each day on a big lot of suits we are going to clear out. To-day the price for your choice will be \$14, Friday \$13, and down drops the price one dollar each day until the 18th, when it will have reached \$3 for any suit left. Watch our windows for some of the best lines left each day—Oak Hall, 10 and 12 James street north.

O'DOWD.—At his parents' residence, 137 Simcoe street east, on Wednesday, August 4, 1909, John, fifth son of Thomas and Mary O'Dowd, in his sixteenth year. Funeral Friday at 8.30 a. m. to St. Lawrence Church, thence to Holy Sepulchre cemetery.

THE WEATHER.

The following is issued by the Department of Marine and Fisheries: Temperature. 8 a.m. Min. Weather.

Table with 2 columns: Location and Weather. Locations include Calgary, Winnipeg, Port Arthur, Toronto, Ottawa, Montreal, Quebec, and Father Point. Weather conditions range from Fair to Cloudy.

FORECASTS.—Light variable winds, mostly fair and warm. Friday light winds, fine and warm.

WEATHER NOTES.

The pressure has decreased throughout Canada and two fairly important disturbances are shown by the weather chart one moving eastward across the Western Provinces and the other near the Atlantic Coast moving toward Nova Scotia. Rain has again fallen in nearly all parts of Saskatchewan and light showers have occurred in Western Ontario, elsewhere the weather has been fine.

Probs.—Fair and warm with local thunderstorms.

Washington, Aug. 5.—Eastern States and Northern New York.—Generally fair to-night and Friday, warmer in south portion to-night, light to moderate variable winds.

Western New York.—Partly cloudy to-night and Friday.

Lower lakes.—Light to moderate variable winds, partly cloudy weather to-night and Friday.

The following is the temperature registered at Parke & Parke's drug store: 9 a. m., 73; 11 a. m., 76; 1 p. m., 78; lowest in 24 hours, 64; highest in 24 hours, 88.

SOME LATE SPORTING ITEMS.

Terre Haute, Ind., Aug. 5.—There is not likely to be any more boxing in Indiana for some time to come.

Governor Marshall yesterday received assurances from sheriffs in the various counties where bouts have been held that they would prevent any further exhibitions.

New York, Aug. 5.—Jas. J. Jeffries, retired heavyweight champion of the world, smiled a broad farewell to a crowd of well-wishers that gathered on the North German Lloyd line pier in Hoboken to-day, and sailed away on the steamship George Washington, for Europe, for a six weeks' sojourn in Europe. The big pugilist, accompanied by his wife, will go direct to Carlsbad, where they will remain for a few days taking the waters, which Jeffries thinks will benefit him.

Jeffries sailed without seeing Jack Johnson, who is expected here some time to-day or to-morrow. Sam Berger, manager for Jeffries, will remain in the city for a few days and may talk over the details of the fight between Johnson and Jeffries with the negro.

The departing pugilist was given a noisy farewell by a crowd of friends at the pier. Jeff said he never felt better, but was disinclined to talk about the possible fight with Johnson. He has been troubled recently with boils and hopes that the waters at Carlsbad will aid him. Berger will leave for California next week, and later return here to receive bids for the Jeffries-Johnson fight.

Brighton, Eng., Aug. 5.—The Brookside race, of 160 coverslips, for 2-year-olds, distance 5 furlongs and 88 yards, was run here to-day, and won by Destination.

Kilmalock, was second and Berenice third. Among the fourteen starters was August Belmont's Ballot Breed.

The Worthington Selling Plate, of 150 coverslips, for 3-year-olds, distance 1-1/2 miles, was won by Dutch. Misere was second and Relish third. Eleven horses started.

The game of soft ball in the Jewellers' League, between George H. Lee & Co's. team and Levy Bros' team, was one of the best since the league started. The only accident was caused by a fly ball striking Joe Levy on the hand, and it "stung." The base-running of Joseph Levy was one of the features of the game. He had a style all his own, and although he rolled, stumbled and bounced, he reached the sack and was responsible for a run. Stewart Lees had ambition to hit the ball, but the best he could do was to fan the air. Alf Baker was treated upon to act as umpire, and is slowly recovering from the effects. The George Lees team were good at chasing one another around the bases, and won by a score of 12-2.

Wash Dresses, Blouses.

Friday and Saturday of this week are days of special interest at The Right House. Great reductions in swell French wash dresses, and hundreds of beautiful blouses give the ladies a chance that will not last much longer, to purchase these at figures greatly below their real worth. Then there is the sale of odd pieces of beautiful fancy linen that is attracting a great deal of interest. These also are marked at figures a great deal below their real worth. Although but one or two of a design are left in some cases, yet they are in useful sizes. Do not miss visiting the store these two days.

Both folly and wisdom come upon us with years.—German.

THREE DEAD IN FAMILY FEUD.

Couple Shot at Door by Brother-in-Law, Who Kills Self.

Wife of Slayer Escapes and Cannot be Found.

Disappears Before Husband Reaches City Bent on Murder.

Chicago, Aug. 5.—As a result of a family feud, Stephen Eiser shot and killed his brother-in-law, George Goritz, and his sister-in-law, Katherine Goritz, and then took his own life with the third shot from his revolver last evening in front of the Goritz home at 11, 504 Front street, South Chicago. The police believe that Eiser intended also to kill his own wife, had she been with the Goritzs, as he had expected.

Eiser and Goritz married sisters, and both families lived until recently at Steelton, Pa. A short time ago Goritz and his wife moved to Chicago, where he hoped to get a position with the steel company.

The police have not been able to learn the nature of the quarrel between Eiser and the other members of the family. They have not found Mrs. Eiser.

From stories told by neighbors the police learned that Mrs. Goritz wrote her sister a few weeks ago urging her to come to Chicago.

Mrs. Eiser arrived here two or three days ago, and had been staying with the Goritzs until last night. The police could not learn definitely whether or not she found any position in the city and left them, as some of the neighbors say, or whether she just happened to be out in the evening.

It is believed that Eiser arrived in Chicago in the afternoon with the sole intention of killing his brother and sister-in-law and also his wife. He went to South Chicago early in the evening while the family was away. He made inquiries among the neighbors to find out when they would return. All the time he kept one hand in his coat pocket, where he carried his revolver.

He patrolled the block for some time and then took up a position in the shadow of the steps of the Goritz house and waited.

About 8.30 o'clock Mr. and Mrs. Goritz approached in Front street laughing and joking. Nearly every one in the neighborhood was sitting upon the steps of the house.

Just as Goritz and his wife were turning into their own door Eiser jumped out in front of them with drawn revolver. Without a word of warning or explanation he leveled the weapon at Goritz and fired. The bullet entered the man's brain and killed him instantly.

Mrs. Goritz started to run, but she had not taken five steps before Eiser shot her through the heart.

There were hundreds of men and women within a few hundred feet, but before any one could make a move to interfere Eiser's two victims were dead and he had blown his own brains out with a third bullet. The tragedy was over in less than one minute from the time he opened fire.

The police are hunting for Mrs. Eiser, whom they believe can throw some light upon the cause of the murder of Goritz and his wife. Neither the Goritzs nor the Eisers had any children, so far as the police know. Eiser was 42 years old and is said to have been married several years.
