## PRAYERS.

The Honourable the Speaker presented to the Senate a communication from the Governor General's Secretary.

The same was then read by the Clerk, and it is as follows:—

OTTAWA, 19th August, 1896.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to formally open the Session of the Dominion Parliament, on Thursday, the 20th instant, at 3 o'clock.

I have the honour to be, Sir,

Your obedient servant,

JOHN SINCLAIR,

*Governor General's Secretary.*

The Honourable

The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Farves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, &c., &c., Governor General of Canada, being seated on the Throne.

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—“It is His Excellency's pleasure they attend him immediately in this House.”

Who being come with their Speaker,

The Honourable James David Edgar said:—

MAY IT PLEASE YOUR EXCELLENCY,—The House of Commons have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Commons, whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Excellency's person at all reasonable times, and that their proceedings may receive from Your Excellency the most favourable interpretation.

The Honourable the Speaker of the Senate then said:

MR. SPEAKER,—I am commanded by His Excellency the Governor General to declare to you that he freely confides in the duty and attachment of the House of Commons to Her Majesty's Person and Government; and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional privileges. I am commanded also to assure you, that the Commons shall have ready access to His Excellency upon all reasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses:—

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

The necessity of making provision for the public service has compelled me to summon you together at this somewhat inconvenient season.

It is impossible to lay before you, at this session, the public accounts for the past year ; or, indeed, any of the reports usually submitted to Parliament.

Under these circumstances, and in view of the fact that you will be required to re-assemble early in the ensuing year, it does not appear expedient to invite your attention to any measures beyond the passage of the supplies.

The operation of the tariff will be made the subject of careful inquiry during the recess, with a view to the preparation of such a measure as may, without doing injustice to any interest, materially lighten the burdens of the people.

Immediate steps will be taken to effect a settlement of the Manitoba School question, and I have every confidence that, when Parliament next assembles, this important controversy will have been adjusted satisfactorily.

*Gentlemen of the House of Commons :*

The Estimates for the current year will be laid before you forthwith.

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I hope that when you will have given the necessary attention to the consideration of the year's supplies, I may be able to relieve you from the duty of further attendance at this session of Parliament.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Sir Oliver Mowat, Minister of Justice, presented to the House a Bill intituled : " An Act relating to Railways."

The said Bill was read a first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Sir Oliver Mowat, seconded by the Honourable Mr. Scott, it was

Ordered, That the Senate do take into consideration the Speech of His Excellency the Governor General, on Tuesday next, at eight o'clock in the evening.

The Honourable the Speaker presented to the Senate,—The Report of the Joint Librarians on the state of the Library of Parliament for the Second Session, 1896.

#### TO THE HONOURABLE THE SPEAKER OF THE SENATE

The shortness of the recess necessarily renders the catalogue of accessions small, and the questions the Librarians have to submit to the Committee few in number.

The Librarians recall with the greatest satisfaction, for the information of a new Parliament, the final decision of the Library Committee regarding " Exchanges."

In 1890, the Committee decided that " the grant for the Library is not large enough to justify the purchase of books for the purpose of encouraging native literature, and that the purchase of exchanges should be confined to books of a character similar to that of the exchanges received from other countries."

The above very proper regulation having been departed from in practice, the Committee, in 1895, resolved that " when the Joint Committee is disposed to encourage the circulation of any valuable native work, it shall recommend such work to the notice of the Government, in order that a sum might be placed in the Estimates for the purchase of a certain number of copies."

In 1896, the Committee recommended, as a final decision on the subject, that " a sum be placed in the Estimates to be at their disposal for the purpose of encouraging, by purchase for Library exchanges, such works of Canadian writers as might be deemed worthy of such recognition."

The Librarians desire to express their cordial agreement in the opinion of the Committee. The practice of providing " exchanges" out of funds voted for the purchase of books for the Library of Parliament was injurious to the interests of the Library ; and

the Librarians hope that it may not be resumed, even should the sum asked for from the Government be not granted. The amount voted annually for the Library is sufficient for its purpose, if the money is strictly devoted to its proper and usual object; but it is not sufficient to support an annual demand for the purchase of "Library exchanges," an expression which has been rather freely interpreted.

Among the additions to the "American Section" must be mentioned a valuable collection of the portraits of a number of the governors, intendants and noted men under the French Regime. The collection, which comprises over 100 portraits, was bought in Paris, and will be made into albums for reference.

"The Military Operations in Canada under Sir John C. Iborne, illustrated by Lord Beauclerk," a volume of great rarity, has been added to the Canadian section, and some valuable and expensive works relating to the discovery of America have also been provided.

During the recess, the Librarians were enabled to procure for the first time the Journals of the Province of Nova Scotia for the years from 1802 to 1840, and it is expected that volumes of the records of other provinces, hitherto wanting, will be collected during the current year.

Among the additions during the recess is the first volume of a work prepared at Washington, containing the inaugural and annual messages of the Presidents of the United States, with biographical and historical notes. The work, when complete, will be found useful for reference.

The usual annual works of reference were either received during the last Session, or have since been added, special attention being given to commercial, financial and statistical compilations.

The list of donations for the year contains a useful collection of the commercial laws of Japan and of the constitution and civil procedure of that country, in the English language, for which the Library is indebted to Mr. Nossé, His Japanese Majesty's Consul in British Columbia.

The catalogue of accessions is complete, and will be immediately distributed.

All of which is respectfully submitted.

The Honourable Mr. McKay, from the Standing Committee on Internal Economy and Contingent Accounts of the Senate, presented their Second Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows:—

THE SENATE,

COMMITTEE ROOM No. 2,

THURSDAY, 24th September, 1896.

The Standing Committee on Internal Economy and Contingent Accounts beg leave to make their Second Report, as follows:—

1. Your Committee have had under consideration the accounts of the Clerk of the Senate for the year ended 30th June, 1896. As the time for closing the said accounts will not expire until the thirtieth instant, Your Committee are of opinion that it is inadvisable to proceed with the audit this Session.

2. The vote for stationery for the year 1895-6 was \$5,988, out of which amount \$5,785.35 have been expended up to this date, leaving a balance unexpended of \$202.65.

3. As the Session has been less than in ordinary years, the value of stationery, &c., on hand on the 1st July last, was about \$300, a portion of which, however, is old stock acquired years ago, and only gradually being used.

4. As another Session of Parliament will probably fall within the fiscal year ending 30th June, 1897, it will be necessary to provide for the supply of stationery thereat. Your Committee therefore recommend that the amount to be voted for such purpose be \$5,900.

5. A list of the articles, with their prices, to be ordered for the next Session of Parliament has been approved by Your Committee. Your Committee recommend that this stationery be ordered according to the said list, which has been deposited with the Stationery Clerk, and that the distribution be made in a way similar to that of the past sessions.

All which is respectfully submitted.

THOS. MCKAY,

*Chairman.*

On motion of the Honourable Mr. McKay, seconded by the Honourable Mr. Dever, it was

Ordered, That the said Report be taken into consideration by the Senate to-morrow.

Pursuant to the Order of the Day, the Bill (11) intituled: "An Act to revive and amend the Acts respecting the St. Clair and Erie Ship Canal Company," was read a third time.

The question was put whether this Bill shall pass?

It was resolved in the affirmative.

Ordered, That the Clerk do go down to the House of Commons and acquaint that House that the Senate have passed this Bill, without any amendment.

By the Honourable Mr. Ferguson :—

- 1 September 24—That he will ask the Honourable Leader of this House whether the following words fairly set forth the policy of the Government in the treatment of employees on the Government railways and canals of Canada by the Honourable Minister of Railways and Canals :—

“ I propose to draw a distinction between permanent officials of the road, persons who are in continuous employ, as officials, and those who are simply employed as day labourers. I cannot do otherwise. It would be utterly impossible for me to administer this department, with 5,000 people employed in it, on any other principle, and I came to the conclusion that if any responsible gentleman—any member of this House, whose advice the Government would consider it safe to act upon, or any responsible candidate before the country, who had been defeated in the late election, in the interest of the Liberal party,—made representations to me that, of his own personal knowledge, persons whose names he had mentioned and who were in the employ of the Government, in the capacities I have mentioned, had taken an active part in the election, and assured me of that from his personal knowledge, on his personal honour, I would accept the statements thus made and permit the officials of the department to allow the changes to take place.”

## NOTICES OF MOTIONS.

For Monday, 28th September, 1896.

By the Honourable Mr. Ferguson :—

1896.

- 1 September 23—That he will call the attention of the Senate to the extraordinary announcement of policy made by members of the Administration regarding the Civil Service of Canada, and to the recent unjustifiable dismissals of public employees ; and that he will inquire of the Leader of the Senate what the policy of the Government is on these subjects ?

By the Honourable Mr. Boulton :—

- 2 September 21—That, in the opinion of the Senate, it will result in a benefit to the trade and prosperity of the country if the taxation on sugar is removed, and the revenue accruing therefrom replaced by increasing the excise on spirits to \$2.25 per gallon, and the duty on imported spirits to \$2.50 per gallon. The result of the tax imposed in May, 1895, being a reduction of 131,000,000 pounds in the imports of sugar during the past year.

By the Honourable Mr. Kirchhoffer :—

1896.

- 3 September 22—That he will call the attention of the Senate to the impropriety of Premiers of the various Provinces receiving appointments, or employment with emoluments attached, or promises of such from the Government of Canada ; and will inquire of the Leader of the Senate if it is the intention of the Government to continue that policy ?

By the Honourable Mr. Ferguson :—

- 4 September 24—That he will ask the Honourable Leader of this House whether the following words fairly set forth the policy of the Government in the treatment of employees on the Government railways and canals of Canada by the Honourable Minister of Railways and Canals :—

“ I propose to draw a distinction between permanent officials of the road, persons who are in continuous employ, as officials, and those who are simply employed as day labourers. I cannot do otherwise. It would be utterly impossible for me to administer this department, with 5,000 people employed in it, on any other principle, and I came to the conclusion that if any responsible gentleman—any member of this House, whose advice the Government would consider it safe to act upon, or any responsible candidate before the country, who had been defeated in the late election, in the interest of the Liberal party,—made representations to me that, of his own personal knowledge, persons whose names he had mentioned and who were in the employ of the Government, in the capacities I have mentioned, had taken an active part in the election, and assured me of that from his personal knowledge, on his personal honour, I would accept the statements thus made and permit the officials of the department to allow the changes to take place.”

By the Honourable Mr. Ferguson :—

- 5 September 25—That he will, on Monday next, inquire of the Leader of the House, if Orders in Council have been passed, cancelling those made on the 6th and 7th of July last, appointing James Yeo fishery inspector of Prince Edward Island, and Charles E. McDonald, lighthouse keeper at Fish Island, in the same province ; the recommendations in these cases having been approved by His Excellency the Governor General ? If not, why are not these appointments carried into effect ?

By the Honourable Mr. Macdonald (P.E.I.) :—

- 6 September 25—That he will ask the Leader of the House, wherein the recommendation of the Treasury Board, dated 6th and 7th July, 1896, and not intended to be approved by His Excellency the Governor General, applies to George Macdonald, appointed sub-collector of customs at Grand River, Prince Edward Island, whose name appears under Treasury Board item No. 2613 as one which comes under the category of recommendations from which His Excellency the Governor General's approval was withheld ?
