# DR. THOMAS'

COME ONE COME ALL

And enjoy the Benefits of Dr. Thomas' Electric Oil.

Its Curative Properties Marvellous.

The search after, and the discovery of, healing agents, and the art of combining these agents when discovered so as to produce a remedy that will cure one or many of the numerous diseases, to which man is subject, is now more than ever, regarded as one of God's precious gifts to man. Around us on every hand, secreted away in Nature's vast store house: in the flowers of the fields, in the seemingly worthless weed at the roadside, and in the minerals deep down in old Mother Earth's bosom, are medicines to be had for the seeking, but few there be possessed of sufficient knowledge and experience to draw them forth from their environment and make them subservient to man's use.

One of the greatest discoveries, during the present century, in the realm of medicine, has been **Dr. Thomas' Electric Oil**, a curative agent whose conquests over disease and death have gained for it a name above all other medicines.

In cases of Rheumatism, Lumbago, Lamé Back, Neuralgia, Diphtheria, Coughs and Colds, Sore Throat, Croup, Piles, Frost-bites, Burns, Asthma, Catarrh, Chilblains, Corns, Toothache, Earache and Headache, Bruises, Wounds, and Sprains of every description, whether on man or beast, **Dr. Thomas' Electric Oil** has produced marvellous results. This medicine can be used with equal success inwardly and outwardly, and it has been so used for many years, so that there remains not a shadow of doubt about its efficacy. It is a great satisfaction for suffering humanity to know that there is a remedy which they can resort to with confidence when disease

attacks them, or an accident happens to them. That **Dr. Thomas' Electric Oil** will do all that is claimed for it, is amply attested by the thousands whom it has cured; but were further testimony required, it can be found in the evidence which medical men have voluntarily borne as to the wonderful cures it has effected among their patients when ordinary medicines, and the usual treatment, have failed to give relief. Medical men, as a rule, are prejudiced against proprietary medicines, but they have been compelled to acknowledge the claims of **Dr. Thomas' Electric Oil**.

This medicine is free from alcohol, which is a strong point in its favor; it is composed of six essential oils, blended in certain fixed proportions, the united action of which is to bring about the remarkable cures of which evidence is furnished in abundance by a grateful public.

## If You Have SCIATICA READ THE FOLLOWING:

Mr. Wm. Hockly, Uxbridge, writes:—I have long desired to tell you of an experience I had with Sciatica which almost laid me low. The best medi-

cal treatment I could get in this vicinity I had, but the disease progressed steadily in spite of all until the pain was unendurable and my friends despaired of my life. In this extremity what seemed accidental, but was certainly providential, I observed a bottle of **Dr. Thomas' Electric Oil** on a shelf, and reckless of consequences, I insisted upon taking of it all the law allowed, and having it rubbed on the seat of the pain. To my grateful surprise the relief was so immediate and effectual, that in three days I was out in the harvest field, completely cured. I send you this from a sense of duty and for the good of other sufferers.

# PARMELEE'S VEGETABLE NEW PILLS

Are Anti-Bilious, and a Specific for  
the Cure of Liver and Kidney Com-  
plaints, Dyspepsia, Costiveness,  
Headache, Piles, and will Purify  
the Blood, Regulate the Secretions  
and Remove all Bilious Matter.

**M**ANY medicines have no effect on the system further than to act as a purgative. They neither cleanse the blood nor stir up the turbid liver to action, and frequently they injure the tone of the stomach and weaken the system.

It is altogether different with **Dr. Parmelee's Pills**, there is nothing more acceptable to the stomach. They give tone, and after using for a few days the invigorating change they affect is astonishing as well as pleasing to the weak and despondent, and for this reason they are specially recommended to the over-worked who have become despondent and melancholy.

They are just the pill to take if suffering with that excruciating agony that so many persons experience after partaking of a hearty dinner. They correct acidity, open the secretions, and convert the food partaken of into healthy nutriment.

**They Aid** and assist nature in correcting irregularities that often disturb the healthy action of the vital powers either from change of diet, change of residence, or the different seasons of the year.

**Mandrake and Dandelion** are two of the ten ingredients that enter into their composition. These, in addition to other specifics, make a combination that cannot

be excelled for the liver, arousing it from torpor and congestion, and causing it to perform its functions with ease.

**The Liver** is a very important organ, and if it is not in perfect health it soon disturbs the whole system, as it is nature's great purifier by which the foul matter that has entered the blood is absorbed and converted into bile.

The most common malady connected with disorder of the liver is biliousness, from which many persons suffer habitually or for long periods. Biliousness is seldom dangerous, but it seriously interferes with the enjoyment of life and prevents a person from doing work with any vigor or satisfaction.

**SEVERE BILIOUS HEADACHE** — **MR. JAMES JOHNSTON**, General Agent for the Massey-Harris Co., Winnipeg, Man., writes: "I have been subject to Bilious Headache for the last six years, and have tried all kinds of Pills and Patent Medicines to remove this sickness without avail. I tried one box of **Parmelee's Pills** and I can honestly say they are the best medicine I ever took. When suffering from a severe Bilious headache, I took two Pills and had relief immediately, and I can recommend them to any person as a sure and fast cure."

**A NEW MAN** — **MR. PELUM MABEY**, Walsh, Ont., writes:—"For eleven years I suffered untold agonies with pain in the head, Dizziness and Costiveness. The doctors told me I had Dyspepsia and I took dollars upon dollars worth of medicine but with little relief, finally I tried **Parmelee's Pills**, and I found they did me more good than all the rest of the treatment put together. They have made a new man of me, and I enjoy life better than for years before using the Pills. While ailing I only weighed 150 lbs., but I weigh now 190 lbs.

**CAN SAFELY RECOMMEND THEM** — **MR. H. H. MOSHER**, Apple River, N.S., writes:—"I find my sale for **Parmelee's Pills** increasing each year. I have tried them in my family and have found them superior to any other Pill, and I have no hesitation in recommending them to my customers.

Price 25c. or 5 boxes for \$1.  
If you cannot get them from your  
cine dealer, they will be sent per  
receipt of price.

# PILLS

## PARMELEE'S NEW VEGETABLE

CONTAINS MANDRAKE AND DANDELION  
FOR THE LIVER

**D**R. PARMELEE'S **New Vegetable Pills** differ from all others now before the public in their composition and effect upon the system. Based upon the most scientific principles, and made from Roots, Herbs, and Solid Extracts which have specific virtues truly wonderful in their action upon the Liver and Kidneys, such as Mandrake and Dandelion, found in this country; while others, equally as potent in regulating the secretions and purifying the blood, etc., are found only in Spain and other countries. Thus we see that Nature in her wise providence has provided a valuable catalogue of plants all over the land, specific in their very nature for the cure of certain diseases. In this scientific combination it is found that **Parmelee's Pills** possess the power of acting, specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In this lies the great secret of **Parmelee's New Vegetable Pills**.

**NONE BETTER**—MR. CLAUDE REAUME, Stoney Point, writes:—"I have tried **Parmelee's Pills** and they are the best Pill I ever used."

**WANTS ANOTHER LOT**—MR. THOS. R. CLIPSHAM, Lethbridge, Alta, writes:—"The five boxes of **Parmelee's Pills** I bought from you last summer proved so beneficial to me that I desire another dollar's worth, for which you will find enclosed the money."

**EXCELLENT FOR THE LIVER**—MR. J. T. POLLOCK, Enniskillen, writes:—"I was troubled with a severe pain in the back below the shoulders, it was so severe that at times it made me feel very ill and I could not rest either sitting or lying. I used a few doses of **Parmelee's Vegetable Pills**, when the pain left me and it has not returned. They are excellent for Liver troubles."

**PREVENTS BILIOUSNESS**—MR. PETER A. ST. Sea Side Hotel, Port Mulgrave,

N. S., writes:—"Parmelee's Pills are ahead of any Pills I have ever used. They are easy to take and a sure preventative if taken in time for Biliousness, or any disorder that the system is liable."

**FOR NERVOUS DEBILITY**—MR. THOS. DALEY, Sunnidale, writes:—"I have tried **Parmelee's Vegetable Pills** for Nervous Debility and I think they are a success."

MR. E. A. CAIRCROSS, Shakespeare, writes:—"I consider **Parmelee's Pills** an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

**SMALL, BUT NONE BETTER**—MR. SAMUEL W. TAYLOR, Rockland Station, N.B., writes:—"Having an attack of Liver Trouble and Indigestion, as I had had several times in the past, I decided to try **Parmelee's New Vegetable Pills**, and I find them to be the best I have ever used. They give relief which has a more lasting effect than any medicine I have used, and they are easy to take, the pill and dose being small, and I believe them to be the best medicine for Liver Trouble that is to be found."

MR. W. E. SMITH, Elizabethville, writes:—"Parmelee's Pills give good satisfaction. My customers prefer them to any other pill."

**INDIGESTION CONQUERORS**—MR. G. SOWERBY, Petite Cote, Montreal, writes:—"Parmelee's Vegetable Pills are the finest Pills I have ever used for Indigestion."

**NOT OVER-RATED**—MRS. PATRICK A. FITZPATRICK, Cumnock, P.O., Ont., writes:—"I have tried **Parmelee's Pills** and found them to be fully as good as recommended."

**THEY NEVER FAIL**—MRS. S. M. BOUGHER, Langton, writes:—"For about two years I was troubled with Inward Piles, but by using **Parmelee's Pills** I was completely cured, and although four years has elapsed since then, they have not returned."

MR. CHAS. A. SMYTH, Lindsay, writes:—"Parmelee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

**THE BEST PILLS**—MR. WM. VANDERVOORT, Sydney Crossing, Ont., writes:—"We have been using **Parmelee's Pills**, and find them by far the best pills we have ever used."

MR. M. McBEAN, Glen Bean, writes:—"Parmelee's Pills have done me more good than any medicine I have ever taken."

# 1897.

Dominical Letter	C	Solar Cycle	2
Epact	26	Roman Indiction	10
Lunar Cycle or Golden Number	17	Julian Period	6610

The Year 5658 of the Jewish era commences at sunset on September 26th. The Year 1815 of the Mohammedan era, or era of the Hegira, begins on the 2nd day of June, 1897. The 61st year of Queen Victoria's reign begins June 20th, 1897. The 122nd year of the Independence of the United States begins July 4th, 1897. The first day of January, 1897, is the 2,414,926th day since the commencement of the Julian Period.

## ...ECLIPSES...

In the year 1897 there will be two Eclipses, both of the Sun.

I. An Annular Eclipse of the Sun, February 1st, invisible in Canada.

II. An Annular Eclipse of the Sun, July 29th, visible as a partial Eclipse.

At Toronto, Eclipse begins 8h. 46m. a.m., middle of Eclipse, 9h. 49m. a.m., ends 10h. 56m. a.m. E.S. Time, magnitude of Eclipse 0.36 (Sun's diameter being 1').

## ...MORNING AND EVENING STARS....

**VENUS** is an Evening Star to April 28th, afterwards a Morning Star.

**MARS** is an Evening Star to November 21st, afterwards a Morning Star.

**JUPITER** is a Morning Star to February 23rd, an Evening Star to September 13th, afterwards a Morning Star.

**SATURN** is a Morning Star to May 17th, an Evening Star to November 25th, afterwards a Morning Star.

**MERCURY** will be a Morning Star about February 15th, June 15th, and October 7th, and an Evening Star about January 6th, April 28th, August 26th, and December 20th.

The Satellites of **JUPITER** are not visible from August 15th to October 12th, **JUPITER** being too near the Sun.

# MOTHER GRAVES' WORM EXTERMINATOR

GOOD FOR YOUNG AND OLD.

THE mere mention of Worms makes one feel uncomfortable but their presence in the human system is so common that the evil must be faced, and however disagreeable the task may be the loathsome pest must be painted in its true colors, so that those who are sufferers may be made aware of their danger. Worms are of many kinds, but it is not necessary to catalogue them here. Some of them are harmless intestinal parasites, while others are more or less dangerous and sometimes prove fatal. Especially are Worms troublesome in the case of children as most mothers know; they cause in more malignant cases, intestinal derangements, vomiting, nervous excitability and convulsions.

It is fitting that the discovery of a remedy for worms should rest with a woman, and that woman a mother, because next to the children themselves the mothers are the great sufferers, it being an extreme source of anguish to them to see their little ones in trouble and pain. The universally recognized remedy for worms is **Mother Graves' Worm Exterminator** the cheapest and by long odds the best cure that has ever been offered to the public. Although a comparatively recent discovery the **Exterminator** has rushed into the front rank with leaps and bounds and today it heads the procession; other so-called cures are nowhere. This medicine is in the form of a syrup, that being considered the best shape in which to administer it to children; and it is not disagreeable to the taste, but on the contrary, being very pleasant.

**Mother Graves' Worm Exterminator** does not require to be supplemented or assisted by any other medicine in order to effect a complete cure; it is sufficient in itself, and does its work speedily and effectively.

Whenever the well-known symptoms appear in your child—indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, etc.—lose no time in getting a bottle of **Mother Graves' Worm Exterminator**.

**ADVICE TO MOTHERS**—MRS. A. SMITH, Windsor, N.S., writes:—"Mother Graves' Worm Exterminator is all you recommend it to be. My little girl suffered for weeks until we thought the trouble might be worms, when we got a bottle of the **Worm Exterminator** and gave it to her. After taking one dose we could see a change and in less than a week my child was restored to health. I can faithfully recommend it to all mother's whose children are suffering from trouble arising from Worms."

**MARVELLOUS RESULTS**—MR. BENJAMIN MCKENZIE, Kimberley, writes as follows:—"About three months ago, our child, 18 months old, was taken ill, followed by a fit. Suspecting that Worms were the cause, we got a bottle of **Mother Graves' Worm Exterminator**, and we had only given a few doses when the result was marvellous, an extraordinary number of large Worms having been expelled."

**HE CRIED FOR IT**—MRS. M. LALONDE, Camerontown, writes:—"My little boy, two and a-half years old, was troubled with Worms. I gave him **Mother Graves' Worm Exterminator**, and it expelled 36 Worms. He is now in excellent health. We had to keep the medicine where he could not get it, as it is so pleasant that he always cried for more."

**A HEALTHY CHILD NOW**—MADAME HELDEGE MARIAN, St. Roch L'Achigan, P.Q., writes:—"I had a child troubled with Worms. My neighbors thought she would die; tried two doctors and all known remedies without getting relief. Mrs. Joseph Laurier recommended me to try **Mother Graves' Worm Exterminator**. I got a bottle, and after the first dose noticed an improvement, and before one bottle was used my child was well, and is now strong and healthy."

Price, 25 cents.

WHY is a little girl learning the alphabet like a postage stamp? Because she gets stuck on the letters.

WHY is the letter "X" like a person in doubt?—Because it is always in perplexity.

WHAT is the right kind of timber for castles in the air? Sun-beams, moon-beams and star-beams.

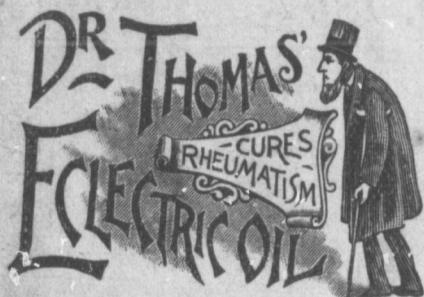

How are young ladies like arrows? One of them gave the answer because they are sharp; another, because they pierce the heart. The potential reason is because they are all in a quiver when the beaux come to them.

"WHAT is laughter?" asks a philosopher. It is the sound we hear when our hat blows off.

WHY are New York and Brooklyn stunted in growth? Because they are a-bridged—vide the Brooklyn bridge.

WHY is a gun like a ship? Because both are loaded and discharged.

WASTE no time in cherishing vain dreams, indulging idle speculations, or giving way to depressing emotions, but resolutely throw them off, and engage in whatever actual work appears most pressing and important.

### THE TERRIFIC TWINGES

Endured by Rheumatics are first soothed and in the end permanently relieved by that **beneficent annihilator** of pain and preventative of its return, **Dr. Thomas' Eclectic Oil**, a combination of six medicinal oils, devoid of alcohol, and consequently non-evaporating when applied. Economic, because little of it is usually required to produce the desired effects, and the small cost of which is rendered doubly insignificant by contrast with the salutary results which it achieves. It is equally safe whether taken internally or externally, is applicable to diseases and injuries of horses and cattle, as well as to man, and exterminates Throat and Lung Diseases, Catarrh, Dysentery, Piles, Tumors, Sores, and a great number of other physical ailments.

#### INFLAMMATORY RHEUMATISM.

—MR. S. ACKERMAN, Commercial Traveller, Belleville, writes:—"Some years ago I used **Dr. Thomas' Eclectic Oil** for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with Rheumatism since. I, however, keep a bottle of **Dr. Thomas' Eclectic Oil** on hand, and I always recommend it to others, as it did so much for me."

**CURED OF NEURALGIA.**—MR. THOS. GALE, Cumberland Bay, N.E., writes:—"Dr. Thomas' Eclectic Oil cured me of Neuralgia when doctors' medicines failed. I suffered for a long time until I used **Eclectic Oil**. Three applications cured me, and I can safely recommend it to all sufferers."

**LUMBAGO.**—MR. W. W. STEPHEN, Meaford, Ont., writes:—"Dr. Thomas' Eclectic Oil has gained a reputation in Meaford and surrounding country surpassing

any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago that I know of, will alone place it in the front rank of remedial agents."

MR. B. N. MUNRO, Toronto, writes:—"A short time since I was completely disabled by a severe attack of Lumbago; one application of **Dr. Thomas' Eclectic Oil** brought immediate relief, a second and third application effected a cure."

**RHEUMATISM.**—MR. G. W. MACULLY, Pavilion Mountain, B.C., writes:—"Dr. Thomas' Eclectic Oil is the best medicine I ever used for Rheumatism."

MRS. D. MORRISON, Farnham Centre, P.Q., writing about **Dr. Thomas' Eclectic Oil**, says:—"George Bell used it on his son, and it cured him of Rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

#### ALL PARENTS SHOULD READ THIS

—MR. JOHN M. GILBANK, London, writes:—"It affords me great pleasure to let you know that **Dr. Thomas' Eclectic Oil** saved the life of my little daughter after everything else failed. She had a bad attack of Croup, and we thought she could not live, but a few doses of the **Oil** saved her. No mother should be without it, as it is worth its weight in gold for Croup."

#### STILL ANOTHER TRIUMPH

—MR. THOS. S. BULLEN, Sunderland, writes:—"For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using **Dr. Thomas' Eclectic Oil**. I have also been subject to quinsy for over forty years, but **Eclectic Oil** cured it, and it was a permanent cure in both cases, as neither the piles nor quinsy have troubled me since."

#### A WELL-KNOWN HORSE AND CATTLE

**DEALER SPEAKS.**—MR. E. HAINES, Owen Sound, writes:—"For fifteen years I have been using **Dr. Thomas' Eclectic Oil** in my family, and can say it is the best medicine we ever used. Our house is never without it. When on a trip to England I never fail to have a supply with me as I am often troubled with a Cough and also Bronchitis. I take about one quarter of a teaspoonful of the **Oil** and it stops my Cough and soothes me off to sleep. It is worth more than its weight in gold."

----	-----	---	---	------	------	------	------	----	------	------	------

A LONG, tipsy man, coming home from market fell into a ditch. A passer-by tried to put him on his legs again. He got him up as far as his knee, and said, "Now you will be able to get home again." The other, to his great astonishment, replied, "Na, man; there's another fauld o' me yet!"

If you are a wise man, you will treat the world as the moon treats it. Show it only one side of yourself, seldom show too much at a time, and let what you show be calm, cool and polished. But look at every side of this world.

Good manners are the blossoms of good sense and of good feeling. If the law of kindness be written on the heart it will lead to that disinterestedness in both great and little things--that desire to oblige, and that attention to the gratification of others, which are the foundation of good manners.

ENVY may justly be called "the gall of bitterness and bond of iniquity." It is the most acid fruit that grows on the stock of sin--a fluid so subtle that nothing but the fire of divine love can purge it from the soul.

OUR debt to past generations is beyond all calculation. Men stand on the shoulders of their ancestors, profiting by all their labors, their anxieties, their successes, their mistakes, their failures.

EVERYTHING lives, flourishes, and decays; everything dies, but nothing is lost; for the great principle of life only changes its form, and the destruction of one generation is the vivification of the next.

SOME men seem to be fond of hugging delusions, and it may be that they got in the habit because girls are such delusive creatures.

# BICKLES

ANTI-CONSUMPTIVE

## SYRUP

FOR COUGHS COLDS & C.

An Unparalleled Remedy for Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, etc.

**I**N this country the degrees of heat and cold are not only various in the different seasons of the year, but often change from one extreme to the other in a few hours, and as these changes cannot fail to increase or diminish the perspiration they must, of course, affect the health.

Nothing so suddenly obstructs the perspiration as sudden transitions from heat to cold. Heat rarifies the blood, quickens the circulation and increases the perspiration, but when these are suddenly checked, the consequences must be bad. The most common cause of disease is obstructed perspiration, or what commonly goes by the name of catching cold.

**Coughs, Colds, Sore Throats, etc.**, if attended to in time, are easily subdued, but if allowed to run their own course, generally prove the forerunner of more dangerous diseases. Nine-tenths of the consumptives date their affliction from a neglected cold, and the diseases that are caused by wet feet, damp clothes or exposure, are more numerous than are generally supposed. One of the most efficacious medicines for all diseases of the Throat and Lungs is **Bickles' Anti-Consumptive Syrup**.

This is not a Medicine got up for speculation, to gull the poor sufferer, who, like a drowning man, will catch at any straw, but it is a scientific preparation

recommended by the faculty (to whom the principal ingredients of the preparation have been made known), and which is believed to be the best medicine for diseases of the pulmonary organs which has ever been presented to the public.

It was only after a series of skillful chemical experiments that the inventor was successful in extracting the active principles or virtues of several medicinal herbs, which exert a most wonderful influence in curing Consumption and other diseases of the Lungs and Chest.

**A GRAND MEDICINE**—MR. GEO. D. McLEOD, Strathlorn, C.B., writes:—"I have used **Bickles' Syrup** and find it a grand medicine for a Cough. I keep it in stock in my general store and can always heartily recommend it for Coughs and Colds."

**CHRONIC COUGH CURED**—MR. H. BAXTER, Norton Station, N.B., writes:—"I have used **Bickles' Syrup** cured me of a Chronic Cough. I could not speak above a whisper and feared that I was going to lose my voice, I got relief immediately. It is a pleasant medicine and it gives me pleasure to recommend it to others."

**NONE HALF AS GOOD**—MR. WM. McCLAY, Knowlton, P.Q., writes as follows:—"I have great pleasure in testifying to the merits of **Bickles' Syrup**. I was so hoarse that I could not speak above a whisper, and one dose gave me relief and it only took a few doses to restore my voice. It will cure the most obstinate cough or cold. I never tried a cough medicine that was one-half as good as **Bickles'.**"

**BRONCHITIS CURED**—MR. GEORGE S. RICHARDSON, Roblin, writes:—"I have been using **Bickles' Syrup** for fully six years and I can cheerfully recommend it to any one (after testing it thoroughly) as having no equal, and I have tried many remedies too. I have two boys and when young they were great sufferers with Bronchitis. The **Bickles' Syrup** effected a complete cure with one, and always stops the disease on the other. I found it more effectual than the doctor's medicine, and can truly say that it saved me many a dollar. I have used it myself and in our family, and we found it superior to any Cough Medicine we ever used."

**COULD ONLY WHISPER**—MR. THOS. DONOVAN, Escott, writes:—"I was so hoarse last spring for weeks that I could only whisper, but one bottle of **Bickles' Syrup** completely cured me. Thanking you for the benefit I received from its use, etc."

Price 25c., 50c., and \$1 per bottle.

# NORTHROP & LYMAN'S

## VEGETABLE DISCOVERY

### THE GREAT BLOOD MEDICINE

**A** PURELY Vegetable Compound that cures every kind of unhealthy Humor, and every disease that depends on Impurity of the Blood, where the Lungs, Liver and Kidneys, and other vital organs, are not wasted beyond the hope of repair. For the cure of Scrofula, Erysipelas, Salt Rheum, Eczema, Scald-Head, Scaly Eruption of the Skin, Ulcers and Fever Sores of all kinds, Boils, Humor in the Mouth and Stomach or Eyes, Sore Ears, Eruption on the Head, and Pimples or Blotches on the Face, it stands pre-eminently at the head of other remedies.

In the cure of Rheumatism, Dyspepsia, Liver Complaint, and diseases of the Kidneys and Bladder, its effects are surprising to all. For regulating the Bowels, and curing Billiousness, Headache, Sick Headache, Neuralgia, Female Weakness, Nervousness, Pains in the Side, Loins and Back, and General Weakness and Debility its curative powers are remarkable.

**IT IS A GENTLE** Regulating Purgative, as well as a Tonic, etc., possessing also the peculiar merit of acting as a powerful agent in relieving Congestion, and Chronic Inflammation of the Liver and all the Visceral Organs.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, the **Vegetable Discovery** has no equal.

**THE LIVES** of most men are in their own hands, and we are what we have made ourselves, to a degree understood only by those who have delved into the mysteries of life. It is true many have the misfortune to be born of unhealthy parents and we cannot

expect to see them grow up with the same vigor and robust health as those who have healthy parents, but the defects of diseases which they inherit can be put under restraint, and by common sense perseverance can eventually be eradicated from the system.

We believe that a person who neglects his health and allows disease to take hold and destroy the body, is equally guilty with the man who takes the quicker course of destroying himself by poison or alcoholic liquors.

**THE MAN** who commits suicide does not transmit that calamity to his children, but it is very different with the man who allows disease to take possession of his body; the sin, whether wilful or from thoughtlessness, does not end here with his existence, but is transmitted from one generation to another. We do not look for beautiful fruit on a scrub or decaying tree, and how can we expect healthy children born of sickly parents? Children of delicate parents are generally nipped in the early bud, but if they should struggle through the days of childhood, they go through the world, their feeble frame shaken by every blast of wind, their bodies such that it is a misery for them to exist.

**THE HUMAN MACHINE**, unlike inanimate mechanism, possesses a **self-repairing and self-renewing power**, and it is only by keeping this vital attribute in constant activity, and full vigor, that health can be preserved and life lengthened beyond its ordinary term.

Among the many preparations that have been recommended for this purpose, none, it is now known, has proved as efficacious as

#### NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

This wonderful Vegetable Compound contains all the elements necessary to keep up the staminal strength of the system, and to protect it from the damaging effects of vicissitudes of temperature and **blood polluting** unhealthy influences to which we are all more or less exposed. The extraordinary **purifying, invigorating and regulating properties** of this preparation adapt it to the condition of the young as well as the **old and feeble** whose lamp of life is burning low, and requires a nutritious, balmy stimulant and restorative to sustain it.

Sold by all medicine dealers at \$1 per bottle.

USE of a stenographer: "I suppose Bliggin's stenographer saves him a great deal of time." "Yes, he doesn't have to look in the dictionary to see how words are spelt now."

AN old bachelor was asked why his brother married so little a wife. "Why," said he, "he thought of all evils he should choose the least."

A LADY asked a sailor why his ship was called "she." The son of Neptune un-gallantly replied that it was "because her rigging cost so much."

CAMLACHIE has a young lady so proficient in piano playing that upon imitating a storm the other night over a hundred people caught cold from the dampness that prevailed.

WHAT is a hermit? "He is a man who retires from the world in order to become notorious."

A NEW-MADE widow called at the office of an insurance company for the money due on her husband's policy. The President said, "I am truly sorry, madam, to hear of your loss." "That's always the way with you men," said she, "you are always sorry when a poor woman gets a chance to make a little money."

MISS DEBUT—"Do you believe in marrying for love?"

CHICAGO MATRON—"O, it's all a matter of taste. I tried it a couple of times and rather liked it."

A GOOD man is one who lives right, whether he believes in religion or not.

# NORTHROP & LYMAN'S VEGETABLE DISCOVERY

*No Medicine Equals It.*

**Its Properties are such as to Rapidly Insure Sound Health and Long Life.**

**A WONDERFUL CURE—BAD BLOOD—TERRIBLE SORES**—MR. GILBERT L. KEANS, Hubbard's Cove, N.S., writes:—"A few weeks ago I was troubled with a terribly sore and scabby face evidently arising from impure blood. I was induced to use a bottle of **Northrop & Lyman's Vegetable Discovery** together with a few of **Parmelee's Pills**. In a day or two the sores began to disappear, and within a week or ten days after commencing the medicine my face was as clean and healthy as could be and my general system greatly benefited. The rapidity with which the sores disappeared was simply marvellous and I feel certain that **Northrop & Lyman's Vegetable Discovery** possesses curative properties excelled by no other remedy offered to the public."

**SUFFERED INTENSE AGONY**—MRS. WM. PORTER, Jemseg, N.B., writes:—"I was so bad with Dyspepsia and all ailments that follow that disease that I suffered intense agony. I could not take a drink of water without having distressing pains. To do my work seemed an impossibility. I took two bottles of **Northrop & Lyman's Vegetable Discovery** and am pleased to make it known that it cured me. To me it has been a grand medicine, and I know of many other cases where it has cured."

**A SURE CURE**—MR. J. W. McCANN, Grassmere, writes:—"Being a constant sufferer from Dyspepsia and Indigestion I was induced to try a bottle of **Northrop & Lyman's Vegetable Discovery**. The effect was perfectly satisfactory. I can cheerfully recommend it to all who suffer as I did. It is a panacea for all ailments which have their origin in stomach trouble."

**INDIGESTION CURED**—MR. ROBERT KINCADE, Merchant, Lebanon, Ont., writes:—"During the summer of 1893 I had a very severe attack of Indigestion which caused me great pain in the pit of the Stomach, especially after eating. My appetite was poor and I could not get much sleep on account of the depression and

12

pain. I had a quantity of **Northrop & Lyman's Vegetable Discovery** on hand and tried a bottle, little thinking it would do more than relieve me, but after taking one bottle I was decidedly better and a second bottle cured me. The best part is that although two years have elapsed none of the old symptoms have ever returned."

**TERRIBLE SUFFERING**—MR. C. ST. ONGE, St. Onge, Ont., writes:—"I was troubled with Dyspepsia for a long time and could get no relief from any medicine I took. I suffered terribly after eating, but I am now restored, having used four bottles of **Northrop & Lyman's Discovery**. I have sold it to several troubled the same as I was and in every case it has given the best of satisfaction. **N. & L.'s Vegetable Discovery** cannot be beaten."

**HIGHLY SPOKEN OF**—MR. J. L. FLETCHER, Nashwaak, N.B., writes:—"Northrop & Lyman's Vegetable Discovery is highly spoken of by my friends who have derived great benefit from its use."

**A PUBLIC BENEFACITOR**—MR. F. X. LEMIRE, L'Assomption, P. Q., writes:—"The effect of **Northrop & Lyman's Vegetable Discovery** is really marvellous. To do justice to the discoverer of this medicine his name should be placed among those of the benefactors of mankind."

MR. W. LINTON, Billingsbridge, Ont., writes:—"I was troubled with biliousness accompanied by vomiting for years. Could get no relief and often had to send in haste for my physician. I now enjoy good health having been cured by using five bottles of **Northrop & Lyman's Vegetable Discovery**."

**A MIRACULOUS MEDICINE**—MR. J. H. CREPEAU, St. Camille, writes:—"Send me at once three dozen **Northrop & Lyman's Vegetable Discovery**. It is a miraculous medicine, and has performed great cures, testimonials of which we can give you."

**VANQUISHED**—MR. JAMES JOHNSTON, 4th con., 7th lot, Amaranth, writes:—"Two bottles of **Northrop & Lyman's Vegetable Discovery** cured me of Dyspepsia. Mine was a bad case, and I had tried a number of other preparations, without getting any benefit from them."

**IT IS GOOD**—MR. JAS. McDOWELL, Buffalo, N.Y., writes:—"We have used **Northrop & Lyman's Vegetable Discovery**, and it has given us great satisfaction as a family medicine."

THE lay of the poet and the lay of the hen differ in several important features, and in none more signally than in the readiness with which the lay of the hen is convertible into hard cash.

SIR—"Why did you lose your temper so unfortunately at that game of cards?"

HE—"It was the only thing I had left to lose."

SOMEBODY says—"True happiness is found in pursuing something, not in catching it." The man who pursues the last car at night knows better.

JUDGE—"If I got as intoxicated as you do I'd shoot myself."

PRISONER—"I was's tоссicated as I am, you couldn't hit a barn door."

MINISTER—"So you saw some boys fishing on the Sabbath, my boy? Did you do anything to discourage them?"

SMALL BOY—"Yes, Sir; I stole their bait."

No man shall be called rich as long as he has a debt to pay, for a ploughman on his legs is higher than a gentleman on his knees.

**B**EAUTY has wonderful charms. Few men can withstand the witchcraft of a lovely face—all hearts are drawn towards it—all cheerfully pay a tribute to the possessor. A handsome woman, like a beautiful flower in a garden, draws all eyes to her. Admiration follows her movements. Men are stirred to tender and pleasant feelings to the fortunate beauty, giving her a power over them infinitely greater than they would like to acknowledge or is generally supposed.

All ladies must be aware of the value of preserving the bloom and freshness of youth as long as possible. All should know what remedy to use to efface the marks of time, or to remove the effects so vividly portrayed by sickness or suffering, or the blemishes caused by exposure to the sun, wind or weather. Our fair readers know how annoying it is to have the skin dried and hardened by exposure to the burning heat of the sun, or to the high winds.

The **Persian Beautifier** will not only beautify the skin and give it a transparency, but will impart a most refreshing and agreeable sensation.

It removes Tan, Freckles, Pimples, and roughness from the skin, leaving the complexion fresh, transparent and smooth, and imparting that bloom to the cheek which is the desire of every lady and the admiration of the sterner sex.

It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear. It is just what the ladies require to remove Tan, Sunburn, Freckles, etc.; in fact it is the great secret of beauty and very justly deserves the reputation that it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.

As age advances it is but natural that we should wish to hide the evidences as indicated by the presence of gray hairs, although gray hairs are not always a reliable indication of age, for we find severe trouble, or excessive grief is frequently the cause of the hair turning gray.

It is said that the auburn hair of Marie Antoinette turned gray in a single night, and many other cases might be mentioned of similar sudden changes.

Various means have been used for restoring the hair to its original natural color, or for changing the natural hair to a more desirable color. Very often these means have not been helpful to the hair. A cheap or common dye is easily noticed on the hair, and frequently is the subject of ridicule.

If you have to use a dye, it is very necessary that you should get the best, one that will not destroy or injure the hair, or give it a gray bleached look.

The standard Hair Dye in Canada is the **Canadian Hair Dye**, which has been the leading Dye since 1865, and at the present time it has a larger sale than all other hair dyes combined. This we think is conclusive evidence that it has given entire satisfaction. It is a very permanent Dye, which only requires renewing when the growth of hair becomes conspicuous.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

This celebrated Dye is unequalled for changing both red and gray hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hair among their whiskers, and for touching up the beard and moustache to any shade or color.

PRICE 50 CENTS PER BOTTLE.

HE—"Is your sister perfectly independent on her wheel now?"

LITTLE BROTHER—"Gracious, yes; she's run over six people to-day without giving any warning."

A GENTLEMAN being asked what difference there was between a clock and a woman, instantly replied, "A clock serves to point out the hours and a woman to make us forget them."

"So you have got a wife," said Gibbs, to a newly married man. "I don't know—don't know," replied the man with evident hesitation. "Sometimes I think I've got her, and sometimes I think she's got me. You see, I've only been married a few months, and I can't tell just yet how the combination is going to turn out."

KIND words cost nothing. They make us rich if we use them. They bless the world if we employ them. We can bless those around us if we scatter sunshine as we go. The dog will love you if you treat him kindly. Human hearts will open to you, if you only come in love to them.

To give a new name to a dog is always a difficult matter, but Charles Reade, the novelist, found a characteristic name for one of his dogs. He called it "Tonic," because he said it was a mixture of bark, steal, and whine.

AUTHOR—"Why do you persist in abusing my book? I have been told by many people that it is an exceedingly rare work."

CRITIC—"Exactly, so rare that it needed roasting."

**DR. J. D. KELLOGG'S  
DYSENTERY  
CORDIAL**

**A sure cure for Dysentery, Diarrhoea, Cholera, Gripping Pains in the Bowels, Summer Complaints, etc.**

**T**HESSE diseases are more apt to prevail during the summer than during any other part of the year, and it is also well established that their prevalence is to a great extent dependent on the intensity of the solar heat, so that a hot summer is ordinarily essential to the epidemic diffusion. The heat decomposes organic matter and the products of the decomposition are introduced into the food, drink or air used by the healthy and becomes an exciting cause of Diarrhoea. Imperfect drainage and drinking impure water are also sources of the spread of these diseases.

But far more frequently diarrhoea results from unwholesome or indigestible food or drink, or from excessive indulgence, even in what would otherwise not be hurtful.

In some persons diarrhoea is the usual result of catching cold, *i. e.*, they suffer from catarrh of the digestive instead of the respiratory organs.

For Cramps caused either by indigestion, colds or excessive relaxation, **Dr. J. D. Kellogg's Dysentery Cordial** will give prompt relief. It acts with wonderful rapidity and never fails to effect a cure.

For infants and children who suffer from summer complaint it is singularly efficacious.

**GRAND AND SURE**—**MR. WM. MACDONALD**, McDonald's Corners, N.B., writes:—"Dr. Kellogg's Dysentery Cordial is a grand and sure cure for Dysentery. I have used it and can speak from experience."

**A PERMANENT CURE**—**MR. WM. MOIR**, Layton, writes:—"Last spring I had an attack of obstinate Diarrhoea lasting some weeks. I tried some of the popular remedies but did not get relief until I used part of a bottle of **Dr. Kellogg's Dysentery Cordial** which at once checked the trouble and gave a permanent cure."

**THE BEST FOR CHILDREN**—**MR. T. D. ROBINSON**, Moonstone, writes:—"Last spring my child aged one year was seized with a severe attack of Canadian Cholera. We tried several remedies but found no relief until we used **Kellogg's Dysentery Cordial**. It gave an immediate and permanent cure. It is just the thing for such cases. Safe and sure."

**CURED IN 12 HOURS**—**MR. M. KNIGHT**, Proprietor, and **MR. GEO. VEILLEUX**, Clerk of the Coaticook House, Coaticook, P. Q., write:—"We were both cured of a bad attack of Diarrhoea in twelve hours by the use of **Dr. J. D. Kellogg's Dysentery Cordial**."

**SAVED HER LIFE**—**MRS. DELIA HANNAH**, Easton's Corners, writes:—"Dr. J. D. Kellogg's Dysentery Cordial was the means of saving my life. I suffered for a about a year with Dysentery, meantime employing doctors without avail. After taking the second dose of this **Cordial** I felt relieved. It is a wonderful medicine and I would like the afflicted to know how it cured me."

**A SPEEDY CURE**—**MR. JOHN HAWES**, Merchant, Carlisle, writes:—"I can recommend **Dr. J. D. Kellogg's Dysentery Cordial** as a genuine good article. I had occasion to use it myself twice and on both occasions it worked a speedy cure."

**A BAD CASE CURED**—**MR. F. C. H. STEVENSON**, Hudson, P.Q., writes:—"When on the survey of the Montreal and Ottawa Railroad I was taken sick with Dysentery, and for some days was without help, at last I was able to get a bottle of **Dr. Kellogg's Dysentery Cordial** and after the first dose I felt relieved and before I had taken the bottle I was perfectly cured. I can assure you my case was serious, turning into Bloody Dysentery, and I was so weak that at the end of eight days I had lost twenty-five pounds. I cannot recommend this mixture too highly."

Sold by all Medicine Dealers. Price 25c.

THE best thing to give your enemy is forgiveness; to an opponent tolerance; to a friend your heart; to your child, a good example; to a father, deference; to your mother, conduct that will make her proud of you; to yourself, respect; to all men, charity.

It is a thankless world. A man gets no credit when he pays cash.

MANY a man is ready to raise an objection who couldn't raise a cent.

THE silent man is the one we always listen to with the greatest pleasure.

THERE is no man so friendless but that he can find a friend sincere enough to tell him disagreeable truths.

APOLLO is said to be the first gentleman who ever struck a lyre. If he had only hit him a little harder we might not have so many magnificent liars at the present time.

"WHAT would you do if you were in my shoes, Jephson?" asked Hobbs.

"Black 'em," replied Jephson, eyeing Hobbs's understandings critically.

A PEDAGOGUE told one of his scholars, a son of the Emerald Isle, to spell "hostility." "H-o-r-s-e, horse," commenced Pat. Not "horsetility," said the teacher, but "hos-tility." "Sure," replied Pat, "an didn't ye tell me the other day not to say hosel! Be jabbers, its one thing wid ye one day, and another the nixt."

# DR. J. D. KELLOGG'S

## CARBOLIC HEALING OINTMENT

**T**HIS OINTMENT is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. *It stands pre-eminently at the head of all the External Medicines for healing, as it never drives the disease inward to take effect on the Internal Organs.*

It is a sure and certain remedy for the healing of every variety of Sore, from a simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Boils, Bed Sores, Fistulas, etc., and all affections of the **SKIN** known by the name of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

**PILES**—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying **Kellogg's Healing Ointment** only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use **Northrop & Lyman's Vegetable Discovery** to remove the cause of the affliction and the **Healing Ointment** to remove the disease. You thus effect a complete and permanent cure.

**ITS PROPERTIES**, when applied to sores, go directly to the diseased parts, attract the virus to the surface, and *heal the sore from the bottom*. It is simply asked that the afflicted will **Try One Box**, the use of

which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing Scrofula and its Sores, with the assistance of the **Vegetable Discovery**, it is without a parallel. We say with the assistance of the **Vegetable Discovery**, for to attempt to heal a Scrofulous or any other sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System, it is safe to say there is no known medicine that will do it so effectually as **Northrop & Lyman's Vegetable Discovery**.

For Irritation or Eruption of the Scalp, and all diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.

**TERRIBLE SUFFERING**—**MRS. WM. J. GRAHAM**, Mechanics' Settlement, N. B., writes:—"About the 20th of March, 1895, I was suffering terribly with sores on my hands. I do not know what the ailment was, but my hands became so sore that I could hardly do any work and I had to keep them tied up. In this condition I visited Mr. E. Harmer's store, and he advised me to try a box of **Dr. Kellogg's Healing Ointment**, he said he was so positive it would cure me, he would sell me a box on its merits, and if it did not cure me he would not charge me for it, so I took it, and before the box was used my hands were nearly cured. I then got another box and in a very short time I was entirely cured of a disease that had given me a great amount of pain. I can recommend it to all."

**BAD CASES OF ERYSIPELAS CURED**—**MR. GEORGE SMITH**, Sombra, writes:—"About three years ago my wife had Erysipelas in her feet and legs, and she was confined to her bed in consequence. Her limbs were so badly swollen that she could not walk. I got two boxes of **Dr. Kellogg's Healing Ointment** but only used one of them when she was cured, and she has never had an attack of it since. The other box I gave to my father as he had an attack of Erysipelas in the face and it cured him. I always keep a box of **Kellogg's Healing Ointment** in my house and would not be without it. It is also an excellent Ointment for Eczema."

At Mull, a messenger having requested a London clergyman to announce, "If Dr. — was among his audience, he was urgently wanted," the clergyman added with sympathy, "and God have mercy on the poor patient."

"THERE are two things in this world," says a correspondent, "that I can't understand—one is, that you catch a cold without trying; the other, that if you let it run on it stays with you, and if you stop it, it goes away."

MANY persons complain that they cannot find words for their thoughts, when the real trouble is, they cannot find thoughts for their words.

TEACH boys and girls the actual facts of life as soon as they are old enough to understand them, and give them the sense of responsibility without saddening them.

DAUGHTER—"Maw, I want you to stop bossing paw up til after I get married."

MOTHER—"Why, I should like to know?"

DAUGHTER—"Just as quick as I get a little bit intimate with a young man, they begin to ask if I take after you."

FIRST MAN—"What a proud fellow Jenkins is! Look how high he holds his head!"

SECOND DITTO—"No, he isn't proud; but he's got a mustard plaster on his chest and the fumes tickle his nose!"

# DR. J. D. KELLOGG'S ASTHMA REMEDY NEVER FAILS TO GIVE RELIEF.

**O**F the many ills which flesh is heir to Asthma is one of the most trying. To become subject to this dreadful malady means the withdrawal from the enjoyment of most of life's pleasures, and even sleep is denied to the unfortunate sufferer. In the morning the patient rises unrested and unrefreshed and at night he retires to bed with dread, fearing a fresh attack, for it is in the night season, often from two to four o'clock in the morning that the most violent paroxysms come on. If a proper remedy is not speedily applied the disease will become chronic, in which case woe betide the victim. Cases have been known in which asthmatic persons have been denied a good refreshing sleep for years, and ultimately death has put an end to their joyless, miserable existence.

Many so-called Asthma cures have been tried, but it was not until **Dr. J. D. Kellogg's Asthma Remedy**—since become famous—was introduced that suffering humanity found relief from this terrible disease. The number of testimonials which have been received from those who have used this remedy, has been almost unprecedented, proving, first, that the sufferers from it are very numerous, and second, that **Dr. J. D. Kellogg's Asthma Remedy** accomplishes all that is claimed for it. Even physicians have added their voluntary testimony to that of others, they having in many instances used this wonderful remedy among their patients when other remedies had proved ineffectual. As a rule medical men are not willing to bear witness to the good that is accomplished by the use of proprietary medicines, and their testimony in the case of **Dr. J. D. Kellogg's Asthma Remedy** is therefore the more remarkable,

and should convince the most skeptical that it is a sovereign remedy for asthma and other kindred diseases.

**A HAPPY SURPRISE**—MR. JOHN C. GAUNCE, Gagetown, N.B., writes:—"I have been a great sufferer with Asthma and thought there was no relief, until one day a friend gave me a sample, and to my surprise I got instant relief, and am now able to sleep soundly. I shall always keep it in the house."

**GREAT RELIEF**—MR. HENRY ELLIOTT, Merchant, Advocate Harbor, N.S., writes:—"I have been a sufferer with Asthma for years, but find great relief in using **Dr. Kellogg's Asthma Remedy**."

**A RAY OF SUNLIGHT**—MARIE LOUISE LALONDE, St. Zotique, P.Q., writes:—"Dr. Kellogg's Asthma Remedy is the best on earth. A ray of sunlight in the black sky of the poor Asthmatic."

**CURED OF ASTHMA**—MR. W. C. STEWART, Montague Bridge, P.E.I., writes:—"I have used **Dr. Kellogg's Asthma Remedy** and have been cured of Asthma thereby. I can heartily recommend it to all sufferers."

**KEEPS HER ALIVE**—MRS. JAMES MAHONEY, Palmer's Rapids, writes:—"I am very thankful to you for **Dr. Kellogg's Asthma Remedy** for I don't think I could live without it."

**MR. JOHN LAMONT**, Dervock County, Antrim, Ireland, writes:—"For six years I had Asthma so bad that frequently for several days and nights together my wife or sister had to stand with their hand on the point of my shoulder, leaning all their weight while I was fighting for breath until the attack would abate. My brother who lives in Canada sent me a package of **Dr. J. D. Kellogg's Asthma Remedy** which has been a blessing to me, and as stated on the box, immediate relief follows its use, for no matter how bad the attack I never failed to get relief in less than five minutes. I thank God and the proprietors for supplying such a valuable Asthma remedy, and I cannot find words to express my praise of its price-less worth. I now can go to bed without dread and can sleep every night by burning a little of the medicine before retiring."

Price 25 cents and \$1.00. If you cannot get it from your medicine dealer, it will be sent per mail on receipt of price.

A MAN met an employe of his, an Irishman, on the street and stopped him with the question, "had he heard the news." On Pat's replying, "No," he said: "The devil is dead." Pat reached down into his pocket and handed the man a quarter. "What is that for?" he asked. "Well," said Pat, "It's the custom in our country to support the orphans when the parents die."

"WHAT a change one little woman can make in a man's life!" exclaims the moralist. "Yes," sighed Dubkins; "and what a deal of change she requires while doing it!"

SAID an astronomer to a bright-eyed girl, when talking of rainbows, "Did you ever see a lunar bow, miss?" "I have seen a beau by moonlight, if that is what you mean," was the sly rejoinder.

WHEN you do not need help from anyone then anyone will help you; and when you do need help the world is somehow always looking the other way.

JACSON says that a wise man and a fool often talk so much alike that he can't tell which is the wise man till one of them stops talking.

SOME say that a man who would "beat an egg" would be so cruel as to "whip cream," thrash wheat," or even "lick a postage stamp."

A CASE was recently tried in Argyleshire which originated in a dispute about a pair of trousers. Upon this occasion the judge observed that it was the first time he had ever known a suit to be made out of a pair of breeches?

## HOW A MAN SAVED HIS ARM.

**A Window Comes down on a Boy's Hand—A Girl Badly Scalded—Crushed between the Cars.**

MR. C. H. W. BALDWIN, Lindsay, writes:—"It is a pleasure for me to tell you what **Dr. Thomas' Eclectric Oil** has done for me and my family. There was a lump that came on my wrist, about three inches long and one-and-a-half wide and half an inch thick, and it pained me very badly, and I suffered greatly for three or four weeks. It was then moving towards my elbow. The doctors blistered it and exhausted their skill on it, and at last decided that I would require to have my arm amputated. I told my wife that I would try **Dr. Thomas' Eclectric Oil** first, and see what effect it would have on it. I got a bottle and applied the **Oil** as warm as I could bear it, and before I had bathed it more than two or three times I was relieved, and in a very short time **Dr. Thomas' Eclectric Oil** removed the lump entirely, and I have not been troubled with it since. The doctor did not know what to say when I showed the arm to him, and could not believe that **Dr. Thomas' Eclectric Oil** removed the lump. I told him I preferred using the **Oil** to having my arm cut off. Then, again, my little boy was sitting at an open window, with his hand on the sill, when the window came down on his fingers. We at once thought of **Dr. Thomas' Eclectric Oil**, and having saturated some cotton batting with the **Oil**, we wrapped it around the fingers, and then put them between pasteboard to keep them straight. We dressed them afresh daily, and in about a week the black disappeared, and in two weeks the hand was healed.

"My little girl upset a dish of hot gruel from a shelf down her neck, and scalded herself badly, but **Dr. Thomas' Eclectric Oil** cured her with only four or five applications.

"Mr. Burk got his hand crushed on the railroad, and after he got over the accident and the hand healed up, the fingers were all doubled up and he could not open them. I got a bottle of **Dr. Thomas' Eclectric Oil**, and told him to bathe the fingers two or three times a day with the **Oil**, as warm as he could bear it; and in a very short time he could straighten the fingers and use the hand as well as ever."

## The BEST HORSE & CATTLE Medicine EVER MADE.

**A Favorite with all Stock Raisers.**

**I**F your horse is lame, stiff, or there is swelling of any kind, **Dr. Thomas' Eclectric Oil** is just the medicine to use. It allays swelling, removes stiffness of any kind, and is the most soothing and healing medicine that you can use.

**IN CATTLE** it cures Horn Distemper and in cows, Garget; a few applications cure cracked teats, for the last named it is especially good.

**WORTH KNOWING**—MR. JAS. SHANNON, Leaskdale, writes:—"I suppose it would be of interest to you to know of two wonderful cures effected on horses by **Dr. Thomas' Eclectric Oil**. A customer of mine had a valuable colt about a week old which got cold and was unable to get on its feet. I advised him to give it a thorough rubbing with **Dr. Thomas' Eclectric Oil**, which he did, and to his surprise the stiffness was removed, and a perfect cure followed. The second astonishing cure was on a fine colt which had been operated on, followed by great swelling. The farriers said he would die, and they could not save him. 'Then, if he is going to die,' said the owner, 'I will go and get a dollar's worth of **Dr. Thomas' Eclectric Oil**, and it will, at least, ease his sufferings.' He got the **Eclectric Oil**, and it not only gave the colt relief, but cured him. It is just such remarkable cures as these that advertise **Dr. Thomas' Eclectric Oil**, and make our sales so much larger than of any other medicine."

MR. C. H. W. BALDWIN, Lindsay, writes:—"My cow's bag got hurt and swelled up, and the milk was bloody; we thought we would have to send her to the butcher's. I bathed it with cold water every day and applied **Dr. Thomas' Eclectric Oil** twice a day, and in four days she was better."

**UNEQUALLED FOR HORSES**—MR. FLOYD SONIER, Barker House, Port Elgin, N.B., writes:—"My horse lay for two days with inflammation, suffering intense pain, while the perspiration rolled off him. I tried everything we thought would help him, but they failed to give relief. Finally, I telephoned to the nearest town for advice, and received word to use **Dr. Thomas' Eclectric Oil**. I did so, and in less than an hour good results followed, and in three hours the horse was standing up. This wonderful **Oil** I am thankful to say saved my horse's life. I might also add that there is nothing equal to **Dr. Thomas' Oil** for Coughs and Colds in horses. In fact it can't be beaten."

----	-----	--	---	------	------	------	------	-------	----	------	-------

"MONEY does everything for a man." said an old man, pompously. "Yes," replied the other, "but money won't do as much for a man as some men will do for money."

BLINKERS—"Hello, Winkers, I hear you married a woman with an independent fortune."

WINKERS (sadly)—"No-o; I married a fortune with an independent woman."

WHY is it dangerous to be out in Spring? Because the grass has blades, the flowers pistils, the leaves shoot, and the bullrushes out.

"COURTIN'," says Artemus Ward, "is like strawberries and cream—wants to be did slow; then you get the flavor."

BEFORE marriage she was dear and he was her treasure, but afterward she became dearer and he was treasurer.

SHE—"I know I'm cross at times, John; but, if I had my life to live over again, I should marry you just the same."

HE—"I have my doubts about it, my dear."

If a girl wants many strings to her beau, she should put him in a hammock.

### THE FICKLE MAIDEN.

At seven o'clock she sits and sighs,  
 "Why doesn't he come? Heigho!"  
 At twelve o'clock she sits and yawns,  
 "Dear me! Why doesn't he go?"

THE wisdom you learn from another man's experience never makes you look any older.

YOUR friends may not know much, but they know what they would do if they were in your place.

"AH!" yawned a bachelor, "this world is but a gloomy prison." "To those in solitary confinement," said a witty lady.

"Is life worth living?" recalls the witty but truthful answer, "It depends on the liver."

It is easy to defeat an enemy, but it is difficult to make him acknowledge it.

WHY is a tight boot like a warm summer? Because it hastens the growth of the corn.

YOU need help in order to raise a laugh, but you can heave a sigh alone.

IF a woman's face is her fortune, a man's cheek is frequently his.

"THERE'S something about Annie I don't like," remarked Charlie when he saw Harry's arm around her.

TIME flies, and we don't wonder at it, since it is continually urged on by the spur of the moment.

IF you think nobody cares for you in this cold world, just try to play a fiddle in a populous neighborhood.

# Northrop & Lyman's QUININE WINE

THE  
BEST TONIC  
AND APPETIZER KNOWN

It will be found unrivalled for such Diseases as Fever and Ague, Intermittent and Bilious Fevers, Dyspepsia, Nervous Affections, Convalescence from Exhausting Diseases, and Functional Derangement of the Stomach.

**T**HIS article is prepared from the pure Sulphate of Quinine, combined with fine sherry wine and choice aromatics, and is made an agreeable and pleasant invigorator to the whole system. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations.

It gives to the stomach tone and energy, and fortifies the system against infectious diseases and exposure to changes of climate. It is pleasant and contains **nothing injurious to the most Delicate Constitution.**

The properties of Quinine are a febrifuge tonic and anti-periodic. Small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system.

The peculiar operation of this medicine in **General Debility**, and as an **appetizer**, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character.

After its administration the general system becomes more or less influenced, the pulse being fuller and more rapid, and a gentle stimulus imparted to the various organs of the body.

**NERVOUS PERSONS**, after using it for a short time, will find their appetite im-

proved, their spirits become more cheerful, sleepless nights, twitching of the muscles and trembling of the limbs, will all disappear, and they will feel and know that every fibre and tissue of their body is being braced and renovated.

**Persons of a Weak Constitution** may take it without the least difficulty, as it contains **Nothing Injurious** to the most delicate constitution.

**A SUPERIOR TONIC**—MR. JAS. B. RUSS, Summerside, P.E.I., writes:—**“Northrop & Lyman's Quinine Wine** is superior to any I have ever taken. I have used it in my family and take pleasure in recommending it to any one with a weak constitution or suffering from weakness of any sort. As a tonic it cannot be beaten.”

**A PERFECT BUILDER**—MR. W. MCCLAY, Knowlton, P.Q., writes:—“Having been ill for a long time and my system completely run down so that I scarcely felt able to work, I was induced to try **Northrop & Lyman's Quinine Wine** for a tonic and builder up of the system, and I found it to work like magic. It gave me an appetite, and in a remarkably short time restored me to health and strength. I think it the best tonic in the market and wouldn't use any other.”

**A WELL-KNOWN MERCHANT'S EXPERIENCE**—MR. E. ROBINSON, Windham Centre, writes:—“For about ten years I have been troubled with Headache or Brow Ague, as some people call it, a pain across my forehead accompanied by Biliousness. Have tried nearly all the medicines sold in this country, but received no relief or benefit from them. Finally I commenced using **Northrop & Lyman's Quinine Wine**, before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year.”

MRS. W. R. TULLY, McKellar, Ont., writes:—“For the past two or three years I have been troubled with weakness and loss of appetite, and being recommended by a friend to try **Northrop & Lyman's Quinine Wine**, I procured two bottles, and it gives me the utmost pleasure to say that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all who are sufferers from like complaints.”

PRICE \$1.00 PER BOTTLE.

"YOUR wife used to be quite fleshy and now she is thin. What caused it, taking anti-fat?" "No, divorce. This is a different wife."

WIFE (reading an account of a wedding) — "Why does the father always give away the bride?"

HUSBAND—"To reduce expenses, of course."

A WRITER makes his living by his marks, a pedestrian by his steps, a soldier by his arms, a singer by his notes, a gambler by his chips, a prize-fighter by his blows, while a fiddler scrapes for his living.

HE—"On land the duds make me tired."

SHE—"And at sea the swells make me sick."

SEE the scorcher on his cycle,  
Bending to it without check;  
Is he going to break his record?  
Or only going to break his neck?

A GENTLEMAN said, when a pretty girl trod on his toes, that he had received a stamp of beauty.

How is a dog's tail like an old man? Because it is infirm.

ONE of our infant industries—The baby sucking its fingers.

WHEN birds are drinking, may they be said to liquidate their bills?

WHEN a red-nosed man wanted his picture in a heroic attitude the artist painted him in the act of refusing a drink.

## DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY.

**For the Cure of Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.**

**B**y their use the horse's appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as they contain no ingredient which can injure a horse, whether sick or well. As a Condition Medicine, they are superior to all other known preparations; their effects in this respect are truly astonishing. They may likewise be given to horned cattle as well as horses.

Horses lose their appetite from various causes, but most frequently at the approach of some disease. This circumstance ought not to be overlooked by those who own horses, but should be immediately attended to, as by so doing the disease may be checked, and the life of the horse saved; to do which we are positive there is nothing equal to **Darley's Condition Powders and Arabian Heave Remedy**; it purifies the blood, corrects all derangements of the digestive organs, and as a necessary consequence the appetite is restored.

**THESE POWDERS** have now been in use in this country over twenty years, during which they have effected more cures and done more to improve the condition of horses than all others combined. They do not, like most articles of the kind, benefit for the time being only; their effects are permanent and always safe.

**A FAVORITE POWDER**—MR. D. J. HAMILTON, English Settlement, N. B., writes:—"I find **Darley's Condition Powders** the best sellers I have in stock. They are a good **Powder** and give good satisfaction to all who use them."

28

## SLEEPLESSNESS

### IS DUE TO NERVOUS EXCITEMENT—

The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer more or less from it. Sleep is the great restorer of a worried brain, and to get sleep cleans the stomach from all impurities with a few doses of **Parmelee's Vegetable Pills**, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

**A DINNER PILL**—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. **Dr. Parmelee's Vegetable Pills** are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

**GOOD SATISFACTION**—MR. W. R. HAYS, Arden, writes:—"Parmelee's Pills give the best satisfaction of any Pill we sell, and we have a great many kinds. I have used them myself and I know they are good."

MR. D. CARSWELL, Carswell, P.O., Ont., writes:—"I have tried **Parmelee's Pills** and find them an excellent medicine, and one that will sell well."

MR. E. A. CAIRNCROSS, Shakespeare, writes:—"I consider **Parmelee's Pills** an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

**THEY SELL WELL**—MR. ARTHUR ANDERSON, Wabash, writes:—"We are sold out of **Parmelee's Pills**. Send two dozen at once. They sell faster than any other pill."

**SICK HEADACHE**—MR. RICHARD KNIGHT, Mill Cove, N.B., writes:—"Parmelee's **Vegetable Pills** take the lead of all the Pills I sell. They give good satisfaction wherever used, and are highly spoken of through this part of the country. For Bilious and Sick Headache they cannot be beaten."

MR. D. ROLF, Alfont, Madison Co., Ind., writes:—"I purchased some of **Parmelee's New Vegetable Pills** of your agent at Mantua Station, Portage Co., Ohio, and have not found their equal for cleansing the Liver."

# DR. J. D. KELLOGG'S EYE WATER

**For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surface, and Gangrene.**

**D**ISEASES and injuries of the eye, as might be expected from the delicate and complicated structure of this organ, are very numerous, and its extreme sensitiveness causes great annoyance or pain when affected with any disease, or when any foreign matter, even a cinder or sand, gets underneath the eyelid.

It is of the utmost importance that the eye should be attended to at once when anything is wrong with it. What could be cured without much trouble, if immediate attention is given to it, might develop into a very serious matter, and eventually cause the loss of sight.

**Dr. J. D. Kellogg's Eye Water** promptly stops inflammation, cools and soothes the diseased parts, strengthens the sight and restores the organ to a natural healthy action.

**WAS BLIND, BUT NOW CAN SEE**—MR. TIMOTHY SOLMES, St. Ola, writes:—"I take pleasure in telling you what **Kellogg's Eye Water** has done for me. My age is seventy-nine, and for fifteen years I have been totally blind in one eye, but with the aid of **Kellogg's Eye Water** my sight has returned. This is a miraculous cure and words cannot tell how much I appreciate the aid I find at my age in being able to use both eyes."

**NO CURE, NO PAY**—MR. J. H. BARKER, of the Dominion Lime Co., Lime Ridge, P.Q., writes:—"One of our customers came to our store with very inflamed eyes some time ago. I asked him why he did not cure them, and he said he could not. For fifty cents I promised to cure or no pay, and gave him a bottle of **Kellogg's Eye Water**. Three days after he came in and threw fifty cents on the counter, saying **Kellogg's Eye Water** cured his eyes. I have sold several dozen, and have never heard of it failing in one case to cure."

Prepared only by  
**NORTHROP & LYMAN CO., (Ltd.),**  
 Toronto.

PRICE 25 CENTS PER BOTTLE.

# DR. KELLOGG'S CATARRH SNUFF

FOR  
 CATARRH, COLD IN THE HEAD, HEADACHE, &c.

**O**NE of the most common of all disorders to which the human body is subject in this changeable climate is Catarrh. It is contracted generally by exposure to draughts or damp atmosphere. It may at first be what is commonly called cold in the head, but if neglected it eventually becomes chronic, and is exceedingly troublesome, causing derangement of the stomach, and whole system. The smell is impaired and sometimes destroyed; appetite gone, and general emaciation frequently occurs.

## DR. KELLOGG'S SNUFF

is especially adapted for this disease, and we do not hesitate to pronounce in the strongest terms of its unflinching efficacy in relieving and eventually curing the afflicted.

It has also been found an excellent remedy in many cases of Sore Eyes and Deafness. Hearing has often been greatly improved by its use. It is fragrant and agreeable, and **IT GIVES IMMEDIATE** relief to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

**AN EXCELLENT MEDICINE**—MRS. J. LAKE, Bay City, Mich., writes:—"Having used **Kellogg's Snuff** for a great many years, I find it an excellent medicine for Headache and Catarrh. I had a pain over my left eye for about six years, and could get no relief from doctors or anything else until I used **Dr. Kellogg's Snuff**. We are never without this **Snuff** now, although we have to send to Canada for it. Many of our friends have also been benefited by using it."

MR. PAUL THIBODEAU, Cavendish Road, P.E.I., writes:—"I have had Catarrh for twelve years, and fifty cents' worth of **Kellogg's Snuff** did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

**NORTHROP & LYMAN CO. (Ltd.),**  
 Price, 25 cents. Sole Agents for Canada.

# Handy PACKAGE Dyes

**D**R. C. D. POTTER, of Adams Centre, N. Y., the originator of **Handy Package Dyes**, gave up the practice of medicine for the chemical study of Dyes. His time, talents and money were devoted to experimenting on the different aniline colors, their relation to each other, and the results of combining two or more colors. His years of patient, persevering devotion to the work he loved, has had its reward in the discovery of the combination of anilines and other articles to make what is known as the **Handy Package Dyes**.

These dyes have never been equaled for brilliancy of color, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

**THESE DYES** are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the **Handy Package Dyes**.

They are just what you want for coloring carpet rags, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats, and other grain, after coloring them with the **Handy Package Dyes**.

The persons with ingenious minds and decorative taste can find hundreds of ways to beautify their homes by using the **Handy Package Dyes**.

**REMARKS ON COLORS**—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate, or Drab, will make a Brown; on Yellow, an Orange; on Blue, a Purple; on Violet, a Wine.

Green will color nicely over Gray, Drab, Slate, Bismarck and Blue, making Dark Greens or Olive.

Blue over Green will make a Peacock color; over Red a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black, making on Green a Bronze, on Red a Garnet, on Purple or Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue and Brown, making Wine, Plum, etc.

All the dark colors will color over lighter colors, making various shades of the darker colors used.

MRS. TODD, North Ridge, writes:—"Be sure and send the **Handy Package Dyes**, as they are the best Dye, and we don't want any other."

**SURE OF A GOOD COLOR**—MR. A. B. DEAN, Hopewell, N. S., writes:—"I find **Handy Package Dyes** ahead of any Dye I have ever sold. I am always safe in recommending them and I find when once used they are called for again. My customers tell me they are always sure of getting a good color, and I find the demand for them is increasing."

NORTHROP & LYMAN CO. (Ltd.),  
Toronto, Agents for Canada.

## HEARING RESTORED.

MR. M. DESCOTEAU, Hatzic Prairie, B.C., writes:—"I have to thank you for that wonderful compound **Dr. Thomas' Electric Oil**. I was growing quite deaf when I was advised to try the **Oil**. At first it did not relieve me, but I persevered and finally my hearing was restored. I assure you I am glad I tried it and I feel very grateful, and to me it was worth "more than four times its weight in gold."

**DEAFNESS**—MR. S. E. CRANDELL, Port Perry, writes:—"I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other; after trying various remedies and consulting several doctors without obtaining any relief, I was advised to try **Dr. Thomas' Electric Oil**. I warmed the **Oil** and poured a little of it into the ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

ENDORSED BY OVER 600 DOCTORS  
IN CANADA.

**C**ASTOR OIL is a mild and speedy cathartic and is therefore particularly adapted for the diseases of children; and were it not for the nauseous and disagreeable taste, it would be a favorite medicine in the household. Knowing the value of this medicine, and the difficulty to administer it—to young children especially—was the inducement of Mr. T. Copland late of Hamilton, to undertake the long researches and experiments which resulted in the discovery of a way whereby ordinary Castor Oil can be sweetened and be rendered palatable, and without, in the least, reducing its strength or changing its medical properties. He calls his preparation "**Copland's Sweet Castor Oil**," and the secret for manufacturing this compound is only known to the inventor and the undersigned who purchased the trade mark and the right to manufacture from him. Only the finest quality of Castor Oil is used in its manufacture, and those who have used it cannot be induced to use the ordinary Castor Oil again. Some children say it is honey; other call it syrup—they all say they like it. One parent says:—"My children will drink it like water." Another:—"We had to hide the bottle or they would have finished it right off," another:—"My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another:—"I wish you success of your **Sweet Castor Oil**; it is a splendid thing, sure to take the place of all the common Oil."

NORTHROP & LYMAN CO., Limited,  
Price 25 cents. Proprietors, Toronto.

**CAUTION.**—When buying **Beef, Iron and Wine**, don't take a poor article because it is cheap. The market is full of inferior goods—don't be imposed upon. If you want the best ask for **Northrop & Lyman's Beef, Iron & Wine**.

Price, \$1 a bottle.

**I**T is a preparation combining in a pleasant form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is the most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of impaired Nutrition of the Blood, and in all the various forms of General Debility.

**IF YOUR APPETITE** is poor, and you are weak and languid, use this **Beef, Iron and Wine** to improve the appetite and restore to the system its exhausted power, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system.

MR. H. E. SMALLPIECE, of the *Toronto World*, says:—"We have used **Northrop & Lyman's Beef, Iron and Wine**, and can testify as to its excellent qualities. It has done my children a world of good."

MR. CHARLES WHALEN, Kearney, P.O., writes:—"In the spring of 1887 my six-year-old child was very delicate, with poor appetite, having had the diphtheria some four or five months previous. I feared I was going to lose her, as I had lost three children six months previous. On the recommendation of Mrs. McDonald, of Emsdale, we got a bottle of **Northrop & Lyman's Beef, Iron and Wine**, and in a very short time we noticed a decided improvement in her appetite, and by the time one bottle was used my child was quite smart and enjoying good health, for which I feel thankful."

## A TRIED AND TRUSTED REMEDY

Dr. Thomas' Electric Oil Heads  
the Procession.

**A Medicine that Cures and Heals,  
and that Commands a Sale  
Greater than any other.**

**W**HEN you hear of a medicine being "in everyone's mouth," and when you are told of a medicine that commands a larger sale than any of its competitors, and the demand for which increases year by year, and for many years, then you may be certain it possesses no ordinary degree of merit. Such in brief has been the history of **Dr. Thomas' Electric Oil** up to the present time. From far and near, from the rich and the poor alike, have poured in streams of testimony as to the wonderful cures effected by this **Oil**. In cases of Neuralgia, Rheumatism, Lumbago, Lamé Back, Asthma, Catarrh, Diphtheria, Coughs, Colds, Sore Throat and Croup it has achieved marvellous results; it has been used with equal success in the treatment of Piles, Frostbites, Chilblains, Toothache, Earache and Headache, while in its application for Burns, Bruises, Wounds and Sprains it has operated like a charm.

**Dr. Thomas' Electric Oil** has come to stay. It is just such a remedy as a suffering world has been looking and longing for; something reliable at a reasonable price. This remedy is up to the requirement as regards reliability, and it is down to the requirement as regards price, so that there is nothing more to be desired.

When accident happens, and a Burn or a Bruise or a Sprain is the result; when the joints and sinews are racked with Rheumatism; when one is made stupid

through having contracted a malignant Cold; when Asthma is present to rob one of the great refresher sleep; when life is made wretched by Catarrh, by Sore Throat, by Piles, or by Corns, then it is time to send for a bottle of **Dr. Thomas' Electric Oil**, which never fails to give relief even in the very worst cases.

In very many cases so-called remedies not only do not cure, but the reaction which follows the use of them throws the patient back and the last condition is worse than the first. It is very different with **Dr. Thomas' Electric Oil**, it not only invariably improves the condition of the patient, but it leaves no injurious effect behind. And it needs no assistant but nature in working a cure; it is all-sufficient, and all but infallible.

**USED FOR ALL AILMENTS**—MR. CHAS. G. GRIMES, Walker's Point, Ont., writes:—"Dr. Thomas' Electric Oil cures so many different diseases that every one uses it, and says it is the best medicine ever sold in this part of the country."

**STREET CAR ACCIDENT**—MR. THOMAS SABIN says:—"My eleven year old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced bathing the foot with **Dr. Thomas' Electric Oil** when the discoloration and swelling were removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

**WORD FROM CALIFORNIA**—MR. J. F. MUNCEY, San Francisco, Cal., writes us:—"Dr. Thomas' Electric Oil is a wonderful medicine for reducing swelling; my leg was fractured, and the foot and ankle being badly swollen, I used the **Oil** and found it excellent for taking down the swelling."

**ONE BOTTLE DID IT**—MR. W. J. KENNEDY, Estmere, C.B., writes:—"Dr. Thomas' Electric Oil has a ready sale here. I tried it myself in a case of bronchitis, where all other remedies failed, and was cured with one bottle."

MR. JOHN GRAHAM, Stevensburg, Mich., writes:—"Dr. Thomas' Electric Oil is the best family medicine you can have in the house. I have been using it for fifteen years."

MR. W. B. HILL, Cobourg, says:—"I have used it for croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

# PARMELEE'S VEGETABLE NEW PILLS

"**T**HROW Physic to the dogs; I'll none of it" are words which Shakespeare put into the mouth of Macbeth, but the Immortal William must have had in his mind the vile decoction brewed by the witches on Forres' blasted heath, when he penned the words referred to. Had **Parmelee's Pills** been then in use he would have had more respect for physic. Nay, it may with safety be averred that there must have been times when **Parmelee's Pills** would have been a God-send to the great play-wright, for it is not to be supposed that his liver and kidneys were always in good order any more than the same organs in the present day.

**Parmelee's New Vegetable Pills** are composed of a careful selection from amongst the plants belonging to the Vegetable Kingdom in this country with one important exception, that of a newly discovered plant found only in Spain and whose medicinal properties are amongst the most remarkable at present known, inasmuch as each component part performs its specific action upon the different diseased organs of the body. **Parmelee's Pills** contain Mandrake and Dandelion, therefore as already indicated, they cure liver and kidney complaint. They also prove to be a good tonic, have a healthy stimulating effect, create an increase in the flow of gastric juice, give tone to, and strengthen the digestive organs, and are a sure cure for that forerunner of melancholy—Dyspepsia. Fevers, ague, and all Bilious derangement must speedily disappear when acted upon by **Parmelee's Pills**, which purify the blood, regulate the secretions, carry off all morbid accumulations from the

system and create an activity among the dormant energies of the system which cannot fail to throw off disease.

There is abundance of testimony as to the potency of **Parmelee's Pills** of which the following are samples:—

**AN EXCELLENT PILL**—**MESSRS. J. & R. McLEOD**, Black River, N.B., write:—"Send per mail two dozen **Parmelee's Pills**. We are out of them and as they are an excellent Pill, and have a good sale we want them at once."

**MR. W. H. MOORE**, South Farmington, N.S., writes:—"Enclosed find \$1 for which send me **Parmelee's Pills**. The five boxes I got from you last were of great benefit. I showed them to an M.D. and he said they were as good as anything I could get, which gives me confidence in them."

**DISORDERED LIVER**—**MR. G. HARRIS**, Bridgewater, N.S., writes:—"I am pleased to recommend **Parmelee's Pills** above all others. For the past five years I could get no relief for pains in my side and disordered liver, I tried several kinds of Pills but found no relief until I started to take **Parmelee's Pills**."

**IN GOOD DEMAND**—**MR. JOHN HAWES**, Carlisle, writes:—"Parmelee's Pills give excellent satisfaction to my customers. One young man to whom I sold a box when very ill told me that they fixed him up and made him feel like himself again."

**NONE BETTER**—**MR. HENRY ROONEY**, Douglstown, P.Q., writes:—"I have used **Dr. Parmelee's Vegetable Pills** and found them equal to the recommendation for Indigestion. My mother has used them and they cured her. We prefer them to any other kind of Pill."

**GIVES THEM PREFERENCE**—**MR. ORLANDO COLLVER**, Druggist, Delhi, writes:—"Parmelee's Pills have a ready sale in this section, in fact they are one of the best sellers. Having tried them personally to my satisfaction I give them the preference when recommending."

**HOW TO CURE HEADACHE**—**MR. FINLAY WARK**, Lysander, P.Q., writes:—"I find **Parmelee's Pills** a first-class article for Sick Headache."

**MR. T. J. HUMES**, Columbus, Ohio, writes:—"I have been afflicted for some time with Kidney and Liver Complaint, and find **Parmelee's Pills** the best medicine for these diseases."

Sold by all medicine dealers. Price 25c.

**NORTHROP & LYMAN CO.**, Limited,

# DR THOMAS

## ECLECTRIC OIL

WORTH ITS WEIGHT IN GOLD

### IT CURES

Rheumatism Lumbago, Lamé Back, Neuralgia, Diphtheria, Coughs, and Colds, Sore Throat, Croup, Piles, Frost Bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds, and Sprains of Every description on Man or Beast. Actually the best External and Internal Remedy Known.

ENTERING THE SYSTEM through the pores, when applied externally to relieve pain and inflammation, Dr. Thomas' Eclectic Oil relaxes and soothes the stiffen-

ed, and irritated Ligaments, or Patic Joints, and promptly checks the pain. Taken internally, it remedies disorders of the Respiratory Organs, Bowels, Liver and Kidneys.

This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis.

**ALL SAY THE SAME**—MRS. N. BROOKMIRE, Ellendale, Dickero County, Dakota, writes:—"When leaving Canada, I brought some of Dr. Thomas' Eclectic Oil with me, and my friends here think the world of it. We cannot get along without it," etc.

**A GRAND REMEDY**—MR. E. G. HOWARD, Toronto, writes:—"I had been troubled with a very severe pain in my left side, and had become quite unfit to follow my daily employment, and having heard that Dr. Thomas' Eclectic Oil was a sure remedy for the ailments of mankind, I got a bottle and proved it so in my case. I have found it a grand remedy for soreness of the muscles or joints. I have recommended it to others for the earache and for severe cold in the head, and it has never failed to give satisfaction. My friends have found it a valuable family medicine, and we all unite in thanking you for the benefits we have received from it."
