More Successful British Bombing Operations-Thirteen Machines Missing on Monday

London, Sept. 28.-An official communication issued by the admiralty last night says: "Naval aircraft carried out a bombing raid today on the St. Denis-Westend aerodrome. Bombs were dropped on the sheds and on fifteen Gotha machines lined up in the aerodrome, direct hits being observed on the latter. All our machines returned safely."

London, Sept. 28.-Referring to aerial battles on the British front, an official statement issued last night says: "The enemy's troops on the fighting line and upwards and many parties of German infantry were dispersed with casualties. On one occasion three of the enemy's guns were fired on while moving. The teams of two of the guns bolted and the third gun was overturned."

"Strong opposition was encountered from the enemy's fighting machines and a very large number of combats occurred on both sides, resulting, owing to the difficulty of regaining control of damaged machines when flying near the ground."

"At night two tons of bombs were dropped on the enemy's reserves near the battle front."

"Seven hostile machines were brought down in air fighting, three were driven down out of control and five others were brought down by infantry fire. Thirteen of our machines are missing."

YOU CAN BUY... Winter Overcoats in Ulster Style, Chesterfield, etc., at \$15.00, \$16.00, \$17.00, \$18.00, \$20.00 and up

MY OFFER TO SINGLE MEN 20 TO 35 YEARS OF AGE... If you are conscientious and in kinks before the first day of January, 1918, you may return your suit that you purchased at this sale and get half of your money back. This offer is only for ready-made clothes purchased between Sept. 22 and Sept. 29, 1917.

My reason for making this offer to you is that many of my customers have refused to buy their new fall suits and overcoats, for fear that they would not be able to wear them long. Come in and compare my values with the other chap and you will get an eye-opener.

**HOOSIER KITCHEN**

CABINET SALE

Commencing Saturday morning the Messrs. Amland Bros., Waterloo street, will hold a club sale of Hoosier kitchen cabinets on the famous Hoosier club plan. By paying \$1.00 down you can have a beautiful White Beauty Hoosier kitchen cabinet delivered to your home and the balance to be paid at the rate of \$1 weekly. This will give every woman in St. John a chance to save miles of useless steps in her kitchen work and besides give her more time for other household duties, etc. Those who wish to secure a Hoosier kitchen cabinet should be early on hand Saturday, as there are only a limited number to be sold on the above plan. See adv.

**UNIVERSAL SALES CO. THE LOCAL AGENTS FOR THE FORD CAR.**

The St. John city and county representatives of the Ford car for the coming season will be the Universal Sales Co. with offices at No. 1 north side King square and service station at Robeysay avenue. Full line of 1918 models are to be seen in the uptown show room which the public are cheerfully invited to inspect. It is said that the sales already consummated indicate that the Ford will be more popular than ever this year, particularly with those who under ordinary conditions would be paying higher price.

**CANADIAN BIBLES ON THE RUSSIAN FRONT**

Recent discoveries on the Russian fighting front have brought out a most interesting fact in connection with the work of the Canadian Shantymen's Christian Association. Worn and battered copies of the New Testament—evidently presented to the men when they were employed in Canadian lumber or mining camps—have been found on the bodies of numerous Russian soldiers. The books bear the association's stamp, and some of them had been in the men's possession for years.

**SAYS ASHE DID NOT DIE OF STARVATION**

Incident Believed to Have Accentuated Difficulties in Irish Politics

London, Sept. 28.—The death of Thomas Ashe, a Sinn Fein leader, reported to have been due to voluntary starvation, according to a despatch to the Daily Mail, from Dublin, has accentuated painfully the difficulties underlying the surface of Irish politics and Sinn Fein opinion is inflamed uniformly.

Ashe's body, dressed in the uniform of the Irish volunteers, lies in state in a Dublin hospital and there may be a public funeral on Sunday. It is said that other Sinn Fein leaders in the hospital where Ashe died are in a dangerous condition.

At an inquest on Thursday, Professor McManis testified that a post mortem examination showed that Ashe did not die from hunger. The body was not emaciated and there was an abundance of food in the stomach. Death, he said, was due to syncope, arising partly from heart trouble and partly from an intense congestion of the lungs. Ashe's heart, he added, was abnormal and he would be apt to succumb to any sudden shock or prolonged struggle.

Dr. McKenna, a hospital surgeon, testified that Ashe had told him after he had been fed forcibly on Tuesday that he had collapsed from a fit of coughing.

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 28, 1917

THE LIBERAL TASK
The Liberal party of Canada is called to the performance of a great task. While the sons of Canada at the front have forgotten politics to fight for liberty, the Borden government at home has carried on during more than three years of war a grossly partisan administration in the interests of the profiteer.

THE LIBERAL TASK (continued)
The task of the Liberal party is to defeat the Borden government, in order that a really national administration may be formed, the whole weight of Canada thrown into the war, and the grip of the profiteer loosened from the throats of the people.

THE LIBERAL TASK (continued)
When the St. John Standard appeals to the loyalists of New Brunswick to support "Sir Robert Borden and the soldiers" it makes the direct charge that Liberals with sons at the front are going to desert their sons. A more shamefully false charge was never made by the despising apologists of a discredited and beaten government.

SOME STARTLING FIGURES
Public attention is being more and more directed to the need of segregating and properly caring for the feeble-minded. At the meeting of the Canadian Conference of Charities and Correction in Ottawa last week, Dr. Clarence M. Hincks, clinician of the Psychiatric Clinic of the Toronto General Hospital, spoke on "The Need of Legislation Dealing With the Feeble Minded," and declared that the problem of feeble-mindedness cannot be properly handled until all feeble minded children are segregated. He said further: "The patrol system is a failure because no institution can cure its patients and discharge them in a normal condition."

SOME STARTLING FIGURES (continued)
Dr. Hincks estimated that 40 per cent. of all delinquents belonged to the feeble minded class. In Toronto alone 463 children, who are chronic thieves, were treated at the Toronto General Hospital.

SOME STARTLING FIGURES (continued)
The present method of handling the feeble minded in Ontario," he said, "is entirely inadequate. In Ontario there are 10,000 feeble minded, while we are caring for less than eight per cent. And those that we are caring for are only the helpless and not the seemingly normal, but dangerous individuals."

SOME STARTLING FIGURES (continued)
There are hundreds of feeble-minded persons, of all ages, in the province of New Brunswick. So long as they are not segregated and cared for, their numbers, in the natural course of events, will increase. If forty per cent. of delinquents come from the feeble-minded class there is another reason than that of mere humanity for legislation to ensure better care of this unfortunate class from their very childhood.

SOME STARTLING FIGURES (continued)
The maritime provinces should unite and provide a large institution for the care of the feeble-minded. The money so expended would yield dividends in the form of better citizenship and greater safety for society. Just now the spread of social diseases is causing grave apprehension in all countries. It is not necessary to point out how great a menace in this respect are feeble-minded and therefore weak-willed persons. After the war the people of Canada must pay more attention than ever before to matters affecting education and social welfare. The field is large and the need imperative. These lower provinces must prepare to assume their share of a great and common task. Hitherto they have been far too indifferent in this respect.

SOME STARTLING FIGURES (continued)
The liquor inspector made a large seizure yesterday before the "goods" reached their intended destination. This vigilance is highly commendable. A roundup of bootleggers would further discourage the violators of the law. So long as the Dominion government fails to do its obvious duty there will be continued difficulty in enforcing the law.

LIGHTER VEIN

Patriots to the Bone
A couple of Kitties were walking down Tremont street, Boston, when a man behind them remarked to his companion: "There go two good patriots. They are not only willing to bear arms for their country, but bare legs as well!"

Also, When She's Absent
"Pa, when do they call a woman an old hen?"
"Whenever she has become hopelessly senile in her ways, my son."

There are Other Boards besides Boards
Walker V. Jennings, retail lumberman at Farmington, Ind., tells a story about a preacher down in southwestern Indiana. At the close of a long sermon the pastor of the church requested that the board remain after the service. The members of that body did so, and a stranger also lingered in the rear of the church.

Just a minute," said the pastor, "before we meet. I'll see what this stranger wants."
So he walked back to the visitor and asked: "Brother, what can I do for you?"
"Well," replied the stranger, "you asked the board to stay, and I guess I was bored as much as anybody."

I told that woman I would make my sacrifices the moment if she would only come into my home."
"You must have loved her a great deal."
"Love her nothing! We wanted a good cook."

BORDEN PROFITEERS
(Toronto Telegram, Cona.)
Moths gnaw up their sons' wives their husbands, and children their fathers to shelter the packing-houses, the flour mills and the cold storage plants of Canada. Flour mills, packing-houses and cold storage plants are sheltered by the sacrifices of men who brave death and suffer wounds in defence of Canada's safety. And the women and children these men leave behind are to have flour, bacon, eggs and everything else that they eat increased in price by the greed for war profits. It is not a pleasant picture that is drawn of millions being hooped up in war profits out of the supply of food to the wives, mothers and children of the very men who are guarding Canada's packing-houses, flour mills, cold storage plants and their lives. The fervor of bitter words is roused and the fury of still more bitter hearts is stirred by mention of the millions made in war profits by Canada's food kings.

What is the country's profit on a war profit made out of horses and a war profit made out of hogs? The profits of a war trade in hogs are enormously greater than the profits of a war trade in horses. The tragedy of a complete downfall rewarded the drover, J. R. Falls, money M.P.P. in 1916. The crime of the drover was the making of money in war profits. The triumph of continued inflation rewarded the kings and princes of the packing-houses, the dustries. The virtue of the flour mill, the packing-house and the cold storage plant is the M.P.P. in 1916. The war profits, if J. R. Falls could not stay in a representative position and make money in war profits, he would on horse, why should bigger men stay in a representative position and make money in war profits out of hogs, flour, eggs and other food products? Canada cultivates a miserable, cowardly variety of political virtue.

COUST MIDDLEMAN. SAYS FOOD EXPERT
President Pack of Garden Committee Tells Bankers and Farmers to Cooperate
Atlantic, N. J., Sept. 28.—Members of the American Bankers' Association, in session here, were told by Charles Lathrop Pack, president of the National Emergency Food Garden committee, that when the banker and the farmer unite in a flying wedge against the middleman, the country's food problem will be near solution.

COUST MIDDLEMAN. SAYS FOOD EXPERT (continued)
In other words, we must make a big drive to produce food as near the points of greatest consumption as possible, rout the middleman and the cold storage man and help the railroads in the tremendous transportation problem that confronts them with the country at war.

COUST MIDDLEMAN. SAYS FOOD EXPERT (continued)
Glass jars, tin cans and other containers for food must be conserved this winter and their manufacturers must be prepared to meet the largest demand for them the world has ever seen, for from every section of the United States and Canada come reports that the production of vegetables and fruits suitable for canning will next year far exceed the high water mark of this year.

PREMIER'S WIFE BUSY IN NATIONAL WORK
Mrs. Lloyd George, like the prime minister, does not rest from national work even in holiday time. Lately near her beautiful home at Orliceth, Wales, she formally opened the Penrhyn-dreoch Women's Institute, the object of which is to organize women of all classes in the cultivation of vegetables and fruit, and to rear poultry and thus increase the food supply. In a graceful speech Mrs. Lloyd George emphasized the value of the work, as affording personal pleasure as well as national profit, and instanced the example of French women, who have done such work for years and love doing it. These institutes are making rapid progress throughout the country and already there are 180 in operation. At Orliceth there is a very flourishing institute which not only aids local needs, but sends daily consignments of vegetables, fruit, butter, eggs and poultry to London, Liverpool, and elsewhere.

How to Buy or Sell a Home to the Best Advantage

To Save Your Building Costs Means to Increase Your Investment
Own your own home! A large percentage of the people who don't could—if they knew it. It is cheaper to pay a substantial first payment on a good property and then arrange for payments that you can easily meet, than to pay rent all your life. Reliable real estate men will tell you this. But suppose you own your own home and have some money to invest. Nothing better than good homes. The rate of interest is good and your money absolutely SAFE. And the place above all places to find such chances is on our Classified page thru the use of our little Want Ads. GERMAN RAILWAYS ALL BUSY MOVING TROOPS AND WOUNDED SOLDIERS
The Hague, Sept. 28.—(Montreal Gazette Cable)—After stopping the forwarding of German parcels to Holland by special railways, on the ground of the inability of the railway staff to cope with special parcels, the Germans have now apparently suspended the passage of all German papers.
An uncertain report from the frontier attributed the interruption of communication to passage of many troops from the east to the west fronts and heavy railway traffic of wounded from the western front.

REICHSTAG IS WILLING FOR PEACE
Amsterdam, Sept. 28.—The constitution of the Reichstag, according to a dispatch from Berlin, by a vote of 15 to 12 yesterday adopted a proposal to cancel the concluding sentences of article 9 of the imperial constitution which forbids members of the federal council from simultaneous membership in the Reichstag. The committee of four members of the federal council from simultaneous membership in the Reichstag. The committee of four members of the federal council from simultaneous membership in the Reichstag. Pains Over Left Kidney
Warned This Captain That the Kidneys Were Responsible for His Pains and Aches—Freed of Pain and Suffering by a Well-known Medicine.
Hereford, Que., Sept. 27.—Captain A. Peabody, Hereford, Que., writes: "For years I suffered from indigestion, rheumatism and neuralgia. Lightning-like pains would shoot all through my body, and I also had severe pains over my left kidney and the hips. I doctored for years and tried all kinds of remedies, but the only relief was money spent without relief. At last I read in Dr. Chase's Almanac of his Kidney-Liver Pills and decided to try them. One box made such a change that I sent for five more. Before I had finished them the pains in my kidneys and hips had disappeared, and I was clean of those sharp, shooting pains through the body. I still take these Pills occasionally to keep my bowels regular, and would not be without them, as I have them to thank for my cure.
"I can also speak highly of Dr. Chase's Catarrh Powder and Linsed and Turpentine. The former cured me of catarrh in the head, which caused frequent headaches. I am completely cured of this now, and breathe freely as when a boy. The Linsed and Turpentine proved of great benefit for a bad cough which bothered me continually for three winters. Last winter I took one bottle of the Linsed and Turpentine, and have not been bothered with a cough since."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers of Edmondson, Bates & Co., Limited, Toronto. Don't be talked into accepting anything said to be just as good. Substitutions and substitutes only disappoint.

Gifts of Airplanes
In a written reply to a question by Col. Burn, Major Baird, parliamentary secretary of the air board, London, England, says: "Generous contributions to the cost of the provision of aircraft have been received from all parts of the empire and from British subjects in neutral or allied countries. The total number of gift aeroplanes and seaplanes so provided since the beginning of the war is 487."

Programme to Give Effect to Military Service Act—N. B. Board of Selection Complimented

Toronto, Sept. 27.—Mobilisation on December 20th of 30,000 men of class one, grades A, B, C, following the proclamation on October 6th, and exemption tribunals in the meantime; this is the programme arranged for to give effect to the military service act, according to one of the local officials here. It is stated that instructions have arrived from Ottawa to all provincial registrars to have their staffs completed by October 6th.

Mr. Teed Back.  
M. G. Teed, K.C., acting on the board of selection with J. J. McCaffrey, for New Brunswick has arrived home after attending a meeting of the boards from the various provinces throughout the Dominion of Canada on Monday last. Mr. Teed said last evening that he had received a telegram from Ottawa yesterday asking that no publicity be given the names of the board until all the provinces had completed their lists. He said that the meeting had adjourned until October 9. Speaking of the completion of the names he said that New Brunswick's board was complete and was ready to go ahead but that many of the other provinces were a little behind. He said that he was not in a position as yet to discuss the situation under any phase.

Mr. McCaffrey Returns.  
Frederickton, Sept. 27.—(Special)—J. J. McCaffrey of this city, who was in Ottawa as one of New Brunswick's members on the board of selection under the military service act returned today. Another meeting of the board is to be held on October 9, the work not being sufficiently advanced to proceed at once. Seven of the eighteen members of the board make a quorum. Sir John Gibson, ex-leutenant-governor of Ontario was chairman, Hon. Sydney Fisher, vice-chairman, and M. G. Teed, K.C., of St. John, second vice-chairman. The names of the members of the board selected by the board have not yet been approved by the department of justice and for that reason cannot be announced now. They will be given out from Ottawa later. New Brunswick was complimented for having the only complete board.

In Saskatchewan  
Senator Laird, who was Premier Borden's appointee for Saskatchewan on the board of selection, announced last night his lists were absolutely completed to a name and everyone of the one hundred and fifty-nine appointments in his province made and completed and sent by registered mail to Ottawa.

Two Recruits  
Two recruits were secured in the city yesterday. They were M. M. Kelly, Cape Breton, and J. E. Hachey, Bathurst, No. 8 Field Ambulance.

Capt. F. E. Smith Back  
Captain F. E. Smith of the Canadian Dental Corps, who went overseas last November, has arrived back in the city. He was accompanied by fifteen officers and forty N. C. O's. Captain Smith has been returned to Canada for duty here.

Is Recovering  
Mrs. E. M. Huestis of Rockland road received word yesterday that her husband was rapidly recovering in an English hospital after having one leg amputated.

THE ORPHANS' PICNIC.  
J. D. O'Connell, of Sussex, who has lately returned from Cuba, will give his annual picnic on Saturday afternoon to the orphans who are inmates of the different orphan homes in this city. The picnic will be held at Rockwood Park and the children will be conveyed from the different institutions by automobile. After the picnic they will again be taken back to the homes by cars, all of which will be provided by Mr. O'Connell. While he was in Cuba Mr. O'Connell was slightly injured in the face and his hearing was somewhat affected owing to his being mixed up in a scrap in the recent rebellion while he was trying with a small band of followers to defend his property from the rebels. He came through the fight without very much injury, however, but he lost considerable of his property. Mr. O'Connell has arranged so that his estate will provide an annual picnic in each town in New Brunswick for years to come, for the orphans of the different localities. If the weather on Saturday is not favorable for the picnic here, it will be held on Monday next. Mr. O'Connell is also arranging that automobiles will be allowed in the park on the day of the picnic.

Everybody Can Clean Windows (SO THEY SAY)

But there is a difference in the cleaning and the time it takes, and the cheapest is to get the best. It may seem dear, but it is cheaper in the end. We have a 10-year experience in that line, and that means a lot to you. Telephone for our quotations. We have a man for that purpose.

WEDDING AT OAK POINT

On Wednesday, 28th Inst., at 4 p.m., the Methodist church at Oak Point was the scene of a very interesting event when Helen E., second daughter of Mr. and Mrs. J. Wesley Inch of that place, was united in marriage to A. Whitney Smart, pastor of the church, tied the

nuptial knot. The building, which had been tastefully decorated for the occasion, was filled to overflowing by their relatives and friends. Miss Mabel Flewelling presided at the organ.

The bride, who was given away by her brother, Charles, wore an attractive dress of white chiffon over white silk, with a veil and orange blossoms. She carried a bouquet of bridal roses. Her sister Dorothy acted as bridesmaid and wore a becoming dress of yellow silk with net overdress and black velvet hat.

The groom was supported by his cousin, Thane Byles of Brown's Flat. Luncheon was served at the conclusion of the ceremony after which Mr. and Mrs. Smart left by automobile for St. John on their way to Nova Scotia where the honeymoon will be spent. Hand-some and useful presents testified to the popularity of the bride. The groom's dress of white chiffon over white silk, with a veil and orange blossoms. She carried a bouquet of bridal roses. Her sister Dorothy acted as bridesmaid and wore a becoming dress of yellow silk with net overdress and black velvet hat.

Major Douglas Hamilton Says Invention Will Make it Impossible for Germans to Sink Ships

Montreal, Sept. 28—Major Douglas Hamilton is perfecting a device designed to make it impossible for Germany to sink ships at sea. The details are in the hands of the British and allied governments. A ship equipped with the device will be tested by torpedo fire in the near future, and Major Hamilton says he is so confident that he is willing to take a chance on the ship's experimental success. The existing power of the device with which the ships are to be protected, is said to be 1,000 times heavier than the heaviest torpedo or other projectiles made by the enemy.

We weren't getting enough Local Business

Far away from home we were cleaning up. In fact business was great with the salesmen on the road.

But at home where it was easy for us to handle a big volume, our business amounted to next to nothing. And there was no reason why our product shouldn't be as saleable right in our own town as in any other.

I found out the reason. We weren't going after it. We expected it to come in unsolicited. No I concluded that what we needed were some live wire city salesmen. But where were we to get them? Ah! A clever hunch! A want ad. in the Times-Star will find them. So we put in an ad. which cost only a trifling amount. It worked fine. I had many applicants.

and the next week three hustlers were flying in with Orders

**BURGLARY IN HEART OF CITY**

**J. E. Beye's Store in Coburg Street Entered and \$43 Taken**

A daring burglary was committed on Wednesday night in the heart of the city, the burglars working in plain sight of the street; so far no arrests have been made. The scene of the burglary was the fruit and confectionery store of J. E. Beye, in Coburg street just above Union. Nothing was touched, but the cash tills and they were emptied of their contents, amounting \$43, the proprietor having neglected his usual habit of carrying away all the cash with him.

The fact that the store was visited on the one night on which he left any money there inclined Mr. Beye to the opinion that someone had been watching him and waited for a night when a visit would be worth while. It is believed that entrance to a foot and a half made through a window in the side of the building, opening into an alleyway and accessible from the roof of a porch. A pane of glass was missing and a box could squeeze through the opening thus left. Once inside, the front door could be opened as it is locked by a spring catch.

**RECKLESS DRIVING OF STREET CAR CHARGED**

**Case Taken up in Police Court—Other Traffic Matters**

Bartlett McLean, street car motorman, was charged in the police court today with driving Car No. 128 recklessly across Mill street railway crossing, endangering the lives of workmen engaged in repair work on the I. C. R. track at the crossing. John Davidson, I. C. R. foreman, said that on Monday, Tuesday and Wednesday, the three days on which work was being done, this car in particular came up on the men too suddenly and ran too close to them. On one occasion on Tuesday, he said, the car stopped only a foot and a half from where one of the men was working. There was a red flag up, but the motorman did not seem to take much heed of it. On one occasion he shook his head at the men as if angry at being held up. The case was put over for further testimony until Monday at ten o'clock.

Some traffic cases were before Magistrate Ritchie this morning. H. Ferris was fined \$10 for driving in a reckless manner around the corner of Union and Waterloo streets on the 22nd inst. A little girl barely escaped being run over. James Carleton was fined \$2 for allowing his horse to be large for two hours without an attendant in Union street, west, on last Wednesday.

**RENFORTH GROCERY VISITED BY THIEVES**

What is supposed to be the work of boys was a break into W. J. Holman's grocery store at Renforth last night when about \$20 or \$30 worth of goods was stolen or damaged. The cash in the till was not touched, but two boxes of cigars and several cases of gum and candy were filched. Entry was made by pulling down a door in the back of the building and then going through and opening the front door. Some of the spoils of the raid were eaten on the spot and the wrappers left lying around. The house is only a few feet from the store. About half past ten o'clock people of the neighborhood heard a noise such as might be made by the breaking down of the door. It is not known who the intruders could be.

Harold Dunham, son of Mr. and Mrs. J. Dunham of Camden street, died suddenly last evening. He was an employee of the Maritime Mail Company and was at work yesterday as usual, but in the evening he complained of not feeling well and was given a stimulant. He appeared to be better and walked about the house until he collapsed and passed away. Dr. J. T. Dalton was summoned and although he drove quickly to the house found life extinct when he arrived.

Besides mother and father, two brothers and two sisters survive. The brothers are: Edward W., who is in England attached to a Canadian Engineer Unit, and Murray R., of this city, and the sisters are Mrs. Frederick Craig of 107 Simonds street and Mrs. Clifford C. Long of 106 Victoria street. The family will have deep sympathy in their bereavement.

HON. P. J. VENIOT'S WORK APPRECIATED

Motorists and Business Men Testify Unsolicited to Improvements

Fredricton, Sept. 27.—Hon. P. J. Veniot, minister of public works, returned to Fredericton last night and today is at his office devoting his attention to an accumulation of correspondence and other business...

While it has been found impossible to start work in every section needing attention plans are being laid for the necessary attention early next year. Hon. Mr. Veniot's work in connection with highway improvement throughout the province has been generally recognized...

The minister of public works this morning, as evidence of the province's progress, stated that he were confident that the licensing system would benefit the public by eliminating the food speculation...

A leading merchant of St. John, and an ardent motorist, after thanking the minister for his work on the highways, writes: "I do not believe you will find the average owner of a machine unreasonable. We feel we have not had careful or adequate expenditure in the past year...

Public condemnation of those who regard the war as a chance to make big profits is virtually unanimous. But opinion begins to divide when an attempt is made to identify these war profiteers...

Thus A. C. Townley, President of the National Non-Partisan League, the new farmers' party, says, "There is a great difference between our patriotism, the patriotism of the men who toil that the profiteers may make \$4,000,000,000, and the patriotism of the men who make the billions..."

On the other hand, the New York World in criticizing this same league of farmers, declares that "Every speaker in that interesting assembly holds that, although dollar wheat in time of peace was considered ideal, the cereal cannot be profitably grown today unless the government price is \$3.00 a bushel..."

In the very interesting leading article in THE LITERARY DIGEST for September 29th, all phases of the subject of war profiteering are shown by quoting leading American newspapers and men like Herbert Hoover. Other articles which go to make up in exceptionally important number of this foremost American periodical are:

Parties and Papers in Russia; The Winter's Coal Problem; American Depravity and the German Conscience; Canada's Unique Suffrage Franchise; The Ocean's Gift to the Land; The Evolution of a Superior Race; Poetry and Art to Repay Their Debt to Italy; A Call to Rescue Armenia; Germany's Declining Musical Supremacy; News of Finance, Banking, and Industries

Will License Fruit Dealers

Ottawa, Sept. 27.—After Oct. 1 the wholesale fruit dealers of Canada will do business under strict supervision of the food controller's office...

The decision of the committee is the result of an investigation in eastern Canada extending over several weeks. The committee's inquiries in the west have not yet been concluded...

**WHITE SOX SHOULD WIN**

Joe Page's View of World Series Contest

Expect New Yorkers Heavily To Back Giants—Victory For Chicago Would Be Popular With Fans

(By Joe Page)  
With the major league races decided, each and every base ball fan, not only from the Atlantic to the Pacific, but on and behind the firing lines where the greatest of all world's series is being played—the battle between right and wrong, freedom or serfdom—is watching for the contests for world honors on the diamond.

The old Roman, Chas. A. Comiskey, proud owner of the Chicago White Sox, and the National Commission have arranged to see that the real world series fighters across the seas are well provided with all the news of the baseball battles at the conclusion of each day's play. The world series this fall brings together two great and distinctive teams—the New York Giants and the Chicago White Sox. The two teams stand out in bold colors above the other clubs in the year's race in their respective leagues.

The New York Giants will have the great public support of practically all National League followers, while the Chicago White Sox will not only have the support of each and every one of the American League fans, but by far and away the greater support of the money-betters of the country; in other words, the class that have no favorite team, but bet on the one they think will best carry their money.

In cities like Pittsburgh, where there is no American League club, the great majority of the betting public (and it is some city when it comes to betting money), favor the chances of the White Sox to win and if the Giants—which is likely to go to the post a seven to five favorite to win the series, it will only be for the reason that the greater preponderance of New York money will cause this odds.

Down in New York state it is nothing but the Giants to win and win easily.

There can be no question but that McGraw's combination of baseball talent make a splendid team in more ways than one. But they are a much over-rated team, because they have had matters comparatively easy in their own league. The fact that the New Yorkers have had the going so easy, does not say as much for the real strength of the team as it would have done had they teams of the calibre of the American League to tussle with throughout a long and tedious season of 154 games. It is the consensus of opinion that the playing strength of the American League is fully thirty-five or fifty per cent. greater than that of the National

League. Yet, while this may be a little far fetched, there is no question among the impartial baseball fan, that the American League is a much stronger playing institution than their rivals, the older National League.

Granted that this is so, everything else equal, who should rule the favorite as between the Giants and White Sox on the last season's performance? At the present moment the White Sox have won 98 and lost 52, for a percentage of 653, with a club batting average of .267 and fielding average of .958, while the New York club have won 94 and lost 53 games for a percentage of 640 and a club batting and fielding average of .261 and .956 respectively.

Now, taking into fact as stated before, the great superiority in playing strength of the American League, according to dope and averages, the White Sox aggregation have shown that much greater general average superiority over the Giants' play, as the American League shows that much greater in general play over their rivals, the National League. Again, cutting into the pitching end of the game, the dopsters have it figured out that the Right Hon. John (Mugsy) McGraw will southpaw the Comiskey crowd by using Salce, Benton and Schupp in rotation. Well, it may be a good plan, but if dope counts for anything the American League have southpaws galore who can give this trio an awful argument as to who's who in high southpaw society, and if averages again count, we find that the Chicago White Sox have been having a merry picnic for the last season with side wheelers, having won twenty-six, lost fourteen and tied one with a percentage of 569 and a club batting average of .292 against these south side slingers of the American League. And when you picture pitchers like Ruth, Leonard, Plank and others just as good, it does not look all to the rosy for the side wheel trio of the Giants, if they are, as doped, used in rotation.

On the other hand, New York have Perritt, Anderson, Tesreau and Demaree, right handers. They have done fair work on the whole. But with any other club than the Giants, it is doubtful if they would have shown as well or anywhere near it. The stick work and stimulus of McGraw's presence accounts for some of the games they have pitched in the win column.

As for the White Sox pitching staff, Cicotte, Russell and Faber, used in order, and given a couple of runs to the good, will about carry off a win against the New Yorkers. They undoubtedly have the class and edge with Benz and Williams, who should win his game, and Danforth—the latter two southpaw—on the Sox pitching strength, backed by air tight fielding, should take the series and big end of the coin well within the limit.

In the world of baseball a White Sox victory would prove to be immensely popular. Not only does the average fan consider it about time for the west to capture world series honors, but the personal popularity of Chas. A. Comiskey is so great that fans who would otherwise support the older league would on his account like to see the White Sox win. As one well says, Comiskey has been a tireless builder in a baseball way, and he has not permitted expense to stand in the way of his development of a team. Moreover, he has had the courage to carry out his own convictions, in the face of consider-

able adverse criticism and now his loyalty and belief in his manager, Clarence Rowland, and the players under him have been rewarded, and none better deserve to float a world series pennant than the noblest Roman of them all, Chas. A. Comiskey, president and owner of the Chicago American League Club, the White Sox.

**SEIZED LIQUOR**

Two stolen wagon loads of liquor were seized at the Dominion Express office yesterday and taken to the liquor

inspector's rooms, in Prince William street. The consignment consisted of sixty cases and two barrels which arrived here marked "For private use," but which was addressed to the business houses instead of to the private dwellings of the consignees.

One parcel was addressed to a well known St. John lady but she protested that she had not ordered any liquor and was not aware that any had been shipped to her. It is stated that no action will be taken against any of the parties to whom the liquor was addressed and that the liquor will be distributed to the different hospitals in the city.

The story goes that some days ago a case of liquor was sent to St. John con-

signed to a man who has been dead about ten years.

**Seizure at Dorchester.**

Chief Sullivan, armed with a search warrant went to Dorchester from Sackville twice recently, looking for intoxicating liquor. The first trip accomplished nothing but the second journey resulted in the capture at one of the express offices in Dorchester of five cases of booze, addressed to two Sackville men. The liquor was all marked "For personal use" so it is quite evident that even in these temperate days king alcohol still has his devotees. The captured spirits were placed in the custody of Squire George A. Fawcett, Middle Sackville,

before whom the cases will be tried.—Sackville Tribune.

**With Military Honors**

Unusual honors will be shown Private John F. Sullivan of the Canadian Overseas force, who died at Central Maine Sanatorium on Monday night from the effects of a gas attack on the western front in Europe and whose funeral will be held at Portland, Friday. The Black Watch regiment, will send a detachment to attend the funeral and the commander of the Portland artillery district will detail a firing squad for the burial.

**WHAT NAPOLEON SAID WAS GREAT MISTAKE OF CARE**

Napoleon was a master of fine sentences as well as of the science of war. This sentiment, uttered at Helena, and quoted by James M. in an article on the war, might be aptly echoed by the allies today. I made the mistake of my career, I had the opportunity, that I did remove the Hohenzollerns from throne of Prussia. As long as house reigns and until the red flag of liberty is erected in Germany, there be no peace in Europe.

The Ontario government may go into the retail as well as the wholesale fish business if the fishermen in Toronto will not agree to keep down the price of fish.

"WEST WILLING TO TRUST LAURIER; DISTRUSTFUL OF PREMIER BORDEN"

"Knowing his past record, opponent of his long and honorable career in public life, the west is willing to trust Laurier." "The west supports conscription but it is pretty generally realized that it was brought forward by the government simply to fit the occasion—as an election issue."

These views from the west were given The Telegraph yesterday by Hon. J. H. King, M. P., minister of public works for British Columbia, who was in the city on a visit to his native province.

HON. J. H. KING, M.P., Minister of Public Works in British Columbia and member of Dominion Selection Board under Military Service Act.

"It is true that in the west as in other parts of Canada the political situation has been somewhat disturbed," said Hon. Dr. King when the subject was broached, "but things are simmering down."

As for conscription, the conversion of the government seems the most remarkable and mysterious feature. The military authorities meddled the recruiting in British Columbia when it was at its height and it was natural that men should not respond when official intimation was given that more men were applying than were wanted.

"Now I cannot understand why, if the reason for conscription in England was the necessity and urgency of conscription, why we haven't got it. That was in May and we found the Ontario and Quebec tribunals far from completion. Yours in New Brunswick were ready and possibly those of Nova Scotia, while in British Columbia have but one appointment to make, but the others are still incomplete."

"Conscription is a popular cry in many constituencies. It is easy to talk with the crowd but the men who showed real courage are the men who questioned the expediency of the measure, as did your own Dr. Pugsley, and were not afraid to say so."

Government Leads Dice. "As for the wartime elections act this has been accepted as pretty good indication that the government fears to meet the people in a fair, straight appeal. It has been the greatest principle of responsible government that the electorate chooses the government but this order has been reversed. This Borden government seeks to choose its electorate."

"We gave the vote to women in the west and recognized no limitations. To give a partial franchise to relatives of soldiers and beneficiaries of the patriotic fund seems like loading the dice just a little too much. So pronounced is the resentment in British Columbia over this feature of the act that I believe the government will lose rather than gain thereby. We are not so much affected in British Columbia by the disfranchisement of men of enemy alien birth but yet are able to appreciate the injustice of it. If these people are not supporting the war as they should—and many of them have given their sons—the law provides for their punishment. Why introduce this iniquitous measure to penalize Canadian citizens as a class?"

Hon. Mr. King said there had been little progress made in placing candidates in the field in British Columbia before he left that province. Sir Charles Hibbert Tupper had spoken at Chilliwack, supporting conscription but expressing his distrust of the Borden government.

Saving British Columbia. Speaking of provincial affairs, Hon. Dr. King said the Brewster government, led by a former New Brunswicker and with Hon. J. W. de la Parris, another Queens county man lately admitted as attorney-general, had done much to restore the credit of the province. "There had been, too, an improvement in general business conditions with a better market for lumber and revival of shipbuilding. Crops this year were only fair except in the north which was still handicapped by lack of transportation facilities. The Okanagan valley apple product was not

"SEND DEWEY DOWN THERE," SAID T. R., AND GERMANY QUIT

Chicago, Sept. 27.—Colonel Roosevelt today gave his version of the secret conferences he held with the German ambassador in 1902 relating to the occupation of Venezuela by Venezuela.

Colonel Roosevelt told the story for the first time, he said, in an address at a luncheon here.

"It was about a year after I took office," Colonel Roosevelt began, "Germany was engaged in striving to extend certain chosen positions in South America. She aimed to turn South America into a German appendage."

"I was determined that Venezuela should not become a German possession. Germany said it was not to be permanent and did not define what was meant by permanency. I permitted John Hay to write a number of notes and then I sent them to the German ambassador and said to him: 'This Venezuela business has been going on long enough and I cannot afford to let it get to the point where it will cause trouble for this country.'"

"At that time England was backing Germany, and while I had both against me I paid little attention to England. It was the last flicker of England's antagonism to the German policy."

"I called the attention of the ambassador to the fact that Germany had a squadron of warships near Venezuela, threatening the mouth of the proposed Isthmian Canal. I demanded a statement of what Germany meant by temporary possession, saying I did not propose to have any 99-year leases."

"Send Dewey Down There." "The ambassador told me he did not feel he was at liberty to discuss such an important question. That conference wound up with the following ultimatum: 'Tell your government that in ten days it must arbitrate the matter or I will send such a message, Mr. President; I do not think you realize what it means,' the ambassador replied."

"You think it means war? I asked. 'I do not want to say what I think' was the reply. 'If it means war, you have chosen the one spot where you cannot fight us' I replied and then I showed by maps our commanding position."

"When he retired I sent word to Dewey to be ready to sail on an hour's notice. About a week later the ambassador called on me and admitted that he had not dared send the message."

"I then told him that I would order Dewey to sail in forty-eight hours. He told me it would be an awful thing for this country. 'Yes, but it will be more awful for your country,' I replied. Inside of thirty-six hours he came back smiling and said he had received instructions from the German government that they would arbitrate."

Quits a Mistake. "Mrs. Flubhub is quite upset." "What ails her now?" "Seems the inadvertently paid somebody a call she didn't really owe."

Baptist Convention Elects Officers for Coming Year Foreign Work Described

Rev. Mr. L. Orchard Tells of Work in India and of Need for Funds - Want 1,000 Students at Acadia

The vivid description of the Baptist missionary work in India and the plea for more funds with which to carry it on, which Rev. Mr. L. Orchard presented on, which Rev. Mr. L. Orchard presented on, which Rev. Mr. L. Orchard presented on...

Work of Missionary. Mr. Orchard told of the manner in which the work is done and of the help which is afforded by the Indian preachers and teachers. He told just how a missionary goes on a tour of inspection to all the villages in his station, baptizes those who have become convinced of the truth of the gospel, preaches in the streets of the villages and looks into the manner in which the native preachers and teachers are doing their work...

On Acadia College. When Mr. Orchard had finished his eloquent appeal for the heathen in India, Dr. G. B. Cullen of Wolfville College, spoke on "Education and the five year programme."

The report of the enrollment committee was presented by Rev. J. G. A. Belyea and showed that there had been 124 present at the meetings of the association. They were fifty-eight ministers, sixty-one delegates and five visitors.

Dr. Cullen remarked that Acadia College has the equipment, faculty and the grounds to take care of 1,000 students at a time and there is no reason why there should not be that number at the college all the time.

and the national anthem, followed by a closing prayer by Rev. Dr. H. T. DeWolfe.

Afternoon Session.

The addresses given by the three speakers, Mrs. Taylor, Rev. E. H. Hayward and Rev. I. W. Williamson, were the features of the meeting of the Baptist Association in Charlotte street Baptist church yesterday afternoon. The meeting was opened by a devotional address by Rev. Dr. DeWolfe, in which he dealt with a subject taken from the Lord's Prayer. The subject was Give Us This Day Our Daily Bread. This address was one of the series of such addresses which Dr. DeWolfe has been giving all through the associational meetings and have been a source of inspiration to his audiences. After Dr. DeWolfe's address the election of officers took place and the results were as follows: Moderator, R. B. Wallace; vice-moderator, E. H. Cochran; secretary, J. G. A. Belyea; assistant secretary, J. E. Gouline; corresponding secretary, R. J. Colpitts; treasurer, James Patterson, and auditor, A. A. Wilson. Additional members were elected to the executive committee who will retire in 1920. They are: Rev. Dr. Hutchinson, Rev. F. L. Atherton, Rev. D. C. Clark and Rev. H. R. Boyer. Dr. J. W. Brown, D. D., presented the report of the letters committee, after which the new moderator was welcomed to the chair by Rev. J. G. A. Belyea, the retiring moderator. R. B. Wallace, the new moderator, replied briefly to the welcome extended to him by his predecessor.

The report of the Sunday school board was presented by Rev. Dr. Brown and was adopted by motion. Mrs. Taylor then delivered a very interesting and instructive address on training teachers for the future and the use and advantage of graded lessons. Rev. L. A. Buckley, who was to have given the address on A Practical Programme for the Teen Age, was unable to be present and the address was delivered by Rev. P. E. Hayward. A Programme for the B. Y. P. U. was the subject on which Rev. I. W. Williamson spoke and all his remarks were seconded heartily by his hearers. The meeting was closed with the singing of a hymn and a prayer.

The committee from the municipal council appointed to deal with the matter presented by the military hospitals commission for the building of a wing to the St. John County Hospital to accommodate forty patients, also a home for the nurses, and also to make necessary alterations in the present building to bring it and the wing under one economic administrative head. An agreement was drawn up by J. King Kelley, county secretary representing the municipality, and J. D. P. Lewin the commission, and it is stated, construction will be proceeded with.

best to keep us off the series of ridges. When we finish getting these ridges we shall claim a victory. "During the past month there has been a long pause, thanks to the rain and mud in Flanders," he said. "The pause made necessary more ample preparations than ordinarily after a first advance—preparations equivalent to launching an entirely new battle. But the result amply justified the preparations and while on previous occasions we won our objectives only after protracted fighting we, yesterday, were in possession of the whole of our objectives before 8 a.m."

Fighting in Vital Area.

"The fighting yesterday was in the most vital area, the nexus of the ridge system dominating the plain of Flanders and the key to the whole series of ridges. There is a good deal more to be said about this battle than what we gained. "Officers, who have been with the British army from the beginning, all agree that since the first battle of Ypres there has never been a slaughter of the Germans comparable to that they suffered in the repulsed counter-attacks of the past few days. The Germans counter-attacked in masses and dozens of these counter-attacks were swept away by our fire with terrible German losses."

SENATOR FOWLER LOSES BARN AND PIGGERY IN INCENDIARY FIRE.

Sussex, N. B., Sept. 27.—Undoubtedly a clear case of arson was the fire which last night resulted in the loss of a large barn and piggery, together with their contents. The property is owned by Senator Lieut.-Colonel George W. Fowler. It is the second serious loss that has occurred on the property within three years. The former fire resulted in a \$20,000 loss. It was shortly after 1 o'clock this morning when the fire was discovered by a son of the farm foreman, Frank Myers. It was then too late to save any of the contents, and the pure bred bull, Colony Foot Jake, a six-time winner of first honors at the Upper Canadian exhibitions last year, and a winner in sweepstakes, perished. He was undoubtedly the best Holstein bull in the maritime provinces. He was brought from British Columbia and was worth a large sum. Another pure bred bull in the barn eighty tons of hay, five hundred bushels of grain and a lot of machinery. The barn was eighty by sixty feet and was one of the largest in this section. There is only \$2,000 insurance on the property. The barn was closed before dark last night and no person authority was near it until it was discovered in flames. One resident in the

vicinity passed the premises at a late hour and at that time everything was all right.

U. S. Takes Over All Large Ships

Washington, Sept. 27.—Every American merchant vessel of more than 2,000 dead-weight capacity available for ocean service will be requisitioned by the government Oct. 15, the shipping board announced today in a statement giving the charter rates at which the vessels will be taken over. American ships available for ocean traffic total slightly more than 2,000,000 but some of them already have been taken for the army and navy. In most instances, except where actually required for actual government service, the ships, it was explained, will be turned back to their owners for operation on government account, subject at all times to any disposition the shipping board may direct. The rates announced will cut sharply the present charter and ocean freight rates charged by American vessels. It is the intention, it is understood, to apply them later to any foreign ships chartered in the United States. The chartering will be in the hands of the shipping boards chartering commission which Welding Ring, of New York, has just been named to head. For freight vessels the rates a ton per month figured on time charter on a basis of deadweight tonnage are as follows: More than 10,000 tons, \$5.75. 8,001 to 10,000 tons, \$6. 6,001 to 8,000 tons, \$6.25. 4,001 to 6,000 tons, \$6.50. 2,001 to 4,000 tons, \$6.75. 2,000 or 2,000 tons, \$7. Vessels of a speed in excess of eleven boards chartering commission which additional for each knot or fraction over eleven. All of the rates are tentative. Revision will be made, if found necessary, at intervals of not more than 90 days. The government will assume the war risk on the ships requisitioned and in some instances the marine risk as well. Where the marine risk is assumed the usual rate for this insurance will be deducted from the charter price.

GIANTS ARE A NEW TEAM

Only Three of McGraw's Players Were With New York Club When They Won the Pennant in 1913
After four years of vain endeavor the Giants once more have fought their way to the championship of the National League. With a brand new team, but with the old manager, the Metropolitan again is to be the scene of part of the annual baseball classic.
When McGraw's veteran championship outfit went to bed in the autumn of 1913, after winning three championships in a row and five since McGraw took charge, and was disbanded for the pennant by the Boston Braves, it was a bitter blow to the scrappy leader, one that he did not overcome for more than a year. He deemed his champions worthy of rank with any other club entered in the series of 1911, 1912 and 1913 title outfits were no longer able to hold their own. Then it was that McGraw began to build a new leading team.

MAN'S FRIEND, THE DOG

Another defender of man's friend, the dog, writes to The Times in reply to a recent letter in this paper:
"I wish to reply to the writer in your issue of Saturday last who pays no 'dog taxes' and who slanders our canine friends as 'useless dogs' under the cloak of economy.
As a careful breeder and exhibitor of dogs, also a taxpayer on same, I resent strongly those remarks, because they do not contain the truth. I admit all dogs are not street scavengers like most seen in the Orient, but neither are all cats rat-catchers. Admitted also that Leaks' average of 2,000 dogs in our city. Every city or town has its proportion of mongrel type. These latter kind effect the cost of living in no way. They are not as a class the overfed variety, and \$50,000 is not wasted on dogs in St. John.

THE TURF

Extra Heats at Columbus.
Columbus, Sept. 27.—Fifteen heats were raced this afternoon in four regular events and the unfinished 215 trot from Wednesday and star it was impossible to complete the meeting, a seventh heat being necessary to determine the winner of the 215. The race was unfinished when darkness came.
William, after his loss of the free-for-all pace, a week ago, again was made favorite today. He failed to finish inside the money. Ben Eadie winning the first heat and Miss Harris M. the last two of the event, which was a three heat race.

VALUABLE HORSE BREAKS LEG.

Louisville, Ky., Sept. 25.—Boots, rated one of the finest handicap horses in the country, stepped into a hole, broke his leg and was ordered destroyed, at Lexington, according to information racing here today.
The son of Hessian and Little Flower originally was owned by Harry Payne Whitney, who sold him to Oscar Lewisohn for \$10,000. A. K. Macomber purchased him last spring for \$20,000. He was six years old and was the good field and dashed away ahead from wire to wire.

MANIER MUST GO BEFORE THE COURT OF CASSATION

Paris, Sept. 28.—The minister of justice has decided to send Fernand Monier, president of the Paris court of appeal, before the court of cassation for "professional errors and imprudence." Monier first came before the public prominently at the time of the Calliaux case three years ago.

Y. W. P. A. MEETING

Captain McNally, of the headquarters staff of K unit, gave a talk last night before the members of the Young Women's Patriotic Association at their meeting held in the rooms of the G. W. P. Association. Miss Lois Grimmer, president of the association, was in the chair. After the lecture 225 was voted to be used for comforts in France; \$10 was voted to the Soldiers' Comforts Association, and donation was made to the military hospital. The members decided to pack fifty-one lone-soldier parcels, thirty new members joined the association last night.

WORK OF THE ST. JOHN AMBULANCE ASSOCIATION

The classes of the St. John Ambulance Association have begun for the season with an instructor in first aid to the injured, under the able tuition of Dr. Leatherbarrow. Classes on Fridays, Dr. Roberts has kindly consented to give a class in October, for which applications are being received. Miss Hazen is receiving applications from those students of first aid and home nursing who wish to be re-examined with a view to winning the medalion of the association and who prefer first to take another course of instruction. These should be sent in at once.

SAVE AMERICA FROM SCRAP HEAP.

Boston, Sept. 27.—The schooner yacht America, which in 1851 won the Royal Yacht Squadron Cup, since known as the America's Cup, was sold today to members of the Eastern Yacht Club of Marblehead. The principal object of the purchasers was to save the famous craft from the scrap heap or from being refitted for commercial use between New Bedford and the Cape Verde Islands. It was said the America probably would be preserved as a museum.

HONORS TO BOX MATCH.

New York, Sept. 28.—Battling Levinsky being in disfavor with the boxing commissioners, has been informed that he will not be allowed to perform against Billy Miske here on Friday night. Carl Morris has been substituted.

Miske is much lighter than the puggerous Carlos, but he is nearly as tall. Billy meekly admits that if Jim Corbett could prance around the big ones at his weight he sees no reason why he shouldn't be able to do the same. Morris recently lost a bout to Fred Fulton on a foul in Canton, O.

MCGINNITY AND HIS SUCCESSORS

Some of The "Iron Men" Of The Baseball Game

Perritt, Benton and Demaree Among Those Eligible For Select Company—Some Feats of Pitchers

Back in the days of 1906 and 1908, when McGraw was winning his first pennants in New York, Joe McGinnity, who with Christy Mathewson bore the brunt of the Giants' pitching burden, was the man who first attracted attention by pitching double headers.

Following the disappearance of Joseph, so-called Iron Man stunts were rare in the big leagues until the custom was revived with considerable frequency during the last two seasons. There were desultory Iron Man stunts enacted in the period between the McGinnity era and 1916, the most notable one being a double header pitched by Ed Reulbach, while a member of the Cubs, in Brooklyn on Sept. 26, 1908.

It took place just three days after the famous Merkle failure to touch second, and the Cubs were straining every point to cut down what remained of New York's lead. Reulbach turned in the first game 3 to 0, and went so well that Crane asked him to try it again.

again. Reulbach still had his fast ball hopping over the place to the complete mystification of the Brooklyn batters, and he won another shutout, 3 to 0. This is the only double victory in the records of the last decade where a pitcher has turned in two shutouts a day in the major leagues.

The doubleheader habit was revived in St. Louis last season by big Dave Davenport of the Browns. On July 29, he trimmed the Yankees two games at Sportsman's Park by scores of 8 to 1 and 8 to 8. This was the first indication of the big Yankee smash. The Yankees left on their second western trip three games ahead, but with Baker, Magee, Gilhooly, Malsel, Nunamaker and others laid up for repairs. The Yankees lost six straight in that series, were tumbled from the top, while Caldwell broke loose again and was suspended for ten days and then for the rest of the season.

Davenport's Great Work Big Dave permitted only nine hits in the 18 innings, four in the first game and five in the second. Caldwell opposed him in the early game and Russell in the second. Davenport delivered a two-lugger in the second game, which drove in two runs, winning the game for St. Louis. However, on each of his other five times up Big Dave fanned.

Dick Rudolph, a Bronx boy who pitched for the Braves, was the next to imitate Joe McGinnity. On Sept. 12, when the Braves were half a lap behind the Dodgers, Rudolph shut out the Cubs in Boston by a score of 1 to 0, defeating young Carter. He also pitched nine innings of the second game, when he retired in the ninth in favor of a pinch hitter. The game resulted in a 14-inning 2 to 8 tie.

On the next day, Sept. 18, Ed Reulbach pitched 18 innings of another double header. He started the first game, but was relieved by Tyler in the fifth inning. In the second game Jess Barnes was knocked out in the first inning, and Reulbach went to his rescue with only one out, and then pitched practically the complete game. Boston won both ends of the double header by scores of 7 to 8 and 11 to 6.

Poll Perritt was a jealous cuss; he didn't want any left hander to have anything on him, so one Saturday Polly became an iron man. On Sept. 9, he subdued the Phillies in two games by scores of 2 to 1 and 3 to 0. Demaree was his opponent in the first game and Bender in the second. This double defeat knocked the Phillies from the top of the roost and with the exception of

few hours on Sept. 30, when they won the morning game in Brooklyn, they never recovered that lead. Perritt's two victories were the third and fourth links of the 26 straight winning streak.

Record Crowd Saw Perritt Perritt's double victory was a gala day for the National Exhibition company. The crowd which saw it, exceeded 28,000, and according to a statement by President Hempestead, more money was taken in that afternoon than in any other league game in the club's history. He said never in the history of the club had the grounds been so completely sold out.

The Pirates made a noble effort to regain the lead, and if winning double headers would have availed anything the trick would have been done. Al Demaree is not constructed on the same model as Joe McGinnity, Fred Toney or Grover Alexander, but he got into the iron man class on Sept. 20. Alberts made short work of the Pirates in the first game of a double header, winning over Wilbur for Demaree. The Pirates tied the score in the ninth inning, but Philadelphia won out, 3 to 2, in its half after Claude Cooper had gone to bat for Demaree. Caldwell tied four hits in the first game and nine in the second.

Demaree had a tougher time beating Al Munnix in the second game. The Pirates tied the score in the ninth inning, but Philadelphia won out, 3 to 2, in its half after Claude Cooper had gone to bat for Demaree. Caldwell tied four hits in the first game and nine in the second.

That closed the iron man history for 1916. Four pitchers tried the iron man stunt this season, and they have been very successful. The quartet comprises Rube Eller and Fred Toney of the Cincinnati Reds, Ray Caldwell of the Yankees and Grover Alexander of the Phillies. Toney, Caldwell and Alexander won both their games, while Eller had to be satisfied with an even break.

Eller Breaks Even Eller was the first to try it, turning his trick in Cincinnati on June 19, the Cubs furnishing the opposition. In the first game Rube had the misfortune to run into Big Jim Vaughn, and succumbed by a score of 2 to 4, notwithstanding that Cincinnati out-hit the Cubs 11 to 5.

Nothing undaunted, Eller tried it again, and this time came out on top by a score of 6 to 2. The game was called on account of darkness at the end of the sixth inning. In the second game Eller opposed Aldrich, Frendergast and Reuther, and allowed seven hits.

Four days later Ray Caldwell beat the Athletics twice on the Polo Ground, the date being June 23. He pitched only six innings of the first game, as Donovan took him out with a lead of 9 to 0 so as to give young Eddie Monroe a workout. This game was won by the Yankees, 10 to 4. Caldwell then went in and also won the second game, although Young Russell Johnson gave him a great argument. The Yankees won by a score of 2 to 1, bagging both of their runs in the ninth inning after two were out.

In his 18 innings, Caldwell permitted only nine hits and one run. The next pitcher to come along who felt he could put over two victories in an afternoon was Fred Toney, the big Red pitcher really is an iron man if there ever was one. He is able to stand more worry than any other pitcher in the game today.

Toney Beats Pirates Big Fred won two decisions over the lowly Pirates in Cincinnati on July 1, winning by a score of 4 to 1 and 5 to 1. The Pirates squeaked out with a lead of three hits in each game. Jacobs opposed him in the first game and Bob Steele in the second.

Alexander of the Phillies is the last pitcher to turn in a double victory, it being the second one in Aleck's career. His iron man feat in Toledo Place on Labor Day afternoon still is fresh in the minds of fans. He won by scores of 3 to 0 and 9 to 3. In the first game he permitted four hits and nine in the second.

According to the time reports of Empire Rider, first in the National League officers, the time for the games was one hour and fifteen minutes and one hour and thirty-five minutes, respectively. John Heyler, secretary of the National League, says he believes this to be the record time in which a National League double header has been played.

Shepard-Cossaboom. Digby, N. S., Sept. 27—A very pretty wedding took place on Wednesday evening last at South's Cove, Digby, at the residence of Connelley and Mrs. W. Cossaboom, of Harbor View Summer Hotel, when their eldest daughter, Lillian, became the bride of Ralph Hammond Shepard, of Everett (Mass.).

The ceremony was performed by the Rev. A. McNicoll, the Baptist pastor of Clementville, and the double ring service was observed in the presence of about 150 guests.

What is Crushed Coffee?

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction—

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffees.

Sold only in double-sealed air-tight cans to keep it good. The same price as it was three years ago.
