AN INVITATION.

It may be interesting for you to visit the Optical Department and see the most modern ways of testing the eyes. Charts, etc. for detecting and locating and explaining the various optical conditions of the eye. There are

NEW SIGHT SPECIFIC IN CANADA.

Our Eye Specific corrects the most difficult cases of Amblyopia, Strabismic, Esotropic, Exotropic, and other forms of Eye Defects. It is a new and powerful method of correcting the eye. It is a new and powerful method of correcting the eye. It is a new and powerful method of correcting the eye.

HOW TO GET THE PERFECT VISION.

Even to those who have been never before able to get the Ordinary Spectacles to Suit. An intelligent knowledge of the eye, its anatomy, functions, causes and cure for defective vision is very necessary to all who have any inconvenience of sight and useful to all. Visitors to Ingersoll are calling as well as residents; and are surprised and pleased to find such facilities for scientifically testing without the expense of going to the cities. Hundreds of persons are now availing themselves of the opportunity to have their SIGHT TESTED FREE.

Visitors are not expected to make any purchase, but should they or their friends at any time desire to have their sight properly tested and corrected they will see and know the importance of consulting a Specialist who will give the eye more ease and restore more perfect vision than is possible in the ordinary manner of fitting Spectacles. If people realized the harmful effect of improperly fitted and imperfectly made spectacles they would not injure so important and sensitive an organ as the eye by such ill-treatment. Remember it costs you nothing to have your sight tested scientifically by

J. W. BROWETT, OCELIST, OPTICIAN. (Graduate Optical Institute of Canada.)

If you wish your sight tested have a half hour reserved for you.

If you wish to see our Optical Department and have an idea of the proper method of testing the eye, you are cordially invited to call at

INGERSOLL DIRECTORY.

PREFACE.

In presenting to our patrons and the public our first Directory of Ingersoll, we have endeavored to make the work as complete and concise as possible. A thorough canvas has been made from house to house, and if any names are missed it will be found that persons so missed are much to blame as our canvassers have been careful to ask for all names in the houses. We are much gratified at the result of our labors, as it will show that the town is in a flourishing condition.

The Postal revenue, which is very large for a town of this size, has increased in the last decade more than one third, and our factories, of which we have a fair share, are all active and prosperous.

During our canvas very few vacant houses have been found, which in itself will indicate that the town will compete very favorably with any in the country.

The town will be found ranking very high in the matter of insurance, as it has one of the best Waterworks Systems and Fire Brigades to be found in Canada.

Being beautifully and conveniently situated, and having good shipping facilities, good Electric and Water power, a number of large factories employing a large number of men are located here, among which will be found the following larger ones.

THE NOXON BROS MNFG CO., (LD),

Agricultural Implement Manufacturers, of whom further information will be found on another page, have been doing business and steadily increasing for years and are now employing about two hundred hands.

J. L. GRANT & CO.,

Pork Packers and Cheese Exporters, have been rapidly increasing and are now the largest pork packers in Canada, having a capacity of over fourteen hundred hogs per day.

THE EVANS BROS. PIANO CO. (LD).

Are employing in the neighborhood of fifty hands, manufacturing their first-class instruments.

THE JOHN MORROW MACHINE SCREW CO.

Who have only been established here a very few years, have already doubled their capacity, and are continually increasing their business.

THE HAULT MNFG. CO.

Manufacturers of fine upholstered goods and upholsterers supplies, employ upwards of fifty hands.

THE UNION PUBLISHING CO.

Directory Publishers are the largest house in the business in Canada and publish every County in Ontario, besides about fifteen City Directories.

BRADBURY & CO.,

Woolen manufacturers, are doing an extensive trade throughout the district.

P. STUART & CO., Oat Meal and **WM. PARTLO,** Flour Millers, do a very large export trade in their different branches.

W. C. BELL, F. RICHARDSON, and NAGLE BROS., Manufacturers of Sash, Doors and Blinds.

THE LOCKED WIRE FENCE CO. (LD), are doing a very successful business throughout Western Canada.

M. T. BUCHANAN, Manufacturer of Hay Forks and Iron Fences.

PEARSON & CLARK, Manufacturers of Ornamental Iron Work.

THOMAS BROWN & SON, Manufacturers of Fine Shoe and Harness Leathers.

The principal Industry of the District, however, is Cheese, which is represented in the town by almost every House doing an export Business. The Ingersoll Cheese Market is the largest in Canada, if not in America, and is known wherever cheese is sold.

T. D. MILLAR,

One of the Pioneers of the business in Canada, has a large factory in the town for the manufacture of his famous "Paragon Cheese" which has a reputation in all parts of the world.

Thanking our patrons for their encouragement, and the Citizens generally for their civility and assistance, and hoping the town will continue to prosper we remain.

Yours Respectfully

THE PUBLISHERS.

THE INGERSOLL SUN

Is Published on Wednesday Afternoons

At 'THE SUN' Printing House, Ingersoll.

Subscription,—\$1.00 a year in advance.

THE SUN is a Bright, Breezy and Readable Local Newspaper, devoted to home affairs.

It is an eight page paper, six columns to a page, the same size as its local contemporaries, and it usually contains from 3 to 6 columns more of new and interesting reading than either of them.

It is printed with clear and distinct type, and carefully edited with a view to giving a large and varied range of reliable local and general information suitable for family reading.

It is the only fearless and consistent local advocate of Temperance published in this district.

THE SUN is the best live local Newspaper for the people.

It has a large and rapidly increasing circulation among all classes of people in the town and surrounding country.

It is a valuable advertising medium, offering many advantages to the merchant, mechanic, manufacturer and farmer.

NOXON BROS. MNFG. CO. (LD).

The Noxon Bros Mnfgr Co. Ld. of Ingersoll, manufacturers of agricultural implements, is one of the oldest established firms in Canada engaged in the manufacture of agricultural implements. The business was first established in 1856, and incorporated as a joint stock company in 1873. Throughout all these years the management of the business has been practically continuous, so that the wants and requirements of a progressive and energetic agricultural community have been thoroughly understood and every endeavor made to meet their demands by the production of the highest type of implements which the inventive and mechanical ability of the times has developed. Their factory is equipped with the latest improved labor-saving machinery, as well as special appliances for the manufacture of the different parts of implements with the greatest precision and at the lowest possible cost, thus ensuring in them the highest degree of efficiency and the greatest amount of service to the purchaser.

The officers of the company are:—

Samuel Noxon, president; T. H. Noxon, superintendent; Stephen Noxon, treasurer; R. H. Cotter, secretary, who are engaged in the active management, and in conducting the affairs of the company and through whose energy and devotion to its interests the productions have attained such an enviable reputation throughout the country. The aim of the management has been to apply themselves to the production of certain lines of goods, and by giving these special attention to produce a better article in every way than where attention is necessarily divided among a large number of articles of manufacture. The shops are conveniently situated between and adjoining the Grand Trunk and Canadian Pacific Railways, which admirable location furnishes the best of shipping facilities for their large product.

Invitations, At-Homes, social, commercial or society circulars, notices containing blanks filled in by writing, are subject to letter rates of postage, irrespective of being unsealed.

A letter once posted becomes the property of the person to whom it is addressed, on no application however urgent can it be delivered back to the writer or to any other person.

A letter delivered to a wrong person, from any cause whatever, should be at once returned to the Post Office, and if it has been opened, the party who opened it should write on the cover—"Opened by me through mistake" and sign his name thereto.

Examine all correspondence before mailing, to see that it is properly addressed and prepaid, if any doubt exists as to the latter enquire at the Post Office wicket.

No information can be given respecting letters which pass through a Post Office, except to the sender or the person to whom they are addressed.

Parties changing their residence, or who desire to have their correspondence re-directed, should inform the Postmaster in writing, stating their old as well as their new address.

The only "request" letters that can be recognized are those originating within the Dominion, Newfoundland or United States and addressed to places in these countries.

Stamps should be affixed to letters on the right hand upper corner of the face or address side.

To attempt to use any stamp that has previously served for payment of postage is by law made an offence punishable by fine, and to remove marks of cancellation for the purpose of using such a stamp a second time is by law a misdemeanor, punishable by fine or imprisonment or both. No mutilated stamp can be accepted in payment of postage, nor should any soiled stamp be used.

All matter produced by the type-writer is subjected to letter rate of postage.

Post all correspondence as early as practicable, especially when sent in large quantities, the latter tie up in bundles, with the addresses all in one direction.

Address all correspondence in a legible and complete manner.

Every letter should contain within the full name and address of the writer in order to insure its return, if for any cause it should be sent to the Dead Letter Office.

Do up all classes of mailable matter in strong covers, discarding the use of flimsy, brittle paper for such purposes.

Letter boxes attached to the doors of offices and private residences will facilitate delivery by Letter Carriers.

If a registered letter should not reach its destination as quickly as an ordinary letter, no uneasiness should be felt. In some cases a slight delay is experienced owing to the precautionary system of registration now in operation, but in no case should the delay exceed 24 hours.

Complaints of incivility on the part of Postal Officials, or any postal irregularity, should at once be made to the Postmaster, or in his absence to the Assistant Postmaster.

Carefully preserve the covers of correspondence, the contents of which are not correct.

In some cases the dials and time indicators attached to the street letter boxes have been maliciously broken and mutilated. The Postmaster will suitably reward any person furnishing such information as will lead to the conviction of the offender.

GENERAL LAWS AND REGULATIONS, HINTS, ETC.—Continued

Correspondence intended for delivery in Ingersoll should be addressed "Ingersoll" or "town," with the name of street if desired. Letters should not be addressed to residences by their fancy titles, many such being similar in name to some long established Post Office, to which they are liable to be sent in the hurry of sortation and thus cause delay and consequent annoyance. If it is particularly desired to use a residential address, it should be written on the lower left hand corner of the envelope and not incorporated with the full address.

Private individuals having inconsiderable correspondence are requested to avail themselves of free delivery by carriers instead of renting boxes at the Post Office.

Packets of deeds, insurance policies, etc., entitled to transmission at the 1c. per 2 oz. rate of postage, are subject to a higher rate if they contain in addition manuscript or other matter not entitled to the lower rate.

Newspaper and book manuscript, in order to pass at reduced rates, should be addressed direct to a publisher for printing.

Address all official letters simply to "The Postmaster."

Judicious complaints from the public, where there is substantial reason for them, are of great service in drawing attention to things that require amendment.

The Canada Official Postal Guide, which contains Postal Regulations, a list of Post Offices in the Dominion, and other useful information, may be had of the Queen's Printer, Ottawa, for 50 cts.
