SURVEY OF BRUNSWICK

Forester Prince
rites the Work.

Full of Valuable Ma-
terial Read at Meeting of
Canadian and American
Foresters in Toronto.

Toronto, Dec. 27.—During the whole
of this week, visitors from all over the
United States and Canada will study the
exhibits and displays of scientific ap-
paratus forming part of the attraction to
the meetings of the American Asso-
ciation for the Advancement of Science
here. These exhibits are located in the
annex at the rear of Convocation Hall,
University of Toronto. Products of
British and American manufacturers of
scientific equipment for educational re-
search purposes in all branches of
science, are on display, along with a
very fair number of Canadian contri-
butions.

Among the more important and in-
teresting displays are those of the manu-
facture of electrical apparatus and
temperature controlling and measuring
devices.

A paper full of valuable experiences
that might be adopted with profit by
other provinces was read by G. H.
Prince, provincial forester of New Brun-
swick, at the forestry meeting.

To make possible the adoption of im-
proved methods of management in the
state a complete classification of the
wooded lands is being made. More than
500,000 acres have already been class-
ified as to nature of the soil, amount
of timber by size and species per unit
of area, with complete forest maps to
show the location of the various
topography and timber. The survey
being made on a four per cent basis
is the most comprehensive of its kind
undertaken in America.

The carrying out of the timber re-
sources and the collection of data in the
hands of technically trained fore-
sters. The revenues from the forests
have more than doubled in the five years
that the administration of timberlands
has been in the hands of foresters.

To preserve the best cutting method
for stands of slow growing spruce which
do not reach the regulation cutting
limit, and upon which special cutting
permits are granted, an area of one
square mile has been reserved and
logged experimentally under different
cutting methods on a scale sufficiently
large to form under intensive study con-
clusive results in a few years. Co-operation
is maintained with the Dominion Gov-
ernment and lumber companies in this
work and it is expected that more ex-
perimental reserves will be established
in other forest types for the purpose of
improving cutting methods now in
force.

New Brunswick's forest policy has
been definitely established. To the
forestry service is given the means of im-
proving on the details of the various
phases of forestry administration, and
it is not so far distant a time
measured in forestry when the de-
partment's pioneers will be ideal.

UNEMPLOYMENT

Meeting Here Tonight—Situation
in Toronto is More
Hopeful.

A public meeting to discuss the unem-
ployment situation will be held this
evening in the Pythian Castle under the
auspices of the trades and labor coun-
cil. The speakers will be the Rev. Wm.
M. Duke, Rev. Canon Armstrong, Rev.
H. E. Thomas, Mrs. F. S. White, of the
Red Cross, Miss Coates, of the Y. G. N.,
and Kenneth Christie of the Dominion
Employment Service. After the address-
es, suggestions to be made to the unem-
ployment situation will be asked from
the body of the hall.

The Rotary Club will hold a special
luncheon at Bond's tomorrow to dis-
cuss the employment question.

Toronto, Dec. 27.—John Doggett, sec-
retary of the building trades union, said
today that the employment situation
at present was more hopeful than
it was last year. He said there was
work in sight which, with government
aid, would reduce unemployment in
the building trades industry to a mini-
mum this winter.

Ottawa, Dec. 27.—(Canadian Press)—
Employment in Canada during the two
weeks ended November 10, showed a
marked decline from the previous
weeks period. The index number of the
employment of labor stood at 88.8 as com-
pared with 92.2. On Nov. 20, of last year
the index number was at 103.1. The
three prairie provinces and Ontario
showed the most important shrinkage,
and largely to losses in railroad con-
struction and maintenance.

Lord Fitzalan is viceroy of Ireland, and may be the first governor of the new
Irish Free State.

WHAT NEXT?

When a certain condition or set of
circumstances is encountered once it is
usually termed an incident; when the
same thing recurs a second time it is
named a coincidence; but when it hap-
pens over and over again, it is either a
habit, a disease, or a STYLE. And in-
cidentally some of those who aim to set
the fashion are often darned poor shots.

On Saturday afternoon a Times re-
porter was making his way homeward
from the photograph which poured the
strait of the Adelic Fideles across King
street, when he passed a young lady
in a blue dress, wearing a pair of three-
huckle overshoes, the two top clems of
which were fastened to the sole of the
shoes by a number of small studs. She
was not fastened, thus allowing the
tops to flap nertly in the breeze. This
was the incident. He presumed that she
had rushed hastily from her place of em-
ployment to a neighboring shop to make
a purchase and did not bother going the
whole way on her footgear unfastenings.

SKATING PLACES
FOR THE CHILDREN

The East End Improvement League
has almost completed its new building
beside the skating rink. It will be in
full use next Saturday afternoon when
the league will have its first skating
event for the special benefit of the chil-
dren.

Dies in Street Car.

Ottawa, Dec. 27.—Alex. S. MacDonald,
aged sixty-three, a well-known resident
of this city, died suddenly in a street
car last night, when he was seized with
an attack of heart failure.

HAVE FOUND WAY
TO MAKE GOLD

That is Report Coming from
Germany.

Wall Street Not Disturbed
Over It—Prof. I. Fisher of
Yale to Investigate—Diam-
onds Have Been Made,
But at Very High Cost.

(Canadian Press).
New York, Dec. 27.—Wall street to-
day seemed undisturbed over persistent
reports that a German scientist had
succeeded in making synthetic gold.
Skepticism likewise prevailed among
chemists. Quite a number of other people
recalled their copybook maxim, "All is
not gold that glitters," and intimated
disbelief in despatches which hinted that
the age-old quest of alchemists had
reached its goal.

Both Dr. Byers and Dr. Harrison E.
Howe, editor of the Journal of Industrial
and Engineering Chemistry, differed
from Professor Fisher, who has gone to
Germany to investigate the reported
synthetic gold achievement, in statements
attributed to him that synthetic gold
might be worthless.

GOOD WORDS BY
JAP REGENT AT
DIET OPENING

Tokio, Dec. 27.—Crown Prince Hiro-
hito, the regent, personally reading the
speech from the throne at the opening of
the forty-fifth diet yesterday, expressed
gratification in noting the increasing
friendship of the Japanese government
with the treaty powers and that the
Washington conference was approaching
a successful conclusion. He urged co-
operation of the Japanese people in the
promotion of national prosperity and
lasting peace in view of added respon-
sibilities of the nation with respect to
international relations.

TOO POOR TO WED;
BOY AND GIRL ARE
POISON VICTIMS

Passaic, N. J., Dec. 27.—Too poor to
marry. That was the reason that im-
pelled Thomas Brandam, eighteen, and
his sweetheart, Mathilda Hilt, seventeen,
to take their lives by poison here early
today, so the boy told the police at the
hospital, just before he died. Thomas
was employed as a clerk by a local mill,
and the girl was a stenographer.

As Hiram Sees It

The Times reporter
had seen early and had
gone with Hiram to feel
the stock. He had eat-
en such a breakfast as
such a dinner as only
Mrs. Hornbeam can
cook. He had gone with
Hiram, and later had stood
with Mrs. Hornbeam at
the window to see out
of those crimson ar-
rets that set the west-
ern sky aflame, beyond
the white fields and
the darkly wooded hills.
He had talked much,
and had dallied with a se-
lectious supper.

For a time the three sat silent, gazing
into the flames, perhaps seeing there the
ghosts of vanished dreams, and listening
to catch the faint and far-off echo of
laughter and song, since Hiram who broke
the spell. Rising suddenly and reaching
for his pipe, he said:
"How delightful," said the reporter, as
the three went into the house, to the
dancing glow of the open fireplace, "to
be young on such a night—to be stirred
by sweet music, and to live in a world
of dreams."

END IS IN SIGHT
AT WASHINGTON

Delegates Anxious to Wind
Up Work.

Four Power Treaty to be Re-
written Before It Goes to
the U. S. Senate—French
Await Further Word from
Home re Navy.

(Canadian Press).

Washington, Dec. 27.—France having
again asked for delay and the meeting of
the committee on reduction of naval arm-
aments having been postponed till to-
morrow, speculation is rife as to the fate
of the Hughes proposals. Generally
speaking, the impression is that some
agreement will be reached.
Failure of the French delegates to re-
ceive the formal decision of their gov-
ernment on the U. S. compromise pro-
posal for limitation of the submarine
strength was the cause of the delay in the
possession of the meeting of the naval
committee.

It was believed that the Japanese also
might be awaiting restricting instructions
from their government bearing on the U.
S. proposal.

The visiting delegates are anxious to
wind up their work, and the Washing-
ton administration would be glad to
have the conference practically conclud-
ed by the time congress reassembles on
Jan. 3.

The four power treaty has never been
submitted to the senate and probably
never will be in its present form. The
senate scarcely can be expected to ratify
a treaty about whose meaning the presi-
dent's cabinet is still at variance.

It will, therefore, be re-written so as
to exclude the homeland of Japan before
it is submitted to the senate. The admi-
nistration would be glad to have the
four power treaty as it is, but it is not
likely to be accepted at that account.

The irreconcilables in the senate, like
Borah of Idaho and Reed of Missouri,
will probably oppose the treaty, no mat-
ter what changes are made in it, and
they may be also counted upon to an-
tagonize the treaty restricting naval arm-
aments and the treaty which will deal
with the situation in China. The admi-
nistration is confident, however, that
four power treaty can be ratified if re-
written and less opposition to the re-
writing treaty is anticipated in the
senate.

SERIOUS AT MINES
OF DRUMHELLER

Two Arrests, Open Revolt
and Near Bloodshed in Al-
berta.

Calgary, Dec. 27.—Christmas this year
did not bring peace and good will to
the mining camps of Drumheller Valley,
northeast of Calgary. It brought only
trouble and misery, open revolt and al-
most bloodshed and developed a situa-
tion that gives rise to the fear of very
serious developments in the next few
days.

William Ryan, vice president of the
U. M. W. of America district 18 and
Peter Roff, a picket, are under arrest,
more than 300 miners are on strike and
the miners in general are close to open
revolt as the result of the developments
over Christmas. The trouble has arisen
from the action of the management of
the Collic mines at Drumheller, which
recently put into effect a twenty-five
per cent reduction of wages of their
men. The agreement between the opera-
tors and miners of district No. 18
expired on the 1st of March. One hun-
dred and fifty men immediately went
on strike. The men of the Monarch
mine, numbering 175 went on strike
today.

The Western Canada Coal Operators
Associations, desiring that the intention
of its members is to live up to the
present agreement. Neither of the mines
affected are members of the organiza-
tion.

VETERANS ARE TO
MEET ON JAN. 10

Toronto, Dec. 27.—The second annual
conference of the dominion chartered
veterans' organizations will take place
in Winnipeg commencing on Jan. 10.

The first convention called by G. A.
U. V. was held at Port Arthur on Oc-
tober 17, with representatives of the
G. A. U. V. G. W. V. A. and the Im-
perial Veterans. F. C. Taylor of Port
Arthur was chairman of the Port Arthur
meeting, has been in attendance with
representatives of the G. A. U. V., with
the result that Jan. 10 has been decided
upon. It has also been decided that an
international convention of dominion char-
tered veterans' organizations to send re-
presentatives.

The tubercular association has already
made application to be represented.
The G. A. U. V. has received instruc-
tions from the provincial commands in
each province to discuss amalgamation
only to refrain from discussion of any
form of federation under different char-
ters at this method of unity is declared
impracticable.

FINE RECEPTION FOR
PRINCE IN CALCUTTA

Calcutta, Dec. 27.—Great crowds
gathered here yesterday when the Prince
of Wales attended a race for the Vic-
roy's Cup. The five huge stands were
packed with Europeans and natives who
gave the prince a remarkable reception
as he drove slowly around the course.

tion.

FRENCH CLAIMS
ARE UNDER FIRE

London Press on the Subma-
rine Question.

Balfour Praised for "Tri-
umph" and "Moral Vic-
tory"—Call for Acceptance
of U. S. Offer as Next Best
to Abolition.

(Canadian Press Cable).

London, Dec. 27.—France's claims
for a large fleet of submarines, made
before the Washington conference, as
again attacked by the London news-
papers, which resumed publication this
morning after the Christmas holidays.

"Doubling any class of naval tonnage
seems, on the face of it, a strange pro-
position at a conference assembled to
reduce armaments," declared the Daily
Chronicle. "We cannot pretend to
fathom the French motive for such an
aggressive attitude."

Impugnance with the French remand
expressed by other London newspapers,
the Westminster Gazette characterizing
it as extravagant. The newspaper adds:
"It emphasizes the all-important differ-
ence between the spirit and letter of the
American proposals for naval limitation."

Arthur J. Balfour, head of the British
delegation in Washington, is given warm
praise by several of the newspapers and
the U. S. offer for a reduction in her
own and British submarine tonnage is
extolled as the next best thing to abo-
lition, which Great Britain desired.

"French style, the British and American
colonies took Christmas dinner at mid-
night. The Westminister Gazette, referring
to Mr. Balfour's 'moral victory' says:
"The Westminister Gazette, admitting
that Great Britain will not easily come
to terms with France, says:—'Evidently
we shall come to terms sooner or later
with America on this question, for we
have the same ultimate aim.'"

BOARD OF TRADE TO
SEE MAYOR ON MATTERS OF
UNEMPLOYMENT HERE

The city unemployment situation
formed the theme for discussion at
a meeting of the Council of the
Board of Trade at noon today. Re-
ports were heard from outside inter-
ests and it was decided that the Council
co-operate with the Mayor in the mat-
ter, and that, in order to secure a full
understanding, a committee of the Board
should wait upon the Mayor as early as
possible to talk the matter over and
arrange what steps might be taken.

FRANCE AND CHINA

Paris, Dec. 27.—Premier Briand an-
nounced his intention to introduce a bill
in the French parliament this afternoon
authorizing the government through
agreement with China, to use the box-
car indemnity for the re-establishment of
the industrial bank of China, with a view
to preserving France's material and moral
interests in the Far East.

Silent Toast to Sir A. Pear-
son by Blind at St Dun-
stan's.

(Canadian Press Cable).

London, Dec. 25.—Although in many
homes in the poorer districts the spectre
of unemployment stalks grimly, there
was no relaxing of the spirit of peace and
good-will associated with Christmas-tide
in London. Numerous charitable insti-
tutions redoubled their efforts to afford
to the poor some comfort and luxury,
while various institutions and hospitals
scattered throughout London were also
well remembered.

Thousands of Barnardo's boys and
girls spent their last Christmas at Step-
ney, as the home is being transferred to
a new estate in the country near Her-
ford. Those inmates of St. Dunstan's
who did not spend Christmas with
friends were seasonably entertained, a
silent toast being given in memory of
Sir Arthur Pearson, the founder of the
famous institution for the blind.

The real spirit of Yuletide, however,
had freer scope at the leading west-end
hotels, where an extensive round of fe-
stivities had been arranged. Generally
these were on a quieter scale than usual
owing to Christmas falling on a Sunday,
but dancing was not altogether absent.
The Savoy Hotel, which was wonder-
fully decorated and illuminated, offered
special inducements and surprised din-
ers by serving bears' hair brought
from northeast Norway, cooked in oil
and served with chestnuts.

HELD RESPONSIBLE
FOR NINE DEATHS

Coroner's Verdict in Matter
of Fatal Theatre Fire in
New Haven.

New Haven, Conn., Dec. 27.—City
Building Inspector Jos. E. Austin, Law-
rence Carroll, manager of the Bialto
theatre, and Alfred S. Black, president
of the Connecticut Theatre Corporation,
which controlled the theatre, are held
criminally responsible for the death of
nine persons in the Bialto fire of No-
vember 27, in a finding by Coroner
today.

The coroner criticizes all persons who
were connected with the operation of
the theatre and the presentation of a
prologue to a moving picture film, while
prologue, he holds, was the direct cause
of the fire. He finds them negligent but
not criminally responsible. Burning in-
cense to give "atmosphere" to the pro-
logue ignited flimsy stage draperies.

The coroner finds that violation of the
law in the theatre included: Absence of
an asbestos curtain, lack of a water cur-
tain, an automatic sprinkler, casks of
water on the stage, loose connections, lack
of fire-proof scenery and woodwork.

Chief of Police Smith and members of
his force are also criticized for having
failed to see that the theatre was legally
licensed and in permitting the prologue
to have been given.

BIG SCORES ON ALLEYS

One of the chief sources of amuse-
ment yesterday was bowling. All the
local alleys had prizes up for the
individual making the highest score. On
Black's alleys George Rogers won a ham
with a score of 117. On St. Peter's
alleys a turkey was won by Harold
Cleary with a similar score. On the
Y. M. C. alleys a prize of a pair of
boots had been up for some weeks and
were won by James McNulty with a
score of 136. Frank Garnett was a close
second, rolling 135. The books were
donated by A. Fine, Union street. Dur-
ing this week the one making the high-
est score in competition will receive a
turkey and the one making the highest
three string total in competition will re-
ceive a box of cigars. On the Victoria
alleys Edmund Britt won a prize with a
score of 140.

PLENTY OF COAL
IS U. S. REPORT

Wall Street Journal Says
There is Stagnation.

Estimate of Five Million Tons
on Hand Ready for Ship-
ment—Breaking Egg Into
Stove and Chestnut.

(Canadian Press.)
New York, Dec. 27.—There appears to be plenty of coal in sight for everybody this winter, according to reports printed this morning by the Wall Street Journal. The paper declares that such a stagnant condition in the coal trade has scarcely ever been paralleled at the beginning of the winter season, and recommends that operators, wholesalers and the majority of retailers are well stocked. The latest estimates of the supply of anthracite in the hands of the operators and ready for shipment place this at five million tons, a remarkably high figure for this time of the year. An indication is given that lower prices may be expected.

"Retail dealers' margins increased a few years ago," the paper says, "but the dullness in trade for a part of the year when their organizations must be maintained, has made their operating costs heavy. With keen competition while the demand for coal is slow any undue margin should be corrected. "Owing to the lack of demand for eggs certain companies are breaking their coal down into stove and chestnut. There is some waste, but the latter sizes can be sold more easily. "A dispatch from Chicago states that the coal industry throughout the country continues to be in a state of stagnation and that dealers and domestic consumers appear rather well stocked.

AT OTTAWA.

Ottawa, Dec. 27.—(Canadian Press)—After an excitement of the week end political Ottawa presents a comparatively calm. But it is only a passing lull. Hon. T. A. Cresser and the Progressives, who accompanied him from the "old guard" in force has not yet returned in force, but a cabinet announcement may well be Hon. W. L. Mackenzie King's new year's gift to the country. The break in the negotiations for a formal Liberal-Progressive alliance has given a temporary lease of life to the Meighen administration.

MONTREAL STOCK EXCHANGE.
Montreal, Dec. 27.—(1080)—The local stock exchange was evidently suffering from an overdose of Christmas during the first half hour this morning, for only two of the leaders were traded in, and both these were quiet. Brassard rose a half to 28 and Richardson was quoted unchanged at five.

STILL AT SIX AND A HALF.
New York, Dec. 27.—Sterling exchange firm. Demand, Great Britain, 420; Canadian dollars 6 1/2 per cent discount.

Willing to Negotiate.
Santiago, Dec. 27.—The Chilean government has forwarded a note to the Peruvian government accepting Peru's proposal that the two countries designate plenipotentiaries to meet at Washington to continue negotiations for a solution of the pending disputes.

READY TO WEAR

SALE BEFORE NEW YEAR'S

As is the custom of most large commercial houses carrying a light class of merchandise, January offers many splendid chances to dispose of seasonal merchandise at a greatly reduced price. However, Dyckmann's before New Year's sale ought to be a corker. They have made extensive plans to wind up the greatest year's business in their history, and continues until Saturday. Coats for \$10.00 to \$30.00. Dresses for \$10.00 to \$30.00. Blouses \$2.25 to \$2.00. These prices are positively the lowest yet. See Dyckmann's windows. Don't forget at Dyckmann's.

Observers Find Strong Sentiment for Treaty.

Trip to County Clare, Where De Valera was Called on to Support the Agreement—Believed Daily Majority for Treaty Sure and Growing.

(Canadian Press Cable.)
London, Dec. 27.—(Sentiment throughout Ireland, as reflected in despatches to County Clare, this morning, is overwhelmingly in favor of the Irish peace agreement. Reports from various provinces indicate that fully ninety per cent. of the people in the twenty-six counties of Southern Ireland want the pact ratified.

This confirms predictions made when the Daily Express in London, on Jan. 3, that the recess would bring definite expression of the people's opinion for the treaty. It is now put forward that when the Daily reassembles the treaty will be approved by a majority which will make De Valera in line?

The Morning Post's correspondent says there is almost a rumor of a "possible sensation" before the Daily meets again, this being taken to mean that De Valera intends withdrawal of his opposition in view of the overwhelming weight of opinion for the treaty.

The Times sent a special correspondent to County Clare, the council of which appealed to Mr. De Valera to abandon his opposition. According to the correspondent, the council's action is endorsed with pride by a vast majority of the people. Clare is known as the "banter county" because of its having the traditional hope of Irish political movements, among them Daniel O'Connell's emancipation campaign, and its people regard the council as having lifted up to traditions.

The reporter discussed the question with all ranks and classes of people and says that, while he heard nothing in disagreement of Mr. De Valera, he was assured that from seventy to eighty per cent. of the county favored the treaty. The minority he believed to be mostly members of the Irish republican army.

The Dublin correspondent of the Times cited the evidence of the public support of the treaty fact that a long letter from Erskine Childers, published in the newspapers during the recess, and supporting the alternative offer of allegiance ascribed to Mr. De Valera, attracted little interest. He was regarded as a breach of the agreement made before the Dal's rising that none of the members would issue circulars or resolutions during the recess and was interpreted as an indication that De Valera's party is increasingly in fear.

Arthur Griffith, one of the leading treaty supporters, countered the letter with a statement before the House of Commons regarding Mr. Childers' account of how the alternative offer was discussed by the Irish delegates to the London peace conference.

More Belfast Shooting.

Belfast, Dec. 27.—One man was killed and several wounded in a clash between a constabulary and the IRA in the Marrowbone area this morning. The constables challenged the men, who were acting suspiciously, whereupon one of them opened fire, wounding a policeman. A running fight followed, in which the sniper was killed. Orders were restored with the aid of an armored car.

A BULK CARGO
OF FUEL OIL

Steamship at Partridge Island Has First Brought to This Port.

Two records were established by the steamer San Zatico when she arrived off Partridge Island from Tampa, Fla., this morning. She is the first steamer to bring a cargo into the harbor, and she also has the largest bulk cargo ever brought to this port, as she carries 55,000 barrels. When she's Courtesey Bay to discharge her cargo at the tanks recently erected by Allen G. McAvilly, she will be the first steamer to enter Courtesey Bay for commercial purposes, that is, she will be the first vessel to take a cargo into the bay. It is expected that she will go up into the bay tomorrow morning. The C. P. R. liner Montclair will be the first steamer to take fuel oil from the tanks when she comes here in January. It will be necessary for some time to convey the oil from the tanks to the vessels in the harbor by means of barges.

BELIEVE THEY
HAVE THE ROBBERS

Arrest of Nine Men Suspected of Hauls in Which \$140,000 Realized.

East St. Louis, Ill., Dec. 27.—Police of East St. Louis and neighboring towns expressed the belief today that they have rounded up a band of robbers who had obtained \$140,000 in four recent bank and payroll robberies in Central and Southern Illinois. Nine men were under arrest, and six of them were identified in connection with the robberies. The robbers included that of the Peabody Coal Mining Company of Kincaid, Ill., in which \$65,000 was stolen August 18; State Bank of Panama, in which \$18,000 was taken on Dec. 12; State Bank of Tulsa, in which \$15,000 was taken on Dec. 20; and the Dupo State Bank, which was robbed of \$11,000 on December 23.

DOCTOR SHOT AT
SARANAC LAKE

Patient Puts Three Bullets Into Physician, Former Montreal Man.

Dr. Robert C. Paterson, formerly of Montreal, was shot and killed in his office at Saranac Lake, N. Y., on last Saturday afternoon. The shooting was done by Grant R. Johnson, a patient, who was arrested soon afterwards. There was no eye witness of the tragedy, but it is believed that the patient had fallen in the meantime Johnson ran out of the street and went into a barn, where he was captured a few minutes later.

Johnson had reached Saranac Lake on Saturday afternoon from the south end of the lake. He was in the office of Dr. Paterson, who was in the room of the residence to the consulting room, where the physician had fallen. He had been staying at Saranac Lake and a week previously had left his home, which is thought to be at Plover, N. Y., evidently with the intention of remaining there during the Christmas period. He reached Saranac Lake at 8:30 and proceeded directly to Dr. Paterson's residence. He had drawn his weapon the moment the doctor closed the office door, and fired three shots at close range, each bullet taking effect. One pierced the heart, another a lung and the third was in the groin. Dr. Baldwin said that any one of the bullets would have had a fatal effect. Johnson had served in the American Expeditionary Force. He had, it is thought, suffered shock and appears to have been threatened by public money trouble. For the latter reason he had called on Dr. Paterson for advice on previous occasions. He is thirty-one years of age.

Dr. Paterson was a native of Montreal, born in 1878. He was a son of the late William S. Paterson of Montreal, Paterson & Co. He married Miss Winnifred Marson, daughter of W. S. Marson of Montreal, who, with a boy and a girl, survives.

MURDER AT A
CHRISTMAS PARTY

Angered at Orders to Cease
Attentions to Girl, Youth
Shoots Her Uncle.

Baltimore, Dec. 27.—Angered because his advances to Annie Palmer had been rejected by Tony Bruno, the girl's uncle, Giuseppe Parola, a roomer at the Pennsylvania Hotel, shot and killed Bruno at the close of a Christmas party at the girl's home. After Bruno had interfered with his attentions to the girl several times during the night, Parola became sullen and sat in a corner of the room until the party was over. He then followed Bruno to the girl's home, where he had left. Then, walking behind Bruno as he played an accordion and sang, Parola pressed a revolver to the musician's head and pulled the trigger.

HANLON AND CHANEY WIN

Philadelphia, Dec. 26.—Jimmy Hanlon, of Denver, and George Chaney, of Baltimore, were the winners today in two of the principal bouts of holiday matches. Hanlon outpointed Joe Tippit, of Philadelphia, in a fast eight round bout, while Chaney easily defeated Mike Paulson, of St. Paul, also in an eight round bout. Chaney had the better of every round.

PLANS FOR OUR
HOCKEYISTS

No Risk, But Stay in League
and Play Home Games
Abroad—Late Sport News.

Fredericton, N. B., Dec. 27.—St. John will continue its membership in the western section of the New Brunswick Hockey League this season, although that city will without a risk, but will continue to be in line for full membership next winter if the risk project is carried out in the meantime in the Winter Port city.

Dr. Allen Sterling, president of the N. B. and P. E. I. Hockey Association, made this announcement today. He proposed that the St. John club should come here or go to Sussex for some practice both before and during the season. By defeating the Melrose club last night, they made a clean sweep of their games, while the other three entrants in the elimination series, Boston Athletic Association and Perre Marquette, were eliminated by little success.

Buffalo, Dec. 27.—Dave Shade, a California welterweight, last night won a decision over Jack Perry, formerly of Pittsburgh, in a ten round bout here.

Moncton, N. B., Dec. 27.—Mount Allison's basketball manager this morning announced here that the following men would make the Cape Breton trip immediately after the New Year: H. O. Downey (captain), R. Clark, R. C. Read, Alfred Taylor, H. D. Dasher. The team will play at New Glasgow, Stellarton, Sydney, two New Glasgow, and after returning will probably play at St. John.

"Tommy" Parnell of Sackville, in his senior year at the university has been elected captain of the Mount Allison varsity hockey team. Parnell is a forward and has played on the Mount Allison team for three years. "Lew" Lowther, captain of the Mount Allison team last season, has been engaged to coach the garnet and gold.

THE PELLETIER
TRIAL TODAY

When the Mimosas docked at port this morning she had on board the crews of two schooners which had been caught in the heavy storms of the first of the month and which had foundered. The schooner Kinsman, owned by John J. Pelletier, was one of the two. She was bound for Boston when she encountered heavy storms and foundered at the Azores on December 4, after a collision with the steamer Gillespie. The crew were picked up by the steamer Gillespie, bound for Lisbon. They were landed at Liverpool and thence went to Liverpool, where they boarded the Mimosas. The names are: M. Plico, captain, Noel Blakey, first mate, S. Mullin, P. Cleevesman, Alfred Baro, J. Pizzo and J. Yarn. The schooner Amy B. Silver, a Newfoundland schooner, sailed from Argentina for Oporto. She also ran into storms and foundered on December 4, 400 miles off Cape Race. Her crew were picked up by the German steamer Sophie Richman, bound for Bremen. The names are: J. Wiggins, J. Wise, R. Cann, Patrick Walsh, Chesley Doer, A. Huo.

The men were to have left for their homes in Newfoundland tonight, but they cannot get away. The thirty-two beds in the institute are occupied, and seventeen men are sleeping on the floor so Shipping Master Purdy is making arrangements elsewhere for the shipwrecked men.

Beetles Gnaw Through Cables.
A tiny beetle, smaller than a lady bug, is causing much damage to telephone cables in California by gnawing tunnels through the protective lead covering of the cables. The rain-water penetrates to the wires enclosed in S lead tubing and causes short-circuits through the connections of many telephone exchanges.

No effective method of combatting these destructive beetles has as yet been devised and the telephone company has sent an urgent appeal for aid to the entomological bureau of the Department of Agriculture at Washington, D. C.

LIKE HOLIDAY GIFT FOR CAR BUYERS

A substantial reduction in the price of Canadian built automobiles comes as a Christmas present to the motorist. Canada, many of whom have purchased a new car, are to be back to normal of the McLaughlin-Donaldson announced today by the Motor Car Co., Ltd., of which it is president of the Canada, Ltd., of which Motor Car Co. is a subsidiary. The following statement of the company shows a dollar-for-dollar decrease in the price of the new cars. The reduction in price is the result of the fact that the cost of the cars has been reduced. The company is working on maximum production schedules to fill export orders, allowing it to distribute its overhead expense over a larger volume of cars. WHOLE FAMILY DIED ON THE EVE OF CHRISTMAS

Detroit, Mich., Dec. 27.—Fumes from a defective gas heater caused the death of Gaetano Maimoni, his wife and three children here on Saturday night, as the family was preparing to celebrate the holiday. Police called by neighbors, whose anxiety having been aroused today by the fact that the Christmas tree in the Maimoni home was brightly lighted since Saturday night while none of the family had been seen, broke down a window and discovered the tragedy.

FATALITY STRICKEN WHILE PREPARING CHRISTMAS TREAT

Regina, Dec. 27.—Death, striking with startling suddenness in the midst of preparations for Christmas festivities, robbed the children of Natusberg school district of much anticipated joy. The children were engaged decorating the tree. He was struck with an attack of heart trouble and died almost immediately. He leaves his wife and five children. The Christmas tree performance was carried on, but enthusiasm was lacking.

THE MAYOR'S GUESTS

About seventy-five men, for whom provision for a Christmas dinner had not been made, were the guests of Mayor Schofield at the Y. W. C. A. recreational centre last evening. Piping hot Irish stew, coffee, mince pie and doughnuts were served and all the men expressed their deep appreciation of the mayor's generosity. After having partaken of the supper, the men remained and were regaled with a musical entertainment, arranged on the spur of the moment by John Lobb, who presided at the piano. Solos were rendered by Miss Dakin and Joseph Harding. The serving of the meal was supervised by Mrs. Alice McGinley, assisted by Miss Littlefield, Miss Millican, Mrs. Burnham and others.

WARM CONTEST IN OTTAWA FOR THE MAYORALTY

Three in the Running—Purchase of Street Railway a Big Question.

Ottawa, Dec. 27.—(Canadian Press.)—Several acclamations reported "at night from the various towns in the Ottawa district indicate that there are no extreme contests for municipal honors outside of the city of Ottawa. In the capital, however, there is a bitter fight among Mayor Frank Plant, Joseph Kent and W. E. McManus, aspirants for the mayoralty on the street railway question, which will decide the acquisition by the city of the Ottawa Electric Railway or the extension of the present franchise to the electric company.

HELP FOR RUSSIA

Moscow, Dec. 27.—In announcing to the All-Russian Soviet Congress Russia's acceptance of the American Relief Administration's proposal to give Russia \$20,000,000 worth of grain on condition that Russia buy \$10,000,000 worth of grain in the U. S., Premier Lenin yesterday estimated that this total of \$30,000,000 would buy about 30,000,000 pecks of grain. (This is approximately eighteen million bushels.) The Soviet premier said this would greatly help the famine situation in the Volga district, but declared the Soviet government must continue to exert every effort to collect its full grain levy. He said it would require 18,000,000 pecks of grain for the winter, and that it would require 215,000,000 pecks, which was 15,000,000 pecks below the minimum necessary to carry Russia through the famine crisis.

At Gilmour's All This Week

A Week's Event to Serve the Community

No matter what price coat you select—\$25 to \$60. Ready-to-wear we allow you \$5 for your old coat—bring it with you, no matter how old. There are many men that need them.

The situation is this—charitable institutions have many requests for overcoats. Few to be had. The coldest, longest part of the winter is to come. What greater service can we perform to the community than to make it worth while for men who can afford to buy new coats and give their old ones to those who are in dire need of them. Bring in that old coat—buy a new one—and we'll see that the old one goes where it is needed.

As the originator of this idea says, "The idea is not copyrighted—every clothier ought to adopt it at once." We do not hesitate to do so.

**BOY, AGED FIVE,
LOSES HIS LIFE
WHILE COASTING**

An accident occurred yesterday in City road when a five-year-old boy, son of Mr. and Mrs. Atkinson, son of 177 City road, was instantly killed by a car driven by Dr. John R. Mackellar, who was only a few minutes from the hospital but he was not there. An inquest was held today.

The boy had just left the house about 10 o'clock and was coasting down the hill when he was struck by the car. The car was coming down the hill to stop before he crashed into the car.

In a statement made to The Telegraph last evening, Dr. Mackellar said that he had been proceeding along at a moderate rate, accompanied by his wife and two children, and the street had appeared to be entirely clear until he saw the boy running into his machine. He applied the brakes and stopped the car within its own length, but it was too late to avert the accident. He said that, from the appearance of the child, the sled must have hit the machine and the little boy had been thrown under the hind wheel, which passed over the side of his face, crushing the skull.

The doctor took the little boy into the ambulance and, while he realized the case was hopeless, he at once took him to the hospital. The accident happened just about the time the rink was getting out and a large crowd assembled quickly and they soon spread the news around the city.

The boy is survived by his parents; two brothers, Leonard, aged four years, and James, an infant, and one sister, Marion, aged two years. The funeral will be held from his parents' residence Wednesday and the interment will be in Fernhill cemetery.

**ABE CHOKES
TO DEATH ON
CHRISTMAS MORN**

Central, Dec. 27.—Rolling about rest in a sleigh in which he had been seated on the veranda of his parents' home on Christmas morning, the seventy-six-old baby of J. D. Robb of 188 grade avenue, choked to death when became entangled in the straps.

RECENT DEATHS

Captain Neil Mackellar.
The death of Captain Neil Mackellar, which occurred suddenly at an early hour yesterday morning, West St. John, an old and respected citizen. He was a native of this city and spent practically all his life here. At the time of death he had retired from the sea-going life, which he followed for nearly a century, having sailed vessels out of this port to all parts of the world. St. John was noted for its shipping activities. He had commanded the schooner for William Thomson & Co. and other shipping firms. He leaves two sons, Duncan, of Quincy (Mass.), and

The late Captain Mackellar was a member of Masonic Lodge No. 2 for forty-two years and his passing will be deeply regretted.

Allen L. Watters.
The death of Allen L. Watters occurred at Fairville on Sunday, Dec. 26, after a short illness. He is survived by his wife and two brothers, Harry, of Fairville, and George, of Gagetown.

Mrs. George Chambers.
After an illness of a few weeks, the death of Mrs. George Chambers occurred at the General Public Hospital on Monday, December 26, in the twenty-eighth year of her age. She was a faithful member of the Douglas Avenue Christian Church and sang in the choir. A wide circle of friends will greatly regret her death. She leaves besides her husband and her parents, Mr. and Mrs. Stanwood Hines, of Durham street, one sister, Blanche, at home, and two brothers, Harold, of this city, and Reginald, at home.

Cornelius Daley.
The death of Cornelius Daley occurred yesterday. The late Mr. Daley was for many years a fireman attached to No. 5 engine house in Main street. He was widely known and highly respected by all who knew him. He leaves his wife, six sons, John, Walter, Daniel and Gerald, all of this city; Frederick, of Sydney (N. S.), and Frank, of Boston; and two daughters, Mrs. F. J. Coughlan and Mrs. John O'Brien, both of St. John. The funeral will be held from his late residence, 29 Millidge avenue, tomorrow morning at 8.45 o'clock to St. Peter's church for requiem high mass.

Fred A. Bray.
The death of Frederick A. Bray, a popular young man of West St. John, occurred at his late residence yesterday after a short illness. He was the son of Mrs. Bessie Bray, his father being dead several years. He is survived by his two sisters, Mrs. Ida Mitchell, Campbellton, (N. B.), and Mrs. Thomas Knowles of Bar Harbor, (Me.).

William Irving.
The death of William Irving, aged sixty-four, occurred at his home in Millbank, Northumberland county, on Saturday.

Funerals.
The funeral of Mrs. A. R. Kennedy took place at Port Elgin on Sunday, from the residence of her parents, Mr. and Mrs. Andrew Berg, to Fernwood cemetery. Services were conducted by Rev. P. McLeod at the house and at the grave. Members of the Presbyterian choir were present and Mrs. George Cogg sang as a solo, "Does Jesus Care?" Many friends were present to pay their last tribute to one that was beloved by all. The floral tributes were many and beautiful.

NEEDS LOCAL AID IN ADVERTISING NEW BRUNSWICK

Famous Guide, by Another, Feels Need For Better Movies of Attractions.

Using tour in the inter-ence of New Brunswick... Mr. Allen soon is to be present at the annual... of the guides' association, to be... of Fredericton, a recent letter to Mayor... of his worship an in-... of the middle western states of... of the union... of giving talks and speak about... of fishing in New Brunswick... of large and influential bodies of... of sportsmen and at several colleges. "It's... of the greatest assets this province... of resources," said Mayor Schofield, speaking... about the trip.

In his interesting letter, Mr. Allen... outlines his plans. He intends to leave... early in January and he is billed to... speak at Cleveland (O.), before the... Cleveland Advertising Club, the Fish and... Game Association and the Union Club. These three are among the biggest orga-... nizations in that part of the country. Previous to this, he is to go to Noroton... (Conn.), there to build a camp for a... wealthy sportsman.

These talks that Mr. Allen gives are... largely attended, said the mayor, his... audiences numbering in the thousands. "He's no lecturer, but he can talk on that... subject better than any man on earth... and after he's finished they crowd around... him for more. The value of his work... arily can be estimated," said Mayor... Schofield.

Motion pictures, that were taken this... year by the C. N. R. and the Dominion... government, will be taken along to illus-... trate Mr. Allen's talks. He has arranged... shipment of the carcasses of two... deer and three deer to these places... where he speaks. He is also billed to... speak before the Chicago Athletic Club... in January.

It is a very interesting letter and it... includes with a suggestion that pos-... sibly the mayor could stir up some per-... son or some organization to buy a motion... picture machine for use in the New... Brunswick woods. The famous guide... wishes to supply the operator and as-... sist at all times in taking pictures of... small and interesting events that occur... in the forests of the province. We quote... an extract:

"When I go to other places and see... at interest is taken in the pictures... I have been instrumental in taking... makes me eager to get still more pleas-... ure and I now begin to feel sore to... think that our own people, who get the... out of this advertising, seem slow-... to waver."

"I wish I had time to go to St. John... just one night to tell the people just... what the outlook is ahead of me in the... faces I am asked to go to this winter... well, of course, show before some of... his largest colleges and I only wish that... could go further and stay longer. But... must get home before my pockets get... empty and while there still is more... wheat flour in the barrel."

Ulcers on Both Legs

Ulcers on Both Legs
Now "Quite Healed."

Our portrait is of Mrs. GIDNEY, of 10, Station Street, Ash Vale, Surrey, England, who writes:

"About four years ago I had a bad breaking... on both my legs which kept coming and going. At last they got so bad that I had about thirty... ulcers, one of which was so large that you could... almost see the bone of my leg. The doctor who... saw my case said only rest would do me good. In... January my daughter brought me home a bottle... of Clarke's Blood Mixture and said: 'I am sure... mother, this will do you good.' At once I com-... menced taking this medicine, and before I had... finished the first bottle the ulcers began to get... better, and after taking four bottles both legs... were quite healed. Previous to taking Clarke's... Blood Mixture, I could only walk a very short... distance, but only recently, to the surprise of my... family and neighbors, I walked to Aldershot and... back—two miles each way—to see the Military Tattoo."

LABOR OUTLOOK IN BRITAIN BETTER

Wages Have Been Reduced and More Harmony Exists Between Employers and Workers—Some Authorities Believe the Worst is Over.

(Canadian Press Despatch)

London, Dec. 26.—Good judges hold the opinion that the labor outlook in Britain for 1922 is less menacing than it has been at this period of the year for some time past, and that a better feel- ing exists between employers and work- ers.

Wages have been reduced in many trades under sliding scale arrangements, depending upon the cost of living, and other big industries, such as engineering and shipbuilding, wage cuts have come into operation by agreement.

The reduction of railway rates for coal, although not so great as had been hoped for by the industries mainly con- cerned, will almost certainly stimulate the iron and steel trades, while the re- vival of the coal export trade has brought a glimmer of hope in some large mining districts.

Some authorities believe the worst is over and that the depression is at length passing. Better times for the miners will almost automatically bring a mea- sure of improvement for other classes of workmen.

NO PROGRESSIVES IN THE CABINET

But They Will Give Friendly Co-operation to New Government

Ottawa, Dec. 26.—The Progressives will give a friendly co-operation to the new Liberal government in the next session of parliament. For the time being, however, not one of them, not even Hon. A. B. Hudson, who ran more as a Liberal than as a Progressive, will enter the new government. It has been intimated to your correspondent that although there will be no amalgamation, the Progressives have departed in a very friendly mood. The idea as to cabinet ministers went further than had been anticipated by the Liberals. They would, for instance, have been glad to let Mr. McMaster, K.C., member for Bromo, in the cabinet on account of his low tariff ideas. He is a Liberal proponent as well but more so in his political life and also prominent for public service. Progressives realize that the Liberals cannot go the whole way to meet them without causing discontent among Lib- erals in the country, and liberals also realize that discontents would arise in Progressive constituencies if the Lib- erals did not accept the whole pro- gramme. It is practically understood, however, that the Progressives will not take the position of official opposi- tion. That will be left to the Conserva- tives, and the Progressives will adopt an independent stand, from which they can watch government legislation and support it so long as it is along lines of Progressive thought, or in other words, in fulfillment of the 1919 Liberal plat- form.

So at the next session of parliament it will be co-operation and not amalga- mation. If all goes well and it becomes ap- parent that there is no real rift between the ideas of the two Liberal groups, the amalgamation idea may be revived. More likely, however, the whole matter will be left to time and events. The King cabinet may possibly be announced tomorrow.

In the west, it is likely that Hon. W. R. Motherwell may be sole minister; in the east, the others will be drawn from well-known Liberals.

Hon. T. A. Crerar went to Montreal today before going to Winnipeg.

"ST. PATS" LOSE TO HAMILTON TIGERS

(Canadian Press Despatch)

Toronto, Ont., Dec. 26.—St. Patrick's met with their first defeat here Saturday night when the Hamilton team lowered their colors by the score of 4 to 2.

The game was fast, both teams send- ing in reliefs at frequent intervals, and the play ranged up and down the ice practically the whole night. On the showing of the two teams the victory was earned.

Bill Stuart turned in an even better game than he did against the Canadiens. Definitely he was good, but offensively he stood out. The weakness of the team lay in the forward line.

PONZI INVESTORS GET 10 PER CENT. DIVIDEND

Trustees Mail Checks to Dupes For \$344,244.

Boston, Dec. 26.—More than 10,000 persons who invested money with Charles Ponzi last year upon his promise of 50 per cent returns in forty-five days, re- ceived 10 per cent of their original in- vestment in time for Christmas.

The trustees appointed after Ponzi's postal scheme collapsed and he was sent to jail for five years mailed checks for \$344,244 to the investors tonight.

This is the first dividend distributed by the trustees, who said others would follow as soon as legal difficulties sur- rounding the collection of assets were cleared up. The largest check mailed was for \$2,035 and the smallest for 29 cents.

CLERGY TAKE HAND IN SYDNEY DISPUTE

(Canadian Press Despatch)

Gloucester, N. S., Dec. 26.—The clergy of Gloucester Bay and the mining districts, both Protestant and Catholic, are tak- ing an active interest in the industrial situation with a view to ameliorating the growing unemployment.

On Friday night they wired the min- ister of labor as follows:

"Cape Breton clergy of all denomina- tions urge minister of labor to hasten ap- pointment of conciliation board to ad- judicate on matters in dispute between the British Empire Steel Corporation and its employees. Situation here is urgent."

To this appeal Mr. Acland, the deputy minister, replied today as follows: "Your message to minister of labor received and in reply I would state board has been established and labor employees representative appointed. No effort will be spared to expedite procedure and assist the work of conciliation."

(Signed) F. A. ACLAND.

Similar assurances have been received by wire at United Mine Workers head- quarters.

FRENCH OFFICIAL HAS RESIGNED

Paris, Dec. 26.—Phillippe Berthelot, general secretary of the French Foreign Office, today tendered his resignation to M. Briand.

It is understood by the Havas agency that the premier intends to dispense with the post of general secretary of the for- eign office in view of the resignation and that the director of political affairs will assume the duties which the retiring secretary performed.

Mrs. W. Edmond Raymond, president of the Women's Canadian Club, yester- day received an attractive card from the president, officers and members of the Winnipeg Women's Canadian Club ex- tending hearty greetings for Christmas and the New Year.

Mr. Herbert Osborn Tells How Cuticura Healed His Wife

"My wife began to be troubled with itching and burning of the palms of her hands and the soles of her feet. Later the skin cracked and became inflamed, making walking or even standing very painful and preventing sleep at night. Later it became necessary to bandage both hands and feet.

"She was treated but obtained no relief. She saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. She bought more and after using two boxes of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Herbert Osborn, 135 Sherbrooke Ave., Ottawa, Ont., Sept. 2, 1919.

Cuticura is ideal for every-day toilet uses. Soap to cleanse and purify. Ointment to soothe and heal.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Dispensary, Limited, St. Paul St., Montreal.

MARTHA—Housework and washing is only an excuse for red and ugly hands. I know a great many women who do all their own housework and yet have beautiful white hands. They use what I use, CAMPANA'S ITALIAN BALM. It is the most wonderful thing in the world for preventing chapping and red- ness of the hands. I wouldn't be with- out it. Keep a bottle of CAMPANA'S ITALIAN BALM on your bathroom shelf and rub a little on your hands every time you have had them in water to do cleaning. It will soften and whiten them and will protect them from the wear and tear of housework. You can buy CAMPANA'S ITALIAN BALM at any Druggist. 40c. a large bottle.

WOODS AMAZED AT HER CHANGE

Nova Scotia Man Says Wife
Doesn't Look Like the Same
Person Now.

"The change in the condition of my wife since taking Tania is simply amazing, and if I hadn't seen it with my own eyes I wouldn't have believed it possible," said James Woods, Beaver Bank, N. S.

"For several years my wife was in wretched health as a result of stomach trouble. I never saw anybody look worse as fast as she did and she became a shadow of her former self. There was hardly anything in the way of medicine that we didn't try, but all to no good.

"The difference in her condition now and before she took Tania would convince anybody of the value of this medicine. She doesn't look like the same person and she never felt better in her life. I feel that there is nothing too good to be said about Tania."

Tania is sold in St. John by the Rose Drug Co., Ltd., and F. W. Munro and by leading druggists everywhere.

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-lives" And Make Yourself Well

"Fruit-a-lives," the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind. "Fruit-a-lives"—made from these fruit juices—concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, and Bad Complexion—in the world.

To be well, take "Fruit-a-lives" as a box, 6 for \$2.50, trial size 3c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Has Hard Time to Feed Wife

Can Hardly Satisfy Big Appetite

"My wife was afflicted with stomach trouble for years. She tried everything but got no relief. Adierka (intestinal antiseptic) was recommended to me and I want to give my heartfelt thanks. My wife is now in the BEST OF HEALTH and it costs me about all I WAYS brings relief. A longer treatment, however, is necessary in cases of Adierka to a good many and it has helped everyone. (Signed) F. M. Noble."

Reports from Physicians.
"I congratulate you on the good effect I had from Adierka since I prescribed it." (Signed) Dr. L. Langlois.
"I have found nothing in my 50 years practice to excel Adierka." (Signed) Dr. James Weaver.
"I use Adierka in all bowel cases. Some require only one dose." (Signed) Dr. F. M. Prettymann.
"After taking Adierka feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Fackett.
Adierka is a constant surprise to people who have used only ordinary laxative and stomach medicines, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.
Sold in St. John by J. Benson Mahony, druggist, 2 and 4 Dock street.

FOR BUSINESS IMPROVEMENT

Elbert H. Gary recently propounded six fundamental prerequisites for return to normal conditions. They are:

- (1) To use every possible effort to keep both plant and organization going.
- (2) To avoid drastic cutting of wages, and especially not to cut them disproportionately to the cost of living.
- (3) To sell at the lowest price that will yield a fair profit, but not to make reckless cuts to figure that cannot be maintained. This tends to unsettle the market and it is unfair to those who have been obliged to purchase in advance to take care of the season's business and have stocks on hand at high cost.
- (4) To keep inventories at a level which is neither high nor low and to buy primarily for planned needs. It is as harmful and eventually as disastrous to speculate on prices being lower as to speculate on their being higher.
- (5) To prepare to do business on a permanent low cost level at the highest possible efficiency, and to cut out wastes, whether they be in production or in distribution. The ideal situation is one in which we pay high wages and by the perfection of machinery and method get low unit cost production.
- (6) If there is any question as to what is fair—give the other fellow the advantage.

"Because these principles are fundamental, and because I have an abiding faith in the rock-like stability of our institutions, for these reasons I face the future with confidence, and I pass that message of confidence on to you in all sincerity."

NOVEMBER TRADE

Further Favorable Balance
Was Shown in Month.

Canadian external trade during November continues to show the favorable trend noted in the months immediately preceding. There was a substantial balance in favor of exports, almost sufficient to wipe out the adverse balance accumulated in the spring and summer months. For the month of November, exports were valued at \$84,271,484 and imports at \$82,538,862, as against imports of \$8,471,116 and exports of \$147,808,009 in November, 1920. For the eight months ending November, 1921, imports were \$82,521,047 and exports were \$892,192,475.

Exports in terms of tonnage suffer much less in comparison with the imports of the same month of last year than does the contrast in terms of dollars. The exports of agricultural and vegetable products, mainly food, were valued at \$44,492,838 for the months under review, against \$78,516,187 for November, 1920. When the difference in the price of wheat and other grains is taken into account, it is apparent that the tonnage of wheat moving overseas is quite equal to that of last season. The same holds good for animals and animal products, the value of exports having been reduced from \$21,880,754 in November, 1920, to \$19,287,915 in November, 1921.

The figures compiled by the bureau statistics show that exports to the United States affected by the emergency trade laws of the summer of last year were \$5,228,963 in November as against \$8,228,298 for the same month of last year. For the six months ending November exports totaled \$28,928,009, while in the June-November period of last year the exports were valued at \$88,484,442. The decrease is distributed among all the items affected by the emergency laws.

The following are among the commodities which show decreases for the six months period of this year, as compared with the corresponding period last year: Tobacco, 3,171 pounds, as against 25,120 pounds; butter and substitutes thereof, 2,254,614 pounds, against 4,776,888 pounds; cheese and substitutes thereof, 20,276,314 pounds, against 17,286 pounds; fresh and frozen beef and mutton, 1,190,295 pounds, against 1,985,270 pounds; milk, fresh, 825,327 gallons, as against 1,038,398 gallons; milk, preserved, 1,190,295 pounds, against 8,879,175 pounds; potatoes, 464,424 bushels, as against 1,472,280 bushels; cattle, 119,639 head, as against 220,067 head; sheep, 75,838 head, as against 146,414 head; wheat, 7,036,225 bushels, as against 18,988,728 bushels; wheat, flour and semolina, 169,241 barrels, as against 412,898 barrels; wool, 127,146 pounds, as against 2,827,400 pounds.

CENTRAL BAPTIST CHURCH CANTATA

"The Prince of Peace," a Christmas Cantata by John Spencer Camp, was given with excellent effect by the choir of Central Baptist church on Sunday evening, December 26th, at 8 o'clock. The cantata, which takes the form of a short oratorio, was given under the direction of A. U. Brander with Miss Beryl, Miss Sarah as organist, and much appreciated by the large congregation.

Among the choruses most enjoyed might perhaps be mentioned "Arise, Shine for Thy Light is Come," "The Vigil of the Shepherds," which was full of fine shading, and ended with a beautiful "Amen" chorus, by full choir. These were also very well sung by the choir.

"The Journey of the Shepherds," "The Quest of the Magi," which were excellently sung by a fine male choir. The soprano solos were nicely sung by Miss Bertie Campbell, whose fine voice and intelligent rendering of the Scriptural text left little to be desired. "Mary's Slumber Song," an aria for contralto, was most sympathetically sung by Miss Nita Brown, whose fine interpretation brought the spirit of the "first Christmas" very near to the hearer. "The Angel Said Unto Them," was sung with much feeling. He has a voice of unique power. The aria "Tis Mary and the Child," was well taken by Enry Gosman. It is understood that Mr. Gosman will leave soon for Massachusetts, where he will be associated with Evangeline Kenyon. The work of Douglas Thorne, baritone, as principal narrator, was greatly appreciated. Mr. Thorne has a voice of great promise, which he uses with excellent taste. It is expected that this cantata will be repeated in the near future.

At the close of the morning service the choir were called together and a short address of appreciation given by Kenneth Wilson, who, on behalf of the choir, presented to Miss Bland and Mr. Brander, each a fine gold pencil as a token of regard. Mr. Brander was also the recipient of a beautiful silver mounted baton from Community Church friends.

C. N. R. EMPLOYEES LOYAL.

President Hanna Thanks Them For Co-operation.

Toronto, Dec. 25.—In a Christmas message to officers and employees of the Canadian National Railways, President D. B. Hanna says:—

"I am glad to say that I feel we have had the loyal support of all employees in our efforts to make the Canadian National Railways an efficient system. The improvement in operating results in the last few months and the better relative position which the national system enjoys, are gratifying to the management and reassuring to the Canadian public, and I desire to express my hearty appreciation of the co-operative efforts of officers and employees. We can only hope to succeed in the whole-hearted efforts of our organization, and the work in the main must be done by those in the field."

CHRISTMAS TRAGEDIES.

Buffalo, Dec. 27.—While her parents were preparing her first Christmas tree, a young girl, three years old, was killed in the streets by an automobile on Christmas eve.

Grace Boyer, 11 years old, was killed by a auto truck while she and her sister were distributing Christmas gifts to the homes of their playmates.

Frank Carter, twenty-nine, was caught in a maze of clothes lines and strangled to death when he went into a dark attic to look for trimmings for a Christmas tree.

The Ideal Gift for Children!

Many of our customers who have opened SAVINGS ACCOUNTS for their children have been greatly surprised at the way these Accounts have grown. Such accounts make ideal Christmas Gifts, and in fact we do not know of any gift likely to have such a far-reaching influence on the character of the recipient as a Savings Account. We have found from experience that children having deposit accounts take the deepest interest in adding to their savings, and many such accounts increase in the course of time to large proportions.

You are cordially invited to open your Gift Savings Accounts with this Corporation, which will allow interest thereon at FOUR PER CENT per annum, paid and compounded half-yearly. ONE DOLLAR OR MORE WILL OPEN AN ACCOUNT.

CHRISTMAS DAY IN CITY CHURCHES

At Centenary church, carols, hymns, anthems, solos and quartets were beautifully rendered. The soloists were Mrs. L. M. Curran, Mrs. George Lockhart, Miss Blenda Thompson and William Lahyon.

At the Portland Methodist church the music was impressive. H. E. Collins, a St. John boy who is studying vocal music at Carnegie Hall, New York, sang the solo "Just as I Am" with rare success.

At the Zion Baptist church the Christmas service was a most impressive one. The soloists were Mrs. J. M. Patterson and A. C. Smith.

At the St. Andrew's Presbyterian church the choir rendered some of the finest of the Christmas music.

At the Victoria street Baptist church an inspiring programme of music was given. The soloists were Mr. Walton and Mrs. Treasler.

At the Ludlow street Baptist church were filled with the spirit of Christmas. The Sunday school service was particularly impressive and inspiring.

At the Catholic churches. Midnight masses were celebrated in all the Catholic churches of the city.

CHECKERS MORE THAN PASTIME

Every Possible Move and Reply will be Known and Booked Within a Reasonable Time, But Few Minds will Hold it All.

(Winthrop D. Lane in the New York Evening Post.)
The contemplated visit to Scotland of Newell Banks, expert at checkers, raises again the question whether this scientific game is approaching exhaustion. Most people do not realize that checkers is really a profound game, requiring very high efforts of the brain. They class it with tiddie-de-winks, or regard it as the favorite indoor sport of cracker-box philosophers in village grocery stores the country over.

Checkers, or draughts as it is called in England, has an ancient history, having flourished in one form or another among the Egyptians, the Greeks, and the Romans. Its modern history in English-speaking countries begins with the publication of William Pape's "Introduction to the Game of Draughts," the dedication of which was written by Samuel Johnson. Diderot and other encyclopedists are said to have assisted in the compilation of an earlier French work.

When Masters Meet.
Today serious checker matches are frequently held. An annual tournament for all comers is conducted at Cedar Point, O., and the championship of the United States is hotly contested for. Books are constantly appearing on the game, magazines devoted to it come and go, and many daily papers publish checker columns. The novice may be surprised to learn that no one can really associate with checker experts unless he is able to look fifteen or twenty moves ahead, and that champions in the midst of play are constantly analyzing their games thirty and forty moves ahead.

The process of exhaustion has been going on ever since the game first became the object of scientific study. Certain openings early became favorites, and it was to these openings that players tended to confine their attention. Occasionally experimentation was at-

THE MINDS MORE THAN PASTIME

tempted, so that the area of published play was constantly being broadened, but analysis was limited for the most part to the lines that were deemed safe. Among the openings thus favored were "Old Fourteenth," "Single Corner," and "Glasgow." The result was that play arising from such openings came to be almost thoroughly exhausted, and between experts on these lines were almost sure to be drawn, and matches lost inter-
Thus in 1876, when R. D. Yates of the United States played a match of fifty games with Willie, the English champion, for the world title, no fewer than forty-seven games resulted in draws. Again, when C. F. Barker played Willie fifty games in 1882 forty-eight games were drawn, and thirty-one were "Glasgow," the opening of which Barker was master.

THE MINDS MORE THAN PASTIME

The situation led to a change in the method of match play. Instead of permitting each player to choose whatever opening he pleased, a form of compulsory selection of openings was introduced. This, in its present form, is known as the "two-move restriction" plan. The purpose of the new plan was to compel the players to proceed from one to another of these forty-nine openings, drawing their play by lot from a hat or in some other way, and continuing the process until a match was completed. Two games were played in each opening, so that both contestants would have the black, or first side, in every opening, and thus fairness would be secured. If you will sit up your checkerboard you will see that two of the "two move" openings involve the instant loss of a piece to the second player, so that two openings were discarded. As a matter of fact, four others are regarded as too weak for practical purposes, so that the number of "two move" openings ordinarily employed is forty-three. Today experts do no sit down for even a friendly contest without using the "two move" plan.

Analysis May Exhaust Game.
The result has been to compel analysis of the openings hitherto neglected. Now some of the openings that had hardly been "discovered" fifty years ago are almost as familiar as those then best known. Checker books, magazines and columns in daily papers are constantly adding to the mass of analyzed play. Ultimately, in the opinion of many experts, the process is bound to result in exhaustion. Every possible variation arising from every possible opening will be known. Already matches have been played on the "three move" and "four move" basis of restriction. The only question is how long the process will take. It may be completed in fifty years.

This does not mean that for the ordinary person checkers will cease to be interesting. It means merely that every situation which can arise in the game will be thoroughly analyzed, and that somewhere in the literature of checkers the moves will have been recorded. The actual memorizing of this vast quantity of play will be attainable only by a few persons in each generation; but the point is that it will be attainable. Meanwhile, most mortals will continue to take two of their opponent's pieces for one and think they are playing checkers.

Mr. Banks' visit to Scotland is bound to result in some interesting play. He is one of the most brilliant of our younger players, and in Scotland he will go up against the world's best.

It is now expected that a short rest will be sufficient to restore His Lordship to good health. His Lordship on Christmas eve was examined by some doctors which was being done in the palace and shipped and fell on a steel girder in one of the rooms. An X-ray examination determined that no bones were broken but he was suffering from a rather severe bruise on his hip.

BURIED TODAY.

The funeral of Fred A. Bray was held this afternoon from his late residence, 174 Gullford street, West End, to Cedar Hill. Rev. J. A. Morrison conducted the service.

The funeral of Allen L. Waters took place this afternoon from Mr. Bennett's undertaking rooms, West End, to Cedar Hill. Rev. William Townshend conducted the service.

The funeral of Mrs. Bertha Lupez was held this afternoon from P. J. Fitzpatrick's undertaking rooms to the Methodist burying ground. Rev. C. A. Stewart conducted the service.

PLACES WHERE SANTA VISITED

Some of the Christmas Presentations that Marked the Season of Peace and Good Will.

The Central police station was among the places where Santa Claus parked his reindeer for a few minutes on Sunday night. Charlie Brown had hung up his stockings on Sunday evening and on entering found it filled with all manner of good things including about \$5 in cash, cake, nuts, oranges, apples, candy and other things associated with Christmas morning. Santa evidently had clear conscience for he did not hesitate to enter the portals of the station and go right in behind the desk, where the stockings were hung over the front of the safe. One of the most prized of the things given was a Christmas card from the members of the force obtaining their greetings and the following poem by that budding literary man, Sergeant McLeese:

Now Santa Claus came into town
And filled this sock for Charlie Brown.
He was very busy and rushed away,
But he said he'd be back next Christmas day.

Rev. A. P. Allen, of the Cathedral, who is in charge of the altar boys there, was agreeably surprised on Saturday night when a delegation of the boys waited upon him and presented to him an address and purse. Father Allen made a suitable reply.

The altar society of St. Anne remembered their chaplain, Rev. William M. Duke, by presenting to him a purse of gold, accompanied by an address of appreciation.

Rev. Raymond McCarthy, who has been in charge of the missions at Rothersey and Hampton, was well remembered by the parishioners at Rothersey who received a handsome gold watch and a purse, while at Hampton a purse was presented to him on Sunday. At both places he spoke feelingly of his appreciation of the remembrances.

The members of the choir of Main Street Baptist Church were surprised and delighted when, on Christmas Sunday morning, they stepped into the choir loft and found a new floor covering of the finest quality of inlaid linoleum, a gift of Fred W. McAlary, a member of the choir.

In the Douglas Avenue Christian church on Christmas Day, Rev. J. C. B. Appel, his wife and family, were remembered with gifts from the congregation. Alex. Cruikshank, the organist and choir master of the church, and Ronald Roberts, were also made the recipients of gifts. James Barnes made the presentations in a few well chosen words, and those remembered thanked their kind friends in short speeches.

All the employees of the Victoria Hotel received cash gifts from A. M. Phillip, the manager, as a remembrance of Christmas and as a token of the recognition of good work throughout the year.

At the Dufferin cash presents were received by the employees and they took the opportunity in the hotel dining-room on Saturday night to extend to Mr. and Mrs. J. T. Dunlop their best wishes by the presentation of a handsome china closet. Mr. Brown made a short speech on behalf of the employees, thanking Mr. Dunlop for his kindness to them and wishing him the best of luck for the future.

Messrs. Reynolds and Fritch, managers of the Clifton Hotel, were the recipients of a beautiful gift from 15 employees, in the form of an oak table for the dining-room. The staff of the hotel received their usual Christmas bonuses from the management.

Preaches U. S. Aid in Reconstruction Where War Left Its Mark—Two Shipwrecked Crews and Santa Claus on the Minnedosa.

One of the prominent passengers on the Canadian Pacific Steamship liner Minnedosa, which arrived here last night from Liverpool and docked at No. 3 wharf, St. John, at an early hour this morning was Captain F. W. Wilson, M. C. of London, Eng., who is on route to Washington to attend the disarmament conference. He is a well-known journalist, and has contributed many articles to the press, which have attracted worldwide attention. Many of his writings have also appeared in the Times this morning, he said he hoped to impress on the American people the need of the reconstruction of Germany and the development of Russia. Without America's co-operation, he said, it would be impossible for Europe to recover her economic stability or anything like the restoration of pre-war trade conditions. Unless they this he said, it will be a bad thing for Europe, as they have secured a gold balance of the world. He pointed out that one result of the war meant the subtracting of 850,000,000 consumers, and until these consumers could be re-established and buy again European trade could not become normal.

He felt that America had a marvelous opportunity to help a helping hand towards reconstruction by a judicious use of the gold she has, for by helping these countries on their feet again trade will be resumed through normal channels. Germany would be given a chance to pay her indemnity and Russia the debts incurred during the war. He said he did not consider the time ripe as yet for the cancellation of debts. He maintained that if America knew of conditions that are existing in Europe she would see the advisability of taking a different view of the subject.

The form of co-operation he advocates is the backing of industrial life in central Europe by British and American credit, which he considers the most practical way of restoring pre-war conditions. He pointed out that so long as conditions remain as they are in Russia she will be a perpetual menace, and there will still remain a danger of war breaking out again. The better establishment of international trade, he maintained, the less danger there would be of war.

Captain Wilson expects to remain in the United States for two or three months, during which time he will write on various subjects.

Other prominent passengers on board were: M. S. Sassoon of London, brother of Sir Philip Sassoon, who is enroute to Hong Kong; Commander Leggett, R. N., and Mrs. Leggett and daughter of Theford, England, who are enroute to New Zealand; C. C. McCaul, K. C., of Edmonton, Alta.; Captain T. G. Fawcett of Ottawa; Captain E. L. M. Burns of Montreal.

The Minnedosa had 155 cabin passengers and 185 third class in addition to 4,300 bags of mail and packages of parcels and a fair sized general cargo. The passengers left in a special train shortly after noon enroute to Montreal enroute to the west, and the special train got away shortly after 8 o'clock.

Shipwrecked Men.

Among the passengers were two shipwrecked crews, who had been picked up taken to Liverpool and are now enroute to their homes in Newfoundland. Captain Piccox of the schooner Kinman, which was wrecked off the Azores a few weeks ago and his crew of six men made up one party and Captain Whiffler of the schooner Amy B. Silvers which was wrecked in the Atlantic on December 1, and his crew of five men made up the second party.

While the large liner was enroute here she encountered considerable stormy weather, but despite this made good time. There was little sickness on board and Christmas was celebrated in a fitting manner. The celebrations started last Friday evening with a grand concert, the passengers taking part in the first section of the programme and the rest of the company in the second. On Saturday afternoon every child on the ship was invited to the dining saloon which was artistically decorated with flags, lanterns, etc., and after partaking of refreshments made the recipients of a gift of the large and beautifully decorated Christmas tree. Santa was then in full regalia and was extremely popular with all. In the evening a big dance was held for the cabin passengers, while special entertainment was also provided for those in the third class section. On Christmas day an elaborate dinner was served, consisting of turkey, old English plum pudding, fruit cake, etc.

The officers on the Minnedosa are: R. G. Latta, commander; P. A. Lancaster, chief officer; J. Orme, chief engineer; G. F. Philpott, purser; Dr. E. W. Drury, surgeon; W. A. Hickson, chief steward.

BOYS SHOW GOOD MARKSMANSHIP

Excellent marksmanship was a feature of the first match for the Canadian Rifle League shield which was shot off at Rothersey by the cadets of the Collegiate school on Monday, December 19, the best score was made by Cadet E. Snow, son of Lt.-Col. A. B. Snow of the Headquarters staff here in the city. He made an inner on the first shot and bulls on all the rest. The scores for the team are as follows:—

Cadet E. Snow	99
Cadet R. Gibson	97
Cadet J. C. Brownell	95
Cadet C. Dunham	95
Cadet E. Pinder	93
Cadet C. Schofield	92
Cadet F. Armstrong	90
Cadet H. Nase	89
Cadet F. Gordon	88
Cadet R. Kitchen	81
Cadet R. Coulter	74

This makes a team of 1192 and is considered an unusually good score for cadets. All the shooting is done with 22 calibre rifles on a miniature range—20 yards.

The leading cadets in the shooting for the Senator Donville Cup, which is presented for the best yearly average, are as follows:—

Cadet E. Snow	86.5
Cadet S. Dunham	84.3
Cadet E. Pinder	83.4
Cadet R. Gibson	82.0

Let the Eureka Vacuum Cleaner Clean Up the After-Xmas Mess

Mother, invest your Christmas money in a Eureka Vacuum Cleaner. The mess after Christmas calls for careful cleaning of carpet etc., and the old method of brooming away the dust and pine needles is never fully satisfactory. The Eureka Cleaner will last a lifetime and will give an all-year round service. It will save many hours of tiresome exertion and many families in St. John are loud in their praise of the Eureka as a quick and positive cleaner.

It is equipped with the most powerful motor in any Vacuum Cleaner made and the several attachments seek out the dirt and dust from the most inaccessible corners.

Come in and let us explain in complete detail the wonders of this powerful household assistant.
