ST. JOHN, N. B., JANUARY 24, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

YESTERDAY'S DRIVE

Yesterday's drive for the Salvation Army was remarkable for the universal expression of sympathy. Of course there were exceptions—there are always exceptions, and they are generally found among persons who could well afford to give; but there were fewer of them yesterday than usual.

Referring to labor and the British elections, Canadian Finance says:—"The British electorate—male and female—has set the standard for the rest of the civilized world to follow. The true leaders of labor received faithful support, but where pacifism and labor joined hands, labor went down to defeat.

Frederickton, as well as St. John, has a housing problem. In its report of the board of trade meeting this week the Gleason says:—"There was a discussion on the housing problem and the scheme proposed by the government. The secretary was advised to get further information for a future meeting."

ROCKWOOD PARK

The city council did right to increase the grant to the Horticultural Association. Rockwood Park is a recreation ground for all the citizens and is wisely given to the Association. It is wisely tended. The city itself could not do better, and probably not nearly so much as is now done for the money.

THE BOLSHEVIKI

There was a Bolsheviki demonstration in Montreal last night, with threats of a general strike. The statement was made before a United States senate committee yesterday that the Bolsheviki have organized Soviets in the industrial centers and plan to seize the government. What they would do if they had the chance is illustrated by a statement made by Professor Ludovic H. Grandys, a Socialist, who at the outbreak of war was Professor of Physics and Mathematics in the Technical Institute of Dordrecht, Holland, and also one of the editors of the University Review of Philosophy, Holland. He says:—"I personally saw the application of the Bolsheviki theory to many factories. For example, Koop's agricultural machine factory, employing 500 men, at Alexandrofsky, near Rostoff. The Council of Workmen in this factory voted to make Koop an employee at 300 roubles a month, and made one of the loudest-talking workmen (who was also president of the Soviet) director of the factory. They voted themselves a salary increase from 800 to 1,000 per cent. Every day the workmen held meetings, sometimes lasting several hours, in the factory. There they discussed their rights and privileges, but the words duties and obligations were unknown to them. They also voted themselves the right, as an intellectual necessity, to read newspapers during supposed working hours. Nominally they 'worked' eight hours, but literally not more than four and a half a day. But they paid themselves for all time spent in meetings, reading newspapers, and loafing. The funds they obtained by rifling the factory vaults, and when they were empty they went to Koop's house and to the banks where he kept his private account and, under threat of using arms, took away what money remained. In all, they seized about 1,000,000 roubles."

RETURNING HOME

Col. R. M. Dennistoun, Judge Advocate-General for Canada, who, after a long sea voyage, will return to Winnipeg in March to resume his duties as judge of the Court of Appeal for Manitoba. He went overseas in command of the 53rd Battalion in 1915 and has been in England and France ever since.

Ample. Heck—Does your wife understand any language except English? Peck—No; she can do all the talking that's necessary in that.

Heard in a Flat. "Singing is said to benefit the health." "Indeed it does. Miss Howler next door drives us all out into the open air every Sunday afternoon."

THE CHILDREN'S LAXATIVE. Children should never be given ordinary cathartics. Many cases of chronic Constipation in after-years have been caused by harsh purgatives. ABBEY'S Effervescent SALT is a gentle, efficient tonic laxative, that will keep the kiddies well and protect them against the usual stomach and bowel troubles of childhood.

RECENT DEATHS

Hon. H. D. Yerxa. Hon. Henry D. Yerxa, one of New England's leading business men who left his old home in York county, this province, when nineteen years of age to seek his fortune in Boston, died on Tuesday evening at his home in Cambridge (Mass.). From a poor boy on a farm at Keswick, where he was born in 1847, he worked his way up the business ladder from grocer's boy until he became president of a big wholesale and retail grocery concern, the Cobb, Bates & Yerxa Co., of Boston, one of the largest establishments of the kind in the United States.

Mr. Yerxa was active in the city government of Cambridge at one time and was instrumental in laying out the extensive park system of Boston and vicinity. He was the original advocate of the Charles River basin, and was chairman of the basin commission. He was elected a member of the executive council of Governor W. Murray Crane and John L. Bates. He was a trustee of the Cambridge hospital and was a benefactor and official of the Holy Ghost hospital for incurables, Cambridge. He was chairman of the standing committee of the North Avenue Baptist church, Cambridge. He was a director of the Beacon Trust Co., a member of the Canadian Club of Boston, and other organizations. Mr. Yerxa's wife, who was Miss Sarah Emory, died thirteen years ago. He is survived by a son, Herbert E., treasurer of the Cobb, Bates & Yerxa Co., and three daughters, Miss Sarah E. Yerxa, of Cambridge; Mrs. William S. Young, of Boston, and Mrs. Theodore O. Barnard, of Boston. A number of relatives reside in York county.

XXX GENUINE BALATA BELTING. The Best Balata Belt Made. Although well known for its high quality, yet the price is in many cases little or no more than the best grades of Rubber or Leather Belting.

T. McAVITY & SONS LTD. The Lightning Butter Machine. A Wonderful Process of Economy. Makes two pounds of milk-chayed butter from one pound of butter and a pink of milk. Will also make butter direct from cream in from five to seven minutes. Made in four sizes. \$1.75, \$2.25, \$2.75 and \$3.25. It is unsurpassed as a general household article for making salad dressing, whipping cream, mixing light batters, and other uses which will become apparent to every householder. Emerson & Fisher Ltd.

INSTALLED OFFICERS. District Deputy Bourgeois, of Moncton paid a visit to the local council, Knight of Columbus, last evening and install the already elected officers for the coming year. There was a large attendance and the proceedings were very impressive and interesting. The government fisheries bureau say the skin of the codfish provides an excellent leather, tough as parchment and very durable. The same is true of salmon skin.

Why Uncle Sam Turned Teetotaler. The unanimity with which the State legislatures have hastened to ratify the Eighteenth Amendment to the United States Constitution is a source of wonderment to many representative American newspapers. Thus to the New York Tribune it seems "as if a sailing-ship on a windless ocean were sweeping ahead, propelled by some invisible force," while the New York Times explains the mystery by suggesting that "prohibition seems to be the fashion, just as drinking used to be." The nation-wide sweep of anti-liquor sentiment is accounted for by other well-known publications in more positive terms. The Pittsburg Gazette-Times declares that the abolition of intoxicants is dictated by "the deliberate judgment" of the American people and the Toledo Blade terms the movement "as remorseless as the rise of tides in the sea," yet the New York World characterizes it as "a most emphatic denial of local self-government." In the leading article in THE LITERARY DIGEST this week—January 25th—these varying views are discussed in detail. Other articles of strong contemporary interest in this number are: High Prices Tottering. An Informing Summary of Statistics on This Most Pressing Question Gathered by the National Industrial Conference Board. To Fight Bolshevism With Food. Not Enough Jobs. Shall We Annex Our "Achilles Heel?" Montenegro Disappears. Shall Germany Repent? Armistice Propaganda. Germany's "Gigantic Comedy." Polish Pogroms Denied. Why Centres of Industry? Play-Production by Push-Button. "Beehive" Conditions in Europe. Army Bridge-Building Speed. How Did Germany "Put it Over?" House-Building by Wholesale. Plank Railroads for Lumber Trucks. The Power of Words. Mr. Roosevelt in Literature. Are Musicians Cranks? Morale Centres to Replace Saloons. English Church Champions Labor. "Advanced Poets" Condemned by Mr. Hearst. Important News of Finance and Commerce. "The Digest" Gives You the Right News Perspective. It not infrequently happens that reports of popular uprisings, of grave decisions by the various great powers, and of other important events, printed in the newspapers of one day have to be considerably modified on the next. This is inevitable, in view of the haste with which such news must be rushed to the presses. To obtain a really accurate account of history in the making time must be given for the verification of the facts, which often assume a vastly different form when viewed in their proper perspective. Such a perspective, insuring the absolute reliability of the details presented, is yours from week to week in the interesting articles on current events in THE LITERARY DIGEST. And these articles are not only dependable, they are impartial, written without a hint of bias and with the single purpose of recording the truth. Make a test of their quality today. January 25th Number on Sale Today — All News-dealers—10 Cents. This is a Mark of Distinction to Be a Reader of The Literary Digest. The Literary Digest. Food Board Flashes

Keep chickens—even if you have only a pocket edition of a backyard. It's a paying proposition and it keeps your garbage can cleaned out. On the basis of two hens to every member of the family, the ordinary kitchen scraps should save one-third of the food daily. It is estimated that the table scraps of an economical family, when fed to the hens during the six winter months, represent in egg returns 50 cents a month for each member of the family.

THRIFT RECIPES

CREAMED CABBAGE.

1 1/2 cups chopped cabbage,
1/2 cup cream sauce,
Salt and pepper.

Boil the cabbage until very tender and drain thoroughly. Add the cream sauce and seasonings and reheat. Serve very hot.

At a meeting of the creditors of McGuire Brothers, held on Wednesday, an offer of fifty per cent was accepted and an extension of time granted for the payment of the balance.

CHINA ABSORBS CONQUERORS.

It has been said of China's extensive population that they form "a sea that swallows all waters that flow into it." Conquest after conquest, alternating with native rule, has swept over the country only to be absorbed and eventually displaced. It is now contended by Chinese scholars that if they submit to the Japanese it will mean not the destruction of China, but the absorption of Japan, writes Frederick Moore in the World's Work. Nevertheless, the Chinese people, like other races, have never been content with foreign domination. After a century and a half of Mongol rule they set up again a dynasty of their own, the Ming, which ruled until 1622, when a new invasion from the North, that of the Manchus, conquered their capital city and soon controlled the empire, and ruled down to the present day. But, like the Mongols, it was the Man-

chus who became Chinese and not the reverse; and with little effort, in 1911, the Chinese were able to set up again a government of their own, known as a republic.

DUE TO WOOD ALCOHOL.

Sussex, N. B., Jan. 23.—Coroner F. W. Wallace held an inquest this evening in the town court rooms to inquire into the cause of the death of Newton W. Manning, who died here quite suddenly on Tuesday afternoon. The jury after hearing the evidence of several witnesses announced the following verdict: That from drinking wood alcohol and recommended that druggists and others selling wood alcohol should label the same poison.

MANY GIFTS FOR WILSON.

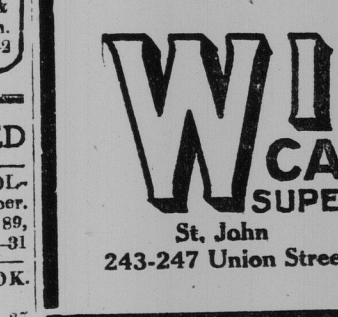

Still Pouring in From All Over Europe. Children's Most Valued. Paris, Jan. 22 - President and Mrs. Wilson came to Paris with a very modest collection of trunks and personal baggage, but they will probably be forced to take home a carload. Both Mr. and Mrs. Wilson have received so many gifts in the course of their stay in Paris and their visits to England and Italy that a large quantity of them will probably have to be taken to Washington on an army transport.

gan pouring in the day President Wilson arrived, and they still are coming in a never-ending stream. They come from all classes of people.

Many of the presents are priceless, but the present values most those having a sentimental appeal. These have come principally from children, not only in France, but from all over Europe, and also from families in Entente countries which have suffered from the war.

President Wilson has directed that each one be formally acknowledged. Sometimes in response to a particularly touching message accompanying the gifts he writes a personal acknowledgment, but the pressure on his time is so great that he cannot do so for all.

Nevertheless, every gift no matter how insignificant is carefully preserved. Many of them will undoubtedly find permanent places in the White House, because the president does not feel that they were given to him wholly passively.

Old Tale Varied. Barber (about through with hair-cut) - Does that suit you, sir? Absent-minded Professor - You've cut it altogether too short - a little longer, please.

Catarrhal Deafness And Head Noises

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily perform in your own home at little cost.

Secure from your druggist one ounce of Parment (Double Strength). Take this home at once add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easier, the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are forced to take home a carload. Both Mr. and Mrs. Wilson have received so many gifts in the course of their stay in Paris and their visits to England and Italy that a large quantity of them will probably have to be taken to Washington on an army transport.

Gifts of all kinds and of all values be

THRILLING WAR TALES BROUGHT HOME ON MELITA

Canadian's Escape From Hands of The Turks

THEN TAKEN BY BRIGANDS

Brutal Treatment in German Prisons—Some Dominion Men Who Were in the Famous Zebrugge Raid

The passengers on the C. P. O. S. liner Melita, which arrived in port last night, disembarked at Sand Point this morning. There were only 187 passengers on board, 100 naval ratings, various parts of St. John's, Newfoundland, and the remaining number civilians, a few Australian officers and some Canadian officers, who had seen service in the Royal Naval Air Forces and the Royal Air Forces. The steamer brought from Brest to Boston 1,200 troops and 825 officers, after which she came on to this port to land the other passengers and load cargo for Liverpool.

Something to Remember.

Included in the Canadian officers was Captain W. L. Haight of Parry Sound (Ont.), who crossed overseas with the 162nd infantry in 1916 and later joined the Royal Air Forces and was sent to do duty in the east. In April, 1917, he arrived in Alexandria where he remained for two months with the British forces, after which he went to Cairo where he operated against the Hun air men for eight months. In March, 1918, while engaged with German airmen he was shot down over the Turks' line and was taken prisoner. His engine had been badly shattered by shrapnel and one piece of steel struck him in the head, inflicting a bad wound over the left temple. When he crashed to earth he was seized by the Turks and put in a filthy prison infested with rats and vermin. He was kept there for one month and was then sent to a German prison camp. After being there for a short time he made a break for liberty, accompanied by two Englishmen. They made suits out of bedding and dyed the cloth with some dye they procured at a boarding house. They creased their hands, face and neck with a mixture of permanganate and polish and started out. After traversing for 200 miles on foot they were chased and captured by Turkish brigands, who stripped them. One of the men, Lieutenant Jamieson of South Devon, England, made a break for liberty and was shot dead.

SIX THERMOMETERS NEEDED IN EVERY HOME

LOCAL NEWS

SCHOOL CLOSED.
There was no school today in the Albert school, West St. John, owing to the heating apparatus being out of order. Repairs are being made and the school will be open on Monday morning.

RED TRIANGLE CANTEEN.
The canteen of the Red Triangle Club was in charge yesterday of St. David's church—convenor, Mrs. A. D. Malcolm, with a committee consisting of Mrs. Alex. Corbett, Mrs. Bingham and Mrs. J. Vanwart. Mrs. Malcolm presided at the piano.

ANOTHER OF FAMILY DEAD.
Sussex Record: Funeral Director F. W. Wallace sent another coffin this week to Daniel Layden, Gooden, in which to lay to rest his seven months' old daughter, Betty, who died on the 21st. This is the third coffin sent within a short period to Mr. Layden, whose family has been stricken with a bad type of influenza.

NOVELTY SHOWER.
At C. T. Jones' home, 126 Poplar street, on Wednesday night, Miss Nellie P. Miss Beatrice Knox, who is to be one of the principals in a coming event. A very pleasant evening was spent, while fifty of her young friends and increased her with presents and best wishes. Games were indulged in, and refreshments were served before the happy evening came to a close.

BOARD OF TRADE COUNCIL.
At a meeting of the council of the Board of Trade at noon today, the telephone committee reported that they had not opposed the change in the hours for night rates agreed on before the utilities commission. The West Indies committee reported on the release of additional cameras for this season. The council also devoted some time to the consideration of matters relating to the Canadian Government Railway.

PANTRY SALE AND TEA.
A pantry sale and tea is being held this afternoon at the home of Mrs. E. L. Rising, 82 Queen street, under the auspices of the Willing Workers of the Central Street Baptist church. Mrs. H. D. Fitz is convenor, assisted by Mrs. W. P. Bonnell, Mrs. H. H. Hottel, Mrs. E. Clinton Brown, Mrs. W. Lewis, Mrs. Thurston, Miss Allingham, Miss Alice Estey, Mrs. Dykeman, Mrs. W. C. Cook, Mrs. Donaldson Hunt, Mrs. A. B. Fowler, Mrs. M. M. M. M., Mrs. M. M. M., Mrs. Miss Ella Francis, Mrs. Earle, Mrs. H. Spears, Mrs. B. Robertson, Mrs. Wilton Brown and Mrs. F. Douglas. The candy table is in charge of Mrs. P. Bonnell, Mrs. Clare Mott, Mrs. J. Marr and Miss Audrey Cross.

THE S. ARMY DRIVE

The Rotary Club met at lunch at Bond's today to consider further means of raising the \$8,000 needed to complete the Salvation Army drive. It is suggested that the different teams go over their territory again and increase if possible the contributions. There are still some who are able to give largely who have not done so. A large number of High School girls have volunteered to go out tomorrow to aid in making today a success. Any citizens who were overlooked yesterday are urged to send in their contributions.

This is the only appeal that has been made on behalf of the Army. It is the earnest appeal of the Salvation Army. It is pointed out that if it fails the effect on the minds of the soldiers in whose behalf it is made will not be pleasant. Nobody questions the worthiness of the cause or doubts the Army will make every dollar go as far as possible.

It is up to us, in St. John, said a Rotary member, to make the drive a success if it ought to be.

seventeen German machines in addition to rendering valuable service in observing, etc.

At Zebrugge.
Captain P. E. Fisher of Montreal, of the Royal Naval Air Forces is the bearer of a D. S. O. and a D. S. C. for valuable services rendered. He took part in the raid on Zebrugge when the British succeeded in blocking the port. In the fall of 1917 he was wounded while in action and was in hospital for many months.

Lieut. H. F. Parkinson of Toronto, another member of the Royal Naval Volunteer Reserves, is returning home after three years' service. He was in command of one of the motor launches which took part in the blocking of Zebrugge and helped put out the smoke screen which enabled the sinking of the three ships, Iphigenia, Intrepid and Thetis. He said that the men who sank the ships were picked up by their motor launches after they succeeded in accomplishing their undertaking. Twenty-two motor launches about eighty feet long participated in spreading the smoke screen.

Surgeon Sub. Lieut. H. G. Stevenson of Toronto, is returning home after serving on the Sea Fish which was attached to the Grand Fleet. Surgeon Sub. Lieut. C. P. Fitzpatrick of Napier, Ont., was with a destroyer which operated in the North Sea. Surgeon Sub. Lieut. A. C. Gordon of Toronto was on a submarine patrol duty in the North Sea. He is also returning to his home.

Surgeon Sub. Lieut. H. A. Whitecomb of Smiths Falls, Ont., was also with a destroyer attached to the Grand Fleet. He was on board the Sabrina.

Lieut. H. F. Berty of Toronto, who was attached to the Royal Navy Air Forces is en route home after two and a half years' service. He was stationed at Queenstown, Orkney and at the Shetland Islands on submarine patrol duty. During his service he was instrumental in saving many victims of German submarines.

Another officer on board was Lieut. E. R. Brock of Winnipeg, who was attached to the R. N. V. R. and was with the naval staff at Taranto, Italy.

Lieut. P. M. MacDonald, of Toronto, another R. N. V. R. was on duty in the English Channel, about the North Sea and in the Adriatic in motor launches and trawlers.

Woman Worker.
Mrs. P. J. Nolan of Calgary, who was working in the prison of war department in London was also a passenger on the steamer. She was one of the women who looked after Canadian prisoners in Germany. Prior to her departure for home, she said, 2,700 Canadians had returned from the prison camps. They told some awful tales of brutality and showed that they had been through many hardships. She said they all agreed that if they had not received their boxes of food from the Canadian Red Cross they would never have returned home, for they would have starved to death.

Capt. E. F. Gott, M. D. of New York, and Lieut. O. E. Pugsley of San Francisco, also arrived.

Fletcher's Ideas About Eating Mad: Mastication Known If Not Popular His Own Experience

Adopted Intensive Chewing as Cure for Various Ills and Then Decided to Tell the World About It

(Toronto Mail.) Horace Fletcher was not able to enjoy an unusually long life that the dietetic principles with which his name is generally associated made for health and vigor. When he died the other day he was sixty-nine. Nevertheless, he did a real service to humanity, and, happening to be an American, his discoveries and observations were advertised all over the world.

Fletcher was not the discoverer of the dietetic theories he helped make famous. He relates that at the age of forty he felt like an old man and appeared to be going into a rapid decline. He went to visit a friend in Louisiana, an epicure, and from him he learned something about Gladstone's table rules. One of them was that each mouthful of food ought to be chewed thirty-two times. Another was, that one should always rise from the table feeling slightly hungry, the idea being that he would surely sit down to the next meal with an appetite. Fletcher was much interested in the rule as to mastication, and when his friend had experimented with it from the point of view of an epicurean, who delights to prolong the pleasure of the delicately prepared food, Fletcher seized upon it in the role of dyspeptic. After eleven years of experiment he had reduced his weight from 217 to 170 pounds, knew nothing of ill-health and felt more vigorous than he had felt for twenty years.

It was some sixteen years ago or so that Fletcher adopted as a subsidiary motto to unlimited mastication the phrase, "I'll tell the world." One of the confidants in the newspapers. The result was that millions of people in the United States and Canada made experiments, most of them being abandoned after one trial. Some of the experimenters found that if they followed literally Fletcher's advice they would have to give up their eternal cravings for hot food. By the time a single mouthful of beef-steak had been reduced to liquid form, the rest of the steak had become cold and congealed. By the clock it sometimes took ten minutes to dispose of a mouthful. Fletcher said that 700 gestures of the jaws were necessary to prepare a mouthful of onion for the stomach. Another objection was that a meal became an exercise. People would not talk while they were chewing, and those who were not chewing would be held spellbound by the spectacle to such an extent that their right hand, in a manner of speaking, cleared the roof of their mouth. Not a sound would be heard but the businesslike shuffling, then a sigh, as the operator turned the end to the other side of his mouth in order that one side of his face could not become permanently distorted by a resumption of the stolid grinding of the Human Hinterland.

The ridicule heaped upon Fletcher by the industrious humorists of the time and no other effect than to advertise a proper chewing of the food. Doctors and dietitians arose to say that the multitude did not properly chew its food, and that many stomach and dental ailments were the result. The discussions that were thus prompted did not, naturally, embrace the proper roasting of food, the question of proteins, the balanced diet, stomach bitters, appetizers, the iodine, seeds in the appendix, the amount of money necessary to purchase

ST. JOHN'S GREATEST MERCANTILE EVENT Ends Saturday Night—Large Crowds Prepared For.

The leading mercantile event during this month is the Oak Hall 30th Anniversary Sale, which has had an unusually successful run during the past week, and preparations have been made to handle the great rush which is expected during the final days, this event coming to an end Saturday night. The reason given by Oak Hall for this unusual success is the motto on which they operate, large volume at minimum profit, whereby they are able to offer the very best merchandise obtainable at prices which are exceptionally low because of the large quantity handled. They are able to do business on the very minimum of profit on an individual article.

The people of St. John today realize that this event is not a "sale" in the ordinary sense of the word. It is simply ten days set aside by Oak Hall to celebrate their birthday during which every article of merchandise in their store is marked at lower prices than at any other time. This system is found by Oak Hall to be the very best kind of advertising, bringing to them each season, as it does, many new friends and customers, who are delighted, not only with the unusual values they are able to procure, but also with the high class service that is rendered by this firm during such busy times.

The Oak Hall Anniversary Sale ends Saturday night at 10 o'clock, and those who have not yet visited it, should decide at once before it is too late. A highly moral and nutritious meal and kindred subjects. People were led to take an interest in their hinterlands. The general result was good. People chewed their food better, even if they did not grind a mouthful of onion 700 times. They were less inclined to bolt their food and especially not to "gobble" or "chomp" whichever it is. It was never satisfactorily explained to them why a dog bolts its food and yet never has been heard to complain of indigestion; nor why Christ, according to the Apocrypha, could say of dead "pearls were not whiter than his teeth," although the cow, which pays much attention to the business of chewing never had any such complaint paid to it. Fletcher and Hoover. One of the features of Fletcher's doctrine is that to eat very slowly is to heighten the pleasure of the table and to sugar. As Fletcher said, "As the juices of the mouth possess the power to dissolve it up, solve its life-giving qualities out of it and cook it into usefulness, the light of a new-found delicacy will greet the discoverer. . . . a final delicacy which saucers cannot equal." He also explained that a smaller quantity of food was necessary when it was thoroughly chewed, and explained that he himself had lived on eleven cents a day by applying the principles he advocated. His theories were therefore recommended from every point of view—health, pleasure, and economy. In the past year or two the food restrictions imposed on most of the nations of the world revived interest in Fletcher's teaching. It may have helped win the war. Like other theories it ought not to be carried to its logical conclusion, strict logic being as fatal to bodily health as to anything else apart from mathematics. Used in moderation, Fletcherism is to be commended.

50,000 PEOPLE FLEE FROM TURKS

Refugees in Mesopotamia Now Happy Under British Protection London, Jan. 23.—The following authoritative statement is issued from London: The future destiny of the Armenian and East Syrian peoples who have taken refuge within Mesopotamia is one of the problems which the peace conference must consider. At present in our refugee camps we are entirely providing for over 45,000 refugees of both races. The arrangements for clothing and housing when we were still at grips with the Turks not many miles away, have been a triumph of organization. The sudden influx of some 50,000 people in these regions, which were already de-

Vinol will Stop a Cough and Break Up a Cold A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. HERE IS PROOF: Dunn, N.C. 'I suffered with a chronic cold for our months, coughed day and night, failed to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it cured that cold in a short time. It made me eat and sleep well, better every day.'—C. Bagley, Dunn, N.C. For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol. Vinol Creates Strength Wesson's Drug Store, The Ross Drug Co., St. John, Vinol is sold in Fairville by T. H. Wilson, and at the best drug store in every town and city in the country.

THE BAN UPON DRINK (New York Times Editorial) National prohibition advances to its triumph over the remnants of now unconsidered political principles which for more than half a century were articles of orthodox party faith, were the enduring cause of severance and contention between the two great party organizations in the country. Failing altogether in the Washington temperance movement of eighty years ago, when there was vastly greater need of it than is now the case, public opinion puts strong drink under statutory ban in this year 1919 when, through the operation of so long a law, an international crime. Important new irrigation work was opened Jan. 10 at Mansureyak on the Djalra River, some seventy miles north-east of Bagdad. Six months ago our irrigation department commenced widening an old channel known as the Mansureyak. A party was held on Wednesday evening at the home of Mr. and Mrs. James Gunn, 14 Meadow street, in honor of their son, Private Harry Gunn, who recently returned from overseas. James Sten, on behalf of the young people, presented a gift to Private Gunn.

When we had pledged "all our resources" to the cause of liberty and of justice we could tolerate no waste of energy in foolish and harmful indulgence. Those whose use of stimulants was moderate and not harmful, those who may have felt that submission to the ban was a sacrifice, have nevertheless been willing to make that sacrifice. For others less willing, for those who have resisted, we may conclude that enforced denial will be for their good. We do not think that any reasonable man will deny that abstinence from the use of intoxicants will be of national benefit and advantage. It is not so much against the thing itself as the manner of doing it that objection has been raised. Men have felt that the states which needed prohibition should have it by their own individual action, that in making their need and determination binding upon all was involved a surrender of principles which we may have later occasion to regret. There will be no prolonged heartburnings about that. Political principles hallowed by long respect and observance survive so long as they serve their ends; when they stand opposed to other principles which the people are persuaded to regard as of higher present service, the old is discarded, the new dominates thought and action. State rights have gone by the board, the south has taken a long step toward centralization, but so far as a future may accomplish moral reform,

HOW THE TOMMIES ARE MUSTERED OUT

Number to Be Left to Be Decided at Peace Table—Nineteen Categories

London, Jan. 23.—According to Major-General B. F. Burnett-Hitchcock, director-general of demobilization, who at Camp Wimbledon explained to a representative of the Associated Press the details of the work, it will be a long time before the demobilization limit has been reached. The question of the number of men each of the associated governments is to leave in the enemy countries for occupation purposes will be determined at the peace conference.

The following classes are being demobilized in bloc here: Miners, sick and wounded soldiers, convalescents, men over forty-one who were called up in the last draft, "pit-boss" or leading men in industry, students and teachers.

Those that will not be demobilized for the present are the railway personnel in France, men having to do with transportation generally, and those in charge of horses.

Many physicians have been released, but a sufficient force will be retained to care for the 500,000 sick and wounded now under treatment.

General Hitchcock had been working on demobilization plans for eighteen months prior to the signing of the armistice, and his machinery was as nearly ready for its work as the exigencies of war permitted. The main outlines of his scheme were borrowed from the measures taken by the Japanese after their war with Russia.

The actual number of units to be got ready for demobilization, said General Hitchcock, "is 17,000. There are nineteen categories of men, each category

having different legal rights to be guarded."

Just because a man is on leave at home doesn't entitle him, said General Hitchcock, to be mustered out of service before a soldier in the field. Nor is the question of a man's discharge left in the hands of commanding officers. "A commanding officer can't say," the general continued, "Well, this man makes a good waiter at the mess and we won't let him go."

"Compassionate cases," that is, where the wife of a soldier is seriously ill or where there are motherless children, are being dealt with as quickly as possible. Bringing Much Luggage.

Soldiers are bringing home vast quantities of luggage. One ship from Holland had 2,800 tons of it, including four grand pianos and a beehive, which was overturned and an officer badly slung. At the Wimbledon station the correspondent saw the working of the demobilization machinery. On arrival the men find a hot meal awaiting them, no matter what the hour of day or night. Each receives a ration book, an employment policy, a railway warrant, a pamphlet of good advice, \$10, a label for the return of his overcoat, and a certificate entitling him to draw pay and all allowances for twenty-eight days.

Thorough identification of the returning soldier is regarded as important. "You would be surprised," said General Hitchcock, "to know how many Tommies change their identification disks with pals. It's the same in the French army. Why they do it is beyond understanding. We are always burying the wrong man."

The soldier turns over his rifle and accoutrements, but he is permitted to keep his uniform and "tin hat." He must return his army overcoat within a month, receiving \$5 for it.

One of the station huts is a tailor shop, where the soldier is given his choice of one of three suits of varying weight and pattern, made to his measurement. If he doesn't want the civilian suit he is given \$12.50. The wise soldier takes the suit, for at present prices it would cost him considerably more than \$20.

BRITISH IN NO ALARM OVER U. S. SEA ACTIVITY

London Observer Says World Can Absorb All Tonnage Two Nations Can Build

London, Jan. 23.—The Sunday Observer, in an article on the future mercantile marine, says:

"The fact that the miracle of a merchant navy in the war was wrought under government control has led certain

persons to insist that this control should be continued and extended until at last it would be converted into the complete nationalization of the shipping industry. That, we are persuaded, is a false policy.

The whole history of sea-going, from the Phoenician traders to now, is the history of private enterprise, the history of great risks taken for great rewards. Government aid in the shape of subsidies has nowhere succeeded in building a mercantile marine on sound lines where there has not been a national bent toward maritime enterprise.

"None of the arguments, whatever weight we attach to them, in favor of the nationalization of railways or mines is really applicable to shipping.

"Freedom of the seas implies that individuals or a body of individuals who can acquire hull and engines and find men to work for them should be as free to use the seas as governments or nations, always provided that the equal rights of others are not interfered with. The freer the use, the better for the nations.

"So, we may welcome the news that restrictions on production and the working of merchant shipping are to be removed soon and as far as possible, and that private enterprise shall be allowed to reassess itself in the task of bringing food and the raw materials of industry to the country in the largest quantities obtainable."

Regarding American competition, the article says:

"We see no reason either for impatience or alarm. The shipping trade will follow in the future the laws it has followed in the past. The United States is not a new competitor, and now we can find no reason whatever for serious fear that America will annoy another competitor.

"With the elimination for years to come at any rate, of the mercantile marines of Germany and Austria and the immense prospects of new trade opened up by the delivery of Palestine, Syria, and Mesopotamia from the Turk, with East and Central Africa in a state of stable peace and ripe for development, the world can absorb as much tonnage as Great Britain and America can put out and work between them."

ONLY A FEW DAYS LEFT TO SHOP AT ONE OF

The Most Important Sales Held In Town, That's Wilcox's January Sale

Why we say one of the most important sales is because we think it's the only one of the many sales in town that are selling you up-to-date goods at such low prices. We are not looking for profits just now, but to clear out all the Fall Stock we can before stock-taking and make room for Spring goods.

Another reason why we think our prices must be lower than other stores is the great increase we have in business. Every month's business we have an increase over the same month the year before, and this January beats any January since in business, which speaks well for our sales and our many friends.

Keep coming. We will do our best to serve you as in the past and sell you goods at prices you cannot equal.

Remember Every Dollar You Spend at This Sale You Save From 15c to 50 Per Cent. That Ought to be Worth Looking After.

What is a WAR-SAVINGS STAMP?

It is a stamp for which the Dominion of Canada will pay you \$5.00 on January 1st, 1924.

It enables you to lend small savings to the Government at a rate of interest which accumulates 20 cents a year on each \$4.00 invested.

A War-Savings Stamp costs you \$4.00 if purchased in December, 1918, or January, 1919, and the price increases one cent each month after January.

Canada's Pledge for FIVE DOLLARS

Every man, woman and child in Canada should invest in War-Savings Stamps all the money that he or she can save by STRICT ECONOMY.

With W-S-S you can "build a bond" at your own convenience, taking advantage of the unexcelled security and the high interest. You are not tied down to making payments at stated times, though it is desirable to purchase as regularly and as often as you can.

Should you at any time need money, you can cash your W-S-S at the Post Office for the indicated surrender value—the amount you paid with fair interest.

By placing your W-S-S on the Certificate provided, and registering same, you are protected against loss by fire, theft or other cause. Your registered Certificate is of no value to anyone but yourself.

As an aid to the purchase of W-S-S, you can buy THRIFT Stamps of the value of 25 cents, 16 of which may be exchanged for one W-S-S.

W-S-S are on sale at Money-Order Post Offices, Banks, and other places displaying the W-S-S sign shown at the top of this announcement.

LOOK FOR THE SIGN.

Annual Meeting Of Y.W.P.A. Held Last Evening

Reports Show Great Amount Accomplished — Miss Church Re-Elected President

The principal officers of the Young Women's Patriotic Association were re-elected at the annual meeting held at the quarters of the G. W. V. A. last evening. The president, Miss Jessie Church, was in the chair. A request as received from the Great War Veterans that the association should take charge of selling of tickets for their benefit at the Opera House. It was moved by Miss Thorne that the association members sell candy between the 1st and 15th of this month. It was decided to hold a tag day, probably in the month of the Veterans' fund. On motion of Miss Amos, it was voted to undertake street collections on dollar day on the sales of thrift and war stamps. Volunteers were called for to assist in a Salvation Army drive on Saturday. The association was asked to charge of the Beaver Hut of the Triangle Club at the exhibition during in the course of the next fortnight. On the request of the Navy League was agreed to assist in entertaining 9 men at the Seaman's Institute tonight. The men are returning to England. There will be music, moving pictures and refreshments. The members of the association promised to attend the Great War Veterans' Club. Mr. Justice McKeown will speak on reconstruction next Sunday. The secretary, Miss Madeline Deeres, presented her annual report on motion of Miss Killen, seconded by Miss Compton, was adopted, and note of thanks tendered to Miss Deeres. The report showed that through the year eighteen regular meetings and one special meeting have been held. The rooms so kindly loaned by the Great War Veterans, and in addition same number of executive meetings, place in the Y. W. P. A. committees.

The membership is now being over condition, there now being over members. The only resignation received on the executive was from Miss Thorne Murdoch. In November the association sustained a great loss in the death of one of its most valued members, Miss Kathleen Mooney, who was the moment of her fatal accident, to leave the Imperial where she had been ushering. The chief revenue is derived from the cashing of stamps each evening and Saturday afternoon. The amount earned by us last March 16 last this association took in the canteen at the Seaman's Institute, which it has carried on successfully during the spring, summer and fall months. A grant of \$50 was made for the initial expenses, and now the co-operation of the navy league providing entertainments the institute become a popular resort for the ors. Weekly concerts are held when and cake are served afterwards. Different sums of money were made this association during the year, amongst them being the amount realized the tag day for soldiers' comforts association, the St. George's Society day

In aid of the navy league, which netted the splendid sum of \$2,466.17. The most profitable undertaking of the year was the selling of Victory bonds and the commission on the work amounted to \$1,815.68. In October and December two social events were held and at each of which informal programmes and dancing were carried out. Since the organization of a Red Cross circle in connection with the association members have completed sixty-five pairs of socks, nine pairs of pyjama suits and two hospital shirts. A total amount of work taken out was forty-two pounds of wool, sixteen pairs of pyjama suits and eighteen hospital shirts. During the year \$1,137 were donated by the association to various institutions and funds. The treasurer, Miss Alice Hatch, in her report, stated that the total earnings for the year amounted to \$4,229.18. The total donations made by the association was \$779, and the total expenditures amounted to \$8,087.66. The total money totalled \$101.65, and the money earned by the Victory Loan campaign in commissions was \$1,615.68. A vote of thanks was tendered the treasurer.

It was moved by Miss Amos and carried that \$100 be given to the Salvation Army drive. On motion of Miss Sherwood \$100 was voted to the Great War Veterans as a tribute to their generosity to the Y. W. P. A. on all occasions in allowing the free use of their quarters for meetings, etc. Miss A. L. Fairweather addressed the meeting and the new Women's Institute, successor of the Housewives' League urging every member to join. The meeting decided that this should be done. A note of thanks was received from Mr. Richard O'Brien for funds donated to the Canadian prisoners war fund. On motion of Miss Hatt it was voted to contribute \$75 to the returned soldiers committee. A hearty vote of thanks was tendered to the ladies of the Old Ladies' Home who had knitted over 200 pairs of socks and it was agreed to send further contributions of wool as required. An appeal for magazines was received from the Red Triangle Club. It was announced that the receipts from the self-denial box amounted to \$11.68, which will go to the Seaman's Institute concert.

A hearty vote of thanks was tendered Miss Jessie Church, the retiring president, and to the ushering committee, who gave faithful service at the Imperial. On Miss Church retiring Miss Grace Fleming took the chair. The following officers were elected: President, Miss Jessie Church, re-elected by acclamation; treasurer, Miss H. Short; vice-pres, Miss A. L. Fairweather, by acclamation; Miss Charlotte Dodge, Miss Alice Hatch; members of executive committee, Misses A. L. Brock, Helen Church, Compton, Sherwin, Margaret Dixon, Boyer, Ermie Climo, Eileen Keeffe and Killen. The meeting was brought to a close by the singing of the national anthem.

Paris, Jan. 23.—The French League of Rights for Women has sent to the French parliament a proclamation demanding that French women be given the franchise. The proclamation declares that the right of women to vote is recognized in enemy and allied countries and instances England and the United States.

FOR WEDDING GIFT TO THE PRINCESS

To the People of New Brunswick: Lady Borden, wife of the Prime Minister of Canada, has asked me, together with the wives of all the Lieutenant-Governors throughout the Dominion, to bring to the attention of the public the matter of a national wedding-gift to Her Royal Highness the Princess Patricia of Connaught, upon the occasion of her marriage to Commander Ramsay, R. N., which is to take place on the 27th of February. During the period of the residence in Canada of His Royal Highness the Duke of Connaught, as Governor-General, he and his family greatly endeared themselves to our people, and it would seem fitting that the people of New Brunswick should join with those of the other provinces in the offering of a wedding-gift to Her Royal Highness Princess Patricia, as a testimonial of their appreciation and regard. It is desired that the fund should be made up of contributions from all who may wish to take part, in sums from the smallest up, so that the participation may be as widespread as possible. I shall be glad if the presidents of the various societies throughout the province will kindly take an active interest in the movement, and secure contributions from their respective localities, and I shall be pleased also to receive from them suggestions as to the form which the national wedding-gift shall take, as this is only to be decided after the women from the various provinces have expressed their views. R. S. Barker, Fredericton, secretary to the Lieutenant-Governor, will act as provincial treasurer of the fund, and the amount collected will be sent to the general treasurer, with the names of the contributors (but not the amounts given by individual subscribers, to be forwarded to the princess with the wedding-gift. The fund will close on February the 15th.

Yours very truly, GERTUDE PUGSLEY, St. John (N. B.), January twenty-third.

BEATTY AS FIRST LORD OF THE ADMIRALTY London, Jan. 23.—Admiral Sir David Beatty, according to a despatch to the Westminster Gazette from Rosyth, will soon give up the command of the British grand fleet and will come to London as first sea lord of the admiralty. GERMANS PROTEST. Amsterdam, Jan. 23.—The acceptance by the German armistice commission of the demand by the Allies for the delivery of the German merchant fleet is causing both indignation and anxiety in Hamburg and Bremen. A meeting of the sailors' representatives and representatives of the sailors took part in the meeting, which was very largely attended.

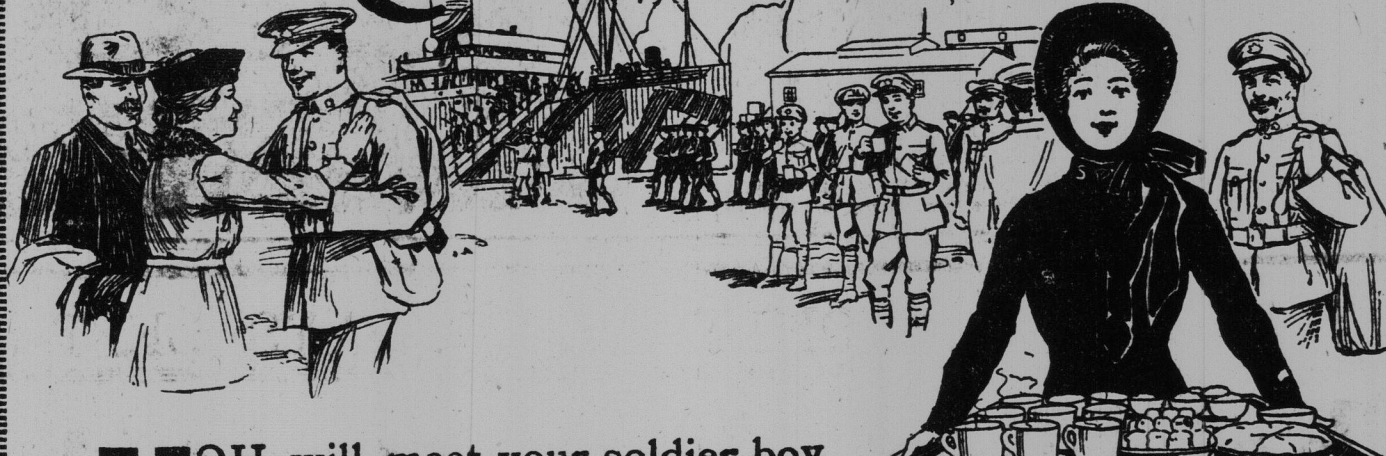

Keep Your Victory Bonds Safe

It is unwise to keep your Victory Bonds around the house when you can get a Safety Deposit Box in this Bank at very small cost where your securities (bonds, insurance policies, etc.) will always be safe—always easily accessible. We gladly give full information about our Safety Deposit Boxes (different sizes); call in and see them.

THE BANK OF NOVA SCOTIA

Soldiers Home Coming Campaign

As the Boys Come Home

YOU will meet your soldier boy and what a glorious time you and he will have. You will kill the proverbial "fatted calf" and make merry. You will see that he is comfortable until he settles down again into civilian life.

But what of the men who arrive at the same time with NO friend to greet them, no home to welcome them, no job to turn to? There's a problem you must face—or let the Salvation Army face it for you.

SALVATION ARMY MILLION DOLLAR FUND THIS WEEK

The Salvation Army fills the breach here at home, just as it did, and still does, over there! It holds out open arms to the soldiers, welcomes them, feeds them, furnishes clean beds and hot baths, comforts for body and soul, and stands by a man and his family until he is on his feet.

Canada must solve the problem of repatriating her soldier sons who have done their part so valiantly.

"They loved not their lives to the death"

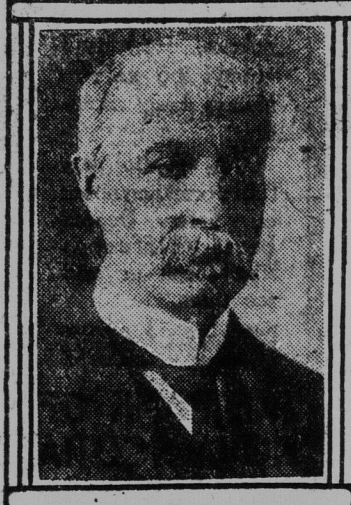

- Who provides beds and meals for soldiers close to Railway Stations? Who mended the soldiers' clothes over there? Who entertained hundreds of thousands of soldiers and sailors daily at the Huts? Who helped to keep the soldiers' homes here intact? Who keeps in touch with the Homecoming soldier? Who provides the Emergency Homes and the Maternity Homes? Who has cared for thousands of war widows? THE SALVATION ARMY Shall their work stop for lack of funds?

SALVATION ARMY MILLION DOLLAR FUND COMMITTEE

SIR GEORGE BURN SAYS THRIFT IS NECESSARY TO SUCCESS IN LIFE

Noted Ottawa Financial Leader States Why Canadians Should Save Their Money

Sir George Burn is known as one of the leaders in the financial life of Canada, having formerly been general manager of the Bank of Ottawa. Because of this anything that he has to say on

SIR GEO. BURN, OTTAWA.

the subject of money and finance in general always commands ready attention. Here are some of his reasons in support of the war savings and thrift stamps campaign.

"Although the war is over, only a comparatively small portion of the debt incurred by Canada on account of it has been paid for out of increased income. The balance having been raised partly by borrowings abroad and partly by loans made to the government by our

CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are so numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given for the digestion of the meal. You will find that Burdock Blood Bitters will help with this digestion. It does this by toning up the stomach in such a way that the dyspepsia soon disappears.

Mr. Robt. Bellwin, Whitford, Alta. writes: "I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia, of which I have been a sufferer for years. I have tried a good many doctors and proprietary medicines, and one day I thought I would try something different. I got a bottle of B. B. from our local store, and I can certainly say that I was more than pleased with the results, as I got better right away. I will always recommend it to other sufferers."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ASK YOURSELF

are you logical in your use of medicine? When your stomach is ailing you take something that reaches the stomach, but when the trouble is in your lungs or breathing passages, do you take something that reaches there direct? This is where so many people make a mistake. They swallow remedies into the stomach in a vain attempt to cure an ailment which is of the lungs! Then they wonder why they receive no benefit.

For ailments of the lungs and breathing passages the logical treatment is the use of a remedy that is breathable and therefore capable of reaching the lungs direct. Peps is that kind of remedy—a breathable remedy in tablet form. When Peps are dissolved in the mouth medicinal vapor is released and breathed to all parts of the bronchial tubes and the minute air cells of the lungs, soothing the inflammation and consequent irritation, healing the sore places and ending the cough.

Next time you are troubled with a cough, sore throat, bronchitis or laryngitis, take Peps and prove for yourself the superiority of the direct treatment. All dealers sell

PEPS

own people. Some of these loans will shortly have to be met.

"The Canadian army has to be brought home.

"The replacing of our fighting men into civil life is a great undertaking, and in part of the plan of reconstruction now being formulated by the dominion government.

"Money is required for all these purposes, as well as for making provision for doing our part in supplying on terms of long credit, foodstuffs, building material and everything else required for the rehabilitation of the devastated regions of Europe, the peoples of which are at present largely homeless and without any means of earning a living, everything in the way of machinery, tools, etc., having been either carried away as loot or destroyed. These expenditures will all be protected and ultimately paid for by the countries interested, but meantime, we should, by joining in this work, do our part, and it is hoped and expected, secure future markets for our products.

"Thrift has been the foundation of every successful business career and an opportunity is now offered for accumulating substantial sums of money by small savings which can be made by slight, but continuous self-denial. It is hoped that the convenience which is being afforded for acquiring and saving war savings stamps will be availed of generally by the public."

ADVICE TO LIBERALS.

Victoria Times: There will be no room for the standpatter, the compromiser with special privilege for election purposes, the protector and guardian at the fiscal feudalism, in the Liberalism of the future, and western Liberals, we think, will make this abundantly clear when the political parties of Canada are divided by policies instead of by labels. Nehemias plattitudes and calling names are more likely to be regarded merely as the camouflage of political opportunism than the raiment of pure Liberalism.

Plans To Fly Around World

French Aviator Shows His Skill by Landing on Roof of Paris Store

Paris, Jan. 23.—Julius Verduin won a prize of 25,000 francs today for being the first aviator to land upon the roof of a house on a flight.

Verduin left Issy les Moulinaux at 1:20 o'clock this afternoon, notwithstanding a thick fog, with the purpose of attempting a landing on the roof of the Galleries Lafayette, a large department store near the St. Lazare Station. The roof, which is wide and long, and without obstructions on it, has previously been proposed for use as an aerial station in Paris.

Verduin flew over the boulevards and slowed down as he passed over a bank building, opposite his destination. Here the aviator shut off the power of his engines and skimmed the parapet surrounding the roof by only a few inches. The landing was a spectacular one, and although the machine was slightly damaged, Verduin was unharmed. When the machine came to a standstill Verduin waved his arms to a spectator on the bank roof, yelling, "There you are."

The roof is fifty-two feet wide and about seventy-five feet long. The width of the airplane used by Verduin is thirty-six feet.

After the flight and the successful landing Verduin said he never had the slightest doubt about its success. He added that he intended to fly around the world.

Heart Palpitated Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weakness, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and unable to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did.

Milburn's Heart and Nerve Pills are 60c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Put a K to It.

An architect remarked to a lady that he had been to see the great nave in the new church.

"Don't mention names," the lady replied, "I know the man you refer to."

NINETY PER CENT OF ELECTRICAL POWER TAKEN FROM WATER

Census of Central Power Stations in Canada Completed—Revenue \$44,536,848

Ottawa, Jan. 23.—A census and directory of the central electric power stations in Canada has just been completed by the Dominion Bureau of Statistics and the Dominion Water Power branch of the Department of the Interior, working in co-operation and with the assistance of the Ontario Hydro-Electric Commission, the Quebec Streams Commission and other provincial departments concerned. The statistics include only central electrical stations, that is, stations developing electrical power for sale.

The capital invested in power stations totals \$286,094,108, of which 79.2 per cent is invested in commercial stations and 20.8 per cent in municipal or public-owned stations. Total employees number 8,840, receiving wages and salaries totalling \$7,771,919 per annum.

The total revenue received from the sale of electrical energy is \$44,536,848, of which \$29,188,299 were secured by municipal plants. The primary power installation in central stations totals 1,844,571 h. p., of which 78.8 per cent, or 1,444,214 h. p., is installed in commercial stations and 21.2 per cent, or 400,357 h. p., in municipal stations. Of the total primary horsepower installed, 1,629,661 h. p. is derived from water, 180,809 from steam, and 11,710 from gas and oil.

Of special interest is the actual cost of construction of hydro-electric power stations per installed horse-power. Omitting all real estate, transmission and distribution equipment, seventy representative hydro-electric stations throughout the Dominion, with an aggregate turbine installation of 745,727 h. p. and a total construction cost of \$50,740,438, show an average cost of \$69.11 per installed turbine horse-power.

One of the most important facts disclosed as a result of the statistics is the outstanding position which water power takes in the central station field. Out of a total installed primary capacity of 1,844,571 h. p., 1,659,661, or 89.8 per cent, practically 90 per cent, is derived from water. This figure is indicative of the extent and availability of the water power resources of the Dominion and of the remarkable degree to which their adaptability for central station work has been appreciated in principle and realized in practice. The vast water power resources of the Dominion, the ready adaptability of hydro power to the production of electrical energy and the increasing extent and scope of economic electric transmission form an industrial asset which probably more than any other will ensure a full measure of future prosperity.

Try Some PARIS PATE Instead of Ordinary Cooked Meats

Cooked ham and tongue are very high in price and out of the reach of many. For a delicious meal try Paris Pate. You'll like it better and it costs much less. Made under Government inspection by clever French chefs it is sure to please you as it has thousands of others.

Cool on ice—open and serve—It's ready to eat. No cooking—no waste—all pure food.

SAFE HOME FROM HANDS OF TURKS

Lieut. Travers Williams-Taylor Was Prisoner for One Year in Mesopotamia

(Montreal Gazette.) In the four and a half years that have elapsed since he left the Royal Military College at Kingston and went to Valcartier camp as orderly officer to Col. Victor Williams, Lieut. Travers Williams-Taylor has seen service in France with the Canadian 1st Division, then on the same front with an imperial cavalry regiment, after that in Mesopotamia, and finally has spent a year as a prisoner in the hands of the Turks in Anatolia on the way to Baghdad.

On going overseas Lieut. Travers Williams-Taylor was for a time A. D. C. to Major-General Alderson, who at that time was in command of the 1st Canadian Division. Transferring to the 2nd Hussars (the Lillie-walkers) of the imperial army in the second year of the war, he accompanied that regiment when it was sent to India.

C. OF E. INSTITUTE

The annual meeting of the Church of England Institute was held yesterday afternoon in the institute rooms with the president, Mrs. James H. McAvity, in the chair, and all of the reports which were read showed in a marked degree the great interest that is taken in the different branches of the association work. They were listened to with a great deal of pleasure.

The treasurer, Miss Helen Sydney Smith, read her report showing that the balance on hand amounted to \$281.88. The reports of committees were read by the following: Charitable and missionary work, Mrs. Thomas Walker; books, Mrs. James F. Robertson; recreation, Mrs. T. E. G. Armstrong; general hospital, Mrs. C. Higgins; flower mission, Miss Portia MacKenzie; Zenana mission, Miss Alice Walker; new members and finance, Mrs. L. F. D. Tilley.

Mrs. J. A. McAvity's resignation from the office of president was accepted with genuine regret. She had held the office for four years and had been most faithful and diligent in her efforts for the association, during that period of war activities. Mrs. Allan W. Daniel, of Rothesay, was elected president for the ensuing year by a unanimous vote. The other officers elected were as follows: Treasurer, Miss Helen Sydney Smith; secretary, Miss Annie Hipwell, and committee of management, Mrs. Thomas Walker, Mrs. James H. McAvity, Mrs. W. S. Neales, Mrs. W. D. Forster, Mrs. J. E. G. Armstrong and Mrs. R. P. McKim; delegates to the Women's Council, Mrs. John Gordon, Mrs. A. W. Golding, Mrs. DeVeber, Mrs. J. Knight and Mrs. Warwick.

KING OF MONTENEGRO PLEADS FOR PEOPLE

Paris, Jan. 23.—The minister of foreign affairs of Montenegro has made public the following note:

"The king of Montenegro, learning of the tragic incidents now desolating his country, is anxious to stop the shedding of blood and has addressed a note to his people as follows:

"To my beloved people, I beg you to remain quietly in your homes and not oppose by arms troops which seek possession of our country.

"I have received the highest assurances from high representatives of the Allied countries that very soon a true opportunity will be afforded the Montenegrin people to pronounce freely on the political form of their future government. For my part, tell them that I shall adhere to that decision with pleasure."

"The message was approved by the peace conference yesterday, which authorized that it be sent to Montenegro."

Bolsheviki in Montreal.

Montreal, Jan. 23.—Violent Bolshevik demonstrations were staged at a meeting here tonight of the Trades and Labor Council called to consider the unemployment question. The moderate council of President John T. Foster were set aside and a resolution passed in favor of a thirty-hour working week, so as to provide all round employment, and if refused to call a general strike. President Foster was jeered and insulted though his original resolution, asking for inauguration of public works on a large scale, was also passed after the other. About 1,500 were present.

NEVER AGAIN

"Yep! Never again!"

A Tonic for Miners

True tonics restore and build up strength naturally, not by stimulation but by nourishment. **SCOTT'S EMULSION** is a true tonic and a safe means of defense against the debilitating tendency that threatens to drain a miner's vitality. In times of weakness the body does not need drugs or stimulation quite so much as it does tonic-nourishment—the kind that enriches the blood and builds up rugged strength and stamina.

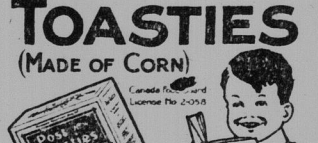

A miner may safely depend upon Scott's for strength.

BOWLING.
Y. M. C. I. League.

In the Y. M. C. I. senior bowling league last evening the Eagles took three points from the Falcons as follows:

Falcons	Total	Avg.
McDonald	88	85
Cotter	83	84
McLaughlin	71	74
Bridge	101	79
Hennessey	111	70
500 390 415 1305		
Eagles	Total	Avg.
Magree	87	88
P. Fitzpatrick	99	87
Powe	82	80
Murphy	80	111
Riley	80	111
498 468 452 1358		

The first series of the Y. M. C. I. senior bowling league is finished and was won by the Sparrows. There are three series and at the completion of these three the various winners will roll off for the championship. The Sparrows by consistent bowling have won out in the first series and are due much credit.

City League.

In the city bowling league last evening on Black's alleys the Pilots won from the Lions by three points to one. The game was interesting throughout with high scores made on both sides. The highest score was 108 and was made by Cromwell of the Pilots in his third string. The score for the evening was as follows:

Pilots	Total	Avg.
Beattney	86	85
McIntyre	88	87
Ramsay	93	104
Cromwell	102	87
Coughlan	95	81
464 445 442 1331		
Lions	Total	Avg.
Lunnay	89	80
White	80	80
McLeod	79	85
Wheaton	80	89
Wilson	99	97
443 441 422 1346		

Commercial League.

In the commercial bowling league on Black's alleys last evening the team from Burt & Peters won from the team from W. F. Hatheway & Co., Ltd. taking all four points. The individual scores were:

Burt & Peters	Total	Avg.
Maber	85	80
Garrett	80	82
Buckley	79	64
Lewis	90	80
388 375 388 1141		
W. F. Hatheway	Total	Avg.
Maxwell	84	76
McNeill	72	71
Hart	79	76
McKeo	68	79
McDonald	85	73
388 375 388 1141

CHINA NOT BEER DRINKING NATION

Chancellor of Legation in San Francisco Says United States Should Check Invasion of Country by Brewers

San Francisco, Jan. 24—"For China to have forced upon her the beer-drinking habit, now that she is just shaking herself free from opium, would indeed be a misfortune," said Tiam H. Franking, L. B., chancellor of the Chinese consulate-general in San Francisco, in an interview with a representative of the Christian Science Monitor, on the subject of the proposal of American brewing interests, to establish the beer-brewing industry on a large scale in China, following its expulsion from the United States.

"Of course, it is true that the Chinese, as a race, are not probably as prone to take on the worst forms of the liquor habit as are some other races, but the matter is, nevertheless, a subject of grave concern, and one that merits the consideration of statesmen," he said.

"Beer and wines are not unknown in China, but they are used mostly with meals, and in moderation, and it cannot be said that the Chinese as a people have acquired the liquor habit.

"I do not think, however, that much can be done by individuals or organization in carrying on any campaign in China. About the only thing that would prompt the Chinese government to take any action in the matter would be the fact that a great power like the United States regards the liquor industry as such a serious menace to its people and its institutions that it thinks it necessary to forbid it by constitutional provision. If the United States takes this action in regard to liquor it is conceivable that the Chinese government might be made to see the necessity of similar action. But my personal opinion is that the establishment of the liquor industry

The Wellington
THE UNIVERSAL PIPE

W.D. & H.O. WILLS

The Wellington is more than a good pipe—

it's a WDC Pipe, a genuine French briar; it's a good smoke; it's peace; it's comfort; it's quiet meditation—all done up in one sweet brown package. The well catches all moisture and the top-opening bit sends the clean, dry smoke away from your tongue. Good dealers have the Wellington in the shape and size you want, at \$1.00 and upward.

CHAPTER NINE "HANDS UP" CHAPTER NINE

TELLS OF GREAT DRIVE AGAINST BULGARIANS

Sir George Milne, Who Commands British Forces at Saloniki, Explains Hardships Encountered Before Enemy's Line Was Broken and Allies Rushed On to Victory.

London, Jan. 23.—(Canadian Press despatch from Reuter's Limited)—General Sir George Milne, commander-in-chief of the British forces at Saloniki, in a despatch dated Dec. 1, 1918, gives the first official description of the great Allied victory against the Bulgarians last September, which contributed so much to the final smashing of the Central Powers and their allies. This despatch shows that the British played a very conspicuous and very important part in this battle and suffered heavy losses.

A LIFE SAVER.

Ensign Violet Hodgson, who has been appointed territorial organizer of the Salvation Army life-saving guards, vice Ensign Mapp, recently married.

Led the Attack.

The sixty-sixth infantry brigade, General Milne reports, led the attack on the ridge with consummate self-sacrifice and gallantry. Here the enemy had established three strong lines of defence consisting of concrete machine gun emplacements from which they could sweep and enfilade the whole front. After severe fighting the 12th Cheshires, the 8th South Lancshires, the 8th Shropshires reached the third line, but at this point they came under a devastating machine gun fire and were compelled to fall back to their original position, though not before they had lost sixty-five per cent. of their strength, including two colonels, who fell at the head of their battalions. The Greek and Welsh troops had meanwhile, assaulted a network of hills between the "P" ridge and the Grand Couronne, penetrating a mile. The enemy offered desperate resistance with machine gun fire from emplacements of blasted solid rock. Nevertheless, the slopes of the Grand Couronne were reached, but the lack of success in the "P" ridge attack made it impossible to hold the ground and the battalion gradually fell back to their former lines, the 7th South Wales Borderers being the last to leave with nineteen un wounded men and one officer left out of a battalion.

However the whole scheme of this British attack was, apart from the prospect of a local advance, to pin down the enemy reserves on this front in order to ensure success for the great Serbian attack by which the Allies were ultimately to turn the flank of the Bulgarians facing the British. So on September 19 the British attacked again, Greek troops co-operating with Scottish regiments. They reached their objectives at many points against great resistance, but on the left the Allies could not make progress against a heavy barrage. Nevertheless the sixty-fifth infantry brigade which had moved up rapidly from the influenza observation camp twice gallantly alone tried to capture "P" ridge, but was driven back by the overwhelming machine gun fire. The result was that the troops in the center had their flank exposed and the right was also threatened. There was nothing to be done but fall back. This was done and the men fought stubbornly the whole way. The twelfth Argyll and Sutherland Highlanders, the eighth Loyal Scots Fusiliers and the eleventh Scottish Rifles, covered the retreat and suffered many severe casualties, including the loss of all the commanding officers killed or wounded.

ENGAGED TO MARRY.

Prince Wilhelm, the eldest son of the former Crown Prince of Germany, is thirteen years old and, legally, at this moment is King of Prussia. His age makes it impossible for him to abdicate.

AFTER 48 YEARS.

The tricolor of France flies once more from the spire of the Strasbourg Cathedral.

BOLSHEVIKI PLANS FOR CONTROL IN STATES

Washington, Jan. 24.—Testifying before the senate committee investigating German propaganda, Archibald Stevenson of the military intelligence department said yesterday that representatives of the Bolshevik movement in Poland and Czechoslovakia are in the final stages of their plans to control the entire territory of the United States, and that their plans contemplate eventual seizure of the Eastern Ontario Regiment.

Advertisement for OAK HALL'S 30th Anniversary Sale. Features a large illustration of a man in a suit and a woman at a desk. Text includes 'Saturday is the Last Day' and 'OAK HALL'S 30th Anniversary Sale'.

IT TAKES MORE THAN "Marked-down" prices to make clothes values. You may be able to equal these sale prices of ours elsewhere—perhaps you can beat them. THAT ISN'T THE POINT—it's what you get for your money that determines a real value, and right now—or any other time—you can get as much, or more, for your money here in clothes value than anywhere else.
