THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 20, 1923

PLAN TO ENLARGE AREA FOR SPECIAL STREET LIGHTS

Matter Considered at
Common Council Meeting

Suggestion to Reduce Number
of Poles—To Prepare
Bill Covering Superannuation—Ottawa Delegation.

The Common Council meeting in committee yesterday afternoon considered the plans submitted by Harry Wilson, electrical engineer to the City of Ottawa, for ornamental street lighting. As presented the plans embrace an area from the Union depot along Mill and Dock streets to Market square, thence up King to Charlotte, here one line goes south along Charlotte to the South side of Queen square and the other goes north along Charlotte to Union and down along the corner of Prince Edward. The north and south sides of King square also are included. Suggestions were made yesterday that other districts be included among them being Union street from Charlotte to Germain, Germain street from Union to Princess, Prince William street from King to Duke, Sydney street from Union to Lanier with suggestions also as to Prince Edward street, Douglas avenue and Carleton. Mr. Wilson was requested to prepare plans in which the areas suggested should be included. He was also asked to bring in a plan showing a system by which the standards for ornamental lighting would be combined also with standards having provision for secondary feeders. On motion of Commissioner Thornton the report and recommendation were ordered to lie on the table pending a further report and plan. The Mayor said he thought the directions to the commission should be more specific.

Tenders for Hose.

Commissioner Thornton reported on the tenders for hose ranging from \$1.00 to \$1.50. He moved the resolution of the Dominion Rubber Systems for 1,600 feet of fire hose at \$1.25 a foot, plus sales tax, be accepted. The motion was carried.

Tenders for Wharfage.

Commissioner Bullock moved that the city advertise for tenders, returnable at 12 o'clock, March 17, for revenues and profits arising from all fees payable to be paid for or on account of wharfage for one year from April 1 next as follows: Market slip, Market place, North and South wharves; King slip, North slip, York point; Union slip, Union street; Market slip, North and South wharves; Thompson slip, Portland Point; Market slip, Britain street; Public wharf, Main street.

For Superannuation.

Commissioner Bullock spoke with reference to provision for retired or superannuated employees either by gratuities given by the city alone or by contributions by employees. He moved that a bill be prepared for enactment by the Legislature. Commissioner Wigmore said he thought this was a move in the right direction. He thought it a good idea to get the act through as a good start. He favored a classification of departmental employees. He seconded the motion.

Commissioners Thornton and Frink agreed and the motion was carried.

Commissioner Thornton moved that the leases of stores in the Market building be renewed from May 1 for three years at the same rentals. The only change he recommended was that the premises now occupied by Sinibaldi and Ogden Smith be leased to J. W. Noble. The motion was seconded by Commissioner Frink and carried.

A communication from the Railway

LINEN ROOM REMNANT SALE AT M. R. A. LTD. ENDS TOMORROW

ONLY ONE MORE DAY in which to take advantage of the many great bargain opportunities offered by this annual event. Sale includes a large variety of Remnants and odds and ends left from our Free Hemming Sale—and every article is marked at a very great saving price. Among them are:
REMNANTS OF BLEACHED and UNBLEACHED SHEETING.
PILLOW COTTON
TABLE DAMASK
TOWELLING
As well as ODDS and ENDS in TOWELS, TABLE CLOTHS, NAPKINS, BED SPREADS, RUNNERS, CENTRES, D'VEYLES, Etc.
You'll find it a wise idea to be on hand early tomorrow morning, as such bargains as are offered here are very unusual. (Linen Room—ground floor)

HAIR STAYS COMBED, GLOSSY

"Hair-Groom" Keeps Hair Combed—Well-Groomed

Association of Canada was referred to the Mayor for reply. Ottawa Delegation.

Commissioner Thornton said he thought the business people should be represented on the delegation going to Ottawa. He was not aware that there was any provision for the payment by the city of the expenses of the delegation. He thought it should be understood that the expenses should be paid.

The Mayor said the motion carried this. With reference to representation he thought the business interests were represented by the Board of Trade and Common Council. In order to clear the air he moved that the expenses of the delegation be borne from general revenue.

For Colds, Grip or Influenza
and as a Preventive, take Laxative BROMO QUININE Tablets. The box bears the signature of E. W. Grove. (Be sure you get BROMO.) 30c. Made in Canada.

LIFE MEMBERSHIP FOR SIX PEOPLE

A meeting of the managing committee of the Seamen's Mission Society was held yesterday afternoon in the institute building with H. C. Schofield in the chair. A resolution of sympathy and condolence was passed in connection with the death of Mrs. Thomas Graham, and a copy was ordered forwarded to her husband. Mrs. Graham had been connected with the society since its organization, about 1890, and she has been a member of the managing committee for several years. She was also a member of the Ladies' Guild of the Seamen's Institute.

At the meeting yesterday afternoon Col. E. T. Sturdee, H. C. Schofield, Captain A. J. Mulcahy, R. E. Armstrong, C. B. Allen and Mrs. Joseph Seymour were all elected honorary life members of the society.

A feature was the fact that Mrs. Graham was also to have been elected honorary life member, but death claimed her before she received the honor.

HIGHER PRICES FOR TEA.
The unsettled state of affairs all over the world has penetrated even to the remotest tea gardens in India. Labor troubles have occurred in the form of riots; dock strikes in Calcutta have delayed shipping, and the gardens have great difficulty in securing a sufficient number of Coolies to pluck all the tea that could be obtained from the plants. This year eighty million pounds less tea has been produced than will be consumed, which has resulted in the price of tea rising steadily, as the effect of this tremendous shortage is being felt.

TORONTO MAY GET A \$50,000 CENOTAPH
Toronto, Feb. 20.—A cenotaph to cost \$50,000 will be erected in the centre of two leading streets if the report of the committee of legislation on a memorial of the recent war for the Province of Ontario is adopted.

BRITISH COLUMBIA ILLUSTRATED.
On Thursday evening at eight, in the Casino Hall, Mr. Humphrey, for twenty years resident of British Columbia, will give an illustrated talk on that province with 120 slides, showing scenery and resources. Intensely interesting address. 10075-2-21

WAS ON BRITONIA
It has been definitely established that John A. Crawford sailed from St. Pierre with the ill-fated *Briton* on December 12. In view of the fact that it was known that he had been on the night before the vessel sailed it was not known whether or not he sailed with her, but his mother received word from the acting British consul in St. Pierre telling her that he had been released from the island the day the ship sailed and just recently a representative of a local liquor house who was in St. Pierre on business informed Mrs. Crawford that he said good-bye to her on board the vessel the day she sailed and that Crawford sailed with her. Mrs. Crawford resides in Fairville.

COUGHS

GRAY'S SYRUP OF RED SPRUCE GUM

Horlick's Malted Milk

A Nutritious Diet for All Ages. Keep Horlick's Always on Hand. Quick Lunch; Home or Office.

THE BOOZE WAS FROM N. B.
(Frederick Gleason)
Pete D. McKinnon, of Woodstock and Bangor, whose motor truck with a consignment of liquor loaded here, was seized in St. John last fall, has won a case pending against him in the United States district court of northern Maine. McKinnon was charged with having nearly 800 bottles of liquor in his possession at Bucksport, Me., but the federal officers decided that they had insufficient evidence and non-prosecuted the indictment. They preferred a similar charge concerning the same liquor against James E. Collins, another liquor carrier well known here. Collins pleaded guilty and paid a fine of \$250.

Deaths in P. E. I.
Charlottetown, Feb. 20.—A. W. Sterns, well-known for his philanthropic and charitable activities died yesterday.

Annie Gauthier, a 16 year old girl who was badly burned five weeks ago, when her clothing caught fire from an open grate, died yesterday.

SCIENTISTS MAKE RAIN WITH AID OF AVIATORS

Electrically Charged Grains of Sand Scattered From
Aeroplanes Dissolve Clouds and Disipate
Mists and Fogs

Dayton, O., Feb. 16.—Rainfall has been caused and clouds have been made to disappear in a series of experiments conducted here at McCook Field, according to announcement made by the experimenters, Prof. Wilder D. Baughart of Cornell University and L. Francis Warren.

The successful experiments were made with the cooperation of the Army Air Service.

Results of the experiments were described as "absolutely unusual" by the aviators at the army air field. In brief, the clouds were made to dissolve and precipitate their moisture by the dropping of electrically charged grains of sand upon them from aeroplanes.

Prof. Baughart and Mr. Warren declared that the process will be of great value in the commercial world, as fogs over cities, harbors, and flying fields can be made to vanish, thereby insuring safety to travel and transportation.

They do not claim that in every instance rain or precipitation can be produced, as they say all clouds do not contain sufficient moisture. Some of the experiments demonstrated that the removal of mists and fogs over flying fields.

The experiments have been in progress at McCook Field here for the last year and a half, and will be continued at Mountville, W. Va., on the Washington-Dayton air route, and possibly at Washington, where fog conditions are more frequent and better than at Dayton.

In making the announcement of the results obtained, Mr. Warren said that scientific research has shown that a particle of atmospheric moisture carrying an electric charge has a tendency to grow in size, even under conditions so adverse to enlargement as to cause unchanged drops to evaporate. The theory being that the electric charge diminishes the surface tension of the drops and thus facilitates further condensation and coalescence.

In the experiments a La Piere plane carrying about eighty pounds of sand of about 150 mesh, with a wind driven generator operating an electric equipment capable of charging the sand with high voltages either positively or negatively at the will of the experimenter, was employed. The sand was charged to approximately 10,000 volts, or a charge of the order of .0006 electric static units per grain, and was scattered through the action of the plane propeller at a height of about 500 feet above the tops of the clouds, the plane traveling at a rate of about 100 miles an hour. Made Rain in Ten Minutes.

The time taken to precipitate and destroy the clouds from the period of the first direct attack to the period of final disappearance in each case rarely exceeded ten minutes, and in several cases was less than five minutes, Mr. Warren said. The clouds dealt with, Mr. Warren said, varied from several thousand feet in length and breadth to several miles, the thickness from 500 feet to 1,000 feet; the altitude from 2,800 to 10,000 feet, and partook for the most part of the nature of Cumulus and Stratus, or mass-like clouds which consist of fog in a horizontal stratum, all containing slight moisture which was quickly evaporated in the dry air below the clouds. Some of the experiments, Mr. Warren said, were followed by snow flurries over the field and light rainfall over the adjacent regions.

Course sand that will fall rapidly over a definite locality, thereby producing quick results, will be employed for fogs and mists, Mr. Warren said. Sand particles of sizes that will fall by gravity slowly through the varying winds and be widely dispersed will be employed for arranging conditions which claim that with free electrons in a mass of air each electron attaches itself to a certain number of molecules and so forms a gas ion, upon which moisture condenses, thereby making a cloud particle. Should the velocity of the electrons be very great, he said, they will combine with the artificially changed particles (as it has been noted their fall

strongly electrifies surrounding air). This will produce a so-called trigger action, forcing the electrical charge in the cloud to change from a static to a kinetic state, which will rapidly spread or flash over the whole clouded area and force precipitation.

"VAGRANT" HAD \$1,207.
Woman Was Found Asleep at Brooklyn Highway.

New York, Feb. 20.—Mrs. Tillie Hellman, 50 years old, no home address, was arrested before Magistrate Walsh in Bridge Plaza Court, Brooklyn, on a charge of vagrancy. She was arrested Wednesday night by Patrolman Otto Swartz, who said he found her asleep in a hallway at 85 Cook street, Brooklyn.

The magistrate asked the woman whether or not she had any money. Mrs. Hellman promptly produced \$1.27. The magistrate discharged the woman, who refused to give any further information regarding herself.

As a result of the arrest of Reginald MacAdam, charged with creating a disturbance Saturday night, a liquor case concerning the Portland Pharmacy was heard in the Police Court yesterday afternoon. The father of the young man testified, and the case was set over until Friday. J. A. Barry appeared for the drug store, while William M. Ryan prosecuted.

ENCORE MARCUS' FURNITURE SALE

Trying temperatures and two holidays, together with any number of last minute telephone calls, indicated clearly how many more wanted a fair chance to look around at Marcus' Once-a-Year Sale. So to suit all it is

On Again This Week

WHERE MORE TROUBLE IS BREWING

Memel, the Baltic seaport, which was the cause of much friction when the peace terms were being settled, has once more come into the limelight, since the Lithuanians seized the city and district, ignoring the allied officials who were administering its affairs. It was a coup d'etat after the style of D'Annunzio's affair at Fiume. The port opens a way into the heart of Russia. The population of the city is mostly German but the district population is Lithuanian. A British warship has been sent to Memel to support the allied side.

The steamer Keith Cann, on her way out of Yarmouth Sound for St. John, twisted her propeller and rudder fighting the ice, which is the worst seen for years, and had to ask the C. O. S. There is a great deal of difficulty being encountered in repairing her because she cannot be docked. The steamer LaTou, for Barrington Passage and Clark's Harbor, was compelled to return to Yarmouth on Thursday morning by the heavy ice in the other harbor. It is now four weeks since a steamer has made one of these ports.

C. P. Riddell, General Secretary of the Railway Association of Canada, Montreal, writing to Mayor Fisher suggests that should St. John adopt daylight saving that the effective dates of the new hours be made to coincide with the actual effective dates of the summer train schedules. Mayor Fisher said that he would reply to the association saying that the city could not see its way clear to accede to the request.

The oldest church in New England is in Hingham, Mass.; it was built in 1635.

For a hurry-up breakfast

A hurry-up breakfast or lunch is not always digestible. A "quick get-away" to the office, to the train, to the day's job, is a real joy when you eat Shredded Wheat.

Shredded Wheat is so thoroughly cooked it is easily digested. Contains more real nutriment than meat or eggs and costs much less.

Pour hot milk over two Biscuits, adding a little cream and a little salt, and you have a hot, nourishing, strengthening meal for the day's work.

Contains all the bran you need to stimulate bowel movement.

MARITIME PROVINCES AND CANADA

The Toronto Globe recently referred to the policy of Premier Armstrong of Nova Scotia as outlined before the Commercial Club of Halifax and questioned this paragraph from his speech: "What is good for Canada as a whole will influence us for good. The East and the West must co-operate to this end. In unity there is strength. But if Canada is to be great, and that should be the patriotic desire of all, the Maritime Provinces, with their numerous resources, possibilities and opportunities, must also be made great, for a chain is no stronger than its weakest link."

Commenting on this, with special reference to lack of growth in population in these provinces, the Globe said: "There is no ground for discouragement in the fact that the rate of increase since Confederation has not been very rapid, especially when it is considered that there has been comparatively little immigration. But as compared with European standards the population is still sparse, and there is plenty of room for more people. As an inducement to immigration Nova Scotia can offer a variety of employment, having resources in its fertile soil, its mines and its fisheries, so that to a large extent it may be described as self-contained. It deserves an increased immigration, and we hope that the effort will be successful."

The Halifax Recorder quotes, the Globe and makes this apt reply: "The Globe's words sound very nice, but what Nova Scotia wants is a market for its products, and when it obtains that, we have no doubt it will go ahead by leaps and bounds."

The Recorder might have gone further and declared that what the Maritime Provinces also want is the development of their ports and a fair share of the overseas trade of Canada, as promised at the time of Confederation. Nice words are not enough. These provinces have definite grievances.

HOW WILL IT END?

The German Chancellor is credited with saying that Germany has only begun to fight, not with arms, of course, but by the method of passive resistance. The rest of the country is asked to see to it that the people of the Ruhr get food, so that they may not be forced by hunger to yield to the demands of the French. The task undertaken by France is far more formidable than had been expected. England is unwilling to put anything in France's way, but objects to being made an active partner in the proceedings. The English Labor leader wants to know why, if France can afford to maintain an army in Germany, she cannot pay some of her debts. In the House at Washington a member has introduced a resolution declaring the French occupation of the Ruhr to be "an act of war against a starving people," and calling upon France to pay a part of her debt to the United States. For this he is bitterly assailed by at least a portion of the press, but in the United States there is far from being universal approval of the French policy. There is not yet behind the proposal to determine an independent commission to determine the ability of Germany to pay enough force to give it effect, however, and there seems nothing to do but await developments in the Ruhr region. A determined test of endurance is there being made, and the outcome is very obscure. It would be very unfortunate if the Entente should be broken up, but even that may happen as a result of differing French and British views regarding the wiser method of dealing with German reparations.

Monotonous is to be congratulated on the success of his skating meet yesterday. The citizens have no reason to regret the boost they are giving to clean winter sport. We shall presently see some champions coming out of Moncton. That city does nothing by halves. St. John people would be glad to see Moncton make a success of every line of amateur sport, and the two cities are so close that one can stimulate the other to a healthy rivalry, wherein only the best of good-feeling would prevail.

Premier Oliver of British Columbia believes in telling the whole story. Before leaving Ottawa this week he submitted to Premier MacKenzie King a list of the requirements of his province which would give Parliament food for discussion a good part of the session. The Atlantic provinces should not perhaps submit as long a list at the outset, but they should not default in the matter of making known their more pressing wants while the people's representatives are in session.

Great bodies of ice are reported off the Atlantic coast. We can well believe it. The March and April sun will have a sizeable job right here in New Brunswick.

WHAT'S WHAT

By Helen Dool

Elaborate endings began to weary sensible letter-writers toward the end of the eighteenth century, although these circumlocutions were not completely abolished a hundred years later. In our days, we plunge into a letter like a swimmer taking a dive. Then we float or swim easily with the current of our say-so until we have reached our destination, which may be the end of our note-paper, the close of our subject-matter or the limit of our time.

"Sincerely yours," "Faithfully yours," and "Very truly yours," are still with us, relics of the old wind-up process. No doubt these, too, will be abandoned some day. Even now, some writers merely sign the end of the letter. Except among intimates, this is a little too abrupt for perfect courtesy.

Two contrasting examples are shown in the sketch above, the one an artificial mid-time conclusion, the other, Benjamin Franklin's concise ending of his friendship with Lord Howe at the outbreak of the American Revolution.

MARY PICKFORD IN NEW "TESS" FILM

Capacity Houses Enjoy Replay of Old Story—A Fine Presentation.

Importance attaches to the showing in this city for the first three days of this week at the Imperial of Mary Pickford's notable 1923 production of "Tess of the Storm Country." This screen event marks a vital epoch in the photoplay history inasmuch as it is the first instance in which a great star has resurrected from the past the picture which won her a permanent place in the photo-play hall of fame and produced it for a second time on an elaborated scale, taking advantage of all the progress the film-making industry has made in the intervening years.

It was just eight years ago that Miss Pickford portrayed the lovable character of Tess before the motion picture camera and this artistic triumph of hers was so all-encompassing there is no way of determining how many millions of people in all the civilized nations of the world saw it.

As a matter of fact, this photoplay was exhibited continuously every print was worn out and the negative lost its power to reproduce. "Tess" was just eight years ago that Miss Pickford portrayed the lovable character of Tess before the motion picture camera and this artistic triumph of hers was so all-encompassing there is no way of determining how many millions of people in all the civilized nations of the world saw it.

WOULD RESTRICT FRANCHISE.

Hon. L. O. David has introduced into the Senate a bill to restrict women's franchise in Canada. He would allow all males to vote at twenty-one years of age, but would only have married women and widows vote at that age, allowing unmarried women to vote only when they have reached thirty years of age.

SHORT'S PHARMACY 63 Garden Street, St. John, N. B. Phone M. 460.

Fast Becoming Famous as a relief for Headache, Sleeplessness, and all other troubles resulting from Defective Digestion.

Too many parties! Late hours and a bad taste in your mouth? Try a Teaspoonful of Dyspepticure at night and see how fit you feel the morning after.

BARS PATENT MEDICINE FOR BEVERAGE PURPOSE

Augusta, Me., Feb. 20—In the Senate last week, Senator Sprague of York introduced an act relating to the sale of seltzer containing one-half of one per cent. or more of alcohol, shall be deemed a common seller and on conviction shall be punished accordingly.

Plenty of Sales—Not Enough Profits

Business was good, sales fairly large—but profits were not all they should be.

Such was the situation with one of the big packing houses. The executive microscope was applied and among other unfavorable things found were:

Too heavy sales of goods on which there was little or no profit and too little selling pressure on profitable lines.

Neglect of spots that were natural markets.

Once the defects were visualized the remedies were applied, sales began to mount and profits became normal.

These are the days of scientific selling.

It pays to push the goods that show reasonable profit, and it pays particularly to cultivate markets where sales possibilities are best. Haphazard selling is the road to red ink figures.

Newspaper advertising is the easy road to all the people in all markets—and newspaper advertising and scientific selling go hand in hand.

The great increase in national advertising in the newspapers reflects the tendency of the times.

Write the Bureau of Advertising, American Newspaper Publishers Association, 866 World Building, New York, for a copy of its book, "Today in the Newspapers."

POOR DOCUMENT M C 20 3 5

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 20, 1923

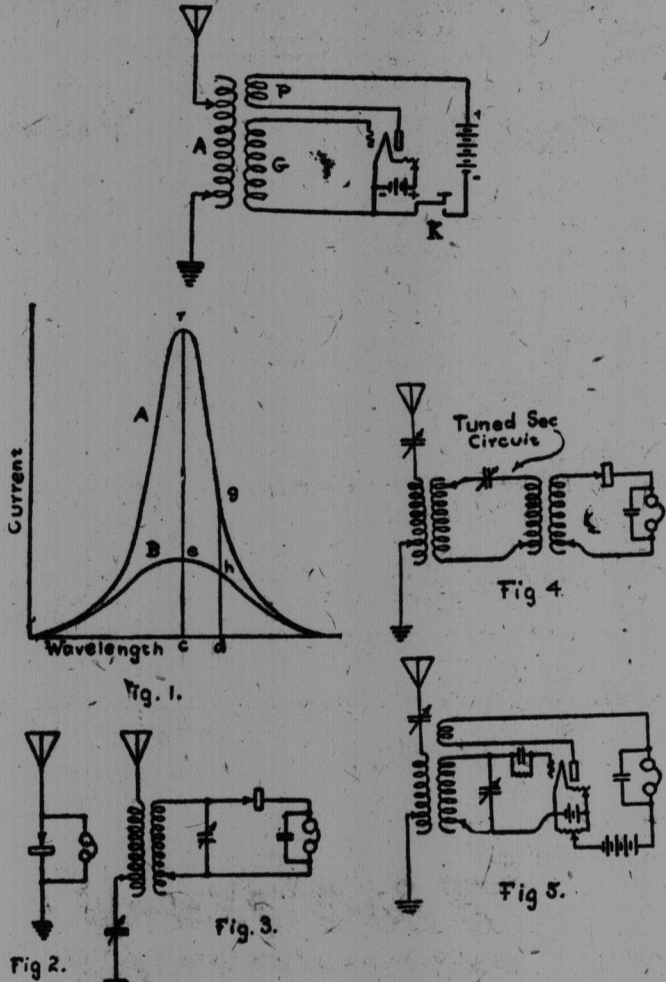

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 237.
PRINCIPLES OF TRANSMISSION WITH TUBES.

In a regenerative receiver of the vario-coupler type, adjustments of the plate circuit and secondary circuit may be made which will cause oscillations, this condition being indicated by a dull thud in the telephone when the oscillations start and a distortion of the signals from a spark station. When the primary or antenna circuit is now brought into resonance with the secondary circuit, the oscillations may stop entirely due to the inability of the secondary to supply the energy as rapidly as it is dissipated in the antenna circuit. If adjustments or changes are made in the circuit so that the oscillations continue after resonance is obtained by inserting a key or microphone in the antenna circuit we may employ the system as a radio telegraph or telephone transmitter over short distances.

Since the phenomenon described above is observed only in a regenerative receiver and is not present in a simple tube detector set, there is apparently a principle involved in the regenerative receiver which is also found in the tube transmitter.

If a three element vacuum tube is connected, as shown in the diagram, with a grid coil in inductive relation to the plate coil, it is found that when the key "K" is closed thereby impressing the high potential from the battery "B" on the plate of the tube, oscillations occur as a result of the feeding back of the energy from the plate circuit into the grid circuit and a consequent change in the plate circuit current. This action starts automatically as soon as the key "K" is closed and is due to the fact that the building up of the plate current in the coil "P" is accompanied by a rising magnetic field around the coil which cuts the coil "G" and induces a potential in coil "G" which is impressed upon the grid of the tube. Of course the terminals of the coil "G" must be properly connected to the grid filament or no oscillations will occur when the plate current reaches saturation, at which time the plate current is not changing and therefore the induced potential ceases to build up. The grid loses some of its positive charge and the plate current immediately falls off, a falling plate current induces an electromotive force in the grid coil which makes the grid more negative, since the effect on the grid coil is opposite to what it would be with a rising plate current. When the plate current reaches practically zero the grid loses its negative charge and returns to zero potential at which time the plate current commences to rise again to its normal value and the cycle of events repeats until the rate at which the cycle is repeated or the frequency is dependent upon the electrical constants of the circuits, that is, the inductance and capacity.

The coils "P" and "G" are in inductive relation to a third coil "A" which is in the antenna-ground circuit so that the oscillations are transferred to the aerial and radiated in the form of electric waves. Forming the characters of the telegraphic code by means of the key "K" causes corresponding waves to be emitted which are intercepted by the distant receiving antenna, detected by the receiving apparatus and interpreted by the receiving operator.

RECENT DEATHS

Mrs. E. C. Waterhouse.

Word has been received here of the death in Honolulu on Saturday of Mrs. E. C. Waterhouse who was killed in a motor accident. Her husband, Dr. Waterhouse, although injured is not considered to be in a serious condition. Mrs. Waterhouse was the daughter of W. E. Harding of Wexford and a grand-daughter of the late Dr. W. S. Harding of this city. She leaves her husband, two daughters, one son, Leigh of Wexford, four brothers, William Harding of Hammond River, George of the Malay States, Thomas and Vernon of Wexford, and two sisters.

George W. Boyd.

George W. Boyd, formerly manager of the American Laundry in Charlotte street, was killed by an automobile in Somerville, Mass., recently. He was taken to a hospital with a fractured skull and died soon after being admitted. The driver of the car was arrested and charged with operating a car carelessly. Mr. Boyd is survived by his wife, one son, one brother and one sister.

The Late Mrs. Mary McL. Mahoney

Boston Post, Feb. 8.—The funeral of Mrs. Mary McL. Mahoney of 7 Juniper street, Roxbury, took place yesterday morning with a high mass of requiem at St. Joseph's church, Circuit street, Roxbury. The Rev. Dennis F. Sullivan was the celebrant.

Among those who were at the funeral was her daughter, Mrs. Bowen, wife of Prof. W. C. Bowen of St. John, who went from here on receiving news of her mother's death.

William Cummins.

The death of William Cummins occurred yesterday at his home, 139 Pitt

street, after a lingering illness. Mr. Cummins was a painter by trade, but retired some years ago. He served for more than forty years on the fire department of the city, and at one time was forman of No. 2 Company, and was in the department at the time of the big fire of 1877. Besides his wife he is survived by five daughters, Mrs. J. A. Moore, Mrs. T. W. Moots and Mrs. William McIntosh, of this city; Mrs. J. W. Neely, of Melrose, Mass.; Mrs. D. A. McAdam, of Montreal; three sons, David, George and Harry, all of this city; also two sisters, Miss Martha Cummins and Mrs. M. Morrison, of this city, and one brother, Robert, of Lihden, Mass.

TO LIFT WAR TIME CONTROL FROM COMMERCE IN THE COMMONWEALTH

Sydney, Australia, Feb. 20.—(Canadian Press)—Prime Minister Captain S. M. Bruce emphatically declared yesterday that the government was going to lift all war time control of commerce of this city, and one brother, Robert, of Lihden, Mass.

AGED WOMAN PREACHER IS DEAD IN LONDON

London, Feb. 20.—Mrs. Laura Orniston Chant, preacher, writer and composer, died at Banbury recently. She was seventy-five years old. Soon after her marriage in 1887, Mrs. Chant took up the cause of woman, and campaigned for women's suffrage. She also lectured on temperance, Liberal politics and social subjects. For her efforts in taking nurses to the Greek frontier and Crete she received the Red Cross from Queen Victoria, in behalf of the then King and Queen of Greece. Mrs. Chant wrote novels and sonnettes, and composed numerous songs.

Stores open 9 a. m., close 6 p. m. during winter months.

New Spring Silks Are Unquestionably Beautiful

Never before have Silks of all kinds been so entirely fashionable—a note of novelty everywhere is seen in the new weaves.

Spring's color card, like the rest of spring's fashions, enthusiastically meets every expectation.

This store cordially invites you to see these new and beautiful fabrics.

SUPPLY COMPANY FOR LONELY MEN IN NEW YORK

New York, Feb. 20.—Lonely men in New York who dislike to attend the theatre and dinner alone, may now obtain desirable women companions from new agency, just opened. The fee is \$10.

Advertisements state: "If you are a stranger, if you enjoy good company, if you wish to spend a pleasurable evening, we will introduce you to a young lady of intelligence, good to look upon, with a pleasing personality, who will be a jolly dinner and theatre companion. In calling us state preferences as to types and desired accomplishments. This is an invitation to only the well-bred man seeking a clean evening's entertainment."

The agency, which reports a good business, says it requires the strictest social references from its young ladies. They must sign a contract agreeing, among other things, not to drink liquor and to refuse to allow their clients to escort them home.

One newspaper sent a reporter to the agency posing as an out-of-town merchant. The reporter found that the agency's representations were correct.

A wooden dwelling, 123 St. Patrick street, owned by the T. Wisted estate was slightly damaged by fire yesterday afternoon.

LOCAL NEWS

A meeting of the Church Workers' Association of St. John's church was held yesterday afternoon in the vestry of the church. Mrs. G. Fred Fisher presided and Mrs. J. W. McKean read the reports of the secretary and treasurer. Regular business was transacted and plans were made for the work of the church during the coming year.

Routine business was transacted at the meeting of the New Brunswick Vocational Education Board in the government rooms last evening. Hon. Fred Magee occupied the chair. It was decided to accept the invitation of the St. John Board of School Trustees to hold the summer meeting of the vocational board in this city. Courses in welding and storage batteries will be started in the Fredericton schools on February 28. Those present at the meeting last evening were Hon. Fred Magee, Father Tessier, F. Peacock, A. C. Gorham, Harvey Mitchell, Dr. W. S. Carter, Dr. G. M. D., Ph. D. The team was examined in first aid, stretcher work and also the various ways to handle the injured with the best results. The possession of this trophy will be decided by points and the results of yesterday afternoon's test will not be known at present. The members of the local team are Sergeant Spiney, Policemen James Corner, Percy Gaudet, Robert Storey and Alexander Chisholm.

A special meeting of the voting members of St. John's (Stone) church, was called yesterday afternoon, by the rector, Rev. A. L. Fleming. The object of the meeting was to get an expression

FIFTY THOUSAND WOMEN

would comprise a vast army, yet that is the number who have replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co., of Cobourg, Ont. Ninety-eight out of every 100 letters from these women contained positive assurances that they have been benefited or restored to health by taking this old-fashioned root and herb medicine. This is most remarkable evidence of its power over the ills of women. Therefore, with 88 chances out of one hundred that Lydia E. Pinkham's Vegetable Compound will overcome such ailments for you, why should you continue to go through life in pain and suffering?

"Wear-Ever" By getting "Wear-Ever" Aluminum you will avoid all necessity of repair or replacement, because "Wear-Ever" Utensils will last your lifetime. This fact—plus its ability to save fuel—makes "Wear-Ever" easily the cheapest in the long run.

MISS CANADA IN MONCTON SCHOOLS

One of Her Happiest Visits Made Today

Given Hearty Farewell as She Leaves for Home, and Greeted at Stations on the Way to St. John.

Miss Canada's farewell to Moncton today was marked by a series of visits and presentations that perfectly coincided with and prettily typified the ideas and aspirations wrapped up in the graceful title won by the St. John girl in the all Canada contest at Montreal.

After yesterday's round of sporting carnivals and social events in which Miss Canada participated with grace, dignity and good fellowship she crossed early today to John Mayor Edgett in a tour of the larger public schools—Aberdeen, Edith Cavell and Victoria. Principals of these buildings welcomed Miss Canada at the main entrances.

In the assembly halls the pupils gave Miss Canada rousing receptions. They sang "O Canada," saluted the flag and gave three rousing cheers. Mayor Edgett introduced Miss Canada to all three buildings to an aggregate of 2,500 children mentioning the visit as an honor and an inspiration to the youth of Moncton.

Miss Canada in reply requested one of her advisory committee members, W. H. Golding to speak to the scholars. Mr. Golding impressed the boys and girls with the ideal of Miss Canada's position, its national scope and its standards of living and deportment.

Instead of a picture of Johnny Canoe or other emblem of various kinds, Canada might now be typified as a comely maiden of graceful deportment, high social ideals, exemplary religious and social living, and with a pleasing, friendly personality, a good fellow with all classes, colors and creeds. "Don't think of Miss Canada as a prize beauty," said the speaker, "but rather as a lovely little lady at a prize beauty's level."

The school visitation was perhaps the most satisfactory function to Miss Canada since her wonderful welcome home from Montreal. Teachers and scholars alike, literally beamed upon her and she returned the affectionate attention with her usual winsomeness.

Upon reaching the private car for the return home by Maritime Express Miss Canada was met by Mrs. C. R. Purvis, representing the Local Council of Women of Moncton, who tendered Miss Canada a bouquet of roses accompanied by a congratulatory note. A gate from Sackville handed the Canadian Queen a very lovely greeting from the Sackville Council of Women signed by Mrs. John Hammond, president and Mrs. A. H. McCready secretary.

All along the line returning to St. John, Miss Canada was greeted by crowds at the stations and received salutes of thousands from windows and verandas.

Thought Miss Canada will pay her respects to the Pythian order of the Pythian Castle under the auspices of N. B. Lodge, No. 1.

The High Ideal of Miss Canada's Task

A citizen who is deeply impressed by the higher aspect of the service Miss Canada has rendered said to the Times yesterday:—"St. John is making Miss Canada seriously, and Miss Canada is taking her new title seriously. I am a thorough Britisher. I used to hate to hear Canada called a nation, because it sounded like separation. But now we are the British Commonwealth of Nations, and that makes 'nation' the proper word."

"Miss Canada is a new force to unify and uplift our national ideal. I heartily thank Uncle Sam or whoever it was that first thought of the idea. Miss Canada faces that hitherto unaccomplished task of pleasing everybody. It requires breadth. She must typify Canada to those who dance as well as to those good souls who think life should consist chiefly in going to church and visiting hospitals. I hope she can keep a level head (I've well-nigh lost mine) with all this greatness thrust upon her."

"When I let my imagination run, I see her officiating in stately comradship with Miss America at important affairs on both sides of the line. I see her carrying (unofficially) Canada's greeting to the British West Indies and to Newfoundland, smiling our message of brotherhood to thousands of French-speaking Canadians in old Quebec, and even taking our assurances of loyalty to the heart of the Empire. I said something just now about losing my head, so you will please excuse me. "Much can be made of this unofficial post if the people back our lady with their prayers and show appreciation for all she so willingly and graciously does. For my own part, the personality of Miss Canada helps me to nobler thoughts and inspires me in my little bit of Canada's industry. God bless her."

CITY HALL PAY DAY

Today was semi-monthly pay day at City Hall and the amounts disbursed were as follows: Officials, \$2,185.96; Sundry officials, \$24.75; police, \$8,500.25; \$1,022.80; fire, \$2,648.80; market, \$248.33; total, \$11,229.94.

ON BRITISH COLUMBIA

J. M. Humphrey, who has lived for more than twenty years in British Columbia, gave an illustrated talk on that province last evening in the Methodist hall in Hampton. He showed 130 different slides and gave a most interesting description of the scenery and resources of the Pacific province. Mr. Humphrey will give this illustrated talk in several places in the city.

MRS. JAMES S. HORSLEY

In the General Public Hospital this morning at an advanced age, of Sarah Ann, widow of James S. Horsley, passed away. She had served her husband and six children, and had been ill only since Sunday last. Her husband was for many years employed with the Eastern Steamship Company, and before that had gone to sea. He was a well known figure around Reed's Point prior to his death. Mrs. Horsley was a native of Nova Scotia but had lived in St. John since she was aged 14 of four years. The funeral will take place from P. J. Fitzpatrick's undertaking parlors.

MRS. CECIL E. R. STRANGE

Many friends in the city, and especially in West St. John, will learn with deep regret of the death of Mrs. Cecil E. R. Strange, which occurred this morning. Mrs. Strange had been ill since October. She was only twenty-four years of age, was a daughter of Mr. and Mrs. G. Vernon Kierstead. Besides her parents she is survived by her sister Grace D., and two brothers, Kenneth and Maurice Kierstead, living at home. Mrs. Strange was an active member and Sunday school teacher in the Clonjote street Baptist church and took a very deep interest in the work. Universal sympathy goes out to the husband and other members of the bereaved family. The funeral will take place from her late residence, 156 Guilford street, West, with service at half past two on Thursday afternoon.

GLEN FALLS MEETING

A meeting of the Glen Falls Community Club was held last evening at the home of Mr. and Mrs. George Simpson and there was a large attendance. Suggestions were brought forward for the welfare of the club and district. An invitation was received to attend an evening at the home of Mr. and Mrs. Charles Farlee, St. John, on February 27. A sewing circle has been formed since October. The club will meet on February 27 at the home of Mrs. James Ross. The concert committee reported that the proceeds of the show were \$100.00. It was hoped to eclipse the show previously given. The club will meet on February 27 at the home of Mrs. James Ross. The concert committee reported that the proceeds of the show were \$100.00. It was hoped to eclipse the show previously given. The club will meet on February 27 at the home of Mrs. James Ross.

Kemal Favors The Emancipation of Turkish Women

Constantinople, Feb. 20.—Mustapha Kemal Pasha, who recently married the daughter of a rich Smyrna notable, has made a noteworthy public pronouncement in favor of the emancipation of Turkish women. Speaking at Broussa, he declared that the work before the nation would be to open up only if Turkish women joined equally with the men in educating themselves and in taking an active part in the nation's affairs.

Important Chancery Cases

The session of the Chancery Court which was to have commenced this morning has been postponed until next Tuesday owing to the Appeal Court sitting in Fredericton. Among the older cases to come up are those of the Attorney-General versus C. P. R.; Bathurst Lumber Company, Limited, versus Workmen's Compensation Board and Security Export Company versus Anon. A very deep interest in the case of the Prudential Trust Company Limited is being claimed against the Oil Shales Company of Canada Limited, in connection with the matter of the foreclosure of a trust mortgage upon the holdings of the Defendant Company in Albert county. In the alternative they are claiming against the defendant and others including Edward Donville, Isabelle, Earle, Finance Corporation of Canada, N. B. Real Estate Loan and Trust Co., and Hon. Wm. Fugleby. Appearances have been entered by MacRae, Sinclair & MacRae for the Oil Shales Company by P. H. Hughes, K. C. of Fredericton for the other defendants excepting Hon. Wm. Fugleby who is represented by D. Mullin, J. C. S. A. M. Skinner appears for the plaintiff.

Supreme Court Upholds Saskatchewan Judgment Unseating Federal Member.

Ottawa, Feb. 20.—(Canadian Press).—The Supreme Court today dismissed with costs an appeal brought by R. M. Johnson against the judgment of the Saskatchewan courts unseating him as a federal member for Moose Jaw.

SIX TRAMMEN KILLED IN WRECK

Elmira, N. Y., Feb. 20.—In a train wreck today on the Lehigh Valley railroad at Rummelfeld, Pa., about ten miles south of Towanda, Pa., it is known that six persons were killed. The victims were all trammemen.

OPPOSITION IN CAUCUS HERE

Questions of Reorganization and Leadership and Provincial Organizer.

Members of the opposition party from all over the province gathered in the city today for a caucus, which was to be opened this afternoon at 8 o'clock in the Seaman's Institute. Although no formal announcement had been made as to the nature of business to come before the meeting, it was supposed that among the items to be discussed would be a reorganization of the party and selection of a new leader. While it was understood that the present leader, J. D. Palmer, of Fredericton, had many supporters among the prominent party men, there were rumors of considerable dissatisfaction, and the names of C. D. Richards, who leads the party in the house, George B. Jones, M. P. of Kings County, and L. P. D. Tilley are mentioned as possibilities for the position.

It was said that the selection of a new leader would depend to a great extent on the views of Hon. J. B. M. Baxter, M. P. He was reported to favor the present leader and, in the event of Mr. Palmer withdrawing, to incline towards the selection of Mr. Richards. Some local members, however, were reported making a strong bid for Mr. Tilley.

It is possible that another question which will be developed in the meeting is the matter of provincial organizer, a position now held by A. J. Brooks of Kings County. In this connection it has been suggested that Mr. Brooks might be replaced by Mr. Palmer, should the latter not retain the leadership of the party.

Amongst those already in the city are Mr. Palmer, Mr. Richards, J. M. Flewelling, St. Stephen; B. Frank Smith, East Florenceville; H. B. Dunsot, Woodstock; P. D. Swin, Doaktown; J. B. Hickey, Bathurst; F. J. Robidoux, Shediac; D. A. Stewart, Campbellton; J. L. Peck, Hillsborough; E. A. Smith, Hopewell Cape; R. D. Forbes, C. B. Brown and J. R. Monteth, Devon; J. E. McAuley, Lower Millstream; W. D. Turner, Sussex; C. M. Yall, Bellefleur; John S. Froot, Hampton; Harley S. Jones, Apohaqui; G. A. Williston, Chatham; J. Sutton, St. Stephen; E. Burtt, Fredericton; S. S. Miller, Hartland.

Royal Gifts to Duke's Fiancee

London, Feb. 20.—Queen Mary has given Lady Elizabeth Bowes-Lyon, a "sunburst" diamond brooch, the stones set in the form of a rising sun. It was presented when the Duke of York and his fiancee visited the King and Queen at Sandringham. Queen Mother Alexandra also presented to Lady Elizabeth a piece of jewelry.

More Fine Irish Homes Put to Torch

Dublin, Feb. 20.—Downhill House, a mansion belonging to John Garvey, former Crown Solicitor at Ballina, was set on fire by armed men last night and destroyed. Mr. Garvey and his son, covered with revolvers, were given five minutes to leave the house. The leaders of the raid said the burning was in reprisal for the Free State executions of the previous night. The loss is estimated at £20,000.

CHART SHOWING SHIPPING WORK IN ST. JOHN HARBOR

Commissioner Bullock has a very comprehensive chart showing the operations and movements of vessels in the harbor for December and January. There are two blueprints compiled from records kept in the office of the harbor master and each shows the date of arrival of the vessel, what she was loading, the amount loaded each day, transfer to another berth, and when she took place, what was taken on there, the number of days she was in port and the date of departure. There is included a record of what vessels were lying in the stream, when and where they arrived, and when they loaded, and also a record of vessels at other wharves such as Long Wharf, the Sugar Refinery Wharf, McLeod Wharf, Pettin-gill Wharf and all other wharves about the harbor front where vessels would dock. The Commissioner said this morning that he would take the blue-prints to Ottawa with him tomorrow.

CLOSE DOOR OF KING'S TOMB AT END OF WEEK

Luxor, Feb. 19.—Tutankhamen's dust will not be disturbed this season. By the end of the week it is probable that the aperture in the sealed door of the tomb will be screened with wadding on a wooden framework and that the debris of centuries will be piled into the tomb shaft as the most effective protection against theft. A police guard will remain throughout the summer.

NEW TRIAL IN SUIT FOR BREACH

Toronto, Feb. 20.—The appellate division has directed a new trial of an action brought by Miss Marie Van Hoerde, daughter of a Belgian dentist, against W. W. McKown, a young Toronto barrister, son of Dr. Walter McKown, to recover \$25,000 damages for alleged breach of promise of marriage. The decision is based on the finding that there was no evidence of an unconditional promise as found by the jury and upon which a verdict for \$1,000 was returned. Judgment for this amount was given by Mr. Justice Logie at the trial.

WOULD SEEK REPORTED RICHES

Lord D'Abernon, British ambassador to Germany, is seeking permission to excavate beneath Constantinople for fabulous riches of former sultans, reported hidden there.

17-Year-Old Sisters Sue "House of David" For Forced Marriages

Mrs. Ruth Reed, Benjamin Burnell, the "High Priest"

Paw Paw, Mich., Feb. 20.—Religion, boasting high infamously practices as forcible marriage of young girls to elderly members of the cult, is blamed for the plight of 17-year-old Mrs. Ruth Harford Reed and her sister, Mrs. Gladys Bamford Rubel, who are suing the "Holy House of David" for \$200,000.

The parents of the girls were converts to the strange cult over which Benjamin Burnell presides as "High Priest." Upon their death, it is charged, Burnell took over their property.

In suing to regain their property, the girls revealed that both were forcibly married to men belonging to the cult.

According to her story, twenty-eight marriages were celebrated at once, the girls being notified on the afternoon of the day in question that the marriages would take place at 6 o'clock.

The Reed girl also charged that every child born and reared in the cult is taught that "Burnell can do no wrong" and that all his acts are "holy."

Under the guise of reading lessons, which she says she was permitted to take from the "High Priest" once a week, made this a cloak for immoral practices.

Prosecution of Burnell and members of his cult on the basis of this testimony will follow settlement of the girls' property suit.

Presentation To Hilton Belyea

At the weekly luncheon of the Gyro Club at Bond's today the presentation of a rowing machine was made to Hilton Belyea, Mr. Belyea responded thanking the club for the gift and assuring them that he would do all in his power to use it in the best interests of the rowing game and of St. John.

MOSUL AND THE CONFERENCE

(Toronto Globe)

The conference at Lausanne has met another stumbling-block in the Turkish claim that the Vilayet of Mosul, where the oil fields are situated, belongs not to Iraq but to Turkey, chiefly because the people are Turkish. The British reply that the people of Mosul are mainly Kurds and Assyrians.

If the principle of self-determination is to apply in Mesopotamia the Turks have no standing. The population is estimated at 2,200,000, of whom Arabs number 1,450,000; Kurds, 850,000; Turks and Turcomans, only 110,000; Persians, 70,000; Jews, 60,000; Syrian Christians, 60,000; Armenians, 57,000, and the remainder scattered. Of the total about 1,111,000 are Iraqis, and the remaining 727,000 are distributed in Upper Mesopotamia.

The rise of Iraq is responsible for the introduction of the Arabs, who defeated the Persians in A. D. 638, and eventually extended the conquest to the Taurus Mountains. During the rule of the Orthodox and Omayyad Caliphs Mesopotamia was a Province of the Arabian Empire.

The invasion of Tamerlane in the fourteenth century practically depopulated the country, and for the next two hundred years Mesopotamia almost disappears from history. In the reign of Sultan Selaiman I. (1520-1566) the Ottoman Turks added Mosul and Bagdad to the Turkish Empire, and they remained continuously in Turkish hands until 1917, except for a short Persian occupation of the latter city.

Since the advent of the Turks Mesopotamia may be said to be without a history. The British, who were expelled by the Persians, returned under the Caliphs, was destroyed by the Mongol invasion, the effects of which were perpetuated by Turkish misrule. During the whole period of its inclusion in the Ottoman Empire, it was a land of strife and rebellion, injustice and oppression.

In pursuance of the Joint Declaration of Britain and France, British troops have given up tender ties and as a result of the oppression of the British. Iraq has been set up as an independent kingdom, and the British, who had undertaken to secure to that country admission to the League of Nations. British has already spent an enormous sum for the protection and development of Iraq, and must be said to have acted with generosity toward the people of it.

AMHERST, NOVA SCOTIA, AND ITS MAYOR

Mayor D. M. Robb, of Amherst, is a native son, who serves his city in its chief office with conspicuous success.

By strictest economy and careful financing Amherst has come successfully through a trying time. Its schools and charitable institutions are worthy of praise. Mayor Robb is a mechanical engineer by profession and is putting his best effort into the problem of fuel combustion and the saving of fuel in house furnaces and steam plants. He is a keen yachtsman and with his sons spends a lot of leisure time sailing the coasts of Nova Scotia and New England.

COUNT BROCKDORFF-RANTZAU

The German ambassador to Russia is said to be seeking Russian aid for Germany in the present reparations crisis.

(The missionary resides in a small two-roomed wooden hut.) The day was fine and the people had put on their smartest clothes, which, having been procured from passing ships perhaps years ago, were curious and wonderful. Soldiers' and sailors' uniforms, dress suits, corduroys and early Victorian ladies' garments gave an impression that a fancy dress ball was at hand. The people are fond of bright colors, and a rosette of colored ribbon or bouquet was the rule. The men love tobacco, but they are non-smokers for the simple reason that cigarettes and tobacco are not to be had.

DESCRIBES LIFE ON LONELY ISLE

Rev. Mr. Rogers Tells of Tristan da Cunha, "Sick Child of the Empire."

(London, Feb. 19.—Canadian Press)

Life on Britain's loneliest island, Tristan da Cunha, is at all times very difficult, for this colony is like a sick child in the Empire. It has neither trade nor manufactures, and if it were able to produce anything in quantities the goods would have to be stored in the island.

So writes Rev. Henry Martyn Rogers to the London Times. He and his wife sailed from Cape Town for this lonely island last April, and since their arrival Mr. Rogers has been chaplain to the islanders. This pair of devoted British missionaries, Mr. and Mrs. Rogers, have given up tender ties and as a result of the oppression of the British. Iraq has been set up as an independent kingdom, and the British, who had undertaken to secure to that country admission to the League of Nations. British has already spent an enormous sum for the protection and development of Iraq, and must be said to have acted with generosity toward the people of it.

PLAN AIRPLANE TRANSPORT FOR A BATTALION

London, Feb. 20.—(Canadian Press)—Trials are now taking place of a huge biplane designed to carry twenty-three fully equipped soldiers and if the tests prove satisfactory the development will materially affect military tactics and strategy of the future.

CHURCH ORGAN ASSAILS BISHOP

Asks Who Authorized Dr. Manning to Speak for the Whole Body on Issue.

New York, Feb. 20.—The Churchman in its issue of last week severely criticizes Bishop William T. Manning for the speech he made last Thursday evening at the dinner of the Church Club in the Waldorf-Astoria regarding the Rev. Dr. Percy Stuckey Grant issue.

Asked this evening regarding the editorial, Bishop Manning said he did not wish to make any comment. The Churchman is a national weekly of the Episcopal church, published in this city. It is the fourth successive week the Churchman has taken sides with Dr. Grant.

The demand for copies of the Churchman for Jan. 27, Feb. 3 and Feb. 10, containing articles dealing with the issue raised by Bishop Manning and Dr. Grant, has been so heavy that it has been impossible for us to fill the orders for extra copies received from clergymen and laymen in all parts of the country.

USE RAID LIQUORS TO KEEP CITY CARS FROM FREEZING

Cincinnati, Feb. 19.—Cincinnati city officials, hard pressed in financial matters, are utilizing whiskey seized by police in raids, as an anti-freeze aid for radiators of city automobiles, thus saving the expense of alcohol. It has been the custom to pour the contraband liquor into the sewers.

BOAT FOUND BUT NO SIGN OF THE TWO MISSING MEN

Grand Manan, Feb. 19.—The ill-fated boat which left North Head on Friday evening, February 9, with freight for Seal Cove in charge of Aubrey Raymond and Fulton Fleet, both of Seal Cove, was found near Clepey's Passage, a dangerous spot for mariners, on February 11, and was towed to Seal Cove. The boat was found in fair condition, but the pilot house was badly damaged. A pair of rubber boots was found in it. The unfortunate men have not been found.

The Girls' Association of St. John's (Stone) church met last night in the vestry of the church, with Miss Edith Skinner in the chair. Besides transacting routine business, arrangements were completed for the annual meeting which is to be held the first Monday in March.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.

Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

MUSTEROLE

Will not blister. Have Musterole handy for emergency use. It may prevent serious illness. The Musterole Co., of Canada, Ltd., Montreal.

Quality is absolutely guaranteed by this trade mark YOUR DEALER CAN SUPPLY. Write for booklet on Period Furniture CANADA FURNITURE MANUFACTURERS WOODSTOCK ONTARIO Manufacturers of all classes of household and office furniture

MORE TROUBLE FOR THE OPPOSITION

J. D. Palmer Said to be Willing to Relinquish Leadership; C. D. Richards Would Stay, But L. P. D. Tilley and G. B. Jones Said to Have Aspirations—Convention Today Decides.

A provincial convention of the local opposition party is called for this afternoon at three o'clock in the Seaman's Institute. Delegates from various parts of the province are expected to be present. J. D. Palmer, of Fredericton, the latest leader of the party, reached the city last evening and was in conference with some of his followers.

Although no announcement of the place of the meeting has been given out, it is understood in opposition circles that organization will be discussed and a matter of a new leader also will be considered.

It is said that many of the party are not satisfied with the leadership of J. D. Palmer and it has been intimated that he might be willing to give up the task of trying to lead the different factions under one banner.

Among those who are talked of as possible leaders are C. D. Richards, L. P. D. Tilley and George B. Jones. Although Mr. Jones at present has a seat in the federal house, it is understood that he would prefer to be a little more prominent locally, rather than occupy a back seat at Ottawa.

Mr. Tilley's friends, it is said, are making a strong bid for the leadership for him, and a fair sized faction already has been aligned in his favor. Some members of the party feel that Mr. Tilley as leader the vote-getting chances of the party would be enlarged.

It is understood, however, that Hon. Mr. Baxter will give strenuous opposition to either Mr. Jones or Mr. Tilley being selected leader. He would much prefer the present leader, it is said, but if Mr. Palmer gives up, Mr. Baxter would probably support Mr. Richards for the position.

The general opinion is that if Mr. Palmer gives up the leadership, Mr. Baxter's influence will swing the convention in favor of Mr. Richards, who already has a seat in the Legislature. Both Mr. Palmer and Mr. Tilley are on the outside, and if either were selected a House leader would have to be chosen as well. Similar action would have to be taken were Mr. Jones selected as leader.

Another matter for dissatisfaction among the Opposition is the organizer. Many say they are dissatisfied, but it was not known last night whether any one at the convention would suggest that A. J. Brooks be removed from that position. One member of the party has suggested that Mr. Palmer should give up the position of leader and take over the matter of organization.

Indications point to a lively convention if the dissatisfied members once get courage enough to give voice to their opinions. Among those who came to the city yesterday to attend the convention were J. D. Palmer, C. D. Richards, Fredericton; J. M. Flewelling, St. Stephen; B. Frank Smith, East Florenceville; H. B. Durst, Woodstock; F. D. Swin, Moncton; J. Bennet Hickey, Bathurst; E. J. Robidoux, Shediac, and D. A. Stewart, Campbellton.

HALIFAX MAN IS PROMOTED

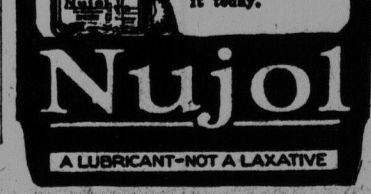

(Halifax Echo.) Alan Gordon Duxton, late of Halifax, and now resident at Fredericton, N. B., has received an appointment in the Entomological Staff at Ottawa, to effect in April.

Mr. Duxton is a son of the late Rev. John F. Duxton of Halifax. He received his Arts Education here, graduated with high marks from Truro Agricultural College and also from "Guelph." He then took post-graduate work at "McGill," receiving the

Facial Blemishes

Sallow, sallow, roughened or blotched complexion are usually due to constipation. When you are constipated, not enough of Nature's lubricating liquid is produced in the bowels to keep the food waste soft and moving. Doctor's Remedy Nujol because it acts like the natural lubricant and does not place it.

Place it — not a medicine or laxative — not a grip. Try Nujol today.

A LUBRICANT—NOT A LAXATIVE

WOMEN! DYE WORN, FADED THINGS NEW. Sweaters, Dresses, Skirts, Waists, Kimonos, Curtains, Coverings, Draperies, Gingham, Stockings, Everything.

PROTECTION OF WILD BIRD LIFE

An instructive illustrated lecture in the interests of the formation of societies for the protection of wild bird life was given before the Women's Canadian Club by Wallace H. Robb, di-

rector for the Province of Quebec of the Society for the Protection of Birds, in the hall of St. Andrew's church last evening.

At the close of the lecture a vote of thanks was moved by Mrs. J. S. Flagler and seconded by Mrs. T. H. Carter. Rev. A. L. Fleming, rector of St. John's church, in speaking to the motion, expressed great appreciation of the good work being done by the bird protection societies. After the motion had passed unanimously Mrs. W. E. Raymond,

president of the club, extended the vote to the speaker of the evening. The diamond ring case, in which David Carleton is charged with receiving stolen goods knowing them to be stolen, was returned to the police court yesterday afternoon. One witness was examined and then bail was granted the accused in pursuance of a judgment handed down yesterday morning in chambers by Judge Chandler of the Supreme Court. Bail was fixed at \$2,000.

No Dingy Film

On the prettier teeth you see everywhere today. Do you realize how many prettier teeth you see in every circle now? And how many smile to show them? It is so the world over. There has come a new era in teeth cleaning. You and everyone should learn how much it means.

Why teeth discolored. Film is what clouds teeth—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. Then it forms cloudy coats. Tartar is based on film.

Old methods did not effectively combat it. So most teeth were coated more or less. And few escaped the troubles caused by film. Film holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Now ways to fight it. Dental science has now found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring. Able authorities proved those ways effective. Then a new-type tooth paste was created, based on modern re-

search. Those two film combatants were embodied in it for daily application. The name of that tooth paste is Pepsodent. Now dentists the world over are urging its adoption. To careful people of some 50 nations it has brought safer, whiter teeth.

Mistakes corrected. Research also proved that former methods reduced Nature's tooth-protecting forces in the mouth. Pepsodent corrects that mistake. It multiplies the alkalinity of the saliva. That is there to neutralise mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Watch it for a week. A test of Pepsodent will prove a revelation. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will quickly realize what this method means to the people in your home. Send the coupon for a 10-Day Tube. Compare it with the old-time methods. Cut out coupon now.

Now ways to fight it. Dental science has now found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring. Able authorities proved those ways effective. Then a new-type tooth paste was created, based on modern re-

search. Those two film combatants were embodied in it for daily application. The name of that tooth paste is Pepsodent. Now dentists the world over are urging its adoption. To careful people of some 50 nations it has brought safer, whiter teeth.

Mistakes corrected. Research also proved that former methods reduced Nature's tooth-protecting forces in the mouth. Pepsodent corrects that mistake. It multiplies the alkalinity of the saliva. That is there to neutralise mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Watch it for a week. A test of Pepsodent will prove a revelation. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will quickly realize what this method means to the people in your home. Send the coupon for a 10-Day Tube. Compare it with the old-time methods. Cut out coupon now.

NEW RECORD FOR
220 AT MONCTON

Jewtraw in Exhibition Goes
Distance in 18 1-5
Seconds

Gorman Wins 222 While
Moore Takes Half Mile and
Mile and Gets Third in
220—Some Good Going.

The feature of the first day's skating
in the Jubilee meet at Moncton
yesterday afternoon was the breaking
by Charles Jewtraw, in an exhibition
race against time, of his own mark of
18 1-5 seconds for the 220 yards dash.

Those taking part included Charles
Gorman, St. John; Joe Moore, New
York; Al Nuffer, Johnson City; Val-
entine Bialla, Lake Placid, and Ed-
ward Reed, Chicago. Joe Moore won
both the half-mile and the mile and
came third in the 220, which was won
by Gorman. Gorman fell while well
in the lead in the half-mile. The time
in the senior mile was twenty-two
seconds slower than that for the juniors.

In the ladies' class there was but
one event, the 220 yards, in which only
two competitors, Rose Johnson, of
Chicago, and Mrs. Bell, of Moncton,
appeared. Miss Johnson had an easy
win.

Between 4,000 and 5,000 people at-
tended the meet, which was officially
opened by Miss Moncton, having as her
guest Miss Canada, both of whom ap-
peared on the ice in skating com-
petitions.

During the afternoon an exhibition
of fancy skating was given by Miss
Tilda Ruckert and Carl Milne, of
Mattaburg. Bobby Hearn, New York,
gave an exhibition of barrel jumping
and stunts.

220 Yards Senior.
First heat—Stephenson, Toronto,
second; Joe Moore, New York, second;
Ray, New York, third. Time, 20:2-5.
Second heat—Charles Gorman, St.
John, first; Forsman, New York, second;
Nuffer, Johnson City, third. Time,
19:3-5.

16-Year-Old Class, 220 Yards, One
Heat.
J. Sheffield, Lake Placid, first;
McKenzie, Lake Placid, second; A. Pe-
ryea, St. John, third. Time, 20:4-5
seconds.

220 Yards, 16-Year-Old Class, One
Heat.
A. Shea, Lake Placid, first; Logan,
St. John, second; Conneau, Moncton,
third. Time, 20:2-5.

Podas.
Joe Moore, New York, 70; Gorman,
St. John, 80; Nuffer, Johnson City 90;
McWhirter, Chicago, 20; Edward Reid,
Chicago, 20; Bialla, Lake Placid, 10;
Perleberg, Cleveland, 10.

REQUIRES SEVEN YEARS TO
MAKE MCGILL DOCTOR
Montreal, Feb. 20.—Seven years are
now required to make a doctor at Mc-
Gill University, according to a decision
reached at a meeting of the corporation
of that institution. All students en-
tering the university to train in medi-
cine next September will enter for the
new course.

Second heat, semi-final—Nuffer,
Johnson City, first; Bialla, Lake Placid,
second; Perleberg, Cleveland, third. Time,
19:2-5.
Third heat, semi-final—Charles Gor-
man, St. John, first; William Murphy,
New York, second; Garnett, St. John,
third. Time, 19 seconds.

Final—Bell, Moncton, St. John,
first; Nuffer, Johnson City, second;
Joe Moore, New York, third. Time,
19:1-5.
Half-Mile Senior.
First heat—Joe Moore, first; Roy
McWhirter, second; Edward Reid, Chi-
cago, third. Time, 1:27.
Second heat—Perleberg, Cleveland,
first; Hollander, Milwaukee, second;
Robert Reed, Chicago, third. Time,
1:28.
Third heat—Nuffer, Johnson City,
first; William Steinmetz, Chicago, sec-
ond; Charles Gorman, St. John, third.
Time, 1:30:2-5.
Fourth heat—Bialla, Lake Placid,
first; Frank Garnett, St. John, second;
Julian Steinmetz, Chicago, third. Time,
1:30:4-5.
First heat semi-final—Perleberg,
Cleveland, first; Roy McWhirter, Chi-
cago, second; Joe Moore, New York,
third. Time, 1:34:5.
Second heat semi-final—Charles Gor-
man, St. John, first; Bialla, Lake
Placid, second; Garnett, St. John, third.
Time, 1:33:2-5.
Final—Joe Moore, New York, first;
McWhirter, second; Bialla, third. Time,
1:32:1-5.
One Mile.
First heat—Gorman, St. John, first;
Bialla, Lake Placid, second; Garnett,
St. John, third. Time, 3:03:1-5.
Second heat—Edward Reid, Chicago,
first; Joe Moore, New York, second;
Perleberg, Milwaukee, third. Time,
2:54:4-5.
Final—Joe Moore, first; Edward
Reid, second; Herman Perleberg, third.
Time, 3:02:2-5.
Ladies.
220 Yards, Ladies' Senior, One Heat.
Rose Johnson, Chicago, first; Mrs.
Bell, Moncton, second. Time,
23:2-5 seconds.

First heat—Gorman, St. John, first;
Bialla, Lake Placid, second; Garnett,
St. John, third. Time, 3:03:1-5.
Second heat—Edward Reid, Chicago,
first; Joe Moore, New York, second;
Perleberg, Milwaukee, third. Time,
2:54:4-5.
Final—Joe Moore, first; Edward
Reid, second; Herman Perleberg, third.
Time, 3:02:2-5.

Second heat—Gorman, St. John, first;
Bialla, Lake Placid, second; Garnett,
St. John, third. Time, 3:03:1-5.
Second heat—Edward Reid, Chicago,
first; Joe Moore, New York, second;
Perleberg, Milwaukee, third. Time,
2:54:4-5.
Final—Joe Moore, first; Edward
Reid, second; Herman Perleberg, third.
Time, 3:02:2-5.

First heat—Gorman, St. John, first;
Bialla, Lake Placid, second; Garnett,
St. John, third. Time, 3:03:1-5.
Second heat—Edward Reid, Chicago,
first; Joe Moore, New York, second;
Perleberg, Milwaukee, third. Time,
2:54:4-5.
Final—Joe Moore, first; Edward
Reid, second; Herman Perleberg, third.
Time, 3:02:2-5.

First heat—Gorman, St. John, first;
Bialla, Lake Placid, second; Garnett,
St. John, third. Time, 3:03:1-5.

Reid, second; Herman Perleberg, third.
Time, 3:02:2-5.

"I Had Bilious Attacks
and Stomach Weakness"

Mrs. Wm. Robinson, York-
shire, writes:
"I suffered from stomach and
liver trouble, and used to have
bilious attacks so bad that I could
do nothing for weeks at a time.
My stomach would be so weak
that not even a drink of water
would stay on it. On my sister's
advice, I began to use Dr.
Chase's Kidney-Liver Pills, and
feel like a new woman."

& Co., Ltd., Toronto.

ROBINS GIVE
MYERS FOR
JACK FOURNIER

Trade Centre Fielder for the
Veteran First Baseman—
Ebbets Also Gets Smith.

New York, Feb. 20.—Charles H. Ebbets,
the Brooklyn President, sent
shopping last week and acquired for
himself two new ball players. After
a prolonged consultation with Pres-
ident Sam Bronck of St. Louis he trad-
ed Hy Myers, the outfielder, for Jac-
ques Fournier, the Cardinals' first base-
man. Fournier, with his success, the
Squire of Flatbush then cornered Wil-
liam F. Baker of Philadelphia and
swapped Clarence Mitchell, the only
left-handed spitballer in baseball, for
"Columbia George" Smith, the right-
hander formerly with the Giants.

In neither transaction, said Brook-
lyn officials, was there money involved,
but this statement was accepted with
certain reservations. Baseball men
were willing to admit that Fournier
and Smith trade was even enough, but
nobody could be found outside of
Brooklyn who would confess that Fournier
is the equal of Hy Myers. The
Squire Ebbets failed to get any cash,
along with the veteran and aging first
baseman, it would seem that his re-
tention for being a David Harum has
been sadly exaggerated.

Myers, of course, is not a youngster
by any means. He is an old hand and
slightly slow, but he was still a
regular on the Red Sox in 1911, and
an exceedingly valuable member of the
Ebbets cast. He is a normal 200 hit-
ter and a good man to have in the
biggest flaw being a weak arm.
But Fournier was not even a regular
at St. Louis last year, when he was
in both hitting and fielding, he was
yanked out in the heat of the pennant
race in favor of a youngster, and
Fournier is not a youngster by any
means. He is an old hand and
slightly slow, but he was still a
regular on the Red Sox in 1911, and
an exceedingly valuable member of the
Ebbets cast. He is a normal 200 hit-
ter and a good man to have in the
biggest flaw being a weak arm.

Fournier in Game Sixteen Years.
Fournier has been playing profes-
sional baseball for sixteen years. After
three years in the minors, he was
drafted by the Red Sox in 1911, and
later sent to the White Sox on waivers.
He stayed at Chicago for five years,
was released to Los Angeles, and got
back into the majors only when the
Yankees, desperate for players during
the war year of 1918, bought him for
use at first base, which Wally Pipp
had deserted in favor of National ser-
vice. After one season here the French-
man went back to Los Angeles, where
Branch Rickey rescued him for the
Cardinals in February, 1920. For two
years he played excellent ball at first
base, but last season he began slipping
again, and was finally benched.
Squire Ebbets evidently expects that
Fournier is due for another lease on
life. If he perks up once more and
displays one of his celebrated "come-
backs," he will be a mighty useful man
around first base. If not, the Robins
will find that they have given away a
regular centerfielder for a defunct first
sacker.

There were some yesterday who
charged Ebbets with altruistic motives.
Fearing that Fournier, the only remain-
ing nominee for the Players' Union
Presidency might slip into the minors,
the kind-hearted squire stepped in and
lent a helping hand. Fournier, who
Schmidt on the Board of Directors
the union ought to be well represented
around Brooklyn's first base.
My Myers has been a regular with
Brooklyn since 1915, although he was
tried out four times before that in
1909, 1910, 1911 and 1912. In 1913 and
1914 he was with Newark, and the
Robins recalled him at the end of the
1914 season. The Cardinals probably
will use him in left field, taking the
place of the late Austin McHenry, who
died this winter. Myers was a great
favorite with the Flatbush fans, and
his departure will be regretted.
My Fare Way for New Deal.
Myers' passing means undoubtedly
that Zack Wheat will not be disposed
of, as President Ebbets hinted in re-
cent interviews. On the other hand,
the acquisition of Smith, a right-
hander, may pave the way for a trade
involving Burleigh Grimes or Leon
Cedeno, who are sought by St. Louis
and Cincinnati among other clubs.
Smith graduated from Columbia in
1916 and joined the Giants immedi-
ately. Late in the season he was loaned
to Brooklyn for a short time, and still
later did a short service with Cin-
cinnati. The Giants finally brought him
back and traded him in 1919 to the
Phillies for Joe Oscega, who in the
same season was made part of the big
swap with Boston for Arthur Neff.
Clarence Mitchell came to the Robins
in 1918 from the Reds. He is as good
a first baseman as a pitcher, can hit
and field and is fairly fast above. He
played at the initial corner part of last
season.
The signed contract of William Mil-
ner, a second baseman bought from
Mobile of the Southern Association,
has been received by the Brooklyn
club. He bats and throws right-
handed and hit 312 in 157 games last
year.

HAIL LOSSES SLIGHT.

Calgary, Feb. 18.—The year 1922
was successful for the Hall Insurance
Board of Alberta, as the losses were
only \$291,679 against \$2,146,760 for
1921, according to a statement issued
by A. W. Tovell, secretary-treasurer.
The board dealt with 1,940 claims last
year as compared with 5,479 in the
previous year.
The board, as well as paying the
losses in full and all administration
costs, has returned to the surplus and
reserve fund all that was taken out in
1921. Last year's rate was five per
cent, the lowest on record for the whole
province since 1912.
A brief resume of the last four years'
operations shows that the board carried
in round figures a risk of \$72,000,000.
The average rate charged was 6 3/4
per cent on time. The actual savings
to the insured on premiums amounted
to more than \$1,000,000.

WINNER WESTOVER
AND BILL HART TO PART

Los Angeles, Cal., Feb. 19.—Chance
of reconciliation between William S.
Hart, the famous screen star, and Win-
ifred Westover, his wife, is declared
to be a thing of the past, by Mrs.
Hart.
The Harts will now seek the courts
for adjustment of their matrimonial
differences and a divorce. Winifred
said that she had turned over the mat-
ter to her counsel with request that
the latter start action.

Simple Application That
Dissolves Blackheads

No more squeezing and pinching to
get rid of these unsightly blemishes,
blackheads. There is one simple, safe,
and sure way to get them out, and
that is to dissolve them. Get about
two ounces of peroxide powder from
your druggist—sprinkle a little on a
hot, wet cloth—rub briskly over the
blackheads for a few seconds—wash

Ralph Sharp, a native of Norton,
Kings County, has been appointed man-
ager of Sackville of the Provincial Bank
of Canada. Mr. Sharp, who is only
twenty-four years of age, succeeds W.
L. Gray, who comes to St. John to take
charge of a new branch of the bank.

WEDNESDAY, FEBRUARY 21st

DOLLAR DAY
Is a Day of Unusual Value-giving at
OAK HALL

Note the special items mentioned below and bear in mind that there are many more not mentioned here; so make it a point to shop early in the morning at Oak Hall. And don't forget to take a trip Down Our Bargain Stairs to St. John's only Bargain Basement.

Neckwear
Regular 75c and \$1.00 Neckwear... Dollar Day 2 for \$1
Regular \$3.50 Arrow Shirts... Dollar Day 2 for \$4

Hosiery
Heavy Ribbed All-Wool Heather... Dollar Day 65c
Woolsey Black Worsted, Regular \$1.25 Dollar Day \$1.00
75c Grey and Black Cashmeres... Dollar Day 48c

Underwear
Stanfield's Heavy Ribbed Shirts and Drawers, regular
\$1.75 a garment... Dollar Day \$1.48

Sweaters
7 only, Coat Sweaters with military or shawl collars;
regular \$4.00 to \$6.00. To the first seven men
on Dollar Day... \$1.95

Gloves
Tan Cape and Mocha Gloves,
unlined, good value at \$3,
but slightly soiled; so for
Dollar Day... \$1

WOMEN'S WINTER COATS \$10

Formerly to \$35
Velours and Broadcloths, some
with fur collars of Opossum,
Beaverine or Lelaine.

Fur Muffs
Taupe Wolf, Natural Wolf and

Dollar Day \$1.00 Less

OAK HALL
King St. Germain St. Market St.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you
are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of
Aspirin," which contains directions and dose worked out by
physicians during 22 years and proved safe by millions for

Colds Headache Rheumatism
Toothache Neuralgia Neuritis
Earache Lumbago Pain, Pain

CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nearest cathartic-laxative to phy-
sicians' prescriptions is Cascarets. It
works by morning and you will feel
splendid. "They work while you
sleep." Cascarets never stir you up
or gripe like Salts, Pills, Calomel, or
oil, and they cost only ten cents a box.
Children love Cascarets, too.

Appetite Keen
and Bowels
Relieved.

You can relish your meals without fear
of upsetting your liver
or stomach if you still
put your faith in
Carter's Little
Liver Pills.

CUTICURA HEALS
BABY'S BLISTERS

Head Covered With Erup-
tions. Hair All Fell Out.
Got Little Sleep.

"When baby was a week old a
fine rash broke out on his forehead
and scalp, which later formed small
blisters. The blisters soon spread
and when he was three months old
his head was covered with sore eruptions.
He cried and rubbed his head,
and his hair all fell out. He got but
very little sleep.
"A friend recommended Cuticura
Soap and Ointment. After using he
got relief and in two months he
was healed." (Signed) Mrs. Allan R.
Caldwell, R. F. D. 2, Auburn, Me.,
Jan. 12, 1922.
Daily use of Cuticura Soap, Ointment
and Talcum helps to prevent
skin troubles.

Small Pack Price by Mail, 4 Cents. "Lemon-Lime"
Scent, 5 Cents. "Cherry" Scent, 5 Cents. "Rose"
Scent, 5 Cents. "Orange" Scent, 5 Cents. "Mint"
Scent, 5 Cents. "Sandalwood" Scent, 5 Cents.
Cuticura Soap above without name.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the wheezing, stop the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub from red peppers, at any drug store. You will have the quickest relief known.

shot at a total of 33,400 targets and broke 22,814, giving them a combined average of 9728.

The individual records of the men follow: J. R. Taylor of Newark, Ohio, shot at 4,100 and broke 4,016 for an average of 9795; B. F. Duncan of Lucy, Tenn., shot at 3,975 and broke 3,884 for an average of 9773; F. S. Tomlin of Chesboro, N. J., shot at 3,600 and broke 3,545 for an average of 9723; C. G. Spencer of St. Louis shot at 3,750 and broke 3,590 for an average of 9712; and J. M. Hawkins of New Haven shot at 3,787 and averaging 9684.

RING. Ski-Carpenter Match. Paris, Feb. 20.—An agreement has been reached between the managers of Battling Siki and Georges Carpentier by which the fighters will sign shortly for a match involving the light heavyweight championship of the world.

GERMANS MAY BAR PRINTING OF FRENCH BELGIAN RACING NEWS. Berlin, Feb. 20.—Owing to the Ruhr occupation, betting information on French and Belgian horse races would be forbidden publication in Germany, if a bill prepared for introduction in the Reichstag should go into effect.

A penalty of one million marks is provided. In many circles in Berlin these races have been backed more heavily than those on German courses.

Stomach Trouble "Indigestion" Relieved By Burdock Blood Bitters.

The sufferer from dyspepsia, indigestion or other stomach troubles who has no pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes heartburn, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kruschel, Morden, Man., writes:—"Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything outside of some light food, and even then I generally had pain after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed."

B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

NONE SO DEAF AS THOSE WHO WON'T HEAR

Uncle Sam: "Excuse me, marm, but I'm kind o' hard o' heirin'. What has it you said?"
Europe: "I said, 'How about that \$300,000,000 loan?'"
Uncle Sam: "Yes! It is trying weather for the time of the year, ain't it?"
—From the South Wales News, Cardiff.

THE MAN AT THE LEVER

—From the News of the world.

Your Health is at Stake if You Suffer from Constipation!

Every man, woman and child who has constipation or constipation symptoms should leave no stone unturned to get instant relief! Keep away from the dangers of pills and cathartics, which are almost as much to be dreaded as constipation itself. Your physician will recommend Kellogg's Bran because it is ALL BRAN—and it is Kellogg's Bran that will give permanent relief if eaten regularly.

Most cases of Bright's and diabetes can be traced to constipation; in its milder form constipation is responsible for sick headaches, nausea, pimples, sour breath, etc. And, we say right here—and guarantee what we say—that Kellogg's Bran, if eaten regularly, will give you permanent relief.

Kellogg's Bran is wonderful as a

food as well as wonderful as a natural means of relieving constipation. Kellogg's Bran contains important mineral salts; it contains elements that are necessary in making bone, tissue and blood—yet, it acts as a sweener, cleanser and purifier.

Eat Kellogg's Bran as a cereal. You'll enjoy its nut-like flavor. Or, sprinkle it on or mix it with hot or cold cereals. Many like it cooked with hot cereals. Two tablespoonsful of bran should be added in each instance. You have missed much not to have eaten Kellogg's Bran made into muffins, raisin bread or many other bakery batches. Recipes on every package. Prominent hotels, restaurants and clubs serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

THEY'RE YOURS!

A Globe of Gold-Fish Free With Dollar Bargains

Hold onto the difference your dollar earns here tomorrow—and then put under your arm at no cost at all, a shining Globe of as lively a pair of Gold Fish as ever turned somersaults in water. SEEKS TO SOLVE P. E. I. PROBLEMS

C.N.R. Official Meets Board of Trade Men

Suggestions of Improvements in Transportation made at Meeting in Charlottetown—L. S. Brown is Looking Over the Situation.

(Canadian Press)

Charlottetown, Feb. 20.—The transportation difficulties under which P. E. Island has been suffering this winter were very fully presented to L. S. Brown, assistant general superintendent of the Canadian National Railways, by members of the Charlottetown and Summerside Boards of Trade at a meeting here last night. The speaker, while attributing the-ups of the traffic in a measure to abnormal weather conditions, took the ground that the management could do some things to improve the situation, such as providing better equipment, more motive power and more co-ordination between the administrative and mechanical departments. The old demands for a second car ferry, completion of the standardization of the gauge, widening and ballasting of the road bed to carry heavier locomotives, were also pressed.

Mr. Brown said that he had never seen so much snow as there was this year between Sackville, Amherst, Dorchester and P. E. I. Asked as to the suggestion that the car ferry be converted into an oil burner, he said the general manager was getting expert advice on this.

A raise of pay for snow shovellers to put them on the same footing as those on the mainland, the bringing over of Eastman heated cars to transport seed potatoes, the running of a train through to Charlottetown, to connect with the car ferry, and other matters came up, all of which were promised careful consideration. Mr. Brown will remain here until some solution of the problems can be arrived at if possible.

PHOTOGRAPHS THE VOICE

Pallophotophone is Demonstrated at Engineers' Meeting.

New York, Feb. 20.—The pallophotophone, which records the human voice, music and other sounds by photography, was demonstrated by Charles A. Hoxie of the General Electric Company at a meeting of the American Institute of Electrical Engineers at the Engineering Societies Building. A violin was played and then the light-record of the violin piece was reproduced on the pallophotophone, showing with what distinctness the invention was capable of reproducing the sounds of high pitch which are blurred on most reproducing devices.

Fire destroyed the Capital Theatre at Glace Bay yesterday afternoon, and the damage is placed at \$50,000. A barber shop and ice cream parlor

situated in the building were also destroyed. The insurance is placed at \$80,000.

FIND TORONTO DISASTER RESULT OF OVERSIGHT BY GAS PLANT FOREMAN

Toronto, Feb. 20.—A coroner's jury last night brought in a verdict that the recent disaster at the Consumers Gas Company's plant here recently, in which ten men lost their lives, was the result of a frankly admitted oversight by Hugh Thompson, general foreman at station "B."

Miss Gladys Robinson skated at the Arena last evening in an exhibition 440 yards, after the world's record. The time was 46 seconds. Miss Robinson's skating won the hearty approval of the spectators. The moccasin dance was greatly enjoyed by more than five hundred people.

CARD SHARPS INFEST NEW YORK'S EAST SIDE; SELLER OF MARKED PACKS

New York, Feb. 20.—Magistrate Moses R. Ryttenberg in Essex Market Court, reserved until March 1 decision in the case of Victor Fliegeman, fifty-eight years old, owner of a stationery store at 84 Fourth avenue, who was charged with having sold to Detective Dennis Wright a pack of "marked" cards. Fliegeman was held in \$300 bail.

Detectives Wright and Cornelius O'Connell said they had received numerous complaints that the East Side was becoming infested with "marked card sharps." They visited Fliegeman's store and bought cards. The stationer, through his counsel, Marcus Wolf, said that he had sold "marked" cards for years, his principal customers being theatrical concerns and actors, who wanted them for stage use.
