Hungary a Republic; Tisza Assassinated

Terms Limited Strictly To Military Requirements

But Conditioned Generally on President Wilson's Principles—Attack from Coast Predicted

Paris, Nov. 1.—(By the Associated Press)—The armistice terms to be submitted to Germany will be confined strictly to military requirements, except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles, with some definiteness.

DETROITERS THEM ALL

London, Nov. 1.—Independent Socialists throughout Germany are about to start an agitation for the immediate abdication of Emperor William, the dismissal of Field Marshal Von Hindenburg and the withdrawal of commands from the Crown Princes of Prussia and Bavaria, according to an Amsterdam despatch to the Exchange Telegraph Company quoting the Volks Zeitung, of Leipzig.

KAISER LEAVES BERLIN

Copenhagen, Nov. 1.—Emperor William has left Berlin for German great headquarters, says a message from the German capital today.

ON WHOSE ORDERS

Paris, Nov. 1.—In commenting upon the receipt, by General Diaz, of a request from the Austrians for an armistice, the Matin says that "it is evidently necessary, before going further, to examine carefully on whose orders the plenipotentiaries who entered the Italian lines are acting."

TOLD KAISER A MONTH AGO

London, Oct. 31.—The German papers, according to a German wireless message, says that Emperor Charles on September 29 sent a friendly telegram to Emperor William announcing that Austria-Hungary was obliged to take a decisive step and that the peace offer was irrevocable.

People in Panic

Amsterdam, Oct. 31.—There has been a panic among the people in the Rhine provinces, arising from reports that the authorities were preparing, if necessary, to allow enemy troops to occupy Coblenz and Cologne, according to the Berlijn Telegraphische Rundschau.

No City for Germans

Paris, Nov. 1.—Alfred Capus, in the Figaro, writes:—

"How much longer can isolated Germany withstand the formidable recoil of the war she caused? The main thing is that now there is none, even Germany herself, who doubts that the hours are numbered. It remains for us to be prepared for her last convulsive effort without allowing the frightful spectacle to arouse any pity. Who would dare speak that the enormity of her crimes should profit the criminal?"

Captain Edmund Thery, in the Oeuvre sums up the situation with a quotation from Martin Luther:—

"There are moments when our God loses interest in the game and throws the cards under the table."

FORMER ST. JOHN GIRL DIES IN WEST

The death occurred at Lohrburg, Saxe, on October 28, of pneumonia, of Miss Harriet E. Holder, eldest daughter of the late L. G. and Mrs. Holder, formerly of St. John, now of Lunenburg, N. S. She is survived by her mother, five brothers and three sisters. The brothers are Leonard B., manager of the Lunenburg Machine Co.; Léonard P., victor, of the R. A. F., now overseas, and three young brothers at home. The sisters are Mrs. Laurence L. Hebb, Miss Clara, of the Royal Bank, and Doris of the Bank of Montreal, Lunenburg. Miss Holder had been teaching in the west for several years and had recently returned to the west and east. The late L. G. Holder died in December, 1916.

DR. D. J. MULLIN DEAD

Dr. David J. Mullin passed away shortly before three o'clock this afternoon after a brief illness from pneumonia. When the report was circulated expressions of regret were heard on all sides and the heartfelt sympathy of a host of friends and acquaintances went out to the bereaved family. Besides his wife, who was Miss Josephine Sullivan, he is survived by his mother, Mrs. Annie Mullin, one sister, Miss Gertrude, and one brother, Frank T. of this city. Doctor Mullin was educated in the city schools and later went to Tufts' college in Boston, Mass., where he later graduated in dentistry.

LOVE-WATTS

Miss Margaret Annie Watts, youngest daughter of Henry Watts of Fredericton, to Ira Love of Fredericton, were united in marriage in the Presbyterian manse in Fredericton on Wednesday evening. The ceremony was performed by Rev. J. S. Sutherland. The bride was attended by Mrs. Charles Scott and the groom was supported by William Scott. Following the ceremony Mr. and Mrs. Love left on a wedding trip to St. John. The bride is well known in St. John, having at one time resided in this city.

On Wednesday afternoon Rev. J. A. MacKeigan united in marriage Pte. George Orbin Chute of the Depot Battalion to Alice Maud Phillips of Sussex, formerly of England. The ceremony was performed at the residence of the officiating clergyman.

BRITISH RESUME THE DRIVE NEAR VALENCIENNES

Haig Reports Good Progress—Enemy Front in Northern Italy Collapses—Gains Everywhere—Americans on Their Front See Signs of German Retirement

London, Nov. 1.—The British troops resumed the offensive south of Valenciennes this morning. Field Marshal Haig, in his report today, says good progress is being made. The British in minor enterprises near Lequesnoy on Thursday captured prisoners.

ENEMY FRONT COLLAPSES

Rome, Nov. 1.—In their offensive against the Austrians on the Monte Grappa front in Northern Italy the Italians have pressed the enemy so strongly that his front has collapsed. The war office so announced today.

The Italians have forced the Gorge of Quaro, have passed beyond the spur east of Montesecco and are advancing in the Piave Valley.

Further British Success

London, Nov. 1.—The British troops on the Italian front have occupied the town of Sacle, on the Livorno River, fifteen miles east of the Piave. The war office so announces. The enemy is falling back rapidly in the Grappa sector.

French Front

Paris, Nov. 1.—Violent artillery battles were in progress during last night on the French front along the Oise near Gueuse and in the Aisne region near St. Fergusa, northwest of Chateau Porcien, according to today's war office announcement.

EX-PREMIER OF HUNGARY VICTIM OF ASSASSIN

Budapest Telegram Says Count Tisza Has Been Killed by Soldier While Out Walking

Copenhagen, Nov. 1.—Count Tisza, the former Hungarian premier, has been killed by a soldier, according to a Budapest telegram today. The count fell victim to a revolver shot while he was out walking.

Count Tisza had long been one of the storm centres of Hungarian politics. It has been charged that he was one of the four men responsible for the war and the accusation has been made that he instigated the assassination of Archduke Ferdinand.

Count Tisza was twice premier of Hungary, from 1902 to 1905, and from June 6, 1912, to May 28, 1917. He was the centre of many notorious scenes in the Hungarian parliament during his leadership, and in 1912 fought at least three duels with political opponents.

Within the last year he had urged peace and in a speech on October 19 declared he no longer had hopes for an Austro-German victory. An unsuccessful attempt was made to assassinate Count Tisza in Budapest on October 17. His assailant at that time was arrested.

CANADA, NOT GERMANY, SAYS MAGISTRATE IN REFUSING TO FINE

Frank Cairns, of Toronto, was before the magistrate this morning charged by the military police with not having his military service papers on him. Cairns said that he was a married man with a family residing in Toronto. He was a traveler and the reason that he did not carry his marriage license was due to the fact that he thought it would be important to attend to today. Major Starr said that as Cairns had produced an affidavit by a citizen in St. John to the effect that he was not a military man, he was content to let him go with a warning. Major Starr still insisted on the penalty being struck. The magistrate in answer said "Thank God I have come to that yet." The prisoner was released.

SOME OPPOSITION IN HARBOR RATES INCREASE

It is understood that there is a strong movement on foot among some of the shipping men and merchants in the city to oppose the new harbor rates as proposed by the commissioner of harbor and ferries. The matter is being taken up with the board of trade and an endeavor will be made to prevent the change as suggested. It is said that some citizens consider the increase would have a disastrous effect on business and might result in injuring the trade of this port. They fear that the rate may be made too high and an effort will be made to kill the revised bill. On the other hand, the shipping men and merchants with whom the harbor commissioner consulted have expressed full approval of the increases.

THRICE MENTIONED

Warrant Officer Frederick C. O'Brien, son of Thomas O'Brien of this city, who left here four years ago with an army service corps under the late Captain Dural, has been mentioned three times in despatches for valuable services rendered in connection with the war. He was mentioned in despatches by Lieutenant-General C. F. Milne on July 21, 1917, and again on October 25, 1917. On August 23 of this year he was again mentioned by some other general. His parents have not heard from him lately. Only recently Warrant Officer O'Brien received his present promotion, being formerly lieutenant-sergeant-major.

DRIVING OUT THE PEOPLE, TAKING ALL THE CATTLE

German Orders in Retreat to Be Carried Out "Without The Slightest Consideration"

With the American Army in France, Nov. 1.—(By the Associated Press, 2:30 p. m.)—The Germans are removing the population in advance of the retreat of their armies from French soil. A document published by American soldiers contains instructions for rounding up the male population capable of bearing arms, and all cattle. The document says that this has been done only in part up to this time because the passive resistance of the population has reduced the forces at the disposal of the local commanders to some extent.

All divisional commanders are ordered hereafter to search each district systematically and to deliver under guard to the commander all men between fourteen and sixty together with all cattle. Concentration camps will be established near the headquarters towns for the civilians who are to be removed. The cattle will be taken to the nearest slaughter houses. The German order also provides that all horses must be taken and sent to the rear. The order is not to be accomplished except by proceeding without the slightest consideration."

Government Of Hungary Ousted

Successful Revolution in Budapest—National Council in Control—Something of the Same Kind in Vienna

Copenhagen, Nov. 1.—(By the Associated Press)—A successful revolution has taken place in Budapest and the Hungarian national council has taken over the government, according to a message sent by Count Michael Karolyi to the Berlin Tageblatt. Karolyi is head of the Hungarian Independent party. His message reads:—

"Revolution in Budapest and national council took over government. Military and police acknowledge national council completely. Inhabitants rejoicing 'Karolyi, President National Council'."

IN VIENNA, ALSO.

Amsterdam, Oct. 31.—The Berlin Tageblatt and Vossische Zeitung publish reports of serious demonstrations in Vienna and Budapest. An all-provisional soldiers' and officers' council has been established in Vienna, where the people are passing the streets shouting "Down with the Hapsburgs." The Lannasch cabinet is expected to resign and the army is in course of full dissolution.

In Budapest demonstrations continue in favor of a republic. The people are shouting for a republic and the soldiers are replacing their imperial cocardes by revolutionary colors. Revolutionary troops, it is added, govern the whole city.

THE PRISONS RAIDED.

Berne, Nov. 1.—The Berlin Vossische prints a despatch from Budapest saying that a crowd stormed the military prison and released political and military prisoners. Revolutionary troops seized the eastern railroad terminus and two troop trains, which were about to start for the front. The soldiers in these trains joined the insurgents, who had machine guns and enormous quantities of arms and ammunition, and plundered the arsenal.

ARCHDUKE LEAVES CITY.

London, Nov. 1.—After the proclamation of a republic in Budapest, Archduke Joseph, the representative of the emperor, left the city, according to an Exchange Telegraph Company despatch from Zurich.

Emperor Charles, the despatch adds, before leaving Vienna, personally gave orders that all conflict with the population be avoided. He instructed the authorities to yield without resistance to the new power.

ANOTHER \$300,000 TO ST. JOHN'S LIST

Allotment of Jas. Pender & Co. and Dominion Coal Co. to St. John; If More Comes, Maritime Nail Works Will Round Out Million; Sugar Refinery Takes \$100,000 Bonds

A decidedly encouraging boost was given to the Victory Loan campaign in St. John today with the announcement of another \$300,000 subscription. It will be remembered that the Maritime Nail Works subscribed \$800,000 on the opening day of the campaign. The second \$300,000 represents the joint allotment of the James Pender Co. Ltd. and the Dominion Coal Company from their parent organization, the Dominion Steel Co. Ltd., of Sydney, C. B.

The news came this morning from the president of the Steel Company announcing that out of its subscription of \$500,000 for victory bonds, the allotment of \$800,000 to St. John had been authorized.

S. E. Elkin, M. P., manager of the Maritime Nail Works, and chairman of the local campaign committee, was greatly pleased on receipt of this news. "Now," said he, "what we want is the third subscription of \$800,000. If this is forthcoming the Maritime Nail Works will add another \$100,000 to the \$800,000 already subscribed and this round out \$1,000,000 in three subscriptions.

Another \$100,000.

The enthusiasm at the Victory Loan headquarters over the big subscription had not had time to cool off before it received another stimulus. This came in the form of a letter from the manager of the Atlantic Sugar Refinery enclosing a copy of a telegram from D. Lorne McGibbon, president of the company. Mr. McGibbon's message was to the effect that the board of directors, at a meeting held in Montreal yesterday, had authorized a subscription for \$100,000 for the Victory Loan, to be placed through the St. John office. Cheers by the workers at headquarters greeted this announcement, the action of the directors, in placing their subscription through the local office being especially appreciated.

There were also two subscriptions of \$25,000 each in today's list, bringing the total of large subscriptions up to \$850,000.

The total for St. John city and county, including the general subscriptions received up to last night and the special amounts reported today now reaches \$1,700,000. This represents 2,288 separate subscriptions.

For the province at large, exclusive of the St. John district, incomplete returns show a total of \$1,085,650 provided by 2,014 subscribers.

After a Record.

The local committee is confident that if the citizens continue to show the same interest and willingness which has marked the first few days of the campaign there will be no difficulty in reaching the objective and even in helping to make up the shortage which the epidemic is likely to cause in other parts of the province. Partly to ensure this and

partly to establish another record for the loyalty and generosity of the people of St. John, the committee has another objective of their own in view. They want to sign up every man, woman and child who possibly can buy a bond and roll up a list of subscribers that will show a larger total in proportion to population than any other city in the Dominion. This is a big undertaking which they have set for themselves and their success depends upon the utmost co-operation of the citizens in general.

One of the features of the campaign which has helped to inspire the confidence with which they are going ahead is the large number of voluntary subscribers who are taking bonds without waiting to be canvassed. At the headquarters in Prince William street and in the branch office in the lobby of the Imperial Theatre in King imperial, which are open day and night, people are coming in steadily and signing their applications.

At the Imperial.

The number of applicants at the Imperial has been such as to make more room necessary and today the committee is arranging for the erection of tents in King square to accommodate the workers and the applicants.

The motion pictures which are being shown in front of the theatre each evening, usually with some fine music as an added feature, is making this place the Mecca of the citizens in the evening. Big crowds have been present each evening in spite of the unfavorable weather and when the rain ceases some record-breaking gatherings are expected.

Moving Pictures Tonight.

By special arrangement with the weather man, the Victory Bond Laying public of St. John will have a chance tonight to see some wonderful pictures. The screen in front of the Imperial Theatre. When it is known that such picture artists as Constance Talmage, Dorothy Dalton and "Patsy" Arbuckle are featuring these photo stories their worth will be fully appreciated.

In addition to the pictures, Hon. W. E. Foster, premier of the province; R. W. Wignoner, M. P., and Mr. Luce of the U. S. Salvation Army, will address the audience.

The purpose of these outdoor meetings is to advertise the Victory Loan and to persuade the people of St. John to lend their money by investing in victory bonds. So far there has been a splendid response. Salesmen will be present in the Imperial lobby each night to sell Victory Bonds to all who may wish to buy.

Through Head Office

F. S. Farris, provincial manager of the Excelsior Insurance Company, received word this morning that the head office has invested \$800,000 in Victory Bonds.

SURRENDER OF TURKS TO HAVE MARKED EFFECT

View in England is That War is Brought Near to End

SOME CAUTION, HOWEVER

Immense Possibilities Affecting Roumania and Russian Bolshevik-Convention Signed is Purely Military - Release of British Armies

London, Nov. 1.—The complete isolation of Germany as a result of the desertion and surrender of her allies is commented upon as the outstanding feature of the latest developments in the "colossal drama of victory." The effect of this isolation upon her armies, coupled with the desperate internal conditions in Germany, is regarded almost everywhere as bringing the end of the war very near, although in some quarters warning is raised that the German army and navy are still in existence and, in the hands of desperate men, are formidable and dangerous.

The general tenor of comment, however, indicates a belief that Germany must sooner or later accept virtually any terms the Allies impose. There is considerable speculation as to the extent Germany will be able to oppose the carrying out of the terms Turkey has accepted. It is unknown whether German garrisons still hold the Dardanelles and other defenses of Constantinople, while resistance by the Germanized Russian Black Sea fleet is regarded as a serious possibility.

The evacuation of the straits may not, it is suggested, be without danger, as it is assumed they are still mined and must, in any event, be swept before ships can pass through.

The Express, however, learns that the location of all mines is known to the Turks and that they believe that when they undertook to open the straits the Turks also agreed to help the British to clear the mine fields.

The immense possibilities following the Turkish collapse are discussed by all the newspapers, among the hopeful auguries being the rescue of Roumania and the end of Bolshevik tyranny in Russia.

Paris View of It. Paris, Nov. 1.—The capitulation of Turkey, although anticipated, has made nevertheless a profound impression in France. Newspapers declare it to be an event of supreme importance.

"The convention is of a purely military character," and in no way affects the peace which will eventually be signed with the Turkish empire. What is interesting, however, is the immediate consequences of the armistice. First of all, the greater part of the British armies in Syria, Palestine and Mesopotamia will be released. The army of the Orient, which will soon be the army of the Save and the Danube, will be, perhaps, called upon to play a great role, for which its reinforcement by seasoned elements will be desirable at an early date. When the Dardanelles are opened, the Allied fleet will restore direct communication with Roumania, as it is hardly probable that the Greeks, the Breslau and the Russian fleet sold to Germany by the Bolsheviks will offer resistance. The Allies will then hold the Mediterranean outlets of Ukraine and Greater Russia."

TELLS OF CURE WHICH HAS SAVED OTHERS

That the present epidemic of pneumonia, which is like a sympathetic germ following the lead of Spanish influenza, is of a more virulent type than has been seen in this country in years, was a statement of an elderly woman to a Times reporter this morning. She said that she considers that methods being used to check its deadly ravages are not efficacious enough, and that methods which cured the ordinary type of pneumonia in this climate will not cure the present malady. She referred to a similar epidemic of pneumonia which raged throughout France many years ago and said that an old doctor who treated hundreds stricken with the disease never lost a case. His method, she said, was hot onion poultices. An article telling of this treatment and the epidemic was published in Marion Harland's old cook book.

That her son is living today, she said, is due to this treatment. A few days ago he contracted a heavy cold, which developed into pneumonia. The lungs, she said, filled rapidly, and there were signs of poison in the system. She said she had treated pneumonia on many occasions and was thoroughly familiar with the symptoms. Her treatment, which restored her son to health, was as follows:

Sliced onions half fried in lard or dripping placed in bags and applied to the chest of the patient, as hot as he could bear them. These being repeatedly replaced so soon as they would start to cool, and placed on the chest while protected by warm blankets. Hot water bottles applied to the sides and feet of the patient, and a stimulant of brandy or whiskey administered occasionally to keep up the action of the heart.

When the patient showed signs of relief administer a dose of castor oil, followed by a little hot whiskey. When the lungs begin to clear, bath the chest with hot camphorated oil and cover with a layer of cotton wool. As the patient shows signs of recovery, the bowels should be kept open and hot beef tea or some other light stimulant administered. It has been learned from other sources that patients treated with hot onion poultices have recovered.

BRITISH RESUME THE DRIVE NEAR VALENCIENNES

(Continued from page 1) Attack From East. London, Nov. 1.—An Allied attack on Germany from the east was foreshadowed by George Nicoll Barnes, member of the British war cabinet, in a speech last evening at the American officers' club in London.

The armistice with Turkey might have been signed earlier but the Allies were committed to a free Arab state, with Aleppo as the capital, and there was no hurry to get the Turk out of the war until Aleppo was captured.

The British have been assembling ships at the mouth of the Dardanelles, and Mr. Barnes said: "There is now nothing to prevent the fleet from going into the Black Sea and up the Danube to Germany's back door, at which we shall soon be knocking, and if the Germans are going to defend their territory they must divide their remaining forces between the western front and the back door at which we shall be knocking."

BUY-VICTORY BONDS ANOTHER \$300,000 TO ST. JOHN'S LIST

(Continued from page 1) Nova Scotia Does Well. Halifax, N. S., Nov. 1.—The hamlet of Desouisse, Richmond county, reached its objective in the Victory Loan campaign this morning and has been forwarded an honor flag. Elsewhere throughout Nova Scotia progress is reported to be uniformly good. Colonel Thomas Cantley, chairman of the organization in Pictou county, where the lieutenant-governor has been campaigning, wires that his objective will be over-subscribed by fifty per cent. In Lunenburg county, William Duff, M. P., has subscribed \$50,000.

Chairman W. A. Black of the Halifax city organization, said at noon that the reported today at the corresponding period in the last campaign was being maintained.

TRY THIS TREATMENT

On your finest Furniture as well as on your Floors

If you value your furniture you need not hesitate to use O-Cedar Polish on it. O-Cedar Polish is especially prepared to clean and beautify all wood surfaces. The brilliant lustre of O-Cedar Polish is clean, hard, dry and lasting.

O-Cedar Polish may be had in bottles and tins of different sizes, ranging in price from 25 cents to \$3.00.

Have you an O-Cedar Polish Mop?

Treated with O-Cedar Polish, these Mops (which may be had in two styles), have 54-inch handles, which do away with stooping, bending and reaching. The pad is made of best cotton fibre. It is securely fastened to the steel center, which is riveted to stand hard use.

An O-Cedar Polish Mop will keep hardwood floors shining and dustless. On painted floors O-Cedar may likewise be used successfully; while it preserves the surface of linoleum—prevents it from cracking and keeps the pattern clean and bright.

O-Cedar Polish Mops and O-Cedar Dusting Mops—round or triangle—at \$1.50 each.

At all Hardware, Furniture and Grocery Stores.

CHANNEL CHEMICAL COMPANY, LIMITED, TORONTO

There is Great Satisfaction in Cleaning Grimy Furniture with O-Cedar Polish

Wet a soft cloth with water, sprinkle a few drops of O-Cedar Polish on it. Spread the velvety lather that the water and the O-Cedar Polish together make, over the grimy surface.

A sweep or two of your cloth—lather and dirt rub off together, revealing the beautiful grain of the wood which has come up from the cloudy surface.

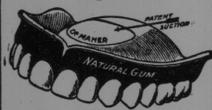

Rub lightly but briskly, and your furniture will shine with a radiant perfection—like new.

THE REASON WHY.

The daily improving prospect that the war may soon be over should make our people all the more deeply interested in the success of the Victory Loan. Our soldiers cannot be brought back to Canada at once. If they are all back within twelve months after the war ends it will be a remarkable feat of transportation under the conditions that exist today. Meanwhile they must be fed and paid, and the country kept in such a state of prosperity, as will make their gradual absorption into the economic life of the country as easy as possible. The task of demobilization will take quite a long time, and it will be necessary to keep many men in concentration camps under mobilization until they can be properly provided for. To throw them upon the country without providing them with civil occupations would be a very poor return for what they have done. To do its duty—our duty—toward them the government must have a vast amount of money. Therefore every citizen who subscribes for a bond and thus lends money to the government is helping to take care of the returning soldiers and their families, and in so doing is only discharging a small portion of the debt we owe them.

There is another consideration. Canada has made a proud name in this war. It is a matter of record that there is no better army corps on the western front than that sent from Canada. The people at home must live up to that record. They must tell the world that this country never does things by halves, and will not shirk the last atom of responsibility involved in the pledge given when the war began. Let the people of St. John do their part now as heartily as they did when the war prospect was far less satisfactory.

NEARING THE END.

The most important and reassuring news of the day is that which comes from Versailles to the effect that the supreme war council of the Allies is in accord in its deliberations as to the terms of an armistice and the general terms of peace. So far as the military operations are concerned, complete victory is assured and if the supreme war council holds firmly to the determination that Germany must agree to what will amount to an unconditional surrender the world will be safe. There must be no over-confidence, no misplaced sympathy with an enemy who even today is killing little children by drenching their homes with gas fumes. We may hope that the men in whose hands now lies the destiny of Europe will not hesitate to exact such terms as will be a fitting retribution for the crimes of the Hun. In the meantime the Allied armies are making sure the withdrawal of Austria from the war, and depriving Germany of her last hope of assistance from any quarter. The supreme war council has but to apply the screws a little longer and harder and Germany will surrender.

ITALY'S TRIUMPH.

This is Italy's day of triumph. Her ancient enemy must yield up stolen territory. Because the people of the Dual Monarchy failed to follow the example of the Italians years ago and liberate themselves from the grip of autocracy they fell a prey to the ambitions of the war-lords and were thrown into the present war to serve the unholy ambitions of Germany. Italy has suffered much at the hands of Austria, and will now make an end of it. It was a great day for Italy when she decided to join the Entente Allies and strike for the cause of freedom and of justice in the world. The government of Italy is democratic. Its king has no autocratic desires or tendencies. He is respected and loved by the people, whose dangers he freely shares. The greater Italy of the future will be a worthy member of the comity of nations. The liberated people who have been under the yoke of Austria will rejoice at their reunion with those of their own race. The ambitions of Austria will trouble them no more. We may expect industries and commerce to expand in Italy, and she will be one of the new countries with which Canada will be able to establish friendly and mutually profitable trade relations.

The independent party is now practically in control in Hungary, the Jugoslavs in Croatia, Slavonia and Dalmatia, the Czech-Slavs in Bohemia and Moravia, and the Austrian-Germans announce that they have formed a German state. In other words, the Dual Monarchy, while it still nominally exists and has armies in the field is really in the throes of a complete disintegration and must inevitably collapse.

WHAT THE GERMAN SEES.

Despair reigns today in the city of Berlin. However much the war-lords may bluster, and however fiercely the press supporting them may protest against an unconditional surrender, they know in their hearts that the game is lost. The Socialist organ Vorwarts confesses that Germany must accept whatever terms are offered her. If the Kaiser and his group attempt to prolong the war, the people will doubtless rise against them. There was a hope in Berlin that Austria would not surrender. That hope is dashed. Both Austria and Turkey are out of the war. The Allies will soon be able to attack Germany from the south as well as the west. The surrender of Turkey gives the Allied fleets entrance to the Black Sea, restores communication with Roumania, and opens a new route to southern Russia. All that Germany can see today is a ring of steel being drawn more closely around her, until the invasion of her own territory brings her to her knees. The truth can no longer be kept from the people. They know that they are facing an utterly hopeless struggle, for though their army is still powerful and their fleet intact, they stand without a friend, facing enemies enormously superior in every way and fired with a determination not to stay their hand until the triumph of democracy is assured beyond the shadow of a doubt. The map of Europe is being redrawn at Versailles, where it had previously been changed by the thieves who took Alsace-Lorraine from France. The whirlwind is sweeping over Austria. It will soon cross the border into Germany.

A GOOD INVESTMENT.

Here is the case for a Victory Bond as it appeals to the average man or woman: Payments for a bond may be spread over a series of months long enough to enable him or her to save up and meet them without hardship. To do this is really to put by money at a high rate of interest for future use. It is a really profitable thing to do. A Victory Bond can be turned into money at any time. Later on, when money is cheaper, there will be such a demand for these bill-edge securities that they will sell at a premium. There is exactly the same security for this investment as for money placed in a government savings bank, and the interest received is much higher.

There is also for the buyer the consciousness that he or she is not only making a profitable investment but helping Canada to do her full duty to the men who have been fighting and dying that she might continue to be free and prosperous. What more could any Canadian citizen ask?

A second investment of \$300,000 in Liberty Bonds is announced today. Mr. Elkin, whose company subscribed the first one, adds that if some other concern will also take \$800,000, his company will add another \$100,000, making \$1,000,000 in four subscriptions. What firm or company will take up the challenge? It would be a fine example as well as a patriotic act.

The Standard yesterday set up a wild yell for help for the Parks Hospital, to save the patients from the shocking neglect of the health authorities. Nobody responded, for nobody believes the Standard. When the influenza epidemic is over it may be possible to get a commission on lunacy to look into the Standard's case.

Issued by Canada Food Board.

UBIQUITOUS PACIFIC FISH.

Pacific fish are gradually finding their way into homes all over Canada. Three steam trawlers are engaged on the Western coast catching soles, flounders, brills, plaice, skate, red, grey and ling cod, and as this fishery develops, other trawlers will be placed in commission. Halibut is caught in the North Pacific and up in the Gulf of Alaska but more and more is it establishing itself in the luxury class of food. Canadians have used halibut until they have depleted the supplies available and the long distance to and from the fishing grounds has further contributed to putting it beyond the pale of common use.

"Goodbye, Berlin!"

Turkey has had enough!

Driven out of Egypt, chased through Palestine, his grip on Mesopotamia gone, the "unspeakable Turk" is powerless except to massacre Armenians.

His faith in Wilhelm is shattered—Wilhelm who claimed special influence with Allah!

Wilhelm who called the British soldiers a "contemptible little army";—who said the United States could never raise an effective fighting force; who promised the U-Boat campaign was going to bring England to her knees.

So the hopes of Turkey in Europe vanish; an inglorious chapter in history draws to a fitting close.

The men who swear by the beard of the Prophet lay down their arms to the men who swear by a real shave.

Turkey—aye, and Germany, too—should have known better than to pit their strength against ten million men who own and use Gillette Safety Razors—keen disciples of the shaven chin.

Bulgaria gone; and Turkey gone! The stoutest hearts in Germany and Austria may well quail before a combined foe which calmly whips out thousands of Gillettes and SHAVES before the charge!

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sour and forms gas and acid in stomach, or if you are bilious, constipated, nervous, sallow and can't get feeling just right, begin bathing inside. Drink before breakfast, a glass of red hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel, like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.

RECENT WEDDINGS

Wilson-Whitehead.

A very interesting event took place yesterday afternoon at the home of Mr. and Mrs. Elliott, 159 Britain street. The occasion was the marriage of Alexander Wilson, regimental quartermaster sergeant of the 1st Depot Battalion, and Miss Martha Matilda Whitehead, formerly of Blockstair, England, and now of this city. The bride was dressed in travelling suit and unattended. The ceremony was performed by the Rev. Nell McLaughlin in the presence of a number of the friends of the bride and groom. After partaking of a repast the bridal pair boarded the 6.10 train for different parts of the province.

The wedding of Miss Annie L. Russell, daughter of William John Russell of Newcastle, to Fred W. Gray of Douglstown, was solemnized at the bride's residence last evening. The ceremony was performed by Rev. L. H. McLean.

The marriage of Miss Alice Katherine Doherty of Rockville to William J. Keohlan, Hampton, was solemnized on Wednesday morning in St. Francis Xavier church, Sussex. The ceremony was performed by Rev. J. J. McDermott.

STRIKE ON THE BROOKLYN RAPID TRANSIT CO. LINES

New York, Nov. 1—A strike called by the Brotherhood of Locomotive Engineers to enforce an order of the war labor board for the reinstatement of twenty-nine discharged motormen of the Brooklyn Rapid Transit Company did not materially affect the operation of trains early today. It was estimated that about twenty per cent of 600 motormen employed by the company on its subway and elevated lines had failed to report for work.

John J. Denapey, vice-president of the company, declared that they had enough reserve motormen to take the place of all strikers. Officials of the brotherhood expected the strike to grow in strength during the day.

You Can't Catch "Flu" from "Red Ball"

A "Safety First" beverage is "Red Ball"—with its enticing, mellow flavor, appetizing, tonic and building-up properties—for "Red Ball" is sterile.—FREE FROM DISEASE GERMS—being made under highly sanitary conditions by a special scientific process. It is never touched by human hands. "Red Ball" is an ideal family drink and costs but A FEW CENTS A BOTTLE.

LACK OF ORGANIZATION
AND GOOD DIRECTION

Washington, Nov. 1.—The report on the aircraft investigation, conducted during the last five months by Charles E. Hughes and Attorney-General Gregory was placed before President Wilson yesterday. It declares that delays and waste of the production programme were due chiefly to "the defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps."

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on cancellation of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

A Pathetic Case.
A pathetic story is told by a local physician who was called to a home in the city by neighbors who had heard that the whole family was sick with influenza. A little four-year-old boy was sitting on the steps and as the doctor entered, he asked "Will you please bring my daddy back?" Investigation in the house showed that the little chap was the only one of the family who had escaped the disease; his father had been lying dead in the home for three days, and the mother, brother and sisters were in bed seriously ill. Arrangements have been made to care for the family.

Do Not Worry If You Cannot Get Sugar

You do not have to forego sweet things because of the present shortage of sugar. Corn Syrup is available, and for years has been available, as a perfect alternative for sugar for cooking, in puddings and preserves, in the making of desserts, and on cereals.

People didn't recognize this fact while sugar was cheap and plentiful. Now they are hailing the discovery with delighted surprise.

Buy Crown Brand or Lily White Corn Syrup from your grocer. They are wholesome, delicious and nourishing—true products of the Corn—and, you will soon find, most economical, too.

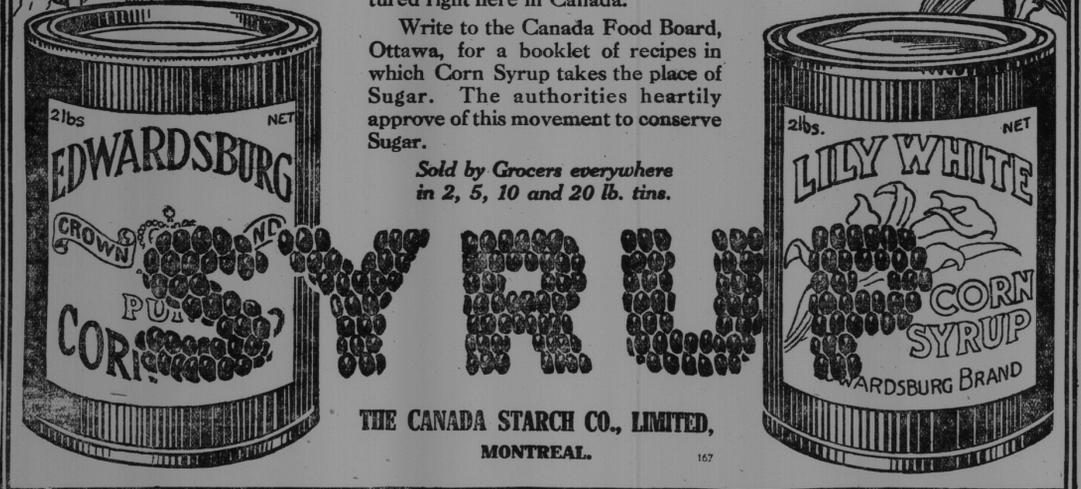

CROWN BRAND AND LILY WHITE CORN SYRUP

And the use of Corn Syrup instead of Sugar is a War-Service to-day! The carrying of raw sugar on the ocean has meant a huge loss of life and tonnage. It takes ships that are sorely needed to carry troops and supplies.

Corn is grown on this continent and the syrup is manufactured right here in Canada.

Write to the Canada Food Board, Ottawa, for a booklet of recipes in which Corn Syrup takes the place of Sugar. The authorities heartily approve of this movement to conserve Sugar.

SMASHING OF THE
AUSTRIAN ARMY

Enemy Blowing up Munitions and
Fortresses and Burning Supplies
as They Go

Italian Army Headquarters on the
Trento, Oct. 31.—(By the Associated
Press)—The Italian army on the right
of the Upper Piave around Belluno,
with the object of dividing the Austrian
army and forcing a retreat of the moun-
tain army along the roads from Belluno
to the most notable fighting was occasioned
by the third army's frontal attack
along the Lower Piave, on the Austrian
th army, which is resisting stubbornly
to save itself from capture. This
army is also being attacked by the tenth
army composed of two British, one Italian
and one American division.

As the left wing of the Austrian
army rests upon marshes and the sea, its
position is most precarious and latest re-
ports indicate that it is in flight wherever
possible.

The Italians are advancing rapidly,
virtually at all points along the front.
The outposts are reported to be within
thirty miles of Udine. The Austrians
are retreating from their fortified moun-
tain positions, blowing up munitions and
fortresses and burning supplies as they
leave. It is said that the great fortresses
of Col Verzaena, were destroyed in three
huge explosions.

Italian troops arriving along the Liv-
enza River were greeted with enthu-
siasm by the Italians. Twenty bridges
are open over which there has been a
ceaseless flow of cavalry, artillery, cy-
cles, supply wagons, members of the
American Red Cross, Y. M. C. A. work-
ers and refugees.

WARNS THAT CRITICAL
MOMENT OF WAR HAS
NOT YET BEEN REACHED

New York, Nov. 1.—Warning that the
"critical moment" in the war is yet to
come was sounded here last night by Sir
Henry Babington Smith, acting British
high commissioner to the United States.
"Victory is in our grasp," he said.
"Central Europe is crumbling, but the
word I should like to speak is not a
word of exultation but of warning. The
Allied terms for an armistice are now
being formulated. They will be such as
to secure us against the renewal of hos-
tilities on the part of the enemy. But
until they are accepted and executed, we
must not relax our efforts. It is pos-
sible that Germany may gather her
forces once more for a final struggle of
resistance."

Discussing peace problems, Sir Henry
said that one of the first steps should be
the perfecting of an "economic associa-
tion" of the twenty-four allied nations,
which in effect already is in existence,
and an agreement on economic principles
to be applied in the relations of such an
association.

COAL OPERATORS
PRAISE HEALTH DEPT.

Speaking of conditions at Minto and
the steps taken there to combat the epi-
demic, Hammond J. Evans, vice-presi-
dent of the Rothwell Coal Company, vig-
orously denied the allegations made yester-
day morning in the Standard with re-
gard to the attitude of the provincial
department of public health. He was
very emphatic in his statement that the
department had lent every assistance
possible and that the measures which
have been taken to meet the situation
have been largely accomplished through
the agency of the department. He pointed
out also that a statement on the front
statements made in the editorial columns.
In addition to the personal interest
taken by the minister of health, Mr.
Evans said, the operators also appreciated
most highly the painstaking efforts of
Dr. Melvin and Mrs. Kuhring who have

SAGE TEA DANDY

Grandmother's Recipe to
Bring Back Color and
Lustre to Hair

You can turn gray, faded hair beau-
tifully dark and lustrous almost over-
night if you'll get a bottle of "Weyth's
Sage and Sulphur Compound" at any
drug store. Millions of bottles of this
old famous Sage Tea Recipe, improved
by the addition of other ingredients, are
sold annually, says a well-known drug-
gist here, because it darkens the hair so
naturally and evenly that no one can
tell it has been applied.

Those whose hair is turning gray or
becoming faded have a surprise await-
ing them, because after one or two ap-
plications the gray hair vanishes and
your locks become luxuriantly dark and
beautiful.

This is the age of youth. Gray-haired,
unattractive folks aren't wanted around.
To get busy with Weyth's Sage and Sul-
phur Compound tonight and you'll be
delighted with your dark, handsome
hair and your youthful appearance
within a few days.

This preparation is a toilet requisite
and is not intended for the cure, miti-
gation or prevention of disease.

For Biliousness

Biliousness is a common form of indigestion. It
is brought on by food-waste which the stomach, intes-
tines and bowels fail to expel. If you will take a few
doses of Beecham's Pills, when bilious, you will soon
rid yourself of the impurities, relieve sick headache,
stimulate the liver and bile and tone the stomach.
Healthy conditions are quickly re-established by using

100%

That is the proportion of medi-
cine contained in Zam-Buk and that
is why Zam-Buk's healing powers
are so superior to ordinary oint-
ments, which contain about 5 per
cent. medicine and the balance
animal fat.

Zam-Buk contains absolutely no
animal fat or harsh mineral drugs,
but is composed exclusively of ex-
tracts of medicinal plants and
herbs and vegetable oils. These
are so blended, refined and concen-
trated that they contain the maxi-
mum amount of soothing, antiseptic
and healing power.

In addition to this, Zam-Buk has
marvellous powers of penetration.
It thus reaches and destroys all
germs in the underlying tissues,
leaving no trace of disease to break
out again.

Zam-Buk is best for all skin dis-
eases, ulcers, blood-poisoning, and
piles. All dealers, 50c. box.

Zam-Buk

page of the Standard showed how in-
accurate and unjust were some of the
done everything possible to aid in that
district.

Until a few days ago conditions were
such that it was impossible to establish
a hospital. There were 300 to 400 cases
of the disease spread over the entire
Minto district, with only one trained
nurse and two V. A. D.'s to aid the doc-
tor in caring for the sick. A hospital
without attendants would have been use-
less.

When pleuro-pneumonia and typhoid
began to appear, the operators took steps
to provide hospitals and two have been
established, with the co-operation of the
department, one at South Minto and the
other at Minto station. The department
aided them in securing the services of
three professional nurses and five or six
V. A. D. workers, and this staff now is
able to cope with the situation fairly
well.

In view of the fact that this is only
one section of the whole province the
operators have been surprised and de-
lighted that the newly organized depart-
ment could meet their needs so promptly
and efficiently. They had nothing to
criticise and much to commend.

20
MILLION
GERMS

according to a scientist, are freed
every time a person coughs! If
you happen to be in the vicinity it
is impossible for you to breathe
without inhaling some of them. Yet
there is one sure way to avoid infec-
tion—Keep your mouth and throat
bathed with the pleasant but germ-
destroying vapor that is liberated
from a Peps pastille as it dissolves
in the mouth.

Not only as a preventive but as
a cure for bronchitis, sore throat,
coughs and laryngitis. Peps are
equally good. All dealers, 50c. box.

PEPS

To Relieve Catarrh
Catarrhal Deafness
And Head Noises

Persons suffering from catarrhal deaf-
ness and head noises will be glad to
know that this distressing affliction can
usually be successfully treated at home
by an internal medicine that in many
instances has effected complete relief
after other treatments have failed. Suf-
ferers who could scarcely hear have had
their hearing restored to such an extent
that the tick of a watch was plainly
audible seven or eight inches away from
either ear. Therefore, if you know of
someone who is troubled with head
noises or catarrhal deafness, cut out this
formula and hand it to them and you
may have been the means of saving
some poor sufferer perhaps from total
deafness. The prescription can be pre-
pared at home and is made as follows:

Secure from your druggist 1 oz. Pe-
ps (Double Strength), about 25
cents worth. Take this home and ad-
d to it 1-4 pint of hot water and 4 oz. of
granulated sugar; stir until dissolved.
Take one tablespoonful four times a day.

Peppermint is used in this way not only
to reduce by tonic action the inflamma-
tion and swelling in the Eustachian
Tubes, and thus to equalize the air pres-
sure on the drum, but to correct any ex-
cess of secretions in the middle ear, and
the results it gives are nearly always
quick and effective.

Every person who has catarrh in any
form, or distressing rumbling, hissing
sounds in their ears, should give this
recipe a trial.

MILITARY NEWS

The contract for the remodelling and
fitting up of the new military hospital
at Lancaster has been awarded to J. H.
Doody. The contract calls for about
\$5,000 expenditure. Work was started
this morning.

The Ford Motor Company is already
making preparations to hand over their
building at Colbrook to the military,
and within a few days workmen will be
busy there putting the structure in shape
for the occupancy of soldiers.

Friends in this city will be pleased to
hear that Captain L. P. Cathels has been
promoted to the staff of the 153rd Bri-
gade and is now assistant brigade-major.
He enlisted as a private in a Scottish
battalion.

Wins Military Medal.
Charles Kennedy, 21 Victoria Lane,
has received a letter from his son, Pri-
vate L. H. Kennedy, in which he writes
that he was wounded and has been
awarded the military medal. He has
been in France two years and during
that time has been wounded four times.
He says that he is coming along well and
is receiving the very best of attention.

Doubly Bereaved.
Major Benson, senior chaplain of No. 7
Military District, who left here a
couple of weeks ago to attend the fu-
neral of his brother, sent word to the
city yesterday that his mother passed
away on Wednesday. Heartfelt sym-
pathy will be extended to him in his
double bereavement.

Casualties.
The names of twenty-one New Brun-
swick men appear in the midnight casu-

alty list. They are as follows: Wound-
ed: E. Brown, St. Martins; Lieut. H.
Seely, Hampton; Lieut. C. White,
Campbellton; E. Gaudet, Dorchester; R.
Roster, White Rock; J. Fitzgerald, St.
John; R. Battlett, St. Stephen; P. Sovey,

C. A. Chapman, Burnland Brook;
L. Doudreau, Missonette. Killed in ac-
tion: H. A. Chesley, St. John; G. A.
Flanagan, St. John; A. McNeill, Point
Lennox; C. S. Burke, Chatham. Died of
wounds: C. Anderson, Basille. Died:
J. Malley, Granville; D. Caisie, Le-
vangeline; J. W. Richards, Blackville.

RECENT DEATHS
James A. McConnell.
The many friends of James A. Mc-
Connell will regret to hear of his death,
which occurred at the residence of his
sister, Mrs. George Taylor, 41 Gilbert's
Lane, after a short illness from pneu-
monia. Mr. McConnell was the only
son of the late James and Katherine
McConnell, and was a plumber by trade
in the employ of George Blake, of this
city. He leaves to mourn four sisters,
Mrs. Frank Dunham, Mrs. George Tay-
lor, Mrs. Edward Lawson and Miss Lida
McConnell, and a large circle of friends.

Evelyn Crozier.
After an illness of a few days the
death of Miss Evelyn Crozier occurred
suddenly from pneumonia on Thursday,
October 31, at the residence of her par-
ents, 8 Coburg street. Miss Crozier had
been employed as clerk in Barker's store
and was very highly esteemed by her
many friends. Besides her parents, Mr.
and Mrs. John Crozier, she leaves two
sisters, Mary and Margaret, and one
brother, John, to mourn her loss.

The death occurred in this city re-
cently of George McFarlane of Chatham.
He had been ill with pneumonia. He is
survived by his parents and several
brothers and sisters.

Rev. John Vantour died at his home
in Acadville last Saturday following
an attack of influenza. Father Vantour
had been assistant priest at the Church

of the Sacred Heart in Bathurst for
three years. He had been at his par-
ents' home recuperating from a nervous
breakdown when he contracted the
malady.

Mrs. Freeman Colpitts of Penobscot
died recently from pneumonia following
influenza. She is survived by her hus-
band, one child, her parents, one sister
and five brothers.

The death of Mrs. Walter Wry occur-
ed Monday morning at her home in
Westcock. She is survived by eight
children, the eldest of whom is twelve
years and the youngest only a few days
old.

The death of Capt. Joseph Tower of
Westcock, occurred on Sunday. He was
82 years of age and is survived by his
wife and the following family: Willard,
of Westcock; Seward, at home; Capt.
Bedford, of Sackville, and Mrs. Francis
Ross, now living in the west.

The death of Mrs. James W. Brew-
ster of Moncton, occurred Wednesday.

WILL A \$100 VICTORY BOND
BE WORTH \$135?

By Murray E. Williams, of the Dominion Publicity Committee
For the Victory Loan

Mark Workman, president of the Dominion
Steel Corporation, and Frank P. Jones, head of the
War Trade Board and the Canada Cement Com-
pany, are two of the ablest business men in Canada.
They are also two of the shrewdest investors
in the country.
They both say Victory Bonds will ultimately
sell at a very substantial advance.
And they both intend to stand back of that be-
lief by buying Victory Bonds to the limit.
The belief that the Bonds will rise is almost un-
animous among financiers. Some go so far as to
predict that the Bonds may sell over 110.
This prediction means that if you buy a Vic-
tory Bond for \$100, you will someday be able to sell
it for \$110, in the meantime getting 5 1/2 per cent a
year on your money.
Others have stated that those who predict 110
are too conservative and are under the mark.
In one way they are under the mark, because
apart from the advance in their market value, Vic-
tory Bonds will ultimately have, in another way,
a much greater advance than \$10 for every \$100
Bond.
A \$100 Victory Bond may be worth \$135 in a
few years!
This is a startling sentence to write, but please
read this argument.
For the last few years the prices of food, cloth-
ing, fuel and everything else we must buy to sustain
life, have gone up enormously.
Prof. S. A. Cudmore, of Toronto University,
says that articles which cost us \$100 in 1899, cost
\$136 in 1914, while this year the same articles cost
no less than \$245.

In other words this means that a dollar saved in
1899 was worth less than 50 cents this year by
reason of its diminished purchasing power!
Prices of food, fuel and clothing have about
reached the end of their rise. Sooner or later they
have got to fall. The decline is inevitable.
With the ending of the war and the return of
millions of soldiers to farms, mines, factories and
productive channels generally, grain, cotton, coal
and the thousand and one things we use and eat will
be produced in vastly greater quantities. Increased
production will bring the decline about.
When it comes, we will naturally be able to
buy a lot more for a dollar than a dollar will buy
now.
Prof. Cudmore, who advances this argument,
ventures the rough estimate that goods which now
cost \$245 will ultimately cost us \$160, or in other
words, we will, in a few years, be able to get for 65
cents what it takes \$1.00 to pay for now.
This means, in a word, that there has never
been a time when saving money was more desirable
or a time when saving will be more amply rewarded.
A \$100 Victory Bond may, in a few years, sell
on the market at \$110—the exact rise is problemat-
ical. It is almost certain, however, that the Can-
adian who lays aside a \$100 Victory Bond now,
will find in a few years, that so far as purchasing
power goes, he has got a bond worth somewhere in
the vicinity of \$135.
The conclusion is obvious. This is the hour to
save and the way to save is to buy Victory Bonds.
They are one of the greatest bargains the world
has ever seen.

NOW UTTERLY HOPELESS WITH AUSTRIA GONE

Berlin Paper, Vorwarts, Says Germany Must Accept Any Terms Offered Her

Copenhagen, Oct. 29.—(By the Associated Press)—Forecasting Austria's desire for an armistice, which was not announced until some hours after the newspaper appeared, the Berlin Vorwarts, German Socialist organ, publishes

a leading editorial article which, in effect, is a declaration that Germany must accept any terms offered her, regardless of how unjust or humiliating they may be. It expresses the fear that, from the tenor of President Wilson's pronouncements and more especially the tone of the English and French press, the conditions imposed upon Germany will touch the heartstrings of every German, whether Bourgeois or extreme Socialist. "There will be a moment of passionate insubordination and the cry for a last desperate struggle will put into vibration many hidden strings of our being," says the Vorwarts. "But we must say to ourselves that while we indeed have the right ourselves to die, we have not the right to let others die—that it is now a matter of avoiding purposeless bloodshed." The Vorwarts points out the utter hopelessness of Germany's position with Austria absent from the field. It says: "It now can be said with a high degree of probability, that the duration of the war can be measured by days." Other German newspapers have not

Cloest, Peabody & Co., of Canada, Limited

yet so completely abandoned all hope, but this may be due to the fact that none except the Vorwarts appears to

have expected Austria's desire to capitulate. Theodor Wolff, in the Berlin Tageblatt, still thinks that "so long as Germany's power has not collapsed there are limits to the possibilities of the guarantees that the Entente may demand." The Hamburg Fremdenblatt prints a Berlin despatch which asserts that Germany, with or without Allies, will not permit herself "to be handled as Bulgaria was handled." Eugene Zimmerman, in the Berlin Lokal Anzeiger, condemns what he calls the government's too ready acceptance of America's progressive demands. President Wilson, he declares, has been putting out successive feelers to find how far he could go, and the German government's attitude may have made him believe the Germans are servile souls who will accept any humiliation.

Heavily Gassed Villages on West Front—Civilians Killed, Children Dying in Hospital

With the British Army in France and Belgium, Oct. 31.—(By the Associated Press)—Last night the Germans again heavily gassed villages along the front and many civilians were killed. At least thirty children were dying in hospitals this morning when the correspondent visited the front. He saw many civilians being taken to the hospitals along the way. The Germans were perfectly aware that villages were filled with unprotected people.

The British improved their position along the line of the Scheldt, near Odomez last night.

BUILDING FIGURES
IN MONTH OF OCTOBER

Permits to Value of \$17,100 Issued—None at All During Two Previous Months—Figures For Year Show Decrease

Building activities took a little spurt during the month of October. During August and September not a single permit was issued for new work but October saw seven permits granted of a total value of \$17,100. As compared with this, which represents the entire total for three months, the value of the permits issued during the corresponding three months last year was \$47,000. The total since the beginning of 1918 is now \$348,823, while the total for the corresponding period last year was \$521,250. Seventeen permits for repairs also were issued during October.

The building permits were as follows:
Young Men's Christian Association, wooden hut, exhibition grounds, \$5,000.
P. McAvity & Sons, Ltd., wood and iron building, exhibition grounds, \$3,200.

MILITARY DISTRICT NO. 7 IS JUST A YEAR OLD TODAY

Gathering on Partridge Island Tonight To Commemorate Anniversary

To commemorate the first anniversary of Military District No. 7, including the Province of New Brunswick, a dinner is to be given tonight in the mess room on Partridge Island by the officers of the district. There will be present as guests representing the province of New Brunswick Lieutenant-Governor Pugsley, Chief Justice Sir Douglas Hazen, Major-General H. H. McLean and Premier W. E. Foster. The Depot Battalion band will play patriotic selections.

One year ago today New Brunswick was formed into a separate military district with headquarters in St. John. During the year the district has been thoroughly organized and is today as much up-to-date as any military district in Canada. The staff under Brigadier-General Macdonnell is a very efficient one and the workings of the district furnish ample proof. During the year military hospitals have been established, a district depot at Fredericton, and Caverhill Hall in Sydney street has been remodelled into excellent offices for the headquarters staff. Both Brigadier-General Macdonnell and his staff of officers are deserving of much credit for the manner in which military affairs in this province have been handled during the year. Since the authorization of the district St. John has lost one of its most popular officers, Lieutenant-Colonel Powell, who a short time ago left for active service in Siberia.

A. PAUL KEITH DEAD

Word of the death of A. Paul Keith, head of the Keith vaudeville, picture and allied interests came as a sorrowful shock to his employees in the Imperial Theatre here, as it was not known that the gentleman was ill. In fact a telegram received yesterday giving information concerning funeral arrangements created considerable mystery here until inquiry elicited the fact that it was Mr. Keith who was dead.

The arrangements for Mr. Keith's funeral in Boston have been made for Saturday. Owing to the influenza epidemic, there will be no representation from St. John. A very lovely floral tribute was placed upon the coffin in New York yesterday in the name of the St. John house.

IS NOW MAJOR McLEOD

Mrs. McLeod of 300 Watson street, West St. John, received word this morning that her husband, Captain Norman McLeod, has been promoted to the rank of major. Major McLeod has been overseas three and a half years and has won the Military Cross and a medal. He left for overseas with the ammunition column and was later transferred to the 5th Canadian Siege Battery.

CO-ORDINATION TO FIGHT EPIDEMIC

Result of Important Conference Held Yesterday

DR. ROBERTS PRAISED

Sharp Censure of One Newspaper—Local Board of Health Will Spare No Necessary Expense

At a meeting held yesterday the responsible heads of various civic and health departments co-ordinated their business affairs so as to facilitate the fight being so successfully waged against the influenza epidemic. This is one of the most important steps yet taken in connection with hospital and accessory work.

Those present were Mayor Hayes, representing the city; Warden William E. Golding, representing the municipality; Hon. W. F. Roberts, M. D., minister of health under the provincial government; Dr. J. W. Daniel, representing the local board of health, and J. King Kelley, secretary for the county.

The status of the local board of health was affirmed. It is retained with former authority and volitions under the ministry of health. Whatever expenses have incurred have been guaranteed and the minister of health assured the civic representatives that their prompt action and co-operative spirit have been invaluable in the crisis.

It was pointed out that provision already exists in the new health act for the retention and operation of the board of health. In fact, Dr. Roberts assured the local authorities that more strongly than ever before does the local government support the civic health administration. Whatever expenses are to be incurred to stamp out disease will be legalized at Fredericton and the heartiest co-operation offered. He gave these assurances not only in his official capacity as head of the new health department but with the permission of Premier Foster.

Warden Golding and Mayor Hayes, in view of what the government's representative had promised, informed Chairman Daniel of the board of health that he could proceed without stint in caring for the sick. Not that there was any doubt that human lives would be risked for lack of co-ordination of financial arrangements as between the city and government but the frank and business-like statements of Hon. Dr. Roberts had strengthened their hands greatly and once and for all dismissed all uncertainties and cleared up many queries.

Speaking to a Times reporter this morning, Senator Daniel said he was greatly pleased with the result of the conference. It was a splendid idea to have such an explicit understanding among the various constituted authorities and so sensible an understanding as to the means to be taken to combat the epidemic now existing.

Dr. Daniel who took the matter of an emergency hospital under his special direction and with that vigor and directness which characterized his work in civic affairs in past years created a splendid institution in less than a week. He gives full credit to the military authorities, the V. A. D. workers under Mrs. Kulring, Secretary Burns of the health board and others for their share in the fitting up of the hospital. While it was felt that the treatment of health was ready to support all that was being done locally, yet it took a conference such as that of yesterday to bring about definite statements and initiative as between J. King Kelley, county secretary, at whose suggestion the conference was held, says that arrangements have been made with the banks to finance the epidemic as required. The general assurances given out at yesterday's meeting and the unanimity of purpose expressed makes it possible to press forward with even greater vigor in ridding St. John of the prevalent malady.

Both Dr. Daniel and Secretary Kelley, deploring the unwarranted criticisms levelled against health officials by a certain section of the press. They thought them ill-advised, unhelpful and biased and said the public as a whole—with politics the last of all considerations—wanted to have co-operation and harmony in the health and life-saving measures now being so energetically taken.

NO ONE AT DEPOT, SAVE RELATIVES, TO WELCOME THEM HOME

A complaint has been received by the Times to the effect that on Monday evening a party of returned heroes arriving in the city from overseas and no representatives of city or society were at the station to meet them. One soldier in the party was on crutches and had to depend on relatives to provide a conveyance. Charles Robinson, secretary of the Returning Soldiers' Aid Commission, said that the men were not expected to arrive in the city on the train on which they came, as the official advice had been that they would reach the city on the following day.
