Raise Blockade Upon Germany

PARIS, July 11. — The Council
of Five has decided to raise the
blockade against Germany tomor-
row, it was announced.

WASHINGTON, July 12. — With
the economic blockade of Germany
lifted today in accordance with the
decision of the council of five in
Paris, preparations were under
way for the immediate resumption
of trade between the former enemy
power and the U. S. Trading with
Germany, pending ratification by
the Senate of the peace treaty and
the formal termination of the war
will be carried on under a system
of blanket licenses to be issued.

LONDON, July 13. — With a view
of raising the blockade, the board
of trade has issued general licenses
under trading with the enemy leg-
islation, authorizing with certain
reservations, the resumption of
trade with Germany and German-
Austria. The licenses do not re-
move existing restrictions upon the
payment of debts and the return
of property due or deliverable to
persons in Germany and German-

Austria with respect to pre-war
transactions.

Great Britain is preparing to
resume her consular services in
Germany soon, and to give every
facility for British firms to distrib-
ute goods there, says the Daily
Mail.

Potash Prices Going Up.

WEIMAR, July 12. — The potash
syndicate has petitioned the gov-
ernment to grant permission to
raise the price of potash 100 per
cent, owing to the increased cost
of production. The syndicate
claims to have a deficit of 46,000,
000 marks for the first three
months of this year, and declares
it would be forced to shut down
unless it can increase the selling
price.

BERLIN, July 12. — In view of
the raising of the blockade, the
government's recent action in reduc-
ing the price of food, is forcing
food traffickers to get rid of hid-
den supplies. As a result a sharp
decline in prices is reported from
all sections of Germany.

Peace Treaty Ratified By Germany

WEIMAR, via COBLENZ. — The re-
solution ratifying the peace treaty
was adopted by the German nation-
al assembly on July 9, by a vote
of 208 to 115.

The text of the ratification resolu-
tion introduced in the national
assembly consisted of two clauses,
reading as follows:

"The peace treaty between Ger-
many and the allied and associated
powers signed on June 28, 1919,
and the protocol belonging thereto,
as well as the agreement relative to
the occupation of the Rhineland,
signed the same day, are agreed to.

"This law comes into force on
the day of its promulgation."
In the debate which preceded
the vote of the national assembly
ratifying the peace treaty, some
strong sentiments against the terms
were expressed and ninety-nine
deputies abstained from voting on
the resolution to ratify the treaty.
Most of the ministers were present
at the meeting of the assembly and
there was a full attendance of de-
puties. Dr. Hermann Mueller, the
foreign minister, in introducing
the government bills, explained
that hastening of the ratification
order would bring about the lifting
of the blockade.

"We are about to enter upon a
forty years' march through dirt,"
he said. "I can find no other term
for the path of suffering fulfill-
ment of the treaty prescribed for
us."

Dr. Peter Spahn, leader of the
Catholic centre party, said:

"We agree to the treaty under
hard compulsion, to save ourselves
from anarchy and to preserve the
fatherland from internal ruin."

Herr Kreising, socialist; Profes-
sor Schuecking, Democrat; Dr.
Traub, national party, and Herr
Kahl, people's party, all spoke,
violently protesting the injustice
of the treaty, the impossibility of
its fulfillment and declaring that
the day of Germany's liberation
would come.

These speeches were greeted with
such turbulent applause and hand
clapping, that the president of the
assembly, Herr Fehrenbach, called
attention to the fact that hand
clapping was against the rules,
with similar speeches by other
members and similar applause.

The national party introduced
an amendment in favor of ratify-
ing the treaty with the reserve that
the sanction of the international
law experts of repute be first ob-
tained concerning articles 227 to
230, and that a court be created to
investigate the responsibility for
the war.

In the course of the debate Pres-
ident Fehrenbach protested
against Alsace-Lorraine being torn
from Germany. He said that the
treaty of 1871 simply made good
what had been taken from Germa-
ny 150 years before. He hoped
that the people of Alsace-Lorraine
would preserve their German char-
acter, customs, etc.

Huge Property Tax For Germany

MUST INCREASE REV ENUE BY 90 PER CENT

BERLIN, July 14. — Germany is
to quickly return to a peace time
financial system, said Matthias Erz-
berger, vice-chancellor and min-
ister of finance, speaking at Weimar
before the German national as-
sembly. Among other things the
payments of grants to men who are
unemployed will be reduced, it was
indicated during his address.

"The empire's needs must be di-
vided henceforth between home
needs and indemnities," he said.
"This year's expenditures con-
fronting us will amount to about
15,500,000,000 marks. I am firmly
resolved to tread the hard path of
economy and therefore have given
out the watchword that from Oc-
tober 1, 1919, there shall be no
more items not detailed and there
shall be no more war funds. The
war finance system shall cease and
a regular budget system must be
re-established. The first guiding
principle is that there must be no
more unproductive expenditures.
Therefore, a gradual abolition of
non-employment grants must be
faced. How are the full require-
ments for the empire, new states
and communes, which may be esti-
mated at 25,000,000,000 marks, to
be covered?"

Feed Prospects in Alberta Bad

CALGARY, July 14. — Hon. Dun-
can Marshall, minister of agricul-
ture, stated to the Canadian Press
last night over the phone from his
farm at Olds, that the feed outlook
in Alberta was bad. There will be
plenty of feed in the Peace River
and Lesser Slave Lake districts, but
he believes hay will have to be
brought in from Ontario and Que-
bec. He has asked for a conference
in Winnipeg next week of the
officials of the three railways, a re-
presentative of the Dominion gov-
ernment and himself, to discuss the
matter of rates, etc. The minister
also fears that much of the live-
stock in the province will have to
be thrown on the market this fall,
as the farmers will be in no posi-
tion to feed it, or to buy feed at
high prices.

Leaders of Former Turkish Government Condemned to Die

CONSTANTINOPLE, July 14. —
Enver Pasha, Talaat Bey and Djemal
Pasha, leaders of the Turkish
government during the war, were
condemned to death by a Turkish
court martial investigating the con-
duct of the Turkish government
during the war. Enver and his
two leading associates in the Young
Turk government fled from Turkey
several months ago, and their
whereabouts are unknown. Djavid
Bey, former minister of finance,
and Aluha Metssa Kiazim, former
Sheik-ul-Islam were sentenced to
15 years at hard labor.

Lad Accidentally Shot With A Rifle By His Brother

LEADER, SASK. —
Arthur Rossman, 13 years old,
step-son of Geo. Frank, was seri-
ously injured Tuesday evening be-
fore last, by a rifle in the hands of
his brother.

It would seem that the rifle had
been a source of some amusement
among some youngsters, and dur-
ing the excitement, young Arthur
stuck his thumb to the nozzle of
the gun shouting to his brother to
shoot—which he immediately did,
with the result that the bullet pas-
sed through the thumb and entered
the abdomen on the left side and
embedded itself therein.

Dr. Denovan was hurriedly called
and rushed the little fellow into
Swift Current to undergo treat-
ment. It is said, the little patient
is doing as well as can be expected.

marks. It is the duty of conquered
people not only to bow to a state
of compulsion, but to achieve an
inward conversion as to the neces-
sity of giving up all riches and all
that is superfluous.

"Changes in the system of tax-
ation will be speedily submitted to
the national assembly and this re-
form will represent the completion
of the whole work."
The world has denied us inter-
national justice. All the more
passionately and energetically,
however, will we work for the home
land again, and flourishing in
justice, concentrate our care and
endeavor upon the poor but just
German.

"One of the first requirements
relative to the restoration of the
life of labor is the establishment of
orderly finances. I will have noth-
ing to do with suggestions for the
annulment of war loans and a de-
claration of general bankruptcy.
My highest aim is to administer
justice in the entire taxation sys-
tem. The income from capital
must be taxed much more heavily than
the income from work. An inheri-
tance tax and a heavy tax levy on
property will be the initial steps
that will be taken. The empire's
income must be increased nine
hundred per cent, and that of in-
dividual states and communes one
hundred per cent. Such enormous
changes require fresh measures."

Hail Damage More Exten- sive Than Supposed

Damage to the crops in the cen-
tral portion of Saskatchewan as a
result of the hailstorms of a week
or two ago, is far greater than ear-
lier reports would indicate. Trav-
ellers state that great destruction
followed in the wake of the storm.
Fields that were struck by the hail
and suffered the most, have since
been dried out by the sun, and hot
winds, and are now as bare as the
back of one's hand, and are turn-
ing white.

The storm swept east between
Findlater and Bethune, and Dilke
and Kedleston. Everywhere in
this area barns are down, and small
buildings have been blown away.
The drive shed of an elevator at
Dilke and another at Kedleston
were destroyed.

Proceeding east, the storm struck
Long Lake, near Regina Beach and
apparently divided, part going by
way of Siltou and the Kirkella line
and on east to Duff and Melville,
on the Grand Trunk and north to Salt-
coats on the C.P.R. The other part
went down the main line of the C.
P.R. to Qu'Appelle, Indian Head
and Sintaluta.

The hail company adjusters are
all busy adjusting losses and in al-
most every case the loss is a total
one, being 100 per cent. In addi-
tion to the hail damage, parts of
the country are suffering from
drought. At Hanley the crops are
suffering considerably, and some
farmers are letting their hired help
go.

One of the big farmers in the
Aylesbury district to be hailed out
was Geo. Konkle, who was the first
Saskatchewan man to purchase an
airplane. Where the crops were
not hailed out, they looked very
good in the Findlater, Aylesbury,
Holdfast, Lumsden and other dis-
tricts.

Most of the farmers hailed out
are busy plowing.

Two Suicides and Shooting at Swift Current

Two suicides and a fatal shooting
accident is the toll of death in the
district during the past few days.
Word has reached the provincial
police department of the finding
of the body of a Chinaman just
outside the C.P.R. yards at Seep-
ter. It is believed to be a case of
suicide but details have not yet
been received.

Friends of E. Eadie, a well-to-do
farmer living near Ernfold, went
to his garage on his farm and were
horrified to see his body swinging
from a rafter. He was quickly cut
down but despite medical attention
promptly-given, could not be re-
vived. No reason can be assigned
for his suicide.

Marie Fournier, housekeeper for
a farmer named Rodgers, living
near Hazenmore, is dead as the re-
sult of a gun accident on Wednes-
day. The facts show that Miss
Fournier was in the habit of amus-
ing herself by shooting gophers
with a 22-calibre rifle. On Wed-
nesday, a neighbor visited at the
Rodgers' farm with some of her
children and Miss Fournier took
the rifle from a corner in which it
was standing to hang it up out of
reach of the children.

As she was trying to hang the
rifle on a nail on the wall by the
trigger-guard, it went off and the
bullet entered her right side, lodg-
ing near the spine. Dr. Aubin, of
Meyronne, was rushed to the scene,
but despite his prompt attention
Miss Fournier sank and passed
away.

POLISH TROOPS ARE WARNED

PARIS, July 10. — Marshal Foch
was today instructed by the Coun-
cil of Five to send notification to
the Polish troops to cease action in
Lithuania.

The Bulgarian treaty, it is an-
nounced, will come up for consid-
eration on July 25.
An inter-allied commission has
been named to discuss the military
occupation of the Rhine with the
German delegation after consulta-
tion with Marshal Foch.

Allan Liner "Crampian" Collided With Ice-Berg

Ship Saved But Two of Crew
Killed

ST. JOHNS, Nfld., July 14. — Two
men were killed and two injured
when the Allan liner "Crampian",
Montreal for Liverpool, collided
with an ice-berg off Cape Race on
July 9. The steamer, with 750 pas-
sengers and a crew of 350, arrived
here this morning for repairs. The
killed and injured were members
of the crew, who were asleep in the
bow of the steamer when she
struck. Virtually all of the pas-
sengers were awake, but, although
there were more than 500 women
and children aboard, there was lit-
tle excitement and no panic.

That the Crampian did not suf-
fer the fate of the Titanic, with
considerable loss of life, is believed
to have been due to the decision
of the captain to strike the ice-berg
bow on, instead of taking a glanc-
ing blow on the side. The berg,
which was very large, was encoun-
tered forty-five miles off Cape Race
in the early evening. When it was
sighted through the fog it was too
late to clear it, although the ship
was proceeding slowly. The cap-
tain said he realized that a glanc-
ing blow would tear through the
ship's side and would sink her.

The course was changed and the
Crampian struck the berg squarely
head on. The entire fore part of
the ship was smashed in above the
water line, the stem being driven
back nearly 40 feet. The vessel was
undamaged below the water line,
however, as the portion of the berg
which she struck proved to be an
overhanging shelf.

It was found that the liner was
taking no water, and she was head-
ed here.

Mammoth Dirigible Lands in England

PULHAM, Norfolk, England, July
13. — Great Britain's mammoth
airship, the dirigible R-34, arrived
at the air station here at 6:56
o'clock, Greenwich mean time to-
day, completing her round trip
from British Isles to the United
States and return.

The voyage from Long Island
was without particular interest and
was completed in approximately
seventy-five hours.

Four Winnipeg Men Tried By Immigration Board

WINNIPEG, July 14. — Discussion
of technicalities occupied the whole
of the opening session of the im-
migration board's investigation into
the cases of the four aliens, Blum-
enberg, Charitoff, Almazoff and
Schoppel, today. Strong objec-
tions against the holding of such an
enquiry were made by the three
counsel for defence and they ad-
vised Blumberg, who appeared
first for examination, to answer
no questions whatever. The mat-
ter of bail was entered into and
Marcus Hyman asked that it be
granted the accused. Thomas Cel-
ley, assistant commissioner of im-
migration, who is the only person
authorized to grant bail in this case
refused, however, to give it.

The board met in the immigra-
tion hall at 2:30 this afternoon and
will resume sittings again tomorrow
at ten o'clock. Magistrate R. M.
Noble is chairman, while the other
members are Thomas Gellely and
E. T. Boyce, of the immigration de-
partment.

The charges laid against the four
men, which make them liable to de-
portation, are taken from section
41 of the Immigration act which
reads in part: "By word or act
creates or attempts to create any
riot or public disorder in Canada,
or who without lawful authority as-
sumes any powers of government
in Canada or in any part thereof,
or who is a member or affiliated
with any organization entertaining
or teaching disbelief in or opposi-
tion to organized government."
A. J. Andrews, K.C., is appear-
ing for the department.

British Parliament on League of Nations

LONDON.—Rt. Hon. David Lloyd
George, the premier, had a good
reception from all sections of the
house of commons. His speech was
largely impromptu and discursive.
He told of the peace conference's
efforts to prevent wars in the fu-
ture, and reviewed some of the
striking restrictions put upon Ger-
many in the treaty signed at Ver-
sailles.

Discussing the determination of
the allied and associated powers to
place on trial William Hohenzol-
lern the former German emperor,
as the man chiefly responsible for
the war, he declared that if such
a course had been followed after
other wars, "there would have been
fewer wars."

It was the intention to make such
an example of Germany as to dis-
courage others from "ever again
attempting to repeat this infamy."
There was a significant passage
when the premier first mentioned
the league of nations. Many of the
members cheered, but "seemingly
nearly an equal number burst into
laughter. "I beg of you to try it.
I beg of you to take it seriously,"
he protested. Proceeding, he declar-
ed: "from the horrors of war, it
would be a great achievement."

One member shouted "Nobody
wants it."
The premier paid special tribute
to work of the British expert ad-
visers, which, he said, had been the
object of the admiration of the
nations at the conference, and end-
ed with an appeal for the Victory
Loan, with one of his typical as-
hes—"Don't demobilize the spirit of
patriotism."

Speaking of the territorial terms
of the treaty, he said the territory
taken from Germany was a matter
of restoration. It was restoration
of Alsace Lorraine, he said taken
forcibly from the land to which its
population was deeply attached; it
was a restoration of Schleswig-Hol-
stein, the taking of which, he de-
scribed, as "The meanest of Hohen-
colern frauds, robbing a helpless
country in the presence they were
not doing it and then retaining the
land against the wishes of the po-
pulation;" a restoration of "Pol-
and torn to bits by Russian, Aus-
trian and Prussian autocracy and
now reunited under the flag of
Poland." And, he added, "They
are all territories which ought not
to belong to Germany."

"I do not think anyone can claim
the terms constitute injustice to
Germany," the premier said, in
discussing the reparations clauses,
"unless they believe justice in the
war was on the side of Germany.
Having regard to the uses Germany
made of her army there is no in-
justice in scattering and disarming it.
If the allies had restored the col-
onies to Germany after the evi-
dence of ill-treatment of the na-
tives, and the part the natives have
taken in their own liberation, it
would have been a base betrayal."
"Therefore the entente decided
that the man who undoubtedly had
the primary responsibility, in their
judgment at any rate, should be
tried for the offences he committed

in breaking treaties he was bound
to honor and by that means bring-
ing on the war.

"It was an exceptional course,
and it is a pity it was, because had
it been done before there would
have been fewer wars. The Allied
countries unanimously decided that
the tribunal, an inter-Allied one,
should sit at London for the trial
of the person chiefly responsible
for the war."

"Those guilty of submarine out-
rages ought to be punished, for the
officers should know that they
would be held personally respon-
sible for offences against the laws
of war."

Premier Lloyd George argued
that it was not vengeance "to take
every possible precaution against
a recurrence of the war, and to
make such an example of Germany
as will discourage ambitious rulers
and peoples from ever again at-
tempting to repeat this infamy.
The German people approved the
war, and therefore it was essential
in the terms to show that such
wasn't good policy."

The premier's reference to the
United States and England agree-
ing to aid France if she should be
attacked, was loudly cheered. Af-
ter referring to guarantees in the
treaty, such as disarmament, which
he declared should not be a "scrap
of paper," the premier spoke on
the bill dealing with the United
States and British guarantees in
the event of an unprovoked at-
tack on France, saying he did not
suppose any section of the house
would oppose that.

"It is entered into with the ap-
proval of the league of nations,"
the premier asserted. "Within liv-
ing memory France twice has been
invaded by Germany. With her
population of 40,000,000 facing a
hostile population of 60 to 70 mil-
lions, France had legitimate reason
for feeling nervous apprehension
when the British and American ar-
mies left. I do not agree that the
treaties show lack of faith in the
League of Nations. After all the
league would have no value unless
it had behind it strong nations pre-
pared at a moment's notice to stop
aggression."

France was quite prepared, said
the premier, to reconsider at the
proper time the occupation of the
Rhine. There was an understand-
ing with France. But the moment
Germany carried out her undertak-
ing regarding disarmament the east
of the army of occupation should
not exceed two hundred and forty
million marks a year.

There was a scene like those
which frequently occurred in the
suffragette days during the debate
after the premier's speech. A wo-
man in the gallery shouted:

"There is no need to send men to
Russia, the war is over!"

Attendants carried her out
struggling and crying that her son
was being sent to Russia.

Another woman took up the cry,
and while she was being dragged
out, two men had a fist fight. The
galleries were then cleared.

Germans Must Ask Holland To Give Up Kaiser

BERLIN, July 14.—The Tageblatt
says it learns that the allied and
associated powers will not ask Hol-
land to give up former Emperor
William for trial, but that they
will request Germany to demand
from Holland that he be delivered
up.

The same procedure, the news-
paper adds, will be taken with re-
gard to German statesmen who fled
to neutral countries. It says 167
persons will be asked for, including
leading generals, admirals, the

commander of the raider Moewe,
which sank numerous vessels on the
high seas, the commander of sub-
marine U-53, which visited New-
port, R.I., in October, 1916, and on
leaving sank a number of vessels
off the American coast, and Dr. von
Bethmann-Hollweg, former imper-
ial chancellor; Dr. Alfred Zimmer-
mann, former foreign minister, and
Dr. Carl Helfferich, former secre-
tary to the interior, and vice-chan-
cellor.

NEW BALKAN LEAGUE

BERLIN, July 14. — Premier Ve-
nizelos, of Greece has taken the
initiative for the formation of a
new Balkan league, according to a
despatch to the Tageblatt, from
Vienna. It does not seem possible,
the message adds, for Rumania to
join such a league at present.

Control of Immigrants

Drastic Provisions of New Immigration Law—Extensive Powers to Forbid Immigration Vested in Government—Anarchists and Revolutionaries, if Not Canadian-Born, May Be Deported.

The amendments to the Immigration act were among the most important enactments of the late session of the Canadian parliament. These amendments, as a whole, provide for the exclusion of additional classes regarded as undesirable for a more efficient examination of immigrants, and for deportation of immigrants whose continued presence in the country is not regarded as desirable.

The prohibited classes to whom admission is refused have been enlarged by the following additions:

- (1)—Persons on the border line between sanity and insanity.
- (2)—Persons afflicted with chronic alcoholism.
- (3)—Persons who believe in or advocate the overthrow, by force, or violence, of government.
- (4)—Persons connected with any organization which entertains or teaches disbelief in or opposition to organized government.
- (5)—Enemy aliens who were, or may be, interned on or after November 11, 1918.
- (6)—Persons guilty of espionage, high treason or conspiring against His Majesty or assisting His Majesty's enemies during the war.
- (7)—Persons who have been or may be deported from any part of His Majesty's Dominions or any allied country, on account of treason or similar offences.
- (8)—Persons who are illiterates. The literacy test is not applied to persons under 15 years of age, nor yet to relatives of persons already in Canada.

Under the new law the power to prohibit for a period or permanently any class of immigrants deemed unsuitable has been enlarged. The new clause empowers the government to "Prohibit or limit in number for a stated period or permanently the landing in Canada, or the landing at any specified port or ports of entry in Canada, of immigrants belonging to any nationality or race or of immigrants of any specified class or occupation, by reason of any economic, industrial or other condition temporarily existing in Canada or because such immigrants are deemed unsuitable having regard to the climatic, industrial, social, educational, labor or other conditions or requirements of Canada or because such immigrants are deemed undesirable owing to their peculiar customs, habits, modes of life and methods of holding property, and because of their probable inability to become readily assimilated or to assume the duties and responsibilities of Canadian citizenship within a reasonable time after their entry."

The provision, it will be noted, is very sweeping. Under its authority the government can bar people of any class, or color, or nationality whose presence in Canada may not be regarded as desirable. Thus citizens of the countries with which Canada has been at war can, by a simple order-in-council, be barred out for a specified period, long or short. Immigrants following any particular trade or calling can also be forbidden entrance. Their customs of living can also be made the justification for refusing admission to would-be immigrants. Under this new power it would be a simple matter to prevent an influx of Hut-terites, or Doukhobors, or any other racial or religious group to whom objection is taken.

Deportation. The new enactment relating to deportation has plenty of teeth in it. It empowers the department to bring about deportation, not only of a wider class of undesirable, but also persons who have been in Canada for longer periods. One of the most important amendments deals with the anarchist class. The amended act provides that any person other than a British subject, born in Canada, or (Continued on Page 4.)

TWO ELEVATORS ARE DESTROYED IN WYMARK FIRE

SWIFT CURRENT. — Two elevators, about 3,000 bushels of grain, a box car of shingles and a coal shed and contents were totally destroyed when fire broke out in one of the elevators at Wymark, just south of the city, a few days ago.

The fire started in an elevator owned by the Central Grain Company, and spread with remarkable rapidity to one next to it owned by the Pioneer Grain Company.

How the fire started is at present a mystery.

LIBERAL DELEGATES FOR BIG CONVENTION NAMED

HUMBOLDT. — The largest political rally ever held in Humboldt federal constituency took place here on July 9, when the Liberals were in session from 7 o'clock to midnight. Fully five hundred packed the hall and many who came miles to attend the convention were unable to get seats.

Stirring addresses were delivered by Hon. C. A. Dunning, Hon. W. F. A. Turgeon, attorney-general; W. H. Paulson, M.L.A.; James Hogan, M.L.A., and J. A. MacMillan. Each of these speakers dealt with certain phases of the present policy of the Liberal party of Canada and the big national convention which takes place at Ottawa next month.

A special committee appointed to name the delegates reported the following: Humboldt, F. H. Hauser, alternate, Dr. D. B. Neely; Lanigan, G. A. Calver, alternate, T. A. Hart, Leslie; Allan, A. A. Fraser, alternate, T. A. Peterson, Dundurn.

SALT DEPOSIT AT DENZIL

Reports from northern Saskatchewan are to the effect that a seam of white salt twelve feet thick and only 16 feet below the surface has been found in the neighborhood of Denzil. Farmers are using the raw salt for domestic purposes as well as for cattle. An effort will be made to develop the industry and place the salt on the market.

SAD CASE AT MOOSE JAW OF DESERTION

MOOSE JAW. — The local I.O.D.E. reports an exceptionally pitiful desertion case which has come to their notice recently concerning a soldier, who, after returning to Canada and spending some two weeks at his old position here left his wife and family, presumably to find work in United States. Information has since been received that he did not go south but went to England to live with a woman whom he married shortly before sailing for Canada. His wife is left with three young children and is being assisted by I.O.D.E. authorities.

KILLED IN AUTO WRECK

Frank, son of John Baker, a wealthy farmer of the Milestone district, was killed in an auto accident, and his brothers, Herbert and Henry, were injured. The three young men were driving into Milestone and when near Elmar Hendrickson's farm were said to have been driving at a high speed. The car is thought to have struck

rut, which caused it to turn completely over. Frank Baker was pinned beneath the rear axle and was so severely injured that he died shortly afterwards. Henry Baker had four ribs broken and Herbert had his leg badly hurt, but both will recover.

RADISSON ELEVATOR RUINED

The Co-operative elevator at Radisson was burned to the ground on Saturday before last, and a new building is already under way.

FINE IMPOSED FOR WATERED BUTTER

MOOSE JAW. — The Saskatchewan Creamery Co. was fined \$20 and the Kent and Brown Grocery Co. \$10, on being convicted respectively of the manufacture and sale of creamery butter which contained more than 16 per cent. water. The analysis taken since the last hearing showed that in four samples of butter taken from the Kent and Brown store the percentage of water was 16.68, 17.5, 17.1 and 17.4 per cent.

FALLING DRILL KILLS WELL DIGGER

Benoit Benoit, of Laporte, Sask., was accidentally killed while down in a well, where he had gone to remove a rock. From the report in the hands of the provincial police head office it appears that Mr. Benoit had left a piece of drill machinery near the top of the well, and this in some way tangled up with the rope, causing it to fall down on his head and killing him instantly.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio. — "I suffered me much from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them." — Mrs. MARIE BOYD, 1421 5th St., N.E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

tality happened at the C.P.R. crossing at the corner of Aberdeen ave. and Battery street, in the north end, the automobile being hit by Winnipeg Beach special. The injured are: Lorenzo Greyko and Olga Rives, injuries unknown, and the young daughter of Mrs. Kery, who is suffering from a broken leg.

EXPRESS TRAIN WRECKED

OTTAWA. — Engineer Nelson J. Jarvis, of North Bay, was killed, and Fireman George Van Buskirk, of Ottawa, died of injuries at a hospital at Pembroke, as a result of the wreck of the Canadian Pacific railway's Winnipeg eastbound train No. 2, near Stonefield. PLANE GIVES THRILLS NOT ON THE PROGRAMME

CALGARY. — Thrills not on the programme gave exhibition crowds Saturday before last some excitement. Capt. McCall had just made a start from centre field for his first flight when one of the passengers in his front seat accidentally touched the throttle and the machine dropped toward the ground.

McCall, by remarkable presence of mind, lifted the machine over the race track, where automobile races were in progress, and dropped it neatly on the big frame spread top of the merry-go-round, where it rested comfortably, and no one was hurt.

The merry-go-round, fortunately, at the time was idle, and not a soul was around. Kouzepla, one of the autoists in the final race, was speeding at 60 miles an hour around the start turn of the track, when he cast his right front wheel clean off. He made a sensational stop within a few feet, saving himself and the machine. McCall's air-machine was damaged so that it is being shipped back to the factory.

OUR ORGANISED GRAIN GROWERS

Grain Growers Hold Big Rally at Carlyle Lake

Early in the afternoon on July 5th heavily laden automobiles commenced to arrive, of every brand, including the usual quotas of "Tin Lizzies" and when bed time arrived the hotel and lake resort cottages were so taxed to their limits, that the only sleeping accommodation which many were able to obtain, was improvised beds in their automobiles.

On Saturday evening the large dancing pavilion was crowded to capacity; when an interesting musical program was rendered by the Woodbury family of Argyle, and Messrs. Bruce and McPherson of Kisby, who according to the statement of the chairman, L. W. Williamson, also of Kisby, were "all farmers."

Interpersed with the musical numbers were addresses by R. M. Johnson, of Pasqua, and Miss McMurray, of Winnipeg. Mr. Johnson for half an hour, ably discussed "Canada's Challenge to the Grain Growers," in which he gave a brief historical sketch of the association's development and its present activities. Miss McMurray, who was formerly a school-teacher in the Warmley district, near Carlyle Lake, delivered an able address, which bore striking evidence of her ability as a propagandist, as well as an intimate and unusually intelligent comprehension of the aims and operations of the association, to say nothing of her keen perception of present day economic problems. Owing to the lateness of the hour and the otherwise lengthy nature of the program both addresses were delivered under disadvantageous conditions, which prevented the fullest expression of their messages.

Sunday broke forth with a fullness of sunshine, which kissed the ripples on the lake, caused by the gentle breezes, making the occasion an ideal one for nature lovers. By noon the lake front was more like an automobile factory, while the hundreds of men, women and children

During the afternoon an illustrated address was delivered by J. B. Musselman, to the children, on "The Boy, the Girl and the Union Jack," before an audience which taxed the capacity of the pavilion, many being unable to obtain admission to the children—which was listened to with equal attention by the children of larger growth—the evolution of the British flag. By the assistance of half a dozen children illustrations were given of the easy manner in which the flag could be defiled, each child being requested to deface it by sticking on it bits of black cloth, as re presenting popular vices, peculiar to children. The meeting was presided over by Dr. W. W. Andrews, of Regina, and following the address, D. B. Musselman, of Lockwood, rendered very acceptably a vocal selection, with pianoforte accompaniment by Mrs. D. B. Musselman.

Another crowded pavilion greeting the address of the evening, which was delivered by Dr. W. W. Andrews, who spoke for more than an hour on the question of "The Cause and Cure of the Present Unrest." Dr. Andrews traced the origin of the present unrest to the seeds of discontent which have been sown during the last twenty years, and which while being more or less dormant, were as a result of the war, ploughed up, like the barren prairie,

MOTOR BANDITS PULLED OFF NOVEL STUNTS

NEW YORK. — A new method of highway robbery was reported to the police by Joseph Hardecastle, superintendent of the Borden's Farm Products company, who stated that he had been robbed of \$34,000 while motoring to a bank with the day's receipt of the Borden station at Coney Island.

Mr. Hardecastle said the highwaymen drove up behind his light automobile in a heavy touring car and smashed into him, throwing the lighter car into the ditch.

When the stunned occupants recovered they found themselves facing leveled revolvers in the hands of three bandits who seized the small black bag containing the money. The bandits fled in their machine before Mr. Hardecastle or the three guards who had accompanied him could draw revolvers.

"You teach! Yes, I daresay. That's always the tone you take," said Tom.

"Dear Tom, I was only joking," said Maggie, putting her cheek against his coat-sleeve. "But it's always the same, Maggie," said Tom, with the little frown he put on when he was about to be justifiably severe. "You're always setting yourself up above me and everyone else, and I've wanted to tell you about it several times. You ought not to have spoken as you did to my uncles and aunts—you should leave it to me to take care of my mother and you, and not put yourself forward. You think you know better than anyone, but you're almost always wrong. I can judge much better than you can."

Poor Tom! he had just come from being lectured and made to feel his inferiority; the reaction of his strong, self-asserting nature must take place somehow; and here was a case in which he could justly show himself dominant. Maggie's cheek flushed and her lip quivered with conflicting resentment and affection, and a certain awe as well as admiration of Tom's firmer and more effective character. She did not answer immediately; very angry words rose to her lips, but they were driven back again, and she said at last—

"You often think I'm conceited, Tom, when I don't mean what I say at all in that way. I don't mean to put myself above you—I know you behaved better than I did yesterday. But you are always so harsh to me, Tom."

With the last words the resentment was rising again.

"No, I'm not harsh," said Tom with severe decision. "I'm always kind to you; and so I shall be: I shall always take care of you. But you must mind what I say."

Their mother came in now, and Maggie rushed away, that her burst of tears, which she left unstopped, might not happen till she was safe upstairs. They were very bitter tears; everybody in the world seemed so hard and unkind to Maggie; there was no indulgence, no fondness, such as she imagined when she fashioned the world afresh in her own thoughts. In books there were people who were always agreeable or tender, and delighted to do things that made one happy, and who did not show their kindness by finding fault. The world outside the books was not a happy one, Maggie felt; it seemed to be a world where people behaved the best to those they did not pretend to love, and that did not belong to them. And life had no love in it; what else was there for Maggie? Nothing but poverty and the companionship of her mother's narrow grief—perhaps of her father's heart-cutting childish dependence. There is no hopelessness so sad as that of early youth, when the soul is made up of wants, and has no long memories, no superadded life in the life of others; though we who look on thought lightly of such premature despair, as if our vision of the future lightened the blind sufferer's present.

Maggie in her brown frock, with her eyes reddened and her heavy hair pushed back, looking from the bed where her father lay, to the dull walls of this sad chamber which was the centre of her world, was a creature full of eager, passionate longings for all that was beautiful and glad; thirsty for all knowledge; with an ear straining after dreamy music that died away and would not come near to her; with a blind unconscious yearning for something that would link together the wonderful impressions of this mysterious life, and give her soul a sense of home in it.

No wonder, when there is this

contrast between the outward and the inward, that painful collisions come of it.

CHAPTER VI.

Tending to Refute the Popular Prejudice against the Present of a Pocket-knife.

In that dark time of December, the sale of the household furniture lasted beyond the middle of the second day. Mr. Tulliver, who had begun, in his intervals of consciousness, to manifest an irritability which often appeared to have as a direct effect the recurrence of spasmodic rigidity and insensibility, had lain in this living death throughout the critical hours when the noise of their sale came nearest to his chamber. Mr. Turnbull had decided that it would be a less risk to let him remain where he was, than to move him to Luke's cottage—a plan which the good Luke had proposed to Mrs. Tulliver, thinking it would be very bad if the master were "to waken up" at the noise of the sale; and the wife and children had sat imprisoned in the silent chamber, watching the large, prostrate figure on the bed, and trembling lest the blank face should suddenly show some response to the sounds which fell on their own ears with such obstinate, painful repetition.

SWIFT CURRENT FARMERS ARE DESPONDENT

SWIFT CURRENT. — Over one hundred farmers of the district attended a meeting recently called in the interests of farmers who will suffer this year by reason of the crop failure. A great deal of discussion took place and the general opinion of the farmers was expressed in the following resolution which was passed unanimously:

"Having suffered a crop failure for the past three years, we have now come to the conclusion that we can carry the burden no longer. Therefore be it resolved that we call on the government to take the necessary steps to ensure ample protection against any suffering in respect to the securing of feed, seed and coal for the winter months in order to avoid a local calamity."

Speakers to the motion declared that there was practically no crop in the district and that an embargo should be placed on what feed there was to avoid it being sent to the U.S.A. as in former years.

A discussion also took place in the matter of foreclosures and judgments and the following resolution was unanimously passed: "Whereas, Providence has seen fit to impose on us conditions which it is impossible for 75 per cent. of the farmers of the district to realize anything from their efforts in regard to crop production, and the difficulties of farming under such conditions having been further brought to our attention through the falling due of notes, mortgages and judgments, therefore be it resolved that steps be taken at this meeting to approach the government and ask that foreclosures of mortgages and judgments be entirely dispensed with."

A pretty wedding ceremony took place on Wednesday morning, July 9, at St. Mary's church, when Miss Angela Simon, a graduate nurse and daughter of Mr. George Simon of Spring Valley, Sask., became the bride of Mr. Jos. Oberhoffner, Advertising Manager of the Saskatchewan Courier Publ. Co., Ltd., Regina. The bride, who was given away by her father, wore an ivory satin dress, trimmed with pearls, with veil, and wreath of orange blossoms, and carried a bouquet of pink roses. The ceremony was performed by Rev. Father Bensing. As bridesmaids attended Miss Julia Simon, a sister of the bride, and Miss Emma Oberhoffner, a sister of the groom; as best-men Mr. Alois Simon, a brother of the bride, and Mr. L. Dutkowski, and as witnesses Mr. and Mrs. Jos. Dutkowski of Regina. After the ceremony in the church, the young couple were gratulated by a host of friends, the ladies of whom used rice and confetti freely. A wedding breakfast was served at the residence 2077 Osler Str., on which the married couple and the nearest relatives took part. Mr. Francis Bilek and Mr. H. Adams rendered a fine programme of music. Mr. Oberhoffner and his young bride left on the same day for Jasper Park and Mount Robson. THE REGINA EXHIBITION
 Preparations are nearing completion for the great Provincial Exhibition to be held in Regina for six days, the dates being July 28 to August 2 inclusive. The Exhibition opens on Monday morning and continues until Saturday evening. So many improvements have been made this year that the Exhibition will be 100 per cent. better than the great success of last year.

The Live Stock Department is receiving special attention. A new live stock arena is being built of steel and concrete with a judging ring 210 feet long and 86 feet wide. The seating around the ring gives accommodation for 5,000 people. It is intended to do all the horse and cattle judging in the arena with three or four classes being judged at the same time. Those who wish to watch the judging will be able to do so in comfort in this new building. There is also being erected a brick stable to accommodate 200 cattle or 150 horses. The prospects for a very large live stock show are so bright that it may be necessary to build another stable before the Exhibition to provide the required accommodation. The old live stock arena has been remodelled and this building will be used for a big automobile show. A special feature of the auto show will be the assembling of Ford Cars. Starting with the bare chassis a complete Ford will be made in twenty minutes.

The seating at the Grand Stand has been increased to provide accommodation for 12,500 people. When these seats are filled the Regina Exhibition will have the greatest crowd ever assembled in Saskatchewan. The improvements at the Grand Stand include an extension to the steel and concrete stand, which in addition to the seating, provides further accommodation for the industrial exhibits on the ground floor, and gives space

(2) The organization of the Young Peoples Societies into one band with the end in view to further the cause among the young people.

(3) The organization of an Educational Society. For years it has been felt by some that such an institution was absolutely necessary. Our young men and women should be given an opportunity to receive an education in a Christian institution. Very often such an institution is too far away and thus many cannot pursue the long-wished-for and very careful education.

Where Valley and Height Fills Your Soul With Delight

Such is the general opinion of patrons of the Canadian National Railways travelling to the Pacific Coast through beautiful Jasper National Park and in full view of majestic Mount Robson, Mt. Edith Cavell, Mt. Warren and other wonderful sights. The Railway traverses an entirely new section of the Rockies and is replete with magnificent scenery the whole 600 miles through the Mountains. Advantageous features of this route are absence of grades, the highest point reached being only 3600 feet, the lowest altitude crossing the Rockies anywhere on the Continent and of immense benefit to people who are affected by high climbing; then again there is little curvature and a splendid roadbed, which with electric lighted Standard and Tourist Sleepers, Dining Car and Observation Car makes for a most comfortable journey. Summer Tourist fares are now effective to all points on the Pacific Coast from Vancouver, B.C., to San Diego, Cal., and North to Alaska.

KAISER MAY NOT BE TAKEN TO BRITAIN

LONDON, July 14. — Predictions that the project to bring the former German emperor to trial in England will be abandoned, are growing, in view of the almost unanimous opposition of the press. Virtually all the leading papers, with the exception of the Northcliffe press, are denouncing the plans.

The Northcliffe papers have taken no stand in the matter, but print many letters from prominent persons opposing the trial. The influential weekly reviews all oppose or deride the project of bringing the former emperor from Holland.

Walter Runciman, former member of the cabinet, writes: "Feeling in this country is justifiably bitter against the kaiser. Indeed, it is so bitter that the public might take the law into their own hands and lynch him."
