

GERMANY ASKS PEACE!

BERLIN OFFICIALLY DECLARES FOR AN ARMISTICE AND PEACE

German emissaries reach the Allied lines and now stand, hat in hand, at the door of Marshal Foch's headquarters humbly begging for war to end—belief grows that Berlin delegates will accept Foch's terms and London hears report that such is a fact.

(By The Associated Press).

Germany is standing hat in hand at the door of Marshal Foch's headquarters humbly begging for peace.

Deserted by all her former allies, her great military machine in the process of destruction by the onslaughts of the Entente Allied armies; her dream of world domination rudely dissipated, Germany begs for a cessation of hostilities, notwithstanding the hard terms she knows she must pay.

Scarcely had the decision of the Supreme War Council at Versailles with regard to a cessation of hostilities with Germany been made public than Germany was speeding emissaries to Foch to learn what the commander-in-chief's terms are to be.

Berlin Asks Armistice.

Berlin, Nov. 6, via London.—An official statement issued here today says: "A German delegation to conclude an armistice and take up peace negotiations has left for the western front."

Reaches Allied Lines.

London, Nov. 6.—The German armistice delegation has reached the Allied lines. This information reached the lobby of the House of Commons late tonight.

Will Probably Accept.

Montreal, Nov. 6.—The Montreal Star this evening published the following: "London, Nov. 6.—Semi-official reports declare that Germany has decided to accept Foch's terms."

The Standard published a similar special despatch from Washington on Tuesday morning.

Amsterdam, Nov. 6.—A German armistice delegation left Berlin this afternoon for the western front. General E. C. W. Von Gronau, Germany's military delegate to The Hague peace conference; General Von Winterfeldt, Admiral Meurer and Admiral Paul Von Hintze, former secretary of foreign affairs, are the members of the commission to deal with the Allied powers on armistice negotiations.

Bavaria Must Have Peace.

London, Nov. 6.—Unless Germany accepts the Allied armistice terms, Bavaria will sue for a separate peace, the London Express declared today. It has learned from reliable sources.

"Bavaria has sent troops to defend its frontiers" against disbanded Austrian soldiers, according to an official despatch received from Munich today.

Will Be No Argument.

Washington, Nov. 6.—Armistice terms prepared for Germany by the Supreme War Council soon will be in the hands of German emissaries now on their way from Berlin to the western front, but the time that must elapse before there is a decision as to their acceptance or rejection probably will depend largely upon the power which the German delegation has been clothed.

There is nothing here to indicate just what authority has been conferred upon these representatives of the German government.

The official announcement from Berlin via London today said: "A German delegation to conclude an armistice and take up peace negotiations has left for the western front, but the language employed may or may not be significant."

A Military Issue.

Officials here have assumed that the German representatives after securing the terms from Marshal Foch will transmit them by telegraph or convey them personally to the German high command in the field, for it is understood to be the purpose in the present case, as was done with Austria, Bulgaria and Turkey to deal with the armistice as purely a military issue between the military commands.

Should this procedure be followed,

HON. WM. CURRIE SEES GOVERNMENT

Educational Problems, Inflation, Workmen's Compensation and Other Matters Considered at Monthly Session.

Special to The Standard.

Fredericton, Nov. 6.—Hon. William Currie, speaker of the legislature, was here today interviewing the government regarding matters connected with the report of Commissioner Friel on charges preferred against him.

At a meeting of the Board of Education this afternoon, Rothery Consolidated School was made a station for departmental examinations.

Dr. Carter, chief superintendent of education, was authorized to cooperate with the war savings committee in the work among the children of the public schools.

The morning meeting was given to consideration of the Workmen's Compensation Act, J. A. Sinclair, chairman of the commission, being before the executive.

The report of the directors of the St. John and Quebec Railway was presented today. The streets of the city are being cleared of the debris of the influenza epidemic.

The government has also under consideration the purchase of additional property for use by government officials, and is negotiating for the O'Connor property, King Street.

The resignation of J. B. Cudlip as a member of the board of examiners of engineers, has been received.

LT. MURRAY GETS MILITARY MEDAL

Son of Hon. Robert Murray Distinguishes Himself—Four New Cases of Flu.

Special to The Standard. Chatham, Nov. 6.—Hon. Robert Murray has received a letter from his son, Lieut. Blaine Murray, stating that he had been awarded the Military Medal.

There were four new cases of influenza yesterday and four today. This raises the number of houses quarantined to twenty. There are six patients in the isolation hospital one whom was brought today from one of Snowball's camps on the Tabusintac.

Chicago, Nov. 6.—Angie Kieckhefer, of Chicago, winning his title as three cushion billiard champion, tonight won the first block of a 150-point match from Charles McCourt, of Cleveland, 59 to 23, the play went 44 innings. Kieckhefer's high run was 9, McCourt's was only 2.

Germany Given 48 Hours To Accept Allied Terms And Will Likely Do So

Special to The Standard. Washington, Nov. 6.—Germany is believed to have been allowed 48 hours by the Allies and United States in which to accept the armistice conditions. The beginning of this period of grace would be the moment of delivery of General Foch's armistice terms to the German parliamentarians in the field.

French Make Sweeping Advance of Six Miles

Several Important Towns, Numerous Villages, Many Guns and Large Numbers of Prisoners Captured.

Paris, Nov. 6.—The operations by the French today netted one of the greatest advances yet made, measuring more than six miles at various points. The important towns of Vervins, Montcornet and Rehel were occupied and progress was made far beyond these places.

"Our troops continued to pursue the enemy throughout the day on an extended front between the Sambre and the Meuse. Our armies, breaking down local resistance, made an important advance, which exceeded ten kilometers at certain points and freed numerous localities with their civil population."

The enemy, harassed by our advance guards, was obliged in the course of his precipitate retreat to abandon guns and considerable material which it is impossible to enumerate.

"Further south we have taken Fontaine-Les-Vervins and the town of Vervins. Our advanced elements have gone beyond the Serre. We hold Hary and La Corrierre. Further east, after having occupied Montcornet, Renneval and Dolignon.

WOODSTOCK WILL OPEN HOSPITAL

Twenty-Five Cases of Pneumonia in Town, But Epidemic Practically Over—Mrs. Geo. W. Jackson Dead

Special to The Standard. Woodstock, Nov. 6.—There are no serious cases of influenza here now. Many people, chiefly women and girls, are confined to their homes with heavy colds and there are about 25 cases of pneumonia. The doctors are overworked and it was thought necessary to put up about one-half the prescriptions they did a week ago.

There were four new cases of influenza yesterday and four today. This raises the number of houses quarantined to twenty. There are six patients in the isolation hospital one whom was brought today from one of Snowball's camps on the Tabusintac.

Chicago, Nov. 6.—Angie Kieckhefer, of Chicago, winning his title as three cushion billiard champion, tonight won the first block of a 150-point match from Charles McCourt, of Cleveland, 59 to 23, the play went 44 innings. Kieckhefer's high run was 9, McCourt's was only 2.

CANADIANS TAKE MORE VILLAGES

Great Allied Drive Sweeps on, British Occupying Numerous Villages and Aulnoye Junction—American Troops Approach Sedan, Famous Battlefield of 1870 Which Led to the Overthrow of Napoleon's Empire.

London, Nov. 6.—The British are continuing their advance to the east of Mormal Forest, according to Field Marshal Haig's report tonight from headquarters, and have occupied numerous villages and the important railway junction at Aulnoye. The statement says:

"We progressed along the whole battlefield today in spite of a heavy continuous rain. Sharp fighting has taken place at a number of points with German rear-guards and some hundreds of prisoners have been taken by us."

WAR SUMMARY

(By The Associated Press) In France and Flanders the enemy forces are being given no rest. Along the whole battle line in France, the British, French and American troops have made further material gains and reclaimed numerous towns and villages. Thousands more of Germans have been taken prisoners on all the sectors under attack.

Along the Meuse the Americans continue steadily to push forward, and at last accounts were almost at the gates of Sedan, a dominating point on the German line of communication to the east, the taking of which will greatly hamper the Germans in their efforts to clear out that portion of the sack from the region east of St. Quentin to the north of Rheims.

Stiffen Resistance. Both east and west of the river the Germans have materially stiffened their resistance against the men from overseas, using large numbers of machine guns and gas in great quantities in an endeavor to impede their progress.

To the west of the American sector the Germans near Rehel are holding a bridgehead to protect their retreating armies east and west. In doing so, however, they are forming a dangerous salient in which capture is likely should the French break through.

Napoleon III, and his entire army surrendered at Sedan, Sept. 2, 1870. From the hills in the region of Chauny and Mazonville, where the Americans, according to last accounts, were advancing despite stubborn resistance, the buildings of Sedan are in plain view, being about six miles away.

GERMANY AND RUSSIA BREAK OFF RELATIONS

Berlin Demands Withdrawal of All Russian Representatives in Country. Amsterdam, Nov. 6.—Germany has demanded the withdrawal of all Russian representatives in Germany, the Berlin despatch today announces. The German representatives in Russia, it is added, have been recalled.

An official report from Berlin says: "The Russian diplomatic representatives will leave Berlin early today by special train for Russia."

A RUNAWAY HORSE DEMOLISHES AUTO

Mail Team at Woodstock Collides With Stanley Peter's Car—Horse is Dead. Special to The Standard. Woodstock, Nov. 6.—Tonight H. S. Wilson, the mail deliverer, was collecting the mail at the upper end of the town when his horse became frightened and ran away. It broke away from the wagon and collided with a car driven by Stanley Peter. The horse was killed and the car broken to pieces, but Mr. Peter received but slight injuries.

U. S. CONSUL KILLED.

Amsterdam, Nov. 6.—The American consul, and seven British war prisoners have been killed by the bombardment of Charleroi, southwest of Namur, in Belgium, according to Berlin despatches received here.

WAGER UPSETS TRIAL.

Montpelier, Vermont, Nov. 6.—A wager placed on the outcome of a murder trial by a member of the jury today he was drawn on the panel for a retrial today in the Vermont Supreme Court awarding a new trial to Robert Warren of St. Albans, who was found guilty last year of the murder of Jennie Hemmingsway. Warren was a soldier at Fort Ethan Allen at the time of his arrest.

POLICE ASKED TO HOLD FUGITIVES

Six Young Men Break Out of Halifax Prison and in Stolen Auto Head in Direction of N. B.—Moncton Wins Flag.

Special to The Standard. Moncton, Nov. 6.—Chief Rideout was notified by the Halifax police tonight that six young men of ages ranging from 17 to 25, had escaped from the Halifax prison, and were heading in the direction of Moncton in a stolen automobile.

The number of the automobile was 4083, and when last reported the escaped prisoners were east of Truro. The St. John police presumably have also been notified, and are on the lookout for the escaped men, who are expected to abandon the automobile and board a west bound train.

Since Sunday last there have been fifteen new cases of "flu" in Moncton and one death, which means that the situation here is now practically normal.

Moncton city has now an honor flag in the Victory Loan campaign. At the close of today's canvass the subscriptions for the city totalled \$728,550, which is over the city's allotment. The total subscription to

MONCTON MAN WILL GO TO PALESTINE

Now That Turks Are Out of it He Will Finish His Days in Land of His Birth.

Special to The Standard. Moncton, Nov. 6.—With Palestine in the possession of the British, and the Turks out of the war, T. Marroche, a native of Palestine, doing business in Moncton, has decided to return at once to the land of his birth. Marroche left Palestine when fifteen years of age, on account of the cruelties of the Turks, and came direct to Moncton, where he has been residing ever since.

BIG SCHOONER MAY BE BUILT ON MIRAMICHI

Walsh Brothers Contemplate Entering Shipbuilding Industry.

Special to The Standard. Chatham, Nov. 6.—There are prospects of a 350-ton schooner being built here this winter. The Messrs. Walsh Bros. are looking over the various shipbuilding plants in the province, and in Nova Scotia, with a view of getting an insight to the shipbuilding business. They have lumber lands and facilities at hand for saving the lumber, and will probably be given a lease of the town wharf by the mayor for a shipyard. The capital for the project is believed to be available.

AHEAD OF U-BOATS.

London, Nov. 6.—The admiralty announces that the output of world tonnage in the last quarter exceeded the losses from all causes by nearly half a million gross tons. The United Kingdom built new ships up to the amount of 411,895 tons, other Allies and neutrals, 972,735 tons. The tonnage of merchant vessels completed in the United Kingdom and sent into service in October was 138,100 tons.

THE KAISER'S THANKS.

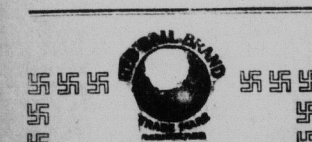

Amsterdam, Nov. 6.—The German emperor has sent messages to the western army groups, thanking them for their "extraordinary achievements" and expressing his gratitude to the Allies "whose bravery has frustrated the great plans of the enemy."

NAVAL VESSEL SUNK.

London, Nov. 6.—A British patrol boat was sunk on Monday in a collision according to an Admiralty statement today. One man was drowned. On Tuesday a British auxiliary was sunk in collision, there being no casualties.

GET RID OF HUMORS AND AVOID DISEASE.

Humors in the blood cause internal arrangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine liberates the blood from infection and disease. Get Hood's Sarsaparilla today. Insist on having Hood's.

REPUBLICANS IN MAJORITY IN CONGRESS

They Control Lower House 229 to 196, With One Socialist.

SENATE COMPLEXION STILL IN DOUBT

At Present Time Republicans Have a Majority of One.

Washington, Nov. 6.—Congressional election returns still were incomplete late tonight but it was apparent that the Republicans had taken control of the house of representatives by a majority of at least 11, probably more. The senate was very close with the outcome depending on the returns in Michigan where Henry Ford was running a close contest with Truman H. Newberry, and in Idaho and in New Mexico. On the returns available 25 Republicans had been elected to seats in the house now held by Democrats and seven Democrats had been elected to seats now held by Republicans.

On the returns at hand the house figures were: Republicans, 229; Democrats, 196; Socialist, 1; doubtful, 3. In the senate the returns showed: Republicans, 47; Democrats, 46.

Speaker Clark Elected. St. Louis, Nov. 6.—Early indications that Speaker Champ Clark had been defeated were not being borne out by later returns which indicate that he has been re-elected by a plurality of 2,400 votes, an increase of 250 as compared with his election in 1915.

Detroit, Nov. 6.—The senatorial race in Michigan between Lieutenant Governor Truman H. Newberry, Republican, and Henry Ford, Democratic, was still undecided late tonight and the official count may be required to determine the results. With 273 precincts to be heard from Newberry maintained a lead of 3,552, the vote being: Newberry, 220,877; Ford, 197,125.

Princeton, N. J., Nov. 6.—The Republicans carried Princeton, President Wilson's home town, in yesterday's election by small pluralities. Topeka, Kansas, Nov. 6.—State Democratic Chairman Murphy announced that the election of the entire Republican ticket—senator, congressmen and state officers—with the exception of Congressman Ayers of the eighth district, was a foregone conclusion.

Princeton, N. J., Nov. 6.—The Republicans carried Princeton, President Wilson's home town, in yesterday's election by small pluralities. INFLUENZA SITUATION AT VAN BUREN.

Van Buren, Me., Nov. 5.—The influenza epidemic has visited with noted severity the entire St. John valley. Each and every village in the Madawaska region from Grand Falls to the extreme boundaries beyond St. Francis, Me., have been visited by the dread invader. It is impossible to estimate the number of cases that have developed, but without hesitation it may be stated that it has proven the most murderous epidemic of disease that any part of the country.

The town of Van Buren has been unmercifully visited. Very few families in the village as well as in the surrounding country, have been exempt from infection and numerous deaths are recorded everywhere.

Our progressive citizen, M. Emile Le Brun, generously offered and donated, the use of the large and comfortable apartment over his store for the installation of the hospital. A committee consisting of Messrs. J. A. Hubert, Fred S. Cyr, J. A. Pelletier, Jos. A. Dumais, J. J. Cyr, M. M. Pelletier and Charles O'Connell was immediately organized, and, after consultation with Dr. Hammond, the offer of Mr. Le Brun was accepted, the apartment was occupied and equipped and the new hospital opened its doors and wards to some thirty cases.

WOMEN DO GOOD WORK.

A committee of ladies on their part have taken the important task of procuring and preparing the appropriate article of diet for the sick. The good nuts at the convent have also opened the doors of their large dormitories to admit the sick. Our sincere thanks are extended to those generous ladies.

With the present unlimited care of our sick, we trust that the present epidemic will, in a brief period of time, count as a thing of the past. At Grand Falls also cases of infection are numerous. The town officers there have asked for medical aid from the state board of health at Augusta asking for physicians and nurses to direct a campaign against the disease and to assist the resident physician who can attend to comparatively few cases.

Dr. L. L. Pelletier of Millinocket was deputized by the state board to come to Grand Falls with nurses and combat the invading disease. A temporary hospital has been organized to admit all cases developing and by so doing eliminate or lessen the danger of contagion. Present reports are somewhat more favorable, but still there are many sick cases yet.

MRS. RUSSELL SAGE DIES OF OLD AGE

Widow of Great Financier, Poor in Early Life, Gave Millions to Charity.

New York, Nov. 4.—Mrs. Russell Sage, widow of the financier, and one of the richest women in the world, died at her home here early Monday. She was 90 years old and had been in feeble health for several years. Three or four days ago her condition became serious. Death was caused by ailments due to advanced age.

Mrs. Sage had been virtually a recluse in her Fifth Ave. house for several years. She has been seen but rarely in public and her visitors were limited to close friends and relatives.

A nurse on duty in her room noticed a change in her condition late last evening. Mrs. Sage died about an hour later. Margaret Olivia Sage until she reached middle life was only the modest school teacher and then in a day she found herself mistress of one of the greatest fortunes in America. Her early days were devoted to scraping together enough money to give herself a fair education and her last years were spent in developing the science of giving money away.

"My experience has taught me," she had said recently, "that successful people are those who take what comes to hand, and if it be small, wait and work for something better. The root of failure lies often in the thought that you can do but one thing and must do that or nothing."

This practical philosophy developed when she was a girl in Syracuse, N. Y., her birthplace. Her father, Joseph Slocum, was so reduced in circumstances by the panic of 1857 that the daughter, at the age of only nine years, was obliged to help in the upkeep of the household. At the age of 16 she started to work as a clerk in a large store.

Immense preparations must be made and the time to plan them is now. All industry is apparently organized and conducted for strictly war purposes. Many a prophet has risen and thundered that a period of rain, starvation, and distress would follow the close of the war.

Their great life was simple, despite their home life in her husband's affairs that he turned over to her five years before his death complete control of his business and found that his faith was borne out by her successful operations. But she was proudest of her ability to support herself altogether independent of wealth and of her husband's fortune.

She once said, "I could do the work myself without running all over the place and getting into a quarrel with anything to eat. Housework is one of the best occupations I know. Girls should take up housework, even as servants, rather than work for wages. If I had a daughter (she was childless), she would have been taught to cook and sew and be of some comfort to her parents than their parents than if they did not exist."

Mrs. Sage was a "woman's woman" and her charities were largely directed to the help of women and children. She became widely known as a "lady bountiful" and was so besieged with requests for money that she had to retire from her position. Being letters were made care gifts to her Fifth Ave. home at the rate of 600 a day, some of the writers threatening suicide and others to her bodily harm.

ITALIANS CLEAN UP.

Rome, Nov. 6.—The Italian official communication issued today says: "At 3 p.m. Monday our troops had reached Suderno in the Venosta Valley, the Passo della Mendola, and the Colles of Salorno in the Adige Valley; Combes in the Avio Valley; Lovico in the Sugana Valley; Fiera Di Primiero in the Cimson Valley; Pontebba, Plezzo, Tolmino, Gorizia, Cervignano, Aquileia and Grado."

The movements provided for by the clauses of the armistice with Austria-Hungary are being carried out. During yesterday no war operations were reported.

SILESIA A CZECH STATE.

Amsterdam, Nov. 6.—According to Vienna advices, Eastern Silesia, almost to the frontier, has been placed under the administration of a German people's council.

Cracow newspapers received here say that the Czech commander at Prague has ordered the Czech consuls in Silesia to regard Silesia as a Czech state.

IN DANGEROUS CONDITION.

At three o'clock this morning the report on the condition of Frank L. O'Regan, who had been in a dangerous condition, fears are entertained for the life of this young popular business man who only a short time ago was taken ill with influenza, which developed into pneumonia. He is the son of Mr. and Mrs. John O'Regan of Elliott Row.

MIGHTY PROBLEM TO CARE FOR THE RETURNING BOYS

Task of Getting Canadian Soldiers Back Into Civilian Life Afloat Discussed by Prof. F. H. Sexton—Heavy Responsibilities.

(By Professor F. H. Sexton in The Maritime Merchant.) The problem of the fate of our soldiers back into civilian life after the war was discussed more widely and vigorously two years ago than it has since. Our country was facing then a Germany which acknowledged no defeat, we seemed sure that our victory was not far off. Today when the banner of peace is flying, the merciful terms of the armistice at the end of the war is somewhere in sight, we are prone to solemnly say our heads and hearts are glad. When the war is over, we are prone to say, "The war is over, and the heavy responsibilities are gone."

FIND \$9,000 MORE OF BANDIT'S LOOT

All But \$150 of \$20,000 Stolen in Train Hold-up Recovered.

Toronto, Nov. 6.—Covered over with leaves a bag containing \$9,000 in bills found by detectives this morning in a yard at the rear of a house. With this find the police have recovered all but \$150 of the \$20,000 stolen in the express hold-up on a railway train in the west end of this city on October 23.

Shackled with handcuffs, John Lett, one of the three men under arrest in connection with the robbery, was taken by Detectives through the residential section of High Park today to try and locate the spot where he left the money. Before leaving headquarters he drew a map of where he thought he had gone after jumping off the train at Sunnyside. This diagram took the officers to Garden Avenue, and after a lengthy search they found the spot. The bag had been thrown over a fence and was lying between the fence and a chicken coop. It had not been discovered until it was seen from a window over it by the wind.

BANK ROBBERS GUILTY.

Quebec, Nov. 6.—Robert Young and John Drew, charged with robbing the National Bank at Scotts, Beecher, were found guilty by Magistrate Coriveau, at St. Joseph, and will be sentenced on the 19th. One of them, Ed. Lewis, alias Little, is ill from grippe in jail here.

A GERMAN MESSAGE.

With the American Army in France, Nov. 6.—(By The Associated Press.) In a wireless message yesterday, addressed to the French and American commanders, the Germans reminded the Allies that there were many civilians in the line of march of the Franco-American front, and suggested that the artillerymen be notified of this effect. None of the villages were named, however, the message was signed by the German field commander.

U. S. MEN ILL-TREATED.

Geneva, Nov. 6.—American prisoners in Germany are being badly mistreated in spite of the protests of the American Red Cross. Those arriving at the prison camp at Timburg, Dramstadt and Giessen have their clothes stolen and their boots replaced with wooden sabots. The Red Cross shipped clothing to replace that which was stolen.

AWARDED A MEDAL.

Mr. and Mrs. Donald Allan of 36 St. Andre street here receives word that their son, Gunner Jack Allan, has been awarded a military medal for conspicuous gallantry on the battlefield. He is twenty years of age and crossed overseas with the 15th Battalion.

In organized industry and in the main has enjoyed high wages. He is organizing everywhere against the times of peace and he will have funds to press home his demands in the future. The present high wages must recede because these are extraordinary boom times and because of the war. The scale will, however, never go back to the level which existed formerly, nor will the workman ever go back to his former level of living. He has become used to better circumstances for himself and his family and intends to continue as nearly as possible in the same manner. If desperate attempts or drastic measures are taken to push him backwards again he will reach out and take what he thinks belongs to him. If it means political power, he will use it. If it means economic power, he will use it. If it means industry he will be ready to enter upon such a project. If it means Government control and regulation he will demand it. There will be no revolution, because our people are too enlightened and too well accustomed to democratic institutions to revert to Bolshevism. One thing stands out most clearly—as individuals and as a nation, we must increase our productive power. In order to meet our financial obligations incurred in the war and to continue our expansion we must become greater producers. This has been helped up during the war and it applies even more forcibly to peace. We are strong, resourceful, intelligent, adaptable, and optimistic. What we lack most is industrial skill. As a fighting dominion we will share in economic and trade advantages according to Great Britain and the Allies from the war. We must train all our people to a higher plane of industrial intelligence and productivity. We should not remain hewers of wood, but put ourselves in a better position to share in the world trade of manufactured articles instead of exporting so many raw materials and having to import so many. We must train our present generation as well as the coming one by the adequate and thorough application of technical education.

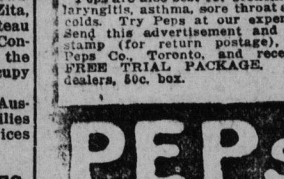

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough and clear the throat. In a moment—there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Pepp make this sort of thing quite unnecessary. Put a Pepp pastille on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

Pepp are also best for bronchitis, laryngitis, asthma, sore throat and all other throat and lung troubles. Send this advertisement and 1c for trial or 25c for Pepp Co. Toronto, and receive FREE TRIAL PACKAGE. All dealers sell box.

JACK DEMPSEY WON AS DID DUNDEE

Philadelphia, Nov. 6.—Jack Dempsey, the heavyweight, knocked out Battling Levinsky, of New York here, tonight, in the third round of what was to have been a six round bout.

Dempsey, who was the aggressor throughout, stopped Levinsky with a right hook to the jaw. The blow sent the New Yorker down for the count and he had to be assisted to his corner by his seconds. It was the first time that Levinsky was ever knocked out.

In the first two rounds Dempsey followed his opponent all over the ring to try and connect with a blow, and every time he landed, his blow seemed to shake Levinsky from head to foot.

In the second round Dempsey nearly had the New York boxer out from under a series of hard body punches which made him close in and hold on till the bell came to his rescue. In the semi-steps-Johnny Dundee the New York lightweight, had the better of a six round bout with Gusie Lewis, of Philadelphia.

CHARLIE SWAINE DEAD.

Oakland, Calif., Nov. 5.—Charlie Swaine, baseball player, died today of influenza. Until Ping Bodie came along Swaine's record of 94 home runs was the season's record. He played with the Washington Americans and with Sacramento and Vancouver on the coast.

WILL KAISER QUIT?

Bern, Switzerland, Nov. 6.—(By The Associated Press.)—A manifesto issued by the German socialist party leader, which the consent of the party has asked the Imperial Chancellor to submit directly to Emperor William advice of a request that he abdicate.

GERMANS EXCITED.

Copenhagen, Nov. 6.—The German press is greatly exercised over the peace terms recently proposed by Viscount Northcliffe. Both the North German Gazette and the Berlin Tageblatt ask whether the governments associated with the United States accept President Wilson's peace programs, with which, they declare, Viscount Northcliffe's proposals do not correspond.

THE LOAN FIGURES.

Toronto, Nov. 6.—Half time of the 1918 Victory loan and the grand total stands at \$22,711,700. Ontario has a total to her credit for the nine days of \$19,265,400. ENEMY FORCES IN RETREAT ON SEVENTY-FIVE MILE FRONT

British Continue to Press After German Beyond Mormal Forest.

HAIG'S MEN CROSS BELGIAN BORDER

Enemy Has Nine Armies He Must Get Out Through Belgium.

London, Nov. 6.—The British last night continued to press after the Germans beyond the Mormal Forest, where they have reached the main road from Avesnes to Bay, Field Marshal Haig announced today. Progress was made in other sectors of the battlefield as well as more prisoners were taken. The statement follows:

"North of the Sambre River" our advanced troops pressed forward, beyond the main Avesnes-Bay road. Progress was also made west of Bay and on other parts of the battlefield. A number of prisoners were taken.

Enemy in Bad Way.

Paris, Nov. 6.—Enemy forces are in full retreat on the front of seventy-five miles, from Valenciennes to the Meuse. They are being pressed hotly by the Allies.

British troops have crossed the Belgian frontier east of Valenciennes and have stormed Mormal Forest, which covers Maubeuge. Farther south the French are within eight miles of the great Mons-Yverville-Lacapelle road, the main artery of the central part of the German front in France. They are separated from it only by the Noyion Forest.

General Gelliamat and General Gourard are advancing on the southern side of the salient, and the American army threatens the retreat of the German forces, for it is only nine miles from Sedan. The Americans have carried their lines past Durburgh. As the result of the latest battle in which the Allies have soundly beaten 140 German divisions, hundreds of villages have been freed, and thousands of prisoners have been captured. The enemy's position which was bad before, may now be said to be desperate.

The problem confronting the German general staff may be summed up briefly, as follows: The enemy has nine armies strung out in a semi-circle line from Ghent

AUSTRIAN OFFICERS GLOOMY AT ARMISTICE CONFERENCE

Captain Sent First With White Flag, But Weber Had to Go.

AUSTRIANS TREATED WITH COURTESY

An Interesting Account of How Austria Got on Her Knees.

London, Nov. 6.—(British Wireless Service)—The procedure adopted by the Austrians in their application last week for an armistice is described by the correspondent of the Times at Italian headquarters:

"Towards the evening of October 29," he says, "an Austrian officer was seen coming from the enemy trenches close to Serravalle, above Ala, in the Adige Valley. It became evident at once that the white flag was genuine and Italian officers went forward to meet him."

"The officer, who was a captain, declared that he had come to discuss the conditions of an armistice. Taken to a neighboring command and questioned, he was found not to have any authoritative papers, and was sent back with a message that a more representative and duly accredited mis-

sion should be sent if the matter was to be pursued.

"On Wednesday evening a white flag was again hoisted, and the Austrians having evidently determined to make due sacrifice of their pride, this time more fitting personalities appeared. At the head of a small group that approached the Italian trenches was the Austrian general Von Weber, a corps commander. The party consisted of eight persons and included another general and naval and military officers. There were also civilians, either diplomatic or government representatives, and secretaries and typists.

"They were treated with every courtesy and when General Von Weber had formally stated his mission and shown that he was the bearer of proper credentials, he and his party were driven next day in motor cars to the Villa Giusti, close to General Diaz's headquarters. At nine o'clock in the morning General Bado-

lio, the chief of staff, drove with an escort of cavalry to the villa, and on his arrival all the troops present saluted and bugles were sounded.

Austrians in Line.

"Entering the villa, General Badolio found all the Austrian liaison standing in a line in the drawing room, awaiting him. General Von Weber was in full uniform, wearing the stars and ribbons of his orders. General Badolio saluted him, and upon seeing himself asked the Austrian general his errand. General Von Weber replied that he had come to ask the conditions upon which an armistice would be granted. General Badolio answered that within an hour he would let him know the general lines of such an armistice contained in a written message. He then left the room and the written message in question was at once sent to the villa.

"Meanwhile telegrams were exchanged with Versailles, and during the afternoon the precise details under which an armistice would be granted were received from Signor Orlando, the Italian prime minister, and again in written form handed to General Von Weber. During the evening one of the Austrian envoys left by motor car for Serravalle with a draft of the conditions to communicate to the Austrian government.

"The Austrian plenipotentiaries were very depressed and did not show themselves outside the villa, nor walk in its ample gardens."

Was Pulled Through THE TRYING TIME IN A WOMAN'S LIFE.

Mrs. H. Membury, 325 Seaton St., Toronto, Ont., writes:—"I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me, in fact, I consider they saved my life, and I have told many of my neighbors about them.

Two years ago last November I was in poor health. The doctor said it was change of life, as I was over forty years old, and that I would have to be very careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case.

Then they sent for a specialist, as they began to think it was my mind. When the specialist came he was puzzled, for I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing.

Next day a friend came with a cab and took me to their home. They got a box of Milburn's Heart and Nerve Pills. I started taking them and began to get better, and at the end of two weeks, I could walk around the room, I am now well and able to do my own work."

the journey of a ten dollar bill

I am a Ten Dollar Bill. I may also add that I am a Canadian Ten Dollar Bill and naturally doing all I can to help our fighting boys win this war.

About a year ago when I was only a few days old, I was handed out by one of our chartered banks to a storekeeper named John Doe. I was crisp and clean then, with a bright yellow back. I have spent a mighty busy year, and faded out a lot, but believe me, my usefulness is as great as ever.

When I first started out in life the Victory Loan Campaign of 1917 was on. In fact, my very first job in life was to help pay for a Victory Bond John Doe had bought. Together with millions of other bills, large and small, that answered the 1917 call, I was sent to Ottawa. But I didn't stay at the Capital long.

The very next day I went to pay a lumber dealer in British Columbia for some spruce he had sold the British Government for aeroplanes. The lumber dealer immediately put me in the bank.

But just as I was getting used to my surroundings I was taken from the bank and soon found myself slipped in a small yellow envelope with some other bills and handed out one Saturday to one of the lumber company's employees, who carried me home with him, where I remained all night.

The next day in he goes to a storekeeper:—"Here's the ten dollars I owe you," he said to the storekeeper, who immediately "rang me up" in his till.

But my stay there was brief. Next day the storekeeper totalled us up, and I heard him say to his assistant: "Collections are splendid again. I can pay all my accounts this month."

Shortly after this I came into the possession of a commercial traveller, and I next saw the light of day in a small

restaurant in a grain town away out on the broad prairies. No sooner had I got comfortably settled in the safe when in comes a farmer with an elevator receipt which he had received for a load of wheat. "Cash this for me," he asked, and I passed into the farmer's wallet, but only for a few minutes—for on his way home he spent me at the hardware store in town for gasoline to operate his threshing outfit.

I am not going to take your valuable time going into details of the different hands I passed through in my trip east—through Saskatchewan, Manitoba, Ontario, until I found myself in the services of a firm in Montreal engaged in making munitions. Here I took another trip to the bank.

It was very peaceful and quiet in the bank vaults. But I was glad they did not keep me there long. I don't want to be idle when there is so much war work to do. And I wasn't, for on Friday I once more found myself in a pay envelope. The man who got me said to his wife that evening—"Here is the money for the household expenses."

The following Monday I was traded for shoes for the man's children.

The shoemaker almost immediately sent me to a leather firm. They turned me over to a tannery. The tannery passed me on to a farmer to pay for some hides. The farmer bought a tractor and sent me to the city. Here I was once more enclosed in an envelope and handed to a workman on pay day. He used me to help buy a suit of clothes. The tailor sent me away down east to square his account with a cloth maker. He turned me over to a coal dealer. He spent me for fish, and I took a short trip on a fishing boat and heard the men talking about U-boats and I looked anxiously around the horizon. But we got safely home with a fine catch. The fisherman needed some new tackle, so once more I started inland.

I am a Ten Dollar Bill—that's my face value. You can see I am plainly marked "Ten Dollars."—But the strange thing is that during this year I have bought hundreds of dollars worth of goods, paid hundreds of dollars worth of debts on my journey from place to place in Canada. And what I am doing, forty-two million other ten dollar bills who volunteered to serve their country at the last Victory Loan, are also doing.

Older bills I have met—bills that were in circulation before the war—tell me that Canadian people don't use us for the frivolous purposes they once did. This, of course, is as it should be, because we must defeat the Germans. We must maintain our boys at the front, which we could not do if my efforts and the efforts of my fellows are ill-spent.

Now, Canadian ladies and gentlemen, I am going to bring my talk to an end by telling you the queerest thing of all about my travels.

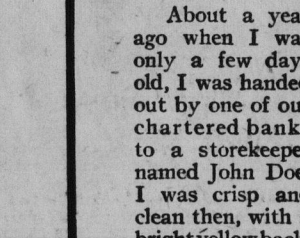

My present home is in the bank, the officials of which gave me permission to come here and address you in the interests of the Victory Loan 1918. I am at this very moment lying at the credit of the same John Doe, storekeeper, where I was last year. I heard him say when he handed me to the bank—"Put that ten dollars to my credit, please. I am going to buy some Victory Bonds next week."

So, I presume, I am destined for another trip to Ottawa, and another busy year going up and down the country—keeping factories, farms, lumber camps and stores paid for their goods and their labor. And I am proud to be of such service to my country.

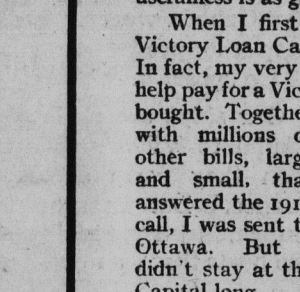

Just one thing more and I am through: I hope each Canadian will do everything he can to defeat the Germans, because, if he does not, I, as a Canadian Ten Dollar Bill, will not be worth much—and German money, which I understand is called "marks," will travel up and down Canada in our places, and my race will disappear from the face of the earth.

Thanking you greatly for your attention, ladies and gentlemen.

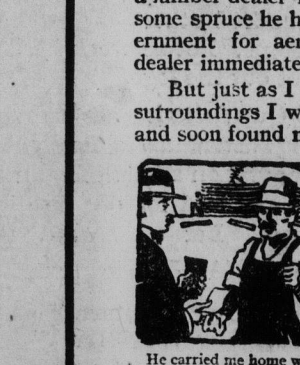

Issued by Canada's Victory Loan Committee, in co-operation with the Minister of Finance of the Dominion of Canada.

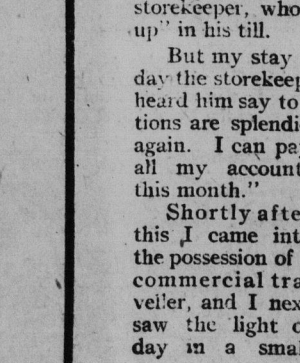

I was crisp and clean then.

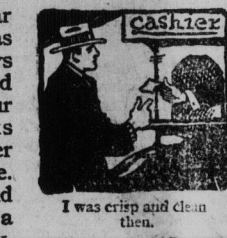

Here's the ten dollars I owe you."

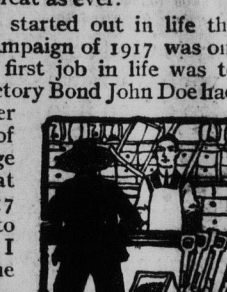

He carried me home with him.

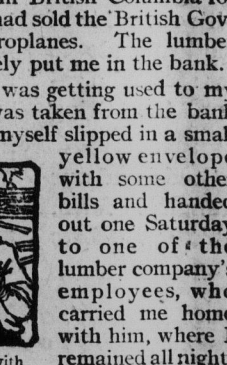

I came into the possession of a commercial traveller.

FOR FIRST TIME MASS. ELECTS A DEMOCRATIC U. S. SENATOR

Hon. David I. Walsh Defeats
Senator Weeks, Boston
Banker.

EX-MAYOR FITZGERALD
ELECTED TO CONGRESS

New York State Has Close
Election, With Democrats
Leading.

Boston, Nov. 6.—The Democrats captured a seat in the United States Senate from Massachusetts yesterday when former Governor David I. Walsh was elected by a plurality of 18,908 over Senator John W. Weeks. The Democrats never before elected a Senator in Massachusetts. The vote of the State complete was: Walsh, (Democratic) 206,710; Weeks, (Republican) 187,802; Thomas W. Lawson (Ind.) 22,000.

The Democrats were unable to make any inroads on the Republican representation in the lower house of congress from this State. All but one congressman, both Democratic and Republican, were candidates for reelection and were returned with the exception of Congressman Peter F. Tague, Democrat. Mr. Tague was defeated for renomination in the Democratic primaries by John F. Fitzgerald, former congressman and former mayor of Boston. Mr. Fitzgerald was elected by a close vote, the Republican candidate running a poor third.

The Solid South.
Atlanta, Ga., Nov. 6.—The nine southern states, east of the Mississippi River, normally Democratic with the exception of two Republican districts in Tennessee and one in Virginia, returned their usual Democratic majorities in yesterday's election, according to latest reports today.

Eleven Democratic senators were elected; in the House seventy-six Democrats and three Republicans were returned.

The three Republican representatives come from the first and second Tennessee districts where Republicans have held seats almost without a break since the civil war, and in the ninth Virginia district, where Representative Stimp, Republican, had no opposition.

Louisiana refused to grant suffrage to women, the constitutional amendment being defeated by a large majority.

Florida entered the column of "bone-dry" states, based on today's figures, which showed a large majority for state-wide prohibition under the present local option system under which only two counties had been permitted the sale of liquor.

Close in New York.
New York, Nov. 6.—In one of the closest elections in the history of New York State, Alfred E. Smith (Democrat) candidate for governor, held a lead over Governor Whitman of 32,113 votes today. There were still to be heard from 458 up-state districts in which Republican leaders based their hopes of overcoming the Democratic plurality when the final returns are compiled.

Smith's lead took a sudden jump today when the complete New York city returns were revised, showing an error which added over seven thousand votes to his already big plurality here. With this error accounted for, the vote for Smith in 4734 election districts out of 7,230. In the whole state was 970,827, against 938,714 for Whitman.

The U. S. Senate.
Washington, Nov. 6.—Out of forty senators being elected 28 had been accounted for today. They were: Alabama, Bankhead, Democrat; Arkansas, Robinson, Democrat; Delaware, Ball, Republican; Georgia, Harris, Democrat; Idaho, Borah, Republican; Illinois, McCormick, Republican; Iowa, Kenyon, Republican; Kansas, Capper, Republican; Louisiana, Ransdell, and Gay, Democrats; Maine, Fernald, Republican (elected last September); Massachusetts, Walsh, Democrat; Minnesota, Nelson, Republican; Mississippi, Harrison, Democrat; Missouri, Spencer, Republican; Nebraska, Morris, Republican; New Hampshire, Kaye, and Moses, Republicans; New Jersey, Edge (long term), Bayard (short term), Republican; North Carolina, Simmons, Democrat; Oregon, Mulkey (short term), Republican; Rhode Island, Colt, Republican; South Carolina, Dial, (long term), and Pollack (short term), Democrats; South Dakota, Sterling, Republican; Tennessee, Shields, Democrat; Virginia, Martin, Democrat.

In election for the house, former Speaker Cannon was returned to his seat from Illinois for what will be his twenty-second term; Meyer London, the only Socialist in the house, was defeated by former Representative Henry Goldfogle, a Democrat, running with Republican endorsement. The loss of the Socialist seat, however, was offset by the election of another Socialist, Victor Berger, of Milwaukee, who defeated Representative Stafford, a Republican. Berger previously served in the house and is at present under indictment charged with having violated the espionage law. All of the Socialist candidates in New York were beaten, among them Morris Hillquit, candidate for mayor a year ago.

R. I. Republican.
Providence, R.I., Nov. 6.—Rhode Island Republicans made a clean sweep of the state, re-electing LeBarou B. Calk, United States senator, and taking all three congressional seats, a gain of one congressman. For senator, Judge Colt defeated Congressman Geo. O'Shaughnessy by 4,051 votes, with only three districts out of 133 to be heard from.

ALBERT COUNTY MAIDEN ANXIOUS TO GET MARRIED

Fifteen Year Old Love-lorn
Miss Refuses to Obey Parents
and Flees to Kent Co.—
Moncton Police Called
Into Case.

Moncton, Nov. 6.—That the course of true love does not always run smooth was amply proved in the case of a young and attractive girl fleeing from an Albert County district, who after various successful attempts to escape the quest of her parents, was finally arrested after the arrival of the North Accommodation. This did not end matters, for the young lady was allowed her freedom on the security of her grandmother with the stipulation that she appear yesterday morning and go home with her father, who was to arrive in the meantime. Tuesday morning arrived and so did the father, but the love-lorn maiden had again departed, presumably to the home of her soldier lover.

Only Fifteen.
The case was first brought to the attention of the local police some time ago. The parents of the girl.

Stomach So Bad THOUGHT HE WOULD DIE. CAN EAT ANYTHING NOW.

But for indigestion and dyspepsia, many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and any one who has suffered knows what joy it would give to be able to eat three good meals a day and not be punished for it after.

Nearly everything that enters a weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach right so that it will manufacture its own digestive ferments.

For forty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of indigestion and dyspepsia that other remedies were powerless to reach.

Mr. H. L. Fairweather, Cumberland Bay, N.B., writes:—"I was troubled with my stomach for two years, and sometimes was so bad I thought I would die. I tried everything I ever heard tell of, and had medicine from three doctors, but continued to grow worse. One day I read of some wonderful cures made with Burdock Blood Bitters. After taking two bottles, I could eat any kind of food without any bad effects, and by the time I had taken four I was in perfect health."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia
To Overcome Trouble. Caused by
Fermenting Food and Acid
Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water, right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

who is but fifteen years of age, made an appeal to the authorities to aid them in getting their daughter back from the home village of a certain young soldier with whom she had become enamoured. It appears that she met the soldier in this city while she was employed here. It must have been a case of "love at first sight" as the girl suddenly decided to leave Moncton without notifying her parents, and take her abode with residents of the place where her lover lived while he was on harvest leave. This was a small Kent County village not far from the Westmorland County line.

Notify Police.

The parents, when they learned of this, took the matter up with the police who were on the watch for the girl's return to the city. As a result of the quiet investigation of the police she finally came in to Moncton and gave herself up. The parents arrived and escorted her back home. Time passed, and so did many letters between the pair, until one fine day the maiden was among the missing. Back to the green fields and gentle slopes of her lover's home district in Kent County she had gone, and again the aid of the authorities was enlisted.

Monday's arrest after the arrival of the train was the result. The girl owned up that she had not yet been married to her soldier lover, though it was regarded as a certainty by residents of the district, where she was visiting, that the ceremony was to take place in the very near future.

The sudden disappearance of the young lady Monday night is regarded as proof of her determination to become a resident of Kent County; all the efforts of parents and authorities notwithstanding.

MYSTERY OF A WOMAN'S DEATH

Body of Mrs. Clara Stilson of
Harpwell, Me., Found in
Woods.

Harpwell, Me., Nov. 6.—Medical Examiner George L. Geer of Portland and Chief of Police Irving W. Stinson of Brunswick were called to a secluded part of Great Island to investigate the death of Mrs. Clara Stilson, whose body was found by her husband, George W. Stilson, Sunday morning lying beside a wood road less than 75 yards back of their residence.

According to Mr. Stilson, his wife had been missing for 10 days. He went to Portland a week ago Thursday and upon his return found that his wife had left the house and had taken her best clothes with her. He claimed that

The officers stated that the body had apparently been out of doors for several days, but that it was in a remarkable state of preservation, considering the weather of the past week, if she had lain where she was found since her disappearance.

Medical Examiner Geer had the body taken to Brunswick, where an autopsy will be performed. Mrs. Stilson was about 67 years old. The Stilson lived on Great Island, opposite North Harpwell, and about the only way that it can be easily reached is by taking a boat at High Road and rowing across the sound between the island and Harpwell Neck.

While they march on to Victory—

GREAT is the glory
Our fighting men
have won. Every time
the Canadian Army is used as a
"spear-head" we have news
of another wedge driven into
the enemy line. They never
fail.

The lads from the Maritimes have taken a prominent and a glorious part. So wonderfully have they fought that we who sent them forth to battle for us have reason to combine with our pride of race a humble gratitude to those dauntless men who represent us on the firing line.

Let our gratitude and our pride take tangible form. Let us redouble our efforts to back them up.

Our iron and our steel are important factors in the fight that Canada wages. Let us keep the production going at top speed.

Our ships are no less essential to Victory than the men they carry across to France. Let us keep our shipyards busy, turning out the boats that we must have.

Our lumber is needed—all we can cut—for the building of those ships and for a hundred other war requirements. Let us work hard to get out the logs.

Our fisheries are supplying sustenance to the civilian population so that food may be released for our fighting men. Let us spread the nets for more fish.

The money to finance all these industrial activities will be provided by Canada's Victory Loan 1918. Let us, the people of the Maritime Provinces, subscribe to that loan as freely and as generously as our brothers in France are offering up their lives.

Let us prove ourselves worthy of those glorious deeds our soldier-kin are performing in France.

Let us eagerly welcome the opportunity of supporting that army which has placed Canada's honor so high among the nations of the world, nor consider any sacrifice too great that makes for Victory.

Only A Flood OF DOLLARS

WILL PUT OUT THE FIRE IN EUROPE.

When the Kaiser started the great conflagration, which threatened to engulf the world, he failed to reckon with Canadian prosperity.

Here in the Western Hemisphere, safely guarded by the British fleet, production has increased to such an extent that Canada is one of the richest countries in the World.

Step by step, the Allied armies have got the fire under control. Ever and anon it breaks out anew. Only one thing will put it out—Money, Money and still more MONEY.

Money is urgently needed to keep the Canadian troops at the front. Money is absolutely necessary to supply the munitions of war. Without more money we can never hope to win a lasting PEACE.

Where is this money coming from? From You—and You—and YOU.

Get in line NOW!

Buy Victory Bonds

Buy till it hurts. Cut out your frivolous expenditures—those harmless luxuries you can so well do without.

Make this a real sacrifice. Don't merely use the money you can easily spare—mortgage your income for a year ahead to provide the sinews of war.

You are not asked to donate, but to lend every dollar you have or can borrow. You will receive good interest, and your loan of patriotism, you in a few years.

From the standpoint of duty and patriotism, your duty is clear.

But, apart from any consideration of duty and patriotism, Victory Bonds represent the safest, surest and best investment in Canada today.

B. & AIRPLANE SCANDAL

For more than a year after the United States had declared war upon Germany, not an American-made fighting airplane was to be seen on the Western battlefield. Plans made in England or France were engaged in the service of Pershing's men, and when these facts came to the attention of the American people there was at once a demand for an investigation. The Department of the United States Government responsible for the production of airplanes had had more than a year in which to work and a sum in excess of \$600,000,000 to spend, but that department had failed to keep pace with the requirements of the country, and the President granted the request that the whole matter should be the subject of an exhaustive enquiry.

The commission for this important undertaking was entrusted to Charles M. Hughes, formerly Governor of New York State, member of the Supreme Court of the United States and Republican candidate for the presidency against President Wilson. Mr. Hughes has just issued his report, in which he places the chief blame upon members of the United States Signal Corps, and he recommends that the head of that organization, Col. Deade, be tried by court-martial, and that some of his subordinates shall face criminal prosecutions.

It is gratifying to learn that he reports the present stage of air-craft manufacture as quite satisfactory, and quotes British experts as saying that the Liberty motor, used in the American machines, is the best airplane engine ever turned out, and is now being manufactured in large numbers. It is not impossible that the appointment of ex-Judge Hughes as an investigator had something to do with the speeding up of the work on the airplane programme.

One of the most interesting paragraphs of the report is that which deals with the production at the Ford factory now operating for the Government. From this it appears that Henry Ford stands to make \$5,000,000 on his contracts, although the idea of the Detroit manufacturer conveyed to the public was that he had turned over his plant to the nation and was a sort of dollar-a-year man. Mr. Ford is also condemned for the large number of sub-contractors he employs, some of them in most responsible positions. When his attention was called to the fact that the head of his drafting department is a pro-German, he replied that "he felt it was a time for sacrifices—that in the next few years every man would be called on to make some sort of sacrifice, and that probably Mr. Emde, German-born, was making his sacrifice now when making drawings for the Liberty motor to be used ultimately against Germany."

Appropos of the report it is interesting to note that it was presented on the eve of the Congressional elections and that Henry Ford was a Republican candidate for State Senator in Michigan. Up to yesterday afternoon the Republican managers of that State claimed his election by a plurality reaching to 10,000 votes. If later returns show that his plurality is in excess of the normal Republican return in that State it may be questioned whether, after all, the people of any country pay much attention to political investigations.

THE UNITED STATES ELECTIONS.

Whatever else occurred in the United States on election day, there was no landslide. Indeed, so close was the voting by States, that the complexion of the new Senate was still in doubt at 4 o'clock this morning. The Republicans have elected a majority of representatives to the Lower House of Congress. With less than twenty seats in doubt the Republicans have 225 seats of the 435. The outcome of the election is far from satisfactory to President Wilson, who asked that a Democratic congress be elected to back him up in his war efforts. However, as the old congress will continue to exist until next March he will probably have little to complain of.

We are not criticising the United States electoral system, but we do recall what a fearful howl certain Post-Script newspapers set up when the Murray government held over a short time to clear up its business affairs. For the first time in history Massachusetts has elected a Democratic United States Senator, Hon. David I. Walsh, formerly governor. He defeated a prominent Republican leader, Senator Weeks, a Boston banker. It was reported yesterday that Hon. Champ Clark, a Democratic leader

and speaker of the House, had been defeated, but it develops that the Missouri was elected. Henry Ford's fate in Michigan is still in doubt, and there is considerable doubt as to the New York election, although it appears that Smith, Democrat, has probably defeated Gov. Whitman.

As a matter of fact, neither political party has much to boast about, although by controlling the next House the Republicans have certainly "piled one over." If the Senate continues Democratic, much of the advantage in the House will be offset.

THE LAST OF THE BLASPHEMERS.

Up to the time that the Allied forces commenced to take the measure of the enemy and defeat the best laid plans of Hindenburg and his associates, it was a favorite device of the Germans to blatantly announce to the world that they were the people chosen of God, that their success and development was solely due to their close affiliation with the Almighty, and that the war was being waged under an especial arrangement with Divine power and authority as a means of spreading the gospel of Kultur throughout the world.

Since the tide of battle turned against them the rulers of Potsdam have been less certain of their partnership with the Divinity and the slogan "Me Und Gott" has been less persistently advanced. But the extent to which the idea gained currency with the German people is remarkable when one considers that it was expounded by men who, by education and mentality should be able to indulge in rational thought.

At this time it should be interesting to recall the assertions made by intellectual leaders in order that they may not be forgotten. The Toronto Mail and Empire publishes a choice collection of some of these utterances from which the state of mind of the Hun may be gauged. They are worthy of the serious thought of all, and for that reason The Standard republishes some of the most extravagant statements made:

Pastor Philipp: "We have become a nation of wrath; we think only of the war. We execute God's mighty will, and the edicts of His justice we fulfil, imbued with holy rage, in vengeance on the ungodly. God calls us to murderous battles, even if women thereby fall to rains. We are woven together like the chasteating lash of war; we flame aloft like the lightning; like gardens of roses our wounds blossom at the gate of Heaven. We thank Thee, Lord God! Thy wrathful face obliterates our sinful nature; with Thine iron rod we smite all our enemies."

The Allgemeine Evangelisch-Luth. erische Kirchen Zeitung: "It is England that has let loose the wild lust of conquest of heathen Asiatics against the people of the Reformation, and thereby placed European Christianity in danger of losing its most sacred possessions. Verily, German Christianity would not be worthy of the name if it did not flame up at this spectacle, if it did not burn with but one anger, and clench one fist, and that against England."

Karl Konig: "Forward to Paris. We must vanquish at whatever cost—not only for our own sakes, not only for the sake of our women and children and our unborn children's children—we must vanquish, because the downfall of Germanism will mean the downfall of humanity. The question at stake is the rise or decline of the spiritual life of Europe. Now we can all declare before God: Just this and nothing else was the guiding will within us, as a nation and a State. God does not will the war, but He wills that we, as Germans, shall win freedom, because otherwise we can not fulfil our great task in the service of mankind, and be enabled to become a source of light and love, of truth, virtue and religion. And because they would not let us have that freedom, it was God's will that we should will the war. And thus we carry on the war in God's cause, in the cause of mankind, of liberty, and the dear Fatherland."

Dr. Preuss: "The German people are the spiritual, the religious paradigm of the people of Israel, they are the true Israel begotten by the Spirit." It was the hidden meaning of God that He made Israel the forerunner of the Messiah, and in the same way He has by His hidden intent designated the German people to be His successor.

Prof. Lasson: "The great and noble Chancellor, our Kaiser's Counsellor, has said in beautiful words that his politics are governed by a due respect for ethics. That is our German way. Our opponents depend

upon a structure of lies; we believe in the power of truth. They encounter us with all the frenzy of insane lawlessness and cruelty; we conduct the war with forbearance and humanity. When the Divine judgment of the war has been consummated, Germany will pursue, undisturbed, her mission in Europe. This will be the beginning of the new era. For humanity and the victory of free Kultur, we Germans are ready for every sacrifice. God will not forsake His Germans, so long as they carry on His cause."

LEND THEM A HAND.

You love the boys in khaki? Well, right now is your chance to help them—a chance that, if you miss it, you will regret having missed it forever—a chance that will not recur.

By buying Victory Bonds you will help to save the lives of those boys you love. They are our own Canadian boys, your friends, your neighbors, your kith-and-kin, bone of your bone, flesh of your flesh. Every dollar you invest in Victory Bonds is helping, is heartening, is saving, our own Canadian boys.

Now it is your turn—and you must take it—your part—and you must play it. You have no time to lose. Join the ranks of the patriotic investors. With all your money—all you have saved, all you can raise—back up your brothers in the fighting-line. Invest in Victory Bonds TO-DAY. Lend them a hand NOW.

THE BEST INSURANCE

If you insure your life or your house you have to pay a premium. Canada is insuring for all of us our safety, our liberty, our right to live, our very lives. To pay the insurance premium she needs \$500,000,000. She is raising that amount by way of the Victory Loan. She does not ask you to pay your proportion of that \$500,000,000 outright, as she very well might. Nor does she ask you to lend your proportion to her without receiving interest—as she fairly might. No, she promises to pay you 5 1/2 per cent, on every dollar you invest in Victory Bonds, and she gives you herself—all Canada—as security for the return of your money in six months or earlier if you desire.

Don't delay a minute. Act at once. Buy Victory Bonds to the limit of your cash and credit. Buy TO-DAY!

WHAT IS A BOND?

What is a bond, and how many kinds of bonds are there? The Bonds are of two kinds: namely, five and fifteen years. The five-year Bonds have six coupons, meaning that every six months a coupon may be cut off and presented to the Bank, and the interest on the half-year period will be paid. The fifteen-year Bonds have 30 coupons, meaning that every two months a coupon may be cut off and presented to the Bank, and the interest on the half-year period will be paid. The Bonds and coupons are beautifully engraved and carry the name of the Government to carry on the war will be paid back with interest.

MONEY

Money is the effort, vitality, brain power, you expended to get it. How many minutes do you work for a little money? How much do you do in those minutes? How much freight do you truck—how many movements do you make with your hands or feet—how much vitality and brain power do you expend for that dime? When you spend, ask yourself these questions. Then decide if you're getting the worth of your money. Wasting money means wasting effort, vitality, brain power. Think it over.

THE COST OF WAR

The cost of a seven days' bombardment by the British at the Wytschaete—Messines Ridge, in June, 1917, was \$63,791,235 for ammunition alone. The preliminary curtain of fire, laid down for six days, required 1,250,541 shells of all sizes, which cost \$43,166,538. On the seventh day, when the attack was made, 707,834 shells were fired, at a cost of \$20,424,700. A barrage laid down to repel a small raid may cost as much as \$500,000.

I was getting my hair cut this afternoon, me getting my hair cut whenever it needs it, and the barber charging it to pop, and all of a sudden I thawt of a grate ideaer to see Mary Watkins. And wen jho barber got throo cutting h. I said, I think I want a shampoo. Think you do, eh? All rite, im willing, sed the barber. And he made a lo' of lather on top of my hed and rubbed it hard as anything, me saying, Hay, hay, not so hard. Youd make a fine soldier if you cant even stand a shampoo, if you was in a trench with Germin shells bouncing on top of your hed it would be worse than this, sed the barber. Wich it properly would, and the barber washed the shampoo off by sticking my hed in the washtand under the spikkit and leaving part of the wattr run on my hed and the rest down my neck, and then I got back in the chair agen, saying, I never had a sinige, wat goods a sinige do you?

It merely tickles your imagination, you dont want a sinige, sed the barber, and I sed, Yes I do, and the barber sed, all rite, your fathers paying for it, it aint my funner. And he lit a wax thing and started to look as if he was trying to see how near he could come to bearing my hair without doing it, and wen he stopped I sed, Is that it? and he sed, Thats it, and I sed, Wats in those bottles?

Tonicks, sed the barber, and I sed, I think I want some of one. Its not my funner, sed the barber. And he left me smell about 4 kind and I took the kind I could smell wen the bottle was the furthest away, and he pored a lot on top of my hed and rubbed it some more, and I went home for suppur, pop laying down his nife and fork, and saying, Paw, wat the dickins.

This tonick, I sed, if I may stoop to make a pun in the mist of this suddin attach of poison gas, sed pop, and I sed, I got a shampoo and a sinige too, pop.

Wat, wy, you brazen face pirate, you must of run up a dollar and a half barbers bill on me, sippose you remane in the house this evening and reflect on your sins, sed pop, and I sed, Aw, pop, aw, pop. I got a in-charge ment tonick, Wich I had, only Mary Watkins didnt know it yet, and pop sed, Ah hah the plot thickens but the mistery cleers shershay la femm, I sippose?

Sir? I sed, and pop sed, O well, I was young myself wunts, wasent I mother? You use to come around smelling like a wawking barber shop, sed Ma. And after suppur I skated around to Mary Watkinses street on my skates, and she was out on hers, and after a wile I took my cap off as if I wasent thinking of anything, and Mary Watkins sed it smelt perfectly wonderfull.

WANT QUARTERS TO HOUSE TROOPS

Militia Department After Fred-erickton Exhibition Buildings for the Winter Months.

Capt. Blanchard, City, visited the capital yesterday, and met a committee there consisting of Mayor Hanson, Alderman McKay and George Y. Dibblee, relative to securing the Frederickton Exhibition buildings there to house the troops during the ensuing winter months.

A request was made on behalf of the Militia that they be granted opportunities to utilize all buildings of the Agricultural Society for the same purpose. All the structures are somewhat in need of repairs before they might be utilized for the comfort of the troops. It is likely that the request of the Militia will meet with the favor of the Society.

BEWARE!
 If influenza you would shun
 Make sure that when your work is done
 And home you go, you do not ride
 On cars by others occupied.
 If you must walk select a street
 Where other folks you will not meet
 Desert the church to which you go
 And shun the moving picture show
 Don't go to meetings, concerts, balls,
 Abandon making social calls.
 Exist, as far as you can do so,
 On lines laid down by one R. Cruso.
 Don't drink. Of cough and sneeze be chary.
 Don't breathe unless it's necessary.
 Don't eat too much, don't smoke, don't chew.
 Don't do a thing you'd like to do.

 Above all else, don't dare to worry!
 And when you catch it anyway,
 Just go to bed and stay and stay.

Rich, Safe Milk for Your Children

YOU like to give your children lots of milk—you know it is the best and most economical food Nature provides.

Now you can always have fresh, pure milk in the house for them—when they need it—for breakfast cereal, for the between-meals drink, before going to bed—Carnation Milk "from Contented Cows."

Carnation Milk comes to you in uniform quality—pure, whole milk, evaporated to the consistency of cream.

Nothing but water is taken from this rich, pure milk. Nothing is put in to sweeten or to preserve it.

Carnation Milk stays fresh and sweet simply because it is sterilized and sealed safe in air-tight cans.

To reduce its richness, dilute it with water—you then have nourishing, safe milk for your children to drink.

Remember, you can use Carnation Milk for everything—cooking, creaming vegetables, as cream for coffee, etc. It is delicious when "whipped" (chill it first, of course). And it is always handy, always fresh, always pure—the only milk supply your home needs.

Order three or four cans in the new tall size with your groceries—your grocer is the Carnation Milkman.

POLICE COURT CASES HEARD

Boys Charged With Stealing Allowed to Go—Fish Case Dismissed—Liquor Charges Are Gone Into.

Two boys were given a further hearing in the police court yesterday, charged with stealing keys from doors of residences on Waterloo street. They were again remanded until further ar-

rangements can be made for their future behavior. One of the two was recently before the court on a theft charge, and was given his freedom after a promise to refrain from stealing. McCormack and Zatzman, wholesale fish merchants, charged by the fishery inspector, E. Britain, with buying fresh salmon after the close of the season, appeared but they were dismissed, at the request of the prosecution. Dismissal of the case was based on the evidence of Thomas Lagoff, Richibucto, who testified that he sent fish to the defendants without notifying them, and that he (witness) was fined in the Kent County court for the offence. George H. Belyea appeared for the fishery department and James Stod-

dard for the defence. At the afternoon's session the case taken up, after previous postponements. The defendant is charged with having liquor in his possession other than in his private dwelling, and according to the defendant's mother residing on City Road, telling her of the condition of affairs in her family, and expressing

a wish that she could procure a little liquor to give the children in their sickness. Cross-examined, she stated she was in her own house at 2:30 o'clock in the afternoon, as she was unable to leave on account of the illness of her children. The mother of the defendant called, stated she spoke over the phone to the former witness on the date mentioned, and told of the conversation, and corroborated the statements made. Cross-examined by Inspector McAlnish, witness denied being out of her house on October 26th, as she was under the doctor's care at that time, and did not leave the house during the day. Inspector McAlnish stated he went to the house a number of times during the day but failed to gain admittance. The wife of the defendant was called and stated she knew of some liquor being in the house at the time, the same being there since January last, but did not know that her husband had any liquor for sale. In answer to counsel for the defendant, E. S. Ritchie, witness stated her husband was subject to epileptic fits for the past three years, and was unable to work, but was interested in a show business in Nova Scotia, and elsewhere with his father, who forwarded a share of the proceeds to defendant so as to support his family.

"Perhaps you are right, Mary, I think I will follow your advice"

"In what way?"

"By trying Dr. Chase's Nerve Food. I have been reading here about the symptoms of exhausted nerves, and the description just suits my case."

"I am sure it will help you just as it did me when I had nervous prostration, for you know yourself that nothing else seemed to do me any good."

"That is about right."

"Well, I have been telling you that the Nerve Food is what you need."

"I know you have, but I did not think there was anything wrong with my nerves, for I was always pretty well. In thing sure, I cannot sleep nights, and get up so tired every morning that I do not feel like taking hold of work like I used to."

"I have felt that I am losing grip on business and sometimes get discouraged. Of course, I have been working hard since we are so short-handed, and I suppose this is beginning to tell."

"Well, I have been worried about your health, but you would not take my advice and so I could do no more. I am awfully glad you are going to try Dr. Chase's Nerve Food, for I am sure it will build up your health."

"I have been reading here a letter from Mr. Myles of Lindsay, and I am not going

to delay treatment until I get like he was. When the Nerve Food cured him it will surely help me."

This is the letter:

Mr. Alex. Myles, 5 Regent street, Lindsay, Ont., writes: "For the last five years I had been troubled with my nerves. At times I could not put on my coat alone, and often when trying to read the paper my hands would shake so that the paper would rattle, and I could scarcely read it. When drinking a cup of tea I was difficult to get it to my lips. I did not sleep well, and sometimes would only be asleep a short time when I would wake up and then lie awake the rest of the night. I used to take cramps in my legs so badly that I would have to get up at night and walk the floor. Sometimes during the day the cramps would bother me, too. My muscles seemed to tie up in knots. I had tried different medicines without success. Last fall I secured a box of Dr. Chase's Nerve Food, and as this one box helped me, I got some more and continued taking them till my nervousness was cured. I feel much better generally, can eat well, and sleep right through the night. I have not had any cramps for two months, and I give all the credit to Dr. Chase's Nerve Food. Some years ago, too, I was troubled with piles, and upon the advice of a friend, used Dr. Chase's Ointment, which cured me. I have great faith in all of Dr. Chase's medicines."

Because Dr. Chase's Nerve Food supplies to the body the vital substances from which new, rich blood and nerve force is created it cannot fail to be of benefit to the system. 50 cents a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., is on every box of the genuine.

MATTER OF BERTHS FOR COMING WINTER

No. 6 Berth for Mail Boats— Other Berths at Disposal of Harbor Master—Plenty of Trade is Expected.

At a conference held yesterday morning between Capt. Walsh, marine superintendent of the C. P. R. and Commissioner Bullock and Harbor Master Alward, the matter of berths for the coming winter season was talked over and the same arrangement as last year made—No. 6 berth will be reserved for mail boats and all the other berths will be at the disposal of the harbor master. It was also understood that should a mail boat come in and all the berths were occupied a steamer would be moved in order to make room for the mail boat.

Toucing on the matter of trade for the sheds and wharves has been considered and an agreement reached whereby the steamship companies will make their own repairs and the railway will do the same. This will do away with the city presenting bills and having them disputed by the interested parties," said Commissioner Bullock.

The commissioner announced that the Ludlow was just about ready to take the route for the winter months and that this afternoon the Board of Trade committee appointed to take up with the council the matter of harbor rates would meet with him, and it was hoped that a satisfactory agreement would be reached.

VERY SAD EVENT ON EXPRESS TRAIN

E. O. Laflamme, Foreman of C. P. R. Shops at McAdam, Died While En Route Home—Daughter Removed to Hospital.

A sad event occurred on the Canadian Pacific express train, which arrived here from Montreal yesterday. When the train was approaching Foster station, E. O. Laflamme, foreman of the Canadian Pacific Railroad shops at McAdam Junction, passed away. Mr. Laflamme and his daughter had gone to Montreal, where both became afflicted with Spanish influenza. They were advised to return to their home because of the congested condition of the hospitals. It was not thought that they were seriously ill, and both appeared able to go to McAdam. Mr. Laflamme became worse as the train proceeded and expired before Sherbrooke was reached. His daughter was overcome by the shock, and owing to her weak state she was removed from the train and taken to the hospital at Sherbrooke. Mr. Laflamme was a native of Quebec and a capable and popular official.

RECTOR ELECTED.

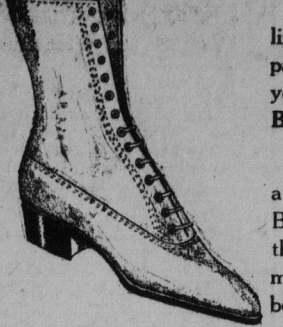

The Rev. William Smith, who for four years was rector of Gagetown, and who for the past three and a half years has been rector of St. Philip's, Crompton, R.I., has received an unanimous election from the parishioners of St. John's parish, Fall River, to become their rector. St. John's is one of the largest parishes in Fall River, and two of its rectors have been elevated to the office of bishop. Mr. Smith built the little church of St. Augustine of Canterbury, at Summerhill, Queens Co. During his ministrations at Crompton he has built one of the finest parish houses in the diocese, at a cost of nearly \$50,000.00.

SHEDIAC BOY WINS MILITARY CROSS

Shediac, Nov. 6.—Your correspondent is not in possession of particulars concerning the following item of interest, but is in receipt of a letter from Mrs. G. M. Blair containing the news that her son, Colin, has recently been awarded the Military Cross. Colin went overseas in the early days of the war, and for months has been doing his bit in France. He is the first of the Shediac boys to whom such an honor has fallen, and his many friends here are justly proud of the young hero.—Moncton Times.

You Can Pay High for Shoes—or You Can Buy Wisely

There doesn't seem any limit to the price you can pay for shoes nowadays if you are willing to pay it. But it isn't necessary.

For example, we have a splendid line of Black and Brown Shoes for Women that are priced not so very much higher than they were before the war.

Black Kid Boots, Low or Cuban Heels, \$3.85 to \$6.50
Black Calf Boots, same heels, \$4.35 to \$6.50
Brown Kid and Calf Boots, Cuban or Low Heels, \$6.00, \$6.50 and \$6.95

Some of these have Neolin soles, others are leather. Yes, you can keep shoe expenses down if you really want to.

COTTON ADVANCE \$5 TO \$7 A BALE

Speculative Interests Sold Heavily on Improving Peace Prospects and Were Caught Short.
(McDougall & Cowans)
New York, Nov. 6.—There has been a further advance of some \$5 to \$7 a bale in cotton today on a continuation of the covering which started last Saturday. We do not know of a fresh factor in connection with the advance of about 3 1/2 cents per pound since Saturday morning. The long and short of it appears to be that speculative interests sold heavily on the improving peace prospects, while the South failed to weaken, being quite convinced that the end of the war will bring a steady demand from Europe.

In a sense the advance may be looked upon as a partial readjustment between spots and futures and it seems also that an idea has prevailed today that the extended decline culminating toward the end of last week had been looked upon with no great favor than the previous ball movement by the Washington authorities. There has been some Southern dealing here today but the bulk of the demand on the advance has reflected coverage.

MONTREAL CATTLE.

Montreal, Nov. 6.—(East End Market)—Prices this morning were better than last week, an advance of about twenty cents per hundred pounds having occurred for cattle.
Quotations—Choice steers \$11.00 to \$12.25; good steers \$9.50 to \$10.50; medium \$7.50 to \$9.00; butchers' bulls, choice, \$6.00 to \$7.00; good \$5.50 to \$7.00; cutters \$5.50 to \$6.00. Butchers' cows, choice, \$7.00 to \$9.00; good \$6.00 to \$7.00; canners \$4.50 to \$5.50; sheep \$8.00 to \$11.00; lambs \$14.00 to \$15.00; choice select hogs \$17.00 to \$17.50; calves, milk fed, \$11.00 to \$12.00; grass fed, \$5.50 to \$6.50.

TORONTO CATTLE.

Toronto, Nov. 6.—Trade was quite active in all live stock at the Union Stock Yards this morning. The market was generally firm but lower prices prevailed for sheep and lambs.
Receipts, 1,105 cattle, 48 calves, 1,485 hogs and 1,734 sheep.

MONTREAL LIFTS BAN.

Montreal, Nov. 6.—The Board of Health this afternoon decided to lift the ban imposed upon churches and theatres on account of the influenza. The churches will be opened on Sunday and the theatres on Monday.

BIG INVESTMENT DEMAND NOTICED

Politics Weild More Influence in Wall Street Than Any Other Factor—Rals Strong
New York, Nov. 6.—Politics wielded far more influence over today's stock market than any other factor, even the foreign situation being relegated to the background. Although the result of the congressional elections remained in doubt, much of the buying was attributed to investment sources. This was evidenced less by the strength of stocks than by the demand for bonds of various descriptions and grades, many of which registered highest quotations of the past year or two.
There were few noteworthy exceptions to the general trend, even the war section of the stock list displaying a liberal measure of strength, munitions and equipments closing mostly at gains of 1 to 3 points.
United States Steel, which has developed professional pressure for the past fortnight, fluctuated on moderate dealings between 101 1/2 and 103 1/2, holding virtually all its advance at a net gain of 2 1/2 points.
Rals Strong.
Rals furnished the broadest and most convincing foundation, secondary non-dividend paying issues responding almost as substantially as high class shares which were featured by Southern Pacific at the year's maximum of 106 1/2, all but the smallest fraction of which was retained.
Shipments supplied a large percentage of the session's dealings. Marine Preferred losing part of its 3 1/2 point rise in the last hour when the balance of the market was at its best under guidance of rails and industrials.
Among the inactive equipments, Harvester Company was conspicuous for its gain of 6 3/8 points. Sales amounted to 675,000 shares.
The strength of the bond market on the most diversified dealings of the day was wholly due to rails in which speculative issues rose 1 to 2 1/2 per cent. Liberty Bonds were firm, international becoming irregular after early gains. Total sales (par value) aggregated \$14,775,000.

MARKET STRONG IN AFTERNOON

Southern Pacific Makes New High Record for Year—U. S. Steel Slightly Stronger—Rubber and Motors up.
(McDougall & Cowans)
New York, Nov. 6.—The market continued strong in the early afternoon, and most active issues advanced to their gains of the morning.
Southern Pacific made a new high for the year and several other standard railroad issues were up a point or more. U. S. Steel increased its lead slightly and a movement in U. S. Rubber stimulated the rubber and motor stocks, Marine Preferred yielded to profit-taking. A reaction in the last hour was followed in the trading by a resumption of the upward movement, but the volume of trading in the afternoon was comparatively light.
Call money conditions returned to 6 per cent, which was ascribed to the expectation of the banks that the government would make heavy withdrawals of Liberty Loan deposits within the next sixty days.

VICTORY LOAN.

Montreal, Nov. 6.—This city is falling behind the daily average required to secure the \$100,000,000 allotted, an its portion of the Victory Loan. The number of persons subscribing also described by loan workers is disappointingly small thus far, considerably below last year. The total money subscribed up to noon today by the city is \$43,000,000.

DOMINION RAYNSTERS

"Made-in-Canada" Raincoats

Here's The Waterproof Test —MAKE IT—

If you want to be sure that the Dominion Raynster you buy is absolutely waterproof—regardless of the maker's name on guarantee label—make this practical test and satisfy yourself.

Spread the coat over a dry box or barrel and pour two or three quarts of water into the hollow made near the shoulders. If no water passes through the cloth in 24 hours, count the coat waterproof.

Our trademark takes all the doubt and disappointments out of Dominion Raynsters.

When you find it in a raincoat, you can count on getting a real tailor-made coat—as well cut as any Spring and Fall Coat—and just as smart and stylish for every-day wear.

The best stores that carry clothing for men, women and children also carry Dominion Raynsters. Ask to see the new styles, and the guarantee label of the oldest Rubber Company in Canada.

SLIGHT BLAZE CAUSED DAMAGE

Fire from Electric Wires Caused Fire in John Glick's King Street Workroom Last Evening — Some Clothing Damaged.

A still alarm about eight o'clock last night called the chemical engine to the premises of John Glick, 106 King Street, where a slight blaze in one corner of the work room was soon extinguished. The fire started from electric wires, and of itself did very little damage, but the stock of A. H. Henderson on the ground floor of the building was damaged by water.

The wires which caused the fire ran along a water pipe, and the fire burned a hole in the lead pipe, in consequence of which the water came through the floor and soaked a lot of overcoats and suits which were on the tables underneath the leak.

Mr. Henderson was the first to discover the blaze when he began to look for the cause of the water coming through the ceiling of his store, and he sent in the call for the fire fighters. After the fire had been put out a man was sent from the electric light station to cut the wires, so that there would be no recurrence of the fire.

It is supposed that mice chewed the insulation of the wires, and in that way were responsible for the fire.

TABUSINTAC

Tabusintac, Nov. 6.—Mrs. Joseph Wiseman received a letter from her son Tom, just previous to the receipt of the official telegram, conveying the sad news of his death in France. The letter in part follows:

"It is only a few days since I wrote you last, but I got a letter yesterday, and thought I would answer it today, while I have a chance and plenty of time.

I was glad to know you were all pretty well at home and hope that father and Carrie are better by this time, although I suppose for Carrie's part that she is all better before I got your letter.

"Well I don't know what it is to be sick for I have only been sick one day since I came to France, and that was more than a year ago. I am still getting along fine, although, as you know we have had some exciting times lately.

"I suppose the papers give you pretty good accounts of what is going on. So I won't say anything about it, only that it is encouraging to be able to drive the Germans back wherever we try. I think that a lot of the German soldiers wish it was all over, for they seem to be glad when they are taken prisoners. I don't think anyone ever saw an Yankee people than a bunch of French civilians, that we set free in one of the towns that the Germans used to hold. They certainly gave great cheers for the Canadians. After all, that is worth fighting for, or even dying for, in this country, and besides we know if we were not here, the people of England and Canada would be in danger of the same treatment.

"I could tell you a lot more, but I guess this is enough now."

Miss Ruth Young returned last week from a pleasant visit to friends in Moncton.

Mrs. William Hierthly, Mrs. J. D. Szymist and Miss Hattie Szymist, returned on Tuesday from a pleasant visit to Logville.

Miss Edna Graham, who has for several months been residing in New York, is reported quite ill with the prevailing epidemic.

Pte. E. L. Munroe, who returned recently from overseas, is at present in Fredericton, undergoing medical treatment. Pte. Edmunds is also in Fredericton.

Mr. James Ashford and several of the family are ill of la grippe.

Mr. and Mrs. James Simpson and family have lately moved into their pretty new house, their former home being destroyed by fire during a very cold morning in February last.

NIECE OF HON. JAMES A. MURRAY IS MARRIED

Moncton, Nov. 6.—Mrs. Isabella Bell announces the marriage of her niece, Miss Hazel C. Murray, to Mr. Henry A. Daniels, on Wednesday, Oct. 30, at Brookline, Mass. The couple will be at home Dec. 1st at Springfield, Mass.

Miss Murray is the daughter of the late Chas. Murray, Moncton, N.B., and niece of Wm. Murray, of the Times staff, and the Hon. James A. Murray, ex-premier of New Brunswick.

AN AUSTRIAN DANGER.

Amsterdam, Nov. 6.—The civil and military authorities at Innsbruck are endeavoring to avert the danger of Austrian troops flooding Northern Italy, and owing to the lack of provisions, plundering the country. Provision stations have been established and steps have been taken to disarm the troops. Beyond the plundering of some wagons of foodstuffs at the Innsbruck Station, no excesses have occurred so far.

Italian prisoners, who left the detention camps, have been reassembled and are being sent home.

ST. JOHN OFFICER AND MISS THURROTT WED

Fredericton, Nov. 6.—Miss Ella Winifred, daughter of W. M. Thurrott, was married this afternoon to Lieut. Leonard Howard Reed, of St. John. The ceremony was performed by Rev. J. S. NIECE OF HON. JAMES A. MURRAY IS MARRIED

Moncton, Nov. 6.—Mrs. Isabella Bell announces the marriage of her niece, Miss Hazel C. Murray, to Mr. Henry A. Daniels, on Wednesday, Oct. 30, at Brookline, Mass. The couple will be at home Dec. 1st at Springfield, Mass.

Miss Murray is the daughter of the late Chas. Murray, Moncton, N.B., and niece of Wm. Murray, of the Times staff, and the Hon. James A. Murray, ex-premier of New Brunswick.

AN AUSTRIAN DANGER.

Amsterdam, Nov. 6.—The civil and military authorities at Innsbruck are endeavoring to avert the danger of Austrian troops flooding Northern Italy, and owing to the lack of provisions, plundering the country. Provision stations have been established and steps have been taken to disarm the troops. Beyond the plundering of some wagons of foodstuffs at the Innsbruck Station, no excesses have occurred so far.

Italian prisoners, who left the detention camps, have been reassembled and are being sent home.

ST. JOHN OFFICER AND MISS THURROTT WED

Fredericton, Nov. 6.—Miss Ella Winifred, daughter of W. M. Thurrott, was married this afternoon to Lieut. Leonard Howard Reed, of St. John. The ceremony was performed by Rev. J. S. Sutherland, pastor of St. Paul's Presbyterian church, Fredericton, at Pine Grove, Douglas. The bride is a graduate of the University of N. B., of the class of 1917, and the groom is a graduate in dentistry of Tufts College.

RIOTING AT KIEL.

Amsterdam, Nov. 6.—Severe rioting occurred at Kiel, Sunday, after a meeting of sailors and laborers, which was addressed by an independent socialist speaker.

Mutinous sailors disarmed a military patrol, and made their way to the military prison with the intention of liberating men confined there for insubordination. The military guards, who were armed with stones, fired upon the mutineers, killing twenty-nine. The military commander was shot dead.

THE POTATO ENQUIRY RESUMED YESTERDAY

J. B. Daggett Again on the Stand for the Greater Part of the Day—But Little Little New Ground Opened—Leslie Slipp and J. P. Atherton the Other Witnesses.

The potato enquiry was resumed yesterday before Mr. Commissioner Hughes in the municipal chamber of the court house. H. A. Powell, K. C., appeared in the interests of Hon. J. A. Murray. Mr. Daggett was again on the stand for the greater part of the day but his evidence opened little new matter.

Mr. Daggett was recalled when the session opened in the morning and was questioned by Mr. Hughes in regard to a cheque for \$3,031.16 made payable to A. C. Smith and Co., or the Bank of Montreal. This cheque was drawn in response to a requisition signed by Mr. Daggett and Hon. J. A. Murray and was issued to cover an account for freight, commissions and costs for which A. C. Smith and Co. had attached to the cheque he paid his liability of \$6,077.78 to the Bank of Montreal.

The liability was on a note signed by himself and George H. Jones. It was covered under money advanced A. C. Smith and Co.

The balance was paid A. C. Smith and Co. by personal cheque of Mr. Daggett. Witness said he had not told of the transaction in his previous evidence, as he had forgotten about it entirely.

Witness on June 23, 1918, accepted a draft from A. C. Smith and Co. for \$9,201.95. He did not remember the particulars. He accepted it as secretary of agriculture, assuming he had authority to do so. He paid by cheque of \$4,453.56, the balance of the amount of \$9,201.95. The remainder was paid through the Bank of Montreal, by note previously referred to.

Witness thought that the department of agriculture still owed A. C. Smith and Co. \$2,503.08 on a draft which is still unpaid.

Questioned why he had advanced money for the department of agriculture to pay A. C. Smith and Co., witness replied that the bills were not ready to go through.

In regard to the payment of \$5,077 to A. C. Smith and Co., witness could not recall through what channel the money was paid. He thought it could have been paid by cheque when A. C. Smith and Co. received \$4,453, \$806.91 and \$1,500 at different times to pay off the amount of \$9,201.16, agreed on, according to witness, as settlement.

A. C. Smith previously said the amount agreed on was \$9,201.95.

Concerning the amount of \$1,500, Mr. Daggett said it was paid by him personally to A. C. Smith, in settlement of a purely private account. It was a purely personal matter.

To Mr. Hughes, witness reiterated that the payment of the \$1,500 was a purely personal matter. It was in payment of an accommodation draft. It arose owing to accommodation notes he said, which were passed when A. C. Smith and Co. were in financial straits.

Mr. Daggett testified that the accommodation developed in the transactions he carried on in his own business.

Mr. Hughes called attention of witness to the evidence of H. Colby Smith that the payment of \$1,500 was "credited to the government."

Witness swore that Hon. J. A. Murray knew of the advance of \$5,077 to A. C. Smith and Co. He "kept Hon. Murray posted from day to day about the transactions with A. C. Smith and Co."

Witness said he wished to retract a previous statement that he, witness, repeated his evidence in reference to the return of \$23,500 to F. W. Sumner, Moncton. The money had been placed in the vault of the department of agriculture and was forwarded through Mr. Morton.

Mr. Daggett testified that he signed "William Thompson" to the deposit slip and that he did not know why he signed a fictitious name. He had not signed the deposit slip until shown the slip. He "had not the slightest recollection of ever having made out the responsibility." The money was contained in a package brought to him by George B. Jones. Witness did not recall when the note for \$22,000 was given by A. C. Smith and Co. He did not recollect whether Mr. Murray was present.

Witness said he had been assured by the then premier that the matter would be fixed up. He had not been told where the money was to come from. He had not been aware of payment by Mr. Slipp of \$125,200 to the department of agriculture on account of potatoes sold by Slipp for the de-

partment. Mr. Daggett said the item should be traced.

Witness said that in recent conversations with Hon. Mr. Baxter, he had assured the latter that he (Mr. Daggett) still felt personally liable to him for \$3,000 advanced by Mr. Baxter to cover the short weights.

Witness testified that Mr. Boyce was paid for a carload of potatoes which were sent by Boyce to West St. John and which on his way to the bank with the government's potatoes were found to be in good condition and sold to government consignees. The Boyce claim of \$400 was paid by Mr. Daggett with a check of A. C. Smith and Co's. Witness did not know whether the province lost money in handling the Boyce potatoes. He agreed that the government paid all charges in connection with the disposal of the potatoes.

Afternoon Session.

Leslie Slipp, who was an inspector in connection with the shipment of potatoes, was called when the enquiry resumed in the afternoon. He identified his account against the province for salary and expenses during his time of service. The account in full, amounting to \$253.15, was placed in evidence as was also the cheque in payment thereof. He had collected \$126.30 for the sale of cull potatoes, which he turned in to the department to Mr. Morton, and for which he received a receipt. His previous testimony that the sum collected by him for the sale of culls had been charged to his account and that the department had given him a cheque for the balance, was given in error.

James P. Atherton was next called. He lived in Sussex, and is a chartered accountant. He was never asked to make an audit of the A. C. Smith & Co. account, but went to A. C. Smith & Co.'s office and made a statement of the Smith's account against the government. He would not call it an audit but a statement. He got vouchers from the Smith firm where he could and took their word for the balance. He was asked to make such a statement by Hon. J. A. Murray. Witness saw vouchers for all but a few items of the Smith account. All the items marked on the Smith account as having vouchers must have had vouchers at the time the account was made or they would not have been marked. He did not remember to whom the statement was given, but it would be either Mr. Smith, Hon. J. A. Murray or Mr. Daggett. In preparing his statement he did not go to the banks to verify items but took Mr. Smith's word where vouchers were not on hand.

The balance due the firm from the province was, according to his statement \$12,902.24. He did not remember reporting to Mr. Murray after his work was finished. He was not paid for the work and never expected to be paid for it. He kept no memorandum. Witness thought he saw drafts from Cuba, but remembered no correspondence. He did not examine the ledger account of A. C. Smith & Co. His statement was little more than a copy of the vouchers they had and what they told him. He knew nothing about the sale of culls.

To Mr. Powell witness said he did not know more than make up a statement for Mr. Murray. As far as possible that was prepared from the original vouchers and other information supplied by Mr. Smith. The total of the account was \$20,892.22, and vouchers were in hand for all but \$1,067.20. None of the items for which there were no vouchers struck him as abnormal.

Mr. Daggett, resuming the stand was shown the statement of surplus potatoes in the Auditor-General's report. Witness said there was a possibility that one account might run into the other. He then read a statement of the quantity of potatoes, specified by the Auditor-General as surplus potatoes. The amounts were as follows: B. C. Melsaac 562 barrels; Sussex Mercantile Co. 622 barrels; B. F. Smith 11,946 barrels; A. C. Smith & Co. 683 barrels. Witness ordered for potatoes from Melsaac was 2,000 barrels, and according to the Auditor-General's report Melsaac sent 2,577 barrels counting the British and Belgian shipments and the surplus.

The order to the Sussex Mercantile Co. was eight cartloads of 200 barrels each, or 1,600 barrels, and the Auditor-General's report showed they sent 2,574 barrels in all. The department did not firm the potatoes back. One car of the surplus potatoes came from A. C. Smith & Co. The others came from B. F. Smith.

The first order to B. F. Smith was for 25 cars, and later he sent in 127 more, or 160 in all. Mr. Smith had been overpaid but every time witness spoke to Mr. Smith about it that gentleman disputed the account. Mr. Smith did not absolutely refuse to pay the account, but always disputed it claiming it was not correct.

Mr. Hughes said that reference to records showed in the case of one car from B. F. Smith A. C. Smith & Co. had first rejected the car. Later 54 barrels were accepted from that car and eventually the car was paid for. In reference to this the witness said that the one person who had authority to reject cars was the inspector, his report being taken in every case. It was upon the inspector's report that the car in question was accepted.

The witness then gave a resume of the instructions he had received from the late Premier Clarke in regard to the preparation of the statement of potatoes sold. The statement had been made to show the amount that would have to be made up by the government as Mr. Clarke had always told witness that the losses would be made up. Mr. Clarke had been witness' advisor and personal friend all through the potato matter, and witness had acted on his instructions. Mr. Clarke had told him to present a statement of the cost of the potato transaction to the country and witness had done so.

Witness said he thought that A. C. Smith and Co. had been overpaid by \$500 or \$400. To his mind much of the difficulty was caused by the fact

that A. C. Smith and Co. were unable to finance the shipments to Cuba. When the contract was made with them it was understood they were to do this and witness thought they were financially able to handle it. Later he found they were not, but he had to go through with it. It was necessary for the Smith concern to get their returns from Cuba quickly and when the money did not come witness had to assist in financing. He had never received a copper from any person in connection with the potato shipments, but on the contrary was out of pocket between \$1,000 and \$2,000 in addition to the \$3,000 he owed to Hon. Mr. Baxter. In addition to losing his money he had had a great quantity of trouble. He had no recollection of Mr. Morton handing him the money paid in by Mr. Slipp for cull potatoes that had been sold, but if the money had been paid to them it might have gone into the fund from which the shippers were afterwards paid, as he might have thought that the culls were sold on the shippers' account when they really were sold on the government's account.

Cross-examined by H. A. Powell, witness said 45,000 barrels of potatoes had been sent in the British government's contribution, and 15,000 barrels to the Belgians. They were the best potatoes that could be obtained, and a potato broker in London had told

**LEMON JUICE
WHITENS SKIN**

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons in a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.

**COUNT FIFTY! NO
NEURALGIA PAIN**

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Conquers pain—never fails. Rub soothing, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it: Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body is instantly banished. "St. Jacobs Liniment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

him that they constituted the finest potato cargo ever landed there. The surplus of potatoes on this side of the water could have been disposed of in London if steamers could have been got to carry them across the Atlantic. Witness tried to charter a vessel to get them over, but was unable to secure a charter which did not contain a clause that the vessel might be commandeered by the British Admiralty if deemed necessary. He came back to Canada and tried to charter a vessel here, but met with a similar failure. The only steamer he could have got, the Sellaia, would have cost \$65,000, a prohibitive figure. He had had the same steamer previously for \$16,000. He then tried to dispose of the surplus in the home market, but failed, as the market declined. Delays in transportation by rail and water met him on every hand, and when the potatoes finally reached their Cuban destination they had spoiled and could not be disposed of. The net result was that

the transaction which, under ordinary circumstances would have been splendidly successful, resulted in a loss of more than \$90,000, and it was this loss that Premier Clarke had assured him would not fall upon the province, but it would be carried by themselves.

Every care had been taken in the purchase and inspection of the potatoes. A. C. Smith and Co. had acted as the agents for the government, but they had not the authority to reject cars. This was done by the inspector, Leslie Slipp, and it was upon his reports that the potatoes were paid for. The hearing then adjourned until this morning at eleven o'clock.

VOTE DOWN DILLON'S HOME RULE MOTION

London, Nov. 6.—After a discussion lasting all day, the House of Commons today rejected by a vote of 198 to 118 a motion made by John Dillon, that the Irish question should be settled without delay on President Wilson's principle of self-determination. As first proposed the motion asked that Great Britain should not enter the peace conference until the Irish question was settled. This met the vigorous opposition from Edward Shortt, Chief Secretary for Ireland, and Bonar Law, who argued that the

An Old Recipe to Darken Hair

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Weyl's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, thick and glossy, and you look years younger. Weyl's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Catarrhal Deafness and Head Noises
TURNS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME
If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist one ounce of Parmit (Double Strength). Take this home and add to it 34 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

GREAT BRITAIN LOST 8,946,000 TONS
Submarine and Mine Losses
Partially Replaced by 5,443,000 Tons.

London, Nov. 6.—(Canadian Press Dispatch from Reuter's Limited)—Speaking in the House of Commons today, Right Hon. Thomas Hames MacNamara, parliamentary secretary to the Admiralty, stated that 8,946,000 tons of British merchant ships had been lost during the war up to September 30 last by enemy action. Of this number 5,443,000 tons had been replaced by new construction and by the purchase of ships abroad, and the utilization of captured enemy ships.

The recall papers against Commis-sioners McEellan and Hilyard were filed yesterday afternoon with the com-mon clerk by Fred Campbell. It is un-derstood the papers have about 925 signers and the common clerk has ten-ders in which to check them up and see that all are qualified. The work is necessary to bring about an election is 868.

INQUEST TOMORROW.
Yesterday morning Coroner Kenney en-camped the following jury in the in-vestigation into the death of George Rogers, the lad who was shot some days ago at Barnesville: A. M. Rowan, foreman; W. B. Purdy, Charles Mc-Connell, A. McArthur, John Hamilton, H. R. Coleman, George A. London. The jury viewed the body and the enquiry was adjourned until Friday night at eight o'clock in the police court.

DIRECTOR PEACOCK HERE.
Fletcher Peacock, B. A., Fredericton, was a visitor in the city yesterday. Mr. Peacock is the director of technical edu-cation in the province of New Brun-swick and has enjoyed that position for a time filling the same admirably. He is well known among the teaching circles of the province as he is con-nected with the Sloyd department at the Provincial Normal School and is a graduate of Mount Allison, succeeding T. B. Kimer, former director, now in the West filling a like position as he formerly occupied in the East.

WATER TAX NOTICES.
A resident of the southern part of the city asks the query "Why are the water tax notices left on the premises of tenants who occupy the lower flats of residences?" He mentioned a case where the tenant found out in this man-ner, (when the notice was left on his premises)—the amount of the water tax bill imposed on his landlord by the city, which previously was a matter of conjecture between he and his family. "An ill wind blows some individuals good," was his opinion, as his anxiety was now abated to a degree, when he knew his landlord was taxed some-what comparatively as heavy as he taxed his tenants.

ANOTHER ADVANCE.
Apparently some local confectioners realizing the shortage in the Louisiana and Cuban sugar fields during the pres-ent season are advancing methods to preserve their present stock on hand of candies, etc. The methods advanced are a general boost in the prices of many articles which are compounded with sugar or its products, such prices serving to confront the prospective customer with a look of sigh or hem-pir at the added increase, compelling him to refrain from loosening the purse-strings and making the proposed pur-chase which would have served to sat-iate the cravings of that sweet tooth.

VICTORY LOAN CANVASSERS WORKING HARD FOR SUCCESS

Moncton Went over the Top Yesterday — Chatham, Deer Island and Greenwich Also Win Flags—Good Open-Air Meeting—Grand Total for Province is \$6,831,051—St. John City and County \$2,913,200.

Yesterday brought forth its usual quota of flag and crown winners in the Victory Loan campaign. Moncton, whose objective was \$725,000, went over the top last night and the flag will be hoisted this morning. At noon it will be hoisted on City Hall, and they are now out after some more. Chatham, Deer Island and the parishes of Greenwich, Kings county, have also made their objec-tive and won their flags. Greenwich has also won a crown. Loggieville has won the fourth crown, and the Parish of Dufferin, Charlotte county, has won one crown. The money between Lansdowne and Lorne wards continues, and while Lansdowne leads slightly in the amount of money subscribed, Lorne leads the entire city in number of subscribers. Today's report will put Lansdowne over the top, as their ob-jective is \$160,000, and they have al-ready reported \$159,550. Chairman Elkin pointed out last night that while the city had done well, if the objective was to be reached there was a lot of hard work to be done yet. "From present indications there would be at least one million and a half of dollars to come in dur-ing the last week. The aim of the central committee is to have 20,000 subscribers, and for the first half of the campaign they have only been coming in at the rate of 10,800 for the three weeks, so there must be some speeding up to get the required number. "This year the large concerns are buying heavier and the small invest-or, the laboring man, is buying, but the middle or well to do class are not purchasing at all to any extent, and it is up to them to do their share if St. John is to win a flag. "The slogan of the canvassers is, 'don't let the soldiers do it all,' and every person who possibly can is ex-pected to buy before the campaign closes. Shortage of Auto Cars. The Victory Loan committee is ask-ing for the loan of autos with or with-out chauffeurs, for the purpose of canvassing the county. The canvass is being held up at the present time because of auto shortage. If any one can spare an auto for a day, or part of a day, or longer, let him get in touch with the headquarters com-mittee at once. This appeal has been issued every day, and yesterday there was one volunteer, George H. Waring, man-ager of the Union Foundry and Machine Works, who offered the use of his car, and the committee appreciate his action and would like to hear to the same effect from many others. Open Air Meeting. Last night a large crowd gathered in front of the Imperial to hear the address and look at the pictures. When the booths were closed the big-gest day's business yet had been done. \$12,500 of bonds having been dispo-sed of. The speakers were R. E. Arm-strong, who acted as chairman; S. E. Elkin, M. P., and Mr. Luce. The Bugle Band of the Depot Battalion under command of Major Burton, was in attendance and played several selec-tions. DeWitt Cairns sang a patrio-tic solo in his usual finished manner, and the ever popular "Steve" Mat-thews was on the job luring investors into the lobby to buy bonds. R. E. Armstrong made the first ad-dress and read the appeal of the Premier of the Dominion, Hon. R. L. Borden, to the people of Canada to respond to the Victory Loan. Sir Robert Borden says in his message to the Canadian people: "Now that Victory seems in sight, we are called upon for the final su-preme effort which will crown the un-told sacrifice of the years that are behind us. "Canada's purpose has ever been more gloriously maintained than dur-ing the past four months, in which our forces have been in the forefront of attacks that are still hurling back the hosts of the Hun and freeing humanity from the menace of cruel and relentless militarism. "The final effort cannot be sustain-ed unless the Nation makes ample provision for those who fight its bat-tles. For that purpose the latest Victory Loan is placed before you. The labors of our people at home have been abundantly rewarded and the national prosperity has never been more fully assured. You are asked to lend in order that your country may keep inviolate its pledge to those heroic men who have gone forth from our shores to fight for our liberties, and who under the sternest test have never shrunk from even the last sacrifice. You have before you both a compelling duty and a great opportunity of service. In any effort necessary to win this war you have never faltered; I am supremely con-fident that you will not fall now. "R. L. BORDEN." S. E. Elkin gave a good address, telling that the three million dollars of the five million which St. John is expected to raise have been subscrib-ed. Mr. Elkin, however, warned the people that this first three million con-sists of large subscriptions amounting to many thousands of dollars and that it will be very essential that every one who possibly can should take out a bond if St. John is to go over the top and if the honor of New Brunswick is to be upheld. He pointed out the dif-ficulties which had met the canvassers in the country places and praised the work of those who are giving so much time and energy to this national ser-vice. A picture of Charlie Chaplin created much applause from among the more juvenile of the audience and other films set forth the duty of each man and woman who witnessed them to "Buy a Bond." Mr. Luce, an American visitor, gave a short snappy address in which he handed out a few bouquets to the Canadian people. He stated that we in Canada were doing more per capita than the United States did in their re-ceipt Liberty Loan for their subscrip-tions only averaged \$80 per capita.

Official Returns. The official returns for the city up to Tuesday night are: Headquarters and Imperial... 63,850; Guys... 41,550; Brooks... 35,100; Sydney... 71,250; Dukes... 102,350; Queens... 243,900; Kings... 140,450; Wellington... 76,400; Prince... 21,850; Victoria... 102,350; Dufferin... 57,200; Lorne... 152,900; Stanley... 21,850; Northumberland, west... 30,316; Leconsfield... 65,150; Fairville... 23,000; County... 59,700. Total: \$2,913,200.

JUMPS FROM WAR TO ADVERTISING. Charles L. Armstrong, Former St. John Newspaper Man, Returns from Front to Good Chicago Position.

The "Fourth Estate" in a recent issue shows an excellent picture of Lieut. Charles L. Armstrong in his Highland uniform, and in an article says the following: "With special knowledge of post-bellum reconstruction, gained from personal observation and study, both on this continent and abroad, Lieu-tenant Armstrong, a veteran of the Canadian Expeditionary Force, which he joined voluntarily as a pri-vate in 1915—has just become associ-ated with the advertising agency of Malloy, Mitchell & Frost, Chicago. Invited to England early in 1917 as a result of shell shock, Lieutenant Armstrong spent a long convalescence in London, studying European trade conditions with an eye on the after-war probabilities. His rank and service gave him access to commer-cial leaders in the British metropol-itan, and he put many weeks yet at-ached to a Camberwell hospital to excellent use. "Lieutenant Armstrong brings to his new duties with Malloy, Mitchell & Frost a fresh point of view, an op-inion based on soundly obtained ex-perience with our worst enemy in the belief that before very long this will be a better world to work in. "Lieutenant Armstrong was well known in Boston and New York news-paper and advertising circles up to 1909 when he went into the Canadian West to collect material for special articles. At the time of his depart-ure he had just severed a connection with the Boston Herald, having been closely associated there with such writers as George Patullo and Fred-erick Orin Bartlett. "Lieutenant Armstrong is well known in St. John, having for a few years been employed on local papers as a re-porter.

LETTER RECEIVED FROM COL. BROWN

Commander of 26th Battalion Expresses Sympathy to Mrs. T. S. Simms on Death of Gallant Son—Killed While on Duty.

Recently the sad news reached the city that Lieut. H. R. Simms had been killed in action on October 14 while fighting for his king and country in France but no particulars were receiv-ed by the bereaved relatives regarding the sad yet glorious ending of the young hero's life. Yesterday Mrs. T. S. Simms, mother of the brave young officer, received a letter from Lieut.-Col. Walter R. Brown, officer commanding 26th New Brunswick Battalion, in which the O.C. presents his sympathy to the mother of a brave son and also gives partic-lars regarding Lieut. Simms' death. The letter is as follows: "Dear Mrs. Simms, I am glad to hear of your recovery from the shock of the death of your gallant son. Please accept our deepest sympathy for you on the loss of your gallant son, Lieut. Simms. He was in charge of an advance report centre during recent operations and gave his life at his post in order that communication from front to rear could be kept up. He was a most cheerful companion to us all at headquarters, his conduct at all times was of the highest and we deeply mourn his loss. With all your sorrow you must yet be a proud mother to have owned such a son as Lieut. Simms. Pray accept my deepest sympathy, I am sincerely yours, WALTER R. BROWN, L. C., O. C. 26th Battalion.

Twenty-four new cases of influenza were reported to the local Board of Health yesterday, but of that number eleven were from the crew of a vessel now in port. Thirteen others were released from quarantine. It is ex-pected that the Minister of Health will today make an announcement in regard to the time of lifting the ban on public gatherings met by the Dr. Melvin, chief Health Officer, returned last night from a trip to Grand Falls, St. Leonard's and Ed-munston, and reports that conditions in that section of the province are much improved. In the town of Ed-munston itself the epidemic had begun, and not a now case had been reported for nearly two weeks. In the surrounding parishes there had been a decided improvement, and the situa-tion was rapidly clearing up. At St. Leonard's there had been a let-up in the progress of the epidemic and the city yesterday saw the en-ergetic efforts of Dr. Donnelly and the local physicians, ably assisted by the Women's Institute under the leader-ship of the president, Mrs. Martin, and the secretary, Miss C. Y. Comeau, had lent valiant assistance and Mr. C. Y. who had loaned the use of his car for several days. At Grand Falls, the situation was very encouraging, and the epidemic was abating. The emergency hospi-tal, which was conducted under the superintendence of a committee of citizens, of which Mayor Collins was chairman, had excellent results. It was fairly well staffed and had been a material factor in stamping out the disease. On the whole he found the situation conditions with the city yesterday on an encouraging note.

Chemical Expert From New York. D. H. Spence Acquired Interests in Halifax Ready Conversationalist and Speaks About War and Prohibition.

D. H. Spence, New York, was a visitor in the city yesterday on his way to Halifax on business. Mr. Spence is a chemical expert and owns large in-terests in the city of New York, which he has owned since he was a boy. He acquired recent interests in the same line recently at the sister city, to which he was en route. Mr. Spence is a Scotchman and is a strong advocate for anything British or Canadian and spoke with eloquence on the part, which the British have played in this war, comparing the same with that played by our sister ally, the United States. He seemed entirely versed in war conditions of today and past and apparently had read the current events of the day with great heed. An advocate of right he strongly believed that prohibition was not adequate to meet present conditions and that better laws might be enacted whereby all illicit trade in this commodity could be abolished and yet public requirements met by pen-alizing those who violated laws framed to guard the general public.

Violator Made Good His Escape. A suspect under suspicion of violat-ing the provincial statutes in the illegal sale of liquor made good his escape from the city a few days ago, and is now in the hands of the unknown as far as the officials are concerned. A recent arrest of a man under the influence of liquor who gave some in-formation caused action of the proper authorities, who were in quest of the violator, but who were disappointed as the "bird had flown." Developments will follow if the gen-tleman is captured, but it is believed he is far away at the present time.
