

COMMONS DISCUSSES LAKE'S WANT  
OF CONFIDENCE MOTION IN THE  
GOVERNMENT

OTTAWA, Tuesday. — The Commons dismissed today Lake's want of confidence motion in the government for the manner in which timber berths in the west had been disposed of.

The first to reply to the government was made by Oliver who spoke today. He showed that all the limits had been disposed of by competition and that the policy which had been followed by the present government was the policy of the late conservative government.

The debate was resumed by Boyce of Alberta. He said that Purif, M. P., when land commissioner must have known there were stake tenders for berths.

Purif said that Boyce was indulg-

ing in insinuations and asked him to make formal charges. He said he opened the tenders as they came to him and awarded the limits to the highest tenderers.

Grippe is sweeping the country. Stop it with Preventives, before it gets deeply seated. To check early colds with these Little Candy Cold Cures. Tablets is surely sensible and safe. Preventives contain no Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 48 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by A. McG. McDonald, druggist.

## DESCENDANT OF PROTECTOR

Edward Cromwell Died at Denver, Colorado.

DENVER, Col., Tuesday. — Edward Cromwell, aged 87 years, died last night at the home of his daughter, Mrs. Gertrude C. Sampson, in this city. Mr. Cromwell's long life was largely devoted to philanthropic and patriotic works. He was born in New York city, and was a member of one of the oldest American families and was the oldest direct descendant of Oliver Cromwell.

Stop that tickling cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless that Dr. Shoop tells mothers to use nothing else even with very young babies. The whole some green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other.

FOUR VICTIMS OF  
FIRE AT GRAND  
CASCAPEDIA

(From Wednesday's Graphic.)  
Meagre reports of a frightful holocaust at Grand Cascapedia yesterday morning were received here about four o'clock yesterday afternoon. As near as can be ascertained, Andrew Campbell, his daughter-in-law and two grand children were burned to death in their house at that place at an early hour of the morning. Campbell's son and husband and father of the other victims started out before daylight after cordwood. When he returned he found the house almost burned to the ground and the charred remains of its inmates.

The Graphic made every effort last night to obtain further details, but was unable to do so.

KINGS CO. PUTS UP  
THREE SURE  
WINNERS

HAMPTON, Tuesday. — At one of the largest and most enthusiastic conventions ever held in Kings County S. G. Scovill, Dr. McAllister and O. W. Wetmore were chosen to bear the standard of Premier Robinson in the coming contest. The only other name balloted on was that of Dr. McVey. Speeches were delivered by the candidates and by Ora P. King, the retiring member in Kings who was in great voice and made a ringing campaign speech, saying that he would do all he could to secure the election of the gentlemen chosen. Attorney General McKeown was present but had to leave early. The reports from Kings indicate that all three government candidates are sure of election by good majorities. A telegram from Dr. Fugleby, who was formerly one of the representatives in the legislature was read, predicting the success which he said the Robinson administration deserved.

## CHARLOTTE NOMINEES.

Hill, Armstrong, Byron and McGee Are the Choice.

ST. STEPHEN, Monday. — George I. Hill, of Milltown, R. E. Armstrong, of the St. Andrews Beacon, George W. Byron of Campbellton and Andrew McGee of Back Bay were unanimously chosen candidates for the local government party of Charlotte County today. Speeches were made by Byron and Armstrong and Attorney General McKeown.

NOW IS BEST  
TIME TO TAKE.

A well-known authority on Rheumatism gives the readers of a large New York daily newspaper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are rare and can be bought separately, or the druggist here will mix the prescription for our readers, if asked to.

## INCREASE IN CUSTOMS.

Nearly Seven Millions for the Last Ten Months.

OTTAWA, Tuesday. — The customs revenue of Canada for the first ten months of the present fiscal year, April to January, inclusive, was \$49,421,802, an increase of \$6,917,473 as compared with the corresponding ten months of 1906-7.

For the month just ending the customs revenue was \$4,027,963, a decrease of \$65,330 as compared with January of last year.

## THE PRICE OF STEEL

Manufacturers Agree to Maintain the Present Rates.

NEW YORK, Tuesday. — An agreement to maintain the present prices for steel was reached at the conference of steel manufacturers in this city last night, according to a statement issued today by Judge E. H. Gary, Chairman of the United States Steel Corporation. Judge Gary said the decision was unanimously approved by all the manufacturers who took part in the conference.

CITY FATHERS  
ALMOST HAVE  
A FREE FIGHT.

FREDERICTON, Tuesday. — A lively session of the city council was held tonight. Alderman Hooper wanted to further discuss the Hyde & Webster settlement, but as Mayor McLeod was absent he was ruled out and the council adjourned. Immediately after some of the aldermen got into an altercation and a free fight was narrowly averted.

## TRAINED NURSE

Writes a Letter to the People.  
To Whom It May Concern: I am a trained nurse of nine years' experience in hospitals and private cases, and for the benefit of the people of Campbellton I wish you would publish my experience with the cod liver preparation, Vinol.

"I was completely prostrated from overwork. I had no appetite, could not sleep, my kidneys, liver and bowels became inactive, and as I grew weaker I could not retain either medicine or food on my stomach, and raised blood. The doctors said my condition was critical and would probably die."

"As I had seen Vinol prescribed for my patients with such remarkable results, I decided to try it. After the bottle I began to improve. I continued its use, and began to sleep and eat well, every organ in my body was strengthened and became normal, until it seemed to be good to be alive. I was restored to perfect health and strength."

"I advise all my patients who need strength, rich, red blood, and flesh tissue to take Vinol, as it is so far superior to old fashioned cod liver oil emulsions, or other tonics." Elizabeth M. Cremon, Trained Nurse, Boston, Mass.

In Campbellton, we sell Vinol on a positive guarantee to return the money if it fails. A. McG. McDonald.

"Health Coffee" is really the closest coffee imitation ever yet produced. This, the finest coffee substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might drink it for coffee. No twenty or thirty minutes boiling. Made in a minute says the dealer. Sold by A. McG. McDonald.

## SEND THEM TO CANADA.

How English Papers Would Solve Unemployed Problem.

(Special to the Morning Graphic.)  
LONDON, Tuesday. — The Standard says editorially:—"There must always be a large proportion of unskilled labor unemployed in a manufacturing country like England. Why, then, cannot able bodied workmen be drafted to Canada, where any number of laborers are required on the land? There would be really no difficulty in it. Initiative is the only thing that is wanting." The Standard thinks this is the only solution of the unemployed problem. The Telegraph also thinks emigration should be encouraged as a solution of the unemployed problem.

## BATHURST.

(Special to the Morning Graphic.)  
BATHURST, Tuesday. — The Boston Comedy Co., arrived this morning and will open their engagement tonight. The company are mostly all new and are made up as follows:—Mr. and Mrs. H. Price Webber, Mr. and Mrs. Harcourt, Harold G. Collins, A. L. Hickey, Miss May Du Payne, Miss Lena Hall, Frank McFurdy, Guy Seniseac. One of the members of the company informed your correspondent that they would remain at least three nights.

Robert Rogers is confined to the house with quinsy.

This morning a slight fire in the residence of Wm. Hodgins, St. Patrick street, caused some excitement. Parting of the stove pipe was the cause. Two weeks ago sparks from this same house set fire to the one next. No alarm was rung in this morning.

MONCTON WOMAN DASHES OUT THE  
BRAINS OF HER TWO YEAR  
OLD CHILD

MONCTON, Tuesday. — While suffering from insanity Mrs. Thomas V. Doucet, of Lower Robinson street, about half past four this morning, took the life of one of her little children and was in the act of taking another from the house to kill it when she was discovered by members of the family.

The family consists of father and mother and eight children. Mr. Doucet, who is an employee of the I. C. R. on the steam crane, has been laid up in the house with a broken rib for some time. His wife, who was sleeping with him, it appears, became violently insane some time during the night, and arising about half past four without disturbing her husband, took her two-year-old child from the cradle, carried it out the back door and inflicted injuries upon it which resulted in death a few minutes later.

The crazed woman, leaving her infant for dead, entered the house again and going upstairs where the second youngest child, three years old, was sleeping in a cradle was in the act of taking it from the room when her daughter Eliza, aged 18 years, awoke and gave the alarm. Miss Doucet called to her brother, aged 17, and aroused her father, Mr. Doucet, although suffering from a fractured

rib, hastily arose and undertook to subdue his insane wife. The three-year-old child she had taken from the cradle in the room of her eldest daughter, was then taken from her and she was overpowered.

Mr. Doucet dispatched his son, William for a policeman, and Officer McKim was found at Lutz street and hurried to the Doucet home. After handcuffing the insane woman the officer made a search for the missing two-year-old baby boy and found the little thing in the throes of death at the back door. The child was lying on the floor, the back of the head bruised. Officer McKim immediately sent for a doctor but before medical aid arrived the child had breathed its last.

The crazed mother talked of her crime on the way to the police station and at times she stated she had taken the child by the heels and dashed its brains out on the ice, and at other times she denied all knowledge of the crime and asked to be taken home.

It appears Mrs. Doucet has been in the insane asylum on two previous occasions. Two or three days ago she showed signs of returning insanity and was being watched closely. She is about 35 years of age.

## BIG RIVER

BIG RIVER, Monday. — The roads are very bad at present owing to the big snow storm we had last week.

Miss Minnie Black who has been visiting Mrs. Willard Hussey has returned home.

Hugh Black was the guest of Henry Melanson last Sunday.

Miss Katie Bateman is spending a few days with Minnie Black.

Arthur Hussey spent Sunday and Monday with Hugh Black.

Miss Jane Glendenning who has been very ill is recovering.

TWEED, ONT., Tuesday. — At seven o'clock this morning the Ontario Powder Works, situated on the outskirts of this town, blew up with terrific explosion which startled people for thirty miles around and shattered to fragments all the plate glass windows in town.

The cause of the accident was the boiling of a nitrate where the nitric acid is mixed with the other chemicals. The works had just been opened for the day and only one drum was in operation. In boiling over it set fire to the woodwork and the employees were given about ten minutes warning in which they succeeded in getting a safe distance away before the explosion.

The flames spread rapidly and when the explosives were reached there was one loud report that shattered the twelve small buildings into kindling wood.

The loss is placed at about \$8000. N. blame is attached to anyone. The head office of the company is at Kingston.

Catarrh Cannot Be Cured  
with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO. Props, Toledo, O.  
Sold by all Druggists, 75c.  
Take Hall's Family Pills for Constipation.

## NEW CARLISLE

NEW CARLISLE, Monday. — Friday was a very cold day, in fact, the weather for the past two or three days has been the coldest of the season.

Mr. Coombs, of the Massey Harris Co. Ltd., passed through here this week.

Dr. DeWolfe, of Pasphebec, was in town Wednesday, returning home the same day.

M. J. Kelly, arrived home Wednesday night after visiting a couple of months in New York.

A weak stomach means weak stomach nerves always. And this is also true of the heart and kidneys. It's a pity that sick ones continue to drug the stomach or stimulate the heart and kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth and see—Sold by A. McG. McDonald.

TIMOTHY LYNCH DEAD.  
Well Known Miramichi Lumber Operator Succumbs to Stomach Trouble.

FREDERICTON, Monday. — Timothy Lynch, a well known lumberman died today at Glassville after a few days' illness with stomach trouble. He leaves a widow, three sons and six daughters. He operated largely on the Miramichi and had a mill at Nelson.

## BANK LOSES \$11,000.

This Amount is Stolen From a Registered Package.

WINNIPEG, Tuesday. — A local bank sent a registered package containing \$11,000 to a branch southwest of Winnipeg last week which has been stolen.

CHATHAM, Tuesday. — The Campbellton junior curlers trimmed Chatham today by four points. Following was the score:—Sharpe 22, Burke 9; Mowat 12, McDonald 10; Marquis 9, McKnight 13; McMillan 10, McNaughton 17.

"Obese Party"—I'd give anything to be as thin as you are.  
"Thin Friend"—You can get that way for \$5 a week.  
"Obese Party"—How, pray.  
"Thin Friend"—Move your trunk over to my boarding house.

# PORTUGAL'S KING AND CROWN PRINCE ASSASSINATED

THERE IS EVERY EVIDENCE OF LIBERAL STRENGTH; THERE IS EVERY EVIDENCE OF TORY WEAKNESS

FAST FREIGHT NOW FROM MONTREAL TO MONCTON

PORTUGUESE NATION IS PANIC STRICKEN AS RESULT OF A TERRIBLE ROYAL TRAGEDY ON LISBON'S STREETS, SATURDAY AFTERNOON

**Sheriff Leger's Name on the Kent County Ticket Means Victory for the Gov't There—Summer, Westmorland Tories' Weakest Man**

**FOWLER WOULD LIKE TO QUIT**

(Special to the Morning Graphic.)

MONTREAL, Saturday. — Hon. C. W. Robinson, Premier, and Hon. C. H. LaBrosse, Minister of Public Works, will address a mass meeting at the Hotel de Ville this Saturday evening in favor of the government ticket. The contest of high sheriff Leger to run as the head of the liberal ticket settles the fate of the Tories as far as Kent County is concerned. It is only a question of majority for the Liberals. In Westmorland the return of Premier Robinson and his ticket by a rousing majority is assured. Montclair County shows what a dearth of candidates there is looking towards the Liberal ticket since the days of the late Albert J.

**Summer The Weak Link.**

There is no such thing as a defeat in store for the big Liberal ticket in Westmorland. Summer is admitted to be the weakest link in the Tory ticket. He will get some votes in Montclair City and parish but he has no strength in the county and will be the lowest man on the Tory ticket. Summer a little over a year ago promised to support Mr. Emerson and work for the best interests of Montclair, but his attitude at the present

time shows that he is in league with Fowler, Hazen and others who simply want to get office which means a return to graft and boodle, as in the palmy days of Toryism when Sir MacKenzie Bowell said he was the leader of a nest of traitors.

**Not a Weak Sign.**

The Tories claim that the choice of H. H. Allen as provincial secretary is a sign of weakness in the government ranks but the St. John Globe, a paper hostile to the government, does not share in that view. The picking up of Mr. Fred M. Sproule to contest Kings County shows what a dearth of candidates there is looking towards the Liberal ticket.

**Fowler's Doom is Sealed.**

Fowler was at the Kings County Tory convention but he spoke with a weak voice and he made no reference to 'morality in public life' nor the necessity of candidates who lived lives of absolute purity. He intimated that his private life had been attacked and that he had no desire to remain in public life, but said that he intended to assist his friend Hazen to be made Premier of New Brunswick. It is said that Fowler's speeches will only aid in the political destruction of leader Hazen and his candidates.

## HUNDRED MILLIONS TO DEVELOP CANADA

*This sum Will be brought into the Country as a Result of its Rapid Development.*

### RAILWAYS FIGURE IN IT.

(Special to the Morning Graphic.)

MONTREAL, Saturday.—An enquiry at the banks and leading financial institutions elicited the information that no less than \$100,000,000 of new money will have found its way into the Dominion by the end of the present year, all being the direct result of the country's rapid yet thoroughly legitimate development. This enormous amount, which will be spent in the several provinces of the Confederation during the year 1903, is of course, outside the proceeds of grain, lumber, pulp and other commodities of export.

Going into the matter in detail, it is estimated that the Canadian Pacific will quite probably bring in from \$20,000,000 to \$25,000,000 as a result of the new stock issue and the sale of other debentures. Then there is the Grand Trunk Pacific, whose expenditure cannot but be very large during 1903. In fact, the statement was made on Saturday after a very careful calculation that well on to \$100,000,000 would be brought into Canada by the credit of that company during the present year. It is also believed that the Canadian Northern will be a very large spender during the coming summer, and the statement is made that the \$2,500,000 obtained a few weeks ago by Mr. William Macdonald, either in London or Paris, will be increased to around \$10,000,000 before the completion of the C. N. R.'s enterprises for the present year. It is likewise known that the Government of the Dominion will be a very large borrower at different periods during 1903, and those who are considered to be an account with the financial situation in Canada declare that, considering the very heavy payments that will have to be made on the account of the Transcontinental Railway, the amount to be obtained abroad by the Finance Minister of the Dominion will not be very much under \$20,000,000. This it is quite probable that the splendid advancement and healthy development of the towns and cities of Canada, including the requirements of Montreal, Winnipeg, and several growing western communities will necessitate from \$5,000,000 to \$10,000,000 being borrowed for their use. The street railways of the chief Canadian centres will also require a good deal of money, and, in fact, a large amount is already authorized in Montreal and elsewhere, so the calculation made that from \$20,000,000 to \$25,000,000 will be wanted at least on this particular account.

As for miscellaneous expenditure throughout the Dominion, for which and threw up the sponge.

large sums of money have to be borrowed, it is always more difficult to calculate than when it refers to well-known enterprises, but it is generally believed that the sum of \$100,000,000 is a conservative estimate of the amount of money to be brought in on miscellaneous account. To sum total of all this will give the splendid figure of \$100,000,000, and the most satisfactory feature of the calculation is in the fact that almost every dollar of this money will go into development and will bring about an earning power of considerable magnitude from the very start or nearly so.

The expenditure at least of all these millions brought in by the different railways means so much producing power added to the already fine capacity of Western Canada, and when the operation adds so materially to the value of everything in sight it will be seen at once how comparatively small the interest account, even on \$100,000,000, will appear at the end of the year's expenditure. Canadian bankers consider, therefore, that there is no reason why the Dominion should be very much influenced by any depression that may lay hold on the United States in the near or distant future. There are absolutely no more free lands in that country, with the result that the immigration to the Republic remains to a very great extent around the large cities, accounting for the army of unemployed now described in the newspapers. In Canada the thousands of newcomers are spread over the west, and whether engaged in the wheat fields of Manitoba, Alberta and Saskatchewan, or in the mines or forests of British Columbia, they become immediate producers, and consequently, contribute to the rapidly growing wealth of the country. In a word, the financial men of the country do not think Canada is going to rapidly, even if she does secure a loan of a hundred millions annually to aid her in the development of her unrivalled resources.

**FRANKIE NEIL GETS 'AN AWFUL BEATING.'**

SAN FRANCISCO, Saturday. — Abe Attell, of Chicago, champion featherweight pugilist of America, last night gave Frankie Neil of this city such an awful beating that the latter's seconds, fearing serious injury, ended the ring in the thirteenth round throughout the Dominion, for which and threw up the sponge.

## GLOUCESTER GOV'T TICKET IS A WINNER

Now Thought There Will be Only Two Straight Tickets in Sister County, Gov't & Opposition

**FIRST ONE VERY STRONG**

**If There Ever Was a Time When County Should Support Mr. Burns and Ticket It is Now**

(Special to the Morning Graphic.)

BATHURST, Saturday. — The political atmosphere in Gloucester seems to be clearing and it is now generally thought that there will be but two straight tickets in the field, government and opposition. The government candidates, Messrs. Burns, Poirier and Young, made a tour of the County immediately after the ticket was completed and received flattering assurances of support in every locality which they had the opportunity to visit.

**Strong Combination.**

The combination is a strong one. Mr. Burns has represented the county for some years, Mr. Poirier has been in politics, immensely successful, for upwards of eighteen years, and Mr. Young is a new man, full of youth and vigor. He speaks in both French and English and is an immense favorite particularly in the lower parishes.

If ever there was a time when the electors of this county should support Mr. Burns and his whole ticket it is at the present. Just now, in the inception of the iron mining boom, (so important for the county), the future of Gloucester, as a valuable mining district, is assured. With the fact before the eyes of Gloucester that all this is brought about by the indomitable pluck, energy and persistence of Mr. Burns, surely this is not an opportune time for serious opposition to him and his colleagues. But there isn't any serious opposition.

**Still Supporting Ticket.**

Those who in the past have supported the Burns-Poirier-Young ticket and led it on to victory are well to still, while, in addition, many prominent persons all over the county who opposed Mr. Burns at the last general elections will now help to carry the standard for which he stands. In view of his broad-minded ideas and his devotion and loyalty to his constituents, Mr. Burns is doubly dearer now and more worthy of their confidence and support.

The electors of Gloucester are an intelligent body. They are not narrow. They recognize the worth of such men as Burns and Poirier (for Mr. Poirier was always at hand, in the interests of his county, to stand by and materially assist Mr. Burns in the great project for which he deserves unlimited praise), and the result of the elections will show their approval.

**Is an Apt Scholar.**

Mr. Young, in response to the wishes of many friends in the lower parishes decided to associate himself with Messrs. Burns and Poirier in the contest for government. He is yet untried but he is an apt scholar and it is only reasonable to expect that he will come well to the front when elected. He is a son of the late John Young, Esq., who represented the county up to the time of his regretted death a few months ago. He is a native of Tracadie and has spent his lifetime up to the present among the electors with whom he is very popular. He will be elected. So will the ticket.

**Nova Scotia Porters Suffer.**

LIVERPOOL, N. S., Sunday. — A terrific south east gale which raged here last night did enormous property damage. The new unemployed dwelling of John Millard was blown down and reduced to kindling wood. The schooner Elsie Vaughan was blown ashore and is a total loss. LUXENBURG, N. S., Sunday. — A violent hurricane destroyed wharves here and did great damage to schooners in the harbor. The whole shore is strewn with wreckage.

**RACES POSTPONED.**

(Special to the Morning Graphic.) MONTREAL, Saturday. The first annual races of the International Skating Union which were to take place this afternoon were postponed till Monday next at 2 o'clock owing to the heavy snow storm.

**Mr. Marcell Obtains Important Improvement in Service for Matapedia Valley**

**WILL BE GOOD NEWS**

People of the Valley Will be Able to Come to Campbellton now and Return Home the Same Night

(Special to the Morning Graphic.)

OTTAWA, Saturday. Mr. Marcell has obtained an important improvement in the passenger accommodation on the I. C. R. for the people of the Matapedia Valley between Causapescal and Campbellton. For a long time the people of that district have been complaining that they had no means of reaching Campbellton in the morning to transact their business and return home the same evening. They had to go to Campbellton at night and were able to return only the next night entailing loss of time and money. Hereafter this inconvenience will be obviated.

**New Fast Freight.**

It has been an urge that a new through fast freight will leave Montreal for Moncton passing at St. Flavie at 2 a. m. and reaching Campbellton at 9 a. m. Eastern standard. From Causapescal to Millstream the passengers will be admitted to the conductor's van. At the latter place a passenger car brought up the night before by train No. 39 will be attached and taken to Campbellton.

**The time table for this new train is as follows:—**

Causapescal 6.00  
Beau Rivage 6.30  
Assametsquaghan 6.50  
Millinik 7.20  
Millstream 7.40  
Gloucester Bros 7.55  
St. Alexis 8.00  
Matapedia 8.14  
Flatlands 8.28  
Moffats 8.40  
Campbellton 9.00.

This will be good news to the whole district. It is satisfactory at the same time to know that the increase in business justified the putting on of this new fast freight special train from Montreal. There is more freight than No. 76, the regular fast freight, could carry.

Mr. Marcell received the hearty cooperation of Mr. James Reid, M. P., in his request which was arranged by Hon. G. P. Graham, the new minister of railways, Mr. Butler, the deputy minister and Mr. D. Poirier, the general manager, and Mr. Evan Price, divisional superintendent. The great increase in the local business also justified the local arrangement.

## SATURDAY'S GALE DOES FRIGHTFUL DAMAGE

**Light House Keeper and His Mother Flee From Home at St. Andrews.**

**WRECK STREWN SHORES**

(Special to the Morning Graphic.)

ST. JOHN, N. B., Sunday. — The storm Saturday was the fiercest throughout the Maritime Provinces. Much shipping was damaged in Nova Scotia. Several wharves along the harbor front here were more or less injured in the gale. At St. Martins sixty feet of the eastern breakwater was carried away and the light house wrecked. Three men watching had a close call from drowning. At Dipper Harbor two wharves and several fish houses went adrift. The highway bridge was put out of commission.

ST. ANDREWS, N. B., Saturday. — The storm last night was one of the most severe in this section since the Saxby gale. The light house at the lower wharf was so badly demoralized by the waves that the keeper, Penlebury and his aged mother fled from it fearing it would wash away. The foundation posts of the light were knocked down and the shed carried away. The adjoining wharf was left in a heap of ruins and nearly all the keeper's poultry drowned. The frontier line wharf is almost a complete wreck. Only the outer portion of the factory wharf in front of Gardner & Doon's fish factory is standing. This was kept in place by two large boys which the kitchen placed there a few weeks ago. The frontier wharf at Robinson was also swept out of existence. The whole harbor front is strewn with wreckage.

## JUDGE COMMITS HARRY K. THAW TO ASYLUM

**Slayer of Stanford White is Taken to Matteawan Asylum for the Criminal Insane**

**LITTLETON'S EXCEPTION**

**Judge Dowling Declares Thaw's Liberation Would be a Menace to Public Safety at Present**

**NEW YORK, Saturday.—** Harry K. Thaw has been declared Not Guilty on the ground of insanity at the time he killed Stanford White and committed to an asylum.

(Special to the Morning Graphic.)

N. Y., Saturday. — Justice Dowling has committed Harry Thaw to Matteawan Asylum for the Criminal Insane and ordered him taken there at once for an indefinite period. Justice Dowling said he deemed Thaw's discharge would be dangerous to the public safety.

**Attorney Littleton has filed an exception to Justice Dowling's decision committing Thaw to the asylum.**

NEW YORK, Saturday. — Thaw was taken from the prison to the court house at 10.30 o'clock but no word at that time or for an hour thereafter had come from Justice Dowling or from the jury room. The judge finally arrived and went to his chambers. Mrs. Evelyn Thaw saw her husband and reported he was quite dejected over the outlook. Thaw is said to have stated: "I am afraid that despite the vigilance of my counsel, there are two or three men on the jury with innate prejudices against me. I have in mind one particular juror, whose name I will not mention but no one who has followed the trial with any degree of interest could have failed to notice the significant glances the juror exchanged with a member of the prosecution. This was particularly noticeable at the conclusion of Mr. Littleton's address."

NEW YORK, Saturday. — Never since the killing of Stanford White has Thaw spent so restless a night as he did last night. Thaw smoked a good deal. When he learned that the jury had failed to agree and had been locked up for the night, he became restless. Although he tried to sleep he was wakeful and after a dozen would wake up and ask the warden for news of the jury.

NEW YORK, Saturday. — After having argued and battled all night in the little stuffy jury room, the Thaw jury this morning heartily welcomed their release from confinement and were taken up town to breakfast. Several of the jurymen are well along in years and the all night session seemed to have gone badly with them. If there was any wrangling or ill-feeling in the jury room the blue-coated guards outside the court room heard nothing of it.

No report with any degree of authenticity came from the jury room this morning and the opening of court at 10.30 was awaited with much anxiety as it was believed the jury might have some communication to make at that hour or that Justice Dowling might send for them to ask if he could be of any service.

Thaw at last seems absolutely reconciled to the fact that the best he can hope for is a term of confinement in an insane asylum. He is convinced, however, and so are his attorneys, that he would be able to win his way out of an asylum in a short while, as the tests he stood last year when arraigned before a commission in lunacy were quite convincing as to his present ability to prove his soundness of reason.

When the jurors returned to the criminal court room from their hotel all seemed physically fit to continue their deliberations for some time to come. Several of the jurymen were gossiping in friendly fashion with the court officers as they passed into the seclusion of the court room.

**Thaw Makes Statement.**

NEW YORK, Saturday. — Adjudged not guilty of the murder of Stanford White by reason of insanity at the time the fatal shots were fired, Harry Thaw today was held by the Court to be a dangerous lunatic and was taken away to the State Hospital.

**Royal Carriage is Attacked by a Band of Armed Republicans and King and Elder Prince are Shot Dead Without Warning**

**SECOND SON WOUNDED**

**Queen Amalie Tries to Shield Crown Prince and Escapes Uninjured—Three of the Assailants are Killed by the Guard**

(Special to the Morning Graphic.)

LISBON, Saturday. — King Carlos and the Crown Prince Philipp were assassinated today. They were shot to death while seated in the Royal carriage at Lisbon just after their return from Villa Visosa where they had been sejourning, by a band of men who fired a volley from cloaves. Sprang Towards Carriage.

The Royal family was driving in an open carriage when a group of men at the corner of Praconal the Rue de Arsenal suddenly sprang toward the carriage and leveling carbines which they had concealed upon them, fired mortally wounding the King and the Crown Prince and slightly wounding the King's second son Prince Emanuel. Queen Amalie who rose in the carriage and tried to shield the Crown Prince was unhurt. The guard fired at the men killing three.

**News Spreads Like Fire.**

The ladies and the King and Crown Prince were removed to the Royal Palace. The news of the assassination swept through the city like fire.

**People Were Prepared.**

Nevertheless the stirring events of the last few weeks have prepared the people for a startling calamity. Carlos I. was born September 28th, 1838, son of Louis I. He married Marie Amalie, daughter of Philippe I. of Prussia May 22nd, 1856. He succeeded to the throne October 10th, 1889. The Crown Prince, young Philipp, was born March 21st, 1887. While there had been considerable discussion in public opinion in Portugal for a long time the strained relations between King Carlos and parliament were brought to a head on May 11th last by the dissolution of the chambers.

through dry grass and the population is panic stricken not knowing where the next blow may fall. There is the greatest dread for the future of the country which seems to be on the verge of being plunged into the awful horrors of revolution. At first it would seem as though the assassination was the work of anarchists and not of republican sympathizers.

## GREAT BRITAIN'S SHIPPING LEADS

*Mother Country Builds One Half of the Mercantile Tonnage of the world.*

**MAY REPLACE ALIEN CREWS.**

(Special to the Morning Graphic.)

LONDON, Saturday.—The statistics of the world's shipbuilding in 1902 just issued by Lloyd's register, shows a total output of mercantile tonnage by the United Kingdom of 1,742,365, being an increase of 220,200 tons as compared with 1901, which was the highest on record. The foreign output in 1902 increased by nearly 80,000 tons. Great Britain, however, still builds one-half the mercantile tonnage of the world, which last year showed a net increase of 1,984,500 tons as compared with an increase of 1,580,000 in 1901. The world's fleet of sailing ships was reduced during the year by 180,000 tons and the steam tonnage was increased by 2,164,800 tons.

The United States built in 1902, 475,000 tons, which was a slight increase. Germany shows rather a serious decline. Last year she built 275,000 tons as compared with 318,000 in 1901, while at the same time she purchased less from Great Britain.

Great Britain is still a large purchaser of vessels built abroad. Another matter of great discontent in this country is the large percentage of foreigners employed as seamen in the British mercantile marine, numbering a total of 40,000 with an annual wage list of \$10,000,000. While the question of the unemployed is pressing heavily ashore, this is considered unfortunate and the British Navy League is taking active measures to agitate the utilizing of the unemployed to take the place of aliens on the ships.

## BRAKEMAN LOST HIS LIFE BUT HE SAVED A WOMAN'S

(Special to the Morning Graphic.)

(Montreal Witness.) Walter J. Scott, a brakeman in the employ of the G. T. R., was run over and killed by a train near Strathmore station shortly after six o'clock last evening. Scott had left Bonaventure station at 5.15 on a local train for Vaudeville. When the train stopped at Strathmore, and the majority of the passengers had crossed the rails to the station platform, which is at the left side a Toronto express rushed through. As soon as the noise of the express had died away, a woman's cries were heard, and the train crew rushing to the spot, found Scott's

mangled remains lying beside the track.

Mr. Scott, near by, saw a lady starting to cross the track, and, observing the danger she was in, with great pluck and presence of mind he caught hold of her and dragged her back into safety. In doing so he stepped on the track, with the result that the express passed over him.

Scott was a very little railway experience. He was 29 years old, and lived at 31 Ryde street. An inquest will be held on Friday into the circumstances surrounding his death.

A authorized statement to the representatives of the press:—I am perfectly sane now but I am going to Matteawan on the advice of my counsel who thought it unwise to sue for a writ of habeas corpus at this time. Counsel will proceed in the matter of my release just as soon as they get together the proofs they will present that I am at present sane. I am confident that my stay at Matteawan will be for a short period of time only.

# FURTHER DETAILS OF THE TERRIBLE TRAGEDY AT GRAND CASCAPEDIA ON TUESDAY AT NOON CONFIRM YESTERDAY'S ACCOUNT

*Andrew Campbell, His Daughter-in-law and Her Two Children Were the Victims of the Fire*

## TRAGEDY VERY MYSTERIOUS

(Special to the Morning Graphic.)

Further inquiries yesterday revealed the fact that the Graphic's account of the tragedy at Grand Cascapedia, was in the main correct. The fire, however, occurred at noon, and not in the early hours of the morning as stated.

The occupants of the house where the tragedy occurred were Mr. and Mrs. Andrew Campbell, their son, George, his wife, and five children. Two of the children were at school at the time of the fire and another happened to be outside somewhere. George Campbell was in the woods getting out wood.

**Her Clothes Wore on Fire.**  
About noon a neighbor noticed the flames issuing from the roof of the house and hastened to the scene. At the door he met Mrs. Andrew Campbell coming out with her clothes on fire. She was calling her husband to save their grandchild Lottie. The old man was doing some chores in the stable at the time, and quickly responded to her call. He entered the house and that was the last seen of him alive. Later his remains were found beside those of his grandchild Lottie. Mrs. George Campbell, it is supposed, ran upstairs to save her youngest child and perished in the attempt.

**Names of Victims.**  
The dead are Andrew Campbell, Mrs. George Campbell and two children, one aged two years and the other two months. Nothing was saved. The day was bitterly cold. A high north wind prevailed which helped to fan the flames and it was no time before the house was in ashes.

**Mysteries Surround Fire.**  
How the fire originated is a mystery and how it could have gained such a headway in the middle of the day as to prevent its occupants getting out in time is still a greater mystery. All the outbuildings were saved. The neighbors carefully guarded them from catching fire. The bodies were all recovered shortly after the fire had spent itself. Those of the two grown persons were burned to a crisp.

# FRENCH COUNTESS HUNTS IN AMERICA

*Woman Makes Trip Through Unexplored Region, North of Edmonton*

## BATTLE IN THE FOREST.

(Special to the Morning Graphic.)  
SEATTLE, Wash., Wednesday.—With four ravenous timber wolves battling fiercely with a black bear in the wilds along the Peace River in Canada, Countess Mherence de St. Pierre, of St. Brieux, Brittany, France, lay concealed behind a tree, watching the struggle for nearly a quarter of an hour. This occurred several weeks ago, while the titled woman from across the Atlantic was making the trip through the unexplored region north of Edmonton with only Indians as guides for her companions. Countess de St. Pierre, who is in Seattle at present, in speaking of the struggle, said:

For a time the honors of war were about even and so intent were the participants upon the fight that they did not notice the approach of the Indian guide and myself. We had been breaking trail through a heavily wooded forest, the Indian making his way through the timber and underbrush without any more noise than the occasional cracking of a twig beneath his moccasins. Following his instructions, I placed my feet in the tracks left by his moccasins, and in this way we were able to advance quietly.

**Battle in the Forest.**  
My first impulse when I came upon the four wolves fighting desperately with the bear was to shoot. I raised my rifle, but suddenly, the spirit of the struggle seemed to take possession of me, and I motioned to the guide to drop behind a fallen tree. From the concealment thus afforded we watched the battle for several moments. The timber wolves assailed the bear on all sides, snapping viciously at his heels and springing away before the slow-moving brute could turn. As the bear wheeled to meet one assailant another would spring at him from behind, and thus the combat continued. The bear was losing ground under the vicious attacks, and it seemed but a matter of minutes until it would be

# BATHURST HAS A NEW PRINCIPAL

*F. A. Dixon of Sackville Takes Charge of the Town Schools*

## D. G. McLACHLAN DEAD

(Special to the Morning Graphic.)

BATHURST, Wednesday.—The Boston Comedy Co. played last night to a full house, 'Beyond the Rockies.' Edwin Grey received a hearty reception as she played her part excellently. Mr. Harcourt as Nat Weber was a strong favorite. A. L. Hickey took the part of the gambler and villain of the play which he filled well. Harold Collins took an active part as Hank Jordan, the adopted father of Tris.

The death of D. G. McLachlan occurred between twelve thirty and one o'clock at the Robertson Hotel. Deceased was seventy-nine years of age and until a few months ago was active. He was a staid and dignified man for a number of years and was known to all as 'Judge'. He is survived by three sons, Ferguson, Augustus and Harry, all living in the States. Ferguson was with his father at the time of death, having been called here a few weeks ago. Deceased was one of the oldest and most highly respected citizens of this town.

Councillor Fred S. Legere of Carleton, was in town yesterday returning home this morning. A. J. Witzel, Tracadie, and opposition candidate for the Legislature is in town. F. A. Dixon, of Sackville, arrived last night and assumed the principalship of the Grammar School this morning. The scholars have had an extra three weeks' vacation since the resignation of Mr. Mitchell.

Miss Nellie Meahan was obliged to close her school at Carleton Point yesterday, the result of a slight fire, caused by a defective chimney. The fire was discovered at noon and from appearances had been smouldering for some time. A neighbor climbed to the roof and Miss Meahan assisted by the pupils carried and passed water with which she succeeded in extinguishing the flames.

Tonight the Boston Comedy Company play 'The Gold King' and tomorrow night 'The Gold King'.

# MARRIES HIS NIECE.

*Arcola, Sask., Man is Charged With Perjury.*

(Special to the Morning Graphic.)  
ARCOLA, Sask., Wednesday.—A young French Canadian of Wauchoppe, has been summoned on a charge of perjury, the offense, it is alleged, having been committed in securing a license by means of which he was wedded to his own niece. Both parties of the marriage are 17 years of age. It was reported that the wedding was an affair of honor, the young man having wronged his niece. It is further reported that the Wauchoppe priest would not marry the pair without a special dispensation from the archbishop. They then went to Manor, where a license was secured and the ceremony performed.

The magistrate sent the young man up for trial which will come off at Arcola in May. Much interest is manifested in the outcome, which will demonstrate if under any circumstances a man may marry his own niece.

# PLANNED ALFONSO'S DEATH.

*Anarchist Intended to Murder Spanish King and Queen.*

(Special to the Morning Graphic.)  
GERALTA, Tuesday.—Advices received here state that a dangerous anarchist, Jose Amador, by name, has been arrested at Algiers on his way to Seville. The police intimate that he intended to make an attempt upon the lives of King Alfonso and Queen Victoria, who are now at Seville.

# ROMAN CATHOLIC PRIEST IS KILLED BY A TROLLEY CAR BETWEEN QUEBEC AND MASTAI

*WOMAN FROZEN*

## One Farmer Loses Twelve Cows Through the Excessive Cold—Montreal is Extremely Cold

(Special to the Morning Graphic.)

QUEBEC, Wednesday.—Rev. Mr. Galarneau, 70 years of age, a Roman Catholic priest, was killed between Quebec and Mastai, last evening by a Q. R. L. & P. company's car. He was walking home from Mastai, where he had been visiting friends, when he was struck by the car.

An aged woman named Letourneau was found frozen to death near Chambord, one farmer from Riviere-a-Pierre, lost twelve cows through the excessive cold.

**COLD IN MONTREAL.**  
(Special to the Morning Graphic.)  
MONTREAL, Wednesday.—W. A. Bottomy, conductor of the G. T. R. freight train which was run into at St. Martin's Junction, was killed. Engineer Symonds, was arrested for manslaughter. He pleaded not guilty. The charge is that he had not protected his train by lights.

Montreal is suffering from extremely cold weather. All day yesterday the mean temperature was 15 below zero. At night it dropped to 21 below, and this morning many thermometers in outlying districts registered 22 below. In scattered down town sections it was 25 below.

# LADIES ESCAPE SERIOUS INJURY

*Horse Runs Away and Misses Gilker and Willet Thrown Out*

## GRAND CASCAPEDIA NEWS

(Special to the Morning Graphic.)  
GRAND CASCAPEDIA, Wednesday.—Misses Viola Gilker and Edith Wilmet met with an accident Monday evening, which might have resulted seriously had it not been for the assistance of Ernest Harvey, who happened to be present. While returning from the post office their horse became unmanageable, and coming on the ice, upset the rig, throwing the girls some distance. The horse at once started, but getting his leg over the shaft was directed up the river. Mr. Harvey, being just ahead, started at once after the animal, overtaking him and bringing him back safely to the scene of the accident. Miss Gilker escaped with slight scratches on her nose and forehead, and Miss Willet with losing her cap.

In last week's notes which read Mr. Nevill Stewart of New Richmond was the guest of Mrs. John Gilker on Sunday evening, should have been Mrs. James M. Gilker.

The weather still continues cold and stormy, on Tuesday evening the mercury falling to twenty-one, being the coldest of the season.

Schools and churches have reopened after being closed two weeks, owing to the small-pox scare.

Henry Nadeau is at present spending a few weeks with his brother in Port Daniel.

Congratulations to Mr. and Mrs. O. Harrison on the arrival of a baby boy in their home.

James Timond, of Shigawake spent a few days here last week visiting his sister, Mrs. William Robertson.

# BREEZY BUDGET FROM NEWCASTLE

*L. O. L. of County in Annual Session—Protest is Made*

## TORIES AT OPERA HOUSE

(Special to the Morning Graphic.)

NEWCASTLE, Wednesday.—The Northumberland County L. O. L. met with No Surrender Lodge here last night. The following delegates were present:—

Wm. Corbett, Newcastle, C. M.; Jas. H. Dale, Blackville, D. C. M.; L. B. McMurdo, Newcastle, C. Sec. No Surrender, No. 47, Newcastle—John Menzies, J. D. G. L.; Wm. Symon, D. M.; Jas. J. Stewart, Sr. C.; Geo. T. Bethune, W. M.; John H. Ashford, Clifford McDonald, H. H. Stuart, Empire, No. 125, Newcastle—Henry Wyse, P. M.; W. A. McMaster, R. S.; J. A. Follansbee, W. M.; Wm. Gremley, D. M.; E. O'Donnell, Treas. T. C. Hill, F. S.; James Beasley, D. of C. No. 90, Chatham—Wm. G. Tait, W. M.; Ross Harding, Chap.; Jas. Dickson, D. of C.; A. C. Anderson, D. M.; Chas. C. Cameron, Sec.; Jas. McDonald, Sr. C.

No. 79, Redbank—Jas. Parks, R. S. No. 110, Blackville—R. M. Grindlay, W. M. No. 113, Indiantown—R. A. Cummings, P. M.; Herbert Holt, W. M. No. 143, Loggieville—J. W. S. Babkirk, D. M.; A. E. Babkirk, R. S.; A. H. McKay, F. S.; Howard Archer, Chap.; Wm. H. Herlihy, D. of C.; Everett M. Watling, Sr. C.; J. W. Johnson, P. M. A resolution was passed, protesting against the abolition of the Blue and Purple degrees by the Sovereign Grand Lodge.

\$30.75 was collected for the True Blue Orphan's Home in Toronto. Refreshments were served by No Surrender Lodge at midnight. It was decided to meet quarterly this year next session to be at Loggieville, first Tuesday in May.

The following officers were elected for ensuing year. C. M., James W. Johnston.

D. C. M., W. G. Tait. Chap., Henry Wyse. F. S., A. E. Babkirk. R. S., J. H. Dale. Treas., R. M. Grindlay. D. of C., Herbert Holt. Lect., E. O'Donnell. Dep. Lecturers—J. A. Follansbee, L. B. McMurdo.

The Opera House was two thirds filled last night to listen to speeches by Messrs. Donald Morrison, John Morrissey, J. K. Flemming and J. D. Hazen.

A few days here last week visiting his sister, Mrs. William Robertson. P. E. Aspin, government engineer, with N. Arsenau of St. Omer, has been here this week to sign the contract for the St. Omer wharf. They have been the successful tenderers for the work.

The St. Jules schools have again opened, all fear of the smallpox having passed. Only one house has been infected in this part of the county and the case was discovered in time to prevent any spread of the disease.

# NEW CARLISLE

(Special to the Morning Graphic.)  
NEW CARLISLE, Tuesday.—There was a belated heavy fall of snow on Saturday night, blowing and drifting. Fully seven or eight inches of snow fell on Sunday it blew hard and turned very cold towards the evening.

Rev. E. A. and Mrs. Dunn arrived Friday on the train. They had been spending two weeks visiting at Quebec.

Mr. J. A. Bedard, manager of the Banque Nationale, New Carlisle, has left for a short vacation. Mr. Tessier, of Quebec, succeeds him for the time being.

# REVOLTING TALE OF CHILD MURDER AND EVEN WORSE COMES FROM THE PEACEFUL COUNTY OF CARLETON, NEW BRUNSWICK

*Richard Gray Slays Child of His Daughter of Which He Admits Being the Father*

## POLICE ON HIS TRAIL

(Special to the Morning Graphic.)

HARTLAND, N. B., Wednesday.—Deputy Sheriff Foster returned at noon today from near the American boundary line where he had been since Monday looking after one of the worst cases of crime in the history of Carleton county.

The story in detail is that on January 22nd Richard Gray telephoned to Dr. Field at Centerville to go to his house and see his daughter Stella. The doctor went and found that the girl was enceinte but did not say anything about it. The next night a child was born without medical assistance at which time the father of the girl acknowledged that he was the father of the child.

**Child Was Alive.**  
That the child was alive both Mrs. Gray and Stella testified. Gray himself said: 'I am the father of the child, but I'll never let her hear it.' Mrs. Gray had wrapped the child in a blanket and laid it on the bed. Gray took it in his arms and carried it out doors returning after ten minutes after disposing of it in some manner.

**Not Been Seen Since.**  
This was early on the morning of January 24th and he has not been seen since in that vicinity. In the course of the day Gray sent a telephone message across the border asking his wife if all was well. She replied 'All is well, say no more.' In the afternoon Mrs. Gray called on Dr. Field and told him the whole story. She asked him to go to the house which he did and found Stella in bed. The matter was reported to the Solicitor General and on Monday morning Sheriff Foster and Justice Smith went to Gray's house and got the parcel, the girl giving the facts as stated. Orders are now on the way to the United States. The body of the child has not been found.

# CAMPBELLTON LOSES

(Special to the Morning Graphic.)  
ST. JOHN, N. B., Wednesday.—In the McClellan cup match with the Thistle club here today the Campbellton curlers were defeated 15 points.

J. Fred Shaw won from T. Wraa 13 to 13; F. MacAndrews won from A. D. MacKendrick 18 to 11; A. D. Malcolm won from F. P. Weimore 16 to 15; W. A. Shaw won from P. M. Murray 14 to 12.

**LOCAL ADVERTISING.**  
We are prepared to accept a limited amount of advertising in our local columns. Prices for large quantities will be made right. 6-1f.

**LABOR PRINTING.**  
We are making a feature of promptness in delivering job printing when promised. Good Work. Right Prices and promptness will, in future be our motto. We are reorganizing our staff and expect to have everything in this department running smoothly in the course of a week. 6-1f.

# LABOR CLASS MAY HAVE A MINISTER

*Laurier Tells Labor Deputation That With Cabinet Reorganization Request May be Granted.*

(Ottawa Free Press.)  
With reference to the Co-operative bill to be brought to this session, the deputation thought the societies would be allowed to do banking business. Mr. Lemieux said this was a serious question, and it might occur that the Government might have to protect the people against themselves, as well as the banks. The Government would have to be careful in allowing societies to embark in the banking business. The matter would be further considered when all the evidence given on the subject had been printed.

In the matter of old age pensions, Sir Wilfrid Laurier said if such a scheme were established they would have all the paupers and criminals of the United States coming to qualify with a twenty years' residence. The scheme was certainly ahead of the times for Canada, and although Sir Wilfrid was open to conviction as to its necessity, he would like to see the man who would convince him.

Mr. Lemieux expressed the view that Canada did not yet, happily, want old age pensions. As to the amendments to the Lemieux Act, suggested at the Winnipeg congress, Mr. Lemieux thought it would be better to get a fair test of the act before making any changes. Regarding the importation of Hindus, Mr. Lemieux said an order in council had just been passed which would practically prohibit any further immigration of those people. Consideration was promised to a request for a Dominion workmen's compensation act and a commission on technical education, and as a disincentive of bonuses on immigration, Mr. Lemieux pointed out that they were only given to agricultural laborers and domestic.

# Subscribe for Events or Graphic NOW

## TOWN TOPICS

(From Monday's Graphic.)  
**LOTS OF SMELTS.**  
Fishermen are catching large quantities of smelts at Dalhousie.

**PERSONAL.**  
Rev. Father Robert of Mission Point is confined to his bed with a bad attack of la grippe.

**PRICE WEBBER.**  
Price Webber has been playing to full houses at Dalhousie. He presents 'Bought' this evening and leaves for Bathurst Tuesday.

**CURLERS TO LEAVE.**  
Four junior rinks of Campbellton curlers leave for Chatham Tuesday morning. Four senior rinks leave for St. John Wednesday morning.

**PERSONAL.**  
O. J. McCully, M. D., of St. John specialist in diseases of the eye, ear nose and throat, will be at the Robertson Hotel, Bathurst, Tuesday, February 11th, where he may be consulted. Glasses fitted if necessary.

**FOR ICY SIDEWALKS.**  
The town's new revolving harrow for slippery sidewalks is proving to be a great success, being much better for the purpose than either sand or ashes. The town fathers recommend the use of a similar machine to other municipalities.

**SMALLPOX IN ALBERT.**  
A messenger from a lumber camp near Flint Hill, in Elgin parish, Albert County, brings word that there is a bad case of smallpox in the camp. The patient is one of the crew. He is practically helpless, having been several days sick without proper attention.

**PIRE AT ARMY BARRACKS.**  
A slight outbreak of fire occurred at the Salvation Army barracks on Saturday evening at 9:30 o'clock. The alarm was sounded and the fire department responded promptly but it was found unnecessary to use the hose. The fire was in the roof and did not spread and was caused by a defective gas. Little damage was done.

**PROPHECYING BIG PRICES.**  
Some of the lumbermen are prophesying big prices for logs in the spring, and one lumberman yesterday remarked that the prices in the lumber market would be exceptionally good next summer. It is expected that one St. John firm has already offered \$14 per thousand feet for spruce logs delivered at Springfield in the early part of the season. This action is explained by mill men as brought about by the fact that the mill owners must have logs with which to start their mills in the early spring, so as to be able to keep in their supply their best men. While several of the larger St. John mill owners are carrying over large stocks it is explained that many of the mills have no stock on hand at all for the early spring, and they must start up as early in the season as the others if they are to retain their best men.—Frederick Gleason.

Following the coldest hours of the season came the heaviest snowfall on Saturday.

Early in the morning the thermometer registered twenty-one below zero. Towards noon it had moderated considerably and snow began to fall lightly. Towards night it began to snow heavily. A violent northeast wind sprang up and for hours the town was in the grip of the worst blizzard of the year. When the weather cleared early Sunday morning about thirteen inches of snow had fallen.

Two smoke stacks on the factory of J. & D. A. Harquail were blown completely down when the wind was at its height. A portion of one smoke-stack was replaced yesterday afternoon to enable the work of the factory to proceed today.

The storm along the western end of the I. C. R. was reported particularly severe and all trains were delayed. The storm was bad in the east, too. The west bound train did not arrive here until eight o'clock yesterday morning. She was held here two hours on account of a run off at Matapeia. Two freight cars had left the rails owing to the heavy drifts.

Great difficulty was experienced in clearing the yard here. A few electric light wires were broken here and slight damage done to other wires.

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitations."

The splendid saw mill of the Lousion Lumber Company at Jacquet River, was destroyed by fire yesterday afternoon, together with its machinery. The loss is believed to be in the vicinity of \$20,000.

The mill was not yet quite completed, but it is said it would have been the finest of its kind in the province. It was thoroughly up-to-date in every particular. The engine house and boiler room attached were built of concrete and it is believed they escaped destruction.

The origin of the fire is not known, but it is believed to have been from the floor lighting in some manner.

The Lousion Lumber Company is a new concern. Of late it has acquired three lumber properties down the line, viz., Calhoun's, McKinnon's and Dutch's.

**PERSONAL.**  
Dr. Chapman leaves this morning for his home in Amherst.

**ENGLISH MAIL.**  
The English mail passed through here on Saturday at 9:30 a. m.

**QUARANTINE RAISED.**  
The house of Wm. St. Onge was released from quarantine on Saturday. The house and furniture were thoroughly fumigated.

**PERSONAL.**  
Miss Grace Chamberlain who has been ill with pneumonia for some time is, her many friends will be pleased to learn, now convalescent.

**SNOW PLOW OUT.**  
The town's snow plow was out early Sunday morning and traversed the principal streets. Its good work was greatly appreciated by church goers and other pedestrians.

**HOCKEYISTS GIVE SUPPER.**  
The Queen's hockey team entertained the Nickerson hockey team on Saturday evening. A substantial supper was served. Many speeches, suitable to the occasion, were delivered.

**CAMP QUARANTINED.**  
Major Doherty of Esquimaux who was scheduled to play the Thistles. On Thursday afternoon they play the St. Andrews club. These games are for the McCaffrey cup.

**OPPOSITION CONVENTION.**  
The opposition convention will take place in this county in the opera house on Wednesday afternoon, February 12th to nominate candidates for the forthcoming provincial election.

**COMMISSIONER COOMBS.**  
Commissioner Coombs and staff will be at Newcastle on the 21st and at Chatham on the 22nd. A splendid illustrated lecture, entitled "From Bethlehem to Calvary," will be delivered at each place.

**LOSE TWO HORSES.**  
A valuable horse belonging to Coughlan Bros., contractors for the Shives Lumber Co., died in the woods on Saturday. This is the second horse the above firm have lost this season.

**MATCH POSTPONED.**  
The hockey match between the Thistles and Victorias which was to have been played this morning has been postponed, owing to a large number of people going to the Dalhousie carnival.

**CONVENTION FRIDAY.**  
A convention of the supporters of the government of Hon. Clifford Robinson will be held in the Masonic Hall, Chatham, Friday afternoon at 4 o'clock for the purpose of nominating candidates to contest the County of Northumberland in behalf of the government.

**LOYAL TEMPERANCE LEGION.**  
The Loyal Temperance Legion will hold a social meeting in the W. C. T. U. Hall on Thursday evening when the members will entertain their friends with an interesting programme and refreshments. All members of the W. C. T. U. are cordially invited to attend.

**GETS TWO YEARS.**  
George Ansprey, charged with having burglarized Clara's jewelry store, was tried before Judge McLachly under the speedy trials act on Monday at Dalhousie and sentenced to two years in the penitentiary. Conway, his alleged accomplice, will be tried at the regular sitting of the court.

**THE LOCAL LEADERS.**  
The combined circulation of the Morning Graphic and Events in the town of Campbellton is now 410 copies. Our circulation books are open to the inspection of any business man. This is more than double the circulation of our local contemporary, and is conclusive proof that advertisers reach practically all the people when they use these papers.

**MISS WILLIAMSON'S SUCCESS.**  
A late issue of the Moncton Transcript says:—Miss Olive Williamson a graduate of the Conservatory of Music at Halifax, and former pipe-organist of the Presbyterian Church at Newcastle, was heard to good advantage in a couple of numbers last evening at St. John's Church. Miss Williamson is a daughter of Mr. John Williamson, I. C. R. locomotive engineer running between Newcastle and Moncton.

**BORN—ON** Friday morning, the 31st of January to Mr. and Mrs. Felix Louis LeCouteur, a son.

**PLAYING SAFE.**  
Hyker—I understand there were some high words between you and Knox yesterday.

**HYKER—Yes;** also about a mile of telephone wire.

**THE LOCAL LEADERS.**

L. R. McLaren, St. John, is at the Royal.

**PERSONAL.**  
E. E. Neale, of Chatham, is staying at the Royal.

**PERSONAL.**  
W. F. Napier left yesterday morning for Montreal where he will spend several days.

**PERSONAL.**  
Mrs. W. H. Miller will be at home to her friends, Andrew street, on Thursday afternoon and evening, Feb. 6th.

**WILL RECEIVE THEM LATER.**  
Messrs. S. C. Charters, Point du Chene, G. Montgomery, Alberton, P. E. I. and A. Fraser of Pictou Jct., representatives of the I. C. R. Telegraphers returned from Ottawa by the Maritime express today. Owing to the illness of the Minister the interview which these representatives sought did not take place. Arrangements have been made for the Minister to receive the delegates in a fortnight's time.—Moncton Transcript.

**Rev. H. P. Waring, M. A.,** pastor of the First Baptist Church of Halifax, began a series of special revival services in the Baptist church last evening and made a splendid impression on those who heard him. For forty minutes he held the closest attention of those present as he pictured the consequences of sin in this life. His text was from 2 Sam. 12:13. "And David said unto Nathan I have sinned." He said in part:—David was a sinner and he knew it, but it took the words of Nathan in the parable to arouse into awful activity the deeper but mighty conscience of the sinful king. It was not the power and personality of the prophet great though they may have been that conquered the mighty warrior. It was the same power that makes it difficult for one who is not an incarnate fiend to look the whole world in the face after he has committed some great sin. After graphically describing David as a sinner and David as saved he went on to show how though he had found forgiveness he still had his new work rooms on the ground floor and use electricity throughout the day. He often found it necessary to use lamps in the day time at present. He thought that if the service was to be started it should be started now while the days were short.

**T. Wran & Co.,** Believing that the majority of business men of Campbellton are in favor of an all-day electric service the Graphic has commenced to obtain opinions on the subject. The first installment of interviews appeared in Saturday's Graphic. Following is a result of yesterday's inquiries:—

**MacKenzie & Co.**  
J. R. MacKenzie, head of the above firm, said he was very much in favor of an all-day electric service. If the service was in operation he would have his new work rooms on the ground floor and use electricity throughout the day. He often found it necessary to use lamps in the day time at present. He thought that if the service was to be started it should be started now while the days were short.
