## PURIFIERS HERE NEXT WEEK

They Will Be Completely  
Installed Within Three  
Weeks

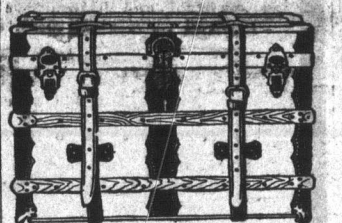

Gas Company Will Then Be  
Able To Supply All  
Demands

In an interview with Field Superintendent B. F. Dowd, of the Iroquois Pipe Line Company and Volcanic Oil and Gas Company, The Planet was informed yesterday that the new purifiers will be here in a week or ten days, and Mr. Dowd says that thereafter all gas will be purified. The purifiers will all be installed within the next three weeks.

The Volcanic Company are now laying pipe to connect up the Graham, Richardson and Grant wells, which will give an added supply of 6,000,000 cubic feet per day. This quantity added to the present output makes 120,000,000 cubic feet per day, and assures the company of a supply which will meet all requirements from a small jet to a 250 horse power boiler. They have also this week placed an order for ten miles of six-inch piping to replace the three-inch pipe now connecting the city with the Haldimand well. Superintendent Dowd understands that the Chatham Gas Company have ordered two miles of three-inch pipe, which will be used to connect the city mains with the new purifying station at the rear of the C. P. R. station, for a high pressure service. A quantity of four and eight-inch pipe has also been ordered by the Chatham Gas Company, which will be used to replace that now used for the low pressure system. The gas companies will now be in a position to supply all demands made upon them.

## TEN THIEVES CONVICTED

Crown Attorney Smith  
Succeeds In Rounding up  
Whole Gang

Court Concluded Yesterday  
The Grand Jurors' Presentment

The sessions at the County Court before Judge Dowlin, were concluded yesterday afternoon. Thomas Smith, who was up on a charge of theft, was let off with suspended sentence, and Herbert Bowers, of Wallaceburg, who was also charged with theft, was found not guilty and the case was dismissed.

Oliver Turcott, of Wallaceburg, who was charged by Mrs. Robert McLean, of Wallaceburg, with assault, was dismissed.

Smith was given a suspended sentence largely on account of the fact that he has thirteen children depending upon him. He is the tenth of the Dresden chicken thieves to be convicted. This speaks well for the excellent work of Crown Attorney H. D. Smith, who was complimented for this in the Grand Jurors' presentment.

## THE PRESENTMENT

To His Honor Judge Dowlin:  
We, the Grand Jurors, beg to congratulate you upon the fact that we have not been called upon to deliberate on any serious cases.

We would like to record our admiration at the efforts made by the Crown Attorney, to put down chicken stealing, thus protecting the farmers and others engaged in this great industry, a duty nobly done and appreciated by the County at large.

We wish to thank His Honor Judge Bell for his kindly advice and the Crown Attorney for his courtesy and assistance.

In the County Gaol there are three prisoners, a fact for congratulation. Although an old building, we found the inside up-to-date, comfortable, and remarkably clean; the officers and inmates had no complaints to make, and we believe the jailor to be a thoroughly competent official.

We also visited the House of Refuge and found it in excellent condition, the master and matron being very competent officials. The fifty inmates are in good health, and good order is maintained. The farm and the buildings are in excellent shape.

We find the fire hose defective, and would strongly recommend a new rubber hose and reel to replace the old one, a defective hose being a menace to the lives of the inmates, and the protection of the valuable buildings.

The hospitals and other institutions are well managed and in good order.

ARTHUR PENNING, Foreman.

Chatham, June 12, 1907.

## AN ENORMOUS SALE

The C. Austin Company are once more making preparations to improve and enlarge their store. The Austin establishment is one of the institutions which has kept abreast of all improvements and developments in this city. Chatham trade is growing, and the management of the Austin Store recognize this fact, and is making preparations to accommodate all the present customers, and those who are being added daily.

In order to make room for the carpenters and others, the Austin Company have found it necessary to clear out an immense amount of goods. They want the people of Chatham and vicinity to take these goods away for them, and in order to get them moved out quickly they are offering them at prices which cannot fail to satisfy the bargain-lover.

A careful perusal of the Austin advertisement will satisfy our readers as to further particulars of this gigantic sale.

## NEXT MEETING FOR BERLIN

Catholic Order Of Foresters  
Had Busy Sessions  
Yesterday

More Telegrams Of Greetings Received—Opposed  
to Rate Increases

At the session of the Provincial Court of the C. O. F. here yesterday, it was decided to hold their next convention in 1908 at Berlin.

There were several places after this meeting. Cornwall, Toronto and Collingwood made strong bids at the convention, Collingwood offering to give public buildings free for the purpose of holding sessions.

The sessions during the day were chiefly taken up with the receiving of reports, which were all adopted with few amendments.

The convention went on record as opposed to the proposed increase of rates, leaving the matter, however, to the discretion of the delegates to the international convention.

The convention favored the appointment of organizers to work in the Northwest provinces and British Columbia. They made strong recommendations in this matter to the international convention.

Last night at eight o'clock an exhibition was made by the firemen for the benefit of the delegates. The brigade was loudly cheered, as they passed down King street. The street was lined on both sides by visitors and citizens.

It was decided to leave the election of officers over until to-day, and the remainder of the evening session was taken up with short speeches and songs. The delegates put in a very enjoyable and interesting time.

The following communication was received appointing Bros. Boudreault and Quinn to the Legion of Honor: Mr. Vincent Webb,

Provincial Secretary:  
Dear Sir and Brother,—We forward under another cover badges of the Legion of Honor to be presented to Bros. C. S. O. Boudreault and Michael Quinn by direction of the High Court. We trust they may be spared long to enjoy the honor conferred.

Fraternally yours,  
THOS. F. McDONALD, High Secretary.

In addition to the many telegrams published in last evening's Planet, the following were received during the afternoon:

Dr. Connolly, Provincial High Chief Ranger: My blessings upon the convention and upon all who take part in it. May be "Qui incrementum dedit" make your labor fruitful more and more. Wm. A. McDonald, Bishop of Alexandria.

Muskegon, Mich., June 12.—To Vincent Webb, Provincial Secretary C. O. F. C. convention: Michigan Foresters in convention assembled extend family greetings. God bless our mission. Wm. T. Burns, State Secretary.

St. Thomas, Ont., June 12.—To Catholic Order of Foresters in Convention: Your fraternal greetings have been received, and the Canadian Order of Foresters in convention assembled most heartily reciprocate same and wish your Order every success. J. A. Stewart, High Chief Ranger.

North Bay, Ont., June 12.—To B. G. Connolly, Provincial Chief Ranger: My blessing most cordially given to the C. O. F. Bishop Scollard.

After the business last evening, the members enjoyed a social time and a few speeches. This was a very interesting feature of the convention and gave much enjoyment to the delegates.

Mr. St. Pierre, of North Bay, gave some recitations of his own composition, in the habitant language; John Chisholm, of Cornwall, gave some of his witty Gleaner stories; L. V. Bray, of Toronto, gave a fine speech; Father McGuire, of Hastings, gave a speech which was considered the best of the evening; Michael Morgan gave a song; Ald. Stephens, of this city, recited a piece in the German dialect; Mr. Harrington, of this city, rendered a song; and J. P. Dunn, of this city, also gave a song.

This morning, before the election of officers was commenced, Dr. Connolly, the retiring Provincial Chief Ranger, was presented with a testimonial in the shape of an address and a purse of gold. The presentation was made by J. A. Chisholm, who made a very neat speech, as also did Rev. Father Beausoleil, who replied for the French-Canadian members of the Order.

The committee in charge of the presentation was Rev. Father Beausoleil, P. V. C. R. Montreuil, Controller Ward, of Toronto, and Mr. Chisholm.

The election of officers this afternoon, up to the time of going to press, had resulted as follows: Provincial Chief Ranger—L. V. Brady, Toronto.

Provincial Vice Chief Ranger—Albert Montreuil, Walkerville.

Provincial Secretary—Vincent Webb, Ottawa; re-elected.

Provincial Treasurer—Geo. W. Seguin, Ottawa; re-elected.

The election of Provincial Trustees is still in progress.

## HILLMAN—CRABILL

The following is taken from the Independent, of Delta, Colorado: Letitia Mary Crabill was married to Walter George Hillman, at the home of the bride, Wednesday, June 6, at the hour of 12 o'clock, noon. The bride looked beautiful in a white embroidered robe and carried white roses. The house was decorated with smilax, palms and white carnations.

The principals in this happy affair are two of Delta's worthy and most promising young people. Mrs. Hillman is the handsome and accomplished daughter of Mr. and Mrs. A. B. Crabill. She has been raised and educated in Delta, and is an accomplished musician, organist at the Methodist Church, and is an active church worker. Her list of friends is only limited by the extent of her acquaintances, and these friends love her for the high quality of womanly character which she possesses.

The groom, Walter G. Hillman, is a fine young man. Always courteous and obliging, he manifests to all a character of manliness and uprightness which wins friends and establishes confidences. He came to Delta five years ago to accept a position in the First National Bank. Four years ago he was entrusted with the responsible position of cashier, the exacting duties of which trust he has performed in a most praiseworthy manner. He has firmly established himself in the confidence of his employers, as well as the bank's patrons, and his future in the business world gives promise of splendid accomplishments.

Mr. and Mrs. Hillman took their departure on the Wednesday afternoon train for an extended honeymoon trip to Ohio, where they will visit relatives of Mrs. Hillman, afterwards going to the Jamestown Exposition, Niagara Falls, and to Mr. Hillman's old home in Canada.

Walter Hillman mentioned in the above is an old Chatham boy, and was formerly connected with the Chatham Loan & Savings Company of this city. His many friends will join in congratulations and hearty wishes for a useful and happy future life.

### THE WATER COMMISSIONERS.

It is questionable whether the Commissioners have acted wisely in deciding to force all water consumers to re-arrange their water pipes as to install or change their meters to receive the water for the lawn as well as that for the house.

The water used in bath rooms and house taps is a commercial article and the householder should pay fully for what he uses. The public is not interested beyond receiving a fair price for the water consumed. It is well, therefore, to require a meter to limit the supply and to prevent waste or to make the householder pay for his own want of care. Moreover, the consumption being within the house the meter is necessary to prevent unseen imposition.

With lawn services the public interest is entirely different. In some places water for the lawn and street is furnished free in order to encourage the householder to install lawn hydrants and beautify the town and lay the dust for the comfort and pleasure of the citizens at large. Every citizen who strolls along our beautiful streets on a Sunday afternoon derives pleasure and health from the water used upon the lawns and pavements. Heretofore the public has been encouraged to use free water because they paid a flat rate, according to the size of the lawn, no matter whether much or little water was used. This worked well, and our city has rapidly grown in taste and beauty, and we have been proud to drive our visiting friends about the town.

Now all this is to be changed, and the water has to be doled out through a meter for the lawns and streets. Instead of being encouraged to cultivate a luxuriously green turf and a dustless street, we will be drawn on by the Commissioners for a meter rate or our supply will be cut off for disobedience to the New Meter By-law.

There may have been some abuses of the flat rate system for lawns, but the whole public should not be penalized on account of the reckless waste of a few culprits. The lawn service is outside and open to inspection and the by-laws should be amended to reach the culprits instead of to punish the many, who are innocent of wrongdoing.

In addition to all this, many of our citizens were encouraged to install a system of waterworks with meters on the house service only, and such services were put into many houses with the license and approval of plumbers sent out by the Commissioners. It now seems contrary to natural justice for the Commissioners to tell such citizens that they must at their own expense change all this, re-arrange all their lawn hydrants so as to bring the water first into the house and through the meter and then back to the lawn or have their water supply cut off!

The burden of changing our gas pipes was keenly felt by many, but that was through the desire of the citizens to procure a cheaper gas. Now the same citizens are told by the Commissioners that they must at their own expense and against their will change the very system of water pipes which the Commissioners by their by-laws authorized and by their licensed plumbers installed. Is this right? Should not this new meter by-law be repealed so far as it relates to lawn service?

### BIG WELCOME GIVEN TO REV. MR. NEILLY

The congregations of Verschoyle and Culloden met in St. Andrew's church, Verschoyle, on Friday evening to extend to Mr. and Mrs. Neilly and family a welcome to their community. The church was well filled and an excellent program was given, after which the following address of welcome was read:

To Mr. and Mrs. Neilly: We have assembled here this evening for the purpose of extending to you and your family a general welcome to the friendship of our family circle within which lie the elements of our hopes and affections. Not only is the welcome of our congregations herein represented, but also the good will of the village and community, who are anxious at this vital moment to make your sojourn among us as pleasant and unbiased as a natural harmony can produce. We wish to unrobe ourselves of any forms of friendliness and easiness and stand aside any useless auguries of future forms or fashion and by concentrated effort in the living present, formulate a true basis of understanding as exists when friend meets friend. In your introductory address to us you have outlined certain modes of procedure that should prove successful. You have stated certain beatitudes that must exist in the efforts of both pastor and people,

and we hope in a measure at least to fulfill the predictions you have already formulated. We feel you are earnestly cognizant of the responsibilities of your position, and our future prayer shall be that the Omnipotent God who supplies our every need, will so assimilate our daily earthly affections that a harmonious working for the good of all concerned may be the eventual goal of your efforts.

Mr. Neilly thanked the people for their kindness and hoped that the union now existing will be a lasting one. The congregation then repaired to the basement, where an excellent repast awaited them.

### BLOOD POISON THROUGH STOCKING DYE

#### CURIOUS CASE AT KINGSTON.

While attending to her household duties Mrs. A. Harrison, Place-d'Armes, Kingston, Ont., struck her ankle against a projection which inflicted a cut. She paid little attention to the wound at the time, but in a few days it became swollen and very painful. A medical man was consulted, and it was then found that the dye from her stocking had got into the wound and set up blood poisoning. Then began a trying period of pain, which, had it not been for Zam-Buk, might not even yet have been ended. Mrs. Harrison says: "The doctor ordered certain treatment, which I followed out; but the wound got no better, and refused to heal. It was most painful, and sometimes I could hardly bear to walk. I was almost in despair when a friend advised me to try Zam-Buk. It soon reduced the swelling and inflammation, and the pain—so acute before—got less and less until the ankle was quite easy. Then the wound began to heal, and a little more perseverance resulted in a complete cure."

Zam-Buk draws the pain and the poison from a wound at the same time. It heals ulcers, chafing sores, sore feet, bad legs, and various ulcers. It cures insect stings, sunburn, summer rashes, and heat spots; while as a cure for chronic wounds, eczema, prairie itch, ringworm, scalp sores, and sores due to blood poison, it is absolutely without equal. All stores and druggists sell at 50c, or post-free from the Zam-Buk Co., Toronto, for price.

### LADIES OF THE HOME

Meeting opened with Lord's prayer.

The ladies wish to thank the friend in Port Lambton who so kindly sent the quilt to the Home, also the friend from the city who so kindly sent the new waist.

The following accounts were passed: Ward 1—H. Weaver, \$4. Ward 4—Mrs. Rumble, \$3; C. Cherry, \$7; Mrs. Mathers, \$5. Ward 5—Wm. Manning, \$9.25; O. L. Dolsen, \$6. ### THAMESVILLE

Thamesville, June 12.—The funeral of the late Mrs. Stonehouse took place Saturday from the residence of her daughter, Mrs. H. Mills. The service was conducted in the Methodist church by the Rev. Fulton Irwin, assisted by Rev. John Melniss. The remains were buried in the Mayhew cemetery.

Mrs. Fulton Irwin is spending a few days in Blenheim and Leamington.

Reeve Ferguson has returned from Chatham, where he has been attending the County Council.

Lieut. Blatchford left yesterday for camp at Niagara on the Lake.

Mr. John Davidson, of Chatham, spent Monday in town.

The Ladies Guild of the English church are giving an entertainment in the Ferguson Opera House tonight under the direction of Miss Laura Sheres, of Bothwell. The proceeds will go towards building a Sunday school room for St. Stephen's church.

Mr. Will Sheppard, of Winnipeg, is the guest of Mrs. Robert Duffas. Mrs. Aldous Mayhew is quite indisposed.

Mr. Alex. Julien, a prominent farmer of Howard, dropped dead early this morning from heart disease. The deceased was a member of the Methodist church here. He is survived by a wife and five children, one of whom is Mrs. Thos. Martin.

**God's Care For His Children.**

To the Christian heart there is scarcely a thought more delightful than that embodied in the words "He careth for you." Amid all the happenings of this life so much seems to occur by chance and to the unobservant and undevout without any regard for the happiness of God's creatures that it requires some faith to believe there is an overruling providence which really cares for us. We are not only assured that this is the case in the words of holy writ, but every true Christian has the confirmation within himself that his heavenly Father is caring for him continually, watching over him with infinite love and tenderness, concerned in all that happens to him—indeed, permitting nothing to happen to him, but controlling everything in His directive providence. The Christian feels this, and it gives him courage to go forward with the assurance that he is not left alone in the trial and struggle, but is always and everywhere compassed about by the kindly providence of his God.

Most of us can off a sure remedy for our people's ills.

## LITERARY

Little Folks for June opens with a sweet little poem, A Cycle of Candies, that any child will like to hear about the time of their birthday. Whittier and His Child Friends is an account of the great poet's love for children, especially his little cousin, Carrie Maude. A Little Misunderstanding is the story of two little girls who were left alone in the house for the first time, while their mother went to town. A Clever Colt describes a horse that was as clever as the trained horses we see in circuses.

Jimmie and I is an exciting story of a fire; in addition to these of which we have made special mention there are many other short stories and poems that will be greatly appreciated by all children. Published by S. E. Cassino Co., Salem, Mass.

## FAVORS CHURCH UNION

General Assembly Adopts Report After Prolonged Debate.

Hersey Hunters Object to Dr. Gordon's Appointment at Montreal College—Dr. Sedgwick Leads the Attack—Court of Orthodoxes Needed—Genesis Not Myth—Principal Scrimger Defends Liberal Views.

Montreal, June 12.—The heresy hunters strained at the leash in the general assembly yesterday morning, but failed to arouse much sympathy. Rev. Dr. Sedgwick and J. K. MacDonald were the chief spokesmen against the appointment of Rev. Alexander R. Gordon, Dundee, to the chair of Old Testament literature and exegesis in the Montreal College.

Principal Scrimger read letters rating Mr. Gordon highly as an Old Testament specialist. Dr. Sedgwick produced a copy of the Hibbert Journal for October, 1905, containing an article by Mr. Gordon on "The Religious Value of Genesis." The views there set forth startled him he could not acquiesce in this appointment as Genesis was represented as a mass of myth and legend. A myth was nothing but a fairy-tale.

Dr. Turnbull moved, Rev. George MacArthur seconding, to remit the question to a committee to report.

Principal Patrick, who was a personal friend of Mr. Gordon, asked who was to define the orthodoxy of the article. It could not be settled by that or any court. The only way was free discussion by reverent and believing men. Moreover, it was his own standpoint, and was taught in every college of the church but one.

"More's the pity," said Dr. Sedgwick.

**Freedom to Express Views.**

Principal Scrimger asked where could a competent man be found who would not ask freedom to express his views. Dr. Sedgwick had not followed his own views to a logical conclusion, but had taken the opportunity to attack a stranger. If he was ignorant he was not in earnest.

Dr. Sedgwick demanded a retraction, and Dr. Scrimger said Dr. Sedgwick had taken no pains to get the views of other professors. This was still more offensive to Dr. Sedgwick, who insisted on a withdrawal. As far as the stock, since Friday as reported by the railways were 73 car loads, composed of 1167 cattle, 799 hogs, 344 sheep and lambs, 300 calves, and 38 horses.

## HAVE YOU CATARRH?

If you have catarrh, with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucus, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hyomei at once.

Hy-me-i is made from nature's soothing oils and balsams and contains the germ-killing properties of the pine woods. Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hyomei outfit costs but \$1.00; and G. H. Gunn & Company give their personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

**Tried to Wreck Train.**

Los Angeles, Cal., June 12.—According to the statement of railroad officials an attempt was made Saturday to wreck the southbound Southern Pacific overland train, a short distance north of this city.

A track walker found a heavy log-chain bound across the rails at a siding switch, which, if not discovered, would have thrown the train off the track.

The scene of the attempt was three miles from the river station to Los Angeles, and a short distance from West Glendale, where a passenger train was recently thrown off a trestle through the alleged efforts of train wreckers.

A freight train passed over the track an hour before the chain was discovered.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, both are important, both essential.

Dr. Shoop's Night Cure is the local treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, enters nervous system, gives renewed vigor and ambition, builds up wasted tissues, brings about new strength, vigor, and energy. Take Dr. Shoop's Tablets or Liquid—a general tonic to the system. For positive local help, use as well.

**Dr. Shoop's Night Cure**

"ALL DEALERS"

**Origin of "Hurrah!"**

The history of many a race may be read in its battlements. The "Banzai!" of the Japanese, the "Faghghallah!" of the Irish and our own "Hurrah!" have found their origin far back in history.

Although many authorities have declared that the word "hurrah" is a development of the Jewish "hosannah," the consensus of opinion now is that it is a corruption of the ancient battle-cry of the wild Norsemen, "Tyr ale!" meaning "Thor aid us!" Formerly the word was spelled "hussa" and pronounced "hurray." In one form or another it is used by almost every nation.

**Do You Open Your Mouth**

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you swallow into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle of Dr. Shoop's Night Cure, this information, and wishes to make it known to all.

An error was made somewhere in the statement that President Cornelius, of the Wolverine Brass Co., was to come to Chatham to select a site for their Canadian factory yesterday. It should have been stated that he would arrive here next Wednesday, by which time he will arrive home from California.

Fire Chief Richard Pritchard is still confined to his home through illness. His physician states that the Chief is suffering from a bad strain to the cords of one of his lower limbs. The Chief received his injuries from a fall off his wheel while hurrying to the scene of the Jernyn drowning accident recently.

The alterations and improvements to the offices on Fifth street, occupied by Messrs. George Heyward and Arthur Dunn, have been completed, and the interior of the building has now a very creditable appearance. Mr. Heyward has established a wholesale tea agency, and Mr. Dunn will continue in the insurance business.

The Grand March was repeated at the Roller Rink last night with greater success than ever. The music played by the band during the march last night was particularly well rendered, and was most appropriate. There were many complimentary remarks on the music rendered by the band last night. The march was led by George Watt and Miss Muriel Massey and Robert Mitchell and Miss Ethel Burnie. The attendance last night was one of the largest so far, and the evening was a most enjoyable one from every standpoint. The management have announced that they may inaugurate a new system for the march on the next occasion.

### A CLEVER ADVERTISER

In H. W. Ball's "ad" yesterday appeared an item \$35 women's Tailored Suits for \$12.50. This was the printer's error. The price should have read \$17.50 instead of \$12.50. Mr. Ball is one of the cleverest advertisers in Western Ontario. His "ads" are always well written and interesting. They are, therefore, widely read, and it is unfortunate that this error crept into The Planet yesterday.

Many men think of nothing but financial matters.

## Clothing Department Extra . . .

A Stirring Call to Chatham's Greatest Clothing Centre.  
Don't Stir A Step Until You Read This!

WE will use the word "Bargains," a good old English word somewhat overworked, but it fits this sale perfectly. Last week our clothing buyer visited the Eastern markets and bought at about 50c. on the dollar, the surplus stock of Messrs. Copley, Noyes & Randall, of Hamilton, and Messrs. H. Vineberg & Co., Montreal, the makers of the noted Progress Brand Clothing. They wanted the money, and they knew it was far better to sell at a loss than to pack away the stock, pay extra insurance, take chances of changing styles, and lose the interest on their money. The stock is now here, and

Our Patrons Will Reap the Benefit . . .

Any man who expects to continue wearing clothes cannot afford to turn his back on this great sale. Here are inducements in prices that will make pocket-books fly open quickly. No more to be had at these prices. Act at once! These goods will not be here long!

**ROYAL Baking Powder** preserves its leavening strength until used. The last spoonful in a can is as good as the first, and its work is always uniform. Housekeepers have been vexed when using other powders to find their work uneven. If good when fresh, before the can is empty they make sour or heavy food, and the flour, eggs and butter used therein are wasted. This is because they are made from alum or other cheap and inferior ingredients.

**ROYAL BAKING POWDER**  
Food always sweet and light can be assured only by the use of Royal Baking Powder exclusively.

Complaints have been made about a lever that stands in the walking path of the Aberdeen bridge. This lever stands up at about the height of a man's knee and is very dangerous to pedestrians. Persons have struck their knees on the lever and have received painful injuries. This obstruction should be removed at once.

H. A. Andrews received a letter this morning from John Bennett, a former resident of this city. Mr. Bennett is at Racineville, Sask., and has met with decided success. He says "the summer is here at last, the crops look fine, but business is rather dull, as the farmers are making up for lost time." He conducts a departmental store and is doing well. The town is only four years old and is growing very fast.

W. F. Sutherland, formerly of the Merchants Bank here, left for Winnipeg on Monday. About eight months ago he was promoted to teller in the branch at London, and a short time ago was moved to Bothwell as teller and accountant. He came here some five years ago and attended the C. C. L. for one year, after which he took up bank work. Mr. Sutherland will be much missed for his genial ways and ready wit. His many friends wish him every success.

A citizen said this morning to a Planet reporter: "If some gentleman with capital to invest would procure plots of ground and erect houses which would rent for, say, \$6 to \$8 per month, there would probably be a good investment for him. As it is at present, there are houses to rent at \$9, \$10, and up to \$15 per month, but the average wage earner cannot stand these rents. It is now up to some enterprising gentleman to erect houses as above mentioned. They could be built detached, and could be erected in different parts of the city, thus making it handy for employees in the different industries of the city. Galt has had the same problem before them, and several solutions have been offered by their citizens."

## BEEF COMMISSION STARTS.

No Cold Storage Facilities Are Provided  
in the West.Medicine Hat, Alta., June 11.—The  
Beef Commission, which is to prove  
the whole western cattle industry, be-  
gun work yesterday afternoon.The evidence showed that the ranch-  
men could see little evidence of com-  
petition among the buyers. It seemed  
that the buyers arrange certain dis-  
tricts and only one buyer appears in  
that district. None of them could ac-  
count for the spread between the  
prices they received and those charged  
in retail butcher shops.James Hargrave, a rancher of Medi-  
cine Hat, said he disposed of his cat-  
tle to local buyers or by shipping di-  
rect. Prior to three years ago animals  
three years old averaged \$35 to \$45.  
In 1905 four-year-olds averaged \$42.  
Last year buyers seemed more anx-  
ious for stock and the price was about  
\$47. Buyers deducted five cents from  
the weight of the animals to make up  
for shrinkage of the trip. This did  
not seem fair, but ranchers had to  
put up with it.Prices were regulated by the British  
market. The cattle were not fit  
for beef in the early season and the re-  
sult is heavy selling in the fall.  
Where feed is plentiful it would pay  
to fatten the cattle for the early sum-  
mer market.Witness knew very little about the  
sheep industry of this district. He  
heard there was not enough to meet  
local demands. Feed was too scarce  
to make hog-raising a paying indus-  
try. Pork was brought from the Ed-  
monton district."Why did you change from ship-  
ping your cattle direct to Great Brit-  
ain to selling to local men?"  
"Because charges were so high and  
very frequently we struck a bad mar-  
ket. The total charges averaged \$33  
to \$35 per head."Nothing but Salt—and such

## CRIME FOLLOWS CRIME

How Orchard Plotted to Dyna-  
mite Boarding House.Witness Added Card Sharper to His  
Other Accomplishments—Adams  
May Give Strong Evidence—De-  
fence Gets Little Help—Skeletons  
of Non-Union Miners Discovered—  
Orchard Shows No Sign of Fatigue.Boise, Idaho, June 12.—When the  
Haywood trial was resumed here yester-  
day at 9.35 a.m. Harry Orchard  
continued his testimony.Attorney Richardson continued to  
question the witness about the at-  
tempts he made upon the life of Fred  
Bradley in San Francisco. Orchard  
said he roomed near the Bradley  
home, being able to overlook it from  
his bedroom window. He had bought  
some dynamite for a bomb before the  
attempt to poison Bradley with stry-  
chnine in the milk failed.Orchard thought it was the Judson  
Powder Company that he bought the  
explosive from.Asked the appearance of the clerk  
who waited on him, Orchard said he  
was youngish looking.In buying the powder Orchard was  
required to give his name. He could  
not remember what name it was—a  
fictitious one. As an excuse for buy-  
ing ten pounds of dynamite, Orchard  
told the clerk he wanted to blow out  
some stumps on his ranch."Don't you know there are no  
stumps within 150 miles of San Fran-  
cisco?" demanded Richardson."I know that there are—I've seen  
them on the way to Caliente Springs."Orchard gave as nearly as he could  
a description of the various places  
where he had lived while in San Fran-  
cisco.He could not remember the names  
of the streets or the numbers of the  
houses.Next Orchard told of a pleasure trip  
he had taken to Caliente Springs  
while waiting for Bradley to return  
from Alaska."Playing cards while there?"  
"Yes.""You were a card sharp?"  
"No sir."Orchard was living near the presidio  
when he bought the dynamite for the  
Bradley bomb. He did not remember  
whether he took a box of giant caps  
to San Francisco or bought them at  
the Judson Powder Company. Orchard  
kept the dynamite in his room and took  
it with him when he moved to 1,326  
Washington Street, within half a  
block of the Bradley home.What Will Adams Say?  
There is much speculation as to  
what Steve Adams will say when  
placed on the stand as a witness for  
the State against William D. Hay-  
wood. Orchard has said that Adams  
was his partner in many of his most  
desperate undertakings, such as the  
blowing up of the Independence De-  
pot. Adams, who came to Boise Mon-  
day from Shoshone County, where he  
is awaiting trial for murder, is said  
to be in a sullen mood, and not likely  
to answer any of the questions. It  
is known that his repudiated con-  
fession is in the hands of counsel for  
the prosecution of Haywood, but it is  
doubtful if this confession can be  
brought within the cognizance of the  
jury, unless Adams himself consents.Mrs. Minnie Adams, who has been in  
Boise since the trial began, and who  
is in daily attendance at the court-  
room, saw her husband at the county  
jail last night. Mrs. Adams is credit-  
ed with much influence over her hus-  
band. It was at her solicitation, it is  
said, that he repudiated the con-  
fession he made last year. He went so  
far after making the confession as to  
travel to Colorado with General Bul-  
keley Wells, and report has it that  
under the direction of Adams, evi-  
dence was discovered that cleared up  
the mysteries of the several disap-  
pearances. Skeletons of non-union  
miners, who were believed to have  
been killed, but the proof of whose  
death had never been found, were dis-  
covered.Another Charge of Murder.  
It is said that should Adams be  
acquitted of the murder for which he  
is yet to stand trial, the Colorado au-  
thorities will requisition the Governor  
of Idaho, and will try him on the  
charge of the murder of Collins. There  
is some belief that Adams may yet  
repeat his alleged confession. Coun-  
sel for the prosecution say that they  
are not depending upon Adams to con-  
firm Orchard, but that they have a  
sufficiency of corroborative testimony.Harry Orchard goes on for his  
fourth day of cross-examination. He  
shows not the slightest sign of fa-  
tigue. On the contrary, he grows ap-  
parently stronger, clearer and more  
unshakable every minute. Even coun-  
sel for the defence admit that he is a  
marvel.Yesterday he completed his story  
of the attempt to kill Fred Bradley,  
formerly manager and now president  
of the Bunker Hill Mine, which was  
blown up by the striking miners in  
1899. The prosecution attaches much  
importance to this part of Orchard's  
testimony. A number of witnesses are  
here from San Francisco to testify in  
support of the attempt on Bradley's  
life.Orchard Strengthens Story.  
As in the rest of his cross-examina-  
tion, Orchard under the fire of ques-  
tions, has only strengthened his di-  
rect testimony as to the San Fran-  
cisco story. He is going into the most  
minute detail and has given the  
names of a dozen people who can con-  
firm or deny. For instance, he has  
said where he bought the strychnine  
for the milk, where he bought the gun-  
powder, how and where he got the  
money from Pettibone, and the names  
of the servants. He took the cook to  
the theatre, he said, in order to find  
out from her the habits of the house-  
hold, and as the climax of his dra-  
matic rehearsal he told how he plac-  
ed the strychnine in the milk that by  
his own admission might have poison-  
ed a baby, the mother, three women  
servants, and Fred Bradley.Orchard will be on the stand under  
cross-examination at least until the  
close of the afternoon session, and itis possible that Mr. Richardson will  
not conclude until to-day.In fact, there is an idea that one  
of the purposes of the close and ex-  
haustive detail is to wear the witness  
out, but unless all signs fail, Orchard  
will be the last man to give way un-  
der the strain.

## WILL FIGHT THE GOVERNMENT.

Irish Party to Punish Liberals For  
Rejecting Home Rule.London, June 12.—At a meeting of  
the Irish Parliamentary party in the  
House of Commons yesterday, it was  
decided to fight the Government both  
in the House and in the constituen-  
cies, in order to punish the Liberals  
for failure to give Ireland a broader  
measure of home rule than contained  
in the rejected Irish council bill.After the meeting had adjourned,  
John E. Redmond, in behalf of the  
Irish party, issued a long statement,  
concluding as follows:"Another proof has been afforded  
that home rule cannot be won by a  
policy of conciliation alone. It can  
be won only by hard fighting, vigor-  
ous agitation in Ireland, and active,  
disciplined party in the House of  
Commons, a thorough organization of  
the Irish vote in Great Britain and  
its use, absolutely independent of  
English party interests, to push for-  
ward the cause of home rule by tak-  
ing every opportunity and every  
means offered in Ireland and in Great  
Britain to force upon public attention  
the grievances Ireland has suffered,  
and the ruinous effects of British rule  
in that country."

## DOUBLE BIGAMY CHARGE.

Wife Is Triumphant Over Her Hus-  
band's Punishment.New York, June 12.—Facing two  
pretty women, each of whom claimed  
him as her husband, yet spurned him  
despite his appeals for mercy, Isa-  
dore Braun, said to be a prosperous  
merchant of Montreal, was committed  
to the Tombs Prison yesterday by  
Magistrate Moss, in default of \$1,500  
bail, to await further examination.The charge against Braun is big-  
amy, and a strange story was unfold-  
ed in court to substantiate it. At the  
same time that Braun was taken over  
to the Tombs, here went with him  
one of his wives, Joan Friedman, 24  
years old, who gives her home address  
as 646 Clark street, Montreal.She is charged with becoming the  
wife of a man, although she knew  
him to be already a husband.Mrs. Irma R. Braun, the first wife  
of the Tombs, was in court, and  
was triumphant when Braun and Mrs.  
Friedman-Braun were taken over to  
the Tombs.

## BROTHERS MAY LEAVE.

Separate Schools Are Likely to Be  
Short of Teachers.Ottawa, June 12.—There is a pos-  
sibility of the Christian Brothers of  
Ottawa removing from this city, and  
even from the Province of Ontario,  
on account of the decision that they  
must qualify for teachers by passing  
the same examinations as other  
teachers.Though this is not formally stated  
in a communication forwarded to the  
separate school board, for considera-  
tion to-night, it is understood that if  
the law be strictly applied the board  
may have this decision presented to it.This would mean a heavy blow, as  
the brotherhood furnishes the teach-  
ing staff in St. Jean, Baptiste, Guise,  
Garneau and Brebeuf schools, forty  
teachers in all.

## Hostilities Break Out.

Mexico City, June 12.—Hostilities  
have broken out in Central America.  
Nicaraguans, assisted by Salvadoran  
revolutionists, captured Acapulco, Sal-  
vador, yesterday morning.This news came to the capital in a  
telegram from President Faguera to  
Salvadoran Minister Manuel Dela-  
gado. The Minister is now closeted  
with President Diaz. Nicaraguans on  
the gunboat Homotombo bombarded  
the fort and then landed troops at  
Acapulco. The town is now in the  
hands of Nicaraguan General Manuel  
Rivas.It is believed the objective point of  
the expedition is San Juan, Guate-  
mala, and that President Zelaya of  
Nicaragua has declared war against  
Guatemala.

## Penman Mills May Close.

Montreal, June 12.—The Penman  
Manufacturing Co. has failed at St.  
Hyacinthe, and is likely to be closed as  
a result of the strike of their employes.  
The manager posted a notice giving  
them till Wednesday to return; if not,  
the mill will be closed for three  
months.The management granted a partial  
increase in wages, but the employees  
demanded more.

## Stabbed His Neighbor.

Ottawa, June 12.—High Constable  
Gault of Hull is having an inter-  
esting chase over the Gatineau Val-  
ley in an attempt to locate Charles  
Dubois, a farmer, of North Wakefield,  
who is alleged to have entered the  
home of a farmer named Sandy Mc-  
Millan, and while drunk, stabbed  
McMillan with a hunting-knife in  
eight places.

## Earthquake In Ecuador.

Guayaquil, Ecuador, June 12.—A  
violent earth shock of considerable  
duration was felt in this city at 5.30  
o'clock yesterday afternoon, and  
caused panic among the people.The quake is attributed to the ac-  
tivity of Mount Cotacachi, which is  
throwing out great quantities of  
stones.

## Operator Killed by Train.

Woodstock, N. B., June 12.—War-  
ren Law, one of the best known op-  
erators on the C. P. R. in this province,  
was killed yesterday morning by a  
train. He leaves a widow and one  
child.

## Shipyards on Fire.

Buffalo, N. Y., June 12.—The plant  
of the Canadian Shipbuilding Co. at  
Fort Erie, Ont., is on fire, and from  
all indications will be totally destroy-  
ed.

## SUNSHINE FURNACE

### UNBREAKABLE FIRE-POT

The lower portion of a fire-pot is usually nearly or partly filled with dead ashes, leaving the live, red-hot coals in the upper part. The result is that the upper portion expands much more than the lower.

This uneven expansion causes a strain too great for a one-piece fire-pot to stand. Sooner or later it will split, allowing precious heat and sickening gases to escape.

But the fire-pot of the Sunshine is constructed to meet this condition. It is in two sections. The upper half expands, as much as necessary, independently of the lower. When cool, it contracts back to its original size, fitting to the lower half perfectly.

And this strong, unbreakable, gas and heat-tight, two-piece fire-pot is just one of the many superior features of the Sunshine.

### SELLS BOOZE TO INDIAN IS HEAVILY SENTENCED

An Indian, armed with three flasks of bad whiskey and a breath which indicated that he had consumed the contents of a number of other flasks, was picked up on the streets last evening by Officer Peter Dezelia. This morning in Police Court, in musical, guttural tones, he answered to the name of William Chipewa.

William was quite sobered up this morning, and he made no bones about telling where he got his booze when he discovered that he would have to stay in jail till he peached. As a result, Thomas J. C. Greene, the colored proprietor of the Dew Drop In restaurant, next to Gerber's livery stable on Wellington St., kept company with Chipewa in the prisoner's pen when the case came up.

In reply to Judge Houston's question, Greene said that he did not know it was unlawful to sell liquor to an Indian. The Court said that he should have known, and profited by the experiences of others who were sentenced for the same offense recently. Greene replied that he had been in Detroit lately, and had not seen the Chatham papers. The excuse didn't go, however, and Greene was given the option of paying a fifty dollar fine or spending six months in jail.

"This selling of liquor to Indians must be stopped," said the Judge, "and it might as well be generally known that a conviction will follow every case where there is substantial proof of the offense."

Greene asked for two days to raise the amount of his fine, and was granted the privilege. The Indian, having complied with the law, was allowed to go. He says that he works for Mrs. McGarvin, down the river.

### A. O. F. SOCIAL

Last evening the Juvenile Foresters, Branch No. 9, held a social evening, at which some 30 adults, juveniles and their friends attended. The evening's entertainment consisted of numbers contributed in part by members of the Branch. The chair was taken by A. E. Lafestey, and the adult members of Court Hope contributed to the program, which was as follows:

Chairman's address on The Order. Mouth Organ Solo—Lorne Putnam. Address to the Visitors—Ald. W. H. Benson. Mouth Organ Solo—Geo. Mann. Address, The Branch—Ed. Cape. Spelling Match—Captain L. Putnam, Captain Geo. Mann, 8 boys on each side; Lorne Putnam's side winning.

Address, The Duty of the Boys—Wm. R. Dunlop. The evening's entertainment was interspersed with some lively boxing bouts among the boys, under the guidance of Master of the Arena, Wm. Dunlop. Cakes and tea cream concluded the evening's entertainment.

The Branch have \$250 to their credit in the bank, and, besides a free doctor, receive from \$1 to \$2 per week if laid up.

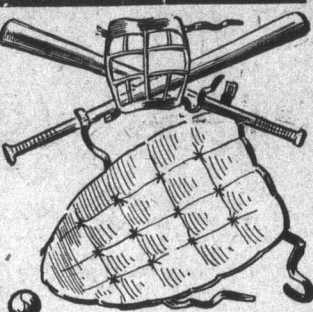

Owing to delay in starting the program, the basketball match did not take place. It will be pulled off the second Wednesday in July.

To stimulate activity in the Juvenile Branch, Ald. Benson has generously contributed a cash prize to the boy getting in the most members in a given time.

The police are constantly receiving complaints about dogs destroying citizen's gardens. Judge Houston thinks that the law should be so amended that prosecutions could be made against owners of trespassing dogs similar to the laws applying to chickens.
