Roberts (David) VIEWS in the HOLY LAND, SYRIA, IDUMEB, ARABIA, EGYPT and NUBIA, 250 EXQUISITELY BEAUTIFUL PLATES, with historical descriptions by the REV. DR. CROLY and W. BROCKENDEN, 4 vols, imperial folio, half morocco extra joints, gilt leaves, \$45.00, (published at forty-eight pounds,) 1842-1849. 1

AMONG THE MANY SPLENDID WORKS published during the present century the above has always held a prominent position. It is valued no less for its artistic execution, than for the deep and absorbing interest which attaches in the present day to the subjects which it delineates. To the Oriental traveller it is a valuable reminiscence of the spots that he has visited, and to those who are strangers to the East it presents a faithful picture of the existing state of Bible lands.

Revue des Deux Mondes, from 1863 down to 1879, not quite consecutive, 69 vols, HALF CALF GILT, and a large parcel of parts, 35.50. 2

This French literary and historical periodical was commenced in 1831 and is published on the 1st and 15th of each month. The most eminent writers in France contributed to its pages. Without taking into consideration the contents of this, perhaps the leading publication of its kind in Europe, we may just state the fact of the binding alone having cost at least 20 POUNDS. They are in uniform and splendid condition, and well worth the money for DECORATIVE FURNITURE.

Stewart (Dugald) WORKS with LIFE, new and complete edition edited by SIR W. HAMILTON, 11 vols, 8vo, A VERY FINE SET, full polished calf, gilt extra, marbled edges, 24.50, London, 1854-60. 3

Our author was one of the most distinguished ornaments of philosophical literature of the century, who illustrated, confirmed and adorned his subjects by his VAST and VARIED LEARNING.

It deserves to be studied by everyone interested in the language, and as a book of reference is admirably fitted for general usefulness."—*Edinburgh Review*.

"THIS TRULY GREAT PHILOLOGICAL WORK is now brought to a conclusion. To the VOCABULARY of the original work, which has always been considered defective, Dr. Latham has made so many additions that his work may fairly be pronounced the MOST COMPREHENSIVE AND COMPLETE that has hitherto been attempted. He has very properly admitted PROVINCIAL WORDS having an undisputed ancient origin; those WORDS of FOREIGN ORIGIN which have been incorporated bodily into the English language; purely COLLOQUIAL PHRASES and MODERN SCIENTIFIC TERMS, and COMPOUNDS of recent date. Another important improvement upon the original has been made in the ETYMOLOGY, all conjectural derivations having been rejected."
