

REPLY TO AMERICAN NOTE NOW AWAITED FROM VIENNA GOVT.

Much Talked About in the Government And Diplomatic Circles at Washington—Will Further Action be Necessary is Question.

By Special Wire to the Courier.

Washington, Sept. 10.—News of Austria-Hungary's reception of the American note requesting the recall of Ambassador Dumba was eagerly awaited here to-day in government and diplomatic circles. Officials of the administration appeared optimistic in the belief that the summary action would not result in any international issue, while diplomatists close to the Austria-Hungarian embassy were understood to believe that the Vienna Government immediately would comply with the request.

The recall of the envoy was asked for in a communication from Secretary of State Lansing, which Ambassador Penfield at Vienna was to deliver immediately to the Austrian foreign minister. It stated, in part:

"By reason of the admitted purpose and intent of Mr. Dumba to conspire to cripple legitimate industries of the people of the United States and to interrupt their legitimate trade and by reason of flagrant violation of diplomatic propriety in employing an American citizen protected by an American passport as a secret bearer of official despatches through the lines of the enemy of Austria-Hungary, the president directs me to inform your excellency that Mr. Dumba is no longer acceptable to the government of the United States as the ambassador of his Imperial Majesty at Washington."

The note expressed regret for the necessity of requesting Dr. Dumba's recall and gave assurances of a desire for the continuance of cordial and friendly relations between the United States and Austria-Hungary.

DELIVERY BY TO-DAY.

Ambassador Penfield, it was believed here, could have effected delivery of the note by to-day. When a response would be received and the form it would take, was a matter of speculation. It was suggested in some quarters that it would not be necessary for Austria-Hungary to make a formal reply, but it had been known under the circumstances an official response—besides definite action—would be forthcoming.

Diplomats in touch with the Vienna embassy here thought to-day there was little doubt that Dr. Dumba immediately would be recalled. It was suggested that Baron Von Zwiadinek, counselor of the embassy, would be made charge d'affaires to remain un-

til the conclusion of the war. In ordinary times the failure of a government to send a successor to an ambassador who had been recalled would indicate its displeasure over the request. In this case, however, it was pointed out that difficulties over sending a new envoy made a distinct difference.

Despite belief expressed in some circles that Vienna would not hesitate to comply with Secretary Lansing's request, it was admitted that a situation might arise which would have a serious effect on the relations between the two governments. The text of the note was held clearly to indicate Washington's desire to have Dr. Dumba recalled without stirring up a diplomatic issue. It was pointed out, however, that if the Vienna foreign office should determine to uphold the ambassador, severance of diplomatic relations probably would result. Such a development even if it did not follow would seriously affect America's role of diplomatic representative for Austria-Hungary and other European belligerents.

AWAITING WORD NOW.

While Secretary Lansing's announcement of the request for the recall added another international sensation to the list that has stirred Washington in the last year, official comment was not forthcoming. Nevertheless the feeling was apparent in government circles that no diplomatic issues with Austria-Hungary would arise. Dr. Dumba will probably be compelled to accept his passports, but will be permitted to remain in the United States at will and await word from Vienna. If he wants to return home the United States must secure assurances of safe conduct for him from Great Britain and her allies.

The determination to ask for Dr. Dumba's recall followed swiftly upon his interview Tuesday with Secretary Lansing. He admitted then that he had proposed to his government plans to initiate strikes in American munitions factories. What had been known that officials considered the ambassador's conduct as a great breach of propriety, yet there was a widespread impression that the only immediate step would be the cancellation of the passports of Archibald, the American messenger, whose arrest by British officials and seizure of Dr. Dumba's dispatches precipitated the incident.

CHAMBER ADOPTS ADDRESS WHICH MARKS VICTORY

And Will be Presented to Gen. Maunoury, Victor of a Year Ago.

By Special Wire to the Courier.

Paris, Sept. 10.—Members of the Chamber of Deputies representing Paris and the Department of the Seine adopted yesterday an address to General Michael Joseph Manoury, former military governor of Paris to be presented to-day, the anniversary of his victory over the Germans on the Ourcq River. After recalling the circumstances and what the achievement meant to Paris, the address says:

"On September 10, contemplating the enemy's rout, you said, 'I had waited for that for 44 years. Your wait has been long, but the gratitude of the inhabitants of Paris will be eternal.'"

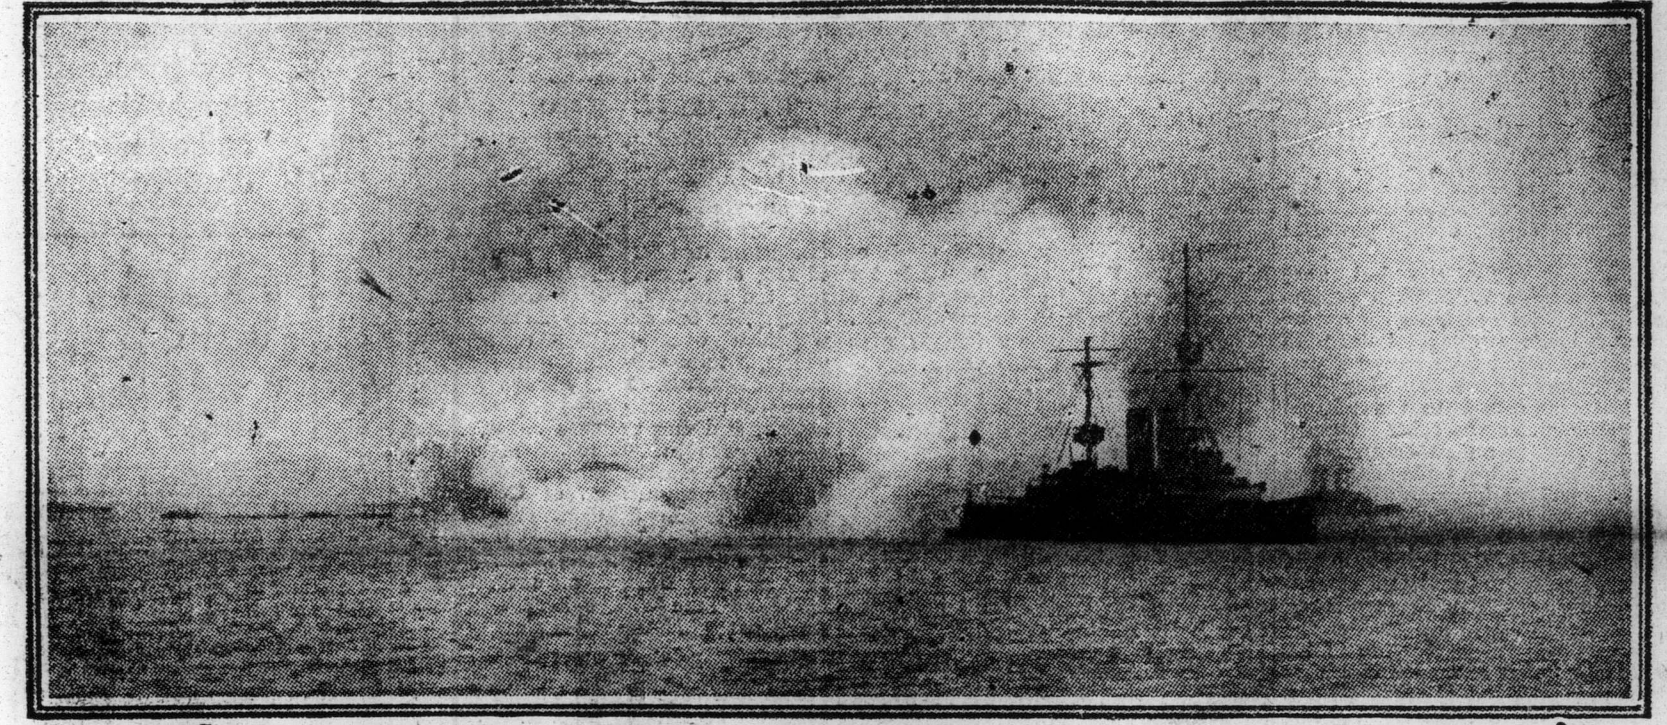

General Manoury was sent by Gen. Joffre to the extreme left wing of the French army to parry the rapid advance of the German right on Paris. The difficult task of assembling an army transport by rail in the face of an advancing enemy was successfully accomplished by General Manoury and his army was ready at the appointed time to deliver the blow that marked the change in the tide of battle. He was, on March 12, last while inspecting German positions from the first line of French trenches.

Treading on Uncle Sam's Toes Makes Wonderful Difference

By Special Wire to the Courier.

New York, Sept. 10.—The Times, commenting on the recall of Dumba, says:

"Waiting too long and evading her plain duty, Austria has brought upon herself the humiliation of having to be told that her ambassador to the United States is no longer acceptable and must be recalled. A finer sense of the international proprieties, a truer conception of what friendly relations imply and compel, would have prompted her to forestall this unpleasant reminder by a notice to our government that Dr. Dumba's acts were disapproved, and that he would be instructed forthwith to take his departure. But the Teutonic sense has been blunted by the conceit and arrogance of power, by the fierce passions of a war, begun and waged for conquest and dominion."

NO FOR OURSELVES

We have endured it much too long. The sentence of Stahl to the penitentiary and the demand for the recall of Dumba may serve as a notice to whom it may concern that we shall no longer put up with these affronts to our hospitality. To Austrians and to Germans, to the German-American as well, we give this plain warning: that the cure for this plague of conspires is in our hands and that we are going to apply it.

Nothing Doing! is the Sturdy Reply of the British Labor Men

By Special Wire to the Courier.

Bristol, Eng., Sept. 10.—The Trades Union Congress, representing more than 3,000,000 organized English workmen, rejected by an overwhelming vote to-day a resolution calling upon the parliamentary committee of the Labor party to formulate and advocate terms of peace satisfactory to the working classes.

The sponsor for the defeated resolution said that such a move already had been made by German workmen, but this argument brought him no supporters.

Ramsay MacDonald, Labor member of Parliament, in an address to the congress denied that he or any other member of the Labor party in the House of Commons had ever counseled British workmen to shirk their duty. Such an assertion, he said, was malicious and nothing but a perversion of simple declarations that the Labor party should look out for itself. The duty of every citizen, he said, was to defend the national honor.

Flaming Liquid and Asphyxiating Gases Used in the Argonne

By Special Wire to the Courier.

PARIS, Sept. 10.—Artillery fighting continued yesterday and last night along the lines in France, according to announcement made to-day by the French War Office. In the Vosges the Germans made use of asphyxiating shells and flaming liquids, as a result of which a French trench of the first line had to be evacuated. A French counter-attack, however, resulted in the recapture of the greater portion of the lost ground.

Balkan Kings Not Decided Upon Matters

By Special Wire to the Courier.

Athens, via Paris, Sept. 10.—The conferences began to-day between Premier Venizelos and King Constantine probably will be protracted over a considerable interval. Until these discussions have been completed, it is improbable that Greece will adopt a definite policy in regard to the international situation.

Diplomatic representatives of Austria and Germany are disturbed by this evidence of a forthcoming decision concerning the nation's foreign policy. Nevertheless the task of the Premier, whose inclinations towards the entente allies is well known, has been made more difficult by the recent reverses of the Russians, which seems to have strengthened the position of the party which is opposed to intervention in the war and to have raised doubts in the popular mind regarding the strength of the allies.

Some irritation has been produced.

King George 'School Opens Wednesday

A special committee appointed by the Board of Education, consisting of Messrs. W. Norman Andrews, Benjamin and Lane decided last evening that the formal opening of King George school on Rawdon street should take place next Wednesday, Sept. 15th from 4 to 6 p.m. The program will be announced fully later. Tentative arrangements have been made however and speeches will be delivered by Messrs. W. G. Raymond, Spence Rev. Mr. Lester, Rev. Mr. McClintock, Rev. Mr. Bowyer; Rev. Mr. Peters, the Chairman of the board, and others.

CHARGE D'AFFAIRES SPLENDID REASONER, AS DESPATCH SHOWS

If Interview Reads Alright, He Will Out-Herod Herod as a Juggler With Yankee Diplomacy and Neutral Law—Fluent Excuses.

By Special Wire to the Courier.

Lennox, Mass., Sept. 10.—Baron Erich Zwiadinek, counselor of the Austro-Hungarian embassy, who will become charge d'affaires after the recall of Ambassador Dumba issued the following signed statement early today, supplementing an informal expression of opinion last night:

"I know Dr. Dumba personally very well, and from my conversation with him I could not think that he should have intended fomenting strikes in munitions plants. We certainly, and naturally felt a satisfaction when reading in the papers of difficulties and strikes in factories making munitions for the allies, but to toment such a thing ourselves would have been such an absolutely impossible undertaking that it would be for me quite inconceivable that Dr. Dumba should have suddenly had such an idea."

LITTLE FAMILY MATTER TAKEN UP LOCALLY

Son-in-Law of Pa's Gets It Hard on King Street Last Night.

Last night about 9:30 p.m., a tall, husky gentleman of middle age, stood carefully behind a post in front of the Colonial Theatre. He was waiting for his son-in-law, who had married his daughter only a week before. In due time, the son-in-law appeared, and as soon as he had arrived at a nice distance the father-in-law leaped on him and in about two minutes mauled about the latest addition to his family in a thorough manner. He smacked his face, tore his trousers, ripped his coat, shook him, knocked him sideways, and finally let him go. Son-in-law beat it for the Imperial Hotel where he phoned for the police, while his assailant followed him pointing at him with quivering fingers and giving his opinion of him to an admiring crowd. By the time the police arrived, the father-in-law had disappeared, and, upon second thoughts, seeing it was a family matter, no action was taken, and the whole affair will likely be dropped.

Extradited From States.

By Special Wire to the Courier.

New York, Sept. 10.—Ignatius T. Lincoln, a former member of the British parliament, who recently admitted he had been a German spy was to-day ordered by Federal Judge Weeder, Brooklyn, to be extradited to England to stand trial on a charge of forgery. Lincoln's attorney contested the extradition proceedings charging the client would be tried as a spy if he were returned to England.

VIOLATED NEUTRAL PRIVILEGE

Wore Red Cross Armlets Passing Into Bulgaria on Way to Fight.

By Special Wire to the Courier.

Montreal, Sept. 10.—A New York despatch to The Gazette says:

One of the passengers arriving from Liverpool yesterday on the American Lines' New York was an American doctor, who lived in Asia Minor for forty years, who speaks, reads and writes the Turkish language fluently. He said that when he left Constantinople sixteen days ago the Turks realized that the Dardanelles would be forced shortly by the allies, and as a result the engineers were busy preparing for the abandonment of the trenches on the Gallipoli peninsula, by making fresh defenses nearer to Constantinople. When Turkey went into the war, he said, three thousand German officers with red crosses on their arms passed through Bulgaria and in the battles that had been fought since they have stood behind the Turkish soldiers with machine guns and revolvers to make them fight.

"The Turks hate the Germans," the doctor said, "but feel they are in their grip so far as fighting goes. There are sixty thousand wounded soldiers in the Turkish capital. American nurses from the colleges there are doing good work in the hospitals. The Turks are taking advantage of the war to form a hermit state and are sending all foreigners out of the country. After war had been declared they ordered the Greeks, Armenians, Jews and even Germans to leave Asia Minor, and over 200,000 have been thrown out. These refugees have been sent to Ninevah on the Tigris and Dabor on the River Euphrates, near Bagdad."

UNITED STATES DEFIED OVER ARABIC CASE

Germany, in Note to U. S., Sees No Obligation in Arabic Case.

Berlin, Sept. 10.—Germany's note to the United States bearing on the sinking of the White Star Line steamer Arabic on Aug. 19, which was communicated to the American Ambassador, James W. Gerard, for transmission to Washington, is in the form of a memorandum under date of Sept. 7, the text of which follows:

"On Aug. 19, a German submarine stopped the English steamer Dumley about 65 nautical miles south of Kinsale, and was on the point of sinking the prize by gun fire after the crew had left the vessel. At this moment the commander saw a large steamer making directly towards him. This steamer, as developed later, was the Arabic. She was recognized as an enemy, as she did not fly any flag and bore no neutral markings.

"When she approached she altered her original course, but then again pointed directly towards the submarine. From this the commander became convinced that the steamer had the intention of attacking and ramming him. In order to anticipate the attack he gave orders for the submarine to dive, and fired a torpedo at the steamer. After firing he convinced himself that the people on board were being rescued in fifteen boats.

"According to his instructions the commander was not allowed to attack the Arabic without warning and without saving the lives unless the ship attempted to escape or offered resistance. He was forced however to conclude from the attendant circumstances that the Arabic planned a violent attack on the submarine.

FIRED ON BY LINER

"This conclusion is all the more obvious as he had been fired upon at a great distance in the Irish Sea on Aug. 14—that is, a few days before—by a large passenger steamer, apparently belonging to the British Royal Mail Steam Packet Company which he had neither attacked nor stopped.

"The German Government most deeply regrets that lives were lost through the action of the commander. It particularly expresses this regret to the Government of the United States on account of the death of its citizens.

"The German Government is unable, however, to acknowledge any obligation to grant indemnity in the next ten days.

Panama Sept. 10.—Fifty vessels are now waiting for passage through the Panama canal which is blocked by a new slide. Forty-three vessels are tied up at different points along the waterway.
The steamer Finland, San Francisco, for New York, and The Kroonland, which left New York, August 28, probably will be delayed three days longer. There are about 1,200 passengers on the two steamers. The Finland is heavily laden with copper and wheat.

Confession Helps Case.

By Special Wire to the Courier.
New York, Sept. 10.—The confession of a chauffeur, employed by Mrs. Elizabeth Nichols, has given the police detailed descriptions of the three men who caused Mrs. Nichols' death Wednesday night in an effort to steal nearly half a million dollars' worth of jewelry from her palatial residence on East Seventy-ninth street. A thorough search of the Nichols house has shown that probably all the trio got from the crime was four rings, which they snatched from Mrs. Nichols' fingers. The jewels were valued at about \$10,000. The dead woman's friends believe that she was a martyr to her love of jewels. They say that she had a passion for gems, and wore a small fortune in diamonds and pearls and other precious stones with all her costumes.

Music and Drama

BRANT THEATRE

Another fine bill has been secured by the management of the Brant Theatre. The big feature vaudeville act is the New York Cabaret Review, presenting "Night on the Great White Way," and a potpourri of mirth and melody. Their musical act is very varied and entertaining, and is pleasingly interspersed with clean, refined but exceedingly funny comedy.

"The Crooked Path" was the feature photo play of the evening, and its five reels depict a very powerful life drama.

In the first half of the bill next week the famous Williamson submarine expedition pictures will be shown. These marvels of deep-sea photography begin with scenes showing the native divers plunging from their boats to follow to the bottom of the crystal sea the coins thrown them by tourists on an ocean liner.

The audience is taken under the ocean in the submarine chamber, where through a flawless glass panel can be seen the divers scrambling for pennies on the very bed of the ocean.

Then begins a marvellous submarine journey of thirty leagues along the floor of the ocean that is like the realization of an engrossing fairy tale. A wonderful and ever changing panorama is revealed of a world heretofore unknown to man. During this exciting journey you visit the world famous marine gardens of the Bahamas. Strange fish never seen before swim past the glass window of the submarine chamber, where the camera man turns the crank and photographs a panorama of wonders and beauties of the deep. Among the thousands of feet of film obtained are pictures showing a battle to the death between a daring swimmer, armed with a knife, and a huge blue shark. This remarkable motion picture that has attained scientific, interested students of natural history and delighted the regular patrons of the "Movies," has proved to be the theatrical sensation of the season in New York, where ten thousand school teachers were invited to see it by the management and one hundred thousand pupils of the public schools also crowded the theatre at the Saturday morning matinee that were given each week to accommodate the children.

"PEG O' MY HEART."

Like a breath of air from a roscented garden is Peg O' My Heart, Oliver Morosco's production of J. Hartley Manners' comedy, which ran for nearly two years at the Cort Theatre, New York City, and which comes to the Grand Opera House, Brantford, Tuesday night, September 14.

It is sweet, clean and wholesome, and through it all is a delightful strain of American humor, a touch of pathos, both of which combine to make it the most attractive stage story theatregoers have been offered in many years.

In these days of underworld drama and risqué musical farces, it is truly gratifying to see a wholesome play like "Peg O' My Heart" presented. That the public appreciates Mr. Morosco's effort to spread the delight that attends the witnessing of the play, is evident through the fact that in every city where the comedy has been presented it has played to capacity audiences.

Mr. Morosco is sending Kitty O'Connor to this city as "Peg." In so doing he is favoring the theatregoing public here, for Miss O'Connor is a wonderfully artistic Peg, and gives a performance that lingers in the memory as a sweet thought of a delightful occasion. She was selected for the role of "Peg" by Mr. Morosco himself, and he considers her one of the greatest actresses on the American stage. What makes it all the more pleasing is the fact that the producer has supplied a company that suits the play exactly. Also the production is elaborate in every way.

"THE ROSARY."

Seldom does an author portray such an important character as that of a Catholic Priest, and have it meet with approval from the clergy. But this is just what happened to Edward F. Rose, author of "The Rosary" which will be seen at the Grand Opera House next Wednesday, Sept. 15. In "The Rosary" Mr. Rose has drawn a character of Rev. Brian Kelly, a Catholic Priest, who interferes in domestic troubles between man and wife and eventually shows the unlimited amount of good that can be done by a Priest, not of conventional stage character, but a real man, a big man of faith, strength and conviction. The character has been endorsed by the clergy all over the country, and it is said to be the strongest character of the kind ever presented on the American stage. The character will be portrayed by an exceptional artist, who goes through his work convincing the audience that he has mastered the author's conception of the role.

YANKEE FLAG FLOWN BY BRITISH SHIP

Which Sunk Sub. Which Had Designs on Nicosian, Says Story.

By Special Wire to the Courier.

New York, Sept. 10.—Confirmation of the London report that a German submarine was sunk on August 19th, while she was trying to sink the Steamer Nicosian, was received here to-day with the arrival of the Steamer Lapland. It was also learned that the British patrol boat which sank the submarine flew an American flag while approaching the scene. Just before she was ready to open up with her guns, the American flag fluttered down to her deck and the British ensign was hoisted in its place.

This German submarine was sunk on August 19, the day the Arabic was torpedoed, and not far from the scene of that tragic event. This gave rise to the report and belief in Great Britain that the Arabic's assailant had been sent to the sea bottom.

On board the Lapland, which arrived here to-day from Liverpool was Dr. C. B. Banks of Memphis, Tenn., a veterinarian, who was aboard the Nicosian when she was shelled. Dr. Banks, when asked about the sinking of the submarine, declined to discuss that phase of the matter, but he confirmed the report that a patrol did appear, flying the American flag and that this flag was lowered before the firing began.

Sir Ernest Cassel, former privy councillor, and closely associated with King Edward VII in his official household, was among the passengers on the Lapland. He said he was in the United States on private business and would remain here but a short time.

HOLLIER-DAVIS

On Wednesday, Sept. 8th, at 12.45 p.m. Miss Ollie W. Davis of 167 Hughes Ave., Buffalo, N.Y., formerly of Brantford, Ont., and Mr. Frederick J. Hollier of Brantford, Ont., were united in marriage. The Rev. George Frederick Williams of St. Mary's-on-the-Hill Episcopal Church, officiated.

The bride, who was given in marriage by her brother, Mr. Graham O. Davis of 167 Hughes Ave., was lovely in a gown of white silk crepe-de-chine. She carried a shower bouquet of bride's roses. Mrs. Graham O. Davis was matron of honor, and wore a gown of white silk cashmere, with a crushed girde of pale pink taffeta. She wore white carnations. Little Miss Beatrice Davis was flower girl for the bride, and during the ceremony held the bride's bouquet.

After the ceremony a luncheon was served. Covers were laid for seven. The table was centered with white carnations.

Mr. and Mrs. Hollier left at 6 p.m. for a short wedding journey to Detroit and points west. Upon their return they will make their home in Brantford, Ont.

UNLOADING GOLD SENT BY BRITAIN

TRANSFERRING GOLD FROM TRUCKS TO GOVERNMENT VAULTS

Fifty-five million dollars of British gold was shipped to the United States Sub-Treasury in New York recently. The money was sent to J. P. Morgan & Co. by the British government to strengthen the credit of the Allies in the United States. It was transported from an unnamed European port to Canada on a British super-dreadnought, and from there, under a guard of thirty-eight men armed with rifles, it was brought to New York on a special train. Each of the gold filled boxes was so heavy it required two men to lift it. Representatives of Great Britain, the firm of Morgan and the American Express Company checked the gold and securities as they were carried into the vaults.

SEPTEMBER IN NATURE'S WILDS

Algonquin Park, 285 miles west of Montreal and 205 miles north of Toronto, is 2,000 feet above sea level, and offers attractions to those desiring rest and recuperation, that no other place in Canada does. September is one of the most delightful months of the year in this 2,000,000 acres of Government reserve. A good hotel, the "Highland Inn," affords comfortable accommodation at reasonable rates. The fishing this month is at its best. Ask any Grand Trunk Railway Agent for handsomely illustrated descriptive literature telling you all about it.

The Hot Weather Test makes people better acquainted with their resources of strength and endurance. Many find they need Hood's Sarsaparilla, which invigorates the blood, promotes refreshing sleep and overcomes that tired feeling.

The Situation.

Reports show the Russians to continue on the offensive in East Galicia with excellent results. Evidence accumulates that the troops of the Czar are neither dismayed nor disheartened. It has been under the Grand Duke Nicholas that matters have been handled in such a way as to keep the main army intact, under very adverse circumstances, instead of any portion becoming surrounded and demoralized, and now he has been deposed from the command. In this regard it may be possible that the Grand Duke, who is now Viceroy of the Caucasus and commander-in-chief of the forces on the southern front, has been placed there with a most important object in view. His administrative ability has been fully demonstrated, and with the opening up of the Dardanelles—an achievement which Lord Robert Cecil, Under Secretary for Foreign Affairs, now says is near at hand—work will develop which will require the direction of a big man. This will easily include a further attack upon Austria.

The Crown Prince, who for years had been thirsting for this war, has been making another tremendous attempt with his forces to break through the French lines in the Argonne. He has had to be content with the taking of a few trenches earned at enormous loss to the men under his command. There is still nothing much to report from the British front, according to Sir John French. A conference of all the Balkan States has been called, but there is nothing yet at all clear as to which side either one, or any of them, will espouse. They still remain an unknown quantity.

Uncle Sam and His Troubles

The New York Post, usually a level headed paper, recently produced a portrait of President Wilson, with words underneath to the effect that he had scored the greatest triumph in all modern history, without drawing the sword or calling out even so much as a dozen soldiers.

The boast, of course, was prompted by the supposition that Germany had now bowed to Washington in the matter of submarine warfare, as relating to passenger vessels.

Our neighbors are now commencing to realize that they have been shouting before they are out of the woods, and before they get through they will have their eyes widely opened as to the fact that anything having the Berlin hall mark, is utterly unscrupulous and totally unworthy of credence.

Prior report regarding the destruction of the Arabic, stated that the German reply expressed deep regret for the loss of U. S. citizens, and promised to be a good boy for the future. The full text of the answer is now published, and it is not such as to lead the Post or any other paper across the border to do much gleeful hand rubbing. There are crocodile tears aplenty, and a distorted effort to make out that the captain of the under water craft thought the Arabic was trying to get at him, but then comes the paragraph:—

"The German Government is unable, however, to acknowledge any obligation to grant indemnity in the matter, even if the commander should have been mistaken as to the aggressive intentions of the Arabic."

They also offer to make a reference to The Hague tribunal, with the proviso that any finding is not necessarily binding on them.

The truth of the matter is that the Kaiserites are playing fast and loose with your Uncle Samuel. They know full well that neither on land or sea is he in a position to enforce anything, and the manifest program is to jolly him along ad lib. As a matter of fact, Wilson long ago would have been justified in telling the German ambassador at Washington to get out. He has taken this course with regard to the Austrian representative. This gentleman admits that he was active in having trouble fomented among Austrians employed in the U. S. concerns, and places his excuse on the basis that he had instructions to do so from higher quarters. Both countries are beyond the pale of civilization and civilized methods, and the ultimate fate of each should be a dismemberment commensurate with their murderous crimes and their utter lack of all sense of honor and decency.

Sir Geo. Foster and Thrift.

The Minister of Trade and Commerce, during the course of a speech delivered in Toronto, said he was quite convinced there was probably no subject in relation to the war or otherwise related to the good of the country which was better worth while considering than this self-same question of national thrift. What is it that in this war has linked together the members of the British Empire, what is it that has made it possible for that British Empire to shoulder to-day not only her own responsibility, but to aid in the finances of the overseas Dominions and her allies? What is it but the thrift of the preceding generations of the British people? When she wanted the great absorbing, overwhelming loan to whom did she appeal? To the masses of Great Britain and Scotland and Ireland. What have we got to face during the next 20 or 25 years is to pay the awful consequences entailed by this war, without equal in the history of this world. We cannot have our fun without liberties, without paying the piper, we cannot wage this mighty war and build up these almost incalculable sums of debt and of credit, and we cannot do that without paying the bill some time. It can only be paid in two ways—out of the capital or out of the savings.

Canada has a very pressing and necessary and responsible duty. Canada has suffered in the past by having too great natural richness and too easy bank resources to have access to, and she got into the habit of doing comparatively little for herself and very much by calling upon the banks and her resources. Her credit was good, her resources were good, her optimism was unbounded, and consequently we unlocked the doors to these vaults, and we revelled in the loans that we made. It is folly for Canada to think she can go into the British market and borrow money now for even necessary things in Canada that are being built or to be maintained after they have been built. So that easy stream of credit came in, optimism threw off all its restraints, put the bit out of its teeth and rushed headlong into expenditures which would have been better made a decade, yes, a half century after this. That is stopped, and from this time on Canada will have to pay her way as she goes. She can only pay by practicing thrift, thrift in the nation, thrift in the individual, in the home,

in the community. "If the call to-day is imperative for the manhood of the British Empire to go to the front and lay its life and blood on the altar of its country, no less imperative is the call to those who remain in Canada to avoid waste and extravagance and to practise thrift."

Notes and Comments.

Summer has been a laggard, but it is getting there these days. Uncle Sam is commencing to get a much-needed eye-opener as to the sort of Johnnies he is up against in the case of Germany and Austria.

The Huns continue to profess great grief over the loss of innocent lives in connection with their submarine warfare on passenger vessels, but propose to do it some more as often as they feel like it.

General Bernhardt, author of "Germany and the Next War," has gone to the front. He can make up his mind that there won't be any next by the time the Allies have got through with the Kaiserites.

"If Great Britain had only heeded the warnings of the late Lord Roberts, how different the story of the war might have been. Indeed, it is possible there might never have been a world's conflagration at this time."—Brantford Expositor. As to that, when Sir Robert Borden some time back told of a threatened "emergency" the Expositor was one of the loudest in telling him that he was talking buncombe. It is in exactly the same class as those who scoffed at Roberts, and would show far greater sense if it left the subject entirely alone.

Balkan

(Continued from Page 1)

moreover, by what is regarded as the attempt of the allies to influence Greece unduly to make unwelcome territorial concessions to Bulgaria. This feeling is being counter-balanced to some extent, however, by the indignation aroused by the reported ill-treatment of Greeks in Turkey. Apprehension concerning the policy of Bulgaria may be described as the key to the situation. Any suggestion that Bulgaria be strengthened seems to blind the Greeks to all other considerations.

Militia orders note the appointment of Honorary Lieut.-Col. Sir William Maxwell Aitken to be honorary colonel.

Joint Policy Improbable.

By Special Wire to The Courier. Sofia, Bulgaria, Wednesday, Sept. 8, via Berlin and London, Sept. 10.—"Bulgaria's position is now good, and the outlook for the future is favorable," said Premier Radolovoff in an interview to-day with the Associated Press correspondent. He added: "It is improbable that Greece and Serbia will adopt a joint policy regarding Bulgaria." The premier expressed the hope that all political parties in Bulgaria, especially the agrarians, would support the government in a whole-hearted manner in its efforts to achieve the national ideals.

Turkish Official.

By Special Wire to The Courier. Constantinople Sept. 9, via London, Sept. 10.—The following official statement was issued to-day at the Turkish War Office: "At Anafarta our artillery fire against enemy positions south of Hazmak Dere caused explosions of ammunition and shells in enemy trenches Wednesday." "At Ari Burnu the enemy unsuccessfully dropped shells on our left wing." "There was a feeble artillery duel at Seddul Bahr." "The situation on the other fronts is unchanged."

Troops Moving.

By Special Wire to The Courier. Geneva, Sept. 10.—The Austrian government yesterday ordered the closing of the Swiss frontier. Apparently the order was due to movements of troops in the Tyrol toward the Italian front.

matter, even if the commander should have been mistaken as to the aggressive intentions of the Arabic. "If it should prove to be the case that it is impossible for the German and American Governments to reach a harmonious opinion on this point, the German Government would be prepared to submit the difference of opinion, as being a question of international law, to The Hague Tribunal for arbitration, pursuant to article 38 of The Hague Convention for the pacific settlement of international disputes." "In so doing, it assumes that, as a

have been those prescribed by the law for helping enemies of the monarchy, but much more so those of public opinion as in the case of a man who had made munitions for the allies who should go back to his home village perhaps to inherit the property of men who had been killed by those munitions. Naturally these considerations, if brought to their attention, might have caused a certain number of Austria-Hungarian subjects to leave their employment in American munitions factories and I had been of the opinion that Dr. Dumba's plans were designed only to give aid to needy workmen, who had given up their work and had not yet found other employment. The small sum of money suggested in this connection, I believe only \$15,000, would have been absolutely insufficient to finance a strike.

DUMBA QUITE EXPLAINED "I am quite certain that if on sec-

ond thought, Dr. Dumba had come to the conclusion that his ideas were not in accord with the duties and obligations toward the United States Government imposed by his position here he would have withdrawn himself. Therefore, even if appearances at first should be against him, I am especially sorry that the whole matter of sending this letter has been done in such a rush. I am confident that the imperial and royal government has not the slightest desire for any complications or difficulties with the United States, for it puts too much value on the cordial and friendly relations which have always existed between the two countries and which have been emphasized of late."

ONLY HIS DUTY.

London, Sept. 10.—An Amsterdam despatch to Reuter's Telegram Co. says that the Wolff Bureau of Berlin, has issued a semi-official note stating that if Ambassador Dumba only waited his countrymen against committing acts which the Austrian military penal code threatens to punish severely, then "that was not only his right, but his duty."

ROGUES IN COUNSEL.

New York, Sept. 10.—Dr. Constantine T. Dumba, ambassador to the United States, from Austria-Hungary whose recall has been asked by Washington spent a good part of last night in conference with the German

ambassador, Count Von Bernstorff, at the latter's hotel. The two envoys were still there early this morning, when Count Von Hohenlohe, an attaché of the Austrian embassy, in answer to many requests for an expression regarding the action of the United States government made the following statement: "The action of Mr. Lansing had been anticipated and is no surprise to Dr. Dumba." This was the only official comment from any representative of the Austrian embassy here up to that time. The two ambassadors went for a drive yesterday evening and dined together upon their return. Dr. Dumba had nothing to say regarding his future movements.

THEIR LAST PLUNGE.

The overseas contingent of the 38th Dufferin Rifles again had a swim in the Y. M. swimming tank. This will be their last swim before their departure.

STORY HOUR.

The Story Hour will be continued at the Public Library next Tuesday. Miss Middlemiss will be in charge, as usual, and she will choose an especially interesting story for the opening day.

BATTERY TO WESLEY.

The gaud Battery, Overseas Detachment has been invited to attend and will attend Wesley Methodist Church next Sunday morning, when services of a patriotic nature will be conducted by the pastor.

ANOTHER APPEAL.

S. G. Read and Son sent in an appeal to the Court of Revision this morning on behalf of D. J. Mitchell of Toronto. They appealed against the assessment of properties of Nos. 137, 141, 143, 145 and 149 Bruce St., first on their being too highly assessed and second, because no revenue has been derived from several of the houses for a long time.

BOARD OF WORKS.

The Board of Works met last evening. Reports as to the expenditures of the board in all the different departments. Another meeting will be held next week, when the question of repairs to pavements will be considered. It was decided last night to continue with the sidewalk on the north side of Colborne street, between Market and King streets.

A PRESENTATION.

A pleasing presentation took place this morning at the Expositor office, when Lloyd Hazelton, one of the linotype operators, was given a purse of gold by his fellow-workers, the occasion being Mr. Hazelton's enlistment for overseas service in the Dufferin Rifles. Mr. T. H. Preston and Mr. W. B. Preston spoke briefly, commending the stand of Mr. Hazelton, and after Mr. W. Reeves had also spoken, Mr. Al. Brooker made the presentation. The recipient replied feelingly, thanking the donors for the gift, and thus the pleasant event concluded.

DUFFS' RECRUIT CLASS MADE FINE SHOWING

Inspected by Capt. H. MacLean—All Were Tested and Passed.

The Dufferin Rifles recruit classes were last night inspected by Capt. H. MacLean, the Adjutant and were pronounced to be quite fit for drafting into the regiment on Monday, the first fall parade.

Over sixteen members have been carefully schooled and put through for the regiment within the past two or three weeks and Color Sergeant Hart deserves the greatest of credit for the almost phenomenal success attending his first season as drill instructor. The men who have been taught the manual and firing exercises, with company and squad drill, have also received instructions in elementary field training by means of the whistle and signs for command and showed an intelligence and aptitude far ahead of anything in recruit classes. This constitutes the first draft and the class will again be open for new members next week. The men are each endeavoring to bring a chum and prospective recruits may have terms of service explained in presenting themselves at the armouries.

Children Cry FOR FLETCHER'S CASTORIA

"Riley" Nearly Had Accident at Noon To-day

"Riley," the artillery mascot, nearly met his fate to-day. He had just emerged from lunching in "Wags," and was squaring his shoulders, throwing a chest and preparing to walk out to the sidewalk with precision before making his right wheel for a noon-day stroll, when two little mid-clad maids nearly bubbled over him as they hurried past for lunch. He looked up and spoke sharply, for there are few greater offenses than molesting the King's uniform these days. A second glancing showed him they were not, however, Dragons or Duifs, so he swelled a little, quivered his tiller port, and perambulated onwards.

HONORS EARNED BY BRANTFORDITES

Brantford pupils attending the Loreto Academy, Hamilton, distinguished themselves in their studies during the past scholastic year, and succeeded in winning honors in their respective departments.

Miss Gertrude Walsh matriculated and obtained honor standing in middle school entrance to normal. She now intends to take her college course at Loreto Abbey, Toronto.

Miss Estella Walsh won the papal medal for ecclesiastical history while Miss Katharine Harris obtained honors in the high school entrance examinations.

CANADA TAKES PART IN AFFAIRS AFFECTING RATES

Hon. W. T. White, the Canadian Finance Minister, Left for New York.

By Special Wire to the Courier.

New York, Sept. 10.—The joint Anglo-French committee of six members, deputed to adjust the foreign exchange situation here, reached New York aboard the Steamship Lapland from Liverpool.

They were met at quarantine by J. P. Morgan and H. P. Davison, of the Morgan firm, who escorted them to their headquarters here. This afternoon the committee will meet a number of New York bankers in the Morgan home and enter upon the first of a series of negotiations looking towards the establishment of a big foreign credit loan.

The Lapland was conveyed by two British torpedo boat destroyers throughout the war zone.

FORMAL STATEMENT

A formal statement issued on the commission's behalf, was the only expression made by any member of the party for publication. The statement issued at quarantine, reads as follows:

"The joint Anglo-French mission, under the chairmanship of Lord Reading, which has been sent to the United States in connection with the question of the exchanges between New York, London and Paris, arrived this morning by the Red Star Lapland."

"The British delegates are the Right Hon. the Lord Reading of Eireigh, G.C.B., K.C.V.O., (the Lord Chief Justice of England); Sir Edward Holden, Bart.; Sir Henry Babington Smith, K.C.B., O.M., and Mr. Basil P. Blackett, C.B., of the British Treasury. The French delegates are Mons. Octave Hombert, representing the French treasury, and Mons. Ernest Mallet, director of the Banque de France."

RATE OF EXCHANGE

"The object of the visit of the mission is to consult with the American bankers and others as to the best means to be adopted for regulating the exchanges between New York, London and Paris, in order that the commerce and industry of the three countries may suffer as little as possible during the course of the war. Mr. Blackett will act as secretary of the mission."

DECLINE TO SAY

Members of the commission declined to confirm or deny the report brought to New York two days ago by passengers on the steamer Ryndam to the effect that the commission would act for Russia as well as Great Britain and France.

J. P. Morgan, who greeted the deputation at quarantine, said that the meeting in his library this afternoon was primarily a social affair.

CANADA'S PART

It became known to-day that Canada, probably for the first time in the history of the Dominion, is to be consulted in negotiations for the contemplated flotation of a foreign credit loan. Hon. W. T. White, Canadian Minister of Finance, according to an Ottawa despatch, left the Dominion capital last night to join the commission here.

The increased recognition thus given Canada in the affairs of the British Empire, is part of the new Imperial policy of knitting closer the bonds between the Mother Country and her colonies because of their sacrifices and loyalty in sending troops and supplies to Great Britain's aid in the European war.

The first thing apparently confronting the commission is the making of a program and meeting American

bankers and discussing the situation. Next they will take up the details of the proposed loan, which, it is believed will be a joint affair with Great Britain, France and Russia participating. It has been reported that the interest rate, it has been said, would be at least five per cent.

SUDDEN DEATH

Of Mr. William Houghting, Terrace Hill, on Thursday.

It is with regret that many friends will learn of the very sudden death of Mr. William Houghting, Sr., Grandfather, which occurred yesterday shortly after one o'clock on North Park St., within a stone's throw of his home. The late Mr. Houghting was returning home to dinner, and only a few minutes before had spoken to two of his sons and expressed himself as being in the best of health, when he was suddenly taken with heart failure, and expired in a few minutes at the home of a neighbor.

The deceased, who was 55 years of age, came to this country four years ago from Drogheda, near Dublin, Ireland, and had made many friends, who highly respected him for his sterling character and goodness of heart. He leaves to mourn his loss besides a heartbroken wife, six sons, Arthur, William, Robert, John and Albert of this city and Samuel residing in the States, and a daughter, Miss Mary, at home. To them the sincere sympathy of a host of friends will be extended.

RECRUITING SERGTS. ARE DOING SPLENDID WORK IN THE CITY

Yesterday was an improvement over the day before on recruiting. Eight men joined for active service. The bulk of the men came in through the efforts of recruiting sergeants, who are now received with much better grace than when they first started their campaign. The names:

ACTIVITY OF FRENCH ARMY MOST MARKED

Germans Attacking, But Are Repulsed—Fight Still Rages.

By Special Wire to the Courier.

Paris, Sept. 10.—The French War Office this afternoon gave out a report on the progress of hostilities which reads as follows:

"There was continued artillery fighting last night in the vicinity of Arras, in front of Roze, and on the front in Champagne.

"In the Argonne, in the sector of Laharazee, there was fighting with hand grenades and bombs as well as rifle exchanges from trench to trench together with effective intervention on several different occasions by our batteries.

"In the Vosges the enemy yesterday attacked our positions between the Lingekopf as far as the Barrenkopf, making use of asphyxiating shells. At Schratzmannle a trench of the first line had to be evacuated following the blowing by the enemy of flaming liquids. A counter attack made it possible for us to recapture the greater portion of lost ground and to secure a position about thirty feet from that portion of the trench which we could not re-occupy. Along the rest of the front, our positions were virtually maintained.

"Yesterday evening the Germans delivered an attack against our trenches on the summit of Hartmans-Weilerkopf which resulted in their winning a foothold during the night. We however, delivered a counter attack, recaptured the lost trenches and drove the enemy back to his line.

"Our aviators this morning bombarded the German mines and batteries in the forest of Nonnenbruck, as well as the railroad station at Luttebach. Furthermore about 30 bombs were thrown down on the railroad station at Grand Pre."

GERMAN VERSION.
Berlin, Sept. 10.—The London-French trenches near Schratzmannle and Hartmans-Weilerkopf in the Vosges have been captured by storm by German troops, army headquarters officially announced to-day.

By Special Wire to the Courier.

Bordeaux, Sept. 10.—In explanation of the activity of German submarines in the bay of Biscay, the assertion is made by the Petit Gironde, that a steamer registered at Bilbao, Spain, left that port recently with three hundred barrels of benzine. Where the cargo was unloaded is unknown but soon after the steamer left port empty barrels were seen floating on the sea.

Walkerton, Sept. 10.—Bruce County Council at a special meeting here yesterday unanimously granted \$4000 per month for patriotic purposes as long as the war lasts, thus increasing its previous grant of \$1,000 by 300 per cent. A strong deputation from all parts of the county waited upon the council in support of the grant.

WILSON AND ADVISERS ARE KEPT ACTIVE

Consideration of the Latest Note on the Arabic Has Begun.

By Special Wire to the Courier.

Washington, Sept. 10.—President Wilson and his advisers began consideration to-day of Germany's note explaining the sinking of the White Star Liner Arabic. The communication was understood to be of considerable length and there were no intimations of the time that would be required for determining the government's attitude.

While the text of the memorandum, as received from Berlin in press dispatches was published yesterday, officials refused to make any comment pending a complete study of the official note forwarded by Ambassador Gerard. The newspaper text which stated Germany had refused to admit obligation to pay indemnity for American lives lost, even if it should develop that the submarine commander was in error in thinking the Arabic meant to ram him, was widely commented upon. Previous dispatches had stated Germany would offer to submit the matter of reparation to The Hague. In this consideration of the note President Wilson and Secretary Lansing will give consideration to assurances recently expressed that German submarine commanders had been ordered to destroy no more liners without warning.

EXCESSIVE HEAT THERE.

By Special Wire to the Courier.

Philadelphia, Sept. 10.—Excessive heat and humidity caused three deaths and a large number of prostrations here yesterday. It was the hottest September day since 1884, the mercury reaching a maximum of 92 degrees. The humidity was 85 percent.

VALOR OF CANADIANS ON LIPS OF EUROPE

Ottawa, Sept. 10.—"The stand which the Canadian troops made at St. Julien and their wonderful bravery is known all over Europe," said Abbe Perrin, Superior of the Canadian College at Rome, who is in Ottawa on a mission to the Papal Legate and Archbishop Gauthier. "I visited recently many small villages in both Italy and France. When the people found I was a Canadian they were most enthusiastic. They praised in the most eulogistic terms the Canadian troops, and I myself, just because I was a Canadian, was treated with the honor of a wounded soldier. The valor of the Canadians is on the lips of all Europe. I was proud, indeed, to be able to say I am a Canadian."

Henry Ford says that his Canadian plant of the Ford Motor Co. will employ 10,000 men.

SHORE ALLOWS ONE HIT AND THE RED SOX WIN

Detroit Beats Cleveland and Washington Downs Highlanders Twice.

Boston, Sept. 10.—Knowlson's passes, with occasional hits, produced five runs, while the Athletics were being held scoreless yesterday. Shore pitched a tight game, only one hit being recorded. His support was errorless. Boston's revised batting order proved an effective combination. Score:

Table with 2 columns: Team, Score. R.H.E. Philadelphia 0 1 2 Boston 5 9 0

Knowlson and McAvoy; Shore and Cady

COBB IS ON FIVE TIMES IN FIVE TIMES AT BAT

Cleveland, Sept. 10.—Detroit took advantage of Cleveland's errors and Hagerman's base on balls, and won by 6 to 5. Lowdermilk started to weaken in the sixth, and Boland replaced him, pitching effectively until the eighth, when Daus came to his rescue. Cobb reached first every time at bat, making three hits and receiving two passes. The Cleveland pitchers issued twelve passes. Score:

Table with 2 columns: Team, Score. R.H.E. Cleveland 5 7 7 Detroit 6 8 0

Hagerman, Carter and O'Neill; Lowdermilk, Boland, Daus and Stange.

HIGHLANDERS LOSE TWO TO 'FOXY GRIFF'S MEN

New York, Sept. 10.—Washington made a clean sweep from New York by winning both sections of a double header yesterday by scores of 5 to 3 and 4 to 1. Brown weakened in the first game, after he had a three run lead and the Senators batted out a victory against Donovan's pitcher. In the second game New York could not hit Gallia in the pinches. Score:

Table with 2 columns: Team, Score. R.H.E. Washington 5 9 2 New York 3 5 3

Brown, Donovan, Vance and Alexander. Second game: R.H.E. Washington 4 8 1 New York 1 9 0

Gallia and Henry; Pich, Vance and Brueger.

A thrilling pitching duel between Tyler of the Braves and Pfeffer of Brooklyn was won by the former, two hits to one, but Brooklyn took the game 1 to 0. The only semblance of a hit off Tyler came in the second inning when, with Myers on first, Getz bunted. The play was made to second, and Myers beat the throw. A successful double steal and an infield out put Myers over. Pfeffer gave the Braves two hits and passed only one.

'Father of Baseball' Dead

San Diego, Cal., Sept. 10.—A. G. Spalding, the well known sporting goods manufacturer, died at his home here late last night.

Mr. Spalding was born in Byron, Ills., September 2, 1850, and was one of the pioneers of baseball. He frequently was referred to as the 'father of baseball.'

Mr. Spalding organized and managed the first world's tour of the Chicago and All-American baseball teams.

Lieut.-Col. A. D. McCrae, of the Army Service Corps, has been appointed director of supplies and transport for the Canadian overseas forces.

Peter Hodge, who for two years has acted as missionary on the Welland Canal for the Upper Canada Bible Society, has enlisted for Imperial service.

Guelph City Engineer will investigate the Militia Department charge that the city tried to hold it up for rental of the Winter Fair buildings for the troops.

ONLY ONE GAME, BUT LEAFS CAPTURED THAT

Manning 'Comes Back,' Outpitching Chabek and Lee.

Toronto, Sept. 10.—Rain, which began to fall after the second inning of the first game of the double header with Harrisburg yesterday, ended it right there with the score 3 to 0 in favor of the Leafs. Cook, pitching for Toronto, got a bad crack when Mowe, second man up, rifled one that struck his shin and bounded back to Kocher, who got the runner at first. Cook fell flat and it took some minutes to bring him around. The Leafs fell on Chabek for three runs in the second on Daley's double, which nearly went into the bleachers. Graham's out, Kocher's single, Wares single, Ball's fly to left and Cook's pop fly over Tooley's head.

The half hour allotted failing to clear the storm and dry the field, the first game was called off, and the second began. Good hitting and base-running gave the Leafs two runs in the first inning of the game, and they were enough to win.

The score by innings: Toronto 20100100X—4 Harrisburg 000001000—1

GRAYS POUND PALMERO

Rochester, Sept. 10.—Providence defeated Rochester yesterday 4 to 3 by timely hitting, although the game was in doubt until the last man was put out. Rochester took advantage of the Grays' errors and tied the score in the seventh, but were unable to overcome the one-run lead which the Grays secured in the next inning. The score:

Table with 2 columns: Team, Score. R.H.E. Providence 000013010—4 13 3 Rochester 10000200—3 9 0

BISONS BEAT RICHMOND

Buffalo, Sept. 10.—Buffalo took a double header from Richmond to-day 2 to 1 and 8 to 4. The first game was won by the Bisons, though out hit 7 to 7. First game: R.H.E. Richmond 00100000—1 11 2 Buffalo 000001001—2 7 2

Second game: R.H.E. Richmond 30001000—4 6 1 Buffalo 04112000—8 8 0

GOOD GAMES AT MONTREAL

Montreal, Sept. 10.—Jersey City and Montreal broke even in yesterday's double header, the visitors taking the first game 5 to 4 by a fine batting rally in the ninth inning. The Royals made a strong bid for the game in their half but fell short by one run. The second game went to the Royals 5 to 1, in seven innings.

First game: R.H.E. Jersey City 000000203—5 5 0 Montreal 021000001—4 8 2

Second game: R.H.E. Jersey City 00000010—1 5 1 Montreal 230000X—5 11 0

PHILLIES WIN TWICE FROM THE GIANTS

Brooklyn Gets One Hit and Braves Two, but Dodgers Win 1 to 0.

Philadelphia, Sept. 10.—Philadelphia made it three straight over New York by winning yesterday's game 3 to 0, and 9 to 4. Alexander and Benton had a battle in the first game, the visitors being able to get only three scattered hits. Benton was taken out in the eighth for a pinch hitter, and Schupp finished the game. In the second game Philadelphia hammered Schauer's delivery hard, while Demaree let up in the closing innings. In this game Cravath made his twentieth home run drive of the season. Scores:

Table with 2 columns: Team, Score. R.H.E. First game—Philadelphia 3 0 0 Brooklyn 0 1 0

Second game—R.H.E. Philadelphia 9 11 1 Brooklyn 4 11 3

Schauer and Dooin, Wendell; Demaree and E. Burns, Adams.

TYLER HOLDS DOGERS TO ONE SCRATCH HIT, BUT BRVES LOSE 1 TO 0

Brooklyn, Sept. 10.—Although obtaining only one hit off Tyler yesterday, Brooklyn defeated Boston 1 to 0 in the final game of the series, and thereby moved back into second place. The only hit off Tyler was a grounder by Getz, which Schmidt was unable to field cleanly. Pfeffer allowed the Braves but two hits, a single by Moran in the fourth, and an infield single by Egan in the ninth. Both sides fielded brilliantly.

The only run was made on a pass to Myers, Getz hit, a double steal and an out by Nixon. Score:—R.H.E. Boston 0 2 1 Brooklyn 1 1 1

Tyler and Whaling; Pfeffer and McCarthy.

THE TAIL-ENDERS WIN TWO

St. Louis, Sept. 10.—Cincinnati won twice from St. Louis yesterday. The scores were 4 to 3 in fourteen innings and 5 to 0 in six innings. Scores:—

Table with 2 columns: Team, Score. R.H.E. Cincinnati 4 13 1 St. Louis 3 14 0

Dale, Tony and Wingo; Robinson, Sallee and Gonzales, Snyder.

Second game—R.H.E. Cincinnati 5 9 0 St. Louis 0 7 1

Called darkness; Schaefer, Schneider and Wingo; Doak, Niehaus and Gonzales.

Bowling

The Globe Scotch Double Tournament started yesterday in Toronto and good progress was made in spite of the rain. The Preliminary and First round was completed, and the play for the second round will commence this afternoon.

McPhail Bros. of the Brantford Pastime Club alone of the local rinks went through yesterday without defeat. Dr. Wiley and J. I. Miller lost to Ingersoll and Grantham and Bowyer also lost. The scores:

SHOOTING

Arrangements have been made by the rifle committee of the 8th Regiment to hold the annual shoot for the Dufferin Medal Saturday afternoon at two o'clock. This medal is donated annually by the Earl of Dufferin and is the highest honor in the rifle corps.

The two Delhi men played one set when rain stopped the match, with Tisdale leading by 6-3. The winner of this event meets J. G. Boucher of this city for the trophy.

Two Airmen Killed

Geneva, Sept. 10, via London.—Two French aviators were killed at Deylingen, Alsace, when their machine struck barbed wire entanglements as they were making a landing, causing the explosion of bombs aboard the aeroplane. They had been forced to descend because of motor trouble. The aviators were buried by the Germans with military honors.

Children Cry FOR FLETCHER'S CASTORIA

Judge Hays will investigate the construction of a Guelph pavement last year which is alleged was made the basis of charity at the hands of the Mayor.

MRS. GAVIN, HUNTRESS, AVIATRICE, ACTRESS

British Woman Golfer Sensation of U. S. Tourney at Chicago.

Chicago, Sept. 10.—Mrs. W. A. Gavin, England, the only foreign entrant in the national championship golf tournament at Onwentsia Club, yesterday survived the third round by easily disposing of Miss Eleanor Allen, Boston, 4 up and 2 to play.

Breaking the course record for a second time within four days, Mrs. C. H. Vanderbeck of Philadelphia earned her place in the semi-finals to be played to-day by defeating Mrs. Ernest L. Belfield of Chicago, 3 and 1. As the lone eastern contender in the semi-finals to-day, Mrs. Vanderbeck will meet Miss Alexa Sterling, the 17-year-old southern champion, who eliminated another Chicagoan, Miss Marjorie Edwards, 5 and 4. The other semi-final contest will be between Miss Ernestine Pearce Chicago, and Mrs. W. A. Gavin, England.

Miss Pearce, who is an artist by profession, put some of her art into the game yesterday and surprised even her sponsors by downing Mrs. Barlow, the Philadelphia expert. She had four holes in men's par. Although Miss Pearce plays in splendid form and gets a long ball, considering her slight build, she has no advantage in this respect over Mrs. Gavin. The Briton has been a big game hunter, an aviatrice and an actress, and makes a fine actress with quick decision and firmness. She has not had any difficulty in defeating her opponents thus far.

MRS. RAMSAY MAKES HOLE IN ONE AT THE EASTBOURNE COURSE

Toronto, Sept. 10.—Playing over the course of the Eastbourne Golf Club at Lake Simcoe, Mrs. Charles N. Ramsay of 103 Tyndal avenue, this city, made the fourth hole in one.

Holes in one have not been uncommon of recent years. The feat has been accomplished at least twice this season by men golfers in the United States. A similar performance was reported from England a month ago. Golfing authorities around the various local clubs fail to recall the accomplishment of the feat by a woman.

Mrs. Ramsay is a comparatively new golfer. Bogeys for the fourth hole on the Eastbourne course is three. To make it in one requires a drive of slightly over one hundred yards.

For the Tennis Titles of Western Ontario

London, Ont., Sept. 10.—Messrs. D. H. Hara and Dr. Curry of St. Catharines, who eliminated J. W. Ross and R. A. Leckie of Brussels in the open doubles event of the Western Ontario tennis championship tournament here yesterday morning, topped off their success by beating R. M. Mulvaney and F. H. Petherston of this city in the trophy challenge. The St. Kits pair won the morning event 6-2, 6-1, and took three straight in the trophy match, 8-6-1, 6-3.

Miss Connie Williams of this city beat Miss Howie of Brantford in the ladies' open single final, and will meet Miss M. Love of this city, title-holder, for the trophy to-day.

Dr. Hendry of Delhi, beat J. R. Ross of Brussels, in the semi-final for the men's open singles, while Dr. Tisdale of Delhi, also beat G. Coyne of St. Thomas.

The two Delhi men played one set when rain stopped the match, with Tisdale leading by 6-3. The winner of this event meets J. G. Boucher of this city for the trophy.

Children Cry FOR FLETCHER'S CASTORIA

It is difficult to estimate the strength of the team this year until they get working. There is a lot of fresh material, and it will take several good hard practices to tell whether they are any good or not. However, about half a dozen of the old regular players are still at the school, and they, with the coaches, will quickly train the youngsters in tacking, kicking, punting, etc.

It is hoped by the old players at the school that Mr. Charlie Waterous and Mr. Art Dunstan will again coach the team. Both of these gentlemen are old Varsity players and made excellent coaches in former years.

Art Livingston is trying to gather together a team of 'old boys' who played on the B. C. I. in 1912-13 and 14, and who have left the school for college or to enter a business career. If he can accomplish this, the B. C. I. team will have a championship team to contend with.

It will be remembered that the B. C. I. won the championship in a walk in 1913. The team never lost a game throughout the season, and they played against some heavy teams too.

Gibbons Favorite Over McFarland

Men Finish Training—Both are Ready to Make 147 Pounds.

New York, Sept. 10.—Mike Gibbons and Packey McFarland, who are scheduled to do \$32,500 worth of fighting in a ten round bout at Brighton Beach Saturday night, ended their training late yesterday afternoon. As they took off their gloves for the last time before the fight each man declared himself to be in tip-top condition and ready for a hard battle.

Gibbons tipped the beam at 147 3/4 pounds and Packey weighed an even 148. By the time both have dried out to-day they should have no trouble in making 147 pounds the stipulated weight.

The advance sale of tickets has reached about \$32,000 according to the promoters. They figure now that the house will run over \$70,000, and possibly may reach \$100,000. There are seats for 2,000 persons. The prices range from \$1 to \$5.

Already large rolls of currency are making themselves evident. Gibbons has been ruling a 10 to 8 favorite up to yesterday, but with the arrival of the advance guard from the west the odds began to shorten. Several wagers were recorded on Broadway last night at 10 to 9 on Gibbons. McFarland's backers are asking for a better price, but right now it looks as though the boys will enter the ring at even money.

RUGBY FOOTBALL SEASON OPENED AT COLLEGIATE

The first athletic meeting of the season was held in the Collegiate Institute yesterday afternoon, after school hours. A group of boys from each form met in 4M., and under the direction of Mr. Martin, of the staff, organized an athletic committee. This body has full control over all sports in the school, and as last year was a very slow and poor sports year, it is to be hoped that this committee is a live one—one that will make the season a success.

Judging from the following committee that was elected, the prospects for a good season are very bright. The positions of president and treasurer have always been occupied by teachers, and the custom was followed this year.

President—Mr. Martin. Vice-President—Reg. Waterous. Secretary—S. Phelps. Treasurer—Mr. Fielding.

REPRESENTATIVES: First Forms—D. Hurley and R. Williamson. Second Forms—T. Truss and R. Luttler. Third Forms—L. Buckborough and W. Moffat. Fourth Forms—H. Ryerson and J. Welsh. Fifth Forms—Westbrook and R. Deag.

Then Coach Art Livingston of Toronto Varsity, formerly captain of the B. C. I. Rugby football team, gave the boys an encouraging talk, urging every man to get out and practise after four o'clock. If this were done, two full teams could be procured and some good games played. The first team would have 12 men, and the second 10. The boys would go into the league games with the Galt and Guelph teams very much stronger than in previous years when only one team could be formed. The most that would turn out for the last year was twenty, but this year nearly twice that number will appear in fighting togs on the school campus.

After this general meeting, the athletic committee met and elected captains for the Rugby football teams. To the leadership of the B. C. I. team, Reg. Waterous was elected. He has played with the team since its organization three years ago, and is very popular. The captain for the second team will be young Luttler, who took an active interest in the game last season.

As soon as the present warm spell ceases, the teams will turn out and start their practicing. They haven't any time to waste, for the first league game is called pretty early in the season.

It is difficult to estimate the strength of the team this year until they get working. There is a lot of fresh material, and it will take several good hard practices to tell whether they are any good or not. However, about half a dozen of the old regular players are still at the school, and they, with the coaches, will quickly train the youngsters in tacking, kicking, punting, etc.

It is hoped by the old players at the school that Mr. Charlie Waterous and Mr. Art Dunstan will again coach the team. Both of these gentlemen are old Varsity players and made excellent coaches in former years.

Art Livingston is trying to gather together a team of 'old boys' who played on the B. C. I. in 1912-13 and 14, and who have left the school for college or to enter a business career. If he can accomplish this, the B. C. I. team will have a championship team to contend with.

It will be remembered that the B. C. I. won the championship in a walk in 1913. The team never lost a game throughout the season, and they played against some heavy teams too.

A SUNDAY SERMON BY PASTOR RUSSELL

CARDINAL GIBBONS ON CHURCH UNITY Review of Strong Plea for a United Christendom.

Two Masterful Discourses Compared—Many Points of Likeness as Well as of Difference—One Shepherd, One Flock—One Head, One Body—One Heavenly Bridegroom, One Heavenly Bride—Children of the Church—One Holy Catholic and Apostolic Church.

New York City, Sept. 5.—Pastor Russell, at the New York City Temple, W. 63rd St., near Broadway, preached a strong sermon on the subject of Church Unity.

Some time ago, in the Cathedral at Baltimore, Cardinal Gibbons delivered a remarkable discourse advocating a united Christendom.

Furthermore, our contention is that not one of these human systems, Catholic or Protestant, is recognized by God.

From this standpoint we perceive that the great masses, Catholic and Protestant, never were the Church of Christ.

Does some one say, "Where is the history of this Church?" We answer, in the words of the Apostle, "The world knoweth us not, even as it knew Him not."

"I see perfect harmony in the laws which govern the physical world we inhabit. I see a marvelous unity in our planetary system.

"Hence, it is clear that Jesus Christ intended that His Church should have one common doctrine, which all Christians are bound to believe, and one uniform system of worship."

Pastor Russell Agrees with Cardinal. I am pleased to say that I can agree most heartily with Cardinal Gibbons' presentation in almost every particular.

a greater zeal and energy in the Divine service. All conversant with history will understand what I mean when I say that God has been pleased to permit an illustration—first, a united Christendom, and second, a divided Christendom.

Which is the True Church? Agreeing with all the Scriptural promises laid down by Cardinal Gibbons, we must, nevertheless, dispute the fullness of the position of one faith, which Christ declared He would build upon the rock of Truth, and which would grow to a glorious Temple composed of living stones, of which Christ Himself is the chief corner stone.

Are There Protestant Counterparts? Although Protestants repudiate the Catholic idea that the clergy alone constitute the Church, nevertheless in many denominations we see this insidious error in a slightly different form.

Christian Union Never Lost. From this standpoint we perceive that the great masses, Catholic and Protestant, never were the Church of Christ.

pecting the "little flock," etc., and applies them to the clergy, not to the congregation. This is the secret of Papacy's great mistake. In their ecclesiastical system they have a counterfeit of the True Church.

What our Catholic friends have is merely a foreshadowing of the Truth respecting the Church as a mother. The Scriptures teach that when Christ shall institute His Millennial Kingdom for the uplifting of mankind, He shall have a Bride—the Church (Revelation 19:9) and shall figuratively beget children.

Are There Protestant Counterparts? Although Protestants repudiate the Catholic idea that the clergy alone constitute the Church, nevertheless in many denominations we see this insidious error in a slightly different form.

SUNDAY SCHOOL

Lesson XI.—Third Quarter, For Sept. 12, 1915.

THE INTERNATIONAL SERIES.

Text of the Lesson, 1 Kings xix, 8-18, Memory Verses, 9, 10—Golden Text, Ps. xvi, 10—Commentary Prepared by Rev. D. M. Stearns.

"And Ahab told Jezabel all that Elijah had done." She was the ruling spirit in the house of Ahab, the leader in the worship of Baal, and had 400 prophets eat at her own table (xvi, 31; xviii, 19), and was one of the most devil-controlled women that ever lived.

It is truly pitiful to see this man of God in the wilderness, under this tree, wanting to die; but the secret of it seems to be that he had begun to think himself of some importance and necessary to God.

How wonderful is the food which God provides, either for soul or body. We think of the bread and fish by the sea of Galilee for the men who had fasted all night and caught nothing (John xxi, 9) and of the way He fed the forty-day fasters in the Bible story, on the mount of transfiguration.

Does some one say, "Where is the history of this Church?" We answer, in the words of the Apostle, "The world knoweth us not, even as it knew Him not."

"I see perfect harmony in the laws which govern the physical world we inhabit. I see a marvelous unity in our planetary system.

GERMAN CRIMES

WILL CRUMBLE UNDER DELUGE

Senator Humbert Declares Germans Will Yield in Rain of Shell.

Paris, Aug. 22.—Senator Charles Humbert, one of the leading members of the Senate Committee on Military Affairs, has written for the Associated Press the subjoined article on the relation of the war to the war.

"The important part played by industry in the present war is due not only to the power and the perfection of firearms, but even more to the immense number of men in line. These millions of combatants would be nothing more than a mob predestined to massacre without the tools of combat which must necessarily be supplied and renewed.

But the actual experience of war has gone far beyond any foresight for the destructive power of the firearms—rifles, machine guns, rapid fire guns, of all calibres, has been so revealed in the field of battle that the combatants have had to renounce completely the system of manoeuvring in open country.

How wonderful is the food which God provides, either for soul or body. We think of the bread and fish by the sea of Galilee for the men who had fasted all night and caught nothing (John xxi, 9) and of the way He fed the forty-day fasters in the Bible story, on the mount of transfiguration.

HESTER, AND A LEGACY

As for Hester, she was in a tumult of emotions, among which happiness was predominant. He was a strange man and had a strange way of behaving, but she could not any longer doubt that he meant all that a man can mean towards a woman—love, courtship, and marriage. The idea, the wonder of it, the new vista of life that opened before her were things she could not grasp immediately, and in a delicious, vague dream of rapturous imaginings she was pacing her room when Lady Lynnmouth's maid tapped at the door.

"If you please, miss, her ladyship is ready to be read to, but she says will you please come Ponto first?"

And in walked Ponto, the poodle, with all the dignity of which he was capable, and as he sprang upon Hester's knee and solemnly awaited his combing Hester, pushing back the hair from her face and dismissing those rapturous dreams in which she had lain indulged longer, smiled to herself as she owned that there is indeed but one step from the sublime to the ridiculous.

CHAPTER XIX.

The month of June that year was unusually fine, and the various social gatherings that had been pending, and which had been postponed on account of May's incessant rain, now jostled one another in their eagerness to take place. Mrs. Cox's fancy fair was progressing with rapid strides, the piles of articles to be sold at it were growing so large that two of the spare rooms at the Towers had to be set aside for their accommodation alone and the Cox carriage had the honor and glory of driving through the Lynnmouth lodge-gates at all hours of the day and almost every day of the week.

It is true that Miss Philips was generally deputed by her ladyship to make all the arrangements with Mrs. Cox, to settle with her the site of the stalls, to decide whether there should be refreshments, and, if so, what refreshments there should be, to price the articles, promise flowers from the conservatories, fruit from the greenhouses, lounge chairs from the verandahs, and all the rest of it. Do what she would, ask what she would, she was always met by Miss Philips—it was Hester who settled everything, only bringing messages from her ladyship or promising to refer to her.

It was annoying that she could not become intimate with Mrs. Cox, for she had hoped to do over this affair, but there were other advantages gained that might not have been quite the same had her ladyship honored the proceedings with her presence. For instance, it was a matter of everyday occurrence that Lily whom she invariably took with her to the Chase should be cast with Lord Lynnmouth, sometimes alone with him, for half an hour at a time—a state of things that her mother would never have allowed for a moment had she been aware of it. For her absence on these particular occasions Mrs. Cox consulted her, and her daughter repeatedly; had her ladyship been more friendly her lordship would have been more scarce. Everything was going swimmingly. Lily was expected to make a profession, and what an advantage she gained over the other aspiring young ladies of the neighborhood by being constantly in his society and in meeting him without ceremony at all hours of the day! How fortunate that she should have conceived the idea of this sale of work which there was no doubt would be the means of establishing dear Lily at the Chase for life.

It was quite evident that Lord Lynnmouth was very much enamored of "dear Lily." Every day when accompanied by Miss Philips, Lady Lynnmouth went to the park, they went into the park to measure distances for stalls or choose a spot for the tableaux, or whatever else it might be, they chanced to come across him strolling in the same direction, and he always seemed more than willing to join them and assist them in any way he could. He was invaluable in making suggestions and in giving them the benefit of his advice, which Mrs. Cox always took. He seemed to enter heartily into the affair and to be ready to do all in his power to make it a success; and how could she doubt that it was Lily he was trying to please, Lily whose approval he was trying to win, Lily whose views he wished to meet?

going well, and before the end of the month she foresaw that the neighborhood and her sister in London would be electrified by the news of her darling Lily's engagement to a lord.

Miss Philips went off directly the business part of the proceedings was over, and left Mrs. Cox to doze in a basket-chair on the lawn, or stroll in the rose-garden while awaiting the hopeful daughter. One day, when the visitors had just driven off and Lord Lynnmouth was still lingering on the steps when he had witnessed their departure she came up to him with a smile.

"I tried to tell you half an hour ago," she said, with a little smile, "but you went off to the stables with Miss Cox, and I couldn't get an opportunity."

"I am sorry," he said, answering her smile with that delightful one that she was learning to know was given to no one but her, "but, you see, having spent the best part of the hour in your society, I felt that I must pay for the privilege. I always pay for it, you observe, either by the conservatories or the picture-gallery when the rose-garden is closed, it was the stables, to-morrow it may be the pigsties but it is all the same to me."

Alas for poor Hester, these little speeches were beginning to be the account of his remaining in the park every word of them and stored them up in her memory! The days when nothing of the sort occurred were the flat, barren days not worth recording. She had forgotten her resolutions, or rather was yielding to the delicious fascination that comes, but once in a lifetime, telling herself that however it ended—and sometimes she feared it could not end happily—it was a golden dream while it lasted and was worth suffering for. She had no doubts of him; it was Lady Lynnmouth and the world in general that she feared. How would she ever be able to prove to herself that she was the man, that she loved, not his position or his title or anything he could give her? She knew it would be difficult; she was a poor girl and had everything to gain and nothing to give, but her love was so great and boundless she would let him know in some way or other, and, if he understood—well, then, the rest of the world might go, and its opinion of her motives sink into insignificance.

During this time she went about in a dream—a beautiful golden dream. It seemed always warm and sunny, mouth as she had hoped to do over this affair, but there were other advantages gained that might not have been quite the same had her ladyship honored the proceedings with her presence. For instance, it was a matter of everyday occurrence that Lily whom she invariably took with her to the Chase should be cast with Lord Lynnmouth, sometimes alone with him, for half an hour at a time—a state of things that her mother would never have allowed for a moment had she been aware of it. AUSTRIA MUST RECALL ENVOY FROM STATES

Answer of U. S. Government
to Ambassador Dumba's
Explanations.

Washington, Sept. 10.—The United States has informed Austria-Hungary that Dr. Constantin Theodore Dumba, the Austro-Hungarian Ambassador to this country, is no longer acceptable as that Government's envoy at this capital. The demand for the Ambassador's recall is based upon his admission that he attempted to disrupt industries in the United States. The action taken in Dr. Dumba's case amounts to a notice to Germany, as well as to Austria-Hungary, that this Government will no longer tolerate activities by aliens calculated to embarrass the United States in its relations with belligerent powers of Europe. It was the answer of the American Government to Dr. Dumba's explanation of his intercepted letter to Vienna outlining plans for handicapping plants in this country making war supplies for the allies.

It is understood that Ambassador Dumba will not be handed his passports, but will be permitted to follow his own course and await word from Vienna. If he should desire to return home it would be necessary for the American Government to secure a safe conduct for him from the allies.

TEXT OF NOTE.

The following is the note sent to the Austrian Foreign Office:

"Mr. Constantin Dumba, the Austro-Hungarian Ambassador at Washington, has admitted that he proposed to his Government plans to instigate strikes in American manufacturing plants engaged in the production of munitions of war. The information reached this Government through a copy of a letter of the Ambassador to his Government. The bearer was an American citizen named Archibald, who was traveling under an American passport. The Ambassador had admitted that he employed Archibald to bear official despatches from him to his Government.

"By reason of the admitted purpose and intent of Mr. Dumba to conspire to cripple legitimate industries of the people of the United States and to interrupt their legitimate trade, and by reason of the flagrant violation of diplomatic propriety in employing an American citizen, protected by an American passport, as a secret bearer of official despatches through the lines of the enemy of Austria-Hungary, the President directs me to inform your Excellency that Mr. Dumba is no longer acceptable to the Government of the United States as the Ambassador of his Imperial Majesty at Washington.

"Believing that the Imperial and

Royal Government will realize that the Government of the United States has no alternative but to request the recall of Mr. Dumba on account of his improper conduct, the Government of the United States expresses its deep regret that this course has become necessary, and assures the Imperial and Royal Government that it sincerely desires to continue the cordial and friendly relations which exist between the United States and Austria-Hungary."

In making his announcement Secretary Lansing explained that it had been delayed in order that the note might reach Vienna before its publication in this country. Ambassador Penfield had not been heard from last night, but it was assumed that he received the communication some time during the day.

CREATED A SENSATION.

News that Dr. Dumba's recall had been requested created a sensation in the capital. It had been known in official and diplomatic circles that President Wilson and Secretary Lansing regarded the conduct of the Ambassador as a grave breach of propriety, but there had been a well-defined impression that the only immediate step would be the cancellation announced yesterday of the passport of Archibald, the American who carried the intercepted despatches.

It was stated at the Embassy that the Ambassador had been instructed by the Foreign Office to give the widest publicity possible to the degree against the aiding by Austro-Hungarians in the manufacture of munitions for enemies in their country, and that this was the only step contemplated in orders so far received. The plans proposed for embarrassing plants and calling out laborers in bodies originated with the Ambassador who was said to be taking no action toward putting his ideas into effect pending further instructions from Vienna. The choice of Archibald as a despatch-bearer both for the German and Austro-Hungarian Governments, it was declared, was without orders or sanction from abroad.

MAY BE REPLACED

While everywhere it was admitted last night that the situation created by the American note might prove a serious one in its effect upon the relations between the two Governments, it was pointed out that the language of the communication indicated clearly a desire to have Dr. Dumba recalled without making a diplomatic issue of his case. No mention was made of the order given the Ambassador to proclaim his Government's decree to Austro-Hungarians working in this country. An Ambassador is the personal representative of the head of his Government near the ruler or executive of the country to which he is accredited, and a request for his recall does not necessarily mean more than that he is personally objectionable.

If the Vienna Government should take this view of the case and withdraw Dr. Dumba without entering into the question as to the propriety of his conduct or its right to control the action of Austro-Hungarians in this country, it is declared that there would be an end to the situation for

the present at least. On the other hand, persons versed in diplomacy say that a decision at Vienna to uphold the Ambassador would be followed by a severance of diplomatic relations between the two Governments. This would be a serious development, even if no declarations of war followed, not only on account of the position in which it would leave the Austro-Hungarians here, but because its effect upon the part the United States is playing as diplomatic representative of Austro-Hungary and other belligerents of Europe.

SHOWS HIS INDIFFERENCE

As if to manifest his indifference towards what the United States Government might think of his actions, Ambassador Dumba at the very time that the President was with Mr. Lansing, went boldly to the Department of Labor for the purpose of seeing Secretary of Labor Wilson and inducing him to assist him in circulating the Austro-Hungarian "Treason decree." Secretary Wilson being out of the city, Ambassador Dumba talked with John B. Densmore, solicitor of the department, who is reported to have indicated that the department could not participate in his work.

Wednesday night the Ambassador returned to Lennox, where, as far as was known, he now is. Before going, however, he indicated to close friends that he might shortly depart from the country on a "leave of absence."

Shot at by Guards.

Amsterdam, Sept. 10.—The Maasbode says it has been informed by its Roosendaal correspondent that a Zeppelin coming from Belgium and flying at a great height was shot at by Dutch frontier guards last night, whereupon it immediately turned in a southerly direction.

IN THE CLUTCHES OF RHEUMATISM

The Great Suffering of a Calgary
Lady Before Relief was Found

There is still a very prevalent belief that rheumatism is due to cold or wet weather. This belief is probably due to the fact that when the blood is thin and watery there is an acute sensitiveness to atmospheric conditions and a change to wet weather often means a return of the excruciating pains. Rheumatism, however, is rooted in the blood, and it can only be driven from the system by building up and enriching the blood. Hot baths and outward applications of liniment may give temporary relief, but cannot cure. If the disease is not attacked through the blood, it simply fastens itself more firmly on the system and the sufferer ultimately becomes hopelessly crippled. The truth of this is proved by the case of Mrs. Ford of Calgary, Alta. Mrs. Ford says: "I was an almost helpless cripple from rheumatism. It seemed to have settled in every joint. My arms and hands had to be bandaged. My ankles were so swollen that I had to use crutches. After doctoring for a long time and growing steadily worse the doctor advised me to go to Banff Springs. I stayed there for eight weeks taking daily baths and returned home poorer in pocket by about \$150 and not one bit improved in health. I then entered a local hospital, but did not derive any benefit. I was in such constant pain that I almost wished to die, and I felt sure I would be a lifelong cripple. It was at this stage that a friend who had been greatly benefited by Dr. Williams' Pink Pills urged me to try them. I began the use of the pills and after taking them a few weeks the swelling in the joints began to go down and the pain was relieved. This greatly encouraged me and I continued the treatment until in the course of three months the cure was complete. I had thrown away the crutches, could walk anywhere and do my own housework and I never felt better in my life than I do at the present time, and all this is due to the use of Dr. Williams' Pink Pills. I have also given the pills to my daughter who suffered from anaemia and she has gained in flesh and become a strong, healthy girl."

If you are suffering from rheumatism or any weakness of the blood, give Dr. Williams' Pink Pills a fair trial and they will speedily restore you to health and strength. Sold by all medicine dealers or by mail at 50 cents a box or 6 boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Tip Top Tailors Will Not Raise Their Price

War has played havoc with prices in the great woolen industries of Great Britain. Many Canadian Tailors are unable to give their customers clothes at regular prices. Despite these facts the Tip Top Tailors, however, will stick to the old price. Our foreign buyer, forseeing the steady advance in the price of British woollens many months ago placed some of the best old country mills under contract. These mills do not belong to us (there are no tailoring firms in Canada which own any mills in the old country), but owing to the contracts we were fortunate enough to make, we are able to supply our trade all over Canada under present conditions without adding a dollar to our standard price of \$14 to measure. Owing to our splendid position financially, and the agreements we have with the old country mills, we can give our customers the same quality of suits and overcoats to measure at \$14 that we have always given—the clothes that made Tip Top Tailors the fastest growing tailoring organization in the Dominion. Men will receive the same good tailoring, the same honest linings and trimmings, and the most modern designing and style at \$14—not a penny more.

We could easily have taken advantage of the war conditions that exist to ask a higher price for our clothes, and thus make profit out of our buying power, but we prefer to stand by our customers and stick to the old price as long as we can.

We believe that in selling our customers their clothes at the same price of \$14, notwithstanding the price British woollens are selling for everywhere to-day, we are rendering them a service that they will appreciate. Our branches in Hamilton, Brantford, St. Catharines, Chatham, London, St. Thomas, Regina and Edmonton, and our agencies all over the Dominion, have been consulted on this matter. When other tailors were raising their price some thought perhaps we also should do so. After consideration, however, they all agree with the executive that maintaining our price is the most patriotic policy we could follow.

If, however, it ever comes to a question where we must raise our price or reduce our standard of value, we shall most certainly then advance the price. In the meantime we are giving the greatest tailoring value in Canada without question. Customers who wear our clothes will find every detail right up to the usual standard at the same old price. You are invited to come and see the new Fall and Winter materials and satisfy yourself that our one-priced tailoring proposition stands without equal in the Dominion.
