Nitrous Oxide (laughing gas) administered for the extraction of teeth without pain, which is perfectly safe and reliable. References kindly permitted to Drs. Herod, Clarke, Tuck, McQuillan, Keating, Cowan and McTear, Guelph; W. K. Graham, Dentist, Brantford.

PRIZE DENTISTRY. DR. ROBERT CAMPBELL, Licentiate of Dental Surgery. Established 1864. Office next door to the "Advertiser" Office, Wyndham-st., Guelph. Residence opposite Mr. Bonit's Factory. Quebec Street. Teeth extracted without pain. References, Drs. Clarke, Tuck, McQuillan, Herod, McGregor, and Cowan, Guelph. Drs. Buchanan and Phillips, Toronto. Drs. Elliott & Meyers, Dentists, Toronto.

STEAM FITTING. Done in the best style and most workmanlike manner.

AT HOWARD'S. All Kinds of Fixtures made to order on the Shortest Notice.

Changing Pipes, &c. or Repairs. Done on the shortest notice. (dw)

Guelph Evening Mercury

SATURDAY EVENING, JULY 6, 1872

SOUTH RIDING OF WELLINGTON.

MEETING OF REFORMERS. A meeting of the members of the Reform Party of the South Riding of the County of Wellington, will be held at the TOWN HALL, GUELPH.

On Tuesday, 9th day of July, at 7 o'clock, p. m., to take into consideration, in the interest of the Party, the question of the representation of the Riding in next Dominion Parliament.

In consequence of the recent change in the bounds of the Riding by which Erin and Eramosa have been added to it, it is proposed that the Reformers in the Township will see it to be their duty to take active interest in the political affairs of the Riding as they did when formerly belonging to it. GEORGE ELLIOTT, President of the Reform Association of South Wellington. Guelph, June 26, 1872.

Town and County News.

The potato bug is ravaging the vines in Maryboro'. Private Fisher, of the Flora Company, returned from camp Tuesday evening sick with scarlet fever.

Mr. Matland, the well-known preacher, from Galt, will lead the psalmody on Sunday at Chalmers' Church.

Last week Messrs Johnston Brothers, of Fergus, tanners, received a shipment of curculio hides direct from South Africa. This is a trial lot.

CANADIAN MONTHLY.—Mr. John Anderson has received the July number of this magazine, being the first number of the second volume.

We can confidently recommend Mr. J. A. Wood's establishment as being thoroughly reliable for the goods sold therein, and would draw special attention to his present advertisement.

The Tribune says that a gentleman from one of the best tanneries in the country has selected lots in Harriston for the purpose of building a tannery on an extensive scale.

Mr. Buckland, of Garafraxa, has bought a thoroughbred Durham cow from Mr. John M. Bell, of Pickering, for \$225. Mr. David Bea also bought a splendid cow at the same time for \$150.

NORTH RIDING ELECTION.—Mr. Drew intends to hold a series of meetings next week in Maryborough, commencing at Hallin on Monday, from thence to Hinton, Rothsay, Teviotdale and part of Minto.

THE COUNTY ASSESSMENT.—Judge Macdonald after hearing evidence and the arguments of counsel in the appeal case of the Town of Guelph against the County assessment, informed the parties that he would give his judgment in the case on Saturday the 13th.

NEARLY POISONED.—The Drayton Enterprise says that a son of Mrs. B. Welsh Maryboro was nearly poisoned one day by eating some berries from "mouse-wood" or "leatherwood." The timely arrival of Dr. Ennes, who administered to the little patient had the effect of restoring the lost animation, and relieving the sufferer.

DOMINION DAY IN HARRISTON.—Dominion Day was celebrated with great eclat in Harriston. We learn from the Tribune that the sports comprised a base ball match, a procession of club members, games, horse racing, and a torch light procession and fire works. A concert was given in the evening in Allan's Hall, and afterwards there was a ball in Markle's new hotel.

RELINQUISHING NO. 89, I. O. O. F.—On Thursday evening last the newly elected officers of this Lodge were installed by R. W. Bro. Jessop, D. D. G. M. as follows:—Bro. G. W. Jessop, P. G.; Bro. W. Marshall, N. G.; Bro. Dr. Tuck, V. G.; Bro. J. H. Lendley, R. S.; Bro. W. Sunley, F. S.; Bro. H. Walker, Treas.; Bro. J. Hunter, W. V.; Bro. A. F. Pirie, G.; Bro. J. Sparks, I. G.; Bro. T. Hayes, O. G.; Bro. J. Logan, R. S. S.; Bro. G. Barber, L. S. S.; Bro. W. S. Demroche, R. S. N. G.; Bro. A. Burrows, L. S. N. G.; Bro. J. T. Nichols, R. S. V. G.; Bro. G. Guy, L. S. V. G.; Bro. E. Bischoff, Chaplain. At the same time Bro. Jessop was elected as representative to the G. L. of Ontario, which meets in Windsor on the second Wednesday in August. The Lodge is in good working order, and the membership increasing rapidly, which includes some of our best men. The regular meetings are held on Monday evenings of each week.

SUN STROKE.—The Fergus Express says:—On the morning of Tuesday last, which was excessively close and sultry, Hugh Roberts, Esq., of Pilkington, went to the field with some cattle and did not return. The family missed him, but thinking that he might have been unexpectedly called away upon township business, or something of that sort, none of them ever thought of searching for him. From early morning until six o'clock in the evening did the poor man lie in the field, the only thing he recollecting having heard being the sound of the horn, but whether for dinner or tea he could not tell. Being unable to walk home, or in any way attract attention, with much labor he crawled to a path where he lay by one of the family at the hour named. We are glad to say that under skillful treatment he is doing as well as could possibly be expected.

CORRECTION.—In the Windsor camp correspondence of our valued friend, "S. H.," he is made to say that "the mess table of the 30th was well dotted with crinoline," and our friend thinks that the joking of the ears, the want of a "table" of the 30th unless we haste to say that "the warmest hospitality of the 'iron 30th' was extended to civilians," as he wrote and intended. Our correspondent is usually a clear and well defined calligraphist, but whether "camping out," or the joking of the ears, the want of a "review," or the extreme calligraphy of our love sick compositor (who in-

variably gives the fair sex the benefit of any doubt in their favor) has entangled him in the 30th's crinoline, we are unable in the absence of more positive evidence to determine; meanwhile we do our best to extricate him from the "mess" he says we have got him into, which endeavor we take to do in the most unobtrusive and of our "warmest hospitality" in the way of correcting journalistic mistakes.

SHEEP-STEALING AND SHOOTING IN WELLS.—The Reporter says that Dr. McQuillan, Jr., and Thos. McQuillan were arrested on Monday in their father's stable loft, examined and committed to go to trial for stealing three lambs from Oliver Goodfellow on Friday night. The lambs were killed and skinned, their carcasses left in the field, and their skins taken to Galt and sold by the McQuillans. On the day following, Thos. McQuillan was examined before the magistrate on a charge of discharging a gun, loaded with shot, at a party driving along the Clyde on the 24th of May last, and saying when he did so that he would blow them out of the wagon. The wagon was on the move at the time the gun was fired, and the main part of the shot missed the wagon and party in it, passing along behind it, and lodging in a stump. Some of the grains, however, passed through the clove of a jacket of a Miss McTherson, who was sitting in the back part of the wagon. The prisoner was committed for trial on this charge also.

CHALMERS' CHURCH STRAWBERRY FESTIVAL.—A large assemblage responded on Friday evening to the invitation of the Ladies' Association of Chalmers Church to partake of the many good things they had so bountifully provided for those wishing to be entertained, and judging from the depleted state of the tables at the close of the festive repast, it is concluded that entertainers and entertained must have met and parted with mutual satisfaction.—Lawrence's Silver Cornet Band was present, and greatly contributed to the harmonious enjoyment of the evening, with their melodious strains. The proceeds of the festival amounted to \$175 gross, and the Ladies' Association cannot too gratefully acknowledge the material and floral aid of many lady friends from other congregations, as well as their patronage and presence on the evening of the festival.

The festival has been throughout characterized by much fraternal interest, and augurs well for that mutual congregational friendliness which is always desirable should pervade citizens of the same Town.

THE INTERNATIONAL BASE BALL MATCH. (From the New York World.) The Baltimore Nine, of Baltimore, after administering a severe lesson to the Athletics, of Philadelphia, started off on a tour intending to add a few laurels to their chaplet, and the Maple Leaf Club, of Guelph, started, we say, to find the victims of their prowess. Burns, the Scottish poet, made a remark respecting "the best laid schemes of mice and men," the truth of which the Baltimoreans have done somewhat to demonstrate, for instead of whipping the raw Canadians, the latter took the victory from them, and won for them after the most approved fashion, winning the game on Monday by a score of 10 to 9, making the third game on Monday which was won by one run only. There were between five and six thousand persons present, to whom the victory of the young Guelph Club gave intense satisfaction.

BASE BALL NOTES. The Troy club were badly beaten by the Baltimore club, on the 4th at Chicago. Score 20 to 4.

A match between the Boston and Forest City Clubs, at Boston, on Tuesday evening, as follows: Boston, 9; Forest City, 3.

TWO GAMES OF BASE-BALL WERE PLAYED at Baltimore on Thursday, between the Athletics of Brooklyn and the Olympics of Baltimore. Both games resulted in favor of the former by scores of 8 to 5 and 15 to 12.

PARALLELS FOR THE MISSOURI TRAGEDY.—A gentleman called in a few days ago and wished us to correct a statement that has appeared in some of the papers that Phoebe Campbell was the second woman named in the marriage certificate, and her woman named Mary London, assisted by a servant man, murdered her husband in a most brutal and shocking manner, in the Niagara District. The evidence in the case was purely circumstantial, and the story told by the murderers, and her husband, that the victim fell down stairs and was killed, very nearly threw all suspicion from the parties who afterwards expiated the foul crime upon the gallows. But the testimony of the medical examiner was too much for the concoction of the marriage pair, they were arrested, arrested and finally convicted, and condemned. Before the sentence was carried out, confession was made to the effect, that together the woman and her companion had planned to put London out of the way by administering arsenic, of our best men. The regular meetings of the Association were held on Monday evening of each week.

THE RESULT OF MARRYING AN INDIAN CHIEF.—The Kansas City Times of the 29th ult., says that Miss Amanda Barber, who married the Squating Bear, Sioux Chief, at Washington in 1867, and went to Dakota Territory with her husband as missionary, arrived in that city on Friday last, after spending three years of her life with the Squating Bear, suffering gross indignities and being compelled to perform most menial services. She attempted to escape but was recaptured and beaten nearly to death by her husband, and then sold to a Cheyenne Chief for three ponies. She was taken north in 1870 and remained with the Cheyennes for the winter when she escaped to Fort Benton, Mrs. Barber left Kansas City on Friday for home at Millford, Mass.

The First Presbyterian Church of East Orange, New Jersey, have sent a pressing invitation to the Rev. Mr. Cochrane, of Brantford, to visit them with a view to settlement as pastor.

Three Arab laborers are working on a railroad in Massachusetts. They cannot speak English, but are reported to be excellent workmen.

FRUIT GROWERS' ASSOCIATION OF ONTARIO.

EVENING SESSION.

The Association resumed business at half past seven p. m. The President in the chair. There was a fair attendance, including Messrs. Birton, M. P., Leslie (Toronto), Lee, Jardine (Galt), Godfrey (Eramosa), H. W. Peterson, and most of the fruit growers mentioned as being present in the morning.

MR. LESLIE'S GAGE. Mr. Leslie has quarrelled with his plum trees and rooted them up on account of the curculio.

SHERIFF DAVIDSON USED TO HAVE NO PLUMS at all; now he has plenty; got rid of them by jarring the trees and placing sheets under the trees to catch the "Turk." The green gage, Blacker's gage and Columbia resisted their attacks well.

MR. ALLEN'S PLAN WAS THE SAME. Cultivates Coe's golden drop, green gage, Washington, egg plum, Dayson.

MR. JARDINE CULTIVATES THE LOMBARD; bore third year after planting; resists curculio well. Prince's yellow gage bears well. Common blue plum, poor, and late bearer, and much subject to black knot.

MR. NEWTON (WOODSTOCK) GATHERS the fallen fruit, jars the trees, cuts the black knot immediately on its appearance, and has a good crop of plums.

MR. ALEX. GLASS JARS THE TREES and spreads sheets below; cultivates Bingham (curculio especially hard on it), best quality he grows; early Orleans, Pond's seedling, Victoria, thinks it a little tender and affected by light (curculio bad on it); Magnum Bonum, crops heavily but liable to rot if the season is wet, but trees healthy; Lombard best market plum, imperial gage second or third quality.

MR. ROY CULTIVATES VICTORIA, but lost the fruit from damping, tree tender; would not encourage the cultivation of Victoria except in a particularly fine situation, and with careful cultivation the fruit is certainly magnificent; considers Lombard No. 1 for bearing, but not for profit; imperial gage is profitable; Pond's seedling is tolerably hardy, bears well and fruit sells well; Prince's yellow good for the district; Bingham, a little tender, showy and well flavoured; like Coe's golden drop, somewhat tender; Claude de Havry, tree pretty hardy, borer not worse than on other plums. (The President remarked that they could not ripen this plum in Hamilton or St. Catharines.) Oulin's golden gage, a new variety, perfectly hardy, not yet fruited; like Coe's golden drop, somewhat tender; the imperial gage the best marketable plum, and worthy of cultivation; Laurence's favourite, shy bearer and rather tender; considers salt rather a dangerous manure for garden or orchard culture.

MR. JARDINE (GALT) CULTIVATES yellow gage, also the Lombard; does not think that the curculio harms yellow gage plum; thinks they attack older in general to younger trees.

MR. LESLIE (TORONTO) FINDS THAT there are three great drawbacks to the cultivation of the plum, viz.: black knot, curculio and rot; thinks black knot can be kept under by cutting off in second week of July every year; has heard of lime being dusted over the trees for the prevention of curculio; Waggoner's duster might be used for this purpose; considers there is no practical remedy for the rotting; regards it as atmospheric; considers Lombard and yellow green gage to be about equal in the first rank; peach plum does well; yellow Magnum Bonum, imperial gage, Coe's golden drop and Claude de Havry, are all good bearers.

MR. MARLTON FINDS THE BRADSHAW rot badly; does not think the curculio touches the gages so badly as the other varieties; considers the Lombard most profitable for market; likes the Bradshaw, Washington and Coe's golden drop; does not think the Dawson's are much affected by the curculio.

MR. MCGILL CONSIDERS THE English green gage the finest of all plums; finds it never grows into what you may call a tree, although he has some 30 years old, they look like shrubs; Munro gage ripens late, colour yellow, in its younger days was a heavy bearer; thinks the late frosts have destroyed the plum crop of this season in his district; regards Washington next to the English green gage, then the Lombard.

MR. D. SORBY CONSIDERS LAURENCE'S favourite as the best he grows. Mr. Anderson found the Lombard, Washington and Victoria killed by the winter; the Prince's yellow gage hardy and doing well.

MR. CALDWELL CULTIVATES Lombard and imperial gage, and finds them great favourites about Galt; Duane's purple, McLachlan he considers the best plum grown, tender when young, the fruit of fine size; curculio very troublesome; considers the black knot easily cured by timely application of knife as previously recommended.

MR. HAMILTON CONSIDERS ROT is more readily produced when the season is warm and damp; thinks from his Toronto experience that the only way to get rid of black knot is to cut down the tree.

MR. A. GLASS DESCRIBED HIS NEW seedling plum; leaf thick, grows very strongly, had some fruit from the trees which weighed 24 oz. when they arrived in the hands of Messrs. Elwanger & Barry, of Rochester, who pronounced it a superb seedling; was not sure whether it sprang from the Doyenne plum or Smith's Orleans.

MR. JAMES GOLDIE PRONOUNCES "Glass seedling" a very fine plum in appearance, perhaps not first class in flavour, but well adapted for market.

MR. MARLTON THOUGHT THE plum would sell readily, and is excellent for preserving; would rank it as a good second class plum.

MR. STEVENSON HAS TRIED MANY varieties but has now reduced them to a very few; found curculio, black knot and winter killing very destructive; saw a receipt for the application of chloride of lime for black knot, but found that it killed the trees; found the Victoria a splendid plum almost inapproachable in quality, McLachlan fine, purple gage very fine, imperial gage do, Columbia very subject to black knot; considers Lombard, yellow egg, and Smith's Orleans as most profitable; Washington hardy, nice fruit, but slow grower; considers the rot infestations and the curculio not quite so bad this year as formerly; Goliath plum is hardy and good bearer.

MR. J. A. WOOD CULTIVATES imperial gage, Lombard, Coe's golden drop; prefers Bruce's trees to those of any other he has purchased.

MR. FAIRLEY CONSIDERS THE Lombard the best cropper, and freer from curculio and black knot; cultivates also Prince's yellow gage.

MR. PETERSON CONSIDERS THE curculio

FRUIT GROWERS' ASSOCIATION OF ONTARIO.

EVENING SESSION.

things the wild plum first and thence to the cultivated plum; he observed this from close experience; shakes the trees, with sheets below to catch and then destroy them.

The next subject for consideration was that of strawberry cultivation, but the hour being late it was resolved to adjourn. The President then heartily thanked the citizens of Guelph for the very kindly and courteous treatment they had received during their visit to Guelph, and the members of the Association would, he felt sure, be only too happy to revisit Guelph at some future time. They had been much instructed as well as pleased by their Guelph visit, and although a large number of the fruit growers present came from the east, where all wisdom was supposed to dwell, still he could candidly assure them that that pleasing commodity was abundant in the west.

Mr. H. W. Peterson then moved, seconded by Mr. J. A. Wood (who at the same time announced his intention of joining the Association), that the thanks of the fruit-growers of Wellington and neighbouring counties be heartily tendered the Association for holding the summer meeting in Guelph, and for the many valuable suggestions and important information disseminated through its means on this meeting. Carried with applause.

The President having briefly replied, the Association adjourned to meet on the call of the President or Secretary.

A Committee, consisting of the President, Secretary and Messrs. Leslie (Toronto) and Roy were appointed to examine and report to the Fruit Growers' Association upon the new variety of plum propagated by Mr. Alex. Glass, gardener to David Allan, Esq., and named "Glass seedling."

Mr. Jardine (Galt) exhibited a plate of splendid specimens of strawberries of the varieties of Juncuda, golden queen and a variety not quite determined as to name.

Nearly all the members returned home on Friday morning, Mr. D. W. Beadle alone remaining, being anxious to view personally the practical operations and results of our most noted horticulturists and nursery men; and, therefore, in company with Mr. James Goldie, President of the Guelph Horticultural Society, visited the respective gardens and grounds of Messrs. Allan and Elliott, and, we understand, was much gratified with what he witnessed in the horticultural management of these gentlemen and their gardeners. Probably we may have a more detailed account from Mr. Beadle's own facile pen of his little visit to Guelph. Mr. Stevenson's grounds were also visited, but that gentleman being from home at the time, were not inspected; neither were those of Archdeacon Palmer and others from want of time, Mr. Beadle having returned home by the 1 p. m. train per G. W. B.

We understand that those of the Association who were strangers to Guelph have been much impressed with its business like look, location, and adaptability of its soil and climate for the necessary operations of agriculture, horticulture and arboriculture.

We wish the Association a speedy return to Guelph, and expect that much practical good will result from their present visit.

Wellington Field Battery.

We feel great pleasure in publishing the following letter, which was forwarded by Lieut.-Col. Taylor, Commandant at Windsor, to Captain Macdonald, commanding the Wellington Field Battery while in camp there. It must be gratifying not only to the other members of the Battery, to the volunteers belonging to the Battalion, but to the people of Guelph and Puslinch, to hear such a good report of the men who attended the Kingston School of Gunnery, and it is equally gratifying to know that the Battery merited and obtained such high praise for their excellent discipline and general bearing while in camp at Windsor. We congratulate Capt. Macdonald and the officers on the efficiency of the Wellington Battery:

SCHOOL OF GUNNERY. (Commandant's Office, Kingston, Ont., 19th June, 1872.)

Sir,—On the inspection of the School of Gunnery by the Adjutant General yesterday, I informed him of the highly gratifying fact that during the long period which the men of the Wellington Field Battery passed here, not one of them was brought before me for any misconduct or breach of discipline. I also had much pleasure in testifying to their zeal and attention to drill and other duties. He thereupon directed me to communicate to you the gratification he experienced in hearing such a good report, and which he felt sure you would be equally gratified to hear. I beg further to state that he wished you to inform the officer commanding the Wellington Field Battery of the above facts.

I have the honor to be, Sir, your most obedient servant, G. A. FRENCH, Lt.-Colonel, Comd. School of Gunnery, Kingston, Ont.

The Dy. Adjt. General of Militia, Military District No. 1, London.

Pic-Nic to the Eramosa Volunteers.

One of the most social meetings of this kind took place on Friday the 5th of July in Mr. John Johnson's bush. Two long tables were spread under the trees with all the delicacies imaginable. The Volunteers after going through a few movements and firing a "feu de joie" with the usual accompaniment by the Battalion Band, were then invited to refresh themselves, and table after table was filled by welcome guests. There must have been from 500 to 600 persons of all ages on the ground. Much pleasure was afforded by the playing of the band, after dinner the Rev. Dr. Barrie congratulated the Volunteers on their return home. Capt. Kennedy and Lieut. Scott duly returned thanks; after which the Rev. Mr. Ball went into a lengthened explanation of his experiences as to camp life, and spoke highly of the conduct of the 30th while at Windsor, concluding by recommending the ladies who had kindly inaugurated this fête to continue their good work by holding a soiree in the coming winter in order to raise funds to supply a tent furnished with writing and reading materials for the amusement of the men during their 15 days drill in camp.

The Rev. Mr. Archer, Messrs. H. H. Swinford and Hill also gave short addresses.

The assemblage broke up greatly pleased with the day's proceedings, and in the happy hope that the ladies of Eramosa will on some future occasion invite them to partake of the hospitality of another agreeable picnic.

A Contrast.

The editor of the Fergus Express (Liberal Conservative) attended the Reform Convention at Elora the other day and was not ordered out. Here is what he says in reference to his treatment there as compared with that which he received at the Tory Convention at Fergus:—We attended the meeting as a Liberal Conservative, and were neither insulted, threatened, nor bullied by any gentleman present. No "physical force" was called in requisition for the purpose of preventing our reporting the meeting, nor was our presence objected to. How differently did the misnamed "Liberal" Conservatives act at the recent meeting held in Fergus? Not satisfied with heaping every possible indignity upon us, first coaxing and then threatening—now vehemently "crying away with him," and then taking back a moiety of what was said,—and finally concluding by unanimously carrying a resolution banishing us for ever from their unholy presence. The electors of Centre Wellington have now an opportunity of judging for themselves which is the most "Liberal" of the two parties. We deem it quite unnecessary to add another word on the subject.

EDITORIAL NEWS.

The Mount Forest Examiner says that Dr. Landarkin is meeting with most encouraging success in South Grey.

GEORGE L. HATWAY, Provincial Secretary of New Brunswick, died on Friday. He was severely injured ten days ago by a fall, in stepping out of a railway car while in motion, but though much prostrated, was not considered in danger until the previous evening, when he sank rapidly, and died at two o'clock.

Sir John A. Macdonald laid it down that Scott was shot, but would not admit that he was murdered. The Mail employees on the idea of asserting that the "unfortunate man had fallen a victim to Riel's stern rule." Calling acts by their proper names has gone out of fashion in the Tory ranks.

The demonstration at Montreal on Wednesday in honor of Messrs. Holton and Dorion, was successful in point of enthusiasm, influence and respectability. Mr. Penny, editor of the Montreal Herald, presided. Among the distinguished guests present was the Hon. Alexander Mackenzie, who delivered an eloquent address.

The London Free Press gives currency to the story that in addition to Mr. O'Connor going into the Cabinet other changes are in contemplation. It says that Mr. Howe is to retire and be succeeded by Mr. Jas. McDonald, and Mr. Wm. Macdougall is to be taken into the Cabinet in place of Mr. Campbell, Postmaster-General.

The Harrison Tribune says that Col. Higginbotham's canvass is progressing in the most satisfactory manner. The reformers of Minto, true to their principles, will be a unite in his favor, and former supporters of Mr. Drew are giving in their adhesion to the man that will not pander to but resist corrupt government. The cause progresses bravely and the ultimate success of reform is quite assured.

ONLY ONE DAY'S POLLING.—The electors throughout the country should bear in mind that at the coming Dominion elections there will be only one day's polling. Reformers have been pressing this change on the Government for years, and at last the concession has been made. What we want next, and what Reformers have for a long time been working, is to have all the elections on the one day as it now is in Ontario for the Local Legislature. This new law ought to be strongly in our favor at the coming contest, and should be remembered in the preparations for the battle. The work will be sharp and decisive, and the preparation must consequently be complete and thorough.

The Quebec Chronicle in noticing the Globe's unfavorable statements about the Point Levi Camp, says it is afraid there is too much truth in the allegations and goes on to remark:—"If we are to pay a million and a half a year for militia, it should be like a military force as to appearance, equipment and efficiency. The country cannot afford to make large sacrifices for a mere armed mob, which even during the few days of annual drill in mass appears ill clad and complains of such other bad treatment as being half starved. What is the large costly staff about, that a decent turnout for a few days once a year can't be had? Surely the Minister of Militia ought to direct his attention to this end of the country, if nothing else than the credit of the volunteer force, now exposed to the pity and ridicule of the people who have seen soldiers in this city for a number of years."

COMPARISONS ARE OBVIOUS.—The Elora Times thinks it a great shame to bring out a man like Mr. Ross for the Centre Riding, who is for the most part silent in the House, and does not trouble the august body and the country with long speeches. But why does it not exercise its sarcasm also on Mr. Drew, who, as was well said at the Elora Convention, is one of the most silent dots in the House. Mr. Ross's silence is a formidable objection to his re-election, according to the Times, but in Mr. Drew's case it does not amount to anything. This is the style of argument which the Tories employ. They see the mote in their brother's eye but they never see the beam in their own. We verily believe that Mr. Ross has forgotten more than ever Mr. Drew learned, and when he feels that duty calls him to speak he can do so in a manner that might well shame Mr. Drew, lawyer though he is. The Times had better try some other mode of attack, its pet candidate in the North Riding being so vulnerable on this point.

A Virginia exchange says: At a concert recently, at the conclusion of the song, "There's a good time coming," a country farmer got up and exclaimed: "Mister, you couldn't fix the date, could you?"

Blarneying the Irish.

It must be with feelings of deep disgust that any sensible Irishman would read the report of the Conservative meeting held in Fergus on Saturday last. From the lavish style in which "soft-soap" and "blarney" were plastered upon the Irish, it appears to us that the Scotchmen who were so fulsome in their compliments must judge the sons of St. Patrick to be susceptible to a great deal of imposition in the shape of flattery. Had we been told that any body of Irishmen would submit to such insults—we cannot call the disgusting blarney by any other name,—without instantly resenting them, we certainly could not have believed it. It is most evident that there was no honesty or sincerity on the part of the flatterers. Their professed admiration of Irish character was assumed, not real; and the soft-soap was piled on for a special purpose. If, for instance, Mr. Jacob really wanted to have an Irish Catholic for a candidate, why did he not stick to Henneberry throughout, when he nominated him, instead of immediately afterwards seconding the nominations of Mr. Hunter and Mr. Wilson, and proposing Mr. McCarthy—two of whom are extreme Orangemen, and the third a Scotchman? If Mr. Henneberry was dropped the instant he asked to be relieved, why was not Mr. Mair also dropped when he stated distinctly that he would not accept of the nomination? And when a vote was taken on Mr. Mair, why was not the same done on Mr. Henneberry? For the very good reason that the parties who proposed Mr. Mair were sincere, and intended to support him; while the parties who proposed Mr. Henneberry merely did it for a purpose, and had no intention of voting for him. Mr. Henneberry's name was mentioned simply for the purpose of creating the false impression that the Tories have a liking for his fellow-countrymen and co-religionists. They do not want him for a candidate, but they would like to use him as a cat's-paw to catch Irish-Catholic votes. How did Mr. Jacob, the gentleman who spoke first about the claims of Irish Catholics, and afterwards proposed Mr. Henneberry, act when an Irish Catholic contested the County? Did he support him? Assuredly not. The cry got up, and the means resorted to by Jacob and other religious bigots by which the Hon. Michael H. Foley was defeated in the North Riding at last election are too fresh in the memory of the electors for any one to be deceived by professions of friendship from that source now. While we respect Mr. Henneberry as an acquaintance, we protest against his or any man's nationality or religion being paraded as a reason why he is entitled to parliamentary honours. The time has arrived in this country when politics, nationality or religion ought each to be able to stand independently on its own merits, without either one being at all affected by the other—and we cannot think that any person will be blinded or led astray by the blarney dust attempted to be blown into Irishman's eyes at the meeting in Fergus.

Liberal Land Policy of the Ontario Government.

From the Stratford Beacon. It appears that the falsifiers and slanderers are already at their dirty work in this country, as they have long been doing it elsewhere. The design is to weaken the members of the Dominion Opposition at the elections by striking their foul blows at the Ontario Government. In the township of Mornington, where there is still a good deal of open land, it has been reported, with a view to injure Mr. Redford, that those under whose banner he has enlisted himself at Ottawa contemplate adding ten per cent. to the price. To procure an authoritative reply, Hon. Mr. Scott, the Commissioner of Crown Lands, was written to, and his letter, given below, furnishes a complete answer:—"R. W. SCR. "Commissioner."

"Sir,—In reply to your letter of the 11th instant, I beg to state that there is no foundation for the report that it is the intention of the Government to raise the price of lands in the township of Mornington; but on the contrary, it is intended to grant any reasonable indulgence under the statute providing for an abatement in the arrears due upon public lands. Your obedient servant, "R. W. SCR. "Commissioner."

In 1841, before the era of Free-Trade, the working classes of Great Britain had on deposit in the Savings Banks \$122,373,445. In 1870, they had \$265,082,185. This, the surest test of prosperity, shows that the wages of English laborers have steadily increased. Not only have they increased in money, but in value, in purchasing power. In 1812 wheat was 26 6s. 6d. a quarter; barley, 23 6s. 9d. a quarter; and oats, 22 4s. 6d. a quarter. In 1870, the corresponding prices were 22 6s. 10d., 21 14s. 7d., and 21 2s. 11d. All other articles of food, and all manufactured wares are also lower than before the repeal of the Tariff.

Mr. Blake and South Bruce.

Several of the small fry Tory journals have discovered that the recent Order in Council in favor of the W. G. and Bruce Railway was granted so as to help Mr. Blake in his election contest in South Bruce. It is, in fact, an attempt to bring that constituency. This would be an ingenious attempt, on the part of the small fry in question, but for two facts. The first is, that Mr. Blake had such a majority in South Bruce, at the election for the Local Legislature, as to prove that he can get in there for the Commons with ease. If anything is certain in politics, it is certain that Mr. Blake can carry South Bruce against any opponent. The second fact is, that Mr. Blake has positively declined to accept a nomination from South Bruce for the Commons. If they are determined to elect him, they cannot prevent them, but he has told them that he cannot sit for that constituency. When a man has the double advantage of being able to carry a constituency by a majority of several hundreds of votes when he wishes to, and at the same time has no wish to carry the constituency at all, on account of being engaged by another body of electors, he is not in a position to make bribery necessary to him. The Tories had better try a fresh story.—Hamilton Times.

THE LATE DR. NORMAN MACLEOD.—In reference to the cause of Dr. Macleod's death, the London Times says:—"The Rev. Dr. Norman MacLeod, of the Barony parish, Glasgow, died suddenly. For some time past the doctor had been complaining, but his illness assumed a serious form within the last few days, when effusion of the pericardium occurred. Consequently his death, though sudden, was not unexpected by his relatives."

That is to say, the voters from Newfoundland are discouraging. Countryman at the maner; "See here, now, them ain't zebars; don't you see there all marked alike! They've been fools enough to paint 'em all to one pattern."

Sir John A. Macdonald has given to Mr. O'Connor, of Essex, the most important and influential office in the Government—that of President of the Council. He has given it to the eye of a general election that threatens to break the whole Government to pieces. We trust that Mr. O'Connor feels that he has been sufficiently paid for his trouble in hunting up old *Globes* and reading many extracts in order to re-create a religious war.

EMIGRATION FROM GERMANY.—The landed proprietors in North Germany have taken alarm at the rapid increase of emigration, and they are shrewd enough to use the bait which soonest tempts the German peasant. They propose to offer land to the public that will agree to stay at home. Meetings of landholders have been recently held, in order to consider the condition of the labouring class, and appeals have been made to the Government for the adoption of measures to facilitate the acquisition of small holdings. It was agreed, with much force, that if the German peasant could obtain his plot of ground, he would not only become a permanent resident, but would also be the foe of the International Society—an organization which has awakened more apprehension in Germany than in any other country in Europe—and such cogent reasons as these are likely to produce the desired effect.

BREAKFAST—EPPE'S COCOA—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labeled "James Eppe & Co., Homeopathic Chemist, London." Also, makers of Eppe's Milky Cocoa (Cocoa and Condensed Milk).

The cathartics used and approved by the physicians comprising the various medical associations of this State are now compounded and sold under the name of *Pepin's Purgative.*

To persons employed in constant mental toil, study or anxiety, Fellows' Compound Syrup of Hypophosphites is especially adapted, namely to Teachers, Clergymen, Editors, Lawyers and impecunious business men.

We copy the following from an exchange which is important. It is a Chronic disease of long standing, also dasyentary and all similar complaints common at this season of the year can be cured by the use internally of *Johnson's Anodyne Liniment.* We know whereof we affirm.

No intelligent mind can fail to observe how the various and ever varying wants of the community are attended to by the enterprising merchants of Guelph. Instancing Hardware, in Mr. Horsman's Establishment, so noted for many years as the Emporium of everything in his line of business, it is something astonishing to take a comprehensive view of the variety of his stock—Guns, Pistols, Ammunition, Fishing Tackle, House Furnishings, Floor Oil Cloth, Mats, Ivory Table Cutlery, Plated Ware, Bird Cages, Flower Baskets, Smoothing Irons, Tea Trays, Wringers, Mangles, Lamps, Mechanics' tools. Besides the great assortment of Farming Implements, Scythes, Snaiths, Rakes, Forks, Hoes, Building and General Self and Heavy Hardware, Oils, Paints, Colors, Varnishes. One gets from this a slight idea of what it is to carry on with enterprising spirit a large Wholesale & Retail Hardware Establishment. Every want for House, Farm, Trade or Manufacture can be supplied Wholesale and retail at Mr. Horsman's. See advertisement.

DR. WHEELER'S COMPOUND

ELIXIR OF PHOSPHATE AND CALSAYIA.—This elegant and agreeable preparation has speedily become a favorite on account of its great reliability in the cure of Diseases of the Stomach, Liver and Kidneys. It relieves at once, pain and the sense of fullness after eating, indigestion, acidity, or heartburn, headaches, and constipation of the bowels, all of which arise from feeble digestion, and occasional poor blood. It enables the stomach to digest food perfectly, and in sufficient quantity to nourish the system thoroughly, and prevent decline and running down with chronic wasting diseases. In consumption and scrofulous cases, in women prostrate from family cares, and in delicate children, it will act like a charm in restoring vitality to all the organs and invigorating the whole health. It will restore all those who for a long time have been in a feeble condition of the system, wanting energy to exertion. It cures by means of purifying the blood, and building up all the tissues of the body. Sold at all Druggists.
