MELVERN SQUARE

Miss Sarah Ruggles was the guest of her friend Miss Mina Pierce quite recently. Mrs. J. P. Morse attended the U. B. W. M. Convention held at Wolfville a short time ago. Miss Lilla Gates returned from a few weeks' visit with friends in Bridgetown and vicinity. Miss Maud Walker of Kingston, spent Sunday, the 26th inst. with her sister, Mrs. Earl Palmer. Messrs. L. L. and Otis Chute are away on a moose hunt, the favorite sport at this season of the year. Mrs. McGillivray of Fredericton, N. B., is the guest of her sister Mrs. Fred Baker for a few weeks. Mr. and Mrs. Elms Piggott, of Paradise, made a business trip to Melvern Square, on Friday Oct. 24th. Mr. Arthur S. Forrest, of Halifax, was a guest at the home of Mr. and Mrs. J. Almer Phinney last week.

Mrs. Helen Martin and children, spent the week end at Williamstown the guest of her father, Mr. W. H. Banks. Miss Flo Brown, of Kentville, was a recent guest of her friend, Miss George VanBuskirk, Hillside Farm, Melvern Square. Mrs. Fred Gilliat is spending a few weeks at the home of her father, Colonel Spurr before going to Annapolis Royal, where she is to reside in the future.

Guests at the home of Lt Col and Mrs. E. F. McNeil on Oct 26th were: Mr. and Mrs. K. H. McNeil, Miss Bingray, Mr. Young and Mr. Moore, of Kentville and Mr. and Mrs. E. R. Power and children and Mr. Karl Cleveland, of Middleton.

Apple picking has been the order of the day for some time past every spare moment being utilized in gathering the large crops! Some orchards were somewhat damaged by the recent heavy frost, but most of the farmers were lucky enough to have their fruit already stored thus escaping injury.

On Sabbath morning, Oct 26th, the Rev. F. E. Roop delivered his farewell sermon here, to a large and attentive congregation despite the unpropitious weather, taking for his text 2nd Cor 13th-11th words of comfort and good cheer. The church is now without a pastor but the Rev. gentleman who has so lately occupied the pulpit leaves many warm friends in Melvern.

LAWRENCETOWN SOUTH

Capt Gold spent a few days in Halifax this week. Mrs. Robert Seamone and daughter Erna, returned from Bridgewater on Saturday, Oct 25th.

Mr. and Mrs. Leander Grant, of Vermont, were recent visitors of Mr. and Mrs. J. H. Daniels.

Mr. Fred Bishop, who has recently returned from overseas is visiting his mother, Mrs. Mary Bishop.

Mrs. Miner Daniels and Mrs. Ada Balcom are spending a few weeks in Massachusetts, U. S. A.

Mrs. Robert Longley returned on Friday, Oct 24th, after spending a very pleasant visit at Tupperville and Ronco Hill.

Birthday Party

The home of Mr. and Mrs. Arthur Marshall, Clarence was the scene of much merriment Monday afternoon, the occasion for this being the "birthday anniversary" of little Miss Mary Marshall which a number of her young friends had gathered at her home to help her celebrate.

Hardly had these young friends assembled before they were busy enjoying themselves with games, contests, etc. Only too soon came the happiest call, the invitation to the dining room where the tables had been deftly spread for the occasion with fancy pies and cakes. Prominent among these was a

You have a bad cold!

Then listen! Cold attacks the lungs and the breathing passages. To cure it you need to get at these organs direct. Ordinary cough mixtures and syrups do not touch the lungs, but go direct to your stomach, which is not ailing. Peps, on the contrary, go direct to the very seat of the trouble. Peps are tablets containing essences and medicinal ingredients so prepared that when placed upon the tongue they immediately turn into vapor, and are breathed down the inflamed air passages to the lungs direct.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it (with a stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

"Birthday Cake" which greatly attracted the attention of the young folks.

Numerous little gifts were left as a token of remembrance of this pleasant occasion.

Those present were: Lolo Marshall, Evelyn Marshall, Bessie Marshall, Dorothy Saunders, Lillian Saunders, Mildred Chute, Conant Marshall, Edward Wheelock, Redleigh Marshall, Richard Marshall, Henrietta Miller, Lawrence Marshall, Maude Hiltz, Ruth Myers and Mary Miller; also Mrs. Atherton Marshall the Misses Alberta Longley, Susie Beals and Mary Young.

Suppose the Retired Men Strike

The C. N. R. employees who were superannuated before the great increase in the cost of living, before the McAdoo wage scale went into effect, are agitating for an increase in their allowance. The pension of some of them, the low paid, is only \$20 a month and frequently because of the assessment to maintain the allowance, that class has declined as low as \$16 a month.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—Remember this!

Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. No German interest whatever, all rights being purchased from the United States Government. During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylic-

Agriculture

Some Results from One Application of Ground and Deep Sea Weed

(Experimental Farms Note)

When, on account of war conditions and the consequent scarcity of German potash, efforts were being made to secure potash from other sources the Experimental Farms made a test of the use of sea-weed a source of potash. To put this material into a portable and commercial form it had to be dried and ground. This work was done in an experimental way on the Nova Scotia coast and some of the product was sent to the Fredericton Station for test.

Both field and plot tests were made with potatoes. In the field test an area with an application of 1000 lbs. of a 4-10 fertilizer per acre and no seaweed gave 178 bushels per acre. A similar area with the same amount of the same fertilizer and 1500 lbs. of ground seaweed gave 230 bushels per acre. A third area with 18 tons stable manure and 750 lbs. seaweed per acre gave 242 bushels per acre, and a fourth area with 18 tons per acre of stable manure alone gave 232 bushels per acre. Green mountain potatoes were grown and it was noticed that the plants on the sea-weed area stood up greener later in the season than where no potash was applied.

Calculating the cost of the seaweed at \$15.00 per ton, for which it was stated it could be landed at Fredericton, there was a credit of 52 bushels of the 1500 lbs. of seaweed used where only commercial fertilizer was applied. As the seaweed cost but \$11.25 and the extra potatoes were worth at least \$1.00 per bushel this test showed a splendid profit from the use of the seaweed.

When stable manure was used however the increase of only ten bushels per acre for 750 lbs. of seaweed showed only a profit of \$4.38 indicating that the potash in the stable manure supplied the needs of the crop to a considerable extent, and emphasizing the value of stable manure for the potato crop as against a non-potash commercial fertilizer. The following year on the oat crop there was no practical difference as between the different applications—nor was any difference noticeable in the succeeding clover crop.

In the plot tests of one-tenth acre each with Empire State potatoes, seaweed at the rate of 1000 lbs. per acre gave a yield of 255 bushels per acre and at the rate of 2000 lbs. per acre, 257 bushels per acre, while the check plot with no fertilizer whatever gave 192 bushels per acre. The succeeding wheat crop was so badly diseased with Glume spot that the yield was almost negligible and not at all to be relied upon for a satisfactory test. Seaweed at the rate of 1000 lbs. per acre gave 9 bushels and 20 lbs. per acre, at the rate of 2000 lbs., 7 bushels and 40 lbs., while the check plot gave 5 bushels and 30 lbs. per acre.

While the above data are of too limited a scope from which to draw comprehensive conclusions, the evidence, so far as it goes, shows that if seaweed can be dried and ground and transported for \$15.00 per ton, it would have a place, and a profitable place among fertilizing materials.

Near the shore where the seaweed can be had for the hauling its almost universal use with satisfactory results confirms its value as a fertilizer.

Fall Plowing

For the past three years Nova Scotia farmers have had to pay very high prices for grain feeds for live stock, and even then have had difficulty in securing sufficient supplies. As each year has gone by, farmers have looked for improvement, but none has come, and, in fact the outlook for the current year is less promising than at any previous date.

Among the steps which can be taken to meet this situation the one that offers the most obvious and effective relief is for Nova Scotia to grow more grain feeds on her own farms. Now is the time

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

to make preparation for next season.

Fall plowing has on nearly all farms in Nova Scotia proven much better than Spring for growing practically all kinds of crops. In some seasons it is almost impossible to do Fall plowing early owing to the hard condition of the soil. This year the abundant rains have removed this difficulty. Everything therefore points to the wisdom of keeping the plows going at every opportunity from this time until the winter frost sets in.

A Pure Bred Ram at the Head of Every Flock

The Live Stock Branch Dominion Department of Agriculture, has recently issued a pamphlet, known as No. 19, which is of particular interest to sheep breeders. This pamphlet announces a policy to encourage farmers who have never before used a pure bred ram, but wish to secure one for the current year. In a word, this Branch offers a bonus of \$10.00 payable in two installments, to be paid to any farmer who will this year for the first time use a pure bred ram. This pamphlet may be secured from the Live Stock Branch at Ottawa or from the Agricultural College, Truro. This policy offers a fine opportunity to improve the flock and farmers should not fail to take advantage of so generous an offer.

NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Alfred Naud, Natagan River, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Naud says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus banish indigestion, constipation, colic, colds, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Bear River

(From the Church Chronicle)

Schr Neuh, Capt R. J. Anthony, has just arrived at New York with a cargo of lumber shipped by the Bear River Trading Co.

Mrs. W. W. Clark, Mrs. W. E. Miller and Mrs. F. H. Bone attended as delegates the Women's Convention recently held at Wolfville.

Mr. W. D. Ryerson has sold his farm property to Mr. McKnight, of Campbellton, N. B., and J. L. Warren has disposed of his to Mr. Marvin, formerly of the Royal Navy.

Quite extensive additions and improvements have been made by the Bear River Trading Co to their store and office premises gaining much in both size and appearance. The change will bring both greater comfort to the customers and efficiency of service.

Rev. Mr. Knight occupied the pulpit of the Baptist and Methodist churches last Sunday speaking in the interest of the Serbian Orphans' Relief 'As' is usual in Bear River when a worthy cause is presented the contribution was generous, amounting to upwards of two hundred dollars.

Moose hunting has been the order of the day for the last two or three weeks and from the number of fine heads brought in the lovely moose do not seem to be on the decline. A larger number of American sporting parties have visited our back woods district than usual.

Since our last issue there was held at Oakdene school building an exhibition participated in by all the schools of the surrounding sections. Held under the auspice of the Rural Science Department the exhibition was a decided success, not only from the financial standpoint, but from the excellence of the exhibits. The produce of the garden, the manual training department and that of Domestic Science, all continued to show the splendid work along these lines by the boys and girls under the guidance of teachers who are alive to their work. A great measure of the success was no doubt due to the pains taking efforts of Miss Irma Campbell, the efficient representative of the Rural Science Department of the Normal School, whose time is spent among the various schools of this locality, in teaching and stimulating interest in this important department. It is pleasing to note the improvement in writing showing the benefit from the introduction of the excellent Palmer system of writing. We have no doubt that next year's exhibition will show still greater progress. A most interesting public meeting was held in the evening, entertainment being furnished by the Camp Fire Girls as well as interesting addresses by Dr. J. B. Hall, of Lawrencetown, and Prof. Wolfe of the Rural Science Dept Truro.

Were These Eggs Sold in Bridgetown?

A middle aged bachelor was in a restaurant at breakfast when he noticed this inscription on the egg: To whom it may concern: Should this meet the eye of some young man who desires to marry a farmer's daughter, 18 years of age, kindly communicate with— Hamilton, Ont.

After reading this he made haste to write to the girl offering marriage and in a few days he received this note: Your note came too late; I am married now and have four children.

of superiority are responsible for Zam-Buk's wonderful and world-wide reputation. 1. ZAM-BUK IS ANTISEPTIC.—Applied to a sore or wound it destroys all germs, and acts as a protection, thus preventing festering and blood-poisoning. 2. ZAM-BUK IS SOOTHING.—This property makes it indispensable for irritated and inflamed conditions of the skin, as well as for skin injuries. It ends irritation, stops pain and draws out soreness. A mother's first thought, when a child is hurt, is to end the pain. Nothing does this like Zam-Buk. 3. ZAM-BUK HEALS.—Finally, having antiseptically cleaned a sore place and ended all pain and soreness, the healing essences of Zam-Buk promote the quick growth of new tissue. Sores soon disappear where Zam-Buk is applied. It is the best known remedy for eczema, pimples, ulcers, piles, blood-poisoning, cuts and burns. 50c. box.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZE, 608 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I can't sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultze's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

Marine News

Sch Annie, Capt Trahern, arrived again with galvanized rust proof at Boston, Oct 23rd, from Weymouth.

The new steamer built at Metzgan River for the Valley S. S. Co. was successfully launched from the R. H. Howes Construction Co's yard last Saturday. She is a handsome boat 100 ft overall, 23 ft beam 19 ft deep and will take the place of the Granville on the Annapolis-St. John route. We wish the new boat every success.

Word was received at Lubec, Me., last, that the schooner on Friday, 170 tons, laden with plaster for New York, had sunk the day before in the harbor of Hantsport, and will be a total loss (the forces of the water have gutted the interior and lifted the after house clear of the deck. Capt Ingalls telegraphed the other owners that he would sell the vessel.

The Yarmouth schr Dawn was sold last week to the Lockport Cold Storage Co. This vessel so popular with the fishermen, was being fitted for fall fisheries when her owner had an excellent offer for her from the above concern and as she was slightly under size to meet the requirements for the fall and winter fisheries he decided to let her go. The Dawn was built in Shelburne in 1893 and registers 51 tons.

Like a return from the dead the Argentine sailing ship Alejandra, formerly the Andrina of British registry, and a relic of the good old days of square riggers arrived at New York the 15th from South America with a cargo of wool. Twenty years ago she stranded in the Straits of Magellan and lay forlorn at the mercy of wind and sea, until the war's demand for more tonnage, caused her to be salvaged.

The handsome white tern schr Eveline Wilkie, 348 tons owned by Reinhardt Bros and commanded by Capt Ernest Wilkie, which arrived at LaHave from Turks Island about 10 days ago, with a cargo of salt on ship's account was still in port the last of the week with her cargo in. Although only a few years old, the Evelyn Wilkie, has been a good investment for her owners. She was built at Margaretsville by J. A. Balcom.

The Yarmouth Trading Co's schr Loren B. Snow, Capt Lezin Amerio, arrived at Yarmouth on Monday for bait. She hailed for 1,600 lbs halibut and 30,000 lbs mixed fish. The halibut was purchased by the Trading Co, while the other fish was held aboard, and she sailed the same evening to complete her trip. Capt Amerio reports that from about 11 o'clock Sunday night until day-light Monday morning a light snow fall. The vessel was fishing only a short distance from the Lureher lightship.

Joseph M. Tobin, who now has shipping offices in New York, was in Halifax last week taking over his company's new schooner, the Maria A. Howes, at Cronan's Wharf, hoisting Saturday on her, his house flag a blue pennant with a red T. The new vessel will sail within a day or two for Providence, R. I., to load hard pine there for Italy, from whence she carries a cargo to Greece and loads there for New York. The Maria Howes is in charge of Capt Arthur Casd, of Digby, who spent the week end at his home there.

When the famous barque E. B. Sutton, was dismantled and converted into a coal barge some 12 years ago, shipping circles agreed that her glory and earning capacity at an end. The Sutton yanked at a hawser's end by a tug between Chesapeake bay ports and New England, helped maintain the supply of coal and managed to break a bit better than even when the expenses were paid. In midst of the war the demand for tonnage rejuvenated the

Sutton which was changed back to her original rig and fitted out for overseas trade. Since then she has paid for herself several times and her latest charter is to load barley at Buenos Ayres for the United Kingdom or a continental port, at 140 shillings.

The work of installing the signal gun on Green Island was completed a few days ago and is now ready for service. Mr. Breen, of the St. John officers of the Marine and Fisheries Department, who was on the island supervising the work of installation, returned to Yarmouth yesterday afternoon and to day is at Port Maitland superintending some work at that place. The Department at Ottawa has made the announcement that the present signal is only a temporary arrangement for the purpose of ascertaining whether or not the location is satisfactory to all conditions and should it prove not to be Gannet Rock will later be fitted with signal and light. The present apparatus is temporarily in charge of Mr. Sigard Hagan, a returned soldier, who was on the island assisting in the installation.

The large three masted schr Ononette, Capt Hamilton, hailing from Annapolis Royal, but owned by J. Willard Smith, of St. John, arrived in Yarmouth from New York, Thursday morning with a cargo of hard coal for L. E. Baker & Co. This splendid vessel was built for Mr. Smith at Hillsburn, Annapolis Co. by Capt Longmire, who since her launching and until this trip has been her master. Capt. Hamilton, who is now in charge of the vessel and expects to be relieved by her former captain, reports an excellent trip, sailing from New York on Saturday last. Owing to very light winds the vessel made little progress that day and the next day anchored at Vineyard Haven to await better weather. The schooner remained at anchor until Tuesday morning, when the wind shifted to the southeast and Capt Hamilton decided to proceed and had a good run to Yarmouth. The Ononette measures 156 feet overall, 35 beam, 13 deep, 483 net and 569 gross tonnage.

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest medicinal cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. Scott's is not unlike cream in consistency, but many assimilate it easier than they do other fats.

Scott's Emulsion is concentrated nourishment that helps keep the body strong. Give it a trial!

No Guess Work About It

On October First we will commence our Second issue of CASH BONUS COUPONS.

Our first issues of Coupons are payable during this month, September, and already we have cashed the majority of them; some of our customers receiving as high as \$4.20.

There is absolutely no guess work about our Cash Bonus Coupon System. Our customers receive exactly the amount we advertise to give—and every purchaser who buys \$1.00 worth of goods at our store and pays cash at time of purchase is entitled to a Cash Bonus Coupon, and gets the amount due thereon as sure as if it were the coupon of a Victory Bond.

Our idea is to induce customers to pay Cash, and we make it worth while to do so by paying a Cash Bonus on the total amount purchased from our Shoe Store during a period of six months.

Our Second issue of Cash Bonus Coupons will be payable on March 1st, 1920. Try it. You will like it, and it will

Local Happenings

The County Court opened in Bridgetown yesterday morning, Judge Grierson presiding.

Mr. F. A. Chalmers, of Bear River, has been appointed registrar of births and deaths and issuer of marriage licenses.

Chief Police Gill informs us that he will institute a boxing class if he can get sufficient pupils to make it worth while.

Miss Ethel B. Davis, of Bridgetown has been appointed registrar of births and deaths and issuer of marriage licences for this district.

The teachers of P. E. Island are on a strike and unless their stipends are increased they certainly will quit work in that province in December.

An alarm was rung in Friday night at 5.45 for a small fire in the basement of the Royal Bank building which was soon extinguished.

The Retail Merchants' Association have decided to petition the Government to fix Thanksgiving on the second Monday in November of every year hereafter.

"People who sleep in church should be compelled to pay extra just as they do on 'pullman cars' said Rev. L. O. Nowcomer pastor of the Church of Christ at Lorain.

For years past the Yarmouth stores have closed on Friday afternoon throughout the summer. They have now decided to close all the year except during the month of December.

The Women's Institute will meet in the Council Room on Thursday afternoon, Nov 6th, at 3.30 o'clock. This is the annual business meeting and all members are requested to be present.

The five mile race between Paradise and Bridgetown has been called off for the present. For want of interest. Sgt Maj Gill informs us that he will again take up this matter next spring.

The U. S. is the only country in which women have won marked success in the dental profession. In other lands it is generally recognized that the ladies make better hair and leg pullers than tooth extractors.

The officers and members of the "Social Committee" have engaged the Ruggles hall and will give a dance alternate Friday evenings, beginning Nov 14th. They have also engaged the hall for New Year's Eve and Easter Monday.

The Sydney Post is informed that D. H. McDougall, President of the Scotia Company, is the second highest paid official in the Dominion of Canada, receiving \$80,000 a year for his services. The president of the C. P. R. is said ranks first in regard to salary.

We wish to call particular attention to the Primrose theatre advertisement in today's MONITOR "The Tiger's Trail" is a splendid picture and we would advise our local readers not to miss the first episode. We will have more to say about this picture in a future issue.

Would you like to know the why and wherefore of a local memorial library? Go to the entertainment in the Primrose Theatre next Monday evening and hear it explained. Meanwhile secure a seat at Maxwell's. Admission 25 cents, reserved seats 35 cents.

Fall rains make everyone see the wisdom of good roads. Those communities which have listened to the voice and prepared for the rainy day are filled with content and satisfaction; those who have not listened to this voice are filled with gloom and mud.

Nothing could get on the nerves of a live newspaper man worse than editing a weekly paper which comes out ON TIME every Wednesday morning, and depending on a staff of correspondents, in every village in Annapolis County, many of whom wait from two to three weeks before sending in an important news item, such as a death, marriage, accident, etc., and then mail it on Tuesday. What's the matter with mailing it the day it happens? It puts one in mind of Uncle Josh who looked in at an up-to-date bath room on Monday and wished it was Saturday night so he could take a bath.

REMEMBER THIS The Remington Self Starter Rack on the Remington Type writer can be set for four entirely different kinds of work and immediately switched from one to another of these by simply lifting the catch and turning the rack.

A. MILNE FRASER, 157 Hollis St., Halifax, N. S.

How Do They Do It? One of our near by contemporaries which claims to be carrying one of the smallest staffs in the province, might also have added that their composers were receiving the smallest salaries probably paid anywhere on this continent.

Weather conditions permitting, Mr. S. B. Chute (the Apple King) expects to complete apple gathering this week. The total crop from Mr. Chute's extensive orchards will possibly exceed 15,000 barrels. His loss from the severe frost of the night of October 20th was slight compared with the extent of unpicked fruit, being about 200 barrels.

Lights on Teams In many places the law compelling lights on all teams between sunset and sunrise is strictly carried out. In some parts of Annapolis County this law is not enforced and then when an auto strikes a team, on which there is no light the driver or owner thinks there is a case for damages.

Annual Crusade Meeting The ladies of the W. M. A. S. Bridgetown, intend holding their annual crusade meeting in the Baptist church on Tuesday evening, Nov 11th, to which all are cordially invited. A nice programme is being arranged. The committee will be pleased to receive the usual free will offering.

S. S. CONVENTION

Important Meeting Recently Held at Deep Brook

The Annapolis County S. S. Convention met in the Baptist Church, Deep Brook, on Thursday, Oct 23rd 1919. As it was the busy season the numbers were not as large as we hoped they would be and after listening to splendid addresses by Rev. W. A. Ross and Rev. I. Brindley we felt that those who could not be present met with a loss.

The Rev. I. M. Beard and the Rev. Mr. McNitch also took part in the exercises.

Mrs. C. S. Balcom was present and gave a review of the fifteen years she has been Supt of the Elementary work. This was a fine Review and showed great progress in the work.

The finances were not as encouraging as we would desire but we look for better things in the future.

We would not forget to speak of the kind hospitality of the people of Deep Brook. They surely made it very comfortable and pleasant for the delegates.

The Library Entertainment

The entertainment next Monday evening in the Primrose Theatre, on behalf of the proposed Memorial Library for Bridgetown promises to be good in every way. The programme will be a miscellaneous one, affording something of interest and pleasure to each and all. As the Library aims to be a popular one so this entertainment, especially so in regard to the price of admission—viz. 25 cents or reserved seats (on sale at Maxwell's) 35 cents; During the evening advantage will be taken of the intermission to briefly tell of the genesis of this movement, its aims and objects, together with the purposes a library may serve. The Bridgetown Orchestra will be present and assist in the programme. Doors open at 7.30, overture at 8 o'clock.

Kings'ton Again Wins First Victory Flag

Last year when the Victory Loan canvass took place, Kings'ton was the first to win the service flag. Mr. G. H. Oakes was the solicitor for that district and with his characteristic hustle he went over the top on the first round.

On Monday Mr. Oakes repeated his record of 1918 and Kings'ton was the first place in the province to reach its allotment. That district had been placed at \$20,000 but they decided that \$27,000 was a fair objective so that amount was expected this year. Mr. Oakes on the first day wrote up the full \$27,000 and notified Halifax to send forward the Victory flag. This is a wonderful record and speaks well for the district and its canvasser, Mr. Oakes.

\$20 May Save \$150

Reports for the current year indicate that many hundreds of acres of turnips have been almost completely destroyed by club root. It is estimated indeed that 20 per cent of the total crop in Nova Scotia has been lost through this disease. This is a serious matter, but there is a remedy. Experiments at the College, Truro, go to prove that where lime was applied two years ago, ground limestone at the rate of 4 tons to the acre, there is practically no club root, whereas adjacent lands without the lime application show over 75 per cent of club root.

The average yield per acre is about 600 bush of turnips, 25 cents per bushel is a low valuation. In other words, an acre of turnips should be worth at least \$150.00. A field that is infested with this disease is worth almost nothing, not to speak of the labor and fertilizer involved. An outlay of some \$20 per acre in lime would practically ensure a good healthy crop. The lime should be applied this fall on the field to be sown in turnips next Spring. Even better results would be obtained by one or two, or even three years between the lime applications and the sowing. This, however, is simply a matter of getting the lime thoroughly incorporated with the soil to a fair depth. If burnt lime is used the quantity should be about half the above. For information on the whole question, write the College at Truro.

SUPPORT THE VICTORY LOAN

Lieut Governor's Appeal to Nova Scotians

Lieut Governor Grant has issued the following appeal to Nova Scotians to support the Victory Loan:

TO THE PEOPLE OF NOVA SCOTIA:

To all previous calls of the Victory Loan campaigns, during the active days of the late war, Nova Scotia responded royally and splendidly, achieving an enviable name for patriotism. Canada still needs money to complete the financial burdens obligated by the war. Besides Canada's credit must be kept undiminished, unstained and strong if the Dominion is to develop and progress.

The 1919 Victory Loan has been instituted for those purposes. And I emphasize the supreme importance of every citizen of Nova Scotia undertaking loyally to do their part in assuring the success of the loan. To do this, and to do it by subscribing as well as by votes and other aids, is the duty and patriotic opportunity of all.

I have every confidence in the people of Nova Scotia in this matter. I am an optimist first, last and all the time and firmly believe that the target set for this Province will be realized, and that once more we will hear it re-echoed from one end of the Dominion to the other—"Well Done, Nova Scotia."

All for Canada
Canada for all

Canadians!
This is a call to National Service—
The Victory Loan 1919
which opens to-day.

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.

Canada—now—has need to borrow from you—Lend:
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. **LEND!**

LEND! LEAD!

Issued by Canada's Victory Loan Committee

VICTORY LOAN

THE NERVOUS SCHOOL CHILD

Needs Rich, Red Blood to Regain Health and Strength.

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak and thin, their nerves overwrought and their color and spirits lost. It is a great mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus dance, or drift into debility that leads to other troubles. Regular meals, out-door exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay strict attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills according to directions and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Pearl C. Harrington, Kingsville, Ont., who says:—"I have often felt that I should write you and let you know what Dr. Williams' Pink Pills did for me. At the age of thirteen I was afflicted with St. Vitus dance. The trouble became so severe that I had to be taken from school. I was given medical treatment but it did not help me, in fact I was steadily growing worse. Then a friend advised my mother to give me Dr. Williams' Pink Pills, which she did, with the happiest results, as the pills completely cured me and I was again able to take up my studies and attend school. Again about three years ago I was attacked with nervous prostration and once more took Dr. Williams' Pink Pills, and after using five boxes was fully restored. I cannot praise these pills too

highly as I believe they will cure any case of St. Vitus dance, or restore anyone who is weak, nervous or run down.

You can safely give Dr. Williams' Pink Pills to the most delicate child, or take them yourself with equally good results when you need a blood tonic. These pills are sold by all dealers in medicine, or will be sent by mail, postpaid, at 50 cents a box or six boxes for \$2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

Our Work Appreciated

One of Digby's leading business men writes as follows:
I received the letter heads and like all your printing, they are O.K. I am enclosing check for amount of account rendered. Many thanks for rushing this order along.
Yours truly
Digby, Oct. 25, 1919.
A. Pitt Leghise

It was a little lawyer man Who softly blushed as he began Her poor, dead husband's will to scan. He smiled while thinking of his fee, Then said to her so tenderly, "You have a nice, fat leg-a-cy." And when, next day, he lay in bed, With bandages upon his head, He wondered what on earth he'd said.

The Digby Courier says: The price of hogs has dropped from \$27 a hundred pounds to \$15 on the wholesale market but you need no look for corroboration on the restaurant price cards or in the retail shops!

The United States' post office is not subjected to continual popular acclamation, but it has at least brought back two cent postags. In Canada the three cent affliction seems a fixture.

Moose Meat and the Church

In a conversation I had the other day with one of Nova Scotia's noted preachers, he deprecated the all apparent fact that people seem to be losing their interest in the church.

Perhaps the following may offer a partial explanation. Last week two of our citizens went to the woods to hunt for a moose. After several days of strenuous work and considerable hardship, they got one and brought it back to town with them.

Being good sports, they proceeded to divide it 50-50. One of them being a provident sort of beggar, (He will be rich some day) salted down what he could not immediately use of his share. The other a happy go lucky kind of a scamp, (He'll be the same all his days, hiked off to one of our local stores, selecting one the owners of which or at least some of them were very prominent workers in the church and prohibition circles, thinking they would surely give him a square deal. He sold them his moose meat receiving for it the magnificent sum of ten cents per pound. As in duty bound, he immediately proceeded to blow in the proceeds of the sale, and while engaged in this laudable pursuit a lady came in and noticing the moose meat decided she must have some of it. The proprietors were willing and she bought what she wanted and paid a paltry 35 cents a pound (I wish we had type a foot long to print that in) for it. Ye gods and little fishes. Here, the old man has almost driven himself into an untimely grave howling because our illustrious friend and brother, for he is also very prominent in a certain denomination, the great Sir J-F has been soaking the dear people on bacon and a few other trifles he controls, while right here in our own Christian community, with a factory for turning out preachers within a few miles of us, another dear brother or two are

soaking us 300 per cent profit on a little piece of moose. What they are doing to us on the rest of the stuff they sell, God only knows. Is it any wonder that so many of our people shy at the church? It is up to the preacher of the church to watch this man or men and to preach a few red hot sermons right off the bat, on the last commandment our Lord left us.—Kentville Chronicle.

OTTAWA, October 22—All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators in order to conform to the requirements of an Act passed by the British Parliament. The Natal Service Department has been informed that this Act requires every sea going British ship registered in the United Kingdom, being a passenger steamer or a ship of 1600 tons gross tonnage or upwards to equip with a wireless installation. The Act comes into effect as soon as the Defense of the Realm regulations expire owing to the declaration of peace. Three months after that date every ship sailing at a port in the United Kingdom will come under the conditions of this Act, whether it is registered in Great Britain or not.

They Were All Liars
A minister not many miles away who was conducting a prayer meeting service announced that on the following evening he would speak on the subject of "Liars". He advised his hearers to read in advance the seventeenth chapter of Mark.
The next night he arose and said: "I am going to preach on "Liars" to night and I would like to know how many members of this church have read the chapter I suggested. "Dozer of hands were up-raised." "Now," he said, "you are the very persons I want to talk to there isn't any 17th chapter of Mark".

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. THE NEW OVERLAND FOUR
Above, is shown the new, made-in-Canada Overland 4. It is being manufactured at Toronto by Willys-Overland Limited, who announce that production on a quantity basis has now been reached. The chassis is illustrated along with the finished touring car model. The attraction is its radical departure in spring suspension. It will be seen from because of its "springbase" exceeds the wheelbase by 30 inches. This exclusive "three-point" principle is the basis of the manufacturer's claim that the springs of Overland 4 give it a riding comfort hitherto not realized in a light car of the economical short wheelbase. Willys-Overland Limited claim that this new Spring Suspension has been subjected to the most rigorous, mechanical, laboratory, and road tests that engineers have ever devised, including 250,000 miles of road testing. The hill-climbing scene above was taken in Hell Canyon, near Albuquerque, New Mexico.
