The copy filmed here has been reproduced thanks to the generosity of:

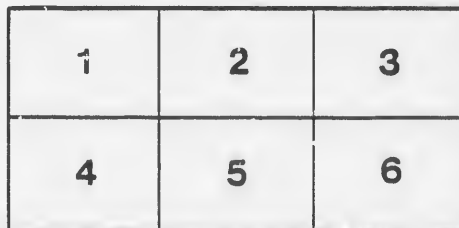

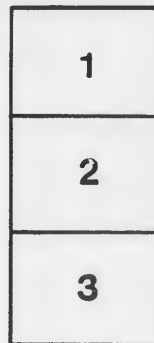

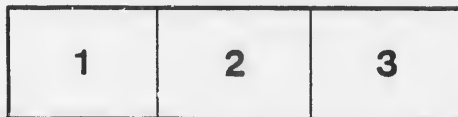

Harold Campbell Vaughan Memorial Library
Acadia University.

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library
Acadia University.

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

manifest to everybody. A few years

interesting speech.

EXHIBITION NOTES.

The implements of destruction shown by the Wood and Gun Club, had a terrible and ghastly appearance.

At the show, a howling wilderness of dogs was kept in front of the Court House. The present is an admirable opportunity to go to find out where next year's dogs are to come from.

The number of entries when the books were closed, was over 1700.

The show of stock in this County. The show of sheep and farm horses were not second to any shown at Halifax.

An interesting corner of the Exhibition

GRAND show of Jewelry, etc., at Eastwood's.

PERHAPS the most attractive display in the Exhibition Building is Mrs. R. Simpson's show of fancy work. It contains some marvels of needle work.

THE display of Nova Scotia Minerals by Mr. D. M. Fraser occupied a prominent place on the second flat. His collection of ores is not easily surpassed. Those of the late J. W. Jackson formed the nucleus to which Mr. F. has made valuable additions.

A. & J. W. FRASER show a fine set of harness and the saddle which took first prize at the Dominion Exhibition at Halifax.

THE fruit tables prove this County need not be ashamed of her orchards. The collections of William Harris, Town Gut, Thomas A. McDonald, of Dunham, and William Laurence, of were particularly fine.

SHEEP.—Mr. Joseph Vaux made a good show of Shropshire Downs. Townsend's prize winners were also on exhibition. The sheep of Mr. J. Scott Fraser and Mr. R. Patterson of Rogers Hill deserve special notice.

PIG WERE DISPLAY.—Everybody admired the display of Plover shown by Mr. McLaughlin. Don't fail to see them on second flat.

GRAND SHEEP.—A good show by Mr. John McDonald of Middle River. There is also a fair show of Cotswolds.

MESSEURS. Townsend, N. G. and McKenzie of Roy's Island, show some fine pigs.

THE show of Ayrshires is very fine. Among the chief exhibitors are Mr. John McDonald, M. Rive, Mr. T. J. Cook, of Mount Pleasant and H. Townsend of Brookside Farm.

EXHIBITION ANNOUNCEMENT.

D. C. CUMMINGS,

of Cumming Bros., has commenced business on his own account on Provost Street, New Glasgow, where he is prepared to take orders for the different kinds of goods in his line. Don't forget to give him a call.

Grand programme display under the direction of Prof. A. Munro Fraser of the Meteorological Bureau of Ottawa.

The route of procession will be starting from Engine House, passing through Exhibition Grounds to Temperance street, thence to Marsh Road, Provost, Mercau, Archimedes, George streets, thence to Exhibition Grounds.

THE OPENING.

The Exhibition Grounds this morning presented a scene of seeming confusion. Exhibitors who ought to have had everything arranged last night were only arriving with their staff. The farmer with his box of turnips jostled against the fruiter with his basket of apples, who in his turn tramped on the corns of the manufacturer busy lugging in his wares. But the committees were busily engaged bringing order out of confusion, and by ten o'clock the grounds and building began to assume a neat and orderly shape.

A dignified procession of judges then began to pour through the gate who proceeded to view the show with impartial eyes and to settle the fate of aspiring competitors.

The first speaker was D. C. Fraser, Esq., President of the New Glasgow Agricultural Society, who began by giving a sketch of the origin and rapid progress of the N. G. Agricultural Society. It started two years ago with a membership of about forty and now it numbers over 200. It had done a good work in advancing agriculture in this section of the

displays as an educating medium. He said that the agricultural exhibits, although the exhibition was not strictly an agricultural one, did great credit to Pictou County and trusted that such displays of our products might be of more frequent occurrence in New Glasgow in future. He said that as a member of the Dominion Government he would do all in his power to advance our interests in this way.

A. C. BELL, Esq., M. P. P., said that the large gathering was unmistakable evidence of interest both on the part of promoters and contributors. It is necessary that great interest should be developed by the visitors to derive the utmost advantage from the Exhibition. No better proof could be given of the importance of our agricultural interests than the efforts constantly put forth to improve the method and success of farming. He did not desire to intrude upon the audience. No time or excuse is given here for a lecture on matters agricultural, but it is of importance to consider the proper use that may be made of such an exhibition. It is not merely as a place where prize money may be secured. It is rather an educational agency, by which the farmers not only improves himself but also his neighbors. Profound discontent is what some men require. Most men must be convinced that their system is wrong and so thoroughly satisfied of this fact that they will set about to change it. No jealousy should be awakened by such displays, but rather a mutually helpful spirit.
