### PARMER WINS, COMMOLA SECOND FIRST KING'S PLATE OF GEORGE V.

#### Behind Valley Farm Runners Comes James Jane Shore in Third Place—Other Races and the Betting.

The brown and yellow of the Valley Farm of Hamilton were carried home first in the feature race yesterday at Woodbine Park, being their fourth plate victory, while the Seagram colors are still in the 12 hole. Both stables were sanguine as to the result. Trainer Littlefield told his friends that it looked the easiest plate in the history of the race, and Mr. Seagram has had some soft wins. Johnny Walker was tolerably sure that Frolie had a royal chance and the Thoroughbred filly was backed from six to one to a down to two in a jiffy. Ralibirds had Sandy Kirkwood for a good thing. John Nixon had his trio on edge, but no one knew it outside the immediate stable connection, and Nixon was the only trainer with the correct line.

#### CANADIAN CADETS DO WELL AT RIFLE MEETING

Liddy Wins the Medal for Snap-shooting from Behind Cover—Praised by Lord Roberts.

LONDON, May 24.—The shooting in the imperial cadet meeting, held in London to-day, was of a most brilliant character. The Canadian cadets did very well, Liddy especially distinguishing himself. He won the Rockliffe Cup gold medal presented by Lord Strathcona for snappeshooting from behind cover, with 48 out of a possible 50. One of the most difficult competitions was the second grand target, with 220. The winner scoring 235. Crawford, Bates and Tidwell, who they failed to lift any of the big trophies, were amongst the smaller prizes in many events.

#### MIDLAND MAN A VICTIM

One of 19 Who Perished in Collision on Lake Huron.

MIDLAND, May 24.—(Special.)—Wm. Pitt, of this town, is one of the 18 victims of the collision last night in a fog on Lake Huron between the cameras "Wood" and "Goodyear," resulting in the loss of the latter. Pitt was steerman on the "Goodyear."

#### Chicken, Feathers and Giblets.

The Seagrams and the Hendries control the Ontario Jockey Club. That's something!

They appoint the director's officials; starters, judges, times. That's more!

They make the conditions of the races. That's a lot!

The O.J.C. has done well in its time. It seeks among other things to encourage the breeding of the thoroughbreds.

But how can you encourage breeders if you control everything about the meeting, allow yourselves to enter as many horses as you can name, if not breed, for the special stake of the meeting—the King's Plate?

Why not make the rules so as to encourage the greatest number of breeders—and "breeder" is another and better class than "stable" and best of all encourage the small breeders.

But how can you encourage the smaller breeders if the men who own control and appoint all the officials and make all the rules allow themselves to enter as many horses as they can get together to capture the one blue ribbon (and all that goes with it) of the Canadian turf?

#### Patronage Above Average.

Secretary-Treasurer W. P. Fraser ventured an estimate of 12,000, but he probably leaned to conservatism. He added that the patronage was larger than on either King's Plate day or Victoria Day last year, and that, while not speaking from certain knowledge, it probably exceeded in size any previous gathering at the Woodbine.

There were several reasons why this should be so, chief of which was that, for the first time since the early '90s the King's guineas were contested on a public holiday. Some sentimental interest also belonged to the fact that it was the first plate event under King George the Fifth. The shortening of the meet might also be expected to serve as a factor, tho the results of the curtailment will likely be more apparent in the succeeding days.

The absence of His Excellency Earl Grey undoubtedly dimmed the social lustre of the occasion, but the box dedicated to the vice-regal party looked quite as attractive as usual with its floral embellishments, the club house seats were never better filled and the lawn was never more thronged.

A glorious spectacle. All that was needed to complete the beauty of the picture was a flood of sunshine, for the vivid green of the grass afforded a best of settings for the gaily colored dresses and effervescent millinery. It wasn't necessary to be a rhapsodist to enjoy the scene presented by the prettiest race-course in America, and the least emotional might well be thrilled by the clarion call of the bugle announcing that the barrier was up and another spirited contest in the making.

Automobiles and vehicles of all kinds, from the smartest turnouts to the old-fashioned demure, were utilized as means of transportation to and from the races, altho, of course, the trolley

### STRICT DISCIPLINE, EXPERT SHOOTING, TRENCH WORK, NIGHT OPERATIONS GEN. FRENCH'S MESSAGE TO MILITIA

#### Science of War Greatly Changed Since South Africa—These Are the Days of Long Distance Rifles, Obedience and Brains—Compliments Toronto Regiments.

General Sir John French greatly emphasized four points, namely, greater efficiency in discipline, a better knowledge of and greater expertise in rifle-shooting, the importance of night operations, and the necessity for soldiers being able to handle shovels and picks, in an address to the officers of the Queen's Own Rifles, the Royal Grenadiers and the 48th Highlanders, delivered after the regimental inspection yesterday afternoon in Riverdale Park. All the officers gathered around General French in a place on the field, out of ear-shot of spectators and the rank and file, and he gave them a heart-to-heart talk.

General French also impressed on his hearers that he came, not to criticize, but to help. Shortly before he left England, King Edward had sent for him and told him he was on a special mission. He came to bear a message of best wishes from the home forces to the Canadian army. The furtherance of the interests of the Canadian militia was the object of his trip. He was here to assist General Lake in his work.

Favorably Impressed by Toronto Corps. The showing the men made had favorably impressed him, and he was very well satisfied with what he had seen. Steadiness on parade, such as the Toronto men had shown, was a true indication of discipline. General French also advocated greater efficiency in things military, more manoeuvring at night, the better care of arms and greater interest in shooting.

As he is acting under the Canadian minister of militia, and for the military council of Canada, he was practically a Canadian officer, and he did not want Canadian officers to look on him as a stranger, but to treat him as one of themselves.

War was now a battle of brains more than ever. The brain of the commander would be a larger factor in the success of battles in the future than it was in the past. These were the days of long-distance rifles, discipline and brains.

Even within the past ten years great advancement had been made in the science of war. A war now would be fought very differently from the South African war, recent tho that was.

The general appreciated the time given to military affairs by the Canadian militiamen in the past, but there was greater need for more time to be given now than ever before.

Canada had a history that other colonies did not have, a history of hundreds of years when she held her own against outside invasion. In order that Canadians can continue to hold their own against possible enemies of the future, they should give more time to military duty.

### MEMORIAL IS A REMINDER TO EMULATE

And Canadians Must Prepare For Future Emergencies, Says Gen. French, at Unveiling of Monument to South African Dead.

Before a crowd of ten thousand people, which lined University Avenue from side to side and stretched from the southern limit of Queen-street to the parade ground in front of the armories, Gen. Sir John French unveiled the monument erected by the South African Memorial Association to the "honor and memory of the Canadians who died in defence of the empire in the South African war, 1899 to 1902."

It was a fitting consummation to the distinction which the Canadian contingents won for themselves and for their country that the unveiling should be by the hand of one of the empire's greatest and most gracious soldiers, who, from his own observations on the field of battle, could testify to the valor of the men whose memory he was thus called upon to honor.

Gen. French referred to an attack upon one Boer outpost in which his brigade was being closely pressed by the enemy.

He called for Canadians. "I was obliged," he said, "to send back to Col. Lessard, who was in charge of the Canadian Mounted Rifles, to come to my support. An immediate response was forthcoming, and from what I saw with my own eyes I can say that the victory which crowned our efforts that day was directly due to the work of Canadian troops."

The bronze figure unveiled yesterday comprises a group around the top of the column, representing two Canadian riflemen flanking a figure of a woman, representing Canada, who is sending them off to war. The figure representing the glorification of Peace, to be placed on the top of the column, has not yet arrived, but the delay in the casting which is attributable to this has given the committee an opportunity, in view of the granting of a constitution to the union about to be consummated in South Africa, to have the original design of the figure changed from one symbolic of victory to the other. This it is expected will be in place some time before autumn.

Commemorate Valor. The South African Veterans' Association were lined up to the rear of the monument, and after the unveiling had taken place, they decorated the base with a large number of floral wreaths.

Lieut.-Gov. Gibson was master of ceremonies. He regretted the absence of Earl Grey, whose public engagements had been cancelled owing to the death of the King.

"This memorial," he said, "will forever commemorate the valor of those contingents that went from Canada to do duty in South Africa at a time when it was supposed that the situation was critical for Great Britain. It is a testimonial to the patriotism and loyalty of those who went out on that occasion. He had no doubt that when the inauguration of that legislative union of the various British colonies in South Africa was taking place, Canada would be found raising her flag, send-

 Sizes 5'x7' feet, Each ..... \$1.15 | Sizes 7'11-2x10'1-2' feet, Each ..... \$6.00  
 Sizes 8'x12' feet, Each ..... \$8.00

Wool and Fibre Rugs have a characteristic twist make, that gives them a soft surface, are pliable, set and texture.

Sizes 2'x3', Each ..... \$1.75 | Sizes 6'x9', Each ..... \$10.00  
 Sizes 3'x5', Each ..... \$2.25 | Sizes 7'11-2x10'1-2', Each ..... \$11.00  
 Sizes 4'x7', Each ..... \$2.75 | Sizes 8'x11-2', Each ..... \$13.00

China Damask Rugs are, as the name implies, patterned with elaborate brocaded patterns, that are singularly free for the material. They're strong and durable, and their colors are rich enough for almost any use on verandah or indoors.

Sizes 4'1-2x6', Each ..... \$1.50 | Sizes 6'x9', Each ..... \$3.25  
 Sizes 4'1-2x8', Each ..... \$2.25 | Sizes 6'x12', Each ..... \$4.00  
 Sizes 4'1-2x12', Each ..... \$3.00 | Sizes 7'11-2x9', Each ..... \$3.75  
 Sizes 6'x11-2', Each ..... \$2.75 | Sizes 9'x12', Each ..... \$7.25

Australian Fibre Rugs, show elegant mosaic patterns in dull green, cream, old blue, and various other cool shades that are as lasting as the finely woven material of the rug itself. They're reversible.

Sizes 2'x3', Each ..... \$1.75 | Sizes 5'3-4x11-2', Each ..... \$8.00  
 Sizes 2'x5', Each ..... \$2.00 | Sizes 6'x9', Each ..... \$10.00  
 Sizes 3'x5', Each ..... \$2.75 | Sizes 8'x11-2', Each ..... \$15.00

American Fibre Mats, suggest the Navajo Indian blankets and New Mexican pottery in their designs, but the colors are soft and summery. Some show more free design, partly because the patterns are printed instead of woven. The extremely low cost recommends them also, and the strong cotton warp makes them last indefinitely in bedrooms or on the porch.

Sizes 2'1-2x5', Each ..... 30c | Sizes 6'x9', Each ..... \$1.25  
 Sizes 3'x6', Each ..... 35c and 40c | Sizes 8'x12', Each ..... \$2.50

Japanese Straw Mats—These mats are very ornate, partly because of the genius of their makers for minute designing, partly because the patterns are printed instead of woven. The extremely low cost recommends them also, and the strong cotton warp makes them last indefinitely in bedrooms or on the porch.

Sizes 2'1-2x5', Each ..... 30c | Sizes 6'x9', Each ..... \$1.25  
 Sizes 3'x6', Each ..... 35c and 40c | Sizes 8'x12', Each ..... \$2.50

# Valley Farm Horses Run 1-2 in The King's Plate

## Note and Comment

All must admit that the King's Plate race was a very interesting one. The Valley Farm stable was admirably handled by J. Wilson, and every horse in the race was a credit to the stable. The fact that the Valley Farm stable are to be mentioned in the first four, and more of the King's Plate, is a credit to the stable and to the training of the horses. Big fields were the order of the day at the Belmont Park race track. The fact that the Valley Farm stable are to be mentioned in the first four, and more of the King's Plate, is a credit to the stable and to the training of the horses.

The Prince of Wales Handicap is the feature of the afternoon. The fact that the Valley Farm stable are to be mentioned in the first four, and more of the King's Plate, is a credit to the stable and to the training of the horses.

## Books Big Winners

There were 36 bookmakers in line on Monday, huddled together on the lower lawn. They were totally inadequate to accommodate the wants of the enormous crowd. However, had more money been wagered the layers undoubtedly would have won more.

Darling and Ragman were the first favorites to recoup the followers of form. These two had liberal support. The books had handed more money on the feature event, had they only money at their disposal.

The best was 4 to 5 and 50 to 100 was a familiar song around the ring. The fact that the Valley Farm stable are to be mentioned in the first four, and more of the King's Plate, is a credit to the stable and to the training of the horses.

ANOTHER WIN FOR ONAGER HIS SEVENTH STRAIGHT

Olmabala Makes His First Start of Season, Running Second—The Summary.

BELMONT PARK, N.Y., May 24.—Clear warm weather with a fairly good crowd drew a big crowd to Belmont Park today and the public enjoyed a fine afternoon's sport.

Olmabala, one of the best three-year-olds of last year, made his first appearance of the year in a 1 1/2 mile race, but second to Dinna Ken was the best he could do. The colt ran as if he was a trifle short.

The Bouquet Selling Stakes for 2-year-olds resulted in a victory for Onager, which scored his seventh straight victory. Onager was in front all the way and won by four lengths. Summary:

FIRST RACE, 2-year-olds, \$400 added, 5 furlongs, straight: 1. Winning Widow, 88 (Hansley), 3 to 1 to 4 and out.

Time 1:20 2-5. Warwick and Fair Miss finished as named. SECOND RACE, handicap, 3-year-olds and up, \$400 added, mile and 1/4, 4 to 5 and 1 to 1.

Serge Suiting SPECIAL Regular \$20, Reduced to TO-DAY

THIS MORNING we start a ONE DAY SALE of Serge Suitings that should interest every man in this city. Think of it. At the very beginning of the season we have reduced the price from \$20 to \$15—a clear saving of a five dollar bill. And remember we are emphatic in saying that while \$20 is our price, other good tailors would get \$25 for similar fabrics.

The reason of this special offering is that we have an immense stock of these blue and black serges. To bring our stock to normal conditions we have decided upon this step. The fabrics are both Irish and English Serges, in blue and black, fine weaves, and rough finish—as you prefer. When we made this same offer two weeks ago—there were hundreds of dollars' worth sold. The values are extraordinary indeed. This will likely be the only "Special" in Serges this season and we want you TO COME in and get the benefit of it.

WEDNESDAY MORNING, MAY 25, 1910

KEEP OUR RESOURCES.

In view of the application for power to develop the water privileges of the St. Lawrence made in the last session of parliament, it is well to note what has occurred at Fort Frances.

THE ISLAND MAGPIE.

Hankin's job has got a new resident in the shape of The Island Magpie, an original bird that promises to become a constant source of information, enjoyment and amusement to the readers of this paper's favorite digest.

CITY LOSES-NATION GAINS.

In the appointment of Dr. Charles A. Hodgetts as medical adviser to the conservation commission of the Toronto City Council has occurred a serious loss to the city.

WAY CLEARED FOR TUBES.

Conservation Council Drayton gave the city council good advice when he told them to accept the order of the Ontario Railway Board and allow the construction of new lines of street railway to proceed.

FUTURE DEVELOPMENTS.

In the June number of The Popular Electricity magazine Thomas A. Edison makes some remarkable anticipations regarding future electrical developments.

KING EDWARD AS FARMER.

In an interesting article contributed to The London Chronicle, Prof. James Long recalls the late King Edward's

in electricity as now, most of them in branches for which we have not yet even got a name.

Stranger even than these developments in electrical science which he sees ahead is Edison's prediction that a new kind of power will be discovered. What its nature will be he does not profess to say, but that it will be found he is as positive as that in the near future much of the distributing business and the household requirements of life will be done by that ubiquitous servant, electricity.

CANADIANS VS. AMERICANS IN LONDON.

United States citizens in London who wish to visit the house of commons have only to apply to the American embassy, where they are supplied with tickets which readily admit them to the gallery.

OVERWORKING EMULATION.

Editor World: It requires only one householder on a street to upset the even tenor of other householders' lives. One man on my street has three sons, and all four spend hours every day copper mining and mining back garden.

DRUGLESS HEALING.

Editor World: With reference to the verdict of the jury in the Bailey case at Peterboro, does it not seem a little inconsistent that the parents of the child should be exonerated for failing upon Christian Science treatment, while the practitioner, who was merely an exponent of the same doctrine as that entertained by the parents, should be censured?

ONE-DAY SALE SERGE SUITINGS.

Among the fabrics woven for the clothing of man, none is more constantly in favor or more adapted to everyday use than serge. Clad in that material, no matter the rank or calling of the wearer, he always appears the gentleman, especially when he has the assistance of the skilled and thorough up-to-date tailor.

MANY FORMS OF NERVOUS TROUBLE.

All yield to the blood-enriching, nerve-building influence of DR. A. W. CHASE'S NERVE FOOD.

FRATERNAL AID COST \$50.

NIAGARA FALLS, Ont., May 24.—(Special.)—L. H. Rogers was fined \$50 for assisting his brother Tony, a habitué alien, into Canada, being the third Toronto man charged with the offence.

FOUL PLAY SUSPECTED.

SANDWICH, May 24.—The body of a colored man, found in the river near the fish hatchery, was identified as that of James Harvey. His wife made a charge of foul play, and is suspected by his friends. Coroner Labelle is investigating.

Splendid Values in Smokers' Supplies

As I have decided to retire from the retail business, I will dispose of my entire stock at cost price. This includes

Best Briar Pipes, Sterling Silver Cigarette Cases, Amber Cigar and Cigarette Tubes, Humidors and Choicest Imported Cigars.

This is positively the finest stock ever offered in Toronto. Everything will be sold at the closest possible prices. This is a good time to renew your supply of Cigars, Pipes, Tobaccos, Etc.

"Any law on the statute books of a state making it a crime to heal the sick other than by the administration of drugs, is a disgrace to the civilization in the same article, Dr. Jones says:

"The medical laws have been the best thing to boom drugless healing since the world was created. It is taking away the individual right of the people to choose their own physician, and to heal themselves by the use of their own hands."

Why the Morning Newspaper Listen to Both Sides

Being Chapter V of the calling of the ancient Bluff of the Evening Newspaper posing in Borrowed Clothing as the only Home Paper.

DON'T run away with the idea that we are condemning the Evening Newspaper or any other Paper as advertising mediums. All advertising is good—some is better—still some more is best.

When the other advertising man comes in listen to him—get the evidence from his view point—then sift it. Sort out of his arguments those that fit your needs—investigate them thoroughly from the other side of the fence, and then use your judgment.

We'll rely on that. For the judgment and business acumen that has built up a business from humble beginnings or is building up one from nothing at all but a fine courage and a bountiful optimism, can safely be trusted.

And if that same good judgment decides that our arguments are unsound then our entire groundwork of uncontroversial fact will amount to nothing. But here are some facts that can not be denied.

The Morning Newspaper is the real home paper. The Morning Newspaper delivers its message while the mind is free from business cares.

The advertisements in the Morning Newspapers create the first impressions and promote quick action because first impressions are lasting. Advertisements in the Morning Newspaper are logically the best because they reach the most possible purchasers, at the best possible time to reach them—when the day is yet young—and it is possible for them to purchase while the matter is yet in mind.

So we say put your best announcements for the "to-day" business in the Morning World and compare results with those in the Evening papers over which one must sleep before action can be taken. Listen to both sides but don't let yourself get stampeded into forgetting that your best interests are with the paper that puts your advertising news in the house at the earliest part of the day.

Our Advertising Department will supply you with impartial facts about any advertising medium because we have confidence in you and know entirely about our own proposition. Our Department of Suggestion and Design in charge of One Who Knows will be of inestimable use to you.

REMEMBER TO EMULATE

Continued From Page 1.

The messages of felicitation and general congratulation with them, the celebration has one more important era in the history of the empire, had been brought about.

It is a fitting time, in the occasion and place not fitting, to do our duty to the British institutions.

General French cheered, when in the hall of the monument, he received with tumultuous fervor the congratulations.

It is a fitting time, in the occasion and place not fitting, to do our duty to the British institutions.

When the war broke out the Canadian people were in advance of their leaders, said Col. George T. Denison.

### The Last Sleep of King Edward

A Drawing in The Illustrated London News Made by Special Permission of Queen Alexandra.

#### KING'S DEATH AND POLITICS

Unionists Object to Two Years' Truce for Asquith.

LONDON, May 24.—(New York Tribune Cable.)—The date of the veto resolutions is the burning question in party politics. It cannot be deferred except by the consent of Mr. Balfour and Premier Asquith and the abrogation of John Redmond's absolute veto on legislation which he dislikes. The militant Unionists are anxious to create the impression that King Edward was hounded out of life by radical partisanship, that King George is an old-fashioned Tory and new fangled imperial and tariff reformer, and that loyalty will be the supreme issue in the next canvass.

#### SERIOUS CASES AT VANCOUVER

VANCOUVER, May 24.—At the close of the criminal assize court this afternoon, sentences were delivered as follows: Charles Ed. Lotz, manslaughter, seven years; Dominic Martz, shooting with intent to kill, five years; Edward Morris, false pretences, theft and conspiracy, five years; Adam Dacville, false pretences, three years; Charles Heaton, assaulting with intent to do grievous bodily harm, two years; Thomas Larkin, shooting with intent to kill, one year.

#### SLEPT ON LIMELIN—IN HOSPITAL NOW

MONTREAL, May 24.—Arthur Doucette, having no regular place of abode, was found in a lime kiln for a bed last night and the consequence was so serious that he is now in the Notre Dame Hospital suffering from his ill-considered choice. During the night he slid into the kiln, and, although there was no fire there, the lime burned him badly and he was injured by the fall.

#### HIGHER RATE FOR CALL LOANS

MONTREAL, May 24.—The first of the local banks to increase the rate on call loans here is the Provincial Bank, making the third to raise the money rate on the 24th. The Bank of Montreal, the Commercial Bank, and the C. O. Bank, have also raised the higher rate will become general.

#### DR. McLAUGHLIN'S ELECTRIC BELT

restores the vital powers to men and women. It makes strong, healthy men and women out of weak and nervous. It is a positive and lasting cure for Indigestion (Dyspepsia), Constipation, Headache, Drowsiness, Rheumatism, Neuralgia, Lumbago, Sciatica, Weakness of the Back, Weakness of the Nervous System. It restores the vitality that is lost. It corrects every sign of mental, physical and physical breakdown. Let me give you a few samples of the kind of letters I receive every day by the score from people who have found Health, Strength and Happiness through the use of my Belt.

#### PAY WHEN CURED

You will never know what a grand power electricity is until you feel its special glowing warmth penetrating every vital part of your body with my Electric Belt.

By his Solicitors, EYRE, EARNEY & BOND.

### REALTY AND BUILDING

The new Jacobs' building, now nearing completion at Montreal, gives to that city what is deemed to be a structure which is as thoroughly fireproof as modern building science has made possible. This is the largest reinforced-concrete building in Canada, and it is notable as the largest building in the world which has been erected in the early stages of its construction. The building is seven stories high, and designed to carry a load of 100 tons per square foot. It has a frontage of 365 feet and a depth of 136 feet.

### WORLD'S PEACEMAKERS

Amibition Which Report Credits to King George and the Kaiser. NEW YORK, May 24.—The Herald's London correspondent cables that with the departure of Kaiser Wilhelm to-day there is a renewal of interest in the report that he and King George will inaugurate the work of two peacemakers of the world. It is a message to the English people bears the name of the Kaiser's own people.

### A PHONOGRAPHIC MUSEUM

The Anthropological Society, continuing its campaign in favor of the establishment of a phonographic museum, is gradually adding to its interesting collection of nearly 600 cylinders offered to it by Dr. A. Azoulay, a French collector of languages and idioms of all parts of the globe. "Phonograms" of conversations in the language of the Laplanders, contributions by Kaffirs, and the natives of the Congo, and other languages and idioms of all parts of the globe, are being added to the collection. The museum is now open to the public, and is situated at the corner of Queen and York Streets.

### CAUGHT PICKPOCKET AT RACES

Detectives Saw Him Put His Hand in Another Man's Trousers. Only one pickpocket was got by the police at the Woodbine race track yesterday. As Detectives Murray and McKinley, with Detective Rogers of the Police Force, were on duty at the betting ring, just before the fourth race, Rogers saw a well-dressed man thrust his hand into the hip pocket of another standing directly in front of him.

### HOE THEIR OWN ROW

Commercial Cable Co. Will Have No Dealings With the Anglo-American. NEW YORK, May 24.—Clarence H. Mackay to-day made the following statement regarding the report in the London and American papers that the Commercial Cable Company had formed an alliance with its competitor, the Anglo-American Telegraph Company: "The Commercial Cable Company never has had, and has not now, and does not intend to have, any connection with its competitor, the Anglo-American Telegraph Company. Its stock or making any traffic agreement or in any other way. The Commercial Cable Company will continue to be independent and competitive with the Anglo-American Telegraph Company. All reports to the contrary are false."

### SHAM FIGHT AT BELLEVILLE

BELLEVILLE, May 24.—Walter Lambert, hackman of this city, had his leg broken and was badly shaken up by his team running away at the station last evening. Victoria Day was quietly celebrated here. The 15th Regiment was in the country and had a sham fight this morning. They returned about noon and fired a feu de joie in front of the drill shed. There was to have been an afternoon of athletic sports on the driving park, but the rain last night spoiled the track and the sports had to be postponed.

### King's Future Life

The London correspondent of the Tribune cables: King Edward had his own circle of intimate friends who were leaders in the social life during his reign. King George is likely to accept them, especially as he has never headed a rival coterie of his own. The same smart set will continue to influence society, altho its idealized leader has gone. King George, after the period of mourning is over, is likely to become a patron of the turf, as his father was and also of yachting, for which he has a marked taste. When the coronation is over he will make the rounds of the great country houses and racetracks as his father was accustomed to do, and the richest and most ambitious people in society will swarm about him wherever he goes. A style has been set for conducting the business of retaining and supplying social atmosphere, and everything will go on as before.

### Wore Silk Hat From 10 Till 90

LONDON, May 24.—J. R. Cobley, who died at Salford at the age of 90, was a quaint character in his way of life. He worked as a shoemaker almost up to the day of his death, and always wore, even on the cobblers' bench, a tall silk hat. His mother, he said, customed him out into the world in a silk hat at the age of 10 years, telling him always to wear it. And he did.

#### FIREMEN'S RECORD DAY

There Wasn't a Blaze Due to Fire-works the Entire Day.

Victoria Day passed in Toronto without a single fire, due to pyrotechnics, the hundreds of dollars worth of fireworks of every variety were set off during the day's celebrations. Canada has never equalled the United States in the size of the casualty lists attending her great public festivals, but such a peaceful record for "the Queen's birthday" is unique in Toronto. A scorched street car was the only cause for a fire alarm yesterday.

#### ALBERTA POLITICIANS HAVE SHORT MEMORIES

Evidence of Hon. C. W. Cross in Waterways Investigation Not Very Illuminating.

EDMONTON, May 24.—R. E. Bennett resumed his cross-examination of Hon. C. W. Cross this morning. Cross declared that Mr. Cushing fully agreed with the other members of the government when the Crow's Nest specifications were accepted. He said he knew absolutely nothing of the construction company. He had absolutely no memory as to who was to build the road, altho he would not say the name of the contractor. He said he did not know that McArthur finally decided not to do so. He could not explain why the specifications of the A. and G. W. were made to the Crow's Nest standard or those of the Canadian Northern main line, excepting that they were practically the same.

#### REPTILES AND AMPHIBIANS

EDMONTON, May 24.—The reptiles and amphibians of the province are being collected by the Canadian Northern Railway. The collection is being made by Mr. J. H. Woods of the Calgary Herald. Cross also said he never knew of financing the railway commission of the Calgary Herald and 24-month Journal, or his having financed Jesse Dorman when he made the trip. He declared again that he never knew that Cornwall and Cross were connected in business until the sitting of the legislature this year. Speaking of the interest on the bonds, he said it was made five per cent because it was necessary to guarantee a fairly large interest, as the road was a pioneer one. He did not know who fixed the bond rate, but he said it was 11 per cent, redeemable at 112 in 10 years.
