LONDON, April 14.—The sole operations in the vicinity of Verdun today consisted of bombardments of the region of Le Mort Homme and of the French second line east of the Meuse. The French artillery was also active during the night. A small surprise attack which the Germans made against French positions to the south of Douaumont, was repulsed last evening. During the night there was a fairly spirited bombardment of the region between the Meuse and the Argonne, which the Germans made against French positions to the south of Douaumont.

ASPERSIONS ON BRITISH BORN IN STIR COMMONS AND SENATE

Senator Taylor Calls for Inquiry Into Utterances of Choquette.

EDITORIAL BROADSIDE

Choquette Shows Attitude of Defiance Under Storm of Denunciation.

By a Staff Reporter.

OTTAWA, Ont., April 14.—In the senate this afternoon, Senator George Taylor, for years the Conservative chief whip in the house of commons, but now a member of the senate, read an editorial broadside from The Montreal Star, the article demanding the expulsion of Senator Choquette from the senate. Senator Taylor said he desired to bring the editorial to the attention of the government and to ask that an enquiry into the matter be held.

THE Star editorial, under the heading, "Choquette Should Be Kicked Out of the Senate," said as follows: "The opinions of Mr. P. A. Choquette regarding the war, Canada's participation therein, recruiting or the character of our recruits are of the smallest possible importance. It is not likely that they would be reported in the press. But when these opinions are voiced by a senator of Canada, they acquire from this official position a character which the parliament of Canada can hardly overlook."

"Choquette's reported insults to the men who are coming forward to die for this country, for liberty and democracy, cannot sting their origin robes them of that power. But that a senator of Canada should be permitted to make these statements in the senate of Canada, who will presently be heading the Canadian lines 'somewhere in France, is simply intolerable."

"It is somewhat difficult to get rid of a senator. But the British North America Act says that 'the place of a senator shall become vacant if he is attainted of treason.' It further says that 'if any question arises respecting the qualifications of a senator, the same shall be heard and determined by the senate.' This seems to put the unsavory Choquette case up to the senate."

TWO CHILDREN LOST LIVES IN MIMICO CREEK

Efforts of Louie Kyle to Save Sister Mattie Ended in Double Tragedy.

ONE BODY RECOVERED

Fell into Water While Playing and Swept Down Swollen Stream.

Mattie Kyle, aged 9, and Louie Kyle, aged 10, the two little daughters of Frank Kyle of Islington, lost their lives in the Mimico Creek shortly after 4 o'clock yesterday afternoon while on their way home from Islington school. The two little girls, accompanied by play Appley, a playmate of the younger girl, were playing in the creek when the stream, which is unusually high and swollen by the heavy rains of the night before, stopped to watch the stream bank and while throwing pieces of wood into the creek lost her balance and fell in the water, dragging the body of the younger girl about with her. The Appley girl was able to scramble to the bank but the little Kyle girl was swept down by the force of the stream.

Seeing her sister in peril, Louie Kyle jumped into the water, but she, too, was carried down the stream by the rush of water, and both children were drowned.

Raised Alarm. Little Appley instantly raised an alarm and a large crowd of men were soon on the spot, but the every effort was made to locate the bodies it was not till 7.30 in the evening that Robert Tier succeeded in recovering the body of the younger girl. The distance down the stream from where the accident occurred, County Constables Simpson and Meyers assisted in the search for the body of the elder girl, but up to midnight had not been successful.

Mrs. Kyle, the mother of the victims, has been in delicate health for some time, and it is feared that the shock might prove fatal. The elder girl is employed as a cutter at the McDonald Manufacturing Company's factory on Spadina avenue. Two children were drowned.

RENEWED DEMAND FOR REGISTRATION

National Service League Not Satisfied With Premier Borden's Reply.

NEW ORGANIZATION

Ottawa Delegates to Be Bound Together in Future Endeavor.

OTTAWA, April 14.—The Canadian National Service League, with its object compulsory military service, came into being this afternoon when the various delegates who attended the conference of recruiting leagues formed an association.

The meeting was not wholly pleased with the reply of Sir Robert Borden to the plea for national registration and one member said it was necessary to obtain a register of eligible young men between the ages of 18 and 25, and if the government would not do it they would have to do it themselves in their own communities.

Organization Formed. The following resolution was adopted: "We recommend that an association be formed to hold together those in conference during the past two days in order that the work unitedly begun shall be continued and that other forms of national service be taken up as needed arises."

"That the name of the association be The Canadian National Service League; "That the purpose of the association be to promote any form of national service which the need of the hour may demand; and "That a chairman and secretary be appointed."

The following officers were chosen: Honorary president, Chief Justice Mathers, Winnipeg; chairman, J. M. Godfrey Toronto; secretary, Dr. Albert H. Abbott, Toronto.

INTRICACIES AND HARDSHIPS ELIMINATED UNDER COMPENSATION ACT OF ONTARIO.

EMPLOYERS GIVE AID

Old Experience of Litigation and Appeals Has Been Done Away With.

The advantages that were claimed in advance for the Workmen's Compensation Act of Ontario have been more than realized, according to the figures published in the report of the operations of the first year, which was tabulated in the legislature yesterday afternoon.

The necessity for a board of this kind is proved by the large number of accidents that were reported, namely, 17,033, and the speedy settlement under the act without a single case of litigation in the courts is shown by the fact that nearly 98 per cent. of the reports up to Dec. 31 had been dealt with and compensation rendered before the year closed. In the majority of cases where the evidence is submitted by both sides, as required by the act, payments are made within a period of two or three days, and the workmen are saved the old experience of expensive litigation and a number of appeals.

On the other hand, employers are dealt with as a class and through the compulsory report of every accident, and an independent treatment of it, and a co-operative system of assessment, are saved vexatious lawsuits and through all preserve more harmonious relations with the employes.

Features of the Report. One of the features of the report is the announcement of the board that the assessments as made during the year 1915 have more than met the liabilities, and that substantial reduction.

WANT AID, SAM TO TALK.

J. A. C. Cameron at Osgoode Hall yesterday made an order that Al. Sam McBride have more than met the questions asked in his examination in the libel action brought against him by James Simpson.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

OPERATIONS against Verdun yesterday were confined to bombardments of the region in which stands Le Mort Homme, and to counter-bombardments of the Germans by the French. No German infantry showed its face above the trenches or dugouts and both sides presumably engaged in preparations for a renewal of the struggle, perhaps, in a more violent manner than it has proceeded for some weeks. It may also be probable that the lassitude which has come over the Germans has had its origin in the statement of a French military paper that a British army of 2,500,000 men was now in France, and that the French still had 3,000,000 soldiers, giving them 5,500,000 men, a force greatly superior to any that the German and Austrians combined could bring against France, even if they had already disposed of the Russian and Italian armies. Such a startling piece of information would naturally worry the German general staff and induce it to reconsider its plans and to make an investigation.

The last week in February, a time unsuitable for campaigning in France, especially for a modern army, which has its great artillery to drag about, was probably chosen as the time for striking at Verdun by the Germans because they knew that a large British army was about to be moved over the channel to France, and they saw that their best chances of success lay in hitting the French hard before this further reinforcement appeared in the field. The delay of two months, and perhaps for perpetuity, imposed on their advance, has been made good use of by the British high command in transporting troops to France.

British casualty lists of the past few days, as well as the Canadian, bear evidence that heavy fighting has been raging along the British front, heavier in fact than the brief official reports would lead a person to believe. The number of wounded is taken in London to prove that the actions fought have been of considerable importance.

German front line trenches northwest of Lens were raided last night by a small party of British troops, who killed some of the occupants and withdrew after completing their mission. Positions held by the Germans east of Lens were damaged by the explosion of British mines. The mishap to the enemy drew against the British a heavy artillery fire, which the British official communique of last night said was ineffective.

The "Tomb of Popoff," a height in the Stripa region, and trenches to the south of it were captured by Russian detachments, the gain comprising (Continued on Page 2, Columns 1 and 2).

BRITISH TROOPS FIGHT HEAVY ENGAGEMENTS

Casualty Lists Issued in London Contain Names of Many.

RAID ON FOE TRENCHES

Big Explosion of Mines Damages Foe's Vermelles Positions.

LONDON, April 14.—Evidence that heavy fighting has been going on along the British front in France recently, is given in the casualty lists of the last two days. Today's list contains the names of 24 officers killed and 107 wounded. Included in the list of wounded are a number of Canadians.

There is a good deal of comment on the brevity of the "official reports of the recent fighting. The actions," says a newspaper, "are continually learning from talks with men on leave, have been of great importance, but have been described in curt two line reports."

The British official communique tonight reports that some time last night a small party raided German front trenches northwest of Lens, killed some of the occupants and withdrew after accomplishing its mission. By exploding mines yesterday east of Vermelles the trench shattered considerably the position held by the Germans and drew on themselves a heavy bombardment, which the British communique says was ineffective.

The British also successfully bombarded the neighborhood of Souchez today.

CHARGE FOUL SLANDER

Hazelton Letter Gross Reflection on Volunteers of South York.

By a Staff Reporter. OTTAWA, April 14.—The letter of Robert Hazelton of Tomorden, read by Senator Choquette in the senate on Wednesday, so uncalled for and so insulting to the British-born in Canada, was up both in the commons and the senate today. It has aroused a storm of indignation here, and all over Canada. Nor does the senator escape unscathed even if he claims privilege because the letter was addressed to him. Senator Taylor gave notice this afternoon that he would have Senator Choquette before the venerable body for what he considers seditious and treasonable utterances and a slander on the British-born.

The Montreal Star of last night also had a severe roast for Senator Choquette and demanded his expulsion from the senate. The Hazelton letter reads as follows:

Hazelton's Letter. Tomorden, Ont., Sunday, 10, 8, 1916.

CALLS FOR ACTION TO AID RECRUITING

Senator Mason Asks Government to Define Attitude on Registration.

SUPPLY RUNS SHORT

Time and Money Wasted Under Present System, Senator Thinks.

OTTAWA, April 14.—In the senate today, Senator Mason of Toronto gave notice of a motion calling the attention of the senate to the "un satisfactory results attending the present methods of recruiting in Canada." He said that he would enquire, "what, if any, steps the government is taking or contemplates to overcome and remedy this existing evil by adopting some system of registration whereby all the men of the Dominion of military age will be classified according to their fitness and suitability for service."

Senator Mason said that the supply of men who are eligible and who are willing to enlist is fast becoming exhausted; that of the men who are offering themselves, a large part is rejected for physical reasons, thus entailing unnecessary trouble and expense. Some of the important industries of the country were seriously suffering on account of the depletion of their employes who have enlisted, and if further demands were made the depletion would continue.

It was apparent, said the senator, that a very large number of men of military age who could be spared without interfering with these industries essential to the progress and welfare of the country, were not enlisting, and were plainly shirking their duty in this great emergency.

PARIS, April 15.—About a century ago, during the long Napoleonic wars, Verdun had for a time within its gates a large English colony. One can read the story of their stay in the picturesque memoirs of Lord Blayney, an English general, who had been made prisoner in a Spanish battle and brought to Verdun with over a thousand other officers, mostly of the navy, and so-called "prisoners on parole."

GLASS OF SALTS

CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and you back feels sore, don't get scared. At proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salt; it is inexpensive, cannot irritate, and is a source of irritation, thus ending bladder weakness.

Jad Salt is inexpensive, cannot irritate, and is a source of irritation, thus ending bladder weakness.

CUT DOWN ESTIMATES OF CITY TREASURER

That Civic Department Now in Position to Fix This Year's Tax Rate.

ESTIMATES REVENUES. Three Million Eight Hundred and Twenty-Four Thousand is Amount Figured at.

The civic treasury department is now in a position to fix the tax rate for this year, the board of control having yesterday considered the estimates of the city treasurer, the last to be prepared before the figures go to the city council for final adoption.

The treasurer estimates the 1916 expenditure at \$6,865,566, against an actual expenditure last year of \$6,977,774. The total annual debt charge is estimated at \$5,616,151, payments and liabilities last year being \$4,320,318.

A cut of \$1,500 was made, an item providing \$10,000 for receptions, being reduced to \$7,500 and one for miscellaneous expenditures from \$35,000 to \$25,000.

The estimated revenue for last year totalled \$3,824,449, while the actual revenue was \$2,700,717, so that there was a deficit in this account of \$1,123,732.

The detail of the revenues as estimated for 1916 is given as follows: Water Works \$1,629,778; Licenses \$212,400; Liquor Licenses \$113,000; General City Licenses \$105,000; Police \$7,079.00; Sales \$3,843.00; Weigh House Fees \$3,843.00; Police Court Fines \$50,000.00; Civic Car Lines \$200,000.00; Administration of Justice \$25,000.00; Municipal Improvement \$26,250.00; Provincial Government \$26,250.00; Railway Government \$26,250.00; Balance of Revenue on Adjustment of Accounts \$19,850.00; City Registrar's Fees \$3,950.00; Local Improvement Transfers \$135.00; Street Penalties \$15,000.00; Street Area Rentals \$30,000.00; Snow Cleaning \$10,000.00; Harrison Bath Fees \$5,000.00; Isolation Hospital Fees \$5,000.00; Industrial Exhibition Fees \$25,000.00; Scavenging, Removal of Waste \$1,650.00; Don Improvement Rates \$1,700.00; Consumers' Gas Company \$1,500.00; Stock Dividend \$20,000.00; Building Permits \$4,800.00; Electric Wiring Inspections \$55,000.00; Industrial Farm Revenue (cont'd) \$20,800.00; Garage Revenue \$5,500.00; Cattle Market Bridge Rental \$700.00; Pound Fees \$154.00; City Clerk \$451.00; Civic Auditor \$140,000.00; Sundry other Revenues \$20,000.00.

The \$110,000 for liquor licenses has been cut out. If the tax rate is to be not down to the figures announced yesterday morning, the departmental estimates will have to be still further reduced, as based on the present figures the rate will be 22 mills.

ANNUAL GRANTS ARE CONSIDERED BY BOARD. All Passed as Usual—Batteries to Receive Only Two Hundred and Fifty.

The board of control yesterday considered the annual grants made by the city, and with several exceptions they were passed as usual. The grant for the 47th, 48th, 49th, 52nd and 53rd batteries, but he was only supported by Controller Thompson, and as a result the batteries will only get \$250 each, the remainder of the grant being taken from the Ontario Art Museum.

STIRRING DEBATE ON BILINGUALISM. Hon. G. Howard Ferguson Charges Liberal Leader With Selfish Motives. ALLEGED COLLUSION. Rowell Strongly Denies Confering With "Plotters" at Ottawa.

"Unwarrantable, illogical, unfair," an attempt started at Ottawa by Sir Wilfrid Laurier and "the school of twenty-one" to stir up agitation to wreck the government and make political capital out of the bilingual question.

Chief Smith's action in asking seven of the older men in the fire department to resign did not meet with the approval of the board of control.

NEW BOND SYSTEM WILL SAVE MONEY FOR TORONTO. Debts Will Be Reduced Each Year by Taking Up Certain Bonds.

It is estimated that under the new bond system to be inaugurated by Finance Commissioner Bradshaw, where by a proportion of principal will be paid back each year on an issue of bonds, it is estimated that over \$2,000,000 will be saved to the city on the issue of bonds and thus reducing from year to year the interest charges on the issue.

WILL WE EVER WALK ON AIR?

Train of Thought Inspired by a Letter About "Fruit-a-tives."

MR. D. McLEAN. "Orillia, Ont., Nov. 25th, 1914. "For over two years I was troubled with constipation, drowsiness, lack of appetite and headaches. I tried several medicines, but got no results and my headaches became more severe. One day I saw your sign, which reads 'Fruit-a-tives' make you feel like walking on air. This appealed to me, so I decided to try a box. In a very short time I began to feel better, and now I feel fine. Now I have a good appetite, relish everything I eat and the headaches are gone entirely. I cannot say too much for 'Fruit-a-tives', and recommend this pleasant fruit medicine to all my friends."

"Fruit-a-tives" is daily proving its priceless value in relieving cases of constipation, liver and kidney trouble, general weakness and skin diseases. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

RUSSIA'S SAVINGS EXPAND. Finance Minister Points to Good Results of Temperance.

PETROGRAD, April 14.—Discussing the budget before the council of the empire today, Pierre L. Bark, the Russian finance minister, said: "Despite the war expenses, amounting to 15,000,000,000 roubles, and thanks to the abolition of the alcoholic monopoly, the financial strength of the country is growing. The savings of the nation since the beginning of the war have been increased by 5,000,000,000 roubles."

BRITISH WON SUCCESS OVER TURKS ON TIGRIS

Gain of One and Half to Three Miles on South Bank.

CROSSED FLOODED BELT

Fleeing Foe Heavily Punished—Fighting Was Near Sannaiyat.

LONDON, April 14.—British troops advancing to the relief of the beleaguered Kut-el-Amara garrison in Mesopotamia have inflicted a severe defeat on the Turks.

General Lake reported today that the Turks have been driven back on the south bank of the Tigris from one and one-half to three miles.

The text of the statement says: "General Lake reports that on the afternoon of April 12 our forces on the right (southern) bank of the Tigris forced back the enemy's advanced lines over a distance varying from one and one-half to three miles. As a result of this they had to cross an inundated belt intersected by deep cuts, from 600 to 1200 yards wide, extending from the Tigris to the Umm-el-Bait trench. The enemy was heavily punished as he took refuge from the flood in the new position."

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Run-down People 300 Per Cent. Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N.Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a well-known specialist, who studied widely in this country and Europe, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how you feel after you have taken two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people, who were taking all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles, in from ten to fourteen days' time, simply by taking iron

In the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, which are so few and far between. You must take iron in a form that can be easily absorbed and assimilated, like nuxated iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter who won the day simply because he knew the secret of strength and whose iron constitution was everywhere. Unlike the older iron preparations, it is easily assimilated, does not irritate the stomach, makes them black, nor upset the stomach on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 40 who lacks iron and increase their strength by 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Leggett's Store, O. Tamblin, Ltd., and all other druggists.

WORKMEN ENJOYING COMPENSATION ACT

Advantages of the New Measure Are More Than Realized.

EMPLOYERS CO-OPERATE

Expense of Litigation and Appeals Entirely Done Away With.

(Continued From Page 1.)

tion in the rates will be made in a number of classes of industries, which in some cases will be retroactive for the year 1915.

The figures show that the assessments collected during 1915 amounted to \$1,889,492.58, of which \$1,266,321.61 was distributed, or will be, for accidentals, and that a net balance or surplus remains of \$623,170.97, a large portion of which will be remitted to the employers in lessened rates during the present year. The total number of accidents for which compensation was made was 8229. Of these there were 8544 cases of temporary disability, 201 of permanent disability, 224 deaths. The largest number of accidents occurred from falling, rolling and flying objects, namely, 2647; the next from machinery and tools, 1900; falls, 1100; fourth, dangerous substances, such as electric currents, 628; moving machinery, 575; heating apparatus, 208; runaways and animals, 73. Out of those 776 cases developed blood-poisoning, of which four caused death and 11 mutilation.

There were 170,711 days lost, equivalent to 569 men's labor for one year. The amount paid for benefits for injuries and disabilities required on an average 160 cheques daily, amounting to \$4900.

Employers' Benefit.

The board in its report as to the working of the act says: "The act has worked smoothly and satisfactorily. The benefits of the new system of law to both workmen and employers are more than realized. Claims are expeditiously and inexpensively disposed of. Employers are immune from expense and annoyance of litigation. The intricacies and hardships upon workmen and their families have been eliminated. The facts to be determined by the board are usually few and simple. There is no longer need for payment of legal fees either by workmen or employers."

There were 10,000 accidents in schedule 1 contributing to the accident fund, but not individually liable. For schedule 1 there were 1355 employers and 10,000 accidents. Compensation fixed by the board but not contributing to the accident fund. These included work bodies, railways and municipalities. There were also crown cases, including the Timiskaming and Northern Ontario Railway and the Hydro-Electric Power Commission. Workmen voluntarily placed themselves under the operation of the board.

The figures show that the average week the average was \$13.27 a week, the average age being 33 years, running between 21 years, the oldest, and 11.

Provision of the Act.

The working of the act is quite informal, the employer being compelled to send to the board a report within 14 days after the accident, and forms are sent to the workman and surgeon as well. In many cases the claims are subject to personal inspection by an officer of the board, and evidence is taken on oath. Temporary payments pending a report are frequently made for the convenience of the injured.

The largest number of cases reported were from York County, 1915; 12,438; 2 to 4 weeks; 9,643; 5 to 6 weeks; 555; 4 to 5 weeks, while there was one case in which the disability extended for 10 weeks.

Employers Co-Operate.

The general attitude of employers toward the act is indicated by the request for a grant of 100,000 for the number of cases reported where no compensation could be awarded under the act, as some were merely trivial, including a mere scratch. There were 2,885 cases of 1 to 2 weeks' disability, 1,438 of 2 to 4 weeks, 9,643 of 4 to 6 weeks; 555 of 4 to 5 weeks, while there was one case in which the disability extended for 10 weeks.

SENATOR TAYLOR DEMANDS INQUIRY

Montreal Star's Editorial Denouncing Senator Choquette Recd in Senate.

He Says He Has No Objection to Inquiry Being Made.

(Continued From Page 1.)

If they decide that Choquette's ravings amount to treason, they can rid themselves of his presence. Failing that, we fancy that an address, passed by both houses of parliament, with fair unanimity, would accomplish this time-act of housecleaning."

Choquette is Defiant.

Senator Choquette rose to ask what Senator Taylor's intention in making an inquiry, he had seen in the editorial in question, but regarded it as so stupid and so dishonest that he despised it. "I despise that article," said Senator Choquette, "it is so much like the Star, which can be bought and sold, but I am surprised that my friend should bring this matter to the attention of the house without first calling it to my attention."

Senator Taylor: "I thought you would be the first to repudiate it."

Senator Choquette: "I despise it."

Senator Taylor: "And you say you despise our soldiers who are going to the front."

Senator Choquette: "I never said the best of our soldiers. I said they start. But I do not object to an inquiry."

SEVENTY-FIVE ATTESTED IN TORONTO YESTERDAY

Hundred and Fifty-Nine Volunteered, But Eighty-Four Were Rejected.

R. C. DRAGOONS DRAFT

Fifty Men Needed to Go Overseas Soon — Lieut.-Col. Windey in New Office.

One hundred and fifty-nine men volunteered for enlistment with overseas units in Toronto yesterday. Of these, 75 were attested and 84 rejected as being physically unfit.

Fifty men are needed to go overseas shortly in a draft with the Royal Canadian Dragoon's Inspection Duty.

The appointment of Lieut.-Col. R. C. Windey as commanding officer of the 14th Battalion, on inspection duty in connection with the overseas battalions in military service, was announced yesterday. The officers are reminded that all soldiers needing medical treatment are to be sent to the nearest military hospital and not to civil hospitals. In cases of emergency soldiers may be removed to a civil institution, and the circumstances at once reported to the military authorities.

IMPORTANT CLUES LEAD TO BOMBERS

U. S. Federal Authorities Expect to Find Financiers of German Outrages.

EXAMINE ACCOUNTS

Dr. Walter T. Scheele Believed to Be Missing Link in Plots.

NEW YORK, April 14.—Clues which will lead to the identity of the men "higher up" who furnished the money for the alleged conspiracy to manufacture and distribute bombs to destroy munition ships, for which right men are under arrest, are expected by the federal authorities to be revealed through the examination of the bank accounts of Dr. Walter T. Scheele, who is now being sought. A national bank examiner will come here from Washington tomorrow, Assistant U. S. District Attorney Roger B. Wood said tonight, to investigate six accounts carried by Dr. Scheele in banks in Hoboken, N. J.

"If anybody handled the big sums it was Scheele, and we hope to be able to find where he got it," Mr. Wood said. Scheele was the head of the New Jersey Agricultural and Chemical Co., a Philadelphia, where, it is alleged, the explosive materials were placed in the bombs after they had been constructed aboard the North German Lloyd liner Friedrich der Grosse, interned at Hoboken. He disappeared from his apartment here on April 1. The authorities also were interested in locating his secretary, Miss Ruth Foss, whom they wish to examine.

All except three of the eight men under arrest have made confessions, Mr. Wood said. Capt. Otto Wolpert, superintendent of the Atlas plant of the Hamburg-American Line, accused of receiving the completed bombs, Capt. Enzo Bodo, superintendent of the Hamburg-American Line, accused of receiving the bombs at Hoboken, and both of whom were arrested Wednesday, and Carl Schmidt, chief engineer of the interned German liner Friedrich

HUGHES IS READY TO MEET CHARGES

"I Am Going to Fight," He Said on Arrival at New York.

COURTS FULL INQUIRY

General Says He Will Be Delighted to Have Facts Made Public.

NEW YORK, April 14.—Gen. Sir Sam Hughes, minister of militia and defence for Canada, arrived here today on the American Line steamer St. Paul, from Liverpool, on his way to Canada to answer charges of favoritism in the expenditure of money for the purchase of munitions of war for the Canadian Government.

He was met by his solicitor, Wallace Nesbitt, K.C., and a large party of newspapermen. To the latter he gave the following prepared statement:

"I have only been informed in a general way about the statements made in the house of commons during my absence. But let them be what they may, I am glad of the opportunity of having them all fully sifted and exposed to the full light of day.

"I have no comment to make on the conduct of those who, taking advantage of my absence, and further of the feeling of nervousness, almost bordering on panic, in the minds of the general public on all questions since the war began—have attempted to divert to side issues energy and time which should be devoted to the cause of the Canadian soldiers at the front and the empire in general. Such persons may be within their privileges.

"I regret the necessity of coming back at this juncture, but solely and solely on account of the need of my presence in England in connection with the pressing problems concerning Canadian troops there and at the front. But, otherwise for the government and for myself, I am delighted at the opportunity of having each and every fact made public in connection with all these transactions. It is my desire that everything be exposed to the closest scrutiny.

"During my two weeks' visit in England I had the opportunity of reviewing all the Canadian troops at Bramshott and at Shorncliffe camps.

FOE ARTILLERY CAUSED MOST OF CASUALTIES

Terrific Gun Duel Carried on in St. Eloi Fighting.

OF LOCAL CHARACTER

Engagement Fought on Front of Thousand Yards by Canadians.

Canadian Associated Press Cable. LONDON, April 14.—All accounts which have reached here of the recent fighting when Canadians were strenuously engaged, agree that the German artillery was responsible almost for the whole of the casualties. The Canadians moved forward to consolidate positions, which the springing of mines by certain English forces had rendered vacant, and for forty-eight hours were under a perfect storm of shrapnel.

There was little hand-to-hand fighting, the battle consisting of the artillery of one side roaring away in response to the artillery of the other. This was proceeding on the length of about a thousand yards, so the engagement was really of a local character, altho it is many months since this part of the field witnessed an artillery duel of such a ferocious character. There is a desire on the part of those Canadians who took part to minimize the deadly work which German artillery performed.

NIAGARA CAMP TO GO DRY EARLY THIS YEAR

Bars at Niagara-on-the-Lake Will Close on Saturday, May Thirteenth.

The camp at Niagara will be "dry" this year. The five bars at Niagara-on-the-Lake will be closed on Saturday, May 13, at 7 o'clock. These announcements were made by the Ontario License Board yesterday.

The request, according to Vice-Chairman Dingman, came from Gen. Logie. The bars will remain closed until the referendum in 1919 will decide whether they will ever open again.

LIBERALS ARE WARY ON BILINGUAL ISSUE

Watchful Waiting Was Decided Upon at Caucus in Ottawa.

A special Ottawa despatch to The Star yesterday said:

"The Liberals held a caucus this morning to consider the bilingual situation. There was a general discussion as to the attitude of the party in the event of railway legislation being introduced. It was decided to have a definite decision in regard to the matter over until after the Easter recess, when a bill is expected to be introduced.

"The bilingual situation arising out of the demand for the disallowance of the legislation of the Ontario government was also discussed. There appears to be a disposition among the members of the Ontario government to introduce in regard to this matter a bill which will be a Nationalist member. It was decided to await developments.

McKAY RELEASED ON SUSPENDED SENTENCE

Pleaded Guilty to Modified Charge of Shooting Hugh McArthur.

Suspended sentence was given Angus McKay by Chief Justice Falconbridge in the criminal assize court yesterday, when McKay pleaded guilty to a modification of the charge of shooting Hugh McArthur with intent to kill. McKay changed his plea of innocence after a consultation had been held with the counsel for defence, prosecutor and judge. Most of the evidence in the case had been heard by the jury.

McKay and McArthur had an argument over the war situation in a front street store on March 1. The former drew a revolver and shot McArthur, the bullet penetrating the jaw and coming out at the lip.

McKay in telling his story to the jury said McArthur accused him of pro-German utterances when he said the Germans had the advantage at Verdun.

BOY INJURED WHEN STRUCK BY TROLLEY

While crossing the street near the corner of Broadview avenue and Gerrard street yesterday morning, little Robert Lurie, 84 Broadview avenue, was struck by a southbound Broadview car, sustaining a bad gash on the head and minor bruises. The quickness of the notoriety in applying the brakes probably saved the boy from death. He was picked up by Police-constable 418 and carried to a nearby drug store. His injuries were dressed and he was able to go home.

QUELPH, April 14.—The men and women students at Ontario Agricultural College are pictured in a series of group views in group views in the Toronto Sunday World, together with a number of representative men from different parts of Ontario who were visiting the college recently. The pictures, which are excellently printed, appear in the art section, and will form a fitting souvenir of a very interesting period in the lives of those who appear in it. Copies of The Sunday World are for sale by newsdealers everywhere.

E. POUNTNEY, VETERAN OF INDIAN MUTINY, DEAD

Was Born in England and Had Lived in Canada Over Fifty Years.

Ephraim Pountney, 91 Gould street, an Indian Mutiny veteran, died in St. Michael's Hospital yesterday morning after an illness of nearly two years. He was 79 years of age.

The late Mr. Pountney was born in Edworth, Warwickshire, England, in 1837. At the outbreak of the Crimean war he enlisted in the 94th Infantry of the imperial army, later serving at the time of the mutiny there, serving under Sir Colin Campbell. When the mutiny ended he was invalided back to England. He was a member of the Birmingham police force until he emigrated to Canada in 1862.

Mr. Pountney settled in Toronto Township, where he remained until 1905, when he moved to Toronto. He has lived here ever since. A widow, seven sons and three daughters survive him. They are: Richard, Albert and E. J. of Toronto; Samuel of Amherst, Ont.; Edward and Joseph of Kirkland, Alberta; and William of Calgary, Alta. C. Fell of Arrprior, Mrs. John Gordon of Toronto Township, Ont., and Mrs. Ed. Close of Toronto.

TRUE BILL IS RETURNED AGAINST JOSEPH LEBAR

Charged With Having Attempted to Murder His Wife.

True bills, charging Allan Williams with assault, Walter Skewrow with assault and Joseph Lebar with attempt to murder, were returned by the grand jury in the criminal assize court yesterday afternoon.

Lebar is alleged to have attempted to kill Beale Lebar on March 14; Williams is alleged to have assaulted Mary Temond on March 26 and Williams is said to have assaulted Mary Wenglewicz, less than 14 years old, April 5.

THE GREAT BRITISH REMEDY

COUGHS THAT HURT That kind of cough must be stopped, and at once; it is dangerous. The severe strain it causes may have serious consequences. You can stop it—and cure it—with the World-famous British Remedy, Veno's Lightning Cough Cure.

There is nothing in medicine more quick or more sure than Veno's. That is why it is called a "Lightning" cough cure. Awarded the Grand Prix and Gold Medal, International Health Exhibition, Paris, 1910.

Veno's Lightning Cough Cure is the most popular cough remedy in the whole world. Why? Because it is a real cure, quick, sure, thorough because it is free from every kind of poisonous or dangerous drug; because it is so good for children as for adults; because a better preparation could not be made, if the price were dollars instead of cents. Trust Veno's in the treatment of—

Coughs and Colds, Bronchial Troubles, Hoarse Coughs, Hoarseness, Difficult Breathing, Whooping Cough, Blood Spitting, Asthma.

Large size containing 16 times the quantity 50 cents. Sold by Druggists and Dealers everywhere, or direct, on receipt of price, from the sole agents for Canada, Harold F. Hilditch & Co., Ltd., 10, McCaul Street, Toronto.

PARLIAMENT IS DEEPLY AROUSED

Gen. Logie's Letter Read in Reply to Senator Choquette's Remarks.

RESENTMENT BITTER Hon. A. E. Kemp and W. F. Maclean, M.P., Defend British-Born.

(Continued from Page 1.)

back of all honesty are not such as Canadians should have sent out to us as samples of the Englishman. They are not suitable for the British army, and of course are unfit to serve in our "Rev." (?) Hince is a faker. He is an adventurer, and to the native-born he is known as "Broncho Bullwhacker" always blowing his own horn.

Our well-bred, educated Canadians have no use for such excesses as to enlist as comrades with such beasts.

The government has made a mistake in not organizing recruits of "native-born" for these of our sons who enlist to be separate and apart from some of these immigrants who have once very beautiful suburbs of Toronto and other Canadian cities with their unhabitable tenements. Our Irish, Scotch and Welsh from the British Isles are of a very different element to the "native-born" who are here.

SAGE TEARS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair will grow thicker, makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe in the form of a bottle of "Wyethe's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after three or four applications the hair is naturally dark and glossy and lustreous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

On figures of total rejections in Toronto, these will be forwarded early tomorrow morning (today). The A.D. M.S. of this division estimates about 30 per cent. rejected. He found 12,000 men, 10,000 women and 10,000 children.

"In further reference to my telegram of the 13th inst., 37,402 recruits examined in Toronto, of which 11,212 were rejected, 23,484 for defective eyesight, 753 physically unfit, 626 fat, balanced other defects, 100 for other defects. Other defects include heart trouble, bronchitis, hernia, hammer toes, kidney disease, over age and rheumatism, of which 10,000 were rejected, 19th Battalion at least 25 per cent. were repeaters, that is men trying to enlist having previously been rejected. Total rejections of men examined, 19 per cent."

Experts Puzzled by Silver Situation

Owing to the low price for silver last year, Cobalt only produced 25,000 ounces of silver, and if only the same amount was produced this year the return to the camp at the present price of silver would be \$4,000,000 in excess of that received on the basis of last year's low market. Silver made another advance yesterday to 63 1/2 cents a pound, but for the white metal is attracting more attention now than at any time since Bryan tried to establish its value at one-sixteenth of that of gold in the United States. The ramifications of the war with which the hoarding of silver and gold has created a situation in money markets which experts are not able to unravel. London is badly in need of silver to supply European and Asiatic countries and the recent advance in price is falling to bring in supplies. There is already some talk of re-issuing the pound, should this occur, it would be hard to suggest where the price of bar silver would leave off. The silver stocks made another response to the improved conditions yesterday, with Kintyre, Barragh, and 4450 was bid for large blocks of Coniagas. Cash and ore values on hand and present estimated ore reserves give a book value to Coniagas of \$6.00 a share and similar items in the Timiskaming statement give these shares a book value of \$1.00 a share. The demand for silver is directly reflected in gold and the Porcupine stocks are also receiving consideration. Big Dome and Hollinger were acquired for New York, as was also McIntyre, which will be the next dividend payer in the Ontario gold camp.

STOCKS BRIGHTEN ON WALL STREET

Arrival of Good Buying Orders Causes Change for Better.

NET GAINS AT FINISH

Early Transactions Concluded at Break in Prices.

NEW YORK, April 14.—

The shadows of the European and Mexican wars, and the uncertainty of the market again today, causing further liquidation and encouraging the trading element to extend its operations for the short account. As the session progressed, however, sentiment became more hopeful, and buying orders, which appeared to emanate from substantial sources, effected a very decided readjustment. In fact, various active shares finished with material net gains. The session comprised more than the usual variety of trading, but the most active was in the steel and other stocks of this class led the decline. Mexican Petroleum led 3 1/2, but closed a couple of points higher. Other interesting features were: U. S. Steel falling to 32 1/4 before it rebounded to 33 1/4. Rails again found an exception to the lowering trend, also New York Central, Union Pacific, Erie and Norfolk and Western were temporarily depressed. New Haven made up much of its recent loss. The market was active and the company had arranged to meet its maturing notes.

High-priced specialties were among the few issues in the market

The Paris check market is again in operation, says the Cobalt Nugget. The Trethewey closed down about a year ago, owing to the low price of silver, but now that silver is well over 60, the mine can be profitably operated. The new cyanide mill at the Dome Lake Mine at South Porcupine was expected to be in operation about Thursday of this week. Mr. C. L. Sherrill of the board of directors went north yesterday to be present at the first tests made of the new plant. Developments underground within the past three weeks have been very encouraging and in the values on gold and silver, both as regards the current price of the metal and the prospects of a still further advance, than it has been for years past. And the silver stocks have not discounted this improvement.

Offers Have Been Submitted To St. Lawrence Shareholders

The St. Lawrence and Chicago Steam Navigation Company, Limited, sent out notices to shareholders yesterday, to the effect that an offer has been submitted to purchase the shares of the capital stock of the company at the price of \$185 a share, payable on and after the 1st day of May and up to the 31st of May inclusive. The notice goes on to say that a majority of the directors will accept this offer for the stock of the company and have stipulated that the purchasers will pay the same price to every shareholder who deposits his stock with Messrs. Osler & Hammond, Toronto brokers, before the 31st day of May. A power of attorney is enclosed with the notice to shareholders which should be properly executed, authorizing Messrs. Osler & Hammond to transfer the stock on payment of the agreed price of \$185 a share. The directors furthermore recommend shareholders to accept the offer.
