DR. MICHAEL CLARK SEEKS TO ORGANIZE PROGRESSIVE PARTY

Returned Soldiers, Farmers and Trades Unionists Are Urged to Join Hands.

ASSAILS GOVERNMENT

With stirring rhetoric and bitter invective, and with deft appeal, Dr. are so weak that their relatives have Michael Clarke, addressing the largest gathering ever assembled at I.L.P. meetings at the Labor Temple, assailed the protectionists yesterday afternoon upon four separate counts, and also advocated the formation of a new party—the Progressive party, composed of an allied group of veterans, farmers, workers and all those desirous of the progress of the Dominion in the principles for which the allies fought the great war.

"I stand for the popular good," said the speaker, congratulating the I.L.P. upon its recent well-expressed atti-tude toward the tariff question. "I am not a Labor man in the restricted sense of the term, I am not even an independent in the restricted sense of the term. I believe absolutly that as there must be mutual interdependence among nations, so also must there be the same interdependence among bodthe same interdependence among bod-ies, politic and economic. The most effective combination of men and women in the field of politics must women in the field of politics must The total expense of the demonstranecessarily be that, not of class but of common beliefs." The speaker then went on to point out that during the war he was a strong supporter of the Inion government, a matter which had ever caused him regret, since the policy of that government during the war had been victory over the Huns. "But, since the close of the war, there has been a gathering opinion in Canda that the Union government is not effective as it might be," said Dr. Clark. "It has seemed weary, and, in truth, Canadians appear to be anxious to give it the much-needed Why has it become ineffective? Because of a lack of common incentive, of common policy. The recent elections have indicated a new and marked alignment of political forces. The old parties have seemed to cease to function."

Britain Maintained Firm Stand Against Independent Action and France Shows No Sign of Withdrawing Troops-British Note Emphasizes Need of Unity in Alliance.

London, April 11.—Despatches from Paris today are more optimistic regarding hopes for an amicable settigement of the Anglo-French diffi-culty over the occupation by French troops of German towns. But, ac-cording to a statement from an au-thoritative quarter tonight, the crisis thoritative quarter tonight, the crisis still bears grave aspects—firstly, because there seems to be no intention on the part of the British government to recede from its firm demeanor against any independent action where the alliance is concerned, and, secondly, because no sign is yet apparent that France is willing to withdraw her troops, but rather there is disposition to extend her occupation.

Great Britain's reply to France, it is asserted, reaffirms the determination to enforce the Versailles treaty in all respects, but in collaboration with the other allies. It points out however, that the present difficulty is concerned not with the execution of the treaty, but with Germany's request for permission to employ troops in the neutral zone.

The government's view, shared by the allies, was that the request should be granted, subject to guarantees for the restoration of the neutrality after the expiration of a time limit, and these guarantees the British government were prepared to enforce.

Curry's Accusations.

Tumult reigned supreme in the U.F.O. camp for nearly half an hour, with Curry charging the executive with irregularities and underhand methods. The way The World sized up the situation was that Curry objected, first to the five-minute limit for speeches, as he complained, nis postion could not be made clear in that time; second, he had heard that a certain Karl Morton, of Sutton had received a letter from A. E. Starr, secretary of the Central U.F.O. Association, asking that a meeting be called in Sutton to ascertain the feeling of that branch, so that delegates from Sutton might vote as a unit. Curry objected to this, as he declared that every delegate should have the privilege to vote as he wished. He then complained that he had not been tinformed of U.F.O. metings called to prepare for the nomination, and accordingly, was unable to be present. This orner for the nomination, and accord-ngly, was unable to be present. This, lowever, was denied.

ingly, was unable to be present. This, however, was denied.

He read a letter which he had received from S. P. Foote asking him to meet Foote at noon on Saturday in the Newmarket hotel, where Foote was to treat him to a five-cent cigar. After Curry had stated that "a plot between 12 and I o'clock today" had been formed to try to prevent his nomination, the popular impression was that Curry was afraid of being "doped" by the cigar to prevent his attendance at the nomination. The farmers did not take the charges at all seriously, and centred their energy in trying to make Curry sit down, which he declined to do.

When John Hope, sceretary of Pine Orchard branch, interrupted and moved that "R. W. E. Burnaby be the unanimous nomination," the farmers rose in a body to their feet, Curry's supporters having melted like chaff before a wind.

Hamilton, April 11 .- A complete education in the rural schools of Ontario and financial assistance to young farmdorsed the nomination of R. W. E. Burnaby of Jefferson, Ont., as U.F.O. candidate for the North York seat in the next federal election at the convention held here on Saturday afternoon. The hall was packed to the doors.

Seven candidates were nominated, but all withdrew except, Mr. Burnaby and Cameron Curry, a young farmer, living between Newmarket—and Sharon. Mr. Curry seemed to have many supporters—in the hall when he began to speak, but—he overran his allotted time with a vigorous attack on the U.F.O. executive, charging that unfair and filegal methods had been used to line up support for Mr. Burnaby, and this onslaught was resented by the whole meeting. Someone moved that the nomination of Mr. Curry's mover and seconder did not attempt to stop the vote, which was speculated and in the last was formally promoved that the nomination of Mr. Curry's mover and seconder did not attempt to stop the vote, which was unfair and elections and Mr. Curry's mover and seconder did not attempt to stop the vote, which was unfaired and in a financial assistance to young farmer, so not play to and financial assistance to young farmer, so not play to an of Quelec, who commanded the diston in which the Guards served at the front.

Music Was Provided by the Blind Orchestra From Pearson Hall.

Two meetings were held in Earlscourt on Sunday evening to commemorate the anniversary of Vimy Ridgeat Oakwood Theatre and the Allen's St. Clair. The former was held by the Fairbank branch of the G.W.V.A., and the latter by the ladies' auxiliary of the Earlscourt G.W.V.A.

At the Oakwood the service was opened by Rev. (Capt.) R. L. Brydges, M.V.O., who referred to the memories that clustered around the name of Vimy Ridge, of the splendid courage and the sacrifice of the Canadians who lay sleeping in France. After the diers, an address was given by Brig.-Gen. R. Rennie, C.B., D.S.O., who commanded the troops at Vimy Ridge, and who recounted the details that led up to the attack by Canadian troops after the French had failed. According to Gen. Rennie, 848 guns were used in the barrage preceding the battle, and 2,000,000 rounds of ammunition, which would have filled a train 17 miles long. Comrade S. Stolford, first vice-president Dominion Command, G.W.V.A., Democrats as was the case in the and who lost a leg at Vimy, spoke from the private's point of view of

HERE'S HARD KNOCK FOR DAYLIGHT SAVING

Persons in Middle Life Will Have Health Jeopardized, Says Protest.

A letter protesting against the proposed daylight-saving bylaw has been forwarded to the mayor and board of control by the secretary of the Danforth Liberal Association, voicing, he asserts, the opinion of 20,000 voters, and stating, in part, that "the scheme is a degenerate, self-centred, selfish policy, that would take away citizenship in the home and would force the person who has passed the meridian of life to jeopardize his health at the expense of those whose pursuits are adapted to the sliding forward of the hands of the clock. There is a divine law that gives divine time, and why insult the Almighty with a subterfuge? There is no law so obnoxious to those who wish to promote the physical strength and growth of the rising generation, and surely the time has come when people can think and act for themselves."

LABORITE WINS **DARTFORD SEAT**

Mills Defeats Coalition Unionist and Independent Liberal in By-Election.

London, April 10 .- By-election results announced today give an illustration of the present complicated state of British politics.

In the Dartford constituency, where the election was held on March 27, J. Mills, the Labor candidate, was elected. He received 13.610 votes, R. Mellor, Coalition Unionist, and Tom Wing, Independent Liberal, the leading candidates who opposed Mills, polled between 4,000 and 5,000 votes each. There were five candidates in all. The vacancy was caused by the death of J. Rowlands, Liberal, who, in 1918, had a majority of 9,120 over a Labor

In the by-election at Stockport, also held on March 27, Henry Fildes, Coalition Liberal, and W. Text of Note to Britain

Reply of French on Occupation of Neutral Zone in Germany.

Paris, April 10 .- France's reply to the British note maintains that warning was given Great Britain of the intended move. It concerns the necessity of preserving the unity of the allies in the occupation of the German territory, and expresses France's willingness to act in harmony with that idea. No further development in the Franco-British situation is expected, it was indicated today at the foreign office, until the meeting of the supreme council at San Remo. Meanwhile, the French are maintaining their position, with no inseriously, there being nothing new for the general public in the state of affairs disclosed by the British note. The French reply, sent yes-terday by Premier Millerand to the British government, says: "The French government affirms first of all that no doubt can be felt of the loyalty of its attitude. "Oh, My! How the Doctor Did Alarm Me When He Said it Was Your Heart"

66117HAT did he say?" "Well, he says that the great

majority of people who had the 'flu' have suffered afterwards from weak heart action.

"I never had heart trouble."

"No, but the way the doctor explains it is that the nervous system is so weakened by the 'flu' that there is not enough nerve force left to drive the machinery of the body."

"That is about the way I feel, for I have no appetite, and do not feel able to stir." No, and you do not seem to digest the little food you do eat. So you cannot expect to gain strength. Why not try some of Dr. Chase's Nerve Food?"

"Oh, I do not see how that would help

"Now, John, I think that is exactly what you need. It always helped me when I got run down in health, and I hear so many saying the same thing that I think you

should give it a trial. You know yourself that you are not gaining any these days." "How would that help my heart?".

"Because it enriches the blood and increases the nerve force. Anything that strengthens the nerves will naturally strengthen the action of the heart, for the heart, like the stomach and other organs, is dependent on the nervous system for operating power."

"Well, you talk as though you knew. guess your training as a nurse is coming in

"Will you try the Nerve Food, then ?" "Yes, I will give it a good trial, for I want to get around, and not sit here like an invalid."

"I am so glad, for I feel sure it will soon get you feeling all right again."

You can obtain Dr. Chase's Nerve Food from all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

The New Season's Wallpapers

in a New Location Wall-papering time is upon us, and the pleasure derived from the thought of dainty new walls takes on an added zest when one sees such a fresh variety of charming and artistic wall-coverings as our department has to offer.

The new stock is complete with everything that is new in Tapestry, shadow cloth and chintz effects, while plain and semi-plain fabric designs are here in a wonderful range of colorings,

Tapestry Papers of English and American make may be had at prices ranging

Chintz and Floral Effects for Bedrooms, in a most extensive variety, come as low at 25c per roll, with better qualities ranging up to \$1.50 per roll. Plain and Two-Tone Effects in fabrics, stipples and shadow weaves, are the most popular decoration for Living Rooms. Suitable papers of this type range from 85c per roll to \$2.50 per roll.

In order that you may select your wallpaper more intelligently and conveniently, we have moved the Department on to the same floor as the Drapery Department, where it will now be possible to show color schemes at the same time and under the same light. This means saving of time for you as well as opportunity to try draperies and wallcoverings together.

afternoon by the score of 9 to 2. The exafternoon by the score of 9 to 2. The exhibition, with the exception of the sixth inning, was an interesting and fast contest. Ineffective pitchig ad loose work in the field allowed the Duffy men to race around the sacks, the nine runs being scored in that frame. Snay pitched the first six innings for Toronto, and twirled well, tho a trifle wild. Burke finished the game and yielded a three-base thit, netting the only earned run. On defence, the visitors played a fast game, but were somewhat lacking with the stick.

SIX GOOD BOUTS ON **SEMI-FINAL NIGHT**

Newton Beat Graham, a Club Mate, in Best Fight - The Finals On Tonight.

The second night of the Ontario Amateur boxing championships might be described as short and sweet. The entertainment was a little late in starting and was over early, but from start to finish there was something doing every minute that kept the crowd on their toes cheering all the time. Only six bouts were decided, but everyone was of the slam bang order.

The event of the evening was the bout between Cliff Graham and Walter Newton, both of the Riversides in the 125-lb. class. Graham was the cleverer and in the early part of each round avoided Newton's rushes by clever footwork and landed terrific blows. Ith both hands on his clubmate's head and jaw, but the only effect was fo make Newton rush in closer and as the round progressed Cliff weakened and Newton took the upper hand. Graham had the better of the first, but Newton took the other two and the decision. The other bout in the 125-b. class was between Coyne, Classics, and Donovan, Riversides. It was also a warm argument that went to an extra round. Coyne had the better of the first and gave Donovan a bad hammering, but in the second altho Donovan's stomach went bad the Riverside by held his own and had a shade in the third, while in the fourth Donovan had considerably the better of the argument. Coyne immediately challenged for another chance and Donovan will accommodate him on Monday night in an extra bout. Reid of the H.M.A.C., who put the K.O. on Lankin on Friday, got a dose of his own medicine from Jenkisson, the good Riverside boy. Reid started streng and fast, but Jenk soon slowed him up and finished him in the second.

Pratt and Duckworth, another Riverside pair, hooked up in the 145-lb and it

Pratt and Duckworth, another Riverside pair, hooked up in the 145-lb. and it took an extra round to decide. Pratt battered his clubmate all over the ring in the first round and had the better of the second, but in the third Duckworth, who is a portsider with a hard wallop in either hand stood the going better and evened matters, while he was the aggressor all the way in the fourth, and caught the judge's eye.

Platt of Classics, and Prudholm of London, had a lough time of it in the 158, and it took them an extra round to settle their difference. Neither can boast of much cleverness, but are a couple of big strong men and they maulted and butted each other all

With weather conditions in the south no better than here, the Brantford Red Sox management has decided that the players will be as well off if they train at home, and the order has gone forth for them to report to Brantford the last week of this month. Sumpter Clarke, outfielder, who made a b.g hit last year, will likely be seen with the Sox again, Jack Dunn having put a price on him and offered him to Brantford. The Dunlop Rubber Junior F.C., after not having much success during past years, are back into the game this year with a 100 per cent. better team than last year, and the boys say that they are going to give last year's leaders a game that they will remember. With the committee doing their utmost, and the players so eager to come out on top, you will see the Dunlop Rubber juniors fighting till the last minute of the game. All signed players should be on hand Wednesday, April 14, at the Dunlop Athletic Grounds, at 6 p.m. The team will be pleked for Saturday's game with Linfield A. Brantford, April 11.—(Special).—Holm-dale United, last year's champion W.F.A. seniors, had little trouble in disposing of the Brantford United eleven in an exhibition game here on Saturday. The champions had most of last year's stars in line while the Brantford United used the game as a workout for aspirants for places on the team this year.

The Gliden Varnish team, the present McCallum Cup holders, easily defeated the St. Catharines team at St. Mary's Cub on Saturday night by 2374 to 2645. No records were broken, but the Varnish boys rolled a very consistent game and in the middle game rolled 1011, and exceptional good effort. Geo. Stewart, one of the cldest bowlers in the game today, led them all with the nice total of 614, and next to him B. O'Grady the young.

The T.D.F.A. senior council will meet tonight in Sons of England Hall to fill in the vacancies of the league divisions and other general business. As the business is of a lengthy order members are requested to be on hand at 8 p.m. prompt.

Last season on the race courses of the United States and Cuba the substantial total of \$4,645,000 was earned in stakes

Best Since 1913.

The Kentucky Jockey Club has advertised a considerable advance in stake values for the coming spring meetings at Lexington, Louisville and Latonia, and there will be corresponding increases in the values of overnight faces.

Also, it is a certainty that the stakes and purses that will be offered in the autumn for Kentucky racing will show advances over the autumn purses of last year and the year before.

The programs advertised for the impending meetings at Havre de Grace, Bowie and Pimilto are much more attractive as regards purse values than Bowie and Pimilies are much more attractive as regards purse values than the most generous Maryland offerings of the past. The programs announced by the managers of the courses of the Metropolitan circuit, Jamaica, Belmont Park. Aqueduct, Yonkers and Saratoga, provide more liberally for the thorobreds than any advertised since the resumption of racing in the east in 1913.

Character

The substantial quality appearance which some men have is both influenced and often superinduced by clothes they wear.

Combine rich thoroughbred fabrics with refined patterns and style features, and add skilful tailoring and the nicety of fit which the physique type system assures—there you have the finished Semi-ready suits as they are shown here.

Such clothes are character clothes—and they explain the strong and enthusiastic following behind the label-in-the-pocket Semi-ready Tailoring.

This year, with the help of Canada, the aggregate amount that will be won by American race horses should greatly exceed \$6,000,000.

Only a few of the spring program of the various racing associations that expect to conduct spring and fall meetings in the United States and Canada have been announced.

But the Lower California Jackey Club has resumed operations at Tiajuana, and will distribute several hundred thousands of dollars among the horsemen of the far western mountain circuit before fits 100 days of racing shall have been accomplished.

If the expectations of the Dominion are not disappointed there will be another \$1,000,000 or more for the horses to win on the tracks, great and small, about Montreal, Toronto, Hamilton, Buffalo, Detroit, Ottawa, Vancouver and Winnipeg. Nearly \$1,000,000 was distributed in this country in 1916, the last full year of racing on the northern direuit, following the outbreak of the great war.

Dominion Has a Literature, Declares Dr. Logan, of · Acadia University.

In the nature of the opening up of a new epoch, was the address given by Dr. John D. Logan at the closing meeting of the season of the Women's Canadian Club at the Central Technical Club on Saturday, the reason being that it was the first time that a Toronto audience had been spoken to by one authorized by the ools as an accredited professor of Canadian literature. Until tre appointment of Dr. Logan to the chair of literature in the Acadia University, Nova Scotia, there had been no such office and the Women's Canadian Club of Toronto were the first in Ontario to recognize and welcome the

Two ideas were pushed home in the address, first that there is a Canadian literature, and secondly that it is due to the pioneer women of Canada that this literature exists. It was the women who came to Canada after the Napoleonic wars and who went to rough life with their husbands in the clearing and in the bush, who first ercated a habit of mentality passed it on to their sons and daughtos, was the statement of the speake. It has been said that a dozen Canadian peens do not make a Canadian literature. This is ne.ther true nor untrue, said Dr. Logan, it is just nonsense. Whatever touches the heart and the imagination is liferature, it is not the quantity that

Shock in London.

When overseas—where he had served with the Nova Scotia Highland Brigade--Dr. Logan declared he had come thru all the horrors unscathed. It remained for him to receive the shock of his venture in the old city of London in which he had been only ten minutes when he was nied that such a thing existed. For twenty-five years he had been trying to impress the existence upon his fellow-countrymen. London had accepted the fact and knew much more about the subject than did Canada. Dr. Logan told of a Christmas Eve function in which he had a share in the entertainment and when he read "Christmas in the Trenches" by Mrs. Garvin—Katherine Hale—president of the Women's Canadian Club which he was then addressing, hats went off and the place rang with cheers. Because of her self reliance and the part she had achieved in Canadian woman was literature, the Canadian woman was literature, the Canadian woman was literature, the Canadian woman was literature. Towers mark these entrances and form the dominating notes of the campus and St. George street facades. The great hall, having a seating capacity at dinner of 240, is 95 feet long and 38 feet wide, and is placed in the centre of the union group facing south on the quadrangle. It was felt that it would be a great feature if windows in the great hall could be provided to look out across the cloister into the sunny quad angle and avoid the shut-in feeling which is so common in large rooms of this character. This problem has been solved by placing the large windows high up and smaller ones below. Behind the end table and above, a large alcove framed in by columns, provides space for an orchestra or for concert singing in the event of the room being used for special occa-sions. The main common room and two private dining sooms are placed on the ground floor on the campus side and adjacent to the great hall,

Elaborate preparations are now being made by the management of the Allen Theatre for the production of their initial Canadian-made motion picture. "An Eventful Hour." A competent director, James Calnay, of Los Angeles, has been anguaged, and arrangements have been James Calnay, of Los Angeles, has been engaged, and arrangements have been completed for the actual filming of the production. The personnel of the cast of "An Eventful Hour" will be made up entirely of local people who prove their screen ability and up-to-date several Toronto society people have signified their intention of trying out for a part in the comedy-drama. The picture will go into production immediately, and all scenes will be made in this city. When completed, "An Eventful Hour" will be exhibited at the Allen downtown theatre and at the local suburban theatres of the Allen circuit later.

In 1819 the chancellor of the exchequer carried a motion in the house of commons to spend £50,000 in sending some 4000 persons to the eastern districts of Cape Colony. Owing to kaffir raids on the white people, culminating in the battle of Grahamstown on St. George's day, 1819, it was designed to interprose a buffer and barrier of sturdy British immigrants. There were over 90,000 applicants to join the party. Each person paid \$50, which was to be repaid in cash or implements on arrival. Twenty-six ships were prepared to convey the party of about 3500 men, women and children who were accepted. They arrived at Algoa Bay on April 9.

Phoenix. The plant will be disposed of locally or moved to other mines of the company, according to Superintendent C. E. Campbell, who stated that he had received efficial instructions to close the plant.

The Phoenix mines became world famous because of the low-grade copper ore that was successfully handled. It was to develop this property that the Granby Company was organized, and from the operations of which it paid several millions in dividends, something over 13,000,000 tons of ore having been shipped from the property, with a grdss recovery of about 56,000,000. There are some three million tons of ore still in the mine, according to the last annual report, but it is apparently to be abandoned.

NEW YORK STOCKS SHOW UNCERTAINT

Extension of Railroad Strike and Uncertain Money Outlook Breed Caution.

REDUCTION IN LOANS

New York, April 10.-The uncertain tone of today's brief and dull stock market session was attributed to moderate selling for both accounts, due to the extension of the railroad strike and the uncertain money outlook.

Steels, motors and equipments featured the early reaction, just as they had led the rise tarlier in the week. Extreme reversais of 1 to 6 points were largely recovered in the final dealings. A few issues, notably shippings and sugars and the metals, ran counter to the early setback. United Fruit, Attantic Gulf, American International, Meichtile Marine common and pfd., and National Lead were 2 to 6 points higher. Rails retained all of their recent apathy, and many of the specialties controlled by pools reflected realizing for profits. United States Steel was the only representative industrial to show pressure at the end, losing a large fraction. Sales amounted to 500,000 shares. The United States Steel tonnage statement for March showed another increase in unfilled orders bringing the total up. market session was attributed to moder-The United States Steel tonnage statement for March showed another increase in unfilled orders, bringing the total up to 9,892,075 tons. This is the largest amount of orders on the corporation's books since August, 1917.

Bonds, especially the Liberty !ssues, were weak again, rallying moderately at the end. Railroad and industrial bonds also fell back from fractions to a point. Total sales (par value) aggregated \$6,625,000.

Old U. S. bonds were unchanged on call for the week.

The clearing house statement reported an actual contraction of about \$46,500,000 in loans and discounts and a decrease of slightly over \$10,000,000 in actual excess reserves, reducing the total excess to \$11,777,100.

Today the 12th, to Saturday the 17th --- A Week of Savings for Busy House-cleaners

Follow the lead of the house-cleaning brigade. Of all the tricks the sunshine plays, perhaps the meanest is the way it unfolds before the busy housekeeper's eyes all the dusty secrets of every small nook and cranny. Windows are dirty, curtains are dusty, rugs need pounding, furniture needs re-upholstering, walls need decorating, and goodness knows what not! Do not be discouraged, Mrs. Housekeeper, just call to your aid the service of the Wall Papering Department or the Curtain and Drapery Department, where old furniture may be made to blossom forth in all its renewed chintz-like glory. The Rug Department, too, where you will find a rug to fit almost any sized room and any purse.
