Lloyd George and Craig To Confer

Likely Get Together Over Week-End—Both Houses of Ulster Parliament Called to Meet on November 29.

London, Nov. 19.—A conference at an early date between Sir James Craig and Lloyd George on the subject of the Irish peace negotiations is looked for in official circles. It is anticipated that Sir James will visit Lloyd George at Bourneville over this week and the early next week.

Though there has been no official meeting of any kind between the Sinn Fein negotiators and the government representatives during the last week, the latter have been kept informed of the nature of the government's suggestions to Ulster and of Ulster's reply.

Both houses of the Ulster parliament have been called to meet on November 29. When parliament meets on that date, the government representatives will be kept informed of the nature of the government's suggestions to Ulster and of Ulster's reply.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to the Times reporter, "that somebody is trying to work up good feeling towards Canada in the States by putting out on the billboard a great big colored picture showing the Yankee eagle with his wings stretched out ready to swoop right down on the Canadian beaver. The beaver he is standing in the door of his house. I guess that there artist ain't no Canadian or he'd know the door of the beaver's house is under water. If he was a Canadian he'd know, too, that a beaver gets busy at night, when eagles are giv'ing a rest somewhere till next day. An' I never heard of any scap'gus that was a Yankee, like them there Griffenbags—an' he's been hired to do the job. As soon as the Griffenbags see the eagle after this feller on—each one doin' his own business without tryin' to do the other up—Yes, sir! But maybe that there eagle was list startin' off for Portland, Maine, to git fat on Canadian oysters—By Yin!"

ARE COMMITTED IN GIRL CASE

Three Sent Up for Trial by Magistrate.

Court Hears the Statement Which was Made by One—Makes Allegations as to Conduct of Girls.

Theodore Saunders, Gondola Point; Harry Ketchum, Nauyasewauk, and William Reynolds, Rothery, charged with acting together and committing a statutory offence in assaulting Margaret J. Josephson, were sent up for trial this morning by Magistrate Ritchie.

Sergeant Detective Power gave evidence that he and Detective Biddicombe had arrested the defendants on warrants sworn out jointly by him and the complainant. He said that the next day Saunders was in his office and made a statement after being duly warned that it might be used against him at his trial.

The statement was read in court after being objected to by Mr. Barry, who contended it could not be used as evidence against his client, Ketchum. It was the effect that they had been out riding in St. John's on the Golden Grove road and had been asked by them for a lift. It was said that they had been drinking and were smoking cigarettes and when the boys consented to take them for a ride they were singing and drinking songs and using bad language.

Mr. Barry, who was representing the defendants, said that the girls were not in the car and, fearing she would be arrested, and they took her for another ride. Instead of sobering her, Saunders said, it seemed to make her worse and when they got out of the car a considerable distance she fell out of the car. The boys, it was said, then turned the car and went back to the spot, and found her lying on the ground. The statement closed by saying that Reynolds and Saunders were sober and had nothing to do with it.

In answer to Mr. Barry, he said he had information that the girl was in the car with the boys at the time of the alleged assault and the time the information was sworn out. Mr. Barry, who was representing the girls, said that the girls were not in the car and, fearing she would be arrested, and they took her for another ride. Instead of sobering her, Saunders said, it seemed to make her worse and when they got out of the car a considerable distance she fell out of the car. The boys, it was said, then turned the car and went back to the spot, and found her lying on the ground. The statement closed by saying that Reynolds and Saunders were sober and had nothing to do with it.

The prosecution rested its case here. Mr. Mullins submitted to the court that there was no evidence submitted to connect Reynolds with the attack in any way, either as a principle or an accomplice.

Mr. Barry touched upon the testimony of the doctor that there was no sign of the crime charged at all, and that his client was not in the car at the time. The blood alleged to have been found, he said, might have easily been caused by a fall from the car. The evidence of the doctors to the effect that no assault such as charged had there been such, neither Reynolds nor Saunders had anything to do with it.

The magistrate said that he would be unable, in view of the gravity of the charge, to dismiss the case, but would have to send the men up for trial. He spoke of the duties of mothers to daughters in keeping them off the streets at night and not letting them run around with strangers.

Daniel Sullivan, K. C., appeared for Reynolds, J. A. Barry for Ketchum and W. M. Ryan for Saunders.

PRESENTATIONS. Friends of Mrs. Gordon Warnock, 127 King street, West Side, gathered at her home last evening and made her the recipient of an electric iron. The evening was spent in games and music, and dainty refreshments were served at the close of the evening.

John Donovan, of St. John, who has been cook at A. J. Gregory's mill at Katapac for the last seven months, was made the recipient of a shaving set and pipe, by the men on Tuesday evening last, in recognition of his culinary ability.

Berlin, Nov. 19.—Hugo Stinnes, German industrial magnate, left here for London last night at the invitation of Lloyd George, according to an announcement today by the Lokal Anzeiger.

Presumably, says the announcement, Herr Stinnes visits to the British capital in connection with German reparations.

NATIONAL SCHEME TO FURNISH WORK TO BE SUGGESTED

Associated Boards of Trade of Ontario.

Opposition to Dole System—Plan is to Have Provinces and Municipalities Share According to Their Interest in Project.

Brantford, Nov. 19.—As a solution for the unemployment problem, the Associated Boards of Trade of Ontario, which opened their eighth annual convention here, will suggest to the Dominion government the working out of some big national scheme, to be shared by all the provinces, cities and towns and municipalities interested, by which industrial activities would be reopened and public works would be undertaken, with a view to spreading the work over the Dominion evenly, in such a manner that the greatest amount of employment would be given in those localities where the unemployment problem is the most severe.

At the same time, the members of the fifty-boards of Trade went on record as being opposed to the dole system of handing out charity.

It was felt that some systematized method of investigation should be carried out.

The matter was brought to the attention of the convention by Frank Cockshutt of this city, who pointed out that Brantford has recently put into operation a charity board which holds regular sessions, before which all cases for relief are brought for investigation, and he had confidence that this scheme for solving the unemployment problem would work out successfully if speedy steps could be taken to bring the big national organization into existence.

WOULD HAVE BEEN NEW WARS BUT FOR FRENCH ARMY

So Declares Srying in Washington in Saying Country Must Maintain Force.

Washington, Nov. 19.—War would have broken out in Europe three or four times since the signing of the armistice had it not been for the French army, so Premier Briand declared yesterday in conversation with the newspaper correspondents assembled here for the conference.

The French premier was discussing his forthcoming speech before the third plenary session of the arms conference.

Asking his hearers to place themselves for the moment in the position of the French people, M. Briand declared France did not want a large army any more than the United States wanted one.

"But we must, as we are alone, secure ourselves," he added, "France is not asking for any guarantees, she is not asking for anything. If it were possible for Great Britain, the U. S. and Italy to say 'if you are attacked we would be with you,' then it would be possible for us to disarm. But if you simply say, 'don't be afraid, don't worry, nobody is going to attack you,' that is not enough."

TEASED TOO MUCH, CHINESE BOY USES HIS KNIFE

Nine Year Old Celestial Stabs Younger Boy at Ottawa School.

Ottawa, Nov. 19.—Paddy Brophy, seven years of age, son of Patrick Brophy of Spadina avenue, was stabbed in the back at school here on Thursday by one of his school mates, a nine-year-old Chinese boy who had come to this country only two months ago. The little Celestial, according to police and school authorities, had stood the goading of the school children long enough, and when young Brophy kicked dirty snow in his face, he drew his pen-knife and stabbed him in the shoulder. Fortunately the blade of the knife was dull and no serious damage was done. No action will be taken.

CANADA GETS WEST INDIES FLOUR TRADE

E. H. S. Flood Writes of Effect of Agreement Between Islands and Dominion.

Ottawa, Nov. 19.—(Canadian Press).—That the effect of the Canada-West Indies agreement is being particularly felt in the flour trade is a statement contained in a report received by the department of trade and commerce from Trade Commissioner E. H. S. Flood. He wrote that in 1919 the U. S. supplied 70,000 tons and Canada 800,000 tons of flour to the West Indies. Since the treaty went into effect the U. S. trade has fallen off and Canada now supplies the southern colonies with three quarters of their flour.

Chance For Our Fish Men.

Ottawa, Nov. 19.—(Canadian Press).—Trade Commissioner E. W. McLaughlin reports in the forthcoming bulletin of the department of trade and commerce that the effects of the tariff war between Spain and Norway is curtailing the imports of codfish into Spain from Norway.

LAUNCH DRIVE FOR MEMBERS

Y. M. C. I. Next Week to Make Thorough City-wide Canvass.

Plans have been perfected for the launching of a membership drive for the Young Men's Catholic Institute to be put under way on Monday and to continue all next week. The city has been allotted, by wards, to efficient team captains and each ward has been divided so that it is expected that the canvass will be a thorough one.

Arrangements for the drive have been in the hands of the directors of the institute and the drive is being directed under the auspices of the board of directors. Full details have now been completed and the lists have been handed to the respective captains. During the week meetings will be held at stated times and the reports from the various teams will be made.

The success of the drive it is anticipated that the membership of the institute will be greatly enlarged. As it is, however, the success of the drive will be the most successful in the history of the institute particularly as additional features, such as the new members, will be several practical subjects are being devised for the benefit of the members.

The city will be thoroughly covered during the week is the anticipation of the workers and indications are that the drive, now meeting, will be the most successful in the history of the Y. M. C. I.

LIEUT. GOVERNOR ENDORSES APPEAL

Writes of Splendid Work of the Barnardo Homes in Rescuing Children.

Lieut. Gov. Pugsley has given the following letter to the representative of the Barnardo Homes in Fredericton:

TO THE PEOPLE OF NEW BRUNSWICK.

My attention has been called to the mission of Miss Edith Barnardo and Mr. J. N. Stephen, who are touring Canada and other portions of the Empire in the interest of Dr. Barnardo's Homes.

In view of the great work which these Homes have been doing for fifty-five years, during which time they have, as I am informed, rescued nearly one hundred thousand boys and girls, and of the further fact that the Homes have sent over twenty thousand children to be trained, God-fearing and healthy emigrants to Canada, ninety-eight per cent. of whom are reported to have grown up to be a credit both to Canada and the Homes. I have great pleasure in commending the splendid work of the Homes to the people of New Brunswick.

The Homes are entirely on voluntary subscriptions, and although they spend many thousands of dollars a year in Canada, when they have to make up the work of admitting every destitute child, irrespective of age or creed and of emigrating heavy British-born boys and girls to Canada. The quality of the Barnardo Boys is shown in the fact that (as I am informed), sixty-four hundred enlisted voluntarily in the Canadian Contingents during the Great War.

One thing worthy of special notice is that all the money raised as a result of the Appeal throughout the Dominion will, I am assured, go direct to the Homes, without any deduction whatever for expenses.

I feel confident that the people of New Brunswick, who have responded so liberally to other calls on their sympathy will not fail to answer the call being made on behalf of Dr. Barnardo's Homes.

WILLIAM PUGSLEY, Lieutenant-Governor.

Mr. Stephen writes from Moncton that he has had much success in his meetings in Moncton, where a number of factories and the C. N. R. works have agreed to subscribe to the Appeal. Mr. Stephen, treasurer for the fund all over Canada.

BRITISH LABOR PARTY SUPPORTS ARMAMENT CUT

London, Nov. 19.—A manifesto issued today by the labor party on behalf of the whole labor movement of Great Britain promises support of any steps that may be necessary to make the Hughes proposals for naval armament reduction effective, and calls for the extension of the proposals to all forms of armament.

The text of the manifesto declares the labor movement "welcomes and commends the programme of substantial and progressive reductions proposed by the U. S. at the opening of the present conference, and will support any measures necessary on the side of the Great Britain for giving effect to these proposals."

OPEN DOORS ON SUNDAY.

Meetings will be held in the Y. M. C. I. in the future on one Sunday in each month and the building will be open on Sunday afternoons and evenings for reading and recreation, according to a new policy which is being put in force. A meeting of directors, team captains and other workers will be held soon to discuss plans for the launching of the membership campaign.

DUTY FREE RAW SUGAR IS LOWEST

SINCE BEFORE WAR. New York, Nov. 19.—A further decline in the price of duty free raw sugar today to the basis of 3 15-16 cents a pound established the lowest record since before the war.

CHIEF INTEREST IN ATTITUDE OF THE JAPANESE

(Continued from page 1.) The Daily Chronicle thinks the decision wise both from national and international viewpoints. "Deeds speak louder than words," it says, "and the decision shows beyond cavil that when we accept the principle of the Hughes proposals we meant all we said."

Referring to the fact that the U. S. will continue building warships the newspaper says:—"The choice of the U. S. is not our concern. Our shipbuilding has never been directed against the U. S."

The Daily News describes the suspension of naval building as a very wise and seeming act, and the Daily Express says:—"It is a well timed step, simple to the other nations concerned, and an effective proof of Great Britain's earnest determination to carry out the primary object of the conference."

One Hostile Paper. The Morning Post is strongly hostile, and charges that Lloyd George issued the order on his own initiative, contemptuously flouting the authority of the cabinet and going behind the backs of Lord Lee of Fareham, first lord of the admiralty, and Admiral Earl Beatty. The newspaper believes that if Admiral Beatty had been in England he would have resigned rather than agree to the admiral's step is not in accordance with the proceedings at the Washington conference, and that there is no real relation between them.

All the newspapers refer at length to the question of unemployment caused by the order, and while two or three contend that it will not add very greatly to the ranks of the idle, the majority concur in the belief that the outlook is very serious.

Prominent Men Comment.

Vice-Admiral Ballard, in an article published by the Evening News, estimates it will result in an ultimate saving of 250,000,000. Moreover, he says, it means the abandonment of a design embodying the experience of the late war in favor of a design to be adopted a decade hence, and that it is conceivable that the decision may lead to the entire disappearance of capital ships. He thinks, however, that if the armaments mills are idle for a decade it will be difficult to re-start them, especially as regards their personnel.

Admiral Sir Percy Scott, who warmly approves of the admiralty's announcement, places the saving at five million, 200,000,000. He thinks no country will scrap its submarines, except possibly the long-range ones, because, he says, they are primarily weapons of defence.

W. L. Hiches, chairman of the shipbuilding firm of Cammell, Laird & Company Limited, thinks that although it is very disagreeable to armament firms it is unwise to continue spending money there are general assurances of a continuation of friendly relationship, according to many editorials on Far Eastern questions. Comment on this phase of the Washington conference today led to an overshadowing discussion of the Hughes proposals for the limitation of naval armament.

Vice-Admiral Mark Kerr is of a similar opinion, adding: "We already have the outlook favors disarmament, though the ships used overseas are not of much use."

Put It Up to Japan.

Commander Carleton Bellairs, who for some time was lecturer in Naval Science at the Royal Naval College, also thinks the step is perfectly justified. "Especially from the viewpoint of the psychological effect of a general disarmament when it is most important that each nation show good faith."

"Everything now depends on Japan," he declared; "there is no question about the good intentions of the United States people."

Admiral Sir Cyprian Bridge asserted that the news was the most promising and cheering for a long time and that it looked like the "final defeat of the militarism and the dictatorship of the material age." "Considering the readiness of the United States to make a largely her 1916 programme," he added, "I think it only decent that we should make some response."

The mayors of Chatham, Rochester and Gillingham will meet today to discuss the "final defeat of the militarism and the dictatorship of the material age." The mayor of Chatham said that the closing of the Chatham dockyard would be a catastrophe for the district and that the admiralty would be petitioned to provide shipbuilding for the mercantile marine.

CALGARY HAS SERIOUS FIRE

Woolworth's Gone and Other Places Threatened, With Mercury 22 Below.

Calgary, Nov. 19.—Woolworth's store was gutted by fire this morning. Ashdown's hardware store, and the Royal Bank, are seriously threatened. These buildings are in the heart of Calgary's business centre, corner of Eighth avenue and Centre street. The firemen are handicapped by twenty-two below zero weather.

ALL CHEAPER IN FREDERICTON

Butter 40 Cents, Chickens 25 to 35 Cents in the Market Today.

Fredricton, N. B., Nov. 19.—Butter slumped from 45 to 40 cents in the county market here today while beef sold at from six to eight cents and pork at from 10 to 12 cents by the quarter and chickens brought from 25 to 35 cents a pound.

Price reductions were ascribed to the absence of orders from the country districts for export this year, thus throwing all supplies upon the local market.

"I Just Live on Bread"
OVER-RICH foods may please the palate for the moment, but they don't begin to bring the satisfaction you get from eating generously of Bread.
Just Bread—your Best Food.
Clear skin, rosy cheeks, steady nerves, and that feeling of inner peace and harmony are among the blessings that follow a liberal Bread diet. Bread in Autumn is the one diet that delights and never depresses.
Eat Bread—plenty of Bread, these cool days and you will be benefited both in health and purse.

MEIGHEN FACES DEFEAT

The following is an extract from the Standard's report of Sir George Foster's speech at Gatowtown: "The government of the day must have at least 130 seats. The Farmers cannot get these, neither do I believe can Mr. King. And it is quite possible that none of the groups will have a majority."

GARLANDS FOR TORY TOMB

Among the patriots who aspire to aid Premier Meighen in saving Canada is Mr. W. F. Garland of Ottawa, who is the government candidate in Carleton county, Ontario. He was a member of parliament when the war broke out, but when it was discovered that his clerk, named Powell, in the establishment of the Carleton Drug Co., which Mr. Garland owned, had made \$9,000 profit in a few weeks in supplies for the government, so great a storm was raised that Mr. Garland returned \$6,300. Sir Robert Borden found it necessary to bow to public opinion in this matter, and on April 15, 1918, he said in the House, regarding Garland and Mr. A. D. Foster, member for Kings county N. S., and horse-buyer for the government: "As far as the member for Carleton (Mr. W. F. Garland) is concerned, I have already alluded to the purchases by Mr. Powell. * * * He (Mr. Garland) not only permitted but he encouraged and assisted that young man to make a contract with the government under which, within a few weeks, he acquired a profit of \$9,000. I cannot for one moment give my sanction or approval to a transaction of that character, because, to say the least, it is bound to arouse a very grave suspicion; and a member of parliament, in respect of contracts with the government, ought to keep himself absolutely above suspicion. Therefore, in respect to the honorable member from Carleton (Mr. Garland), and in respect to the honorable member for Kings, N. S. (Mr. Foster), I feel that I owe it as a duty to the government of which I am the head, to the party of which, in federal affairs, I am the leader and to this House and to this country, to express, as I do here express, my very grave disapproval of their conduct in respect of the matters which have been under investigation by the public accounts committee."

FALSIFYING THE ISSUE

The Woodstock Press says movement in Canada is that known as the Farmer movement, and led and manned by those who believe in free trade, who fancy that Canada is a country where free trade is possible and who are heading for free trade just as fast as they can get there. In the same issue of the Press is found the following: "Protection or Free Trade. "That is the issue. "There is no Neutral Ground. "King, Crerar & Co. are out to smash the protective policy of this country, or be smashed in turn. "Men and women voters—whichever banner are you travelling under? "Protection or Free Trade. "That is the issue. "Anything else is a subterfuge, and all the quibbling, evasion and lurid rhetoric of King, Crerar & Co. cannot deceive sensible thinking men and women. It is by falsehoods of this nature that the Tories hope to alarm the people and divert their attention from the real issues of the contest. The maritime provinces are not good soil for seed of this kind. Looking back to the days before confederation, they are prone to ask what a high tariff has done for them; and to ask especially what it can do for them now, when prohibitive freight rates deprive their industries of a market and prevent their expansion, and government neglect prevents the development of their ports. To talk to New Brunswick farmers about the value of the St. John market is to provoke the prompt retort that this market could be glutted in a day, and that the lack of markets is the farmer's chief handicap. Not a higher tariff but more trade is the need of these provinces, and the talk about free trade is merely a subterfuge to divert attention from the real situation as it exists at the present time. Under a Liberal government these provinces would get a square deal."

FARMERS AND LIBERALS

One of the speakers at a Liberal meeting in Amherst this week was Mr. C. Howard Black, secretary of the Amherst agricultural society and of the county farmers' association. A report of his speech says: "Mr. Black, who was one of the foremost leaders in the Farmer-Labor campaign of 1920 in the provincial elections, emphasized the fact that his reasons for supporting the Liberal party in the present campaign were that the issues that were before the people in 1920 were purely provincial, while those before the people now are Dominion, and the Liberal party in federal affairs has always stood by the farmers and went down to defeat fighting for the reciprocity agreement which they promulgated in the interests of the Canadian farmers. Therefore it was the duty of the Canadian farmers to stand by the Liberals at this time. "United we stand, divided we fall," said Mr. Black, "therefore let us all rally to the Liberal standard-bearer."

The first convention of the New Brunswick School Trustees at Fredericton, ended yesterday afternoon. An exchange of ideas was beneficial. William Ivach, of Isabella, Man., spoke briefly. He said that the school systems of Nova Scotia and New Brunswick were far ahead of the western provinces and paid a tribute to the ability of maritime teachers in the West. Hon. P. J. Veniot said that organization was a step in the right direction. An exchange of ideas was beneficial. Trustees did not get in close enough touch with the rate payers. He explained the law increasing teachers' salaries. He said that some teachers had signed on for minimum salaries apart from increased grants. He wished the teachers' association to take the matter up. Hiram Manned, of Dufferin, H. A. Kelly, of Campbellton, and President Mills, also spoke briefly in regard to increased grants. Dr. W. S. Carter, expressed his gratification of the success which the convention achieved. WINE TEST CASE. The suit of Samuel Bronfield and the Canadian Distributing Company versus Chief Inspector Hawthorne, to restrain the chief from proceeding against the company for illegal selling of liquor was decided against the complainants in the appeals division of the supreme court yesterday. This is regarded as a test case in some branches of the prohibitory law. The effect will be that the case will go back to the police court. The charge arose from the seizure of a motor car full of liquor belonging to Pope D. McKinnon, which the counsel for the inspector declared was not in a common carrier and therefore seizable.

TWO OCEANS.

(South Pacific, Nov. 1, 1914. South Atlantic, Dec. 5, 1914.) (Lionel Stevenson.) The seas at Coronel are deep And joshing their crests keep; Treasure of steel, and British keel, And bones of sailors true and lean; Where eyes like fishes swim and creep; The water bier is lone and drear— The "Monmouth" and "Good Hope" lie here, Whose sinking made an Empire weep. Who perished there did nobly dare The fight, though taken unaware— The seas at Coronel are deep; They felt no fear (no sea was near), Against the sky a target clear— The gay Pacific waves still leap; But setting aught of self at naught, Outnumbered, outnumbered, fought, Nor ever of surrender thought, The Second Her— "Very much, indeed! She let me do much as I like about the house."—Spare Moments. Of Course! Mrs. Beane was admiring Mrs. Deane's baby. "Oh, what a darling!" "Da-da! Goo-goo! Ho-o! Da!" replied the baby. "The dear!" exclaimed Mrs. Beane. "He's trying so hard to talk." "Yes, he is," said Mrs. Deane, "but he doesn't say anything," ventured Bobbie, the five-year-old brother of the baby. "The baby is so much like his father," Mrs. Deane commenced apropos of nothing, of course. One Version. Cooper—"He who fights and runs away..." TO SPREAD SERMONS BY THE WIRELESS PHONE

Paulist Fathers Plan a Novel Method to Increase Pittsburgh Mission Audiences. Pittsburgh, Pa., Nov. 19.—For the first time in any Catholic Church in the United States, a wireless telephone will be installed in the pulpit of Old St. Patrick's during a mission to be given by the Paulist Fathers from Nov. 25 to Dec. 12. The wireless will be connected with the Washington wireless telephone station, and the sermons will go out every evening to all those who have wireless telephone receiving attachments. The preachers for the mission will be the Rev. Bertrand L. Conway, and the Rev. David W. Kennedy. All questions propounded by those of every creed will be answered over the wireless telephone. The question boxes will be placed near the door of the church, and the questions and answers will be sent broadcast every evening. For those who cannot come at night the sermons will be sent out so that they can be heard anywhere in the Pittsburgh district over the wireless phones. For those who are to enter a church, but who wish some knowledge of religion in what is called a neutral place, a series of noonday talks will be held, and these will also be spread broadcast. The Pythian Sisters, Loyalist Temple, No. 13, at a meeting last evening made preparations for a big initiation ceremony to be held at night in the Pythian Castle. Most Excellent Chief Green was in the chair. An automobile operated by William McLaughlin and one operated by Albert F. Potts were in the corner of Mill and Pond streets last evening and both cars were slightly damaged. Hon. Dr. J. B. M. Baxter and Dr. Murray MacLaren, government candidates, met at the residence of Mr. Baxter in the Temperance Hall, Fairville, last evening. About 150 were present. The High Y. club of the Y. M. C. A. held a social last evening. The party met at the "Y" and then proceeded to the Imperial. Following the performance they held a dance in their rooms after which they enjoyed a buffet lunch. Mrs. H. B. Frits was chaperone. Those in charge were Harold Williams, Royden Christopher, Harris Field and J. McMurray. Charles Case officiated at the piano. The Philathea of the German street Baptist church visited the Boys' Indian Club at the East St. John last night and gave the boys a splendid treat. There were twenty-five girls in the party and the president, Winnifred Dunbrack, was the leader. They entertained the boys with games and programmes and they provided refreshments that were much appreciated. The boys were grateful for the entertainment and showed their best delight. ASSETS, \$11,000; DEBTS, \$37,000. Frank Whelpley, of the Canadian Credit Men's Trust Association, Ltd., met at the residence of Mr. D. O. Thomas, who he had been attending a meeting of the creditors of H. Eugene McKean, a pulpwood operator of the town of Slaters. The assets presented showed the assets to be approximately \$11,000 and the liabilities \$37,000. The assets, which consist of pulpwood, camp equipment, etc. will be sold by the Canadian Credit Men's Trust Association, Ltd., the authorized trustee. MORNING NEWS OVER THE WIRES. It was Sir Robert Borden's turn last night to be interviewed by over a hundred newspapermen, as one of Britain's delegates to the disarmament conference. He was the third, Mr. Balfour and Lord Lee having been interviewed previously. In connection with disarmament, Sir Robert told of the relations between Canada and the United States along the borders while no warships were allowed on the Great Lakes. The schooner Balsa, Capt. Griffin, and the barkentine ship of England, Capt. Charles A. Oikle, from Hampton Roads, Virginia, with coal cargoes arrived in St. John last night. They were much the worse for having encountered the heavy storms raging along the coast since they were held up several days. S. S. Tobolsk, also with a cargo of coal, is expected to arrive this week but she may be several days late on account of the heavy weather. The Mary Manson Grumner, a four-masted schooner, which went ashore recently near Port Headings has been labelled for \$25,000 by the Halifax steam trawler, Veneta, for services in refloating her. The search for the Port Wade fishing boat, operated by William McGrath, is still being kept up by the lifboat. Sir Frederick Orr-Lewis, Bart., of Montreal, died yesterday in his residence in the South of France in his sixty-second year. He never fully recovered from the effects of an immersion following the sinking of the Lusitania. A baronetcy was conferred on him in January, 1920 for services during the war. SUMMER COTTAGE BREAKS. When H. S. Wananaker went out to his house in Renfrew yesterday he discovered that one of the windows and an inside door had been forced and that things were in great disorder. He also noticed that cottages belonging to Mrs. J. P. McInerney and Mrs. D. O. Thomas had been broken into. The uninvited guests have apparently not stolen anything from either of the places, but have caused considerable damage by throwing things around. EARLY MORNING FIRE. A small fire broke out about twenty minutes to three o'clock this morning in the Victoria Photo Studio, 45 King square, and was soon extinguished when the department responded. "The smoke of the fire was first noticed by the night porter of the Park Hotel, J. Roberts, which is next to the studio. He telephoned for the chemical and an alarm

ECZEMA ON FACE AND HEAD FOR FIVE YEARS. Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subside, leaving a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed. There is only one way to get relief and no remedy like BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing. Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes:—Having suffered with eczema on the face and head, for the last five years, I have tried several doctors and tried various kinds of salves and lotions, but I derived no benefit from any of them. I began to get better when I used Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema." B. B. AID FOR WIDOWED MOTHERS WANTED

Pension Scheme to be Submitted at Next Session of Quebec Legislature.

(Montreal Herald) Active plans are under way at the present time to place before the Legislature of the Province of Quebec at its next session, some scheme of financial aid for widowed mothers with dependent children and of families in which the head of the house has become incapacitated or refuses to provide for the needs of those dependent on him for support. ment, at its next session, it is planned to make appeals for the cause of the dependent mother, at all churches in the city shortly. Without state aid for the scheme, it is felt to be impossible to keep pace with the needs of the situation in this province.

The Province of Quebec, where the need of such legislation is more apparent than in some of the other provinces, has, up to the present time, lagged behind the general movement in this country. All of the Canadian provinces west of Quebec have a mother's allowance scheme in operation and in Nova Scotia the necessary legislation has passed the lower House. Started in Manitoba.

BACK FROM SPANISH WARS. Men Who Enlisted in Foreign Legion Return Disappointed.

New York, Nov. 19.—Eighty-three soldiers of fortune who went to fight for Spain in Morocco are cured. They returned to New York in the steamer of the Spanish steamship Montevideo looking for steady work. It cost too much to serve Spain in war, the disappointed heroes complained. The pay of the soldier is 60 cents a day, and all the warrior has to do with his money is buy his own uniform, rifle and equipment, and pay for his meals and laundry. He keeps the rest of his salary or himself. One of the men who complained of the treatment given foreign recruits was Lieut. A. L. Maquard, a Canadian. Maquard says he served with the Royal Air Force during the war, and was promised a commission in the Spanish Aviation Corps. He enlisted at Havana, and upon arrival at Barcelona was bundled into the infantry as a private. He says foreign legionaries have deserted from the Spanish army by the hundred and now are wandering over Europe.

McClary's Steel Ranges

are Guaranteed Good Bakers and Cookers

EVERY McClary's stove or range bears the McClary's guarantee of satisfaction. The design—the materials used—the workmanship of McClary's ranges are scientifically correct. Seventy years of experience in range building and study of Canadian home needs have produced a line of ranges that are famous throughout Canada for their service and reliability.

The McClary's series of steel ranges fill every requirement of any kitchen. Their performance as bakers and cookers is guaranteed. Scientific designing has made them unique in economy of fuel and cleanliness. Careful, expert construction adds to the efficiency, economy and cleanliness.

McClary's Kootenay Steel Range

The Kootenay is built to obtain the greatest efficiency in its work. The very finest materials are used. The steel body is hand riveted and reinforced. The oven is large, ventilated, and has uniform heat distribution. The top is doubly burnished and easily kept clean, and remains level as long as the range lasts. The Kootenay is made in six sizes.

McClary's Garry Steel Range

A perfectly balanced range carefully manufactured from high-grade materials. It combines a striking and imposing appearance with efficient and economical service. The oven is built on well-proportioned scale and is of large capacity. The top is absolutely level and burnished. The grates are the heavy "Duplex" pattern for permanent use of coal or temporary use of wood. The Garry is built complete with heavy copper reservoir and high warming closet.

McClary's Regina Steel Range

The Regina is efficiency without added expense. It is more plainly finished. It has a scientifically controlled fire-box—correctly proportioned to heat the oven properly and evenly with the least consumption of fuel. The flues are deep and broad and built for even distribution of heat. The top is large (six holes) and doubly burnished. It stays black and needs no black lead.

McClary's Le Roy Steel Range

A thoroughly reliable steel range of moderate size. It is plainly and neatly trimmed with nickel. The oven is deep and well-proportioned with a clear interior, easily accessible. The return flue system is "used"—this compels the heat to pass twice around the oven. The LeRoy will give good service for years and the price is attractively low.

McClary's Trans-Con Steel Range

The Trans-Con is compact and efficient. It is especially adaptable to the cottage or small home. The body is sheet steel electrically-welded and protected by hand iron. The oven is large and evenly heated and there are four holes in the cooking surface. The Trans-Con is low-priced, ensures small fuel demand and is a good baker and cooker.

LOCAL NEWS

NINETEEN WEDDINGS.

There were seventeen births in the city during the week, ten boys and seven girls. The number of marriages was above the average for this time of year, there being nineteen performed during the week.

NOVELTY SHOWER.

Members of the Alpine class of German street Baptist church surprised Mrs. Clement Fanjoy, a recent bride, on Thursday evening by inviting her to meet them at the home of Mrs. William Lewis, where she was made the recipient of a novelty shower of valuable articles of household use. Delightful refreshments were served and a very enjoyable evening spent.

PAISLEY-ERVINE.

A quiet wedding took place on Friday afternoon, at four o'clock, at the Victoria street, parsonage, when Rev. George Hudson united in marriage Walter James Paisley, son of Mr. and Mrs. Joseph Paisley, and Elizabeth L. Irvine, daughter of Mrs. Frank Irvine, West St. John. After the ceremony, Mr. and Mrs. Paisley left for a short trip.

SIXTEEN DEATHS.

There were sixteen deaths in the city during the week from the following causes: Inflammation, two; old age, eight; pneumonia, erysipelas, myocarditis, heart block, angina pectoris, arterio-sclerosis, carcinoma of lung, carcinoma of stomach, broncho-pneumonia, asphyxia neonatorum and shock following fracture of hip, one each.

J. M. QUEEN PRESIDENT.

On Friday evening, at 6 o'clock, at Bond's restaurant, the New Brunswick Branch of the Life Underwriters Association of Canada held their annual meeting. After a very fine dinner, Robert Reid, retiring president, in a short speech summarized the work of the year. The reports of Mr. McMackin, secretary, and Mr. Lowman, treasurer, were read and confirmed. Officers for the ensuing year were then elected as follows: President, J. M. Queen; vice-presidents, Robert Reid and C. M. Merritt; treasurer, Mr. Anderson. The outlook for his coming year is reported very bright.

CORNER STONE OF SCHOOL IS LAID

Chief Justice McKeown officiated at Ceremony in Newman Street.

The corner stone of the new Lorne School in Newman street, was laid this afternoon at 2:30 o'clock by Chief Justice McKeown, chairman of the St. John board of school trustees in the presence of members of the board and many citizens. Work on the school was commenced in August.

Into the corner stone was placed a book containing amongst other things the following:—Specimens of the corner stones at present in use, a copy of the last printed copy of the school board report covering the period of fifteen years 1913-14 and 1919-20, a statement containing the name of the architect, P. Neil Brodie, the contractor, R. A. Corbett, the price of the building, the price of the land and similar information; copies of the four daily papers, The Telegraph, Times, Globe and Standard, containing a report of the last regular meeting of the board; the Standard and Standard of today's date; a copy of all stationery forms now used in the board offices, personal cards and envelopes which have come through the mail addressed to the board.

G. E. Day, a member of the board who had charge of the arrangements for today's ceremony, also placed in a few Masonic mementoes.

A platform was erected for the occasion and was tastefully decorated with flags and bunting. The members of the school board and Dr. H. S. Bridges, superintendent, attended the ceremony in a body.

The silver bowl with which the stone was laid and which afterwards was presented to the chairman, bore the following inscription: "Presented by the Board of School Trustees to The Honourable Chief Justice McKeown, Chairman of the Board, on the Occasion of His Laying the Cornerstone of Lorne School, St. John, N. B., November 19th, 1921."

SENT UP FOR TRIAL

Frank Zeberan and Clifford Ritchie, charged with wounding above and not giving a satisfactory account of themselves and with acting suspiciously in the doorway of the City Corset Band, were sent up for trial today. J. A. Barry, appearing for Zeberan, contends that the following information against them for an indictable offence, as it was not charged that they broke in or tried to break into the shop. The magistrate ruled that as they had been seen in a doorway opening on a hall in which there was a door marked apparently by a child or screw driver found where the boys were arrested, there was reasonable ground for an assumption of intent to break in.

GREAT TIME AT BOYS' RACES

Lads in Road Contests Arranged by Mayor Schofield—"Eats" Follow Events.

Mayor Schofield's newsboys' road races, which were held this morning, were conceded to be the most successful of their kind ever held in this city. They were witnessed by a large number of spectators, many of whom had in former years actively participated in athletic events, and all seemed unanimous that the races were held in a highly commendable manner. Many took the occasion to congratulate the mayor and express their appreciation of the interest he is manifesting in the rising generation, as they considered it will mean the fostering of an inclination to continue in sports.

There were three events, the first for boys ten years and under, the second for boys twelve years and under, and the third for boys fourteen years and under. Nearly 100 boys entered in the three events and the enthusiasm they displayed was a feature in itself.

The first race was from the Imperial Theatre to the head of St. Patrick street and back to the theatre, and was won by Roy Chapman, with Arthur Walker second. The winner's time was 4 in. 59 secs.

The second race was for boys twelve years and under, and was from the theatre to Cooper's Corner and back. This was won by Everett McCahey, with Albert Maxwell second. Time 15 minutes.

The third and feature race was for boys fourteen and under and was from the theatre to the One-Mile House and back. This was won by Edmund Chandler, with George Stafford second. Time 23 minutes.

The prizes. The winner of the small boys' race was awarded a pair of rubber boots, and the runner-up a cap. The winner of the second event received a sweater and the runner-up a pair of larrigans. The winner of the third race was awarded a mackinaw coat and the boy finishing second a pair of boots. All the presentations were awarded by Mayor Schofield at the termination of the races. Before departing, the boys gave three lusty cheers for Mayor Schofield and the officials.

When the races terminated the boys were sent to the Y. M. C. A. and the M. C. I., where a luncheon was prepared for them. A feature of this luncheon was "pie." Oh, my!

The enthusiasm displayed would do credit to many senior events and was an assurance of future success.

Prior to the starting of the races some of the small boys could be seen running around the fountain in the square. One little chap remarked that they were "warming up," but another announced: "Now, they ain't warming up; one of the boys in the race got a pal who is getting them all tired out so they can't win."

When starter Frank White was giving instructions to the boys twelve years and under, one remarked: "I can't remember all that; write it down on something."

The antics of a little colored lad evoked hearty laughter prior to the starting of the races. He had a habit of whistling and then expectorating, after which he would jump around with his hands clasped in smiles in eager anticipation of the big event. When he failed to show up with the winners one of the spectators asked him "What kept you?" with a grin he said "Nothing!"

When the boys who finished third were informed that there was no prize for them they showed disappointment, but when Mayor Schofield announced that they would be given two extra doughnuts they seemed satisfied with their lot. Although about twenty boys started out in the long race only a few finished. The race reported as a conveyance since home in teams and automobiles, as they feared the lunch would be all over by the time they reached the finish mark. The winners deserve credit. Their time was fast, considering the distance traversed and the muddy condition of the roads.

Chandler and Stafford are Y. M. C. I. boys. The former won in the race last year.

City Corset Band Anniversary Recalls Old Time Assemblies Here.

Last Tuesday was the forty-seventh anniversary of the founding of the City Corset Band, and in this connection some interesting facts relating to the band's early activities might be spoken of. Invitations are in existence for parties and social gatherings which the band conducted in the years 1875, 1876, 1877 and 1878. On Tuesday, November 23, 1875, a "Sash and Belt Party" was held in Small's Hall in Dock street, and music was provided by the City Corset Band, which was at that time only one year old. The committee for this assembly was composed of M. J. Driscoll, D. K. Shibley, J. F. Allen, P. J. McLaughlin and D. S. McLaughlin, members of the old Father Matthew Association.

The programme was printed on white paper with gold letters on the outside, and brown ink inside.

On Wednesday, November 29, 1876, a "Leap Year Quadrille Assembly" with music by the City Corset Band, was held in the same hall, and the committee were William Wallace, B. McGowan, W. Calhoun, J. Sullivan, and William Walsh, secretary. The invitation for this affair was printed in old-fashioned script letters on a sheet of mauve laid paper.

Another "Social Quadrille Assembly" was held on Monday, April 2, in the following year in McGowan's Hall in Germain street. In this case the committee's names were not on the invitation, but that of James Connolly was affixed as secretary. It might also be noted that coaches were advertised as in attendance at the ball for the use of those attending. The next invitation is one to a series of "Quadrille Assemblies" to be held in Dockhill's Hall, Union street, commencing on January 9, 1878, and in charge of W. Higgins, F. Sheehan, W. Ward, J. Dixon and J. Connolly, secretary.

In the collection, also, is a badge for the World's Fair, Chicago. It is of white satin with a shiny clasp. It bears the inscription: "City Corset Band, St. John, N. B., World's Fair, 1893."

ANOTHER ROUSING LIBERAL MEETING IN ALBERT COUNTY

Eight, Nov. 18—A splendid Liberal rally was held here this evening in the Agricultural hall when speeches were made by Dr. W. P. Broderick and H. B. McLellan, the party candidates for the constituency of St. John-Albert, and E. J. Henneberry, of St. John. The chairman was Robert A. Smith, who, in a short introductory address, presented the candidates to the gathering.

Both candidates spoke much along the same lines as at the Albert meeting. Dr. Broderick dwelt mainly on the subject of the tariff and made a powerful address, which was well delivered and received with enthusiasm. Mr. McLellan received a rousing reception and made an able address, dealing with questions of the day, and more particularly with the railway situation. E. J. Henneberry also spoke briefly on pertinent subjects.

The large hall was packed and the audience was a most responsive one, interspersing the remarks of the speakers from time to time with rounds of applause.

THE TRADES AND LABOR COUNCIL The Trades and Labor Council held its regular meeting last evening in its hall in Prince William street with Delegate I. D. Farris in the chair in the absence of the president, F. A. Campbell. The council took up several important local matters and also discussed several communications which the council had received.

The council went on record last night endorsing the action of Mayor Schield in warning labor from outside the city that there would be no work here this winter for outsiders. The unem-

ROBBERY IN STORE. Bandits Carried Employees Away in Autos. Regina, Nov. 18—After every precaution had been taken to prevent the raising of an alarm, which included the cutting of telephone wires, sixty cases of liquor were stolen from a liquor store at Caraduff, Sask., by six masked bandits, who escaped, according to a report received today at Provincial Police headquarters. The bandits, who are believed to have come from the United States, arrived in automobiles, and, after loading the liquor, took the employees of the warehouse to a point two miles from Caraduff, where they were liberated.

MADE UNIQUE EXCUSE. Forger Made Banknotes to "Make Forgeries Impossible." Vienna, November, 18—A photographer named Czerny has been arrested by the Prague police on a charge of forging Austrian bank notes by means of copper plates made in Philadelphia. So cleverly were the false notes made that it was impossible to distinguish them from the genuine ones. Czerny has admitted the forgeries and stated they were for the purpose of enabling him to continue his experiments with an invention for making forgeries of bank notes in future impossible. Czerny is to demonstrate his invention before the police.

CANNIBALS IN HAITI. Washington, Nov. 18—The torturing and eating of Private Lawrence and the killing and mutilation of Lieutenant Math, of the Marine Corps, by bandits in Haiti, were described before the special Senate investigating committee by F. M. Pilkington of New York, technical expert, who spent two years in that country. He said the cannibals believed that by eating human flesh they acquired the courage and fortitude of their victims.

Y. M. C. I. SOCIAL. About 200 members of the seniors and business men of the Y. M. C. I. and the senior girls of the same institution enjoyed a card party and social given in the institute assembly rooms last night. Bridge and forty-fives were played and a musical entertainment was provided. The programme was as follows: Piano and banjo duet, Joseph Branley and William Hines; vocal solo, Miss V. McCarthy; vocal solo, Miss V. Waterbury; club singing, Lawrence Dove; vocal solo, Joseph Melby; vocal solo, Miss Bernice Mooney; selections on the New Edison, Francis Pickett. Refreshments were served and the party broke up voting the evening's entertainment a great success. The committee in charge were P. C. Quinn, Bert McIntyre, E. J. Wall, F. E. Martin, J. McAvillie and J. C. Green. Mrs. H. J. Sheehan, Mrs. J. J. McDonald, Mrs. Fred Lynch, Mrs. Robert Murphy and Miss K. Lawlor were the chaperones.

SPELLMAN APPEAL IS DISMISSED

The appeal case in connection with the conviction recently of Thomas Spellman on the charge of killing Albert Norris of this city was dismissed yesterday by the appeal division of the Supreme Court at Fredericton and the conviction was affirmed. The appeal was made by Daniel Mullin, K. C., when Thomas Spellman was found guilty of manslaughter and Edward P. O'Brien, who was his companion at the time, was acquitted of the charge of murder. Spellman has not been sentenced yet but it is expected that, since the appeal has been dismissed, he will receive his sentence at the next sitting of the court.

SIR DOUGLAS HAZEN WILL INVESTIGATE

Sir Douglas Hazen, K.C., M.G., chief justice of New Brunswick, has been appointed a commissioner to investigate claims of persons residing or carrying on business in Canada who have been subjected to loss arising through the destruction of their property through the illegal warfare of the enemy. He will also investigate claims for damages to which persons residing in Canada have been subjected for breaches of contracts, which contracts were prevented from being carried out, owing to the operation of the statutory list of persons in neutral countries with whom contracts were declared illegal.

ARE YOU SQUEEZED IN THE VISE OF EXHAUSTED NERVE FORCE AND IRON STARVATION?

Physician Says These Twin Monsters Are Daily Dragging Thousands Into the Torture Chambers of Ill Health, Wrecking Their Lives and Making Them Financial Failures. YOU are born with just so much nerve force and your body can manufacture only so much each twenty-four hours. If you use it up faster than it is made through overwork, late hours, worry, too much excitement, grief, nervous strain or other excesses, your nerve cells become depleted of this life-giving fluid, and you are dragged into the torture chamber of neurasthenia, with all its nerve-racking, agonizing pains and anguish. Your whole nervous system becomes "on edge" so to speak, and the least little thing upsets you. You may have an almost constant aching pain in the back of the head or neck, or an extremely disagreeable feeling of fullness in the front or back part of the head, which in some cases gets so bad that you feel almost as if your head would burst; there may be spots of local tenderness on the spine, pains across the back, heart palpitation, great weakness from slight physical or mental exertion, or sleeplessness at night; and the patient often complains that his thoughts chase one another through his head with lightning-like rapidity. Some break into profuse perspiration and suffer from such great debilitating weakness that they feel as if they were almost chained to the ground. Headaches and extreme nervousness are very frequent symptoms, and most persons are moody, irritable and easily depressed. A physician formerly connected with a New York City Hospital says thousands of persons suffer from depleted nerve force and iron starvation of the blood without ever suspecting the real cause of their trouble, and that often their health, lives and success are completely undermined and wrecked before they find out what is the matter with them. On account of their multitude of symptoms they frequently think they are suffering from heart or kidney trouble or some other serious organic disease. In such cases it is often worse than foolish to take mere stimulating medicines or narcotic drugs. What you need is something to put more nerve force into your nerves and more iron into your blood. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product quickly enriches the blood and thereby helps it to furnish an additional supply of new nerve force with which to revitalize and regenerate the nerve and brain cells. It also contains a product which represents the principal chemical constituent of a living nerve force in a form most adapted to that in the nerve and brain cells. Nuxated Iron may therefore be said to be both a blood and a nerve food as it furnishes strength giving iron to the blood and the important element of the nerve fluid to the nerves. Over four million people are Nuxated Iron annually, and from remarkably beneficial results which have produced, the manufacturers are certain of its surprising efficiency. They guarantee satisfactory results to every purchaser or they will refund your money. Beware of substitutes. Look for the word "Nuxated" on each package. For sale by all druggists.

NUXATED IRON ENRICHES THE BLOOD - GIVES YOU NEW STRENGTH AND ENERGY

RUSH FOR BURIED GOLD. Rome, Nov. 18—More than 800 people have gone to Bismeglie, in Apulia, engaged in desultory digging, as an archaeologist announced his belief that the ancient Romans had buried treasure worth \$4,000,000.

"More Men Than Women Have Nervous Troubles"

Is it any wonder that men's nerves are giving out? Look back over the history of the last few years. Think of the enormous burden of responsibility which has been put upon the shoulders of business executives. The excessive mental strain. The worry and anxiety. The physical effort. This has surely been great enough to break the nervous systems of the strongest men. The war strain. The unsettled conditions of business and employment. These are responsible for the rapid aging of men which you notice everywhere. You feel out of sorts. You do not sleep well. You find yourself losing your grip on business. Your daily task is more than you can stand. There is, perhaps, no organic disease. But you find your energy and ambition pining out. Your doctor tells you to take a rest for a few months. But you do not want to be put up on the shelf. Your business cannot spare you at this critical time. Perhaps you cannot afford complete rest when living expenses are so high. But you can take things easier. And you can profit by the experience of others and build up your exhausted nervous system by using Dr. Chase's Nerve Food. This is the most rational treatment available, and is endorsed by more common-sense, reliable people than any medicine recommended for the restoration of the nervous system. Dr. Chase's Nerve Food is universally used by women as a means of restoring the nervous system. Your wife, or sister, or mother, will be able to tell you something about its remarkable upbuilding influence. But more men than women now have nervous troubles. And Dr. Chase's Nerve Food is no respecter of persons. It builds up new energy and strength in the most natural way imaginable by enriching the blood. It supplies to the blood in condensed, easily assimilated form the elements which nature requires in order to replenish the depleted nerve cells and restore the vitality of the human system. These certified letters may be from people you know. They are worth reading, anyway. For they are the honest opinion of people who have been benefited by Dr. Chase's Nerve Food. Edmanston, Bates & Co., Ltd., Toronto.

This is the statement of a specialist on Nervous Diseases who comes in contact with many thousands of cases. The increase in diseases of the nerves during the last five years has been enormous. Overwork. Mr. D. F. Armstrong, R. R. No. 3, Malborough, Ont., writes: "Through overwork and an extra amount of mental strain, I became very nervous and rundown. I began using Dr. Chase's Nerve Food, and it certainly touched the right spot. It almost seemed for a time as though I fairly lived on it, and I can recommend this treatment to anyone requiring a medicine of this kind." ("Sworn before me at Malborough, Ont., this 7th day of March, 1921—D. S. Clow, J.P.") Sleeplessness. Mr. W. J. Van Dusen, Centre St., Naperville, Ill., writes: "For some time I suffered from sleeplessness and all the weakness and tired feelings that follow continual loss of sleep. Gas would accumulate in my stomach, and this also caused a great deal of trouble. Upon the advice of a friend I began a treatment of Dr. Chase's Nerve Food, and soon found it to be just what I required. By the time I had completed the treatment my system was in splendid condition and I felt much stronger." (Endorsed by S. Casey Denison, Mayor.) Rheumatism. Mr. Charles R. Tait, Newtown, Kings Co., N.B., writes: "I suffered with rheumatism and my stomach was in a very weak state. I could eat no fruit of any kind and suffered nearly all the time. I tried several doctors, but got no relief from any of them. I was in a drug store one day and overheard two men talking—one was telling the other about Dr. Chase's Nerve Food completely relieving him of rheumatism. I bought a box, thinking it would be like all the rest of them, but, after taking this one box, I felt so much better that I continued the treatment, and now I can eat anything and do not suffer any more with the rheumatism." ("This is to certify that I am personally acquainted with Mr. Charles R. Tait, and believe his statement is true and, to my knowledge, correct."—(Signed) A. S. Macle, J.P.)

SAYS PARENTS DEPEND TOO MUCH ON SCHOOLS

Father's Opportunity in the Education of the Child Outlined by Editor.

"Father's opportunity in the Education of the Child" was the subject of an address by Joseph K. Hart, educational editor of The Survey, at the Ethical Culture School meeting, Central Park West and Sixty-fourth street, New York, the other evening.

He said that civilization was threat-

Jacksonville, Fla., Nov. 19.—Solid carload of Scotch whisky, billed from Miami to Kansas City as "fish" was seized by Sheriff R. E. Merritt and Federal prohibition agents here in the railroad yards. London, Nov. 19.—Low Ping-pong, Chinese chief of the international gang of opium smugglers which has baffled the British police for many years, has lost his fight against deportation.

APPLES OR PUMPKINS?

London, Nov. 19.—One British fruit grower produced an apple this year that weighed one pound and eight ounces. Another weighed one pound and six ounces. Each was over fifteen inches in circumference.

ened by the way in which things were done. In an area of twenty-five miles from the City Hall in New York, he said, there were more persons than in seven of the Western States. The schools were only a small part of the child's education. He learned in the streets and the community more than he was taught in the schools.

The life of the child in the great city he said, presented serious problems for the parents. The boy and girl needed more playgrounds where they would have some one to look after them, but not to interfere with their freedom in their sports. They needed to be taught that it was honorable to work. They wanted information about the world that would enable them to get along in it.

The trouble was that the parents expected too much of the schools and left many things to the teachers that they themselves should do. About the age of 40 or 45 the fathers became heavy in their personality, too satisfied with their own way of thinking. The only thing they gave was advice, much of which was poor.

Some change had to be made or the future of the big cities looked very dark, he said. Parents should consider these problems and devise some means to solve them.

WOMEN DEFEND FARM STILL WITH TEETH, NAILS AND FISTS

Allentown, Pa., Nov. 19.—Sticks, stones, finger nails, fists and teeth were used to effectively by three women in attacking Internal Revenue officers and detectives, who raided an alleged illicit still on a farm at Crackersport, a Lehigh County village, that the battle was said to have gone against the raiders until farmers attracted to the scene helped restore the dignity of the law. Two men, however, are said to have joined the forces of the still's defenders, adding temporarily to the intensity of the proceedings.

The raid, coupled with several others this afternoon, yielded four barrels of whiskey, thirty-five barrels of mash and a ton of sugar, according to the authorities. A squad of officers is gathering information upon which to make arrests in the Crackersport case.

London, Nov. 19.—October was so warm in England that thousands of birds made new nests. In some sections a new crop of poppies appeared.

NOT MORE TARIFF, BUT MORE TRADE

(Moncton Transcript.)

In their continual talk about protecting the home market, the supporters of the government quite miss the most important consideration, insofar as the needs of Canadian industry and commerce are concerned weighed down by such burdens as this country is today. It cannot be relieved by merely applying to itself more protection. What it wants is more trade.

This is the crux of the whole situation. The Liberals propose to take measures to secure this; the prime minister says that he would not approach the United States on this matter on any account. If the government goes about it in the right way there is more hope of getting trade with the republic than there is with any other country in the world. The obvious course is to see what can be done. This is good business; it is also good sense.

Leaving Aside Patriotism

LEAVING aside patriotism, it is the opinion of Sir Alexander Bertram, Sir William Price and other big business men that Canada can build an automobile as good as any built in the United States.

Leaving aside patriotism, it is their conviction that, with the aid of the tariff, and the exchange situation as it is, Canada can build a car to sell very much cheaper than any similar car built in the States.

The Parker Motor Car Co. Limited are not taking advantage of the situation created by the Protective Tariff but are selling the Parker Car on its merits and at a reasonable price.

Leaving aside patriotism — and merely because it is good business—these men are backing their faith in Canada to the extent of half a million dollars' worth of stock in the Parker Motor Car Company. And, because they have always been as brave as their convictions, is why Sir Alexander Bertram and Sir William Price are where they are today.

Now, adding patriotism, which means that, all else being equal, Canadians will buy Canadian cars, do you not believe with these men that the Parker Company's stock will duplicate the performances of many of the automobile companies in the United States. From trifling investments, shrewd American investors grow rich overnight. CANADA'S TURN IS NOW AT HAND. Write today for the free book "Motor Road to Riches." It is your opportunity.

THIEF WINS IN KNIFE FIGHT

Montreal Man Loses \$420 and is Dangerously Wounded.

Montreal, Nov. 19.—As a result of a desperate knife battle with a burglar here last night, John O'Dare, 61, has dangerously wounded in the General Hospital, and is minus some \$400 which he had hidden in a mattress in his lodgings. O'Dare, awakened by the sound of breaking glass, discovered an intruder, and was promptly ordered to deliver 23 ready cash. He reached for a butcher knife which was handy, prompting the thief to do likewise, and a hand-to-hand struggle ensued. The arteries in O'Dare's right arm were badly cut, and the bandit escaped with several wounds and \$420.

Little Friend of All the World

The following resolution was passed by the Anglican Synod which met in Hamilton on October 31: "Resolved, That this synod has heard with great interest the address of Dr. Robertson, chief commissioner, upon the Boy Scout movement. It desires to commend most heartily to all who are interested in the welfare of boys, more especially to the members of our own communion, the Boy Scout movement as one which is most admirably suited for the work of training our boys physically and morally, and developing in them that virile type of character which will fit them to play their part as good citizens and loyal members of the Christian church. The synod trusts that in all parishes every encouragement and assistance may be given to the movement both by those in authority and by our people in general."

Wallace Nesbitt Junior First Aid Competition.

We are glad to announce that Troop 6, Edith Avenue Sunday school, has entered a team for this competition. Imperial Challenge Shield.

Several troops have already signified their willingness to enter a team in this competition. The shield for 1921 was won by the Rotheay Collegiate School.

1st St. John (Knox) Troop.

On Friday evening, November 11, the weekly meeting was held in the "Scout Room." The president of the local council of the Boy Scouts Association, Dr. Peck, gave a short talk to the boys, after which the patrols dispersed and took up their specified line of work.

17th St. John Troop and 1st Pack (Trinity).

The 17th St. John (Trinity) Troop of Boy Scouts and the 1st St. John (Trinity) Pack of Wolf Cubs had a grand social evening in Trinity school room on Thursday night. Seventy-five of the scouts and cubs and their invited guests sat down to a beautiful supper provided by a committee of the women of the church, with Mrs. C. S. Hegan as convener and Mrs. W. S. Clark as her assistant. Presiding over the serving table were Mrs. E. A. Schofield and Mrs. E. A. Henderson. The hall was gorgeously decorated by Mrs. Hegan's committee. The

D.W. GRIFFITH presents "WAY DOWN EAST"

Based on Wm. A. Dredy's Famous Play by Leith Stiles Parker and Jos. R. Grismer It's a simple story of plain folks—the greatest of all Griffith plays—uncommonly well done and with breath-taking effect.

Every audience has set spellbound through the unfolding of this great production.

With its humaneness and its story of unusual love, its thrills and its pathos, it stands alone in the field of spectacular pictures.

The all star cast which carries out the story quite eclipses any cast that ever appeared in this piece on the speaking stage.

PRIZE FOR PERFECT FEET.
Won by Trained Nurse Who Wore High Heels.

New York, Nov. 19.—The girl with the perfect foot has been found. She is Miss Elizabeth Doyle, a trained nurse. She tripped into the headquarters of the Institute of Podiatry at the Health Exhibit in the Grand Central Palace yesterday, her feet encased in a pair of high-heeled pumps which made the doctors shiver, but when they ripped off the offending shoes they had to admit that Miss Doyle's hunch was right—her feet were perfect.

"I came on a wager," she said with a laugh. "I am a trained nurse and the doctor I work for said I couldn't get the prize; so, of course, I came right along down here to get it."

Dr. Reuben H. Gross, who has defined the perfect foot as one without corns or calluses, with toes freely moving and the arch perfectly formed, declared that Miss Doyle's feet were like to very few—practically none—in the whole city. He promised her the prize, though the contest will not be over officially until Saturday, and any woman is free to challenge Miss Doyle's right to the silver cup. Size has nothing to do with the beauty of the foot, but it is interesting to note that Miss Doyle wears a 4-1-2 B.

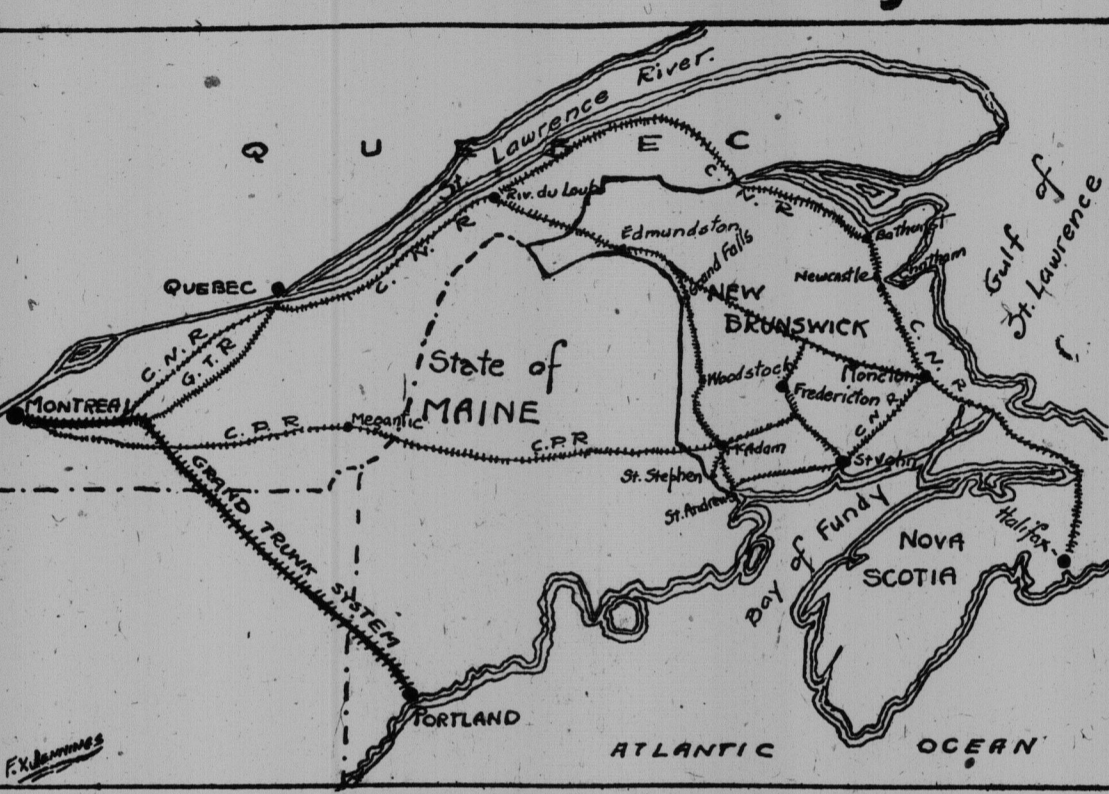

"I never wore high-heeled shoes when I was a child," she explained. "I had to wear what my mother bought me, but now I buy my own and I wear high heels if I want to."

"You won't have perfect feet very long," growled the medical man.

SHOT SNOW WHITE DEER.
Val des Bois Hunter Bagged Unusual Trophy.

A snow white buck deer with a well-balanced set of antlers showing fourteen points and weighing 231 pounds when dressed, was recently shot at Green Lake mountain, Quebec, by Mr. J. A. Lefevre of Val des Bois. The animal was shipped from Val des Bois district northwest of High Falls, on the Levee River, to Montreal to be mounted.

Where Does Your Money Go?

The map above tells a glowing tale of the government's heedless extravagance and mismanagement. The Grand Trunk line from Montreal to Portland, Maine, 172 miles in length, according to Sir Joseph Flavelle's report to the government, cost the people of Canada last year \$1,627,613, the loss in operation alone being more than ONE MILLION DOLLARS.

In other words, Canadian tax payers contributed more than \$1,000,000 last year to pay the loss in operation on a line in the United States which took Canada's traffic away from Canadian ports and diverted it to an American port.

And yet Meighenites will wave the flag and shout, "No truck nor trade with the Yankees."

New Brunswick is vitally interested in Canada's railways and Canada's exports. The utilization of our home ports will mean more employment for our own people, the strengthening of our national trade and the cutting off of the golden flow into United States pockets.

Contrast the Two Policies

When the LAURIER GOVERNMENT proposed the building of the Transcontinental Railway it appealed to the people. The result of the general election of 1904 was the people's answer.

But not one word of the proposed purchase of the C. N. R. and Grand Trunk systems was mentioned by the BORDEN-MEIGHEN FACTION in the 1917 campaign. Yet before the echoes of the campaign had ceased they proceeded to recklessly squander the people's money in the purchase of railways.

The C. N. R. put a hole in Canada's credit to the extent of some \$626,000,000. What the Grand Trunk cost has never been accurately ascertained.

\$18 A GALLON FOR ALCOHOL.
Dry Agents Say They Paid This Price in a Dry Goods Store.

(New York Times.)

Federal prohibition agents purchased one gallon of alcohol for \$18 in the dry goods store of Abraham Goldstein, Osborne Street, in the Brownsville section of Brooklyn, according to a statement made before a United States Commissioner in Brooklyn when Goldstein and his father, Morris Goldstein, were

arraigned on a charge of violating the Volstead Act. The standard price of alcohol in Brooklyn, according to the agents, is \$8.50 a gallon.

From the dry goods store the agents went to the drug store of Abraham Leventhal, Osborne Street, where they said they bought a pint of alcohol for \$9.17, which was admitted.

United States Commissioner Hitchcock announced that he probably would direct the return of the twenty-six barrels of vinegar, stills and fermenting tanks seized in the raid last Friday on the winery of Joseph Kupferberg and Jacob Braunstein, 15-17 East Third Street. The search warrant, it was said, called for the taking only 160 barrels of wine found in the place. The motion for the return of the other property was made by Charles H. Griffiths, counsel for the defendants.

Ralph A. Day, who is expected to take charge on Dec. 1, as Federal prohibition director for this State, called at prohibition headquarters to confer with E. C. Yellowley, the acting director. Mr. Day said he did not know anything had been offered an important post in the prohibition department.

NEW ROSE Baffles COLOR SCIENTISTS WITH ITS HUES.

London, Nov. 19.—The scientific color, shirt adopted in 1909 after ten years' labor has proven a complete failure in the case of a new Irish rose, the "Lord Lambourne." This rose, produced this year at Portadown, contains hues found only in certain Indian silks and many of these shades have never been named. The matter will be taken up at the next horticultural congress.

WHAT DID BETTY BUY?

Dear Mr. Simpson: You know, Clara Green, don't you? WELL SHE WANTED TO BE A NURSE. What do you think of THAT? OF COURSE SHE WAS SIMPLY TRYING TO APE A SISTER OF MINE. However she left for Toronto taking her maid Topsy to carry her luggage. When they got to the station the train was pulling out. THIS GIRL SO FAST TOPSY RUPTURED A LEADEN VESSEL IN HER KEEL. How ever Clara got on the train alright. Then she do you think happened? SHE BLEED AND FELL PRE-MEEL ON HER BAGGAGE. Isn't that funny? I BET SHE WANTED TO BE A NASTY ENGINEER FOR BARRING THE TRAIN SO. She soon got herself in order and reached her seat safely. SHE TOOK OUT A BOOK BY CHARLES LAMB READ "FACE AND FELL ASLEEP." On arriving in Toronto she woke with a start, and hurried off. Her baggage was heavy and looked a burden. A NICE CHAP REARED TO HELP HER. She refused to let him as he was a stranger. But after pulling two blocks she was tired out. THEN SHE THOUGHT HERSELF A SIMPLE MONSTER FOR REFUSING HIS HELP. She finally reached the Training School and registered. But she didn't like it a bit. She felt very blue IN FACT AT HER DINNER SHE ATE A VERY LITTLE. She fought with her room maid. IN A FIT OF JEALOUSY OR ANGER SHE LEFT. However before going home she bought a new dress at Smith's store. When she tried it on it didn't fit so she tried it on at SMITH'S ALTERATION ROOM FOR CHANGES. Even then it didn't fit, and she wouldn't keep it. SO APPLYING FOR REFUND SHE GOT HER MONEY BACK. Then she took the next train for home. Isn't that an interesting story? Betty Beauty.

PUZZLE FIND ABOVE THE NAMES OF 12 ARTICLES STORED IN A GROCERY STORE

Find sentences you will identify as B-E-A-N. There's the name of one of the things I want. There are twelve things altogether, and the name of each one is hidden in one of the underlined sentences. So now what do I want? Find the names and you get the prize.

John Simpson posted the letter out and got the order. Can you do as well? If you can read your answers at once you will receive \$250.00 and a new watch is being given. Remember there are no trade mark names or products of any particular manufacturer. In many cases, as in the first underlined sentence, the single name as "Beans" and not the plural "Beans" is used. Be very careful, therefore, if you wish to write any of the letters "B" as the fifth word of the first sentence.
